

## God level 221

### Chapter 221

But on the other side, Qin Feng quietly followed Ye Xiao into the cave.

Looking at Night Owl's ghostly back, he thought about it and quietly used memory stealing.

"Huh! That's what happened!"

Qin Feng had a strange look on his face.

At this time, the two of them reached the bottom of the cave without knowing it.

The bottom of the cave was like a palace hall.

There were more than a dozen luminous pearls inlaid on the cave wall, illuminating the surrounding area brightly..

There is an altar in the center of the hall.

A golden scale is suspended in the center of the altar, emitting dazzling golden light.

However, all light and breath are blocked by the altar's barrier, preventing it from dispersing.

"What's this?"

Qin Feng was curious.

However, his attention was attracted by the huge spiritual pool on the side.

The spiritual pool was ten times the size of the outside world.

There were tens of millions of milliliters of emperor fluid inside.

For these emperors, Qin Feng is not very interested in liquid ooze.

This thing is of no use to him anymore.

But at the bottom of the spiritual pool, there are more than 200 pieces of emperor liquid crystal.

Now it is developed.

Every time the secret realm is openedThe amount of Imperial Liquid Crystals that Southern Alliance can harvest is only about twenty yuan.

But there are more than 200 yuan in this spiritual pool, which is more than ten times the harvest of each session of SAARC!

Qin Feng was excited.

That night owl was even more excited.

He immediately rushed into the spiritual pool, preparing to collect the Emperor's Liquid Crystal.

But at this moment, a sudden change occurred.

The entire spirit pool's slurry exploded, and three figures rushed out of the spirit pool and attacked Ye Xiao at the same time.

There is an ambush in this spiritual pool, those three figures!

Every breath is at the level of essence fusion.

They were actually three Dragon Elf Kings.

Ye Xiao's overall strength is only half a step into the essence fusion realm, so how can he be the opponent of the three major elf kings.

What he is good at is hiding, and he is not good at fighting at all.

A scream!

Night Owl was blasted so hard that he vomited blood and flew backwards!

Click~!

Another sword light flashed, and Ye Xiao was split into two halves by Qin Feng.

This Night Owl is from the Northern Alliance and has a feud with the Southern Alliance. Naturally, Qin Feng will not show mercy.

Ye Xiao was suddenly killed, and the three dragon spirit kings were stunned for a moment.

But at this moment, Qin Feng teleported and arrived behind the three kings.

Nine violent attacks!

With one strike of his sword, he activated nine rays of sword light and struck behind the three kings.

At the same time, the tip of the sword trembled, adding a resonance kill, causing the three kings' defense to lose control.

Bang~! Bang~! Bang~!

Three consecutive explosions~!

The three kings were instantly killed, and their bodies automatically collapsed into white mist.

This violent nine-layer attack combined with the resonance ultimate attack is as powerful as a king-level skill.

At this time, the white mist dissipated, leaving three Jingyuan beads in the air.

Each one exudes dazzling silver light.

The quality of these three Jingyuan beads is obviously higher than the Seven-Star Dzogchen level.

Qin Feng quickly put away the three essence beads and immediately dived into the spirit pool.

In the blink of an eye, all the more than two hundred pieces of Emperor Liquid Crystal fell into his hands.

This time, I made a lot of money!

Then, he put away the body of the night owl.

Then he looked towards the altar!

The golden dragon scales on the altar are definitely treasures.

Qin Feng stepped forward and studied the altar for a while.

The barrier of this altar is very powerful and cannot be broken without an attack power of eight stars or above.

This time, even without the protection of the Dragon Elf King, Night Owl could not take away the golden scales.

Unless Night Owl understands the formation and can break it!

But in today's earth, there are very few people who understand the star pattern formation.

Most of them are studied by eight-star and nine-star experts.

However, Night Owl cannot take it away.

It doesn't mean that Qin Feng has nothing to do.

At the moment, Qin Feng quickly took out two demon cores and held them in his mouth.

The next second, his eyebrows cracked, and the God's Eye of Punishment appeared.

Phew~!

A ray of divine punishment light shot out.

Boom~!

A blow comparable to that of a quasi-eight-star powerhouse directly hit the barrier.

Click~!

The barrier was instantly shattered.

Qin Feng was overjoyed.

But the next second, overwhelming pressure emanated from the golden scales, covering the entire cave in an instant, and also Qin Feng...

This is.....

Wow~!

Blood spurts out!

Click~! Click~! Ka~ countless bones are broken.....

In an instant, Qin Feng's extremely powerful body was suppressed by the terrifying pressure, causing blood to spurt from his mouth, and the entire province's bones burst...

The pressure emanating from the golden scales actually exceeded the emperor's power... It was extremely terrifying!

Qin Feng's physical body couldn't bear it at all.

In fact, don't say that Qin Feng can't handle it. Even if a real quasi-eight-star strong man comes, he can't handle it.

Only those with eight stars or above can withstand such terrifying pressure.

Just when Qin Feng was about to be crushed, the demon core he devoured came into play.

Waves of powerful energy were frantically repairing his body, preventing him from self-destructing on the spot.

In fact, Qin Feng's physical body was far stronger than the same level, and even stronger than the Quasi-Eight Star. Coupled with the healing power of the demon core energy, he was not crushed on the spot.

If it were other quasi-eight-star experts, they would be dead!

Just when Qin Feng was about to use teleportation to escape, a sudden change occurred.

A dragon roar sounded from within his body.

Immediately, his dragon power was activated, and it instantly radiated out of his body.....

As soon as the dragon's power appeared, the pressure exerted by the golden scales suddenly disappeared.

Immediately afterwards, the golden scales exuded a kind of intimacy, seeming to be calling him

"This is....."

Qin Feng was in shock.

He stood there blankly, but did not step forward.

These golden scales were so terrifying, the pressure alone almost killed him.

What are these scales?

Qin Feng swallowed.

He wanted this very much.

This scale is an absolute treasure!

At this time, his injuries had fully recovered.

The healing speed of god-level devouring is very fast.

Qin Feng swallowed another demon core and boldly walked towards the golden scales.

This time, there was no coercion.

He still remained cautious and approached step by step.

Seven meters...five meters...three meters.....

The pressure still didn't appear, but there was an invisible call...

Two meters... One meter... Half a meter...

Qin Feng finally walked to the golden scales.

His fingers gently touched the cold scales... buzz~! Buzz~!

The golden scales actually let out a cheering roar.

Then, a stream of information poured into Qin Feng's mind.

After digesting the information, Qin Feng's face showed joy.

Ha ha!! This time we will get a big opportunity!..

Chapter 222

After digesting the information, Qin Feng's face showed joy.

This time we will get a big opportunity!

However, it is not advisable to stay here for a long time.

Qin Feng didn't have time to think too much.

With just a thought, the golden scales entered the storage ring.

He tried to summon the golden scales again, but found that there was no movement.

The golden scales seemed to be spiritual and did not obey his command.

Qin Feng was not surprised.

This treasure is just a token now, a key to unlocking opportunities, and it doesn't fully belong to him yet.

The next second, Qin Feng teleported and left the cave.

Just when Qin Feng left the cave, Long Shang, Yu Qilin and others had already arrived nearby.

The group headed straight for the cave.....

But he said that Qin Feng was not in a hurry to leave after leaving the cave.

He found a remote place nearby and quickly took out three Jingyuan beads.

This is exactly what the three Elf Kings left behind

"Ding! Successfully swallowed the seven-star king-level essence pearl...the space sensitivity increased to 8.83...the combat power increased to 31 million points...."

"Ding! Successfully swallowed the seven-star king-level essence pearl...the space sensitivity increased to 9.53...the combat power increased to 32 million points...."

"Ding! Successfully swallowed the seven-star king-level essence pearl...the space sensitivity increased to 10.23...the combat power increased to 33 million points...."

"good!"

Qin Feng was delighted. The three king-level essence beads directly increased his spatial sensitivity by 2.1 points and his combat power by 3 million points.

This king-level effect is far stronger than the seven-star Dzogchen.

Before he could be happy, Finished, the voice of the system sounded in my mind again、

"Ding! The host's space sensitivity breaks through to 10, the space ability is promoted to the fourth level, and all space abilities are strengthened.....Teleport limit increased to 2000 meters....."

"Ding! Awaken a new space skill—transformation!"

Transformation: within a certain range, swap positions with the specified target.....

"The spatial ability has finally advanced!"

Qin Feng looked at himself in surprise.

The effect of the King-level Jingyuan Pearl is so strong.

Will the Dragon Elf Emperor's Jingyuan Pearl be stronger?

Thinking of this, he raised his head and looked towards the direction of the mountain.

There was already a fierce sound. sound of fighting

"Sure enough!"

There was a smile on Qin Feng's lips.

All this was what he expected.

Not long ago, after he stole the memory from Ye Xiao, he knew some truth.

He will go over to watch the show soon.

Even if it is not as good as this one He also wanted to find the Dragon Spirit Emperor.....

It turns out that the golden scales are the dragon's reverse scales.

According to the information prompted by the scales, as long as he collects the three treasures Ni Lin, Dragon Tendon, and Dragon Pearl, he will be qualified to enter the mysterious palace deep in the Dragon Ruins.

