

## God level 2021

### Chapter 2021

Although there was some accident before, it is undeniable that Qin Chuan is indeed a descendant of the Qing family.

In fact, with their knowledge, the two of them had already recognized that what appeared earlier was the ancient fire-type holy beast Tingting.

The strength of this Tingting is no less than that of Qinglong and other five sacred beasts.

But it does not have a blood inheritance family.

Therefore, Qinchuan's blood contains the true blood of Tingting. It should not be obtained through blood inheritance, but through some kind of adventure.

Thinking of this, the two clan leaders couldn't help but sigh.

Unexpectedly, this young man from the Qing family had such a great opportunity to obtain the True Blood of Tingting. It seemed that the True Blood of Tingting was activated, so the one who came out for the first time was Tingting. He should also possess the talent of listening."

Of course, Qin Chuan doesn't know what the two patriarchs are thinking.

At this moment, he is more nervous than anyone else.

Because he really wants to know, what is his third blood inheritance?

His Fire Wood His talents come from Listening and Qinglong, and his water talent is equally outstanding.

According to his father's explanation, his mother should be from the blood family, and she is of the water system.

He was lucky enough to get the blood system, so he was able to excel in the water system. He has such a high talent.

I just don't know what kind of spiritual beast he inherited his water talent?

As far as Qin Chuan knows, his mother was an orphan before and had never practiced martial arts. She was just a doctor.

So, Qin Chuan didn't know what his other blood inheritance was. However, there was an opportunity for him to know.

What exactly was the blood inheritance he got from his mother?

Qin Chuan had a vague expectation in his heart, and his eyes tightened. Staring closely at the center of the formation.

At this moment, everyone in the hall thought it was over.

Just when they were about to rejoice in finding the Qing family's children, something happened again.

They saw another change in the essence and blood in the center of the formation. There was a flash of white light, a thundering low roar, and another alien beast's light and shadow rose into the sky. The momentum was no less powerful than Diting and Qinglong.

When everyone in the hall saw the third alien beast's light and shadow, they were stunned.

"how could this be?"

Everyone looked at the light and shadow of the third strange beast in the sky in disbelief. Everyone looked at Qin Chuan with complicated expressions.

Because this third strange beast was too special.

Even Qin Chuan himself saw The strange beast's light and shadow also opened its mouth in surprise. Even he himself could not imagine that the third blood inheritance he had obtained was actually this kind of strange beast.

After a long while, the Phoenix Master on the side asked feebly.

"My child, are you a child of the Qing family or the Wu family?"

Qin Chuan also stared blankly at the light and shadow of the third strange beast in the air.

He saw that strange beast, with the head of a dragon and the body of a turtle, and was extremely powerful. It was the water-based holy beast Xuanwu, and one of the five holy beasts in ancient times.

He didn't expect that he His mother is actually a child of the Wu family!

So, he also has the blood of the Qing family and the Wu family flowing in his body.

Thinking of this, Qin Chuan couldn't help but think, why is his mother an orphan?

Why has she never learned martial arts? Today's What's going on with the Wu family?

I'm afraid, it's not optimistic!

Maybe you need to go back and ask his mother to know more about these things.

But at this moment, his mother is still in a deep sleep. Only a ninth-level warrior can save his mother from her deep sleep..As for whether there is any other way, Qin Chuan doesn't know.

At this time, the Teng Master on the side couldn't help but ask

"My child, are you a child of the Qing family or the Wu family?"...

## Chapter 2022

In fact, it doesn't matter whether Qin Chuan is a descendant of the Qing family or the Wu family.

Because both the Qing family and the Wu family are descendants of the five clans.

They asked this just because they wanted to know the news about the other clan.

After all, the five races have been united since ancient times. Whether it is the Phoenix Master or the Teng Master, they naturally want the five races to gather together.

Only by gathering the power of the five tribes can they have hope of revenge.

Qin Chuan was silent for a while before saying: "My father is a descendant of the Qing family, and my surname is Qing. Strictly speaking, I should be a descendant of the Qing family!"

Hearing this, Master Teng nodded slightly.

"So, your mother is a descendant of the Wu family."

"probably!"

"Then do you know how the people in the Wu family are doing now?"

Master Teng looked at Qinchuan expectantly.

Now he has found the Qing family. If he can find the Wu family again, then four of the five families will be gathered together, and his side will be much stronger.

"Report to senior Teng, junior doesn't know!"

Hearing this, Master Teng and Master Phoenix both looked at Qin Chuan in surprise.

"Don't you know the situation of the children of the Wu family? But isn't your mother from the Wu family?"

The Phoenix Master couldn't help it and spoke out her thoughts first.

At that moment, Qin Chuan explained his mother's condition. Only then did everyone in the audience suddenly realize.

