Chapter 2121

Since Qiuqiu entered the growth stage, although it has continued to eat meteorite every day, the growth rate brought by the meteorite has been much slower than in the infancy stage.

Its progress is equivalent to the progress of Qiuqiu when he ate black iron essence when he was in his infancy, and not as good as the sky-tempered gold.

This also made Qin Chuan realize that if he wanted the ball to grow faster, he could only find some higher-level gold spiritual objects than the meteorite.

However, it is simply too difficult to find a higher metal spiritual object than meteorite iron.

But he said that after Qiuqiu was full, he took a nap on the side.

Seeing this little guy sleeping after eating, Qin Chuan had no choice but to shake his head helplessly, then ignored Qiuqiu and closed his eyes to practice.

He planned to take advantage of this free time to practice all night, and then follow the Crazy Blade team into the Fire Spirit Valley tomorrow.

At that moment, Qin Chuan took several pills in succession and entered a state of trance.

This practice, Qin Chuan unknowingly practiced until late at night.

It was a moonless night, with only a few stars in the sky.

At this moment, most people in the town have fallen asleep, and people's snoring can be vaguely heard floating in the air.

In an inn in the town, Qin Chuan was meditating with his eyes closed. Suddenly, the corners of his eyes twitched, and he was stimulated by a strong white light and opened his eyes.

When he saw the scene in front of him clearly, he immediately showed an expression of surprise.

I saw in the room that Qiuqiu had transformed into a fighting state at some point. He was sitting cross-legged and looking up at the sky. There was a handleless sword with a length of one foot suspended above its head.

What is surprising is that the third eye on Qiuqiu's forehead has opened at some point, and is emitting a strong red light at this moment.

The red light shone on the handleless sword blade, as if it was tempering the weapon.

The entire sword blade actually made a soft sizzling sound.

Seeing this, Qin Chuan couldn't help but wonder: "What is Qiuqiu doing? Is it tempering its own weapon?"

Qin Chuan had seen Qiuqiu's handleless sword several times.

In the past, he could feel that the blade of the handleless sword was extremely sharp, many times stronger than an ordinary sword.

After all, the handleless sword blade is made of rare metals such as sky-tempered gold. How can it be compared to an ordinary iron sword?

What does this guy want to temper his weapon into?

Could it be that you want to quench the impurities inside and make it sharper?

He had better take a look first to see what the results of this guy's tempering would be.

Qin Chuan was curious and immediately watched carefully.

However, after a short while, the look on Qin Chuan's face became more and more surprised.

Because he sensed that the handleless sword tempered by Qiuqiu began to generate a spiritual force field around his body.

There is only one phenomenon that can explain this phenomenon, and that is that the handleless sword is slowly transforming into a spiritual weapon.

How can this be? Refining a spiritual weapon not only requires a lot of precious materials, but also requires mastery of rune formations.

When did Qiuqiu learn the rune formation?

Could it be the effect of the red light emitted by its third eye? Or does it have this weapon refining method in its inherited memory?

The amplitude of the attack power of the spiritual weapon depends on the amplitude of the rune formation hidden in the body of the sword, so every weapon refining master is a rune formation master.

Qin Chuan watched in surprise as Qiuqiu in the field was refining his own weapon. After a while, the sword blade seemed to be refining successfully. The entire sword body suddenly emitted a strong white light, and then with a soft sound, it circled around. The room went around.

Qiuqiu also immediately closed his third eye, opened his mouth to swallow, and put away the spirit sword flying in the air, with a look of ecstasy in his eyes.

At this time, Qiuqiu also noticed that Qin Chuan was looking at it, and immediately retracted his body, turned into a chubby little figure, and ran towards Qin Chuan happily..

Chapter 2122

"Little guy, can you spit out your spirit sword and let me take a look?"

At this moment, Qin Chuan was full of curiosity.

"Gujiguji!!"

Qiuqiu nodded happily, opened his mouth and sprayed out the handleless sword blade.

Qin Chuan immediately grabbed it in his hand with a casual move.

At this moment, the handleless sword blade had changed from the original black to The whole body is silvery white, and the appearance is linear and smooth. At the same time, the entire sword body emits a faint white light.

"It is indeed a metal spiritual weapon!"

Qin Chuan exclaimed, and at the same time he was filled with ecstasy.

Qiuqiu refined his weapons into spiritual weapons. Generally, spiritual weapons can have about 20% of the amplitude of attack power, which means that Qiuqiu's attack power has been enhanced. , its strength has been enhanced a lot

"Nice little guy! Take it!"

"Gujiguji!"

Qiuqiu also looked proud. He opened his mouth and swallowed the spiritual sword.

