Chapter 2071

As soon as he finished speaking, a beautiful female voice came from the box on the second floor.

"Chief Qiu, although this thunder stone has no effect on the little girl, the little girl is very interested in it. Since no one is willing to take a photo of it, the little girl is willing to buy it at the base price of three thousand gold coins and keep it with her as a treasure."

When the old man heard the words of the woman in the box, his face suddenly showed joy, and he immediately said: "It turns out to be Miss Qingxuan. Since Qingxuan is interested in this thunder stone, I will sell it to Miss Qingxuan at the lowest price!"

It turned out that the woman in the box was Feng Qingyan.

Hearing Feng Qingyan's voice, Qin Chuan was a little surprised, but he was not too surprised.

After all, the current Four Kills Alliance is apparently in Tianshui City. Feng Qingyan is considered a medium force, and Feng Qingyan is known as the eldest lady of the Four Kills Alliance. It is rare and common to participate in such auctions.

However, Qin Chuan does not want to take the initiative to say hello to her.

After all, he is not suitable to be with her yet. People from the Four Kills Alliance have frequent contacts to avoid arousing the suspicion of interested people.

Especially since he has recently offended the little prince of the Kingdom of Beasts.

If the little prince hears that he has been in contact with Feng Qingyan, he will probably approach the Four Kills Alliance because of this. Asking about his whereabouts will inevitably bring some unnecessary trouble to the Four Young Leagues.

Therefore, Qin Chuan decided not to contact Feng Qingyan for now.

However, he said that Feng Qingyan was about to buy the Thunder Breath Stone..A cold voice came from another box on the second floor.

"Wait! Who said no one wants this thunder stone? I am willing to bid 3,500 gold coins!"

Hearing this, many people in the venue looked at the box in surprise.

Feng Qingyan was immediately annoyed. After being silent for a while, she sneered:"Your Majesty, you are really weird! You didn't bid when I asked for the price before, but now when the little woman wants to buy it, you step in. Are you deliberately going against this woman?"

"snort!"

The person in the box snorted disdainfully.

"Who said I don't want it? In fact, I also wanted to buy it at the lowest price, but you just asked first. Now, if you want to buy it at the lowest price, you will naturally have to pay a higher price. After all, this is an auction house, and the one with the highest price wins! This is a matter of course!"

"Yeah? The little girl also increased the price, four thousand gold coins!"

Hearing this, the happiest person was the old man in charge. It would have been great if it could be sold, but he didn't expect that there were still people bidding. At that moment, the old man shouted

"good! Miss Qingyan offered four thousand gold coins. Now four thousand gold coins per time! Has anyone offered a higher price?"

"snort!"

The man in the box snorted coldly and immediately said

"Five thousand gold coins!"

After hearing this, the whole place was in an uproar!

Obviously, the people in the box were determined to get the Thunder Breath Stone.

When they thought that someone actually wanted the Thunder Breath Stone, everyone was even more surprised. Many people were guessing in their hearts, then Who was in the box that actually took a picture of this thunder stone? It must be related to the thunder warrior.

Even Qin Chuan in the box couldn't help but become curious about the person in the box, and he also listened carefully to the person in the box. There was movement in the box.

Soon, he discovered that the person in the box was not one person, but two people.

Judging from the breath flow of the two people, they turned out to be fourth-level warriors.

And the person who spoke was only one of them. , but the other person remained silent.

Judging from the voice of the person who spoke, the person who spoke was very young, not very old...

Chapter 2072

But at the scene, Feng Qingyan saw that the other party actually offered five thousand gold coins to buy it, and she smiled sweetly and said:"It seems that you really want this thunder stone, so that little girl will not win anyone's love." , give up bidding"

"snort!"

The person in the box snorted coldly, obviously not wanting to accept Feng Qingyan's favor.

If Feng Qingyan hadn't interrupted her, he could have bought the thunder stone at a lower price. Of course he would not accept it at this moment. Feng Qingyan fell in love.

As soon as Feng Qingyan gave up the bidding, the thunder stone was snapped up by the mysterious man in the box for five thousand gold coins.

"This man is really strange. He actually wanted to take a picture of this thunder stone. Could it be that he is a thunder elephant warrior?"

Thinking of this, Qin Chuan focused on the box.

At this time, a gentle voice came from the box: "Brother Lei, you finally took a picture of this thunder stone!"

The person who spoke was another person. Listening to this voice, he was also a young man.

"snort!" The young man surnamed Lei snorted coldly, "If that little bitch named Qingyan hadn't suddenly caused trouble just now, why would I have spent more money?"

