

God level 2271

Chapter 2271

Hearing this, Qin Chuan was also moved in his heart.

From the time he entered the forbidden area until now, he has been full of curiosity and confusion about what the Zhou family's forbidden area is like.

However, he would soon have the opportunity to know what the Zhou family's forbidden land looked like.

At that moment, Qin Chuan no longer hesitated, swallowed the elixir and started refining it.

Not long after, Qin Chuan felt the Yin Dan in his stomach turn into a gray gas, and then it rose rapidly and invaded his brain.

Qin Chuan only felt intense stabbing pains in his whole brain. After the gray gas invaded his brain, it eroded everywhere like countless steel needles, making Qin Chuan look dazed for a while. He felt like he had a splitting headache and wanted to go crazy.

Just when Qin Chuan was about to collapse and fall into coma due to the severe pain in his head, a stream of clear water suddenly surged out of his Tianting acupoint, swallowing up all the invading gray energy, and then retreated into the sea of consciousness.

Qin Chuan's brain suddenly became clear, and the severe pain in his brain disappeared immediately.

As soon as his mind moved, he immediately looked inside his sea of consciousness.

At this glance, he was surprised to find that in his sea of consciousness, the main thought body was surrounded by a dark gray air mass, and it was still slowly digesting and devouring it. It seemed that the gray air flow was a tonic for it.

Seeing this, Qin Chuan suddenly understood that those gray air currents were swallowed up by his main body.

At this moment it was compressed into a ball by the package.

Thinking of this, Qin Chuan couldn't help but feel overjoyed, and said to himself: "I didn't expect that after the power of thought becomes substantial, it can have such benefits. It can actually resist some things that corrode the brain."

Now, Qin Chuan knows why this Forgetting Pill is so effective against fifth-level warriors. The effect is limited.

Because the power of mind of a fifth-level warrior is already very powerful.

This power of thought has a strong resistance to the medicinal power of Yindan.

Qin Chuan's mind power had mutated, and he took a lot of Yunxi Dan, which made him even more powerful.

Even a sixth-level warrior is far inferior to Qin Chuan in terms of mental power.

Therefore, Qin Chuan is naturally not afraid of the erosion of the brain by this medicine.

Just when Qin Chuan was secretly delighted and secretly proud, he suddenly heard 'Plop! thump!' Two sounds of heavy objects falling to the ground.

Qin Chuan was startled and opened his eyes slightly.

He was surprised to find that the other two blood guards who had taken the refining pill with him were both fainting on the ground with blue faces and foaming at the mouth.

Seeing this scene, Qin Chuan's heart froze, and he secretly said something bad. He quickly used his kung fu to turn his face blue, and then he pretended to be foaming at the mouth and fell to the ground.

Seeing Qin Chuan also fainted, Zhou Dingcai, who was not far away, breathed a sigh of relief.

Just now, when he saw Qin Chuan's face first looking in pain and then looking calm, he thought that the inducing pill had lost its effect.

At this moment, when he saw Qin Chuan fainting with foaming at the mouth like the other two, he realized that the inducing pill had not lost its effect.

But he said Thirteen Young Masters Qin Chuan and the three of them fainted one after another, frothing at the mouth, and were greatly surprised. They asked hurriedly: "Second uncle, what happened to the three of them?" Zhou Dingtian smiled proudly and said: "This is the power of the Yin Dan taking effect. At this moment, Corroding their brains, they couldn't resist the pain and passed out. Hehe!! The power of the Jie Dan will stay in their brains for a long time in the future. As soon as they take the Jie Dan, there will be an immediate reaction."

Hearing this, The Thirteenth Young Master sighed: "I didn't expect this Forgetting Pill to be so powerful!"

"Of course! In order to obtain the formula of this Wangyou Dan, our Nan Yanwei Zhou family spent a lot of thought!"

"Second uncle, how long will it take for them to wake up?"

"It usually takes about an hour. let's go! I'll just leave it to others to do the rest."

After saying that, Zhou Dingtian left with the Thirteenth Young Master..

Chapter 2272

Not long after, Qin Chuan heard three more people coming in outside my bamboo building.

The conversation of three people came to my ears

"Captain Huo, there are only three people joining the inner defense this year!"

"Um! It seems that many people have chosen to learn two Zhongcheng martial arts this year."

"yes! In fact, what is Zhongcheng martial arts? Improving your cultivation is the most important thing. Once you reach the fourth level of cultivation, what's the difficulty in acquiring a middle level martial arts skill? Those people are really short-sighted!"

"Look, among these three people, there is actually a boy of fourteen or fifteen years old."

"yes! It's really surprising to think that this young man has reached the third level of cultivation at such a young age!"

"alright! Let's not talk too much and wait until these three people wake up! With the addition of these three newcomers, our future work will be easier."

