

## God level 2251

### Chapter 2251

I saw Zhou Yuanqing calmly listening to Qin Chuan's words and remaining silent. After a moment, he smiled coldly and said in a cold tone.

"Boy, you speak nicely, but this elder is very doubtful about your loyalty. Because what you did in the past did not let this elder see your loyalty to the Zhou family."

"There is a record in your file that you once served as the personal bodyguard of Xiaosi, a third-generation disciple, but in the end, Xiaosi died unexpectedly, and the cause of death was also very strange. Excuse me, as Xiaosi's personal bodyguard, why didn't you protect your master's safety?"

"Why is it that your master is dead, but you, as a personal guard, are unscathed? A few days after the incident, you entered the escort camp. What's even more suspicious is that Xiaosi's father, Chang Kun, also disappeared innocently."

"This elder would like to know, does all this have anything to do with you? Or is this all your doing?"

As soon as he said these words, Zhou Yuanqing stood up suddenly, and an undisguised murderous intention instantly emitted, covering Qin Chuan instantly.

The pressure of the seventh-level warrior suppressed Qin Chuan so that he could not move. It seemed that Qin Chuan could not move. With just a slight movement, he would kill Qin Chuan on the spot.

Faced with such a change, the faces of the five presidents on the scene changed drastically. They didn't know why the elder would do this.

And as the person involved, Qin Chuan's expression also changed drastically, but he soon returned to normal.

At this time, Zhou Yuanqing, who was above him, shouted in a cold voice: "Say! Why are you doing this? Did Xiaosi offend you?"

His words carried the pressure of a seventh-level warrior that was hard to resist.

After hearing this, Qin Chuan's face not only did not show fear, but showed some anger, and said in a deep voice.

"Great Elder, I don't know why you doubt this kid so much, but I act upright and have a clear conscience. The boy has never done anything to feel sorry for the Zhou family"

"Regarding the murder of the fourth young master, the boy was negligent, but it was an unforeseen disaster. No one knew why a murderer broke into the fourth young master's house. Moreover, the boy was not by the fourth young master's side to protect him at that time. Although it had happened, it was not excusable"

"Regarding the disappearance of Mr. Zhou Dingkun, the boy knew nothing about it. But now, the great elder doubts the boy, which makes the boy a little disappointed!"

"hehe!! So, these things have nothing to do with you?"

"certainly! However, the boy's failure to protect the fourth young master was indeed a failure of his duty. Every time he thought about this matter, he felt extremely regretful. Hearing this

, Zhou Yuanqing said quietly: "Really?" Then go down and think carefully about why you made this mistake? We will inform you later whether you pass the assessment this time!"

"That boy said goodbye! Qin

Chuan did not hesitate and simply retreated from the hall.

After Qin Chuan left, Zhou Dingcai couldn't help but said: "Great Elder, when you treated Qin Chuan like that just now, you didn't tell him that you doubted his loyalty." , Will doing this turn Qin Chuan's original loyalty into rebellion?"

Zhou Yuanqing said indifferently.

"I did this on purpose to show him. I wanted to test how loyal he is to our Zhou family? If it was because of this matter, he would rebel against the Zhou family, which also shows that his loyalty to our Zhou family is indeed limited. If this is the case, this child must not be kept, so it is better to kill him as soon as possible."

After hearing these words, the five people in the room were silent.

After a while, Zhou Dingtian asked again:"Great Elder, did Qin Chuan pass the Blood Guard review this time?"..

Chapter 2252

Zhou Yuanqing pondered for a while and said:"We must let him pass. These six years of Blood Guard tenure can be considered a test of his loyalty! If he performs well in these six years and has never complained about our Zhou family, That means he can indeed be trusted"

"Especially since he is still young now, we can completely instill ideas in him and make him a die-hard member of our Zhou family. All this depends on you, Dingtian! You are the President of the Blood Guard Battalion. Remember to carefully observe every word and deed of this kid in the forbidden area."

"Don't worry, Great Elder, your subordinates will definitely observe this boy's performance carefully."

Zhou Yuanqing nodded with satisfaction:"Yes! That's good! If this kid passes the assessment in six years, then our Zhou family will officially accept him. Let him become a member of our Zhou family!"

