

## God level 2221

### Chapter 2221

"Tianqi, in the remaining two months, you should read these two books thoroughly while practicing!"

"Um!"

"alright! I've done everything I need to do! Your room is still empty. You should seize the time to study these two books. If you don't understand anything, feel free to ask me."

"OK! Uncle, I'll go back first!"

Qin Chuan's current identity is still Qing Yunsheng's personal guard. Naturally, Qing Yunsheng can arrange his tasks at will.

After saying that, Qin Chuan was about to leave, but was stopped by Qing Yunsheng again.

"By the way, Tianqi, I almost forgot to tell you something important.

Seeing Qing Yunsheng's serious expression, Qin Chuan asked in surprise:"Uncle, is there anything else important?" Qingyunfeng thought for a moment and then said:"Actually, in the two or three months since you went to Tianshui City, our Qing family, Feng family and Teng family have completed the alliance, and now we have secretly established the 'Three Holy Alliance'""

"However, these three holy alliances are only initially established. Currently, they only have a name, and the specific structural framework has not yet been laid out. Mainly because our Qing family doesn't have an eighth-level warrior in charge."

"Because if the Three Saints Alliance is really established, its members will be composed of elite disciples drawn from the three tribes. Among them, there will be six or seven seventh-level disciples. Now Phoenix Master and Teng Master are both eighth-level warriors, and your grandfather's His strength is too weak and he is only the seventh-level Dzogchen. With his strength as the Qing Lord, it would seem that our Qing family is a bit weak in the Three Saints Alliance."

"You have to know that our Qing family was the strongest among the five clans back then. This is a matter of face"

"uncle! I see! In fact, there is no bottleneck for grandpa to advance to the eighth level. As long as he takes back the Blue Dragon Pearl, he will be able to easily advance to the eighth level. At that time, he will be the well-deserved Blue Master."

Qing Yunsheng shook his head and said:"Actually, what I want to say is not these, but another thing.

Qin Chuan asked in surprise:"What's the matter?"

Qing Yunsheng asked,"You should know Huo Qing's identity. He is the young master of the Huo family." During the more than two months since you went to Tianshui City. Huo Qing learned from Luo Chuan that we are indeed descendants of the Qing family."

"Later, the ancestor of the Huo family personally went to the Four Kills Alliance, found the Second Master Feng Teng and your grandfather, and asked to join the Three Saints Alliance, appointing himself as a general under the Qing family, and swore a blood oath to help the Qing family regain the Green Dragon Pearl.. Hearing this

, Qin Chuan was horrified and said to himself:"It turns out that what Huo Qing said is true, but why did the Huo family do this?" Thinking of this

, Qin Chuan asked:"Uncle, why did the Huo family do this?"

Qing Yunsheng also shook his head with doubts on his face and said,"I don't know either." However, since the ancestor of the Huo family has made the blood oath of the inner demon, his sincerity can be trusted. You must know that the ancestors of the Huo family are just like the ancestors of the Zhou family. They are both eighth-level peak masters, stronger than the Phoenix Master and the Teng Master."

"With his participation, there is hope to kill the ancestors of the Zhou family. But why he would do this is really puzzling. However, he himself said that after taking back the Blue Dragon Pearl, he will tell all the truth."

"Uncle, it seems that the Huo family and our Qing family must have a deep connection. Come to think of it, it has a lot to do with the Azure Dragon Pearl. Otherwise, why did the Huo family try their best to capture the Azure Dragon? Now, he said that he would tell the truth after seizing the Blue Dragon Pearl?"..

## Chapter 2222

Hearing this, Qing Yunsheng's eyes lit up and he nodded quickly:"What you said makes sense. The Huo family is a big martial arts family and majors in wood. It seems that it is indeed related to the Azure Dragon Pearl."

"It is precisely because the ancestors of the Huo family made a blood oath of inner demons that we, the three Qingfeng and Teng families, all believe that the Huo family can be trusted, so we let them join our alliance. Five days ago, Huo Qing, the young master of the Huo family, had just broken through to the second level of perfection in the fire element."

"If he can break through to the third level of fire cultivation in the last two months, he may be able to accompany you into the Zhou family's forbidden area. In this case, there will be two people on our side entering the forbidden area, so the success of the mission to capture the Blue Dragon Pearl will be more certain."

After saying this, Qing Yunsheng shook his head again and sighed:"It's just that his fire element cultivation has just advanced to the second level of Dzogchen. If he wants to advance to the third level in just over two months, that's Absolutely impossible, hey! I'm afraid he won't be able to accompany you into the forbidden area."

"However, I still arranged for him to be my personal guard and let him devote all his efforts to cultivating the fire energy. The Huo family also funded a lot of elixirs for him. As for whether he can break through to the third level, it is left to fate."

