

God level 2311

Chapter 2311

But he said that after Qin Chuan got the information.

Then they left the forbidden valley.

Then, he found a deserted place and released the ball.

Qiuqiu's strength is still at the peak of the fourth level of perfection.

It seems that it wants to enter the fifth level. Since it eats Yuanci Blue Gold every day, it is not that easy.

"Gujiguji!!"

As soon as the ball came out, it narrowed its eyes and jumped up happily.

It was suffocated in the space of the God of War.

"Little one, stop making trouble!"

Qin Chuan twisted Qiuqiu up with a serious expression, and then told Qiuqiu about the current situation.

Qiuqiu seemed to understand, and the little guy actually wrinkled his face and looked worried.

"Qiuqiu, now I have two tasks to give you."

At that moment, Qin Chuan whispered in Qiuqiu's ear.

"Gujiguji!!" Qiuqiu nodded repeatedly.

"alright! Everything depends on you. Regardless of whether it can be completed or not, you have to come back tomorrow. You must come back before Zhou Dingtian. I don't have much time. Even if my identity is exposed, I will give the information here to Brother Huo before I die."

Qin Chuan said very seriously.

Qiuqiu also nodded seriously. The little guy also realized the seriousness of the current situation.

"Qiuqiu, go ahead! You should also pay attention to your safety. Currently, you are being searched by the Zhou family. They will recognize you as soon as you transform. You must pay attention to protect yourself"

"Gujiguji!!"

Qiuqiu nodded repeatedly, and then the figure turned into a white light and disappeared from the jungle.

At that moment, Qin Chuan returned to the valley and went to the forbidden area of the Zhou family with another blood guard as usual. He went to the teleportation array to change the guard.

Just like that, it passed by unknowingly. Everything in the forbidden area was calm and nothing happened.

On the second day, Qin Chuan was still preparing to go to the teleportation array to change the guard as usual.

At this time, the forbidden area A surprising news came from inside.

It turned out that just yesterday, the Wei family teleportation was suddenly attacked by a strange beast.

Two blood guards guarding the teleportation array were seriously injured by the beast, while one was preparing to pass through the teleportation array. The children of the Wei family who came out of the forbidden area were killed on the spot by the ferocious beast.

Then, the ferocious beast carried the bodies of the children of the Wei family away.

Obviously, the beast was hungry and went there to feast on the corpses.

This As soon as the news reached the forbidden area of the Wei family, it immediately aroused the anger of all the children of the Wei family.

As the leader of the Wei family in the forbidden area, Wei Qingyan personally called the two blood guards who were seriously injured but not dead for questioning.

After some questioning, he was surprised. Suddenly, he discovered that the ferocious beast that killed the children of the Wei family was exactly the same as the ferocious beast that killed the thirteenth son of the Zhou family.

After hearing the news, Wei Qingyan could no longer sit still and killed the Nan family and the Yan family. People were also invited over.

After the Nan family and the Yan family knew the news, they were also shocked.

Because this illustrates a problem.

The problem is that among the ferocious beasts in the forbidden area now, an extremely powerful mutated ferocious beast has appeared. Beast.

And this mutated ferocious beast is very ferocious and perverted, and likes to eat human flesh. It has already devoured two human lives.

If it is not eliminated, it will be a big hidden danger to the children of the four families if it remains in this forbidden area.

As soon as this news spreads, not only The children of the four families all looked worried, and even the blood guards and ordinary servants of the four families were extremely worried.

For a time, people in the forbidden area were all talking about the sudden appearance of the strange beast. Wei Qingyan even organized all the direct descendants of the fourth level and above among the three clans to hunt down the strange beast.

According to the information told by the two surviving blood guards, they finally saw the beast. They went to Qingyan Peak in the south.

When Wei Qingyan led a group of disciples to the scene, they also found clear paw prints and blood stains on the ground.

The group followed the traces left by the ferocious beast.

In this way , in the forbidden area, among the four disciples, there are only two sixth-level warriors left to guard it.

One guards the entrance of the Hidden God Valley, and the other guards the entire forbidden area valley..

Chapter 2312

When Qin Chuan knew this, he was naturally happy. He also knew that Qiuqiu did all this.

This is what he ordered Qiuqiu to do.

