

God level 2031

Chapter 2031

"hehe!! Miss Ninth, are you too disrespectful to this prince? This prince came to you in such a lowly manner, and you actually asked a little house slave to send me away. Do you really think that our country of beasts is a small country and can be so lightly humiliated?"

"You must understand that our Wanjia, the royal family of the Kingdom of Ten Thousand Beasts, is related by marriage to the Long family, the royal family of the Dagen Kingdom. If you insult our Wanjia so lightly, you are also insulting the Long family of the Dakun royal family. Isn't it a good idea to say this?"

Miss Zhou Jiu was very angry when she heard the little prince's shameless remarks.

At this time, all the students present felt an inexplicable boredom with this prince from a foreign land.

This man didn't even come to a foreign country. Being low-key and acting in his own way will only make him more arrogant when he is in his own country.

"Little prince, the little lady has something to do now, so please leave first!"

Miss Zhou Jiu really didn't want to tangle with the little prince anymore, so she made an excuse to leave. But the little prince chuckled and blocked Miss Zhou Jiu's way.

"Miss Ninth, why do you have to leave in such a hurry?"

"you! snort!"

Miss Zhou Jiu was so angry that she stamped her feet. She looked at Qin Chuan aside, wanting to ask for help.

Seeing this, Qin Chuan sighed in his heart and wanted to step forward.

However, the little prince saw through his intention and coldly gave him a cold look

"Boy, if you say one more word, don't blame me for killing you on the spot. Don't think that I can't do it."

As soon as he finished speaking, a lukewarm voice sounded outside the crowd.

"It seems that the little prince of the Kingdom of Beasts has quite a temper!"

Hearing this, the little prince's face changed and he said angrily: "The troublesome one again? get out!"

"Ha ha!! I, Liu Xian, have met the little prince!"

As the words fell, the crowd parted, and a handsome young man in white, who was in his mid-twenties, walked out.

As soon as she saw this young man in white, Miss Zhou Jiu's eyes were full of tenderness, and she smiled and said: "Brother Xian, You came!"

"Um!"

The young man in white also nodded slightly to Miss Zhou Jiu.

At this time, laughter and discussion began to come from the crowd.

"Ha ha!! There was something good to watch this time. I didn't expect Liu Xian to come too"

"Liu Xian? Is it Liu Xian, who ranks second among the top ten young masters in Tianshui City?"

"yes! It's him! Senior Liu Xian is a water and wood warrior at the pinnacle of the third level of Dzogchen. His strength is second only to Xing Yan. He is also the inner courtyard disciple of our Tianshui School."

"Although he is not the strongest among the inner courtyard disciples, he is the number one among the younger generation and the one with the most potential.

"A water and wood warrior at the peak of the third level of Dzogchen, it turns out he is so powerful!"

"Of course"

"The most important thing is that the relationship between Liu Xian and Miss Zhou Jiu is very ambiguous. Now, the little prince is pestering Miss Zhou Jiu in front of so many people. How could Liu Xian sit idly by and ignore her?"

"Having said that, there is something good to watch!"

"Um! Let's just watch from the sidelines!"

The atmosphere in the crowd suddenly became a little weird.

Seeing the intimacy between Miss Zhou Jiu and Liu Xian, the little prince quickly understood why Miss Zhou Jiu ignored him. It turned out that she had already belonged to her in her heart.

Thinking of this At this moment, the little prince sneered:"Haha!! I wonder why Miss Zhou Jiu ignores me. It turns out that she likes you, a pretty boy. It seems that only by removing your obstacle can this prince win the heart of Miss Zhou Jiu!"

As soon as he said this, the middle-aged man behind the little prince asked in a low voice:"Your Highness, the little prince, do you want your subordinates to take action?"

Hearing this, everyone's expressions changed drastically..

Chapter 2032

If the little prince really lets the middle-aged man take action, Liu Xian will definitely be in trouble. This middle-aged man is a fourth-level Dzogchen master, while Liu Xian is only a dual-system third-level Dzogchen master.

Miss Zhou Jiu was even more anxious: "Little prince, if you really let this person take action and hurt Brother Xian, I will never pay attention to you again!"

"Yeah?"

A trace of jealousy flashed in the little prince's eyes.

"I didn't expect you to protect him so much? But don't worry, even if I have to deal with him, I will do it myself and will not use his hands to avoid making people think that I am bullying others."

"It's just that this prince is confused, what's so good about this guy? Is he better than this prince? What does Miss Ninth like about him? I think he is just good-looking and nothing else! In terms of strength and status, he is not as good as this prince. You really chose the wrong person!"

