Chapter 211

"The people from the Deep Sea Clan are here!"

Someone in the crowd murmured.

Qin Feng also looked curiously.

He saw that the leaders of the Deep Sea Clan were two nine-star emperors.

One was an old man wearing a crown, and the other was a stunning beauty wearing palace clothes. She looked completely human. Behind them were ten people.

These ten people all looked like humans, but they all had the characteristics of monsters.

For example, some had fish scales on their necks, some had fish fins on their backs, and some had fish fins on their heads. There were strange horns, and one of them had seabird wings on his back.

As the Deep Sea people approached, in the air, one of the seven human emperors walked out.

He was a majestic old man, wearing a retro Han and Tang Dynasty gown, standing in the wind.

He is the Emperor of the Azure Dragon Alliance - the Azure Dragon Emperor, the strongest human being

"Whale King, Shark King, we have been waiting for a long time.....", Emperor Qinglong greeted with a smile

"Ha ha!! Brother Qinglong, I've kept you waiting for so long.....", The old man wearing a crown smiled kindly.

He is the Whale King, and his true body is a blue whale.

The beauty in palace attire beside him is Emperor Shark, and her true form is an extremely rare mermaid.

After a while, both sides gathered, and the emperors greeted each other.

Although the two sides usually have frictions, they are still unanimous when facing the Starry Sky Beast Tribe.

And they can also enjoy it together in the Dragon Ruins Secret Realm

"Whale King, I heard that you have a junior with dragon power. I wonder who it is?"

The White Tiger Emperor inquired curiously.

The other emperors also looked curiously at the ten candidates from the Deep Sea Clan.

Unfortunately, these ten people were covered in cultivation and aura, and they could not see who had dragon power.

The Whale Emperor smiled and said nothing..

How could he say this?

This is their biggest advantage in entering the Dragon Ruins this time. If the candidate is exposed, they will probably be targeted.

The Whale Emperor didn't say anything, but the proud look on his face was not concealed.

Even Shark The corner of Huang Ye's mouth slightly curled up, feeling proud in his heart. The human emperors all showed envy.

This time, the Deep Sea Clan gave birth to a Dragon Mighty One, and his harvest must be far higher than theirs. How could they not be envious of this!

Among all the emperors, Only Feng Di had a calm face.

Her beautiful eyes moved and she quietly looked at Qin Feng below.

Qin Feng stood out among the crowd and looked very eye-catching. Feng Di thought to himself that his own man was the best.

"Everyone, everyone is here. Let's start the age test!"

The Qinglong Emperor said hello, and all the emperors descended from the sky.

Players from all alliances also gathered.

Everyone knew that the age test was about to begin.

Many people showed nervousness on their faces.

This is related to their interests!

"Whale King, as usual, let's start with your deep-sea clan!", Emperor Qinglong said casually

"no problem!", Emperor Shark readily agreed.

The ten candidates behind him were automatically divided into two groups.

According to the rules, a group of five people entered in batches.

Therefore, the Deep Sea Clan sent ten players and they were divided into two groups.

Qinglong The emperor waved his hand casually, and a palm-sized jade talisman was suspended in front of everyone.

The first group of five members of the Deep Sea Clan stepped forward automatically.

Only one Deep Sea Clan with scales on his neck cut his fingertips and spurted out a drop of blood. , flew towards the jade talisman.

As soon as the blood essence came into contact with the jade talisman, it was completely absorbed.

Then, the jade talisman's spiritual light shined.

A silver number lit up in the light: 297!

That's right!

This deep sea tribesman's The age is 297 years old.

The Deep Sea Clan has a long life, but their intellectual development is slow. Many people do not fully open their spiritual wisdom until the sixth star, so their cultivation is slow.

For the sake of fairness, the upper limit of the Deep Sea Clan's age to enter the Dragon Ruins is 300 years old.

They In the age ranking test, statistics will be divided by 3.

This 297 years old divided by 3 is converted to 99 years old.

Soon, the second deep sea tribesman tested, his test result was 300 years old, converted to 100 years old, which is exactly The upper limit has been reached.

Everyone is not surprised by this.

One hundred years old, at this level of the Seven-Star Monarch, is very young.

They are all the elites of the younger generation.

Soon, the first set of tests of the Deep Sea Clan were completed.

Conversion After that, the total age was 497 years old.

This result was very average.

Soon, the results of the second group of the Deep Sea Clan came out. After conversion, the result was 476 years old. The result was acceptable and currently ranked first.

"Next, which alliance will be tested first?", Emperor Qinglong looked at the human side

"Let us, the White Tiger Alliance, come first!"

The White Tiger Emperor is a middle-aged man with a strong back and a strong back. He is a bit impatient in his work.

At the moment, the people from the White Tiger League tested it first.

A few minutes later, the results came out, with a total of 479 years old and currently ranked second.

Next, the people from the Vermillion Bird League Test.

Everyone in the Suzaku League is very proud!

Their emperor, the Immortal Fire Emperor, is extremely powerful and can be ranked among the top three human emperors.

He has some interest in Jiutian Phoenix Emperor, and even expressed his love to Phoenix Emperor, but He was sternly rejected by Emperor Feng.

Soon, the results of the Suzaku League came out. 411 years old, a very good result, directly ranked first.

This made the Immortal Fire Emperor and the people of the Suzaku League very proud, with pride on their faces. Sexy.

It also made others envious and jealous.

"Emperor Feng, I wonder what achievements your Southern Alliance can achieve? I remember that last time, you lost to our Vermillion Bird League in this age test."

The Immortal Fire Emperor said with a smile.

It's just that his tone was a bit sinister.

Emperor Feng once rejected him, making him a joke to all the emperors.

This matter made him brood.

So, as long as there is a chance, he will do it. Suppress Emperor Feng.

He wants this woman to know how good he is!

He wants this woman to regret her stupid decision!

Emperor Feng glanced at the rough face of Emperor Fire and said displeasedly: "This time, I will definitely win. you!"

"Yeah? Ha ha!! This emperor is looking forward to it!"

The Fire Emperor looked unconcerned.

He was very confident in himself.

This time, their Vermillion Bird Alliance produced several extremely outstanding talents.

All of them were of different ages. Even though they are big, they have all cultivated to the Seven-Star Great Perfection.

According to his estimation, the first place in the age test this time is between them and the Qinglong League.

SAARC is not a rival at all.

What's more, SAARC's performance in every edition has been average and mediocre.

Presumably, this time is no exception.

After a while, the Vermillion Bird Alliance overtook the Southern Alliance, and he satirized the woman again.

The more the Immortal Fire Emperor thought about it, the more proud he became.

He is an arrogant and selfish person.

He thought that all the women in the world should revolve around him.

Emperor Feng actually rejected him, which was really unforgivable.

Age testing continues.

Soon, Xuanwu League, Northern League, and Snow Mountain League all tested, leaving only Qinglong League and Southern League untested.

The results of the Vermillion Bird League are indeed excellent, being far ahead and ranking first, a full 30 years younger than the Snow Mountain League, which is ranked second.

The Immortal Fire Emperor is also becoming more and more proud

"Emperor Feng, is it you who will test first this time, or our Qinglong Alliance??" ,Emperor Qinglong asked politely

"Dragon Emperor, you have priority!"

"good!", Emperor Qinglong also simply said, "You guys come over and test it!"

A few minutes later, the results of the Qinglong League came out, and the whole audience exclaimed.

"Oh My God! Only 359 years old!"

"Tsk tsk!! The average age is only over 70 years old, which is too exaggerated!"

"Yes! Generally, if someone can cultivate to the six-star realm at the age of seventy, they are considered to be geniuses...."

"The people of the Qinglong Alliance are indeed outstanding people, and all of them are super geniuses!"

All the players whispered.

Those members of the Azure Dragon Alliance were also very proud.

Even the Immortal Fire Emperor was shocked.

Their score was 411 years old, which is much less than the Azure Dragon Alliance!

Sure enough, the Azure Dragon Alliance is worthy of being the strongest force on earth.

It's just that No one noticed that Emperor Feng and the people of Nanmeng looked weird.

