Chapter 2131

"Captain Zhao looked up!"

"Ha ha!! The little brother is being humble. Anyway, it is a kind of fate to be able to avoid lightning in the same cave with the little brother today! Here, I hope my little brother will forgive us for coming uninvited! Hearing this

, Qin Chuan's heart moved slightly and asked:"Captain Zhao, what exactly is the 'Thunder Bite' you are talking about?" Could it be the change in the sky outside?"

"good! It seems that the little brother has never heard of 'Thunder Bite', which is no wonder. In fact, many people have never heard of 'Thunder Bite'. Warriors who have not been in the Qilian Mountains for a long time usually don't know about it. It seems that this is probably the first time for the little brother to come to the Qilian Mountains, right?"

"That's right, Captain Zhao, what exactly is going on with this thunder bite?"

"I don't know what is going on, but I know that this lightning attack occurs once every three years, and each time it lasts only three hours. When it breaks out, countless lightnings will fall from the sky, and hundreds of miles around will be bombarded by lightning. , so when lightning strikes, everyone will find a place to hide."

Speaking of this, Zhao Lie thought for a while and said:"Although I don't know how this thunder bite was produced, one thing is certain. This thunder bite is related to three places in the Qilian Mountains."

"Those three places? Qin

Chuan asked curiously.

Zhao Lie pointed at the red light beam in the distance and said,"Brother Wang Xi, have you seen that light beam?"

"Um!"

"In fact, that beam of light is composed of the red mist that shrouds the inner valley of Fire Spirit Valley all year round. This red mist is actually a kind of alienated fire spirit energy."

"Every three years on the Day of Thunder, the red mist in the inner valley gathers into a red beam of light that rises into the sky and shoots towards the dark clouds in the sky. This is the scene we see now. Hearing this

, Qin Chuan nodded slightly: "What does Captain Zhao mean, is this thunder bite related to the inner valley of the Fire Spirit Valley?"

"good! Not only is it related to the inner valley of Huoling Valley, you should also see a yellow light pillar and a white light pillar in the distance. Those two light pillars actually come from two other strange places in the Qilian Mountains. The yellow light beam comes from Tuling Valley, and the white one comes from Jinling Valley."

"These two valleys are not too far from Huoling Valley, and together with Huoling Valley, they are known as the three wonders of the Qilian Mountains. Although I don't know how the thunder bite in the air was formed, I can be sure that it must be related to these three wonders. Qin

Chuan thought thoughtfully. It seems that the other two secret places I heard about last time, Mingyu Palace and Jinling Temple, should be hidden deep in the Tuling Valley and Jinling Valley respectively.

Just like the Fire Lotus Cave. It's like hiding deep in the inner valley of the Fire Spirit Valley.

It seems that there must be a close relationship between this Thunder Bite and these three secret places, but I don't know what kind of relationship it is. It may be a big secret, but I don't know.

Thinking of this, Qin Chuan asked again: "Captain Zhao, I think many people know that this thunder bite is related to the three wonders. Isn't there anyone who is curious and goes into the depths of the three wonders to explore?"

"have! Of course! In normal times, the deepest parts of the three spiritual valleys are covered by thick fog, blocking sight and making it difficult to move forward. Even if you go in, you won't be able to discover any secrets."

"However, within a month after the end of the Day of Thunder, the fog in the inner valleys of the three major wonders dissipated. At that time, it was the best time to go into the inner valleys to hunt for treasures. There would be many warriors of the third level and above going there. treasure hunter"

"However, I heard that every time people enter the inner valley to hunt for treasure, someone will disappear inexplicably. Very few of these missing people come back alive, and even if they come back, they remain tight-lipped about what happened."..

Chapter 2132

Hearing this, Qin Chuan thought secretly.

It seems that those who disappeared inexplicably must have entered the three secret places of Fire Lotus Cave, Mingyu Palace, and Golden Temple by mistake or intentionally. However, it was too dangerous, and very few people survived in the end.

Those who survived must have their own reasons for not telling the truth. Why didn't they tell? Maybe I will know all this after I enter the Fire Lotus Cave.

Seeing Qin Chuan's thoughtful expression, Captain Zhao suddenly asked:"Little brother, are you also planning to explore the inner valley?"

"Yes!"

Qin Chuan did not hide it.

But Captain Zhao said:"Little brother, although you are a third-level warrior, it is still a bit reluctant to go there with your strength. Seeing as you and I are both from Shenyang City, I'm not going to listen to you if I just say a few words."