"You are talking nonsense! Brother Xian is the number one among the younger generation of our Tianshui School. His strength is the third level of Dzogchen. You are only the peak of the third level. How is his strength inferior to yours? I think you are not as good as him!"

Hearing this, the little prince laughed and said, "Haha!! So you like him just because of his strength?"

"snort!"

Miss Zhou Jiu snorted coldly, but did not answer, seemingly acquiescing.

In this era of supreme martial arts, the strength of a warrior represents identity and status, and it also affects girls' views on mate selection.

Look at Miss Zhou Jiu's With his expression, the little prince seemed to understand everything and sneered: "Haha!! Sure enough! Miss Zhou Jiu, I'm afraid you've misjudged this guy. High level does not mean strong strength"

"Although this prince was born into a royal family, he is not a fool. If this prince defeats this guy, does that mean that this prince is stronger than this guy and you should choose this prince?"

"just you? Stop dreaming! How could you defeat Brother Xian!"

Obviously, in Miss Zhou Jiu's heart, this little prince is far less powerful than Liu Xian

"Ha ha!! It seems that Miss Ninth only thinks that this prince is a idiot who depends on his birth, and she underestimates him in her heart. That prince will prove it to you today. Liu Xian, I wonder if you dare to accept this prince's challenge?"

Liu Xian walked out slowly.

"Why not? In fact, I have heard for a long time that your Wan family's beast control skills and the combined skills of humans and animals are very miraculous. I have long wanted to learn from you, but I just couldn't find the opportunity for a while. I just took this opportunity to ask the little prince for advice today."

"It turns out that you have long been determined to challenge me. Today, I will grant your wish and let you experience the true fighting power of our Wan family."

"good! If this is the case, then we will decide the outcome with one move! Do you dare?"

"What a joke, why would I dare not? However, there is something I want to say first. If you lose, I ask you to leave Miss Jiu from now on. If you don't obey, then don't blame the prince for being rude!"

"What if you lose?"

"If I lose, I will stop pestering Miss Ninth in the future."

"good! I promise you!"

"Brother Xian! Seeing Liu

Xian agree, Miss Zhou Jiu glanced at Liu Xian worriedly.

"Do not worry! I won't lose!"

Liu Xian comforted him and walked towards the field.

Seeing that the two were actually trying to resolve the issue through a competition, everyone in the field suddenly became excited and moved out of the field one after another, leaving a large space for the two of them.

Qin Chuan on the side kept talking. Watching everything silently, he was also very curious at this moment. What did this little prince have to rely on? Facing Liu Xian, he actually dared to say a decisive move..

Chapter 2033

At this time, the two men confronted each other.

The middle-aged man who had been guarding the little prince also retreated to the sidelines.

I don't know if it's because of fear of this man, but no one around him dared to get close.

At this moment, there were whispers outside the venue

"Who do you think will win this time?"

"snort! Do you even need to ask? It must be senior Liu Xian. Senior Liu Xian is a third-level Dzogchen warrior of both water and wood elements. This little prince is just the pinnacle of the third level."

"hehe!! The difference in strength between the third level peak and the third level Dzogchen is not too exaggerated. Don't forget, this little prince also has a third-level Dzogchen pet, a purple-horned ice cloud leopard. Among the same level, the strength of the ferocious beast is stronger than that of the warrior!"

"Even so, you must also know that dual-system warriors are usually stronger than ferocious beasts of the same level. Isn't Senior Liu Xian still afraid of a third-order Dzogchen ferocious beast?"

"Of course he wouldn't be afraid if this ferocious beast was assisted by a third-level peak warrior. The outcome between the two is unpredictable!"

"Listening to what you said, there really is such a thing"

"hehe!! The more intense the fight between the two, the better! We are all here to watch the show anyway!"

"Even though I say this, I still hope Senior Liu Xian wins! After all, he is a member of our Tianshui School and a member of our Dagon Kingdom. How could he lose to a foreign barbarian here? If other countries knew about it, they would think that our dignified Gen country had no one!"

"Exactly! I hope that Senior Liu Xian can give us a breath of relief this time and not lose the face of our Dagon country."

With the discussion outside the court, the battle between the two on the court is about to begin.

"Little prince, you are a son of a foreign country, and you have come all the way to our Dagon country. As the saying goes, you are a guest from afar, so make the first move! Hearing this

, the little prince smiled coldly: "Okay!" I'm afraid that once this prince takes action, you will regret it!"

"Yeah? Then Liu is really looking forward to it!"

"snort!"