At that time, he will get huge benefits.

Qin Feng was naturally very moved.

The pressure that Ni Lin exudes is stronger than Emperor Might.

It can be seen from this. The benefits in the mysterious palace were left behind by the existence of the Nine-Star Emperor.

Even the Nine-Star Emperor would be moved by that kind of benefit, how could he not be moved by it?

However, the reminder came from Ni Lin.

As long as you have the first level of dragon power, you can take away the reverse scale without being counterattacked by the coercion.

To get the dragon tendons, you need the second level of dragon power, and to get the dragon balls, you need the third level of dragon power.

Long's power is not enough and his representative qualifications are not enough.

If you seize it by force, you will be met with a majestic backlash. If you are not strong enough, you will self-destruct on the spot.

Qin Feng now only has the second level of Dragon Power and is not qualified to get the Dragon Ball, so he must improve his Dragon Power.

The only way to increase dragon power is to absorb the blood of a true dragon.

In this first level of secret realm, there is only one place where the true dragon's blood is found, and that is the Dragon Essence Emperor.

If he misses the Dragon Essence Emperor, he will have to go to the second level to find the true dragon's blood, which will be ten times more difficult.....

"You still need to make some preparations, right?....."

Qin Feng seemed to have thought of something and rummaged through the storage ring.

After a while, he found a secret book - Fengyan Tianxiang (super skill).

This is Yan Kun's signature skill.

Qin Feng quickly bought a few enlightenment stones, swallowed them, and studied the secrets.

This super skill is very easy for him to learn now.

After a few minutes, he mastered it.

Then, he took out Yan Kun's sword, Feng Yan Sword, transformed into Yan Kun's appearance, and rushed to the scene.

His current mental power has skyrocketed, and he is not far from the Eight-Star Great Perfection level.

Even if the opponent is in the essence fusion realm, his disguise cannot be seen.

After making these preparations, Qin Feng rushed towards the mountain col.....

At the same time, inside the Dragon Spirit Emperor's cave.

Long Shang and his group were dumbfounded when they looked at the empty altar.

"Ni Lin was caught first.....", Jade Qilin frowned slightly

"Who could it be?", Long Shang's expression was a bit ugly.

Without Ni Lin, he would not be able to enter the deepest mysterious palace.

"Who else could it be?", Yu Qilin smiled coldly, "In this secret realm, there are only three people with dragon power. One is you, one is Qin Feng, and the other one is from the Deep Sea Clan....."

Long Shang's eyes lit up: "Without Long Wei, they wouldn't be able to get close to Ni Lin at all. Unless they have the strength like me...."

Speaking of this, a trace of pride flashed in Long Shang's eyes.

He is no ordinary quasi-eight star.

If he is at full strength, he can still withstand Nilin's pressure even without Longwei.

"By the way, why is the Dragon Spirit Emperor not here? I still want to kill it!"

Long Shang's tone was a bit disdainful.

Both were quasi-eight stars, and he was confident that he could easily kill the Dragon Essence Emperor.

"right! Why is that guy missing? Hmm... there's something moving over there....."

Yu Qilin suddenly turned his head and looked in the direction of the mountain col.

She has secret skills and her hearing is a hundred times stronger than ordinary people.

Even though the mountain col was quite far away from the cave, she still heard it quickly through the cave wall.

"Walk!"

Long Shang gave the order and everyone hurried towards the col.

Chapter 223

But on the other side, Qin Feng quickly arrived at the mountain col.

A fierce battle was taking place there.

Surprisingly, the two sides in the fierce battle were not the Dragon Spirit Emperor and humans.

Instead, the three people from Yan and Kun joined forces with the four people from the Northern Alliance to surround and kill the four people from the Azure Dragon Alliance.

The other two members of the Vermillion Bird Alliance were dumbfounded.

They couldn't figure out why their captain joined forces with the people from the Northern League to kill the people from the Blue Dragon League.

Before this, they didn't get any hints!

And Xiao Qingfeng was even worse.

He finally attracted the Dragon Spirit Emperor.

Yan Kun quickly activated the formation and trapped Dragon Jinghuang in the formation.

But the terrible thing is that Yan Kun also trapped Xiao Qingfeng in the formation.

The jade talisman that controls the formation is in Yan Kun's hand.

If he didn't teleport Xiao Qingfeng out, Xiao Qingfeng would have no way to get out.

If this were the case, Xiao Qingfeng would be miserable.

He is like a turtle in a urn with nowhere to escape.

The Dragon Spirit Emperor knocked him down with three strikes, five divided by two, and then stepped on his feet so hard that he couldn't move.

Now, as long as the Dragon Spirit Emperor exerts his strength, he can be trampled into pulp.

Xiao Qingfeng was shocked and angry.

He yelled outside: "Yan Kun, what on earth are you doing? Send me out of the formation quickly." ....

"Xiao Qingfeng, are you stupid? At this moment, you still can't see what I'm going to do? I am going to destroy your Qinglong Alliance! Ha ha!!"

Yan Kun laughed wildly with pride.

"Are you two fools? Come and help quickly!"

Yan Kun looked at the two members of the Suzaku Alliance who were almost stupid.

As soon as these words came out, one of the members of the Suzaku Alliance changed his face, as if he was meeting Yan Kun for the first time. The other member frowned. , there was anger in his eyes.

The member was a young man with a face as white as jade.

He didn't expect that Yan Kun would dare to speak to him in such a tone?

Other forces didn't know his identity, and this Yan Kun didn't know his identity. Do you know?

He is a direct descendant of the Immortal Fire Emperor and a descendant of the royal family.

He is the real leader of the Suzaku Alliance this time

"who are you?"

Zhu Yang looked at Yan Kun coldly.

There was a condescending look in his eyes.

He began to doubt Yan Kun's identity.

Yan Kun was also stunned. This Zhu Yang was just a Fire Element Master in the late Seven Stars. How could he use this He looked at him with such a look.

Not only Yan Kun, but others were also surprised.

But at this time, the people from the Northern Alliance urged

"Yan Kun, don't be nagging him, let's quickly destroy the people of the Qinglong Alliance!"

It turns out that Yan Kun, who was pretending to be a member of the Northern Alliance, is in the same group.

"Why hasn't Night Owl come back yet?" Yan Kun was a little anxious.

"He should be back soon!"

At this moment, the three people from Yankun and the Northern Alliance stopped talking.

The seven people joined forces to besiege the four people from the Qinglong Alliance.

The four people from the Qinglong Alliance were immediately in danger.

Zhu Yang was ignored and frowned unhappily.

And inside the formation, The Dragon Spirit Emperor had long been dumbfounded.

It couldn't understand why this group of humans suddenly started fighting among themselves.

At this moment, a sudden change occurred.

A member of the Azure Dragon Alliance was beaten by Yan Kun until he vomited blood and flew out..

Hey~!

A sigh spread throughout the audience!

It was sent by Xiao Qingfeng.

But the next scene made everyone dumbfounded.

Dragon Jing Huang originally stepped on Xiao Qingfeng's back.

At this moment, Long Jing The emperor took his feet away.

Xiao Qingfeng stood up and bowed respectfully to Long Jinghuang: "Senior Long, I hope you can take action." ...."

"hey-hey!! I didn't expect that! The relationship between us is still going to be exposed... These people must die....."

The Dragon King actually spoke human words.

This scene immediately shocked everyone and they couldn't help but stop.

Even Qin Feng, who was hiding in the dark, was shocked.

How is this going?

Could this be a conspiracy between Long Jinghuang and Xiao Qingfeng?

Qin Feng thought in his mind and quickly used memory stealing on Xiao Qingfeng.

After a moment, a look of realization appeared on his face.

This memory stealing consumes too much mental energy.

With his current mental strength, he can only use it five times a day.

This is the third time he has used it today.

Therefore, Qin Feng will not use it easily unless necessary.

And just now, he spied some secrets from Xiao Qingfeng.

It turns out that the Azure Dragon League discovered the Dragon Essence Emperor a few years ago.

But the Dragon Spirit Emperor is too powerful, and the people of the Azure Dragon Alliance can't do anything about it.

The Dragon Spirit Emperor cannot go too far away from the cave due to some kind of restraint, so it can't even hunt people if it wants to.

In this way, the two parties actually reached a deal.

The people of the Qinglong League set up a scam to trick some people into coming over and offering them to the Dragon Spirit Emperor.

After the matter is successful, the Dragon Spirit Emperor will give some Emperor Liquid Crystals to the Qinglong Alliance.

This kind of transaction has been going on for many times.

Therefore, every time the Dragon Market opens, there will always be people from two alliances who all disappear.

These are all the tricks of the Qinglong Alliance.

Moreover, the Qinglong League deceives in turns, and the target of deception is different every time.

This time, they focused on the Vermillion Bird Alliance and the Northern Alliance.

What they did was to take turns suppressing the forces of each alliance in order to consolidate the position of the Qinglong Alliance as the number one force in mankind.

However, Xiao Qingfeng and Long Jinghuang did not expect that this time the plan would not go smoothly.