Seeing this, Qin Chuan couldn't help but secretly thought:"Qiuqiu can refine his own weapons into spiritual weapons. Maybe he can also use them in the future. Refining it into the best spiritual weapon, even a semi-sacred weapon"

"As for what conditions it needs to further evolve its weapons, I don't know. Maybe it has something to do with its growth and the metal spiritual objects it eats! No matter what, it's a good thing that Qiuqiu's strength can improve."

At this time, the sky outside the window was already bright.

Qin Chuan looked at the sky outside the window and prepared to leave early and rush to the restaurant to avoid being talked about. After all, Chu Kuang didn't want to see him.

Anyway, this time, He wanted to explore the Fire Lotus Cave. If he missed this opportunity, it would be difficult for him to find another opportunity to improve his strength. After all, he would soon enter the Zhou family's forbidden area.

Thinking of this, Qin Chuan went to clean up. , and then rushed to Baixian Tower with Qiuqiu.

When Qin Chuan arrived at Baixian Tower, Baixian Tower had just opened, and there were not many people in the hall.

Qin Chuan was waiting for Chu Kuang's arrival in the hall.

It didn't take long , Chu Kuang came.

When Chu Kuang saw Qin Chuan arriving so early, he was slightly surprised

"good! Quite on time. You didn't come here in advance because you were worried that we would lose you, right? Qin

Chuan smiled and said without hesitation:"If that's the case, it's the first time for this kid to join the Crazy Blade Team. Naturally, he has to be punctual.""

"hehe!! Just know how to be punctual!"

Not long after, other members of the Kuangblade team were also gathering at the Baixian Tower.

When all the members were assembled, Chu Kuang asked the tavern owner to prepare some dry food and water for them, and then the whole team headed for the Fire Spirit Valley..

Before setting off, Chu Kuang did not forget to give Qin Chuan a few words of warning.

"Wang Xi, as the captain, I have to make something clear to you. This time is an adventure to the Fire Spirit Valley, not a sightseeing tour. You have to take good care of your pet and don't let it cause any trouble to me.."

After saying that, Chu Kuang looked at the ball on Qin Chuan's shoulder with disdain in his eyes.

In his opinion, the ball on Qin Chuan's shoulder must be an ornamental pet with no offensive power.

"Wang Xi, let me say something unpleasant again. You, a warrior, actually bring a cute little pet with you. Isn't it a little too childish? What's the use of this cute pet? What men need most is a sword and blood. That is the best partner, not a cute pet."

"That's all I have to say, please take care of your pet. If it affects the life safety of the entire team, don't be blamed for being ruthless!"

"Gujiguji!!"

After hearing these words, Qiuqiu immediately put on an aggrieved look.

This little guy was very spiritual and of course he understood Chu Kuang's words.

Qin Chuan sneered from the bottom of his heart. Naturally, he would not care about Chu Kuang's self-righteous words. , but he was thinking in his heart that if Chu Kuang really wanted to attack Qiuqiu, he might be instantly killed by Qiuqiu in just one encounter.

Sure enough, the weaker and ignorant the dog, the happier it barks.

Chapter 2123

"Are you all ready? When you're ready, let's go!"

Following Chu Kuang's order, the Kuangblade team officially marched towards the Fire Spirit Valley. The

Fire Spirit Valley is located in the south of the Qilian Mountains, hundreds of miles away from Riyun Town. The journey in between is very complicated. For those who have never been there, , even if you know the general direction, you may not be able to arrive smoothly.

This is also the purpose of Qin Chuan wanting to join the Crazy Blade Team.

He also wants to use the Crazy Blade Team's familiarity with the road to reach the Fire Spirit Valley smoothly, so as not to waste himself in the middle. Too much time.

On the mountain, the leaves of the trees are covered with snow. When the wind blows, the snow falls down, which is very interesting.

Along the way, the members of the Kuangblade Team all saw that Chu Kuang was not very good. When they met Qin Chuan, they all deliberately kept away from Qin Chuan. No one wanted to talk to him, completely excluding him.

Qin Chuan was also happy with this. He didn't want to have too many interactions with this group of people, so he always walked in the group. The last one.

This is already the second day that Qin Chuan and the Crazy Blade team have traveled together.

They also encountered several ferocious beasts along the way, but they were all second-level ferocious beasts and were easily killed by the team members.

After all, This Crazy Blade team is relatively strong.

In addition to Chu Kuang, who is a third-level peak warrior, there is also a deputy captain who is a third-level warrior. The remaining dozen team members are all second-level warriors and above. There are also two second-level Dzogchen warriors. , plus Qin Chuan, there are three.

