Chapter 2161

Feeling the cold eyes of General Cheng behind him staring at him, Qin Chuan felt chilled in his heart, but he did not dare to move. At that moment, he had no choice but to move forward, but he was extremely anxious in his heart.

"what to do? I'm afraid I'll be exposed soon!"

But the little prince in front was extremely proud. He would soon know whether Qin Chuan had lied.

At this time, Qin Chuan suddenly thought of a question.

"Your Highness, the little prince, is a little confused. How are you sure that my master is among the warriors? The Skyfire Lake is so big, maybe my master has gone elsewhere."

Hearing this, the little prince showed a sneer on his lips, and thought to himself: "Is this kid scared? It's okay to start talking nonsense with this prince now! I'll tell you the reason and let him give up!"

Thinking of this, the little prince said: "Brother Qinchuan, you don't know something. There are many fire jade lotuses in the Lake of Fire today, but most of them grow in the middle of the lake. This is because the fire energy in the center of the lake is relatively strong and is more suitable for the growth of Fire Jade Lotus."

"However, the center of the lake is dozens of miles away from the shore. Warriors below the eighth level cannot reach there. Naturally, they cannot pick those fire jade lotus flowers, so these warriors wait on the shore. Hearing this

, Qin Chuan became even more puzzled: "Since we can't pick it, what's the use of waiting on the shore?" Could it be that you can pick it by waiting here?

The little prince smiled and nodded: "That's right!" Because in this lake of fire, there will be a tide every three hours"

"Every time there is a tide, some Fire Jade Lotuses in the middle of the lake will be washed to the shore. These people are just waiting for the tide to happen, so they can grab the Fire Jade Lotus on the shore. If they are lucky, they can also see the Fire Jade Lotus. king.

Hearing this, Qin Chuan suddenly said:"That's it!" At this time, the little prince said again:"

Actually, they are not just waiting for the tide to happen, but also waiting for something else?"

"what?"

Qin Chuan's eyes showed a hint of curiosity.

But the little prince smiled slightly and said:"Floating Island!"

"Floating island?"

"good! After entering the Fire Lotus Cave, you can only exit from the third floor. The entrance to the third floor is right opposite Tianhuo Lake. There are only two ways to get to the opposite side of Tianhuo Lake"

"One is to go around the shore of Tianhuo Lake to the opposite side, but that will take a long time, maybe half a year, maybe a year, because no one knows how big Tianhuo Lake is."

"Another way is to take a floating island ride. This floating island is very strange. It drifts from the center of the lake to the shore, and then carries people to the other shore."

Qin Chuan was horrified when he heard this.

Since on the day of thunder, a red light beam shot out from the inner valley of Huoling Valley, and then he saw the light beams from Tuling Valley and Jinling Valley. He speculated that these three places The secret places must be connected with each other, and there must be a big secret hidden.

Now that he heard the existence of the floating island, Qin Chuan was even more horrified.

Does this mean that someone is secretly controlling the floating island? Does it mean that, Is there a powerful being lurking in the depths of the Fire Lotus Cave?

Thinking of this, Qin Chuan couldn't help but feel an unreasonable fear in his heart.

This kind of fear was far greater than the fear brought to him by General Cheng. It was a kind of powerlessness to resist. The fear.

Just like an ant facing an elephant, there is no comparison in strength at all.

Thinking of this, Qin Chuan couldn't help but whisper to himself: "It seems that this Fire Lotus Cave is not simple! Maybe there is a huge secret hidden deep in the Fire Lotus Cave."

"good! It is indeed not simple!"

The little prince suddenly lowered his voice.

"Some people say that there is a ninth-level master lurking deep in the Fire Lotus Cave, but more people say that it is not a ninth-level master lurking here, but a demon!"..

Chapter 2162

"demon?"

Hearing this, Qin Chuan showed an unbelievable look. He didn't believe there were any demons in the world.

But he said that the two of them were chatting and walking, and soon they approached the group of warriors.

The group of warriors naturally discovered Qin. Chuan and the others also looked at them one after another, but there was not much kindness in their eyes. After all, everyone came to the Fire Lotus Cave to hunt for treasures, so it was inevitable that they would fight for the treasures.

No one knew who would fight with him next. Who will be robbing him? Naturally, he will not show any kindness to strangers.

At this time, Qin Chuan also saw the situation clearly.

Among the group of warriors, there were three or five together, and some were alone.

Each small group or individual maintains a certain distance and is on guard against each other.

However, most of these people are fourth-level warriors, a few are third-level warriors, and there is no fifth-level warrior. There is no one in the crowd. A fifth-level warrior, Qin Chuan secretly thought that something was wrong.