The Northern Alliance and Yan Kun actually wanted to trick them.

This forced them to expose their cooperative relationship.

"This Qinglong Alliance is really insidious! Then the Northern Alliance is not a good bird either. ...."

In a corner somewhere, Qin Feng sneered.

He spied some ulterior secrets from both Ye Xiao and Xiao Qingfeng.

The Qinglong Alliance colluded with the Dragon Spirit Emperor.

The Northern Alliance also colluded with a certain force.

He already knows the identity of the person pretending to be Yankun

"By the way, this Dragon Spirit Emperor can actually collude with others. He seems to be very intelligent....."

With a thought in his mind, he looked at the Dragon Spirit Emperor, and his eyes suddenly glowed with silver.

Memory stealing is activated!

It worked!

His memory stealing also works against the Eight Stars.

But after Qin Feng obtained the information, his face showed a look of extreme shock.

This Dragon Essence Emperor hides a huge secret.

This secret realm of Dragon Ruins has existed on earth for hundreds of years, but has never been truly activated.

Only by killing the Dragon Spirit Emperor can the Dragon Ruins secret realm be fully activated.

It turns out that the Dragon Ruins is not a secret realm at all, but an assessment and inheritance base.

Once activated, no matter what the final result is, the Dragon Ruins Secret Realm will disappear forever.

This is also the only opportunity in the earth world.

If you miss it, you can only go to other star areas to grab it..

Chapter 224

Qin Feng was pleasantly surprised when he discovered the secret.

At this moment, there was a loud noise in the mountain col.

Click~!

The Dragon Spirit Emperor shattered the formation with one punch.

That big formation couldn't trap it in the first place, it was just for show.

"not good!"

"Run away!"

Yan Kun and others were horrified, turned around and ran away.

"No one can escape~! "

Xiao Qingfeng rushed out to intercept.

The people from the Qinglong League also quickly intercepted the people from the Northern League.

"snort! In front of this emperor, are you still trying to escape?!"

The Dragon Spirit Emperor dodged and caught up with Yan Kun, the most powerful one, and beat him into a pulp with one palm.

Then, he shot continuously and beat the two members of the Suzaku Alliance who were following Yan Kun into pieces. When Qin Feng saw this scene, his eyes looked strange.

The guy pretending to be Yan Kun didn't reveal his identity until his death. It's really.....

After killing the three people from Yan Kun, Long Jinghuang looked at Zhu Yang and another member of the Suzaku Alliance.

"do not come!"

Zhu Yang was so frightened that his face changed.

"Hey~! Hey~!"

The Dragon King ignored it.

He smiled strangely and approached Zhu Yang

"If you come here again, I will fight with you!", Zhu Yang backed up and warned loudly.

"Ha ha! Just you? You little human being!"

The Dragon King was disdainful and was about to attack Zhu Yang.

But at this moment, Zhu Yang took out a strange crystal ball and a jade talisman.

"That is....."

As soon as Dragon Spirit Emperor saw the crystal ball, a flash of panic flashed across his eyes.

It senses danger.

I saw a purple flame burning in the crystal ball, faintly exuding energy that could destroy the world.

"Dragon Spirit Emperor, if you take one step closer, don't blame me for crushing this Xuanling Crystal. It's filled with Di Yan. Zhu

Yang said fiercely.

This is the life-saving thing given to him by the Fire Emperor.

After all, he is a direct descendant of the Fire Element.

Otherwise, no Nine-Star Emperor would be willing to give away his origin.

Qin Feng originally got two groups from the Phoenix Emperor The origin was that Emperor Feng was extremely fond of him.

But Qin Feng didn't know it.

Now, he slowly realized how good Yue'er was to him.

However, as soon as Zhu Yang's words came out, the whole audience was shocked.

What?!

Di Yan!

Everyone was frightened and stopped.

One by one, they turned to look at the mysterious crystal ball in Zhu Yang's hand.

"Brother, calm down!"

Xiao Qingfeng swallowed.

He was very nervous now.

Those in the Qinglong League and the Northern League were equally nervous. They stood still and did not dare to move, for fear of irritating Zhu Yang. The nine-star powerhouse is the real master of this world.

Everything about them is terrifying.

In the thick fog, Qin Feng frowned slightly when he saw this scene.

If Zhu Yang crushes Emperor Yan, tens of thousands of meters around will be instantly reduced to ashes.

He will also be unlucky.

Even the Dragon Spirit The emperor showed a look of horror.

If the Emperor Yan exploded, even if it did not die, it would be seriously injured.

It glanced at the black crystal ball, and then solemnly said:"Human! If you crush the Xuan Jing Ball, you will die too!"

"Ha ha!! This young master will not die! I still have this!"

Zhu Yang took out a jade talisman in his hand.

"Emperor level skill talisman!"

Xiao Qingfeng had sharp eyes and recognized it at a glance. He was extremely shocked.

"Who are you from the Immortal Fire Emperor?"

Xiao Qingfeng looked at Zhu Yang in surprise.

Zhu Yang said proudly: "Captain Xiao still has a good idea! This jade talisman seals a unique skill of my ancestor - rebirth by fire!"

"With this jade talisman, I can survive the explosion of Emperor Yan, but you will all die!"

These words made everyone change their expressions.

Even the Dragon King hesitated and stood still.

"So what exactly are you going to do?", Xiao Qingfeng asked

"Let us go! By the way, the people from the Northern Alliance were also released!"

These words made the people of the Azure Dragon Alliance and the Dragon Spirit Emperor change their expressions slightly.

If they are let go, the news of their collusion with the Dragon Spirit Emperor will definitely spread.

This is not good for them.

At the moment, Xiao Qingfeng and the Dragon Spirit Emperor They looked at each other.

After some eye contact,

Xiao Qingfeng sighed:"I can let you go! But you must make an oath not to tell anyone about today's matter!"

"no problem!", Zhu Yang agreed very readily.

He just wanted to survive, and he didn't want to lose the Emperor Yan and the Emperor Skill Talisman like this.

This secret realm adventure had just begun, and if it was lost like this, what would happen next?

"what about you?"

Xiao Qingfeng looked at the people of the Northern Alliance again.

The people of the Northern Alliance hesitated for a moment.

One person asked:"Where is our Captain Night?"

As soon as these words came out, everyone was definitely wrong.

Ye Xiao had been gone for so long, but he still hadn't come back.

Xiao Qingfeng didn't say anything.

Dragon Jinghuang showed a sneer.

Both of them knew that Ye Xiao must be dead.

That cave There were three Dragon Elf Kings lurking inside, so it's strange that Night Owl didn't die.

When the people from the Northern Alliance saw the expressions on the two men, they naturally guessed it, and their faces suddenly turned ugly.

"how? Don't you want to take an oath?", Xiao Qingfeng frowned.

The four members of the Northern Alliance looked at each other for a while, then sighed and were willing to compromise.

In the thick fog, Qin Feng saw this scene and frowned secretly.

This was not the result he wanted.

Long Jing Unless the Emperor dies, the Dragon Ruins Secret Realm cannot be truly activated.

There are only twenty hours left until the first level of the Secret Realm ends.

If the Dragon Essence Emperor cannot be killed within the remaining twenty hours, it will not be activated this time.

Then the real The opportunity can only be left to the next generation.

No! The Dragon Spirit Emperor must die!

This is also a test!

Qin Feng's eyes couldn't help but fall on Zhu Yang.

If he has the emperor-level skill talisman and the emperor Yan to assist, Maybe he can kill the Dragon Spirit Emperor!

Otherwise, he can't do it with his current strength alone.

Time waits for no one.

Thinking of this, Qin Feng's eyes suddenly lit up with silver light, and memory stealing was activated~!

This is also His last chance to use it today.

In just a moment, he stole a lot of Zhu Yang's memories, and a sneer appeared on his face.

Zhu Yang, like Yan Kun, had received orders from the Fire Emperor to kill anyone he encountered in the Southern League..At this moment, Xiao Qingfeng's voice sounded again in the field

"Brother Zhu Yang, then you swear!"

"good!"

Zhu Yang was about to make an oath.

Qin Feng quickly walked out of the thick fog

"Mr. Yang! No!"

Everyone was startled. They followed the sound and were shocked when they saw Qin Feng.

Because Qin Feng's current appearance is that of Yan Kun.

Isn't Yan Kun dead?

Everyone looked at Yan Kun's body on the ground. He looked at Qin Feng again, his eyes wide open, as if he had seen a ghost..

## Chapter 225

"you...Aren't you dead?"

Zhu Yang looked at Qin Feng in horror, as if he had seen a ghost.

"strangeness.....",Dragon Jinghuang was also confused.

It killed Yan Kun with its own hands, why did another one appear?

It looked at Qin Feng carefully and saw no clues.

"Mr. Ye, I'm not dead! I'm not alive!"

Qin Feng pretended to be innocent.

As he spoke, he approached Zhu Yang

"stop!", Zhu Yang was very cautious.

Qin Feng stopped

"who are you?"

Zhu Yang swallowed, and the hand holding the Xuanjing ball began to sweat.

A series of things that happened today made him a little dizzy.

