Chapter 2291

"It turns out that you are a descendant of the 'Heng' generation, no wonder you are so young! Hengzi generation is the youngest generation in the Zhou family. Ha ha!! I asked, why are you so young? Well, where does the little guy 'Heng' rank among his generation?"

"Report to the ancestor, ranked thirteenth?"

"thirteenth?"

Hearing this, the ancestor of the Zhou family frowned slightly and began to think.

Seeing the expression of the ancestor of the Zhou family, Qin Chuan was horrified and said to himself: "No! Could it be that the ancestor of the Zhou family already knew about the death of the Thirteenth Young Master?"

Just when Qin Chuan was feeling uneasy, the ancestor of the Zhou family let out another cry of surprise, and his eyes stayed on Qin Chuan.

At this moment, Qin Chuan's body was exuding a faint halo, which was the defense that the Five-Escape Soft Armor emitted independently. Halo.

And the ancestor of the Zhou family fell on the halo.

Seeing this, Qin Chuan was even more frightened.

This Five-Escape Soft Armor belonged to the Thirteenth Young Master.

Just when Qin Chuan was panicking in his heart, Zhou The ancestor seemed to remember something and smiled: "Haha!! I remembered that you are Xiao Yuanxi's grandson. Yuanxi mentioned to my husband that his grandson is very talented and ranks thirteenth."

"At that time, I just heard it and didn't think much about it, so I was a little impressed when you mentioned the thirteenth just now. Looking at the blue halo on your body, I guess it was Yuanxi who gave you his Five-Escape Soft Armor! It seems that this little kid Yuan Xi still loves your grandson very much. Hearing this

, Qin Chuan breathed a sigh of relief, lowered his head and replied:"Ancestor still has sharp eyes, and he can see at a glance that the kid is wearing grandpa's five-escape soft armor. Without this five-escape soft armor, the kid wouldn't be able to leave." Go to this forty-three times area to practice. The ancestor of the Zhou family shook his head slightly and said:"

Little guy, you can't say that, if you weren't strong enough." Even with this five-escape soft armor, you can't reach this area of forty-three."

"However, this also shows that you are very humble! nice! nice! Ha ha!! I never thought that our Zhou family would also produce a peerless genius."

"Little guy, let me tell you, ancestor, if you can keep studying and practicing hard, it is not impossible to step into the eighth level. If you can also become an eighth-level warrior, then our Zhou family will have two eighth-level warriors, and our status in Shenyang City will be greatly improved, without having to look at the colors of the other three families."

"As a descendant of our Zhou family, you should know very well that our Zhou family has always been considered the weakest among the four. Boy, you must fight for this honor for our Zhou family!"

"Ancestor, this kid can do it!"

"Ha ha!! That's good, ancestor, I'm optimistic about you!"

The ancestor of the Zhou family laughed loudly, with excitement and surprise in his eyes.

At this moment, he identified Qin Chuan as a descendant of their Zhou family. How could he not be excited that such an outstanding descendant should be born among his descendants.

Especially when he thought that this young man might become an eighth-level warrior, his heart became even more intense.

For a big family, no matter how many seventh-level and sixth-level warriors there are, they can't compare to one eighth-level warrior.

First of all, Not to mention the powerful strength of an eighth-level warrior, just talking about the life span of more than two thousand years can continue and protect the glory of a big family.

"Ha ha!! Little guy, the more I watch Laozu, the more I like it. Xiao Yuanxi said that you have good talents. In my opinion, you are good here and there. You are simply the elite among geniuses."

"This Yuanxi is real. I have such a powerful grandson and I don't want to show it to my ancestor. If I hadn't entered the big formation for something to do today, I might not have met you."

"Little guy, my ancestor came in a hurry today and didn't have any good greeting gifts. Here are three Yuanyang Pills, which will be of great help to your cultivation. I'll give them to you as a greeting gift!"

After hearing this, Qin Chuan was overjoyed and accepted it unceremoniously.

Qin Chuan had heard about this Yuanyang Pill, which can greatly improve the cultivation progress of fourth-level warriors..

Chapter 2292

At this moment, Qin Chuan was also overjoyed and said to himself:"I didn't expect that when I met the ancestor of the Zhou family in the formation this time, not only was his identity not discovered by the other party, but he also got huge benefits."

"After refining these three Yuanyang Pills, and then refining the Fire Jade Lotus King I obtained before, I will not be far from breaking through to the peak of the fourth level. As long as I practice hard in this formation for another two or three months, I should be able to Breakthrough! By then, maybe I can enter the fifty-fold area."

Thinking of this, Qin Chuan became excited.

However, Qin Chuan was not dazzled by this unexpected surprise.

He knew clearly that the reason why the ancestor of the Zhou family misidentified him was mainly because the ancestor of the Zhou family had never seen the Thirteenth Young Master..