"It only takes half a day to walk to Huoling Valley!"

"yes!"

Two team members whispered in front of them.

"Speaking of which, our Kuangblade team has been to Fire Spirit Valley several times. One thing I have never understood is why the temperature in Fire Spirit Valley is so high all year round. Is there a volcano or something underneath Huoling Valley?"

"Probably not! Because someone has investigated and found that there is no volcano under that valley. Besides, volcanoes shouldn't appear in valleys!"

"Then why is the Fire Spirit Valley extremely hot, and the concentration of fire energy is much higher than other places!"

"I don't know about this. Anyway, the place in Huoling Valley is quite mysterious, and we have been hanging out in the outer valley. I heard that there are more natural and earthly treasures in the inner valley."

"yes! Although there are many treasures in the inner valley, there are also many third-level ferocious beasts there! It's too dangerous for a small group like ours to go to the inner valley."

"That's right. Even if the captain and vice-captain go in, they can only barely protect themselves. If they take us with them, they are simply seeking death!"

"That is, I heard that the inner valley is shrouded in a thick red mist all year round. After entering, most people's vision will be greatly affected and their movements will be extremely unchanged. However, those ferocious beasts that grew up in the inner valley are not affected by the red mist. As a result, even third-level warriors would not dare to explore the inner valley easily."

"Why! In fact, it is precisely because few people dare to enter the inner valley, and the treasures inside are rarely discovered. Over time, there are naturally more natural and earthly treasures than in the outer valley."

"hehe!! Let's not talk about the inner valley. The fire energy in this outer valley is rich, and the climate is also good, which is very suitable for the growth of fire-type spiritual flowers and spiritual grass. This time we go to the Fire Spirit Valley not just to hunt some third-level ferocious beasts, but also these spiritual grass and spiritual objects can't be killed. miss"

"Ha ha!! Of course!!"

Listening to the conversation of the team members at the front, Qin Chuan had a rough understanding of the Fire Spirit Valley.

At noon, the team members seemed a little tired, so Chu Kuang asked everyone to rest for a while, eat some dry food, and then continue to set off..

Chapter 2124

Before setting off, Chu Kuang suddenly scolded Qin Chuan coldly:

"Wang Xi, along the way, I found that you are very uncooperative with your teammates! Never chat or communicate with teammates. You have to know that since you are already a member of the Crazy Blade team, you have to treat every team member as your own brother."

"Only in this way will these brothers be willing to use their chests to block the attacks of vicious beasts for you during the battle. I will treat you as a brother"

"But along the way, you have always deliberately alienated your teammates, which has caused disharmony among the team. How can you let everyone trust you? How could I be willing to shed my blood to save your life?"

"Okay, that's all I have to say, the Fire Spirit Valley is about to arrive. I say all this for your own good. I hope you can integrate into us. Well, I think you don't like to communicate too much. Then go ahead and explore the way ahead!"

"All right!"

Qin Chuan responded casually, the expression on his face did not change much, but he felt funny in his heart.

It was obviously these people who were alienating him, but now they are biting back, saying that he was deliberately unsociable.

Some people, standing on the moral principle From the highest point of view, to blame others.

But never reflect on whether it is right for you to do so? And what qualifications do you have to criticize others?

Always look at the world with your own extreme eyes? But you can't see the essence. This should also be a kind of Stupid! A wise person will judge his enemies with a fair eye."

Qin Chuan sighed at this thought in his heart and went to explore the road ahead.

The laughter of the team members came from behind.

He smiled slightly, not wanting to argue with these boring curses, so he pretended to hear everything.

It only takes half a day to reach the Fire Spirit Valley. At that time, he will leave the team and no longer have any interaction with this group of people.

The team continued to move forward, and Qin Chuan followed the direction directed by Chu Kuang and carefully explored the path along the way.

With his abnormal hearing, Qin Chuan was very good at the task of exploring the path, and several times he gave early warning before the ferocious beasts approached.

Not that Chu Kuang and others found any fault.

Until the afternoon, the sunset was approaching the west mountain.

Everyone came to the mouth of a large valley.

That valley is the Fire Spirit Valley.

Fire Spirit Valley is very large. From a distance, the sky is filled with red light in the depths of the valley, making people feel that this place is different at first sight.

Qin Chuan also sensed that the Fire Spirit Valley was like an invisible giant beast, sucking in the fire energy between heaven and earth all the time.

"Ha ha!! finally reached!"

"yes! These two days of journey are quite tiring!"

Finally arrived at the destination, and the team members were all excited.

At this time, Chu Kuang said with a straight face.