His purpose was to divert the tiger away from the mountain, lure Wei Qingyan away, avoid meeting him and Zhou Dingtian who was rushing back, and try to buy himself some time.

Of course, there is one person who knows the truth, and that person is Zhou Ying.

However, Zhou Ying has remained silent.

However, Qin Chuan and another blood guard were guarding the teleportation array as usual that day.

The blood guard who was partnering with Qin Chuan was called Lao Li. He usually talked a lot, but today he was uncharacteristically looking around like a thief, as if he would run away immediately if something went wrong.

Seeing his appearance, Qin Chuan couldn't help but laugh a little, and asked jokingly: "Old Li, what happened to you today? You look like you are distracted."

But Old Li said seriously: "Brother Qin Chuan, you didn't. Have you heard about what happened yesterday? The ferocious beast that killed the Thirteenth Young Master has appeared near the forbidden area. Yesterday, it killed a member of the Wei family and seriously injured two blood guards guarding the teleportation array."

"Do you think that ferocious beast will come here? That ferocious beast is much more powerful than a fourth-level Dzogchen warrior. I heard that only a fifth-level warrior can deal with it."

"If it appears here, given the strength of you and me, it will definitely cost us our lives. I heard that that ferocious beast likes to eat human flesh. It's scary to think about it!"

Speaking of this, Lao Li couldn't help but show a hint of fear in his eyes.

It turned out that Lao Li was also frightened by the rumors about Qiuqiu.

Seeing his expression, Qin Chuan couldn't help but feel a little funny.

He comforted him at the moment: "Brother, don't worry unfounded, that ferocious beast will not appear here."

"Why! Hope so! I really hope Commander Wei will lead them to kill that ferocious beast as soon as possible. There is such a ferocious beast in this forbidden area, it is really not reassuring!"

As soon as he finished speaking, two roars suddenly came from outside the valley, shaking the entire valley with roars.

Lao Li's expression immediately changed, and he couldn't help but muttered: "It can't be that ferocious beast that appears. Already? It can't be such a coincidence, right? Probably not, these were two beast roars, they should be two ferocious beasts. That ferocious beast couldn't turn into two at once."

As soon as he said this, there were two more beast roars outside the valley, and then two white lights flew in from outside the valley and landed not far from the teleportation array.

Those two white lights turned out to be two dragon heads. A powerful beast with a body of a lion and two wings on its back.

As soon as he saw the appearance of these two beasts, Lao Li was immediately frightened to the point where his legs became weak and his face turned pale. He cursed himself in his heart and felt like he wanted to die..

Because the images of the two ferocious beasts in front of him were exactly the same as the ferocious beast that killed the Thirteenth Young Master.

Qin Chuan on the side also pretended to be panicked and exclaimed loudly.

"Lao Li, let's run away quickly! Otherwise, they will catch you and eat you."

After saying that, Qin Chuan's figure flashed and he ran away immediately.

Seeing Qin Chuan running away, Lao Li finally came to his senses and ran away quickly.

And the two ferocious beasts also separated, one chased Qin Chuan, the other He only chased Lao Li.

Soon, the two beasts chased them out of the valley.

Qin Chuan chose to escape in the opposite direction to Lao Li. After a while, he lost sight of the other party.

At this time, Qin Chuan stopped.

And the pursuit His ferocious beast also stopped.

In fact, the ferocious beast that chased Qin Chuan was Qiuqiu.

As for the ferocious beast that chased Lao Li, it was Qiuqiu's clone.

"Finally, Old Li was lured away from the teleportation array. Qiuqiu, you did a good job. Yesterday, a Wei family disciple was killed. Let's go back to the teleportation array now."

Qiuqiu roared and nodded repeatedly..

Chapter 2313

At that moment, one person and one beast quickly returned to the valley.

Qiuqiu stayed at the entrance of the valley, not letting anyone in.

Qin Chuan quickly changed out of his blood guard uniform, turned on the battle body madness, put on the mask, put on the true seal order, and then activated the teleportation array.

He wanted to activate the teleportation array, enter Jiwuyuan, and convey the information he got to Huo Qing.

Not long after, the teleportation array was activated, and a dazzling light lit up around the array.

Qin Chuan immediately entered the center of the formation. A burst of light curtains alternated. With a flash of white light, Qin Chuan disappeared in the center of the formation.

