

God level 2241

Chapter 2241

One man and one beast fought for dozens of rounds.

Qin Chuan suddenly laughed again, and with a flash of blood on his body, he activated the blood shadow escape method, and his speed increased a lot.

Continuously bypassing the siege of Qiuqiu and focusing on one of them.

The ball suddenly fell behind again

"Ha ha!! Qiuqiu, even if you know the clone technique, you are still no match for me. Use your trump card, activate the divine light of destruction, and let me see its power."

But one of the balls roared in annoyance, opened its mouth and spit out the Ruyi armor, put it on directly, and immediately became extremely powerful and full of style. Obviously, this ball is its true body. The true body of the ball. After putting on the Ruyi armor, he immediately gave up defense and attack with the spirit sword, and rushed directly towards Qin Chuan, engaging in a close-quarters entanglement.

However, its clone was on the side to support the attack.

This method of cooperation worked immediately.

Because Qin Chuan Depressedly, he discovered that he could not break through the defense of Qiuqiu's body.

After putting on the Ruyi Battle Armor, Qiuqiu's body could only attack but not defend. Qin Chuan's attack power hit the Ruyi Battle Armor and could not do any damage to it. Hurt.

The two sides turned into a draw again.

"Little guy, you've even learned this trick, and you really think I can't cure you!"

Qin Chuan's figure flashed, and a divine binding technique bound Qiuqiu, getting rid of the entanglement of Qiuqiu's body. At the same time, he slashed at Qiuqiu's clone with a sword.

It was not an ordinary sword, but a sword with purple-black flames. , the purple-black flame is surrounded by thick black mist, which is the inner earth flame of Qinchuan's natal spiritual fire.

This sword comes with Qin Chuan's middle-grade natal spiritual fire, and its power is greatly increased.

Qiuqiu's clone Seeing this fright, he didn't dare to take a direct hit, so he wanted to dodge.

But its speed was not as fast as Qin Chuan's, so he couldn't dodge it at all.

But at this moment, the third eye of the ball's body suddenly opened and shot towards Qin Chuan. A blue silver light pillar was the divine light of destruction for Qiuqiu.

Seeing this, Qin Chuan laughed:"Haha!! The little guy is finally willing to use his trump card! Try my Five Elements Shield!"

As soon as he finished speaking, a five-element light shield lit up on Qin Chuan's body. There was also a five-color halo outside the light shield, making this skill very extraordinary.

‘Boom! ’

A muffled sound.

The divine light of destruction disappeared, and the Five Elements Light Shield trembled. The light immediately dimmed a lot, but it blocked the divine light of destruction and did not break.

Qiuqiu's body was suddenly stunned.

Qin Chuan also showed a look of ecstasy on his face, and said secretly: "Haha!! The defensive power of this Five Elements Shield indeed exceeds that of the Four Phase Hunyuan Shield. I am afraid it has exceeded the scope of superior martial arts, but it is lower than the power of top martial arts. It should be It has reached the level of pseudo-top martial arts."

The so-called pseudo-top martial arts refers to a kind of martial arts whose power is between superior martial arts and top-grade martial arts.

These pseudo-top martial arts are often a powerful martial skill obtained by dual-system warriors who fuse two superior martial arts.

The power of this kind of martial arts is not as powerful as the best martial arts, but it is much stronger than the superior martial arts, so it is called pseudo-best martial arts.

It turned out that after Qinchuan's Jin Yuan Qi broke through in the past ten days, he could learn Jin Yuan Shield.

He tried to fuse the Jin Yuan Shield with the other four series Yuan Shields.

It wasn't until the day before that he finally successfully fused and obtained the Five Elements Shield, which was more defensive than the Four-Phase Hunyuan Shield.

He didn't know the defensive power of the Five Elements Shield. It wasn't until he withstood the divine light blow of Qiuqiu that he was surprised to find that the defensive power of the Five Elements Shield had been greatly improved, reaching the power of a pseudo-top-level martial arts.

The power of this Five Elements Shield is indeed extraordinary!

I didn't expect that the fusion of five inferior martial arts could reach the power of pseudo-top martial arts. This is a bit surprising!

This can be considered an unexpected surprise!..

Chapter 2242

Huh! No, it seems that the power of the ball to destroy the divine light is not as strong as he expected!

The power and attack amplitude of this shot are almost the same as before! It's not much of an improvement!

Logically speaking, since it refined so many dazzling magnetic aurora last time, its power to destroy the divine light should be enhanced. How come there hasn't been much change?

Thinking of this, Qin Chuan looked at Qiuqiu, only to find that Qiuqiu's body was only slightly sluggish. Unlike the last time, he was completely sluggish after shooting a divine light of destruction.

This immediately confused Qin Chuan.

Could it be that the last time Qiuqiu strengthened his third eye, it was only used once and did not have much change or improvement in the amplitude and power of the Destruction Divine Light?