Is it surprising that the average age is more than seventy?

If you knew Qin Feng's age, how surprised would you be?

Thinking about it this way, Nanmeng The contestants are all smiling.

Emperor Feng's beautiful eyes are also shining

"Emperor Feng, you are the only one left in the Southern League now.....", Emperor Qinglong smiled and looked at Emperor Feng

"good! You guys, let's start testing!", Feng Emperor indicated with his eyes.

At that moment, Qin Feng and others stepped forward.

The Immortal Fire Emperor suddenly intervened:"Feng Emperor, I hope that this time, you SAARC members can gain some momentum and not let you down again!"

"Ah! arrogant!", Emperor Feng sneered, disdainful of him.

"Ha ha!! Arrogant or not? You'll find out soon!", the Fire Emperor pretended to laugh coolly.

At this time, Li Xun from the Southern Alliance was the first to step forward and started the test..

Chapter 212

I saw Li Xun prick his fingertip and shoot a drop of blood towards the jade talisman.

After the jade talisman absorbed the essence and blood, the spiritual light shined brightly, and a 92-year-old character number was displayed.

Everyone looked calm.

This is normal level.

Then Wan Hansheng and Luo Li stepped forward to test.

The combined ages of the three are 249 years old.

Qin Feng and Lu Ming are still left in the Southern League.

Seeing this, the people of the Qinglong League felt at ease.

Their total age is 359 years, and the first place is determined unless the combined age of Qin Feng and Lu Ming is no more than 110 years old.

But is this possible?

Their average age is 55?

This is simply a fantasy.

Not to mention 55 years old, even if you are 65 years old, that is a miracle.

Soon, it was Lu Ming's turn to step forward for the test.

He was a little nervous.

Because all eyes are on him.

He pricked his fingertip anxiously, squeezed out a drop of blood, and walked towards the jade talisman.

After a moment, the jade talisman lit up with a silver number: 91.

As soon as this data came out, the Qinglong League players all smiled.

Even Emperor Qinglong nodded slightly.

Sure enough, this time the first place was theirs again.

Lu Ming is 91 years old, so the four SAARC people add up to 340 years old.

No matter how great the changes are with the remaining boy, it is impossible for the total age of SAARC to be lowered below 359 years.

Not only the people from the Azure Dragon League think this way, but also the people from other leagues.

Many people's faces showed joy.

The cumulative results of the top four players in SAARC are not outstanding.

Their previous worries may be unnecessary.

Not to mention that it is impossible for the South League to compare with the Qinglong League, I am afraid that it will not be able to make it into the top three.

At this moment, the people of the Vermillion Bird Alliance also looked happy.

This time, they will take second place again.

The Immortal Fire Emperor even said with a mocking look on his face: "Feng Emperor, it seems you are going to lose again this time!... Sure enough, your Southern Alliance is not as good as our Vermillion Bird Alliance!"

Now, only Qin Feng is left in the Southern Alliance..

Unless Qin Feng is younger than 52 years old, he will definitely lose to the Vermillion Bird League.

If Qin Feng is really younger than 52 years old, no one will believe it.

The minimum strength requirement to enter Dragon Ruins is the early seven-star stage. There is a reason for that.

When the secret realm is opened, there will be imperial power suppression at the entrance.

Without the initial strength of Seven Stars, there is no way to get in.

A 52-year-old early seven-star powerhouse?

Have it?

He has never heard of it!

This is nonsense!

Therefore, the Fire Emperor thought he would win.

Emperor Feng glanced at him with disgust, not even bothering to speak.

She doesn't like this person very much

"Ah!", the Fire Emperor was unhappy.

This woman is too arrogant.

Huh! Wait for the results to come out later and see if you can still be so arrogant.

At this time, Qin Feng had already stepped forward and started the test.

Everyone's eyes were focused on him On the body.

Some female players had a flash of light in their eyes.

This boy is so temperamental.

Most of the players looked at the show with expressions on their faces.

"How old do you think this guy is? Looks quite young...."

"Ah! At most, he just looks young! No matter how young you are, how young can you be? I think he is no less than 70 years old!"

"That's right! If you want to have the initial strength of Seven Stars, you have to be 70 years old. Is it possible that this kid's talent can be many times greater than ours?"

The players all murmured in private.

They are all the proud men of heaven and have always been proud.

Qin Feng was too lazy to pay attention to those whispers.

He pricked his fingertip casually, and a drop of bright red blood spurted out.

Drops of blood. It fell on the jade talisman and was quickly absorbed completely.

After a moment, the jade talisman vibrated violently and emitted an extremely dazzling light, covering the entire crowd.

Everyone was shocked.

The jade talisman had never seen such a strange movement before.

A moment later. Finally, an extremely dazzling number appeared on the jade talisman - 17!

The whole audience was in an uproar!

"What? Only seventeen years old!"

"How can this be!"

All the alliance members were completely shocked.

Their mouths opened wide, and their jaws almost dropped.

Even the nine-star bosses looked at Qin Feng in surprise.

Oh my God!

This boy is only seventeen years old!

No wonder he looks like So young!

Everyone was completely shocked.

But the people in the Southern League were all happy.

Seeing the surprised expressions of these people, they felt happy!

The Immortal Fire Emperor had been confused for a long time.

His expression was weird, as if he was eating It was as uncomfortable as death.

He was still arrogant just now, but he was slapped in the face by Qin Feng in the blink of an eye.

At this moment, Emperor Feng looked at him.

His eyes were full of contempt and disgust, as if he was looking at a clown.

Huo The emperor's fragile self-esteem was deeply stung.

He was actually despised by this woman today.

This was unacceptable and unacceptable to him.

At that moment, he stepped forward and said:"Everyone, this young man is only seventeen years old. Can he enter Longxu?"

As soon as this was reminded, everyone thought of something and looked at Feng Emperor.

Emperor Qinglong also frowned slightly:"Feng Emperor, you won't risk this young man's life just to win the first place, will you? Have you told him the truth? If your strength has not reached the early stage of Seven Stars, you will die if you enter!"

As soon as the words fell, everyone nodded.

That's right!

How could a seventeen-year-old boy have the seven-star initial combat power?

He simply couldn't withstand the power of the emperor at the entrance, and he would die if he entered.

What Emperor Feng did was unreasonable.

This is simply It's just cheating!

It's a bit cruel!

Seeing everyone's questioning looks, Emperor Feng smiled slightly. It's really helpless!

My man is so good.

He's so good that people think he's cheating.

It's really A group of ignorant people.....

At this time, the Immortal Fire Emperor looked at Qin Feng again

"Little brother, you must have been kept in the dark, right? Now that you know the truth, you can choose to quit. We at the Zhuque Alliance welcome you....."

The Immortal Fire Emperor said with a smile, and glanced at Feng Emperor with schadenfreude.

He actually dug into Feng Di's corner at this moment.

If Qin Feng withdraws, the number of people in the Southern Alliance will be insufficient, and the results will not be calculated, and the last one will be arranged to enter the Dragon Ruins.

This is a big blow to SAARC.

This is also the Fire Emperor's little calculation.

He believed that Qin Feng would make a wise choice in order to save his life and with his own guarantee.

Emperor Feng smiled.

Can he poach his own man?

"Feel sorry! I will be born as a member of SAARC, and die as a ghost of SAARC!"

Qin Feng answered very simply.

The Fire Emperor frowned: "Young man, didn't you understand just now? Without the strength of the early Seven Stars, you will definitely die if you enter the Dragon Ruins. Don't you want to live anymore? Do you have the strength of the early Seven Stars?"

Qin Feng raised his hand, and a burst of fire blasted a huge rock in the distance into pieces. The whole island trembled violently.

Oh my god!

Everyone was shocked!

The power of this blow was completely reached. Seven-star Dzogchen level!

Seventeen-year-old Seven-Star Dzogchen level!

Everyone was stunned. They looked at Qin Feng one by one, as if they were looking at a monster.

The Fire Emperor's mouth opened wide.

At this moment, the whole place was quiet. , even the sound of breathing is gone..

Chapter 213

At this moment, the whole place was quiet, and there was no sound of breathing.