He could hardly figure out who was with whom.

So, he I can't trust anyone easily now

"Mr. Yang! Look, this is my sword." Qin Feng took out the Phoenix Flame Sword.

He had to get close to Zhu Yang.

Although he could use illusion and teleportation to quickly kill Zhu Yang, people's thoughts are extremely fast.

As the saying goes: if one thought is destroyed, the world will be destroyed! If one thought is born, all things will be born!

Qin Feng is worried that his killing speed cannot be faster than Zhu Yang's thoughts.

He must succeed in one go and cannot make any mistakes

"Young Master Yang, the sword in his hand is really the Phoenix Flame Sword!"

The members of the Vermilion Bird Alliance around Zhu Yang recognized it.

Zhu Yang's expression also became gentler.

He also recognized it.

The Fengyan Sword is Yan Kun's sword that never leaves his body.

The Yan Kun before...

Zhu Yang Yang couldn't help but look at Yan Kun's corpse on the ground.

Qin Feng continued:"Young Master Yang, you must have noticed it too. The fake person from before probably didn't know your identity, right?"

Hearing this, Zhu Yang was slightly moved.

This is indeed the case.

At that time, the fake Yan Kun's tone was very disrespectful to him, which made him very unhappy.

Now, he somewhat believed that Qin Feng was the real Yan Kun.

"So who is this guy?", Zhu Yang looked at Yan Kun's body in confusion again.

"Just a guy who hides his head and shows his tail! Mr. Yang, look!"

Qin Feng casually waved Feng Yan Tianxiang, and blasted away at Yan Kun's corpse. He blasted the corpse into blood mist on the spot, flying all over the sky.

Seeing Qin Feng perform Yan Kun's unique move, Zhu Yang I believe it even more.

It seems that this is the real Yan Kun!

But in the next second, a sudden change occurred in the field.

The blood mist in the sky automatically merged together, transforming into a young man in white, with a handsome appearance and a cool temperament. It just had a slightly cold aura.

Everyone was shocked by this scene.

It turned out that this guy was pretending to be Yan Kun.

This guy looked a bit familiar.....

It's him!

Soon, everyone remembered.

This guy is from the Deep Sea Clan.

It turns out that the Northern Alliance colluded with the Deep Sea Clan.

"Ha ha!! I was discovered by you anyway!"

The young man in white was discovered and was not afraid at all.

Qin Feng was also secretly amazed.

This guy from the Deep Sea Clan is really weird!

Not only is he incredibly skilled in illusions, he even pretends to be dead.

What's even more shocking is that before, he He truly withstood the Dragon Essence Emperor's blow, but nothing happened.

"How come you're not dead?", Long Jinghuang looked at the young man in white with a look of astonishment.

"Ha ha! Just because you want to kill me?"

The young man in white looked disdainful.

These words shocked everyone.

What is the origin of this young man from the Deep Sea Clan?

"you wanna die!", Dragon Spirit Emperor was about to get angry.

"Stop it all!", Zhu Yang shouted low.

The whole audience immediately fell silent and looked at him.

Zhu Yang took a deep breath with satisfaction.

He had to control the situation to prevent anyone from taking advantage of the chaos to attack him.

"hehe! interesting!"

The young man in white looked at Zhu Yang with a playful expression.

At this time, the other two corpses on the ground automatically turned into blood mist and merged into his body.

His momentum suddenly surged, and he reached the essence fusion state in the blink of an eye.

It turned out that the three people before It's all disguised by him alone

"What do you mean?" Zhu Yang was a little unhappy.

The young man in white didn't take him seriously.

Isn't he afraid of Di Yan?

"Ah! Others are afraid of your Emperor Yan, but I am not afraid! You, Emperor Yan, cannot kill me!"

The young man in white clothes smiled playfully.

Everyone was shocked and looked at him one after another.

This guy is so bragging!

But Qin Feng looked strange.

He believed what the young man in white clothes said.

Just when the young man in white clothes was resurrected, He sensed a special mental power fluctuation.

He was very familiar with this mental power fluctuation.

He had sensed it in Chu Chu and also in himself.

To put it simply, the young man in white had awakened his seventh consciousness.

Then he must have a special mysterious elemental power.

As for what kind of ability, Qin Feng doesn't know.

But what is certain is that it must be related to immortality.

This is the first time Qin Feng has met someone who has awakened the seventh consciousness. Strictly speaking, he is a demon!

Sure enough, the young man in white said with a joking face: "Zhu Yang, please crush Di Yan now, and I will prove it to you, will I die?!"

Zhu Yang frowned: "Crazy!"

The young man in white sneered: "If you don't crush it, it will explode!" Then I will kill you!"

Qiang~!

The young man in white suddenly summoned a long sword.

The expressions of the whole audience changed drastically.

"Little Wheel King! don't want!"

The people of the Northern Alliance shouted in horror.

At this moment, everyone knew that the young man in white was called Xiaolun Wang.

Only eight stars in the Deep Sea Clan can be crowned king.

This guy is only in the essence fusion realm, and he has already become the king. His status among the Deep Sea Clan is no ordinary

"What are you going to do?!"The Dragon King also stopped in front of Little Lun King.

Little Lun King laughed proudly:"Haha!! It seems that everyone like you is scared by Di Yan!"

"you.....", Zhu Yang was in shock.

If the little wheel king rushes over, he is really no match.

That guy is in the essence fusion realm.

He almost burst it just now

"Mr. Yang! let me help you!"

Qin Feng took the opportunity to walk over.

Zhu Yang was overjoyed:"Captain Yan, come behind me quickly!"

"good!"

Qin Feng got behind him in a flash.

King-level illusion!

Nine violent attacks!

Bang~! Bang~!

Before everyone could react,

Qin Feng killed Zhu Yang and another member of the Vermillion Bird Alliance with one sword.

The whole audience was stunned!

Why did Yan Kun kill one of his own?

Qin Feng took the opportunity to steal his hand and got the Emperor Yan, the Emperor Skill Talisman, and the storage ring.

No!

Everyone reacted immediately

"Leave something behind!"

The Little Lun King rushed directly towards Qin Feng, he wanted to grab it!

But at this moment, a dozen or so piercing sounds suddenly came.

Long Shang and others arrived

"Dragon Essence Emperor!"

Long Shang recognized Long Jinghuang at a glance.

"Ha ha!! I am here to kill the Dragon Spirit Emperor and activate the secret realm! You kill everyone else and reduce your competition!"

Long Shang was ecstatic.

He actually knew how to activate the secret realm.

As soon as he finished speaking, he excitedly went to kill the Dragon Jinghuang.

Yu Qilin led the remaining eight people to kill the people of the Qinglong League and the Northern League...

Chapter 226

At this moment, the whole battle broke out.

The Little Wheel King was the first to rush to Qin Feng, stretched out his hand and grabbed it

"roll!"

Qin Feng raised his hand and killed him with a sword, and blood mist flew all over the sky.

At the same time, Long Shang also punched the Dragon Spirit Emperor away.

This guy is so strong!

Qin Feng was frightened when he saw it.

Not far away, another There were several screams.

The people from the Yu Qilin and Hun organizations were too strong.

In just a moment, three people from the Northern Alliance and the Southern Alliance died.

Qin Feng wanted to take the opportunity to escape.

But at this moment, Yu Qilin from the corner of his eye Guang found out.

Long Shang beat the Dragon Jing Emperor to a pulp, and it seemed that he could kill the Dragon Jing Emperor soon.

Qin Feng's heart moved.

If Long Shang could kill the Dragon Jing Emperor, his Emperor Flame and Emperor-level skill talisman Everything can be saved.....

Also, can he pick up the slack?!

Qin Feng was moved by this thought.

He planned to wait.

At this moment, the Little Lun King came to life again.

He looked at Qin Feng in shock.

He was a master of the essence fusion realm, but he was instantly killed by Qin Feng with a sword.

Could this guy be a quasi-eight-star expert?

Xiao Lun Wang's expression became serious.

The guy in front of me is definitely not the real Yan Kun.

Because Yan Kun doesn't have such strength at all.

No wonder he would kill Zhu Yang.

Thinking of this, Xiao Lun Wang took a deep breath of air-conditioning.

"Who are you?", he asked politely

"none of your business!", Qin Feng replied casually.

Xiaolun was furious:"Arrogant!"

The next moment, Little Wheel King rushed over.

Bang~!

There was another loud noise!

Little Wheel King was killed to pieces again.

After a moment, he came back to life.

However, his face began to look a little pale.

Obviously , every time he is resurrected, he is still somewhat worn out.

"Huh~! "

Qin Feng looked at Little Wheel King with an unkind look.

He couldn't help but secretly wonder, if he kept killing like this, would he eventually destroy the Little Lun King?

To be honest, this plan is a bit difficult.

Xiao Lun Wang seemed to see his thoughts and sneered: "Don't think too much. Although I have suffered losses, I will not die even if I am killed a thousand times by you! I will not die!" It's immortal!"

Qin Feng frowned.

If this guy is not bragging, his mysterious ability is really good!

He wants it too!

I wonder when the system can help him get this ability?

