

God level 231

Chapter 231

The direction Qin Feng walked in was actually the third light gate.

Only those in the essence fusion realm appear in that space.

This surprised Little Lun Wang, Xiao Qingfeng and others.

Luo Li, Li Xun and others thought it was normal.

They always thought that Qin Feng was in the Jingyuan Fusion Realm.

On the contrary, people from the Xuanwu League, White Tiger League, and Snow Mountain League were all shocked.

"Isn't this Qin Feng from the Southern Alliance only seventeen years old? Does he have the strength of the essence fusion realm?"

"I do not know! However, if he dares to go to the third area, he must have some skills... You know, if you die in there, you will really die. Who dares to go if you don't have any skills?"

"Tsk tsk!! This guy is so strong! At only seventeen years old, he dares to fight against the Jingyuan Fusion Realm... In the future, he may become an emperor!"

"yes! Incredible!"

The people from the three alliances were all talking in low voices with admiration on their faces.

Xiao Lun Wang, Xiao Qingfeng and others looked even weirder.

This Qin Feng was stronger than they imagined.

If these people knew the truth, what would happen if they knew the truth? How would it feel?

In fact, in the hearts of Xiao Lun Wang and Xiao Qingfeng, Qin Feng has much greater potential than Long Shang.

After all, Long Shang is ninety-nine years old, and Qin Feng is only seventeen.

Comparing carefully, the two talents are The difference is more than one level.

Qin Feng ignored everyone's gaze and entered the third light gate, which is the third area, with a calm face.

In fact, there were not many people present who had the strength to enter the third area.

Just Shortly after Qin Feng entered, people from the Hun organization sent a message to Long Shang. In the fourth area, after seeing the message, Long Shang showed a smile.

"That kid doesn't even dare to enter the fourth area, and he won't be able to get on the stage after all!"

Long Shang shook his head slightly.

But on the other side, after Qin Feng entered the third light gate, he found himself entering a canyon.

On both sides of the canyon, there were steep cliffs ten thousand feet high.

The bottom of the canyon was overgrown with weeds and the soil was dry.

The mountain wind blew He rose up, bringing up bursts of smoke and dust.

Qin Feng looked up and saw that the sky was gray and the sun could not be seen.

He spread out his consciousness and sensed it, and sure enough, he was the only one within dozens of miles.

"It's time to start...."

Qin Feng immersed his mind in the summoning jade talisman presented by the secret realm.

Get started!

Summon the jade talisman to light up the aura.

After a moment, the ground in front of him rose up, and an earth dragon emerged from the ground. It hovered in the air and turned into a puppet dragon captain with a dragon head.

Qin Feng flicked his finger, and a gray spiritual light shot out, directly killing the puppet dragon captain.

The puppet dragon directly turned into a pile of broken soil and energy, and collapsed on the ground.

At the same time, the summoning jade talisman flashed.

A line of information appears on the jade talisman

"Points earned: 50."

Qin Feng smiled slightly and finally understood the operation.

It turns out that this summoning jade talisman is used by examiners to summon puppets, and at the same time assists in scoring.

The number of puppets summoned at one time ranges from one to a thousand.

"Come out, everyone!"

Qin Feng used the jade talisman to summon again.

This time the summons was activated, the earth shook immediately, and the whole canyon roared and trembled.

The next second, the earth collapsed.

Bang~! Bang~! Bang!~!.

Dozens or hundreds of earth dragons emerged from the ground.

In the sky, lightning flashed, thunder and fire intertwined, and wind and rain raged.

Countless thunder dragons, fire dragons, rain dragons, and wind dragons appeared...

In the blink of an eye, thousands of puppet dragons appeared, and they all transformed into puppet dragon captains, holding dragon spears, double swords, or Fang Tian painted halberds... He was murderous towards Qin Feng.

The scene was very shocking.

The combat power of thousands of puppet dragon armies in the essence fusion realm is so amazing that even if the eight-star king encounters them, they will have to retreat.

"Ha ha!! Just in time!"

Qin Feng was excited, and the star sword formation suddenly appeared behind him.

Three hundred and sixty-five long swords appeared, all of them with great aura.

King-level skill - Light Splitting Sword Shadow!

The sword formation instantly turned into more than a thousand lights and shadows, towards The army of puppets in front strangled away.

Boom~! Boom~! Boom~!

An earth-shattering battle broke out.

The power of each lightsaber of Qin Feng was stronger than that of the Jingyuan Fusion Realm.

In this fight, Qin Feng fought with one person Resisting the dragon army of thousands of people, they actually gained the upper hand. But all this has just begun.

King-level illusion - activated!

The puppet army suddenly became chaotic, and even began to be difficult to distinguish between ourselves and the enemy, killing each other.

These puppets are not living creatures, so their biggest flaw is They have low intelligence and weak mental strength.

King-level illusions can easily catch them!

Qin Feng immediately crushed the army.

Bang~! Bang~! Bang~!

Countless puppet dragon captains were killed.

Fire, lightning, wind and clouds Can't...

In the blink of an eye, a thousand dragon captains were killed

"Ha ha!! Got 50,000 points!"

Qin Feng looked at the points in the jade talisman and laughed heartily.

After all this, in less than ten minutes, he got 50,000 points.

This is equivalent to him killing 10 eight-star king-level puppet dragon generals.

If he really wants him If he goes to kill the Eight-Star Puppet Dragon General, I'm afraid he won't be able to kill one in three hours.

First of all, the Eight-Star Dragon General is not afraid of king-level illusions.

Secondly, his Star Sword Formation's single attack is weak and cannot break through the Eight-Star Puppet Dragon General. Star defense.

It can be used to kill the puppet dragon captain, but it is very practical.

Qin Feng was very excited.

His calculation was indeed right.

His biggest advantage now is that he has powerful group attack skills

"Another batch!"

Qin Feng summoned another thousand puppet dragon captains and continued to fight.

The star sword array combined with the king-level illusion technique made killing as easy as chopping melons and vegetables.

His assessment points were rising slowly, which was worse than cheating. quick.....

At the same time, in a separate space in the fourth area.

Long Shang wiped the sweat from his forehead and looked at the points in the jade talisman with a joyful expression.

A full five hundred points!

It only took him thirteen minutes to kill a quasi-eight-star dragon captain.

So fast!

He believes no one can compare

"hehe!! The first place this time is none other than me.....Human beings on this earth are a little weak after all....."

A proud smile appeared on the corner of Long Shang's mouth.

Sometimes, going to other people's mining areas and snatching other people's resources can give people an inexplicable feeling of pleasure.

Long Shang has such a refreshing feeling.

What he wants to know most now is after the first assessment.

How many points less will the second place score?

How many thousand points?

Or tens of thousands?

When he thought of the shocked faces of the humans on Earth three hours later, he felt happy.

At the moment, he summoned another quasi-eight-star puppet and continued hunting.

At the same time, Qin Feng had finished killing the second batch and gained another 50,000 points.

The more he kills, the easier and faster he becomes..

Chapter 232

Qin Feng controlled the star sword array and moved back and forth among the army. Countless puppets collapsed, and his momentum was astonishing.

After these few rounds, he became more and more familiar with the puppet dragon's habits, and his annihilation speed became faster and faster.

In the blink of an eye, an hour passed.

Qin Feng hunted nine batches and accumulated 450,000 points.