"Don't be too happy, everyone. The inside of the Fire Spirit Valley is more dangerous than the outside, so everyone must follow closely and not get separated. After entering the valley, you must obey my orders. If anyone disobeys my orders, you will be kicked out of the team immediately. Do you understand this?"

"Understood!"

Qin Chuan knew that he was talking to him, so he just smiled in his heart.

"Everyone, follow me in!"

At this moment, Chu Kuang took the lead and led a group of people into the valley.

Qin Chuan also followed the group silently.

After entering the valley, Qin Chuan immediately felt that the climate inside the valley and outside the valley were completely different.

It was still bitterly cold outside the valley. Outside, the valley is warm and warm, just like the season between spring and summer.

In the valley, dense plants can be seen everywhere, and occasionally one or two small animals can be seen running away in the trees.

The concentration of fire aura in the valley is also higher than that in the outside world. It is much richer.

In an environment with such a strong fire energy, it is easy for some fire-based spiritual creatures to be born. I think many fire-based beasts also like to visit this place!..

Chapter 2125

At this time, a team member shouted: "There are footprints in this place. It seems that someone entered this place to explore not long ago."

"What's so strange about this? There are many people who know about this Fire Spirit Valley. The team members who came here to explore were not only from Tianshui City, but also from Shenyang City. I think we should go in quickly, as all the good stuff that was free has been snatched up."

At this time, Chu Kuang said in a deep voice

"What are you anxious about? If we follow this trail, we will definitely not find anything good. I think we'd better go another way!"

"By the way, this time we are still exploring the outer valley as usual, and will not go to the inner valley because it is too dangerous. Let's go now and try to find a shelter before dark"

"good!"

At this moment, Chu Kuang and others walked in one direction, deep into the Fire Spirit Valley.

The team members paid attention to their surroundings as they walked.

Qin Chuan walked behind silently. He didn't want to hunt for treasures in the outer valley. At this moment, he just wanted to know how could he enter the Fire Lotus Cave in the inner valley?

But at this moment, the tip of Qin Chuan's nose twitched slightly, and he smelled a faint fragrance.

His five senses were much stronger than those of ordinary warriors.

Qin Chuan followed the fragrance. Looking up, he saw a small spiritual grass over a foot tall growing behind a rock under a red pine not far away.

The spiritual grass had red leaves and purple flowers, with green stems and six petals.

Qin Chuan smelled The fragrance of the flower is emanating from the little purple flower. Seeing this little flower, Qin Chuan's eyes showed a hint of joy

"Isn't this the Purple Star Flower? A low-grade fire-type spiritual grass is worth three to four thousand gold coins."

Thinking of this, Qin Chuan walked over.

However, Qin Chuan's actions had already attracted the attention of a team member beside him.

When the team member saw Qin Chuan walking towards a purple star flower, his eyes lit up, and then he glanced at After a trace of greed, I felt happy in my heart

"Huh! One purple star flower is worth three to four thousand gold coins! No, that stupid boy will get it first."

In front of me, I saw Qin Chuan bending down to prepare for picking.

The team member suddenly became anxious and shouted:"Wait!"

Qin Chuan was stunned. Before he understood what was going on, the team member flashed towards Qin Chuan and bumped into Qin Chuan with his own body.

A trace of disdain flashed in Qin Chuan's eyes, but he didn't He went to collide with the player, but stepped out of the way.

He wanted to see what the player wanted to do when he fell to the ground.

Seeing Qin Chuan get out of the way, the player was overjoyed and grabbed the purple star flower.

"Ha ha!! Purple star flower! I found a purple star flower!"

The team member laughed, and then he put the purple star flower into his bag and took it for himself shamelessly.

Seeing this, Qin Chuan felt a surge of unknown anger in his heart. He asked in a cold voice: "Are you robbing me? Hearing this

, the team member glanced at Qin Chuan disdainfully: "Silly boy, who said I robbed you?" Whoever gets something first gets it?"

This team member is also a second-level Dzogchen warrior. In his opinion, Qin Chuan is at the same level as himself. Naturally, he is not afraid of Qin Chuan, so he dares to grab it.

"snort! Don't you know how to blush when you say this? It's just a Purple Star Grass. To be honest, I really don't like it, but I'm really not ashamed of your behavior. Take it out, don't force me to do it."

Qin Chuan looked at the team member coldly. The anger in his heart was getting stronger and stronger.

He was not a kind person to begin with. His patience over the past few days had almost made him lose his patience. At this moment, he had arrived at the Fire Spirit Valley. , he no longer needed to make excuses with this group of people, so he revealed his hidden anger...

