

## God level 2061

### Chapter 2061

Qin Chuan was horrified when he saw this old man.

He clearly saw the old man smiling at him, but the old man gave him a dreamlike feeling.

It was a very strange feeling. He clearly felt that he had seen the old man's face clearly, but he found that he had no idea what the old man looked like.

What surprised Qin Chuan even more was that there was no energy fluctuation in the old man's body. He was clearly standing there, but it was as if he didn't exist at all.

Moreover, he came behind him silently. With his abnormal hearing, he didn't even notice his approach.

All this shows that the old man in front of him is terrifying, and he is definitely a very powerful expert.

At that moment, Qin Chuan immediately showed respect and stepped forward to greet him.

"Student Qin Chuan has met his senior!"

The old man smiled gently: "Young man is very good!" At a young age, he has practiced four systems of skills, among which the fire energy has reached the third level of Dzogchen."

Hearing this, Qin Chuan was secretly surprised. Before he came, he used the breath-holding technique to hide his strength, but he didn't want the old man to see through it at a glance.

However, the old man said something that made him even more shocked.

"Um! In addition, you have a strange aura about you. This smell gave me a feeling that was both familiar and unfamiliar. You should be practicing a special technique in addition to the four elements of vitality, right? hehe!! Of course, this is just my speculation"

"Senior is really awesome! Qin

Chuan said casually, but he was very shocked. Not only did the old man see at a glance that he had cultivated the four elements of vitality, but he also vaguely saw that he had practiced physical training.

"Um! Overall, young man, you are very good. With your strength, I think there are almost no opponents at the same level. I haven't seen someone as talented as you for a long time. With your current qualifications, it is very possible to become an eighth-level warrior in the future."

The old man seemed to admire Qin Chuan's talent very much.

"Senior, you deserve the award. What you have achieved today is just luck."

"Ha ha! Young man, luck is actually a kind of opportunity, and opportunity is a kind of strength"

"Maybe you don't understand this yet. When you practice to my level, you will understand the meaning of my words. God has given us opportunities in many things, and it depends on how we grasp them. Hearing this

, Qin Chuan seemed to have some insights, and immediately thanked him:"Thank you, senior, for your teaching. I have learned from it!"

The old man smiled slightly, looked at Qiuqiu who was looking at him curiously, and nodded slightly.

"This little guy is not simple! Not only is it not an ordinary spiritual beast! It's also a rare gold spirit beast! At this point, the old man asked Qin Chuan again:"Young man, can you tell me what you are looking for here?"

At that moment, Qin Chuan did not dare to hide anything, so he told the information he was looking for on how to integrate martial arts.

After listening, the old man smiled and said: "You are indeed a four-series warrior. The information you want is on the tenth page of the bookshelf on the left. Row seven, third cell."

Hearing this, Qin Chuan followed the old man's instructions and found a half-old book. The name on the book was "A Summary of Fusion Martial Arts Theory and Techniques". Seeing this, Qin Chuan's face showed a look of ecstasy. He searched for a long time but couldn't find it, but he didn't want the old man to tell him the truth.

While he was grateful, he was also secretly horrified. The old man seemed to be very familiar with the books in this library..

I! God level elementalist

Chapter 2062

At this moment, Qin Chuan still did not forget to express his gratitude to the old man

"Thank you for your guidance, senior!"

The old man smiled and said: "Young man, you don't need to thank me. You are a student of our Tianshui School. These books are open to you."

"Senior, no matter what, I still want to thank you."

"The little guy does know some manners. You're welcome, just take your time and watch it first. I'll go somewhere else and won't disturb you."

At that moment, the old man turned and left.

After the old man left, Qin Chuan was still full of doubts.

Who is this senior?

Seeing that he appeared silently behind him, he should be an eighth-level warrior!

And He also calls himself a member of the Tianshui School. Is he one of the six eighth-level masters of the Tianshui School?

I guess so.

However, this has nothing to do with him. He just came to look at the information, and he didn't do anything bad. I want to come to the old man. It won't do anything to him.

Thinking of this, Qin Chuan didn't want to think too much, and picked up the "A Review of Fusion Martial Arts Theory and Techniques" with excitement on his face.

After just a brief look, Qin Chuan discovered that this fusion As expected, martial arts can only be learned by warriors with dual systems or above, because it is based on multi-purpose distraction.

However, the theories and insights inside are also very unique. There are many things that Qin Chuan had never thought of before, but now that he has seen them, he is surprised His eyes lit up, and he was overjoyed.