Moreover, he has the True Seal Order symbolizing his identity as a disciple of the Zhou family, and he wears Zhou Yuanxi's five-escape soft armor, and he is about the same age as thirteen.

In addition, this is a forbidden area for the four tribes, and it is impossible for outsiders to enter here. Those blood guards did not have the strength to enter the forty-three times area.

All of these things made the ancestors of the Zhou family mistakenly believe that Qin Chuan was a descendant of their Zhou family, the thirteenth young master.

Although such lies allowed Qin Chuan to escape everything, in the end Will be found out.

Especially the ancestor of the Zhou family seems to attach great importance to Qin Chuan now. If he turns around and asks, he will soon know about the death of the Thirteenth Young Master, and then Qin Chuan's lies will be self-defeating.

At that time, It was time for Qin Chuan to die.

Therefore, after Qin Chuan accepted the Yuanyang Pill, he quickly woke up and asked carefully

"The boy first went through the ancestor's meeting ceremony. correct. Ancestor, what do you want to do in this formation this time? The ancestor of the Zhou family seemed to be in a very good mood and said,"This spirit-transforming element-gathering formation needs to be strengthened every six months." This time, it's my ancestor's turn to come here to reinforce, but I don't want to meet you here."

"By the way, ancestor, I came out this time and had some things to explain to that kid from Dingtian. Why didn't I sense his aura in the camp? Even the other fifth-level boys disappeared, but you were the only one who saw them. Do you know where your uncle Dingtian went?"

When he heard this, the corners of Qin Chuan's eyes twitched slightly. He naturally knew that Zhou Dingtian had led a group of Zhou family children to kill the ferocious beasts in Baihua Forest.

However, Qin Chuan naturally would not tell the truth, but half-heartedly. He lied half-heartedly: "Report to the ancestors, Uncle Dingtian, he took his uncles to the wild to kill a group of ferocious beasts. I heard that the group of ferocious beasts was large in number, and Uncle Dingtian could not kill them all by himself." "

The ancestor of the Zhou family frowned, shook his head and sighed: "Hey! Could it be that these children were panicking in the forbidden area and went out to get some fresh air. Forget it, it seems that I should wait a month before I come out to find him, ancestor."

"When the time comes, I will give an order to Dingtian and let the family train you with all their strength in the future. With your qualifications, if we don't devote all our efforts to cultivating you, we will be sorry for your talent!"

Hearing this, Qin Chuan's heart trembled, and he felt like crying without tears.

In other words, his identity will definitely be exposed in a month.

As long as the ancestor of the Zhou family mentions this matter to Zhou Dingtian, Qin Chuan's lies will naturally be ignored. Self-destruction.

At that time, after connecting the cause and effect, it was easy to suspect him.

However, Qin Chuan did not show panic, but pretended to be grateful and said: "Forefather Duo Zhou cultivated me! The boy will definitely practice hard!"

"Ha ha!! good! You can continue to practice here! Ancestor, I want to enter the center of the formation and strengthen the formation."

After saying that, the ancestor of the Zhou family was about to leave, but Qin Chuan called him to stop him.

"Ancestor, I have one more request. Can you agree to it?" ..

Chapter 2293

"oh? What request? Just say it! As long as this ancestor can do it, I will definitely agree."

"Ancestor, I have always been curious about what the center of this spirit-transforming Yuan-Gathering Formation looks like. However, with the boy's strength, he simply couldn't get close to the formation. I wonder if the ancestor can take the boy into the center of the formation to satisfy the boy's curiosity?"

"Ha ha!! I thought it was a big deal, but it turned out to be such a small thing. Well, since you want to take a look, I will take you there! Hearing this

, Qin Chuan was overjoyed: "Then the boy will go to visit the ancestor first.""

"Ha ha!! let's go!"

The ancestor of the Zhou family waved his hand, and a light shield covered Qin Chuan, helping Qin Chuan withstand the pressure of the formation, and then led Qin Chuan into the depths of the formation. At this moment, Qin Chuan He was also excited, because he would soon know the secret of this formation.

With the help of the ancestor of the Zhou family, Qin Chuan entered the center of the formation much easier, and could hardly feel the pressure of the formation.

Not long after, The two came to the forty-eight times area, which was also the limit that Qin Chuan could reach previously.

The two continued to move forward for more than five hundred meters and entered the forty-nine times area.

Once they entered the forty-nine times area, Qin Chuan Chuan's eyes immediately stared forward, showing a hint of surprise.

Because there was a green light point faintly appearing in front of him.

That green light point came from the center of the formation.

You must know that in this large formation, the fog is extremely thick, and the line of sight is It is difficult to reach three meters away.

Qinchuan is still at least 500 meters away from the center of the formation. He can still see the green light spot, which shows that the light emanating from the light source has extremely strong penetration. force

"Strange, what is that green light spot? How could it emit such a strong light?"