"I see! It turns out that your mother was born as an orphan, which means she doesn't even know her own life experience, let alone you. It seems that you didn't know you had the blood of the Wu family in your body before you came here, right?"

"Yes! The juniors don't know!"

"Um!" Master Teng nodded slightly,

Judging from your mother's life experience as an orphan, the current situation in the Wu family is probably not good! I wonder if there are any descendants of the Wu family?"

Phoenix Master said hurriedly: "There should be. How can we, the children of the five races, be exterminated so easily?"

Regarding Master Feng's affirmation, Master Teng seemed a little worried.

"I hope so!"

"Okay, Brother Teng! Let's not discuss the Wu family's affairs for now. It is a great joy for us to find a descendant of the Qing family today. My child, your name is Qingtian Qi, right? very good! Everyone in this hall now is a descendant of our Teng and Feng families, and they are also your brothers and uncles. You came to meet them first."

Hearing this, Qin Chuan greeted the children of the two tribes around him warmly.

Feng Qingyan on the side first smiled sweetly and said: "Brother from the small tribe, my sister is a child of the Feng family. Her real name is Feng Qingyan. You can Don't remember it wrong.

Qin Chuan said hurriedly:"Tian Qi has met Sister Qingyan!"!"

At this time, Mr. Bai also came over

"The sky is clear!"

Seeing Mr. Bai, Qin Chuan was slightly stunned. Remembering that he was almost killed by the other party twice, he still felt a little scared in his heart.

I don't know if it was because he was a little embarrassed, but Mr. Bai looked at Qin Chuan silently for a while. It took a long time for a smile to appear on the fair mouth under the mask.

"I'm Teng Xibai, I think he should be your uncle! Hearing this

, Qin Chuan smiled slightly:"Tian Qi has met Uncle Bai." Uncle Bai, you have made your nephew suffer a lot!"

Teng Xibai was a little embarrassed and laughed twice.

"hehe!! Little guy, we don't know each other if we don't fight! Well, Uncle Bai owes you once. If you have any unresolved personal matters in the future, you can come to me directly."

Hearing this, Qin Chuan was secretly happy. It would be a good thing to get the commitment of a fifth-level warrior.

But he said in his mouth:"The kid is just talking casually. I hope Uncle Bai doesn't mind."

Subsequently, Qin Chuan met the other children of the two tribes.

After Qin Chuan got to know all the children of the two tribes, Master Teng and Master Feng asked all the children to retreat, leaving only Qin Chuan..

Chapter 2023

"Tianqi, the clan brothers, sisters and clan uncles you just met are all descendants of our two clans who are active in the open. Most of the children of our two tribes are not in the Four Kills Alliance, but are in the bases of the two tribes. You have to remember that all the core disciples of the Four Kills Alliance are the disciples of our two races."

"The others are all disciples of the outer sect. They don't know about our two clans. You should not let the news out in front of those disciples of the outer sect in the future."

The Phoenix Master reminded me carefully.

"yes! The juniors know!"

"As long as you know!"

Master Feng nodded slightly, and immediately asked Qin Chuan about the Qing family.

Qin Chuan did not hide much, and told everything about the situation of the Qing family and what he knew.

Master Teng and Master Feng After listening to Qin Chuan's words, his face looked very complicated.

"snort! Using people to raise pearls is a cruel method of one person. Who was that person back then? Why did he do this? Why do you want to deal with our five family heads like this?"

"yes! What on earth does that person want to do?"

"I do not know But it is obvious that it is a huge conspiracy. Fortunately, our head of the Teng family is still alive."

"yes! If we wait for Senior Teng to get out of trouble, under his leadership, we may be able to find out the truth about that year. By the way, Tianqi, when you saw Senior Teng, what else did he say?"

Master Feng asked with concern.

At that moment, Qin Chuan told the story of how he met the head of the Teng family that day.

Then, he returned the Snake Order to Master Teng.

Master Teng looked at the Snake Order in his hand and felt He said excitedly:"Not bad! This is the Snake Order of my Teng family. It seems that my ancestor is really still alive."

At this time, the Phoenix Master suddenly asked:"By the way, Tianqi, you said that there is a ninth-level master hidden in Fengyan City. That person is probably the subordinate of the person behind the scenes?"

"Yes! That day, heavy snow suddenly fell on the ninth-level master, which made many people know that there was a ninth-level master hiding in Fengyan City. Later, the junior met Senior Teng in the passage under the mine. After being confirmed by Senior Teng, that person was indeed a subordinate of the person behind the scenes."

"hehe!! He actually had a ninth-level master as his subordinate. The man behind the scenes was so powerful! Who is he?"

Master Feng couldn't help but sigh.

Master Teng pondered for a while and said:"Maybe Long Xing knows something. However, now is not the time for us to check the identity of that person. After listening to what Tianqi said today, brother Feng, our previous plan is not feasible! Fortunately we didn't implement it"

"yes!"