Especially those fusion techniques and theories, which made Qin Chuan so impressed and praised him repeatedly.

This made Qin Chuan feel grateful to the person who wrote this book, at least after reading this This book will save him a lot of detours in the future and save him a lot of energy.

At this glance, he saw that the library was closed in the afternoon. Although the books in the library are open to the public for reading, they are not allowed to be taken out. Read it.

Half a day was not enough for Qin Chuan to digest the contents of the book. He could only reluctantly put the book back and read it again the next day.

In this way, in the next three days, Qin Chuan He ran to the library with Qiuqiu every day.

And he could see the strange old man every noon.

After three days of careful observation, he discovered that the old man was not here to read books, but to deliver books.

He found that when the old man came every day at noon, he would bring one or two new books and add them to the bookshelf.

Naturally, Qin Chuan did not dare to interfere with the old man's behavior.

However, the old man seemed to be very interested in Qin Chuan and would talk to him every time. Say hello.

This may be because at noon every day, everyone in the library goes to eat, but Qin Chuan still stays there and studies hard.

The old man still appreciates Qin Chuan's hard work, and gradually becomes more and more like Qin Chuan. He talked more and more.

On the morning of the third day, Qin Chuan finally read and digested all the contents of the book. At this moment, he felt extremely satisfied, and he was a little impatient to find a place to try to integrate. Martial arts.

However, Qin Chuan did not leave just now. He was still waiting there.

He wanted to wait until noon and wait for the old man to appear again.

Through contact with the old man in the past few days, Qin Chuan found that the old man was an amiable person and was very kind to himself. Taking care of him, he felt a little grateful in his heart.

Now that he had seen what he wanted to see, he would naturally leave the Tianshui School. Whether he could meet the old man again in the future was hard to say.

So, he wanted to wait for the old man. Show up and say goodbye to the old man..

Chapter 2063

At noon, the old man came to the library as usual.

When he arrived on the fourth floor and saw Qin Chuan standing there with his spare time, he seemed to understand something.

Then he smiled and asked, "Have you read all that book?"

"Yes!"

Qin Chuan nodded slightly.

"You are faster than I expected. It seems that your understanding and memory are very good.

The old man nodded appreciatively and asked, "Are you waiting for me?"

"Yes! Senior, I want to say goodbye to you!"

"Say goodbye to me? Are you leaving?"

"Um! Senior, to tell you the truth, the boy entered the Tianshui School because he wanted to read the information on fusion martial arts. Now that he has finished reading it, he naturally wants to leave.

Hearing this, the old man smiled and said, "Okay!" good! Young man, you are very good, I am very optimistic about you."

At this time, the old man took out a thin book from his body and handed it to Qin Chuan

"Take it, young man! Even if you and I say goodbye, this is the gift I gave you."

Qin Chuan glanced at the old man in surprise, but still took the book.

Just glancing at the title on the book, Qin Chuan's eyes showed a look of surprise.

He saw that the title of the book read "Fusion of Martial Arts" Case Analysis and Detailed Explanation"

Qin Chuan excitedly opened the book and read a few pages. It actually described several ready-made fusion martial arts, and they were all fusions of three series of martial arts. The old man looked at Qin Chuan's happy look, He smiled and said: "I got this book by chance. It should have been written by a third-line warrior. The contents in it should have been his whole life's hard work."

"I was afraid that people would not know the goods, so I never took it out and put it in the library. Until I saw you, I felt that this book was very suitable for you, so I wanted to find an opportunity to give it to you. I am waiting for you to finish reading the "A Review of Fusion Martial Arts Theory and Techniques" before giving this book to you. Hearing this

, Qin Chuan stepped forward and said gratefully: "Thank you, senior, for teaching me this book. I will remember it in my heart."

The old man smiled and shook his head: "You don't need to be too grateful to me." Do you still remember what I said to you on the first day?

Qin Chuan thought for a while and nodded: "Remember!" Seniors have said: Luck is actually a choice, choice is an opportunity, and opportunity is a kind of strength."

"good! Today, if you don't wait here for me to come over and say goodbye to me, but choose to leave directly"

"Then I cannot give you this "Analysis and Detailed Explanation of Fusion Martial Arts Examples", and you will miss a good opportunity. Sometimes, opportunity is a choice. You should understand now, right?"

After hearing this, Qin Chuan was shocked and suddenly understood a lot.