Qin Chuan was curious in his heart, but did not show too much surprise on the surface. He continued to follow the ancestor of the Zhou family towards the center of the array.

As he approached the center of the array, the green bright spots in front gradually became clearer, and he could vaguely see It was a green bead the size of a fist, suspended in the air.

Seeing the bead, Qin Chuan's heart beat violently, and he was even more excited.

"Green beads? Could it be the Blue Dragon Pearl? My father once described the appearance of the Qinglong Pearl to me. It looks like a green bead, but its size can be changed at will. However, the appearance of the Green Dragon Pearl is not that simple. I don't know if this bead is the Green Dragon Pearl."

The two continued to move forward.

When Qin Chuan was only a hundred meters away from the center of the array, he was surprised to find that in addition to the strong green light emitting from the previous green bead, there were actually nine mist-shaped blue dragons flying around it.

Look. At this scene, Qin Chuan no longer had any doubts in his mind. The green bead as big as a fist in front of him was the inherited artifact of his Qing family.

Because only the green dragon bead of their Qing family could produce such a strange phenomenon as the Nine Dragon Ring Bead.

"Blue Dragon Pearl! It's really the Blue Dragon Pearl! It turns out that there is really a blue dragon ball in this forbidden area, and it is in the center of the spirit-transforming yuan-gathering array."

"Ha ha!! I finally found a piece of useful information. As long as we can recapture the Blue Dragon Pearl in front of us, our Qing family will have hope of revitalizing, and grandpa can successfully advance to the eighth level."

Thinking of this, Qin Chuan was so surprised that he was so excited that he couldn't control his breathing and became a little hurried..

Chapter 2294

The ancestor of the Zhou family on the side immediately noticed something strange and said in surprise:"Little guy, you seem a little excited?"

Hearing this, Qin Chuan's heart trembled, he immediately calmed down, and nodded naturally:"Yes. , Ancestor! The boy is really excited, because he is about to see what the center of the formation looks like, and he can finally satisfy his long-standing curiosity."

"Ha ha!! What's so exciting about this!"

The ancestor of the Zhou family laughed.

"You young people are so curious! Let's go, the area ahead is fifty times larger, and we will soon reach the real center of the formation. There are things there that will make you more curious!"

It turns out that the fifty times area is very small. With the center of the formation as the center, there is an area of fifty times within a hundred meters.

However, as soon as the ancestor of the Zhou family finished speaking, a cold snort suddenly came from the center of the formation, Then there was an old hoarse voice.

"snort! Zhou Qian, you old man! Are you here to reinforce the formation this time? He even brought a little beast with him. Is this little beast a bastard from your Zhou family? I don't think this little bastard is very old!"

Hearing this extremely unkind question, Qin Chuan was shocked and looked under the Green Dragon Pearl.

Although he couldn't see clearly what was under the Green Dragon Pearl, the old hoarse and weak voice just now came from under the Green Dragon Pearl. What came from was the center of the formation.

Obviously, the speaker was in the center of the formation.

However, when the ancestor of the Zhou family heard that, a trace of anger flashed on his face, and then he sneered.

"Old man, you're still alive after being tortured like this. You're so tough! His mouth is still so annoying. However, your dog eyes are still as powerful as ever! You saw me from so far away"

"Ha ha!! Zhou Qian, my eyes are so bright, just to watch you traitors die miserably."

"snort! Stop talking nonsense. If you want to wait for me, Zhou, to die, you might as well think about how you can survive. Ha ha!! Don't even think about your Qing family coming to save you. After so many years, there is no movement from the Qing family at all. I think all of your Qing family have died long ago! Deadly!"

"You fart!"

The man in the center roared angrily.

"impossible! It is impossible for all of our Qing family to die! They must be hiding somewhere. One day, I, the descendants of the Qing family, will use the blood of you, a traitor, to commemorate your sins and wash away the grievances of our family!"

But Qin Chuan on the side was shocked when he heard this, and then felt a burst of ecstasy. It turned out that the person trapped in the heart of the array was indeed an ancestor of his Qing family.

"Ha ha!! Yeah?"

At this time, the ancestor of the Zhou family sneered disdainfully and continued walking towards the center of the formation with Qin Chuan.

"Qing Yanfei, I think you have given up on this idea! If there are still some of you Qing family members alive, why doesn't anyone come to snatch the Blue Dragon Pearl? I see that your Qing family has been completely extinct."

It seems that this sentence stimulated Qing Yanfei's weakest part, making him roar excitedly again.

"impossible! Absolutely impossible! It's because our Qing family has discovered that this is the conspiracy of the four traitors, so we won't fall for it."

Qing Yanfei, he can still live until now because he still has a belief in his heart that supports him. This belief is that the Qing family still has children alive.