Thinking of this, Qin Chuan asked: "Qiuqiu, can you use the divine light of destruction again?"

Qiuqiu growled and nodded repeatedly.

Qin Chuan also showed joy on his face and said: "Little guy, wasn't it you who saved your strength just now? This time, you shot out a divine light of destruction with all your strength. Let me test how strong the five elements shield can withstand the attack."

Hearing this, Qiuqiu also growled excitedly.

The figure flashed and merged with the clone, and the momentum of the whole body immediately increased.

At the same time, Qiuqiu's third eye suddenly opened, glowing with a blue halo, exuding a terrifying aura.

Qin Chuan reactivated the Five Elements Shield and waited for Qiuqiu's devastating light.

Qiuqiu roared and shot a blue-silver light beam twice as thick as before, directly towards Qinchuan's Five Elements Shield.

At this moment, Qin Chuan saw the divine light of destruction emitted from the ball again, and he felt a sense of fear in his heart, and secretly said:"No! This time it seems to be very strong!"

Sure enough, the divine light of destruction shot onto the Five Elements Shield.

The Five Elements Shield suddenly shattered.

The divine light of destruction did not disappear, but still shot toward Qin Chuan's chest.

Qinchuan was horrified and immediately resisted with his sword.

'The long sword broke with a click, and Qin Chuan took seven or eight steps back before he could offset the impact and was able to withstand the attack.

A look of horror suddenly appeared on Qin Chuan's face, and cold sweat broke out on his forehead.

Fortunately, he had taken precautions, otherwise he would have been injured this time.

At the same time, he felt ecstasy in his heart.

So strong! The power of Qiuqiu's divine light of destruction just now is extremely terrifying!

This kind of attack power can already pose some threat to fifth-level warriors.

Through the power of that blow, Qin Chuan had already judged that although the Five Elements Shield could not block the full blow of the fifth-level warrior, with this Five-Element Shield, he could at least avoid being killed instantly by the fifth-level warrior."

At this time, Qin Chuan suddenly became depressed after seeing Qiu Qiu shoot out the second ray of divine light of destruction.

Qin Chuan let it rest for a while, and then took out a piece of magnetic blue gold for it to eat.

An hour later, Qiu Qiu He became lively again, and his recovery speed was much faster than the last time.

At this moment, Qin Chuan no longer continued to compete with Qiuqiu.

He already had a general understanding of his and Qiuqiu's strengths.

He knew that he and Qiuqiu were strong. If Qiu Qiu continues to fight, there will be no result. In the end, it will be a draw.

Qiu Qiu has Ruyi's armor. He cannot break Qiu Qiu's defense and cannot do anything to Qiu Qiu.

And with his speed and Five Elements Shield, Qiu Qiu can defeat Qiu Qiu. There is nothing we can do against him.

However, after this battle,

Qin Chuan also knows his strengths and weaknesses.

His strengths are strong defense and fast speed, but his weakness is weak attack power.

Although his attack power can sweep through four level, but cannot threaten the fifth level warrior...

Chapter 2243

such a pity! The two intermediate martial arts he currently knows, Blue Sea Tide Slash and Flame Knife, cannot be successfully integrated no matter how they are combined. It seems that the two intermediate martial arts categories are too different, and it is too difficult to fuse them together.

It seems that the only way to reduce the difficulty of fusion is to find similar intermediate martial arts.

If he can fuse a superior martial skill, his attack power can be greatly improved!

Even if you can't fuse, it's still a good idea to learn a superior martial art! It's a pity that my fire energy has reached the fourth level, but I don't have any superior martial arts skills that I can learn.

However, most of the superior martial arts require understanding of the secrets, and can only be learned after reaching the fifth level. It is too difficult to find an excellent martial skill that can be learned at the fourth level!

By the way, since the five kinds of energy shields are fused together, you can get the five elements shield. If he fuses five inferior martial arts with similar attack methods, can he also get an extremely powerful fusion martial skill?

Thinking of this, Qin Chuan suddenly opened his eyes excitedly.

In fact, after trying to fuse martial arts for so long, Qin Chuan also found that it is much more difficult to fuse intermediate martial arts than to fuse inferior martial arts.

It's just that the power of the fusion martial arts obtained by fusing inferior martial arts is too low. Generally, no martial artist from multiple systems is willing to spend their energy on this thankless fusion of inferior martial arts, and they all choose to fuse with intermediate or above martial arts.

But Qin Chuan is different because he is an extremely rare fifth-line warrior.

Moreover, he discovered that when the five series of skills are fused together, the power of the skills will be greatly enhanced because the five elements are interdependent and endless.

Therefore, Qin Chuan decided to integrate inferior martial arts.

However, this is different from the Fusion of Five Elements Shield.

To fuse the Five Elements Shield, Qin Chuan took other people's ready-made experiences and insights to integrate them, and then added a little of his own insights.

Now, to re-integrate a new five-element martial arts, he can only rely on himself to explore it with all his strength.