Hearing this, Qin Chuan's heart moved and he said,"Uncle!" Brother Huo, it may not be impossible to break through to the third level! Qing

Yunsheng shook his head and smiled bitterly:"It is not difficult to find the elixir to increase your cultivation, but the precious spiritual objects that increase the chance of breaking through the bottleneck are very rare!"

Qin Chuan smiled and said,"Uncle!" I don't have other things, but I do have spiritual objects that break through the second-level bottleneck of the fire system!"

"You have?" There was a hint of disbelief in Qing Yunsheng's eyes.

"uncle! What do you think this is?"

I saw Qin Chuan's palms spread out, and there were seven or eight fiery red lotus seeds in his hands.

"Huh! This is Fire Jade Lotus Seed! No, this is the lotus seed of the Fire Jade Lotus King! Oh my God! How did you get the Lotus Seed of the Fire Jade Lotus King? This lotus seed can at least allow a second-level fire element Dzogchen warrior to break through to the third level, increasing the chance by 30%. You actually got eight of them at once."

"With these eight Fire Jade Lotus King lotus seeds, Huo Qing is very likely to break through to the third level. Tianqi, how did you get it? Qin

Chuan smiled slightly and said: "I got this from the Fire Lotus Cave in the Qilian Mountains. This time I advanced to the fourth level, and I also got the opportunity there.""

Qing Yunsheng had a look of fear on his face.

"You actually went to the Fire Lotus Cave. I have also heard about that place. Many warriors disappear there every year. I heard that this time, a strange phenomenon occurred in the Qilian Mountains. I don't know why, but the entire Huoling Valley collapsed. It's a miracle that you can come back safely."

"Don't go into such dangerous places in the future. Although sometimes adventure can make a person's cultivation improve by leaps and bounds, you still have to enjoy it! However, this time you took out these eight lotus seeds of the Fire Jade Lotus King in time."

"Huo Qing is a three-element warrior. He has cultivated the wood element to the third level of perfection, and the water element to the second level. If his fire element also breaks through to the third level, his strength will be comparable to that of a fourth-level warrior. He can indeed be in the forbidden area at the right time. Here to help. Hearing this

, Qin Chuan smiled and said: "Then please help me transfer it to Brother Huo Qing!"

"All right! I think Huo Qing will be very happy to get this. This time you have contributed to the plan to seize the Green Dragon Pearl. Qin

Chuan said solemnly: "Uncle, if Brother Huo can really enter the forbidden area with me, it will be great." Even if I die inside after my identity is exposed, Brother Huo will still be there. This way, our Qing family's hope of seizing the Blue Dragon Pearl will not be ruined, and it will give our Qing family another layer of protection to seize the Blue Dragon Pearl."..

Chapter 2223

Hearing this, Qing Yunsheng was shocked. He knew that Qin Chuan had risked his own life in order to complete this mission.

After a long while, Qingyun Shengcai sighed: "Hey! Tianqi, I know that the burden placed on you by the family is too heavy. If one day, your identity is really exposed, you must remember that the Qinglong Royal Family's blood flows in your body. Blood, even if you die, you must die with dignity!"

"uncle! I understand!"

"good! Then go and learn those rune formations first! I will transfer these Fire Jade Lotus Seed Kings to Huo Qing!"

At that moment, Qin Chuan told Qing Yunsheng and went straight back to his residence.

When he returned to his residence, Qin Chuan found that although no one had lived in it for more than two months, the house was very clean. It seemed that he was not there during this period. , Qingyun Sheng often ordered people to come over and clean.

After entering the house, Qin Chuan closed the door, put the ball out, and stopped caring about it.

Afterwards, Qin Chuan sat cross-legged and made various adjustments to his cultivation. Here is a summary.

Now, his Fire Yuan Qi cultivation level is the highest, having just broken through to the fourth level.

After entering the fourth level, the future increase in cultivation level will definitely slow down. Although Qinchuan still has a Fire Jade Lotus King, he still has He doesn't want to rush into refining, so Qin Chuan doesn't want to spend too much time on fire cultivation for the time being. The water element reaches the peak of the third level one step ahead of the fire element, but has yet to break through to the third level of Dzogchen. This matter of breaking through the bottleneck cannot be rushed, and Qin Chuan can only let nature take its course. With accumulated practice over time, entering the third level of Dzogchen will naturally come naturally.

As for Mu Yuanqi, he was the first to enter the third level, and now he can even reach the top of the third level. They have not yet reached it.

However, if the Blue Dragon Pearl is recaptured and the blood succession of the 'Hualong Pond' is awakened, Qin Chuan's wood element cultivation will be due to the release of the power of the blue dragon's true blood in his blood. It will be greatly improved.

By then, his wood qualifications are likely to be upgraded to pseudo-spiritual qualifications in one fell swoop.