Just when Qin Feng was thinking wildly, several more shrill screams came from over there.

Qin Feng and Xiao Lun Wang followed the sound.

Over there, the entire Northern Alliance army was wiped out.

Only Xiao Qingfeng and one member of the Seven-Star Dzogchen League were left in the Qinglong League, resisting tenaciously.

At the same time, Yu Qilin also looked this way.

Her eyes quickly swept over Xiao Lun Wang, and finally landed on Qin Feng.

At this sight, her delicate body trembled, and her beautiful eyes lit up with silver light.

"Qin Feng! He is Qin Feng!"

Yu Qilin was pleasantly surprised.

She could actually see through Qin Feng's illusion.

Having said that, this Qin Feng is so handsome!

Yu Qilin secretly praised it.

"Let's catch him together! I want to live!"

As soon as the words fell, Yu Qilin rushed towards Qin Feng.

The eight fainted members quickly gave up on Xiao Qingfeng and the two of them, and rushed over with Yu Qilin.

Qin Feng had the emperor's bone on his body, which was one of their main targets this time. 1.

Now that I have encountered it, I naturally can't let it go.

Damn~!

He was actually seen through!

Qin Feng was surprised.

In the blink of an eye, Jade Qilin rushed over.

Xiao Lun Wang was surprised and quickly avoided watching the battle.

"Little brother, come and take a trip with your sister! Sister, don't embarrass you!", Yu Qilin smiled sweetly.

She was wearing a large black robe and a hood, so she couldn't see her appearance clearly, but her voice was very pleasant, like a silver bell.

"Go aside!"

Qin Feng was too lazy to pay attention to her. He raised his hand and struck out with a sword.

The violent nine-fold attack superimposed the resonance to kill!

The power is comparable to a king-level skill!

No!

Yu Qilin felt threatened instantly, and his face changed drastically.

But it was too late!

Bang~! Bang! ~!Bang~! ......

Nine blasts in a row!

Jade Qilin's robes exploded to pieces, revealing a peerless and perfect body and flew out upside down.

Huh! Not dead!

Qin Feng was a little surprised.

The members of the faint organization were already dumbfounded.

Yu Qilin was extremely powerful, with a combat power of no less than 40 million. He was chasing the Eight Stars, but was repulsed by Qin Feng's sword.

Could it be that Qin Feng has quasi-eight-star strength?

At this time, Yu Qilin stabilized his figure.

She raised her head and looked at Qin Feng in shock.

This boy is much stronger than the rumors say.

She is no match!

But the next second, she suddenly felt a chill in her body. When she looked down, her pretty face turned red.

All her clothes were shattered by Qin Feng's sword, leaving only a few rags, which could no longer cover up her flawless figure.

Those alluring curves exude dazzling light.

Coupled with her pure and beautiful face, it is stunning.

Qin Feng was also a little surprised.

This man in black robe is actually a beautiful woman and looks very innocent.

Of course, this is just the appearance

"Little brother, you are so cruel!"

Yu Qilin was ashamed and angry.

At the same time, she was a little lucky.

Fortunately, the pieces of cloth in key parts were still there, otherwise she would have been so embarrassed.

Oh~!

Yu Qilin put on a black robe again with a casual move, covering up her perfect figure

"Brothers, this little brother is so awesome! Let's go together! Attack with all your strength!"

This time, Yu Qilin no longer dared to be careless.

She gave an order.

Eight members of the Hun Organization joined forces with her to attack Qin Feng.

Xiao Lun Wang's eyes turned:"I'm here to help you!"

He also attacked Qin Feng.

Ten attacks came together, overwhelming, reaching the full force of a quasi-eight-star powerhouse, which was extremely terrifying.

At this moment, the Dragon Jinghuang's shrill voice sounded not far away. Screaming.

Qin Feng quickly turned his head and saw Long Shang killing the Dragon Jing Emperor.

The Dragon Jing Emperor's body automatically collapsed, leaving a golden Jing Yuan Pearl and three drops of true dragon blood in the air.

Long Shang Yi He grabbed the True Dragon's Blood with a happy face.

That was the treasure he wanted most.

Qin Feng's eyes lit up and he immediately locked the target.—Dragon Shang!

Space skill—displacement! launch!

Qin Feng had a flash of inspiration.

The next second, he and Long Shang exchanged places.

Qin Feng was overjoyed and quickly put away the Jingyuan Pearl and True Dragon's Blood in front of him.

At the same time, Long Shang looked confused.

He didn't know why he suddenly changed positions.

But before he could react, the attack of ten people from Jade Qilin arrived.

Boom~! Boom~! Boom~!

The roaring continues!

No exceptions!

All of them hit Long Shang.

Qin Feng had no time to watch.

He teleported and escaped two thousand meters away.

At the same time, Long Shang's extremely angry roar rang out from the mountain col.

"You bunch of scoundrels! what are you doing?"

"besides! Who the hell are you? Go to hell!"

There was another roar, mixed with the screams of the Little Lun King.

Long Shang killed the Little Lun King to pieces.

Just let his own people blast him.

He didn't know this Little Lun King, so it would be strange if he didn't kill him!

From a distance , Qin Feng wanted to laugh when he heard the roars and screams behind him.

But at this moment, the entire secret realm trembled slightly.

The Dragon Spirit Emperor is dead!

The real inheritance assessment is about to be activated!..

Chapter 227

At this moment, everyone in every corner of the secret realm was shocked.

One by one they looked up and around. what happened?

Why is the entire secret realm trembling?

At this moment, a mysterious force seemed to fall from the sky and fall on everyone.

A large amount of information poured out of everyone's mind, and everyone opened their eyes in shock.

The secret realm is activated?!

Dragon God's inheritance assessment?!

Everyone found it a bit incredible.

It turns out that the information prompts that the assessment is divided into multiple rounds, and rankings and rewards are obtained according to a points system.

In the previous games, it was forbidden to fight each other, otherwise they would be wiped out by the secret realm on the spot.

Only in the last game will they fight each other.

Many people are skeptical about this sudden outpouring of information.

Qin Feng completely believed it.

This is completely consistent with the memory he stole from the Dragon Spirit Emperor!

He knew that every subsequent assessment was very important.

Because there will be generous rewards for each assessment.

Rewards are distributed according to the number of points. There will be Imperial Liquid Crystals, Dragon Blood Fruits, True Dragon Blood, and even skills and equipment rewards.

Among these rewards, True Dragon's Blood will be rewarded every time.

In the end, only the first place can be retained by the True Dragon's Blood, and the rest of the places will be forcibly withdrawn.

Even if the true dragon's blood has been refined into the body, it will still be forcibly extracted by the system.

And the final inheritance will belong to the first place.

But this inheritance is divided into many levels.

For example, if the dragon power on the first place player is only level one, he can only obtain the lowest level level one dragon soldier inheritance.

If Longwei is level two, he can obtain a higher level level two inheritance.

If Dragon Power reaches level nine, there is a chance to obtain the strongest Dragon God inheritance.

This piece of information made Qin Feng realize that his competitors were not just the people in the secret realm.

I'm afraid that in other star fields, someone has already received a certain level of inheritance.

However, according to the information, the highest level Dragon God inheritance is unique.

As long as someone has had it, it's gone.

This inheritance is still there, which means it has not been obtained by competitors.

Qin Feng was a little moved.

It's just that it requires level nine dragon power, and Qin Feng only has level two dragon power.

It seems that he will have to work hard to gain points and earn more True Dragon Blood in the next assessment to have a chance to obtain the Dragon God's inheritance.

Otherwise, even if he gets first place, he can only get a second-rate inheritance.

In addition, the information also mentioned dragon tendons, dragon beads and other items. This was actually another kind of opportunity, which would not be revealed until the inheritance was completed...

Just as Qin Feng finished digesting the information, the heaven and earth space fluctuated.

He disappeared into thin air.

The next second, he appeared in a huge square.

Surrounded by confused members of all forces.

The inheritance assessment is activated!

The treasure hunt on the first level of the secret realm has ended early.

At this moment, everyone was a little uneasy.

The sudden change made them a little confused and they all started talking in low voices.

"How did I get teleported here?"

"yes! And what kind of inheritance information is that?.....You also got the hint....."

"Got! Oh My God! This can't be true, can it?"

There was a lot of discussion in the crowd.

Some people began to believe it, and some were still doubtful.

But at this moment, a shrill scream sounded from the crowd, mixed with the sound of self-destruction.

Everyone followed the sound and saw Xiao Qingfeng looking confused. Looking behind him.

Just now, a member of the Deep Sea Tribe suddenly blew himself up behind him and turned into a blood mist. It turned out that the Deep Sea Tribe member, seeing Xiao Qingfeng injured, still had his back turned to him. He felt that the opportunity was rare, so he suddenly Sneak attack.

Unexpectedly, it was directly wiped out by the secret realm.

"What an idiot!"

In the crowd, Long Shang couldn't help but sneered.

That guy dared to go against the will of the secret realm. He was simply looking for death.

Not to mention that guy was only a seven-star perfectionist, even an eight-star king would have to die.

"Oh My God! That man was really obliterated!"

"It turns out that all this is true!"