After a long time, everyone gradually came back to their senses.

The Fire Emperor shrank back in embarrassment.

This time it was a bit embarrassing.

And in front of so many people.

At this time, he felt another mocking gaze coming towards him.

He looked up and saw Emperor Feng looking at him with a mocking look on his face.

He suddenly felt that he had eaten another piece of shit, and it was not as uncomfortable as usual.

When the players looked at Qin Feng, they all took a deep breath and their expressions became complicated.

Some are admired, some are envious, some are jealous, and some are even more jealous... At the age of seventeen, he has the strength of the Seven-Star Perfection. This talent is several times greater than theirs, and he completely outclasses them.

Of course, no one dares to despise Qin Feng anymore.

This young man has seven-star Dzogchen's combat power. He should be considered to have the best combat power among all the players. He must pay attention to it.

"You humans are incredible!"

The whale king who had been watching was amazed.

At the age of seventeen, he was still considered an unweaned baby in his tribe.

The potential of this human boy was terrifying.

"The little guy is very good!"

The Emperor Shark smiled and actually gave Qin Feng an ambiguous look.

She was a mermaid, with extremely beautiful facial features and figure.

This smile surprised many people.

"Emperor Feng, congratulations to you, SAARC, for producing an incredible genius!"

All the emperors showed envy and congratulated Emperor Feng one after another.

Emperor Feng was happy in his heart, and looked at Qin Feng with even more affection.

At this moment, all the emperors understood that as long as Qin Feng does not fall, he will definitely become them in the future. One of them.

Thinking about this, the attitude of the emperors towards Qin Feng has also undergone subtle changes.

Of course, some emperors also have a sense of crisis in their hearts.

If Qin Feng becomes the emperor again, then there will be two emperors in the Southern League.

This broke the balance of the major forces.

"Dragon Emperor, can you announce the ranking?", Emperor Feng asked casually

"Ha ha!! good!!"

The Qinglong Emperor smiled heartily.

In fact, he felt a little disappointed in his heart.

Because of Qin Feng's appearance, the total age of the Southern League was only 357 years old, two years younger than the Qinglong League, and they won the first place.

Their Qinglong League has ranked first three times in a row..

But this time, he thought it was the most stable one, but he didn't expect to encounter a waterloo and actually lost the first place.

Sure enough, God's calculations are not as good as those of humans!

"The emperor now announces that the first place to enter the Dragon Ruins is the Southern League, the second Qinglong League, the third Suzaku League, the fourth Snow Mountain League, and the fifth White Tiger League....

"The second group of the Sixth Deep Sea, the Seventh Northern Alliance, the Eighth Xuanwu Alliance, the first group of the Ninth Deep Sea... Do you have any objections?"

Emperor Qinglong put away the jade talisman.

All the emperors shook their heads and expressed that they had no objection.

But at this moment, a loud voice came from a distance.

"Ha ha!! It's so lively here! The Emperor is late!"

The sound was not loud, but it resounded throughout the entire sea area, as if it was exploding in everyone's ears. When

Qin Feng heard it, he felt that his blood was boiling all over his body, and he was extremely uncomfortable. The expressions of those seven-star players changed drastically. , performed even worse than him.

Even several eight-star team leaders changed their expressions.

The person coming was the nine-star emperor!

But all the emperors on the earth have arrived here, how come there are other emperors?

Could it be the starry sky beast tribe?

All the emperors were shocked and followed the sound.

They saw twelve black shadows dozens of miles away on the sky, flying towards them rapidly.

These twelve people were all wearing black robes, with the sun and moon on them. Star pattern.

The two leaders were actually Nine-Star Emperors.

The ten people behind them were hard to tell, and their auras were obviously covered.

"It's the Nine-Star Emperor! Still two!"

"The aura doesn't look like the Starry Sky Orcs, it looks like a human being!"

"Strange! When did we humans have a new emperor? How come we don't know?"

There was discussion among the crowd.

This sudden change was unexpected.

Only Qin Feng looked calm.

He looked at one of the people who came.

He recognized it, that was Emperor Pluto.

The other one should be The God Emperor

‘As expected, the people from the Hun' organization came anyway.

After a while, people from the faint organization arrived at the scene.

The atmosphere in the field was a little tense.

The two sides have not yet figured out whether they are enemies or friends.

The Whale Emperor and the Shark Emperor stood quietly with the human emperors.

"Who are you?"

The Qinglong Emperor looked at the God Emperor with a solemn face.

This guy's aura is powerful and he is not inferior to himself at all. He is a strong man.

"I am the God Emperor, the leader of the 'Hun' organization."

The God-Emperor took off his hood slowly, revealing the face of a middle-aged man with blond hair and brown eyes, and an elegant temperament.

Judging from the aura emanating from him, it was completely human, not like a starry sky beast tribe.

"This is the deputy leader of our organization - the Hades Emperor!"

Following the introduction of the God Emperor, the Pluto Emperor also pulled down his hat, revealing the face of an old man with black hair and brown eyes.

The appearance of these two people is slightly different from that of the people on Earth, but 99% of them are the same.

There is one more thing that is very special. It is clear that these two guys should be humans.

This makes the emperors puzzled.

When did humans have two emperors again?

"Why haven't I seen you before?"

Emperor Qinglong looked at the unconscious man silently.

"Ha ha!! That's because those of us are hermits. Now that we have achieved success in cultivation, we want to make some contributions to the earth. After all, we are human beings too!"

As soon as the God Emperor finished speaking, a sneer sounded from the crowd.

"I don't think so! Haven't you already colluded with the Star Orcs?"

As soon as these words came out, the whole audience was shocked.

The Starry Sky Beast Clan is the enemy of the earth.

This group of people actually colluded with the Starry Sky Beast Clan, that is the enemy.

"Emperor Feng, you are joking! How could I collude with the Star Orcs?"

The God Emperor looked at Feng Emperor with a smile on his face, without any nervousness on his expression.

Those words just now were said by Feng Emperor

"This emperor is not joking!

Emperor Feng's beautiful eyes turned to look at Emperor Hades

"A few days ago, this man even joined forces with the Immortal Wood Emperor and fought against this emperor!"

As soon as these words came out, everyone was moved.

"Jie~! Jie~! ", the Hades Emperor smiled strangely, "Feng Emperor misunderstood! I only wanted to seize the treasure that day, and I completely used the Wood Emperor. To talk about collusion, there is no such thing as collusion."

"How to prove it?", Emperor Feng didn't believe it.

The emperors also looked on with cold eyes.

The God Emperor smiled slightly: "It seems that there is a misunderstanding between you. How about this? I will make a soul oath with Emperor Hades to prove my innocence!"

After saying this, the God Emperor and the Hades Emperor swore a soul oath in public, proving that they had no collusion with the Starry Sky Beast Clan, and would kill the Starry Sky Beast Clan in the future.

Once the oath was fulfilled, it was condensed into a spiritual contract and annexed to them. In the body.

Everyone witnessed it on the spot.

All this left everyone speechless.

This kind of contract is effective for people with the six-consciousness divine ring.

If it is violated in the future, the backlash will be very strong.

At the moment, the emperors and the underworld are facing each other. The emperor's attitude has softened a lot.

As long as he is not a member of the Starry Sky Beast Clan, he is their friend.

"You two, why are you here today?"

Emperor Qinglong looked at the ten people behind the two of them.

Those ten people looked very young, most of them looked like teenagers, and some looked like teenagers.

"Tell the truth! The two of us came here to let these young people enter the Dragon Ruins and get some opportunities so that they can grow up....."

The God-Emperor did not hide anything.

All the emperors looked at each other.

As expected, these two guys went to the Three Treasures Hall for nothing.

They arranged for the younger generation to come here just to share the resources of the Dragon Ruins... but it would be outrageous not to let them share.

After all, we are all human beings and have a common enemy. When necessary, we still need to unite

"Well, let's wait and discuss it!", Emperor Qinglong proposed a compromise.

The God Emperor smiled slightly: "Please do it!"

At that moment, all the emperors discussed together.

After a heated discussion, in the end, all the emperors agreed to join the 'Hun' organization.

