

God level 2211

Chapter 2211

With Lei Ya's roar, Lei Yun woke up and immediately gave the initiative of his body back to Lei Ya.

However, with this delay, Qin Chuan's master recognition ceremony below the void was coming to an end.

At this moment, Qin Chuan also turned into a giant ten feet tall, with a gold and silver halo lighting up outside his body.

At this time, Mingyue'er's voice sounded in his mind

"Tianqi, let go of your will and give me the initiative in your body. Your current strength is not yet able to control the artifact!"

"good!"

Qin Chuan responded quickly, let go of his own will, and gave all the initiative of his body to Ming Ling'er.

At this moment, the thunder fang in the air smiled ferociously, and struck with the knife again.

"quack!! Ming Linger, go to hell!"

"snort!"

Ming Linger snorted, commanded Qin Chuan's body, and waved to the giant golden bead in the air.

The golden bead immediately shrank rapidly, turned into a meter in size, and fell into Qin Chuan's huge hand.

Qin Chuan's right hand After pinching several seals, the golden bead in his left hand immediately turned into a huge golden light shield to cover Qin Chuan's body, which could barely block Lei Ya's attack.

At the same time, the moon-shaped silver blade also turned into It was two or three feet in size, surrounded by a golden mask.

Qin Chuan was surprised to find that there were seven pits arranged in a seven-star array on the plane of the moon-shaped silver blade, which made him feel that the moon-shaped silver blade seemed strange. whole

"Ha ha!! Lei Ya, I have successfully recognized my master now and can fully exert the power of the 'Sun, Moon and Heavenly Wheel'. What else can you do to me? Lei

Ya was furious:"If that idiot Lei Yun hadn't delayed the fight, do you think you could have recognized the master so smoothly?" However, even if you admit your master, do you think there is nothing I can do?"

"hehe!! Your thunder god's blade is only for killing! My Sun Moon Heavenly Wheel is both offensive and defensive! If they fight after recognizing their master, who is superior and who is inferior can be distinguished at a glance!"

It turns out that in the sun and moon wheel, the golden beads are the main defenders of the sun wheel, and the moon-shaped silver blades are the main attackers of the moon wheel. The two are combined, and they can both attack and defend.

"Ha ha!! Ming Ling'er, you underestimate me Lei Ya! I spent thousands of years laying out the Three Realms, wasn't it just to devour you? Do you think that after you recognize the Lord, you can escape from my control? go to hell!"

At that moment, Lei Ya controlled Lei Yun's body and Ming Ling'er controlled Qin Chuan's body, and they fought in the void. For a moment, the sky collapsed and the earth shattered, and the void was shattered. The scene was very terrifying. The remaining warriors on the floating formation not far away They were also affected by the aftermath and died unexpectedly. Even the eighth-level old man died tragically on the spot.

Feng Xing and Zhang Chi were no exception, and their bodies were smashed into pieces by the energy storm.

At this moment, Qin Chuan gave all the initiative in his body to Ming Ling'er, but he could clearly see the battle in front of him, and he could also feel it clearly.

Such a battle made his heart surge and his blood swell. This was a battle in another realm entirely.

If it weren't for the help of divine weapons, maybe He couldn't feel such a battle, which invisibly raised his vision and state of mind to a higher level.

It didn't take long before Lei Ya's side gradually gained the upper hand.

After all, Ming Ling'er was suppressed by Lei Ya by nearly ten thousand people. Years ago, his strength was not as good as that of Lei Ya. Even if he recognized his master at this moment, even if he could fully utilize the advantages of the Sun, Moon and Heavenly Wheel, he would still not be a match for Lei Ya.

"Ha ha!! Ming Ling'er, I have said that you are no match for me. Look at how I will chop you into pieces, and let you, the master you have just recognized, die with you!"..

Chapter 2212

Lei Ya laughed proudly, and suddenly raised his hand towards the earthly flames, skyfire, dazzling magnetic aurora, and thick earth and bright dust in the sky.

The three groups of spiritual objects were immediately forcibly fused together and instantly turned into a huge ball of lightning and lightning.

Lei Ya opened his mouth wide and sucked in the huge lightning ball in the air.

The giant lightning ball turned into a bolt of lightning and was continuously sucked into his body, and the aura on his body continued to increase.

Seeing such a scene, Qin Chuan was shocked and thought something was wrong.

Sure enough, Ming Ling'er's anxious voice came from his mind

"Tianqi! Why don't you quickly release the Seven-Star Blood Soul Pearl?"

Hearing this, Qin Chuan was slightly startled. Then he thought of something, and with a thought, he released the two blood beads in the God of War's command space.

As soon as the two blood beads were released, they immediately roared. The sudden change exuded a frightening evil aura.

At the same time, Ming Ling'er's extremely surprised voice sounded in Qin Chuan's mind.

"Huh! Great, it turned out to be two seven-star blood beads. The attack power of the Moon Wheel can be doubled. Seven stars surround the moon, and the condensed body repairs!"