Chapter 2126

Seemingly seeing the anger in Qin Chuan's eyes, the team member sneered disdainfully: "What's going on? I'll just grab your stuff and I won't take it out. What else can you do to me? If you have the ability, tell the captain! You Will he speak for you, or for me?"

Qin Chuan snorted coldly, and just as he was about to speak, the team members in front also discovered that Qin Chuan and this team member were quarreling, and everyone unanimously turned hostile towards Qin Chuan.

At this time, Chu Kuang also saw it, and he shouted coldly: "What are you two arguing about?"

When the team member saw Chu Kuang coming forward, he immediately looked aggrieved, took out the purple star flower and complained

"Captain, come and judge me. Just now Wang Xi and I saw this purple star flower together, but I stood close and picked it first. Wang Xi actually said that he saw the Purple Star Flower first, so it belongs to him. Captain, don't you think this is unreasonable? There is such a truth in this world."

After listening to this team member's sophistry, Qin Chuan looked calm, and he only had a sneer in his heart.

But after Chu Kuang heard these words, he was furious, looked at Qin Chuan coldly, and shouted

"Wang Xi actually competed with the team members for items. It doesn't matter if you don't unite with your teammates, but you still grab things with your teammates. You disappoint me so much!"

Chu Kuang's curse immediately caused all the team members to curse Qin Chuan.

"that is! Why is this guy like this! It really makes people speechless!"

"hehe!! I used to think he was stupid, but now it seems that he is just pretending. This kid has a dark heart and wants to snatch the treasure from others when he sees it! He is a man who is unjust for profit."

"That's right!! One purple star flower is worth three to four thousand gold coins! I didn't expect that a kid from a wealthy family like him could not be tempted!"

After listening to Chu Kuang's partly-caused scolding and the self-righteous scolding of all the team members, Qin Chuan immediately burst into laughter.

"Haha, as the saying goes, birds of a feather flock together, and now it seems that it is indeed true! Hearing this

, Chu Kuang frowned and said, "Wang Xi, what do you mean by this?"

"What I mean is very simple, you Chu Kuang are not worthy of being a captain at all. And the group of people behind you are the same type of people as you, and they cannot be cultivated!"

"Yeah? Wang Xi, you not only insulted me, you also insulted all the members of our Crazy Blade team. I'll give you a chance now. Tell me why I, Chu Kuang, am not worthy of being a captain? If you say it, forget it. If you can't, don't blame me for being rude to you!"

"Ha ha!! Are you rude to me? Qin

Chuan sneered disdainfully

"All right! I'll just say one thing. Let me ask you first, as a captain, when dealing with any problem, should you deal with the problem rather than the person? Should you treat all team members fairly and justly?"

"Of course!"

"hehe! You know it too, so have you done it?"

Chu Kuang frowned and asked, "How do you see that I didn't do it?"

Qin Chuan snorted coldly: "What did you do?" Not to mention the past, it can be seen from what happened just now that you are far from achieving it."

"Yeah? Then tell me!"

"Okay, then I will tell you about it! Just now you only listened to this guy's words and scolded me, saying that I stole my teammates' things? As the captain, shouldn't you also listen to what I say and then make a judgment about who is right and who is wrong?"

"But you didn't even listen to my explanation and just judged it was my fault! May I ask what you base your judgment on? Is it just your subjective guess? If that's the case, then you're being ridiculous. A bowl of water can't be leveled, so what qualifications do you have to be the captain?"

"this...."

Qin Chuan's words undoubtedly gave Chu Kuang a loud slap in the face in public. He was suddenly speechless and his face turned red. He didn't know what to say for a while...

Chapter 2127

The group of team members behind him also fell silent immediately, because they knew that Qin Chuan's words made sense. Only at this moment did everyone realize that they had always underestimated the taciturn Wang Xi.

It's not that people don't know clearly, they just don't say it.

Suddenly, Chu Kuang's face turned red and he said harshly

"It's not that Chu didn't give you a chance, but the facts show that you were robbing your teammates. Because the purple star flower is clearly in Ah Huang's hands, but you still say it's yours. Doesn't this mean that you want to compete with your teammates for something? How do you want me to continue listening to your explanation? This is obviously a fact!"

"Ha ha!! Captain Chu, you disappoint me so much. According to your opinion, if something is in his hands, it belongs to him. If I say it is mine, then I am fighting for it. The way you put it, if your things are snatched away by me, they are mine in my hands. If you say it is yours, can I understand that you are fighting for your teammates' things?"

"this? ?"

Chu Kuang was speechless again, and after a long while, he said tangledly: "Okay! I handled this matter a little inappropriately just now! Now tell me, what happened just now?"