At that moment, he seriously thanked the old man again

"Senior, thank you for your love. I still have a few questions. I wonder if seniors can tell me?"

"what is the problem? You say it?"

"Senior, I see you bring one or two books here every day at noon. Did you bring all the books in this library?"

The old man nodded slightly.

"good! I collected all the books in this library one by one. According to the preparation, there are a total of 179,800 books in this library. I read every book carefully. After reading, I put these books in this library."

Hearing this, Qin Chuan was very surprised. How much patience and perseverance does it take to read nearly 180,000 books by one person? It is estimated that few people in this world can do it..

Chapter 2064

After thinking for a while, Qin Chuan asked seriously:"Senior, do you like reading very much in your life?"

Unexpectedly, the old man shook his head slightly:"After reading so many books, I have long been tired of it, but I still like reading. I read books. In order to look for something, in order to find such a thing, I read every book, but unfortunately I still can't find it."

Qin Chuan looked at the old man in surprise, but did not dare to ask any more questions.

Unexpectedly, the old man sighed and said,"It's okay for me to tell you. What I lost is a memory.""

"In order to retrieve the lost memory, I have been reading books non-stop, hoping that seeing something familiar will restore my memory. It's a pity that after so many years, I still haven't found that memory. Why!"

After saying that, there was a touch of sadness in the old man's eyes.

Seeing this, Qin Chuan couldn't help but feel sad for the old man.

"Senior, don't worry, junior believes that you will regain your lost memory"

"yes! I think so too, so I have been reading books for so many years. I believe that one day I will get back that lost memory."

"Senior, I believe you can do it!

The old man smiled and said:"Young man, I haven't told anyone about this past for a long time. Now that I tell you about it today, I feel a lot more relaxed." Although you and I have only met by chance a few days ago, I feel that I have a affinity with you."

"I am really a little bit reluctant to leave you this time, but there is no banquet in the world that never ends. I also know that you have important matters, so you should go about your business. In the future, you must remember that life is about choices, no matter what you are facing Right or wrong, don't regret your choice! Go ahead!"

"senior!"

Qin Chuan was very moved and stepped forward and said sincerely

"Senior, don't worry, junior will definitely come back to see you in the future. However, junior has been getting along with senior these past few days, but does not know the identity of senior. If he comes to Tianshui School in the future, he may not know how to find senior if he wants to find him. I don't know your identity, senior, but can you tell me your identity?"

The old man smiled slightly:"I am Lin Tianshui, the leader of the Tianshui School.""

Hearing this, Qin Chuan opened his mouth in surprise and almost dropped his chin to the ground.

Although he guessed that the old man in front of him should be one of the six eighth-level masters of Tianshui School.

But he did not expect that this old man turned out to be Tianshui. The leader of the school, the legendary eighth-level Dzogchen warrior who founded the Tianshui School, was also the first person in Tianshui City. He also asked Tianshui City to be named after him.

He knew in his heart that the person in front of him was definitely a With a stomp of his feet, the entire Tianshui City was about to collapse. A large number of big figures were about to collapse. He never expected that he would be such a kind old man.

After a while, Qin Chuan digested the surprise in his heart, and then said: "Senior Lin, what will happen to me in the future?" Keep your teachings in mind. If I have time someday, I will come to visit you."

"Um! It's good if you have this heart. Lin

Tianshui nodded with satisfaction, remained silent for a while, and then suddenly said: "It is fate that you and I meet here." I think with your intelligence, you should also be able to see that the appearance you see of me right now is not my true appearance."

Hearing this, Qin Chuan nodded.

Although Lin Tianshui was right in front of him, every time Qin Chuan looked at his face, he always had a dreamlike feeling and couldn't see it clearly.

He had already expected that the other party must be using What secret technique hid the true appearance to create such an effect?

At this time, Lin Tianshui said again: "I have no choice but to do this. After all, with my name, many people have seen my true appearance. No matter where I go, It will be recognized there and will definitely attract attention. It's just that I like to be quiet, so I just change my appearance like this so that others can't recognize me."

"Young man, I see that you are also a man of good temper. Since you already know my identity, let you see my true face. Lest you fail to recognize me when you see me in the future. Hearing this

, Qin Chuan also said happily: "Junior also wants to see the true face of senior!"

At that moment, Lin Tianshui smiled slightly, and his face changed. The dreamlike and foggy feeling immediately dissipated, and his true appearance was immediately revealed. As soon as

Qin Chuan saw his true appearance, he immediately opened his eyes wide, revealing an incomparable He looked horrified, and his heart almost jumped out of his chest.