Everyone soon understood the whole story and were shocked.

You really can't fight each other in this assessment!

Only in the last round can you fight each other.

Everyone couldn't help but take a deep breath.

Many people showed joy..

The assessment can only start fighting in the last round, which is good.

Qin Feng doesn't care about such rules.

He just wants to get the highest level of divine dragon inheritance.

At this time, he felt several eyes looking at him.

He Turning around, he saw Long Shang staring at him coldly.

Qin Feng smiled slightly, not afraid at all.

Now is the period when fighting is prohibited. No matter how strong Long Shang is, there is nothing he can do to him.

And Yu Qilin also looked at him. Staring at himself complicatedly.

On the other side, Little Wheel King was surrounded by eight members of the Deep Sea Tribe.

The guy was resurrected again.

At this moment, he also looked at Qin Feng with a complicated expression.

Qin Feng smiled slightly and ignored it.

To be honest , he still hasn't figured out what the identity of the Little Lun King is. At this moment, the Little Lun King is followed by a guy with dragon horns, who is also in the essence fusion state.

Qin Feng vaguely senses the aura of dragon power from that guy..

It seems that the person with dragon power in the deep sea family is not Xiaolun King, but someone else.

However, everything is not important now.

The secret realm has been activated, and everyone has the opportunity to obtain dragon power.

But in the end, only One person can get all the true dragon's blood, and others will be forcibly deprived of it.

Even if the true dragon's blood in your body is not obtained from the secret realm, as long as you have it, it will be stripped away and given to the first place.

This rule Too domineering!

Qin Feng couldn't help but take a deep breath.

He must not fail!

Otherwise, he will even lose his true dragon's blood

"Qin Feng!"

Luo Li's voice sounded behind Qin Feng.

"team leader!"

Li Xun, Wan Hansheng, and Lu Ming also came over.

"You are all here!"

Seeing that the four people were intact, Qin Feng secretly breathed a sigh of relief. Of the fifty-five people who came in this time, there are now only forty people left.

The Suzaku League and the Northern League were completely wiped out, and only two people from the Qinglong League were left. , the Deep Sea Clan lost one person.

The Xuanwu Alliance also lost one person for some unknown reason.

"Qin Feng, I have never heard of this change in the secret realm. What should we do soon?", Luo Li asked

"yes! Captain, what will we do soon?"

Li Xun and three others also looked at Qin Feng.

Now, Qin Feng has become their backbone.

But at this moment, an extremely ethereal voice sounded in everyone's mind, without any emotion.

"Twenty-four hours later, the first assessment will begin! At that time, anyone with less than 10 points will be eliminated on the spot!"

Everyone was horrified.

This assessment did not have enough points, and people were still dying.

This time, everyone was panicked, especially those players who were only in the late seven-star stage.

Luo Li and Lu Ming also looked panicked.

Both of them were seven-stars. Late-stage elementalists are at the bottom among all players.

If they were to be wiped out, they would probably die.

"There are still twenty-four hours left. Those of you who have Imperial Liquid Crystals on your body, go and refine them to improve your strength....."

Qin Feng gave the order directly.

Luo Li and others suddenly looked happy.

Li Xun hesitated and said:"Captain, according to the regulations, we cannot refine the Emperor's Liquid Crystal in the secret territory. We have to distribute it first after we go out."...."

Qin Feng said lightly:"Today is different from the past. If you don't make progress and strengthen yourself, you're afraid you will be eliminated. By then, you won't be able to get out alive, so what's the point of still keeping those Imperial Liquid Crystals?"

"The captain's current order is for everyone to do their best to improve their strength and strive to survive! Li

Xun figured it out:"The captain is right, his life is gone, and there is no use keeping things."

Wan Hansheng urged:"Hurry up and refine it!" We only have 24 hours of repair time, and we can only refine one Imperial Liquid Crystal at most... Hey! look at them....."

Qin Feng and others looked at the sound.

I saw many assessors walking towards one side of the square.

There are rows of secret cultivation rooms over there.

Everyone has the same idea, which is to improve their strength within 24 hours.

As for the Imperial Liquid Crystal, you still have to use it.

"You guys go quickly!", Qin Feng urged.

Luo Li and others said goodbye and went to retreat.

Qin Feng also walked towards the secret room.

He wanted to digest the harvest so that he could improve his strength.

Not far away, Long Shang looked at Looking at Qin Feng's back, his eyes narrowed slightly.

It was this hateful boy who stole the three drops of true dragon blood left by the Dragon Essence Emperor.

It should have belonged to him and was what he needed most urgently.

"Long Shang, this Qin Feng is not simple...he took away all the true dragon blood you finally got!."

Yu Qilin's voice sounded next to Long Shang.

Long Shang didn't take it seriously and sneered:"Just leave it with him temporarily. I will definitely get the first place in this assessment. At that time, all the true dragon's blood will still be returned to my hands....."

Yu Qilin smiled sweetly:"Are you so sure? You can get the first place!"

Long Shang's lips curled up slightly:"You will know soon! In this kind of assessment, the strong are stronger and the weak are weaker. As long as you get the first place, If you are first in a game, it will be easier in the future...just wait and see!"

Long Shang was full of confidence.

In the distance, Qin Feng heard the two men talking in low voices and couldn't help but frown.

That Dragon Shang is indeed very strong, even the Dragon Spirit Emperor can be easily killed.

He is no match.

With his current strength, it is very difficult to compete with Long Shang for first place in the first game.....

It seemed that he could only use that method.

After thinking about this, Qin Feng quickly walked towards the training area..

Chapter 228

Qin Feng quickly selected a secret room.

After closing the stone door, the secret room will automatically open a barrier to prevent anyone from exploring.

Qin Feng looked around.

The layout of the secret room is antique.

There is a futon in the center of the room, and next to it is a small table like a coffee table, with a jade charm placed on it.

Qin Feng walked over curiously and picked up the jade talisman to detect.

It turns out that this jade talisman is used to control the secret room.

No one can enter this secret room without your own permission.

Qin Feng's mouth showed a smile.

This secret realm gives everyone time to revise, hoping that the examinees can make some progress every time they go through an examination.

This is very beneficial to Qin Feng!

He has god-level Devouring ability and can refine an Emperor Liquid Crystal in one minute.

Others take more than twenty hours to refine.

Comparing the two, the gap emerges.

At this time, Qin Feng took out three drops of true dragon's blood and the golden essence bead from the storage ring.

"Ding! Successfully swallowed the blood of the true dragon...Dragon quality increased by 20%...Combat power increased by 33.33 million..."

"Ding! Successfully swallowed the blood of the true dragon...Dragon quality increased by 21%...Combat power increased by 33.67 million..."

"Ding! Successfully swallowed the blood of the true dragon...Dragon quality increased by 22%...Combat power increased by 34 million..."

"Ding! Successfully swallowed the quasi-eight-star emperor-level essence pearl...the space sensitivity increased to 12...the combat power increased to 37 million points...."

"Ha ha!! good!"

Qin Feng looked at himself with satisfaction.

One emperor-level essence pearl and three drops of true dragon blood increased his combat power by a full 4 million points.

"Ding! The host's strength is extremely outstanding among the same level, and his title has been promoted from Emperor level to Great Emperor level!"

Qin Feng was delighted.

This title change means that his comprehensive strength has broken through a certain critical point and become a stronger existence in the same level. This is the first time that he has been promoted to a title before completing the god-level challenge.

"The strength has become stronger! But if you want to get first place, it's not enough....."

Qin Feng thought of Long Shang, and the next second, his figure turned into white light and disappeared.

A quarter of an hour later.

Qin Feng appeared in a huge valley.

He looked ahead.

There was a huge sword that was thousands of feet long, stuck straight in the middle of the valley.

Qin Feng could clearly see that the sword body was covered with dense cracks, exuding the aura of the ancient times.

A dozen huge iron chains, thicker than iron barrels, wrapped one end around the sword hilt, and the other end was buried thousands of feet underground.

The giant sword was surrounded by hundreds of thousands of broken and broken swords, as well as some rotting corpses.

There are humans and monsters.....

This is the six-star god-level challenge space—the Sword Burial Demon Tomb!

In the valley, the atmosphere is cold.

The air is filled with all kinds of murderous sword intentions, shaking people's minds.

If it were an ordinary seven-star elementalist who came here, he would not be able to withstand the intrusion of those sword intentions.

Qin Feng was not affected in any way.

His mental power is close to the eight-star peak.

Going one step further is the eight-star Dzogchen level.

Faced with this level of sword intent intrusion, he was not afraid at all.

However, Qin Feng is still very careful.

Step by step, he silently approached the giant sword

"You are finally here~! "

A strange sound sounded from beside the giant sword.

The sound was like metal rubbing against the ground, very harsh.

Qin Feng followed the sound.

Sitting cross-legged there was a mummy that looked like an old man. The gray robe he wore was already in tatters.

His whole body was filled with death energy, and he could not sense a trace of living breath.

Qin Feng looked at the old mummified man with his eyes focused, and a light screen popped up in his eyes.