The Phoenix Master also lamented

"At the beginning, we still thought of killing the ancestors of the four major families in Fengyan City first to avenge the betrayal of these four great traitors. For this reason, we specially named the Four Kills Alliance. It seems that our plan was all wrong."

"If we really do this, we will definitely attract the attention of the ninth-level master hiding in Fengyan City, and it will only bring disaster to our two clans. Maybe if we are exterminated this time, your tribe and mine may really be completely exterminated."

"yes!"

The Teng Master also showed a lingering look of fear on his face.

"Thanks to Tianqi for telling us this secret! It seems our plan needs to be changed.

The Phoenix Master also nodded and said,"Yes!" Now, the intention to kill the four traitors in one go is too obvious and cannot be done at all. The most important thing we need to do now is to help the Zhuqing family regain the Blue Dragon Pearl"

"good! As long as the Qing family regains the Blue Dragon Pearl, the Qing family's strength will greatly increase, and our side's strength will also increase greatly."

Chapter 2024

"Next, we will look for the descendants of the Bai family and the Wu family, and wait for my ancestor of the Teng family to escape from the predicament. As soon as my ancestor of the Teng family escapes from the predicament, we will have a ninth-level master on our side. By then, the situation will be different, at least not in the same way. It would be as detrimental as it is now."

Several people in the field know very well that no matter how many children of the five tribes there are, no matter how many eighth-level masters there are, they are not as good as one ninth-level warrior.

"Brother Teng is right! It seems that the most important thing at the moment is to help the Qing family regain the Blue Dragon Pearl. In order to avoid alerting the enemy, the plan to kill the four traitors was postponed."

"Brother Feng, although we can't kill all four traitors at once to attract others' attention, when we capture the Blue Dragon Pearl this time, we can kill the ancestor of the Zhou family first. It's okay to get rid of one traitor first. It shouldn't happen. Arousing suspicion."

After hearing this, the Phoenix Master pondered for a while and said:"Brother is right, are you afraid that these four old thieves will have a guilty conscience and worry about the revenge of the descendants of our five tribes? When one party is attacked, they will ask for help from the other three, and it will be difficult to deal with them at that time."

"This is true!"

The master of Teng also nodded silently.

"I heard that their four major families have five eighth-level masters. In addition to the four traitors, there is also an eighth-level master among the descendants of the Nan family. On our side, you and I are the only masters of the eighth level. The Qing Family's Evergreen Dragon true blood has not yet been activated, so naturally we cannot advance to the eighth level."

"After such a calculation, our strength is much inferior to the other side! However, we are victorious in the dark and only have Qing Longzhu's idea. As long as the other three major families don't interfere, it is still very easy to deal with a Zhou family."

Qin Chuan listened silently.

He knew that the decisive battle between the two forces was still based on the number of top masters.

In a battle between eighth-level masters, seventh-level masters would not be able to intervene, let alone compete with seventh-level masters. A lower level warrior.

At this time, Phoenix Master sneered and said

"It all depends on how our plan to seize the Blue Dragon Pearl is laid out. I suggest that this plan to seize the Blue Dragon Pearl is mainly based on seduction. The eighth-level masters cannot take action at the beginning, otherwise it will arouse the vigilance of the ancestors of the Zhou family and call in the eighth-level masters of the other three tribes. Then everything will be lost."

"So you and I can only wait in ambush far away from Fengyan City. Let the children of the three tribes grab the Azure Dragon Pearl and run away. No matter what method you use, as long as you escape to the place where you and I ambush, everything will be safe."

"good! This does work!"

The master of Teng also nodded in approval.

"However, for the specific plan, please invite the head of the Qing family to come over to discuss the details! This matter cannot be delayed, the sooner the better."

At that moment, Master Teng told Qin Chuan

"Tianqi, you have heard what we just said. You hand over this Tengyi Snake Token and the Four Killing Token to the head of your Qing Family, and ask him to come to our Four Killing Alliance as soon as possible with these two tokens to discuss the alliance of the three clans and the seizure of the Green Dragon Pearl."

"Thank you to the two seniors for being willing to help our Qing family. Tianqi will definitely bring their words to"

"There's no need to thank us, we and the other five tribes are all in the same spirit. Helping your Qing family means helping ourselves!"

Then, Qin Chuan was about to take the token and say goodbye.

But at this moment, the Phoenix Master suddenly called Qin Chuan with a solemn expression.

"Tianqi, there is one thing I want to remind you.

Qin Chuan quickly said respectfully:"Senior Feng, please speak!"

The Phoenix Master pondered for a while and said:"My child, the True Blood of Listening in your body has been activated. There is no need to worry about this, but your True Blood of Qinglong Xuanwu has not been activated yet."