However, his concentration was far beyond ordinary people, and he controlled it in time, and the look on his face returned to normal..

Chapter 2065

The reason why Qin Chuan was so surprised when he saw Lin Tianshui's true appearance.

This was because Lin Tianshui's gray hair, wrinkled face, and special smile looked exactly like the old man he saw in the Treasure Cave and Juelong Pond.

However, Qin Chuan quickly concluded that the Lin Tianshui in front of him was not the old man he saw in Juelongtan that day.

Because the old man in front of him had a deep knife mark at the corner of his eye, and his eyes were very kind when he looked at him. Unlike the old man in Juelongtan, there was no knife wound on his face, and there was only cunning and coldness in his eyes.

Why do Senior Lin, the Senior in the Treasure Cave, and the old guy who appeared in Juelong Pond look exactly the same? What is the relationship between these three people? Senior Lin said that he lost a memory, which must be related to the other two people. What is going on?"

At this moment, Qin Chuan's heart was filled with turbulence, and he had many thoughts, but he did not dare to say them out.

At this time, Lin Tianshui smiled and said:"Little guy, you have seen my true face, and we have been friends for years. Just go and do whatever you need to do! When you come to me from now on, just don't get the wrong person!"

"Senior, junior will come back to visit you!"

At that moment, Qin Chuan said goodbye to Lin Tianshui and hurriedly left with Qiuqiu.

After Qin Chuan left, Lin Tianshui stood there with a trace of doubt in his eyes, muttering to himself.

"This little guy is a little strange. Why did he show a surprised expression when he just saw the old man's true appearance? Could it be that he has seen me somewhere else? ?"

But after Zhang Shui returned to the inn, he was filled with doubts when he thought about Lin Tianshui, but he couldn't figure out what was going on, so he simply stopped thinking about it. At this time, he thought of what he had gotten from Lin Tianshui. The book "Analysis and Detailed Explanations of Fusion Martial Arts Examples" made me excited.

This book was written by a martial artist from the three elements of wood, fire and earth. He analyzed and explained several fusion martial arts that he had learned throughout his life as several examples. Listen.

In other words, according to the content of this book, you can quickly learn several fusion martial arts.

It is naturally a good thing to learn fusion martial arts as soon as possible, and it will also help Qin Chuan improve his strength as soon as possible. He is naturally very excited.

At the moment , Qin Chuan began to open the book.

He soon discovered that he could not learn several fusion martial arts recorded in it.

Because fusion martial arts is to fuse several basic martial arts together to become a new one. Powerful skills.

Therefore, the premise of the three-series fusion martial arts is that you must master the basic martial arts of the three series.

For example, it records a super powerful attack martial skill: the three-slaying God Slash, which consists of the fire-series flame knife and the earth-series earth-shattering slash. , Wood Element Breaking Wind Stab, three elements of martial arts are fused together.

Among them, except for the Flame Knife, which is an intermediate martial skill, the other two are inferior martial arts. The three-slaying God Slash obtained after the fusion of these three martial arts, among others, The power is equivalent to the superior martial arts.

However, among the three basic martial arts, Qin Chuan only mastered the intermediate martial arts Flame Knife. He has never learned the other two inferior martial arts.

Therefore, these three killing gods, he naturally It was impossible to learn.

Qin Chuan had no choice but to choose the one that was easiest for him to learn among these fusion martial arts.

Soon, Qin Chuan was pleasantly surprised to find that there was a defensive martial skill among them, called Three He is most likely to learn the Hunyuan Shield.

This three-phase Hunyuan Shield is the fusion of the lower martial arts of the three series, the Fire Element Shield, the Earth Element Shield, and the Wood Element Shield into a three-phase Hunyuan Shield..

Chapter 2066

According to the content in the book, although the defensive power of the three-phase Hunyuan Shield is between the intermediate martial arts and the superior martial arts, because the basic martial arts that make up it are all vitality shields, the martial arts structures are very similar, so the integration is very Easy, much easier to learn than other fusion martial arts.

The fusion method explained in this three-phase Hunyuan Shield is the simplest, so he should learn this fusion martial art first.

Currently, his weakest point is his defense. He can first learn a defensive martial skill to strengthen his defense.

Moreover, according to the introduction of this book, when the three series of vitality shields are fused together, the defensive power is between the intermediate martial arts and the superior martial arts. If it is the fusion of the four series of vitality shields, the defensive power will definitely reach the level of superior martial arts."