This is an extremely scary statistic.

Now, it only takes him 7 minutes to hunt down a batch, which has been shortened to nearly three minutes.

"Another batch...."

Qin Feng smiled slightly and prepared to summon again.

But at this moment, his whole body suddenly became hot, and his lower abdomen burned like fire.

Subsequently, a powerful force quickly emerged.

The dizzying heat wave spreads and penetrates into the Seven Consciousness Divine Ring.

Damn it~!

The poison of love actually broke out at this moment.

Qin Feng felt that his brain was a little dizzy.

Although more than 90% of the love poison has been eliminated, this residual poison still affects his sanity.

Really!

Why did it happen at this moment?

Doesn't this affect my earning points?

Qin Feng was a little annoyed.

Fortunately, the toxicity was still within his control.

He could still barely maintain his rationality, but his mood became irritable.

The tenth batch has been summoned!

Qin Feng started to kill.

Seven minutes later, they were all slaughtered!

The points increased to 500,000.

Summon again!

Invalid! what happened?

Qin Feng summoned again.

Still not a single puppet was summoned.

Just then, the Summoning Jade Talisman delivered a new message to him.

After digesting the information, Qin Feng was a little surprised

"There is such a thing....."

It turns out that this summoning hunt is not unlimited.

In each assessment, the upper limit for each person's summons is 10,000, regardless of level.

Qin Feng has been summoned to the limit.

According to the rules, even if he exits the third area and goes to other areas, he cannot be summoned.

"Can I only get 500,000 points?"

Qin Feng was a little unwilling.

There were still two hours left in the assessment, and he could only do nothing.

At this moment, the anger in his lower abdomen became more intense.

The swelling majesty almost broke everything.

His head also became more dizzy. Yes, it means the six senses have been eroded again.

No!

This love poison must be eliminated!

However, Luo Li is conducting an assessment.

How can he bear to interrupt?

Besides, even if he goes to find Luo Li now, he won't be able to find her.

Needless to say, Luo Li went to the first area to hunt the puppet dragon soldiers.

Even if he enters the first area now, he has entered an independent space and cannot see Luo Li.

This is a restriction of the competition.

Every assessor has He was facing the puppet alone.

The moment he entered the light gate, the secret realm automatically separated each examiner and sent them to independent spaces.

Therefore, it was impossible for two examiners to be together again.

Thinking of this, Qin Feng felt a little bit I'm irritable.

Now I can't get any points, and my love poison has set in.

I can only wait for the game to end, and then detoxify.?

"correct....."

Qin Feng suddenly thought of something, and his eyes lit up with excitement.

The next second, he cast an illusion to cover up the changes in his body.

After doing this, Qin Feng immediately launched the space summon.

There was a fluctuation in space, and a graceful figure appeared in front of him

"Sure enough it can!"

Seeing Luo Li being summoned, Qin Feng was overjoyed.

His idea was verified.

This secret realm is more like a program, without high intelligence.

The so-called light gate is more like a teleportation array.

It will Teleport each entrant to a different space, but there is no way to limit the space summons

"Huh!.Qin Feng!"

Luo Li was overjoyed when she saw Qin Feng, and she immediately fell in love with her. At this moment, she was wearing a tight-fitting outfit and had a curvy figure.

Qin Feng was having a toxic attack, and when he saw those graceful curves, his reaction became even stronger.

He couldn't wait to get there right away Enjoy this beautiful woman and detoxify yourself..

Chapter 233

But Qin Feng restrained himself.

He also wants to verify one thing

"Qin Feng, why do I appear here?"

Luo Li took the initiative to come over.

"Girl, how many points did you get?", Qin Feng asked with concern.

After this question, Luo Li remembered the business and suddenly looked sad.

"Qin Feng, I only got 4 points now, but there are only two hours left... I don't know if it's too late."

"You can summon one now and see!", Qin Feng ordered

"oh!" Luo Li obediently communicated with the summoning jade talisman.

After a moment, a ray of fire fell from the sky.

A puppet dragon captain fell in front of the two of them.

"Why is he Captain Dragon!"

Luo Li was so frightened that her face turned pale and she stepped back.

She is not even a seven-star perfectionist. How could she be an opponent in the essence fusion realm?

"Ha ha!! It looks like it's done!"

Qin Feng laughed excitedly.

He finally found the bug in the assessment.

His number of summons has reached the limit, but Luo Li hasn't yet!

"You're still laughing....", Luo Lijiao said angrily.

She was worried that if she got close, she would be instantly killed by the puppet dragon captain.

"Girl, what are you afraid of? Go up and kill it!"

"ah! ...I can't beat him!"

"Believe me!"

"All right!"

Luo Li gritted her teeth and rushed forward.

Her heart had long been given to this man, and she chose to trust her.

The next second, she was shocked.

The puppet dragon captain was stunned for a moment, facing her attack , didn't know how to dodge, and just attacked randomly, and none of them were directed at her.

In this way, she killed the puppet dragon captain inexplicably.

She couldn't believe it.

"Wow~! Qin Feng, I got 50 points!"

Luo Li was ecstatic.

Hearing this, Qin Feng finally breathed a sigh of relief.

Luo Li was finally safe.

He no longer had any worries.

"girl.....",Qin Feng looked at Luo Li with fiery eyes

"Qin Feng, were you helping me secretly just now?"

Luo Li is not stupid.

She has already guessed

"quick! Summon a thousand dragon captains!"

"ah?", Luo Li thought she heard wrongly

"No time to explain! I really can't control myself anymore... Summon!"

Qin Feng's mood became irritable and his breathing became heavier.

Luo Li had no time to think about it and hurriedly summoned him.

In a moment, the color of the world changed.

A thousand dragon captains appeared in the canyon.

The overwhelming murderous intention seemed to destroy the world. The ground.

Luo Li trembled with fright.

The next second, she was dumbfounded. She saw Qin Feng rushing into the army, releasing thousands of lightsabers to strangle them, killing them until the earth shattered and thousands of dragons roared!

Only a few minutes passed. , a thousand dragon captains were killed.

Qin Feng got another 50,000 points.

Luo Li was completely shocked.

Oh my God!

It turns out that the man she loves is so strong!

She looked up at the sky in a daze, her eyes full of Fiery and worshipful light.

At this moment, in the air.

The man surrounded by thousands of lightsabers was like a god.

She knew that she would never be able to forget this figure in her life.

"Luo Li, here comes another batch, a thousand!"

"Um!"

Luo Li happily agreed and quickly summoned a thousand

"I'll kill! You can pick it up on the side...."

After Qin Feng finished his instructions, he continued to fight.

Luo Li was also excitedly checking for leaks.

Time flies.

In the blink of an eye, Luo Li also reached the upper limit of summoning, and summoned 10,000 of them.

Qin Feng's points gained reached more than 990,000.

Luo Li was checking for leaks on the side and actually got more than 2,000 points.

This makes her extremely happy

"It's finally over!"

At this moment, Qin Feng's whole body was filled with heat, and he had reached the extreme of endurance.

He turned his head suddenly and looked at Luo Li

"Girl, how long will it take for the assessment to end?"

Qin Feng put away his weapon and fell from the air.

"There's still an hour left..."

"This time is too short! I can't control that much anymore.....come on...."

Qin Feng is trying his best to restrain his love poison.

Luo Li walked over obediently..