"You also know that anyone who has the inheritance of the true blood of the holy beast, if they fail to activate the true blood, will not live to be fifty years old, unless they have cultivated to the seventh level before fifty."

"In other words, you must activate both the Qinglong and Xuanwu true blood systems before you can live past the age of fifty. Of course, if you can cultivate to the seventh level before the age of fifty, that's another matter."

"It's just that this is too difficult. At present, although it is known that the Blue Dragon Pearl is in the Zhou family, the Wu family's inherited artifact is missing."

"Whether you can activate the Xuanwu True Blood in this life is hard to say, and it will seriously affect your future cultivation. If you can't find the inherited artifact of the Wu family, maybe your water element energy will not be able to advance to the eighth level in your life, otherwise you will explode and die. You have to remember this"..

Chapter 2025

Hearing this, Qin Chuan's heart suddenly became heavy.

"It seems that I must find the inherited artifact of my mother's family, otherwise my water element energy will never reach the eighth level in my lifetime. Even if I reach it, I will explode and die."

Thinking of this, Qin Chuan said:"Thank you, Senior Feng, for reminding me. I will keep it in mind. The junior will now go back and report what happened here to the elders of the clan, and then take his leave!"

"Um! You go back!"

After Qin Chuan left,

Lord Teng frowned and said,"Brother Feng!" Why did you tell him that? Aren't you putting pressure on this kid?"

Phoenix Master lamented:"Brother, I see that this child is indeed very talented, and I like him in my heart. With his talent, it is very possible to reach the eighth level in the future, so I want to remind him not to blindly practice to the eighth level, otherwise it will be bad if he explodes and dies. Hearing this

, Teng Zhu nodded slightly: "That's true!" By the way, we seem to have forgotten the Huo family? That ancestor of the Huo family is not simple! He is also an eighth-level master. The Huo family also wants to seize the Blue Dragon Pearl, but they don't know what their purpose is."

"snort!"

The Phoenix Master snorted coldly.

"No matter what their purpose is, this Blue Dragon Pearl can only belong to the Qing family and can only be obtained by people from the Qing family. If he wants to get his hands on it, don't blame us for being ruthless."

"makes sense!"

But Qin Chuan left the Four Kills Alliance, found a remote place, changed his clothes again, called Xiao Ying out and asked him to find Qing Yunying.

At this time, Qin Chuan saw Xiao Ying's appearance clearly, like A black ball with a pair of blood eyes, its shape can change at will.

Xiaoying seemed to be able to understand human speech, Qin Chuan only gave a brief explanation.

Xiaoying blended into the shadows on the street corner and disappeared in the blink of an eye.

After about a cup of tea , , three figures appeared out of the sky and landed around Qinchuan, none other than Qing Yunying and the others.

I guess they were all nearby, not far apart.

"Tianqi, how are things going?"

As soon as Qing Yunying saw Qin Chuan, he asked anxiously

"very smooth!"

At that moment, Qin Chuan narrated everything.

After listening, the three of them looked happy, but there was a hint of emotion in the joy.

Qing Yunying whispered: "I didn't expect that you are still a child of the Wu family. This is not a thing. If it's a small matter, you must report it to the clan leader later."

"Brother Ying, what should we do next? Qing

Yunxiu asked.

Qing Yunying pondered for a while and said, "Let's do this!" You two go and deliver these two tokens to the patriarch, and ask him to hurry up to the Four Kills Alliance to discuss matters. Tianqi and I will go to the Four Kills Alliance again, and I will stay there to receive the arrival of the patriarch."

"From now on, Tianqi will not be involved in contacting the Four Kills Alliance. With his current status, he is indeed not suitable for frequent contact with the Four Kills Alliance and can easily be exposed."

"Brother Ying is right!"

At that moment, everyone divided the work.

Qing Yunxiu and Qing Yunlie returned to the clan with the tokens.

Qin Chuan transformed again and went to the Four Kills Alliance with Qing Yunying.

Although Qin Chuan had said it, this was the first time they met Qing Yunying was surprised for a while when he saw Qin Chuan's appearance after his transformation.

After joining the Four Kills Alliance, Qing Yunying stayed in the Four Kills Alliance to support him.

Qin Chuan left the Four Kills Alliance and united with the Teng and Feng clans this time. The matter is considered to be successfully completed.

As for how to plan to seize the Blue Dragon Pearl after the three tribes unite, that is a matter for the heads of the three tribes. Naturally, he cannot participate, and there is no need for him to participate.

Someone will naturally tell you the specific action plan for future tasks. His.

This time, the task of uniting the two clans has been successfully completed. The rest will be left to the elders of the clan!...

Chapter 2026

Qin Chuan was very happy after completing this mission. After all, it was related to the rise of their Qing family.