At that time, among the five elements, his attainments in the wood system have the greatest potential, and he will become a wood element. It is also very possible to become an eighth-level warrior.

However, whether his wood qualifications can be upgraded to pseudo-spiritual qualifications in one fell swoop depends on the effect of the 'Hualong Pond' baptism.

Of course, the premise of all this is to regain After the Blue Dragon Pearl, if we can't successfully recapture the Blue Dragon Pearl, there is no need to talk about it.

In terms of earth energy, Qin Chuan has been cultivating to the second level of Dzogchen for several months, but even with the help of a large number of pills, his earth energy cultivation level has reached the second level. There is still some distance to the peak of the Great Perfection.

By the way, Sister Yuyao still has the 'Earth Soul Pill' that she has not taken over.

This Earth Soul Pill is a good thing that can help him break through the bottleneck and enter the third level.

If his earth energy is If he can enter the third level in one fell swoop, his strength will be greatly improved."

Thinking of this, Qin Chuan couldn't help but think of Yuyao and Xiao Xiang'er.

Previously, he was anxious to report to his father and Qing Yunsheng, but he did not visit them immediately.

Thinking about it, Yuyao should also know that he is a descendant of the Qing family.

Speaking of which, Yuyao is a descendant of the five clans and can be considered his elder sister.

This also made Qin Chuan feel more close to Yuyao, and some of his previous doubts were swept away.

"Xiao Xiang'er should be the safest if she is with Yuyao. I wonder how this little girl is doing now? You will definitely miss me! After a while, I will go see her and Sister Yuyao"...

Chapter 2224

"Xiao Xiang'er should be the safest if she is with Yuyao. I wonder how this little girl is doing now? You will definitely miss me! After a while, I went to see her and sister Yuyao."

With this plan in mind, Qin Chuan evaluated his Jin Yuan Qi cultivation.

Now, Qin Chuan's Jin Yuan Qi has opened up thirty-four main acupoints, and he is only one step away from being a top quasi-warrior, and he still has It is not difficult to practice Baijin Jade Dew to the level of a peak quasi-martialist. As long as you refine two drops of Baijin Jade Dew, you can almost advance to the level of a peak quasi-martialist.

When the time comes, he can take the Awakening Pill and he will be able to reach the peak level. Jin Yuanqi has broken through to the first level and has become a true five-element warrior. He himself doesn't know to what extent his strength will be improved at that time.

However, this is not something that can be completed in a day or two.

The rest is in terms of physical training. Qin

Chuan has now reached the limit of opening the third door, the Yin-Yang Gate.

As long as he opens the Yin-Yang Gate, he can condense the Yin-Yang Taiji Seal and directly apply the Yin-Yang Qi between heaven and earth.

In fact, that sun-moon sky The wheel also needs Yin and Yang energy to drive.

Even if Ming Ling'er does not enter the self-sealing refining and does not open the third door, he still cannot use the Sun and Moon Heavenly Wheel, and can only rely on Ming Ling'er to command and drive.

Therefore, this third door The door must be opened.

However, to open the third door, it is necessary to temper the body with the power of extreme yin and extreme yang.

As for where to find the power of extreme yin and extreme yang, Qin Chuan has no idea any clue anymore

"It's better not to think so much and go see Sister Yuyao and Xiao Xiang'er first. They haven't seen each other for a few months. It's time to say hello to them. Then come back and practice Jin Yuan Qi!"

Thinking of this, Qin Chuan let Qiuqiu enter the War God's Order space, and then went to the Preparatory Guard Camp Pill Bureau to find Yuyao and Xiao Xiang'er.

However, after Qin Chuan arrived at the Pill Bureau, the medicine boy at the door saw Qin Chuanjiu looked happy

"It turns out that Brother Qin Chuan is here, long time no see!"

Obviously, this medicine boy has been familiar with Qin Chuan for a long time.

Qin Chuan also smiled and said hello, and then asked casually: "Are Sister Yuyao and Xiao Xiang'er here?"

"Miss Yuyao went to the third elder, but Miss Xiang'er was refining elixirs in the alchemy room. But..."

At this point, the medicine boy suddenly lowered his voice and said: "Brother Qinchuan, these days, the Thirteenth Young Master of the Zhou family always comes to see Miss Qinchuan, and now the Thirteenth Young Master is in the alchemy room! Hearing this

, Qin Chuan frowned slightly, nodded and said, "I understand!" I'll go over and take a look now!"

At that moment, Qin Chuan walked towards the alchemy room.

When he was still far away from the alchemy room, Qin Chuan heard the voices of Xiao Xiang'er and a teenager coming from inside.

At this time, Xiao Xiang'er was followed by a fifteen-year-old boy. The young man in brocade clothes of six years old was handsome and talented, but the childishness on his face had not yet been completely shed. At this moment, he was following Xiao Xiang'er with a smile, inseparable.