Immediately, the three of them fell silent.

After about an hour, the two comatose newcomers slowly woke up and looked around with confusion.

Qin Chuan saw that the two people had woken up, and he also pretended to be He looked like he had just woken up.

Only then did he see three people standing in front of him.

The leader was a middle-aged man in his mid-thirties, but he was a fourth-level peak warrior.

Behind him were two blood guards..

When the middle-aged man saw Qin Chuan and the others waking up, he smiled and said,"You three have finally woken up. You are welcome to join our inner guard. I am Zhou Ying, captain of the inner guard, and I will be your direct boss from now on. If there is anything you don't know about in the future, you can ask me directly."

Qin Chuan and the others immediately woke up.

They quickly stood up and saluted Zhou Ying.

"I've met Captain Zhou!"

"I've met Captain Zhou!"

Zhou Ying smiled and nodded: "Brothers, there is no need to be too polite. From now on, we are all our own people, so we don't need to care about so many etiquette. I think you must be very curious about the forbidden area! I will take you out to see it now, tell you some things you want to know, and tell you some taboos."

Hearing this, Qin Chuan and the three of them were filled with curiosity.

Since entering the forbidden area, the three of them have been blindfolded and know nothing about the forbidden area. It does not feel like an underground world, nor does it feel like it is in the underground world. It's like the wild.

The three of them are all very curious about the mysterious forbidden land.

Now that they have the opportunity to see the true appearance of the forbidden land, they are naturally curious and want to get out of the bamboo building.

Especially Qin Chuan, who has a family mission, he wants to know more urgently than anyone else what kind of place the Zhou family's forbidden land is.

Of course, Qin Chuan also knows that because they took the Wangyou Dan's introduction pill, the Zhou family will let them know openly this week. The secret of this forbidden area.

At this time, a new blood guard said impatiently: "Please ask Captain Zhou to lead the way!"

"Ha ha!! Zhou Ying laughed and said, "Come with me!"

Zhou Ying understood the new blood guard's desire to see the true face of the forbidden land.

At that moment, Zhou Ying led Qin Chuan and the others out of the closed bamboo building. As soon as he stepped out of the bamboo building, Qin Chuan felt As soon as the light brightened, the fresh smell of grass hit him again.

At the same time, his mood also became excited.

Because he was about to see the true appearance of the forbidden land.

When his eyes adapted to the light from the outside world, Qin Chuan finally After seeing the appearance of this forbidden land clearly, a look of astonishment suddenly appeared on his face.

This forbidden land was not much different from what he had imagined. The forbidden land they were in was in a huge valley.

This valley seemed to be created by man. There is only one entrance to the valley five or six meters wide, and the other three sides are covered with sharp cliffs. That entrance should be the only entrance to the valley..

Chapter 2273

At this moment, two guards were guarding the entrance.

The entire valley is like a gourd with a narrow mouth. The entrance is extremely small, but the inside of the valley is extremely spacious and huge. The diameter is at least dozens of miles wide. The opposite end cannot be seen at a glance, and the farther into the valley, the wider it becomes.

Looking deeper into the valley, Qin Chuan vaguely saw a huge rune array arranged in the center of the valley.

The formation was so huge that Qin Chuan could only see a corner of it clearly.

I saw that the formation was surrounded by huge rune stone pillars fifty or sixty meters high.

A red light curtain was generated between the stone pillars, blocking all sight lines and making it difficult for people to see everything in the formation.

"What a huge rune array! Such a huge talisman formation would be very difficult even for an eighth-level warrior to set up! It should be the 'Spirit Transformation and Yuan Gathering

Formation' that I went to practice before. This week, the Zhou family really made a big deal, actually setting up such a giant formation in order to train their children."

Thinking of this, Qin Chuan glanced at the surrounding scenery again.

There was plenty of light here, and it didn't look like the underground world.

Then he looked at the wind and grass and lush trees all around. He also vaguely heard the sound of streams flowing outside the valley and the roar of ferocious beasts..

All this shows that this is a wild valley.

However, this valley does not look like a natural formation, but like an artificial one.

However, he still can't figure out the rune teleportation array he saw last time in Jiwuyuan. , is an ordinary rune teleportation array. Its teleportation distance is extremely limited. It should not be possible to teleport twenty miles away. I am afraid that it cannot even teleport out of Shenyang City.

If this is really the wild, in such a huge valley, how can it exist in Shenyang City without being discovered?"

Qin Chuan was filled with doubts and inadvertently looked up at the sky, wanting to see what the sky here looked like.

However, when Qin Chuan saw the sky here clearly, a look of extreme horror immediately appeared on his face.

I saw that there was no sun in the sky at all.

There was only a white ring of fire burning in the sky, hanging in the sky like the scorching sun.

