

## God level 201

### Chapter 201

Qin Feng was shocked. Did Fengdi discover something?

He glanced at Emperor Feng with some guilt, not daring to look more for fear of arousing Emperor Feng's suspicion.

"Brother Qin Feng, your mouth is so open....."

Gao Long patted Qin Feng on the shoulder, his eyes filled with admiration.

He had to admire it.

Everyone thought Luo Li would lose, but Qin Feng said she would win.

In the end, Luo Li really won.

This is amazing!

At this moment, the King of Heaven, King of Land, and King of Sea also looked confused.

They vaguely felt something was wrong, but they didn't realize what was wrong.

"I....Did I win?"

Luo Li stood in the middle of the hall with a cute look on her face.

She still couldn't believe she had won.

At this time, Chen Hu was awakened by someone

"I....Did I lose?"

He was also confused.

He didn't even know how he lost.

"This...King of Heaven, what do you think?", Neptune swallowed his saliva.

Although Luo Li won from the perspective of the battle result, from the process, it shouldn't be like this.

"this....", the king looked at Chen Hu.

His mouth and nose were bleeding, his chest was sunken, his face was pale, and he was seriously injured.

If I had to fight it again, it would be impossible.

"Luo Li must have won this round!", the Heavenly King was helpless.

Both the Sea King and the Land King nodded slightly.

A cheer suddenly sounded in the crowd.

That was the cheers of the Sea King forces.

They finally secured a spot.

In this way, among the five places, the Heavenly King occupied 3, Neptune and Land King each have 1

"Luo Li, you are great!"

In the crowd, there was a female monarch cheering Luo Li up with joy.

She was Luo Li's best friend.

"Lord Luo Li, well done!"

"Luo Li, congratulations!"

The monarchs of the Sea King force congratulated Luo Li one after another.

Luo Li returned to Qin Feng as if in a dream.

Have I really become stronger?

Luo Li felt a little secretly happy.

"How about it? I said you will win!"

Qin Feng's voice sounded in her ears.

"strangeness! I don't even know how I won. How did you guess I would win?"

Luo Li then remembered what Qin Feng had said, and her beautiful eyes shone with surprise.

Qin Feng smiled and said nothing.

Naturally, he would not tell Luo Li.

It was he who secretly used king-level illusions, time and space reversal, and dual skills. Kong locked Chen Hu.

Chen Hu was confused by the illusion and didn't feel the space deflection at all. His attack angle had shifted, and he even misjudged Luo Li's attack angle.

The moment the two of them fought, the victory was decided.

So, , Chen Hu lost in confusion.

In Chen Hu's view, he clearly escaped, so how could he be hit?

All this happened in an instant.

Qin Feng's control over king-level illusions and spatial twisting is getting stronger and stronger. , even the three kings didn't realize that he was up to something.

The three kings only vaguely felt that something was wrong.

Thinking of this, Qin Feng breathed a sigh of relief, and finally completed it successfully.

"Qin Feng, do you know some reasons?"

Luo Li was also a little suspicious and looked at him curiously.

"have no idea....", Qin Feng smiled and shook his head.

The scene of the two whispering was caught by Emperor Feng from the corner of his eye.

I saw the two of them getting intimate.

A trace of displeasure flashed across her beautiful eyes.

At this time, the voice of the King of Heaven sounded in the hall

"Anyone else want to challenge?"

As soon as these words came out, the place became quieter.

Everyone looked at each other, but no one came out.

Within a hundred years, there are only a few who have reached the late seven-star level or above, and they have all already appeared.

The rest are all seven-stars. Who can challenge the mid-term and below?

Gao Long was a little excited.

But when he saw the strength of those masters, he could only sigh and shake his head.

Everyone was also thinking that this time the quota was basically set.

The King of Heaven thought the same way.

He was just He shouted according to the procedure.

After seeing no one speaking for a long time, the King of Heaven turned to look at Feng Di and asked if the quota could be decided.

At this time, Qin Feng walked out of the crowd

"Heavenly King, I want to challenge!"

As soon as these words came out, the whole audience was shocked.

Wasn't it?

Qin Feng wanted to launch a challenge?

Isn't he a five-star Dzigchen?

With his cultivation level, he dared to challenge the late seven-star stage?

Gao Long looked at Qin Feng and stood up, a little Surprised.

Immediately, he shook his head slightly, a little speechless.....

"Qin Feng, please step back first. Your Majesty will make arrangements for your affairs. ....", Neptune quickly dissuaded him.

He was a little anxious.

He didn't expect Qin Feng to take the initiative to challenge.

In his opinion, Qin Feng has at most seven-star mid-term strength and is not yet a late-stage opponent.

Whether Qin Feng can get a quota depends entirely on Emperor Feng's arrangements.

If Qin Feng did this, it would be difficult for Emperor Feng to arrange for him if he lost in public.

This is the end of the world

"Qin Feng, come back quickly!" Luo Li was also worried.

She was also afraid that Qin Feng's defeat would affect Emperor Feng's arrangements for Qin Feng.

"Little friend Qin Feng, are you sure?....", the king hesitated.

He also felt that Qin Feng was impulsive.

How could this little guy be the opponent in the later stage of Seven Stars?

"Great King, I am sure!", Qin Feng's tone was firm.

Hai Wang was stunned. He was about to persuade again.

Feng Di's voice came from above the hall.

"Let him challenge!"

The King of Heaven was frightened and responded quickly.

The King of the Sea didn't dare to speak anymore. Everyone in the venue also took a deep breath of cold air. When

His Majesty spoke, he said it with golden words and could not be changed.

The matter was settled.

At that moment, the King of the Sea and Luo Li sighed in their hearts.

They were worried that if Qin Feng lost, it would leave a bad impression on Emperor Feng.

"Qin Feng, who do you want to challenge?", asked the Heavenly King.

Qin Feng's eyes fell directly on the Heavenly King's force.

There are already three places on the Heavenly King's side.

They are Li Xun, Wan Hansheng, and Chen Boye

"I want to challenge Lord Chen Boye!"

Qin Feng looked at a man in a long gown.

He was Chen Boye, a master of the late seven-star stage.

"Ha ha!! I knew you would challenge me!"

Chen Boye laughed and walked out of the crowd.

Li Xun and Wan Hansheng looked at each other, with a touch of pride on their faces.

Sure enough, Qin Feng did not dare to challenge the two of them.

After all, they are both Seven-Star Great Perfection Master.

Chen Boye also looked arrogant: "Little friend Qin Feng, your cultivation level is too low and you are not my opponent. Let's do this, I'll give you a chance, you go first! I'm worried that once I take action, you won't have a chance to take action....."

"OK!"

Qin Feng didn't waste any time and rushed over.

An afterimage flashed past.

The speed was so fast that no one could see it clearly.

Boom~!

There was a loud noise!

Chen Baiye vomited blood and flew out.

This time, The whole audience was shocked!!!

Everyone's mouths opened wide. Li Xun and Wan Hansheng both had horrified eyes.

They didn't see clearly how Qin Feng took action.

Even the three kings were shocked.

Oh my god!

Qin Feng alone Chen Baiye flew away instantly when he met him.

This strength definitely reached the Seven-Star Great Perfection, and he was a master of the Seven-Star Great Perfection.

At this moment, the whole place was silent.

Everyone looked at Qin Feng as if they were looking at a monster.

Even Emperor Feng, There was also a flash of splendor in the beautiful eyes.

Chapter 202

It was quiet for dozens of seconds before everyone came back to their senses.

In the crowd, Li Xun and Wan Hansheng looked at each other.

Their arrogance had long since disappeared, and they both looked shocked.

Just now, if it were the two of them on the field, they would not be much better than Chen Boye, and they would definitely lose.

Thinking of this, the two of them were very happy.

Fortunately, Qin Feng didn't choose them, otherwise they would have been miserable.

When the two looked at Qin Feng again, their eyes were filled with awe.

At the same time, Gao Long was already dumbfounded.

Qin Feng is so powerful.

He was completely mistaken before.

Luo Li and Haiwang were both extremely surprised.

The monarchs of the Sea King forces were also greatly surprised.

Qin Feng won, and the Sea King's side also occupied two of the quotas to enter the Dragon Ruins, which was equal to the Heavenly King's power.

This kind of achievement can be said to be the best ever for Neptune's force.

At this time, King Tian and King Lu also showed extremely excited expressions.

"Ha ha!! Little friend Qin Feng, you surprise me so much!", King Lu was amazed.

"Neptune, you have found an incredible talent!"

The king of heaven was extremely envious.

The king of the sea was smiling all over his face. The more he looked at Qin Feng, the more satisfied he became. This time, Qin Feng was so proud of him. At the same time, he was also shocked.

It turns out that Qin Feng is so powerful. , I didn't notice it, I was really blind.

At this time, the King of Heaven stepped forward with excitement and said to Emperor Feng

"Congratulations, Your Majesty! Congratulations, Your Majesty! Our Southern Alliance has a genius like Qin Feng. This is our blessing!! King Lu also stepped forward excitedly:"

Your Majesty, I suggest that for this trip to Longxu, young friend Qin Feng be appointed as the captain and let him lead the team.""

Sea King also said:"Your Majesty, Qin Feng should be the strongest among the five, and he has the power of the dragon. Let him lead the team, and our Southern Alliance's harvest will surely be doubled..."

The three kings actually recommended Qin Feng to Emperor Feng at the same time.

When the monarchs heard this, they suddenly realized.

Yes!

Qin Feng not only has the seven-star Dzogchen combat power , and also possesses dragon power.

Then he must be like a fish in water in the Dragon Ruins, and he will definitely be able to help the Southern Alliance obtain a lot of benefits.

This thought made everyone excited.

This Qin Feng is simply the treasure of the Southern Alliance!

The matter is related to The interests of the entire Southern League.

Thinking that Qin Feng can benefit everyone.

