Chapter 2281

After killing the flowered mink, Qin Chuan breathed a sigh of relief.

"The mission of killing the raccoons has been completed. Now it's time to execute the plan."

Thinking of this, Qin Chuan took the body of the marten to a remote valley. He first pulled off some hair from the body of the marten and spread it around.

Then he sprinkled some of the blood of the marten on the ground. , and made signs that the skunk had fled the scene.

After doing this, Qin Chuan put the body of the sable mink into the space of the God of War, and at the same time released Qiuqiu. As soon as Qiuqiu came out, he raised his little mouth , shouting"Goojigguji", with a look of resentment on his face.

During this period, it was suffocated in the God of War space.

In addition to sleeping every day, it ate Yuanqi Blue Gold, and had long wanted to go out for a walk, but Qin Chuan never let it out.

Seeing its appearance, Qin Chuan touched its little head and said,"Okay! OK! Little guy, this is a forbidden area for the four families. If I let you out, you will definitely be targeted. Then you and I will be in danger. Didn't I tell you?"

"Gujigguji!! Qiuqiu nodded obediently.

Qin Chuan smiled and said,"It's good that you know!" Little guy, I have to give you a very important task now."

At that moment, Qin Chuan whispered something in Qiuqiu's ear.

After hearing this, Qiuqiu immediately nodded and puffed up his chest confidently.

Seeing this, Qin Chuan smiled and said: "Then let's get started!"

But on the other side, Zhou Dingxia and the Thirteenth Young Master were struggling to find traces of Qin Chuan.

"Oh shit! This little bastard can really hide! Why was it that as soon as I entered the Baihua Forest, I couldn't find his shadow for a long time and only saw a few of his footprints!"

Zhou Dingxia thought for a while and speculated

"This kid's stealth skills are amazing! It seems that he must possess some kind of secret technique that can hide his aura, making it difficult for people to detect him. Therefore, after entering the Baihua Forest, we only saw his traces, but could not sense his aura, because his The breath is hidden. Hearing this

, the Thirteenth Young Master nodded in approval and said, "Auntie, I think what you said makes sense. Do you think it's possible that this kid has discovered us?"

Zhou Dingxia pondered for a while and said: "I don't think they found us. If he spotted us, he shouldn't have left traces for us to follow. With his strength, the first thing that comes to mind should be to get rid of us"

"makes sense! However, his footsteps are always intermittent, making it difficult for us to figure out his specific location and never catch up with him. This is really annoying."

Speaking of this, the Thirteenth Young Master's eyes were full of annoyance.

But at this moment, Qin Chuan's roar suddenly came from the valley not far away, and there were also fierce fighting sounds.

Hearing these sounds.

Thirteenth Young Master Shao Shao and Zhou Dingxia looked at each other in surprise

"Ha ha!! Auntie, that boy is in trouble. He must have encountered some vicious beast."

"Um! Finally found his exact location. Thirteen, let's go over quickly and take this opportunity to kill him! To avoid long nights and too many dreams!"

"good!"

Immediately, the two of them immediately chased in the direction of Qin Chuan's fight.

When they arrived at the place where Qin Chuan fought, they found that there were no traces of Qin Chuan and the beast there. There was only a trace of blood and a few white sticks on the ground. hair.

There are also two lines of footprints, one of human beings and one of vicious beasts.

"Since there is still blood, it looks like the fight was fierce!"

Zhou Dingxia walked forward with her eyes focused, picked up a few white hairs on the ground and looked at them. Then she put her fingers on the blood on the ground and smelled it.

Immediately, a look of surprise appeared on her face..

Chapter 2282

Seeing this, Thirteen quickly asked:"Auntie, have you discovered anything?"

Zhou Dingxia said with a slight surprise.

"This hair is the hair of the rhinoceros, and the blood on the ground is also the blood of the rhinoceros. Because the blood of this ferocious beast is different from other ferocious beasts, it has a musky smell, so it is easy to identify. And from all around, there was only a trickle of blood. This illustrates a problem"

"what is the problem?"

"This shows that Qin Chuan met a flowered mink. However, what was a bit surprising was that he actually severely injured the raccoon dog. Judging from the footprints on the ground, he must have been chasing the mink."

Hearing this, the Thirteenth Young Master unexpectedly nodded and said:"It is said that ferocious beasts of the same level are stronger than warriors of the same level. He was able to seriously injure the raccoon fox. It seems that he is not weak! Auntie, I think we should hurry up and catch up!"

"good!"

Immediately, the two wanted to follow the footprints on the ground.

However, before they could chase a hundred meters away, an earth-shattering beast roar suddenly came from behind them.

The entire valley was also shaken by this roar. The earth began to tremble and the mountains began to shake.

When they heard this beast's roar, Zhou Dingxia and the others' expressions changed drastically, and they quickly turned around.

Not far behind them, they saw that not far behind them, there was an unknown creature with a dragon's head and a lion's body, with two wings on its back. It was a strange and ferocious beast with three eyes on its forehead, one foot in length, and an unusually powerful appearance.