But Xiao Xiang'er had her little mouth raised. A look of helplessness.

If Qin Chuan saw Xiao Xiang'er at this moment, he would be very surprised.

Because, after not seeing each other for a few months, Xiao Xiang'er has become more pure and charming.

Although Xiao Xiang'er is only fourteen years old, but girls develop early. Now she has begun to show off her graceful figure and has grown a lot taller. Her originally delicate face has become pure and lovely. She is definitely a beauty..

Chapter 2225

"Thirteenth Young Master, I still want to make elixirs, so please stop bothering me, okay?"

Xiao Xiang'er sounded a little annoyed.

"Sister Xiang'er, please don't be like this, okay? Do you want to drive people away when they come to see you with good intentions?"

"I don't want you to come and see it! You'd better leave quickly! You are not welcome here!"

The Thirteenth Young Master said shamelessly: "Okay! I won't disturb your elixir refining, and you won't drive me away, okay?"

"Why do you have to stay here and don't leave? How do you want to leave?"

"Sister Xiang'er, then I'll wait until you finish refining this 'Fire Spirit Pill' before leaving?"

"snort! It will take most of a day to refine this furnace fire elixir. Do you have to wait here for most of the day?"

"It's only half the day, I don't care. As long as I can see sister Xiang'er all the time, I will be happy"

"snort! It doesn't matter to you, but it doesn't matter to me! There's more! Don't call me Xiang'er sister from now on. I'm not your sister. If my brother hears this, he will definitely be unhappy."

Hearing this, the Thirteenth Young Master was surprised: "You still have a brother? Who is your brother?"

"My brother is my brother, why should I tell you? I beg you to leave here quickly! With you here, I can't make alchemy at ease!"

"Sister Xiang'er, since you can't make alchemy at ease, then I will take you shopping. I heard that there are many interesting new things in Wusefang on West Street!"

"snort! Not interested in! I think you are so annoying! Didn't I tell you? Don't call me Xiang'er sister, you still call me like that!"

After hearing the conversation inside, Qin Chuan had already walked to the door of the alchemy room.

There were two guards guarding the door. These two guards were the personal guards of the Thirteenth Young Master.

The two guards saw a ten-year-old boy walking in front of them. The four or five-year-old handsome boy was wearing the Zhou family's guard uniform, with a look of surprise on his face. He became a Zhou family guard at such a young age, and his high qualifications shocked them.

However, this horrifying thought just flashed through their minds, one of the guards shouted

"Who is coming? Thirteen Shao has an order. Without his permission, no one is allowed to enter the alchemy shop, so as not to disturb Miss Xiang'er's alchemy."

Hearing this, Qin Chuan sneered in his heart: "This is a nice thing to say, saying that no one will disturb Xiao Xiang'er's alchemy, but the Thirteenth Young Master himself is pestering Xiao Xiang'er inside to prevent Xiao Xiang'er from refining alchemy. How can this be said?"

Of course, these are just the thoughts in Qin Chuan's mind. Qin Chuan did not pay much attention to the guard's shouts and questions, but continued to move forward.

Seeing that Qin Chuan ignored his words, the guard was furious.

"Boy, stop! Are you deaf? Didn't you understand what I said?"

Obviously, this guard's temper is not very good.

Besides, he thought that Qin Chuan's ability to become a guard at such an age would only be at the second level of cultivation, and his own cultivation level was already at the peak of the second level. Naturally, he would not see Qin Chuan in his eyes.

Facing the guard's shouts and questions, Qin Chuan still walked forward expressionlessly.

"Boy, are you looking for death?"

The guard was furious and pulled out the sword from his waist with a 'choking' sound, and was about to chop Qin Chuan alive.

Another guard also pulled out the sword from his waist, preparing to teach Qin Chuan a lesson.

See you. At this, Qin Chuan snorted coldly, and the aura of a third-level fire warrior suddenly emitted, suppressing the two guards instantly. As soon as the two guards felt the pressure of the third-level warrior, their faces changed with fear. , the arrogant guard before was so frightened that his lips trembled, his face was extremely ugly, and he took a few steps back, with an unbelievable look in his eyes..

Chapter 2226

However, this guard could be considered a quick-thinking person. He quickly thought of something and awkwardly saluted Qin Chuan.

"The subordinate did not know that the captain of the guard was here in person. I have committed the above crime. I hope the captain will forgive me!"

According to the rules of the Zhou family guard camp, as long as the fire element reaches the third level, you will be appointed as the guard captain.

So when the guard saw that Qin Chuan was a third-level warrior, he thought he was a guard captain.