The eyes of those monarchs looking at Qin Feng became extremely kind and fiery!

Besides, Qin Feng is really too good!

Not only is he talented And potential is the highest in the entire alliance, and his overall strength is so strong. What is even more amazing is that he also has the power of a dragon.

With such a genius, he will definitely become a king in the future!

If he becomes a king, he will also be the king of kings. The king of heaven will be crushed.

Thinking about this, everyone looked at Qin Feng very differently.

Even the attitudes of the three kings have also changed a lot.

At this moment, the three of them seemed to have figured out why Feng Feng The emperor defended Qin Feng so much yesterday.

Such a peerless monster is definitely worth protecting.

If it were them, they would do the same.

Unknowingly, Qin Feng rose to a very high status in the hearts of the monarchs, second only to the three major The king.

And the three kings also valued Qin Feng very much.

In their eyes, Qin Feng was much more important than those seven-star monarchs.

In the future, Qin Feng must be one of the pillars of the Southern Alliance.

At this moment, everyone looked at Feng Di.

Let Qin Feng lead the team into Longxu, which everyone expected.

Emperor Feng glanced at everyone lightly, and his eyes fell on Qin Feng.

Deep in her beautiful eyes, a trace of relief flashed.

This young man took away her precious first time. , did not disappoint her, and was even stronger than she was back then.

She also admired it very much.

However,.....

"You don't have to go!", Emperor Feng looked at Qin Feng.

Everyone was shocked!

His Majesty didn't let Qin Feng go to Longxu?

At this time, everyone was dumbfounded.

Qin Feng has the power of the dragon and such strong strength, why not let him go?

This is illogical!

If any force found a talent like Qin Feng, they would be extremely excited. They would definitely be in a hurry to send him away. Where can he hide it?

"Your Majesty, you are....", the king is really puzzled.

Neptune King and Land King were also confused.

They knew that Emperor Feng was very protective of Qin Feng.

But why didn't she let Qin Feng go to Longxu?

Dragon Ruins is a great opportunity for Qin Feng!

Even their eight-star king was moved by it.

If it weren't for the agreement among the forces that the Eight-Star King was not allowed to enter, and that no strong man over a hundred years old was allowed to enter, they would all want to go in and have a look.

Doesn't Your Majesty not want to give Qin Feng such an opportunity?

"Your Majesty, why don't you let me go?", Qin Feng was also confused.

Emperor Feng looked at Qin Feng silently, a complicated look flashed deep in his eyes.

After a moment, she slowly said: "Why don't you let you go? Don't you understand?"

There was a trace of resentment hidden in that tone.

She knew very well that Qin Feng had a heavy love poison in his body.

Part of it was transferred from her body.

She also knew that once the love poison broke out, Qin Feng would have six senses. Losing control, her judgment ability is greatly reduced.

And the secret realm of Dragon Ruins is a very dangerous place.

If Qin Feng loses control inside, the chance of falling is very high.

This is not what she wants to see.

Qin Feng does not agree with Feng Emperor's thoughts. I know.

Besides, he had Luo Li by his side. He thought the problem was not big, so he didn't think about it.

"Your Majesty, I don't understand....", Qin Feng still looked confused

"You want to go to Longxu, what do you want? Emperor Liuqing? Or other exotic treasures? I can give you all these things. This time, you don't have to go!"

As soon as these words came out, everyone was shocked.

His Majesty is really kind to Qin Feng!

He can get these treasures without going there, which most people don't dare to think about.

At the moment, many people showed envy.

If they could It would be great to be so favored by His Majesty.

Qin Feng was also puzzled.

Emperor Feng was really good to him.

But he didn't want to give up the opportunity of Longxu.

What he wanted was not only the emperor's liquid crystal and other treasures, he also wanted the true dragon's treasure. Blood.

It is rumored that there is true dragon blood in Dragon Ruins.

Now, he has only 4% dragon quality, and still needs a lot of true dragon blood.

In addition, he is very curious about some secrets in Dragon Ruins.

It is rumored that deep in Dragon Ruins There is an astonishing secret hidden there, a secret that makes even the Nine Stars powerful.

But to go there, you need the body of Long Might.

Otherwise, even the Nine Stars powerful will not be able to go deep.

"Thank you for your favor, Your Majesty! However, my subordinate still wants to go to Longxu....."

Qin Feng insists on his own ideas

"Do you have to go?!"

Feng Di's beautiful eyes were deeply focused and became sharp.

"yes!", Qin Feng was bold.

The King of Heaven and others were frightened, and they all felt a cold sweat for Qin Feng.

No one has ever dared to disobey His Majesty like this.

"good! I give you a chance! Where is Ye Gu?"

"The subordinates are here!"

An old man hurriedly came out of the queue.

The old man had white hair and a thin face, but his aura was extremely fierce.

Qin Feng's expression became serious.

This old man made him feel extremely powerful, and the aura he exuded at will reached 2000 More than 10,000 points.

He had an inexplicable premonition that he might not be the opponent of this old man. When the monarchs saw the old man, they all showed great awe.

This old man was not an ordinary person.

He was one of the three kings of the Southern Alliance. The strongest person below, a fifth-level monarch, higher than the fourth-level monarch of the Seven-Star Great Perfection.

He is also the only fifth-level monarch in the Southern Alliance.

Not only does his combat power reach more than 20 million, but also An extremely rare light elemental master.

He has a record of instantly killing the Seven-Star Dzogchen Master, and has long been famous, spreading throughout the earth.

However, he is already over three hundred years old and is not qualified to enter the Dragon Ruins.

But he is the third person under the king. One person's status is unshakable!

"Qin Feng!", Emperor Feng looked over.

"The subordinates are here!"

"As long as you can defeat Ye Gu, I will allow you to enter the Dragon Ruins!"

As soon as these words came out, everyone in the audience was shocked!..

Chapter 203

"As long as you can defeat Ye Gu, I will allow you to enter the Dragon Ruins!"

As soon as these words came out, everyone in the audience was shocked!

The faces of the Heavenly King, Sea King, and Land King all changed greatly.

Luo Li even turned pale.

How is it possible for Qin Feng to defeat the first person under the king?

Everyone thought that Qin Feng has the strength of Seven-Star Dzogchen, but he is no match for Ye Gu.

He is the top being who can instantly kill Seven-Star Dzogchen.

"Your Majesty, is this right?.....", the king of heaven wanted to speak but stopped.

He felt that Emperor Feng's requirements were too high.

"Your Majesty, I also think this condition is a bit harsh, why not.....", Neptune also stepped forward and said

"I want you to teach me how to do things?"

Emperor Feng's tone was calm.

"Don't dare!"

The King of Heaven and the King of Neptune were frightened and quickly shut up.

"Hey~! Qin Feng, not as good as you....."

King Lu sighed helplessly.

He meant to ask Qin Feng to give up so as not to get injured in the fight.

Others also looked at Qin Feng with complicated expressions.

They all hope that Qin Feng can enter Longxu.

But Qin Feng and Ye Gu had no chance of winning in a fight. They were afraid they wouldn't be able to enter the Dragon Ruins.

Many people feel sorry for

"Qin Feng, have you made your decision?", Emperor Feng looked at Qin Feng.

This guy always makes her worry.

For Qin Feng's safety, she must make Qin Feng give up.

"Your Majesty, I am willing to fight!", Qin Feng's tone was firm.

Everyone was shocked.

Qin Feng actually agreed.

Although no one was optimistic about Qin Feng, they still hoped in their hearts that Qin Feng could fight.

Fight! Maybe there is a one percent chance!

No fight! Then there is no chance at all!

"good!", Emperor Feng was annoyed, "Ye Gu!"

"The subordinates are here!"

"As long as you can defeat Qin Feng, I will reward you with an Emperor's Liquid Crystal...."

As soon as these words came out, there was a commotion in the hall.

Emperor Liujing!

The eight-star king cherishes it, let alone the seven-star monarch.

Your Majesty has even taken out the means of reward. He is determined to stop Qin Feng....

"this....", Ye Gu hesitated, he was a little moved.

To be honest, he didn't want to fight Qin Feng at all, and he didn't want to offend the future king, but it was hard to disobey the emperor's order

"Two!", Emperor Feng's eyes became sharp.

"Subordinates obey!", Ye Gu bowed respectfully.

The two Imperial Liquid Crystals were worth his while. Your Majesty is really determined!

"Brother Qin Feng, I'm offended!"

Ye Gu apologized and said hello to Qin Feng.

"Lord Ye, I'm asking for advice!"

As soon as he finished speaking, Qin Feng didn't waste any time and performed the seven-series Hunyuan transformation.

His height suddenly increased by several inches, and his combat power instantly increased from 10 million to 13 million, and the violent momentum instantly enveloped him. Live the entire audience

"So strong!"

Everyone's eyes lit up and they were amazed.

Even the three kings showed surprise.

Thirteen million combat power exceeded most of the Seven Stars.

"interesting!"

Ye Gu's eyes also lit up.

This Qin Feng still has some strength.

However, this combat power alone is not enough!

Ye Gu also exploded with a force of 21 million, crushing him in an instant.

Then The violent momentum had a vague connotation of an eight-star powerhouse.

Qin Feng's eyes suddenly lit up with silver light.

The king-level illusion was activated!

Huh? It didn't work!

Qin Feng was surprised.

Only then did he realize that Ye Gu The power of the elements is different from that of ordinary people. The power of the elements is perfectly integrated with the spiritual power.

Qin Feng suddenly realized.

No wonder Ye Gu's combat power is so powerful.

It turns out that the spiritual power of the Seven-Star Dzogchen Master can be substantive.

The perfect fusion of mental power and elemental power is the first step to break through to the Eight Stars.

This step is also called the fusion of essence.

With the fusion of essence, the combat power will be doubled, and it will also have many incredible uses.

For example: resisting the erosion of illusion.

Therefore, Qin Feng's illusion is ineffective.