Chapter 235

Before long, most people had gathered in the square.

Long Shangzhi stood proudly among the crowd, looking at the crowd around him with amusement.

That kind of look, aloof.

In his opinion, these elemental masters in the earth world are just a head shorter than him.

In addition, Yu Qilin, Xiao Lun Wang, Li Jiao, Xiao Qingfeng, captains of various alliances and others are also back.

These people are very ambitious and satisfied with their achievements.

Of course, there are still some people who are covered in wounds and faces full of sorrow.

Some people are worried about gains and losses.

In a corner of the square.

Li Xun, Wan Hansheng, and Lu Ming gathered together.

All three of them were injured.

Lu Ming was the most seriously injured.

He had just taken a healing pill and was closing his eyes to heal.

This time, he fought hard to get 10 points.

When he finally looked at the time, there were still ten minutes left.

He couldn't hold on any longer, so he gave up and went straight out for treatment.

Even if he persists, it will be difficult for him to score another point. Anyway, 10 points can save his life.

Li Xun was much better than Lu Ming, scoring 46 points.

Wan Hansheng scored 41 points.

At this moment, Lu Ming opened his eyes from meditating.

His pale face regained some rosiness

"Lu Ming, are you okay?" Li Xun asked with concern

"I'm fine! Haven't the captain and Luo Li come back yet?"

Li Xun shook his head slightly.

Wan Hansheng said worriedly: "Captain, I'm not worried. He will definitely get good grades. But Luo Li....."

When Luo Li was mentioned, the three of them had worried looks on their faces.

Luo Li's strength is the weakest among everyone.

Lu Mingdu is better than Luo Li.

This time, Lu Ming worked hard to get 10 points.

Isn't Luo Li in danger?

Thinking about this, the three of them became even more uneasy.

In addition, Luo Li has not returned yet, and the three of them vaguely feel that something is wrong.

At this moment, the light door No. 3 flashed.

A handsome young man walked out.

It's Qin Feng!

His appearance immediately attracted a lot of attention.

Especially those female players.

A flash of surprise flashed across Yu Qilin's eyes.

She found that Qin Feng looked very good.

His face was radiant and he looked very comfortable.

Qin Feng was indeed in a very good mood.

He is now full of energy and refreshed.

He had just enjoyed Luo Li beautifully, and the poison of love was completely eliminated, and he no longer had any worries.

He also experienced a wonderful.....

"team leader!"

When Li Xun and the others saw Qin Feng's appearance, they all showed joy.

In the distance, Long Shang looked at Qin Feng, but shook his head slightly.

This guy really returned from the third area.

It seems that he overestimated him.

At least, this The guy doesn't have the guts to even enter the fourth area.

Long Shang thought arrogantly.

He is very inflated now.

This time, he got 8500 points.

He felt that he should be several times higher than Qin Feng.

After a while, he will have a good look. Look at Qin Feng's shocked look.

By then, this Qin Feng will definitely regret taking away his treasures.

If this kid is wiser and returns the stolen treasures and imperial bones.

He may consider taking the final assessment In, give Qin Feng a clean one.

Long Shang starts YY.....

"How are you three doing? Are the points enough?"

Qin Feng walked up to Li Xun and the others.

"Our scores are enough. Captain, Luo Li hasn't come out yet..."

"Captain, Luo Li hasn't come out for so long, will something happen?"

The people of the Southern Alliance have always been united.

They are all really worried about Luo Li.

"rest assured! she's fine...."

Qin Feng smiled slightly and said nothing more.

At this moment, the time for the first assessment finally arrived.

There are still seven people who have not come out.

The five light doors on one side of the square closed automatically and disappeared into thin air.

Those who had not yet come out were forcibly teleported out.

But only three people appeared, and four others were missing.

Obviously, those four people probably died during the assessment.

Among the three people who were teleported, one was Luo Li

"Luo Li is back!"

Li Xun and the others secretly breathed a sigh of relief when they saw that Luo Li was safe and sound.

Luo Li blushed and walked towards everyone.

When she saw Qin Feng's concerned look on his face, her heart felt warm.

This guy is quite a bit. Conscience, if you don't pull it out, you will be ruthless.....

When she walked to the Southern Alliance, Lu Ming sighed

"Luo Li, looking at the way you feel uncomfortable walking, you must be seriously injured... Hey! This challenge is too difficult for our level!"

Lu Ming sighed, his tone full of joy.

When Qin Feng heard this, he couldn't help but glance at Luo Li's legs that couldn't close together.

He suddenly felt a little embarrassed.

Luo Li felt uncomfortable walking, and it should be caused by him..After all, this is Luo Li's first time.....

At this time, Luo Li secretly made a cute face to Qin Feng, her eyes a little coquettish.

She is blaming Qin Feng for not knowing how to pity her and making her look embarrassed.....

Qin Feng smiled.

This woman is acting coquettishly on him.

However, Lu Ming and the others had no doubt at all.

They all thought Luo Li was injured during the battle.

At this moment, an ethereal voice sounded in the air

"The first assessment is over! Activate the elimination mechanism and eliminate negative points!"

As soon as he finished speaking, ten points were deducted from everyone's points.

Lu Ming's score became 0 points in an instant.

The next second, three self-destructions sounded in the field!

The screams resounded through the square.

The air was filled with Blood mist.

The thick smell of blood was wafting.

Everyone was shocked.

Many people showed horror on their faces.

This bloody fact told everyone. This inheritance assessment is real!

Failure! Death!

Those three people just now, because Insufficient points were deducted as negative points, and they were wiped out on the spot.

For a moment, the square became a little quiet.

After this first assessment, there were only 33 people alive.

The ethereal voice of the secret realm echoed again

"The ranking reward mechanism is activated. Appraisers are asked to log in! If you don't enter, your points will be cleared automatically!"

Hearing this, everyone was shocked. Clearing the points is definitely not a good thing.

At this moment, a message came from the summoning jade talisman in everyone's hands.

Everyone instantly understood what was going on.

After a while, the square The center shook, and a huge black stone tablet slowly rose from the ground.

When the stone tablet was completely raised, an impatient evaluator couldn't wait any longer. He stepped forward directly, dropped a drop of his own blood on the stone tablet, and began to record himself. Results.

It turns out that this is a scoring stone tablet.

Except for the first time entering the results, which requires essence and blood and reporting the name, no subsequent operations are required.

It can automatically collect the assessor's data by summoning the jade talisman.

The assessor just did After finishing, a line of white numbers rang out above the stele.

Du Bao, 27 points. Xuanwu League (tentatively ranked first)

Note: Ranking in the top five will receive generous rewards.

Seeing the information displayed on the stele, the square suddenly Discussed

"Huh! There are rewards for the top five!"

"Still rich...."

"Don't know what the reward will be?"

"This secret realm is so powerful! The rewards will definitely not be bad!"

"right! I want to log in too!"

"I also need to go!"....

This time, the atmosphere in the entire square became lively.

With rewards in front of them, everyone actively entered the results.

Besides, it's okay not to enter it!

That will be cleared.

In the crowd, Long Shang looked at the fiery atmosphere and smiled.

Soon, these people on earth will be shocked by themselves.

The more he thought about it, the better he felt.

However, these guys have little knowledge.

The ranking rewards for the top five are still side dishes.

The points later can be redeemed for rewards.

That's a great meal!

At that time, whoever has more points will redeem more treasures.