And as the guard captain Due to their strength and status, ordinary Zhou family children do not have the right to direct orders and punishments. In other words, even the Thirteenth Young Master cannot do anything to a guard captain.

Unless the Thirteenth Young Master has a title of Guard Commander or above.

Obviously, then The Thirteenth Young Master is just a fifteen or sixteen-year-old boy and cannot have the title of guard commander.

Since even the Thirteenth Young Master can't do anything to Qin Chuan, this guard can't do anything to Qin Chuan.

Besides, he doesn't dare to offend him at will. A third-level warrior immediately apologized to Qin Chuan in a low voice.

Qin Chuan didn't say much, but said calmly: "Get out of the way, I want to go in to see Xiao Xiang'er."

Hearing this, the guard quickly got out of the way.

Apparently, the Thirteenth Young Master and Xiao Xiang'er in the alchemy room had heard the quarrel outside.

The Thirteenth Young Master was wondering who that person was, and he actually ignored his subordinates. Warning, insisting on breaking in and disturbing his own good things, this is clearly not giving him face.

At this moment, he was extremely angry.

In order to please Xiao Xiang'er, he had spent a lot of patience and was full of resentment. At this moment, someone unexpectedly If you dare to offend him, aren't you asking for death?

However, the Thirteenth Young Master also knows to see clearly who is coming? If it's someone he can't afford to offend, forget it. If not, he will definitely not give the other party a good look..So

, when Qin Chuan walked into the alchemy, Thirteen saw a red-haired boy about his own age who came in unexpectedly. He was also wearing the Zhou family's guard uniform. He thought he was just an ordinary Zhou family guard, and he suddenly became furious. Angry.

He immediately started yelling: "Where's that bastard from? I don't know etiquette! Did a servant like you just break into Miss Xiang'er's alchemy room? Get out of here! Don't make me angry and kill you! Huang Wu, Liu Jiu, how do you two losers guard the gate?"

And Xiao Xiang'er, who was beside the Thirteenth Young Master, was full of surprise when he saw it was Qin Chuan. Then he raised his eyebrows, crossed his waist and said to the Thirteenth Young Master tenderly.

"Young Master Thirteen, you are not allowed to speak of my brother like this. If you continue to speak of my brother like this, I will not be polite to you! snort!"

After saying that, Xiao Xiang'er ignored the Thirteenth Young Master who was stunned there, happily ran to Qin Chuan, picked up one of Qin Chuan's arms, and leaned against him intimately.

Qin Chuan looked at him in surprise. Looking at Xiao Xiang'er's size, he smiled and said, "Little girl, we haven't seen you for a few months! You are almost as tall as your brother! Xiao

Xiang'er's eyes were slightly red, and she said with some annoyance: "Brother Qinchuan, why do you stay away for several months every time you have a mission?" Don't you know Xiang'er misses you so much? Qin

Chuan smiled and said: "Silly girl, you have to grow up. How can you let your brother accompany you every day like he did when you were a child?"

Xiao Xiang'er's eyes were red and she said: "Actually, Xiang'er is just thinking that wherever my brother goes in the future, Xiang'er will always be by his side!"

Hearing these words, Qin Chuan could deeply feel Xiao Xiang'er's concern for him.

The Thirteenth Young Master on the side felt very uncomfortable when he saw Xiao Xiang'er holding Qin Chuan's arm affectionately, but after hearing this People's dialogue, but suddenly realized..

Chapter 2227

"It turns out that this red-haired boy is called Qin Chuan, and Xiang'er calls him brother, so he must be Xiang'er's biological brother. oops! I was angry with him earlier. Didn't this offend my future brother-in-law? Damn it!"

Thinking of this, the Thirteenth Young Master stepped forward with a smile and said: "So you are Sister Xiang'er's brother! I didn't know your identity just now, so I hope you'll forgive me! Qin

Chuan said quietly: "Thirteenth Young Master is too polite. I wonder why Thirteenth Young Master is looking for my sister?"

"Ha ha!! In fact, nothing happened. My grandfather asked the third elder to help me refine some fire elixirs. The third elder asked Miss Xiang'er to do it for me. I came over to inquire about the progress of Miss Xiang'er's elixir."

"oh! It seems that the Thirteenth Young Master already knows the progress of the alchemy."

"Ha ha!! I understand, Miss Xiang'er said it will take more than half a day, so I am going to wait here for most of the day, waiting for the elixir to be refined."

At this time, Xiao Xiang'er said:"Thirteenth Young Master, I think you don't have to wait any longer." I won't practice this elixir today. I haven't seen my brother for a long time and I want to talk to him. I will order the medicine boy to give your Fire Spirit Pill to you tomorrow!"

"oh! That's how it should be! Ha ha!! The young master will go back first, so he can trouble Miss Xiang'er. And Brother Qin Chuan, I think we are all of the same age. Let's go drink wine and watch operas together when we have time!"

