

God level 2301

Chapter 2301

Seeing this, Qin Chuan became anxious and shouted: "Uncle Qingyan tribe, wait a minute!" When

Wei Qingyan heard his shouting, he immediately let out a cry of surprise and said in surprise: "You know me? Who are you?"

Qin Chuan Seeing that Wei Qingyan really stopped, he breathed a sigh of relief, turned his eyes slightly, and then lied.

"Of course, my nephew knows his uncle from the Qingyan tribe, because he is his younger brother. If the clan uncle doesn't believe it, here is the true seal order representing the nephew's identity."

After saying that, Qin Chuan showed the True Seal Token.

After listening to Qin Chuan's words, Wei Qingyan glanced at the True Seal Token again. Instead of showing surprise, he became even more angry, and then sneered.

"Ha ha!! Boy, who the hell are you kidding? Do you think I, Wei Qingyan, am a fool? I think you are looking for death! Come on, who are you? Why pretend to be a descendant of the Zhou family? If you don't tell the truth, I will kill you!"

Seeing that Wei Qingyan didn't believe it at all, Qin Chuan didn't expect it.

However, he didn't panic because of it. He pretended to be surprised and said: "My nephew doesn't understand, why does Uncle Qingyan think that my nephew is not a descendant of the Zhou family?"

"Ha ha!! Boy, if you still don't admit it, I think you are determined not to give up until you see the King of Hell. You want to know why? I can tell you one by one"

"You can enter the forty-nine area, which means that although your strength is not yet at level 5, it is at least the peak of level 4 Dzogchen, and it is much stronger than most of the peaks of level 4 Dzogchen."

"Now, you, the Zhou family, have united with the children of our three clans to hunt down the ferocious beast that killed the thirteenth son of the Zhou family. In your Zhou family's forbidden area, all the disciples above the fourth level have participated in the search and suppression. Why didn't you go to participate in the search and suppression with your strength, but stayed here instead? How do you explain this?"

"Of course, this is just one of them. And secondly, the five colors of energy in you are flowing, and you are obviously an extremely rare warrior of the five elements. Five-line warriors are extremely rare, and it is rare to see one even in hundreds of years."

"I have never heard that the Zhou family has five-line warriors, or even one dual-line warrior. If there were children of the fifth lineage among the Zhou family's children, it would have caused a sensation in the whole city. There is absolutely no way I wouldn't know about it. How do you explain this to me?"

"And thirdly, since you are a descendant of the Zhou family, why do you wear a mask and act sneakily in the formation? If there is no ghost in the heart, it is absolutely impossible to do this. And fourthly, you know that you are not strong enough, so why do you use all your defenses and forcefully break into area 49? How do you explain this?"

"Please explain the above four points to me one by one. If there is no reasonable explanation for even one of them, hum! Then I will treat you as an outsider invading the forbidden land of our four families, so don't blame me for being rude!"

Hearing these words, Qin Chuan was frightened in his heart.

Obviously, the Wei Qingyan in front of him is not a good person.

Not only is he powerful, but he is also thoughtful enough. I'm afraid that if he doesn't answer well, the other party will take advantage of him..

Thinking of this, Qin Chuan said carefully:"Uncle Qingyan doesn't know. The reason why I did not participate in the search and suppression activities is because I followed the order of my ancestor

not to show my face and let more people know me. This is also a boy." Reasons for wearing a mask all the time."

Hearing this, Wei Qingyan was furious:"Absurd! How could the ancestor of the Zhou family give such an instruction? Boy, if you talk nonsense to me again, I will kill you right now! Don't think that you can escape all questioning by taking out the ancestor of the Zhou family."

Qin Chuan said in a sincere tone.

"Uncle Qingyan, everything my nephew said is true. Because the boy has been extremely talented since he was a child and is a martial artist of the fifth element, he has been secretly trained by his family. My ancestor also gave instructions like this. According to his wishes, if my nephew doesn't sing, then he will be a blockbuster."

"snort! Do you think I would believe your nonsense?"

Wei Qingyan's face is still cold, but his tone is slightly better than before. Obviously, the possibility Qin Chuan said does not exist.

However, this possibility is too unexpected, and he still does not believe it in his heart...

Chapter 2302

Qin Chuan smiled bitterly and said,"I know Uncle Qingyan won't believe it, but everything my nephew said is true.!"

"Ha ha!! I think every sentence is a lie, right? By the way, you said your talent is very good. I see that you have white hair and you seem to be quite young. Take off the mask and let me see what you look like. Hearing this

, Qin Chuan sighed softly:"Since the uncle of the Qingyan tribe wants to see the true face of my nephew, then the nephew will let the uncle of the tribe get to know my nephew.""

After saying that, Qin Chuan readily took off his mask and showed his true face to Wei Qingyan.

In fact, he knew very well that Wei Qingyan would definitely see his true face.

