

God level 2001

Chapter 2001

"Um! Qin Chuan, I will ask someone to arrange your accommodation later. Two days later, you come to me. I will arrange a mission for you to go to Tianshui City. I think you should know the purpose of going to Tianshui City. Whether you can successfully unite with the Teng and Feng families this time depends entirely on you."

"Uncle Qin can rest assured that Qin Chuan will not disappoint his tribe!"

"good!! Qin Chuan, I have always watched you grow up. In my heart, you have always been the best."

Qing Yunsheng happily patted Qin Chuan on the shoulder.

Then, Qing Yun Feng asked someone to arrange accommodation for Qin Chuan.

Qin Chuan also initially settled down.

However, after Qin Chuan entered the guard camp, there was someone there the next morning. A personal guard reported Qinchuan's whereabouts to Zhou Changkun.

In the inner courtyard of the Zhou family.

In the hall

"What? That Qin Chuan has already entered the guard camp and is still serving as a personal guard under Commander Qin?"

"Yes! This is the news that my subordinates just received."

Zhou Changkun frowned slightly, stood up slowly from the purple wooden chair, and started talking to himself.

"He is in the guard camp now, and I really can't do anything about it. How did this kid enter the guard camp so quickly? Did I underestimate that kid? This kid's sudden disappearance was premeditated. He entered the guard camp so quickly. I'm afraid there is someone behind him, probably Commander Qin."

At this time, the guard on the side said:"Master, your guess must be correct. I also asked about it before I came down. Qin Chuan is an orphan born in our Zhou family. Commander Qin is a close friend of Qin Chuan's father."

"After Qin Chuan's father died, he grew up under the protection of Commander Qin. This time, Commander Qin must have helped Qin Chuan enter the guard camp so quickly."

Zhou Changkun nodded slightly.

"That should be it. But the last time Qin Chuan was able to escape from me, the most important thing was because this kid was not so shrewd. He sensed the crisis in advance and escaped first. It seems that this kid is very extraordinary! Much better than my useless son."

Speaking of this, Zhou Changkun couldn't help but admire Qin Chuan.

"Let's do this. Next, you will closely monitor Qin Chuan's whereabouts. If he has any missions or changes, report to me immediately!"

"yes! master!"

But he said that he was in the guard camp.

Qin Chuan was a personal guard under Qing Yunsheng, so he naturally had no tasks and had been practicing with peace of mind.

In the blink of an eye, two days passed unknowingly.

During these two days, Qin Chuan He refined a Seven Spirit Purple Fire Pill.

His fire energy cultivation also improved greatly, but he was still far away from the peak of the third level.

"Ha ha!! The Seven Spirits Purple Fire Pill can indeed greatly improve his fire energy cultivation level. Just one pill made his fire energy cultivation level increase a lot!

If all the remaining five Seven Spirits Purple Fire Pills are refined, it should be no problem to raise the fire energy to the peak of the third level.

If he practices according to normal conditions, it will take him less than two years to cultivate his fire energy to the peak of the third level. These six Seven Spirits Purple Fire Pills have saved him a lot of time!"

Thinking of this, Qin Chuan could n't help but feel secretly happy. However, he did not relax because of this. He just took a short rest and continued to practice.

As for Qiuqiu, he was naturally playing by himself.

When he thought of Qiuqiu, Qin Chuan felt the urge to vomit blood. , I worked so hard, relied on many opportunities and my own efforts, and my cultivation gradually improved step by step.

But that little guy Qiuqiu, while eating and playing every day, his cultivation automatically increased, and there was no need at all. Think about what to cultivate, and the speed of progress is also amazing...

Chapter 2002

But that little guy Qiuqiu, as he eats and plays every day, his cultivation level is increasing automatically. There is no need to think about cultivation at all, and the speed of improvement is also very amazing.

"I wonder how far this little guy's strength will improve after I enter the Zhou family's forbidden area? Hopefully this little guy will be a little stronger than I expected."

Just when Qin Chuan entered samadhi, someone came to see him again.

But it was Qing Yunsheng who informed him to take over the task.

Qin Chuan immediately went to the command office to see Qing Yunsheng.

"Qin Chuan, the task I have assigned to you this time is to go to the Tianshui School in Tianshui City and deliver this family letter to Miss Xie Jiu. Of course, this is just a superficial mission. Your real mission is to go to the Four Kills Alliance and help our Qing family unite with the Feng family and Teng family."

"This mission is very important to our Qing family. We have arranged for several clan members to protect you on the way there, and by the way, let you get to know some of the clan elders."

"Uncle, there are elders from the clan escorting me this time!"

Qin Chuan was also a little surprised.