After all, they are all human beings, and they are also all forces of the earth.

And the Star Orcs are so strong, they need More power to fight. With this agreement, the people in the faint organization are naturally excited.

According to the rules, each emperor can bring five places.

With two emperors in the faint organization, there are ten places.

However, as the first time to enter

After the secret realm ends, they will hand over 30% of the harvest and share it with other forces.
The

God Emperor and the Pluto Emperor readily agreed.

Then, their people were divided into two groups, conducted an age test, and concluded that the ranking was fourth and Ninth.

For all this, Qin Feng watched silently.

He found that the ten players in the faint organization peeked at him from time to time, and their eyes were very unkind.

Especially one of the young men, he felt something A huge threat, and even an inexplicable feeling of palpitations.

Qin Feng was horrified in his heart..

Chapter 214

Qin Feng was horrified.

That young man is not simple!

He should be careful

"What is the origin of this faintness?"

Qin Feng silently looked at the fainted player.

He and Wun had already become mortal enemies.

This time when entering the Dragon Ruins, the fainted person would not let him go.

And he would not let the fainted person go either.

If possible, He will kill all the opponents.

With one less enemy, there will be more safety.

In fact, Qin Feng is very suspicious of the origin and purpose of the faint.

He detected it from the memory of the flower god.

Most of these faint organization members are They were trained by orphans of the earth.

They have been instilled in them since childhood with the concept of protecting human beings and the earth. But what is interesting is that the Coma Organization has been established for many years and has never done anything to protect humans and the earth.

Their top brass are busy all day long, and I don't know what to do anymore.....

Qin Feng secretly looked at a large number of unconscious people.

Long Shang was also sizing him up secretly.

Information about Qin Feng has long been spread throughout the company.

Therefore, he recognized Qin Feng at a glance

"Long Shang, that is the wind...."

A delicate female voice suddenly sounded in Long Shang's mind.

Only he could hear this voice.

He smiled coldly and turned to look not far behind him.

There stood a beautiful woman with long black hair.

Even though she was wearing a black robe, it couldn't hide her exquisite figure.

Her name is Yu Qilin!

Long Shang looked at Yu Qilin and frowned slightly.

This is an extremely terrible woman.

If he is the number one figure in the Hun Organization, then Yu Qilin is the number two figure.

Legend has it that Jade Qilin has an extremely hot figure.

Unfortunately, everyone I saw died, and no one knew how they died.

"Long Shang, is it okay to give Qin Feng to this lady? The imperial bones are still yours...."

Yu Qilin's charming voice echoed in Long Shang's mind. boring!

Long Shang muttered and tilted his head, not wanting to pay attention to her.

Qin Feng has emperor bones in his body.

He must kill Qin Feng immediately, obtain the Emperor's Bone, and break through to the Eight Stars.

Then, he went to the depths of the secret realm to complete the tasks assigned by the God Emperor.

He doesn't have time to play games.

Thinking of this, he glanced at Qin Feng casually again.

According to organizational information, Qin Feng has up to seven-star Dzogchen strength.

He should be able to crush him with one finger.

Thinking of this, Long Shang smiled recently.

This time he not only wants to kill Qin Feng, but also kills all the people from other forces...

On the other side, the people from the Qinglong Alliance are also whispering.

"I really didn't expect that! This time, the Southern Alliance was the first to enter...."

A member of the Qinglong League was a little unwilling

"So what? They only went in ten minutes earlier than us...did they really think they could take advantage?"

"good! They just have a slight advantage due to their combined age, and their overall strength is definitely not as good as ours. When the time comes, let them see what it means for a latecomer to catch up..."

Several members of the Qinglong League looked at each other and smiled.

Although Qin Feng has amazing potential, it is strength, not potential, that determines life and death.....

While various organizations were chatting, the sea in the distance suddenly shook.

Everyone was startled and looked up.

I saw a huge whirlpool appearing on the sea surface ten miles away

"Dragon Ruins is about to open!"

Everyone was excited and flew into the air one after another.

By the time everyone arrived over the whirlpool, the whirlpool had expanded to several miles away, forming an extremely huge eye of the sea with an astonishing momentum.

The entire sea area was affected, and hundreds of millions of people were affected every second. Cubic seawater was swallowed up by the eye of the sea.

Qin Feng looked down from the air.

He saw that the depths of the eye of the sea were pitch black, and he could not see the bottom at a glance, which gave people a sense of fear.

For a moment, a faint dragon roar came from the deep There was a sound from the depths of the Sea Eye.

Then a dazzling white light lit up, as if a portal was opened.

A breath that seemed to come from ancient times emitted from the depths of the Sea Eye.

The Dragon Ruins finally opened

"Emperor Feng, your people can go in!", Emperor Qinglong said.

Emperor Feng nodded slightly to Qin Feng and the others.

"Let's go!"

Qin Feng gave an order, and the four of Luo Li followed closely.

This time, Qin Feng was the captain.

In the secret realm, everything obeyed Qin Feng's orders.

Just when Qin Feng was about to enter, a gentle voice sounded in his ears.

"Qin Feng, you must come back alive...I'm waiting for you!"

Qin Feng was slightly startled.

He didn't look back, but nodded slightly.

He knew that it was Yue'er who was transmitting messages to him.

He nodded, telling Yue'er that he heard it, and he would come back alive...

Look Looking at Qin Feng's arrogant back.

At that moment, Feng Di was a little reluctant and worried.

She was afraid that something might happen to Qin Feng in the secret realm. She even regretted why Qin Feng's residual poison was not completely eliminated last night.

Perhaps, as long as Qin Feng returns again last night If she took the initiative, she followed Qin Feng.

At this moment, Qin Feng jumped and rushed towards the bottom of the sea eye.

Luo Li and four others jumped down immediately. As soon as the five jumped down, an eight-star jumped out quickly. The king started timing.

The Southern League was the first group.

In ten minutes, it will be the turn of the Blue Dragon League.

In the sky, the contestants could only open their eyes and watch as the Southern League set out first.

Some contestants watched anxiously, for fear that the treasure would be stolen by the South. The people from the League were the first to arrive.

Some looked calm, such as Long Shang, Yu Qilin, a young man from the Qinglong League, and two people from the Deep Sea Clan.

In their opinion, even if Qin Feng and the others were allowed to set off for half an hour, They could easily catch up.

They didn't pay attention to the ordinary Seven-Star Dzogchen at all.

Because their speed was much faster than the Seven-Star Dzogchen.

At this time, Qin Feng and others were already close to the bottom of the sea eye.

Qin Feng had already I could vaguely see the passage door ahead.

At this moment, there was a terrifying pressure from inside the passage door, which was comparable to the pressure of the Nine-Star Emperor. As soon as this pressure appeared, the speed of Qin Feng and the five others Suddenly slowed down.

They must move forward while resisting the pressure.

This pressure is obviously resisting their entry.

This is also the first level they must go through.

In the air, other powerful players saw this scene and showed gloating..

When pressure appears, it all depends on personal strength.

The stronger the strength, the easier it is to resist the pressure.

As the saying goes, the strong are stronger and the weak are weaker.

Although the Southern Alliance was the first batch to go down, it is not necessarily how strong it is.

But. Just when everyone had this idea, a sudden change occurred below.

The pressure came, and the dragon power in Qin Feng's body immediately rebounded.

A dragon roar rushed out of his body, resounding throughout the sea eye, and the heaven and earth shook.

That In an instant, the coercion was ineffective against him, and there was no way to stop him.

This is the privilege of Longxu to the people of Longwei.

The next second, Qin Feng's whole body was filled with aura.

Lightning Escape Technique!

His speed increased by more than ten times.!

In just an instant, Qin Feng turned into a bolt of lightning, rushed into the eye of the sea, and disappeared from people's sight.

At this moment, everyone was dumbfounded.

My God!

There is actually a powerful person in the Southern Alliance!

Everyone looked up, He looked at Feng Emperor with envy.

The Southern Alliance must be so lucky!..

Chapter 215

Everyone raised their heads and looked at Feng Emperor with envy.

The Southern Alliance is so lucky!