If he found various reasons to shirk it at this time, , will only make Wei Qingyan more sure that he is pretending to be a descendant of the Zhou family, that is, he is seeking death. It is better to readily agree to Wei Qingyan's request and make him less suspicious.

Sure enough, when Qin Chuan did this, Wei Qingyan There might be a look of surprise in Qingyan's eyes. He didn't expect Qin Chuan to take off the mask so readily.

However, when he saw Qin Chuan's appearance clearly, a look of horror immediately appeared in his eyes.

Hey! This kid looks young. Big!

He seems to be only fifteen or sixteen years old.

Oh my God!

To achieve such strength at the age of fifteen or sixteen is definitely considered a genius among geniuses.

From this point of view, what he said before is possible, If this is really the case, does the ancestor of the Zhou family want to gain some face?

However, the Zhou family can hide such a genius boy for so many years, and the three of us have not found any signs. This is a bit unreasonable?

Unless there is another inside story! One more thing, I Why do you think this kid looks familiar? But why can't I remember seeing him there? Could it be that I accidentally met him at Zhou's house, so I have such a feeling of deja vu?" At this moment, Wei Qingyan couldn't help but frowned and pondered. , and asked after a moment:"Have I seen you there? Why do I think you look familiar?"

"this....."

Qin Chuan hesitated for a while and said.

"My nephew had seen Uncle Qingyan from a distance in the Zhou family, so he could recognize him at a glance today. As for whether Uncle Qingyan has met his nephew, it's hard to say! Hearing this

, Wei Qingyan frowned slightly:"Is there such a thing?"

At this moment, Wei Qingyan also started to murmur in his heart, secretly thinking:"Did I really meet him accidentally at Zhou's house?"

"Hey~! No, I seemed to be following the kid in front of me unconsciously."

Wei Qingyan suddenly woke up, and at the same time there was a burst of anger in his heart, and he immediately said coldly.

"snort! No matter how much you say, I still have doubts about your identity because many of your explanations are unreasonable. I don't think it's better than this. If you are really a descendant of the Zhou family, you should first follow me to our Wei family camp as a guest."

"When all your Zhou family elders come back, I will go find them to confirm your identity. If you are really a descendant of the Zhou family, I will let you go. Otherwise, hum! You know the consequences!"

Now, in the forbidden area, only Master Zhou Qishao and Master Wuwu are left in the Zhou family camp.

Wei Qingyan wants to confirm Qin Chuan's identity, so naturally he will not ask Zhou Qishao and the others. He will definitely wait for Zhou Dingtian and others to come back. Confirmed with Zhou Dingtian.

However, Qin Chuan would not agree to this request. If he really went to the Wei family camp, he would be waiting to die.

At this critical moment, Qin Chuan had an idea and thought of an idea...

Chapter 2303

At this critical moment, Qin Chuan came up with an idea.

"Uncle Qingyan. I don't think there's any need to go to such trouble. I have a way to prove that I'm a descendant of the Zhou family."

"Yeah? If you have a way to prove it. Of course I won't embarrass you!"

"good! Uncle Qingyan, didn't you just ask me why I came to this area? Actually, I came here to scold Zhenxinchu Qingyan for being the old immortal. Last time my ancestor took me to visit the center of formation. I didn't want this old immortal to keep insulting my ancestor."

"The younger nephew got angrier the more he thought about it afterwards, and wanted to come over alone today to scold this old immortal."|

"And this thing?"

Wei Qingyan had a look of disbelief in his eyes, but he was still a little surprised that Qin Chuan actually knew Zhen Xin Qing Yanfei's name.

Only second-generation or above disciples of the four families knew Qing Yanfei's name. None of the disciples knew it, and it was even less likely for outsiders to know it.

So at this moment, Wei Qingyan couldn't help but believe Qin Chuan's words.

However, he was still more suspicious.

"So how do you prove it? Wei Qingyan asked.

Qin Chuan smiled slightly:"Uncle Qingyan, please keep an eye on me!" After saying that

, Qin Chuan shouted towards the center of the formation:"Qing Yanfei, you damn old man, do you still remember who I am?""

In the thick fog, Qing Yanfei, who was sleeping with his eyes closed, woke up when he heard this shout.

At this time, Qin Chuan shouted again.

Qing Yanfei finally heard clearly, and he heard Qin Chuan's voice again, and he suddenly He was so angry that he immediately began to curse.

Deep in the heart of the formation, Qing Yanfei's curse came from

"It's you, little bastard. Aren't you the little bastard who followed old man Zhou Qian that day? Do you think I can't hear your voice?"

"You little bastard, you actually came here to amuse me at all costs. You look so ugly and you dare to show up in this world. If I had grown up like you, I would have killed you with a piece of tofu!!"

At that moment, Qing Yanfei started to curse continuously, and the curse was very unpleasant, which made the corners of Qin Chuan's mouth twitch.