Sure enough, the little prince also discovered this problem, and immediately his eyes flashed with a stern expression, and he looked at Qin Chuan with extremely cold eyes, and sneered at the corner of his mouth.

"Brother Qinchuan, are there no fifth-level warriors here? Where is your master? It's not like you don't have any masters at all and you made it up yourself, right?"

After hearing this, Qin Chuan's face changed slightly, and he couldn't think of any good excuse for a while.

General Cheng behind him also noticed that something was wrong with Qin Chuan, and immediately snorted coldly, and suddenly exuded a murderous aura from his body, instantly killing Qin Chuan. The river was shrouded in the river.

As soon as he felt this fierce murderous intention, Qin Chuan felt bad and did not dare to move rashly.

As long as he made any move, he would definitely be killed by General Cheng behind him.

Although General Cheng was only a fifth-level warrior, he There is still a big gap between him and the fifth-level warrior.

"how? Qin Chuan, why are you suddenly not talking? Could it be that I was right? I don't think you need to find a reason, I seem to know the answer."

When the little prince saw that Qin Chuan was silent and his eyes flashed coldly, he was about to order General Cheng to take action.

Qin Chuan saw that something was wrong and hurriedly pretended to smile calmly.

"Ha ha!! Your Highness, little prince, you have made me a little confused. My master is indeed not here now. I was still thinking just now, where would he be? Maybe he is nearby. Let's look for him again. When we find him, I will introduce him to you!!"

Hearing this, the little prince felt as if he had heard a joke and couldn't help laughing.

"Ha ha!! Wang Tianqi, you still want to lie to me? Do you think this prince is a fool? Why go to your master? This prince no longer has the patience to play games. I think you are still..."

The little prince's eyes flashed with murderous intent, and he was ready to let General Cheng take action.

General Cheng was already ready to attack, waiting for the little prince's order..

As long as the little prince gives the order, he will definitely kill the red-haired boy in front of him in one fell swoop.

At this critical moment, Qin Chuan suddenly saw a black dot flying over the lake of fire from the corner of his eye.

Qin Chuan's mind flashed. Flash, immediately pretended to be overjoyed, pointed at the black dot flying in the distance and shouted

"My master has flown back! My master has flown back!"

Hearing this, the little prince was slightly startled. He quickly looked back at the black dot in the sky, with a trace of doubt in his eyes. He couldn't help but secretly thought: "Isn't his master a fifth-level warrior? How can it fly? Could it be..."

Just when they were confused, the black spot in the distance flew closer.

At this time, Qin Chuan and others also saw clearly what the black spot was.

The black spot turned out to be a giant eagle, and the giant There was a person sitting on top of the eagle.

Seeing this, the little prince showed a hint of surprise in his eyes and thought to himself: "Could it be that the person flying here is really his master? Otherwise, how could he recognize it at a glance?"

But Qin Chuan saw that the person flying over was indeed a man riding a flying pet. He breathed a sigh of relief and secretly said that he was lucky..

Chapter 2163

In fact, Qin Chuan had already guessed that the black spot was probably a person riding a flying pet.

Because no flying ferocious beast can survive in this Skyfire Lake.

Because so far, he has not found even a single ferocious beast in the Fire Lotus Cave, let alone a flying ferocious beast.

In an underground world like this, it is impossible for flying ferocious beasts to exist. The only possibility was that someone from the outside brought flying pets, so Qin Chuan dared to yell randomly.

He did this as a delaying tactic, so that the little prince and the others would not attack him for the time being, and give him some time to breathe.

If his bet was right, and the person flying that day was really someone riding a flying pet, he would still have a chance to make a comeback.

Fortunately, Qin Chuan's judgment was correct and he made the right bet.

However, Qin Chuan's shouting just now made the little prince temporarily stop thinking about taking action.

The warriors not far away were also attracted by Qin Chuan's shouts, and many of them had expressions of surprise on their faces.

Previously, they saw Qin Chuan and the little prince muttering something, but it was none of their business, so they didn't pay too much attention.

But at this moment, Qin Chuan shouted and attracted everyone's attention.

And a few of them couldn't hold themselves back, walked forward and even greeted Qin Chuan.

"Unexpectedly, this little brother is the disciple of Lord Yidao. I have seen this little brother before!"

"Ha ha!! I, Liu Lang, have also met my little brother. I hope that my little brother will say something nice in front of the Master later and take care of me on the way back."

"that is! that is! I also hope that my little brother, considering that we are all third-level warriors, can say a few kind words for us third-level warriors in front of the master."

Qin Chuan was greatly surprised when he saw these people suddenly coming forward to greet him.