With a decision in his mind, Qin Chuan was ready to enter the forbidden area this time, and took Qiuqiu directly back to Shenyang City.

After arriving at Shenyang City, Qin Chuan visited all the markets in the four districts of Shenyang City and made a large purchase.

In addition to buying some commonly used elixirs, Qin Chuan also bought a few 'Yirong Pills' and 'Turtle Breath Pills', and even some dry food, clothing and the like.

Because in a few days, he will enter the forbidden area of the Zhou family, so these things are kept in reserve, just in case there is any danger.

In particular, the Disguise Pill and the Turtle Breath Pill are very useful for him to enter the forbidden area.

He had also used the Turtle Breath Pill, which was given to him by Qin Yue when he was in the Monkey King's Cave.

Although there is a shortcoming of the Turtle Breath Pill, after taking it, the acupuncture points all over the body will be blocked by the medicine, turning the warrior into an ordinary person.

Unless the power of the medicine dissipates, the skill cannot be restored. Generally, warriors are unwilling to use such pills, because it will make them incapable of fighting and put themselves in a completely dangerous situation.

Only by relying on outsiders to input vitality and forcefully force out the medicinal power can the skill be restored in time.

However, Qin Chuan was not worried.

Because even if his acupuncture points are sealed, his physical strength alone is equivalent to that of a fourth-level Dzogchen warrior.

In addition, Qin Chuan also collected three inferior martial arts with very similar attack methods.

One is the earth-based martial art Breaking Rock Slash, the other is the fire-based martial arts Breaking Flame Slash, and the last one is the gold-based martial skill Breaking Light Slash.

The attack methods and principles of these three martial arts are very similar, and they are all inferior martial arts. According to the rules of fusion of martial arts, they should be the easiest to fuse.

After doing this, Qin Chuan took Qiuqiu back to the guard camp.

By the time he returned to the entrance of the courtyard where he lived, it was getting dark.

Qin Chuan still walked into the small courtyard as usual.

As soon as he stepped in, Qin Chuan stopped and raised his head to look ahead.

In front of him, there was a young man in black wearing a long knife looking at him with a smile.

Obviously, the young man in black has been waiting for him for a long time..

Chapter 2244

"Brother Huo!"

Qin Chuan looked at the young man in front of him with some surprise.

The young man in black was Huo Qing.

Huo Qing smiled and nodded: "I have been waiting for you for a long time."

At this time, Qin Chuan felt that Huo Qing's momentum was different from the last time he saw it. It was obviously stronger.

"Brother Huo, have you cultivated your fire energy to the third level?"

"Um! Huo Qing nodded slightly and said with a smile:"Thank you for the Fire Jade Lotus Seed King. Without it, I would not have been able to break through so quickly.""

"Brother Huo is so polite. You came to me this time not just to thank me, right?"

Huo Qing nodded:"Not bad!" Four days later, it will be the day when the Zhou family recruits blood guards. At that time, we will enter the forbidden area together. Now, Commander Wang and the deputy chief instructor are waiting for us. They will arrange specific tasks for us this time, so we'd better hurry up!"

When he heard about the deputy chief instructor, Qin Chuan's heart trembled, and he said to himself:"It turns out that my father is here too. It seems that this is the time for the family to issue a mission. I'd better go there quickly!"

"Brother Huo, let's go there quickly!"

At that moment, Qin Chuan followed Huo Qing and left the small courtyard.

Huo Qing took Qin Chuan out of the guard camp. Taking advantage of the darkness, the two quietly entered the reserve guard camp and went straight to the deputy chief instructor's residence.

The deputy chief instructor The instructor's residence.

Several people were sitting in the hall.

Qin Chuan was surprised to find that not only Qing Yunsheng and Qing Yunfeng were there, but also Qing Yunlie and Sun Lao. It was not until this moment that Qin Chuan knew that Sun Lao was also Huo Huo. The air in the hall was solemn.

Everyone knew that this action was very important.

At this time, Qingyunfeng spoke:"Yunsheng, go and look out for the situation outside the hospital!"

"yes! Brother!"

Qing Yunsheng immediately left the hall.

Next, Qing Yunfeng said again:"Young Master Huo, it is extremely dangerous to enter the Zhou family's forbidden area this time. Have you considered it?"

Huo Qing said respectfully:"Uncle Shi, you're welcome!" Now that I'm still in the Zhou family, just call me Huo Qing. When you leave the Zhou family in the future, just call me Huo Tianjunling. If Uncle Shi calls me Young Master Huo, he will kill this junior! Qingyunfeng smiled lightly and said:"In that case, we won't pay attention to those red tapes. As for the question just now, I don't know how you think about it."?"

"Don't worry, Uncle Shi! Entering the Zhou family's forbidden area this time, I, Huo Qing, had already prepared to die. The Green Dragon Pearl must be taken back. It does not belong to the Zhou family. How could the Zhou family dare to take it for themselves? If I cannot recapture the Green Dragon Pearl this time, I, Huo Qing, am willing to shed my blood in the forbidden land."