"good! One of them you already know, that is your Uncle Yunlie. In fact, this arrangement is also because he knows that you are being targeted by Zhou Changkun. If you leave the city this time, he will definitely take action."

"But this mission is too important to our Qing family, and there can't be any mistakes. Zhou Changkun wants to cause trouble, so let's let him die this time!"

Speaking of this, a vicious look appeared on Qing Yunfeng's face.

Qin Chuan finally understood that those elders who protected him were probably doing it for the team deputy Zhou Changkun.

If Zhou Changkun takes action this time, he will undoubtedly die, and he will not die. leave traces

"By the way, uncle, what happened to Miss Xie Jiu?"

"Miss Xie Jiu is unruly by nature, and she always likes to do something out of the ordinary, always trying to be new and original. She didn't learn her own fire-based skills, but she went to the outer courtyard of Tianshui School to practice water-based skills. Your mission this time is very simple,

just give her the letter from home. I won't give you any deadline for the mission, just do everything according to the situation!"

"good! Qin Chuan understands!"

"Um! Qin Chuan, please set off as soon as possible. Are your uncles waiting for you halfway? However, you must still pay attention to safety on the road, and be extremely careful before meeting your uncles!"

"Uncle, I know!"

At the moment, after Qin Chuan returned, he tidied up briefly and headed towards Tianshui City with Qiu Qiu. Not long after Qin Chuan left the guard camp, a personal guard reported Qin Chuan's whereabouts to Zhou Changkun.

In the inner courtyard of the Zhou family.

Zhou Changkun listened. After finishing the report, he sat on the chair and smiled proudly.

"I didn't expect that boy to leave Shenyang City so soon. I'll go there myself and kill that boy to fulfill my son's last wish."

After saying that, Zhou Changkun's figure flashed out of the door and rushed directly out of the city.

With the speed of a fifth-level warrior, it would not be a problem to catch up with Qin Chuan.

It was another late autumn, and there were fallen leaves everywhere outside the city. , the cold wind was blowing.

Qin Chuan looked back at Yancheng, then faced the autumn wind and embarked on the journey to Tianshui City

Not long after Qin Chuan left, another man in his fifties appeared outside Shenyang City.

This old man is naturally Zhou Changkun who was followed.

Zhou Changkun looked at the direction Qin Chuan left with a sneer on his lips.

"Little bastard! This time, use your blood to pay homage to my son's heroic spirit! After saying that

, Zhou Changkun snorted coldly and chased Qin Chuan in the direction he left..

Chapter 2003

On the official road, when Qin Chuan saw that he was far away from Shenyang City, he released the ball.

As soon as the little guy came out, he screamed excitedly and ran in front of Qin Chuan.

Qin Chuan smiled slightly and shouted: "Little guy, come up quickly, with your speed, when will you get to Tianshui City?"

"Gujiguji!!"

Qiuqiu jumped excitedly onto Qin Chuan's shoulders, and hugged Qin Chuan's neck affectionately with his two little paws.

"hehe!! brat! Let's leave quickly! Look at my blood shadow escape technique!!"

At the moment, Qin Chuan's strength was fully activated, and a red light erupted from his whole body, turning into a blood shadow, and rushed towards Tianshui City at an extremely fast speed.

Although Qin Chuan did not transform at this time, his own fighting power, coupled with the speed bonus of Blood Shadow Escape, his speed at this time could barely reach the level of a fourth-level Dzogchen master.

After running for more than an hour, Qin Chuan was already more than fifty miles away from Shenyang City. The official road also began to become remote, and it was difficult to meet one or two pedestrians on the road.

Qin Chuan kept an eye out as he walked, fearing that he would miss Qing Yun Lie and the others.

At this moment, Qin Chuan suddenly saw a curved road in front of him. A figure emerged.

But the man was dressed in black and holding a spear upside down. He stood beside the official road with his back to him, so Qin Chuan could not see his frontal appearance.

"Huh! This person looks like he is waiting for someone on the roadside. Could he be a senior of my Qing family?"

Thinking of this, a hint of joy flashed through Qin Chuan's heart.

However, he was not sure yet. Maybe it was not him that others were waiting for.

Qin Chuan put away the Blood Shadow Escape Technique, slowed down his speed, and walked slowly behind the person.

"Senior, are you waiting for someone?"

"good! I'm waiting for someone, and it's you!"

Hearing this voice, Qin Chuan's face changed slightly with fright, and he involuntarily stepped back.

At this time, the man in black in front also slowly turned around.

A face in his fifties was revealed. It was Zhou. Fourth Young Master's father Zhou Changkun

"It's really you! Why did you run in front of me?"

"how? Are you surprised?"

Zhou Changkun sneered proudly.

"However, you kid really surprised me. I originally thought I would have to wait three or four hours to wait for you, but I didn't expect you to get here in just over an hour. I never expected it!"