As soon as the sound fell, the two huge blood beads in the air immediately connected with the Moon Heavenly Wheel in the air, and were embedded in two of the seven circular grooves on the surface of the Moon Heavenly Wheel.

They had just joined. Successfully, the Moon Heavenly Wheel let out a cheerful chirp, and then the red light emitted. There was an extra layer of blood-colored halo in the original silver light, and the momentum increased rapidly. At the same time, on the Sun Heavenly Wheel, , there is also an inexplicable layer of red halo, and the momentum is also increasing rapidly.

It turns out that the Sun and Moon Heavenly Wheel is composed of three parts, namely the Sun Heavenly Wheel, the Moon Heavenly Wheel, and the Seven-Star Blood Soul Pearl.

The Seven-Star Blood Soul Pearl Due to various reasons, all the beads were lost, which resulted in the incompleteness of the Sun and Moon Celestial Wheel and greatly reduced the power of the Sun and Moon Celestial Wheel.

This is the fundamental reason why the Sun and Moon Celestial Wheel was suppressed by the Thunder God's Blade.

In fact, the Sun and Moon Celestial Wheel was suppressed by the Thunder God's Blade. The power of the Heavenly Wheel should be greater than that of the Thunder God's Blade.

At this time, the thunder fangs in the sky had swallowed up all the thunder and lightning, and he had reached his peak state.

Suddenly, he seemed to find something wrong with the other party, and he quickly looked at the other party. Looking down, a look of horror immediately appeared on his face

"Seven-star blood soul bead? This...how is this possible? Does that kid have a seven-star blood soul bead on his body?"

"snort! Lei Ya, it's good that you know! See how this girl treats you! Seven stars phantom the moon, phantom!"

As soon as Ming Ling'er's voice fell, the Moon Heavenly Wheel in the sky split into two.

Seeing this, Qin Chuan immediately understood that if he could collect all seven blood beads, then It can transform into a seven-month heavenly wheel, and the attack power will be increased several times.

Regarding this seven-star blood bead, Qin Chuan also knows that another one is in the Mokuo tribe. As a descendant of his god, he wants to get it from It is not difficult for the Mokuo people to get the blood bead.

However, the blood bead is very important to the Mokuo people. Qin Chuan will not ask for it unless it is absolutely necessary.

But he said that Qin Chuan had just turned around. Thoughts.

Ming Ling'er had already commanded his body, and with a series of seals, the two-month Heavenly Wheel in the void turned into two moon-shaped light blades and shot towards Lei Ya.

The two started fighting again.

This Once, the strength of both of them increased greatly, the fighting scene became more intense than before, and the surrounding space began to collapse as the two of them fought..

But he said that when Lei Ya and Ming Linger were fighting in the void.

The Qilian Mountains outside the void are also experiencing strange phenomena.

Especially within the hundreds of miles between Huoling Valley, Jinling Valley and Tuling Valley.

Mountains collapsed and volcanoes erupted one after another. Dark clouds filled the sky and earth, and thunder flashed.

Such a scene horrified the warriors who were exploring nearby, as if the end was about to come, and they all consciously stayed away from it.

Of course, many warriors who explored that area were innocently killed in this natural disaster.

Even Sunyun Town, hundreds of miles away, could clearly see those strange phenomena.

Outside the town, many warriors looked up and sighed.

"Oh my God! How could there be such movement? Could it be that some kind of demon was born?"

"A demon is born? Are you kidding me? What kind of monsters can there be in this world?"

"Instead of a demon being born, could it be that two ninth-level warriors are fighting?"

"It's very possible!"

"Oh my God! If two ninth-level people were fighting, it would be terrible! I hope they don't come over. If they come over, we will be in trouble, and we will probably die a tragic death!"

"yes! The destructive power of the ninth-level warrior is terrifying! Why!"

In this way, the strange phenomenon in the Qilian Mountains lasted for ten days and ten nights.

Such a big strange phenomenon naturally attracted the attention of many eighth-level warriors.

During this period, some eighth-level warriors also flew to the area above where the strange phenomenon appeared to watch. Forced by the overflowing violent turbulence, they did not dare to get close, and finally flew away with frightened faces.

Afterwards, many disciples naturally asked those eighth-level warriors the reason, but these eighth-level warriors remained silent.

Such signs made more people think that there must be two ninth-level warriors fighting there. It was not until the tenth day.

In the void, the battle between Ming Ling'er and Lei Ya was coming to an end.

After a big battle, the weapon spirits of both artifacts were damaged, but Lei Yun and Qin Chuan's injuries were more serious.

In the void, Lei Yun's body was covered with wounds, and there was a big hole in his chest. Blood flowed from the wound on his chest. The gurgling water flowed out, and the whole person was on the verge of death. He began to constantly ask Lei Ya to stop fighting.