"Ha ha!! Brother Lei only spent an extra two thousand gold coins to calm down. We can just kill a third-level ferocious beast and sell a third-level inner elixir, and we can make back the profit."

"Brother Feng, what Lei Mou feels sorry for is not the two thousand gold coins, but he hates that woman. Later, she knew that Lei Mou wanted that thing, but she still had to bid with him. She was really desperate."

"Ha ha!! Brother Lei, let's put this matter aside for now and settle the accounts with her after the auction is over. The purpose of our visit this time is for the final piece of meteorite! Don't ruin our big things just because of this little thing"

"yes! This time, I have to get that piece of meteorite no matter what! Get it no matter what the cost!"

Although these two people were in the box and their voices were very soft, Qin Chuan still heard them clearly, and he couldn't help but be horrified in his heart.

"It turned out that these two people came here specifically for the piece of meteorite, and judging from their tone, they had to get it! It seems that it is very risky for me to take pictures of the meteorite this time!"

Thinking of this, Qin Chuan couldn't help but worry about whether he could take a picture of the meteorite.

He now has less than 150,000 gold coins. Whether he can take the last piece of meteorite depends on that drop of heavenly fire liquid. How was the auction with two drops of Wannian Bingxin Liquid?

At this time, the old man in charge of the venue spoke again, and everyone's attention was also focused on him.

"Everyone, what is going to be auctioned next is a martial arts jade tablet, which records a defensive martial skill called Jinyuan Shield. I guess many people are familiar with this martial skill, right?"

"Although it is just an inferior martial skill, it is very practical. If any gold-type warriors present are interested, they can participate in the auction. The current base price is five thousand gold coins. Each increase in price must not be less than three hundred gold coins. Please bid!"

Hearing this, some low-level gold warriors in the field began to grit their teeth and bid.

"I'll pay you 5,300 gold coins!"

"I'll pay you 5,600 gold coins!"

"Six thousand gold coins!"

The people who participated in the bidding were all gold-type warriors below the second level.

For warriors above the third level, almost no one bid. After all, inferior martial arts have lost their appeal to warriors above the third level.

But for first-level and above For second-level warriors, an inferior martial skill can greatly improve their overall strength. They can go crazy for it.

But the base price of five thousand gold coins is definitely a huge sum of money for them.

It can be said that it is absolutely Most people say that a first-level warrior cannot afford such a price, and even a second-level warrior would find it difficult to pay that much money at once.

In the box, Qin Chuan's eyes suddenly lit up when he saw the gold shield. Show joy...

Chapter 2073

In the box, when Qin Chuan saw the Jin Yuan Shield, his eyes suddenly lit up and his face showed joy.

In fact, he had been looking for this gold dollar shield in the Free Square City before, but he didn't find anyone selling it, so he just gave up looking for it.

Unexpectedly, the second item in the auction was this gold dollar shield.

As long as Qin Chuan cultivates the Jin Yuan Qi to the first level, he can learn the Jin Yuan Shield. At that time, he can fuse the five series of Yuan Shields into one and get a more powerful fusion martial skill.

For now, Qin Chuan has merged the four series of Yuan shields into one and obtained the four-phase Hunyuan shield. Its defensive power has reached the level of superior martial arts.

As for the defensive power of the five-element shield after the fusion of the five-element shield, Qin Chuan doesn't know, but it is at least stronger than the four-phase hunyuan shield.

Therefore, this Jinyuan Shield is also something Qin Chuan has wanted for a long time.

"I'm really lucky today. I saw the Gold Dollar Shield auction at the beginning. I must get it this time. If I miss it this time, I don't know how much energy and time it will take to collect it in the future."

Thinking of this, Qin Chuan was ready to bid.

At this moment, there were several second-level gold warriors in the field, bidding desperately for the gold shield.

"I'll pay you six thousand three hundred gold coins!"

"I have six thousand six hundred gold coins!"

Suddenly, a faint voice came from a box: "Eight thousand gold coins!"

This voice is naturally Qin Chuan's.

As soon as he announced the price, the second-level warriors suddenly became speechless.

Many warriors below the second-level had expressions of surprise and jealousy, and their eyes fell on Qin Chuan. In the direction of the box where Chuan was, there were many people muttering.

"He opened his mouth with eight thousand gold coins. This man is really rich!"

"Of course, didn't you see that man sitting in the box? I heard that this private room costs 500 gold coins to buy! Can ordinary people afford it?"

"I see that this person is also bidding for this gold shield with us. He must be like us, a warrior below the second level. But, can a second-level warrior have so much money?"

"hehe!! Maybe he is from a rich family, so he naturally doesn't care about this little money."