Thinking of this, Qin Chuan became excited.

As long as he can master a superior defensive skill, he will not be weak in defense in the future.

However, at present, he only masters the Water Element Shield and the Fire Element Shield. Since he has never learned the Earth Elemental Shield and the Wooden Elemental Shield, it seems that he needs to get those two Elemental Energy Shield martial arts first.

The Earth Elemental Shield and the Wooden Elemental Shield are both inferior defensive martial arts, so they should not be difficult to find. , after all, they are just inferior martial arts.

With this thought in his mind, Qin Chuan decided to go to Fangshi first to see if any of the casual cultivators had these two martial arts for sale.

At that moment, he took Qiuqiu to Chengbeifang In the city.

The first floor of the market is rented to some casual cultivators for buying and selling various items.

There are many stalls inside.

The owners of these stalls are basically casual cultivators, and they put all the items they want to sell. At the stall,

Qin Chuan browsed around among the stalls, looking for what he needed.

Not long after, he found Awakening Pills for sale at a stall of casual cultivators.

Seeing Awakening Pills for sale, Qin Chuan was naturally overjoyed.

Because he had just started cultivating his gold element vitality. In the future, if he wanted to break through the metal element vitality to the first level, he would definitely use this Awakening Pill.

He originally thought about taking a look at the auction. If there is anything for sale, he will auction it off.

If not, it can only mean that he is not very lucky.

But he did not expect that he would find someone selling it in the Free Market on this floor.

Then he , Qin Chuan no longer hesitated, and spent four thousand gold coins to buy the Awakening Pill and put it in the War God Token space for later use.

Next, Qin Chuan began to look for what he needed.

The Mu Yuan Shield and Tu Yuan Shields are common low-level defensive martial arts, and many people have learned them.

Finally, Qinchuan turned around and only found Mu Yuan shields for sale at a street stall, but did not find Earth Yuan shields for sale.

Qinchuan was helpless. So he spent 7,000 gold coins to buy the inferior martial arts Mu Yuan Shield.

The warrior setting up the stall was just a second-level earth element warrior in his thirties, and his Mu Yuan Shield had not been sold for a long time..

This is mainly because this Mu Yuan Shield is an inferior martial art. The price of seven thousand gold coins is simply unaffordable for a first-level warrior. Even a second-level warrior is not willing to spend such a price to buy one. Multiply defensive martial arts.

However, third-level warriors did not bother to learn an inferior defensive martial skill. What they got was more like an intermediate defensive martial skill. At this moment, when he saw that Qin Chuan did not even pay back the price, he happily After buying his Mu Yuandun, I was naturally very excited and excited..

Chapter 2067

After Qin Chuan bought the Mu Yuan Shield, he asked again: "I see that you practice Earth Yuan Qi. I wonder if you have practiced the Earth Yuan Shield? If you have practiced it, please give me the cultivation method of the Earth Yuan Shield. I will buy it at a higher price."

Hearing this, the warrior who set up the stall hesitated for a while and then said

"Yes, although I practice Earth Yuan Qi, I have not yet practiced Earth Yuan Shield."

"However, I have a Jade Token for Tuyuan Shield in my hand, but I originally planned to learn it myself and did not intend to sell it out. If you can pay twice as much as the price of Mu Yuan Shield, I will give up the opportunity to learn Tu Yuan Shield and sell this martial skill to you."

It turns out that this warrior found that Qin Chuan was generous, and in order to make more money, he actually gave up the opportunity to learn first.

"It's impossible to double the price. I can offer up to 10,000 gold coins. If you want to sell it, just sell it. If you don't want to sell it, forget it."

Seeing that Qin Chuan was willing to pay 10,000 gold coins to buy his Tu Yuan Shield, the warrior who set up the stall was overjoyed. The price far exceeded the value of the Tu Yuan Shield itself, so he was naturally willing. He happily made a deal with Qin Chuan immediately.

Qin Chuan now only wants to learn a fusion martial skill early to improve his overall strength, and does not want to care about these small gains and losses. Although the Earth Element Shield is a common defensive inferior martial skill, after all, it cannot be encountered every time. Until someone sells it.

If you miss this opportunity, you will have to spend a lot of effort and waste a lot of time if you want to buy the Earth Element Shield next time.

For Qin Chuan, the most precious thing for him at present is time, not money..