"If you insist on exploring the inner valley, you'd better only explore the outer reaches of the inner valley. There are many treasures there, and you must not go into the depths. Many people who

disappeared inexplicably in the inner valley just went into the depths to explore and never returned."

"Thank you, Brother Zhao, for reminding me. I will definitely keep it in mind."

"Um! Just remember it, I will remind you again! In fact, decades ago, there was an eighth-level great supernatural power user who was curious about the cause of the thunder bite. After the day of thunder bite, he personally went to the deepest part of the inner valley of the Fire Spirit Valley to explore, but he also disappeared inexplicably."

"No one knows whether the eighth-level master is alive or dead. It is precisely because of this incident that even fewer people dare to explore the depths of the Fire Lotus Cave."

Hearing this, Qin Chuan's heart was shaken. He had thought about the danger of the Fire Lotus Cave, but he never thought that an eighth-level warrior could not come out after entering.

If so, how terrible is the depth of the Fire Lotus Cave? , far beyond his imagination.

Thinking of this, Qin Chuan recalled the strange roars in the inner valley and the last weird roar, which seemed to indicate that there was a huge secret hidden in the Fire Lotus Cave.

However, Qin Chuan Chuan will not give up his plan to enter the Fire Lotus Cave to hunt for treasure because of this.

"Brother Zhao, I wonder if you have any plans to go into the inner valley to hunt for treasure?"

Qin Chuan suddenly asked.

Then Zhao Lie shook his head and said:"I have no such plan for the time being. After the thunder bite is over, I will take my team members and leave the Fire Spirit Valley quickly."

"Maybe you didn't know that every time a thunderstorm occurs, the ferocious beasts in the inner valley will be frightened, forming a tide of beasts, and all of them will flow out of the outer valley. It won't be long before this outer valley will be filled with level 3 ferocious beasts, and even level 4 ferocious beasts will be encountered, so this place will become very unsafe."

"Even I can only live alone in this outer valley, and most of my team members are still second-level warriors. There is only a dead end if they continue to stay here, so I must lead them out of the valley as soon as possible. After taking them out of the Fire Spirit Valley, I might consider going into the inner valley alone to explore."

"I see. I think the beast tide is coming soon, right?"

"yes! It should be arriving soon. In fact, after each beast wave, it takes at least more than a month for the outer valley to return to its previous state. Therefore, in the next more than a month, the outer valley of the Fire Spirit Valley is no longer suitable for warriors below the third level. Here comes the adventure"

"Why! In fact, it's my fault for being negligent. I forgot to calculate the day when the Thunder Bite would appear, which brought my team members into this dangerous situation."

Zhao Lie couldn't help but blame himself.

"Don't blame yourself too much for looking for me. I see that in your team, in addition to Brother Zhao, who is a third-level Dzogchen warrior, there are four other people in your team who are third-level warriors. With the strength of the five of you, it shouldn't be a big problem to escort the remaining team members out of the valley, right?"

Zhao Lie smiled bitterly:"I have underestimated the power of the beast tide. With our current strength, we can only barely escort them out of the valley!"

Qin Chuan still wanted to speak, but at this moment, the sound of running beasts came from the distance..

Chapter 2133

Zhao Lie's expression changed slightly and he quickly ordered to everyone:"The beast tide is coming. The second-level warriors have all retreated into the cave. The masters of the third-level and above are guarding the entrance of the cave to prevent those ferocious beasts that are fleeing in panic from breaking into the cave."."

At that moment, the third-level warriors in the Liehuo Team walked to the entrance of the cave, stood side by side with Zhao Lie, and guarded the entrance of the cave.

At this time, Zhao Lie said to Qin Chuan again: "I hope my little brother can also help to guard the entrance of the cave. This place may be attacked by ferocious beasts soon."

Qin Chuan immediately said cheerfully: "Don't worry, brother. This is what should be done!"

At that moment, Qin Chuan and Zhao Lie guarded the entrance of the cave.

But before everyone had guarded him for long, there was another thunderous roar in the sky.

Qin Chuan immediately looked up and saw another change in the huge whirlpool in the sky.

In the distance, the three huge light pillars gradually disappeared, and soon they completely dissipated.

In the sky, a huge purple electric ball appeared in the huge whirlpool, surrounded by countless dense lightnings.