"That's right!! These children of wealthy families are different from us casual cultivators! It's so irritating that people are so different from each other!"

Hearing the complaints and envy of the low-level warriors in the field, Qin Chuan smiled slightly, and naturally he didn't take it to heart. Wasn't he like this before?

But he said that as soon as the price of Qin Chuan's eight thousand gold coins was announced, no one would dare to bid with him.

In the end, he easily bought the gold dollar shield for eight thousand gold coins.

Qin Chuan was very happy to be able to win the gold dollar shield. He thought in his heart: "Even if he fails to bid for the meteorite iron in the end, getting this gold dollar shield can be regarded as the same gain!"

The auction will continue. , later items became more and more precious.

Among them, there are a few items that Qin Chuan is more interested in, but in order to get the last meteorite, Qin Chuan did not participate in the bidding.

When it came time to auction the last few items, Qinchuan's Heavenly Fire Liquid and Ten Thousand Years Ice Heart Liquid were regarded as the finale items.

Later, a drop of Qin Chuan's Heavenly Fire Liquid was auctioned for 123,000 gold coins.

Qin Chuan is basically satisfied with this price.

However, what Qin Chuan didn't expect was that when the two drops of Ten Thousand Years Ice Heart Liquid were auctioned next, the scene was extremely hot, with many people participating in the auction.

After all, Tianshui City is dominated by water warriors, and this Ten Thousand Years Ice Heart Liquid is extremely rare, and it can help break through bottlenecks, so it is naturally very popular.

In the end, one drop of Ten Thousand Years Ice Heart Liquid was auctioned for 147,000, and the other drop was auctioned for 139,000.

After such a calculation, after deducting the commission from the auction house and adding the gold coins currently on Qin Chuan's possession, Qin Chuan now has more than 537,000 gold coins.

With so much money, Qin Chuan suddenly became confident in photographing the last meteorite.

He also didn't expect that his Heavenly Fire Liquid and Ten Thousand Years Ice Heart Liquid would sell so well. This can be said to be an unexpected surprise..

Chapter 2074

Next is the penultimate item of the auction, which is actually a golden spiritual weapon, the Golden Gun.

Finally, it was bought by an old man in the VIP box for 276,000 gold coins.

After the auction of the dazzling golden gun ended, the atmosphere in the venue gradually became high.

Because when the Golden Gun was auctioned previously, many people were shocked by its value, but they did not expect that it was not the final item. This made many people curious about the last item.

Of course, many people are also curious, will this last final item be auctioned by the water auction?

At this time, the old man in charge of the venue also said with excitement: "Everyone, the auction has been going on now, and it is about to reach the most exciting moment. Because what is going to be auctioned next is the final item of this auction. Please wait and see!"

After saying that, the old man asked a female waiter to hold a brocade box.

As soon as he saw this, Qin Chuan in the box began to get nervous, because he knew that the auction of the extraterrestrial iron was about to begin. Whether he could buy the extraterrestrial iron depended on the final bid.

At the same time, in the box that Qin Chuan had paid close attention to before.

The young man named Lei suddenly opened his eyes and looked at the brocade box held by the maid on the stage, showing excitement.

"It's finally starting! Brother Feng, that box should contain meteorite."

"good! I think so!"

"I heard that this piece of meteorite is as big as a fist. It should be enough for you and me."

"That being said, it is hard to say whether you and I can take photos of this extraterrestrial meteorite this time."

Hearing this, the young man surnamed Lei snorted coldly, with a violent look on his face, as if he was crazy and said: "Humph! Whoever dares to fight with us will be killed by me!"

In the box, Qin Chuan was very surprised after listening to the conversation between the two. At the same time, he also felt that today's bid for the meteorite was not as simple as he imagined. Even if he won the bid in the end, he would probably have trouble.

However, Qin Chuan will not give up the bidding because of this. From the tone of that person, it seems that he will not give up if he can't get the meteorite.

It's really strange, what is the use of the meteorite to them?

I heard that this piece of meteorite iron is one of the raw materials for refining the best spiritual weapons, but I have never heard of its other uses. Could it be that these two people want to get this piece of meteorite iron to refine the best spiritual weapons?

Qin Chuan After Chuan pondered for a while, he still shook his head slightly.

According to his judgment, the cultivation level of these two people was only at the fourth level, and they had not even reached the fourth level Dzogchen.

With their level of cultivation, they wanted to refine It is very difficult to create a top-quality spiritual weapon!

Because the refining materials for that top-quality spiritual weapon are very difficult to collect. These can not only be solved with money, but cannot be solved without a certain level of strength.