However, when Wei Qingyan heard the curse, he immediately believed that Qin Chuan was a descendant of the Zhou family.

Because he I heard that Qing Yanfei's tone was really full of anger, and it didn't look like he was being fake. Anyone who could be with the ancestor of the Zhou family must be a child of the Zhou family, or someone with a strong connection.

Thinking of this, Wei Qingyan said:"It seems that you really went to see Qing Yanfei with your ancestor a few days ago, so Qing Yanfei could recognize your voice. It seems that I misunderstood you. In that case, I'm leaving. I hope you don't mind the previous misunderstanding! Hearing this

, Qin Chuan breathed a sigh of relief and said with a smile:"Of course my nephew won't mind!" I wonder what Uncle Qingyan wants to do when he comes to the formation?"

"I just happened to pass by here, so I dropped in to take a look. I didn't expect to see you."|

At the moment, Wei Qingyan said a few more words to Qin Chuan and said goodbye.

However, before leaving, he was still muttering in his heart: "I still have some doubts about whether this boy is a descendant of the Zhou family. It seems that I should wait for Zhou Dingtian and others to come back to confirm again."

Seeing that Wei Qingyan finally left, Qin Chuan was relieved in his heart. He waited for a while and saw that Wei Qingyan did not come back before continuing to walk towards the center of the formation.

At this moment, Qing Yanfei in the center of the formation was still cursing.

When Qin Chuan reached the edge of the boundary between forty-nine times and fifty times, he could already see the Green Dragon Pearl.

Qing Yanfei in the thick fog was stunned when he saw Qin Chuan's appearance.

Because the way he saw Qin Chuan this time was so different from the last time, he was naturally stunned...

Chapter 2304

After a while, Qing Yanfei said in surprise: "Boy, why have you suddenly changed? What's going on?"

Hearing this, Qin Chuan felt happy: "It seems that this senior Qing Yanfei can really see me clearly. It's better like this!"

Thinking of this, Qin Chuan said coldly: "Old man, are you surprised, right? There are more things that surprise you in this world. Many things cannot be taken at face value. , the surface is not necessarily the truth. If you don't believe it, take a look at this again!"

After saying that, Qin Chuan took out the dagger prepared in advance and cut the blood vessels on his wrist, then used his vitality to stimulate and shot a blood arrow at the green dragon ball.

"Huh! What are you doing?"

Seeing Qin Chuan do this, Qing Yanfei showed confusion.

But just when Qing Yanfei was puzzled, the blood arrow shot by Qin Chuan had already hit the green dragon bead.

As soon as the blood arrow touched the green dragon bead, he immediately After being sucked in by the Azure Dragon Pearl, there was a soft roar, a green light emitted, and the nine mist-shaped Azure Dragons surrounding it became more solid.

Seeing such a change, Qing Yanfei suddenly opened his mouth in surprise, and Shi Shi didn't know what to say, but he knew very well in his heart.

Only the essence and blood of the Qing family's children could achieve the changes just now. The blood of ordinary people could not cause the slightest change in the Qinglong Pearl.

"Could it be that this young man is not a descendant of the Zhou family, but a descendant of our Qing family? Is this... so possible?"

Deep in the thick fog, Qing Yanfei watched in disbelief as Qin Chuan stopped the bleeding.

He saw with his own eyes that the blood was cut from Qinchuan's veins and shot out with blood arrows. This shows that Qin Chuan's body is filled with the blood of Qing family members. There is no doubt about this. This point cannot be disguised.

But how the young man in front of him was with the ancestor of the Zhou family a few days ago puzzled him greatly.

However, Qing Yanfei was not a fool.

He When I think about the fact that Qin Chuan and the ancestor of the Zhou family were together a few days ago, he looked dark and dark, and now he looks completely different. It was obvious that he was disguised before. There must be another story in between.

When I think of this, Qing Yanfei's eyes are filled with tears. With a look of surprise, he seemed to have guessed the truth of the matter.

At that moment, Qing Yanfei wanted to ask, but suddenly he remembered that there might be four other children nearby, so he quickly shut up, not daring to talk nonsense.

At this moment, Qin Chuan's voice came to his mind again.

"Old man, don't you understand yet? Let me tell you, only what you see with your own eyes is real! Last time you dared to scold my ancestor, this time I will come here to scold you. It's a pity, boy, that I'm too weak to enter the center of the formation to see your miserable state, so I can only scold you here. Hearing this

, Qing Yan didn't understand. He immediately condensed his voice and reached Qin Chuan's ear and asked:"Boy, are you a descendant of our Qing family?" Hearing the voice in his ears, Qin Chuan was overjoyed and said to himself:"I heard that eighth-level warriors can condense their voices into lines and spread them far. It seems that it is true!" In this way, my plan can be realized."

Thinking of this, Qin Chuan nodded repeatedly, but he was already pretending to scold Qing Yanfei.