Looking at Qinchuan, the defense of the Golden Heavenly Wheel had been broken, and his chest had been pierced in two places. It just relies on the strong recovery power of physical warriors, but it is much better than Leiyun.

"Ha ha!! Ming Ling'er, if we continue to fight, we may be fine, but our master will die. Why don't we stop fighting!"

Lei Ya suddenly made this request, and he was helpless, because he knew that Lei Yun could not persist any longer. If Lei Yun forced himself to take back control of his body, he would not be able to control it.

Ming Ling'er also hesitated immediately, because she knew Qin Chuan's current situation is not good either.

But at this moment, Qin Chuan spoke: "Ming Ling'er, I can still persist! Continue fighting!"

Hearing this, Ming Ling'er was delighted and said softly: "Okay!"

Lei Ya's face on the opposite side changed slightly, and then his expression changed, his temperament changed drastically, and then he shouted: "Lei Ya! Let's run! I can't hold on any longer!"

After saying that, he turned into thunder and lightning and fled.

The roar of Lei Ya came from the void.

"Lei Yun, you idiot, what are you doing? Why don't you quickly hand over the initiative to me!"

But he said that when Ming Ling'er saw Lei Yun regaining control of his body, he was about to run away. He was immediately overjoyed and immediately commanded Qin Chuan's body to seal the seals. Ming Ling'er's voice rang out in the void.

"The crescent moon in the blue sky shatters the sky!"

As soon as these words came out, the two-month heavenly wheel in the sky immediately merged into one, turned into a moon-shaped light knife ten feet in size, and shot towards the fleeing thunder cloud, and actually split the thunder cloud in half. Yun Lian didn't even have time to scream, and he died on the spot. The Thunder God's Blade also fell from his hand, and Lei Ya's extremely sad and angry voice sounded in the void.

"Thundercloud! You idiot, you killed me!"..

Chapter 2214

"Thundercloud! You idiot, you killed me!"

Then the demon-headed figure floated out of Lei Yun's corpse, wanting to possess the Thunder God's Blade.

But at this moment, Ming Ling'er had already commanded Qin Chuan's body to bite his fingertips, He drew several sealing blood talismans in the air and shot them towards Lei Ya. As soon as those blood talismans were printed on Lei Ya's body,

Lei Ya was immediately fixed in the void and unable to move.

At the same time, Ming Ling'er continued to seal the seals. , the moon's light wheel in the air struck at Lei Ya again.

Seeing this, Lei Ya's eyes showed madness. In the previous battle, he was weaker than Ming Ling'er.

Now, with the death of Lei Yun, the master of the artifact, the power of the artifact is even greater Unable to give full play, he was certainly no match for Ming Ling'er.

When he saw Ming Ling'er attacking, he knew he would be defeated, and suddenly had a crazy idea in his heart. He wanted to fight the opponent to death.

Thinking of this, Lei Ya went crazy Laughing loudly:"Haha!! Ming Linger, you are going to destroy me! I won't make it easy for you either! Let us destroy together! And your little master, let him be buried with us!"

Speaking of this, Lei Ya's body flashed with lightning and expanded rapidly.

Seeing this, Ming Ling'er screamed out!

With a swish, his body flew out of Qin Chuan's body, and then he waved it out, letting Rizhi The heavenly wheel wrapped around Qin Chuan.

At the same time, he shouted:"The spirit becomes one, broken!" Destroy! null!"

I saw Ming Ling'er's body and the moon's heavenly wheel merge into one, and then turned into a bright crescent moon rising slowly. Then the air vibrated, and the crescent moon's light shined brightly, and in an instant, a moon slash shot towards the moon. The thunder fangs slashed through the air.

The two collided, and a dazzling white light lit up, like a scorching sun, which pierced Qin Chuan so hard that he couldn't open his eyes. Then there was a deafening explosion, and a huge shock wave shook the sun and the sky together. Qin Chuan rushed out dozens of miles away, and the surrounding space began to collapse completely.

Although protected by the Sun Wheel, Qin Chuan was still shaken by the powerful external force, causing blood to spurt from his mouth, and he fainted on the spot. At the same time

, , it was already dark outside the Qilian Mountains.

However, a violent roar from the sky and the earth woke up everyone within a thousand miles. A large group of dazzling white light lit up deep in the mountains, illuminating hundreds of miles like day. Normal.

Gradually, the white light disappeared, and the surroundings returned to deathly silence.

The vision that lasted for ten days and ten nights also disappeared.

However, Qin Chuan did not know how long he had been unconscious. In a blur, he felt a soft and warm body. The little hand was touching his cheek.

Qin Chuan woke up quickly, but what caught his eyes was Ming Ling'er's beautiful face. The little hand touching him was naturally Ming Ling'er's, but at this moment, Ming Ling'er looked extremely tired. At this time, Only then did Qin Chuan realize that he was no longer in the void, but in a cave.