Moreover, listen to their conversation just now It means that two people share a piece of meteorite iron. If this piece of meteorite iron is really only as big as a fist, I am afraid it is not enough to refine a top-quality spiritual weapon. How can they be shared by two people?

It seems that these two people want meteorite iron. Iron is really not for refining the best spiritual weapons, so what on earth do they want to do?

Could it be that the meteorite iron has another use for these two people?"

Thinking of this, Qin Chuan couldn't help but wonder at the two men who wanted to obtain the meteorite iron. I became curious about its purpose.

At this time, the old man in the auction house spoke, and Qin Chuan's thoughts were interrupted.

At this time, the atmosphere in the venue was very warm, and everyone looked at the brocade box excitedly, because everyone knew that the brocade box contained the final item of the day...

Chapter 2075

Items that can be used as the last grand finale are often extremely treasured items. They all want to know, what exactly is in that box?

Not everyone can get information in advance and know what the final item of this auction will be.

Only those who have good strength or have a certain financial foundation and those at the auction will disclose the auction information.

Seeing the expectant expressions of many people in the hall, the old man in charge also became excited and proud.

"In addition, the most exciting moment has arrived, and now we begin the auction of the last final item. What exactly is this final item? I will introduce it to you now!"

After that, the old man asked the waitress to open the brocade box, revealing a fist-sized, dark-colored iron block.

The iron block didn't look like it at first glance, but if you look closely, you can see the iron block. A faint blue halo was exuding all around.

What was even more surprising was that as soon as the black iron block appeared in front of everyone, the surrounding force field centered on it, and a strange change occurred. It seemed that the surrounding light is distorted by its presence

"Oh my God! This is an extraterrestrial meteorite!"

Obviously I knew someone at first sight.

"Meteorite from the sky? What it is?"

"This meteorite is an extremely rare metal spiritual object! It is one of the raw materials for refining some of the best spiritual weapons."

"It is the raw material for refining the best spiritual weapons! No wonder it's so valuable. I wonder where this extraterrestrial meteorite can be obtained?"

"Since it is called meteorite, it naturally comes from which meteorites and meteorites it was obtained from. However, I heard that it is very difficult to obtain meteorite. In most meteorites, you can only find ordinary meteorite at most. Spiritual meteorite like this is extremely rare!"

"So that's it! Those meteorites are very rare. It is even more difficult to find extraterrestrial meteorites from rare meteorites."

"yes!"

As everyone whispered, many people finally knew what the black thing was.

"cough!!"

With a slight cough, the old man in charge drew everyone's attention to himself.

After a slight pause, he said

"Presumably many of the friends present have recognized this item. As usual, I will introduce it to everyone first. Many friends have already figured out that this black piece of iron is meteorite iron, and its greatest function is that it can refine the best spiritual weapons."

As soon as these words came out, many people in the audience suddenly realized. No wonder this extraterrestrial iron can be used as the final item. It is actually one of the raw materials for refining the best spiritual weapons.

"Everyone! Next let's start shooting!"

At this point, the old man cleared his throat again and said:"Now let's start the auction of this extraterrestrial meteorite! The base price is 300,000 gold coins, and each increase must not be less than 5,000 gold coins. Please bid!"

As soon as these words came out, many people in the venue were stunned.

Although they knew that this extraterrestrial iron was extremely precious, they did not expect that the base price alone was 300,000 gold coins, which was too high.

"The base price is 300,000 gold coins, and each increase must not be less than 1,000 gold coins. Please bid!"

The old man shouted again

"I offer three hundred and five thousand gold coins!"

The first one to speak was actually an old man in the box on the third floor.

"good! Three hundred and five thousand gold coins, does anyone offer a higher price?"

"I'll pay 310,000 gold coins!"

There was also a bid in another VIP box.

Then, several more people in the box began to bid.

The young man surnamed Lei also participated in the bidding.

Soon, the bidding atmosphere became more and more heated..

Chapter 2076

Qin Chuan was not in a hurry to bid, he was still waiting for the opportunity

"I offer 320,000 gold coins!"

"Three hundred and twenty-five thousand gold coins!"

The bidding continued, and before long, the price was raised to 400,000 gold coins, and the number of bidders gradually decreased.

After all, that piece of meteorite iron is only the size of a fist, which is not enough to refine a top-quality spiritual weapon. The price of 400,000 yuan is almost reaching its limit.

"I offer 420,000 gold coins!"

A hoarse voice came from the VIP box, sounding like an old man, but what was surprising was that he raised the price from 400,000 to 420,000 in one go. As soon as the price came out, those who participated in the bidding There was silence immediately.