Huo Qing said these words with a sonorous and forceful tone, and there was a look of indignation in his eyes.

Obviously, it was the indignation against the Zhou family.

Hearing this, Qing Yunfeng and others were slightly moved.

Mr. Sun on the side was also He immediately expressed his stance:"Don't worry, everyone, if you don't talk about my young master this time, even I will risk my life to regain the Blue Dragon Pearl for your Qing family."

After hearing this, Qing Yunfeng was moved again and said:"With Elder Sun joining us, our strength has increased yet again.

Mr. Sun said with a smile:"You don't have to thank me. I did this all to repay the master's kindness to me. This life was given to me by my master." In order to fulfill the master's thousand-year wish, what does it mean to risk my old life?"

Everyone in the field knows that the master Sun is talking about is the ancestor of the Huo family.

"No matter what, Yunfeng still wants to thank Elder Sun, and of course he also wants to thank Senior Huo. Although we don't know why Senior Huo helped our Qing family so much, our Qing family is still extremely grateful to Senior Huo.

At this time, Huo Qing said:"Uncle Shi, you don't have to be polite!" In fact, the Zhou family not only owes the Qing family, but also our Huo family."...

Chapter 2245

Qingyunfeng:"Okay! I won't say much about some things. Now let's discuss in detail the tasks after entering the forbidden area. At present, we know nothing about what is in the Zhou family's forbidden area, let alone The Green Dragon Pearl was hidden somewhere in the forbidden area by the Zhou family"

"Therefore, we cannot make a specific plan for this robbery of the Azure Dragon Pearl. We can only implement it after Qinchuan and Huo Qing enter the forbidden area, find out the situation in the forbidden area, figure out the distribution of strength in the forbidden area, and the location of the Azure Dragon Pearl. A specific capture plan."

After hearing these words, Qin Chuan and Huo Qing both nodded slightly to express their understanding.

Qing Yunfeng continued:"As for the forbidden areas of the Zhou family, as far as we know so far. The only entrance is the 'Jiwumen', and entering the Jiwumen is the 'Jiwuyuan'. This Jiwuyuan is divided into an outer courtyard and an inner courtyard. The outer courtyard is almost entirely guarded by the Blood Guards, whose leader is Zhou Dinghai, a direct disciple of the Zhou family"

"The main defense of the blood guards in this outer courtyard is the entrance 'Jiwumen'. As for how many blood guards are defending this outer courtyard, and what kind of power they have, I don't know. You two need to go in and investigate."

"The outer courtyard is second. What we really need to find out is the inner courtyard, because the Green Dragon Pearl is hidden in the inner courtyard. However, this inner courtyard is very difficult to enter. Only direct descendants of the Zhou family and some blood guards can enter."

"I heard that those blood guards who enter the inner courtyard need to meet certain conditions. As for what conditions, we don't know. However, as far as we know, the outer guards have one day of family leave every month, but the inner guards do not. During the six-year term of office, he was not allowed to leave the forbidden area of the inner court."

Having said this, Qingyunfeng paused slightly and said to Qin Chuan

"According to our plan, one of you two will be the outside defender and the other will be the inside defender. Of course, becoming an internal guard is more dangerous and the tasks are more difficult."

"Because the inner guards are entering a truly forbidden area, it is difficult to predict what dangers they will encounter inside, especially since there is an ancestor of the Zhou family sitting inside. The ancestor of the Zhou family is an eighth-level peak master. He wants to kill you. Just move your fingers. Have you thought about it? Who wants to be an inside defender?"

As soon as he said this, Qin Chuan stepped forward and said, "Father, do you still need to consider this?" Naturally, I will be the interior guard. Since the inner courtyard is a truly forbidden area, it must be extremely dangerous. Only those with stronger strength can enter and be more confident in completing the mission."

"I'm a little stronger than Brother Huo, so it would be more appropriate for me to be the inner guard. I think Brother Huo has no objection, right?"

Hearing this, Huo Qing thought for a while and nodded slowly.

He knew that this matter was of great importance, and this was not the time to be polite to each other. Everything was focused on completing the task.

Qing Yunfeng on the side also looked at Qin Chuan with satisfaction. Take a look and nod.

"That's it! In my opinion, it is more suitable for Tian Qi to be the inner guard. Now I will arrange your respective tasks for you."

"Tianqi, as an internal guard, your task is to ascertain the terrain and strength distribution in the forbidden area, as well as the hiding place of the Green Dragon Pearl, and then you try to pass this information to Huo Qing. Huo Qing, your mission is to find out the strength distribution of the

Outer Court, and then use one day of family leave every month to pass on all the information about the Outer Court to us."