Moreover, he also found that these people were all third-level warriors.

Seeing this, Qin Chuan quickly understood.

It turned out that these people I really mistakenly thought that I was the disciple of the man in the air.

However, these people were all less than the fourth level in strength, and they all felt that they were insufficient in self-protection, so they came to establish a relationship with me, hoping to obtain the protection of the warrior in the air through me.

It can be seen from this that the strength of the man in the air must not be weak.

At that moment, Qin Chuan smiled bitterly in his heart: "Haha!! That person is my master! The secret will be revealed soon after he flies over. I'm afraid that by then, I will not only offend the little prince and his gang, but also the master in the air."

Although he thought this in his heart, Qin Chuan would not show it. Instead, he pretended to be at ease and smiled at those people.

"Ha ha!! Don't worry, everyone, I will definitely put in a good word for you in front of my master."

When those people heard this, they were overjoyed and expressed their gratitude to Qin Chuan one after another. Qin Chuan also pretended to be humble.

Seeing Qin Chuan's expression, the little prince on the side couldn't help but believe that the person in the sky was Qin Chuan. Master.

At that moment, he curiously asked a warrior: "Brother, you said that the man in the air is the Lord of Yidao City. Is he a fifth-level warrior?"

Qin Chuan couldn't help but feel tense when he heard the little prince's question. He didn't know what kind of cultivation the man in the sky had. But he didn't expect that the warrior said without even thinking about it.

"Of course! Haven't you heard of the name of the Lord of Yidao City? He is Huoyue City City Lord Liu Yidao, and outsiders call him Yidao City Lord. He just rode his flying pet and went for a walk in the depths of Skyfire Lake. He must have gained something!"

Speaking of this, the man's eyes showed envy...

Chapter 2164

If he also had a flying pet, he would also go into the depths of Skyfire Lake to explore.

In fact, Qin Chuan also had this idea in his mind. He even wanted to ride Qiuqiu across the Sky Fire Lake.

However, he didn't know how wide the lake of fire was.

There seemed to be no place to rest in the lake. If the ball lost its strength halfway through the flight, they would have no choice but to fall into the endless molten lake together, melting until not even the dregs were left.

However, without crossing the Sky Fire Lake, he would not be able to reach the third level, and he would not be able to get out of the Fire Lotus Cave.

If you go around Tianhuo Lake to reach the other side, it may take more than half a year.

Time does not allow him to do this, because in half a year, he will enter the Zhou family's forbidden area and seize the Blue Dragon Pearl.

If he stayed here for too long, the Qing family's plans for many years would be ruined by him alone. He could not let himself become the family's sinner.

So what Qin Chuan has to do now is not only to survive the control of the little prince, but also to take the floating island to the other side, enter the third level and leave the Fire Lotus Cave.

Obviously, it is difficult for him to do this, but he already has his own plan in mind, so it is not impossible for him to succeed.

But he said that when the little prince heard that the city lord was really a fifth-level warrior, he immediately believed Qin Chuan's words.

At the same time, I felt happy for a while, secretly thinking

"How dangerous! I almost killed this guy by mistake. If I kill him by mistake, his master will definitely settle the score with me. Even if I have General Cheng to protect me, I will not be able to

live well! After all, the Yidao City Lord has his own pet, and may be even more powerful than General Cheng."

Thinking of this, the little prince couldn't help but sweat broke out on his forehead.

General Cheng also secretly breathed a sigh of relief. He didn't want to provoke a warrior of the same level as his enemy in such a dangerous place.

"Ha ha!! It turns out that I, the prince, wrongly blamed Brother Qinchuan, please don't let Brother Qinchuan go out!"

Seeing that the little prince suddenly put on a amiable face and came up to please Qin Chuan.

Qin Chuan knew that the little prince had believed his lie, so he pretended to be humble and smiled and said:"What your Highness said, I have always felt that you and I We had a great time getting along, nothing unpleasant happened at all"

"Ha ha!! Brother Qinchuan, I wish you could think like this! I think brother Qinchuan is a good person. I will make sure you are my friend."

"Thank you little prince for thinking so highly of me!"

While the little prince was enthusiastically trying to establish a relationship with Qin Chuan, another group of warriors came not far away and were walking towards Tianhuo Lake.

Naturally, these warriors were the ones behind.

When he saw this group of people approaching, the little prince The others' attention turned to the group of people.

Qin Chuan had no intention of looking at the group of people, but his eyes were looking around, eager to find a way out, because he knew that when the sword city lord flew to the shore, everything would be over. The truth came out, and that was the time for his death.

Unexpectedly, as soon as the group of people approached, Qin Chuan heard one of them shouting in surprise.