"Becoming a member of our Zhou family?"

Everyone below had a look of confusion on their faces.

Zhou Yuanqing smiled and said:"If such a genius is loyal enough to my Zhou family, it would be a waste of resources if he does not recruit it with all his heart. Therefore, my elder's plan is to wait

until six years later. , Qin Chuan passed the examination and came out of the forbidden area, and he is now twenty years old."

"When the time comes, we will select a girl from the three generations of direct disciples, let that girl marry him, and make Qin Chuan the son-in-law of our Zhou family. Wouldn't he become a member of our Zhou family?"

Hearing this, everyone below suddenly realized and laughed:"Haha!"! The great elder still has the upper hand!

More humanely said:"I see that Qin Chuan's life experience is so innocent, and his feelings for my Zhou family are not false. After all, my Zhou family has been kind to him. I think six years later, this Qin Chuan has decided to take over my Zhou family." The son-in-law's position is now"

"Ha ha!! I think so too. It's my Zhou family's great fortune to have such a genius!"

At this time, Zhou Yuanqing's cold voice came from the hall again.

"Don't think too highly of him. Remember one sentence: If you are not of my race, your heart will be different! For these disciples with foreign surnames, we must utilize and take precautions. For wizards like Qin Chuan, we must recruit and suppress them and not allow him to grow too much."

At that moment, people in the hall said in unison:"That's what the great elder taught you!"

At this moment, outside the hall, Qin Chuan, with his excellent hearing, could naturally hear the conversations of everyone in the hall clearly.

At this moment, a sneer appeared on the corner of Qin Chuan's mouth.

This week, the Zhou family really does not trust all the disciples with foreign surnames. They The only people I trust are my own clansmen.

This time when I entered the Zhou family's forbidden area, they actually took it as a test of my loyalty.

It seems that I have to beware of Zhou Dingtian's surveillance at all times. That Zhou Dingtian is a sixth-level warrior!

If I am negligent, I will definitely be in trouble.

However, no matter what, I must complete the task, help the family regain the Blue Dragon Pearl, and revive our Qing family!

It is time for the Zhou family to repay what they owe to our Qing family!"

The inner courtyard of the Zhou family is where the direct disciples of the Zhou family live.

There are also many servants and guards living in it.

This week, the inner courtyard of the Zhou family also has its own bodyguard defense system. This bodyguard is called the Internal Affairs Guards. Its president, Zhou Zhenyue, is also a sixth-level warrior and the last of the six sixth-level disciples of the Zhou family.

The top five are the Presidential Leader of the Fourth Battalion of the Guard Battalion and the Presidential Leader of the Blood Guard Battalion.

However, Zhou Zhenyue is not under the jurisdiction of the Great Elder Zhou Yuanqing this time, but directly under the jurisdiction of the Second Elder Zhou Yuanxi..

Chapter 2254

Among the current three generations of Zhou family.

The first generation is the generation with the character 'zhen'.

For example, Zhou Zhenyue and the Fourth Battalion President Leader, these five sixth-level warriors are all of the "Zhen" generation.

The second generation is the generation with the character 'ding'.

Zhou Dingtian and Zhou Dinghai are both of the "Ding" generation.

Among them, Zhou Dingtian is the most outstanding among the second-generation disciples, and is the only second-generation disciple who has reached the sixth level of cultivation.

The third generation disciples are Zhou Qishao and the others.

In fact, this Zhou Yuanxi was also the first generation disciple, and his original name was Zhou Zhenxi.

After he advanced to the seventh level warrior, he changed his name to Zhou Yuanxi and became equal to the great elder Zhou Yuanqing who was six or seven generations older than him.

When his former peers saw him, they all respectfully treated him as an elder.

At this time, Zhou Dingtian, who was standing in front of the team, stepped forward respectfully, saluted Zhou Yuanxi and said, "Zhou Dingtian has met the second elder." Zhou Yuanxi nodded slightly, indicating that he had met him, and then glanced at Zhou Qishao and the other two people behind him.

"good! The three of you are the descendants of the third generation of our Zhou family. This time you enter the forbidden area, you must practice well and seize this opportunity, especially you, Thirteen."