Next, he should go to Tianshui School to find Miss Zhou Jiu, and he should hand over the family letter to her. After all, this is his superficial task and he has to do it.

After doing this, he walked around again to see if he could encounter any adventures."

Qing Yunsheng did not give him a deadline for this mission, as long as he rushed back before the Zhou family recruited blood guards.

Thinking of this, Qin Chuan had a plan in mind.

He first rented a room in an inn, Prepare to rest for the night and go to Tianshui School tomorrow to deliver the letter.

Tianshui City West Street, Laifu Inn.

Qin Chuan rented a guest room in this inn to stay.

At this moment, he was sitting on the bed and meditating with his eyes closed. The energy in his body The sea of qi, the droplet representing the spirit of natal fire, has become the size of an egg, and a flame seed is vaguely born in the center of the droplet.

Now, among the four elements of vitality, the fire origin has reached the third level of perfection. The third level of Water Yuan Qi is at its peak, the third level of Wood Yuan Qi, and the second level of Earth Yuan Qi is the Great Perfection.

Qin Chuan also saw the materialized thought power in the sea of consciousness.

After this period of time, Qin Chuan frequently used the Pure Heart Curse, and the main thought body returned It has increased by two circles.

Seeing this, Qin Chuan couldn't help but feel happy.

According to this progress, maybe in one or two years, this main thought body will be able to separate into a second secondary thought body, and then he can do When you reach the fifth level of concentration, you can practice Jin Yuanqi and become a warrior of the five elements.

It just has to wait for one or two years, which is a bit too long, but there is nothing you can do about it, you can only do it step by step.

" At this moment, Qin Chuan's eyebrows moved slightly, he opened his eyes, and a smile appeared at the corner of his mouth.

"This little guy finally woke up!"

With a flash of white light, Qin Chuan grabbed Qiuqiu out of the War God's Order space.

As soon as the little guy came out, he rubbed his sleepy eyes with his two little paws, his little mouth bulged, and he looked at it sleepily. All around.

When it saw Qin Chuan behind it, its two round eyes lit up, and it immediately screamed "coo, coo, coo," and happily jumped into Qin Chuan's arms.

"Little one, I didn't expect you to reach the third level of Dzogchen so quickly!"

Qin Chuan touched the fluff on Qiuqiu's body, his eyes full of surprise.

It turned out that Qiuqiu had started to fall into a deep sleep after eating two cut-off guns a few days ago, but he didn't expect that when he woke up, he had already reached the third level. Complete.

This inevitably made Qin Chuan both envious and jealous.

He thought to himself that it seems that the golden spiritual objects have indeed significantly helped Qiuqiu's growth. However, Qiuqiu's current level is very low, so he ate some Metal spiritual objects grow very fast.

When it reaches a higher level, it is estimated that ordinary metal spiritual objects will have no effect on it, and only some top metal spiritual objects can have an effect on it.

Only those top metal spiritual objects It is extremely rare. Even eighth-level warriors may not be able to get it, so how can he find it?

Thinking of this, Qin Chuan couldn't help but worry about Qiuqiu's future advancement, but then he thought about it, that was all in the future. Why think too much.

From the battle between Qiuqiu and Luo Chuan that day, it can be seen that when Qiuqiu was at the peak of the third level, his strength was much stronger than that of the third level Dzogchen warrior.

Now, its cultivation has reached the third level. Dzogchen, I wonder what level of strength it has reached?

I wonder if it can compete with a fourth-level warrior?

I guess not yet, but there should be not much difference.

If Qiuqiu can advance to the fourth-level Dzogchen, I don't know How will its strength improve? I wonder if by then, I and it will be able to fight against a fifth-level warrior?

Thinking of this, Qin Chuan can't help but feel a little hopeful..

Chapter 2027

The God of the Earth smiled and explained:"The true blood of the holy beast is the inherited true blood, which requires the power of the soul to activate. Previously, this little beast was able to reach the ninth level of strength because the Taotie split soul activated the two holy beasts. true blood power"

"The soul of this little beast cannot inspire all the power of true blood. It can only grow on its own and slowly generate some power. Now that the soul of Demon God Taotie has been destroyed, the power of true blood has naturally disappeared, and the strength of this little beast has dropped back to its original strength."

"However, this little beast is a descendant of Taotie, and its soul is also imprinted with Taotie's soul. To a certain extent, it can also obtain the inherited skills from the Taotie True Blood."

"Previously, Taotie's split soul devoured the soul body of Chaos. I wonder if it left a soul imprint deep in the soul of this little beast. If so, it can also obtain the inherited skills of Chaos to a certain extent."

After hearing these words, Qingtian Qi was still a little puzzled and continued to ask:"Lord Shangshen, even so, if Qiuqiu falls back to his original cultivation level, it should be the peak of the fifth level of Dzogchen! Why has it now become the fifth level of Dzogchen?"