"Brother Feng, Brother Wang, that little bastard is right in front, let's go over and kill him!"

"Ha ha!! Sure enough it was him!"

"Are you talking about the red-haired boy?"

"good! It's him who turned into ashes, and I all know him!"

Qin Chuan was shocked when he heard these words. He turned around quickly and saw Lei Yun, Feng Xing and Wang Yide rushing out of the team. They all looked overjoyed and rushed toward him with murderous intent.

Lei Yun and Wang Yide rushed towards him. Feng Xing had seen Qin Chuan's real appearance, so he recognized it at a glance, but Wang Yide had only seen Qin Chuan wearing a mask.

Therefore, Wang Yide hesitated for a while, mainly because Qin Chuan was too young, which made him a little uncomfortable. I dare to believe that the young man in front of me is the powerful silver-faced white-haired man from before.

But when Qin Chuan saw Lei Yun and the others suddenly appearing, he was about to take action against him. He was immediately horrified and secretly exclaimed:"It's true that misfortunes never come singly! Before I can deal with the enemy around me, these three guys showed up again!"...

Chapter 2165

Thinking of this, Qin Chuan quickly called for help to the little prince on the side:"Your Highness, little prince, save me quickly. These three people are my enemies. I can't deal with them. My master is still in heaven and there is no time to save me!"

In fact, the little prince The prince had long realized that something was wrong, especially when he saw that Lei Yun and the three of them were very strong, and they actually came to Qin Chuan together, and he was very surprised.

At that moment, he said: "Brother Qinchuan, how come you have provoked such a powerful enemy?"

"Your Highness, this is not the time to explain, you want to help me!"

"This is natural! General Cheng, those three annoying guys are actually the enemies of the Qinchuan brothers, so kill those three people!"

"I obey my orders!"

But at this time, Lei Yun and the others had already rushed over, less than ten meters away from Qinchuan.

Unexpectedly, a figure flashed, and an old man stood in front of the three of them. As soon as the three of them saw the old man blocking the way, , and suddenly frowned. When they found out that the old man was actually the fifth level, their faces suddenly turned ugly. Before the three of them could ask questions,

General Cheng shouted sharply: "Since you three are Qin Xiaoyou's enemies, , then let's all die!"

As soon as these words came out, General Cheng attacked Lei Yun and the other three at the same time.

The expressions of Lei Yun and others changed drastically.

Although the three of them were very strong, they did not dare to be enemies with the fifth-level warriors.

Even if the three of them joined forces, they would not be able to fight against each other. They could not be the opponents of a fifth-level warrior.

Before the three of them accepted the challenge, their confidence had already collapsed. Without even thinking, they ran away for their lives.

Lei Yun and Feng Xing were naturally much faster than Wang Yide, and they escaped from General Cheng's attack range in an instant. This surprised General Cheng.

At this time, he discovered that Lei Yun Fengxing and the two were actually warriors of the two elephants of wind and thunder.

Although Lei Yun Fengxing and the two escaped, Wang Yide was too weak and was killed by General Cheng before he could escape a few feet. He caught up with him and beat him to death with a blow to the brain. After killing Wang Yide, General Cheng went to chase Lei Yun.

Seeing that General Cheng was about to catch up with Lei Yun, an angry shout came from the air: "Who is it?" A fifth-level friend is here to hunt down Zhang's cousin?"

The speaker was Zhang Chi who had just flown to the shore. When

General Cheng heard this, he immediately stopped.

Lei Yun also immediately turned around.

When he saw Zhang Chi, he suddenly showed a look of surprise: "Cousin, you actually Also here. This old man just wanted to hunt me down. Come and help me!"

But when Qin Chuan heard this conversation, his legs almost softened. He didn't expect that Zhang Chi turned out to be Lei Yun's cousin. This time he was going to be chased by two fifth-level warriors. At that moment, he felt a sharp pain in his heart. , secretly said: "I can only use the last resort!"

The little prince on the side was also a little confused by the relationship in the field. Before he could figure out what was going on, he saw a cold light flash in front of his eyes, and a cold long sword was placed on his neck. The man holding the sword was Qin Chuan.

The little prince was greatly surprised when he saw Qin Chuan's actions, and his brain froze for a moment.

Even Commander Zou and his pet purple-horned ice cloud leopard who were waiting aside did not react..

The little prince was easily kidnapped by Qin Chuan.

This was also because General Cheng was not with the little prince. Otherwise, it would have been so easy for Qin Chuan to kidnap him.