"hehe!! Captain Chu, don't you think it's a little late for you to say this now? To be honest, that purple star flower may be precious to you, but it is nothing to me?"

"I don't want to get into a bloody fight with you over this trivial matter, so just use a purple star flower to let me see you clearly. From now on, we will go back to each other, go our separate ways, and say goodbye to each other!"

After saying that, Qin Chuan turned around and left the team, walking towards the depths of the Fire Spirit Valley.

Everyone was surprised to see Qin Chuan leaving the team alone.

You must know that the Fire Spirit Valley is very dangerous. Without the protection of the team, he could be killed at any time. Life is in danger, so no one will leave the team unless it is absolutely necessary.

However, the most surprised among the crowd was Chu Kuang.

Previously, he thought that Qin Chuan would not dare to leave the team even if he was dissatisfied, but he had the ability to expel. He always thought that Qin Chuan was the one who had the rights of the team members. He also thought that Qin Chuan was so disrespectful to him, and would later find an excuse to kick Qin Chuan out of the team.

But he didn't expect that Qin Chuan would not give him any face at all. Give him a chance and leave the team directly.

However, Qin Chuan's behavior also made many team members and Chu Kuang realize that they might have really wronged Qin Chuan.

Many people began to think that the deputy The captain's third-level master even shouted:

"Brother Wang Xi, if you have anything to say, please speak slowly. Don't leave the team just because of a moment of anger! In this Fire Spirit Valley, without third-level cultivation, it is very dangerous for a person to venture alone. Hearing this

, Qin Chuan turned around and saluted: "Thank you, Vice Captain Chen, for reminding me, but don't worry, I, Wang Xi, am not a reckless person. Since I dare to go out alone, I naturally have my own support." Without further ado, since our fate has ended, it's time for me to leave."

After saying that, Qin Chuan was about to leave.

But Qiuqiu on his shoulder didn't know if he had been angry enough in the past two days. He suddenly jumped down and in the blink of an eye, he transformed into a dragon with a dragon's head and a lion's body, with two wings behind his back. The huge ferocious beast, a fourth-level ferocious beast's aura instantly exuded.

Then it roared at the team members.

"Oh my God! This is the fourth level ferocious beast!"

All the team members in the field were stunned. One of them turned pale with fright. Even Chu Kuang was so frightened that he didn't dare to breathe. Although he was a third-level peak warrior, in front of the fourth-level ferocious beast, he could only be killed instantly. He didn't even have a chance to escape. No matter how fast he ran, he couldn't outrun the fourth-level ferocious beast with wings.

"Roar!"

Qiuqiu roared again and glared at all the team members.

Seeing Qiuqiu suddenly doing this, Qin Chuan burst into laughter, secretly thinking that this little guy is quite vindictive, and he didn't forget to scare others before leaving.

Now that Qiuqiu has shown his strength, he no longer hides it, and also exudes his third-level perfect aura, so that these guys know what it means to look down upon others.

Sure enough, Qin Chuan will After the third-level Dzogchen aura was released, all the team members exclaimed again..

Chapter 2128

Sure enough, after Qin Chuan released his third-level Great Perfection aura, all the team members exclaimed again.

"The third level of Dzogchen! Oh my God! It turns out that he is so powerful, we underestimated him too much"

"yes! We underestimated him! Even one of the top ten young masters in Tianshui City is nothing more than this, not to mention he also has a fourth-level pet!"

Seeing the shocked expressions on the faces of all the team members, Qin Chuan didn't bother to take another look, and just said to Vice Captain Chen:"Vice Captain Chen, farewell! Qiuqiu, let's go!"

After saying that, Qin Chuan jumped up and rode on the back of Qiu Qiu, flying towards the depths of the Fire Spirit Valley.

When everyone saw Qin Chuan's indifferent eyes when he was leaving, they felt a little disappointed in their hearts. They all knew that they were related to Qin Chuan. This future top player missed out.

After Qin Chuan walked away, Vice Captain Chen walked up to Ah Huang with a straight face and said in a deep voice: "Ah Huang, please tell the truth. Did you steal that Purple Star Flower from Wang Xi?"

"I....."

Ah Huang suddenly started to hesitate in his words.

"snort! I already know the result even if you don't tell me. This Wang Xi is a third-level Dzogchen warrior and has a fourth-level pet. With his strength, he will never fight with you for this purple star flower."

"After all, the value of this purple star flower is equivalent to a third-level inner elixir. It's easy for Wang Xi to hunt down a level three ferocious beast, why should he fight with you? Just tell the truth, right? Hearing this

, Ah Huang's face turned red, he lowered his head and said, "Hey!" I really got this Purple Star Flower, hey! I was also greedy for a moment! I now know I was wrong!"