The little prince sneered, whispered a few words to the purple-horned ice clouded leopard beside him, and then took out a purple pill. As soon as the purple pill was taken out, it immediately emitted a strange fragrance and spread around.

Qin Qin Since Chuan's mind power became substantial and mutated, his sense of smell was also stronger than ordinary people, and he soon smelled the fragrance. As soon as he smelled the fragrance, his face changed slightly, and then he showed a look of surprise.

Just when he smelled it just now When he reached Qingxiang, the golden liquid droplets in his sea of consciousness trembled slightly.

This tremor made him feel an inexplicable palpitation in his heart.

This palpitation surprised him.

At that moment, Qin Chuan His expression remained motionless, and his eyes froze for a moment, staring closely at the purple pill, but there was a huge wave in his heart.

"eccentric! This purple pill is a bit weird! What kind of elixir is this? It can actually trigger the thoughts in my sea of consciousness to produce reactions. By the way, when I just smelled that fragrance, I seemed to sense that there was a strange energy mixed in the fragrance."

Just when Qin Chuan felt strange about this purple pill, Liu Xian in the field spoke.

"The purple pill in the little prince's hand should be the Yunxi Pill secretly made by your royal family, right?"

"hehe!! You are quite knowledgeable! Even the Yun Xi Dan in my prince's hand was recognized.
Liu

Xian smiled slightly:"Actually, it's not surprising that I know this pill, because the name of your Wanjia Yunxi Dan has spread throughout the continent, and only you, the Wanjia, can refine this pill.""

"I heard that this Yunxidan has a very strange effect. It can greatly increase people's mental power in a short period of time. Long-term use can also make people's mental power stronger and stronger."

After hearing this, Qin Chuan's eyes lit up in the crowd, and he suddenly realized..

Chapter 2034

After hearing this, Qin Chuan's eyes lit up in the crowd, and he suddenly realized.

It turns out that this purple pill is called Yunxi Dan, which can greatly enhance one's mental power in a short period of time. Long-term use can also make people's mental power stronger and stronger.

I never thought there was such an effective elixir in this world.

As far as Qin Chuan knew, there were pills in the world that could increase one's cultivation and strengthen one's body, but he had never heard of them. There were also pills that could increase a person's power of mind, which naturally frightened him. Surprised.

By the way, if he could get a few more of these elixirs, wouldn't it be possible to increase his mental power faster and separate his second mental body earlier.

At that time, he can concentrate on the five functions, cultivate the five elements of vitality at the same time, and become a five element warrior.

Thinking of this, Qin Chuan suddenly became excited.

He is very looking forward to becoming a fifth element warrior.

Because every time you become a warrior of one series, your strength will increase significantly.

As far as he knew, after the fusion amplitude of the vitality of a warrior of the third series, the power of the vitality was twice that of the same level, three times that of the fourth series, and several times that of the fifth series? He didn't know.

But he was certain in his heart that it was at least four times more.

If he can really achieve the five functions of distraction, he only needs to cultivate the metal energy to the first level.

Because the energy of the metal element reaches the first level and forms a self-circulation in the body, he will be a true warrior of the five elements at that time.

You can achieve the integration of the five elements of vitality and greatly enhance the power of the vitality.

As for the extent to which his strength would increase, he didn't know, but he could guess that the increase would be huge.

However, judging from Qin Chuan's current trend of slowly increasing mental power, it will take about two years before he can use the distraction technique to separate the second mental body.

Judging from the current increase in mental power, it is impossible for him to become a fifth-line warrior before entering the Zhou family's forbidden area.

But the thing in front of him now can make him become a fifth-line warrior in advance.

This elixir can increase his mental power faster, but I don't know to what extent it can increase, but no matter what, I should give it a try.

As long as I can become a fifth-line warrior before entering the Zhou family's forbidden area, my strength will be greatly increased, and I will have more confidence in saving my life."

The more Qin Chuan thought about it, the more excited he became, but he soon thought of a question.

Listening to Liu Xian's words just now, it seems that only the Wan family in the entire continent can refine this Yun Xi Dan. He wants to get this Yun Xi Dan. We can only attack this little prince.

However, it is not easy to attack this little prince!

There is a fourth-level Dzogchen warrior guarding this little prince. I think this is not the only one who will protect him. Man.

It's not easy to take advantage of this little prince! He has to think of a way to get a few more Yunxi Dan from this little prince.

Thinking of this, Qin Chuan's two big eyes started to move. , and began to think about how to plot against the little prince.