"hehe! Young Master Thirteen is too polite, let's talk about it later!"

At this time, two of the Thirteenth Young Master's personal guards also walked in, and one of the guards whispered a few words in the Thirteenth Youngster's ear.

After hearing what the personal guard said, the Thirteenth Young Master's face was filled with tears. With a look of extreme horror, he quickly looked at Qin Chuan. After a while, he woke up from the shock. At that moment

, the Thirteenth Young Master sighed:"I didn't expect that brother Qin Chuan is actually a third-level warrior. It's really shocking! You seem to be about the same age as me, right? Tsk tsk!! It's really amazing. I've just reached the peak of the second level. My tribe members all praise me for my very good talent. Now, compared with you, I'm far behind!"

"I, the Thirteenth Young Master, have only seen two people with extraordinary talents like yours. One is my seventh brother Zhou Qishao. He also broke through to the third level at your age. The other one is you. Qin Chuan laughed and said,"

The Thirteenth Young Master seems to think that I'm just lucky.""

Afterwards, the Thirteenth Young Master chatted with Qin Chuan for a few words, and then left with the two guards.

As soon as the Thirteenth Young Master left, Qin Chuan asked: "Xiao Xiang'er, does the Thirteenth Young Master come here often?"

Xiao Xiang'er shook his head and said, "No!" This thirteenth young man is the grandson of the second elder. Last time he saw me at the master's place, he always found excuses to come to the pill shop to find me. I didn't want to pay attention to him. If the senior sister was here, he would not dare to come in. Today, the senior sister is not here, so he came here again."

"snort! This guy is very annoying! However, I heard that he has good talent, and the second elder likes him very much and has always wanted to focus on cultivating him. This time, although his cultivation level has not reached the third level, the second elder specially approved him to enter the forbidden area for training in advance. Qin

Chuan nodded slightly and said nothing.

But he said that when the Thirteenth Young Master and his two personal guards were about to leave the Pill Bureau, his heart suddenly moved, and he grabbed a little medicine boy at the door of the Pill Bureau and asked: "Do you know the guard named Qin Chuan who just entered?"

"Report to the Thirteenth Young Master. I have known him since childhood. His name is Qin Chuan. He is an orphan who grew up in the Zhou family with Miss Xiang'er."

"So are he and Miss Xiang'er brothers and sisters?"

"It does not seem! However, Miss Xiang'er treats him better than her own brother!"

Hearing this, the Thirteenth Young Master's face suddenly turned ugly. He then angrily slapped the drug boy and walked out of the door...

Chapter 2228

The two guards behind the Thirteenth Young Master felt something was wrong and quickly followed them.

"Young Master Thirteen, what's wrong?"

"snort! What's wrong? I originally thought that Qin Chuan and Xiang'er were siblings, but I didn't expect that they were not at all. No wonder Xiang'er has been ignoring me. It turns out that this damn girl has such a childhood sweetheart in her heart!!"

"snort! It really pisses me off! Just now, I was so kind to that bastard Qin Chuan. If I had known this, I should have killed him with one sword.

"Young Master, that boy is a third-level warrior. If the Thirteenth Young Master really wants to fall out with him, I'm afraid we won't be able to take advantage!"

"snort! This young master knows, otherwise you think that this young master is so easy to talk to and would leave now? Huang Wu, can you give me an idea? How to deal with that bastard?"

"What about this? Young Master Thirteen, do you really like Miss Xiang'er?"

"how to say? That girl Xiang'er is indeed pure and cute, and I like her very much. However, what I value more is her talent in alchemy."

"I heard from grandpa that this little Xiang'er's talent for alchemy is extremely high, and her future achievements may exceed those of the third elder. I just thought that if she could become my future wife, it would be of great help to my future cultivation."

"Ha ha!! The Thirteenth Young Master still has the foresight! However, Thirteenth Young Master, Qin Chuan is about the same age as you, but his cultivation level is higher than yours, and he grew up with Miss Xiang'er. It may not be easy for you to win Miss Xiang'er's heart!

"snort! That Qin Chuan is just an orphan who grew up in our Zhou family, a humble servant. No matter how talented he is, so what? Does he dare to betray our Zhou family?"

"Our Zhou family has raised him up, and he will be loyal to our Zhou family's mission. Once a slave, he will be a slave forever. What qualifications does he have to compete with me? It's just that silly girl Xiang'er can't tell the difference now."

"Having said that, judging from the current situation, Miss Xiang'er is still on Qin Chuan's side!"

"Yeah? Do you think that if Qin Chuan died, would Xiang'er fall in love with me?"

Speaking of this, the slightly childish face of the Thirteenth Young Master actually revealed a sinister look that was inconsistent with his age.