Seeing this, Zhao Lie's expression changed slightly, and he whispered: "The lightning attack is about to begin!"

Sure enough, before he finished speaking, with an earth-shattering roar, countless beams of lightning crackled down from the sky. lightning.

For a time, there was lightning and thunder everywhere in the entire valley, and the roaring sound was endless.

In the blink of an eye, the entire valley turned into a world like a thunder prison, and the big trees were blasted into charcoal. Some were even blown to pieces, and one or two lightning bolts fell directly on Qin Chuan and others. Near the hole where you are hiding.

The exploding stones immediately flew everywhere, making everyone hiding in the cave terrified.

Seeing such a scene outside the cave, even Qin Chuan felt chills in his heart. He could also vaguely hear the screams of humans and ferocious beasts mixed in with the thunder.

It seems that those people and ferocious beasts who were unable to find hiding places were struck by lightning.

This 'Thunder Bite' lasted for three hours before it ended.

After it was over, the dark clouds in the sky dispersed, but it was getting late and the valley was still pitch black, making it impossible to see anything clearly.

That night, Qin Chuan and others did not go to practice, but stayed at the entrance of the cave all night.

During this period, two or three frightened ferocious beasts accidentally broke in, and they were all killed by Zhao Lie and others.

At dawn the next day, everyone saw that the valley was in a mess, with traces of lightning being struck everywhere, which was a bit shocking.

Seeing such a scene, many team members were unwilling to stay any longer.

At that moment, Zhao Lie said goodbye to Qin Chuan and left in a hurry with his team.

After Qin Chuan saw Zhao Lie and others leaving, he also took Qiuqiu towards the inner valley.

Not long after walking along the way, they encountered one or two frightened ferocious beasts, which were easily killed by Du Qinchuan.

On the way, Qin Chuan also saw several corpses of ferocious beasts that were scorched by lightning.

All this made Qin Chuan feel that the outer valley was indeed no longer safe.

"I'd better rush to Neigu quickly and don't waste time here."

Thinking of this, Qin Chuan sped up and rushed towards the inner valley.

Not long after walking, his expression became condensed again and he turned his head to look to the left.

Because he heard noisy screams and screams coming from somewhere. There were shouts and curses, as well as the roars of ferocious beasts.

Hearing these sounds, Qin Chuan frowned slightly and thought to himself: "Could it be that some adventure team was besieged by ferocious beasts? He'd better go over and take a look!"

When encountering such a thing, out of humanitarianism, Qin Chuan would still take a look.

When Qin Chuan rushed to the scene, he happened to see a group of adventurers being surrounded by five third-level ferocious beasts, white-eyed fire wolves. Three or four members of the team were killed, and even more were injured.

At this time, the members of the adventure team were completely at a disadvantage. Looking at the situation, the entire army would be annihilated at any time. The situation was already very critical.

However, Qin Chuan did not immediately rescue him. Instead, he looked at the adventure team members in great surprise, with a strange look on his face..

Chapter 2134

Because this team of adventurers is none other than Chu Kuang's Crazy Blade team.

At this moment, all the members of the Crazy Blade team were covered in blood and looked very miserable.

Chu Kuang, the strongest, was being besieged by two white-eyed fire wolves. He was retreating steadily and was in danger of dying at any time, but he was still roaring desperately and making his final death struggle.

Just when Qin Chuan was hesitating whether to take action, another scream came from the field, but it was Vice Captain Chen who was scratched on the back by a white-eyed fire wolf.

Before Vice Captain Chen could react from the severe pain of his injury, the other white-eyed fire wolf beside him seemed to have found an opportunity. It gave up its original attack target and took the opportunity to make a sneak attack, biting the back of Vice Captain Chen's neck. past, but Vice Captain Chen did not notice

"Captain Chen, be careful!"

Some sharp-eyed team members discovered it and immediately screamed in horror.

Unfortunately, it seemed that it was too late, and Vice Captain Chen was about to die on the spot.

Many people had despair in their eyes.

"Why!"

At this moment, a helpless sigh floated in the air, and then a figure appeared above everyone like lightning.

I saw the man flicking the sword in his hand and shooting dozens of rockets.

‘Uh-huh!! Uh-huh!! ’

The sound broke through the air continuously.

Then there were five screams, and all five white-eyed fire wolves were killed by the man with one move.

Seeing this scene, everyone was shocked!