"Judging from your speed just now, I'm afraid it's just a sliver away from a fourth-level Dzogchen warrior. Your real strength is much stronger than what you show. It seems that you deliberately concealed your strength. You boy is indeed shrewd and smart enough."

It turned out that after Zhou Changkun left Shenyang City, he took a small road and rushed in front of Qin Chuan at the speed of a fifth-level warrior, waiting on the road he must pass. At this moment, Qin Chuan's eyes turned sharply, and he felt very uneasy..

Previously, Zhou Changkun was wearing a fancy outfit and carrying a spear, but he failed to recognize him.

After all, he and Zhou Changkun only met once, and the children of the Zhou family all used swords and rarely used guns, so he did not think of this person for a while. It would be Zhou Changkun.

At this moment, when he saw that the person in front of him was actually Zhou Changkun, he was naturally shocked.

"What do you want to do when you block my way?"

"Ha ha!! Little bastard, now that things have happened, you still want to pretend to be stupid with me? Do you know that I am waiting for you here just to kill you?!"..

Chapter 2004

Hearing this, Qin Chuan's face changed slightly, but he quickly regained his composure and said softly

"Do you know how the conflict between me and your son arose?"

"Ha ha!! Boy, stop talking nonsense. I don't care how the conflict arose between you and my worthless son."

"It doesn't matter whether my son is right or he is wrong. Even if it's his fault, I will kill you today. Because killing you is my son's last wish"

"hehe!! It seems that you are also a person who kills innocent people without distinction between right and wrong!"

"snort!"

Zhou Changkun glanced at him disdainfully.

"So what if you kill innocent people indiscriminately? As long as my son leaves with peace of mind, that's fine! Besides, you are just a humble slave of our Zhou family. You may have some talents, but after all, you are just a slave. How can your life be compared to that of my son?"

"Even your ten dog lives are not worth one of my son's hairs. Therefore, today, you will use your blood to comfort my son's heroic spirit. You should feel honored!! Hearing these words, Qin Chuan suppressed the anger in his heart and sneered:"It turns out that in the eyes of your Zhou family, we servants are despicable, and our lives are worthless!""

"Ha ha!! Of course!! Boy, I'm telling you, after living this long, I've already seen a lot about things in this world. Everything in this world is unfair"

"Some people are born with a cheap life, and some people are born with a precious life. With the same qualifications, if you get different treatment the day after tomorrow, your future achievements will be very different. Just like a person with extremely high talents, he was born in an extremely poor family, and it is difficult to even survive, let alone practice."

"If he was born into a big family, maybe he would become a powerful figure, or even a ninth-level master, a peerless figure who could support a country?"

"Why are there such big differences for the same qualifications? This is God's will, this is fate! Our Zhou family has been around for thousands of years and is extremely noble. In this area of thousands of miles inside and outside Shenyang City, who doesn't bow even three points when mentioning our Zhou family?"

"And as the slaves of our Zhou family, you have also gained a lot of respect, and outsiders will respect you when they see you. If you remove your identity as a Zhou family guard, how many people will look at you seriously? Do you know why? This is nobility"

"Our Zhou family is born noble, and the children of our Zhou family are naturally noble, and you slaves are just humble servants. Even though you are a warrior now, everything you get is given to you by our Zhou family. Your life is humble after all, so how can your life be compared with that of my son?"

Hearing this, Qin Chuan seemed to have heard a big joke.

The Zhou family was just a family founded by a traitorous member of the Feng family, and he was a descendant of the Qinglong royal family of the Five Saints Kingdom.

But now, Zhou Changkun is actually a member of the Qinglong family. Isn't it ridiculous to say that you are of noble status in front of him and accuse him of being of humble origin?

"Ha ha!! Zhou Changkun! People have high or low status, but they are not born with it. Even if you are born into a noble family, if you are just a straw bag, you will still be famous in front of others, be ridiculed and despised by others, and even be looked down upon by the children of the same race, then that is still mean!"

"Human identity and status are not given by God, but obtained through one's own efforts. The quality of a person's talent cannot represent his future achievements and status. As long as he has an unyielding and striving heart and an upward heart, no matter how talented he is, he can still create miracles."

"Even if he can't create miracles, his heart is noble, because he has a strong heart and a heart that makes you admire him."..

Chapter 2005

After listening to Qin Chuan's words, Zhou Changkun showed a look of surprise on his face, and looked at Qin Chuan in a slightly different way. After a while, he sighed.

"I didn't expect that you could say these words at such a young age. You are indeed much better than my dead son. No matter what you say is right or not, at least you have your own thoughts and ideas"

"It's a pity that I can't accept your ideas and ideas, so you must die today. Use your despicable life to bury my son with you today!"