Category: Spirit

Name: Baisha Sword Demon (Lord Level)

Level: Level 37 (quasi-eight-star)

Skills: Perfect Sword Heart (King-level skill, first kill can drop skill stones)

Formation Mastery (King-level skill, first kill) Array cheats can be obtained

Splitting Sword Shadow (King-level skill, first kill will drop skill stones)

Weapon: Star Sword Array (composed of 365 mid-grade Yuanwu swords, the power is comparable to the top Yuanwu swords)

Warning: Extremely dangerous level ( Win rate less than 10%)

"This guy is difficult to deal with!"

Qin Feng took a deep breath.

According to his estimation, the strength of this Baisha sword monster is not inferior to Long Shang.

However, the shortcomings of this monster are too obvious.

That is, the defense is too weak!

It has no defensive skills at all.

This is Give Qin Feng a chance.

Having said that, Qin Feng feels that he has really become stronger.

This time in the god-level challenge, his winning rate has increased to 10%.

The last time it was less than 3%, and the last time it was 0.1%....

All this shows that he is getting stronger!

"Do you think that I can attack the strong and defend the weak?", the sword demon suddenly spoke.

His gray-white eyes exuded wisdom, as if he could see through Qin Feng's mind.

This guy is very intelligent.

"interesting! Those words you said before, as if you knew I would come?", Qin Feng asked with a smile.

"This world is more complicated than you think... However, it's useless to tell you this, you are going to die anyway..." The sword demon's gray-brown eyes showed a trace of ridicule.

The next second, the entire sword tomb suddenly shook.

Buzz~!

A white defensive light shield suddenly rose, covering the whole body of the old mummy.

The sword demon actually arranged a defensive formation around himself in advance. The light screen popped up again in Qin Feng's eyes, and he automatically analyzed the defensive formation.

A moment later , his face looked a little ugly.

The defensive power of this formation was even unable to be broken by the Eight-Star King.

At least the Eight-Star Great Perfection was required to break through the shield.

Qin Feng was even less likely to be able to break through it..

If he couldn't break it, he wouldn't be able to kill the sword demon.

He had previously thought that the sword demon was strong in attack and weak in defense.

But this sword demon was very smart and had long used formations to make up for its shortcomings.

At this moment, the entire sword demon The tomb shook again.

Swish~! Swish~! Brush~! ...

The sword light flashed continuously.

In the blink of an eye, 365 long swords flew out from the sword mound, forming a huge sword array in the air, aiming at Qin Feng.

The aura and pressure had completely reached the level of an eight-star king.

Definitely a super attack!

"Boy, you're dead! Ha ha!"

The sword demon is extremely proud.

She can control the sword array to attack from a distance.

And his body is protected by the array.

This means that he is invincible first.

Only she attacks others, but others cannot hit her.

This way With combat power, even if the Eight-Star King comes, he can only retreat.

Qin Feng's face looks a little ugly.

Ding! The god-level challenge mission begins!

Mission content: Kill the Hundred Evil Sword Demon within ten minutes!

Reminder: This challenge Turn on the reward and punishment mechanism!

Punishment: Challenge failure! Lose the opportunity to challenge the seven-star god level!

Reward: Success in the challenge! Reward the Dark Origin Bead (perfect level), double the reward for the god level challenge.

Damn it~!

You can't fail this challenge!

Otherwise, you will suffer a big loss!

"Ding! The challenge will automatically start after 3 seconds...3...2...1.."

"Ding! The challenge begins! Automatic timing 10:00....9:59....."

At this moment, the Baisha Sword Demon launched an attack...

Chapter 229

I saw the Baisha Sword Demon's finger pointing, and all three hundred and sixty-five long swords emitted dazzling white light.

Then they were all divided into three and turned into three sword lights, but the attack power was not weakened at all..

This is exactly the king-level skill—Light Splitting Sword Shadow

"die!"

With a flick of the sword demon's finger, more than a thousand lightsabers shot towards Qin Feng.

Each of them was more powerful than a full blow from the Jingyuan Fusion Realm.

These more than a thousand concentrated attacks completely reached the level of an eight-star king. The attack can definitely kill Qin Feng instantly.

Qin Feng smiled slightly, but didn't care.

But the next second, a sudden change occurred in the field.

Qin Feng suddenly changed positions with the sword demon.

Qin Feng entered the formation.

Baisha The sword demon stood at Qin Feng's original position, being surrounded by thousands of lightsabers.

And beside him, there was Qin Feng.

What happened?

Why was he changed position?

Why did this human being suddenly become Two?

But he didn't have time to think too much, the thousands of lightsaber attacks were already coming.

He easily triggered the thousands of lightsabers and strangled Qin Feng in front.

Boom~!

The heaven and earth shook violently!

The valley was about to collapse!

It was dazzling. The fire engulfed the entire valley in an instant.

All living objects were burned to ashes.

It turned out that the Qin Feng that the sword demon strangled was not Qin Feng at all, but was transformed by the black crystal ball.

The sword demon was hit by Qin Feng's With a king-level illusion, he exploded the mysterious crystal ball by himself, exploding Emperor Yan on the spot.

The explosion lasted for several minutes.

The explosive power of Emperor Yan was comparable to the full blow of the Eight-Star Great Perfection, which was extremely terrifying.

Qin Feng stood in the formation and was horrified to see it.

The residual power of the explosion caused fine cracks in the protective shield of the formation.

His eyes were filled with white light and he could not see anything. This Nine-Star Emperor is so powerful!

With just a little bit of origin, you can be so strong that killing the Eight-Star King is really like crushing an ant.

But he, who is weaker than an ant, actually broke the Empress.

Thinking back now, Qin Feng felt a little frightened.

After a long time, the fire dissipated.

A huge, charred pit was left in front of him.

At the bottom of the pit, stood a charred figure, with countless long swords scattered around.

The sword demon was shaking. Akira, looking back in great misery

"You...you are despicable!"

Qin Feng didn't bother to pay attention.

He punched through the cracked protective shield in front of him, his eyebrows appeared, and the sword demon was killed by a divine light of punishment.

Now his strength has greatly increased, and the power of the divine light of divine punishment has increased. It was infinitely close to the attack of the Eight-Star King.

The seriously injured sword demon could not block the attack at all.

A shrill scream!

The sword demon's body collapsed, leaving two skill stones and a quasi-eight-star crystal core on the ground. A secret book of formations and a set of star sword formations.

Qin Feng was so happy that he quickly walked over and put away all the loot.

"Ding! Successfully swallowed the skill stone...obtained the Spectral Sword Shadow (king-level skill)....."

"Ding! Successfully swallowed the skill stone...obtained the perfect sword heart (king-level skill)....."

Perfect Sword Heart: Master this skill and you can control hundreds of swords at the same time.....

"Ha ha!! So that's what happened!"

Qin Feng laughed heartily.

He was worrying about how to use the Star Sword Formation.

With this perfect sword heart, he can use it.

The power of this sword formation is comparable to the best Yuanwu.

The best Yuanwu, even the eight-star king It is also difficult to get one.

But Qin Feng has it now.

This greatly increases his strength.

There is another wonderful thing about this sword formation. It is very convenient for group attacks.

Coupled with the king-level skill of splitting light sword shadow, it will be even more wonderful.. At that moment, Qin Feng put away the Star Sword Formation with satisfaction, looked at the king-level "Formation Secrets", and put it away. We will study this later.

Then, he took out an Imperial The flow crystal was swallowed directly.

The god-level challenge has been completed.

He can break through to the six-star level.

The next second, Qin Feng's whole body momentum surged, and he successfully broke through to the early six-star stage, and his combat power skyrocketed...

A few minutes later, Qin Feng returned to the earth world.

In the secret room, he continued to swallow the emperor's liquid crystal.

After reaching the sixth star, the emperor's liquid crystal had no effect on him, but the emperor's liquid crystal was still of great use.

There were two emperor's liquid crystal in his body. More than a hundred pieces.

All examiners' Imperial Liquid Crystals added together were less than half of his.

He could squander it as much as he wanted.

After a while, he devoured more than thirty pieces in a row.

"Ding! Congratulations to the host for breaking through to the mid-six-star stage....."

Qin Feng continued to devour, swallowing another hundred or so pieces in one breath

"Ding! Congratulations to the host for breaking through to the late six-star stage....."

Not long after, Qin Feng only had the last Imperial Liquid Crystal left in his hand.

"Ding! Devouring Emperor's Liquid Crystal was successful...the cultivation level was improved to 93.7 in the late six-star stage%....."

"Still a little short of it!"

Qin Feng was surprised and sighed at the same time.

He swallowed more than 200 Emperor Liquid Crystals, but he still hasn't been able to break through to the Six-Star Perfection.

Every time he levels up, the energy required is too huge.

"correct....."

Qin Feng's eyes lit up and he suddenly thought of something.

A moment later, there was a demon core emitting silvery white spiritual light in his hand. The demon core illuminated the entire secret room like daylight.

If any outsiders saw this scene, they would be shocked.

That is a quasi-eight-star demon core!

You must know that on earth, whether in the human race or the demon race, quasi-eight stars are extremely rare existences.

They are also the future kings and their status is extremely high.