However, it took the little prince a while to wake up and was surprised. Asked: "Brother Qinchuan, what are you doing? Qin

Chuan smiled coldly and whispered in his ear: "Your Highness, little prince, actually you guessed it right, I am Wang Tianqi!"

Hearing this, the little prince's heart was filled with resentment, his eyes darkened, and he almost fainted from anger..

Chapter 2166

Commander Zou on the side saw Qin Chuan suddenly kidnapping the little prince.

Then he shouted sternly: "Qinchuan, what are you doing?"

The purple-horned ice clouded leopard also roared angrily, glaring at Qin Chuan, and made an attack posture.

At this time, the little prince said angrily: "Commander Zou, he is that big liar Wang Tianqi!"

"What? He is Wang Tianqi! Commander Zou

's eyes widened in surprise, and then he pulled out the long sword from his waist with a 'choking' sound.

Qin Chuan's face changed slightly, he stepped back, and at the same time shouted: "Don't move!" If he moves again, I will kill him! Commander Zou immediately did not dare to step forward.

The little prince glared at Qin Chuan angrily and roared: "Little beast, if you dare, kill me now!" Qin

Chuan snorted coldly, and lightly slashed the little prince's throat with the sharp sword in his hand, causing blood to flow out immediately.

The little prince immediately showed a frightened expression and said anxiously: "Wang Tianqi, what do you want to do?" Do you really not want to live anymore? Qin

Chuan said in a cold tone: "Little prince, I'll tell you the truth!" Now besides your enemy here, there are two more enemies of mine. That City Lord Zhang is not my master, he is my enemy's cousin. After a while, City Lord Zhang will come over and kill me."

"Anyway, I'm going to die soon, so why don't I help you? Do you think you are stupid? You actually think I don't dare to kill you? Is my life in danger now anyway? What does it matter if I kill you?"

Hearing Qin Chuan's threatening words, the little prince turned pale with fright, and said with a slightly trembling voice: "Brother Wang Tianqi, don't be excited, don't be excited, there will be a way!"

"snort!! What can be done? It's all death anyway! I will let you and I be buried together today!"

"No! Don't! I don't want to die yet!"

The little prince's voice started to sound a little crying.

At the same time, all the onlookers were dumbfounded by the drastic changes in the field.

But soon, some people understood the whole story.

That Cheng The general was even more furious. He didn't expect that he had been tricked by Qin Chuan from beginning to end. He also helped Qin Chuan kill an enemy, which offended Qin Chuan's enemy.

At that moment, General Cheng glared and cursed: "Wang Tianqi, you damn liar, you deceived me so hard! Let our Highness go now, otherwise I will cut you into pieces."

Qin Chuan looked at him disdainfully and cursed in a low voice.

"idiot!"

General Cheng was so angry that his old face turned red. He couldn't bear it anymore. He, a dignified fifth-level warrior, was actually pointed at his nose and scolded as a fool by a third-level kid. How could he endure this? On the spot, he wanted to get angry.

The little prince couldn't bear it when he saw this. Miao, hurriedly stopped him: "General Cheng, calm down! Calm down! This prince's life is still in the hands of this beast...oh no...it is still in the hands of brother Wang Tianqi. You must not anger brother Wang Tianqi!"

Hearing this, General Cheng was stunned and immediately calmed down.

At this time, Zhang Chi also fell from the sky and stood next to Lei Yun.

Qin Chuan also saw clearly that Zhang Chi's flying pet turned out to be a fourth-level Dzogchen beast. The Black Feathered Eagle King was not yet a fifth-level ferocious beast, which made him feel a little more at ease.

Soon, Zhang Chi asked Lei Yun the reason, and then asked General Cheng with a sneer.

"Please give me an explanation as to why you went after my cousin and killed one of my cousin's friends just now!"

General Cheng said extremely depressedly: "City Lord Zhang, my surname is Cheng, and I am currently serving as the general of the Tiger Guard of the Kingdom of Beasts. I accidentally injured the life of your cousin's friend earlier because I fell into the tricks of this little liar Wang Tianqi. In fact, this little The scammer also used your name to deceive us.!"...

Chapter 2167

Zhang Chi frowned slightly: "How do you say this?"

General Cheng said: "This little liar said that he is your apprentice, and my Highness intends to make friends with you. He mistakenly believed his words and really thought that he was your

apprentice. , I agreed to help him deal with his enemies, but I accidentally killed your cousin's friend."

"This is the whole story. I think, since this Wang Tianqi is your cousin's enemy, he can't be your apprentice, right?"

"I have never accepted a disciple, how could he be my disciple? After saying that

, Zhang Chi looked at Qin Chuan angrily and said in a cold voice:"Boy, your name is Wang Tianqi, right?" See how courageous you are! You dare to use my name to lie, it seems that you are impatient!"