Unless Qin Feng's mental power is enhanced to the level of the Eight-Star King, he will be attacked.

This is the peculiarity of Jingyuan Fusion.

It can be done It is extremely rare for people to reach this stage. Among the seven-star Dzogchen masters in the entire Southern League, only Ye Gu has achieved it.

In fact, most of the seven-star Dzogchen masters will not be able to cultivate to this step in their lifetime.

Can do this One step represents the potential to become a king

"Little brother, I'm offended!"

Ye Gu started, his whole body lit up with dazzling white light, and he rushed directly towards Qin Feng. There was only a residual light left on the hall.

The speed was much higher than the Seven-Star Perfection, and it was terrifyingly fast.

The strong ones in the light system are best at speed. Stronger than the wind element

"Just in time!"

The Thunder Light Escape Technique was activated!

Qin Feng also turned into an afterimage and rushed forward. His speed was not at all slower than Ye Gu.

For a moment, the hall was filled with the afterimages of the two people.

Afterglow flashes~!

Bang~! Bang ~! Bang~!

The collision and roar continued!

All the monarchs were dumbfounded.

The speed of these two people was too fast!

Their eyes could not keep up at all, and they could not see clearly the fighting situation in the field.

The King of Heaven, the King of the Sea, and the King of the Land Can see clearly.

But all three of them had shocked looks on their faces.

Qin Feng's performance was so surprising.

Even Feng Emperor looked surprised.

Qin Feng shocked her again.

Bang~! Bang~! Bang! ~!!!

There were constant roars in the field.

In just a moment, hundreds of sounds rang out.

The two sides did not know that after hundreds of rounds of fighting, there was no result.

The monarchs were stunned.

Although they could not see the specific battle situation clearly, But it was amazing that Qin Feng could persist for so long.

At this moment, a sudden change occurred in the field.

Boom~!

A shocking loud noise!

The entire hall was shaking violently!

If it weren't for the blessing of Emperor Feng's barrier, I was afraid that the hall would collapse.

After the explosion, there were two muffled sounds.

Immediately, the two lights and shadows separated.

Qin Feng and Ye Gu took dozens of steps back before they stabilized their bodies.

This time they fought, The two of them actually fought to a draw. Hiss

~! Oh my god!

There was a sound of breathing all around!

Everyone took a breath of air and looked at Qin Feng in shock.

This guy could actually fight to a draw with Ye Gu.

So far. , even if Qin Feng loses, he still wins.

Such a record is completely worthy of respect.

"Ha ha!! Cool!!!"

Ye Gu laughed excitedly.

He looked at Qin Feng with fiery eyes.

It's been many years!

No one has ever been able to pass through ten face-to-face meetings with him.

Qin Feng could actually fight him for hundreds of rounds. Undefeated, this excites him so much.

He is a warlike person by nature.

"It's not easy to find someone who is equally matched!"

Ye Gu sighed, with some sympathy in his tone.

Immediately, he said with excitement again: "Brother Qin Feng, you are a very good opponent! Here we go again!"

Qin Feng smiled slightly: "Please enlighten me!"

"good!" Ye Gu looked serious, "Next, I'm going to use my special move, you have to be careful!"

As soon as these words came out, everyone's hearts suddenly jumped.

No!

Ye Gu is going to use a special move, and Qin Feng may lose.

Among the crowd, Luo Li started to panic.

At this moment, Ye Gu launched.

His The ultimate move is activated!

King-level skill - Seizing the Sky!

All the light between heaven and earth disappears instantly.

Everyone in the hall is plunged into boundless darkness.

They can't see anything.

Their vision is forcibly deprived.

This is Seizing the Sky , strip away all light and all light sources, making it impossible to see anything.....

It's over!

Many people sighed for Qin Feng.

Ye Gu's speed completely exceeded the speed of sound, and there was no way to judge his position using sound.

By the time you hear the sound, you've been hit.

In such a situation, deprivation of vision is the most fatal.

It seems that Qin Feng has lost.

Everyone lamented in their hearts.

At this moment, a loud noise erupted in the field again.

The hall trembled.

Everyone's eyes slowly looked back.

When they saw the scene of the main hall clearly, everyone was dumbfounded.

Qin Feng was seen standing proudly in the center of the hall.

There is a strange divine eye between his eyebrows, and his whole person is like the son of a god, exuding an evil and handsome aura.

Ye Gu was injured, with a black hole pierced through his shoulder, and he was looking at Qin Feng in horror.

The three kings also looked at Qin Feng in horror.

Even Feng Emperor looked shocked.

Divine consciousness!

Qin Feng actually possesses divine consciousness!..

Chapter 204

Divine consciousness!

Qin Feng actually possesses divine consciousness!

He used his spiritual consciousness to crack Ye Gu's trick.

If the fusion of essence and essence is said to be the first step to becoming an eight-star powerhouse.

The second step is to condense the six-consciousness divine ring and transform it into divine consciousness.

This step is even more difficult than the fusion of essence and essence.

This also shows that Qin Feng also has the potential to become a king.

After the three kings were shocked, their eyes glowed with fiery light.

Even Emperor Feng was surprised.

This young man who took her first time did not disappoint her!

Thinking about it this way, Qin Feng is pretty good.

Emperor Feng felt a little happy inexplicably

"My friend, I lost!", Ye Gu smiled bitterly.

Thinking that he, the first person under the majestic king, was over three hundred years old, actually lost to a seventeen-year-old junior, he felt a little disappointed.

However, he was sincere about Qin Feng's strength. admire

"Lord Ye agreed!", Qin Feng returned the gift politely.

This Ye Gu is extremely powerful.

He only won one move and could not completely crush him.

When the monarchs around him saw this scene, they exclaimed in surprise

"Oh My God! Qin Feng really won!"

"This is too strong!"

In the crowd, Luo Li smiled like a flower.

She couldn't be happier.

Ever since she signed the contract with Qin Feng, she has firmly believed in Qin Feng.

Now that Qin Feng has won, she is happier than anyone else.

At this time, She suddenly thought of another question.

Qin Feng was so strong, it was simply unfathomable.

Could it be that he could beat Chen Hu with Qin Feng's help?

When she thought of this, her beautiful eyes shone, and she looked at Qin Feng with a somewhat confused look. She admired her.

Gao Long behind her was stunned.

Is this guy really a human?

This is too strong!

At this moment, everyone's eyes changed when they looked at Qin Feng.

There was so much in his eyes They gained deep respect.

Qin Feng defeated Ye Gu.

Qin Feng is the real number one among the kings!

If they respected Qin Feng before, it was because of Qin Feng's terrifying potential.

But now, Qin Feng uses his strength to It proves that he is truly the first person under the king.

His status second only to the king is also genuine.

This has also won the respect of everyone, and it is respect from the heart.

"Your Majesty, am I qualified to enter the Dragon Ruins now?"

Qin Feng looked at Feng Emperor, his eyebrows closed automatically, leaving only a faint red line.

"have!", Emperor Feng smiled and nodded.

She was very satisfied with Qin Feng's performance.

She was finally relieved that Qin Feng had such strength.

Of course, it did not mean that there was no danger of falling, but the chance was very small.

Besides, she would find a way Help Qin Feng detoxify and minimize the impact of love poison on Qin Feng

"That's how the list was decided. Qin Feng! You are the captain!"

As soon as Emperor Feng's words fell, everyone breathed a sigh of relief and showed joy.

His Majesty finally agreed.

With a strong man like Qin Feng taking action, the Southern Alliance will definitely gain a very rich harvest.

Let Qin Feng be the captain. It was what everyone expected.

And Qin Feng was relieved.

He finally seized this opportunity.

Emperor Feng spoke again:"King of the Sea!"

"The subordinates are here!"

"According to my imperial decree, Qin Feng is granted the rank of fifth-level monarch. All promotion rewards will be distributed within one day. In addition, I will reward you with two Emperor Liquid Crystals!"

"Subordinates obey!", Poseidon happily accepted the order.

After a while, he would go there in person to arrange promotion registration for Qin Feng.

Qin Feng was too proud of him this time.

He finally had a fifth-level monarch under his command.

King Tian and Lu The kings couldn't help but be envious.

The monarchs were also envious. What they envied was the 2 Emperor Liquid Crystals that Qin Feng received as a reward.

The Emperor Liquid Crystals had no effect on these monarchs, but the Emperor Liquid Crystals were very effective!

What a pity!! Emperor Liuqing is so rare!

"Qin Feng stays! The meeting is over!"

Emperor Feng gave the order.

This quota election meeting has come to an end.

Everyone retreated.

Qin Feng was left behind, and Emperor Feng wanted to interview.....

Half an hour later, in the Imperial Palace, there was a very luxuriously decorated room.

A beautiful female staff member respectfully handed a storage ring to Qin Feng

"Lord Monarch, this is your promotion reward this time. Lord Neptune sent me to deliver it."

The female staff member said with a smile, her beautiful eyes constantly looking at Qin Feng, her eyes showing excitement.

This young monarch is so handsome.

As soon as she saw him, her heart skipped a beat.

"Thanks for your hard work!", Qin Feng took it with a smile.

Neptune's efficiency in doing things is extremely high.

"My lord, this is your knighthood!"

The female staff member took out the fifth-level monarch medal again.

When she saw this medal for the first time, she was extremely shocked.

This is a fifth-level monarch!

The highest title under the king.

She thought it was that person at first. The fourth-level monarch has broken through, and he must be quite young.

When she saw Qin Feng, she realized that he was a young man, and an extremely handsome young man. How could she not be tempted by this?

"Thanks!", Qin Feng took it smoothly

"Sir, everything has been handed over. I don't know if you have anything else to ask.....",

"Gone! Go and get busy!"

"Oh..."

The female staff member reluctantly left.

After she left, Qin Feng checked the storage ring and his face showed joy.

There were two Imperial Liquid Crystals (fire) inside.