After buying the Earth Element Shield, Qin Chuan was also happy. He hurried back to the inn and began to practice in seclusion.

With that book, Qin Chuan could first learn the Earth Element Shield and the Earth Element Shield, and then follow the instructions in the book. method, trying to fuse the vitality shield. This saved him a lot of energy to understand and analyze.

Although the book only talked about fusing the three series of vitality shields together, it did not talk about fusing the four series of vitality shields.

But the two After all, they are similar, and there is not much difference.

Unknowingly, four days passed.

On the fourth day, heavy snow began to fall between the sky and the earth. It was another cold winter.

It snowed for a whole day. , the sky and the earth turned into a white world again.

In the afternoon, the snow stopped!

Outside Tianshui City, Qin Chuan crossed his hands on his chest, looking at the silver-covered world between the sky and the earth, feeling inexplicably sad in his heart

"It's snowing again, and I'm almost fourteen years old. This time next year, I wonder if I can still stand here and watch the snow scene?"

He sighed softly. He was also a little worried about his future. He didn't know whether he could come out alive after entering the Xie family's forbidden area.

At this time, a piece of snow in front of him suddenly rose slightly, and a A chubby little head emerged from the middle of the snow, revealing a pair of excited little eyes.

This little guy is none other than Qiuqiu. This is the first time Qiuqiu has seen snow, and he saw a patch of white snow all around. This little guy He seemed to be very happy. He was crawling around in the snow and having a great time.

"Little one, stop playing!"

"Gujiguji!!"

Qiuqiu barked a few times, swept the snowflakes above his head with his chubby little paws, and climbed out.

Seeing its cute little appearance, Qin Chuan couldn't help but smile.

"Little guys, let's start our official mission! Come try out the fusion martial arts I recently learned, the defensive power of the Four Phase Hunyuan Shield!"

Qiuqiu immediately nodded obediently, then roared, and quickly transformed into a dragon-headed lion-body..

Chapter 2068

Qin Chuan smiled slightly and whispered:"Condensation!"

A shield of red, white, yellow and green rays of energy immediately appeared around him. This was the first fusion martial skill he had just mastered: Four Phase Mixing. Yuan shield.

After condensing the four-phase Hunyuan Shield, Qin Chuan said to the ball:"Little guy, use your strongest attack to attack me. I want to see what the defensive power of this four-phase Hunyuan Shield is."

"Roar!"

Qiuqiu roared, then opened his mouth and spit out a handleless sword blade.

The handleless sword blade at this time was a little different from the first time Qin Chuan saw it. It was darker, slender, and shorter than before, but But it contains a compelling sharpness, which is more terrifying than before.

This is obviously a new mutation that occurred after Qiuqiu ate the spear.

At this time, Qiuqiu sprayed out the sword spirit and attached it to Wu Qiu. The handleless sword blade turned into a lightsaber more than a foot long.

With a low roar from Qiuqiu, the lightsaber instantly turned into thirteen handles, and then revolved around Qiuqiu at high speed.

At this moment, The ball looks like it is surrounded by a group of high-speed rotating lightsabers, forming a protective circle

"Roar!"

There was another low roar, and a light sword flew out from the group of rotating swords like lightning, directly bombarding Qinchuan's Four Phase Hunyuan Shield.

"Boom!"

There was a loud noise!

The four-phase Hunyuan Shield only swayed slightly, but the light was still strong. It seemed that the sword had no effect on him at all.

Seeing this, Qin Chuan smiled slightly, and at the same time he was secretly surprised.

Qiuqiu had just The attack power of that blow is infinitely close to that of a fourth-level warrior.

But it is only the third-level Dzogchen.

According to this calculation, if Qiuqiu advances to the fourth level, his strength will definitely be comparable to the fourth-level Dzogchen beast.

"Roar!"

Qiuqiu's eyes showed an angry look. It was obvious that the failure of the attack just now made it a little annoyed.

It roared again, and the lightsabers surrounding it immediately went, 'Whoosh! Whoosh! Whoosh!' They took turns attacking like a torrential rain.

The roaring and crashing sounds in the field were even more endless.

Qin Chuan also glanced at the ball in surprise and secretly exclaimed.

"Good guy, there is such a way to fight. Such an intensive attack is too terrifying! This little guy is really not that simple!"

In just a few breaths, Qiuqiu has attacked nearly a hundred times. Qin Chuan's Four-Phase Hunyuan Shield still shows no signs of breaking, but is just a little dimmer than before. At this time, Qiuqiu seemed a little tired and panted. After a few breaths, the figure shrank and returned to its original cute appearance.