"Emperor Feng, this Qin Feng is really good! I never thought that such a talent would be obtained by you...."

Emperor Qinglong's tone was filled with envy.

Emperor Feng smiled slightly.

I don't know what she was thinking about, her pretty face is rosy

"hehe! It seems that this time, the Southern Alliance's gains will not be bad....."

Emperor Beicang's tone was sour.

His Northern League and Southern League have a lot of enmity, which is a national feud.

Most of the people in the Southern League are of Chinese descent, while most of the people in the Northern League are of Risang descent. Naturally, the relationship between the two sides is not much better.

Emperor Feng was too lazy to pay attention to him.

Among the crowd, the Immortal Fire Emperor felt unhappy.

He was crushed by this woman again.

That Qin Feng is such a disaster!

However, most human emperors are not only envious, but also a little lucky.

There is finally a mighty dragon among humans. It is not a bad thing that the deep sea clan is not allowed to dominate.

The Whale Emperor and Shark Emperor looked at each other. The previous pride was reflected in their faces. A lot was eliminated in an instant.

Only the God Emperor and the Hades Emperor looked on with cold eyes, even a little disdainfully.

For a time, all the emperors had their own thoughts.

But on the other side, Qin Feng rushed into Longxu in an instant.

From the outside of Haiyan to the entrance of Longxu, it usually takes at least five or six minutes for the average player to enter.

It only took him a few dozen seconds to get in, giving him a huge advantage.

After entering Longxu, Qin Feng quickly raised his head and looked around.

I saw thick white fog all around, which seriously blocked people's six senses, and I could only see the scene within twenty or thirty meters.

Hearing can only hear movements within a hundred meters.

This is the first level of Dragon Ruins.

These strange fogs are an obstacle to entrants.

If you want to find treasures in thick fog, in addition to means and strength, you also need some luck.

Qin Feng smiled slightly.

These thick fogs are an obstacle to other players.

For him, it was very beneficial.

Because he has spiritual consciousness, he can directly penetrate the strange fog and see areas tens of thousands of meters in radius.

These strange fogs are useless in front of him, but will help him delay other players.

Thinking of this, Qin Feng was delighted.

He didn't waste any time and directly unfolded his spiritual consciousness and scanned the area of 10,000 meters in radius.

The area on the first floor of the Dragon Ruins is very large, and there are many treasures in it. He must speed up the collection and get ahead of everyone.

Huh! nice one!

Qin Feng teleported and disappeared.

The next second, he arrived under a spiritual tree.

The tree was shaped like a dragon, with a bright red spiritual fruit growing on it, exuding a faint fragrance.

This spiritual fruit is the specialty of Longxu - Dragon Blood Fruit.

This spiritual fruit is extremely precious, its value is equivalent to that of an Emperor Liquid Crystal.

If a person eats it, the physical body can be greatly strengthened, but it cannot gain dragon power.

In addition, this spiritual fruit is extremely difficult to digest.

After eating one pill, you need to retreat and refine for a month before it can be completely digested.

Therefore, every time people come in and get the Dragon Blood Fruit, they will put it away first and wait until they leave the Dragon Ruins before taking it.

After all, Dragon Ruins is only open for ten days at a time, so there is no time to refine it.

But these are definitely not a problem for Qin Feng, he has god-level swallowing

"Ding! Devouring Dragon Blood Fruit Successfully.....Flesh Dragon Transformation 5%.....Combat strength increased by 200,000....."

"This dragon blood fruit is good!"

Qin Feng was overjoyed.

One dragon blood fruit can increase the dragon quality by 1 point, which is really useful.

The system once reminded that when the dragon quality reaches a certain level, it will bring about some special changes, including It will help him break through to eight stars in the future.

Therefore, Qin Feng is very interested in dragon transformation.

After eating the dragon blood fruit, Qin Feng continued to search.

Two minutes later, he found another dragon blood tree with 2 dragon blood on it. Fruit.

He directly picked it off and ate it. The dragon quality of his body increased by 7%, and his combat power increased by 400,000. In the blink of an eye, more than ten minutes passed.

Qin Feng had found five dragon blood fruits.

His The dragon quality transformation has reached 9%, and his combat power has increased by 1 million points in total.

Now, his combat power has reached 28 million points. If he uses the Hunyuan transformation again, his combat power can reach more than 33 million, which is a lot stronger.

Qin Feng Overjoyed, they continued to hunt for treasures.

At the same time, Luo Li, Li Xun, Wan Hansheng, and Lu Ming also entered the dense fog area one after another, and they all took the time to hunt for treasures.

There is time for treasure hunting on the first floor of Longxu It is restricted and only open for one day.

After one day, regardless of whether you have gained something or not, you will be forcibly transported to the entrance of the second floor.

So seizing the time to hunt for treasures is the best way.

At this moment, at the entrance of the first floor.

Several members of the Qinglong League People also arrived

"Captain, the fog here is really thick!", a member of the Qinglong League lamented.

His six senses are very weak and he can only see things within a ten-meter radius, which is not conducive to treasure hunting.

"Stop talking so much! Let's go treasure hunting! The Southern League people have been in for ten minutes."

Another member fretted.

"No hurries?!"

The speaker was the captain of the Qinglong League, a long-haired young man with blue eyes.

He had an elegant temperament and a proud expression.

As soon as he opened his mouth, the other members of the Qinglong League showed awe, and none of them dared to speak loudly.

This The young man's name is Xiao Qingfeng. He is ninety-one years old this year, but his cultivation has surpassed the average Seven-Star Dzigchen. He has reached the realm of unity of essence and essence, and has the strength to kill the Seven-Star Dzigchen instantly.

To put it simply, Xiao Qingfeng and Ye Gu are the same person. A level master.

However, he is younger and has more potential to become a king.

"Take them all out, it's time to use our secret weapon."

Xiao Qingfeng spoke quietly.

The members of the Blue Dragon Alliance understood and took out a piece of jade talisman and crushed it.

A green light immediately possessed everyone, their six senses greatly increased, and the visible range expanded from tens of meters to hundreds of meters..Everyone was overjoyed and looked at each other.

"Your Majesty's latest spiritual talisman is indeed effective!"

"Ha ha! With the help of this jade talisman, our visible range is ten times that of others, and our harvest will definitely be higher than theirs."

"yes! It's useless even if the Southern League people came before us, they don't have as good a means as we do....."

Several members of the Azure Dragon Alliance looked proud.

It turns out that Emperor Qinglong is good at refining jade talismans.

This time, he spent decades of hard work and finally developed a jade talisman that can help people strengthen their six senses tenfold.

However, this kind of jade talisman is one-time use and lasts for exactly one day.

"Don't waste time, let's go! Those treasures are waiting for us!"

Xiao Qingfeng smiled slightly and left first.

The remaining four people also dispersed into the thick fog area.

But ten minutes later, the people of the Qinglong League were dumbfounded.

They were all empty-handed and had nothing to gain.

You know, they had penetrated thousands of people. Within meters.

According to the past, if you enter within a few hundred meters, you will definitely gain something.

Could it be that all the treasures within a few thousand meters have been swept away by the people of the South Wind Alliance?

How is this possible?!

The people of the Qinglong Alliance don't believe it at all.

Even if The Southern Alliance came in ten minutes first, but due to the thick fog, they couldn't hunt for the treasure that quickly. Naturally, they didn't know that the treasures with a radius of several thousand meters had been swept away by Qin Feng, and not even a mouthful of soup was left..

And Qin Feng also sent an order to Luo Li and others through the Jade Talisman, asking them to rush to the deepest part of the first floor to search for treasures, and ignore the area near the entrance.

Because those nearby are being swept away by him.

Just among the members of the Qinglong League When he was extremely depressed, Qin Feng made another surprising discovery

"Oh My God! So many!"

Qin Feng looked at the small stone pool in front of him with a shocked face.

The pool was full of imperial slurry (ice). It is roughly estimated that there are at least millions of milliliters.

This is definitely a huge harvest.

Moreover, Qin Feng sensed that three pieces of Emperor's Liquid Crystals had condensed under the full pool of Emperor's Liquid.