Qing Yanfei was overjoyed when he saw Qin Chuan nodding, and continued the rumor:"Unexpectedly, you baby is really a descendant of our Qing family."

"It's really great! I know you are afraid that our conversation will be heard, so we pretend to be scolding each other. If you have any questions, just ask, I will tell you everything I know."

Hearing this, Qin Chuan knew that the other party had trusted him, and the two had initially established communication.

Qin Chuan pretended to curse:"Old man, do you know how big our forbidden area is? Do you know why there is an empty sun above the forbidden area? snort! I'm sorry you don't know, but you will die here sooner or later."....

Chapter 2305

As soon as Qin Chuan finished speaking, Qing Yanfei's voice came to his ears: "This forbidden land was a phantom world opened by the head of the Feng family back then, but he didn't want it to be taken over by these four traitors and become their forbidden land."

"In fact, not every ninth-level warrior can open up the illusory world at will. If a ninth-level warrior wants to open up the illusory world of the void, he must sacrifice a semi-artifact."

"This semi-artifact is used as the source of energy for the illusory world of the void, and is also the starting point. When you see the empty sun in the sky in this forbidden area, it is actually the Fierce Sun Ring, the semi-artifact of the head of the Feng family back then!"

At the moment, the two pretended to quarrel while secretly conveying information.

On the other hand, the more Wei Qingyan thought about it after leaving the formation, the less he felt that something was wrong, so he ran back secretly. He wanted to see what Qin Chuan was doing there.

When After he returned, he saw Qin Chuan and Qing Yanfei scolding each other. He didn't notice anything unusual. He eavesdropped for a while, felt bored, and left.

Qin Chuan and Qin Chuan continued to secretly exchange information there.

After some suggestive exchanges, Qin Chuan finally got the information he wanted from Qing Yanfei.

It turned out that every time Qin Chuan mentioned something, Qing Yanfei understood it and tried his best to tell everything he knew. Come out.

After this exchange, Qin Chuan knew that there were no ninth-level warriors in this forbidden area.

After receiving this information, Qin Chuan breathed a sigh of relief. This was the information he wanted most. What he was most worried about before was the existence of this forbidden area. There are ninth-level masters in Zhongzang.

If that is really the case, even if he already knows that the Green Dragon Pearl is in this formation, he cannot let his tribe take the risk of snatching the Blue Dragon Pearl.

Now, since he knows that there are no ninth-level warriors in this prohibition, then There is no need to worry.

The only thing that worries Qin Chuan is the four ancestors in the forbidden area. They are three eighth-level peak masters and an eighth-level Dzogchen master.

And there are only three eighth-level warriors on Qin Chuan's side. People, that is Master Feng, Master Teng and the ancestors of the Huo family.

Moreover, Master Feng and Master Teng are only eighth-level warriors, and only the ancestor of the Huo family is the pinnacle master of the eighth level.

Although Master Feng and Master Teng are the five major blood successor families in ancient times He is a disciple who has inherited talents and is much stronger than ordinary eighth-level warriors.

However, no matter how strong an eighth-level warrior is, it is difficult to be a master of the eighth-level peak warrior.

Therefore, only the Phoenix Master and the Teng Master can deal with an eighth-level warrior together. Eighth-level peak warriors.

Calculated in this way, the strength of the three Phoenix Masters is still not as good as the four ancestors of the four families.

However, if the three Phoenix Masters quietly enter this forbidden area and rescue Qing Yanfei before the ancestors of the four families find out.

By then , even if the ancestors of the four families discovered it.

With the participation of Qing Yanfei, an eighth-level master, it is still possible to steal the Azure Dragon Pearl and retreat to the forbidden area.

In addition, Qin Chuan also got a lot of other information.

For example, Qing Yanfei was the child who escaped by chance when the Qing family was exterminated by Long Xing. The reason why he was able to escape was because of the speed of his natal psychic beast.

His natal psychic beast was already known for its speed, and It was precisely because of this that he was able to escape Long Xing's pursuers and survive.

Then, he became anonymous and vowed to seek revenge on Long Xing after he reached the ninth level.

However, he overestimated his talent. After seven hundred After many years of hard training in seclusion, his cultivation level was only improved from the eighth level to the peak of the eighth level. This made him completely despair.

Judging from his cultivation progress, it is impossible to reach the ninth level in his lifetime..Unable to cultivate to the ninth level, it is absolutely impossible for him to seek revenge from Long Xing..

Chapter 2306

Knowing that he might not be able to cultivate to the ninth level in this life, Qing Yanfei had no choice but to place his hopes on reproducing future generations, hoping that one of his descendants would have an outstanding child who could cultivate to the ninth level, restore the Qing family, and serve the Qing family. Family revenge.