There were also villa deeds and car keys. , bank cards and other various equipment resource rewards.

Qin Feng is very satisfied.

Especially the two Emperor Liuqing.

They are good things to help him condense the star pattern!

Now, the Emperor Liuqing is very satisfied with his sixth star pattern. The condensation effect is already very weak, so he needs to find a replacement treasure.

This Emperor's Liquid Crystal is the best choice.

This is one of the reasons why he is eager to go to Dragon Ruins.

"Ding! The Devouring Emperor Liquid Crystal (Fire) was successful, and the sixth star pattern completion rate increased by 11% to 61%...."

"Ding! The Devouring Emperor Liquid Crystal (Fire) was successful, and the sixth star pattern completion rate increased by 11% to 72%...."

"good!"

Qin Feng was overjoyed and had some unfinished ideas.

If there were three more, he would be able to break through to the six-star element.

Unfortunately, this kind of treasure is too rare and there are not many alliances.

In fact, these two emperor liquid crystals (fire) are from the south. This is the last inventory of the alliance.

In order to take care of Qin Feng, Emperor Feng gave them all to him.

This is because the King of Heaven, Sea King, and King of Land are not strong fire elements.

Emperor Feng has no need for it, so he is lucky enough to keep these two. Cheaper Qin Feng

"By the way, Emperor Feng said he wanted to see me. Why haven't you been summoned yet?"

The thought just came to Qin Feng's mind.

There were footsteps outside the door.

He looked up and saw a beautiful and domineering figure walking in. It was Emperor Feng.

"I have met His Majesty!"

Qin Feng did not dare to neglect and hurriedly stepped forward to salute.

Although Feng Di was wearing a veil, her perfect figure, majestic demeanor, and snow-like skin could also make people see that she was a beautiful woman.

At this moment , there are only two people in the room

"Free of charge!"

"Thank you, Your Majesty!"

Emperor Feng looked at Qin Feng calmly, his eyes a little complicated.

For a moment, she put her hands behind her back and said quietly:"I heard where you stayed at Lord Luo Li yesterday?"

"Yes, my subordinates have no place to live, so...."

"Don't go there anymore, just stay in this emperor's palace....."

"Forehead....",Qin Feng was stunned.

Isn't he promoted to monarch? He has just been assigned a villa. Why does the empress want him to live here?

Seeing Qin Feng's confusion, Emperor Feng frowned:"Do you know why I stopped you from going to Longxu before?"

"I don't know!"

"If Yue'er didn't want you to go, would you still go?"

"This...I don't know....", Qin Feng hesitated.

For some reason, he always felt a little guilty towards Yue'er.

If it was really what Yue'er asked for, he really didn't know how to make a decision...

Seeing Qin Feng's embarrassed look, Emperor Feng smiled and seemed a little happy.

"It seems that Yue'er's words are more effective than this emperor's words....."

"Your Majesty, I....."

"No need to explain.....Since I agree with you to go, naturally I won't let Yue'er stop you....."

"Your Majesty, I mean, can you let me see Yue'er?", Qin Feng looked pleading.

Emperor Feng looked at him silently:"So what if I see him?"

"I hope she doesn't hate me. I apologize to her face to face.....",Qin Feng looked guilty.

Emperor Feng looked at him with complicated eyes, then turned and looked out the window

"Some people are better off not seeing them! Maybe she has forgiven you!"

Fengdi's voice was faint, as if he was struggling.

"No matter if she forgives me or not. I even want to apologize to her personally....."

"Do you really want to meet?"

"Um!"

"That's it!"

Feng Di sighed, took off his veil, and slowly turned around..

Chapter 205

Emperor Feng sighed, took off his veil, and slowly turned around.

That beautiful and familiar face came into view.

Moon!

Qin Feng was stunned, his mouth opened wide.

Emperor Feng turned out to be Yue'er.

He actually pierced the empress' perfect jade.

In an instant, countless thoughts surged through his mind, and his mood was extremely complicated.

He even felt that it was a miracle that he could survive until now.

He had seen Yue'er take action, one against two, and drive away the two emperors.

On that day, if Yue'er really wanted to kill herself, she would be able to crush him with just one finger.....

This made Qin Feng's mood even more complicated.....

"What else can you say?", Feng Di looked at him with some resentment.

Qin Feng raised his head and looked at that beautiful face, which was both familiar and unfamiliar.

If he hadn't seen it with his own eyes, it would be really difficult for him to connect the innocent and lively Yue'er with Feng Di. Together

"Your Majesty...I'm sorry!", Qin Feng sincerely apologized.

After all, it was all caused by him.

If he hadn't wandered around that day, this wouldn't have happened.

Emperor Feng looked at him faintly.

For some reason, she just couldn't hate him.

Maybe. When she was still a month old, her heart was already shaken

"That's it! This matter is over! Don't mention it anymore!"

"yes! His Majesty!"

Emperor Feng looked at him with complicated emotions.

"From now on, when no one is around, you should call me Yue'er....."

Qin Feng's eyes lit up.

Does this mean Yue'er has forgiven him?

At least Yue'er wasn't angry anymore.

Thinking of this, he breathed a sigh of relief inexplicably.

"Your Majesty, I...."

"Um....", Phoenix Emperor Slightly raised eyes

"Oh... Yue'er, thank you.....", Qin Feng quickly reacted: when Yue'er shouted, he felt it was natural.

Emperor Feng also smiled.

But she said: "You don't have to thank me, I haven't forgiven you yet."....."

Qin Feng felt a little big-headed

"Do you know why I didn't let you go to Longxu before?"

"This.... I don't know....."

"The love poison in your body has worsened, don't you know?"

Feng Di rolled his eyes at him angrily.

At this time, he was still pretending to be confused.

Qin Feng suddenly realized.

Only then did he understand Feng Di's painstaking efforts.

"Do you know why I want to keep you?", Emperor Feng asked again.

Qin Feng shook his head blankly

"You...."

Emperor Feng was helpless.

Sure enough, this guy just doesn't want to worry about himself

"I keep you here because I want to help you get rid of the love poison in your body....."

"Help me detoxify?"Qin Feng was delighted and his eyes lit up.

He had long been troubled by this toxin.

It would be best if it was removed as soon as possible.

"By the way, how can you help me detoxify? Could it be....."

Qin Feng couldn't help but look at Feng Emperor.

That long and wide skirt could hardly cover up the empress's beautiful figure.

Yue'er's figure is flawless and impeccably beautiful.

He has witnessed it with his own eyes. Is it possible?.....

"What are you thinking about?.....", Emperor Feng glared at him angrily.

But her pretty face was also a little red.

This guy is too brave, don't think you can't guess it

"This ring contains Imperial Liquid Serum (gold), and an Imperial Liquid Crystal (gold), as well as my summary of experience in restraining toxins over the years. Please study it....."

"In three days, we should set off to join their forces at the Dragon Ruins. You try your best to remove toxins from your body during these three days"

"Presumably with the help of these things, even if it cannot be removed, it can help you reduce some toxins and reduce their impact on you."

"Thank you Yue'er!"

Qin Feng took the ring happily

"And this one for you too!" Emperor Feng took out another secret book.

Qin Feng took it curiously

"This book introduces how to complete the fusion of essence and essence. When you are free, study it carefully. It will be of great use to you in the future to break through to the eight stars. Qin Feng was overjoyed:"

So it's this!" good!"

After seeing Ye Gu's essence fusion, he was already moved.

"OK! Don't go anywhere these days, just stay here to detoxify. I have placed wards around the house. From this moment on, no one else can come in except me. You can't get out either....."

Emperor Feng showed a proud smile.

Qin Feng:"....."

Is this empress planning to hide her beauty in a golden house?

However, Qin Feng didn't plan to wander around. It would be good to practice quietly for three days.

"Also, about your sister. I also made arrangements and had people send her a lot of resources so that she could have a good retreat at Luo Li's place....."

"Yue'er, you are so kind to me....", Qin Feng said seriously

"As long as you know! You should retreat well...Don't be lazy, I will come to check at any time..."

After saying that, Emperor Feng turned and left.

Looking at the empress's leaving back, Qin Feng also felt a little emotional.

"By the way, what else do you need?", Feng Di suddenly turned around and asked.

She was still very concerned about Qin Feng.

"There is really something urgently needed"

"What is it?"

"Can you help me find something that can send out a bolt of thunder and lightning? The power of that thunder and lightning can reach the blow of the Eight-Star King...."

Qin Feng wanted to use lightning to strike the sacred wood to create a quasi-ninth-level thunder energy.

Only this kind of thunder energy can strengthen his thunder attribute to the eight-star level.

At that time, he can swallow the Silver Eye of Thunder Punishment and fuse it with the Eye of Heaven Punishment.

The Eye of Heaven's Punishment can activate the Divine Light of Heaven's Punishment, which is as powerful as the best king-level skills and can increase his attack power.

This will greatly help him enter Longxu

"This... is a bit difficult! I'll go think of a solution and get back to you in two days....."

As soon as he finished speaking, Emperor Feng left.

After Emperor Feng left, Qin Feng also took out the secret book and studied it..

Chapter 206

Two hours later, in the bathroom of that luxurious residence.

Qin Feng stripped naked and soaked in the bathtub very comfortably.

The bathtub was filled with Imperial Liquid Slurry (gold), and there was an Imperial Liquid Crystal (gold) at the bottom of the tank. There was also a star array arranged around the bathtub.

He arranged these according to the method given by Emperor Feng, slowly absorbing the power of gold to eliminate the love poison in his body.

Not to mention, according to the set of Yuanli operation methods taught by Emperor Feng, the effect is quite obvious.

Qin Feng could feel that the love poison in his body was being eliminated bit by bit.

After three days, he should be able to get rid of most of the love poison.

At the same time, after the golden energy entered his body, it was slowly absorbed by him, helping him condense the sixth star pattern bit by bit.