His more than 8,000 points should be able to exchange for a lot of resources, right?

The more Long Shang thought about it, the more he looked forward to it..

Chapter 236

Gradually, more and more people entered their scores.

Lu Ming and three other people also went to record the information.

Luo Li took the opportunity to lean on Qin Feng's shoulder

"feel better now?", Qin Feng asked with concern

"Um..", Luo Li blushed and nodded slightly.

At this time, more and more people were surrounding the ranking stone tablet.

There was constant chatter among the crowd.

Long Shang and others also gathered around

"Eleven hundred points! How terrifying!"

"Tsk tsks!! This jade unicorn is so strong!"

"This Little Wheel King is so awesome!"

There were waves of exclamations from the crowd.

"Qin Feng, let's go too!", Luo Li was curious.

Qin Feng nodded.

The two walked over.

Soon, Qin Feng saw the data on the stone tablet.

Nearly thirty people had entered the data.

The top five are as follows.

Jade Qilin, 1290 points.Hun Organization (tentatively ranked first)

Xiao Lun Wang, 640 points, Deep Sea Clan (tentatively ranked second)

Li Jiao, 390 points, Deep Sea Clan (tentatively ranked third)

Xiao Qingfeng, 260 points, Qinglong League (tentatively ranked third) 4)

Baishanyue, 230 points, Baihu League (tentatively ranked fifth).....

That Bai Shanyue is a middle-aged man with fair complexion.

He is also the captain of the White Tiger Alliance and a master of the essence fusion realm.

As for the captains of the Snow Mountain League and the Xuanwu League, one was in the half-step essence fusion realm and the other was in the seven-star Dzogchen special realm, but they both failed to make it into the top five.

Qin Feng took a look at the achievements of the Southern Alliance.

Lu Ming and the other two people both scored 0 points and were tied for last place.

The three of them should be the weakest among all.

This also made Lu Ming worried.

The assessment is not over yet.

The next challenge may be more severe, and it's hard to say whether he can survive.

The rankings of Li Xun and Wan Hansheng are nineteen and twenty-three respectively.

Qin Feng discovered that the results of the members of the Hun Organization were generally higher than those of the Seven Alliances and the Deep Sea Clan.

In a blink of an eye, everyone has almost finished recording.

Only Long Shang, Luo Li, and Qin Feng were not entered.

In fact, Qin Feng also intended to see Long Shang's results first.

Long Shang seemed to see through Qin Feng's thoughts.

He turned to look at Qin Feng, smiled coldly, strode forward, and entered the results.

After a while, the scoring stone tablet glowed brightly.

A line of dazzling information was displayed and ranked first.

The crowd screamed

"Wow! 8490 points!"

"Oh My God! I'm not dazzled!"

"This... this is too scary!"

On the stone tablet, the top message is: Long Shang, 8490 points, Faint Organization (temporarily ranked first).....

In the crowd, people cast admiring glances at Long Shang from time to time.

A smile appeared on Long Shang's lips, and he felt extremely proud.

These earthlings were shocked because they had little knowledge.

And the people in the hazy organization also felt that their faces were bright.

Qin Feng felt reassured when he saw this.

It seems that nothing will happen.

This first place belongs to him.

"Qin Feng, let's record the results too!", Luo Li whispered.

"You go first!", Qin Feng smiled slightly.

Luo Li walked forward obediently.

The crowd looked on indifferently.

Before, many people saw that Luo Li entered the first area.

In the end, he was forcibly teleported out.

Therefore, everyone did not know that she came from that district.

In everyone's opinion, most of those who entered the first district are relatively weak, and their results are not much better.

Therefore, everyone does not have much expectations for Luo Li's results.

That's it. At this time, Luo Li also finished typing.

The stone tablet lit up again.

The next second, a line of dazzling information appeared just below Long Shang's name.

Everyone was stunned.

Damn~!

2134 points!

This is impossible Right?!

Isn't she from the first area that she entered?

Everyone came up with this idea.

Lu Ming, Li Xun, and Wan Hansheng opened their mouths.

They are the most familiar with Luo Li's background.

How could Luo Li be like this? How many points?

Isn't she the weakest among us?

"Tsk tsk! This woman is so powerful!"

The crowd was amazed.

Everyone looked at Luo Li in surprise.

Even Long Shang was shocked.

This woman is from the Southern Alliance.

I didn't expect that the Southern Alliance would hide such a master!

At this moment, Xiao Lun Wang, Li Jiao, Xiao Qingfeng, Bai Shangyue and other masters were all suppressed by Luo Li.

Yu Qilin even frowned slightly.

She actually lost her second place.

And this one took away her second place. She turned out to be a very beautiful woman.

This woman and Qin Feng looked very intimate together.

With a woman's super intuition, she could sense that there was some ambiguity between the two people.

Just look at Luo Li and Qin Feng. It can be seen from her eyes that this woman loves Qin Feng.

She looks a little jealous.

At this time, Luo Li returns to Qin Feng in the enviable eyes of everyone.

"Qin Feng, I won second place. its not bad, right?", Luo Li proudly claimed credit.

Lu Ming and the other two swallowed their saliva.

They were all envious.

"not bad!"

Qin Feng smiled and stepped forward to enter the records.

At this time, everyone's eyes fell on him.

Yu Qilin, Xiao Lun Wang and others were very concerned about Qin Feng's results. The same was true for others.

Everyone was Seeing the third area where Qin Feng entered. Those who can enter the third area are all masters, and the scores will not be bad.

Among the crowd, the most nervous one is Li Jiao.

He is currently ranked fifth.

If Qin Feng surpasses him.

This The reward for the first assessment was lost.

Soon, Qin Feng walked to the stone tablet, cut his fingertips, dripped blood, and began to report his personal information.....

Long Shang watched silently, with the corners of his mouth slightly raised.

According to his estimation, Qin Feng's results should be similar to Yu Qilin's.

He will take first place with an absolute advantage.

Moreover, this secret realm favors the first place.

Each ranking reward is more than twice that of second place.

Thinking of this, he felt both expectant and proud.

At this moment, a sudden change occurred in the field.

As soon as Qin Feng finished inputting the information, the stone monument was stimulated by something, and it made a buzzing sound, like a giant dragon waking up.

Then, the entire stone monument emitted a dazzling white light, illuminating the entire square.

The dragon's roar sounded in the light, as if coming from the ancient times, revealing the incomparable excitement.

"How is this going?"

Everyone was shocked.

At this moment, a line of extremely dazzling words rang out from the top of the stone tablet, emitting golden light, which was completely different from other words.

Everyone looked quickly.

Qin Feng, 997 | 650 points, Southern Alliance (Ranked No. 1)

Damn it!

Over 990,000 points!

Everyone was completely shocked.

Long Shang opened his mouth wide and almost dropped his eyeballs.

At this moment, the venue was quiet.

There was no sound of breathing. a trace..

Chapter 237

It took a long time for everyone to recover from the shock.

One by one, they looked at Qin Feng as if they were looking at a monster.

Oh My God!

More than 990,000 points!

How did you get this?

Not to mention more than 990,000 points, they couldn't even imagine even 99,000 points.

Is this guy a god?

It's too scary!

Everyone took a deep breath of air-conditioning.

Even Long Shang was completely shocked.

He had never heard of such an exaggerated score.

Is this guy really from Earth?