Hearing Ah Huang's admission, all the team members had complicated looks in their eyes.

Chu Kuang on the side felt even worse.

"snort! What's the use of saying you're wrong now? In fact, he doesn't care about this purple star flower at all. Otherwise, with his third-level Dzogchen strength, would you be able to snatch it from him?"

After saying this, Vice Captain Chen had an angry look on his face, and then he showed a look of great regret.

"Thinking about it, if everyone survives this way, it is because Wang Xi has a good temper. Why! We just missed out on a genius. such a pity! pity!! In fact, we could have made friends with him. Today's incident also teaches everyone a lesson: to be kind to others is to be kind to yourself."

After hearing what Vice Captain Chen said, all the team members felt a trace of regret in their hearts.

"OK! I won't mention this matter anymore and let's set off!"

Chu Kuang on the side suddenly spoke. At this moment, he was very entangled and embarrassed. He knew that he would always have a stain in the hearts of all the team members in the future.

"Why! Am I really wrong?"

Chu Kuang sighed and led the team into the depths of the Fire Spirit Valley.

However, Qin Chuan rode the ball and flew for a while, then fell down and let the ball return to its original appearance.

"Qiuqiu, it's getting late now. Let's find a place to spend the night in this valley first, and then enter the inner valley tomorrow to find the entrance to the Fire Lotus Cave!"

"Gujiguji!"

Qiuqiu nodded obediently.

"All right! let's go!"

Qin Chuan smiled slightly and was just about to set off.

But at this moment, a huge roar came from the front.

The huge roar shook the entire Fire Spirit Valley.

This sudden change could not help but make Qin Chuan's expression changed.

He looked in the direction of the roar. It was coming from the deepest part of the Fire Spirit Valley, which is also the inner valley of the Fire Spirit Valley.

"Huh! what on earth is it? What happened in the inner valley to cause such a huge roar?"

Just when Qin Chuan was startled, the roar in the valley sounded again, this time more violent than the last time.

The roar was louder than the previous one, and the whole valley began to tremble violently.

Qin Chuan felt like he was standing on There, he could almost stand unsteadily, and the look of surprise in his eyes could not be greater.

And as the whole valley shook, the mountains shook..

Chapter 2129

At this time, changes began to occur in the air.

All I could see was the cloudless sky before.

Suddenly the wind surged, and large black clouds came from all directions, slowly gathering over the valley.

And then bursts of cold wind blew throughout the valley.

Not long after, the whole world turned into a black mass, and the sky seemed to be falling, gloomy.

The light in the valley also became dim, as if it was getting dark early.

"What exactly is going on?"

Qin Chuan looked at the changes in the sky in surprise, looking at the endless dark clouds, and he seemed to feel that the prelude of a storm was slowly brewing.

At this time, the roar in the inner valley gradually stopped, and the vibration in the valley also disappeared..

Just when Qin Chuan thought that all this would disappear, an earth-shattering roar suddenly came from the inner valley, and then a huge red light pillar rose into the sky and shot towards the dark clouds in the sky. At the same time, from the Fire Spirit Valley A yellow beam of light and a white beam of light shot up from two different places outside. As soon as the three beams of light shot towards the dark clouds in the sky, the dark clouds in the sky shook violently, rolling and surging like boiling water, and then the dark clouds It began to rotate and gradually formed a huge vortex of dark clouds with a radius of nearly a hundred miles. The center of the huge vortex of dark clouds was pitch black, like a huge bottomless black hole.

At the same time, violent thunder and lightning, Like crazy blue dragons, with streaks of destructive energy, they flashed in the center of the vortex, seemingly ready to burst out at any time.

Looking at the streaks of lightning that appeared and disappeared in the sky, although they were far apart, they The overwhelming power emitted by these lightnings made Qin Chuan feel that any bolt of lightning could easily kill him to pieces.

"What a powerful force! What kind of power is this? This is too terrible! Such power may only be achieved by a ninth-level warrior!"

Qin Chuan unknowingly felt awe of the divine power of heaven and earth.

By the way, what's going on with the red light pillar shooting into the sky in the inner valley? And what's going on with the two yellow light pillars and the white light pillar? What?

Looking at the huge red light pillar in the distance, Qin Chuan was not only shocked, but also confused.

But at this moment, Qin Chuan's face suddenly changed slightly, and a trace of surprise flashed in his eyes.

Because he heard I could vaguely feel the ground shaking, and there was the sound of galloping beasts in front of me. It seemed that the ferocious beasts in the inner valley were frightened by something, and they were rushing out of their nests towards the outer valley.