However, when Ming Ling'er saw Qin Chuan waking up, joy flashed in his eyes, and she said softly:"You finally woke up!"

"Um! Ming Linger, where is Lei Ya?"

"He is dead!"

"What? he died? That's great!"

Qin Chuan couldn't help showing ecstasy on his face, and unconsciously grabbed Ming Ling'er's little hand.

Ming Ling'er didn't shy away, letting Qin Chuan hold her little hand, and just smiled slightly, and that smile was immediately beautiful. bloom like a hundred flowers

"Ming Linger, is he really dead? That guy is very powerful!"

"Um! He is really dead, this is the power of his weapon soul."

Ming Ling'er suddenly had a ball of blue light in her hand, and then she said with a sweet smile.

"As long as I refine the power of his weapon soul, I can fully recover. However, I am also seriously injured now, and I must go all out to refine it, otherwise I will suffer backlash from him. This may be a long-term process, maybe fifty years, maybe sixty years"..

Chapter 2215

"Oh, it takes so long!"

"Well! Not only that, in order to refining it smoothly, I will cut off all contact with the outside world for the next fifty or sixty years and devote myself to refining it wholeheartedly. During this period, I don't know your life or death, and I can't do anything to help you. You have to take care of yourself!"

"ah!"

Hearing this, Qin Chuan opened his mouth in surprise, and his heart that was ecstatic about getting the artifact suddenly broke.

In other words, although he got a artifact, in the next fifty or sixty years, he would not be able to Use.

In fact, this is because he is too weak to control the will of the weapon spirit. The weapon spirit can do whatever it wants, treating his master as nothing. As if seeing Qin Chuan's disappointment, Ming Ling'er took out another The handle of the sword emitted blue light.

Seeing the sword, Qin Chuan's eyes showed surprise:"Hey! Is this Thor's Blade?"

Ming Ling'er nodded slightly:"Not bad! This is Thor's Blade. However, without the weapon spirit, this Thunder God's Blade is no longer an artifact. It can only be regarded as a semi-artifact, but it is stronger than most semi-artifacts."

"However, only thunder elephant warriors can control it. I think you have the energy of the three elements of earth, fire, and gold in your body, and you can become a thunder elephant warrior."

Although there is only one level difference between a semi-artifact and an artifact, the power between the two is vastly different, just like the difference in strength between an eighth-level warrior and a ninth-level warrior." At this time,

Ming Ling'er said again Said:"In the past fifty or sixty years, I can't be by your side to protect you. If you become a Thunder Elephant warrior earlier and have the power of thunder and lightning, you can control this Thunder God's Blade, and your strength will be greatly increased by then."."

Hearing this, Qin Chuan felt happy and happily took the Thunder God's Blade.

Even a ninth-level warrior may not be able to possess a semi-artifact, but he has one now. Why is he not happy?

However, he also knew in his heart that it was not that simple for him to become a Thunder Elephant warrior.

First, he needs to upgrade both his earth qualifications and metal qualifications to upper-level qualifications.

In addition, he also needs to cultivate both Earth Yuan Qi and Metal Yuan Qi to level four or above.

Only in this way can he meet the conditions for transforming into a thunder elephant warrior.

After explaining this, Ming Ling'er looked at him, hesitated for a while and said: "I have already explained what I should explain. I am going to enter the self-seal to refine the power of Lei Ya's weapon soul. However, after the self-seal, Before that, I want to tell you one last thing"

"What's up?"

"Let me tell you this! My first generation master was the God of War, and I was conceived by him himself. He is equivalent to my father. Now that I recognize you as my lord, I am equivalent to being your wife. From now on, you are not allowed to have contact with other women, otherwise! snort! You know how powerful I am! Hearing Ming

Ling'er's threatening words, Qin Chuan opened his mouth in surprise. After a while, he said blankly: "Ming Ling'er, no, how can you be my wife?"

Ming Ling'er, however, had a frosty look on her pretty face, with an angry look on her face: "Humph! If I say yes, if you dare to refute, I won't be polite to you!"

"I!!"

Qin Chuan really didn't dare to speak for a moment, for fear of offending this evil star. The woman in front of him was comparable to a ninth-level being.

"But...but...didn't you say that it would take fifty or sixty years for you to come out? I will be sixty or seventy years old at that time and have become an old man. Do you still want to be my wife?"

Ming Ling'er lamented: "Who told me to recognize you as my master? As the saying goes, if you marry a chicken, follow the chicken, if you marry a dog, follow the dog. By then, even if you become a bad old man, I will still be your wife. I will help you find a way to reach level seven and let you live a few more years."

Chapter 2216

"ah! please do not! Do you really want to be my wife? But you don't seem to be human!"

"snort! Who said Qi Ling can't be a man's wife? My father once said, 'Only real life has a soul.' We spirit spirits also have souls, so just like you humans, we are also alive."

"Your father?"

"It's the God of War!"

"oh!"