"That's because it is now a dual-system beast, and part of the metal energy has been converted into earth energy. Therefore, it has transformed from the original fifth-level Dzogchen peak beast of the gold system into a fifth-level Dzogchen beast of the dual system of earth and metal. Beast. Although its realm has been lowered by one level, its combat effectiveness should have increased."

After being reminded by the God of the Earth, Qingtian Qi noticed this problem.

He quickly ordered Qiuqiu to release his momentum.

Qiuqiu obeyed the order and quickly roared, and his body immediately exuded stronger momentum than before.

Hey! This momentum has almost reached the strength of 60,000 people!

Oh my God! Qiuqiu's strength is really much stronger than before. In the past, Qiuqiu's combat strength was only 40,000 people.

This time it increased to 40,000 people out of thin air. With the strength of 60,000 people.

Thinking of this, Qing Tianqi was surprised and happy. Then he thought of something else and quickly hit the fairway.

"Qiuqiu, second transformation!"

"Roar!"

Qiuqiu roared, and his figure suddenly grew bigger, with a ferocious look on his face, and soon the second head slowly grew out.

As Qiuqiu's second head grew out, Qiuqiu's momentum increased. It was also rising steadily, and in the blink of an eye it reached the top, reaching the strength of 80,000 people.

Oh my God! The basic combat strength actually reached the strength of 80,000 people, which was equivalent to my basic combat strength. Unexpectedly, Qiuqiu suddenly It's great to have become so strong!"

Thinking of this, Qing Tianqi was delighted.

But just when he was feeling proud, his face suddenly changed slightly, as if he had thought of something, he quickly raised his head and asked seriously and respectfully.

"Lord Shangshen, you said before that part of Qiuqiu's metal energy was converted into earth energy, and his random state fell to the fifth level of perfection. This kid is a little confused about this. The kid only knows that among the five elements, earth can generate gold. Could it be that gold can also generate earth?"

Seeing Qing Tianqi suddenly raise this question, the God of the Earth actually nodded happily.

"Boy, you finally figured out the problem. To tell you the truth, don't say that gold can create earth, and water can also create fire. Ha ha!! There are many powerful beings in these thousands of worlds who can make fire come from water and wood from fire."

"such a pity! Those powerful people still cannot escape the control of 'Sequence'. Because water can create fire, it is another order of "order", and no one can escape the shackles of this "order". All space, all time, all destiny, all past and future are all "sequences". There are only things you can't think of, and there is no "sequence" that cannot be regulated. 'Sequence' is an extremely terrifying existence"..

## Chapter 2028

When talking about the disciples in the inner courtyard, many students looked at Qin Chuan with envy and awe.

For these students from the outer courtyard, being able to become disciples from the inner courtyard is an extremely glorious thing.

Of course, many female students pointed at Qin Chuan and even gave him ambiguous smiles.

"This little brother, looking at you looking around, are you here to find someone?"

A beautiful girl of seventeen or eighteen years old took the initiative to greet Qin Chuan.

Qin Chuan's face turned slightly red and he said with a little embarrassment: "Sister, I want to find Miss Zhou Jiu from the Zhou family in Fengyan City. I wonder if she is here now?"

The girl giggled when she saw Qin Chuan's shy look.

"whee!! Little brother, it turns out you are looking for Miss Zhou Jiu! I happen to know my sister, she is practicing sword skills there! You're not here to pursue her too, are you? Are there many people pursuing her? She is a famous beauty in our water department's outer courtyard!"

"no! no! My sister misunderstood!"

Qin Chuan's little head immediately shook like a rattle.

The girl looked at Qin Chuan's appearance and suddenly smiled coquettishly.

"Since he is not pursuing Miss Zhou Jiu. Then what are you doing with her?"

This girl seems to be very interested in Qin Chuan and insists on asking what's going on.

Qin Chuan said with a helpless face: "Sister, please stop making fun of me. I really have something to do with Miss Zhou Jiu. Could you please sister to help me lead the way?"

"whee!! In fact, since you are so young, you should not be Miss Zhou Jiu's suitor, otherwise you would be a born pervert! Sister, I will stop teasing you. Come with me and I will take you to Miss Zhou Jiu!

Hearing this, Qin Chuan was delighted and said, "Thank you very much, sister!"

At that moment, the girl took Qin Chuan to a corner of the school grounds.

There was a girl of eighteen or nineteen years old, with fair skin and beautiful appearance, dancing a sword with one hand and practicing her sword skills.

This beautiful girl That's Miss Zhou Jiu. Her cultivation level has reached the second level.

"Little brother, the one in front is Miss Zhou Jiu. However, she has a bad temper. She doesn't like others to disturb her when practicing her sword skills. My sister will not pass. If you have something to do with her, go up there yourself!"