Qin Feng didn't care about that, just let everything take its course and let the energy in his body move automatically.

And he took out the "Essence Fusion" secret book and began to study it.

This is the key point, and it is also the key to him becoming the Eight-Star King in the future.

Qin Feng bought ten enlightenment stones from the system mall and swallowed them all.

His understanding and memory skyrocketed.

Then, he began to study the secret book.

The fusion of essence and essence is very complicated, and the secret book is as thick as a brick.

But after his understanding and memory skyrocketed, he could see hundreds of lines at a glance, never forget anything, and understood things as soon as he saw them.

Two hours later, he had digested the entire secret book and looked overjoyed.

He finally figured out the fusion of essence and essence.

If you want to fuse essence and essence, you must improve the quality of elemental power to the extreme of Seven-Star Perfection.

The spiritual power must also reach the ultimate level of Seven-Star Dzogchen.

Then the two can merge.

This is easy to say, but most people are stuck at the mental level.

Many Seven-Star Dzogchen masters have no means to improve their spiritual power. They can only rely on time or opportunity to slowly build up their spiritual power and bring it to its ultimate level.

There is no specific method for this kind of torture, and the effect is very poor, so many people are stuck at this level.

But the most difficult level for Qin Feng is digestion.

His mental power has reached the eight-star level.

The fusion of essence and essence is no bottleneck for him.

At the moment, Qin Feng started to try fusion according to the method in the secret book.

Ten minutes later, his whole body emitted silver light, and the fusion of essence began.....

"Ding! The fire attribute fusion mental power is completed, and the essence fusion completion degree reaches 14%....Combat power increased to 12 million points....."

"Ding! The fusion of thunder attribute and mental power is completed, and the fusion of essence and essence is completed to reach 28%....Combat power increased to 14 million points....."

"Ding! The ice (water) attribute quality is insufficient and the fusion fails....."

"Ha ha!! Very good!"

Qin Feng looked at himself with ecstasy.

This fusion of essence and essence is so powerful!

It suddenly increased his combat power by 4 million, and his strength increased greatly.

If he were to fight Ye Gu again, he would be very confident. Once inside, Ye Gu can be defeated.

Unfortunately, his ice (water), wind, earth, wood, and metallic qualities are insufficient and cannot be integrated.

He needs to strengthen these five attributes to the seven-star Dzogchen level before he can continue. The spiritual power has been integrated.

Next time, wait for Yue'er to come over and ask her for help.

Qin Feng is looking forward to it.....

Meanwhile, around Earth.

In a void covered by a barrier, there is a giant temple floating in the void.

Deep inside the palace.

The Hades Emperor stood behind a man in black robes with a respectful look on his face.

The man's aura was cold and majestic.

He is the supreme leader of the 'Hun' organization - the God Emperor.

At this moment, both emperors looked at the huge petri dish in front of them.

Through the thick glass, you can see a person in the petri dish.

It was a young man who was completely naked.

His eyes were closed tightly, and his body was covered with various plastic tubes and electronic equipment, and was soaked in a yellowish liquid.

But if he were a human being, he would have a pair of bat wings growing out of his back, and a pair of dragon horns on his head... and the aura exuding from his body would be vaguely similar to that of the Eight-Star King.

"God Emperor, in three days' time, it will be the day when the earth's forces will go to Dragon Ruins. When will Long Shang wake up?"

The Underworld Emperor asked politely.

Facing the God Emperor, he was still in awe.

The strength of the God Emperor was not inferior to that of the Phoenix Emperor.

"Three days? That's enough. Long Shang will wake up in two days.....", the God Emperor was indifferent.

The Long Shang they were talking about was the half-human, half-demon young man in a petri dish.

The Hades Emperor was delighted:"That's great! With Long Shang taking part in this trip to the Dragon Ruins, our organization must be the biggest winner!"

The God Emperor smiled:"No matter how you say it, Long Shang has reached the quasi-eight-star level. With his strength, no one on Earth or the Deep Sea Clan can rival him. It's a pity that the Emperor's Bones....."

Speaking of this, the God Emperor looked regretful.

If the emperor's bones are not lost and Long Shang is allowed to fuse, then Long Shang can reach the level of a true eight-star king.

It's a pity that God's fate was not as good as mine, and he was snatched away by a little earthling.

"I made a mistake this time.....",Pluto Emperor was a little embarrassed.

The God Emperor shook his head slightly: "I don't blame you! Even I didn't expect that the Phoenix Emperor would be so powerful. You and the Immortal Wood Emperor lost a hand together.....What a surprise! It seems that we cannot underestimate the people on earth!"

Pluto Emperor nodded: "Not bad! Although this earth world was pulled into high dimensions for a short time, this race has a good foundation and is worth utilizing. For example, that Qin Feng. His talent is much better than Long Shang!"

"Stronger than Long Shang?!", the God Emperor was moved.

Long Shang was the one with the best talent he found. He is only 99 years old today and has already reached the quasi-eight-star realm.

His age is just right to enter the Dragon Ruins.

"Yes! The flower god died in Qin Feng's hands. I saw it with my own eyes that day. Afterwards, I checked. That Qin Feng is only seventeen years old!"

"What?! Only seventeen?!", the God Emperor was shocked.

Then, he took a deep breath and said: "If we catch that kid and train him using our methods, an emperor will appear in a few decades."

Emperor Ming sighed: "It's a pity that he is in the hands of Emperor Feng." However, this guy also killed a lot of people in our organization, and he doesn't have a good impression of us.....After all, I can't keep it!"

"hehe! Then don't stay! Just an earthling!"

The God Emperor smiled coldly.

"By the way, will he enter Dragon Ruins this time?", the God Emperor asked again

"Not sure! Feiying, the inner line we arranged in the Southern League, was killed by this kid. Today, we are blind to the situation within SAARC."

The Pluto Emperor smiled bitterly.

The God Emperor frowned:"This kid is really a disaster! Minghuang added:"

However, I speculate that Emperor Feng will arrange for that boy to go to Longxu because he is very good."

The God Emperor's eyes lit up:"That's good!" Let Long Shang kill him in the Dragon Ruins, and then take back the Emperor's Bone... When Long Shang fuses the Emperor's Bone, he will have eight-star strength."

"In that case, he can enter the depths of Dragon Ruins.....Maybe there's a chance to get that treasure...."

Hearing this, Hades Emperor was also excited:"Yes! There is indeed this opportunity!"

Then the two of them looked at each other and smiled, with joy in their eyes..

Chapter 207

On the other side, Qin Feng was soaking comfortably in the bathtub while thinking about how to strengthen the other five attributes.

"Huh! correct...."

Qin Feng's eyes lit up, as if he thought of something.

He immediately stopped soaking.

Half an hour later, in the backyard of the residence.

Qin Feng looked around. The entire courtyard was enveloped by a huge barrier, which was very powerful.

He couldn't even see what was going on outside.

Likewise, people outside can't see what's going on inside.

He was really hidden by Yue'er Jinwu.

"Just here....."

Qin Feng looked at the open space in front of him and took out a huge finger bone from the storage ring, which was the emperor's bone.

As soon as the emperor's bones appeared, the terrifying emperor's power spread to all directions, instantly covering the entire courtyard, but it was blocked by the barrier and could not be sensed by the outside world.

Qin Feng stood beside the emperor's bones unharmed.

With his current strength, he can easily withstand the pressure of the Emperor's Bones.

At that moment, he walked towards the Emperor Bone.

He released the emperor's bones without worrying about being discovered.

There is a barrier blocking it, so no one else can notice it, only Yue'er will notice it.

And Yue'er should have known for a long time that he had emperor bones, but she just didn't mention it.....

"Huh! There really is...."

Qin Feng's hand carefully touched the surface of the emperor's bone, with excitement on his face.

He just detected it.

This emperor's bone indeed contains nine-star quality wood energy, which is exactly what he needs most at the moment.

The amount of vitality is only very small, but it is enough to strengthen his wood attribute.

At the moment, Qin Feng pressed his hand on the emperor's bone and absorbed the Mu Yuan power with great care.

After a moment, wisps of extremely powerful Mu Yuan Power slowly poured into his body, and was quickly refined and tempered by him...

Although this Mu Yuan Power was at the nine-star level, its power was far inferior to that of Emperor Yan. He could withstand it.....

Qin Feng also figured it out now.

Emperor Yan is the original power of the Nine Stars Fire Yuan Master, followed by the Nine Stars Fire Yuan Power and the Quasi-Nine Stars Fire Yuan Power.

On that day, Yue'er gave herself two balls of Emperor Yan, which was equivalent to giving away two small balls of origin, which was of inestimable value.

It can be seen that Yue'er is really good to herself.

Nine-star quality Mu Yuanli is just different.

He only absorbed a little bit, and then strengthened his wood attribute quality from the five-star perfection to the six-star level, and his combat power increased significantly.

He continued to absorb it.

Fifteen minutes later, the wood attribute was strengthened to the early seven-star level...the combat power increased... an hour later, the wood attribute was strengthened to the late seven-star level...the

combat power increased again... two hours later, the wood attribute was strengthened to the early eight-star level.....The combat power increased greatly..The

Mu Yuan power contained in the emperor's bones was completely absorbed by Qin Feng

"good!"

Qin Feng's eyes showed joy, and he still had some unfinished thoughts.

If there was more wood energy in the emperor's bones, maybe his wood attribute could be strengthened to the eight-star perfection.

However, that would require a very huge amount.

From the eight-star Strengthening to the eight-star perfection is a big leap and very difficult.

In fact, Qin Feng is already very satisfied with the progress.

His wood attribute has been strengthened to the eight-star level, and his combat power has also been increased to 14.5 million. Point, the strength has increased a lot

"I don't know what the use of this emperor's bone is? Can it be integrated?"

He silently put away the Emperor's Bone.