"As for the specific time to launch the attack, we will convey the specific attack time to you after we get all the information. At that time, you two still have a very arduous task, and this is it. We must try to open the Jiwumen and let our forces enter."

"Because this Jiwu Sect can only be opened from the inside, and a strong attack from the outside will inevitably arouse the vigilance of the ancestors of the Zhou family. Do you both understand?"

Qin Chuan and the two nodded in agreement...

Chapter 2246

At that moment, everyone discussed other details of the mission, and then dispersed, waiting for the blood guards to be recruited in four days.

In the next four days, Qin Chuan learned three inferior offensive martial arts such as Flame Breaking Slash and waited for the Zhou family to recruit blood guards.

In his spare time, he took out the insect repellent book and started studying it. It recorded relevant insect language, which might also be useful to him.

Before I knew it, four days had passed.

Qin Chuan also learned all three offensive inferior martial arts, but he didn't have time to try to integrate them.

The recruitment of the Zhou family's blood guards has begun.

In the center of the guard camp, in the Great Elder's barracks, there was sitting an old man with a thin body, yellowish eyes and sparse hair.

This old man is Zhou Yuanqing, the eldest elder of the Zhou family.

This week, the Zhou family's security system is all under the control of Zhou Yuanqing.

Zhou Yuanqing is a seventh-level warrior who has lived for more than three hundred years.

Although his cultivation and experience are far inferior to those of the ancestors of the Zhou family, he is indeed the number two figure in the Zhou family. In the Zhou family, just one step can make the entire Zhou family shocked.characters.

Today is the day for the Zhou family to recruit blood guards. It is also an event that the Zhou family attaches great importance to, so naturally he needs to take action personally.

At this moment, Zhou Yuanqing was sitting in the center of the hall.

In front of him was a carved green wood desk.

There are more than a dozen scrolls on the desk.

Each of these scrolls represents the files and information of a newly recruited Blood Guard.

In addition, there were five people sitting side by side below him.

Four of these five people are old and one is middle-aged.

These five people are also direct descendants of the Zhou family, and they are all sixth-level warriors.

Those four old men are the presidential leaders of the four camps of "Heaven", "Earth", "Xuan" and "Huang".

The last middle-aged man was icy and cold, with a fierce aura, and his expression was even more aloof.

It's no wonder that at his age, he has cultivated to the sixth level, so he is naturally proud of it.

In fact, he is also the most promising second-generation descendant of the Zhou family who is most likely to advance to the seventh level. He is also the president of the Blood Guard Battalion in the Zhou family's forbidden area, Zhou Dingtian, and a sixth-level warrior.

In fact, there are not many people in the Blood Guard camp, but everyone who can become a Blood Guard is an elite among the elites, and their combat prowess goes without saying.

Generally speaking, only three Blood Guards can easily kill a convoy of more than thirty people, including the leader.

The Zhou family asked Zhou Dingtian to take charge of the Blood Guard Camp. This most elite force also showed that the Zhou family valued him.

A sixth-level warrior is considered a big shot no matter where he is.

In Dagon Kingdom, the lords of many cities are only sixth-level warriors, and even the lords of some small cities are only fifth-level warriors.

Of course, Shenyang City is one of the ten largest cities in the Dakun Kingdom and cannot be compared with ordinary cities. Its city owner has always been the ancestor of the Nan family of the four major families.

The ancestor of the Nan family is an eighth-level Dzogchen warrior.

In fact, the Zhou family does not have many sixth-level warriors. Including those disciples with other surnames, there are only nine, less than ten.

Among them, there are only six direct disciples of the Zhou family.

In addition to the five people in front of me, there is another person who is also a sixth-level warrior.

But at this time, Zhou Yuanqing in the hall silently glanced at the scrolls in front of him, nodded and smiled.

"nice! This year, there are actually thirteen people who can be nominated for the Blood Guard. In previous years, there were less than ten! It seems that in the past three years, many talents have emerged! Have you read all the information on these thirteen people?"

As soon as these words came out, the five people below responded in unison:"Report to the Great Elder, we have all seen it!"

"good!"Zhou Yuanqing nodded slightly,"Then let's start from the first one!"..

Chapter 2247

Zhou Yuanqing casually picked up a scroll, glanced at the list on the first line of the scroll, and said casually:"Yan Fushan, let him in!"

Then he looked at Yan Fushan's information seriously.

The guard standing at the door of the hall conveyed the order as soon as the elder called Yan Fushan's name.

After a while, a warrior who was nearly thirty years old, with a confident face and a steady temperament walked in outside the hall.

This warrior also wears the badge of the guard captain on his shoulder.

He was the first Yan Fushan to enter the review.

As soon as Yan Fushan walked into the hall, he saw that the people in front of him for review were actually the Grand Elder and five presidential leaders. Uneasiness began to appear on his originally confident and steady face, and he lowered his head unconsciously.

At this time, Zhou Yuanqing read Yan Fushan's information and looked at Yan Fushan carefully. After a long while, he nodded slowly.