Seeing this ferocious beast, the two of them were immediately frightened out of their wits.

Zhou Dingxia even screamed:"No! This is the ferocious beast of the fourth level of Dzogchen. Thirteen, run away! I'll stop it!"

When the Thirteenth Young Master heard that this ferocious beast was actually a fourth-level Dzogchen ferocious beast, he immediately turned pale with fright, his legs became weak, and he even murmured to himself

"This...how is this possible? Didn't it mean that there are no ferocious beasts above level four in the Baihua Forest? How could there be a fourth-level Dzogchen beast?"

Zhou Dingxia said extremely anxiously: "Thirteen, why are you still standing there? Don't run yet!"

Although she is also a fourth-level Dzogchen practitioner, she does not have the confidence to deal with the fourth-level Dzogchen ferocious beast. Under normal circumstances, she loses more and wins less, so she is so anxious. At the same time

, she felt a little bit in her heart. She was a little surprised, how could a fourth-level Dzogchen beast appear in this flower forest? And it was something she had never seen before. However

, just because there were no fourth-level beasts before, it didn't mean there wouldn't be in the future. It's normal for beasts to wander around..Actually

, this fierce beast that suddenly appeared is Qiuqiu

"Could it be that this ferocious beast came from somewhere else? I thought this was the only possibility!"

After thinking about this, Zhou Dingxia looked very nervous.

At this time, she found that the Thirteenth Young Master was still standing there stupidly, and she was furious.

"Thirteen, why don't you run away? I can't protect myself now, and I won't be able to take care of you for a while!"

This sharp shout immediately woke up the Thirteenth Young Master from his stunned state, and he was about to run away.

But at this moment, Qiuqiu launched an attack.

It roared, kicked its limbs, and rushed towards the Thirteenth Young Master. Pounce.

Seeing Qiuqiu pounce on the Thirteenth Young Master, Zhou Dingxia was very anxious and shouted: "Evil beast! Don't hurt my nephew!"

At the same time, he drew out the scimitar from his waist and slashed at Qiuqiu.

Qiuqiu's combat power was much stronger than the ferocious beasts at the fourth level of Dzogchen Peak, at least not something Zhou Dingxia could resist.

I saw that it was not afraid of Zhou Dingxia at all. Attack.

Sweeping with one claw.

Click!

Zhou Dingxia's scimitar was immediately cut into two pieces. She even let out a groan and spurted blood and flew backwards.

In just one round, Zhou Dingxia was seriously injured by the ball.

That was about to happen. When the Thirteenth Young Master who was escaping saw this scene, his heart felt cold. He was so frightened that his legs went weak and he almost fell to the ground...

Chapter 2282

Seeing this, Thirteen quickly asked: "Auntie, have you discovered anything?"

Zhou Dingxia said with a slight surprise.

In just one round, Zhou Dingxia was seriously injured by the ball.

That was about to happen. When the Thirteenth Young Master who was escaping saw this scene, his heart felt cold. He was so frightened that his legs went weak and he almost fell to the ground...

Chapter 2283

Even Zhou Dingxia was seriously injured by the claw of the ferocious beast in front of her, let alone him.

This shows that the ferocious beast in front of him is too terrifying, and it is definitely not an ordinary ferocious beast.

But he said that after Qiuqiu knocked Zhou Dingxia away with one claw, he rushed towards the Thirteenth Young Master.

The Thirteenth Young Master screamed in fright, turned around and ran away.

However, Qiuqiu, who was chasing him, hit him in the head with his paw, killing him on the spot.

Zhou Dingxia spurted blood and flew backwards. As soon as she landed, she saw the scene of her nephew's death. She was filled with grief and anger. At the same time, she also felt extremely afraid of Qiuqiu's strength.

"Oh my God! What kind of beast is this? This is too scary! I am absolutely no match for it!"

At that moment, Zhou Dingxia didn't dare to avenge the Thirteenth Young Master. She didn't even care about the Thirteenth Young Master's body. She got up from the ground and ran away.

However, before she could escape dozens of meters, she heard Qiuqiu roaring behind her. , opened her mouth wide, and sprayed out thirteen rays of sword light at an extremely fast speed!

Zhou Dingxia heard the sound of breaking through the air behind her, and looked back, only to see thirteen rays of sword light speeding towards her. Her expression changed greatly, and she quickly dodged. She tried to avoid it.

But she didn't completely avoid it. She screamed and fell to the ground.

It turned out that her right leg was pierced by one of the sword lights.

"not good! It's over now, my right leg is seriously injured and I can't even escape."

At this moment, Zhou Dingxia's heart sank and became cold.

The strong fear made her hands tremble.

Roar!

A shocking roar.

Qiuqiu looked at her with contempt and gradually approached her.

Zhou Dingxia immediately His face changed with fear, and he shouted with a trembling voice:"No! Don't come over here!"

Ho!

Qiuqiu growled, sniffed in her direction a few times with his nose, and a look of disgust immediately appeared in his eyes.

Then, with Zhou Dingxia's surprised expression, Qiuqiu turned towards the body of the Thirteenth Young Master, and also used After sniffing for a few times, his eyes showed joy.