He won't be from.....

At this moment, a surprising idea came to his mind.

He couldn't help but look at Yu Qilin.

Both of their eyes were filled with deep shock.

Can such a terrifying existence exist on earth?!

Both Long Shang and Yu Qilin couldn't help but swallow their saliva.

They are different from other members of the faint organization.

They come from other star fields!

Learn more terrible secrets!

Even the Star Orcs don't know as much as they do.

At this moment, Long Shang took a deep breath, his expression was extremely solemn, and he no longer had the arrogance he had before.

After everyone was shocked, they looked at Qin Feng with a hint of awe.

Even Li Xun, Wan Hansheng, and Lu Ming were full of awe for Qin Feng.

Qin Feng looked calm and didn't care about the eyes around him.

At this moment, an ethereal voice sounded in the air

"Score entry completed! The rankings are out! Rewards will be distributed soon!"

Hearing this, everyone looked at the stone tablet.

The words 'temporary' all changed to 'ranking'.

The rankings were all decided.

First place: Qin Feng

Second place: Long Shang

Third place: Luo Li

Fourth place: Jade Qilin

Fifth place: Little Lun King

The rest of the rankings disappeared. Only the names of these five people were left on the stone tablet.

Everyone looked at Qin Feng and the five people with envy.

Luo Li looked excited.

She There are rewards to be won.

At this moment, the whole square shook again. An altar rose from the ground, surrounded by a formation mask. There was a stone platform in the center of the altar, which was engraved with star formation runes.

Everyone knew , that stone platform is a small teleportation array.

Its function is to teleport prizes from the depths of the secret realm.

"The fifth place, Little Wheel King, will be rewarded with a drop of true dragon's blood, a dragon bone pill, and a drop of dragon marrow liquid."

The ethereal voice sounded again.

On the stone tablet, behind the name of the Little Lun King, these reward prompts also appeared.

However, there was an extra line at the end.

Note: Those who have not inherited the final inheritance will forcibly take back the refined dragon blood and dragon bone pills. , dragon marrow liquid.....

This made everyone envious and a little sighing at the same time.

This secret realm is really overbearing!

It will only choose one inheritor.

Therefore, only one person can profit in the end.

Even now with the rewards.

But until the end, no one can guarantee whether those benefits are theirs or not?

Among the crowd, Qin Feng looked calm.

He must get the final inheritance no matter what.

At the same time, Long Shang glanced at Qin Feng coldly.

Even if Qin Feng gets the first blow this time, as long as he is stronger than Qin Feng and kills Qin Feng at the last level, he will still be the final winner.

At this moment, a light flashed on the stone platform in the center of the altar, and a drop of dragon blood, a dragon bone pill, and a drop of dragon marrow liquid appeared.

The reward from Little Lun King has been transmitted.

He immediately entered the altar to receive the award under the envious eyes of everyone.

Everyone knows in their hearts that no matter what the outcome is, the most important thing right now is to frantically acquire resources and improve their own strength.

Only in this way can you have a chance to survive and even become the final winner.

After Xiao Lun Wang received the reward, the reward for the fourth Jade Qilin also came down, two drops of dragon blood, two dragon bone pills, and two drops of dragon marrow liquid.

Exactly twice as many as fifth place.

Next is Luo Li's reward, four drops of dragon blood, four dragon bone pills, and four drops of dragon marrow liquid.

Dragon Sorrow is eight drops of dragon blood, eight dragon bone pills, and eight drops of dragon marrow liquid.

But when Qin Feng came here, it was twenty drops of dragon blood, twenty drops of dragon bone pills, and twenty drops of dragon marrow liquid.

This made everyone amazed, envious, and a little puzzled at the same time.

Why is it not sixteen drops, but twenty drops?

Qin Feng didn't understand either, but this didn't hinder his good mood.

Among the crowd, Long Shang was envious and jealous.

Only he and Yu Qilin knew that this was the secret realm's preference for the first place.

The first place in each assessment will be rewarded more generously.

At this moment, the ethereal voice of the secret realm sounded again

"Rewards are over! Points redemption is open! Three days later, the second assessment will begin....."

As soon as the words fell, the message came from everyone's jade talisman.

After everyone digested the information, they were all overjoyed

"Ha ha! That's great! It turns out that points can be redeemed for resources!"

"It turns out that points can be used like this! Very good!"

"Wow~! These resources are too abundant! Huh! Xiaojingyuan Dan can enhance mental power... Crazy! I'm going crazy! I finally have a chance to break through the essence fusion realm."

At this moment, the whole place was excited.

Especially the discovery of Xiao Jing Yuan Dan made everyone crazy. But

Long Shang had a look of disdain.

These people on earth are just ignorant, and their development is indeed very backward. Even the worst I have never seen the Little Jingyuan Dan.

In fact, Long Shang is right. What the elemental masters in the earth world currently lack most is the means to improve their spiritual abilities.

Therefore, many people are stuck in the bottleneck of Seven Stars Dzogchen and have been unable to Breaking through to the Jingyuan Fusion Realm.

Many people even stay stuck at this stage all their lives.

Therefore, masters of the Jingyuan Fusion Realm on the earth are very rare, and it is even rarer to become an Eight-Star King.

Among the crowd, Yu Qilin shook his head slightly.

She felt These people on Earth are too optimistic.

The mental power boosted by Xiao Jing Yuan Dan is limited, and it is highly resistant to medicine. If you take too much, it will lose its effect.

If you want to rely on Xiao Jing Yuan Dan to break through to the half-step Jing Yuan Fusion Realm, the success rate They are less than 10%, let alone complete.

Qin Feng does not care about the performance of everyone.

At this time, he is completely immersed in the information of the jade talisman, and he is overjoyed.

There are many resources listed in the jade talisman, and he It was dazzling to see.

There were many things he lacked.

What made him happy was that as long as he had enough points, he could redeem as many as he wanted.

He had more than 990,000 points! He couldn't even spend them all.

Thinking about it, he felt happy Got a batch.

Some are happy, others are worried!

There are still a few assessors with 0 points in the field, all with sad faces, they can only stare and watch others happy.

After a wave of excitement, everyone suddenly realized A question.

Isn't it true that the more points someone has, the greater the benefits they will get!

Then Qin Feng.....

Damn it~!

More than 990,000 points!

Everyone couldn't help but look at Qin Feng, and they were so envious that their mouths were watering.

More than 990,000 points! Can he spend it all?..

Chapter 238

Everyone couldn't help but look at Qin Feng, and they were so envious that their mouths were watering.

More than 990,000 points! Can he spend it all?

At this moment, someone walked straight into the altar, took out the jade talisman, and placed it on the stone platform.

After a moment, a spiritual light shone brightly on the stone platform, and a white pill appeared.

The man picked up the elixir with excitement on his face.

Everyone was happy.

Redemption resources are real.

After one person starts, the people behind him will follow to exchange.

In order to protect the exchangers, only one person can enter the altar at a time.....

"Qin Feng, these are for you...."

Luo Li gave all the ranking rewards to Qin Feng

"What are you....",Qin Feng was slightly startled.

Luo Li said affectionately:"It's impossible for me to get the inheritance anyway. It's better to concentrate these resources on you... This way, you have a greater chance of getting the inheritance."..."

"All right!"

Qin Feng didn't hesitate and put away the rewards.