"Could this be it? No, it seems to be a tide of beasts! Qin

Chuan listened for a while and finally confirmed that there were indeed countless ferocious beasts from the inner valley running towards the outer valley.

"I heard that there are many third-level ferocious beasts in the inner valley, and a few are fourth-level ferocious beasts. At this moment, the beast tide breaks out, and all the ferocious beasts in the inner valley come out. It seems that this place is not suitable for staying for a long time. I must find a place to hide quickly. Let's avoid this wave of beasts first."

Although Qin Chuan is not afraid of these ferocious beasts, he does not dare to face the attacks of countless third-level and fourth-level ferocious beasts.

Moreover, changes are happening in the sky at this moment. Who knows the huge whirlpool in the sky? When will one or two bolts of lightning strike him to pieces?

So Qin Chuan decided to find a place to hide first, and then wait and see what happens.

Thinking of this, Qin Chuan took Qiuqiu away from the place and started looking around. hiding place..

Chapter 2130

Soon, Qin Chuan found a relatively spacious cave somewhere in the valley, and immediately ducked into the cave to hide.

The cave is not deep. Walking twenty or thirty meters in is the end, but the entrance is more than five meters wide, but it is a good hiding place.

After entering the cave, Qin Chuan felt relieved and stood at the entrance of the cave looking up at the changes in the sky.

At this moment, the black vortex in the sky is still slowly rotating, but the lightning in the vortex is gathering more and more, as if a disaster is about to break out.

"What has actually happened? How could there be such a change? By the way, that should be the reason!"

Qin Chuan's eyes suddenly lit up, as if he remembered something.

The last time he heard someone talk about the Day of Thunder Devouring in Baixian Tower! According to the time, it was almost today.

Judging from the changes in the sky, it was probably the day of the Thunder Devouring. This was the 'Thunder Bite' that the man said.

Unexpectedly, this 'Thunder Bite' was so terrifying!

Thinking of this, Qin Chuan sighed in his heart. Suddenly his expression moved slightly, and he turned his head to look somewhere outside the cave.

He saw In that jungle, a group of figures sprang out, but it was a group of adventurers, rushing towards the place where they were hiding. The leader of that group of adventurers was a middle-aged man in his forties, with a cultivation level There was also a third-level Dzogchen, and he was followed by more than a dozen team members.

Soon, the team approached the cave. As soon as the middle-aged man at the head saw Qin Chuan and the cave behind Qin Chuan, his face suddenly showed joy , and quickly called all the team members to hide in the cave.

"There is a hole here. Everyone hurry into the hole and hide. Thunder will break out soon."

All the team members agreed with a roar.

When they saw Qin Chuan standing at the entrance of the cave, they were just slightly stunned, then ignored them and hurriedly entered the cave to hide.

When everyone entered the cave, the leader named Zhong The young man looked directly at Qin Chuan.

When he saw that the red-haired boy in front of him was a third-level fire warrior, a look of horror immediately flashed across his eyes.

It turned out that Qin Chuan had deliberately The cultivation level is at the third level, which is neither too shocking nor underestimated.

At this time, the middle-aged man stepped forward and said politely:"I am the leader of the Fire Adventure Team from Shenyang City, Zhao Lie. I have met this little brother."

The members of the Fire Team were a little surprised to see their captain being so polite to the young man.

As a third-order Dzogchen warrior, their captain has always set his sights higher than his own. Most people are too lazy to make friends with him, but now the captain is not interested in this young man. The fourteen or fifteen-year-old boy was so polite, which naturally aroused their curiosity.

When they saw Qin Chuan's cultivation, they suddenly realized it. At the same time, they were also surprised in their hearts, and their eyes looked at Qin Chuan with a little more awe.

These Most of the team members are second-level warriors, and they will naturally feel awe when they see third-level warriors.

When Qin Chuan heard that this adventurous team was from Shenyang City, his expression became more friendly, and he immediately smiled and said:"Shenyang City, Wang Xi! I've met Captain Zhao!"

"Ha ha!! It turns out that little brother Wang Xi is also from Shenyang City. It's just that at such an age, little brother Wang Xi has achieved such a level of cultivation. With such a talent, he should have been well-known in Shenyang City for a long time. Why haven't I heard of Brother Wang Xi before? Qin

Chuan replied: "Although I am from Shenyang City, I do not live in Shenyang City, but come from a small town. It is normal that Captain Zhao has never heard of me." Besides, I'm not one of the top ten experts, so why do so many people pay attention?"

"I see! However, I do think that within a few years, with my little brother's talent, he will definitely become one of the top ten young masters in Shenyang City."