Everyone couldn't help but exclaimed

"Oh my God! Killing five third-level ferocious beasts with one move. Could it be that the person coming was a fourth-level warrior? No! Even fourth-level warriors may not be able to do it. The person coming must be a warrior above the peak of fourth-level!"

When everyone looked at the rescuer who suddenly appeared on the field with this idea of surprise, their expressions froze.

"It's Wang Xi! How could it be him!"

"How can this be? Isn't he a third-level Dzogchen warrior? How could he kill five level three ferocious beasts in one move? Even a fourth-level warrior may not be able to do it! How did he do that? Could it be that he is a fourth-level peak warrior?"

This extremely shocking thought rang in the hearts of every team member and echoed endlessly.

"Wang Xi, it's you!"

Chu Kuang's voice was hoarse, his throat seemed to be blocked by something, and the expression on his face was very complicated and bitter.

Qin Chuan glanced at him lightly, ignored him, put away the long sword in his hand, and nodded. He left without looking back.

Looking at Qin Chuan's disappearing figure, a team member couldn't bear it any longer and shouted loudly

"Wang Xi, can you help us? Can you escort us out of this Fire Spirit Valley? Now there are level 3 ferocious beasts everywhere in the outer valley, and we can't get out at all!"

When Qin Chuan in front heard this, he paused slightly, ignored it, and continued to move forward.

The team member continued to cry in a crying voice: "Wang Xi, please!"

Qin Chuan stopped, turned around slowly, and said softly

"I have long said that the fate between you and me is over. I saved you just now because of Vice Captain Chen's words to retain you."

"Now that I have done my best to be benevolent and righteous, I no longer have anything to do with you. This place is still twenty or thirty miles away from the mouth of the valley. Whether you can get out or not is up to God!"

After saying that, Qin Chuan ignored them and disappeared into the vast woods in a flash.

All the team members looked blankly at the direction where Qin Chuan disappeared, and there was a sense of loss in their hearts.

And the team member who asked Qin Chuan to escort him, and even said to himself resentfully: "Why doesn't he help us? Why doesn't Wang Xi help?"..

Chapter 2135

"snort!

Vice Captain Chen on the side snorted angrily and cursed: "You still have the nerve to say this?" If you hadn't deliberately excluded him and treated him as one of your own, you would have made him leave in anger."

"Wouldn't he escort us out for the sake of our acquaintance? Now, what qualifications do you have to ask others to help you? Why! This really echoes the saying: You can still live if you do evil! If you do something wrong to yourself, you will not live!"

Vice Captain Chen shook his head and sighed.

After hearing what Vice Captain Chen said, all the team members suddenly felt extremely regretful.

If Qin Chuan left the team last time, everyone only regretted it a little, but not deeply, but now they feel deeply regret

"Why! Let's go! Nowadays, there are level 3 ferocious beasts everywhere in the outer valley. If we stay for a moment longer, we will be in more danger. We'd better leave as soon as possible!

Whether you can leave alive depends on everyone's luck. If you can survive one more, count it as one!"

Chu Kuang spoke with a very depressed tone. He was in a very complicated mood at the moment.

"Let's go!"

Many team members had pessimistic looks on their faces. At this moment, they all felt regret for something.

But on the other side, after Qin Chuan left, he rushed straight to the inner valley.

The dividing line between the inner valley and the outer valley, In the past, because there was heavy fog in the inner valley, they could be distinguished at a glance.

Now the fog in the inner valley has dissipated, making it difficult to tell where the dividing line between the inner and outer valleys is. But Qinchuan had a map in his hand and quickly found the inner and outer valleys. The dividing line entered the inner valley.

After entering the inner valley, Qin Chuan found that there were much fewer ferocious beasts in the inner valley than in the outer valley. It seems that the ferocious beasts in the inner valley were frightened and most of them went to the outer valley.

Moreover, in Not long after he came in, there were several more sounds breaking through the air, but they were other third-level warriors who rushed to the inner valley to hunt for treasures.

After seeing Qin Chuan, those third-level warriors just looked at Qin Chuan twice and ignored him. They went to hunt for treasures in the valley.

Qin Chuan didn't want to pay attention to them. He just wanted to enter the Fire Lotus Cave early to see what treasures were inside.

Thinking of this, Qin Chuan took out the map of the Fire Lotus Cave. After reading it again.

According to the markings on the map, the location of the Fire Lotus Cave was at the deepest part of the inner valley.