Then, he roared happily, picked up the body of the Thirteenth Young Master, and disappeared into the depths of the jungle without even trying to kill Zhou Dingxia.

Seeing Qiuqiu suddenly leave, Zhou Dingxia broke into a cold sweat and fell to the ground.

At the same time, her heart was filled with doubts.

"Strange, why didn't that terrible beast kill me? By the way, it just sniffed me a few times, showing a look of disgust, and then sniffed Shisan's body a few times, showing a look of joy. Could it be...could it be that the ferocious beast thought my aunt's meat was not delicious, so it took Thirteen's body away."

Thinking of this, Zhou Dingxia suddenly felt a mixture of sadness and anger. At the same time, she was also secretly annoyed about why Qiuqiu thought her meat was not delicious, and vaguely felt that it was an insult to her.

However, what Zhou Dingxia felt the most was sadness and anger.

She saw her eyes looking at The ball disappeared in the direction with an extremely malicious expression.

"Evil beast! How dare you eat my nephew! I will definitely let you be cut into pieces and die a happy death. Poor Thirteen! My aunt has only brought you out for a few days, but she doesn't want you to be killed by a vicious beast. No, I have to go back and report to Brother Dingtian quickly, asking him to avenge Thirteen and kill this beast!"

Thinking of this, Zhou Dingxia's face was full of grief and anger, and she limped towards the forbidden valley.

But Qiuqiu came to a remote place in the forest with the body of the thirteenth young master in his mouth.

Qiuqiu opened his mouth and took the body of the thirteenth young master. The corpse was put down with a look of disgust on its face. It didn't like the taste of blood because it never eats meat.

At this time, Qin Chuan's figure emerged from the forest.

"Qiuqiu, you did a great job!"

Qin Chuan patted Qiuqiu's head with satisfaction.

Just now in the valley, Qin Chuan had been hiding and watching, and he saw all the process..

Chapter 2284

Hearing Qin Chuan's praise, Qiuqiu also looked proud.

It turns out that all this was arranged deliberately by Qin Chuan.

Qin Chuan knew very well that if he wanted to kill the Thirteenth Young Master without making anyone suspicious, there must be a witness to prove that the Thirteenth Young Master was not killed by him.

This witness must speak with weight, and must be from the Zhou family.

He has already found this witness, it is Zhou Dingxia.

According to Qiuqiu's strength, killing Zhou Dingxia is a piece of cake.

The purpose of keeping Zhou Dingxia alive was to tell the Zhou family through Zhou Dingxia's mouth that the Thirteenth Young Master was killed by a ferocious beast and had nothing to do with him.

This is why Qiuqiu deliberately made an expression that Zhou Dingxia's meat was not delicious and let Zhou Dingxia go.

However, Zhou Dingxia injured one of her legs, and it was Qin Chuan who deliberately let Qiuqiu do this.

This will slow down Zhou Dingxia's rush back.

Qin Chuan can return to the forbidden area one step earlier than her, which can also remove some suspicions and avoid subsequent troubles as much as possible.

Also, Qin Chuan's previous exciting scene with Hua Li Diao was to clear away the suspicion that he was related to Qiuqiu.

The previous scene made Zhou Dingxia think that Qin Chuan had indeed fought fiercely with the squid and chased him away.

Then Qiuqiu appeared behind them.

Zhou Dingxia must have thought that Qiuqiu was also attracted by the sound of the fierce fighting in the valley. Such an appearance was very reasonable, but they were just unlucky and happened to meet Qiuqiu.

She would never have imagined that Qiuqiu was listening to Qin Chuan's orders, hiding aside, waiting for opportunities to move.

With their own suspicions cleared, Qin Chuan would not be implicated in the death of the Thirteenth Young Master. The Zhou family would only think that the Thirteenth Young Master was killed and devoured by a ferocious beast.

At this moment, Qin Chuan took a look at the Thirteenth Young Master's body and felt relieved.

The immortality of these thirteen young men would be a disaster after all, and he would never expect peace in the forbidden area in the future.

By solving him this time, I also eliminated the trouble for myself.

However, Qin Chuan knew very well that if the Thirteenth Young Master died, there would be an uproar later.

"Now that the Thirteenth Young Master is dead, the Zhou family will definitely send a lot of people to Baihualin to kill Qiuqiu and avenge the Thirteenth Young Master, but they may be disappointed."

Thinking of this, Qin Chuan said to Qiu Qiu: "Qiu Qiu, if you kill the Thirteenth Young Master, the Zhou family will definitely not let you go. You'd better hide in the God of War Order space first, and you won't be able to come out until absolutely necessary!"

Qiuqiu growled and nodded in agreement. It also knew the seriousness of the matter.

At that moment, Qin Chuan searched the body of the Thirteenth Young Master.

In addition to the defensive spiritual weapon Five-Escape Soft Armor, a black token, and A large bottle of Spirit Fire Jade Dew was found.

The black token looks very similar to the Blood Seal Token, but is twice as big. It is completely black.

The word "zhou" is engraved on the front and the word "order" is engraved on the back.