Zhou Yuanxi's eyes fell on the Thirteenth Young Master, with a hint of doting in his eyes.

This Thirteenth Young Master is his grandson.

The Thirteenth Young Master said happily: "Grandpa, don't worry! Thirteen will definitely practice well in the forbidden area and will not lose your old man's face."

"Ha ha!! That's good!"

Zhou Yuanxi laughed with satisfaction, and then looked at Zhou Qishao

"Xiaoqi! You are very good, you are the most outstanding disciple among the third generation disciples of our Zhou family. If I remember correctly, this should be your second time entering the forbidden area, right? I hope you can break through to the fourth level this time.

Young Master Zhou Qi immediately said respectfully:"Xiao Qi will definitely not let the second elder down.""

Now, Zhou Qishao's cultivation has reached the peak of the third level of Great Perfection. He is full of confidence in entering the forbidden area to cultivate and break through to the fourth level. After hearing

Zhou Qishao's words, Zhou Yuanqing nodded with satisfaction. He nodded, encouraged Young Master Wu Wu on the side, and finally looked at the row of new blood guards behind him. Finally

, his eyes fell on Qin Chuan, with a look of surprise in his eyes, and he couldn't help but praise

"This young man is not bad. Seeing that you are about the same age as Thirteen, you are already a third-level warrior. It seems that your talent is higher than Thirteen! Young man, what is your name?

Qin Chuan immediately replied respectfully:"I would like to report to the second elder that this boy's name is Qin Chuan.""

"good! Ha ha!! Unexpectedly, one of our Zhou family members is as talented as Xiao Qi. Qin Chuan, you must also work hard."

Zhou Yuanxi said politely, but the smile on his face was not as sincere as that of Zhou Qishao and the other three. It was obvious that he regarded Qin Chuan as an outsider, and his words of encouragement were not sincere. The

Thirteenth Young Master on the side listened. When Zhou Yuanxi compared himself with Qin Chuan in front of everyone and said that he was not as good as Qin Chuan, he felt very angry. Especially when he thought that Qin Chuan and Xiao Xiang'er grew up as childhood sweethearts, he felt even more angry. He looked at Qin Chuan's His eyes were full of resentment.

He said even more sinisterly in his heart:"Qin Chuan, after you enter the forbidden area, I will definitely find a way to prevent you from ever getting out!"

At that moment, he snorted slightly and didn't need to look at Qin Chuan to avoid being upset.

Unfortunately, his inadvertent snort was heard by Qin Chuan, which immediately made Qin Chuan wary of him..

Chapter 2255

At this time, Zhou Yuanxi lectured the new Blood Guards again, and then said to Zhou Dingtian:"Dingtian, you can inform Dinghai to open the Jiwu Sect and take them into the forbidden area."

"yes! Second elder!"

Zhou Dingtian stepped forward, faced the black iron gate engraved with runes, condensed an extremely complex light seal, and then pressed it on the iron door.

The light seal immediately penetrated into the iron door.

Obviously, this light seal was A way of conveying notifications to the inside.

It didn't take long for Jiwu Gate to be opened.

Standing inside the gate was a middle-aged man with thin cheeks and sharp eyes.

Qin Chuan could tell at a glance that the middle-aged man was The young man is a fifth-level warrior.

At that moment, Qin Chuan thought in his heart:"This person should be Zhou Dinghai who guards the Jiwu Sect."

Sure enough, this thought came to his mind.

The middle-aged man saluted Zhou Yuanxi outside and said,"Zhou Dinghai has met the second elder."

Zhou Yuanxi nodded slightly.

At that moment, Zhou Dingtian saluted Zhou Yuanxi again and led Qin Chuan and his party into the Jiwuyuan.

After entering the Jiwuyuan, Zhou Dinghai closed the Jiwumen again.

As soon as Qinchuan and Huo Qing entered , and looked around secretly.

The two discovered that the Jiwuyuan turned out to be a magnificently renovated hall.

There were crystal lanterns on the walls all around the hall, illuminating the whole hall.

On both sides of the Jiwumen, There were still two rows of blood guards standing. Most of these blood guards were over thirty years old, and they were obviously guarding the Jiwumen. At this moment, they were all curiously looking at the newcomers Qin Chuan, and the three Zhou Qishao. An outstanding son of the family.