At that moment, Qin Chuan went straight to the direction of the Fire Lotus Cave.

Not long after Qin Chuan left, two third-level warriors came. Appearing at the place where Qin Chuan was standing, they looked at Qin Chuan's leaving figure with disdain on their faces.

"snort! He is such a ignorant boy. Even with his third-level cultivation, he dares to explore the depths of the inner valley. He is simply seeking death!

Another third-level warrior also said:"Yes!" In the depths of this inner valley, without the strength of the fourth level, who would dare to enter?"

"that is! Brother Li, let's not worry about that kid's life or death, let's go hunting for treasures! In a few days, there will be thick fog here again, and those ferocious beasts will return again. We will miss this good opportunity to hunt for treasure."

"Um! Then I'll go to the east and have a look first!"

At that moment, the two men separated to search for heavenly materials and earthly treasures in the inner valley.

But Qin Chuan followed the map and walked straight to the depths of the inner valley.

Perhaps it was because there were often rumors of people disappearing inexplicably deep in the inner valley. Many people were afraid to step in, so there seemed to be a lot of treasures inside.

Qin Chuan walked along the way without deliberately searching, but he also found two fire sun flowers and a nine-day grass.

These two spiritual things The grasses are all middle-grade spiritual grasses, worth tens of thousands of gold coins, which can be regarded as an unexpected harvest.

Qin Chuan happily took all the herbs into the God of War Order space, preparing to return them to Xiao Bing'er.

After walking for more than an hour, Qin Chuan finally reached the bottom of the valley, which was the entrance to the Fire Lotus Cave marked on the map.

However, when he got there, Qin Chuan was surprised to find that there was no entrance to the cave, only a bare cliff with no road. None, what kind of Fire Lotus Cave is there?..

Chapter 2136

"Huh! how so? Did I go to the wrong place?"

Qin Chuan was surprised, and quickly took out the map, confirmed it, and then stepped forward to touch the stone wall. It was indeed an ordinary stone wall with no mechanism.

"It's strange, I didn't go wrong! According to the markings on the map, the entrance to the Fire Lotus Cave is ahead! But why don't I see any holes? Huh! somebody is coming!"

Just when Qin Chuan was puzzled, his expression suddenly changed, and he quickly ducked and hid in the bushes on the side. After thinking for a while

, Qin Chuan let Qiu Qiu hide in the space of the God of War Order, and then held his breath , waiting quietly for someone to come.

Sure enough, not long after, three figures appeared not far away, slowly walking towards Qinchuan.

The three people chatted while walking.

Two of them were young people, and the other one was It was an old man with gray hair.

The old man with gray hair was a fourth-level Dzogchen warrior, and the two young warriors were acquaintances of Qin Chuan.

When Qin Chuan saw the two young people clearly, he suddenly became confused. Shocked.

Because these two people were none other than Feng Xing and Lei Yun.

"These two guys are really haunting! They actually chased them here. Didn't they chase them all the way?"

At this time, the sound of thunder clouds came from the field

"I never thought that I, Lei Yun, would meet Brother Wang in Riyun Town. What an unexpected encounter!"

"Ha ha!! Brother Leiyun, I also find it strange that you are here. Originally, I thought that my brother also got the map of the Fire Lotus Cave and wanted to go into the Fire Lotus Cave to hunt for treasures."

"Ha ha!! No, I just chased a little bastard with Brother Feng to Sunyun Town. Unexpectedly, I ran into him, and then I realized that there is such a treasure as Fire Lotus Cave here. However, I am also grateful to my brother for being so refreshing and inviting Brother Feng and me to come in and make a fortune together!"

"Brother Lei is being polite. In fact, Brother Lei is lucky and caught up with the time. The Fire Lotus Cave was only opened after the day of thunder, and it was opened once every three years. But unexpectedly, Brother Lei happened to catch up with you. I just asked you to go treasure hunting together."

"Ha ha!! Anyway, thank you to Brother Wang for reporting this matter!"

"hey-hey!! Brother Lei Yun, to tell you the truth, I actually have selfish motives. When the Fire Lotus Cave is opened this time, there will definitely be many fourth-level warriors coming to hunt for treasures, and even fifth-level warriors."

"When there are more people, there will inevitably be some treasure grabbing, so I want to invite me and your friend to go in together, just to advance and retreat together, so that we can have the capital to compete with others."

"Ha ha!! Of course!"