As soon as he finished speaking, Zhou Changkun's momentum suddenly rose, and a huge pressure spread quickly, covering Qin Chuan and Qiuqiu in an instant. Under this huge pressure, Qin Chuan could not help but He felt an extreme sense of fear, knowing that he might not be able to catch even one of the opponent's moves. At this moment, Zhou Changkun looked to him like a sharp sword ready to be unsheathed at any time, full of threatening cold front.

And Qiuqiu was in this situation. Under the pressure, the hair on its body stood up, and its eyes were full of tension and fear.

With its fierce beast's naturally sensitive intuition, it also realized that the old man in front of it was extremely terrifying.

Roar!

With a low roar, Qiuqiu seemed to be unable to bear it anymore. This huge pressure suddenly jumped from Qin Chuan's shoulders and transformed into a huge ferocious beast with a dragon head, a lion body and wings spread on its back.

"Huh! Such an imposing beast, it seems that it is not simple at all!"

Zhou Changkun was also surprised to see Qiuqiu transform.

Unexpectedly, as soon as Qiuqiu completed his transformation, he opened his mouth and sprayed out a handleless sword. The spirits merged into one, and instantly transformed into thirteen white light sword shadows.

Roar!

Another low roar.

Swish! Swish! Swish!

The sword shadows flew together, and the thirteen sword shadows of light flew towards Zhou Changkun.

Zhou Changkun frowned and snorted coldly.

"roll!"

With a wave of his hand, a huge wave of air was set off, and the thirteen sword shadows were swept away together with the ball.

"Ball ball!!"

Qin Chuan quickly turned around and looked at the ball that was swept away with great worry.

Fortunately, Zhou Changkun only used force from a distance and had no killing intention. Maybe he was thinking of killing Qin Chuan and then capturing this person alive. Study this strange ferocious beast carefully.

Therefore, Qiuqiu was just swept away and fell down in embarrassment.

But just this simple encounter made Zhang Shui see how terrifying Zhou Changkun was.

The fighting power of a fifth-level warrior It's really scary.

There is a huge difference in strength between the two, and Qin Chuan is no match for the other.

"Little beast, please stay aside obediently for now, and I will come back to you after I finish handling the business at hand!"

Zhou Changkun glanced at Qiuqiu lightly, then turned to look at Qin Chuan, slowly raising the spear in his hand.

"Boy, those words you said before you died made me feel like I want to look at you differently. However, once I make a decision, it will never change, so you must die here today. If you want to blame, it's your fault for not being my son's enemy!"

After saying this, a cold light flashed in Zhou Changkun's eyes, and he moved his fingers lightly, as if he was about to take action.

Qin Chuan also had a keen intuition, and immediately noticed it, and his face suddenly changed.

"Huh! That is?"

But at this moment, Zhou Changkun suddenly had a different look on his face and looked ahead to the right.

Qin Chuan also moved slightly and followed his gaze. He saw hundreds of colorful birds suddenly flying out of the mountains and forests in front of him. Butterflies. Each butterfly is the size of a palm, with colorful fluorescence on its body. It is definitely not an ordinary butterfly. Is this... is this a second-order insect-like ferocious beast, the Colorful Magic Butterfly?

How could this Colorful Magic Butterfly appear here? ?

This kind of strange and ferocious beast can only appear in the Valley of Ten Thousand Flowers. How come it appears next to this remote official road?

And when it appears, there are hundreds of them. It should be a large butterfly group.

Strange, Why didn't you see the King of Butterflies?

Perhaps in response to Zhou Changkun's guess, another huge colorful butterfly flew out of the forest.

The butterfly's wings were spread out to a length of two meters, and there were seven colorful halos around it. As soon as his wings flapped, he waved up the colorful mist.

Seeing this giant butterfly, Zhou Changkun opened his eyes wide in surprise and exclaimed: "It's the Seven-Colored Phantom Butterfly King!" He is actually a fifth-level Butterfly King. How could such a powerful beast appear here?"..

Chapter 2006

Just when Zhou Changkun was secretly shocked, Qin Chuan also showed surprise when he saw such a scene.

In the blink of an eye, the butterfly swarm flew directly towards the two of them.

Seeing the flock of butterflies flying in, Zhou Changkun was relatively calm. In fact, all his attention was focused on the king butterfly.

But Qin Chuan was very nervous.

Although his strength has been infinitely close to the fourth-level Dzogchen, Qin Chuan is still very scared to face the siege of thousands of second-level ferocious beasts.

But he didn't dare to move. He was afraid that if he moved, Zhou Changkun would take action decisively.

Therefore, he could only watch the butterfly group approaching.

Not long after, the butterfly group was less than three meters away from the two of them.