But he said that at the other end, in a side hall of the Zhou Family Jiwu Academy.

There are seven blood guards guarding a teleportation array.

The leader of the Blood Guard Captain is a dark-skinned middle-aged man in his mid-thirties.

The middle-aged man's cultivation level is already that of a fourth-level warrior.

He is also one of the two Blood Guards who guard Jiwuyuan, and is known as Captain Ke.

The remaining six blood guards were all third-level warriors, and Huo Qing was suddenly among them.

At this moment, there were only seven of them guarding the formation. They were bored for a while, chatting about something.

"The day after tomorrow is the day for our team to take family leave. Are you going to go out and have fun, or what?"

"hehe!! Every time I enter Jiwuyuan for a month, I am almost exhausted. It's time to go out and get some fresh air."

"yes! Every day here is either looking after the teleportation array or looking after the Jiwu Sect, which is boring to death. What's even worse is that there is no alcohol here, which makes me hungry to death.

At this time, Captain Ke laughed and said:"Haha!!" You kid is just a drunkard, thinking about drinking all day long. Well, when we are on vacation the day after tomorrow, I will invite all the brothers to have a big drink at Huaixianglou."

Hearing this, all the team members cheered

"Ha ha!! See how happy you are. Captain Ke looked at them with a smile and found that only Huo Qing was smiling and silent, so he said:"Xiao Huo!" You are a newcomer, you must come to the party the day after tomorrow!"

"Captain, my subordinates may not be able to attend the day after tomorrow."

Huo Qing had a troubled look on his face.

"oh? Why?"

"Because my subordinates are going home for a visit, I'm afraid I won't have time to gather with you all.

Hearing this, Captain Ke smiled and said:"That's it!" Since you want to go home to visit relatives, I won't stop you. However, you must participate in the next vacation! Huo Qing said with a smile:"

Next time, my subordinates will definitely participate!"

Everyone was talking and laughing.

Suddenly, the teleportation array on the side made a 'wuwu' sound, and then the runes on the stone array lit up white.

Seeing this, Captain Ke looked solemn and immediately said:"Everyone, be silent. Someone came out of the forbidden area."

Hearing this, all the blood guards also saw the changes in the formation, and their expressions changed. They stood upright, pretending to be serious.

Because they knew clearly that the person teleported from the forbidden area must be Zhou. The children of the Zhou family.

If they were chatting and chatting like before, they would be punished if they were seen by these children of the Zhou family. Not long after, the formation began to move, white light curtains lit up around it, alternating, and finally the white light flashed, and the formation A white-haired, silver-faced man appeared in the center.

Everyone was shocked when they saw that the white-haired, silver-faced man appeared in the center of the formation, not any of the Zhou family members they were familiar with in the past.

Captain Na Ke even took a step back in shock. , at the same time he drew out the sword on his waist, pointed it at the people in the formation, and asked sternly:"Who are you?!"

When the blood guards around him saw this, they were all shocked and drew their swords to point at the person in the center of the array.

Naturally, the person in the center of the array was Qin Chuan who had been teleported from the forbidden area..

Chapter 2314

Qin Chuan looked around calmly.

When he discovered that Huo Qing was among these blood guards, his eyes immediately flashed with unnoticeable joy.

At this time, Captain Ke frowned when he saw Qin Chuan standing in the center without speaking. He suddenly became suspicious and immediately ordered: "There is a problem with this man, brothers, take it down!"

Hearing this, all the Blood Guards responded in unison and We need to step forward together.

Qin Chuan immediately snorted: "Humph! Who dares to take another step forward! I will kill him!"

At the same time, the aura of a fourth-level peak warrior began to spread, instantly covering all the blood guards.

"Huh! No, this white-haired man is a fourth-level peak warrior! We are not opponents."

As soon as everyone felt Qin Chuan's pressure, they all changed their colors, and some even took a step back in fear.

Only Huo Qing showed a strange look on his face, because he heard the voice of the white-haired silver-faced man was genuine. It's Qin Chuan.

Captain Ke's face also changed slightly. If the opponent is a fourth-level peak warrior, he and six subordinates may not be his opponent.

Thinking of this, Captain Ke decisively took out a rune card. , was about to be crushed.

It turned out that the rune card was a warning talisman, specifically to notify Zhou Dinghai.