Now, the ancestor of the Zhou family says that all the Qing family members are dead. This How could it not stimulate his most fragile heart?...

Chapter 2295

"Ha ha! Qing Yanfei, do you really think your Qing family is that smart? You, the Qing family, are all stupid pigs. If you weren't stupid, you wouldn't have been annihilated thousands of years ago!"

"Zhou Qian, you ungrateful traitor!"

Listening to the two people's scolding, Qin Chuan remained silent, but his heart was filled with ups and downs. Naturally, he hated the Zhou family even more, and he sympathized with Qing Yanfei who was trapped in the center of the formation.

But he also He didn't dare to interrupt, let alone ask any more questions. He was afraid that if he let something slip, there would be a flaw. After all, too many words would lead to mistakes. He didn't know if every member of the Zhou family knew the truth about the center of the formation, so he just Be a silent audience.

Not long after, Qin Chuan and the ancestors of the Zhou family finally arrived at the center of the formation.

Qin Chuan finally saw clearly what the center of the formation looked like.

In the center of the formation, he saw a hexagonal altar.

Every corner of the altar A rune stone tablet was erected at each corner, and an iron pillar was erected in the center of the altar.

And an old man with gray hair was tied to the pillar by a rune metal chain.

This old man should be Qing Yanfei.

At this moment , Qing Yanfei looked very miserable, with dried blood and knife wounds all over his body, his face looked extremely haggard, and his chapped lips were cracked. His eyes were even more cloudy, and his head drooped feebly. On his shoulders.

What is even more surprising is that he has six talisman knives inserted all over his body. The tail of each talisman knife is tied with a small metal chain connected to the corresponding rune stone tablet.

Qin Chuan is still vaguely aware of I saw that a stream of faint red air was continuously extracted from Qing Yanfei's body by the six rune knives, and then fed into the six rune stone tablets through the metal chain.

After the six rune stone tablets absorbed the red air flow, Each shot a faint red light beam towards the green dragon ball floating above Qing Yanfei's head.

The green dragon ball also absorbed the red light beam, and the green light was generous, forming a strange phenomenon of nine dragon ring beads around it.

At the same time, because of the approaching Because of this, Qin Chuan finally saw clearly that there was a lifelike little green dragon in the center of the green dragon bead, flying and jumping inside the bead.

Seeing such a scene, Qin Chuan was both surprised and saddened.

What surprised him was that, It was finally confirmed that the Green Dragon Pearl was within this forbidden area. What was sad and angry was that he could do nothing to see the ancestors of the Qing family being tortured in front of him.

Just when Qin Chuan had this thought in his mind, the ancestor of the Zhou family pulled the Looking at him, it is unfair to Qingyan

"Qing Yanfei, haven't you been praising the talents of your descendants of the Qing family? Are you saying that except for me, no one in the Zhou family will produce eighth-level warriors in the future? Sooner or later you have to withdraw from the ranks of the rich!"

"Today I will show you that I, Zhou Qian, have a successor. Our Zhou family also has talents, not inferior to your Qing family at all. Just open your eyes and look at the descendants of my Zhou family!"

"You see, he has cultivated to the fourth level at a young age. What about you, the children of the Qing family? That's all at most! snort!! Qing Yanfei, what else are you proud of? The beautiful Qing family in your heart is no longer there, so you'd better give up!"

Hearing this, Qing Yan fei looked up at Qin Chuan with difficulty, his expression changed slightly. Qin Chuan's talent really surprised him.

He was too far away before and couldn't see clearly enough. Now when he looked closer, he discovered Qin Chuan. He was only seventeen or eighteen years old, and he immediately felt resentful.

God was really unfair! It was really unacceptable that a despicable villain like Zhou Qian could have such an outstanding descendant! Although he thought so in his heart, on the surface But he pretended to be disdainful and said:"Ha! I thought he was such an outstanding son, but he turned out to be a guy with a dark face. You see, he looks so ugly, and he really fits the personality of your Zhou family! Ha ha!!"

Hearing this, Qin Chuan's mouth couldn't help but twitch..

Chapter 2296

The ancestor of the Zhou family said angrily: "Old immortal, although my descendant is not handsome, he is not as ugly as you said! Huh! Forget it, I don't have time to argue with you for these words."

"Anyway, you won't live much longer. We have drained most of the blood and essence from your body. When we drain all your essence and blood, it will be the time for you, this old guy, to die."

Qing Yanfei was not afraid at all and laughed.

"Ha ha!! It's better to drain it early! Once I die, you will no longer be able to activate this spirit-transforming Yuan Yuan Formation, and you will not be able to use my essence and blood to activate the Azure Dragon Pearl, and transform the Azure Dragon Holy Qi inside into fire energy to train the children of your four families."