But then, a surprising scene happened.

The butterflies suddenly gathered together and formed a human figure. When the wind turned, they turned into a beautiful man.

Yes, he is a beautiful man.

The man looked to be only twenty-six or seventeen years old, but his skin was so delicate and white that women would be jealous. His watery eyes revealed a kind of charm, and his black hair shawled down his shoulders, blowing in the wind. dance.

Looking at the charming and enchanting man in front of him, Qin Chuan was horrified. He could not imagine that this charming and enchanting man was transformed from a group of butterflies.

On the opposite side, Zhou Changkun looked at the beautiful man who appeared strangely with horror on his face, and then whispered in surprise.

"Are you a fifth-level warrior?"

The charming man didn't answer. He just smiled and walked slowly between the two of them. His body was blocked in front of Qin Chuan intentionally or unintentionally.

Zhou Changkun was wondering what this strange man wanted to do?

But he saw that man He waved to the Butterfly King not far away: "Xiaodie, come here quickly!"

The butterfly king was extremely obedient and flew over, hovering above the charming man's head.

Zhou Changkun stared blankly at the strange scene in front of him. After a long while, he couldn't help but ask: "Who are you?"

The beautiful man smiled charmingly, bowed his hands to Zhou Changkun and said, "I've seen this man before, 'Butterfly Demon' Qing Yunxiu! Hearing the words of the strange man in front of him, Qin Chuan was overjoyed and couldn't help but ask:"

"Are you from our Qing family?"

Qing Yunxiu smiled charmingly: "Not bad!" I am your Uncle Yunxiu, and you are Tianqi, right? The little guy looked really similar to your father when he was a child, and he will definitely be a rare handsome man in the future. Zhou

Changkun on the side changed his face when he heard the conversation between the two.

"So you two are a team? Huh! wrong! Qin Chuan, weren't you an orphan born in our Zhou family? Why did an uncle suddenly appear?"

Qin Chuan smiled slightly: "Sorry!" I'm not really an orphan. I am a descendant of the Qing family, and the sky is clear. I lurked in your Zhou family just to get back the things that belong to our Qing family."

"What?"

Zhou Changkun was shocked and couldn't help but take a step back.

"Are you a descendant of the Qing family of the Qinglong royal family of the Five Saints Kingdom a thousand years ago? Aren't all the members of the Qing family dead? Why are there still children?"

"Ha ha!! Zhou Changkun, it seems like you know something about that year? You should also know that in fact, your Zhou family is not a noble family at all. Your current glory was obtained through betrayal by your ancestors."

"With the ridiculous remarks you just made, you, the descendant of a traitor, are inferior compared to us Qing family disciples!"

"shut up!"

Zhou Changkun pointed his spear directly at Qin Chuan. Obviously he couldn't accept this fact.

But Qing Yunxiu stood between the two of them.

"Tianqi, stand aside and watch how your uncle Yunxiu kills this old guy!"

Hearing this, Qin Chuan stepped aside...

Chapter 2007

But Zhou Changkun was furious: "Arrogant! Seeking death!"

As soon as he finished speaking, he fired a gun with black flames and pierced Qing Yunxiu's chest.

Qing Yunxiu, however, did not dodge at all, and watched helplessly as the flame spear penetrated his chest.

Qin Chuan on the side was horrified and almost wanted to exclaim, but at the same time he was also puzzled.

He could see that Qing Yunxiu had every chance to avoid this shot, but he had no intention of avoiding it.

But just when I felt extremely puzzled, something strange happened again.

When the gun penetrated Qing Yunxiu's chest, there was no trace of blood. However, Qing Yunxiu's body disintegrated with a bang, turned into thousands of colorful butterflies, and condensed into a human being again, but there was no scar at all on his body.

"This...what's going on?"

Zhou Changkun's eyes widened, looking at the scene in front of him with horror.

Qing Yunxiu looked at his surprised expression and smiled charmingly.

"Surprised? Let me tell you, to a certain extent, I am unkillable."

Hearing this, Zhou Changkun's pupils tightened. In the encounter just now, it was really difficult for him to find a way to kill the other party. The other party's martial arts skills were incredible. Suddenly,

Zhou Changkun's eyes lit up, as if he thought of something, and blurted out:

"Could it be that this is the legendary top-notch martial art of the wood type: the art of incarnation of all spirits?"

Qing Yunxiu glanced at him in slight surprise.

"good! You are quite knowledgeable! Well, I don't have time to play with you anymore. Xiaodie, psychic fusion!"