Although thousands of miles apart, Qin Chuan could still vaguely feel the terror of the ring of fire, especially the white flames burning on it, which seemed to be able to easily burn him to ashes.

And all the light here is actually provided by the white ring of fire.

"Huh! Captain Zhou, why has the sun in the sky turned into a white ring of fire?"

At this time, another new blood guard also discovered the same problem and asked the question in his heart in horror.

"Ha ha!!"

Zhou Ying laughed, as if he had expected that they would be curious about this.

"Do you really think this forbidden area is the outside world? In fact, this is not the outside world. The white halo in the sky is naturally not the sun. We call it the 'virtual sun'. It is also the source of energy in this world.

Hearing this, Qinchuan and the other three were shocked.

At that moment, another person asked:"Captain Zhou, you said this is not the outside world. Are we still immersed in a dream?" Could it be that we are all immersed in hallucinations due to the effects of the drugs we just took? But why do we feel that it is very real now? The scenery around us is as real as the outside!

Zhou Ying laughed and said,"Haha!"! You are not immersed in hallucinations. Although this is not the outside world, everything is real. To tell you the truth, this world is hundreds of miles around. The mountains, rivers, flowers, plants, insects, fish, birds and beasts here are all brought in from the outside world, so everything you see, hear and hear is true. of"

"This...how is this possible? Who has such great magical powers? It seems that the ancestor of the Zhou family does not have such great magical powers, right?"...

Chapter 2274

Zhou Ying smiled and said:"These are indeed not done by the ancestors of the Zhou family. Since you are the internal guards, you will know these things sooner or later. I will tell you now, captain! In fact, this world is called the Void Fantasy World. I don't know that you Have you heard of it?"

Hearing this, Qin Chuan and the others looked confused.

Zhou Ying continued to explain: "It's not surprising that you don't know. After all, not many people know about the magical powers of ninth-level warriors. Let me tell you the truth. Ninth-level warriors have the ability to open up space. The space they create is called void fantasy world"

"The place where we are now is the illusory world of void created by a ninth-level warrior. The mountains and rivers here were brought in by that ninth-level warrior from the outside world, and he also created the empty sun in the sky."

Hearing this, the other two new blood guards suddenly realized.

But Qin Chuan's expression changed and he broke into a cold sweat.

At this moment, he was extremely horrified.

"Unexpectedly, the Zhou family's forbidden area is in the void and illusion world of a ninth-level master. Could it be that there is a ninth-level master hidden behind the Zhou family? Who could he be? Could it be the one who had heavy snowfall that year?"

"If that's really the person. He was the subordinate of the person behind the scenes back then, and he was also the enemy of our five ancient races. If we want to enter this forbidden area to snatch the Blue Dragon Pearl, isn't it tantamount to seeking death?"

Thinking of this, Qin Chuan felt a burst of despair in his heart. If there is really a ninth-level master hidden in this forbidden area. Even if there is a Green Dragon Pearl here, they can't take it away.

However, Qin Chuan quickly calmed down.

"Regardless of whether there are ninth-level masters here, let me clarify the situation here first. Maybe the situation here is different from what I thought."

At this time, Zhou Ying said: "You probably have a clear understanding of the world here. I will take you to the place where you live now and explain to you some of our daily tasks."

"OK! Captain Zhou, please lead the way!"

Their current location is very close to the entrance of the valley, and behind them is an independent small closed bamboo building.

And there are two rows of bamboo buildings thousands of meters away from them.

There are also obvious dividing lines between these two rows of bamboo buildings.

Qin Qin Qin Chuan could vaguely see that there were many people going in and out of the two rows of bamboo buildings. Obviously, those two rows of bamboo buildings were the daily living quarters of the Zhou family's children and the Blood Guards.

Just as the group was about to head out from there, Qin Chuan suddenly remembered that something was wrong. At the place where he was, he looked back at the two guards guarding the entrance of the valley.

The two guards were both in their thirties, with third-level cultivation, and wore uniforms.

But what puzzled Qin Chuan was , the uniforms passed on by these two guards were not the Zhou family's Blood Guard uniforms.

Seeing this, Qin Chuan asked:"Captain Zhou, why are the two Blood Guards guarding the entrance of the valley wearing different Blood Guard uniforms from us? Hearing this

, Zhou Ying glanced at Qin Chuan in surprise, then nodded and praised:"Your name is Qin Chuan, right?" I've seen your information. hehe!! Brother Qin Chuan is really thoughtful and observant! In previous years, few people noticed this difference."

Hearing Zhou Ying's words, the other two new blood guards felt a little embarrassed, and one of them was even more unconvinced.

"Aren't they just wearing different clothes? What's so strange about this? Whoever is on duty at Taniguchi should change into that kind of clothes!"