At this time, Ming Ling's jade hand unfolded, and a sparkling golden bead appeared in her palm, and a silver moon blade rotated around the golden bead. It was the shrunken artifact 'Sun and Moon Heavenly Wheel'. Then,

Ming Ling'er Ling'er waved his hand, and the 'Sun and Moon Heavenly Wheel' turned into gold and silver light and shot into the palm of Qin Chuan's right hand. The

Sun and Moon Heavenly Wheel disappeared immediately, but there was an extra sun and moon in Qinchuan's palm. The mark was exactly the same as the mark on Ming Ling'er's forehead.

Qin Chuan looked at the palm of his right hand blankly, with a look of surprise in his eyes.

At this time, there was a mark of the sun and moon on the palm of his right hand, which contained the sun and moon wheel, and on his left hand there was A mark with the word "war" contains the God of War's order.

This made him feel, Ji and the Temple of War seem to be very destined.

At this time, Ming Ling'er said again: "I have sealed the Sun, Moon and Heavenly Wheel into the heart of your right hand. You will not be able to use it until I break the self-seal."

"By the way, I have one more thing to ask you. Remember to collect the Seven-Star Blood Beads for me. Every time you collect one, drop a drop of your essence and blood. The sun and moon mark will sense it and automatically absorb the seven-star blood beads. This will also save me three years of refining time."

"oh! So, after I collect the remaining five, you can save fifteen years of refining time?"

"good! Only by collecting the remaining five seven-star blood beads can the Sun, Moon and Heavenly Wheel be complete."

"Um! I know, I will collect it carefully!"

"alright! I have basically finished explaining what I want to explain. What I told you before is settled. I will be your wife from now on. I will enter the self-seal now. I don't know what you will say in the future."

"Young husband, remember what I told you, you are not allowed to associate with other women in the future! otherwise! snort! You know how powerful I am!"

After saying that, Ming Ling'er swayed and turned into a ray of light, which penetrated into the sun and moon mark in Qin Chuan's hand.

Qin Chuan suddenly became anxious:"Hey! Hello! do not go! Hello! I haven't agreed yet!"

However, no matter how hard Qin Chuan shouted, there was no response in the sun and moon mark.

Qin Chuan suddenly sat down on the ground helplessly, sighing in his heart

"Why! Ruined! The last time I was drunk, I got a fiancée inexplicably. This time it was even more powerful, he unexpectedly got an extra wife. Moreover, this wife is not a human yet, so she cannot refuse! This is how to do ah? It's a pity that I'm still underage!"

Qin Chuan suddenly felt like crying without tears.

After being stunned for a while, Qin Chuan also knew that this matter could not be solved, so he stopped thinking about it.

At that moment, Qin Chuan glanced at the Thunder God's Blade in his hand..

Although this Thunder God's Blade is good, he can't use it now, so he has to put it into the space of the God of War, and then release the ball in the space.

Qiuqiu rested in the space of the God of War for more than ten days, and went to sleep when he was sleepy. , when hungry, eat the Yuan Magnetic Blue Gold stored inside.

After ten days, the injury has healed, and now it becomes lively and vigorous again. When it saw that Qin Chuan was fine, it immediately beamed and jumped into Qin Chuan's arms. Inside.

Seeing it like this, Qin Chuan couldn't help but smile and said with a smile: "Qiuqiu!! It's time for us to leave now! It's time to return to Shenyan City! After saying that

, Qin Chuan stood up and stood up.

"Huh! This is?"

Qin Chuan's face suddenly showed a look of surprise. He quickly looked at his whole body, and then punched several times in the air. The air immediately erupted with a 'cracking' sonic boom, which was extremely loud. At this moment, he felt his body Full of explosive power, it seems that it can easily smash everything with a single move...

Chapter 2217

"Oh my God! My strength seems to have increased a lot, and I have reached the limit of opening the third door. As long as the third gate is opened, my body will be able to complete its third evolution, and my strength will be greatly improved again."

Thinking of this, Qin Chuan's heart was full of surprise.

It turned out that after Ming Ling'er recognized him as his master, she possessed him and at the same time used the power of the sun and lunar to strengthen Qin Chuan's body.

Now, Qin Chuan's comprehensive strength is already comparable to that of Qiuqiu.

How strong one person and one beast will be can only be determined in battle.

Of course, even this is not the opponent of a fifth-level warrior.

However, the great increase in strength , made Qin Chuan feel good.

At that moment, Qin Chuan took Qiu Qiu out of the cave.

After leaving the cave, Qin Chuan felt his eyes light up, and then he realized that he and Qiu Qiu were in a valley.

At this time, The winter snow has long melted, and new green leaves have appeared on the branches. The fragrance of wild flowers is floating in the mountains and forests, and it is full of vitality. It took

Qinchuan almost two months from the time he entered the Fire Lotus Cave to the time he came out. When he came out, it was spring outside.