"Um! Thank you very much, sister."

Qin Chuan thanked the girl who led the way and walked straight to Miss Zhou Jiu. At the same time, he was thoughtful.

This Miss Zhou Jiu did not learn the fire-based skills of her own family, so she came to Tianshui City to learn the water-based skills.. Other girls are learning swordsmanship, but she is learning swordsmanship. She is really unconventional!

Forget it, I should quickly hand over the family letter to her, complete this mission and leave!"

It seems that she feels inspired. When someone came over, Miss Zhou Jiu frowned slightly and stopped practicing.

When she saw clearly that the person coming was Qin Chuan, her beautiful eyebrows wrinkled slightly.

"Are you the bodyguard of our Zhou family?"

Qin Chuan was wearing the Zhou family's guard uniform, so she could recognize him at a glance.

Qin Chuan quickly stepped forward to greet him.

"His subordinate Qin Chuan is the bodyguard of the Zhou family, and he has met Miss Ninth here first!"

"Um!"

Miss Zhou Jiu nodded coldly and arrogantly.

"Qin Chuan, why did you come to see me? Could it be that my father wants me to go home again?"

"Report to Miss Ninth, my subordinate's mission this time is to deliver a letter home to Miss Ninth."

"oh! Then take it over! Qin

Chuan handed over the letter.

Miss Zhou Jiu glanced at it briefly and said impatiently: "Okay, I have received it. You have nothing to do here. You can go back!" Go back and tell the clan members that this lady is doing well here!"

"yes! That subordinate resigned!"

Hearing this, Qin Chuan felt relieved. It would be good to end the mission like this. He was afraid that Miss Zhou Jiu in front of him would cause trouble for him for no reason. Just when Qin Chuan thought that the mission was completed and he could be free, something happened on the school field not far away. There was a commotion..

## Chapter 2029

"Huh! Why is that little prince from the Kingdom of Beasts here again?"

"that? Is he that guy with the gold ring in his ear and weird clothes?"

"yes! That's that guy"

"This guy's strength is not simple! He is actually a master at the top of the third level."

"Of course, although the Kingdom of Beasts is a small country, he is a descendant of the royal family after all. These royal family members are born with very good cultivation resources. How bad can their cultivation be?"

"makes sense! It's just strange that the prince of their small country came to our Tianshui School instead of visiting our Kyoto."

"hehe!! I heard that he originally came to visit our country of Dagon. I came to our Tianshui City three months ago. I don't know why I suddenly paid my tuition and joined the Foreign College."

"You also know the rules of our Tianshui students. As long as you pay the tuition, no matter what your status is, you can enter the outer college as a student."

"So that's it! With this guy's level of cultivation, it's useless to study in an outer academy! I think he has an ulterior motive!"

"hehe!! You guessed it right this time, you will find out after reading on!"

Hearing the discussions around him, Qin Chuan was curious and immediately looked in the direction of everyone's gaze.

He saw a group of people walking from the west side of the school grounds.

The leader was a young man in his mid-twenties, with a noble temperament and a haughty look.

This young man has a big gold earring hanging on his right ear and is wearing a rather strange costume. He is obviously not from the Dagon country.

"This man should be the little prince of the Kingdom of Beasts!"

Qin Chuan has also heard a little bit about the Kingdom of

Ten Thousand Beasts. This Kingdom of Ten Thousand Beasts is adjacent to the western border of Dagon Kingdom. It is a small country and one of Dakun's affiliated allies. It is said that a country cannot be established without nine.

It is impossible without ninth-level warriors. The country was founded.

No matter how small a country is, there will always be a ninth-level warrior in charge. But this Kingdom of Ten Thousand Beasts does not have a ninth-level warrior in charge. Today, the leader of the Kingdom of Ten Thousand Beasts is only an eighth-level Dzogchen warrior.

Although there is no ninth-level warrior in the Kingdom of Ten Thousand Beasts. The ninth-level warrior is in charge, but there is a ninth-level ferocious beast in charge.

It is precisely because of this ninth-level ferocious beast that the Ten Thousand Beast Kingdom can stand firm among the many countries in Tianfeng Continent.

The reason why the ninth-level ferocious beast is in charge The Beast Association is helping the Ten Thousand Beasts Kingdom to take charge because that ninth-level ferocious beast is the pet of the current leader of the Ten Thousand Beasts Kingdom.

Although the Lord of the Ten Thousand Beasts Kingdom is only an eighth-level Dzogchen master, because he has a ninth-level pet, he He also has the qualifications to challenge the ninth-level masters.

As for how the king of the Kingdom of Ten Thousand Beasts obtained the ninth-level battle pet.

Legend has it that when the king was young, he got a great opportunity and got a lucky one. An eighth-level pet egg.