This Emperor's Bone is definitely a treasure, but he couldn't find a way to use it, so he felt a little worried...

He decided to go back and ask Yue'er.

After doing this, he returned to the secret cultivation room and used the fusion of essence and essence.

Half an hour later, in the secret room, a majestic energy emitted from Qin Feng's body.

"Ding! The wood attribute fusion with mental power is completed, and the essence fusion completion degree reaches 42%....Combat power increased to 16.5 million points....."

"The strength has improved again!"

Qin Feng opened his eyes with a look of joy.

His current basic combat power is getting closer and closer to Ye Gu.

If he uses the Hunyuan transformation again, his combat power will definitely exceed 20 million points, which is equivalent to Ye Gu. Let's give it another try. When he fought with Ye Gu, he should be able to kill the other party instantly.

He thought to himself, with his current strength, would he have a chance to enter the deepest part of Dragon Ruins?

He had seen the resources in the forbidden area.

As mentioned above, there were big things in the depths of Dragon Ruins. The secret, exactly what it is, is not clear.

But to enter there, you must have at least eight stars or above.

"Quasi eight stars? There are quite a few differences between me!"

Qin Feng muttered.

The threshold of combat power for a quasi-eight-star strongman is 50 million points.

He is no match at all.

It seems that he still needs to work hard.

His current seven attributes, fire and wood, have been strengthened to the eight-star level.

Lei is The seven-star Dzigchen level.

Ice (water), earth, wind, and gold are all five-star Dzigchen levels.

As long as he strengthens the four attributes of ice (water), earth, wind, and gold to the seven-star Dzigchen level, he can complete the essence. Yuan fusion.

By then, even if he is not a quasi-eight-star opponent, he will still be able to protect himself.

Time flies.

In the blink of an eye, two days have passed.

On this day, in the secret room.

Qin Feng looked expectantly In his hand is a skill stone and a strange eye.

Those are the king-level skill stones - the light of thunder punishment, and the thunder punishment silver pupils.

He is ready to fuse the eye of punishment.

In the past two days, Yue'er has been Yue'er asked his huge gang leader, who almost responded to every request, but never asked why. Qin Feng was a little flattered.

First of all, Yue'er asked the King of Heaven for a large amount of the original power of the wind element.

He asked the King of Lu for a large amount of the earth element. The original power of the water system was obtained from the King of the Sea, and all of it was given to Qin Feng.

This caused the strength of the three kings to drop a bit, which could not be recovered without several years of hard work.

And the king's original power, The quality is equivalent to the nine-star Yuan Power.

Qin Feng used the power of the three groups to strengthen the three attributes of ice (fire), earth, and wind to the eight-star level.

Later, Yue'er helped him get another thunder talisman. It can inspire a thunder and lightning power that is comparable to the eight-star Dzogchen.

Qin Feng used the thunder talisman and the lightning strike sacred tree to successfully obtain the nine-star quality thunder elemental power.

Those thunder elemental powers strengthened his thunder attribute to the eight-star level..Now

, in addition to his metallicity, he also has five-star Dzogchen quality, and the other six attributes have all been strengthened to the eight-star level.

The completion degree of Jingyuan fusion has also reached 84%.....The combat power has soared to 24 million points, and the strength has skyrocketed.

"Ding! Devouring Thunder Punishment Silver Eyes Successfully....."

"Ding! Devouring King Level Skill Stone (Light of Thunder Punishment) Successfully....."

"Ding! Burning Sky Golden Eyes and Thunder Punishment Silver Eyes automatically fuse....."

"Ding! Fusion successful! Congratulations to the host for obtaining the Eye of Punishment!"

"Ding! The Burning Sky Golden Flame and the Light of Thunder Punishment automatically merge....."

"Ding! Fusion successful! Congratulations to the host for acquiring: the ultimate king-level skill - Divine Punishment Light!"

Qin Feng raised his head with a look of joy.

His brows cracked, revealing a divine eye.

Those vertical pupils looked down at the world, like an emperor looking down, controlling the sky and the earth, and he was the only one.

The Eye of Punishment was completed!

He Finally got my first super king skill!

"Ha ha!! Tomorrow's trip to Longxu is really exciting!"

Qin Feng laughed heartily and strode out of the secret room...

Chapter 208

After leaving the secret room, Qin Feng came to the yard.

He looked up at the barrier in the air, and his heart moved.

He wanted to try the power of the divine light of punishment.

This is his strongest attack method currently.

Hunyuan transformation!

The next second, Qin Feng's whole body actually surged, and his combat power soared, reaching 31 million points in one fell swoop.

God's light of punishment!

A purple light of outer ultraviolet and inner gold shoots out.....

Boom~!

Huge explosion!

The entire barrier was trembling slightly.

The barrier set up by Yue'er was actually shaken!

"Ha ha!! good! good!"

The power of the blow just now has completely reached the quasi-eight-star level.

Qin Feng was very satisfied and put away his eyes.....

But he said that on the other side, there was the Imperial Palace, the main meeting hall.

Emperor Feng was sitting on the throne, his eyebrows were a little sad, and he seemed to have something on his mind.

The King of Heaven, the King of Sea, and the King of Land all stood respectfully below.

At this moment, none of the three kings looked very good.

The three of them had just lost some of their essence not long ago, so naturally their complexions were not getting better.

"Your Majesty, I don't think you need to worry. Isn't it just that among the players of the Xuanwu League, there is a genius with mysterious attributes? But that talent has seven-star late-stage strength and cannot make a big splash. Qin Feng is much stronger than him...."

Neptune said confidently.

It turned out that the Thunder Talisman that Qin Feng had obtained before was obtained by Emperor Feng from the Xuanwu League.

These days, in order to help Qin Feng get the Thunder Talisman, she traveled around a lot before getting one.

After going to the Xuanwu League, she got such news.

Over the years, the mysterious properties that humans have been studying have finally made breakthrough progress.

Even one person from the Xuanwu Alliance has awakened.

At this time, the King of Heaven also said:"Your Majesty, my subordinates also feel that this matter is not a cause for concern..."

Emperor Feng turned to look at King Lu

"King Lu, how is the research on the mysterious element awakening project going?

King Lu respectfully replied:"Your Majesty, I already have a clue." The awakening of the mysterious element is related to the awakening of the seventh consciousness. However, people with the potential to awaken the seventh consciousness are extremely rare...and there are no more than ten people in the world....."

"So rare!"

The King of Heaven and the King of Neptune were a little surprised.

This rare degree is comparable to a peerless talent.

King Lu sighed:"Yes! There is also bad news. We in SAARC have not found any talents with this ability so far.....There are several suspicions, but they have been cultivated for a while, but no results have been obtained yet....."

King Lu didn't know what kind of talents Qin Feng and Chu Chu were.

Moreover, they are talents who have completely awakened.

The King of Heaven smiled nonchalantly:"Although the mysterious element ability is rare, it will not have much impact at this stage... Your Majesty does not need to worry....."

"You do not understand!", Emperor Feng shook his head slightly,"I am worried about another thing. ...."

Emperor Feng sighed.

It turned out that she was not worried about the development of mysterious elements at all.

She was worried about Qin Feng's love poison.

Tomorrow is the day to go to Longxu.

But the love poison in Qin Feng's body has not yet been completely eliminated.

She didn't know why, but all her thoughts were on Qin Feng these days.

When she thought about Qin Feng's death in the Dragon Ruins Secret Realm, she felt a little panicked.

"Your Majesty, what are you worried about?....", the king asked curiously

"You don't need to ask this!"

As soon as these words were said, there was a shocking loud noise from behind the imperial palace.

The four people in the hall were shocked and turned their heads.

The power of the loud noise was comparable to a blow from a quasi-eight-star powerhouse.

What is going on?

The Southern Alliance has no accuracy at all. Eight-star strong man!

No!

The Phoenix Emperor's beauty turned pale. The explosion came from Qin Feng's residence.

Could someone want to take action against her man?

She quickly flashed her figure and rushed to Qin Feng's residence.

The King of Heaven and the King of the Sea , King Lu also followed quickly.

But he said on the other side.

Qin Feng was very satisfied with the power of the divine light of punishment, and closed his eyes happily.

As soon as he finished doing this, several air-piercing sounds suddenly sounded.

Emperor Feng and the three kings He appeared in the yard.

When he saw that Qin Feng was safe and sound, Emperor Feng was relieved.

On the surface, she looked calm.

Qin Feng was surprised, why did these four people come together?

"I have met His Majesty! I have seen three kings!"

Qin Feng hurriedly paid his respects

"You're welcome, kid!"

The three kings returned the favor one after another.

They dare not pretend to be the boss in front of Qin Feng.

With the strength and potential shown by Qin Feng, his future achievements will definitely be higher than theirs.

"strangeness!"

Feng Di glanced around with his beautiful eyes and found no one breaking into the barrier!

The three kings also looked puzzled.

"Qin Feng, was it you who caused the movement just now?", Emperor Feng was a little unsure.

"Yes!" Qin Feng didn't hide it.

But as soon as he said this, Emperor Feng and the three kings were shocked

"Did you make it? Has your strength improved?", the king couldn't believe it.

Listening to the sound just now, it was a blow comparable to that of a quasi-eight-star strong man!

Qin Feng smiled and nodded.

The three kings suddenly took a deep breath of cold air.

Looking at Qin Feng, it was like seeing To a real monster.

This is too exaggerated!

How many days have passed?

This young man's strength has increased to such an extent!

This has been repeated several times!

I'm afraid Qin Feng already has the strength to kill Ye Gu instantly

After the three kings were shocked, they quickly thought of something and looked at Qin Feng with a hint of respect in their eyes.

Qin Feng's talent was so amazing. It is estimated that it won't be long before he can be on an equal footing with them.

For such a genius, they They couldn't help but feel in awe.

It was also the first time that they realized that a person's extremely high talent can also make people fearful.

Emperor Feng's eyes also showed joy.