In total, there were still more than two months until the Zhou family recruited blood guards. It was time for him to go back and report to his father and uncle.

They should be very worried after not going back for so long. I don't know how the Qing family and the Feng family and the Teng family have jointly arranged it?

I don't know what the current trends of Huo Qing and the Huo family are?"

Thinking of Huo Qing, Qin Chuan couldn't help but feel a little bit in his heart. The young man When they met by chance, they thought it was a rare friendship, but the development of things was always unexpected.

I wonder what the intentions of Brother Huo and the Huo family behind him are?

Didn't they originally want to grab the Blue Dragon Pearl? Why did they give up halfway after knowing that I was a descendant of the Qing family, and still wanted to help our Qing family seize the Blue Dragon Pearl, without knowing whether what they said was true or false?"

Thinking of this, Qin Chuan's heart was full of doubts. He couldn't figure it out for a long time and simply stopped thinking about it.

At this time, Qin Chuan looked around. He still didn't know where he was. He must still be in the Qilian Mountains.

At that moment, Qin Chuan let Qiu Qiu transform, and then rode Qiu Qiu and flew out of the valley.

Not long after, he saw a group of adventurers below.

Qin Chuan ordered Qiu Qiu to fall from the air and asked the group of adventurers for instructions. Road.

Only then did he know that the group of adventurers came from Shenyang City, and that his location was in the Qilian Mountains, close to Shenyang City.

At that moment, Qin Chuan asked clearly to go to Luoyun Town direction, thanked the group of warriors, and then flew in the direction of Luoyun Town. Luoyun

Town is located at the foot of the Qilian Mountains, on the border under the jurisdiction of Shenyang City.

Like Riyun Town, Luoyun Town is the headquarters of Shenyang City. The city warriors went to the outpost of the Qilian Mountains expedition.

After arriving at Luoyun Town, Qinchuan let Qiuqiu return to his own form, and then went to find an inn to stay.

At this time, it was getting late and night had already fallen, but the inns on both sides of the street were It was brightly lit and very lively.

At this time, it was dinner time, and the warriors in the inn were talking loudly, about recent harvests, or about strange things.

Qin Chuan chose a small inn to stay.

Entering the inn , the hall was already full of warriors, all talking about interesting things during the day.

Qin Chuan's entry did not interrupt their conversation.

Although Qin Chuan was in ragged clothes and there were a lot of blood stains, the warriors in the hall were also not surprised, after all, it is common to end up like this when venturing in the Qilian Mountains.

But they were a little surprised when they saw that Qin Chuan was only fourteen or fifteen years old, and then they saw that Qin Chuan was already in his second year of cultivation. level, I can't help but admire it a bit..

Chapter 2218

Of course, Qin Chuan did not want to attract too much attention and deliberately hid his cultivation to the second level. Otherwise, with his fourth level cultivation and such an age, he would definitely cause a big sensation.

To be able to reach the fourth level of cultivation at the age of fourteen or fifteen is definitely a monster among geniuses. Even in the entire Dakun Kingdom, it is rare to see it in a hundred years, and I am afraid it is also rare in the entire Tianfeng Continent.

Because even if you have the qualifications of a pseudo-spiritual body, you may not be able to reach the fourth level at the age of fourteen or fifteen.

Of course, if one has the qualifications of a true spiritual body, reaching the fourth level at the age of fourteen or fifteen is a matter of course, and even reaching the fifth level is not impossible.

People with true spiritual body qualifications have more than 80% chance of becoming a ninth-level warrior.

It's just that people with true spiritual body qualifications can only cultivate a certain type of vitality, and are completely unable to cultivate the other four series of vitality.

However, this also makes them have amazing talents for a certain type of energy.

Whenever a country can produce a person with true spiritual qualifications, it will definitely be a sensational event in the whole country, and it will definitely require the efforts of the whole country to cultivate him.

Because every talent with true spiritual body qualifications represents the birth of a quasi-ninth-level warrior.

However, such astonishing qualifications can only appear once every few hundred years in the entire continent.

As for the pseudo-spiritual qualifications, which are one level lower than the real spiritual qualifications, it is very difficult to become a ninth-level warrior, with only a 10 to 20% chance.

However, there is no suspense for a person with pseudo-spiritual qualifications to become an eighth-level warrior.

As for genius qualifications that are one level lower than pseudo-spiritual qualifications, if you are not willing to put in the effort, you may not be able to become an eighth-level warrior.

Qin Chuan's fire element qualifications are genius qualifications. His ability to achieve such achievements is inseparable from his own efforts and various adventures.

Without those adventures and opportunities, he would not have achieved what he has achieved today.

However, after Qin Chuan entered the inn, he chose an upper room and then took a hot bath to wash away the fatigue and dust of the past few days.

Afterwards, he took out a new set of spare clothes from the God of War Order space and put them on. He transformed into a handsome young man who was above the ordinary world, and took Qiuqiu to the downstairs hall for dinner.