Seeing Qin Feng accept them, Luo Li was very happy

"Qin Feng, I queued up to redeem it....."

There was an exchange team lined up in front of the altar.

Li Xun and Wan Hansheng also lined up.

Only Lu Ming looked at the crowd with envy

"Luo Li, that little Jing Yuan Dan, you can exchange it for one. Once you have exchanged it, come to me....."

"Oh~" Luo Li obeyed Qin Feng's words, and

Qin Feng said hello and left.

Now there are many people redeeming, and they have to queue up.

He doesn't want to waste time, and is going to refine dragon blood and other items first, and then redeem them.....

A few minutes later, in a secret training room.

Twenty-four drops of true dragon's blood were suspended in front of Qin Feng, each drop emitting a dazzling spiritual light.

He opened his mouth and sucked in, swallowing all the true dragon's blood.

Twenty-four drops of dragon blood were refined at the same time, and violent energy raged in the body... This lasted for several minutes.....

"Ding~! Successfully swallowed twenty-four drops of true dragon's blood, and the physical dragon quality was increased to 55%....Combat power increased by 5 million points...."

"Ding~! Congratulations to the host, Longwei has been upgraded to level four!"

"The dragon quality is already 55%, and it is only the fourth level of dragon power. According to this progress, even if the dragon transformation is 100%, it will not reach the ninth level of dragon power....."

Qin Feng was a little confused.

Then, he took out the dragon marrow liquid and dragon bone pill and started to swallow them.....

"Ding~! Successfully swallowed twenty-four drops of dragon marrow liquid, and the bone marrow transformed into dragon marrow increased to 24%....Combat power increased by 5 million points...."

"Ding~! Devouring...Dragon Bone Pill was successful, and the skeleton was increased to 24.%....Combat power increased by 5 million points...."

"Ding! Congratulations to the host, Longwei has been upgraded to level five!"

"Ha ha! That's what happened!"

Qin Feng was overjoyed.

He now knows that not only dragon transformation can enhance dragon power, but dragon marrow transformation and dragon bone transformation can also enhance dragon power.....

"Ding! Dragon power has reached level five. Congratulations to the host for awakening the power of the true dragon and increasing its combat power by 10 million....."

Qin Feng's body shook, and a breath that seemed to come from eternity emanated from him.

A huge shadow of the void appeared behind him.

A huge blue dragon breaks through the void and overlooks everything in the world, like a true god.

The look in Canglong's eyes was clearly that of Qin Feng.

A dragon roar resounded through the sky!

All illusions disappeared.

Qin Feng's momentum skyrocketed, and his combat power surged by 10 million in the blink of an eye.

He also had a supremely noble temperament about him.

After a moment, Qin Feng slowly opened his eyes, like a born noble king.

He looked at himself, a look of ecstasy on his face.

Now, his combat power has reached 85 million points, not far from the 100 million combat power threshold of the Eight-Star King.

But he is confident to fight the Eight-Star King.

The combat power of the Eight-Star King is generally 100-200 million.

The Eight-Star Dzogchen has a combat power of 300-500 million.

Now, he can be regarded as a king-level big shot.

Whether it is the seven major alliances or the deep sea clan.

The kings all have the background of a certain force.

When he returns to the Confederacy, he will shock the world.

At this moment, the secret jade talisman sent him new information.....

"Huh! This is...it turns out it can still be like this....."

Qin Feng showed joy again.

It turned out that after his dragon power reached level five, he activated a hidden rule.

As long as his dragon power reaches level seven, he can obtain the inheritance regardless of the final assessment result and will not be deprived of any rewards.

This is a good thing!

As long as he reaches the seventh level of dragon power, he doesn't have to worry about his power being taken away.

It seems that he needs to obtain more dragon blood, dragon marrow liquid and dragon bone pills.

Besides, after the dragon's power reaches level five, the power of the true dragon will increase by one level each time it increases.

With this alone, Qin Feng was eager to increase Long Wei's power.

This will help him complete the seven-star god-level challenge.....

Time flies.

Three hours later, the exchange outside had ended long ago.

Everyone went into seclusion one after another.

Everyone is working hard to improve their strength to cope with the assessment three days later.

Seven people died in the first assessment.

Who can guarantee that no one will die in the second assessment?

Maybe more will die.

Everyone is still a little worried.....

In a secret training room.

Qin Feng got a sofa from nowhere.

At this moment, he was lying comfortably on the sofa, sipping Suzaku's specialty coffee and observing the Xiao Jing Yuan Dan in his hand.

Luo Li sat aside and massaged his thighs.

Luo Li's jade hands were very gentle, and the acupuncture points she massaged were very authentic, making Qin Feng feel comfortable all over.

"This elixir is so-so!"

Qin Feng looked at it for a while and then threw the Xiao Jing Yuan Dan to Luo Li.

He had just studied it.

This Xiao Jing Yuan Dan is very limited in improving mental power.

Devouring ten such pills is not as good as swallowing one. Qin Feng doesn't like this six-star early-stage Jingyuan Pearl at all.

"Isn't it? People outside regard it as a treasure, and many people can't even ask for it....."

Luo Li murmured and put away the Xiao Jing Yuan Dan with great care.

This little Jing Yuan Dan costs 100 points.

She also regarded it as a treasure.

Looking at Luo Li's cute appearance, Qin Feng smiled

"How long will it take you to refine this elixir?"Qin Feng asked casually

"About ten hours!"

Qin Feng said calmly:"I have done some research before and found that you need to refine at least seventy Xiaojing Yuan Dan to raise your mental power to the ultimate level of Seven-Star Great Perfection."

"Calculated this way, if you don't eat or drink, it will take a month to refine it day and night. But our repair time is only three days...."

Luo Li said helplessly:"It depends on how much you can improve it. This mental power is not easy to improve. If I have such an opportunity, I naturally don't want to miss it."...."

Qin Feng smiled slightly:"Can you improve your cultivation to Seven-Star Perfection in a short period of time?"

"sure! This time I exchanged two Dragon Power Pills. The effect of a Dragon Power Pill is equivalent to that of an Emperor Liquid Crystal. But it's much easier to refine"

"It takes about three hours to refine one. I calculated that as long as I refine these two Dragon Spirit Pills, I can break through to the Seven-Star Great Perfection..."

At this point, Luo Li's face was full of pride.

One Dragon Spirit Pill requires one thousand points..

Not everyone can afford to redeem it.

In this assessment, only four people had more than 1,000 points.

She still remembers that when she redeemed two Dragon Power Pills, the people around her looked envious.

This time, she With more than 2,100 points, I redeemed two Dragon Power Pills and a Xiao Jing Yuan Pill.

"It can be refined in three hours. Then this Dragon Power Pill is not bad...Girl, hurry up and break through to the Seven-Star Great Perfection. When you break through, I have a way for you to break through to the half-step essence fusion realm in one day...."

Luo Li was surprised and happy:"Really?"

"certainly! Time is precious, hurry up and refine the elixir, don't waste time...."

Qin Feng patted Luo Li's round and straight hair and sent her to practice quickly.

Luo Li's pretty face turned red.

At that moment, she happily went to retreat....

A quarter of an hour later, Qin Feng appeared in the square.

At this moment, there was no one in the square.

He walked up to the altar leisurely, came to the exchange stone platform, and began to exchange resources..

Chapter 239

At the altar, Qin Feng flipped through the exchange information.