"Yan Fushan is twenty-nine years old. He is currently at the third level of the fire system. His current position is: Guard Captain. He has been serving as the guard captain for two years and has performed well during his tenure. Is there anything wrong with what I said? Yan

Fushan bowed his head respectfully and said, "I'm reporting to the great elder, what you said is absolutely correct!" Zhou Yuanqing nodded slightly:

Then the elder asked you, why did you want to join the Blood Guard?"

"When reporting to the Great Elder, the subordinates were frank by nature, so they spoke directly. As far as my subordinates know, the Zhou family will focus on cultivating those who have served as blood guards, and their future prospects will be smooth. My subordinates have already decided to place their future in the Zhou family and dedicate it to the Zhou family. Naturally, they will not give up such a good thing. Opportunity.

Zhou Yuanqing laughed and said, "Haha!"! Although this is vulgar, it is also human nature. Since you think so highly of the Zhou family, our Zhou family will naturally not treat you badly. You go down first. Whether you pass the assessment or not, we will let you know later!"

At that moment, Yan Fushan exited the hall.

After Yan Fushan exited, Zhou Yuanqing asked an old man at the east end

"This Yan Fushan was nominated and recommended by your "Tian" camp. I wonder what his superiors and commanders think of him?

The old man said respectfully: "Report to the great elder. His superior said that this person is loyal and can be appointed!"

Hearing this, Zhou Yuanqing did not express his position, but asked several other people: "You have all read the information on Yan Fushan, please share your opinions."

As soon as these words were said, Zhou Dingtian stood up and said

"Report to the Great Elder, I think this person cannot be appointed. According to what my subordinates learned from his information, this Yan Fushan has not been trained by our Zhou family's preparatory guard camp. He was recruited directly from casual cultivators by our Zhou family."

"When he entered our Zhou family, he was already twenty-five years old and his cultivation was at the second level of Dzogchen. Although his subsequent performance was very good, what was he doing twenty-five years ago? There are only four words in his profile: Wandering around the world"

"This shows that we are not clear about his previous background, so our subordinates believe that this person has an unclear background and cannot be appointed. Maybe he is a spy who has been planted in our Zhou family."

Hearing these words, many people in the audience nodded slightly, but Zhou Yuanqing did not express his position.

The old man who was the president of the 'Tian' camp, frowned slightly and said

"Yan Fushan's ability to do things is very good, especially as the captain in the past two years. He has carried out a total of fifty-four missions, all of which were successfully completed. He is a rare talent."

"If we just reject him and don't let him pass the review, it will definitely dampen his enthusiasm to work for our Zhou family in the future. Isn't it a bit unwise? Zhou

Dingtian sneered and said:"This Yan Fushan is very capable, shrewd and capable. He is indeed a talent, but we cannot let a suspicious person into our Zhou family's forbidden area just because of this. This will reveal our Zhou family's forbidden area." Secret, I hope the Great Elder will think twice!"

The old man who was the president of the 'Tian' camp was still waiting to make a decision, but he was stopped by Zhou Yuanqing.

At this time, Zhou Yuanqing said:"Okay, everyone, let's express our opinions. If you think Yan Fushan can be appointed, just say so. Bar!".

Chapter 2248

At that moment, the five people expressed their opinions one after another.

As a result, except for the old man from the "Tian" guard camp who agreed to the appointment, the other four people expressed opposition.

In fact, the recruitment of blood guards is not only for the use of the Zhou family's forbidden land, but also a potential competition between the four major bodyguard presidents.

Although the four chief bodyguards present here are all descendants of the Zhou family, there must be conflicts of interest among the four of them in such a large family.

How to maintain your position and obtain more benefits in the family, you must not only have strong strength, but also have many strong supporters.

These four people all know that the disciples with foreign surnames who come out of the Blood Guard will be reused in the future, and there are not a few who serve as commanders and vice presidents.

These people are all their potential strong supporters in the future, so they all hope that people who come out of their own camp can pass the assessment.

This is also the reason why the old man has always supported Yan Fushan's passage.

But at this time, Zhou Yuanqing read the statements of the five commanders, nodded and said: "It seems that everyone thinks that Yan Fushan cannot be trusted. If this is the case, then Yan Fushan will not pass the review."

After saying that, Zhou Yuanqing put down Yan Fushan. Scroll, he picked up another scroll and continued to review it.

The next few people who were reviewed were lucky enough to pass.

It will be time to review the ninth person soon.

"Next, Huo Qing, please invite him in!"

Not long after, Huo Qing walked into the hall.

As soon as he entered, everyone in the hall lit up their eyes and nodded slightly.

Zhou Yuanqing, who was sitting in the middle, even nodded and praised: "Very good! Huo Qing, nineteen years old, third level fire element. It seems that your cultivation level only broke through to the third level a few days ago. However, with such cultivation at such a young age, your fire talent can be considered a genius. Huo

Qing said respectfully: "The great elder has given me a reward. I'm afraid the qualifications of my subordinates are not as high as the great elder expected!"