Hearing this, Qin Chuan finally understood the whole story.

It turned out that Lei Yun and the two were chasing him to Sunyun Town. Lei Yun happened to meet an old acquaintance of his, that is, the old man in front of him.

The old man was worried about going alone. Exploring treasures would be disadvantageous in the fight, so he invited Lei Yun and others to come together.

Naturally, Lei Yun and others readily agreed.

"Huh! Brother, are you in the wrong place? There is no road ahead! Is there an entrance to the Fire Lotus Cave?"

At this time, Lei Yun and the others also reached the end and came to the foot of the cliff.

The old man pointed at the bare cliff in front and said with a smile: "Haha!! Brother Lei, the entrance to Fire Lotus Cave is here. Lei

Yun frowned slightly and said doubtfully: "Brother Wang, are you kidding me?" All I saw was a stone wall in front of me. What kind of entrance was there?"...

Chapter 2138

After the two men entered, Qin Chuan did not immediately emerge from his hiding place.

He was worried that if he went in now, he might meet Feng Xing and the other two, so he wanted to wait a while before going in.

Just like that, we waited for half an hour.

Within half an hour, three groups of people entered the cave to search for treasures, including fourth-level warriors and third-level warriors. However, it is mainly composed of fourth-level warriors.

After the three groups of people entered, Qin Chuan came out of his hiding place.

He thought for a while, took out the mask from the God of War Order space, put it on, and then transformed into a battle body, turning into a silver face and white hair.

After all, there may be many people entering the Fire Lotus Cave to hunt for treasure this time, and he cannot let more people see his true face.

Next, Qin Chuan started walking according to the method he overheard from the old man named Wang.

When Qin Chuan stepped into the stone wall for the last time, he felt like he was penetrating a thin film of water.

Then the surrounding scenery shook slightly and the scenery rotated, and Qin Chuan realized that he had entered a hot cave.

The cave was very huge, and ditches could be seen everywhere in the cave.

But what flows in those trenches is not water, but fiery red magma.

In addition to these magma trenches, magma pits can be seen everywhere in the cave, and pillars of fire spurt out from those magma pits, illuminating the cave brightly.

"This should be the first floor of Fire Lotus Cave! Qiuqiu, come out and take a look!"

Qin Chuan immediately released the ball from the space of the God of War Order.

"Gujiguji!!"

As soon as Qiuqiu saw the scenery around him, he immediately became like a curious baby. He blinked his round eyes and looked left and right.

Looking at Qiuqiu's appearance, Qin Chuan smiled slightly and ignored it.

"I wonder where I am on the first floor now?"

Thinking of this, Qin Chuan wanted to take out the map and check it out.

At this time, a figure turned out from the corner in the distance and shouted to Qin Chuan from a distance

"Is that guy in front of me Brother Feng?"

Hearing this voice, Qin Chuan's eyes immediately showed a strange look, because the person who shouted was none other than Lei Yun

"Why! Unexpectedly, the road between enemies is so narrow! As soon as I entered the cave, I met this annoying guy! It seems that this guy is not with Fengxing, otherwise I and Qiuqiu will teach him a lesson first!"

At this time, Lei Yun not far away also noticed that something was wrong. His figure flashed and quickly approached Qin Chuan.

Qin Chuan also slowly turned around and looked at Lei Yun without fear, with a hint of contempt on the corner of his mouth. Smile:"Leiyun, we meet again!"

At this time, Lei Yun finally saw Qin Chuan's appearance clearly, and his eyes widened in shock:"It's you!"

Soon, Lei Yun woke up from his surprise, with a look of ecstasy on his face and laughed.

"Ha ha!! Little bastard, it's true that there is a road to heaven if you don't take it, and there is no door to hell but you will come to it on your own! I was worried that I couldn't find you, but I didn't expect you to come to my door yourself. Ha ha!! I'm going to kill you now to satisfy the hatred in my heart! Qin

Chuan smiled slightly:"Leiyun, I'm afraid you will be disappointed!""

As he said that, Qin Chuan looked at the ball fairway over his shoulder.

"Ball ball!! Transform!"

As soon as he heard this, Qiuqiu immediately understood, jumped down from Qin Chuan's shoulders, and instantly transformed into a dragon-headed lion body with two wings on his back and a third eye on his forehead. He looked like a fourth-level ferocious beast. The momentum spread immediately..