In fact, this black token is The card is called the True Seal Token, and it is a token owned by the direct disciples of the Zhou family in the forbidden area. With this token, one can freely enter and exit the Spirit Transformation Gathering Formation without time limit.

This is what Qin Chuan wants to get very much at the moment.

As for, that There were at least more than a hundred drops in a large bottle of Spiritual Fire Jade Dew, which greatly surprised and surprised Qin Chuan. He secretly thought that the Thirteenth Young Master was indeed worthy of being the doting grandson of the Second Elder, and he really had a lot of treasures.

With that With the Bottle of Fire Jade Dew, Qin Chuan's progress in cultivating Fire Yuan Qi will be greatly improved.

However, what Qin Chuan cares about most is the 'Five Escape Soft Armor'.

In fact, if he wants to kill the Thirteenth Young Master, that's it. In order to get this 'Five Escape Soft Armor'

"This Five-Escape Soft Armor is finally in my hands. With its help, I can go deeper into the center of the formation and learn more secrets.".

Chapter 2285

Qin Chuan's eyes showed joy.

Only by entering the center of the formation can he know more secrets of the forbidden areas. In other places, he cannot start with his strength.

Of course, with the Five-Escape Soft Armor, Qin Chuan can go to an area twice as high to practice, which invisibly speeds up his practice progress.

At the moment, Qin Chuan and Qiuqiu tested the power of the One-Fifth Escape Soft Armor.

When this five-escape soft armor is worn on the body, as long as the energy is input, a bright blue light shield can be formed.

Qin Chuan was pleasantly surprised to find that when he put on the Five-Escape Soft Armor and turned on the Five Elements Shield, he could block Qiuqiu's strongest blow without force. The attack with the power of 8,000 people improved his defense a lot..

This discovery made him greatly surprised and pleasantly surprised.

"Unexpectedly, the five-escape soft armor has such strong defensive power, and it can be regarded as a top-notch defensive weapon. Many people say that the more powerful a spiritual weapon is in the hands of an expert, the more powerful it can be. This five-escape soft armor was wasted in the hands of the Thirteenth Young Master."

Qin Chuan put the Five-Escape Soft Armor, the True Seal Token and the large bottle of Spiritual Fire Jade Dew into the God of War Token space with satisfaction.

Then, he let Qiuqiu scratch a few claw wounds on his body, and then let Qiuqiu Entering the God of War Order space.

After doing this, Qin Chuan released a ball of earth-centered flames and burned the body of the Thirteenth Young Master to ashes. Then he cleaned the scene and felt that nothing suspicious was left, so he Leave with peace of mind.

Next, Qin Chuan rushed back to the forbidden valley to start his next plan.

According to Qin Chuan's estimation, Zhou Dingxia's right leg was penetrated by Qiu Qiu's sword and the leg bone was broken.

Although such an injury is not fatal , but it cannot be cured in a short time.

Zhou Dingxia wanted to go back lamely with only one leg, which would take about four or five days.

Originally, at Qin Chuan's speed, running at full speed, it would only take half a day to get back to the forbidden valley.

But Qin Chuan didn't want to leave any mistakes, so it still took him two days to return to the valley.

Forbidden Valley, Zhou Family Camp.

Zhou Ying was assigning tasks to the two Blood Guards.

At this time, his eyes turned to the two Blood Guards Behind him, there was a look of surprise in his eyes.

Behind the two blood guards, Qin Chuan was seen walking over with a smile on his face, carrying the body of the squid.

However, Qin Chuan also had several deep wounds on his body. He was scratched and there was a lot of blood on his clothes. At first glance, he knew that it must have been a fierce battle.

Seeing Qin Chuan come back smoothly, Zhou Ying showed a hint of surprise in his eyes. At the same time, he was also surprised that Qin Chuan was really on his own. Human power succeeded in killing a mink

"Captain Zhou, I'm back!"

"good! Qin Chuan, you completed this mission well!"

Zhou Ying glanced at the body of Hua Li Ma and nodded with satisfaction.

When the two blood guards on the side saw the body of Hua Li Ma, there was a hint of surprise in their eyes.

One of them couldn't help but asked:"Qin Chuan , Did you kill this raccoon cat by yourself?

Qin Chuan smiled and said,"Yes!" This is the result of my hard work for a long time!"

Hearing this, the man looked at Qin Chuan's injuries and believed Qin Chuan's words. At the same time, he also admired Qin Chuan in his heart.

"This raccoon is very fast and can be said to be very difficult to deal with. Since you can hunt the rhinoceros alone, your strength is considered to be at the top of the third level. I am afraid that you are close to the peak of the third level."

"Unexpected! Not only did you become a third-level warrior at a young age, your actual combat ability is also so powerful! It really puts me to shame waiting!"

The blood guard couldn't help but sigh.

The other blood guard also nodded slightly.

The two of them looked at Qin Chuan in a different way. In the past, these two people saw Qin Chuan when he was only fourteen or fifteen years old. The third-level warrior was naturally surprised and admired, but also a little jealous.