"This...Thirteenth Young Master, this may be difficult to do, right? The other party was not an ordinary guard, but a guard captain."

The Thirteenth Young Master smiled coldly and disdainfully..

"snort! I've already thought of a way to do this. With his talent, the Blood Guard will definitely recruit him into the army in two months. As long as he enters the Blood Guards and enters the forbidden area of our Zhou family, I will have a way to deal with him. I can't deal with him, and Brother Seven. You can even find Nan....."

Speaking of this, the Thirteenth Young Master suddenly stopped. As a direct descendant of the Zhou family and the grandson of the second elder, he knows the secrets in the forbidden area better than many people.

"snort! Qin Chuan, unless you don't enter the forbidden area, as long as you dare to enter, I will have a way to kill you!"

But on the other hand, Qin Chuan and Xiao Xiang'er reunited after a long separation, and naturally they talked a lot.

The two chatted for a long time before Qin Chuan said goodbye to Xiao Xiang'er, and asked Xiao Xiang'er to convey his greetings to Yu Yao before leaving.

After all, he has heavy responsibilities now. He hasn't had time to read the two books on rune formations yet. He can't waste too much time on trivial matters. Before leaving, Xiao Xiang'er thought of Qin Chuan The 'Earth Soul Pills' that she had entrusted to her master to refine were always at her place.

Xiao Xiang'er gave those 'Earth Soul Pills' to Qin Chuan and also gave Qin Chuan a lot to improve his cultivation. of pills.

Qin Chuan was surprised to find that there were thirteen pills in the bottle of 'Earth Soul Pills'.

With these thirteen pills, Qin Chuan's confidence in Jiang Tu Yuan Qi's breakthrough to the third level increased greatly..

Chapter 2229

What Qin Chuan needs to do now is to cultivate the earth energy to the peak of the second level of Great Perfection as soon as possible.

After getting the 'Earth Soul Pill' and some other pills, Qin Chuan said goodbye to Xiao Xiang'er.

After arriving at his residence, Qin Chuan released the ball and continued his practice.

What he most urgently wants to improve now is naturally his gold energy cultivation.

So after Qin Chuan returned to his residence, he first took two drops of Baijin Jade Dew and tried his best to attack the quasi-warrior at the peak of Jin Yuanqi.

With the help of Baijin Yulu, it was much easier for Qin Chuan to open the main acupoint than before.

Five days passed before I knew it.

On this day, Qiuqiu was playing in the house.

Suddenly, it felt the five elements of vitality between heaven and earth vibrate, and then surged into Qin Chuan's body not far away according to the law of the five elements' mutual generation.

Qin Chuan's body lit up with five colors of light, and his aura also increased rapidly, exuding an astonishing coercion, but it was completely natural, connected with the heaven and earth, as if integrated into the heaven and earth, giving people a profound and incomprehensible feeling. The feeling of testing.

What made Qin Chuan even more unexpected was that the sky above his residence also lit up with a rainbow of five colors.

Nearby, many guards looked surprised when they saw the strange phenomenon in the sky, and stopped to watch from a distance.

However, Qin Chuan's residence was arranged next to Qing Yunsheng, but no one dared to break in and check.

"Huh! Do you feel it? The five elements of vitality between heaven and earth flowed into that room at the same time"

"yes! What happened there? Why are the five-color rainbow lights lighting up on that roof? Could it be that someone is refining some precious elixir there?"

"yes! However, there are not many elixirs that can cause changes in the vitality of the five elements? However, are there any alchemists in our guard camp?"

At the same time, in the room, Qiuqiu couldn't help but blink his little eyes, curiously looking at the changes in Qin Chuan, but there was a hint of fear in his curious eyes.

Soon, Qin Chuan stopped absorbing the world. The five elements of vitality, the five-color light on his body gradually converged, and the vision above the roof disappeared immediately.

Only the guards in the distance were left confused.

However, they did not care about him, after all, the vision It happened next to the commander's residence, so they all thought it was Qing Yunsheng who caused it.

In their eyes, it was normal for Qing Yunsheng to cause such a phenomenon.

However, they did not expect that such a phenomenon was not caused by Qing Yunsheng. It was Qin Chuan who came out.

It turned out that with the help of Baijin Jade Dew and Awakening Pill, Qin Chuan's golden energy finally broke through to the first level and became a true five-element warrior.

However, what he didn't expect was that he had just Becoming a warrior of the five elements, a strange phenomenon will occur in the world.

Fortunately, this phenomenon lasted very short and was not very loud, so it did not attract the attention of interested people.

And Qin Chuan was also surprised to find that when he became a fifth element warrior, After becoming a warrior, perhaps because of the perfection of the Five Elements, the amplitude of vitality has increased significantly, much more than that of a warrior of the fourth series.