"snort! Don't worry, we won't let you die so soon. At least you still have some value now. Back then, our four families deliberately arranged the Qing Longzhu conspiracy, didn't we just want to get the blood of your Qing family's children? At present, it seems that you are the only Qing family member in the world."

Hearing this, Qin Chuan's heart moved slightly, and he asked tentatively: "Ancestor, could this spirit-transforming element-gathering formation be transformed into the essence and blood of this old guy?"

Seeing Qin Chuan ask this question, the ancestor of the Zhou family smiled and shook his head.

"Little guy, what this spirit transformed into was not the essence and blood of this immortal. How could it be possible to transform such a strong fire energy with the essence and blood of this immortal. This old immortal is just like me, just an eighth-level peak warrior!"

Hearing this, Qing Yanfei was furious.

"Zhou Qian, if there weren't many of you back then and the four of you joined forces, would I have been caught by you? If you fight alone, how can you, Zhou Qian, be my opponent?"

"snort!"

The ancestor of the Zhou family snorted coldly, ignored Qing Yanfei, and continued to explain to Qin Chuan

"In fact, the Spirit Transformation and Yuan Yuan Formation is transformed into the Qinglong Holy Qi of the Qinglong Pearl. This Qinglong Holy Qi is the Holy Qi of the wood attribute. It must be drawn from the Qinglong Pearl using the essence and blood of the Qing family's children. We then use the property of wood to make fire to transform the Qinglong Qi into fire energy."

"This is the grand formation that I and the other three ancestors studied for nearly a hundred years back then. However, this formation has a shortcoming. The blood essence and blood of the Qing family's children must be used to elicit the Qinglong Holy Qi of the Qinglong Pearl. Otherwise, the formation will not be able to operate."

"In order to keep the formation running, the four of us designed to lure the Qing family's children into the forbidden area to grab the dragon balls, and finally caught this old guy."

Hearing this, Qin Chuan suddenly realized that he understood many of the key points.

He thought for a while and continued to ask tentatively: "Old Ancestor, I didn't see the old immortal's blood being used to activate the Azure Dragon Pearl in this formation. ah! The ancestor of the Zhou family smiled and said: "

It is naturally better to directly use blood essence to stimulate the Green Dragon Pearl. However, in that case, this old immortal will not be able to hold on for long, and will be drained of his essence and blood and die."

"So we inserted six essence-blood talisman knives into this old immortal's body, slowly extracted the essence and blood from his body, and turned it into essence to activate the Qinglong Holy Qi in the Qinglong Pearl. In this way, this hometown can last longer. , this formation will be able to operate for some more time."

"Ancestor, in other words, you don't have to go to such trouble. You can directly activate the formation with the blood and essence of the Qing family's children."

"You can say that!"

Hearing this, Qin Chuan's heart moved, and a hint of joy flashed across his eyes. He already had a plan in his mind.

He already knew that the Qinglong Pearl was in the forbidden area, and that an ancestor of the Qing family who was at the top of the eighth level was also trapped. In the big formation, the next thing he has to do is to find a way to secretly communicate with Qing Yanfei in order to achieve cooperation inside and outside.

Of course, now is definitely not the time..

Chapter 2297

At this time, Qing Yanfei cursed the ancestor of the Zhou family again.

The ancestor of the Zhou family seemed unwilling to argue with him anymore and began to strengthen the formation.

After a lot of work, the ancestor of the Zhou family completed the reinforcement of the formation.

Then, he suddenly said to Qin Chuan: "Little Thirteen, do you have any empty bottles with you?"

Qin Chuan felt strange, but he still took out two bottles containing elixirs, poured out the elixirs inside, and handed the empty bottles to Ancestor of the Zhou family.

The ancestor of the Zhou family took the bottle, stretched out his hand and grabbed a large ball of fire energy into his hand. When he spread it out again, there was a small ball of spiritual fire jade dew in the palm of his hand.

It turns out that the ancestor of the Zhou family actually condensed the surrounding fire energy into spiritual fire jade dew.

The Spiritual Fire Jade Dew originally belonged to the alienated liquid fire energy.

The reason why the ancestors of the Zhou family can condense it so easily is because the fire energy here is extremely strong.

Not long after, the ancestor of the Zhou family condensed two bottles of spiritual fire jade dew

"Little one, these two bottles of Spiritual Fire Jade Dew are also given to you, take them and practice hard!"

Hearing this, Qin Chuan took it over in surprise. These two bottles of Spiritual Fire Jade Dew contained at least four to five hundred drops. It was another unexpected gain.

"Thank you ancestor for your love!"

"Um! Little guy, you don't have to be so polite! You have also seen this heart, and my ancestor has also prepared reinforcements. Let's leave together."

At that moment, Qin Chuan followed the ancestor of the Zhou family back to the forty-third area.