At the same time, Qin Chuan also discovered that the concentration of fire energy in the Jiwu Academy was actually twice that of the outside world, so practicing here was naturally much faster than outside. At this time, Zhou Dinghai stepped forward to be polite to Zhou Dingtian  
Authentic:"Brother Tian, this session is pretty good! Eleven new blood guards were recruited at once, but there were not so many new people joining in the past!"

Zhou Dingtian also smiled and said:"That's right! In the past, there were only seven or eight! Is it that easy to cultivate to the third level before the age of thirty? Not everyone can do it. However, although there are not many blood guards recruited here, they are all elites with great potential!

Zhou Dinghai nodded and said,"That's true!"

At this time, Zhou Dingtian said to the new blood guards:"This person next to me is Zhou Dinghai, the commander of the blood guards in the outer courtyard. From now on, if any of you are willing to be on duty in the outer courtyard, you will be under the jurisdiction of Commander Dinghai. You have not met Commander Dinghai soon."

"I've met Commander Dinghai!"

"I've met Commander Dinghai!"

At this moment, Qin Chuan and his party saluted Zhou Dinghai one after another.

"good! Zhou Dingtian nodded slightly and continued:"You become the blood guards of our Zhou family because of your trust in our Zhou family. Naturally, our Zhou family will not treat you badly.""

"Presumably, you should also feel that the vitality here is more than twice that of the outside world. If you practice here for a long time, your progress will naturally be much faster than that of the outside world."

"Although you will lose a lot of freedom as a blood guard here to guard the forbidden area, but this is a very suitable place for meditation and cultivation, and it may not be an opportunity for you. Of course, these are not the only benefits of being a Blood Guard. Now is the time to realize the benefits afforded to you as Blood Guards."

When they heard this, many people's eyes shone with excitement on their faces.

They had heard before they signed up to be Blood Guards that as long as they could pass the review and become Blood Guards, the Zhou family would give them a certain amount of money. It's a benefit. No one knows what kind of benefits it is, but it's not too bad after all.

After all, these blood guards are all third-level warriors, and no one will appreciate a reward that's too bad...

Chapter 2256

In fact, the Zhou family gives these people who are Blood Guards benefits, firstly, to win over people's hearts, and secondly, to attract more talents to sign up as Blood Guards.

Seeing the joy on everyone's faces, Zhou Dingtian also showed a trace of pride on his face and said proudly

"Don't worry, the rewards our Zhou family will give you will not be bad. Next, I will tell you the contents of the rewards. There are two types of rewards given to you, but you can only choose one of them."

"The first reward: you can go to the 'Cangwu Pavilion' here and choose any two fire-type intermediate martial arts to learn; the second reward: enter the inner courtyard and you are allowed to enter the 'Ling Yuan Gathering Array' to practice for ten years. God, I will give you ten more drops of 'Spiritual Fire Jade Dew' for you to improve your cultivation."

"You can discuss with each other and give me a reply after you think about it. Which benefit do you want to choose?"

After hearing these words, everyone started talking excitedly.

Obviously, everyone was very excited about the benefits of opening the Zhou family, and they started discussing it one after another.

"The benefits are really good! Which one should I choose?"

"Why! I don't know which one to choose! Both feel good!"

"The rewards for two intermediate martial arts are very good! Not all third-level martial arts can learn these intermediate martial arts. Just like me, the martial arts I use now are all low-level martial arts. This time, you can actually get two intermediate martial arts skills at once, so you can't miss the opportunity!"

"But I think it's quite good to practice in the Spirit Transformation and Yuan Gathering Formation, especially those ten drops of Spirit Fire Jade Dew, which are worth more than 100,000 gold coins!"

"Um! It's really hard to choose!"

Many people frowned.

Among the crowd, there were only a few who made up their minds at once.

Qin Chuan was one of them.

He would naturally choose the second benefit.

The Spiritual Fire Jade Dew and the Hundred Gold Jade Dew are similar things. , it is of great help to improve the cultivation level of warriors below the fifth level.

Intermediate martial arts are full of attractions for many third-level warriors, but for Qin Chuan, they are no longer attractive. Unless the Zhou family gives Superior martial arts.