At this time, Lei Yun on the side also said:"Cousin, this guy is my enemy, you must help me kill him! Zhang

Chi nodded slightly:"He deserves to be killed for using my name to deceive others, and he is your enemy, so he deserves to be killed even more. I will kill him now to vent my anger!" After saying that

, Zhang Chi was about to take action.

Qin Chuan immediately laughed and said:"Zhang Chi, just take action." However, before that, I will first kill the little prince of the Kingdom of Beasts as a backup."

Hearing this, the little prince's face changed drastically and he exclaimed:"Brother Tianqi, no!

General Cheng stopped Zhang Chi and said,"City Lord Zhang, please don't do anything, my Highness is still in his hands!" Zhang

Chi smiled coldly:"I will only kill that boy. What does your Highness's life and death care about me?" I'm talking about, you killed my cousin's friend, and I haven't settled the score with you yet? General

Cheng also said in a deep voice:"Killing your cousin's friend, I have already said that it was a misunderstanding!""

"Ha ha!! General Cheng, your words are too funny. You said it was a misunderstanding, can you easily save a life? Do you really think I can talk easily?"

"City Lord Zhang, I can apologize for the manslaughter just now. If you feel dissatisfied with my apology, I will give you a satisfactory explanation when you get out of Fire Lotus Cave."

"In fact, having said that, it was the little thief Wang Tianqi who caused all this trouble, which created a rift between you and me. Therefore, the ultimate cause of all this is the little thief Wang Tianqi."

Hearing this, Zhang Chi pondered for a moment. In fact, he didn't want to avenge Wang Yide at all. After all, he and Wang Yide didn't know each other. He said those words purely for Lei Yun's sake.

Zhang Chi pondered for a moment. After meeting, he sneered and said:"That's it, Zhang will get rid of this evil now! Don't stop me!"

"No! If you want to kill him, he will definitely hurt my highness's life."

"Ha ha!! I've told you a long time ago that the life and death of your Highness has nothing to do with me?"

"snort! Your Excellency, please don't say such big words, if my Highness is really hurt. You Zhang Chi cannot escape responsibility. One day when I leave the Fire Lotus Cave, I will definitely ask the king to take action to avenge His Highness."

"If the leader of our country is angry, he will definitely destroy your whole family. Even if you are an eighth-level warrior, you will not be able to survive, not to mention that you are only a fifth-level warrior. Hearing this

, Zhang Chi's face changed slightly:"Are you threatening me?"

"good! I am just threatening, and I hope City Lord Zhang will think twice and not act rashly, lest he accidentally injure the life of my Highness!"

"snort!"

Zhang Chi snorted angrily, and for a moment he really didn't dare to take action.

After all, the power behind the little prince was very strong, and he didn't dare to provoke him...

Chapter 2168

At this time, Lei Yun saw that Zhang Chi could not take action, and suddenly said anxiously: "General Cheng, this kid is kidnapping your highness, why are you speaking for him like this?"

"Little brother, haven't you seen that this kid is threatening me with the life of my Highness? Don't say anything more now, save my Highness first!"

At this time, Qin Chuan spoke.

"Ha ha!! You should stop mumbling there. General Cheng, don't even think about saving your highness. I don't plan to walk out alive today, so your highness must die!"

After saying that, Qin Chuan's sword cut the little prince's throat a little deeper.

The little prince was so frightened that his legs became weak and he didn't even dare to speak.

General Cheng even said anxiously: "Boy, what are you going to do? How can I be willing to let my Highness go?"

"Let your highness go? Ha ha!! joke! That's an impossible death! There is only one outcome today, I will die with him!"

Hearing this, the little prince was so frightened that he almost cried, and begged: "Brother Tianqi, please don't let your mind wander! As long as you don't kill me, I can agree to any condition you have!"

But Qin Chuan didn't listen to him at all and said sternly: "Shut up!" If you keep making noise, I will kill you now!"

The little prince was immediately frightened into silence.

Now, in the eyes of everyone, Qin Chuan gave them the illusion that he was determined to fight to the death and pull the little prince to die together.

This illusion made General Cheng and his group Become more anxious

"Wang Tianqi, I am not begging you to let our Highness go now, but I am asking you not to be impulsive and not do anything to harm my Highness. I can agree to whatever you ask for, even if I escort you out of the Fire Lotus Cave, there will be no problem.

Qin Chuan pretended to ponder for a while and said:"Okay!" You can do it if you want me not to hurt your Highness's life, but I have the following conditions."

Actually, he was just waiting for General Cheng to say this.