"Little guy, Ancestor, I am going back to the Invisible Valley. You can continue to practice here! In a month, Ancestor, I will come out of the valley again, and then I will talk to Dingtian Xiaowa about you. However, you have to work harder yourself!"

"Thank you ancestor for cultivating me! The boy will definitely work hard!"

"good! Then you continue to practice! Ancestor, I'm leaving!"

Then, the ancestor of the Zhou family left alone.

After the ancestor of the Zhou family left, it took a while before Qin Chuan breathed a sigh of relief.

Fortunately, the ancestor of the Zhou family had not seen the Thirteenth Young Master, otherwise he would have been dead.. However

, his current situation is not good!

One month later, this old guy is going to find Zhou Dingtian. At that time, my identity will be exposed. I must get in touch with senior Qing Yanfei within this month. And handed over the secrets here to Brother Huo.

However, if I want to get in touch with Senior Qing Feiyan, I must enter the forty-nine area. With my current strength, I still can't enter!"

Thinking of this, Qin Chuan felt extremely sad. anxious

"It's better not to think so much and practice cultivation as soon as possible! Maybe if my fire energy breaks through to the peak of the fourth level, I can enter the forty-nine times area."

Thinking of this, Qin Chuan sat on the ground, took twenty drops of Spiritual Fire Jade Dew in one breath, and began to practice.

In order to speed up his practice, Qin Chuan did not care about waste or not, and he did not care that taking too much spiritual liquid would cause body explosion and death. In order to avoid the danger, he began to squander the Spirit Fire Jade Dew wantonly, and once again immersed himself in crazy cultivation.

Now, Qin Chuan has hundreds of drops of Spirit Fire Jade Dew on his body, so he has the capital to take it in such a luxurious way.

Such a luxurious consumption of Spirit Fire Although Jade Dew caused a lot of waste of fire energy, Qin Chuan's fire energy cultivation progress was also doubled.

In this way, unknowingly, the ten days of training time passed, and the medicine of the Disguise Pill The effect has passed, and he has returned to his original appearance.

In the past ten days, Qinchuan's fire energy has improved greatly with the help of a large amount of spiritual fire jade dew and rich fire energy.

Although Qin Chuan has a direct descendant of the Zhou family With the True Seal Order, he could continue to stay in the formation, but he did not continue to stay, but withdrew from the formation...

After returning to the camp, Qin Chuan first reported to Zhou Ying and inquired about the situation in the forbidden area.

Only then did he know. Zhou Dingtian took all the Zhou family disciples to the Baihualin area to search for traces of Qiuqiu. They searched for seven days in a row. The entire Baihualin land was turned over several times, but no trace was found.

Of course they couldn't find it, because Qiuqiu was hidden in Qin Chuan's God of War Order space.

Finally, Zhou Dingtian concluded that Qiuqiu must have strayed to other places.

But this forbidden space is hundreds of miles in radius, and he doesn't know where Qiuqiu wanders to.

If you want to catch Qiuqiu, you have to search the entire Baihua Forest. In this way, the Zhou family will naturally not have enough manpower.

Zhou Dingtian vowed to avenge the Thirteenth Young Master, so he had no choice but to ask the other three families for help.

The other three families readily agreed and sent most of the experts stationed in the forbidden area to participate in the search for Qiuqiu.

In other words, the defensive force in the forbidden area is now the most empty. Only a few disciples are left to guard, and the others are participating in the search.

In fact, even so, the four children are not worried that someone will attack the forbidden area.

Because there are still four ancestors sitting in the Hidden God Valley.

However, it was said that after Qin Chuan returned to Zhou Ying, he continued to perform the duties of the Blood Guard.

Because the target of this search was a fourth-level ferocious beast, none of the Blood Guards were sent out and they continued to perform their tasks as usual.

After Qin Chuan came out, the first task he performed was to guard the rune teleportation array in and out of Jiwuyuan.

The rune teleportation array that entered Jiwuyuan was in a small valley, more than ten miles away from the forbidden area.

It is usually guarded by two teams, each with two blood guards.

Each shift will be guarded for six hours. Once the six hours are over, the next shift will take place.

There is no night in this forbidden area, and there are people guarding it twelve hours a day, so it is divided into two shifts.

This is also the first time Qin Chuan has performed the task of guarding the rune teleportation array.

In fact, the main purpose of guarding the teleportation array is to prevent ferocious beasts from breaking into the valley and destroying the array.

The Zhou family is not worried about outside guards breaking into the forbidden area, nor is they worried about internal guards using this teleportation array to get out.

Because from this teleportation array, only direct descendants with the True Seal Order can pass freely. Other blood guards without the True Seal Order to protect themselves will be crushed by the power of the formation. This is a deliberate trick of the Zhou family, unless Only warriors of level five or above can resist this power of movement.