In this case, he might as well choose the second reward, try to improve his cultivation level, and give himself a little more ability to protect himself.

Thinking of this, Qin Chuan said to Zhou Dingtian:"Mr. Commander, subordinates choose the second benefit!"

"good! Then you get out of the queue and stand on the left first!"

"yes!"

Qin Chuan followed the instructions and stood on the left side.

At this time, Huo Qing also stepped forward and said:"President, my subordinates also choose the second benefit!"

"good! You too!"

Huo Qing is the young master of the Huo family.

The Huo family is also a big family, and there is no shortage of intermediate martial arts.

Naturally, he will not be interested in the first benefit, and naturally chooses the second benefit.

Next, other blood The guards also began to make their choices one by one.

Not long after, all the blood guards finished making their choices.

Five people chose the first benefit, and six people chose the second benefit.

After seeing that everyone had made their choices, Zhou Dingtian said:"Choose For the first type, Commander Zhou Dinghai will give you specific arrangements. Those who choose the second benefit, come with me, the commander, and I will take you into the inner courtyard."

At this moment, Qin Chuan and his party of six, as well as three people from Zhou Qishao, followed Zhou Dingtian into the depths of the hall.

Along the way, Qin Chuan and Huo Qing silently remembered the surrounding environment in their hearts.

Soon, the group entered a room. A side hall with a very hidden location..

Chapter 2257

In the center of the side hall, a teleportation talisman array was actually arranged.

There was a team of blood guards guarding the teleportation rune array. The leader of the blood guards was a fourth-level warrior. When he saw Zhou Dingtian, he hurriedly saluted.

Seeing this teleportation talisman array, Qin Chuan's eyes flashed with sudden realization, and he said secretly:"It seems that this teleportation talisman array is the real entrance to the Zhou family's forbidden land. The entire Jiwu Academy is set up to protect this place. It's just a teleportation talisman array."

At the same time, Qin Chuan felt that Huo Qing was also looking at him with understanding.

At this time, Zhou Dingtian glanced at Qin Chuan and others, and said coldly:"Before entering the inner courtyard, I will tell you something clearly. In fact, the inner courtyard is the forbidden area of our Zhou family."

"Forbidden areas naturally have rules for forbidden areas. After I take you in later, you must keep one sentence in mind: Just do whatever you are told, and you are not allowed to ask why. Anyone who violates this rule will be killed!"

Zhou Dingtian said the last sentence categorically, and his tone was extremely cold. It was obvious that he was not joking. If anyone violated it, he would kill him on the spot.

Hearing this, the six people in Qinchuan all felt stern in their hearts and looked solemn. Get up, obviously the next trip to the forbidden area is not so easy.

Seeing Qin Chuan and others all looking serious, some even showed a hint of fear.

Zhou Dingtian nodded with satisfaction: "Okay! You guys put blindfolds on all six of them."

At that moment, the blood guards guarding the teleportation rune array took out six black eye patches and covered the eyes of Qin Chuan and the others.

Qin Chuan and others' eyes suddenly went dark and they could not see anything.

Several of their faces Even more people showed panic. They didn't know why Zhou Dingtian did this.

One of them couldn't help but asked: "President, why did you blindfold us!"

Unexpectedly, Zhou Dingtian snorted angrily, waved his hand and gave the man a slap in the face.

"snort! idiot! This commander just said: Just do whatever you are told. Don't ask questions about why. Anyone who violates this will be executed! You are still outside the forbidden area. This slap is a lesson to you. If you were inside the forbidden area, I would kill you on the spot! Have you remembered this lesson? The man said in panic:"

What the chief instructor taught me is that my subordinates will remember it!"

"Just remember, I hope others will not make similar mistakes again, otherwise don't blame me for being cruel!"

Actually, Qin Chuan also knew why Zhou Dingtian blindfolded the six of them. This clearly showed that he did not trust the six disciples with foreign surnames. He blindfolded them because he did not want them to see clearly the situation in the forbidden area.

At this time , Zhou Dingtian's order came to my ears again

"The blindfold is on! Don't take it down without my order, otherwise I'll kill you! Now let's all enter the big formation together! This formation is about to start!

