

God level 2111

Chapter 2111

"Is that the end of it? No, we can't let that little bastard go so easily"

"In order to kill that little bastard, Lei was seriously injured once. In order to monitor him these past few days, he couldn't eat or sleep well. Tonight, he also soaked in the cold river water all night. It's hard to explain why he didn't kill the little beast. I only hate it!"

Lei Yun had a ferocious look on his face, and his eyes were full of violent evil aura.

"Of course you can't let him go like this!"

After a while, the anger in Feng Xing's eyes subsided, and he gradually regained his composure. After thinking for a while, he said

"If we want to find that kid again, we must figure out his whereabouts. If you want to know the whereabouts of that kid, maybe you can learn something from a person's mouth?"

"who?"

"Innkeeper!"

Hearing this, Lei Yun was greatly puzzled and said, "How could he know?"

Feng Yun smiled coldly: "Following me all the way, I always felt that the boy was rushing to a certain place. If a normal person is on his way to a strange place, he will casually ask the boss for directions when he arrives at an inn or the like."

"Of course, if he was familiar with the place, he wouldn't ask the boss, which he probably would if it was his first time there. So we went back and asked the innkeeper to try our luck, maybe we could get some information."

"Now it seems that this is the only way to go!"

Then the two of them returned to the inn.

They spent most of the night swimming in the cold water. It was already getting brighter, and the sky was turning white.

By the time they rushed back to the inn, it was already bright and the inn had opened. , the boss began to be busy taking care of the day's business.

At this time, he suddenly saw two young men with faces turned purple from the cold and covered with ice scum walking in.

Naturally, these two young men returned to the inn to ask for information from the boss. Feng Xing and the two.

But at this time, the cold river water on their bodies had already been frozen into ice slag by the cold morning wind.

The boss naturally recognized the two people in front of him at a glance as his tenants, and asked in surprise:" Gentlemen, why are you like this?"

"snort!"

Lei Yun snorted coldly, stepped forward and said coldly without any appreciation.

"Boss, I'm asking you a question now, and you must answer it honestly. If you are even half-truthful, I will kill your whole family and burn down your shop!"

After saying that, a fierce murderous aura emanated from Lei Yun, instantly covering the innkeeper. As soon as the innkeeper was enveloped by this murderous aura, he suddenly felt as if the blood in his body had condensed, and his body could not move at all. The fear of the future rose up from the bottom of his heart, and he trembled slightly with fear.

At this moment, the boss's face turned pale with fright. He did not dare to doubt that the young man in front of him was a ferocious god. Maybe this ferocious young man would kill him with just one thought. Can kill myself

"Sir, I have something to say! Have something nice to say! I wonder where I offended the guest officer?"

"snort! Then let me ask you, what did the red-haired boy who asked you to help him make steamed snow eel yesterday ask you when he entered the inn on the first day?"

"this..? "

The boss suddenly became thoughtful

"Say it!"

Lei Yun grabbed the boss's clothes and urged him impatiently.

The boss was immediately frightened and at a loss, and said hurriedly:"I said! I said! When the young hero entered the shop, the first thing he said was that he wanted to stay in an inn.

Lei Yun frowned and asked unhappily:"What else did he ask?"

"By the way, he also asked how to get to the Qilian Mountains?"

Hearing this, Lei Yun raised his brows and let go of his boss, with joy in his eyes...

Chapter 2112

"Qilian Mountains? What you say is true"

"Every small sentence is true, don't dare to tell a lie!"

"good! I hope what you said is true. If I find out that what you said is a lie, don't blame me for being ruthless and killing the whole family!"

"Don't dare! Don't dare! What the little one said was entirely true."

At this time, Lei Yun ignored the boss and said to Feng Xing on the side: "Thanks to Brother Feng, I really got the whereabouts of that kid from the boss. Should we pursue him now? Feng

Xing shook his head and said, "That kid should be one or two hundred miles away now. It's too late to chase him." Why don't we go directly to the Qilian Mountains to find him. However, the Qilian Mountains are a vast area, and without the ability to target us, we might not be able to find that guy for a while."

"snort! If you can't find it for a while, then look for it slowly! No matter what, I can let that little bastard go. Next time you meet that kid, kill him directly and never give him a chance to escape again!"

"good! Let's change out of this wet suit now and then chase after him! It was really uncomfortable to soak in the river all night in this winter!"

"good!"

Then the two of them took a hot bath at the inn, changed into dry clothes, and got back on the road, heading towards the Qilian Mountains.

This time, their murderous intention towards Qin Chuan was as high as ever.