That was what he wanted most.

Qin Feng took out a storage bottle and walked to the stone pool in a few steps.

The sooner this kind of treasure is put away, the better.

But as soon as he bent down, the water in the pool suddenly rioted.

Bang~!

Countless water splashed.

A half-human, half-dragon monster suddenly rushed out from the bottom of the pool and rushed towards him...

Chapter 216

The monster's aura was very strong, comparable to the Seven Stars of Great Perfection.

Qin Feng punched the monster head-on, blasting it to pieces.

A scream, similar to a dragon's roar.

The monster's body automatically collapsed and decomposed into a thick white mist, dissipating between heaven and earth.

Only one fine essence bead remained, suspended in the air.

It turns out that this monster is called Longlingjing, which is composed of Jingyuanzhu and the surrounding strange fog.

The strength ranges from the early stage of Seven Stars to the Great Perfection of Seven Stars.

In addition, there is also the existence of the Dragon Spirit King.

The strength of the Dragon Spirit King is comparable to the masters of the Jingyuan Fusion Realm, that is, at the level of Ye Gu and Xiao Qingfeng.

It is also the strongest monster on the first level.

Every time the Dragon Ruins opens, there will always be a few unlucky explorers who die in their hands.

But to Qin Feng, they were not a threat at all.

At this moment, Qin Feng made a move.

The Jingyuan Pearl flew into his hand.

The seven-star Dzogchen level Jing Yuan Pearl!

This is good stuff!

Qin Feng swallowed it in one gulp.

God-level devouring operates automatically.

The Jing Yuan Pearl turned into a majestic spiritual force and merged into the Seven Consciousness Divine Ring.

"Ding! Successfully swallowed the Seven Star Essence Pearl.....The spatial sensitivity increased to 6.23... The instantaneous limit increased to 600 meters..."

Qin Feng was delighted.

A seven-star Great Perfection Jingyuan Pearl could actually increase the spatial sensitivity by 0.3.

He had some stagnant spatial sensitivity, but he could also quickly It has increased.

When he senses it reaches 10, it will be the fourth level space ability, and there will be another qualitative jump.

"Ding! Improved mental strength... Combat strength increased by 300,000 points....."

"Huh! This is...."

Qin Feng was pleasantly surprised.

He just improved his mental power, how could he also increase his combat power?

Soon, he figured it out.

He has now reached the state of essence fusion.

Mental power and elemental power are perfectly integrated.

As your mental power increases, your combat power will naturally increase.

This is a good discovery!

Qin Feng's eyes shone with excitement.

He wants to hunt more dragon spirits.

At the moment, Qin Feng entered the spirit pool, quickly collected the three Emperor Liquid Crystals at the bottom of the pool, and began to collect Emperor Liquid Slurry (ice).

Soon, he discovered that the spiritual pool had a naturally formed restriction.

He can only draw 1000ml per minute.

This speed is too slow.

This pool of Emperor's slurry (ice) contains millions of milliliters.

It will take several hours to absorb them all.

But the first level of this secret realm is only open for 24 hours, so slowly absorbing it like this is a waste of time.

What's more, the Emperor's Liquid is becoming less and less useful to him.

After he breaks through to six stars, the Emperor's Flow Serum should lose its effect.

Thinking of this, after Qin Feng drank hundreds of thousands of milliliters of Imperial Liquid Slurry (ice), he left the spiritual pool directly.

He swallowed several hundred milliliters more of the Imperial Liquid Serum, increasing the completion of the sixth star pattern from 96% to 99.99%, and stopped only when it reached the limit.

After doing this, he used the king-level skill - Space Summoning.

Following a burst of space fluctuation, a beautiful figure appeared in front of him.

Luo Li was summoned by him

"Qin Feng!"

Luo Li immediately became attached.

She was waiting impatiently for Qin Feng to call her.

"What do you see there?", Qin Feng's eyes indicated.

Luo Li followed the sound and was stunned.

Not far ahead, he saw a pool full of Imperial Liquid Slurry (ice), nearly one million milliliters.

"Wow! So much imperial liquid! Luo

Li exclaimed, her pretty face turning red with excitement.

"You collect all these Imperial Ooze and I'll go look elsewhere.....This first level of development only has twenty-four hours, so we must seize the time...."

"Um~! ", Luo Li nodded obediently.

This is business, and she won't bother with it.

"I am leaving! If you are in danger, remember to telepathize with me as soon as possible..."

The two of them signed a spiritual contract, and they can telepathize within a hundred miles.

As long as Luo Li is in danger and sends telepathy to him, he will telepathize with him immediately.
Can summon Luo Li away

"I know... By the way, this is for you...."

Luo Li took out a Jingyuan Pearl and threw it to Qin Feng with a smile.

Qin Feng took it and saw that it was a seven-star early stage Jingyuan Pearl.

It turned out that Luo Li had also encountered a dragon spirit before, with an early seven-star cultivation level, and she easily killed it.

For ordinary elemental masters, just one of these Jingyuan beads is enough to wear with them. Any more would be useless.

After all, they can't devour it.

But to Qin Feng, it is a treasure.

Luo Li knew that Qin Feng was of great use, so he kept it for him.

"good!" Qin Feng put it away with satisfaction, "Girl, you collect it, I'm leaving....."

As soon as Qin Feng left.

Luo Li also took the time to collect them.

Time flies.

In a blink of an eye, two hours passed.

Nine major forces and eleven groups of people have all entered the first level of the secret realm.

Everyone is seizing the time to hunt for treasures.

In order to find the treasure, all parties are showing their special powers.

Qin Feng has spiritual consciousness and is at ease in the thick fog.

His harvest was also extremely rich.

In just these two hours, he got seven of the Seven Star Essence Pearls alone, as well as a lot of Dragon Blood Fruit and Imperial Liquid Crystals.

He estimated that the gains of all the players combined may not be worth his own.

What's more, after he swallowed seven essence beads in a row, his consciousness increased.

The range he could scan was also wider, and he felt more at home in this dense fog.

But at this moment, the communication jade talisman on his body vibrated.

In this secret realm, any electronic communication equipment is ineffective.

Qin Feng took out the communication jade charm and frowned when he saw the message inside.

That was a distress message sent by Li Xun, Wan Hansheng, and Lu Ming.

He assigned tasks to these three people, which were also tasks issued by the alliance.

These three people are together.

But at this moment, the three of them were in danger.

Qin Feng quickly took out a simple map.

That was the first-level map given by the alliance. It was very crude and mostly speculative.

Then he took out a directional compass.

In this secret realm, the compass is completely useless.

Only this special compass can make people distinguish between east, west, north and south.

Qin Feng quickly determined the direction of Li Xun and the others, and hurried over..

Chapter 218

Qin Feng calmly put away the storage ring and dealt with the trophies inside later.

Then, he collected the bodies of Yan Kun and Yuan Wu.

Li Xun and the other three were waiting respectfully, not daring to disturb.

After dealing with all this, Qin Feng turned back and looked at the three people

"How's it going?"

"Returning to the captain, this pool of Emperor's Liquid produced five pieces of Emperor's Liquid crystals and more than one million milliliters of Emperor's Liquid. The three of us tried our best to absorb it, but we have only taken half of it now....."

Li Xun replied respectfully

"This speed is a bit slow!"

Qin Feng looked at the spirit pool.

According to the speed of Li Xun and the others, it will take another hour to finish it.

But this is in the middle area of the first level of the secret realm.

Soon, there will be more and more other forces. of people passing by.

Naturally nothing good will happen if the two sides meet.

"Captain, our search speed is a bit slow....."

Li Xun was a little embarrassed.

Although they have an address, they have no consciousness.

After bumping and bumping along the way, they found this spiritual pond an hour ago.

Qin Feng said nothing.

He contacted Luo Li.

Luo Li quickly reported back that the Imperial Liquid over there had been exhausted.

Qin Feng waved quickly.

Following a burst of space fluctuations, Luo Li appeared in front of everyone.

Li Xun and the other three were shocked.

How did Luo Li appear out of thin air?

The three of them looked at each other, but didn't dare to ask any more questions.