But in the middle of the scene, when the little prince heard Liu Xian reveal the secret of Yun Xi Dan, his expression changed slightly, and then he sneered.

"I didn't expect you to know so much about our Wanjia's Yunxi Dan. It seems you are interested."

"There! There!"

Liu Xian smiled softly.

"I also heard that you, the Wan family, must take a Yunxi Dan before using the human-animal hybrid technique every time, otherwise you will not be able to use the human-animal hybrid technique!"

Hearing this, a trace of anger flashed in the little prince's eyes. Anyone who knows that his true identity is known so clearly will not be happy in his heart.

"good! As long as you know! Don't you want to learn my prince's human-animal skills? This prince will help you right away!"

After saying that, the little prince swallowed the Yunxi Dan..

Chapter 2035

After a while, the Yunxi Pill began to take effect.

The little prince's face suddenly turned pale, and a strange golden light flashed in his eyes, a strange force field that was cold and cold, spreading out to all sides with him as the center.

Others didn't feel much about this force field, but Qin Chuan in the crowd felt it very clearly.

Because this force field is a position where the power of thought can only be released when it is strong enough to a certain extent.

Qin Chuan's mental power is far beyond that of ordinary people, and he is naturally very familiar with this mental power field.

In the middle of the field, the little prince smiled coldly:"Liu Xian, I will let you bear my prince's wrath and show you my unique skills!"

"Why should the little prince talk nonsense? Just use whatever tricks you have, Liu will follow!"

"Ha ha!! good!"

As soon as he said these words, the little prince pulled out the sword on his waist.

As soon as the sword was pulled out, a soft halo of water immediately emitted.

Looking at the sword, Liu Xian's face changed slightly:"I didn't expect that the little prince had something else on him. A spiritual weapon!"

"good! This Li Shui Sword is indeed a spiritual weapon!"

"No wonder the little prince dared to challenge me. It turned out that not only did he have pets to help him, but he also had a spiritual weapon!"

"snort! Why are you talking so much nonsense? As a descendant of the royal family, what's the fuss about this prince having a spiritual weapon?"

"Besides, the winner is the king or the loser! Since ancient times, heroes have only been judged by their success or failure! This prince doesn't mind that your realm is higher than mine, but you care so much. Are you afraid and don't dare to take on the challenge?"

"Ha ha!! joke! Even if you, little prince, have a spiritual weapon, Liu is still not afraid!"

"good! Then let's get started! I hope you can take this trick from me!"

After saying that, the little prince stood upright with his sword, condensing magic with one hand!

The people watching outside the field saw the momentum in the field suddenly tense, and knew that the real fight was about to begin. They all opened their eyes in excitement and watched with excitement. Get up.

But he said that the little prince in the field was holding a long sword in one hand and making seals with the other hand.

As he moved the seals, Qin Chuan's expression in the crowd moved slightly.

Because he was surprised to find that as the little prince moved the seals, Jue, the little prince's mental force field is also changing according to a certain range.

And this change in the mental force field is directly applied to the purple-horned ice cloud leopard.

The aura of the purple-horned ice cloud leopard also follows certain rules. It started to work.

It seems that here, Qin Chuan suddenly understood.

It turns out that the key to this human-animal combined skill is that the owner uses powerful willpower to control the movement of the pet's breath to meet the requirements of the human-animal combined skill. This is also the little prince's The reason why he had to swallow the Yunxi Dan before using the human-animal combination technique was because his power of thought was not strong enough.

At this time, the little prince's seal in the field was completed, and his aura suddenly increased. His eyes flashed with a sharp look, and he spoke loudly. drink

"Xiao Zi! Combined skills of man and beast: leopard and eagle kill!!"

As soon as he finished speaking, the little prince swung his long sword, and in the shadow of the sword came a white eagle-shaped light and shadow, which was very powerful.

At the same time, the purple-horned ice cloud leopard also roared and spat out a blast from its mouth. White leopard-shaped light and shadow.

Seeing this, Qin Chuan in the crowd frowned, and was secretly surprised. He saw the skills used by the little prince and the purple-horned ice cloud leopard. Although they were powerful, they were nothing more than There is nothing special about the level of intermediate martial arts.

But at this moment, another sudden change occurred in the field.

The flying eagle-shaped light and shadow and the leopard-shaped light and shadow merged together strangely, and the light and shadow also condensed into a solid body. In the blink of an eye, It transformed into a monster with two beasts, a leopard and an eagle, and two wings on its back. Its aura suddenly increased, exuding frightening power..

Chapter 2036

Seeing this, many people around began to exclaim

"Oh my God! This momentum has actually reached the level of superior martial arts!"