At that moment, Qin Chuan and others were directed to enter the center of the formation.

The teleportation rune array was also activated by the guarding blood guard, and it lit up with dazzling eyes, followed by a flash of white light.

Everyone disappeared in the formation.

Qin Chuan also felt that the formation under his feet was shaking violently, and his whole body merged into a feeling of water. His body seemed to be floating in the void, and his feet had no ground.

Not long after this feeling, Qin Chuan felt his body shaking and his feet firmly stepped on a solid stone platform.

This stone platform is naturally the corresponding teleportation rune array in the forbidden area.

At this time, Zhou Dingtian's voice sounded again in my ears.

"The forbidden area has arrived. Everyone, follow my footsteps. Don't ask random questions. Let's go! Hearing this

, Qin Chuan suddenly became excited and thought in his heart:"Finally entered the Zhou family's forbidden area!"".

Chapter 2258

At the moment, he listened carefully. He wanted to know what kind of place the Zhou family was in.

Although Qin Chuan's eyes were blindfolded, his divine hearing ability could still distinguish some of the surrounding situations clearly.

In addition to Zhou Dingtian, Zhou Qishao and others, there was also a team of blood guards guarding the teleportation talisman formation beside him.

The surrounding vitality is also very rich, even richer than that of Jiuyuan, and nearly three times that of the outside world.

However, what surprised Qin Chuan even more was that in addition, he could also hear the rustling of the leaves of the shrubs in the wind, and even the sound of waterfalls and the roar of ferocious beasts could be heard in the distance.

Hearing this, Qin Chuan was secretly surprised.

This forbidden area seems very big! There are flowers and insects chirping all around, and there are many trees and grasses. What's even more surprising is that in the distance there are the sound of flowing water from waterfalls and the roar of ferocious beasts. Is it possible that we are in the wild now?

This week's forbidden area leads to the wild?

If it was in the wild, it must be outside Shenyang City.

But, think about it, it's impossible! If it were in the wild, it should be very close to Shenyang City. Because the transmission distance of the teleportation talisman array is very limited, it can only teleport more than twenty miles at most.

Qin Chuan had studied the rune formation for two months, and he could naturally tell at a glance how far the teleportation rune formation could teleport.

Obviously this teleportation talisman array can only teleport more than twenty miles.

But the nearest wild valley to the Zhou family is nearly a hundred miles away, so it is absolutely impossible for the Zhou family's forbidden area to be set up in the wild valley of Shenyang City.

Even if it is set in the wilds of Shenyang City, the area within a hundred miles of Shenyang City has long been trampled by many warriors, and the secret of the Zhou family's forbidden area should have been discovered long ago.

From this point of view, the Zhou family's forbidden area this time is definitely not outside Shenyang City, but inside Shenyang City.

I'm just curious, is there such a place in Shenyang City?

If it was under the Zhou family, how could there be a waterfall? Beast roar? Even flowers and trees? He even felt sunlight.

The more Qin Chuan thought about it, the more confused he became, and the more surprised he became. At the same time, he felt that this forbidden area might be more complicated than he imagined.

In this way, Qin Chuan and his group of six people were blindfolded and walked forward behind Zhou Dingkun and his group of Zhou family disciples.

Qin Chuan relied on his transcendent hearing to imprint the surrounding scenes in his mind one by one. The more he walked, the more surprised he became, and the more certain he became in his heart. They were walking in a mountain forest. To be precise, it was a mountain forest. In a very small valley.

Not long after, everyone left the small valley.

After squeezing down, everyone walked for more than ten miles in one breath before reaching a very large valley.

There were many guards in the valley, and many people greeted Zhou Dingkun when they saw him.

Obviously, this large valley is the real forbidden land of the Zhou family.

Regarding the specific situation in the valley, Qin Chuan could not see the overall situation clearly because he was blindfolded, but he could still distinguish some things around him.

The valley was not only very large, but also had many bamboo buildings inside. After a while, the six people from Qinchuan were taken into a closed bamboo building with no windows around it.

At this time, Zhou Dingtian's voice came to Qin Chuan's ears again: "You can take off the blindfolds now!"

Qin Chuan and others took off the blindfolds without haste, and their eyes were dim.