He thought that Qin Chuan must have encountered some unexpected encounters before his strength improved greatly. In terms of real combat effectiveness, he should not be strong. After all, actual combat ability depends on It is useless to rely on random encounters to hone your skills through killing.

But today they saw that Qin Chuan actually hunted the raccoon dog alone. The trace of jealousy they felt before finally turned into admiration, and their attitudes towards Qin Chuan were also different. Got it..

Chapter 2286

At that moment, Qin Chuan said:"The two eldest brothers are very lucky, and the younger brother is just lucky!"

At this time, Zhou Ying smiled and said:"Qin Chuan, you don't have to be modest. According to what we said before, since you have completed this mission , go back to my place, exchange your old blood seal order for a new blood seal order, and go to practice in the spirit-transforming yuan-gathering array!"

"Thank you Captain Zhou, but my subordinate wants to heal his injuries first and then enter the big formation to practice in a few days."

"Um! That's fine! This is an oversight on my part, so you should heal your injuries in the next two days. I won't assign any tasks to you either. When your injury is healed, go to my place to receive the blood seal order!"

"That subordinate is taken care of by Captain Zhou!

At that moment, Qin Chuan happily handed over the squid and returned to his room.

The reason why Qin Chuan doesn't want to enter the Spirit Transformation and Yuan Gathering Formation now is because he is waiting for time.

I wonder if he can approach the center of the formation after putting on the Five-Escape Soft Armor? It's probably unlikely.

If his strength can reach level five, he can enter the center of the formation by opening a defensive shield at will.

It's a pity. Originally, this was an opportunity to move away the fifth-level warriors who were practicing in the formation so that I could act inside. But his current strength is too weak and he can't get close to the center of the formation!

Why! In any case, this is an opportunity. He just has to do his best. Now he should improve his strength more.

After thinking about this, Qin Chuan closed the door, took out the 'Earth Soul Pill', sat on the floor, and prepared to break through the earth energy.

Qin Chuan has more than a dozen of these 'Earth Soul Pills'.

With these dozen pills, Qin Chuan is fully confident that he can break through the earth energy to the third level.

Pour the light yellow Earth Soul Pill into the palm of his hand, smell the faint fragrance of the medicine, Qin Chuan's spirit perked up, and he felt the vastness of the earth and its boundless majesty, which aroused the boundless heroism in his heart.

This made his eyes light up, and he felt a touch in the depths of his soul.

"It is said that soil is the original spirit of the earth, which contains the honest and honest artistic conception of the earth. But what I just sensed is a kind of uninhibited and heroic feeling. This kind of perception is different from what people said in the past! Gives people a special feeling."

Thinking of this, Qin Chuan smiled slightly and didn't care too much that the artistic conception he touched was different from others.

After all, there are three thousand martial arts, all of which reach the sky. Everyone's understanding of elements is different. This is not only related to understanding, but also to people. It is related to the character of the earth, and sometimes it is also related to the external environment.

At that moment, Qin Chuan took an Earth Soul Pill and began to refine the pill seriously and experience the artistic conception of earth.

In this way, two days passed quickly.

These two days During the day, Qin Chuan took a total of seven Earth Soul Pills.

When he was about to refine the seventh Earth Soul Pill, Qin Chuan chose to go outside the valley to refine it because he sensed that he was about to break through.

Sure enough, when When Qin Chuan refined the seventh Earth Soul Pill, there was a clear sound in his head, and his heart suddenly opened up. An extremely comfortable mood spread everywhere. At that moment, he had the urge to look up to the sky and roar.

And the earth between heaven and earth Qin Chuan's earth energy also shook violently, forming a huge yellow cyclone around him, and a strong wind formed around the cyclone, rolling up the fallen leaves all around.

Qinchuan's earth energy finally broke through.

Such a vision was seen far away It can be sensed from miles away.

However, Qin Chuan had already made preparations. He chose to break through outside the valley because he was afraid that others would discover that his earth energy had broken through.

The place Qin Chuan chose to break through was very remote, far away from the forbidden valley. It is more than ten miles away, and it is reasonable to say that no one will notice it.

When all the strange phenomena disappeared, Qin Chuan's earth energy finally completed its advancement.

At this moment, his face was full of joy

"Sure enough, every time a warrior's vitality increases by a major level, it is simply an earth-shaking change!"..

Chapter 2287

Qin Chuan looked inside his sea of qi with satisfaction, and a drop of the spirit of his native earth had formed in the sea of qi.

Nowadays, Qinchuan except for Jin Yuan Qi is still at the first-level intermediate level, the rest of the four series of Yuan Qi have reached the third level or above, and the Fire Yuan Qi has reached the fourth level.

Especially recently, Qinchuan Huo Yuanqi has made great progress after practicing in the Spiritual Transformation and Yuan Yuan Formation for a while.

It's no problem to sweep across the fourth level with such combat power, but if it encounters the fifth level, it will still be easily killed.

The level barriers for warriors get bigger in the later stages. It is still a little heard that third-level warriors can defeat fourth-level warriors by leapfrogging. It is almost impossible for fourth-level warriors to defeat fifth-level warriors by leapfrogging. Even if it is possible, it is a legend..