"What conditions, tell me!"General Cheng felt slightly relieved when he saw Qin Chuan relent.

"The first condition: From now on, no one is allowed to come within a hundred meters of me, especially Zhang Chi. You must prevent him from coming within a hundred meters of me.

General Cheng pondered for a moment, then he cupped his hands to Zhang Chi and said,"I hope City Lord Zhang will give the Kingdom of Beasts some face and don't come within 100 meters of Wang Tianqi. When this happens, I will definitely report City Lord Zhang's kindness to the Lord of the Kingdom."

Zhang Chi glared at Qin Chuan angrily, and after a while, he sighed:"Okay!" I will give your country of beasts some face. But, just for once!

General Cheng said happily:"On behalf of the Kingdom of Beasts, I would like to thank you very much!"

"snort! You don't need to say thank you yet! You'd better take care of your affairs first! General Cheng nodded slightly, then glanced coldly at the warriors around him, and said in a cold

voice: "Everyone must have heard what I just said, so I won't talk nonsense here." From now on, no one is allowed to come close to Wang Tianqi Baimi. If anyone violates this, I will kill him on the spot!"

Hearing this, the group of warriors felt chilled in their hearts and retreated one after another, for fear that they were too close to Qin Chuan.

They were all fourth- or third-level warriors, and no one dared to go against General Cheng's words.

Seeing that everyone was Due to his own pressure, General Cheng turned around with satisfaction and said to Qinchuan when he was a little further away.

"Wang Tianqi, I have already fulfilled your first condition! I don't know what other conditions you have?"

"have! The second condition is that when the floating island comes over, I will be the first to board it!"

"This is a trivial matter! I can promise you, I think City Lord Zhang doesn't have any objections, right?"

Zhang Chi also nodded slightly and did not express an opinion.

In fact, Qin Chuan's second condition was that he was afraid that someone would board the floating island first to set up an ambush.

Only by being the first to board it would he not give others any chance to do anything.

"The third condition is that you must escort me safely out of the Fire Lotus Cave along the way."

"I can agree to this condition. Is it true that after I escort you out of the Fire Lotus Cave, you will release my Highness?"..

Chapter 2169

"Ha ha!! General Cheng, do you think I am a child? I only promise not to harm your Highness's life. As for when to release His Highness, we will wait until we get out of the Fire Lotus Cave!

General Cheng pondered for a while and said:"Okay!" I can promise you!"

Actually, he also wanted to stabilize Qin Chuan first, and then find an opportunity to kill Qin Chuan and save the little prince.

At that moment, Qin Chuan held the little prince hostage and stood aside.

The warriors around him did not dare to approach.

Under him, A few meters away, General Cheng, Lei Yun and others were eyeing him.

However, the most angry person among the crowd was Lei Yun.

His hatred for Qin Chuan was deeper than Feng Xing.

At this moment, Qin Chuan was clearly In front of him, he wanted to kill but did not dare to kill. After all, what General Cheng had said before, he naturally did not dare to approach Qin Chuan and could only glare at Qin Chuan.

"This little bastard is really powerful. He actually caught the little prince as a hostage. He really saw the situation clearly at a glance!"

Lei Yun couldn't help but curse in a low voice.

Feng Xing comforted him.

"Brother Lei, please be patient! It will take a long time to get to the third floor from here. It is not a matter of a day or two. This journey will take at least five or six days. I don't believe this kid can always be energetic. He will always take a nap. As long as he is negligent, that is when his life will be lost. Hearing this

, Lei Yun's eyes showed joy: "That's true!" snort! When the time comes, I will kill this little bastard with my own hands to avenge him for hurting me!"

At this time, General Cheng suddenly came over and called Zhang Chi, Lei Yun and others aside to discuss in secret.

"General Cheng, why are you calling me down?" Zhang Chi asked

"City Lord Zhang, I think everyone is aware of the current situation. That Wang Tianqi is our common enemy. Although this little thief is very weak in cultivation, he is very cunning."

"If you want to deal with him, you can't just rely on force. I asked City Master Zhang and others to come over. I also wanted everyone to come up with a way to discuss a countermeasure against the little thief."

"Yeah? I wonder if General Cheng has figured out a way?"

"There is a way. Judging from the current situation, we don't dare to touch that kid, and this kid doesn't dare to touch the life of His Highness. Everyone was in a stalemate. However, we have an advantage, that is, we have many people, but he only has one person"

"It takes five or six days to take the floating island from here to the third floor. Any third-level warrior who has been awake for five days and five nights will definitely not be able to bear it mentally. There will definitely be a time when he takes a nap. We can take advantage of him to take a nap.