Chapter 2139

"Huh! This is the fourth level ferocious beast!"

Qiuqiu's transformation made Lei Yun slightly surprised.

However, the surprise on his face flashed away, and then a look of disdain appeared on his face.

"Ha ha!! I thought you had hired some powerful helper, but it turned out to be just a fourth-level ferocious beast. A small fourth-level ferocious beast poses no threat to me. If your pet is a fourth-level Dzogchen ferocious beast, I may still be a little wary."

"It's just that I'm a little strange. I didn't see a pet around you last time. Why did you suddenly have an extra pet this time?"

"hehe! Do I need to tell you?"

"snort! Little beast, you are really arrogant! I won't talk nonsense to you, I'll kill you and your pet first!"

After saying that, Lei Yun immediately drew his sword, and the aura on his body suddenly increased, and the sword was filled with lightning.

Seeing this, Qin Chuan no longer hesitated, and with a flash of cold light, he fired the flames from the space of the God of War Order. Take the twin swords of ice in your hands

"Little bastard!! go to hell!"

At this time, Lei Yun took action, and the long sword in his hand flashed, forming a huge lightsaber intertwined with electric light and struck Qin Chuan head-on.

"snort! Ball, let's go together!"

Qin Chuan snorted coldly, and dodged to avoid the sword.

The sword struck the air, and the whole cave suddenly shook, and gravel flew everywhere.

At the same time, Qin Chuan's two swords came out towards Lei Yun. Qiuqiu opened his mouth wide, spit out his own spirit sword, attached the sword spirit, turned into a sword of white light more than one meter long, and shot towards the thunder cloud.

Seeing Qin Chuan and Qiuqiu attacked him at the same time, Lei Yun showed contempt.

"Just in time! You are looking for death! Let's start with you, kid!"

At this moment, Qin Chuan was already close to Lei Yun. The flaming sword in his right hand pierced Lei Yun's throat, and the ice sword in his left hand pierced the heart.

Lei Yun sneered, turned aside, and avoided the flaming sword. The long sword in his hand blocked the ice. Attack power.

At the same time, a punch condensed thunder and struck Qin Chuan in the chest like lightning.

"Four-phase Hunyuan Shield, condense!"

Seeing the punch coming, Qin Chuan did not evade, but immediately condensed the four-phase Hunyuan Shield.

Boom!

With a loud noise, the light fist bombarded the four-phase Hunyuan Shield.

The four-phase Hunyuan Shield deformed and shook. , the light immediately dimmed a bit, but there was no sign of breaking.

What a strong defense!

Could this four-color light shield be a superior martial skill?

I didn't expect that this little bastard could block his full blow head-on.

Could it be that this kid is now A fourth-level, four-series warrior? How could a third-level, perfect, four-series warrior be so strong?

Although it was not the first time for Lei Yun to see the four-phase Hunyuan Shield, he was still very surprised when he came into contact with it again.

However, Qin Chuan said that with the four-phase The Hunyuan Shield took Lei Yun's full blow.

He took this opportunity to slash Lei Yun's waist with a flaming knife.

The reason why he gave up dodging and blocked the attack with the Four Phase Hunyuan Shield was to give Lei Yun a blow. Yun's unexpected blow

'Huh! When Lei Yun saw the flaming knife attacking, his expression condensed, and a lightning shield immediately formed around him.

At this moment, he had no time to dodge, so he had no choice but to counterattack and use defensive martial arts.

At the same time, Qiuqiu's attack also arrived, and the sword of white light and Qin Chuan's flame knife attacked the lightning shield at the same time.

With a loud noise, the lightning shield shattered, barely able to offset the attack.

"How can this be?"

Lei Yun had a look of disbelief on his face.

He knew everything about Qin Chuan's strongest attack power.

There is absolutely no such strong attack power.

So Lei Yun was not worried that Qin Chuan could defeat him at first. This is the reason why he disdains Qin Chuan. Even his defense can't be broken. What else can Qin Chuan use to fight him?

Although his lightning shield is only an intermediate defensive martial skill, it can be used to deal with Qin Chuan. But it is completely enough.

As for Qiuqiu, a fourth-level ferocious beast, no matter how powerful its attack power is, it cannot be stronger than Qin Chuan.

However, the result was completely beyond his expectation.

His defense was between Qin Chuan and Qiu Qiu. With the help of the ball, Lei Yun was actually defeated.