Zhou Ying shook his head and sneered: "Brother, what you said is a bit ridiculous." Is it necessary to change uniforms to guard Taniguchi?"

"To tell you the truth, the two blood guards guarding the valley entrance are not our Zhou family blood guards, but the Nan family blood guards, so the uniforms they wear are different from ours."

Hearing this, Qin Chuan and the other three were greatly surprised..

Chapter 2275

Seeing the surprised expressions of the three people, Zhou Ying seemed to have guessed it and explained with a smile.

"In fact, this forbidden area is not the forbidden area of the Zhou family, but the forbidden area of the Nan Yanwei Zhou family, so the task of guarding the valley entrance naturally falls to the four blood guards in turn. However, we all claim that this is the Zhou family's forbidden land, but it is not. As for why we do this, we as blood guards cannot know."

Hearing this, Qin Chuan sneered in his heart. He knew why the four clans did this, just to lure their Qing family children to seize the Qinglong Pearl.

Because among the four families, the Zhou family was the weakest, so they created the Qinglong Pearl hidden in The rumors in the Zhou family's forbidden area are just to show weakness and make the children of the Qing family feel that there is hope for seizing the Blue Dragon Pearl.

In this case, the children of the Qing family will take the risk to seize the Blue Dragon Pearl, thus falling into the trap of the four families.

As long as the Qing family As soon as the children of the family broke into the forbidden area, they faced an ambush jointly carried out by the Zhou family of Nan Yanwei.

He had guessed before that if the four of them came up with such a conspiracy, it would be impossible for the Zhou family to be the only one in the forbidden area.

Now look at it Sure enough, this forbidden area is indeed shared by the four of them.

Zhou Ying continued to explain: "This forbidden area is the forbidden area of the Nanyanwei Zhou family, and the 'Spirit Transformation and Yuan Formation' is also a large array specially designed to cultivate the children of the four tribes."

"The camps of the four tribes are now centered on the Spirit Transformation and Yuan Yuan Formation and are arranged in all directions. Our Zhou family camped in the north of the valley. In the future, when you walk in this valley, you will also encounter people from the other three tribes. You should not easily conflict with each other."

At this time, Zhou Ying thought of something again and reminded: "That's right! Let me tell you something very important. Our four camps and this formation are all in the middle of the valley. Going deeper into the valley, there is a hidden small valley. That small valley is called 'Hidden God Valley'."

"The Hidden God Valley is the real forbidden area. It is a place where the ancestors of the four families practice together. No one is allowed to enter, not even the direct descendants of the four families. There is a sixth-level master guarding the entrance of the valley, so you remember Live, don't break in there, otherwise it's a death penalty"

"Even if you are a direct descendant of the four clans, you will die if you break in!"

"There are many such examples. There was once a Wei family disciple who was favored by the ancestor of the Wei family. He was curious and wanted to break in and take a look. As a result, the ancestor of the Nan family shot and killed him on the spot. The ancestor of the Wei family was killed on the spot. They didn't stop him, they just ordered people to drag the body away and bury it."

"Even the direct descendants of the four clans ended up like this, let alone those of us who are blood guards with other surnames."

Speaking of this, Zhou Ying's expression was very serious, with a hint of fear.

Qin Chuan and the three of them were also shocked, showing extremely surprised expressions.

Qin Chuan even thought to himself: "I didn't expect that there are actually people in this forbidden valley. A place like that. The ancestors of the four families are really close! They actually lived in seclusion in the same valley. However, I always feel that things are not that simple"

"They are both monsters who have lived for thousands of years. They have long seen through the warmth and coldness of people in the world. How can they stick together and practice? Also, it's understandable that Hidden God Valley doesn't allow direct descendants to break in."

"It's just strange that those four old guys would directly kill the direct descendants of the four tribes who broke into the restricted area. This is too cold-blooded! Normally such things would punish, not kill. Is it too heavy to kill like this?"

"Could it be that there was some shocking secret hidden in the Hidden God Valley that the four old guys didn't even want to reveal to their own descendants, so they acted in such a ruthless manner? The four of them hid in that valley together, not in seclusion together, but in trying to figure out some secret together?"

Chapter 2276

Thinking of this, Qin Chuan was shocked and vaguely felt that it was possible.

However, all this is just his guess. He doesn't know if this is the case.

"Let's go! I'll take you to your accommodation!"

At that moment, a group of people followed Zhou Ying to the camp.

When they arrived at the camp, Qin Chuan found that there were many ordinary people in the camp, but they were all dressed up as servants.

At this time, Zhou Ying explained again.

It turned out that those ordinary people were all They were forcibly captured by the Zhou family from outside and used by the current people.

Their tasks were to wash and cook, and to help the children of the Zhou family deal with the trivial matters of daily life.