"Gujiguji!!"

Qiuqiu raised his mouth a little aggrievedly. Apparently he failed to break Qin Chuan's defense with the powerful attack just now, and he was very depressed.

Qin Chuan smiled and put away the four-phase Hunyuan Shield, and passed After Qiuqiu's attack just now, he initially judged that the defensive power of the four-phase Hunyuan Shield should have reached the level of superior martial arts.

According to his estimation, based on his current strength, the four-phase Hunyuan Shield can be used , can completely resist the full blow of the fourth-level Dzogchen peak warrior.

Of course, these are just Qin Chuan's speculations, and the specific details will be determined in the battle.

However, mastering this fusion martial art, Qin Chuan's defense has been greatly enhanced. Even the fourth-level Dzogchen warriors, few can match his defensive power.

It can be said that Qin Chuan's current strength is already considered the top among the fourth-level Dzogchen warriors.

"Little guy, we have already tested the defensive power of this four-phase Hunyuan Shield. Let's go back! Tomorrow is the opening day of the auction, and I will also take a photo of that piece of meteorite for you!"

"Gujiguji!!"

When Qiuqiu heard Qin Chuan say that he wanted to buy something good for himself, he immediately opened his mouth, showed a smile that he thought was cute, and bowed towards Qin Chuan to please him.

"hehe!! Little guy, go back!"

At that moment, Qin Chuan took Qiuqiu back to the city..

Chapter 2069

After returning to the inn, Qin Chuan continued to practice the five elements of vitality while waiting for the auction to start tomorrow.

In the past few days, in addition to learning the fusion martial arts Four Phase Hunyuan Shield, whenever he had free time, he focused on practicing Jin Yuanqi.

Unfortunately, his qualifications in the metal system are too poor. Even with the help of a large number of elixirs, after several days of continuous practice, his gold energy can only open up a main acupuncture point, and he is still far away from cultivating the gold energy to the first level.

Only when he has cultivated his Jin Yuan Qi to the first level can he be considered a true warrior of the five series and be able to exert his strength as a warrior of the five series.

Unfortunately, judging from the current progress of the cultivation of gold elemental energy, it is impossible for Qin Chuan to cultivate the gold elemental energy to the first level before entering the forbidden area, even with a large number of pills to assist the practice.

According to the current progress of cultivation, it will take at least about a year for Qin Chuan to cultivate Jin Yuan Qi to the first level.

Thinking of this, Qin Chuan couldn't help but sigh

"At the beginning, my earth element qualifications were also inferior, but due to repeated adventures, my cultivation progress was much faster than this gold energy! Now it seems that opportunity is really important!"

However, Qin Chuan also made another discovery. Since he started practicing Jin Yuan Qi, he has also become sensitive to the Jin Yuan Qi between heaven and earth, and his telepathic connection with Qiu Qiu has become deeper than before. In fact, as long as Qin Chuan After cultivating to the fifth level, learning the art of channeling, and making Qiuqiu his own psychic beast, not only will his metal qualifications be greatly improved, but his metal cultivation will also be greatly increased. Of course, he has to pay for it. The price is that Qiuqiu's gold cultivation and qualifications will be reduced.

This is another story.

But he said that he was speechless that night. At dawn the next day, Qin Chuan finished washing, filled his stomach, and returned to the house. , put on a silver mask, and transformed his body into a white-haired, silver-faced one. After that, he coaxed Qiuqiu into the space of the God of War Order, and rushed directly to Fang City to participate in the auction.

This auction will be very important to him. The key is whether Qiuqiu can advance to the fourth level in a short period of time, so he can't miss it. At the auction venue in Tianshui City, Qin Chuan took his box number and entered a box on the second floor.

This box is not a VIP box. , it's just an ordinary box.

The number of the box was also given to Qin Chuan for free by the reception staff.

After all, Qin Chuan has two important treasures sent here for auction today. He is considered a big customer here, so he still has this preferential policy.

In fact , , the auction box numbers given out by the city are also divided into levels, generally based on the identity and strength of the customer.

Warriors below the third level will not be given a box number.

Third-level and fourth-level warriors will be given ordinary box numbers.

Five Only warriors above the rank or people with very high status will be given a VIP box number.

After entering the box, Qin Chuan glanced at the venue through the gauze curtain in front of him.