As for a fifth-level warrior defeating a sixth-level warrior, I have never heard of it, at least never heard of fighting alone.

At most, it is said that a hundred years ago, three super powerful fifth-level Dzogchen practitioners joined forces to fight a sixth-level warrior.

Each of these three super powerful fifth-level Dzogchen warriors can easily defeat more than a dozen fifth-level Dzogchen warriors. However, when fighting alone, they are not the weakest opponents of the sixth-level warriors.

This is the difference in levels.

No matter how talented you are, you are still a five-series warrior, you can't resist the level gap.

Of course, the biggest gap is between the ninth level and the eighth level.

"The earth energy has finally broken through. It's time to go back. I wonder if Zhou Dingxia is back?"

Suppressing the joy of the breakthrough, Qin Chuan tidied up a little and went straight back to the forbidden valley.

When he returned to the valley, he inquired and found that Zhou Dingxia had not returned yet, so Qin Chuan continued to wait for the storm to break out.

Until the next day. In the morning, Zhou Dingxia returned to the valley with a cane in one hand and a pale face.

As soon as Zhou Dingxia returned to the valley, she brought back a shocking news: the thirteenth son of the third generation of the Zhou family was killed by a very powerful beast during an actual wild beast hunting. The strange ferocious beast killed and devoured the beast.

This news was like a detonated bomb, which exploded among the Zhou family's children. It immediately aroused the anger of all the Zhou family's children, and they all shouted to kill the evil beast. Revenge for the Thirteenth Young Master.

However, the Zhou family also felt very strange about the strange and powerful beast. According to Zhou Dingxia's description, they had never seen it.

In the end, it was speculated that the beast must be a mutated beast..

Generally speaking, the appearance of mutated ferocious beasts will change, and their strength will be stronger than that of ferocious beasts of the same level. This can easily explain why they don't recognize that ferocious beast, but it is super strong. Wait. Knowing this, all the Zhou family disciples in the valley, led by Zhou Dingtian, went to the Baihua Forest to kill the ferocious beasts.

Only Zhou Dingxia was left in the valley to recover from her injuries, as well as Zhou Qishao and Wu Wushao. These two powerful A very weak third-generation descendant.

Of course, the death of the Thirteenth Young Master soon spread to the ears of the other three clans.

However, this incident did not alarm the four ancestors of the Hidden God Valley.

After all, as the four ancestors, , they are not willing to take care of such things.

The four of them are old monsters who have lived for thousands of years. There is no telling how many descendants they will have in a thousand years. It is impossible for everyone to report to them whether they are born, old, sick or dead.

In the meantime, there is another thing Qin Chuan didn't know.

What happened was that Zhou Dingxia specifically asked Zhou Ying when Qin Chuan returned to the valley.

When she learned that Qin Chuan had returned to the valley two days ago, he still had claw wounds when he came back. Zhou Dingxia looked carefully After thinking about it, he didn't find anything suspicious, so he didn't ask any more questions.

However, Qin Chuan said that after Zhou Dingtian took the children of the Zhou family to Baihua Valley to kill the ferocious beasts, he received the blood seal order from Zhou Ying and entered the Spiritual Transformation and Yuan Yuan Formation. practice.

This formation has also been divided into four areas, and the northern area belongs to the training territory of the Zhou family's children.

This time Zhou Dingtian took the Zhou family's children away, and the three fifth-level children also left.

In this way , there were no fifth-level warriors in the formation, so Qin Chuan boldly approached the center of the formation. At least he didn't have to worry about encountering any Zhou family disciples in the area near the center of the formation...

Chapter 2288

In other words, after Qin Chuan entered the formation, he thought for a while, then changed out of the blood seal order, put on the real seal order of a disciple of the Zhou family, took off the blood guard uniform, put on the five-escape soft armor, and then put it on again A brocade coat.

This kind of dress is the identity of a direct descendant of the Zhou family.

Next, Qin Chuan activated his battle body to go berserk, turning into a evil god with white hair and red eyes.

Afterwards, he took another Yi Rong Dan.

This is not the first time Qin Chuan has taken Yi Rong Dan.

After taking the Yi Rong Dan for the second time, Qin Chuan's face turned dark, and even the skin on his body became dark. His originally handsome face became mediocre and even a little rustic.

Like a hick who has been exposed to too much sun.

The whole person is also a bit older, looking about seventeen or eighteen years old.

Qin Chuan was also surprised to find that the effect of the disguise was so powerful that even his white hair turned gray after the transformation. As for the color of his eyes, he himself couldn't see it.

After doing this, Qin Chuan breathed a sigh of relief.

With such a dress and appearance, even if he meets the children of the other three families in the depths of the formation, he can still pretend to be a direct descendant of the Zhou family. Anyway, there are no direct children of the Zhou family in the formation. If he dies without proof, neither will others. Dare to do anything to him.

At that moment, Qin Chuan walked towards the center of the formation under the pressure of the formation.

After traveling about five or six kilometers, Qin Chuan reached the limit of 41 times that he reached last time.