He has been hungry for a long time, so he will naturally have a big meal this time.

In the living room, the warriors were still talking loudly.

However, what these people talk about the most is the sudden change in the Qilian Mountains a few days ago, and there are various speculations.

When Qin Chuan heard the chatter around him, he felt a little funny, but he didn't say anything. After a delicious meal, Qin Chuan took Qiuqiu back to the dormitory and slept.

He slept until noon the next day before Qin Chuan woke up. After waking up, all the fatigue was gone and his energy returned to its peak.

Afterwards, Qin Chuan took Qiuqiu and rushed directly to Shenyan City.

He has left Shenyan City for more than three months.

With Qiuqiu's current cultivation level, his flying speed was naturally extremely fast. It only took Qin Chuan three days to arrive at Shenyan City.

North District of Shenyan City, Zhou Family Guard Camp.

Before entering the camp, Qin Chuan first put the ball into the space of the God of War in order not to attract other people's attention.

'Di' is the word camp, the ninth leader's station, and the commander of the camp.

Qing Yunsheng looked at the handsome young man in front of him with surprise on his face.

"Tianqi, you are finally back!

Qin Chuan also smiled happily and said, "Uncle, how are you doing recently?"

"Not bad. Have you been to your father's place?"

"went! He was on a mission, not at his residence."

Qing Yunsheng smiled and nodded, then there was a hint of surprise in his eyes.

"Tianqi, I seem to be unable to see through your current fire element cultivation. What level has your fire element cultivation reached?"

"Fourth level!"

"What? Fourth level?"

Qing Yunsheng's face was full of shock and disbelief, and then he showed a look of ecstasy.

"Ha ha!! good! good! Every additional point in your cultivation will be beneficial to our Qing family in our fight for the Blue Dragon Pearl. Unexpected! Tianqi, your fire element cultivation has actually caught up with mine."..

Chapter 2219

Hearing this, Qin Chuan asked curiously:"Uncle, given the fire element qualifications of our Qing family, how did you reach the fourth level of fire element cultivation?"

Qing Yunsheng smiled and said:"Yes! With our Qing family's fire element qualifications, how did you reach the fourth level of fire element cultivation?" With my fire element aptitude, it is extremely difficult for me to cultivate the fire element to the fourth level. However, your uncle and my natal psychic beast is a fire element beast."

"When performing the destiny psychic ritual, part of the cultivation of the destiny psychic beast will be transferred to me, and at the same time, my fire talent will be improved. Now, my fire talent is also a medium talent, instead of the inferior talent it used to be. In this way, I will naturally be able to cultivate to the fourth level"

"Of course, the higher the cultivation level of this psychic beast and the better the talent, the more cultivation level will be transferred to us and the more our qualifications will be improved."

After hearing this, Qin Chuan suddenly realized, and thought to himself at the same time.

If the Qiuqiu's cultivation level is higher, after it becomes my natal psychic beast, won't my gold element cultivation level be improved more?

In this way, I think it is not impossible for me to cultivate the metal element to the fourth level.

After Uncle Yun Sheng has his natal psychic beast, his fire element qualifications can be upgraded from inferior qualifications to medium qualifications.

Today, my fire element qualifications are Inferior, if after the blood sacrifice with Qiuqiu, I don't know if I can be promoted to the upper level. If so, I just need to cultivate the earth energy to the fourth level. Then I can condense the power of thunder elephant and become As a Thunder Elephant warrior, you can use the Thunder God's Blade.

Of course, these are the thoughts in Qin Chuan's mind, and he also knows that it is not easy for him to become a Thunder Elephant warrior.

First of all, after channeling Qiuqiu Bloodstain, It is hard to say whether his metal qualifications can become superior qualifications.

Moreover, he has to cultivate both gold and earth energy to the fourth level.

Because only fourth level fire, earth, and metal warriors can transform into thunder. Like a warrior.

However, although there are many difficulties, Qin Chuan will not give up.

At this time, Qing Yunsheng said again:"Tianqi, now that your fire element cultivation has reached the fourth level, it will naturally not happen to you to join the Blood Guards." what is the problem"

"There are still more than two months left before you can enter the Blood Guard. You don't have to do anything during this period, and I won't assign you any tasks. You should stay with me and practice with peace of mind. Improve your strength every time. One point means more ability to protect yourself."

"After all, we don't know exactly what is going on in the Zhou family's forbidden area and whether there are other hidden forces. So we must arrange for someone to enter the Zhou family's forbidden area. It all depends on you."

"uncle! I see!"

Qin Chuan's face showed a solemn look.

"Um! Just understand. Let me tell you about the Zhou family's forbidden area now. It's time to let you know. The Zhou family's forbidden area is in the deepest forbidden courtyard of the Zhou mansion. Only the blood guards and direct descendants of the Zhou family can enter the forbidden courtyard."