However, when he thought about reproducing offspring, Qing Yanfei thought that even if he had offspring without the Azure Dragon Pearl, their offspring would not be able to activate the True Blood of the Azure Dragon.

If you can't activate the true blood, you can't even hope to cultivate an eighth-level warrior.

This put Qing Yan in a dilemma, because at that time, he had no idea where the Qing Long Pearl had gone.

Just when Qing Yanfei didn't know what to do, he heard a rumor from the outside world.

This rumor is that the Qing family's Green Dragon Pearl was obtained by the Zhou family and hidden in the Zhou family's forbidden area.

Hearing this rumor, Qing Yanfei became energetic and decided to go to the Zhou family's forbidden area alone to snatch the Blue Dragon Pearl.

After some inquiries, he also learned that the ancestor of the Zhou family had also improved from the eighth level to the peak of the eighth level.

However, Qing Yanfei did not take the ancestor of the Zhou family seriously.

Although the ancestor of the Zhou family and he were both at the eighth level of peak strength, he also had a psychic beast that was at the eighth level.

With the help of his natal psychic beast, it would not be difficult for him to snatch the Blue Dragon Pearl from the ancestor of the Zhou family.

Moreover, he knew Zhou Qian, the ancestor of the Zhou family, very well.

Back then, Zhou Qian and the other three ancestors were the proud disciples of the Feng Family Patriarch. They all became eighth-level warriors at a young age and were very popular among the Feng Family Patriarch.

At that time, Zhou Qian and the four of them were also known as the Four Elites of the Feng Family.

Qing Yanfei, an outstanding contemporary of the Qing family, naturally knew Zhou Qian and the others very early. At that time, he and Zhou Qian still had a good relationship.

Therefore, Qing Yanfei was very clear about Zhou Qian's foundation and strength.

It was precisely because of this that he had the courage to break into the Zhou family's forbidden area alone.

Unexpectedly, after entering the forbidden area, Qing Yanfei discovered that this was completely a conspiracy arranged by the four ancestors. The purpose was to capture some of the remaining descendants of the Qing family in this world and use the essence and blood of the Qing family's

descendants to induce The Holy Qi of the Green Dragon in the Green Dragon Pearl is used to move the spirit-gathering and metamorphosis formation.

As a result, Qing Yanfei was captured alive by the four ancestors, and his natal psychic beast was seriously injured in that battle and escaped.

However, Qing Yanfei could not sense that his natal psychic beast was not dead yet, and seemed to have been hiding somewhere.

But there was one thing he didn't understand.

If his natal psychic beast had not died of serious injuries, it would have recovered from its injuries over the past few years and should have broken in to save him.

But after so long, his psychic beast has not come to save him, and he has not heard any rumors, which means that although his psychic beast is not dead, there is some trouble.

This is the whole story of Qing Yanfei's capture.

After Qing Yanfei was captured, he found out from the mouths of the ancestors of the four families the reasons for their betrayal.

It turns out that the betrayal of the ancestors of the four families was secretly persuaded by Long Xing.

At that time, Long Xing made a secret deal with the mysterious person of the ninth level of Dzogchen.

The ninth-level Dzogchen warrior wanted to take the lives of the five heads of the five great blood successor families in ancient times.

He wanted to use the essence, blood and vitality of the five family heads to cultivate the Five Elements Spirit Orb.

And what Long Xing wants is the position of leader of the Five Holy Kingdoms.

In fact, with the strength and power of the mysterious ninth-level Dzogchen warrior, he will not be afraid of the five family heads of Qingfeng Baiwuteng, and he is also capable of dealing with the five family heads.

However, he was worried about one thing.

This matter means that he cannot catch all five family heads. If one of the five is missing, what he is plotting will not be successful, so what he wants to do is to catch them all at once.

However, he was afraid of the five family heads joining forces.

Because the five family heads joined forces and had a magical skill passed down from generation to generation, but it was not something he could deal with.

Therefore, Long Xing helped him come up with a poisonous plan to kill one of the five masters first, and then lure the other four family masters to his home to die.

In the end, their target fell on Feng Jiutian, the head of the Feng family..

Chapter 2307

Among the five family heads, Feng Jiutian's strength is second only to Qing Wushen, and he is also a ninth-level peak master.

Long Xingxian secretly seduced the four ancestors of the Zhou family to rebel. He promised to give the four ancestors of the Zhou family a lot of benefits, cooperated internally and externally, and secretly dealt with Feng Jiutian.

Unexpectedly, the four ancestors of the Zhou family agreed very readily and hit it off immediately.

The ancestors of the four families asked for only one benefit, and that was Feng Jiutian's Void Fantasy World to be given to the four of them.

Long Xing was greatly surprised by this request, which was much lower than he imagined.

Therefore, Long Xing readily agreed on the spot.

After that, they started a conspiracy....