"team leader!", Luo Li greeted seriously.

In front of outsiders, she was quite serious.

Qin Feng smiled.

The previous picture appeared in his mind.

Luo Li was full, round and straight, and very elastic.

"Luo Li, you and the three of them collect the Emperor's liquid from the pool as soon as possible. Then, the four of you go and collect the second spiritual pool..."

Qin Feng made arrangements

"Yes, Captain! Aren't you with us?", Luo Li hopes

"I will continue to search..."

Qin Feng just got a secret from Yan Kun.

He is going to take a look

"Oh, then this is for you...."

Luo Li took out another seven-star early stage essence bead.

Not long ago, she killed another early seven-star dragon spirit.

"good!", Qin Feng happily put away

"Captain, do you need the Jingyuan Pearl?"

Li Xun and the other three's eyes lit up.

"Yes!"Qin Feng didn't hide it

"Captain, I have two Jingyuan beads here. They are of no use to me. Take them!"

Li Xun readily took out two

"I also have two here!"

"I have one here....."

Wan Hansheng and Lu Ming also took out the Jingyuan Pearl.

"Thank you very much!"

Qin Feng was not pretentious and readily accepted the five essence beads.

Then, he explained to the four people and left.

Not long after, he found a remote place and began to count the harvest.

He started from In the rings of Yan and Kun, they found two Dragon Blood Fruits, eight Essence Pearls, six Emperor Liquid Crystals, and more than one million milliliters of Emperor Liquid Liquid. It turned out that these three people had just collected a spiritual pond.

That was the known location of the spiritual pool within the Vermillion Bird Alliance.

Qin Feng was delighted and began to digest these gains.

A quarter of an hour later, he digested them all, and his strength skyrocketed again.

Now, his dragon quality has reached 19%, and his spatial sensitivity has reached 19%. Reaching 8.13, the teleportation limit is 800 meters.

And his basic combat power has also been increased to 30 million points, and his strength has been greatly improved.

"good! good!"

At this moment, Qin Feng looked at himself with satisfaction.

Then he looked at the time again. More than three hours had passed.

There are still about 20 hours left before the exploration of the first level of the secret realm.

"It's time to go there and check it out!"

Qin Feng looked up in a certain direction with a smile on his lips.

He had previously obtained a secret from Yan Kun.

Deep in the first layer, in a mysterious place, there was a Dragon Elf King.

The Dragon Elf King's The existence of the Dragon Elf Emperor is known to all the major forces, and it is an existence equivalent to the fusion realm of essence and essence. But many forces do not know the existence of the Dragon Elf Emperor.

Because the Dragon Elf Emperor never comes out, it has always been hidden in a secret cave, seemingly It was guarding some secret treasure.

Later, the Azure Dragon League, the Vermillion Bird League, and the Northern League discovered its existence.

But none of them could deal with it.

This time, the three major alliances prepared to join forces to deal with the Dragon Elf Emperor and wanted to lure it out of the cave. Then wait for an opportunity to seize the treasures in the cave.

As for the three forces joining forces to kill the Dragon Elf Emperor, they can't do it, and they have no such idea.

If the Dragon Spirit King's strength is comparable to the masters of the essence fusion realm.

Then the Dragon Elf Emperor They are quasi-eight-star masters.

The combat power of masters in the Jingyuan fusion realm is generally about 20 million points. The quasi-eight-star masters are more than 50 million points.

Qin Feng's strength is not yet a quasi-eight-star opponent, but there is absolutely no problem in protecting himself.

"It's time to get over it!"

With a thought in his mind, Qin Feng rushed towards the place where the Dragon Elf Emperor was.

The people from the Azure Dragon League, the Vermillion Bird League, and the Northern League hadn't taken action yet.

They were all waiting for Yan Kun and the others to join together.

This time, they planned to use To use the formation to deal with the Dragon Elf Emperor, you must have enough manpower.

Otherwise, the power of the formation will be weakened.

And Qin Feng is also very curious, what secret treasure is the Dragon Elf Emperor guarding?..

Chapter 219

Qin Feng was also very curious, what secret treasure was the Dragon Elf Emperor guarding?

Immediately, he rushed towards the location of the Dragon Elf Emperor.

Half an hour later, Qin Feng's figure appeared in a stretch of mountains.

"It should be here....."

Qin Feng looked ahead, surrounded by thick white fog.

His consciousness was spreading, sweeping across several miles in an instant

"found it!"

Qin Feng's mouth showed a smile.

Then, his figure disappeared out of thin air.

The mountain wind was cold and the thick fog rolled.

A quarter of an hour later, Qin Feng came to a mountain col.

At this moment, there were more than a dozen figures busy in the mountain col.

They were setting up a large formation in the mountain col.

Qin Feng observed secretly for a while, and a smile appeared on his lips.

These people were from the Qinglong League, the Northern League, and the Vermilion Bird League, a total of twelve people.

At this moment, a man with glowing pupils The arrogant young man in Qingguang is crossing his arms and silently watching everyone set up the formation, just like a leader.

Qin Feng knows this man.

His name is Xiao Qingfeng, the captain of the Qinglong League, and the strongest one among this group of people..His cultivation level is the essence fusion realm.

Then, Qin Feng looked at a middle-aged man again.

The man was wearing a black robe and had a very cold temperament.

He stood there with his eyes closed and fell asleep, as if nothing around him cared about him.

This middle-aged man is called Ye Xiao, a seven-star Dzogchen master.

But he is an extremely rare dark element master. Rumor has it that he has also mastered a king-level skill.

His overall strength is equivalent to Yan Kun, reaching half Bu Jingyuan fusion level.

He is also the captain of the Northern Alliance.

At this moment, the formation is almost ready.

Xiao Qingfeng is a little irritable.

He looked up at the two men in red in front and said unhappily:"What's going on? Isn't your captain here yet?"

Those two men in red are from the Suzaku Alliance.

Yan Kun is the captain of the Suzaku Alliance this time.

"Captain Xiao, I just sent a message to our captain. I don't know why, but he hasn't responded to the message?"

The member of the Suzaku Alliance looked helpless.

"Really! Yan Kun would also be late for such a big event."

Xiao Qingfeng was a little dissatisfied and complained directly.

Among these people, he was the strongest.

Therefore, he kept his eyes high and did not take anyone in his eyes.

Everyone was also afraid of his strength and did not dare to say anything.

"What on earth did Yan Kun do?", Xiao Qingfeng asked impatiently

"this.....", the members of the Vermillion Bird Alliance hesitated, as if they didn't want to say it.

In the thick fog, Qin Feng sneered in his heart when he saw this scene.

He already knew the truth when he stole Yan Kun's memory before.

Yan Kun wanted to kill Li Xun and the other three, which was secretly ordered by the Immortal Fire Emperor.

As for why the Fire Emperor issued such an order, Yan Kun and others did not know, but they would strictly implement the order.

And the Fire Emperor's order is to kill people from the Southern Alliance when they see them. He wants to kill Qin Feng.

It just so happened that the Vermillion Bird Alliance knew the location of a spiritual pool of the Southern Alliance.

In the past, everyone worked on their own spiritual pools, pretending that they didn't know each other's location.

This time, Yan Kun ran over specifically to kill the Southern Alliance people.

The one he wanted to kill the most was naturally Qin Feng, which was what the Fire Emperor emphasized.

Unexpectedly, both the Fire Emperor and him underestimated Qin Feng and were killed instead.

"how? If you don't want to say it, forget it!"

Xiao Qingfeng saw that the member of the Vermilion Bird Alliance didn't say anything, so he didn't bother to ask again.

The member secretly wiped his sweat.

Naturally, he didn't dare to tell Yan Kun about killing people.

Can he tell me whether he can do this!

"Wait ten more minutes! If Yan Kun doesn't come again, we will start... This matter cannot be delayed.."

As soon as Xiao Qingfeng's words came out, the whole audience was shocked.

Night Owl, who had been sleeping with his eyes closed, opened his eyes

"Captain Xiao, is this too hasty?", Ye Xiao said.

Xiao Qingfeng said nonchalantly: "This formation can be opened with only ten people. There are twelve of us, enough people....."