"There is a large talisman formation in the forbidden area that was personally arranged by the ancestors of the Zhou family. Even seventh-level warriors cannot forcefully break in. Even eighth-level warriors will have to pay a high price if they want to forcefully break in. So for us, entering Zhou There is only one entrance to the forbidden area, and that is the Jiwu Gate at the entrance to the forbidden area.'"

"This 'Ji Wu Sect' is what the direct disciples of the Zhou family call it, and it means raising the limit of martial arts. The Zhou family has regulations that all disciples who can advance to the third level before the age of thirty are the focus of the family's training and will be arranged to enter the 'Jiwu Sect' for training."

"That is to say, they arrange to go to the forbidden area to improve their martial arts to the limit. Therefore, for the disciples of the Zhou family, the 'Jiwu Sect' is not only a portal, but also represents a springboard to improve their cultivation and status."

"In fact, the Jiwu Sect looks like a portal from the outside, but it is actually a small talisman gate. This door cannot be opened from the outside, but can only be opened from the inside. According to some information we have collected, the person guarding this portal in the forbidden area is a second-generation descendant of the Zhou family, named Zhou Dinghai, who is a fifth-level warrior."

After hearing this, Qin Chuan's expression changed slightly. He felt that this task of entering the Zhou family's forbidden area might be more difficult than he imagined...

Chapter 2220

"Tianqi, you have three tasks in entering the forbidden area this time. First, find out the specific location of the Green Dragon Pearl in the Zhou family's forbidden area, and find out what the Zhou family is doing with our Qing family's Green Dragon Pearl?"

"Second, find out the strength distribution of the Zhou family in the forbidden area. Third, and most importantly, try to lure Zhou Dinghai away and open the Jiwu Sect from within."

"Of course, these are just preliminary tasks assigned to you. There are many masters of the Zhou family in the forbidden area, especially the ancestors of the Zhou family, so you must be careful when you act. If you are negligent, you may not be able to save your life!

Qin Chuan also nodded cautiously:"Uncle, I know!"

Qing Yunsheng sighed softly.

"Why! In fact, each of the three tasks I just mentioned is extremely difficult. Even a fifth-level warrior may not be able to complete it. But now that you are asked to do it, it is really embarrassing for you. However, we can't find anyone more suitable than you. We can only rely on you."

"uncle! Do not worry! I will definitely complete the tasks assigned by my family, even if it costs my life. Qing

Yunsheng glanced at Qin Chuan distressedly:"Uncle, I hope you can complete the mission successfully, and I also hope you can survive safely."

Feeling the sadness in Qing Yunsheng's tone, Qin Chuan was touched in his heart and whispered:"Uncle, you don't have to worry too much, I will definitely be able to complete the task."

"Um! Tianqi, I believe in you! Now let me tell you about the Blood Guard. There is a rule in the Zhou family that only those with other surnames who have become third-level warriors before the age of thirty can become"Blood Guards""

"Each disciple with a foreign surname who is appointed as a Blood Guard only has a term of office of six years. After six years, he must leave the post of Blood Guard, which means he must leave the forbidden land. After leaving, the Zhou family will focus on training disciples with other surnames who have served as"blood guards". This is a kind of trust."

"The third-level blood guard is an ordinary blood guard, and the fourth-level is the blood guard captain. If the cultivation level reaches the fifth level, you will be kicked out of the blood guard, because it will pose some threats to the safety and privacy of the Zhou family's forbidden area."

"Usually the blood guard captains are served by direct disciples of the Zhou family, so when you enter the forbidden area of the Zhou family, it is more appropriate to hide your cultivation to the third level. Only in this way will the Zhou family not be suspicious"

"Of course, in order to attract disciples with other surnames to serve as blood guards, the Zhou family will also provide benefits. As for what benefits they are, I don't know. I heard that you can only find out if you enter the Zhou family's forbidden area. This benefit is related to improving your cultivation."

"In fact, the cultivation level of every Zhou family disciple who enters the forbidden area will be greatly improved. I guess it may be related to the so-called benefit, or even the Qing Dragon Pearl of our Qing family, so you must pay attention when you enter the forbidden area this time. Got it"

"uncle! I will!"

"Um! I will tell you these for now, some specific details and changes. I'll tell you before you join the Blood Guard"

"By the way, I have two basic knowledge books about rune formations here. Take them and take a quick look at them first. Although you have not reached level five yet and cannot arrange rune formations, you must understand these. thing"

"Because after entering the Zhou family's forbidden area, you will definitely encounter a lot of rune formations. Even if you open the 'Jiwu Sect' from inside, you must understand the rune formations."

After saying that, Qing Yunsheng took out two books that had been prepared from the desk.

Qin Chuan took them and took a look. One was "Basic Explanation of Rune Formation" and the other was "Theoretical Guide to Rune Formation"

After seeing these two books, Qin Chuan was still a little excited.

In fact, he had wanted to learn rune formations a long time ago, and now he just took this opportunity to study hard..