Generally speaking, if you want to enter the forty-one area, only fifth-level warriors and above can do it, because the vitality in the body of a fifth-level warrior is very powerful, and the automatically generated Qi Gang can withstand the pressure of the large array in the forty-one area. A fourth-level warrior cannot do this.

For ordinary fourth-level Dzogchen warriors, it is extremely difficult to reach the thirty-nine times area.

However, Qin Chuan is different. Although the power of vitality in his body is not as strong as that of a fifth-level warrior, his body is much stronger than that of a fifth-level warrior. Combining the two, he was able to enter forty times the area last time.

But this time, Qin Chuan's strength has improved a lot compared to the last time, and he wears the five-escape soft armor, so he can naturally go one step deeper than before.

However, as soon as Qin Chuan stepped into the No. 41 area, he felt his body sink suddenly, as if he had gained a thousand pounds all of a sudden. The pressure of the formation had exceeded his Qi Gang defense. Through the Qi Gang, it was directly exerted on him.

But at this moment, the Five-Escape Soft Armor automatically emitted a blue halo, offsetting part of the pressure of the formation.

Qin Chuan suddenly felt light all over his body and relaxed a lot. He said happily in his heart: "The automatic defense of this five-escape soft armor is really good!" With a light on his body, Qin Chuan continued to enter the forty-two times area, and then stepped in. As he entered, Qin Chuan's expression changed slightly. He felt that the pressure was greatly increased, but he had not yet reached his limit.

At that moment, Qin Chuan stepped forward forty-three times.

However, as soon as he entered area 43 this time, Qin Chuan felt that the pressure around him suddenly doubled, his limbs became extremely heavy, and the bones in his body were pressed loudly, as if he was about to be crushed, and the huge pressure crushed him even more. His face turned dark red, and it was extremely difficult to even move a small step forward.

"It seems that this is the limit of my limits, and it is difficult to move one step forward! It seems that the only option is to turn on the Five Elements Shield!"

The last time he entered the forty-fourth area from the forty-one area, it was the result of Qin Chuan opening the Five Elements Shield.

This time, Qin Chuan opened the Five Elements Shield again, and at the same time, he also input vitality into the Five Escape Soft Armor. The soft armor immediately released a blue light shield, which overlapped with the Five Elements Shield. The defense power was greatly increased, and the pressure on the body was relieved..

Chapter 2289

Qin Chuan also moved forward again.

This time, Qin Chuan stepped into the forty-eight area in one breath and could no longer move forward.

The five-element shield and blue light shield of the body have already been severely deformed by the pressure of the formation. If he takes another step forward forcibly, he may be injured by the shield.

"Why!"

Qin Chuan sighed helplessly.

"It seems that we still can't get close to the center of the formation! It's a pity that we finally encountered the threat of no fifth-level disciples in the formation, but we have to miss this great opportunity!"

Although he was very unwilling, Qin Chuan wisely retreated.

According to his estimation, he was still about a thousand meters away from the center of the array.

This thousand-meter distance was already very close. As long as he shouted, the center of the array would be People can hear it.

However, there is thick fog covering everything in the formation, and he can't see clearly the specific situation in the center of the formation.

He doesn't know whether there is anyone in the center of the formation. Everything is done by him listening to others. As said.

Even if there is someone in the center of the formation, it remains to be proven whether he is a descendant of the Qing family.

Therefore, it would be unwise to shout rashly before everything is confirmed.

Thinking of this, Qin Chuan retreated to forty-three times area, start meditating and practicing

"It seems that my strength is still too weak. As long as I am stronger, maybe there will be a way. It's better to take advantage of this opportunity to practice now!"

The concentration of fire energy here is forty-three times, and many disciples of the four tribes who have just entered the fifth level can only step into this area to practice.

But Qin Chuan's fire energy is only at the fourth level, but he enjoys the training environment of a fifth level warrior. , it can be said that he is uniquely endowed by nature, but it is also a blessing.

At that moment, Qin Chuan no longer wasted time, took out the Spiritual Fire Jade Dew he got from the Thirteenth Young Master, and actually took five drops of it at one time.

Logically speaking, this Spiritual Fire Jade Dew can be used once Just take one drop. Taking too much will increase the effect, but it will also cause waste.

Taking five drops at a time will naturally increase the effect several times, but it will also cause a lot of energy to be lost. It can be said to be wasted and very luxurious.

However, Qin Chuan just wants to improve his cultivation as soon as possible, and he can no longer care about so much, even if it is a waste.

He does not have so much time to stay in the forbidden area. If he stays for too long, it will inevitably reveal flaws and expose his identity. People on his side are still waiting anxiously outside.

Therefore, Qin Chuan now just wants to improve his cultivation as soon as possible and crack the secret of this formation as early as possible.

In other words, after Qin Chuan took five drops of Spiritual Fire Jade Dew in one breath, his body A large amount of fire energy was produced, which was automatically absorbed by Dantian. At the same time, forty-three times the fire energy from the outside world was also being absorbed crazily by Qinchuan. In just a moment, Qinchuan reached a state of internal and external fusion, and his own fire energy also Running at high speed in the meridians, he was instantly immersed in an explosive state of cultivation.