Hearing this, Zhou Yuanqing laughed and said, "Haha!!" Young man, I didn't expect you to be so humble despite your outstanding qualifications. This is very rare!"

"I have seen many talented people in my life. Which one is not arrogant? There are not many people as humble as you. However, those who have great potential and great achievements are often humble geniuses like you. I am very optimistic about you"

"Great Elder Zhou praised me! My subordinates deserve it!"

In fact, what Huo Qing said is true. His fire element is a superior talent, not a genius qualification.

If he hadn't started practicing fire energy before entering the Zhou family, and the family secretly funded it with a large amount of elixirs, and The Fire Jade Lotus Seed King given to him by Qin Chuan helped him break through the bottleneck. It was impossible for him to cultivate the Fire Yuan Qi to the third level at such an age.

However, there was a lot of external help here, which allowed his Fire Yuan Qi to barely reach the level of genius. progress.

This also caused Zhou Yuanqing and others to believe that Huo Qing has entered the ranks of geniuses in terms of fire energy qualifications.

In fact, Huo Qing is a warrior of the three elements of water, wood and fire. His strongest qualification is the wood element. He His wood element qualifications are well-deserved genius qualifications. He is now at the pinnacle of the third level of Great Perfection, but he has used special secret skills to hide them.

This wood element's cultivation and qualifications are also related to the biggest secret of their Huo family. At this time ,

Zhou Yuanqing smiled again and said:"Young man, I have read all your information. After entering the guard camp, you have performed a total of nineteen tasks, and each task was completed satisfactorily. You have been in your post for the last six months. 'The bodyguard of the ninth leader of Ziying"

"Commander Wang also gave you a very fair evaluation and praise for your performance, and I am also very satisfied with it. Finally, I would like to ask you one more question, why do you want to join the Blood Guard?"

Hearing this, Huo Qing said respectfully:"Because my subordinates are ambitious and want to get ahead, this Blood Guard is an opportunity for them."

"good!"

Zhou Yuanqing nodded slightly.

"Good boy! You speak frankly enough! However, this also shows that you are open-hearted! You go down first! Whether it passes the review, we will reply to you later!"

"That subordinate resigned! After Huo

Qing left, Zhou Yuanqing asked:"What do you think of this Huo Qing?"..

Chapter 2249

"Huo Qing's qualifications can be regarded as a genius, and he is a good talent. For such talents, our Zhou family still needs to recruit more!"

"Although his qualifications are good, is this guy's background clear? If you feel suspicious, don't solicit."

At this time, Zhou Dingtian said:"This guy's background information has been checked. He is a distant relative of Mr. Sun, an old accountant in our Zhou family. Mr. Sun has worked diligently in

our Zhou family for more than 20 years. He has always had a good reputation among the servants and many Zhou family disciples. His loyalty can be learned."

"Since Huo Qing is his distant relative, he can be trusted."

At this time, another person also said

"Um! I also heard that Huo Qing originally came to seek refuge with Mr. Sun due to the death of his parents. It happened that our Zhou family was recruiting reserve guards, so he entered the reserve guard camp. In other words, Huo Qing came from our Zhou family. He was trained in the family's preparatory guard camp, and his subsequent growth experience has been recorded, so I think I can trust him."

Others also nodded.

Zhou Yuanqing closed his eyes slightly, thought for a while, then opened his eyes and said, "So, you all agree that Huo Qing passed the review?"

At that moment, everyone said: "Yes!" Great elder!"

Hearing this, Zhou Yuanqing pondered for a while and said: "Since everyone agrees, then let's consider him passing the review!"

After saying that, Zhou Yuanqing put down Huo Qing's information and picked up a new scroll.

When he opened the scroll and took a look, a very horrified look appeared on his face.

"Qin Chuan, fourteen years old, is a warrior of three elements, the third level of fire element, the second level of great perfection of water element, and the second level of great perfection of wood element. Tsk tsk!! With such qualifications, he can definitely be regarded as a genius, and can even be said to be the elite among geniuses. When did a member of the Zhou family have such a genius?"

We are all geniuses, but there are also strong and weak ones. Nothing in this world is the same, and there are even more dogmatic rules. When the five people below heard the great elder's sigh, their faces showed a look of normality. From their looks, it was obvious that the five of them had already read Qin Chuan's information.

One of them even smiled and said:"This Qin Chuan is indeed talented. He is one of the most qualified people I have ever seen. I'm afraid even if we Zhou Xiao Qi, one of the three generations of disciples in his family, was on par with him, and even slightly inferior to him, because Qin Chuan not only had outstanding fire element talent, but he was also a rare three element warrior."

The Xiao Qi they are talking about naturally refers to Young Master Zhou Qi.