"Superior martial arts? impossible? If you haven't cultivated to the fourth level, how can you learn superior martial arts?"

"you're so dumb! That guy is a combination of man and beast! I never imagined that this combination of human and animal skills could achieve such an effect!"

"yes! It's hard to say whether Liu Xian can take over now! The outcome is really unpredictable now!"

In the crowd, Qin Chuan was slightly surprised when he saw the man-animal combo move, and became curious about the man-animal combo move.

In the crowd, it was said that the little prince was very proud of himself when he performed this man-animal combo move. , this move is his trump card!

Since his debut, he has used this move to defeat countless masters of the same level, and it is inevitable that he will feel a little self-inflated. This is also because it is impossible for warriors below the fourth level to master superior martial arts.

Superior martial arts The amplitude of combat effectiveness is 40%, while the average martial arts skill is only 20%.

It can be seen that the superior martial arts are far stronger than the intermediate martial arts.

Because of this, the little prince thinks that the children of his family have this human-beast move. It is not difficult to combine skills and be proud of the same level. He even fantasized that if he continued like this, he might be able to reach the status of the Qing family, which was so powerful in the mainland a thousand years ago.

This kind of thinking made him know Liu Xian after he met him. He is a dual-system warrior, and he dares to challenge him.

Of course, this is also because he has never met a dual-system warrior. He doesn't know how strong a dual-system warrior is, so he inevitably underestimates the dual-system warrior.

But on the other hand, Liu Xian Seeing that Leopard Eagle Breaking Kill attack with an extremely terrifying aura, there was a hint of shock in the pupils.

"Unexpectedly, this combination of human and animal skills can unleash such power! Even if I use Chuchujo's martial arts, I can only draw a tie, so I can only use that move!"

Originally, he wanted to hide it for a while, but it seems that it is no longer necessary today. Let me show you in advance what is the true strength of a dual-system warrior!

Thinking of this, Liu Xian sneered at the corner of his mouth, and seemed not to be afraid to face him. The attack came, and the momentum on the body suddenly increased sharply. The long sword was swung out like lightning, and there was an elegant and low drink in his mouth.

"Water and wood fusion skills, snow and flying flowers slash!"

When he slashed out his sword, it immediately turned into a giant blue and white lightsaber more than ten meters long, slashing at the two-headed monster. However, when he swung the sword, red flowers and snowflakes flew all over the sky behind the sword shadow..

In the air, the vitality of water and wood was stirring. As soon as this move came out, Qin Chuan in the crowd opened his eyes wide in shock.

How...how is this possible?

How could there be energy of water and wood in this martial art at the same time? ? Judging from its power and momentum, it has actually reached the level of superior martial arts! What kind of martial arts is this? Just as Qin Chuan was surprised, someone beside him exclaimed:"This is a fusion technique that can only be mastered by dual-system warriors."! Oh my God! This Liu Xian actually fused his own fusion skills!"

Boom!

As soon as his exclamation ended, there was a loud bang in the field.

The two-headed monster was chopped to pieces by Liu Xian's energy lightsaber. The force of the lightsaber continued unabated, heading straight not far away. The little prince, whose face was full of horror, slashed away.

Seeing the lightsaber coming towards him, the little prince's complexion changed drastically, and he secretly cried out. He didn't expect that the opponent was so strong. It seemed that it was too late to dodge at this moment..

Chapter 2037

It wasn't until this moment that the little prince realized that he had underestimated Liu Xian.

At this critical moment, a black shadow flashed behind him, and the middle-aged man who had been guarding him snorted, blocked him, and waved a light curtain to block the lightsaber attack.

Seeing the middle-aged man suddenly taking action, Liu Xian's expression changed slightly. The opponent was a fourth-level Dzogchen warrior, so he was naturally afraid.

However, he soon returned to his normal expression, and said to the little prince: "Little prince, the one-trick agreement is over, you lose!" At this moment, the little prince was extremely upset, but he could no longer regret what he said.

"snort! If you lose, you lose. I will never bother Miss Ninth again in the future. But can you tell me what martial arts you just used? Why can it achieve the power of superior martial arts? As far as I know, it is impossible for warriors below the fourth level to learn superior martial arts. Liu

Xian felt happy when he heard what he said, and immediately said

"What I just used was the fusion skill. This fusion martial skill can only be mastered by dual-system warriors. In fact, your Wanjia's human-animal fusion technique is a mutated version of this fusion technique."