Obviously, many people thought that 420,000 gold coins was almost the limit for the piece of meteorite. If they continued to bid, they would suffer some losses and immediately gave up. The old man in charge saw that no one bid anymore, Then he shouted:"The current price is 420,000 gold coins, is there anyone who can offer a higher price? any left?"

The old man shoutedAfter several times, when no one answered, he shouted again:"Four hundred and twenty thousand gold coins for the first time. Is there anyone who offers a higher price?"

At this time, a voice came from a box on the second floor.

"I'll pay 430,000 gold coins!"

It was the young man named Lei who spoke.

"good! The current price is 430,000 gold coins! Has anyone offered a higher price?"

The old man shouted a few more times, but found no one answered, so he said:"Now it's the first time for 430,000 gold coins. Is there anyone who wants to bid?"

There was still silence in the venue, and the old man in the VIP box also stopped bidding and apparently gave up.

At this moment, the only young man surnamed Lei was left in the venue.

"Four hundred and thirty thousand gold coins for the second time! Anyone else bid?"

Seeing the old man shouting for the second time, there is still no one bidding.

Seeing this, the young man surnamed Lei in the box couldn't help showing joy and said to the young man surnamed Feng beside him:"It seems that this meteorite is going to belong to us!"

"yes! This auction went quite smoothly. I hope there won't be any accidents later. We don't have much money!"

At this moment, let alone these two people, most people in the audience believed that the meteorite was finally photographed by a young man named Lei.

At this time, the old man in the audience also continued to shout:"430,000 gold coins...."

However, before the old man could shout out, Qin Chuan calmly shouted:"Four hundred and fifty thousand gold coins!"

Qin Chuan's sudden bid immediately caused a commotion in the venue.

Outside Qin Chuan's box, everyone's eyes were immediately focused.

At this moment, everyone is very curious, who is this person who suddenly killed? And the price of his debut was 400,000 yuan.

However, everyone was surprised and curious.

In another box, the hot-tempered young man surnamed Lei suddenly became furious and cursed in a low voice: "Why did another bastard show up halfway? He actually gave out 450,000 gold coins in one go. He was really willing to give it up! It has exceeded the value of the meteorite that day. What should I do?"

"yes!"

The young man surnamed Feng beside him couldn't help but frown. Apparently he was also very annoyed with Qin Chuan's sudden appearance. He looked in the direction of Qin Chuan's box. Suddenly

, the young man surnamed Feng's expression moved slightly, and he suddenly looked like After discovering something, his eyes lit up with joy, and then he made seals with both hands and pressed the air in the direction of Qin Chuan.

However, when Qin Chuan was listening carefully to what the two people were doing, he heard that in the other party's box, He was immediately surprised by the sound of someone's hand sealing the seal.

But at this moment, an invisible force suddenly came from the opposite side.

Qin Chuan was stunned. Before he could understand what was going on, he sensed the invisible force. The force swept over myself, and then I felt an inexplicable palpitation and uneasiness in my heart. This feeling was very sudden..

Chapter 2077

"Huh! What happened just now?"

Qin Chuan quickly checked his whole body, but found nothing abnormal, which made him feel very uneasy.

At this moment, he knew that he must have been hit by some strange trick of the other party, but he couldn't find it out. It seemed that the other party It's not simple either.

Thinking of this, Qin Chuan became even more uneasy.

But in that box, the young man named Lei saw the young man named Feng suddenly use that move, and his eyes showed doubts.

Just when he was about to ask, the young man named Feng suddenly He made a gesture of silence.

The young man surnamed Lei quickly understood and remained silent.

The two also gave up the bidding.

In the end, Qin Chuan bought the piece of meteorite for 450,000 gold coins.

But at this moment, He couldn't be happy because he knew that he had been hit by a strange trick, but he couldn't find out what was wrong. At this time, Qin Chuan just wanted to get the things and leave this place of right and wrong as soon as possible.

At that moment, Qin Chuan went to the auction Backstage at the meeting, he hurriedly settled the accounts, received the piece of meteorite iron, then quietly went out from the back door of the auction, and then hurried out of Tianshui

City. At this moment, he just wanted to leave Tianshui City immediately.

Not to mention worrying about being caught by that person A mysterious young man is targeting him. The piece of meteorite he just bought at the auction has also been seen by many masters above the fifth level. If someone is concerned about it, it is always unsafe to stay in Tianshui City, so Qin Chuan After getting the things, he hurriedly left.

However, not long after Qin Chuan secretly left the auction venue, two more young people walked out of the auction venue.

These two young men were both in their twenties and sixties. The figure was strong and uplifted, and the black hair was faintly emitting blue light.

The other person had a delicate appearance and unusually fair skin.

These two people were the two mysterious young people in the box previously.