There is no true dragon's blood, dragon bone pill, or dragon marrow liquid in it.

These three treasures can only be obtained through assessment rewards, there is no other way.

It can be seen that it is difficult to improve Longwei.

Qin Feng continued to read.

10 drops of Imperial Ooze, value: 1 point. (Currently in stock: 100 million drops)

Xiao Jing Yuan Dan, value: 100 points (Currently in stock: 973)

Emperor Liu Jing, value: 500 points. (Currently 1,000 pieces in stock)

Dragon Power Pill, value: 1,000 points. (Currently 996 pieces in stock)

Seeing this, Qin Feng smiled.

Obviously, Xiao Jing Yuan Dan and Long Li Dan have been exchanged, so the inventory is not an integer.

But no one cares about the Emperor's Liquid Liquid and the Emperor's Liquid Crystal.

Speaking of which, the effects of Imperial Liquid Crystal and Dragon Power Pill are the same.

However, it takes about 24 hours to refine the Emperor's Liquid Crystal, and only about 3 hours to refine the Dragon Power Pill.

The difference in points between the two is actually half.

After all, the most precious thing now is time.

A difference of half is reasonable.

But for Qin Feng, there is no difference in the refining time of Longli Dan and Imperial Liquid Crystal.

Even the Imperial Liquid Crystal is more useful than the Dragon Power Pill.

The Dragon Power Pill can only improve your cultivation, but the Emperor's Liquid Crystal can condense star patterns.

"Successfully redeemed 1,000 Imperial Liquid Crystals! 500,000 points will be deducted!"

The redemption message came from the Summoning Jade Talisman.

The next second, the stage was filled with Imperial Liquid Crystals.

Qin Feng put them away with satisfaction.

These Imperial Liquid Crystals are of great use to him, allowing him to use the Eight Stars...

So, He cleared out the inventory in one breath.

Even so, Qin Feng felt that it was not enough...

Then he continued to look for resources.

Eight-star dragon origin (fire element), worth 50,000 points, (1 in stock)

The Origin of the Eight-Star Dragon (Ice Element), worth 50,000 points, (1 in stock)

The Origin of the Eight-Star Dragon (Dark Element), worth 60,000 points, (1 in stock)

"this is not bad!"

Qin Feng's eyes lit up.

"Redeem the Eight-Star Dragon Origin (Dark Element) successfully! 60,000 points will be deducted!"

To put it bluntly, the origin of the eight-star dragon and the origin of the eight-star king are equivalent.

Qin Feng's dark attribute is still at the six-star perfection level and needs to be continuously strengthened, so he redeemed this mass of origin.

Next, he continued to redeem.

Divine consciousness transformation Haidan, worth 100,000 points, (1 in stock)

Qin Feng smiled, he found the treasure he wanted most

"Successfully redeemed the Divine Consciousness Transformation Haidan! 100,000 points will be deducted!"

A completely white divine elixir, exuding strange fluctuations, appeared on the stone platform.

Qin Feng put away the divine elixir with great treasure.

With this divine consciousness sea-forming elixir, his divine consciousness can transform into consciousness. The sea of consciousness can break through the bottleneck of mental power.

The sea of consciousness is generally only possessed by the eight-star Dzogchen.

And the strong people who have the sea of consciousness have semi-substantial spiritual consciousness, which not only has the detection function, but can also be used to attack. It has many incredible functions.

For example, the Eight-Star Dzogchen Master can turn an elemental master into a fool with just one look.

That is caused by the attack of divine consciousness.

Afterwards, Qin Feng exchanged some miscellaneous resources and left.

He still has 300,000 points left, which he keeps as a spare.....

At the same time, there was another secret training room.

Long Shang and Yu Qilin are discussing

"Why did Qin Feng get so many points? Ridiculously high!"

Yu Qilin sighed with emotion.

Long Shang smiled bitterly: "I can't understand it either! I never thought that an earthling could be so powerful! By the way, do you think there's anything fishy here?"

"This is it...."

Qin Feng's handsome appearance appeared in Yu Qilin's mind.

She wanted to say, that guy was so handsome!

"The first time I fought with him, he was stronger than me, but not much stronger. He was obviously much weaker than you...."

Yu Qilin recalled the scene of the first fight.

Yu Qilin further analyzed:"From the first time I played against him to now, only a few days have passed. I think no matter how fast he progresses, he can't catch up with you. In my opinion, his strength should not be as good as You!"

After hearing these words, Long Shang secretly breathed a sigh of relief.

Then, he smiled and said:"I think so too. For example, in this first assessment, he entered the third area instead of the fourth area. It means that he will not be very strong....."

"Perhaps, he cheated using special means to get so many points.....However, it doesn't matter. If he wants to cheat in the next second assessment, he's afraid he won't be able to do it....

"The content of this second assessment is completely different from the first. It's hard to say whether he can make it into the top three. hey-hey!! I want to get the first place again this time....."

Long Shang showed a confident smile

"I hope so! Take these rewards... there's only so much I can do!"

Yu Qilin handed over the dragon blood, dragon bone pill, and dragon marrow liquid that he had obtained.

"Thank you very much!", Long Shang happily took it.

"Need not! This is the order of the organization, you should thank the organization..."

After leaving these words, Yu Qilin left.

"Ah! this woman....."

Looking at Yu Qilin's back, Long Shang sneered slightly...

Then, he also started his training plan.

He must improve his strength to the eight-star level as soon as possible.

Otherwise, he would not be able to get the two secret realm tokens, the dragon tendons and the dragon beads, at the back.

Three great tokens!

The guardian of Nilin is the quasi-eight-star Dragon Spirit Emperor.

The guardian of Dragon Tendon is at the eight-star level.

The guardians of the Dragon Balls are at the Eight-Star Dzogchen level.

Of course, he doesn't have to be tough, he can also be outsmarted.

But he was not strong enough, and he died just before he got close to the token, so he must work hard to increase his strength to eight stars.....

But on the other side, Qin Feng went back to retreat after exchanging resources.

In the secret room.

Qin Feng first used the eight-star dragon origin (darkness) to strengthen his dark attributes to the eight-star level, and his combat power was directly increased to 90 million.

Then, he took out the Divine Consciousness Transformation Sea Pill

"Ding! Devouring Divine Consciousness and Transforming Haidan Successfully.....Divine consciousness begins to dissolve into the sea...."

It lasted for several minutes.....

"Ding! Successfully transformed into the sea! Congratulations to the host for acquiring the Sea of Consciousness...the strength of his divine consciousness has been doubled....."

Immediately, a huge spiritual wave, like substance, emanated from Qin Feng.

He slowly opened his eyes, and his eyes were like stars, bright and clear, with light that penetrated the endless darkness.

The next second, Qin Feng's face showed a look of joy.

His consciousness became much stronger, and the scanning range doubled.

The bottleneck of mental strength has been broken!

A qualitative leap has taken place!

"Ding! The host's mental strength is doubled, the essence fusion state is strengthened, and the combat power is increased to 100 million....."

"Ding! The generation of the host's sea of consciousness is detected, and mental skills begin to be automatically strengthened....."

"Ding! King-level illusion is promoted to the best king-level illusion....."

"Ding! Memory Stealing (King Level Skill) was promoted to Memory Reading (Excellent King Level Skill)....."