Last time, the six people from Qinchuan were able to safely enter the forbidden area under the protection of Zhou Dingtian.

The Zhou family also did this to prevent the inner guards from sneaking out of the forbidden area and the outer guards from sneaking into the forbidden area, thereby revealing the secret of the forbidden area.

Regarding this matter, Qin Chuan was informed the day after he joined the inner guard.

However, Qin Chuan is not worried about this problem, because he has the True Seal Order on his body and can freely enter and exit the teleportation array.

The only thing he had to do was how to enter Jiwuyuan through the teleportation array without being noticed.

However, this is not an issue that Qin Chuan needs to consider yet.

After all, he hasn't contacted Qing Yanfei in the formation yet, and he hasn't gotten the information he wants.

And once he activates the formation and enters the Jiwuyuan, Qin Chuan's identity may also be exposed.

Anyone who sees an inner guard suddenly entering Jiwuyuan through the teleportation array will guess that there must be something wrong with this inner guard. Because without the help of the direct descendants of the Zhou family, it is impossible for the inner guards to enter Jiwuyuan alone.

According to the Zhou family's regulations, if any internal guard is found to disobey orders and enter Jiwuyuan alone.

Even if he was lucky enough to survive due to the power of the teleportation array, he would be killed on the spot by the blood guards guarding the Jiwuyuan side.

Therefore, Qin Chuan will not easily enter Jiwuyuan without collecting enough information, because he will not have a second chance...

Chapter 2299

Therefore, during the period when Qin Chuan was guarding the teleportation array, except for guarding the teleportation array for six hours, Qin Chuan still took a large amount of Spirit Fire Jade Dew and continued to practice for the rest of the time.

In order to improve his cultivation as soon as possible, Qin Chuan only slept for an hour in two days.

Qin Chuan spent three days in such crazy practice, and he frantically consumed a hundred drops of the Spiritual Fire Jade Dew in these three short days.

On this day, Qin Chuan opened his eyes from practice as usual in the house.

The cultivation effect of this Spiritual Fire Jade Dew is really good. The progress of cultivation in the past few days is really amazing! Now is the time to break through.

He doesn't have much time. In seventeen or eight days, the ancestor of the Zhou family will leave the valley. He will be exposed by then, so he must complete the plan before the ancestor of the Zhou family leaves the valley."

Thinking of this, Qin Chuan couldn't help but feel a little anxious.

At that moment, he took out the three Yuanyang Pills given to him by the ancestor of the Zhou family, and started taking them to refine them, preparing to break through the fire energy to the peak of the fourth level.

In the next three days Here, Qin Chuan refined all three Yuanyang Pills, and his Fire Yuan Qi also made great progress, but he was still far away from the fourth level peak.

After that, Qin Chuan took out the treasured pill that had been The long-lasting Fire Jade Lotus King continued to take refining.

This time, it took another three days for Qin Chuan to refine the entire Fire Jade Lotus King.

Qinchuan's Fire Yuan Qi finally broke through to the peak of the fourth level.

"Ha ha!! What I expected was indeed correct. After refining three Yuanyang Pills and this Fire Jade Lotus King, my Fire Yuan Qi has indeed broken through to the peak of the fourth level, and my combat effectiveness has been greatly enhanced!"

At this moment, Qin Chuan is very excited.

However, he has more important things to do.

In twelve or three days, it will be the day when the ancestor of the Zhou family comes out of the valley. He does not have much time. He must hurry up and talk to Qing Yan. Contact the non-ancestors."

Now, his strength has improved again, and he already has some confidence in entering the forty-nine times area.

Thinking of this, Qin Chuan walked out of the room, and quietly entered the spirit-gathering and metamorphosis formation without anyone noticing. Now

, the only Zhou family disciples in the forbidden area are Zhou Qishao and Wujishao, and the rest are searching for Qiuqiu everywhere. Even after Zhou Dingxia recovered from her injuries, she participated in the search and suppression.

Among the Zhou Qishao and Wu Wushao who stayed in the forbidden area, including all the blood guards, none of them were stronger than Qin Chuan.

It would be easy for Qin Chuan to sneak into the Soul Gathering Formation without anyone noticing.

After entering the formation, Qin Chuan quickly changed out of his blood guard uniform, transformed into a battle body, and put on a silver mask.

This time, he didn't take the Yi Rong Dan.

After doing this, Qin Chuan headed towards the center of the formation.

Soon, Qin Chuan entered the area forty-eight times the last limit area.

The Five Elements Shield and Five-Escape Soft Armor outside his body automatically emitted a blue light shield, and both began to deform under the pressure of the formation.

However, Qin Chuan did not stop and continued to move towards the Forty-Nine area.

When Qin Chuan entered the Forty-Nine area, the pressure around him suddenly doubled.