These people could only live in a forbidden area for the rest of their lives, and they would not be able to do so until they died. Take a step out of the forbidden area.

And the mission of Qin Chuan and the Blood Guards is not to guard the forbidden area.

After all, in this forbidden area, there are many direct descendants of the four clans of the fifth and sixth levels, and even four eighth-level ancestors. Such The defensive force does not need blood guards like them to guard at all.

Their main tasks are four: first, to guard the teleportation array entering the forbidden area. Second, to guard the entrance of the valley, and third, to supervise these servants. Fourth, go Hunting some wild animals outside the valley to improve the food for the Zhou family's children.

In this forbidden area, except for some clothing, oil, salt and the like, most of them can be self-sufficient.

Qinchuan also discovered that the camp is divided into two areas.

One is for the direct children of the Zhou family The living area, one is the area where the blood guards and those servants live

"You three, I have just handed over some of your responsibilities and tasks to you. You are newcomers. Captain Japan will not let you perform any tasks in the past three days. He will let you get familiar with the environment first!"

"From now on, after you complete your twenty-day mission each month, you can use your old blood seal order to come to me in exchange for a new blood seal order. With the new blood seal order, you can enter the spirit-transforming yuan-gathering formation to practice for ten days.

At this time, Qin Chuan remembered something and asked, "Captain Zhou, there seem to be a lot of ferocious beasts outside this valley?" Zhou

Ying replied: "Of course, this place is hundreds of miles away. Not only is the place huge, but there are also many ferocious beasts. I heard that there are many fifth-level ferocious beasts.""

"This provided the children of the four tribes with many opportunities to fight against ferocious beasts and sharpened their practical experience. In fact, we Blood Guards are guarding the entrance of the valley because we are afraid that those ferocious beasts will break into the valley and harm these ordinary servants."

"So this is ah!"

Qin Chuan seemed to have realized something.

Zhou Ying smiled again and said:"Qin Chuan, when you are not on duty in the future, if you are interested, you can also go outside the valley to hone your practical experience!"

"However, you have to remember that you must not enter the 'Duantian Lake' in the far west. It is also a forbidden area. The ancestors of the four families have made it clear that no one is allowed to enter. It is also guarded by the Zhou family's children."

Hearing this, Qin Chuan looked surprised again. He didn't expect that in addition to the 'Hidden God Valley', there was also the Broken Sky Lake. It seems that there are many secrets hidden in this forbidden area for the four tribes.

"alright! Everything that needs to be explained has been explained. I will go and arrange a place for you now!"

At that moment, Zhou Ying took the three of Qin Chuan to the dormitory area and arranged accommodation for them.

Qin Chuan also became a real internal guard and began to live in this forbidden area.

In the room, Qin Chuan was lying on the bed and thinking. What he saw and heard this day.

This forbidden area is more complicated than he imagined! How should he do it? Forget it, let's first find out the strength of the four tribes in this valley, and then use it to transform spirits and gather energy. Let's get started!

After thinking about the plan, Qin Chuan sat on the ground and meditated again, looking inside his sea of consciousness.

At this moment, most of the gray medicinal power in his sea of consciousness had been consumed by the main body.

Seeing this, Qin Chuan felt a lot more relieved. It can be concluded that the Wangyou Dan's leading elixir did not do much harm to him..

Chapter 2277

Afterwards, Qin Chuan began to practice.

If he wanted to enter the center of the formation, he had to improve his strength as soon as possible, so that he could get closer.

Only by allowing him to come into contact with the imprisoned senior of the Qing family would he know more of the truth.

In this way, I practiced unknowingly all night.

On the second day, Qin Chuan wandered around the valley on the pretext of being familiar with the environment, while also secretly observing the terrain.

After a day of wandering in the valley, Qin Chuan also saw the camps of the other three tribes.

When the children of the three clans saw him wearing the Zhou family's blood uniform, they didn't embarrass him.

Unconsciously, Qin Chuan entered the depths of the valley.

As you go deeper into the inner valley, the valley gradually becomes narrower.

After walking about five or six miles, a narrow valley mouth appeared in front of us.

Seeing the narrow valley entrance, Qin Chuan stopped and thought in his heart:"The front should be the Hidden God Valley. We can't go any further, otherwise we will be in danger."

Just as he had this thought in his mind, something came from ahead. Give me a cold snort

"snort! Are you the Blood Guard of that family? Didn't your master tell you that you are not allowed to peek here?"

As soon as these words were said, a figure flashed in the mouth of the valley, and an old man with gray hair appeared. He exuded an overwhelming evil aura and was staring at Qin Chuan with cold eyes. As soon as he felt the coercion emanating from the old man, Qin Chuan His heart trembled, his face changed drastically, and he bowed his hands and said, "This subordinate is the new blood guard of the Zhou family. I just waited and watched out of curiosity. If there is any offense, I hope you will forgive me!"