Ye Xiao glanced at him lightly, with a hint of displeasure in his eyes.

This Xiao Qingfeng is arrogant and arrogant, and the Dragon Elf Emperor is a quasi-eight-star.

If this formation lacks the main formation of Yan Kun, its power will definitely be weakened.

By then, if the Dragon Spirit Emperor cannot be trapped, all of them will die.

And this Xiao Qingfeng is just in the essence fusion realm, with some talent and strength, he thinks I am the best in the world.

Too underestimated the strength of the quasi-eight stars

"What's the captain's plan that night? Keep waiting?", Xiao Qingfeng was a little anxious.

You know, the first level of this secret realm is only open for one day.

He can't delay this matter for too long.

He also wants to hunt for treasures in other places.

"Maybe you don't have to wait too long... Ye suggested waiting a little longer.....", Night Owl suggested.

In the thick fog, Qin Feng saw this scene and his thoughts moved.

He secretly wondered whether he should use illusions to transform himself into Yan Kun and sneak in.

But as soon as he had this thought, three piercing sounds rang out from outside the mountain col, heading straight towards the mountain col.

Qin Feng was a little surprised.

Looking at the situation, the three people came straight towards them.

But only people from the Three Alliances know the meeting address of this mountain col, so why are there still people coming here?

At this moment, everyone in the col heard the sound of breaking through the air and turned their heads to look.

After a while, three figures came in from the entrance.

As soon as everyone saw the three people clearly, they all looked happy.

Qin Feng was stunned.

The three people who arrived turned out to be Yan Kun and two other members of the Suzaku Alliance.

Damn it!

Weren't these three people killed by me?

Why did they appear again?

Did I see a ghost?!..

Chapter 220

"team leader!"

"You are finally here!"

The two members of the Vermillion Bird Alliance were overjoyed when they saw the three Yan Kun people.

"hehe! Captain Yan, you are so late!"

Xiao Qingfeng sneered slightly, feeling a little unhappy.

"Feel sorry! Feel sorry! I've kept you guys waiting for a long time! Yan

Kun apologized to everyone with an apologetic look.

Xiao Qingfeng was noncommittal.

Ye Xiao smiled slightly: "Just come!" Captain Yan is indispensable for this matter....."

In the thick fog, Qin Feng observed secretly.

His consciousness swept over the three people of Yan and Kun silently.

He vaguely felt that there was an eerie aura about these three people.

This aura is not found in the real Yan Kun trio.

But he couldn't see through who of the three was pretending to be.

It was as if these three people were not pretending at all.

Is it possible?

Are these three people really ghosts?

But if the three of them are ghosts, then why is there a heartbeat?

What's even worse is that this Yan Kun is very familiar with everyone present, and his behavior and habits are exactly the same as Yan Kun's, making it impossible for anyone to see any flaws.

Qin Feng was surprised.

He has divine consciousness.

Divine consciousness can easily break through illusions. Even king-level illusions are useless in front of divine consciousness.

But at this moment, he couldn't see clearly.

Could it be that the camouflage skills performed by these three people are top-notch king-level skills?

If that were the case, that would be terrible!

Qin Feng looked solemn and continued to observe secretly

"You two met a Dragon Elf King on the way, so you were delayed for some time....."

Yan Kun casually made up a reason

"Let's not talk about this anymore.....Let's quickly discuss how to deal with the Dragon Elf Emperor....."

Xiao Qingfeng urged.

He has a somewhat impatient temper.

Afterwards, everyone began to discuss.

Qin Feng was eavesdropping from the side.

It didn't take long for the results of the discussion to come out.

Xiao Qingfeng is the strongest, a rare wind elemental master, and the fastest among everyone.

He was responsible for going to the cave and leading the Dragon King to the col..

Once the Dragon Spirit Emperor entered the formation, Yan Kun launched the formation to trap the Dragon Spirit Emperor.

And Ye Xiao is a dark elemental master.

After the Dragon King left Dongxu, Ye Xiao took the opportunity to steal the treasure.....

All this was clearly assigned and no one had any objections.

"Captain Yan, this is for you.....", Xiao Qingfeng threw a jade talisman to Yan Kun.

That is the jade talisman that activates the formation.

Yan Kun happily took it

"let's go!"

Xiao Qingfeng and Ye Xiao left.

Qin Feng quietly followed the two of them.

If he wanted to find the location of the Dragon Elf Emperor, he needed these two to lead the way.

It didn't take long before the two of them arrived near a valley. Before entering the valley, Ye Xiao used his secret technique and blended into the shadows. His whole aura suddenly disappeared out of thin air.

Qin Feng couldn't sense his presence for a moment.

Qin Feng was surprised.

This Night Owl's invisibility technique It should be a king-level skill, stronger than his ice concealment skill.

If he can get this skill, he will have a chance to escape when facing real eight-star experts in the future.

Thinking of this, Qin Feng felt itchy.

Xiao Qingfeng Seeing that Ye Xiao was well hidden, he entered the valley directly.

Seeing this, Qin Feng did not follow him in.

He hid at the entrance of the valley, staring closely at the place where Ye Xiao disappeared.

Not long after, angry shouts rang out in the valley The roar was like the roar of a giant dragon.

The whole valley was shaking violently.

The sound was extremely penetrating, and it spread several miles away in an instant, even beyond the white clouds.

Wherever the sound wave went, All the grass and trees collapsed, all the gravel flew everywhere, it was like a mountain collapse and the earth was cracking.

Qin Feng suddenly felt his blood surge, his eardrums were swollen and painful, and the super ice concealment technique almost failed.

This Dragon Essence Emperor is really terrifying!

He is worthy of being a quasi-eight-star existence!

At this moment, a ray of green light shot out from the valley and fled towards the mountain col.

That was Xiao Qingfeng.

At this moment, he looked embarrassed and frightened.

As soon as he rushed out of the valley, a man came out behind him. The strong man is called a strong man.

The upper body of the strong man is naked, with dragon horns on his head, dragon scales on his back, a beard all over his face, and a long dragon tail trailing behind him. He is the Dragon Spirit Emperor.

At this moment, the Dragon Spirit Emperor is extremely angry..

It chased desperately, as if it wanted to swallow Xiao Qingfeng alive.

In the blink of an eye, one person and one monster disappeared.

The night owl escaped from the shadow and rushed towards the valley.

Qin Feng quickly followed.

Enter In the valley, Qin Feng saw a huge hole at the bottom of the valley.

Ye Xiao got in.

Qin Feng followed behind.

Ye Xiao never noticed that he was being followed.

The moment Qin Feng and Ye Xiao entered the cave , on a hillside several miles away.

Long Shang and Yu Qilin looked at the direction of the dragon's roar in shock.

Behind the two of them, there were eight members of the Hun organization standing.

This time, the Hun organization sent Among the ten people.

Long Shang is a quasi-eight-star powerhouse.

Yu Qilin is a powerhouse in the Jingyuan Fusion Realm, but his overall strength is far higher than the same level, and can even easily kill Jingyuan Fusion Realm.

The remaining eight people are all seven-star Dzogchen. The master's comprehensive strength is comparable to the half-step essence fusion realm.

The members of the faint organization are all extraordinary in strength.

But at this moment, ten people were looking at the direction of the dragon's roar in astonishment.

The jade unicorn also held a map in his hand.

Then The map is very detailed, with a big red dot on it.

The location of the red dot is the cave where the Dragon Spirit Emperor is.

They actually knew the existence of the Dragon Spirit Emperor a long time ago.

"It's the Dragon Spirit Emperor who's roaring!", Yu Qilin silently put away the map

"Strange! The Dragon Spirit Emperor is only responsible for guarding the treasure and never leaves the cave. Logically speaking, those forces should not know the existence of the Dragon Essence Emperor...."

Long Shang frowned slightly, a little confused.

"Let's go!", Yu Qilin urged, "No matter how they find out, let's go there quickly. Otherwise, if that thing is snatched away... you won't be able to enter the last secret realm....."

This reminder shocked Long Shang

"Walk!"

At that moment, a group of ten people rushed towards the cave..