At this time, the strong young man asked The frail young man beside him asked:"Brother Feng, where is that little guy? The frail young man said cautiously:"

That kid is very smart. He has noticed something is wrong and headed outside the city!"

"If you go outside the city, that's fine! We are intercepting and killing outside the city now, and taking back the meteorite from outside the sky! I don't know what kind of strength this guy is?"

"Do not worry! This guy definitely doesn't have level 5, otherwise my mind-searching technique wouldn't be successful. My mind-asking technique can only be effective on warriors of the same level and below, and has no effect on fifth-level warriors."

"In fact, the reason why I just used this technique on him is because I found that the box this person is in is just an ordinary box, which means that his strength has not reached the fifth level."

"hehe! Brother Feng is still thoughtful! Since this person has not reached the fifth level, I wonder how many moves he can get through in Lei's hands?"

"Ha ha!! Why don't we take a gamble? I bet Brother Lei can't kill him within three moves!"

"snort! Brother Feng, you underestimate Lei Mou too much. As long as he is not the fifth level, even if he is the fourth level of Dzogchen, killing him is not a matter of disguise."

"Yeah? Then let's catch up and give it a try now!"

The two of them laughed loudly and chased Qin Chuan in the direction he left.

However, Qin Chuan ran away all the way, and not long after, he left Tianshui City.

As soon as he left Tianshui City, Qin Chuan looked behind him and found nothing. Someone was following him, and he felt at ease.

He had been staying in Tianshui City for more than half a month since he cheated the little prince of the elixir.

According to the information he overheard that day, it would take about half a month for the little prince to get the pill. The fifth-level masters that the prince was waiting for were about to arrive.

By then, they would go to the Fire Lotus Cave to hunt for treasures.

After all, he didn't have much time, so he might as well go to the Fire Lotus Cave before them!

Thinking of this, Qin Chuan then chose a direction, immediately followed the official road, and rushed ahead..

Chapter 2078

The place Qin Chuan wants to go is the Qilian Mountains at the junction of Tianshui City and Fengyan City.

The Qilian Mountains are very vast and stretch for thousands of miles, forming a natural dividing line on the edge of the two major cities.

The Qilian Mountains are vast and there are many ferocious beasts in them. Compared with the Ten Thousand Beasts Forest outside Tianshui City and the Frightening Ridge near Fengyan City, there are many times more ferocious beasts in it.

That's the real paradise for ferocious beasts.

However, places with many ferocious beasts are also the favorite adventure places for warriors.

Because the more dangerous a place is, the easier it is to make a fortune or encounter adventure.

Therefore, countless warriors venture into the Qilian Mountains every year.

These warriors are not all warriors from Tianshui City and Fengyan City, there are also many from other cities.

While there are casual warriors who come to hunt ferocious beasts and explore for heavenly materials and earthly treasures, there are also children of wealthy families and sects who come to hone their skills.

However, the Qilian Mountains are also full of dangers. It is even said that there are eighth-level ferocious beasts deep in the Qilian Mountains. No one knows whether there is such a thing, because no one dares to go deep into the deepest part of the Qilian Mountains.

The reason why Qinchuan wants to go to the Qilian Mountains is because the Fire Lotus Cave is located in the Qilian Mountains.

But it was said that Qin Chuan was rushing in front of him, and seven or eight miles behind him, the young men named Lei and Feng were looking at the official road in front of them.

"This kid was walking along this official road. Can you feel how far away he is from us now?"

The young man surnamed Lei asked the question in his heart

"It should be more than five miles!"

"impossible? Is he that fast?"The young man surnamed Lei had a look of disbelief on his face.

The young man surnamed Feng said with certainty:"It should be more than five kilometers, because my mind-finding ability cannot sense the other party's position beyond the five-kilometer range. I can no longer sense his position now."

Hearing this, the young man surnamed Lei looked at the official road with messy footprints in front of him and frowned.

Although it was already winter and the ground was covered with snow, there were still many people coming and going on the official road. From these messy footprints, it is somewhat difficult to identify which one is Qin Chuan's footprints.

"so what should I do now? The young man surnamed Feng thought for a while and then said:"No matter how fast he is, he shouldn't be too far away!" Look at me!"

Speaking of this, the young man surnamed Feng made seals repeatedly, and a green light flashed on his body, and immediately a green whirlwind formed around him.

Next, something surprising happened.

The body of the young man surnamed Feng actually slowly slowly Floating into the air, he floated to more than thirty meters in the air before stopping.

It turned out that this young man with the surname Feng was actually a wind elephant warrior.