Her man was indeed excellent.

At this time, Qin Feng also noticed that the three The king's expression was not very good.

Soon, he thought of something and said with some guilt: "Three venerables, my subordinates' practice of secret skills this time has caused you to lose some of your origins." .....

"Ha ha!! Brother Qin Feng, what does that little bit of origin mean? As long as it's useful to you, it doesn't matter what we pay....."

The king pretended to be generous and smiled.

In fact, he felt a little distressed.

King Lu also smiled and said: "Brother Qin Feng, the stronger you are, the more beneficial it is to our Southern Alliance. As long as you get good harvests from the Dragon Ruins this time, what does our little origin mean? It's just a few Imperial Streams. Jing's matter will be supplemented soon!"

Neptune also smiled and nodded: "That's right! Qin Feng, you don't have to take this matter to heart!"

The three kings also meant what they said.

The stronger Qin Feng is, the more beneficial it will be to SAARC.

As long as Qin Feng can make good gains in Dragon Ruins this time, their lost roots can be restored in a short time, and they can even make progress.

"You three go back first, I have something to ask Qin Feng!"

"yes! His Majesty!"

The three kings bowed respectfully and retreated one after another. After the three kings left, Qin Feng said with a happy face: "Yue'er, am I doing well during this time?"

"Not bad progress!"

Feng Di showed a rare smile.

That smile was like a hundred flowers blooming, making people's eyes bright.

Qin Feng couldn't help but be amazed by it.

"But....."

"However, your love poison is removed too slowly...."

"Half of it has been cleared, so it's not too slow."

"But tomorrow is the day to enter Longxu, aren't you in a hurry?"

Feng Di rolled his eyes at Qin Feng angrily.

She was worried to death about Qin Feng.

This guy was not in a hurry at all.

"fine! Isn't there still one day left?...."

Qin Feng really didn't take that matter to heart.

"Forget it, I am too lazy to care about you! Just die in the secret realm...."

Emperor Feng was a little angry

"Okay, I'll take the time to remove the toxins now...."

"That's pretty much it! By the way, let me ask you something...."

"you say!"

"Do you have a secret technique that can use the power of various elements to increase your strength?"

Fengdi has noticed something

"Yes!"Qin Feng didn't hide it.

Emperor Feng's eyes lit up:"Then what other eight-star origin do you need?"

"Still missing a gold-type one.....However, we in the Southern League do not have a gold element king... Moreover, metal element masters are already scarce, let alone an eight-star gold element king!

Emperor Feng smiled slightly:"There is a king in the White Tiger Alliance who is of the gold element." I'll go get some for you and bring it back....."

Qin Feng was surprised:"Yue'er, the White Tiger Alliance is far away....."

"With my speed, I can make a round trip in one day, and I can make it back tonight without delaying my trip to Dragon Ruins tomorrow. You treat your poison obediently at home....."

Emperor Feng left after giving his instructions.

She was worried about Qin Feng.

Qin Feng was moved...

Chapter 209

After Emperor Feng left, Qin Feng started to get busy.

Not long after, Neptune came to the door.

He was able to enter the barrier with the jade talisman given by Emperor Feng in his hand.

In the living room, Qin Feng received Neptune

"Wang Zun, are you coming here at this time?...."

"Qin Feng, before your Majesty leaves, please ask me to give this to you.....", Neptune handed over a storage ring.

Qin Feng took it, detected the ring with his spiritual mind, and was surprised.

I saw one Imperial Liquid Crystal (Thunder) and two Imperial Liquid Crystals (Wood) in the storage ring.

"Wang Zun, this is....."

"This is arranged by His Majesty. She asked me to give you all the Imperial Liquid Crystals in the alliance's inventory... She said they should be useful to you....."

Neptune sighed a little.

He could feel that His Majesty's care for Qin Feng was somewhat extraordinary.

For Qin Feng, Emperor Feng not only asked the three kings to hand over some of their origins, but also personally went to the White Tiger Alliance to search for the origins of the gold system.

Now he was asked to take out all the Imperial Liquid Crystals in the alliance's inventory.

This is no longer ordinary nurturing, but pampering.

However, Neptune also felt that Qin Feng was worth cultivating.

It's just that he couldn't understand why His Majesty, who used to be arrogant and aloof, didn't care about the talented juniors, has changed his mind now.

"Your Majesty, Your Majesty, gave me all the Emperor's Crystals. What will happen to the development of the alliance?....."

Qin Feng was a little emotional.

Yue'er's care for him was something he didn't expect.

"It would be nice if you could see His Majesty's painstaking efforts. The future development of the alliance depends on what you gain from Longxu this time....."

"The subordinates understand!", Qin Feng nodded slightly.

He secretly made up his mind that this time he must bring big gains to the South League.

This South League is Yue'er's South League.

Yue'er has taken such good care of him.

He must also repay Yue'er well.

"Qin Feng, please take a good retreat, I won't disturb you anymore!"

Hai Wang greeted him politely and left.

After leaving the barrier, Sea King crushed the jade talisman given by Emperor Feng to pieces.

Without the jade talisman, he could not enter the barrier.

This was what Emperor Feng had told him.

Your Majesty does not want anyone to disturb Qin Feng.

Qin Feng put away the three Emperor Liquid Crystals after Neptune left.

Now that he has reached the five-star Dzogchen bottleneck, he does not need to use the Emperor Liquid Crystal for the time being.

All this will wait until he completes the divine process. Level challenge will be discussed after breaking through to six stars.

As for the god level challenge, he has not planned to start it yet.

At the moment, he continues to treat poison.....

Time flies.

In a blink of an eye, it was one o'clock in the night.

Qin Feng took a comfortable hot bath and walked out of the bathroom.

He treated the toxins from morning until late at night, and 90% of the toxins had been removed.

The amount of poison left was much lower than before what happened between him and Yue'er.

This put him in a good mood.

This love poison has little effect on him. Even if it attacks suddenly, it will at most cause changes in certain parts of the body and will have little impact on his sanity.

In fact, as long as Qin Feng continues to treat the poison, he can still completely remove the toxin by dawn.

Unfortunately, all his Imperial Liquid Serum (gold) was used up, and there was no way to continue curing the poison.

Of course, the consumption of this emperor's ooze (gold), in addition to cleaning up toxins, also increased the completion of his sixth star pattern to 86%.

Inside the room, Qin Feng took out four Emperor Liquid Crystals.

Three were sent by Neptune during the day, and one was an imperial liquid crystal (gold), which was used for poison treatment.

He thought for a moment and then swallowed an Imperial Liquid Crystal (Wood).

The completion rate of his sixth star pattern has increased to 97%, and he is just one step away from breaking through to the six-star realm.

"It's so late, hasn't Yue'er come back yet?"

Qin Feng silently put away the remaining three Emperor Liquid Crystals and walked out of the house.

Outside the courtyard, the bright moon hung high, and the night wind was cold.

Qin Feng looked up at the bright moon, suddenly missing and worried that the moon had not returned for so long. He was worried that the moon had not returned for so long.

Something will happen soon.

After all, the White Tiger Alliance and the SAARC are neither enemies nor friends. If she goes there alone, it is hard to say that she will not encounter danger.

"Will Yue'er be okay?"

Qin Feng whispered.

At this moment, a breeze blew.

A beautiful figure fell in the sky.

"Moon!"

Qin Feng was overjoyed to see Yue'er return safe and sound.

"Why are you back so late? I'm worried to death!", Qin Feng complained a little.

Instead of being angry, Emperor Feng was very happy.

This young man was actually worried about himself.

Having said that, this guy thought too much.

He was the Nine-Star Emperor, and he was also among the top three in the seven major alliances. Existence.

If you go to the White Tiger Alliance, how could something happen?

The Emperor of the White Tiger Alliance is no match for you.

"Miss me?", Emperor Feng said with a smile on his face.

"Well..." Qin Feng answered frankly.

"How's your love affair going?", Feng Di's voice was gentler than before.

"Most of them have been cleared away. It shouldn't affect the trip to Longxu."

"Oh, then you continue to treat the poison... maybe after dawn, the toxin can be removed!"

Qin Feng said helplessly: "The Emperor's Liquid (gold) has been used up, there is nothing we can do for the time being....."

"That's it..." Emperor Feng frowned, "I still have to find a way to clean it up for you. Although you have very little residual toxins, it still has some effects after all....."

She was really worried.

She doesn't want Qin Feng to take any risks in the secret realm

"Without Emperor Liu Jian, what else can be done? unless....."

Qin Feng suddenly thought of something and couldn't help but glance at Feng Di's slim figure.....

Seemingly feeling that this was wrong, he quickly turned away.

Really!

Why can't I help but think of where I'm going?

In the dark night, Emperor Feng's pretty face turned slightly red.

She was thoughtful and could understand Qin Feng's meaning at a glance...

She couldn't get angry inexplicably, but felt a little uneasy.

Having said that, the way Qin Feng thought of is also the only way at present.

"Give this to you....", Emperor Feng handed over a storage ring.

There is a ball of the origin of the eight-star gold king inside.

Qin Feng silently took it

"I'm leaving..."

Feng Di didn't dare to look at Qin Feng.

She was afraid that Qin Feng would make such a request.

When the time comes, she would definitely be upset.

She didn't know if she would agree...

Under the moonlight, she walked out silently Walk

"Moon!"

Qin Feng suddenly shouted.

Emperor Feng's delicate body trembled slightly.

What should I do?

This guy really wants to make that kind of request.

"What's wrong?", Feng Di pretended to look back calmly.

But her heart was a little flustered.

"I want to ask you for a favor....." really!

"Oh, what's the deal?", Feng Di's tone remained calm.

Her heart beat faster.

"I don't know how to use the Emperor's Bone. Do you know what better use it can be used for?"

So that's what happened.

Emperor Feng breathed a sigh of relief, feeling a little disappointed.

This idea is so strange.