In front of them, they saw Zhou Dingtian standing with his hands behind his back, looking at them expressionlessly.

Zhou Qishao and three other Zhou family disciples were standing behind him.

At this moment, the Thirteenth Young Master was looking at Qin Chuan coldly, without any kindness in his eyes.

Next to Zhou Dingtian, there were two blood guards standing.

Obviously these two blood guards are the so-called inner guards..

Chapter 2259

At this time, Zhou Dingtian asked the two blood guards to give the six Qinchuan people a small white jade bottle, a bag of dry food, and a blood-seal token.

After distributing these, Zhou Dingcai said: "There are ten drops of spiritual fire jade dew in this jade bottle, there is also a bag of dry food that can be eaten for ten days, and there is also a blood seal order to enter the 'Spirit Transformation Gathering Formation'. With this The blood seal allows you to pass through the light curtain outside the formation and enter the formation."

"However, the pass seals in these blood seal orders can only last for ten days. Once the time is up, the pass seals in them will automatically collapse, and these blood seal orders will become invalid."

"Once the blood seal order expires, you will not be able to come out of the formation, so you can only stay in the formation for ten days."

"Now the six of you put on the blood seal order and the blindfold, I will take you into the big formation, remember to seize the time of these ten days of cultivation, and you will gain as much as you can. Also remember not to exceed the ten-day limit, otherwise violators will be starved to death inside as punishment!"

At that moment, the six Qinchuan people put on the blood seal order and blindfolds, and were taken out of the bamboo building again and walked into the valley.

It turned out that the 'Spiritual Transformation and Yuan Yuan Formation' was in the valley.

Not long after Qinchuan and his party entered the valley, A huge rune array appeared in front, with a diameter of at least twenty or thirty miles.

There were many huge rune stone pillars around the array. These stone pillars were very high, and a line of red formed between the stone pillars. Light curtain.

The red light curtain cannot penetrate the line of sight, making it difficult for people to see what is going on in the formation.

The six people in Qinchuan were blindfolded, and they could not see everything clearly.

But everyone could clearly sense that this world All the fire energy in the room was continuously flowing towards the center of the giant array.

This giant array was the Spirit Transformation and Yuan Yuan Formation.

When the six people from Qin Chuan passed through the light curtain, the blood seal orders on their bodies flashed, and a circle of red formed. The light enveloped them, allowing the six of them to penetrate the light curtain without any resistance and enter the formation.

Without the blood seal order, even if they were fifth-level warriors, they might not be able to penetrate the light curtain and enter the formation.

Just a moment ago Stepping into the formation, Qin Chuan felt that the fire energy in the formation was very strong.

Moreover, he could sense that the closer to the center of the formation, the more intense the fire energy was.

At this time, Zhou Dingtian asked Qin Chuan and others to take off their blindfolds.

Qin Chuan saw red mist lingering everywhere in front of him, and the visibility was very low. He could only see clearly the scene within two meters in front of him at most.

And the further toward the center of the formation, the thicker the red mist became, and the visibility became lower.

The ground under his feet It's not a rune stone platform, it's just ordinary land. Qin Chuan even saw weeds on the ground.

Obviously, this large formation was arranged directly in a large valley area. The giant stone pillars around it were the base of the formation. As for the center of the formation, what it looks like can only be seen when entering the center of the formation.

Seeing this, Qin Chuan looked up at the sky. There was thick red fog above his head, and he could not see the sky.

He looked outside the formation again, but his sight could not penetrate the red light curtain at all, and he did not know where he was, let alone what the forbidden land outside looked like. All he could see was the red mist, stone pillars and light curtain.

It seemed that the Zhou family The guarding of the forbidden area is very strict! The tighter it is, the more problems there are. Could it be that the Zhou family's forbidden area not only contains the Green Dragon Pearl, but also other secrets?

While Qin Chuan was making random guesses, Zhou Dingtian said to the side

"I have already taken six of you into the formation. Now, the six of you and Xiao Qi will enter the big formation to practice together! However, before entering, let me remind you that we are still on the edge of the formation and have not actually entered the formation. As long as we go one meter further, we will truly enter the formation."