When Feng Xing and the other two approached Qin Chuan When he set off from the Qilian Mountains, Qinchuan was already two hundred miles away.

Regarding the Qilian Mountains, Qinchuan only knew the general direction.

According to the map of the Fire Lotus Cave obtained from Commander Cao, it was marked that he would start from Shenyang City first and arrive there. Luoyun Town at the foot of the Qilian Mountains, and then set off from Luoyun Town to the Huoling Valley in the Qilian Mountains.

The Fire Lotus Cave is somewhere in the Huoling Valley.

However, what troubles Qin Chuan the most is that he is not He started from Shenyang City, but from Tianshui City, so he couldn't find Huoling Valley based on that map, unless he crossed the Qilian Mountains and flew from Tianshui City to Luoyun Town Qilian Mountain on the other side of Shenyang

City The veins stretch for thousands of miles and cover a very vast area. He has to cross hundreds of miles of forest to reach Luoyun Town on the other side of the mountain range. Not only is this a waste of time, but he may also encounter some unknown dangers.

Who Are you sure that you won't encounter attacks from high-level ferocious beasts when crossing the mountains?

It seems that it is not realistic to directly cross the mountains and go to Luoyun Town, because it would be a waste of time.

In order to escape from Anye Town , Those two annoying guys have already wasted a lot of time and can't delay any longer. I'm afraid, it's almost time for the little prince and the others to set off.

If he delays for another day or two, he won't be able to take away the treasures from the Fire Lotus Cave before he can. , the little prince and the others should have arrived. There are fifth-level warriors among them. Not to mention that he might not have grabbed the treasure, he might even lose his life. After all, the little prince hates him deeply.!

Even if I don't fight for the treasure with him, he will kill me, so I must rush to the Fire Lotus Cave as soon as possible to avoid the little prince and the others in advance."

Thinking of this, Qin Chuan couldn't help but feel a little nervous about time. He now There was not much time left to lose.

Luoyun Town is the outpost for warriors from Shenyang City to explore the Qilian Mountains.

Tianshui City has Riyun Town as an outpost for warriors. He can rush to Riyun Town first and then find out the route to Huoling Valley from there. After all, Huoling Valley is very famous in the Qilian Mountains. There are many people who know the route.

But he wanted to find out where exactly Riyun Town was in the Qilian Mountains that day.

After thinking about this, Qin Chuan made a plan in his mind. He planned to fly along the official road and ask the pedestrians on the road. Someone would definitely know how to get to Riyun Town...

Chapter 2113

On this day, there was a cold wind blowing on the official road in the distance, and there were only a few footprints on the snow, indicating that there were probably pedestrians passing by during this period.

In such a severe winter season, it is rare to see caravans on the official roads. Firstly, the weather is cold, and secondly, the roads are blocked by heavy snow. These reasons make the caravans, who are mostly ordinary people, reluctant to travel.

Only those warriors still walk on the official path.

At noon, a team of about twenty people appeared on the official road.

They are all dressed up as warriors.

The team was led by three middle-aged men.

The leader was in his forties, with a black beard and a rugged look. This man had the highest level of cultivation and was already a fourth-level warrior, while the other two middle-aged men were only second-level advanced ones.

Behind the three of them followed a dozen young people.

These young people, both male and female, range from fifteen or sixteen to eighteen or nineteen years old. The lowest cultivation level is the first-level junior level, while the highest level is only the first-level advanced level.

At this time, this group of young people seemed very excited. They were chatting while walking.

"It's time to go out and practice every winter again"

"yes! Last winter we practiced in the Black Forest Mountains, but this year we are going to the Qilian Mountains. I heard that the Qilian Mountains are many times larger than the Black Forest, and there are many ferocious beasts in them, so the risk of going there is very high."

"cut! You coward, what are you afraid of? With San Bo leading the team this time, what are you afraid of making mistakes? Our third uncle is a fourth-level warrior!"

The speaker was a boy of seventeen or eighteen years old. After speaking, he secretly glanced at the middle-aged man leading the team in front, his eyes full of admiration.

"That's right. With Third Uncle here, we don't have to worry too much about our safety. Who is Third Uncle? He is the number one master in our town! He became a fourth-level warrior before he was forty years old, and it is very possible to reach fifth level in the future."

"After the third uncle becomes a fifth-level warrior, our Li family will have a fifth-level warrior in charge, and then we can become a true martial arts family."