After hearing Qing Yunxiu's words, the Butterfly King in the air let out a soft cry, and the colorful light from his whole body shone brightly, turning into a line of light and shadow and blending into Qing Yunxiu's body. Qing Yunfeng's body expanded slightly, 'Puff! Puff!' After a few soft sounds, he Two pairs of huge butterfly wings spread out from behind, and colorful divine light circulated around her, making the whole person look more charming and enchanting.

However, what is even more terrifying is that after Qing Yunxiu and the Butterfly King merged, the whole person's aura suddenly increased. Elevated to the fifth level of Dzogchen in one fell swoop

"This is spiritism!"

Zhou Changkun saw Qing Yunxiu's strength greatly increased, and his expression changed drastically. At this moment, he didn't even have the courage to fight. As soon as his figure flashed, he wanted to run away.

But he didn't expect that Qing Yunxiu was faster than him, and the butterfly wings behind him were light. A light slap blocked his way.

"Man, why are you leaving in such a hurry? Why don't you learn how to teach your younger brother? It would be too disappointing to just leave like this, right?"

As he spoke, Qing Yunxiu struck Zhou Changkun with a light palm.

Zhou Changkun's expression changed drastically, and he hurriedly stepped back to avoid the palm.

At the same time, a fierce look flashed in his eyes, he condensed his hand into a knife, and slashed the air with a slash. The huge flame knife of five or six meters long flew out.

It was also a medium-level martial arts flame knife, but Zhou Changkun used it, but it was very different from Qin Chuan.

The flame knife he condensed was composed of real flames, and its momentum The power and attack range are also far stronger than the flaming knife used by Qin Chuan.

In fact, no matter what martial skill it is, the more it is in the hands of a master, the more powerful it can be.

But when Zhou Changkun's flaming knife flew out, it actually He really hit Qing Yunxiu in front of him, splitting Qing Yun Feng in half on the spot and turned into two groups of butterflies.

Before he could be happy, the two groups of butterflies in front actually turned into two Qing Yunxiu, and They were all what they looked like after the psychic fusion.

Seeing this scene, Zhou Changkun couldn't help but feel weak in his hands and feet, and the fighting spirit in his heart had long been gone. Even the Qing Yunxiu after the psychic fusion was no match for him, and now he has become two. He is no longer a match...

Chapter 2008

"This guy is so scary! No, I have to run away quickly, otherwise I will definitely be killed by him!"

Thinking of this, Zhou Changkun shouted loudly

"Step aside!!"

The shadow of the gun in his hand shook, and he used his strongest martial skill - Fire Dance Tianxiang.

A pair of huge flame wings suddenly appeared on his body.

The flame wings shook, and immediately shot out fire feathers all over the sky. , fired towards the two Qing Yunxiu in front, and at the same time, the figure flashed, and actually broke out of Qing Yunxiu's blockage.

However, before he could rejoice, a thunderous shout suddenly sounded in mid-air.

"Violent Tiger Fist!"

A huge figure jumped down from the air like lightning, and punched Zhou Changkun who was about to escape.

Boom! There was a loud bang.

Zhou Changkun grunted and was forced back to where he was.

Only then did he see clearly. Man.

The person who came was a tall, rugged man with black wings on his back, tiger stripes on his face.

"and who are you?"

Zhou Changkun looked at the person in front of him in horror, and let out a feeble groan in his heart.

"Why did another master appear?"

The rugged man later smiled boldly.

"Ha ha!! I've seen the 'violent one' Qingyun Lie!"

"So you are also from the Qing family?"

"good!"

"Ha ha!!"

Zhou Changkun laughed sadly.

"It seems that you are determined to put me to death today! What is the purpose of your Qing family lurking in our Zhou family?"

"What's the purpose? Why do I need to talk to you?"

"Ha ha!! Yeah? Do you think you can really keep me here today?"

Zhou Changkun suddenly retreated backwards. It turned out that he saw that there was no way to escape in front, so he wanted to take a detour to escape from the rear. But unexpectedly, a cold snort suddenly sounded from behind him.

Zhou Changkun's face changed greatly, and he turned around hurriedly, only to see behind him Not far away, a middle-aged man with a cold expression appeared at some point, blocking his retreat.

The man was dressed in black and had long eyebrows like swords. His eyes were electric. His expression was very cold and ruthless. His whole person gave people an extremely dark feeling, as if he was melting into the darkness.

Seeing this cold man, Zhou Changkun's heart trembled, and a strong sense of crisis grew from the bottom of his heart.

He vaguely felt that this cold man was worse than Qingyun. Lie and Qingyunxiu were even more terrifying!

After a long while, Zhou Changkun squeezed out a dry sound from his throat

"and who are you?"

An extremely cold voice came from the mouth of the cold man.

"‘Shadow Returner’ Qingyun Shadow!"

"Qingyunying? Another Qing family disciple."