When Captain Ke discovered that Qin Chuan was a fourth-level peak warrior, he knew that these people might not be Qin Chuan's opponents, and immediately decided to ask Zhou Dinghai Dinghai asked for help.

But he said that Huo Qing on the side saw Captain Ke crushing the warning talisman and became anxious.

He knew the warning talisman.

He also knew that Qin Chuan's strength was definitely not the opponent of a fifth-level warrior, so Zhou Dinghai is a fifth-level warrior.

If Captain Ke summons Zhou Dinghai, Qin Chuan will definitely die.

At that moment, Huo Qing deliberately interrupted and shouted: "Captain, this guy is a little weird. When Captain Ke heard this, he rolled his eyes at Huo Qing and cursed angrily: "Isn't this nonsense?" How come Xiao He has become an idiot today, saying such mindless things!"

Just because of his delay, Qin Chuan saw something in Huo Qing's eyes, and immediately said in a deep voice: "Captain, what are you doing? Do you really think I'm an intruder? Take a look, what is this?"

After saying that, Qin Chuan took out the True Seal Token from his body.

Captain Ke was stunned when he saw the True Seal Token. At the same time, he stopped crushing the warning talisman. However, he did not let down his guard at all.

As long as Qin If Chuan makes the slightest move, he will crush the warning talisman in his hand without hesitation.

"Huh! This is the True Seal Order, which symbolizes the identity of a direct descendant of the Zhou family! How could you have it?"

Captain Ke showed a hint of surprise on his face.

Qin Chuan pretended to be angry and said: "Nonsense! I am a descendant of the Zhou family, so of course I have the True Seal Order. As the captain, is this your attitude when you see us Zhou family children? Get out of the way quickly, lest I annoy you and make you suffer no good consequences!"

Being yelled at by Qin Chuan, Captain Ke was also trembling. He almost thought that Qin Chuan was a child of the Zhou family.

However, he was not a fool. He just thought about it briefly and felt that something was wrong.

At that moment, Captain Ke's expression condensed. Not only did he not salute Qin Chuan respectfully, but he took a step back, distanced himself from Qin Chuan, and said with a cold expression

"hehe!! Do you think I, Mr. Ke, am a fool? Do you think having the True Seal Order can prove that you are a descendant of the Zhou family? Although I don't know what happened in the forbidden area, I can be sure that you are not a descendant of the Zhou family."

"Because I know all the children of the Zhou family in the forbidden area, but you are the only one I don't know, and you don't know me either. Moreover, Your Excellency is still wearing a mask, so it is difficult for people not to suspect you when you are walking like this! Tell me, who are you? If you don't say anything, I will inform our Commander Dinghai."

Hearing these words, Qin Chuan sighed in his heart.

It seems that Captain Ke is not easy to fool!

When Brother Huo saw the captain taking out the rune card earlier, his eyes were a little anxious. Just now, Captain Ke said that he wanted to inform Commander Dinghai, is that rune card a kind of communication talisman?

If that is the case, then we must first seize the rune card in his hand. But we cannot let him notify Zhou Dinghai, otherwise I will never be able to return to the forbidden land alive."...

"how? Don't you speak? Are you admitting that you are pretending to be a member of the Zhou family?"

Captain Ke became even more suspicious when he saw Qin Chuan was silent again, and was about to crush the warning talisman.

But at this moment, Qin Chuan laughed and said

"Ha ha!! Captain Ke, how dare you humiliate me like this. Okay, just tell me, Uncle Dinghai, to come over now and see how I accuse you of disrespecting me in front of him. I'll make you walk around without food."

Hearing Qin Chuan's threatening words, Captain Ke was really scared, but he was also a shrewd person, how could he be deceived by Qin Chuan in just a few words?

At that moment, Captain Ke said:"It doesn't matter whether you are a descendant of the Zhou family or not. , it is my duty to conduct a strict investigation. Even if it is later discovered that you are really a descendant of the Zhou family, I don't think Commander Dinghai will blame me."

"Moreover, judging from the current situation, it is impossible for you to be a descendant of the Zhou family. Do you still think that I, Ke, am easy to fool? Mr. Ke will now inform us, Commander Dinghai, to come and confront us. Let's see if you have any other tricks up your sleeves?"

After saying that, Captain Ke sneered and pretended to crush the warning charm in his hand, but his eyes kept looking at Qin Chuan. In fact, he was also testing. He wanted to see what Qin Chuan would do.