"yes! According to the regulations of Dakun Country, as long as there is a fifth-level warrior in the family, you can be listed as a martial arts family. After becoming a martial arts family, there are many benefits. Just talking about the property taxes under the family name, you will have to pay less than before. half"

"Ha ha!! It is only a matter of time before our Li family becomes a true martial arts family. Ever since Sanbo became a fourth-level warrior, our Black Rock Town has become famous far and wide. When people from nearby towns heard that we were disciples of the Li family, who dared not give us a three-point meal?"

"that is!"

It turns out that this group of people is the Li family, a new small family from Heiyan Town, a large town nearby.

Although the Li family has not yet become a martial arts family, it is already well-known in those small towns. The reason why they were able to achieve This kind of fame is due to the emergence of a fourth-level warrior.

That fourth-level warrior is the middle-aged man at the head.

Listening to the discussion of the family children behind him, the middle-aged man at the head felt a sense of pride in his heart, but at the same time he also felt proud. Very calm, he snorted coldly and lectured a group of teenagers behind him.

"This time you go to the Qilian Mountains for training, just to stimulate your potential. It's different from the Black Forest Mountains. There are no powerful ferocious beasts there."

"You can encounter even fifth-level ferocious beasts in the Qilian Mountains, so don't just rely on me to protect you. Remember, you have to rely more on yourself, rather than blindly relying on my protection."

After hearing these words, the group of teenagers were stunned and looked worried on their faces..

Chapter 2114

At this time, the middle-aged man said again:"However, you don't have to worry too much. We are just going to the edge of the Qilian Mountains for training this time. We don't think we will encounter ferocious beasts above the third level. I hope you can learn something from this experience." Harvest, after all, the rise of a family cannot only rely on me."

"I also hope that one or two talented people can emerge among you, so that the family can continue to prosper. Even if it becomes a mid-level martial arts family in the future, it is not without hope."

Hearing this, the group of teenagers expressed their opinions one after another.

"San Bo, don't worry! We will definitely work hard."

Seeing the younger generation's faces looking forward to progress, the middle-aged man nodded with satisfaction.

"hope so! Why! If there can be a genius like Sing Yan among you, why worry about our Li family not being able to prosper?"

When they heard Xing Yan's name, the group of teenagers immediately became excited, with fanatical admiration in their eyes.

Xing Yan is the top ten young masters in Tianshui City, and is the idol of the younger generation in the entire Tianshui City area.

"San Bo, please stop joking. I heard that Brother Xingyan is only in his twenties, and he is already a fourth-level warrior like you, the third uncle. He is a genius among geniuses!"

"That's right! How many geniuses are there in this world like Brother Xingyan? How can we compare?"

"I think the provincial brother must be very handsome! Or a cold-blooded male god!"

"Qimei, stop being such a nymphomaniac. Whether he is handsome or not is none of your business? Brother Xingyan won't like you anyway!"

"Go to hell you! Who said I was a nympho? I just regarded him as my idol!"

"cut! Just looking at you like that makes me drool. It's very despising for a girl to have such a pervert-like expression!"

"roll!!"

"OK!! Don't make any noise! In fact, Nan Mingfeng from Shenyang City is also very powerful. He is only twenty-six or seven years old, and he is also a fourth-level warrior."

"Nan Mingfeng is indeed good, he is the number one master in Shenyang City. But there's one thing you haven't heard of, right?"

"What's going on? tell me the story!"

"I heard that Brother Xingyan once challenged Nan Mingfeng, and in the end it was Brother Xingyan who won."

"There is such a thing. Ha ha!! It seems that the number one expert in our Tianshui City is still very powerful!"

"That's right! How can the people from Shenyang City compare to our people from Tianshui City?"

"Ha ha!! that is! that is!"

A group of young people were arguing, and a sense of regional pride spread in their hearts.

Listening to the discussions of the younger generations behind them, the middle-aged man at the head couldn't help but smile, and he couldn't help but feel a little envious of such younger generations.

He also When he was young, he had idols and pride. When he saw these young people today, he thought of his own past. How could he not be the same way?

When the middle-aged man sighed in his heart, a younger brother behind him suddenly pointed at In the air, he shouted in surprise:"Look! What was on that day?"

When the middle-aged man heard this, he immediately turned back and looked into the sky. He saw a huge strange bird flying towards him in the distance, but the strange bird was different from what he usually saw. At this time, the team stopped, and everyone They all raised their heads and looked into the sky. Everyone felt that the big white bird was a bit strange, but it was too far away to see clearly.

Among the crowd, the middle-aged man had the highest cultivation level and the best eyesight.