Later, he experienced various adventures and opportunities, and actually advanced his eighth-level pet to the ninth level, and then established the Kingdom of Beasts.

However, this king is also a genius. He created the art of controlling beasts and combining the skills of humans and animals.

People and pets can better cooperate in fighting.

And his descendants, and even his subjects, followed his example. They all had pets and diligently learned the art of controlling animals.

Because of his There are many domestic warriors who have pets, and their country is also called the Kingdom of Beasts.

And the ninth-level ferocious beast that dominates the country is even known as the Beast Emperor.

However, Qin Chuan has no regard for the art of controlling beasts and the relationship between human and beast. He is not interested in the combined technique. After all, as long as he reaches level five, he can learn the psychic technique.

This psychic technique is much stronger than the art of controlling beasts and the combined technique of humans and animals..

Chapter 2030

At this time, the young prince from the Kingdom of Beasts walked directly towards Qin Chuan.

Qin Chuan didn't think anything of the little prince's strength, but there was a fierce beast with a purple horn on its head that looked like a black panther beside the prince, which made him a little curious, but he didn't take a second look.

"This ferocious beast should be the fifth-order ferocious beast, the purple-horned ice cloud leopard. However, it has only grown to the third-order perfection and has not yet reached the fifth-order level. It seems that it is the little prince's pet."

However, what worries Qin Chuan the most is that there is an old man following closely behind the little prince.

The middle-aged man has a gloomy face and a serious expression, silently following the little prince, never leaving. Looking at his cultivation, He was actually a fourth-level Dzogchen warrior.

Obviously, this middle-aged man was ordered to protect the little prince.

However, what surprised Qin Chuan was that the little prince and his group actually walked directly towards him. He was thinking When he was confused, the little prince walked directly in front of Miss Zhou Jiu.

Qin Chuan suddenly realized that this guy was here for Miss Zhou Jiu.

However, because of this, the area where Qin Chuan was suddenly became The center of attention of the whole school.

Seeing the little prince approaching, a look of displeasure flashed across Miss Zhou Jiu's cold face, she frowned slightly and said,"Little prince, what are you doing here again?" Hearing this

, Qin Chuan couldn't help but secretly thought:"Could it be that this little prince entered the outer courtyard of Tianshui City just for Miss Zhou Jiu?" It can't be such a coincidence, right?"

Hearing Miss Zhou Jiu's words, the little prince smiled in a pretentious manner.

"Miss Ninth, I would like to invite you to Haiyue Tower this time. I wonder if you have time?"

Miss Zhou Jiu said without thinking: "Little prince, I'm sorry!" This lady is not free!"

The little prince smiled coquettishly.

"I wonder when Miss Ninth will have time? As long as Miss Jiu has time, I will come to Miss Jiu anytime."

For the little prince, he claims to be suave and suave. As long as the woman he likes, no one can escape from him. Since he met Miss Zhou Jiu three months ago, he decided to take the woman in front of him. He did not believe that with his identity and appearance, the woman in front of him would not be tempted.

In his opinion, the more reserved these women were, the more he wanted to conquer them.

At this time, Miss Zhou Jiu said impatiently : "I have already said that I don't have time, and I won't have time in the future, so please don't bother me here, okay?"

Obviously, Miss Zhou Jiu is very unwilling to pay attention to the little prince in front of her.

The reason why she is like this is because she has long been determined to belong to someone.

"hehe!! It seems that Miss Ninth has some misunderstanding about this prince, right?"

"Thank you, little prince, for taking pity on me. But now the little girl just wants to find a quiet place to practice her sword skills, and she hopes the little prince will forgive her! Qin Chuan, please help send the little prince away!"

Hearing this, Qin Chuan frowned slightly. Apparently Miss Zhou Jiu wanted him to help her as a shield this time, but he had to obey. After all, he was now a guard of the Zhou family. At this moment,

Qin Chuan had to stand up and block her. In front of Miss Zhou Jiu, he persuaded: "Little Prince, my lady wants to practice now, I hope the Little Prince will forgive me!"

"snort!"

The little prince glanced at Qin Chuan with disdain.

The young man in front of him had only the second level of Dzogchen cultivation and was still a domestic slave. Naturally, he looked down upon him.

"Shut up!"

The little prince glared at Qin Chuan coldly.

"Do you, a humble servant like you, know what to say and what not to say about this prince and your young lady? If you keep talking nonsense, be careful if this prince slaps your mouth and get out of here!"

The little prince shouted at Qin Chuan, ignored him, and went up to pester Miss Zhou Jiu.

Hearing this, Qin Chuan was secretly angry, but he couldn't reveal his strength, so he could only keep it in his heart.

Besides, this little prince There is a fourth-level Dzogchen warrior beside him, so he cannot be exposed...