Lei Yun smiled and said: "It turns out that Senior Cheng and Brother Feng thought of getting together." I wonder how Senior Cheng will arrange it?"

"My arrangement is that a group of us will be divided into three shifts and take turns monitoring this kid's movements. I am in one team, City Lord Zhang is in one team, Little Brother Lei, Little Brother Feng, Commander Zou here and the little prince's pet are in one team"

"With the strength of our third squad, it will be easy for any squad to kill that kid. As long as the kid is negligent, he will kill him immediately. What do you think of this arrangement?"

City Lord Zhang was the first to express his stance: "I think this method is feasible." With the strength of our third class, there is no problem in killing this kid. In this way, we can not only keep our spirits high at all times, but also take time to hunt for treasures around us."

Others also nodded in agreement.

At that moment, a group of people discussed and decided, and began to implement the plan to deal with Qinchuan.

The first group of people to monitor Qinchuan was General Cheng.

Qinchuan not far away was naturally a group of General Cheng. He could clearly hear people's plans.

However, he was not too worried.

His mind power had undergone changes, and his energy was far beyond that of ordinary people. In addition, he knew the Qingxin Curse. In his current state, he could persist for seven or eight times. It's no problem if he doesn't sleep for days, let alone five or six days.

Therefore, Qin Chuan doesn't pay attention to the conspiracy of General Cheng and others, and just wait and see what happens..

Chapter 2170

In fact, Qin Chuan would rather the other party divide into three groups to monitor him.

Because the more people monitor him, the more he has to distract himself.

The other party is divided into three teams, and there are fewer people monitoring him. This will actually make him less distracted and the pressure will be reduced invisibly.

In this way, Qinchuan was monitored from a distance by General Cheng, and both sides were in a state of silent confrontation.

The most depressing one is the little prince.

In order to better control him, Qin Chuan took out some special beef tendon ropes from the God of War Order space, ordered the little prince to tie himself up, and then randomly gave the little prince a pill, lying to him that it was poison. I didn't give him the antidote until he got out of the Fire Lotus Cave.

The little prince had serious doubts about whether what Qin Chuan gave him was poison.

After all, he knew that Qin Chuan was a big liar, and few of his words could be trusted.

However, I would rather believe that something exists than something that doesn't exist.

The little prince was still uneasy.

In fact, Qin Chuan didn't want the little prince to believe that the pill was poison. He just wanted to treat the little prince's A double blow to the body and mind, reducing his sense of resistance.

Not long after, the first tide of the Lake of Fire came that day.

Then more than a dozen fire jade lotuses rushed to the shore.

This naturally caused a fight.

During the fight, two warriors were also pushed into the Skyfire Lake with one palm, and were immediately melted until not even the dregs were left.

Next, two more waves came.

Each time he brought more than a dozen fire jade lotuses.

Except for a few warriors who were too weak to fight for it, or were too unlucky to grab it. Most warriors have gained something.

Of course, Qin Chuan will not participate in these fights. After all, he can hardly save his life now, so he has the time to think about it.

While everyone was waiting for the fourth wave, a roaring wave suddenly came from the lake in the distance.

Just when everyone was feeling strange, they saw a huge black shadow appear on the lake shrouded in red mist.

The black shadow is like a hill, approaching the shore quickly

"What is this?"

Many warriors looked surprised and looked up.

Not long after, the huge black shadow moved out of the red mist, and turned out to be a floating island with a radius of several kilometers.

I saw the floating island in the lake The speed was very fast, pushing along all the way, causing the fiery red magma to splash and making the sound of crashing waves.

When everyone saw clearly that it was a floating island, many people showed excitement

"It's a floating island! The floating island is coming!"

"Very good! Once on the floating island, we will be able to pass through the entire Tianhuo Lake in a short while. We will definitely see many fire jade lotuses along the way."

"yes! Maybe we can even see the Fire Jade Lotus King!"

After a while, the huge floating island came to the shore and hit the lakeshore hard, causing the ground to shake immediately.

After the floating island stopped, some impatient warriors wanted to rush to the island.

At this time, A cold voice sounded in the field

"Wait! I'll go first!"

It was Qin Chuan who spoke.

After hearing this, everyone remembered the previous negotiation between Qin Chuan and General Cheng.

At that moment, they all made way.

Qin Chuan was not polite, holding the tied little prince in one hand and the other in the other. Putting the sword on the little prince's neck, he jumped to the island with a few jumps, and then climbed directly to the highest point of the island, and then calmed down.

This island is made of a single piece of Huoli Rock. The island was bare with no plants growing.

Qin Chuan stood at the center of the island, which is also the highest point, and had a clear view of the surrounding environment..