He felt strange and immediately frowned. He frowned slightly and looked intently. After a moment, a look of extreme horror appeared in his eyes..

Chapter 2115

It turned out that he finally saw what the big white bird in the sky in the distance was.

It turned out that it was not a big white bird at all, but a powerful and ferocious beast with the head of a dragon, the body of a lion, covered with silver fur, and a pair of snow-white wings on its back. This was a ferocious beast that he had never seen before.

However, what surprised the middle-aged man was that there was a person standing on the back of the ferocious beast, who vaguely seemed to be a handsome young man.

Obviously, what was flying that day was not an ordinary ferocious beast, but the pet of a warrior.

The ferocious beast flew very fast, getting closer and closer to everyone's sight. It didn't take long for the young people to finally see the true appearance of the ferocious beast, with surprise in their eyes.

"It seemed that it was not a strange bird, but a ferocious beast!"

"yes! What kind of beast is that? What a mighty look!"

"Look, there's a person standing on the back of that vicious beast!"

"Oh my God! There is really still a person standing! Why did that man stand on the back of the ferocious beast! That looks so cool!"

"I know, that ferocious beast must be that person's flying pet!"

"A warrior with a flying pet must be something special!"

Actually, the people and ferocious beasts they saw were Qin Chuan and Qiuqiu who were passing by.

However, Qin Chuan stood on Qiuqiu's back with his hands crossed on his chest, his long hair fluttering in the cold wind, and he was flying rapidly in the air. Flying.

Suddenly, his expression moved, and he saw a group of people looking up at him on the official road below.

Qin Chuan's heart moved, and he said to Qiu Qiu:"Qiu Qiu, let's go down and take a look!"

Qiuqiu let out a low roar and quickly descended towards the group of people.

Boom!

There was a loud noise.

Qiuqiu fell from the sky and landed on the ground with four claws. The huge impact force actually stirred up a snow mist.

Roar!

Qiuqiu fell across the ground. At the front of the team, with a loud roar, the powerful aura of the fourth-level ferocious beast immediately spread out, instantly covering the group of teenagers. The young people were enveloped by this aura, and their expressions immediately changed drastically, and their hearts became inexplicable. Unprecedented panic surged, and they all retreated, even the two second-level senior middle-aged warriors.

Among the team, only the fourth-level middle-aged man looked normal, but after sensing Qiuqiu's momentum, , still couldn't help but said in surprise:"This is a fourth-level ferocious beast!"

At this time, everyone also saw clearly the appearance of the person standing on the back of the terrifying beast.

It turned out to be a handsome young man who looked to be only fourteen or fifteen years old.

This young man had his hands folded on his chest and a pair of sharp weapons on his back. Sword, standing firmly on the back of the ferocious beast, with a very calm expression. But when everyone saw that the red-haired boy looked so young, their hearts suddenly fluctuated, and his expression was very uneasy.

They all thought that before The warrior on the back of the ferocious beast should be an adult warrior, but he turned out to be a young man, and he looked younger than them all. When the middle-aged man at the head saw Qin Chuan's cultivation clearly, A look of horror flashed across

his eyes, and he exclaimed secretly in his heart: "A third-level Dzogchen fire warrior! Oh my God! How old is this boy? Also, what did he want to do when he suddenly stopped in front of us?"

Thinking of this, the middle-aged man stood in front of the team, bowed his hands to Qin Chuan, and said in a polite tone: "Li Cheng from Heiyan Town is taking his younger generation to the Qilian Mountains for training, but you suddenly stopped us. What is the purpose of going there?"

Li Cheng's tone was very polite and he was very careful with what he said.

Because he didn't want to offend Qin Chuan.

Although he saw that Qin Chuan was only a third-level Dzogchen warrior, he also saw that Qin Chuan had a fourth-level ferocious beast as a weapon. Pets.

Generally speaking, warriors of the same level are slightly weaker than ferocious beasts of the same level.

Therefore, Li Cheng knew that he was no match for the opponent's pet, and the opponent's strength was not weak either. He had already reached the third level of Dzogchen. As long as he was there Protect yourself during the battle and only let your pets fight with you. You will probably be defeated in the end.

After thinking about this, Li Chengcai became polite to Qin Chuan. After all, he is not alone. He also bears the burden of more than a dozen descendants behind him. life safety...

Chapter 2116

At this time, Qin Chuan also discovered that many people in the team were intimidated by Qiuqiu's momentum. He suddenly felt a little embarrassed and showed a little apology on his face. He immediately shouted to Qiuqiu: "Qiuqiu, don't be rude! They can Not the enemy!"