The layout of the auction venue was similar to what he had done in Feng. The auction venues that Yancheng often goes to are very similar.

After all, Tianshui City's Fangshi is also one of the industries under Wanbaoxuan, so the personnel structure, framework and hardware facilities between the two are naturally similar.

Qin Chuan sat in the box with his eyes closed. Listening and waiting for the auction to start.

This auction is held once every half month, and every time it opens, it is packed with people.

Before long, the venue is full of seats, and the auction conference has begun.

The person who presides over the auction venue is a An old man.

The old man cleared his voice and said:"My surname is Qiu, and I am the person in charge of the auction. I see that the seats in the venue are almost full, so let's start the auction right here!" Next, let's auction the first item!"

Following the old man's signal, a maid came up with a brocade box.

The brocade box was opened, and inside was a blue stone as big as a finger.

Many people at the venue looked confused when they saw the blue stone. Apparently many people looked confused. Don't know anyone..

## Chapter 2070

In the box, Qin Chuan frowned slightly when he saw the small blue stone, because he didn't recognize it either.

"strangeness! What on earth is this blue stone? I have read a lot of literature about treasures, but I have never seen an introduction to this object. It seems that this object is very rare. But how could such a rare item be put up for auction as the first item?"

As far as Qin Chuan knows, the first auction item in every auction is the lowest-valued item.

Such a rare item should be of high value. It is said that rare things are valuable!

How could this small blue stone be regarded as What about the first item to be auctioned? This can't help but make people feel a little strange.

In fact, Qin Chuan is not the only one who has this idea. There are many people at the venue who have the same idea.

At this time, the old man in charge spoke.

"Everyone! Looking at everyone's expressions, I see that many people are confused. I think many people don't recognize this thing. Do you think it's a little strange why such a rare item is put up as the first auction item?"

"Next, let me tell you, you will understand after listening to my explanation."

Hearing what the old man said, someone in the audience said anxiously:"Mr. Qiu, you'd better hurry up and don't make us lose our appetite!"

"yes! Say it quickly!"

The old man laughed and said:"Haha!" Don't worry, I will introduce it to you now. In fact, this small blue stone is called the thunder stone, and its function is to store the power of thunder and lightning."

"This kind of thunder stone is produced in areas where thunder and lightning occur frequently. Some people say that the thunder stone is produced by some stones that have been bombarded by thunder and lightning, and then undergo magical alienation to finally form this kind of thunder stone. Its greatest function is to make Tianleizi for Thunder Elephant warriors, and it is also the most important material for making Tianleizi."

After hearing this, the people present suddenly realized.

At this time, they also understood why this Thunder Breath Stone was rare and was regarded as the first item to be auctioned.

This is because, even if everyone knows that this Thunder Breath Stone cannot use it.

Because this thunder breath stone is only useful in the hands of thunder elephant warriors.

In this world, there are very few warriors of the three systems, and thunder elephant warriors are transformed from the warriors of the three systems of fire, earth, and gold. , and not every warrior of the three elements of fire, earth, and gold can become a thunder elephant warrior, so thunder elephant warriors are even rarer.

Therefore, even if the thunder breath stone is put up for auction at this auction, no one will take it. Yes, because it's useless to ask for it.

At this time, the old man in charge said again:"Everyone, everyone knows the function of this thunder stone. I don't know whether it can be auctioned today. However, since a customer has put it up for auction at our auction house, we still have to value the customer's request."

"Okay, enough gossip. We will start the auction now. Although this thunder breath stone is only the size of a finger, it is enough to be used to make a thunder seed. The current starting price is 3,000 gold coins, and each increase must not be less than 200 gold coins. Please bid!"

As soon as the old man finished speaking, the venue suddenly became quiet and silent.

Qin Chuan in the box also watched leisurely. He also wanted to see if the Thunder Breath Stone would be auctioned in the end.

The venue was silent for a long time. , but no one was willing to bid.

It seemed that because of the silence, the old man in charge also seemed a little embarrassed, and he coughed and said

"The Thunder Breath Stone is now being auctioned. The base price is 3,000 gold coins. Each increase in price must not be less than 200 gold coins. Please bid!"

However, there was still no one bidding in the field.

The old man had no choice but to call again, but still five people answered.

The old man could only sigh and said:"It seems that the Thunder Breath Stone cannot be auctioned today, so we can only sell the Thunder Breath Stone. Taken back."

As soon as he finished speaking, a clear and beautiful female voice came from the box on the second floor..