First, the four ancestors of the Zhou family poisoned Feng Jiutian, and then cooperated inside and outside to put the mysterious man's two ninth-level subordinates into the Feng family, captured Feng Jiutian alive, and massacred all the Feng family children.

All this created the illusion that the four ancestors of the Zhou family rebelled and joined forces with two ninth-level masters to destroy the Feng family and capture the head of the Feng family alive.

After receiving this news, Qing Wushen was naturally furious, and immediately joined the other three family heads to go to Shenyang City to avenge the Feng family.

But he didn't want to find out that it was a big trap as soon as he entered Shenyang City.

The ninth-level Dzogchen master appeared with five ninth-level subordinates, and launched a large formation that had been prepared to kill all the four Qing Wushen.

At the same time, Long Xing also launched a rebellion in the capital. With two ninth-level masters, he began to massacre the four descendants of the Qing family and seized control of the Five Holy Kingdoms.

In the end, everything was settled, and the four ancestors of the Zhou family also obtained the Void Fantasy World they wanted, and also received the Blue Dragon Pearl as an additional reward.

This is what Qing Yanfei found out from the four ancestors of the Zhou family, what happened back then.

However, Qin Chuan had a big question in his mind.

The question is, it is impossible for the four ancestors of the Zhou family to betray the five races just for the sake of a void and illusory world. There must be something to this.

The most rare value in the Void Illusion World is a semi-sacred weapon. He does not believe that the four ancestors of the Zhou family would assassinate their mentor, help outsiders massacre their mentor's family, and even go against our five ancient clans for a semi-sacred weapon. It just doesn't seem worth it.

Unless the four of them are fools, but in fact all of these four old guys are cunning and cunning, and none of them is a fool. So why did the four of them rebel in the first place?"

The more Qin Chuan thought about it, the more he felt something was wrong. Suddenly his eyes lit up and he thought of a question.

By the way, according to his recent observations and secret inquiries, the four ancestors of the Zhou family have been practicing in the Hidden God Valley all year round and rarely come out.

Even if they come out very rarely. After coming out, they would not stay outside the valley for more than an hour before hurriedly returning to the valley.

Moreover, these four people ordered: No one is allowed to enter the Hidden God Valley except the four of them.

Why is there such an order? Does it mean that there is a huge secret hidden in the Hidden God Valley? This secret was the fundamental reason why they took huge risks and rebelled against the Feng family.

But what secrets are hidden in the Hidden God Valley?

Qin Chuan thought carefully again For a while, I really couldn't think of what secrets were hidden in the Hidden God Valley, which actually made the four ancestors of the Zhou family rebel.

After thinking for a while, I couldn't think of any clues. Qin Chuan shook his head and stopped thinking about it. He began to think about it. Thinking about the most important issue at the moment.

Now he has basically figured out the information in this forbidden area.

It is time to notify the people on their side to rescue Qing Yanfei's ancestors and snatch the Qinglong Pearl.

He has to quickly get the information here Teleport out.

I met Wei Qingyan today. I'm afraid my identity will be exposed soon. I have to act quickly. If I'm a step behind, I won't have any chance."...

Chapter 2308

It turns out that just now, Wei Qingyan sneaked back and overheard the exchange between Qin Chuan and Qing Yanfei.

With Qin Chuan's abnormal hearing, he naturally noticed it.

He just pretended not to know.

However, Qin Chuan also knew that Wei Qingyan was still doubting his identity.

As long as Zhou Dingtian and others return to the valley, Wei Qingyan will definitely ask Zhou Dingtian about this matter.

And Wei Qingyan had seen his true face, and when he described it to Zhou Dingtian, he would naturally suspect Qin Chuan.

At that time, there was no need to wait for the ancestor of the Zhou family to come out of the valley to find Zhou Dingtian before his identity was exposed.

I don't know when Zhou Dingtian and the others will return to the valley. As long as they return to the valley, they will definitely know my identity if they inform the four ancestors again. With the abilities of the ancestors of the four families, I am afraid that this forbidden area is so big that there is no place for him to hide.

Thinking of this, Qin Chuan couldn't help but feel extremely anxious.

Immediately, he canceled his transformation, changed back into the Blood Guard uniform, and secretly left the formation.

After leaving the formation, Qin Chuan anxiously returned to his dormitory.

But as soon as Qin Chuan arrived at the door of his room, he saw Zhou Ying frowning and pacing back and forth, thinking about something.

At this moment, when Zhou Ying heard the footsteps, he raised his head and looked up. When he saw it was Qin Chuan, he frowned.

"Qin Chuan, where did you go just now? I just asked the guards at the entrance of the valley, and they all said they didn't see you leaving the valley. I haven't found your figure in this valley."

When Zhou Ying asked, Qin Chuan's heart tightened, and he said with a smile: "Report to the captain, my subordinate was bored just now, so he wandered around the forbidden valley. The captain didn't find me in the valley. Maybe he missed me. After all, the valley is not small."