"Roar!"

Qiuqiu understood and immediately restrained his momentum.

The teenagers suddenly felt that the invisible pressure around them disappeared, and they all breathed a sigh of relief, but their eyes were still afraid when they looked at Qiuqiu.

For Qin Chuan, who was standing on Qiuqiu's back, they He was both curious and envious. However, Li Cheng felt relieved when he saw Qin Chuan stop drinking Qiu Qiu. From this, it can be seen that Qin Chuan had no ill intentions. At this time, Qin Chuan bowed to Li Cheng and others with a slight smile. Apologizing: "Don't blame me, I didn't mean to block your way, I just wanted to come down and ask you about the route. I apologize if I have disturbed you!" Li Cheng saw that Qin Chuan spoke very politely, without the arrogance and rudeness of those young geniuses he usually saw, and he suddenly felt a little fond of Qin Chuan. At that moment, he said very politely: "It turns out that the little brother wants to come down and ask for directions.. I wonder where my little brother wants to go? Just ask, if Li knows, he will tell you everything! Hearing this , Qin Chuan said happily: "Then I'll thank you first." The boy wants to go to Riyun Town, which is close to the Qilian Mountains. I wonder if the uncle knows how to get there?

"

"Ha ha!! You are talking about Sunfall Town. Li knows this. In fact, we are also going there. I will tell you the route now!"

At that moment, Li Cheng told Qin Chuan the route to Riyun Town.

After asking about the route, Qin Chuan said goodbye to Li Cheng

"Thanks for letting me know, uncle! That guy won't disturb you all and will take his leave now!"

After saying that, Qin Chuan took advantage of the ball and flew away.

The most urgent thing for him now is to get to Sunfall Town as soon as possible, and then find the route to Fire Spirit Valley from there, and get to Fire Lotus as early as possible. After all

, he knew that the little prince and the others should set off, so he didn't have much time left.

After Qin Chuan rode the ball away,

Li Cheng and others looked at the getting smaller and smaller in the distance. They couldn't help but sigh.

For a while, everyone stood in the snow and no one spoke.

After a while, a young man carefully asked Li Cheng: "San Bo, what kind of cultivation did that young man just now have?"

"The third level of Dzogchen!"

"What? That young man's cultivation is actually the third level of Dzogchen? impossible? He looks smaller than us!"

"yes! How is this possible? This is too scary!"

When all the young people heard that Qin Chuan's cultivation level was actually the third level of perfection, their faces showed horror. For a moment, no one dared to believe it.

"It is really hard to believe that he is the third level Dzogchen. After all, that boy is too young. If he is the second level, I think he is very powerful. If he is really the third level of Dzogchen, I am afraid that in a few years, Brother Xingyan will not be able to compare with him."

"yes! Not to mention the future, this young man now has a fourth-level ferocious beast as a pet. With his current comprehensive strength, I am afraid he can compete with Brother Xingyan."

"After hearing what you said, I realized that that young man was so powerful! He actually has more potential than Brother Xingyan."

At this time, Li Cheng in front suddenly snorted coldly.

"snort! You have all seen what happened today with your own eyes! You should also realize that there are people outside the world and there is a sky outside the world. Young geniuses like the one just now are not uncommon in this world. When you are successful in cultivation and travel across the continent, you will meet more strange people and strangers."

"If you are still as ignorant as you are now, you will have no choice but to stay in Black Rock Town for the rest of your life and be a frog in the well forever!"

After Li Cheng's scolding, the young men suddenly bowed their heads and fell silent.

No one knew what they were thinking, but one thing is certain, Qin Chuan standing on the back of Qiu Qiu, and the scene of Qin Chuan falling from the sky must have deeply touched their hearts. Engraved in their memories..

Chapter 2117

Riyun Town is located on the border of Tianshui City and on the north side of the Qilian Mountains.

It is an outpost town for warriors from Tianshui City and nearby towns to venture into the Qilian Mountains.

Because there are warriors from all over the world going on adventures here all year round, this has also contributed to the prosperity of Sunfall Town.

This makes Riyun Town a big town on the border of Tianshui City.

After all, there are many warriors who come here to explore, some come to hunt ferocious beasts, some come to find elixirs, herbs, and rare treasures and exotic objects.

However, the most prosperous businesses in Riyun Town are the major taverns and teahouses.

Because these taverns and teahouses are not only a place for warriors to rest and enjoy, but also a place for warriors to collect various information, and also a place for various adventure teams to recruit members.