Qin Chuan only felt a tightness in his chest, his legs were shaking slightly, and the light shield outside his body was shaking violently, almost breaking.

However, Qin Chuan was able to withstand the pressure in the end, and the light shield did not break, but was severely deformed, obviously reaching the edge of rupture.

Seeing this, Qin Chuan cheered in his heart: "Haha!! I can finally enter the forty-nine times area. It seems that my crazy training during this period has not been in vain! If I can't enter the forty-nine area today, I don't know how to implement the rest of the plan."

Thinking of this, Qin Chuan let out a breath and moved step by step towards the center of the formation with great difficulty, despite the huge formation pressure.

Here, it is still quite far away from the center of formation, at least four to five hundred meters away...

Chapter 2300

Qin Chuan continued to move forward, preparing to reach the junction of forty-nine and fifty times.

With his current strength, he naturally cannot enter the fifty-fold area and reach the center of the formation, but as long as he can reach the junction of forty-nine times and fifty times, Qin Chuan will naturally have a way to communicate with Qing Yanfei.

The junction area between forty-nine and fifty times is only a hundred meters away from the center of the formation.

Through what happened last time, Qin Chuan discovered that Qing Yanfei's eyesight was extremely strong and he could clearly see things a hundred meters away in this dense fog.

What Qin Chuan had to do was to let Qing Yanfei see his appearance clearly.

Only in this way can he carry out his plan.

But Qin Chuan moved towards the center of the formation with difficulty, one step at a time.

After walking about a hundred meters, Qin Chuan suddenly stopped, his face changed slightly, and he turned his head to look to the other side.

It turned out that there was a sudden sound of footsteps not far to his right.

"Why are there footsteps? Are there other people in this forty-nine times area? If there is someone, then this person must be a direct descendant of the four families!"

Qin Chuan was shocked when he thought that this man was a descendant of the fourth family. He secretly thought that something was wrong.

He is now wearing a mask and has the Five Elements Shield turned on. Anyone who sees this look will see that there is something wrong with him.

Thinking of this, Qin Chuan wanted to retreat and avoid the person.

However, the person seemed to have noticed him. As soon as Qin Chuan stopped, the person also stopped.

Just as Qin Chuan wanted to step back, the person immediately moved and moved towards Qin Chuan came here quickly

"Why! It seems that he discovered my whereabouts. I might as well stop where I am and wait for him to come over. If I ran away now, he would definitely know there was something wrong with me."

When he thought of this, Qin Chuan no longer retreated, but asked coldly in the direction of the person: "Who is it?"

The visitor did not answer, but walked quickly towards Qinchuan.

When the visitor was only five or six meters away from Qinchuan, he also saw Qinchuan's appearance clearly, his face suddenly changed slightly, and he immediately asked in a cold voice. : "Who are you? Why did you secretly wear a mask and enter the forbidden area of our four tribes? What is your intention?"

At this time, Qin Chuan also saw the person clearly.

The person was a middle-aged man in his forties with a gloomy face.

When he saw the appearance of this middle-aged man, Qin Chuan vaguely remembered that he had seen him there. , he thought carefully and immediately remembered who this man was.

But when he thought of who this man was, Qin Chuan's heart trembled, his expression under the mask changed drastically, and he almost turned around and ran away.

However, he restrained his behavior, There was no panic in his eyes, and he still pretended to be calm.

It turned out that Qin Chuan had a relationship with this middle-aged man.

At first, Wei Qingshan, a descendant of the Wei family, was assassinated by Mr. Bai in the Tianhe Martial Arts Hall. Later, a descendant of the Wei family came Check the scene.

The man who went to the assassination site to check was the middle-aged man in front of him, Wei Qingyan, a sixth-level warrior.

He was also the first sixth-level warrior Qin Chuan saw, so the impact was profound, and he recognized him immediately However

, Qin Chuan recognized Wei Qingyan.

Even if Wei Qingyan saw Qin Chuan's true appearance, he might not be able to recognize Qin Chuan. After all

, Qin Chuan was just a young man who had just entered martial arts at the time, an insignificant person. How could a small person like Wei Qingyan pay attention to a small person like Qin Chuan?

At this time, Wei Qingyan took another step closer to Qin Chuan, put one hand on the long sword at his waist, his eyebrows condensed with murderous intent, and asked coldly "Why haven't you answered yet? Who are you?"

Seeing Wei Qingyan approaching him with an unkind expression, Qin Chuan was horrified, and there was also a trace of fear in his heart, and more importantly, anxiety.

The other party was a sixth-level warrior! He could easily kill him in seconds. I'm afraid he can't answer well with just one answer. , he will be beheaded by the opponent on the spot.

"snort! Do you think you can escape if you don't speak? It seems that I have to teach you a lesson first!"

Wei Qingyan suddenly snorted coldly. He tightened his grip and was about to pull out the long sword...