"snort! It turns out he is a new kid, so he has to know the rules! Remember from now on, you are not allowed to come within a thousand meters of the entrance to the upper valley, otherwise you will be killed without mercy!"

"yes! My subordinates understand!"

"Then get out of here!"

Qin Chuan lowered his head and retreated immediately, but there was still a cold sweat in his heart and palms.

The old man just now was a sixth-level warrior. If you wanted to kill him, it would be easy.

"It seems that the old man is the guardian of Hidden God Valley. Be careful when coming here in the future."

After retreating from the Hidden God Valley, Qin Chuan returned to the Zhou family camp.

In the next two days, Qin Chuan not only walked around the valley, but also went to check outside the valley.

Two days later, Qin Chuan also officially started duty.

Take During his time there, he guarded the entrance of the valley during the day and practiced alone at night.

Before he knew it, ten days had passed.

During these ten days, Qin Chuan also figured out the strength of the Zhou family in the forbidden area.

In fact, this There are not many Blood Guards in the forbidden area.

Including himself, there are only nine of them.

Among them, there is only one person at the top of the fourth level, Zhou Ying, and the rest are all at the third level.

Qin Chuan does not care about the strength of these Blood Guards. After all, Their strength is too weak, and besides, they are not members of the Zhou family. What

Qin Chuan really cares about are the children of the Zhou family.

As far as he has heard from various channels in the past few days, the Zhou family often stays in the forbidden area. There is one sixth-level master and one fifth-level master. There are three masters and seven fourth-level masters.

As for the children below the fourth level, they are not permanent residents in the forbidden area, and their number is very small. Although it seems that the Zhou family does not have much strength in the forbidden area.

But the four major families combined, The combat power is terrifying.

Although Qin Chuan still doesn't know what kind of strength the other families resident in the forbidden area have, he knows that each family has a sixth-level master in the forbidden area.

In other words, in this forbidden area, there are six-level masters There are four people.

Of course, among these four people is Zhou Dingtian.

Qin Chuan is naturally not afraid of those fourth-level masters, but he is very worried about those fifth-level masters and above.

In the past ten days, Qin Chuan has some understanding of the strength of the Zhou family's forbidden land. His other biggest gain is that his earth energy has finally reached the peak of the second level of great perfection through his diligent training..

Chapter 2278

In the room, Qin Chuan checked his cultivation level excitedly, his heart full of joy

"Ha ha!! My earth energy has finally reached the second level of Dzogchen. It seems that it is time to take the 'Earth Soul Pill' to break through the earth energy to the third level."

Thinking of this, Qin Chuan excitedly took out the bottle containing the Earth Soul Pill.

As long as his earth energy breaks through to the third level, his strength will inevitably increase greatly, and then he can go further into the center of the formation.

At the moment, Qin Chuan is everywhere An earth soul pill, ready to try to break through the earth energy.

But at this moment, his expression moved slightly, and he hurriedly put the pill away.

Not long after, he heard footsteps outside the door, and then there was a knock on the door.

"Is Qin Chuan here? I am Captain Zhou!"

It turned out that the person who came was Zhou Ying.

At that moment, Qin Chuan opened the door and saluted Zhou Ying.

"My subordinates have met Captain Zhou. I wonder what Captain Zhou has to do with his subordinates?"

Zhou Ying smiled bitterly and said, "Qin Chuan, there is a task for you to do now." The Thirteenth Young Master feels that the recent food is not enough. He wants to eat the meat of the mink and asks you to hunt it, so I have no choice but to give you this task."

"Get ready first and set off soon! However, I know that the raccoon is a third-level ferocious beast, and your cultivation level is also third-level. It should be very difficult to hunt, but this is the order of the Thirteenth Young Master, so don't blame me as the captain for deliberately making things difficult for you!"

Hearing this, Qin Chuan understood something instantly.

Ever since he entered the forbidden area, the Thirteenth Young Master had given him looks from time to time, and he knew that this guy had bad intentions.

Now, what exactly did the Thirteenth Young Master want to do with this move? ? Could it be that he wanted to kill him?

If this kid really wanted to kill him, what should he do?

Killing the children of the Zhou family in this forbidden area would definitely cause a big sensation, and maybe he would be exposed.

If he didn't kill ten The Third Young Master and the Thirteenth Young Master will definitely pester him and expose his strength. This will be difficult!

Thinking of this, Qin Chuan frowned.