After arriving at Riyun Town, Qin Chuan entered a large restaurant called Manxiang Restaurant.

After entering the hall, there was a buzz of people inside, and most of them were second-level warriors or above. There were also third-level warriors among them, but they were all older.

Qin Chuan's arrival did not attract much attention.

After all, the aura exuded by Qin Chuan was that of a second-level warrior, so not many people paid attention.

Of course, some careful people looked at Qin Chuan carefully, and when they saw that he was a second-level Dzogchen warrior, a trace of surprise flashed in their eyes, but these surprises were not too horrifying.

After all, the level of warriors here is different.

In addition, Qin Chuan discovered that the Baixian Building was divided into two floors. In addition to the guests in the lobby on the first floor, the second floor was also filled with many guests.

At this time, the waiter of the restaurant came forward and brought Qin Chuan to an empty table.

Qin Chuan also ordered some wine and food, and listened to the conversations of people around him while eating, trying to get some useful information.

After listening for a long time, Qin Chuan didn't hear any useful information. Just when he was feeling irritable, a very low voice suddenly floated from somewhere on the second floor.

This sound is extremely soft and cannot be heard by ordinary warriors, but with Qin Chuan's heavenly hearing, he can hear it clearly

"Did you hear that? In three days' time it will be the day of thunder."

"I heard that too. On every thunder day, the fog outside the three mysterious places in the Qilian Mountains will automatically dissipate. At that time, many experts will go in to hunt for treasures."

"yes! This day of thunder only occurs once every three years. After each appearance, the fog in the three secret areas will inexplicably dissipate, revealing the true appearance inside. This situation will last for a month. At that time, it is a good time to hunt for treasures."

"Um! Well said! Are you planning to go treasure hunting in that secret place this time? Fire Lotus Cave, Mingyu Palace, or Golden Temple?"

"hehe!! These three places are very dangerous. Without a map, you may not be able to get out after entering. If you cannot get out within a month, you may stay there forever."

"So, you don't plan to go?"

"Um! I don't plan to go. I'm just a third-level warrior. I don't want to die so early."

"You also know that every time after the Day of Thunder, many warriors of the third level and above go in to hunt for treasures, including a lot of fourth-level ones, and even fifth-level ones, but not many of them come back alive."

"That's because they were too greedy and entered the depths of the secret land. We only explored the outer edges, but there wasn't much danger."

"If you think this way, I'm afraid you won't be able to bear it anymore and follow others into the depths, which will be dangerous."

"hehe!! Is Brother Zhan really not going this time?"

"Don't go! If I had a map, I would consider a few things. You also know that the layout of the three secret areas looks natural on the surface, but in fact they all imply the way of formation. If you don't do it right, you will get lost in it, so It is best to have a map when entering."

Hearing this, Qin Chuan was shocked.

He thought that the Fire Lotus Cave was a very secret place and not many people knew about it, but it turned out that so many people knew about the Fire Lotus Cave.

No wonder Commander Cao kept putting the map of the Fire Lotus Cave away. I'm with you. It seems that I want to wait until the day of thunder is over before going there..

Chapter 2118

By the way, what happened on the Day of Thunder? Why! It seems that this trip is not as simple as he imagined!

In any case, since he is here, he must go to the Fire Lotus Cave to explore. Besides, he has a map of the interior of the Fire Lotus Cave, so he will be safer than others.

He didn't want to miss the opportunity to hunt for treasure."

Thinking of this, Qin Chuan was thinking about how to get to Huo Ling Valley.

Only when he arrived at Huo Ling Valley would he have the opportunity to enter the Fire Lotus Cave.

Qin Chuan waited for another long time, but did not see any adventure team recruited to go to Huo Ling Valley. , decided to take the initiative.

He stood up and asked politely to the table of warriors next door:"Everyone, I'm sorry to bother you. Is there any adventure team going to Fire Spirit Valley recently?"

The people at that table were all obviously from the same adventure team, and the captain was also a second-level Dzogchen warrior. When the captain saw Qin Chuan coming to ask, he said politely

"Little brother, there have been a lot of teams going to Fire Spirit Valley recently. You see the seventh table on the left. Those people are all members of the Crazy Blade Team. I heard that they are going to Fire Spirit Valley tomorrow. If you want to go there, you can Join their ranks temporarily.

Hearing this, Qin Chuan said happily:"Thank you so much for telling me, big brother!""

At that moment, Qin Chuan walked up to the members of the Crazy Blade Team and said politely:"Are you all members of the Crazy Blade Team?"