Wind elephant warriors are transformed from warriors of the three elements of water, wood and fire, and they must combine the vitality of all three elements. Only when you have cultivated to the fourth level, and at the same time have the qualifications of the three series to reach the upper level, can the transformation be successful.

Moreover, once the transformation is successful, the strength will be doubled.

Generally speaking, the combat power of a fourth-level wind elephant or thunder elephant warrior is at least He was twice as powerful as an ordinary fourth-level Dzogchen peak warrior.

However, the young man named Feng floated into the air and looked forward. He soon saw a line of clear footprints stretching out on the snow beside the official road ahead, stretching into the distance..

Seeing this clear line of footprints, the young man surnamed Feng showed joy on his face. He was very sure that the line of footprints was left by Qin Chuan, because the direction of the line of

footprints extended from Tianshui City, and The footprints were very clear, and they should have been left recently.

Thinking of this, the young man named Feng fell from the sky.

The young man named Lei on the side saw a trace of envy in his eyes when he saw the young man named Feng falling from the sky.

He could fly into the air, only eight steps Only a warrior can do it. If he wants to cultivate to the eighth level, he doesn't know if he can achieve it in this life. If he can't achieve it, his wish to fly alone will not be realized..

Chapter 2079

"What kind of martial arts are you doing?"

"This wind-type martial art, levitating technique,"

"oh? Your previous mind-asking technique was also a wind-type martial skill?"

The young man named Feng smiled slightly:"No!" That's a wood martial skill. You also know that our wind warriors are transformed from the three elements of water, wood and fire, so naturally we can learn the martial arts of the three elements of water, wood and fire. Hearing this

, the young man surnamed Lei nodded slightly:"That's right!" However, since I got to know Brother Feng along the way, Brother Feng has mastered many levels of martial arts! Lei Mou can't even think about whether he is envious or not."

"Ha ha!! Brother Lei, you don't have to be envious. As long as you join our 'Tian Shen Sect', you can learn any martial arts you want to learn in the future. Even the top martial arts of Lei Xiang can be learned."

"Brother Feng, what kind of sect is your 'Tian Shen Sect'? Where is it? Why haven't I heard of it before?"

"Brother Lei, you and I hit it off right away, and I don't want to hide anything from you. It's just that the sect has regulations on some things, and it's not convenient for Feng to tell him, but there is one thing that Feng can still tell Brother Lei. We, the 'Tian Shen Sect', are a mysterious existence that transcends the entire continent. You will never imagine how powerful we are."

"Moreover, we only recruit warriors of the two elephants of wind and thunder. I think Brother Lei is a Thunder Elephant warrior or a casual cultivator. I don't want Brother Lei's qualifications and talents to go to waste, so I want to introduce Brother Lei to join our Tianshen Sect."

The young man named Lei hesitated for a while, and finally made up his mind and said:"Okay! I, Lei Yun, can trust Brother Feng. When this matter is over, Lei will go to the Tianshen Gate with Brother Feng.""

When the young man named Feng saw Lei Yun's promise, he was immediately overjoyed:"Haha! Feng Xing is here to congratulate Brother Lei for finally figuring it out. Brother Lei, I can assure you that joining our 'Tian Shen Sect' will definitely bring many benefits."

Lei Yun smiled and said:"Brother Wangfeng will take care of him then."

"Brother Lei, you're welcome!"

"By the way, Brother Feng, you were watching in the air for a long time just now. Do you know the direction in which that kid is leaving?"

Feng Xing nodded and said:"I saw it! Let's speed up and catch up! To avoid a long night and many dreams."

After hearing this, Lei Yun also said:"Okay!"

At that moment, the two of them speed up and catch up.

The two of them are wind elephant warriors and thunder elephant warriors respectively. Although they are both fourth-level warriors, their speed is much faster than that of fourth-level Dzogchen warriors.

Even faster than Qin Chuan's speed after transformation.

Especially Feng Xing, who is originally a wind warrior.

What Fengxiang warriors are best at is speed.

But ahead, Qin Chuan was running on the snow. Suddenly, his expression moved slightly and he looked behind him in surprise.

He vaguely felt someone behind him and chased after him.

Because he heard two piercing sounds behind him and was chasing after them.

This discovery naturally surprised Qin Chuan.

"What a speed! It seems like two people? Who are these two people?"

Qin Chuan's expression changed slightly, and a cold light flashed in his eyes in annoyance.

"snort! It's so haunting! Then I have to see, who are they?"

Thinking of this, Qin Chuan glanced around and found that except for his own footprints on the empty snow, it was difficult to find a place to hide.

Seeing this, Qin Chuan simply crossed his hands on his chest and stood. He waited quietly on the spot for the two of them to arrive.