According to previous estimates, the combat effectiveness of the vitality of a warrior of the fourth series is about three times that of the same level.

The warrior of the two elements of wind and thunder It is about three and a half times.

The fighting power of the five elements warriors' vitality is roughly estimated to be about five times that of the warriors of the same level.

Qin Chuan was shocked when he got this result.

Is this because the five elements' vitality is complete? In this way, The fighting power of the five-element warriors is so terrifying. They can definitely sweep away warriors of the same level. Even the warriors of the two elephants of wind and thunder are no match. Fortunately, the five-element warriors in this world are extremely rare as are the warriors with true spiritual body qualifications.

Why are the five-element warriors like this? What about being powerful?

Does this imply a rule?..

Chapter 2230

Is it true that the five elements of metal, wood, water, fire, and earth can circulate and reproduce each other, and then continue to grow and prosper? When the five elements of energy are integrated, they will reach a state that will never be exhausted?

So the vitality attack power of the five-series warriors is very powerful? I guess that's how it is!"

Thinking of this, Qin Chuan suddenly realized, and at the same time he was overjoyed.

He has now become a true five-line warrior, and his strength has naturally increased greatly.

Although his gold energy is only the first level, due to the ultra-high amplitude of the five-line warrior's energy,.Now

, his combat power has far exceeded the peak of the fourth level of Dzogchen.

Just when Qin Chuan was feeling proud, a rapid sound of breaking through the air suddenly came from outside the courtyard, and he was rushing towards him.

Hearing this sound of breaking through the air, Qin Chuan's expression changed slightly and he said in surprise:"What a fast speed! Could it be that the person coming is a fifth-level warrior? Why would a fifth-level warrior come here? Could it be that my previous practice caused some changes that attracted others to me?"

Qin Chuan had just changed this idea. The visitor had already arrived at the door of the room, and there was a knock on the door.

Qin Chuan was startled, and secretly thought,"How fast. Just when he was about to hide the ball on the side into the God of War Order space, the door Someone's voice suddenly sounded outside

"Qin Chuan opens the door, I am your Uncle Qin!"

Hearing this voice, Qin Chuan breathed a sigh of relief and went to open the door.

The person outside the door was none other than Qing Yunsheng.

After Qing Yunsheng entered the room, he glanced around and asked in a low voice: "Tian Qi, I was outside just now. I saw something strange on your roof. Is it you who caused it?"

"Have a vision?" Qin Chuan also looked surprised.

"how? you do not know? Qin

Chuan shook his head slightly and said, "Uncle, I have been practicing before and I don't know what is happening outside."|

"oh! Maybe it comes from some martial arts you practice? However, you should still pay attention to it when you practice in the future, as it will attract some attention. It's better not to expose your current cultivation level prematurely."

"At your current age, it is already shocking to have a third-level cultivation. If the Zhou family knows that you are a fourth-level warrior, it will inevitably turn their attention to you, and the flaws will inevitably be exposed, so you have to hide it now Good strength, this will make things easier for us"

"Uncle, I understand this!"

Qin Chuan didn't say anything about becoming a warrior of the five elements. He had his own plans in mind.

"Um! Just understand! What do you think of the rune formations I've been given to you during this time?"

Hearing this, Qin Chuan was slightly embarrassed.

In the past few days, in order to cultivate Jin Yuan Qi, he had put aside this important matter.

"Uncle, I am watching!"

"Just watch it and ask me if you don't understand anything."

Speaking of this, Qing Yunsheng saw Qiuqiu playing at the side and said with a smile: "This little guy can have so much fun by himself. With this little guy's talent as an eighth-level ferocious beast, he must have grown to the fourth level now, right?"

After the ball shrinks, its own aura will be somewhat restrained, and even Qing Yunsheng will not be able to detect its cultivation level.

"Gujiguji!!"

However, Qiuqiu seemed to understand what Qing Yunsheng said, and he quickly puffed up his chest, raised his mouth, and hummed with pride.

Seeing it look proud.

Qing Yunsheng's eyes showed surprise and he said with a smile: "This little guy is very spiritual! Looking at your proud look, is it possible that you have really entered the fourth level?"

Qin Chuan on the side said hurriedly: "Uncle, ball Qiuqiu has not only entered the fourth level now, but has also reached the fourth level of Dzogchen."

Hearing this, Qing Yunsheng was greatly surprised: "What? How is this possible? How could Qiuqiu enter the fourth level of Dzogchen so quickly? ? Could it be that this little guy also encountered some adventures?"

Qin Chuan nodded slightly: "Qiuqiu did encounter some adventures, so his growth progress is faster than you expected."

"I see! If that's the case, that would be great. Having a fourth-level Dzogchen pet enter the forbidden area with you adds another layer of security to your safety."

Qing Yunsheng couldn't help but look happy in his eyes..