Seeing this, Zhou Ying thought he was worried that he would not be able to hunt. Come on, Huatan, he said

"Qin Chuan, I know this task is a bit difficult for you. I don't want to embarrass you, so be it! If you hunt down the flowered mink this time, how about I even if your mission expires this month, I will replace the blood seal order for you and let you enter the big formation to practice? Qin

Chuan said with a smile: "Thanks to the captain's kindness, I will definitely complete the task of hunting the raccoon."

"That's good! By the way, this flowered mink can only be found in Baihualin. The west side of the Baihua Forest Forbidden Valley is a hundred miles away from here. It will take two days to go there, so you should hurry up and prepare! I will give you a few more days for the task"

"The subordinates understand!"

Then, Zhou Ying said goodbye.

After Zhou Ying left, Qin Chuan was not in the mood to break through the earth energy, so he quickly packed up his things and left the valley after preparations.

Outside the valley, Qin Chuan determined the location of Baihualin. direction, and set off in this direction.

Not long after he left the forbidden area, two people followed quietly behind him. Of these two people, one was the Thirteenth Young Master, and the other was an ordinary-looking man who was nearly forty years old. middle-aged woman

"Thirteen, you said that the red-haired boy just now was your enemy? He looks young!"

"Yes, aunt! That boy is my enemy. Despite his young age, his cultivation level is already at the third level. I heard that he is still a master of the third level, and his strength is comparable to the peak of the third level. My nephew must deal with him, but he is not his opponent."

"I originally wanted to ask Brother Qi to teach him a lesson, but Brother Qi ignored me at all, so I had to ask Aunt Dinghong. I know Aunt Dinghong loves Shisan the most. You will definitely help me, right?"

Zhou Dingxia smiled and said: "Thirteen, your aunt has watched you grow up. Whoever dares to bully you will definitely not be spared by my aunt. Although this boy has some talents, he is only a third-level warrior after all. It is easy to deal with him. Just wait and see how your aunt can help you vent your anger."..

Chapter 2279

Hearing this, the Thirteenth Young Master was overjoyed: "Of course, my aunt is a fourth-level Dzogchen warrior. I knew that my aunt was the best to me."

"Thirteen, do you just want to make that kid mute or crippled?"

"Um!"

Zhou Dingxia said with a hint of ruthlessness on her ordinary face.

"Thirteen, it seems you are still too kind. You can't be merciful towards your enemies. Besides, he is just a blood guard. If he dies, he will die."

"It would be better to kill him than to make him crippled and mute. We are in the wild anyway, and we don't have to worry about being seen by the other three families and gossiping. Just kill him in the wild, it can also be said that he died from the mouth of a vicious beast."

The Thirteenth Young Master slowly shook his head and said with a proud smile.

"Auntie, I want to make him crippled, so that both his legs are disabled, so that he can't walk back, and then I want to make him mute, so that he can't survive or die alone in the wild, or even call for help. Nothing can be done"

"In the end, he was just waiting to be bitten to death by a ferocious beast in the wild! When others found his body, no one would suspect that we had killed him. Ha ha!"

Zhou Dingxia looked at Young Master Thirteen in surprise, and after a while, she exclaimed: "Thirteenth, I didn't expect you to be more vicious than me! Yes, the so-called non-toxic and non-husband is what men should be like!"

"Ha ha!! Aunt Zhou praised me a lot!"

"hehe!! Let's go! If you don't catch up, the red-haired boy will run away."

At that moment, Zhou Dingxia and Shisan chased Qin Chuan in the direction he left.

After they were far away, a figure emerged from the shadow of a bush and looked at the two people's leaving figures coldly.

This figure turned out to be Qin Chuan left earlier.

Qin Chuan sneered and looked at the direction in which the two of them were leaving and thought for a long time.

After a while, he seemed to have figured out something, with a trace of pride on his lips, and whispered to himself: "It seems that this forbidden land is peaceful. It's been too long. It's time to cause a murderous crime and make the forbidden area chaotic for a while. Young Master Thirteen, you'll be in trouble if you mess with me!"

Thinking of this, Qin Chuan's eyes flashed with murderous intent, his figure flashed, and he chased after him.

Now, Qin Chuan's combat power far exceeds that of a fourth-level Dzogchen warrior, and his speed is already faster than that of a warrior with the same combat power. Many.

Therefore, Qin Chuan caught up with Zhou Dingxia and the Thirteenth Young Master in just two breaths.

However, he did not kill the two of them, but quietly walked around in front of them.

Because Qin Chuan knew that this was In the forbidden area of the four families, the Thirteenth Young Master is a direct descendant of the Zhou family's key training. If he kills the Thirteenth Young Master directly, it will definitely cause a huge sensation, and his identity is also likely to be exposed.

However, Qin Chuan already has something in his heart A strategy.

He could kill the Thirteenth Young Master and make sure that the Zhou family would not suspect him.