"Emperor bone is a material that is generally used to create top-quality Yuan weapons....."

The top-grade Yuanwu is stronger than the top-grade Yuanwu.

Generally only eight-star kings have the opportunity to possess it, so they are also called kings of Yuanwu.

"However, I have also heard about it. There is an extremely rare secret technique that can refine the emperor's bones and integrate them into one's own body. This is of great benefit to elementalists below nine stars....."

"But I have only heard of this kind of secret technique and have never seen it before....."

Qin Feng's eyes lit up after hearing this.

Obviously refining is higher than weapon refining.

It seems that he has to keep the emperor's bones to see if he can find the secret technique to refine the emperor's bones in the future.

"Any question?", Emperor Feng asked again

"there is none left...."

"I'm leaving!", Emperor Feng turned around and left.

But the moment she turned around, she felt a little regretful.

Did she really leave like this?

Tomorrow morning, she would go to Longxu.

If she missed tonight, Qin Feng would not have time to clean up his love poison.

She He sighed slightly in his heart, after all, he could not pass the test in his heart.

After Emperor Feng left, Qin Feng also went back to retreat.

There was no words for the night.

Early the next morning, Qin Feng came out of the secret cultivation room with a happy face.

After the refining last night, his metallicity has also been strengthened to the eight-star level, and his combat power has greatly increased.

At the same time, his essence fusion completion has finally reached 100%, and his combat power has skyrocketed again.

As a result, his combat power has increased from 24 million It has been raised to 27 million points, and his strength has greatly increased.

Speaking of which, he now has seven series of attributes.

If he collects all light attributes and dark attributes, he can complete the nine series and completely integrate the multi-series Hunyuan power into the ultimate form—— The power of chaos.

The power of chaos has no elemental attributes, but can restrain all elements.

That is the strongest point of the elemental chaos.

By then, the chaos origin condensed by Qin Feng will be stronger than any Nine-Star Emperor Emperor.

These are things for later.

Except for the secret room, Qin Feng found that the barrier around the house disappeared.

He rushed to the meeting hall.

Today is the day to go to Longxu, where everyone will meet...

Chapter 210

A quarter of an hour later, Qin Feng arrived at the meeting hall.

Four contestants, Luo Li, Li Xun, Wan Hansheng, and Lu Ming, have been waiting in the hall for a long time.

"Qin Feng!"

Luo Li was overjoyed when she saw Qin Feng, and her beautiful eyes were full of brilliance.

She had missed this guy for a few days after not seeing him for a few days.

If no one was present, she would have wanted to run over.

"I've met the captain!"

Li Xun, Wan Hansheng, and Lu Ming hurriedly stepped forward to salute.

Even though Li Xu and Wan Hansheng were in the Seven-Star Great Perfection, Lu Ming was in the late Seven-Star stage.

When the three of them saw Qin Feng, they all looked respectful and even a little afraid.

That day, Qin Feng's performance in the main hall completely shocked them.

"You're welcome, you three..."

Qin Feng smiled slightly and said hello.

"How is Chu Chu now?", Qin Feng looked at Luo Li again

"She has made great progress now and has broken through to the early stage of four stars. Also, His Majesty sent her a lot of resources, enough for her to be in seclusion for a period of time....."

"That's good!", Qin Feng was pleased

"Yes, I discovered there is something special about your sister.", Luo Li suddenly lowered her voice.

"oh? Where?"

"I made a rough calculation of her speed in refining elixirs, and I'm afraid it's five times that of a peerless genius. It's so amazing..."

Luo Li clicked her tongue in admiration, her eyes full of envy.

Qin Feng smiled and said nothing.

But deep inside, he But Chu Chu is very happy.

In the past, Chu Chu's refining speed was about three times, but now it is five times.

This means that the little girl's time ability has been strengthened.

"Qin Feng, come here, let me ask you something..."

Luo Li pulled Qin Feng aside again with a mysterious face.

Li Xun and the other three pretended not to see it and consciously avoided it.

"What's up?", Qin Feng wondered

"How are you getting rid of your love poison?", Luo Li asked with a slight blush.

"almost done! Just the last bit left...."

"That's good..." Luo Li was delighted.

She was really afraid that Qin Feng would clean up all the toxins.

In that case, this man would not know his importance.

Thinking of this, her pretty face turned red, and her legs were closed together. , closed even tighter.

At this moment, footsteps sounded outside the hall.

Luo Li quickly and quietly separated from Qin Feng, deliberately standing far away.

After a while, four people walked in outside the hall. It was Emperor Feng and the Three Kings.

Emperor Feng saw at first sight that Luo Li was not clinging to Qin Feng, and the two were far away, and he was inexplicably relieved.

When Luo Li saw this scene, he was also secretly relieved.

Woman His mind is very sensitive.

Luo Li vaguely saw that Emperor Feng was interested in Qin Feng.

"Send the jade talisman to them!", Emperor Feng commanded quietly.

"yes!"

The King of Heaven took the order and distributed a jade talisman to each of the five people.

The jade talisman was used to conceal his cultivation.

Qin Feng dropped a drop of blood essence, and the jade talisman automatically activated and blended into himself.

His cultivation aura was instantly concealed.

In this way, even the Nine-Star Emperor cannot see through his cultivation.

The same goes for the other four.

It is said that knowing oneself and the enemy means winning every battle.

Every time major powers gather together, they will use this method to conceal the cultivation of their own players.

After all, After the major forces enter the secret realm, they become competitors and can fight each other.

Not letting the other party know their cultivation is also a means of protection.

"lets go!"

With an order, Qin Feng and the other two people left with Feng Emperor and Neptune King.

Heavenly King and Lu King stayed to guard the headquarters.

After leaving the main hall, Qin Feng discovered that a saucer-shaped aircraft had long been parked in the square.

It was three Ten times the speed of sound.

This time, Emperor Feng personally led the team, assisted by Neptune.

After boarding the aircraft, everyone headed towards the depths of the Pacific Ocean.

The saucer-shaped aircraft was extremely fast, thirty times the speed of sound, which was equivalent to the full speed of the Eight-Star King.

Three hours later, everyone arrived at their destination.

It was an unknown island isolated in the depths of the Pacific Ocean.

When Qin Feng got off the aircraft, he found that six spacecraft had been parked on the island.

The other six major alliances The people had arrived a long time ago.

At this moment, Emperor Feng was wearing a veil.

As soon as she appeared, she still attracted a lot of attention.

After all, she was the only female emperor among the seven emperors of mankind.

Afterwards, Emperor Feng asked Qin Feng and others to stay where they were. On standby.

She flew high into the sky and discussed with the six emperors the specific matters of entering the Dragon Ruins.

At this moment, the Dragon Ruins had not yet opened, and everyone still had to wait. The entrance to the Dragon Ruins was on the seabed near the Wuming Island.

When Emperor Feng left, , Qin Feng curiously looked at the players in other alliances.

Soon, he discovered that there were five players in each alliance, and everyone's realm aura was covered, and it was impossible to see the depth.

However, many people had a look on their faces. They looked proud.

After all, they were all rookie elites from various leagues, and they were naturally a little proud as they were stronger than their peers.

But not long after, there was some commotion in the field.

Those players looked at Qin Feng one after another.

"Do you see it? A young man unexpectedly came from SAARC. How old is he?"

"Not sure! Judging from his appearance, he shouldn't be old. However, it is difficult for me and other Seven-Star Monarchs to tell their age from their appearance. Maybe this guy just looks young..."

"hehe! The age test will be interesting in a while...."

These players were talking quietly.

Some female players were stunned by Qin Feng's handsomeness.

Somewhat curious.

But more people turned towards Qin Feng with hostility.

Qin Feng's six senses are extremely strong.

He was aware of these people's whispers and hostile looks.

It seems that because he is too young, he is hostile to most players.

Even the eight-star kings who led the six alliances gave him strange looks.

This puzzled him

"Are you confused?", Qin Feng heard the voice of Neptune.

"Wang Zun, what's going on? I didn't provoke them...",Qin Feng asked curiously.

Neptune lowered his voice and laughed:"Of course you provoke them. Look at their appearance. Can you guess how old they are?"

Hearing this, Qin Feng swept away all the players.

Sure enough, most of these people were young, and a few were middle-aged.

He looks like a young man, and he is alone.

Is there something wrong with him being young?

Qin Feng was even more puzzled.

At this time, Neptune whispered: "Don't think these people look young, most of them are actually close to a hundred years old...."

"But what does this have to do with me?", Qin Feng still didn't understand.

Neptune explained: "You don't know something. Every time before the start of Dragon Ruins, the first test is to measure the total age of the players from all major forces. Then there will be a total age ranking"

"The one with the smallest sum of ages is the first. Arrange the rankings by analogy, and then enter the Dragon Ruins in order. Every ten minutes, a batch is entered...."

Qin Feng was puzzled: "Why is it arranged like this?"

Neptune smiled bitterly: "If all the forces are allowed to go in together, I'm afraid they will fight each other as soon as they enter, which may cause a lot of casualties. If they enter one after another, everyone can be separated. Casualties are reduced..."

Qin Feng suddenly realized.

Then he figured it out.

The earlier a force enters, the more advantageous it will be.

There are many good things that can be obtained quickly.

These guys saw that they looked young and were worried that SAARC would be the first to enter the competition if they were ranked first in age. Naturally, they were unhappy.

Therefore, they felt that Qin Feng's appearance had harmed their interests, and they were naturally hostile.

After thinking about this, Qin Feng smiled coldly.

"Wang Zun, when will this age test start?"

Qin Feng is looking forward to it now.

He will help SAARC win the first place in age.

"When the people from the Deep Sea Clan arrive, we can test it....."

Neptune had just finished speaking.

Something strange happened on the sea surface in the distance.

Twelve figures flew out from the bottom of the sea, causing huge waves.

People from the Deep Sea Clan also arrived..