"Ding! Spiritual Contract (Super Skill) is promoted to Holy Contract (King Level Skill)....."

"Ding! Teleportation limit increased to 5,000 meters..

Chapter 240

After a while, all enhancements are completed

"Ha ha!! Cool!"

Qin Feng laughed heartily.

The Divine Consciousness Transformation Haidan helped him a lot.

Now, not only does his combat power reach 100 million, but many skills have also been strengthened, and his strength has been improved in all aspects.

He is now a true king. strength

"The guardian of the dragon tendon is the eight-star level, and the guardian of the dragon ball is the eight-star perfection.....The most troublesome thing is getting the Dragon Balls....."

Qin Feng murmured in his heart.

He stole the memory of the Dragon Essence Emperor and also learned the guardian information of the Dragon Tendons and Dragon Balls.

As for the final benefits he would get from collecting the three tokens of Ni Lin, Dragon Tendon and Dragon Ball, he still didn't know.

This matter is related to the Dragon God inheritance, but it is different.

He hasn't yet figured out the specific connection between the two.

At the moment, Qin Feng stopped thinking about it, took out the Emperor's Liquid Crystal and started to devour it.

He could swallow one in less than five seconds.

This refining speed is extremely terrifying.

In the blink of an eye, half an hour passed.

Qin Feng devoured more than 300 Emperor Liquid Crystals, and his seventh star pattern completion rate finally increased to 99.9%, just shy of breaking through to the seventh star level.

"Finally reached the limit! With my current strength, I should be able to start a god-level challenge, right?"

Qin Feng's heart became hot.

This time his strength improved by leaps and bounds, and his self-confidence began to expand.

Just when he was considering whether to start the challenge, a prompt came from the system

"Ding! Super god level challenge activated....."

Challenge content: Transfer the seven-star god-level challenge opportunity to the eight-star level, and the host can get two eight-star level challenge opportunities.

After the eight-star challenge is activated, the host needs to complete two challenges in a row within three hours.

Successful challenge: All rewards are multiplied tenfold; a special reward is a Light Source Bead (perfect level).

Note 1: Rewards will be distributed after two consecutive successful challenges.....

Note 2: If you fail any game, all rewards will be cancelled.....

Remark 3: After the challenge is activated, it must be completed within three hours. If it is not completed after the time limit, the challenge will fail by default.....

Note 4: This super god-level challenge is not a mandatory choice, and the host can give up.....

"Is this still possible?....."

Qin Feng hesitated.

He is now getting stronger and stronger, and the initial winning rate of god-level challenges is also steadily increasing...

At this time, the system has another super-god-level challenge.

You don't need to guess to know that two consecutive challenges will be more difficult than the last.

If he won the first game, could he also win the second?

What's more, two games must be completed within three hours, so there is no chance to breathe.

If he fails, all his seven-star and eight-star challenge rewards will be lost.....

But this is also a great opportunity!

Once successful, the reward will be doubled!

Qin Feng's heart is moved, this is like a gamble

"Damn! elected!"

Qin Feng quickly made a decision.

"Ding! Congratulations to the host for accepting the super-god-level challenge mission... This challenge will be automatically activated when the Seven-Star Great Consummation occurs....."

"Ding! Remind the host that the super-god-level challenge is ten times more difficult than the god-level challenge. Please be mentally prepared for failure....."

Damn it~!

Qin Feng suddenly had the urge to scold the system.

This last reminder is obviously stimulating him.....

However, he had already thought about it.

As long as he obtains the ninth-level Dragon God inheritance, the chance of success in this super-god-level challenge is still high.

Otherwise, he won't activate it

"Since you have chosen the super god level challenge, there is no need to suppress your cultivation level....."

Qin Feng glanced at the Imperial Liquid Crystal in his hand and swallowed it in one gulp.

"Ding! The Devouring Emperor Liquid Crystal is successful... Congratulations to the host for breaking through to the early stage of Seven Stars....."

In the blink of an eye, Qin Feng swallowed another three hundred pills.....

"Ding! The Devouring Emperor Liquid Crystal is successful...Congratulations to the host for breaking through to the mid-seven-star stage....."

Another half hour later, Qin Feng swallowed the last Emperor's Liquid Crystal, and his cultivation level was promoted to the mid-seven-star stage (87%) ...

He looked at his combat power and saw that it had increased to 130 million.

With such strength, he can dominate among the eight-star kings.

However, he is not yet the opponent of Eight-Star Dzugchen.

The eight-star Dzugchen combat power is 300 to 500 million.

Some powerful Eight-Star Dzugchen can still defeat him easily, but they cannot kill him instantly.

"It will be increasingly difficult to improve your cultivation level after this....."

Qin Feng had some unfinished ideas.

Nearly seven hundred Emperor Liquid Crystals failed to allow him to break through to the late seven-star stage.

He also needs more Imperial Liquid Crystals.

He wanted to exchange it, but all the inventory in the secret realm was exchanged by him.

Just then, footsteps sounded outside the secret room

"Captain, Lu Ming wants to see you!"

Lu Ming's voice sounded outside the door.

"come in!", Qin Feng casually opened the restriction.

The stone door roared and moved away automatically.

Lu Ming walked in uneasily.

"Lu Ming has met the captain!" Lu Ming's tone was very respectful.

He vaguely felt that the captain's temperament had changed again, which made him even more awed.

"What do you want from me?", Qin Feng asked casually.

Plop~!

Lu Ming fell to his knees all of a sudden

"Captain, please save me!"

"Get up and speak!"

Qin Feng had long guessed that Lu Ming would come to him.

He had also been waiting for Lu Ming to come and ask for help.

"Captain, help me! I might not be able to pass the assessment in three days. I want to improve my strength now, but there is no way....."

At this point, Lu Ming knelt on the ground, his eyes turning red.

Just now, he saw everyone going into seclusion.

He also went to a secret room to practice in seclusion for a while, but made no progress at all.

When he thought back to the people who were self-destructed today, he became panicked and finally couldn't bear it anymore and came to Qin Feng for help.

"Let's get up and talk first!", Qin Feng said lightly

"Captain, as long as you can help me get through this difficulty, I will do whatever it takes for you.....".

Lu Ming's face was full of pleading, but he refused to get up.

Qin Feng was helpless: "Forget it! I can help you, but you have to sign a sacred contract with me and be loyal to me in the future....."

"I do!"

Lu Ming agreed without hesitation.

He just wanted to get out alive, so what's the point of signing a small contract?

"good!"

Qin Feng didn't waste any time. He stood up and walked to Lu Ming.

Then, he drew a golden sacred contract talisman in the air and printed it on Lu Ming's eyebrows.....

Lu Ming took the initiative to let go of his heart and accepted the contract wholeheartedly...

A few minutes later, the contract was completed.

Both of them had telepathy.

Lu Ming looked at Qin Feng with even more respect.

That's the binding force from the contract.

His loyalty to Qin Feng is far higher than his loyalty to Southern Alliance.

Sacred contract, king-level skill.

Once a contract is formed, not even the Nine-Star Emperor can forcibly terminate it.

Only Qin Feng himself can relieve it.

The sacred contract is also very binding on subordinates.

Once a subordinate betrays him, the repercussions will be terrible, and worst of all, his soul will be damaged, and his cultivation will not be able to advance even an inch.

"Now you can get up!"

"yes! team leader!", Lu Ming stood up respectfully