"good! Below is Chu Kuang, the captain of the Crazy Blade Team. Boy, what do you want from our Crazy Blade team? You look well dressed, you're not from that wealthy family, are you? Is it so difficult that you want to hire our team of madmen as bodyguards? If that's the case, then please come back!"

The person who answered this was a third-level peak warrior. He was about thirty-five or six-year-old. His complexion was very fair, but he had an arrogant look on his face.

Especially when he looked at Qin Chuan, there was a faint hint of anger in the corners of his eyes. With disdain, at this moment, he was looking at Qin Chuan with an attitude of looking down on the weak.

Although he had already seen that Qin Chuan was not old but was already a second-level Dzogchen warrior, he didn't think it was anything special. There is an inexplicable disgust.

What he hates is not Qin Chuan's talent, but Qin Chuan's identity.

This boy is well-dressed, and he looks like he is a child cultivated by a wealthy family.

Few of these children of wealthy families can endure hardships. It is because the family spares no expense and spends a lot of elixirs to improve their cultivation, so everyone is young and has high cultivation, but in fact they are all idiots. It would be nice not to hold others back when fighting, he Chu Kuang looked down on this kind of people the most in his life.

Things he obtained through external forces without his own efforts were ultimately just floating clouds.

The red-haired boy in front of him obviously belonged to this type of person. Looking at him dressed like a young boy, he even had a belt on his shoulders. Holding a cute little pet.

I really don't know if he is here for training or just touring the mountains and rivers. Huh! With his appearance, people who don't know the truth can see that he is so tall at such a young age. In terms of cultivation, I really thought he was so great, but he was actually just a idiot!

Thinking of this, Chu Kuang looked at Qin Chuan with even more contempt.

It turned out that Chu Kuang was very talented and worked hard in training, but his family background was very average. Seeing that those who were not as talented as him and were lazy by nature, who only knew how to eat, drink and have fun all day long, but had higher cultivation than him, this made him unacceptable and felt very depressed. In his opinion

, as long as he was given the same training Due to the environment, his achievements must be much higher than those of the children of the rich family, but fate made him have to rely on himself to fight for everything.

Because of these experiences, this Chu Kuang was very resistant to those children of the rich family...

Chapter 2119

Hearing Chu Kuang's rude tone, Qin Chuan was not angry, but said calmly: "Captain Chu, I think you misunderstood. I don't want to hire you as bodyguards, but I heard that your hunting blade team is going there tomorrow. Fire Spirit Valley, so I want to join your hunting blade team and explore the Fire Spirit Valley together."

"oh? I see! Our hunter team only recruits warriors of the second level and above. Your cultivation level does meet the requirements to join our team, but..."

Chu Kuang suddenly groaned

"I don't know what Captain Chu wants, just tell him as soon as possible!"

"good! Since you asked this, then Chu will tell you the ugly words in front of you. You must obey my orders in the team. If you violate it, I will kick you out of the team at any time."

"Also, if you don't try your best in the battle, or if you drag everyone down, don't blame me for being unethical and expelling you from the team! If you can agree to these two points, then Chu will agree to let you become a temporary member of our Crazy Blade team.

Qin Chuan said without even thinking, "No problem!"

Hearing this, Chu Kuang said with some surprise: "Have you thought it through?"

In his opinion, those children from wealthy families are used to being self-righteous and self-centered. It is not easy to achieve the above two things.

"Of course I thought about it!"

"Yeah?" Chu Kuang smiled coldly, "Don't just say you can do it, but actually you can't. I do what I say. If you drag us down, don't blame me for being rude. Of course, if you help the team, I will also reward you greatly."

"Captain Chu can rest assured, since the boy agreed, he can certainly do it!"

"That's good! Then pay a deposit of one thousand gold coins first!"

"Do you still need to pay the team fee? Qin Chuan asked in surprise

"Of course, every temporary member who joins our Crazy Blade team must pay some deposit. If you perform well, all of it will be returned to you. If you perform poorly and drag us down, these will be treated as compensation."

Hearing this, Qin Chuan felt inexplicably upset. He had never heard of a deposit required to join an adventure team. It was obvious that the other party did not want to join, and deliberately made up an excuse for rejection. He naturally felt that, The other party's tone was aimed at him everywhere.

Although this made Qin Chuan confused, he now wanted someone to lead the way, so he didn't want to worry about these trivial matters.

After all, one thousand gold coins was not much to him.

After thinking about this, Qin Chuan Chuan then smiled and took out a thousand gold coins.