"It's just that you combine human martial arts and pet martial arts into one. We dual-line martial artists combine our two lines of martial arts into one. There are different approaches but the same effect"

"Speaking of which, your Wanjia ancestor is indeed a genius. He can actually simulate the effect of the fusion skills of a dual-system warrior using the combined skills of humans and animals. I really admire you!"

"snort! I see! It seems that this prince underestimated the dual-system warrior! This prince has learned a lesson today, so you might as well take it upon yourself! This prince will not be so easy to talk to next time!"

After saying that, the little prince walked away angrily.

He is not a kind person. How could he let it go so easily? This failure was entirely because he was too arrogant and misjudged the other party. He failed because of his strength.

It was just that he had let go in front of everyone before, so naturally he couldn't regret it, but he wouldn't just let it go.

After the little prince and his entourage dispersed, the onlookers also began to disperse.

Qin Chuan grabbed a young man next to him and asked in a low voice: "Senior, I saw you saw Senior Liu Xian's fusion martial arts before and recognized it at a glance. I wonder if you can tell me, this fusion martial arts What kind of martial arts are they?"

Qin Chuan is a fourth-level martial artist, and he is naturally very interested in this fusion of martial arts.

His strongest martial skill at present is the intermediate martial skill. It is okay to fight with warriors below the third level. If he fights with warriors above the fourth level, He seemed to be at a disadvantage.

Therefore, he urgently needed a powerful combat skill.

When he saw the fusion skill used by Liu Xian, his mind came alive.

The young man didn't want to pay attention to Qin Chuan, but As soon as he saw that Qin Chuan was a second-level Dzogchen warrior with a much higher level of cultivation than himself. But he himself was only a first-level senior warrior.

At that moment, the young man's attitude became polite and he explained to Qin Chuan seriously.

"This junior fellow student, this fusion skill can only be mastered by warriors of two or more systems. It is of no use to single-system warriors like us if we know it."

"hehe!! I'm just curious. Senior, please explain in detail."

"All right! This fusion martial skill is a dual-system martial artist who fuses two different martial arts skills together."

This fusion is very difficult and requires a very high understanding. Some dual-system warriors with poor understanding cannot fuse their own fusion martial arts even after spending decades."

"Moreover, the fusion skills of each dual-system warrior are not necessarily the same, because everyone has different perceptions, and the two martial arts fused are not necessarily the same. But it is certain that no matter what kind of fusion technique it is, it will definitely reflect the characteristics of the two basic martial arts that are fused into it."...

Chapter 2038

Qin Chuan suddenly realized: "So that's it! I wonder if there are any fusion skills for warriors from the three series?"

"have! Of course! I heard that there are also four and five series, but it is too difficult and almost impossible to successfully integrate them. However, I heard that the more similar martial arts are, the easier it is to fuse, such as Water Elemental Shield and Wooden Elemental Shield. These two martial arts are very similar, so they are easy to fuse."

"On the contrary, the greater the difference between martial arts, the more difficult it is to integrate them. Some martial arts cannot be integrated at all."

"It seems that the senior knows a lot"

"Ha ha!! Actually nothing? I also accidentally came across relevant information in the college library."

"However, this fusion skill is indeed very powerful. I heard that the fusion of two inferior martial arts can achieve the power of an intermediate martial skill, and the fusion of two intermediate martial arts can achieve the power of an excellent martial skill. Do you think this is powerful? It's a pity that this fusion skill can only be achieved by warriors with two or more elements!"

Hearing this, Qin Chuan was secretly happy, and at the same time sighed, it turned out that he didn't really understand the strength of dual-system warriors.

"By the way, senior! Can the materials you just mentioned be seen in the college library?"

"yes! This information is public. As long as you are a student of Tianshui School, you can check it out"

"The information I saw talked about how to integrate martial arts, and it talked about many methods and techniques. I think it was written by a senior dual-system martial artist, but it's a pity that it was of no use to me."

After hearing this, Qin Chuan silently remembered it and thought in his heart

"I didn't expect that there is such information. If I go and take a look, I will definitely learn a lot of fusion skills and save myself some detours."

It seems that coming here today is not fruitless! At least he knows about the fusion of martial arts and Yunxi Dan, which will be of great help to his future strength!"

When he thought of Yunxi Dan, Qin Chuan thought of the little prince.

By the way, it's still the Yunxi Dan. If dozens of Yunxiang Pills could be obtained from the little prince, maybe his mental power would be greatly enhanced and he could become a five-line warrior earlier.

It seems that I have to talk to the little prince in person tonight!

Thinking of this, Qin Chuan thanked the young man, said goodbye to Miss Zhou Jiu, and left.