Zhou Changkun looked around with an extremely ugly expression. At this moment, he was surrounded by Qingyunlie, Qingyunxiu, and Qingyunying. It was almost impossible to escape.

"Ha ha!!"

Zhou Changkun suddenly laughed crazily.

"Unexpected! Unexpected! Unexpectedly, the descendants of the Qinglong Qing family in the Tianfeng Continent, who had always claimed to sweep across the same level, now have three of them besieging me."

"I wonder if your ancestors of the Qing family would be mad at you and other unscrupulous descendants when they saw the current scene? Could it be that your Qing family has declined to the point of being under siege?"

Hearing this, Qing Yunlie on the side sneered in a rough voice.

"hehe!! Old guy, put away your inferior provocation! Let me tell you, any one of the three of us can easily kill you, but I don't want to waste time with you. You will die today and no one can save you!"...

Chapter 2009

"Stop talking nonsense to him! Do it!"

Qing Yunying behind him suddenly issued an order

"yes! Shadow brother!"

A Qingyunxiu in the sky smiled charmingly, and then said to the other Qingyunxiu:"Xiaodie, let's take action together!"

Hearing this, Qin Chuan's heart moved and he suddenly realized.

It turns out that the two Uncle Yunxiu, one is his true body, and the other is the psychic beast Xiaodie.

It's just strange that at this time, both of them look like psychic beasts. They looked exactly the same at the end, and their strength was not reduced at all.

This is equivalent to one person becoming two people, and their strength doubled. What kind of skill is this? This is too abnormal!

But Zhou Changkun in the field heard Qing Yunxiu's words, his expression changed greatly, his figure flickered, and he wanted to escape before Qing Yunxiu made a move.

As soon as he moved, Qing Yunlie, who was rushing aside, snorted coldly, spread his wings on his back, turned into a black electric light and rushed towards Zhou Changkun, and at the same time, he turned to the right punch violently

"Violent Tiger God Fist!"

Qingyun Lie roared violently, and the punch immediately turned into a huge black tiger, and rushed towards Zhou Changkun.

The fierce momentum even changed the color of the surrounding heaven and earth, and Zhou Changkun was even more horrified. Don't dare to be negligent at all, raise your gun with both hands on the crossbar

"boom!"

With a loud noise, the phantom tiger fist hit the barrel of the gun, and the gun body was bent due to the impact.

Zhou Changkun was even more hit by the punch and flew backwards. There was a surge in his chest, and his old face suddenly turned red, and he was stunned. A large mouthful of blood spurted out, and the hands holding the gun could hardly hold the spear, and almost let it go.

This time, Qingyun Lie did not hold back at all, and sent out 100% of the attack power, severely injuring Zhou Changkun with one punch.

However, Zhou Changkun was punched It was so loud that it vomited blood and flew backwards.

The two Qingyunxiu in the air also took action at the same time.

"Fluttershy! Divine Butterfly Wings Flying Slash!"

I saw the two Qing Yunxiu in the sky flapping the butterfly wings behind them at the same time. Four colorful wing-shaped light knives immediately shot out from the edge of the butterfly wings and slashed towards Zhou Changkun.

"Fire Feather Aegis!"

Zhou Changkun ignored the serious injury and vomited blood, and immediately activated the superior defensive skill, Fire Feather Aegis.

A pair of huge flame wings immediately appeared around him, covering his whole body, forming a huge wing shield.

"Bang! Bang! Bang! Bang!"

With four roars, the Fire Feather Shield was immediately blown to pieces and dissipated. Four sword lights struck Zhou Changkun without any suspense. Blood suddenly burst out, and he screamed again and again, leaving four traces on his body. The knife wounds on the bones could be seen deep in the road.

Zhou Changkun also turned into a bloody man in an instant. His real injuries were more serious than what he looked like. The previous four light knives had destroyed his internal organs.

Wow!

Zhou Changkun spurted out a mouthful of blood. , the body was shaking slightly, and seemed to be unsteady. The other hand was holding the spear tightly, leaning on the ground, and his eyes were filled with resentment.

"Ha ha!!"

Zhou Changkun suddenly laughed sadly.

"You guys want to kill me! Then I will explode my virtual elixir myself, and I will try my best to break my body to pieces, but I will also cause you to be seriously injured!"

After hearing this, Qin Chuan, who was watching the battle not far away, changed his expression.

As far as he knew, a fifth-level warrior can condense the virtual elixir.

This virtual elixir is also the source of the fifth-level warrior's whole body strength.

Self-destruction of the virtual elixir is equivalent to destroying the whole body. All the power burst out in an instant, and the power at that moment was absolutely amazing.

If the Void Pill of an ordinary fifth-level warrior explodes, even a fifth-level Dzogchen warrior will be seriously injured within the explosion range.