"Ha ha!! Yeah?" Zhou Ying laughed and patted Qin Chuan on the shoulder.

"Qin Chuan! In fact, I have always regarded you as a younger brother. After all, you and I are both members of the Zhou family with a foreign surname, and we are not as good as those younger disciples. There are many places in this forbidden area that you and I can't just break into. We must be more careful in the future to avoid being criticized."

Speaking of this, Zhou Ying showed a meaningful look.

Hearing this, Qin Chuan felt that there was something more than what he said, and was greatly surprised. But on the surface, he still looked calm and said quietly: "Duo Zhou. The captain told me, and my subordinates must keep it in mind. I wonder why the captain came to see me this time?"

"It's nothing, I just want to inform you that it will be your turn to change jobs in two hours, so please prepare first!"

"Um! The subordinates understand!"

Qin Chuan responded like this, but he still had doubts in his heart. In the past, Zhou Ying would not come to notify him of the change of guard. This time, it might not be that simple.

Sure enough, before Qin Chuan could figure out what was going on, Zhou Ying came again. Open your mouth

"By the way, Qin Chuan, let me tell you something. Not long ago, Commander Wei Qingyan of the Wei family came to our camp. He asked about Commander Dingtian's return date. I have told him that Commander Dingtian will return to the valley in two days. This is the return date that Dingtian Commander Fei Ge told me in a letter."

Hearing this, Qin Chuan's heart sank, and he secretly thought that something was not right. He did not expect that Zhou Dingtian would return to the valley so soon.

It would be over now! He did not expect that Zhou Dingtian would return to the valley in two days, so he Won't his identity be exposed in two days?

No, he has to find a way to delay the time as soon as possible.

Thinking about this, Qin Chuan couldn't help but feel a little dizzy.

But at this moment, Zhou Ying said again:"By the way, Wei Commander Qingyan asked before leaving. He asked us if there was a mysterious Zhou family child in the Zhou family camp. The man had snow-white hair and was only fifteen or sixteen years old. Listening to his description of that person's appearance, I felt that he looked very familiar, very similar to you.

Having said this, Zhou Ying smiled nonchalantly:"Of course, I know that person must not be you, because you don't have the new blood seal order, so you can't freely enter and leave the formation, right?"

"I don't know whether our Zhou family has such a mysterious direct descendant, so I have to ask Commander Wei to wait for Commander Dingtian to come back before asking. Okay, I've said all I need to say. Just get ready. I'll be changing posts later."

After that, Zhou Ying left..

Chapter 2309

After hearing Zhou Ying's last words, Qin Chuan felt as if five thunders struck his head, and he was horrified. For a moment, he didn't understand what Zhou Ying's last words meant.

"Could it be that Captain Zhou already doubts me? However, if he really doubted me, he shouldn't have said it. Isn't this just trying to scare the snake away? What does he mean?"

Looking at Zhou Ying's leaving figure, Qin Chuan's heart was full of anxiety and uneasiness.

At that moment, he thought for a while, made a decision in his heart, and followed quietly as soon as his figure flashed.

It didn't take long for Qin Chuan to catch up. Zhou Ying's whereabouts.

With his current strength, it is easy to follow Zhou Ying without letting Zhou Ying find out.

Seeing the front, Zhou Ying frowned, thinking about something, and turned to his He walked into the captain's barracks.

After thinking for a long time, he opened his brows, sighed softly, and whispered to himself

"Why! It seems that this forbidden area will not be peaceful. However, this is something that the Zhou family should worry about, so why should I worry? After all, I am just a disciple with a foreign surname, and I am nothing in the eyes of the Zhou family."

"I just don't know if that Qin Chuan can survive. I hope he has good luck. I have already done everything I can to help. It just depends on his own luck."

Hearing these words, Qin Chuan, who was hiding in the dark, was shaken up physically and mentally. At this moment, he completely understood.

It seems that he still underestimated Captain Zhou's shrewdness!

It turns out that his identity has been seen through by him, I'm afraid When Young Master Thirteen died, he began to doubt himself.

Because going to Baihua Forest to hunt the raccoons was a direct task given by Young Master Thirteen, and Young Master Thirteen died in Baihua Forest. Captain Zhou knew the details, and he was more Shao Hui doubted himself.

And today, Wei Qingyan came over again. As soon as the two parties communicated, he naturally found out his identity.

Fortunately, he was not on the side of the Zhou family. And he came to me just now, He didn't notify me to change the job, but secretly revealed to me that Wei Qingyan had suspected me and informed me of the current situation. It turned out that he was helping me!

Thinking of this, Qin Chuan couldn't help but feel grateful to Zhou Ying. He silently vowed that if he could escape from the forbidden area alive this time, he would definitely thank Zhou Ying one day.

At that moment, Qin Chuan no longer followed Zhou Ying, but returned to his residence.