The quasi-eight-star demon core is almost impossible to see.

This demon core was exchanged by Qin Feng with the crystal core of the sword demon.

"Ding! Successfully swallowed the quasi-eight-star demon core.....Cultivation level breaks through to six-star perfection....."

"Ha ha!! Finally a breakthrough!"

Qin Feng laughed happily.

His current combat power is 50 million, which has just reached the threshold of eight stars.

If he is allowed to fight against the Dragon Jinghuang again, he is confident that he can easily hunt him down.

"Dragon Shang!!"

The arrogant young man appeared in Qin Feng's mind.

Now he finally has the confidence to compete with Long Shang for first place.

As for whether he can defeat Long Shang, he estimates it is a 50-50 split.

After all, Long Shang's combat power is nearly 70 million. There are some trump cards not shown.

Qin Feng will not underestimate them casually

"Ding! God-level challenge rewards begin to be distributed....."

Qin Feng's eyes lit up.

His reward this time will be doubled..

Chapter 230

"Ding! God-level challenge rewards begin to be distributed....."

Qin Feng's eyes lit up.

His reward this time will be doubled.

"Ding! Special reward: Dark Source Bead (Perfect Level) has been distributed!"

"Ding! Regular rewards begin to be distributed....."

"Ding! Reward star pattern crystal\*5 pieces....."

"Ding! Reward True Dragon's Blood\*5 drops...."

"Ding! Eight-turn Jingyuan Pill\*5 pieces....."

"Ding! It is detected that the host has doubled rewards, and the rewards are recalculated...."

"Ding! Reward star pattern crystal\*10 pieces....."

"Ding! Reward True Dragon's Blood\*10 drops...."

"Ding! Eight-turn Jingyuan Pill\*10 pieces....."

Qin Feng inspected the harvest with satisfaction..

The star pattern crystal is an advanced version of the star pattern fragments, and its effect is ten times that of the star pattern fragments. The effect of using the star pattern is very good.

The Eight-turn Jingyuan Pill enhances mental power.

Not only can he devour it, he can also give it to others.

No one on earth can refine this elixir.

Unique to Qin Feng.

With it, Qin Feng thought of many wonderful uses.

If used properly, its value is comparable to dozens of Imperial Liquid Crystals.

Next, Qin Feng swallowed all the star pattern crystals, and the completion rate of the seventh star pattern reached 40%.

He took three of the Eighth Transformation Jingyuan Pill.

Each effect is equivalent to a seven-star king-level essence pearl, which also raises his mental power to the limit of the eight-star level, reaching the bottleneck of his mental power.

From the eight-star to the eight-star Dzogchen, the spiritual power will undergo another transformation.

Once the transformation is completed, the strength of the consciousness is doubled.

Qin Feng hasn't found a way to transform yet, so the Eight-turn Jing Yuan Dan has to be kept temporarily.

After doing this, he swallowed all ten drops of true dragon's blood, and his dragon power finally increased to level three.

This made Qin Feng happy for a while.

However, the third-level dragon power can only obtain the third-level inheritance.

What he ultimately wants is the inheritance of the ninth-level dragon god, and he still needs to continue to work hard.

"This thing is a real treasure!"

At this time, Qin Feng took out the Dark Origin Bead (complete level) again.

He observed it for a while and then swallowed it.

"Ding! Devouring the Dark Source Bead (Perfect Level) Successfully....."

"Ding! Congratulations to the host for acquiring the dark element talent.....And his talent is perfect, reaching peerless level....."

"Ding! The seven series of Hunyuan Power automatically evolve into the eighth series of Hunyuan Power... The combat power is greatly improved....."

"Finally the eighth series! All it takes is the light system!"

Qin Feng looked at his changes with excitement.

After this strengthening, his combat power reached 60 million points, his dragon quality reached 31%, and his dragon power reached level three.

Now, he is 70% sure to defeat Dragon Shang.

This time, he has great hope of winning first place.

However, even if he wins first place, what level of inheritance he can get depends on what level his dragon power has reached.

The next step is to take an assessment. In the competition, he not only has to get first place, but also performs extremely well.

Only then can he get more dragon blood rewards and quickly increase dragon power.

Thinking of this, Qin Feng has some expectations and some worries.

This inheritance Assessments have appeared in many star fields.

But after so many years, the ninth-level Dragon God inheritance has not been obtained, which shows that it is very difficult.

Qin Feng thought about it while taking out this secret book.

It was to obtain the king-level from Ye Xiao Technique - Shadow Invisibility, which is stronger than the Super Ice Concealment Technique.

At that moment, after swallowing a few enlightenment stones, he began to study.....

Time flies.

In a blink of an eye, the twenty-four hours of repairs were over.

At this moment, forty assessors had already gathered in the square.

After a day of retreat and practice, most people's strength has not changed much.

Because many people are in the bottleneck period of Seven-Star Dzogchen, it is difficult to make progress.

On the contrary, all the players in the late seven-star stage have improved.

It's just that the time was too short, and they only had time to refine one Emperor's Liquid Crystal.

Qin Feng has the most improved strength among everyone, but no one can notice it.

At this moment, in the corner of the square.

Qin Feng looked at Luo Li and Lu Ming.

Both of them have broken through to the peak of the late seven-star stage.

Both of them looked worried.

Even Li Xun and Wan Hansheng on the side were a little nervous.

Today will be the first assessment, and it will also be the easiest one.

But in this assessment, if you score less than 10 points, you will be wiped out on the spot.

They all have some fear in their hearts

"Captain, I wonder how the points for this assessment are calculated?"

Lu Ming asked casually.

Qin Feng shook his head slightly, naturally he didn't know.

At this time, he felt a few eyes looking at him. He turned around and saw Long Shang looking at him with a mocking face. Long

Shang looked at him with a mocking look on his face.

Shang hated him for taking away the treasure.

If it wasn't for the rules, he would have taken action long ago.

And Yu Qilin was also looking at him.

The woman even gave him an ambiguous smile, which Qin Feng couldn't understand. What did she mean?

It was obviously an antagonistic relationship, but she was always ogling her.

Luo Li happened to see this scene, and her beautiful eyebrows wrinkled.

Qin Feng was too lazy to pay attention to the people in the faint organization.

At this moment, there was already discussion in the square one after another

"The time is up, why hasn't the secret realm announced the start of the assessment?"

"Why! I'm so worried now that I won't get 10 points!"

"yes! Don't know what the rules are?"...

At this moment, a mysterious force came, and a voice sounded in everyone's mind.

"The inheritance assessment begins now! Please keep the summoning jade talisman!"

As soon as he finished speaking, forty jade talismans appeared out of thin air and slowly fell in front of everyone.

Qin Feng picked up the jade talisman in front of him, and a large amount of information was transmitted from the jade talisman.

After a moment, his face They showed a look of sudden realization.

That information was about the assessment rules of the first game.

At this moment, everyone's faces showed a look of sudden realization.

Long Shang, Yu Qilin, Xiao Qingfeng, Xiao Lun Wang and the captains of each alliance all showed relaxed looks..

Those players in the late seven-star stage are a little worried.

For this assessment, if you kill a late-stage seven-star puppet dragon soldier, you will get one point.

Kill the seven-star perfect puppet dragon.It's five points.

Killing the puppet dragon captain in the essence fusion realm is fifty points, and killing the eight-star puppet dragon captain is five hundred points.

Killing the eight-star puppet dragon will be five thousand points.

The assessment time is three hours.

After three hours, those who fail to achieve their goals will be eliminated.

As soon as the rules came out, five light gates appeared on one side of the assessment square.

That is the gate of assessment.

Each light door leads to a place of assessment.

After everyone enters, it is an independent space, and they are the only ones facing the puppet.

During the assessment time, you can voluntarily withdraw.

At the moment, those assessors entered the assessment space one after another in order to seize the time.

Most people choose the first gate of light.

Only puppets from the late Seven Stars appeared in the assessment space.

But the next second, everyone in the venue was shocked.

I saw Long Shang walking towards the fourth light gate silently.

Only quasi-eight stars appeared there.

Killing one is worth 500 points.

This Long Shang actually wanted to kill Quasi Eight Stars.

For a moment, everyone looked at his leaving figure with admiration.

But the next second, another figure entered the fourth light gate.

It was actually a jade unicorn.

This woman actually went to kill the quasi-eight star.

Everyone was shocked again

"Those two people actually went to kill Quanbaxing!"

"yes! This is too awesome!"

"Oh My God! I never imagined that there are such terrifying beings among us!"

For a time, the people from the Xuanwu League, the Snow Mountain League, the White Tiger League, the Deep Sea Clan, as well as Luo Li and others were all shocked.

But among the crowd, the people from Qingfeng, Little Lun King, and the Hun Organization all looked strange.

They all looked at Qin Feng silently.

They had seen Qin Feng's strength with their own eyes. It was comparable to a quasi-eight star, even stronger than Jade Qilin.

Now that Jade Qilin has entered the fourth light gate, Will Qin Feng also enter the fourth door?

At this moment, Qin Feng moved.

He was seen striding forward.

But the direction he walked was beyond the expectations of Xiao Qingfeng and others..