In this way, Qin Chuan's mind was completely immersed in the cultivation state, and his fire energy was also progressing crazily.

This time, his cultivation progress was even higher than his It would be twice as fast at a time.

Unknowingly, Qin Chuan practiced in the big formation without sleep for two days.

Until the morning of the third day, Qin Chuan was immersed in the joy of cultivation. Suddenly, he felt something was wrong. It seemed that something was wrong. Someone was staring at him.

This feeling startled Qin Chuan, and he quickly opened his eyes and looked around.

The fog was so thick in this forty-three-meter area that Qin Chuan could clearly see the scenery three meters away.

After looking around for a week, Qin Chuan found nothing.

But he still vaguely felt that there was a pair of eyes staring at him nearby, which made him very uncomfortable.

"strangeness! Why do I feel this way? Are there really people around here? But why can't I see him? Could it be that this person is a very powerful master?"

Thinking of this, Qin Chuan felt uneasy for a while, and then he immediately calmed down and listened carefully.

As soon as he listened carefully, Qin Chuan's face changed slightly, and he quickly turned around and looked behind him...

Chapter 2290

It turned out that he heard an extremely weak breathing sound coming from a dozen meters behind him, which fully demonstrated that there was someone there, and he was an extremely powerful master.

He was actually standing more than ten meters behind him, and he didn't realize it until now.

By the way, as soon as Qin Chuan turned around and stared, an old and surprised voice came from the thick fog.

"He has such a keen intuition that he can sense my direction. He is such a good little guy!"

As he finished speaking, a kind old man with white beard and hair and a wrinkled face walked out of the thick fog.

As soon as he saw this kind old man, Qin Chuan sensed a familiar sense of fear and looming pressure from him.

This This feeling, he had sensed from Phoenix Master and Teng Master, even stronger than Phoenix Master and Teng Master

"Could it be that this old man is an eighth-level warrior?"

When he thought of this, Qin Chuan's heart and soul were shattered.

There can only be four eighth-level warriors who will appear in this formation, and that is the ancestor of the four major families.

"Could this old man be one of the four ancestors? So whose ancestor is he? Aren't they all in Hidden God Valley? Why did you suddenly appear in this formation? This is not good. If I am questioned and my flaws are revealed, I will be in danger!"

Thinking of this, Qin Chuan's muscles all over his body tightened, and he immediately lowered his head, not daring to look at the old man. An inexplicable fear surged in his heart, and at the same time, thousands of thoughts ran through his mind, thinking about how to deal with the matter in front of him..At this time, the old man had already walked up to Qin Chuan and looked at him with a calm expression.

"Little guy, do you think you are young? He is only seventeen or eighteen years old, but he never expected that his talent is so extraordinary that he can enter the forty-third area to practice."

": It's just strange that your talent is so outstanding. Why have I never heard that among the four children of our family, there is an outstanding descendant like you? Boy, whose family are you a descendant of? Just say it quickly! Hearing this

, Qin Chuan smiled bitterly in his heart and lied bravely:"Senior, I am a descendant of the Zhou family!"

"What? Are you really a descendant of the Zhou family?"

The old man was a little surprised when he heard this, and at the same time there was a hint of surprise in his eyes.

His hint of surprise disappeared in a flash, but he happened to be seen by Qin Chuan.

Qin Chuan's heart moved, and he immediately said resolutely:"Not bad! This boy is a descendant of the Zhou family! If you don't believe it, senior, please read my Zhou family's true seal order."

As soon as he finished speaking, Qin Chuan took out the True Seal Token.

The old man glanced at it, waved his hand and said, "Haha!! No need to look, since you are wearing the true seal order of a descendant of my Zhou family, you must be a descendant of our Zhou family."

"No wonder you practice in our Zhou family area. It's just that I didn't expect that our Zhou family would have an outstanding son like you. This is really a surprise to me. By the way, are you a descendant of my husband's son?"

As soon as he asked this question, Qin Chuan suddenly became sweaty. It turned out that the person in front of him was actually the ancestor of the Zhou family. What's more terrible is that several of the sons of the ancestor of the Zhou family had passed away long ago. Except for the children of the Zhou family, outsiders knew their names. He didn't know, and Qin Chuan naturally didn't know. When the ancestor of the Zhou family asked him at this moment, he naturally couldn't answer.

If he hesitated, he would definitely arouse the suspicion of the ancestor of the Zhou family.

Just when Qin Chuan was anxious and didn't know what to do, he Suddenly his heart moved, he pretended to be extremely surprised, and his eyes were even more full of reverence.

"Oh my God! It turns out that the senior is actually the ancestor of our Zhou family. This is the first time that the boy has seen the true face of his ancestor! After saying that

, Qin Chuan pretended to be excited, saluted respectfully to the ancestor of the Zhou family and said: "The descendants Zhou Hengtu has met the ancestor!"

This Zhou Hengtu is actually the name of the Thirteenth Young Master..