"However, as soon as you step into the formation, you will be under tremendous pressure from the formation. Without third-level strength, you simply cannot withstand that pressure."

Speaking of this, Zhou Dingtian looked at the Thirteenth Young Master beside him and said

"Thirteen, your cultivation level is only the second level of Dzogchen. You cannot enter the formation. If you force your way in, you will be injured. Therefore, you should not enter the formation to practice. Just practice on the edge of the formation. Although the concentration of fire energy at the edge of the formation is far less than that inside the formation, it is much stronger than the outside world."

Chapter 2260

The Thirteenth Young Master smiled and said:"Second Uncle, don't worry! I'm wearing the five-escape soft armor that grandpa gave me. I should be able to enter the big formation."

After hearing this, Zhou Dingtian said in surprise

"The Five-Escape Soft Armor is a defensive weapon! I didn't expect the second elder to give it to you! Um! With this five-escape soft armor, you can offset part of the pressure of the formation, and you should be able to enter the formation to practice. Thirteen, you have to practice hard and don't let down the second elder's hard work."

"Second uncle, don't worry, Thirteen understands!"

At the moment, Zhou Dingtian ignored him and continued to say to Qin Chuan and others

"The pressure of this large formation becomes greater as it goes towards the center of the formation, and the concentration of fire energy becomes higher as it goes towards the center of the formation."

As long as you are stronger, the closer you can get to the center of the formation, and the higher concentration of fire energy you can obtain for cultivation."

"The concentration of fire energy in the entire array ranges from ten to fifty times. Generally speaking, a third-level warrior can only enter an area that is ten to twenty times larger, a fourth-level warrior can only enter an area that is thirty to forty times larger, and a fifth-level warrior can enter an area that is forty to fifty times larger."

"The specific area you can enter depends on your own strength, so go in!"

After hearing the last sentence, everyone stepped into the formation with excitement.

The place with the lowest concentration of fire energy in this formation is ten times that of the outside world. Calculating in this way, the cultivation speed can be at least doubled.

Of course, the cultivation speed Speed is not just related to the concentration of vitality.

However, the higher the concentration of vitality, the faster the cultivation speed.

However, as soon as Qin Chuan stepped into Dazhen, he felt huge pressure coming from all around, and his whole body suddenly sank. It seemed that his body suddenly became very heavy, and the steps under his feet also became heavy.

Of course, this pressure was nothing to Qin Chuan.

However, among the few people who entered with Qin Chuan, three of them groaned, their foreheads Cold sweat broke out all over his upper body.

Among them was the Thirteenth Young Master.

The Thirteenth Young Master should be in the worst condition among all the people. His face was red with pain and he was struggling to support himself. The blue halo helped him offset a lot of pressure. I am afraid that he will vomit blood now.

Zhou Dingtian did not tell lies this time. This is only the edge of the formation, and the concentration of fire energy has reached ten times. If he goes further As he walked further, the concentration of fire energy was probably even higher.

Thinking of this, Qin Chuan became inexplicably excited and walked forward.

After walking for nearly twenty meters, Qin Chuan felt that the fire energy had increased to ten It doubled, and the pressure on the formation also increased a little.

Qin Chuan did not stop moving forward.

This pressure was nothing to him.

At the same time, several people in the group also followed Qin Chuan Move towards the center of the formation.

That Zhou Qi Shao looked even more proud, glanced at everyone with disdain, took the lead, jumped over Qinchuan, and strode towards the center of the formation.

But that Wu Shao followed Qin Chuan and his party closely Behind the body.

This week, Master Wu's strength has just reached the third level.

As for Qin Chuan and other new blood guards, their strength is also the third level.

Of course, in their view, Qin Chuan is also a third level warrior. Judging from Qin Chuan's age, it is already terrifying to be able to practice to the third level, and it is impossible to be stronger than them.

In their own opinion, the strength of the two of them is not much different, and they estimate that they have reached the same area, so naturally they cannot Compared with Zhou Qishao.

Although they were very jealous when they saw Zhou Qishao stepping into the formation easily, it was undeniable that they were also very envious. However, they said that these people were all third-level warriors, but after all There are still strong and weak ones.

Gradually, the superiors and inferiors will be distinguished...