It was not until this moment that Lei Yun realized that this was not a battle in which he had a guaranteed victory, but a life and death battle in which the outcome was unpredictable..

Chapter 2140

However, as soon as the thunder shield shattered, Lei Yun looked horrified, his figure flashed, and he stepped back more than ten meters, widening the distance between Qin Chuan and Qiuqiu, and confronting them.

At this moment, his face showed an extremely cautious look.

The arrogance and disdain of the past could no longer be found on his face.

It was also from this moment that he realized the terrifying combination of man and beast in front of him.

He began to treat the young man in front of him as a master of the same level.

"Boy, you have a problem, and your pet is also very weird! It is obviously a fourth-order beast, but its strength is probably stronger than most fourth-order Dzogchen beasts!"

"how? Leiyun, are you afraid?"

Hearing this, Lei Yun was furious and laughed angrily.

"Ha ha!! Boy, are you kidding me? I was just not very clear about your strength just now, so I was a little surprised. Do you really think that by joining forces with your pet, you can do anything to Lei? You underestimate Lei Mou too much!"

"snort! Then stop talking nonsense! Qiuqiu, do it!"

After saying that, Qin Chuan's body flashed with blood. This time he actually activated the blood shadow escape method and went straight towards Lei Yun.

Qiuqiu also roared, and the white light sword in the air instantly turned into thirteen lightsabers. At the same time, Qiuqiu spread his wings and attacked Lei Yun.

Seeing Qin Chuan and Qiuqiu attacking again, Lei Yun's face changed slightly, he snorted coldly, and he also raised his sword to fight. Enter.

Two people and one beast started fighting in an instant.

They were evenly matched for a while, and it was hard to tell them apart.

Because of this battle, the entire cave became dark and the earth shook.

However, Qin Chuan activated the blood shadow escape method. Finally, his speed was equal to that of Lei Yun.

He relied on his own speed and the powerful defensive ability of the four-phase Hunyuan Shield to tightly entangle Lei Yun and received most of Lei Yun's attacks.

And Qiu Qiu tempered his natal spirit The sword queen's attack power is actually slightly stronger than Qin Chuan's. In addition, its spiritual sword is divided into thirteen parts, and its attack frequency is extremely high. It can attack thirteen times in a row.

Moreover, it can also sneak attacks. , always waving a claw or flying a wing from time to time, making Lei Yun unable to guard against it.

Generally speaking, in terms of attack, Qiuqiu is better than Qin Chuan.

At the moment, Qin Chuan used entanglement and Defense is the main focus, Qiuqiu is the main attack.

After a big battle, one person and one beast cooperate more and more tacitly.

Gradually, Qin Chuan and Qiuqiu gained the upper hand, and Lei Yun began to retreat step by step.

"How can this be? Do I, Lei Yun, have to lose to this little bastard who is only at the third level of Dzogchen? Although he is a warrior of the fourth element, I am a warrior of Thunder Elephant! How could I lose?"

At this moment, Lei Yun was greatly hit, and his heart was full of unwillingness. He had always kept his eyes above his head. Even if he met a fourth-level Dzogchen warrior, he would not bother to take a second look. However, he did not expect that today he would probably fall to a person who was bigger than himself. On the body of a boy one level below.

Of course, Qin Chuan's ability surpasses Leiyun. In addition to the help of Qiuqiu, his own strength is also super strong. He is not only a fourth-element warrior, but also a rare physical warrior.

Moreover, soon After that, he will become a fifth-line warrior, and his strength will increase greatly at that time.

However, at this time, the two men and one beast fought for more than 200 rounds. Lei Yun was already less offensive and more defensive, and he had several more swords on his body. Injured, looking a little embarrassed

"no! We can't continue like this, otherwise I, Lei Yun, will really capsize in the gutter and die here. I'd better run away quickly and find Feng Xing and Wang Yide first. Then the three of us will join forces to kill this little bastard and his pet."

Thinking of this, Lei Yun laughed sharply:"You little bastard, what's the point of bullying the young? The two of you can't stand up to one of me! I'm going to find some help too!"

"Ha ha!! Lei Yun, you are really thick-skinned! You have the nerve to say this! Do you think I'm a fool? You can leave if you want?"

"snort! Little bastard, I'm too lazy to talk nonsense with you, so I'll say goodbye!"

After saying that, Lei Yun suddenly accelerated his sword, avoided Qin Chuan, and wanted to escape..