"This is well said! Qin Chuan's talent is indeed outstanding! I think his talent is not much different even compared to Nanfeng."

"Um! I think so too!"

The five people below all praised Qin Chuan's talent.

Zhou Yuanqing above shook his head and sneered:"It is not necessarily a good thing for a child with a foreign surname to have such a high talent. After all, his surname is not Zhou, so if he is not from my race, his heart must be different."

"With his talent, it is hard to say whether he can become an eighth-level warrior in the future, but it is not difficult to become a seventh-level warrior, and his achievements will definitely be better than those of everyone here."

"When the time comes, who in our Zhou family can control him except our ancestor? Such a disciple with a foreign surname is like a tiger! With him here, it can be said that it is difficult to get off the tiger!"

After saying that, Zhou Yuanqing showed a look of worry on his face.

Zhou Dingtian below stood up and said:"Great Elder, your worries are indeed justified. I wonder how the Great Elder plans to deal with Qin Chuan?"..

Chapter 2250

Hearing this, Zhou Yuanqing frowned and thought about it on his old, dark face. After a while, he said:

"It is undeniable that Qin Chuan is indeed a rare talent. If it can be used by my Zhou family, it will be a blessing to my Zhou family. If it cannot be used, it will be a disaster for my Zhou family."

"This depends on whether his loyalty is enough. If he is indeed loyal, we will win over him. If not, we might as well kill him directly. Lest he fail to pass the review this time and hold a grudge against our Zhou family, it would be more than worth the gain!"

As soon as these words came out, the president of the 'Di' camp stood up and said: "Great Elder, I think this Qin Chuan can be completely trusted. If the Great Elder is doubtful, please read Qin Chuan's information first."

"oh?"

Zhou Yuanqing glanced at the presidential leader in surprise, his eyes full of suspicion, but he continued to pick up Qin Chuan's file information and read it carefully.

After all, Qin Chuan came from the 'di' camp, and this 'di' President Ziyang would be biased towards Qin Chuan, so Zhou Yuanqing would naturally doubt the credibility of the president's words.

However, when Zhou Yuanqing carefully read all Qin Chuan's information, the worried look on his face softened a lot.

"Unexpected! Unexpected! This Qin Chuan is so outstanding that he is actually an orphan who grew up in my Zhou family since childhood. His father was also a guard of our Zhou family during his lifetime. His life experience is the most innocent among the thirteen people, and he is also the most trustworthy."

"If he couldn't be selected into the Blood Guard, it would be even more impossible for the other twelve people."

Zhou Yuanqing's eyes showed a look of relief.

Then, he frowned and said: "However, Qin Chuan's talent is so outstanding that if it is not handled properly, it is still not good!"

At this time, another person below asked:"Then what will the great elder do with Qin Chuan?"

Zhou Yuanqing smiled coldly.

"This elder has long said that it is my Zhou family's great fortune to have such a genius at my disposal! Those who are not used by me are a problem for my Zhou family! Although he is of innocent origin, it does not mean that he is loyal enough to my Zhou family. Specifically, let us meet this Qin Chuan and pass him up!"

After a while, the guard at the door called Qin Chuan up.

When Qin Chuan walked into the hall, everyone in the hall looked at this genius curiously.

When they saw Qin Chuan's distinctive red long hair, His hair and bright eyes exuded a special temperament, and they all nodded slightly, secretly thinking that not only did this boy have outstanding talent, but his temperament was also different. Could it be that he was the so-called stranger manifesting strange phenomena?

Zhou Yuanqing was no exception, and his eyes were calm. He stared at Qin Chuan for a long time, then said without any emotion

"Qin Chuan, this elder has read all your information. This elder will not ask any unnecessary questions, I will only ask you one question. May I ask: Why did you join the Blood Guard Camp? Qin

Chuan looked calm and said without being arrogant or humble:"Excuse me, Great Elder, where is this kid's home?"

Hearing this, Zhou Yuanqing's expression moved slightly and he said in a deep voice:"How do you say this? Qin

Chuan immediately said:"Elder, I am an orphan. He was born in the Zhou family since he was a child. It is said that he was born here and grew up here." This Zhou family is my only home. After leaving Zhou family, in this vast sea of people, I can't find where I belong in my heart."

"As the saying goes, humans are not grass and trees, how can they be ruthless? The Zhou family has been kind to me in raising me, how can I be ungrateful? Therefore, the boy has sworn since he was a child that he will dedicate his life to the Zhou family. He will be a member of the Zhou family in life and a ghost of the Zhou family in death. Joining the Blood Guard Camp is the boy's action to express his wishes."

Qin Chuan's words of loyalty were sincere and sonorous.

Everyone in the hall was moved, nodding in unison, with joy in their eyes, and secretly thinking in their hearts: Such a genius would treat my Zhou family like this. Loyalty is really a blessing for my Zhou family.

However, there is only one person in the hall whose expression remains unchanged, and that person is Zhou Yuanqing..