"Captain Chu, this is a deposit of one thousand gold coins. Can I join your team now? Seeing Qin

Chuan really take out the deposit, a trace of disdain flashed across Chu Kuang's eyes, and he thought to himself: "My guess is indeed right. This boy is indeed a son of a rich family. He casually took out a thousand gold coins."

"All right! Since you paid the money, you will be a temporary member of our Crazy Blade team. May I have your name?"

"I'm Wang Xi!"

"Wang Xi, please gather here at Baixian Tower tomorrow morning. You can go back and prepare now!"

"Then Wang Xi said goodbye! By the way, I wonder if Captain Chu has been to Fire Lotus Cave?"

Qin Chuan suddenly asked tentatively

"Fire Lotus Cave? never heard of that!" Chu Kuang's face was a little confused.

"oh! I must have remembered it wrong!"

At that moment, Qin Chuan laughed, said goodbye to Chu Kuang and others, and went straight out of Baixian Tower. He now wanted to find an inn to stay for one night. At this moment, while walking, he thought to himself: "It seems that Not everyone knows about the Fire Lotus Cave, it should be a tacit secret place."

"It's no wonder that when the two people upstairs talked about secret places such as Thunder Bite Day and Fire Lotus Cave, their voices were so low, obviously they didn't want too many people to know. That's fine. Not many people know about it, which is also a good thing."

Chapter 2120

However, Qin Chuan just walked out of the gate of Baixian Tower.

The members of the Crazy Blade team behind him asked Chu Kuang with some confusion.

"Captain, when will our team require a deposit to recruit players?"

"hehe!! You are stupid! This was the captain's deliberate excuse for not wanting to recruit that boy, but he didn't expect that the boy was so stubborn that he actually took out a deposit of one thousand gold coins."

"So this is ah! Captain, why don't you want to accept that kid? I think that guy is not weak, right?"

"How strong is he? I don't know, but one thing is certain, this kid must be a member of a wealthy family, otherwise he wouldn't just hand out a thousand gold coins casually. As for the children of rich families, even though they have very high cultivation level, they are often strong on the outside but weak on the inside, so I don't want to accept such people."

"So this is ah! Those rich kids are really annoying!"

"However, since he was so obedient and paid a deposit of one thousand gold coins, I allowed him to join. Let's take a look at his performance tomorrow. If it doesn't hold us back, forget it. If it does, just leave him behind and don't care whether he lives or lives!"

"Captain, this is what you should do! I think that boy is stupid. I guess he only spent gold coins to achieve that level of cultivation."

"alright! Let's not talk about him anymore. Someone just gave us a thousand gold coins. Let's use this windfall to have a good meal!"

"Ha ha!!"

The other team members suddenly laughed.

Qin Chuan outside the door naturally heard these words in his ears, a smile appeared on the corner of his mouth, and he shook his head silently in his heart.

"Why do so many people only look at problems superficially? How did Chu Kuang judge that he was a member of a wealthy family? Even among the children of a wealthy family, there are still heroes!"

"Some people! I always look at the world and others with my own narrow mind, but why should I care about them! As long as they help me take them to Huoling Valley, the one thousand gold coins will be just asking for travel expenses."

In the cold wind, Qin Chuan stepped on the snow with his feet and walked calmly on the street.

At the same time, hundreds of miles away, two teams of people were rushing to Sunyun Town.

One team was Xiao The prince and his party, but at this moment, beside the little prince, in addition to Commander Zou, there is also a bald old man with an aquiline nose.

This old man is the General Cheng who the little prince and others mentioned before, a fifth-level Musha

"Your Highness! We will reach Sunyun Town in one day."

"good! Let's hurry up and get on our way!"

But he said that on the other road, there were also two figures running at full speed.

These two figures were none other than Feng Xing.

"Brother Feng, the Li Cheng we met earlier said that he saw a handsome boy riding a flying pet a day ago. I think it was that little beast."

"snort! It should be him! At the speed of that little beast, he should have arrived at Sunfall Town. Let's speed up and hurry up. We should be able to arrive at Sunfall Town early tomorrow morning."

"I wonder what that little beast is doing in Sunyun Town?"

"I don't know, I think he is likely to enter the Qilian Mountains! Let's hurry up and get on our way!"

"good!"

At that moment, Feng Xing and the two hurried to Riyun Town.

However, after Qin Chuan left Baixian Tower, he found an inn on the street to stay.

He took out the piece of meteorite iron that still had one-third left. Give it to Qiuqiu.

Qiuqiu ate two pieces and filled his stomach. The remaining meteorite was naturally collected by Qin Chuan..