Not long after, two young warriors appeared in Qin Chuan's sight. It was Feng Xing and Lei Yun who were chasing him.

When Feng Xing and Lei Yun saw Qin Chuan standing there, When they were waiting for them there, they were all surprised.

The three of them immediately stood in the snow and faced each other.

"Good boy, you are here waiting for us to come. Did you discover us in advance? Lei Yun asked.

Qin Chuan snorted coldly, but did not reply directly, but asked:"Who is your Excellency?" Why are you pursuing me so closely?"

"Ha ha!! You want to know who I am? Then Lei can tell you. I'm Xia Leiyun, a fourth-level thunder elephant warrior, ranked thirteenth on the rookie list."

Chapter 2080

Hearing this, Qin Chuan's expression changed drastically. He knew that the opponent was very strong, but he did not expect that the opponent was actually a fourth-level thunder elephant warrior. With his current strength, he was no match for the opponent.

At that moment, Qin Chuan asked:"I wonder why you two worked so hard to catch up with me?"

Seeing Qin Chuan's face changed drastically after hearing his name, Lei Yun suddenly became proud. He thought Qin Chuan was afraid of himself and immediately said

"Since you asked, Lei will give you a chance to live! Obediently hand over that piece of meteorite iron! We'll let you live. Otherwise, hum! You should know the consequences!"

After saying that, Lei Yun sneered, with a look of disdain on his face.

But Qin Chuan's mind turned quickly. He couldn't possibly hand over the piece of meteorite that cost 450,000 gold coins to take. , how could he just give up?

In fact, he had already guessed that the other party's purpose was to meteorite from the sky.

Seeing Qin Chuan's silence, Lei Yun suddenly became impatient and shouted:"Boy! I see that you are wearing a mask and look sneaky, and you are also procrastinating in doing things. Will you hand it over or not?

Qin Chuan pondered for a while and said,"What if I don't hand it over?"

"No! Then Lei has no choice but to do it himself, kill you, and then take the meteorite iron from you!"

As soon as he finished speaking, Feng Xing on the side said quietly: "Brother Lei, let's do it quickly! This guy obviously doesn't want to make friends!"

"Ha ha! Brother Feng, remember the previous bet, Lei will let you see how I killed this kid in three moves!"

After saying that, Lei Yun laughed loudly and was about to take action.

Seeing that Lei Yun was about to take action, Qin Chuan's expression was stern, and he did not dare to be careless in his heart. He saw a cold light flash in his hands, and directly took the two swords of fire, fire and ice. on hand

"Huh! There are still two spiritual weapons! It seems like you have a lot of treasures in your body!"

When Lei Yun saw the Fire Sword and Ice Sword in Qin Chuan's hands, a trace of greed flashed across his eyes, and his murderous intent became even stronger.

"However, what if you have a spiritual weapon? With your third-level Dzogchen cultivation, I only need one move to kill you!"

Lei Yun glanced at Qin Chuan disdainfully, and with a swipe of his hand, he pulled out the sword from his waist. His aura slowly increased. In the blink of an eye, fine lightning appeared around him, and in his hand The long sword was surrounded by blue electric light as thick as a finger, and it made a crackling sound, like a restless poisonous snake, ready to bite anyone at any time.

"What a terrifying momentum!"

Seeing this, Qin Chuan also felt an inexplicable fear in his heart.

The most terrifying thing about thunder elephant warriors is their super attack power, which even the wind elephant warriors of the same level cannot compare to.

Thinking of this, Qin Chuan He didn't dare to hide anything anymore. He activated the four elements of luck in his body, and his aura slowly increased, and four-color light appeared on his body.

Seeing the four-color light of vitality suddenly appearing on Qin Chuan's body, Lei Yun He Fengxing had a look of surprise on his face.

After a while, Lei Yun said: "I said you are just a third-level Dzogchen warrior. Why are you so fast? It turns out that you are a fourth-level warrior. This is surprising. What a surprise! However, what if you are a four-series warrior?"

"Among the same level, the strength of the four-series warriors is slightly lower than that of the two-elements warriors of Wind and Thunder. Even if you are a fourth-level four-series warrior, you are not my opponent, not to mention you are only a third-level Dzogchen warrior!"

Having said this, Lei Yun still had a look of disdain on his face.

Qin Chuan snorted coldly and did not make any response.

"Since you are so ignorant, let me give you a ride."

As soon as he finished speaking, Lei Yun's figure suddenly flashed, bringing out a large swath of lightning wherever he passed. The long sword in his hand turned into a seven or eight meter long thunder and lightning sword, and he directly charged Qin Chuan. chop away..