After returning to his residence, Qin Chuan He closed the door tightly, took out a pen and paper, drew the map of the forbidden area on one piece of paper, and wrote all the information he knew on another piece of paper.

Then, Qin Chuan rolled the two pieces of paper into one The scroll was hidden in a small bamboo tube prepared in advance.

He has been a blood guard for more than twenty days, and it will be a month in three days.

He must send this information to Huo within these three days. Brother.

If he misses these three days, he will have to wait another month.

He has no chance to wait another month. If he waits any longer, my bones will be frozen."

It turns out that Huo Qing is an outside guard. There is one day of family leave every month.

Qin Chuan must pass the information in his hands to Huo Qing before Huo Qing takes family leave, so that he can take advantage of the family leave to pass this information to the four alliances, so that the four alliances can make plans as soon as possible to enter the forbidden area and rescue them. Qing Yanfei snatches back the Green Dragon Pearl.

Time is running out, he'd better prepare quickly!

However, before that, I should quickly find a way to solve Wei Qingyan's hidden danger and delay it for a while.

My task is not only to hand over this information to Brother Huo, but also to help Brother Huo deal with Zhou Dinghai, open the Jiwu Sect, and let the four of us into the forbidden area.

Based on this calculation, I probably need to stay in this forbidden area for about ten days.

However, Zhou Dingtian will be back in two days, and my identity will be exposed. I can't stay in this forbidden place anymore...

Chapter 2310

Based on this calculation, I probably need to stay in this forbidden area for about ten days.

However, Zhou Dingtian will be back in two days, and my identity will be exposed. I can't stay in this forbidden place at all.

Thinking of this, Qin Chuan couldn't help but feel anxious and didn't know what to do for a while.

If you want your identity not to be exposed for the time being, there is only one way. That is, Wei Qingyan, Zhou Dingtian and others cannot be allowed to not meet for a while.

But how can we prevent the two of them from meeting?

Qin Chuan thought for a moment and finally came up with a way.

As for the success of this method, it depends on luck.

It seems that I have to go find Captain Zhou. He should know where the Wei family's teleportation array is.

Thinking of this, Qin Chuan went straight to the captain's barracks to find Zhou Ying.

However, Zhou Ying was dealing with the things in his hands when footsteps suddenly sounded outside the door. When he looked up, he found that it was Qin Chuan who was here.

Zhou Ying's eyes immediately flashed with a look of surprise.

"The subordinate has met the captain!"

"Um! Qin Chuan, please sit down first. I wonder what you want from me?"

Zhou Ying smiled and asked Qin Chuan to sit down.

"Captain, you're welcome. It's better for Qin Chuan to stand. Actually, I came here this time to ask the captain a question?"

"oh? what is the problem? Qin

Chuan got straight to the point and said, "That's what happened. It's been almost a month since my subordinates entered this forbidden area." I know that this forbidden area is shared by the four tribes. This forbidden area has the entrance and exit of our Zhou family, and there must be the entrance and exit of the other three families, right? The boy was curious, where are the entrances and exits of their three houses? I wonder if the captain knows?"

Hearing this, Zhou Ying's face changed slightly, and he immediately whispered

"Qin Chuan, don't inquire about such things randomly. If someone hears about it, you and I will both be punished."

"However, I have been in the forbidden area for four or five years, and I still know a little about the entrances and exits of the other three teleportation arrays. It's okay, I will tell you some places you shouldn't go now, so that you don't know it in the future and break the rules."

At the moment, Zhou Ying put tea on her fingers and drew a map on the table.

"These three places are the three teleportation arrays. This is the Nan family, this is the Yan family, and this is the Wei family. We, the Zhou family blood guards, are not allowed to enter these three places. And this corner is Duantian Lake."

"This Duantian Lake is ten thousand feet deep, but there are few fish or shrimps in the lake. It is also a forbidden area and entry is not allowed. You must remember these."

After listening to Zhou Ying's confession, Qin Chuan was pleasantly surprised. He silently remembered it in his heart, and then said with sincere gratitude.

"Captain Zhou told me. The captain's teachings must be kept in mind by his subordinates."

"Um! Just remember it! Anything else?"

"No more, my subordinates will resign first!"

"good! You go take care of your own affairs!"

After Qin Chuan left, Zhou Ying stared at Qin Chuan's back and smiled.

"This guy is so brave, he actually dared to ask me directly where the three teleportation arrays are located. It seems that he knows my painstaking efforts. His intelligence and courage are indeed worthy of admiration!"

"From this point of view, this boy is a brave and strategic general. In addition, this kid's talent is so outstanding. If he can escape alive, he will definitely become a famous figure in the future."

"I'm just afraid that he won't be able to get out alive. How can it be so easy to lurk in these forbidden areas of the four tribes? Why! It depends on his own destiny."

Zhou Ying couldn't help but sigh, with a mixture of admiration and regret in his tone...