After he completed the task of delivering the message, he was free. He no longer needed to have anything to do with Miss Zhou Jiu. This was just a cover-up for his trip to Tianshui City.

After leaving the school grounds, Qin Chuan did not leave Tianshui College. Instead, he first inquired about the little prince's residence before leaving.

After returning to the hotel, Qin Chuan released the ball and began to practice by himself, continuing to practice until dusk fell.

Qin Chuan let Qiuqiu play alone in the house, and told the little guy not to cause trouble and run around. He put on a silver mask, transformed into a battle body, and then took advantage of the dusk to sneak towards the little prince's residence.

"I will talk to this little prince tonight and try to get a Yunxi Dan first to see if it has any effect on me! If so, hey!!!"

Qin Chuan's mouth showed a trace of a bad smile.....

It was already early winter, and as twilight set in, a cold evening breeze hung on the streets, and there were fewer pedestrians. White evening frost condensed on the roof tiles.

Wearing a silver mask, Qin Chuan took advantage of the hazy night to sneak all the way and quietly entered the outer courtyard of Tianshui College.

Not long after, Qin Chuan arrived at the little prince's residence.

He quietly leaned on the wall of the courtyard and looked into the courtyard.

The lights were still on in the house, and the lights reflected the shadows of the two people on the windows.

There was the sound of two people talking inside..

Chapter 2039

These two people were the little prince and the middle-aged man who had been guarding him during the day.

At this moment, the little prince sat on the chair with a violent look on his face

"snort! I didn't expect that my prince would be carried in the hands of that boy Liu Xian today. I'm really angry to death! It's a pity that Miss Ninth is a little beauty. I haven't tasted it yet, so I have to miss it like this....."

The middle-aged man hesitated for a while and then said:"Your Highness, where is there no grass in the world? Why should Your Highness be so unhappy for a woman? There are many beauties waiting for Your Highness to favor you in our Kingdom of Beasts. Why should Your Highness be like this?" Care about a foreign woman?"

"Um! Commander Zou, I understand what you said. It's just that Miss Ninth is so attractive that I can't stop it!"

"When I think of that little girl acting coquettishly in Liu Xian's arms. This prince's heart seemed to be blocked by something, and he felt extremely uncomfortable. He was really unhappy. Otherwise,

Commander Zou, you can quietly go over and kill Liu Xian tonight. Without Liu Xian, I think Miss Jiu might consider this prince."

Hearing this, Commander Zou's face changed slightly.

"Your Highness, this is absolutely impossible. Liu Xian is the number one member of the younger generation of the Tianshui School, and must be highly valued by the upper echelons of the Tianshui School. If he suffers any loss, I'm afraid it will be difficult for you and me to get out of this Tianshui School?"

"snort! how? Could it be that the Tianshui School still dares to kill this prince?"

"This...hey! Your Highness, please say something unpleasant. They may not dare to kill His Highness. Your Highness, you must remember! This is the Dagon Kingdom, one of the five powerful countries in the Tianfeng Continent. The territory of our Ten Thousand Beast Kingdom is less than one-twentieth of it. The strength is far inferior to it"

"Just in this Tianshui school, I heard that there are six eighth-level masters, one of whom is the eighth-level Dzogchen. With such strength, no other family in our country of beasts can match it except the royal family Wanjia."

Hearing this, the little prince fell silent. He knew in his heart that what Commander Zou said was right.

Their royal family Wanjia only has four eighth-level warriors. If there is not a ninth-level ferocious beast sitting in command, I am afraid that even this Tianshui The strength of the school is not comparable.

It can also be seen that the strength of the Dagon Kingdom is much stronger than that of the Ten Thousand Beasts Kingdom.

Commander Zou continued:"Your Highness, think again. The Tianshui School also has a very important position in Dagon Kingdom. This can be seen from its exclusive occupation of one of the ten largest cities in Dagon Kingdom."

"If you really violate the limits of the Tianshui School, they will really kill you. Will the Long Family, the royal family of Dagon Kingdom, destroy the entire Tianshui School for the sake of your life?"

"My subordinates can't see it! After all, in doing so, we made the mistake first, and we did not stand on the side of truth. If we were killed innocently, maybe the outcome would be different."

Hearing this, the little prince took a deep breath and fell silent.

After a while, he said in annoyance.

"snort! It seems that this time the beast Liu Xian got the better of him! It's strange that this prince was careless, thinking that Liu Xian's strength would not be very strong, but he didn't expect that his strength was stronger than this prince imagined. Even my prince's human-animal combined skills couldn't deal with him."