In fact, Qin Chuan wanted to kill the Thirteenth Young Master not only because the Thirteenth Young Master had harmful intentions to him, but also because he wanted to use the Thirteenth Young Master to help him. His death will mess up the forbidden area. Maybe he can fish in troubled waters and take advantage of the loopholes.

This is his real purpose.

However, Zhou Dingxia and the Thirteenth Young Master pursued Qin Chuan's traces.

After chasing for a while, the two felt that something was wrong.

"Auntie, why haven't you seen Qin Chuan's shadow after chasing him for so long? Didn't he just set off a little before us? Have we lost track?"

Zhou Dingxia also frowned, feeling a little unbelievable in her heart.

With her fourth-level Dzogchen cultivation, she actually lost a third-level warrior. No one would believe it if she told her.

"impossible? Did we lose track?"

At this moment, Zhou Dingxia couldn't help but have doubts.

But at this moment, she suddenly saw a figure passing by in the jungle ahead...

Chapter 2280

Seeing that figure, Zhou Dingxia's mediocre face showed a look of surprise

"Huh! Thirteen, the red-haired boy is in front. snort! I just said, with that kid's strength, how could he escape from the clutches of my aunt. Thirteen, we followed quietly."

At this moment, the Thirteenth Young Master also saw Qin Chuan's figure, and his face also showed joy.

"Auntie, how could that kid escape your pursuit with his strength? I think he is dead."

Hearing this, Zhou Dingxia showed a little pride on her face and said

"Thirteen, don't underestimate the red-haired boy. He is not very strong, but he has a good ability to sneak in the wild! Otherwise, we wouldn't have suddenly lost his whereabouts just now. This stealth ability makes it much easier for him to hunt ferocious beasts."

"hehe!"

The Thirteenth Young Master curled his lips disdainfully.

"What's the use of the light being able to sneak? Without enough strength, he will die eventually! Auntie, when are you going to take action against that boy?"

Zhou Dingxia thought for a while and said, "Isn't he going to Baihualin?" We'll do it when we get to Baihualin. It's far away from the forbidden area and we can kill him without anyone noticing. Even if someone finds his body there in the future, they won't suspect us."

"Um! I think so!"

At that moment, the two of them continued to follow.

But Qin Chuan in front of them deliberately walked around in front of the two of them and revealed his figure.

Then he deliberately slowed down and slowly lured the two of them towards Baihua Valley.

Otherwise, With his true speed, it would be difficult for Zhou Dingxia and the others to catch him.

"Listening to what they just said, they wanted to attack me in Baihualin, which is far away from the forbidden area. This is exactly what I want."

Thinking of this, Qin Chuan's mouth showed a proud smile, and then he continued to move forward.

In this way, Qin Chuan sneaked in front, and Zhou Dingxia and the others followed him from a distance.

The Baihua Forest was hundreds of miles away from the four forbidden areas. At Qin Chuan's true speed, it would only take half a day to arrive.

However, in order to lure the two people behind him, Qin Chuan slowed down.

This was mainly because the Thirteenth Young Master was too slow.

On the second day, Qin Chuan raised his eyes and looked ahead, with a hint of surprise in his eyes.

He saw a vast mountain forest in front of him.

In that mountain forest, hundreds of flowers bloomed, the fragrance overflowed, the mountain wind blew, and the flowers rained all over the sky. The scenery was very beauty

"What a beautiful scenery. It should be the so-called Baihua Forest. I didn't expect that the Baihua Forest is so beautiful."

Thinking of this, Qin Chuan smiled slightly, and rushed towards the Baihua Forest in a flash.

The Thirteenth Young Master and Zhou Dingxia behind him saw Qin Chuan's sudden speed, and their expressions changed slightly.

However, they saw the Baihua Forest in front of them. At this time, they all clearly showed joy

"Ha ha!! It turned out that we had arrived at Baihualin. I asked why the boy's speed suddenly increased. Hehe, that little bastard is dead! Auntie, let's catch up and take action!"

Zhou Dingxia also nodded slightly pretending to be profound:"Let's go!"

At that moment, the two entered the Baihua Forest.

However, as soon as Qin Chuan entered the Baihua Forest, he quickly disappeared into a mountain forest.

After the Thirteenth Young Master and the other two entered the Baihua Forest, they could not see Qin Chuan's figure and waited in confusion. At the same place.

However, the two of them soon discovered the footprints left intentionally by Qin Chuan and continued to follow them.

At that moment, Qin Chuan deliberately led the two people behind him to circle in the flower forest.

Not long after, Qin Chuan encountered a It was only a third-level flowered ferret.

Qin Chuan had heard Zhou Ying describe this flowered ferret, so he recognized it at a glance.

At that moment, Qin Chuan flicked his index finger and killed the ferret with a single blow of energy...