If it is a fifth-level Dzogchen warrior, The warrior's Void Pill self-destructs, even if a sixth-level warrior encounters it, he must be wary of the third level. Although

Zhou Changkun is just an ordinary fifth-level warrior, no one present is a sixth-level warrior, and they will all be seriously injured.

And the virtual The explosion range of Dan's self-destruction is also very large, at least hundreds of meters away.

At this moment, Qin Chuan and Qiuqiu are both within this range..

Chapter 2010

If Zhou Changkun really wants to self-destruct the Xudan, Qing Yunlie and the other three will be seriously injured, but Qin Chuan and Qiuqiu will probably die.

Of course, if the Xu Dan self-destructs, Zhou Changkun himself will be even worse, and his body will be shattered into pieces, with no bones left.

However, it was said that as soon as Zhou Changkun shouted that he was going to self-destruct the Void Pill, the red light on his body surged, and he opened his mouth and spat out a red light bead the size of an egg, which seemed both virtual and real. You could vaguely see the flame burning in the red light bead.

This is Zhou Changkun's natal virtual elixir.

Qin Chuan did not expect Zhou Changkun to act so decisively. He said he would self-destruct the Void Pill, and he opened his mouth to spit out the Void Pill without hesitation for a moment!

"Ha ha!! Even if I die, I won't let you have an easy time! You want Qin Chuan, you little bastard, to be buried with me!"

I saw a stern look in Zhou Changkun's eyes, and he was about to self-destruct.

However, Qing Yunxiu in the sky smiled coldly, waved his hand lightly, and emitted a colorful glow.

"Colorful phantom light!"

As soon as the colorful rays of light enveloped Zhou Changkun, Zhou Changkun's eyes suddenly became empty and confused, and he stood motionless on the spot. At this moment, he only felt fourThe scenery suddenly changed, and I fell into a field of thousands of flowers, surrounded by colorful butterflies. The scenery was extremely beautiful.

"Huh! No, isn't I going to blow up the virtual elixir myself? How would it appear here? not good! I'm under an illusion!"

When he thought of this, Zhou Changkun immediately bit the tip of his tongue, trying to wake himself up.

However, when Zhou Changkun fell into the illusion,

Qingyun Ying, who was standing behind him, bit his index finger, made a seal, flicked his index finger, and shot out A streak of blood.

At this moment, Zhou Changkun's eyes became clear and he woke up from the illusion.

But before he could make any move, the streak of blood shot by Qingyun Shadow hit him, and Zhou Changkun immediately felt a flash of blood all over his body. Shocked, the whole body is paralyzed, and even the mouth and tongue cannot move.

"This...what's going on? Why can't I move? no! I need to explode my virtual elixir quickly!"

Zhou Changkun's mind changed, and he was about to activate the self-destruction of the Void Pill above his head.

But at this moment, Qingyunying behind him snorted coldly, pinched the seal with one hand, and whispered:"Blood spell, life devouring!"

As soon as he finished speaking, it seemed that the blood light that had penetrated Zhou Changkun's body earlier had an effect. Zhou Changkun's entire body began to wither and age at a speed visible to the naked eye. His black hair gradually turned into white hair, and his eyes were even more blank.

This For a moment, his body and consciousness were rapidly degenerating and shrinking, and his life essence was also rapidly decreasing.

Zhou Changkun opened his mouth, dried his throat and wanted to make a sound, but he couldn't shout.

He wanted to let the void suspended in the air Dan self-destructed, but his consciousness was also shrinking. At this moment, he felt that he could no longer control his body and could only let it grow old until his life stopped.

Seeing that Zhou Changkun's life breath was about to expire, the one in the air The Void Pill also began to become illusory and uncertain, and seemed to dissipate at any time.

Seeing this, Qingyun Ying immediately shot out a ball of blue air, wrapping the Void Pill, and shouted low at the same time

"Do it!"

Hearing this, Qing Yunxiu immediately took action and shot out a light sword, killing Zhou Changkun on the spot.

As soon as Zhou Changkun died, the Void Pill in the air immediately collapsed and dissipated, and the fire essence in the Void Pill also leaked out everywhere.

Fire warriors The Void Pill is composed of fire element essence.

This fire element essence is extremely rare and is of great help to fire element warriors below the fifth level.

However, these fire element essences are the life signs of fifth level fire element warriors. What is obtained through cultivation can never be extracted and given to others.

Due to the loss of fire essence, the fifth-level warrior's cultivation level will also be greatly lost. In severe cases, it may even cause the virtual core to collapse, and the cultivation level will directly regress to the fourth level. level.

Therefore, no fifth-level warrior is willing to extract elemental essence from his own virtual elixir, unless it is absolutely necessary..