"Don't be upset, Your Highness, there is a world outside the sky, and there are people outside the world."

"Your Royal Highness's strength is already at the top among your peers, especially when you have mastered the human-animal hybrid technique at such a young age. Among those princesses and princes, your talent is the best, and you are the only one who mastered it before the age of twenty. A combination of human and animal skills"

"Many of the other princes and princesses have not learned this combined attack combat skill yet! If it weren't for Liu Xian being a dual-system martial artist and being able to combine martial arts, I'm afraid he wouldn't be a match for His Highness.".

Chapter 2040

"yes! Among those at the same level who are stronger than this prince, it can be said that Liu Xian is one of them. I don't think there is anyone at the same level who is stronger than him, and it's not unfair for me to lose."

"Having said that, Dagon Country is indeed a big country. Along the way, this prince has met many capable people and strangers, and this day the Tianshui School met Liu Xian."

Hearing what the little prince said, the middle-aged man breathed a sigh of relief and said again

"It's good that Your Highness can think this way. When your subordinates think about their future itinerary, we should try to be as low-key as possible. After all, this is not our country of beasts. Moreover, our visit to Dagon Country this time is not just for traveling, we are also on a mission."

As soon as he mentioned that task, the middle-aged man's expression became serious.

The little prince nodded silently: "I know this matter well. In fact, this so-called mission is just that the ancestor of the king wants to give this prince an opportunity. Naturally, I cannot miss it."

"good! The Lord of the Kingdom did this because he values His Highness the Prince and wants to give His Highness an opportunity to focus on cultivating you, the Prince. I also hope that His Highness the Prince will not miss this great opportunity. If His Highness succeeds this time, his strength will definitely increase greatly, and he is expected to compete for the position of Crown Prince in the future!"

"Ha ha!! If that day really comes, this prince will definitely not forget Commander Zou's assistance!"

Hearing this, the middle-aged man showed gratitude: "Your Highness, don't worry!" Your subordinates will always be by your side!

The little prince smiled and said, "Thank you very much, Commander Zou, for not giving up and trusting me so much." By the way, Commander Zou, what kind of treasure do you think is hidden in the Fire Lotus Cave?"

"This subordinate doesn't know. The map of the Fire Lotus Cave was obtained by the old man by chance. As for the treasures inside, no one knew. The Lord of the Kingdom asked us to explore the treasure of Fire Lotus Cave this time, in fact, he wanted to give you some benefits to His Highness the Prince."

"If there is anything in the cave that can increase one's cultivation, His Highness will naturally use it first. As for those things that are not needed, His Highness will submit them later, which is also a great achievement."

"Um!! Well said! The Fire Lotus Cave is at the junction of Fengyan City and Tianshui City, not too far from here. We will wait for General Cheng to arrive. If General Cheng is here, this trip to the Fire Lotus Cave will be much safer."

"What His Highness is worried about is that the Fire Lotus Cave is a secret place to hide treasures, but there are also unknown dangers lurking inside. General Cheng is a fifth-level master. It is much safer to have him guarding you."

"Um! Commander Wang, I wonder when General Cheng will arrive at Tianshui City?"

"General Cheng still has a mission, and it will probably take about a month for him to get here."

Hearing this, the little prince sighed

"It seems that we have to wait here for a month before going to Fire Lotus Cave."

"Your Highness, this is all that can be done."

Then, the two had a few more secret conversations in the house before Commander Zou left.

Outside the house, Qin Chuan braved the cold night wind and lay on the wall, hearing the conversation clearly.

At this moment, Qin Chuan's heart was also filled with ups and downs.

Judging from the conversation between the two just now, this little prince was not a good person. He was not only arrogant, but also contradictory.

But what he didn't expect was that this little prince didn't come to Tianshui City for a tour. So simple, it turned out to be to explore the secret treasure of the Fire Lotus Cave.

He also has a copy of the map of the Fire Lotus Cave. He got it from Commander Cao.

But he has never had time to explore it. He just wants to wait to capture the Blue Dragon Pearl. Later, I went to explore, but I didn't expect that the little prince also went to explore the secret treasure of the Fire Refining Cave.

Listening to the conversation just now, the little prince was still waiting for a fifth-level warrior to come to help.

If he really waited until the fifth-level warrior came to help the little prince, If the prince went to hunt for the treasure together, he would not have his own share.

It seemed that he had to go to the Fire Lotus Cave to clear out all the treasures before them.

If he was a step late, he would not have his share of the treasure.

Thinking of this, Qin Chuan felt worried made a decision..