However, he was disappointed to find that , Qin Chuan didn't move at all.

At that moment, he was a little confused.

"Huh! This man doesn't seem to be afraid of me informing Commander Dinghai. Is he really a descendant of the Zhou family? This is impossible, right? If he is a descendant of the Zhou family, how could I not recognize him? His figure and voice match none of the Zhou family members I know."

"Could it be that the son of the Zhou family deliberately changed his voice and body shape? So I don't know. By the way, let this person take off his mask. I'll know what he looks like first."

Thinking of this, Captain Ke stopped what he was doing and said, "Can you please take off your mask first, and then I will notify Commander Dinghai to come over. Hearing this

, Qin Chuan said angrily: "If you want to inform me, just inform me. I have told you so much nonsense that I am a descendant of the Zhou family, but you don't believe it. Could it be that my true seal order is still fake?" If you really think that my True Seal Order is fake, then just take it and see if it is true or false?"

After saying that, Qin Chuan pretended to be angry and threw the True Seal Token to Captain Ke.

Captain Ke was stunned for a moment and subconsciously reached out to take the True Seal Token thrown over.

Just when Captain Ke was distracted, Qin Chuan A sharp look flashed in his eyes, and with a flick of his right index finger, a burst of energy shot out like lightning at Captain Ke's wrist holding the warning charm.

Captain Ke was unprepared, and his wrist was immediately shot through by the energy, and he screamed in agony. , blood spattered, and the warning talisman in his hand also fell to the ground.

At the same time, Qin Chuan's body flashed with blood, and he rushed towards Captain Ke at an extremely fast speed.

All the blood guards in the field only I felt my eyes blurred, and before I could see what was going on, I heard Captain Ke groan and was knocked unconscious by Qin Chuan.

At that moment, everyone looked extremely horrified. They were all surprised by Qin Chuan's speed. I can't believe it. That's definitely not the speed of a fourth-level warrior. I'm afraid it's not much faster than that of a fifth-level warrior.

Even Huo Qing had a look of disbelief.

In fact, speed is Qin Chuan's trump card.

There is blood. With the shadow escape method and the strengthened calf bones, Qin Chuan's speed is almost unparalleled at the same level.

Such speed is already extremely terrifying.

Because I have never heard that the speed of a fourth-level warrior can catch up with that of a fifth-level warrior. of warriors

"Oh my God! What speed is this? I'm afraid only fifth-level warriors can reach the front line faster than him!"

This astonishing answer appeared in everyone's mind.

However, they soon realized a problem, that is, Qin Chuan in front of them was their enemy.

Immediately, someone shouted:"Everyone, run! This guy is so awesome."

After saying that, the man took the lead in escaping.

The other people immediately woke up and turned around to run away.

Huo Qing thought for a moment and immediately joined the escaping team.

However, Huo Qing ran at the end of the team..

Chapter 2316

Qin Chuan snorted coldly when he saw the blood guards running away. With a flash of blood on his body, he immediately caught up with Huo Qing and hit Huo Qing on the back of the head with a palm.

Huo Qing immediately groaned and fainted to the ground.

Hearing Huo Qing's groan, the expressions of the other Blood Guards changed drastically, they screamed and fled in all directions.

Qin Chuan sneered slightly at the corner of his mouth, and his figure flashed continuously. In just a moment, he caught up with the other five blood guards and knocked them all unconscious on the spot.

After doing this, Qin Chuan slowly walked to Huo Qing.

At this time, Huo Qing, who was supposed to be unconscious, opened his eyes and stood up with a smile.

"Brother Huo, are you okay?"

"fine! It's just that your attack is a bit harsh!"

It turns out that the two of them just put on a show, letting the rest of the Blood Guards hear the groan of Huo Qing being knocked unconscious, so that the suspicion of a connection between him and Huo Qing could be ruled out.

At this time, Qin Chuan Slowly took off the mask on his face.

In fact, when he took off the mask, he also wanted Huo Qing to put down all his guard and confirm that his identity was Qin Chuan.

Huo Qing felt relieved when he saw that it was indeed Qin Chuan. Angry, but more surprised

"Brother Qinchuan, you really surprised me! I didn't expect you to be so strong. The speed just now was too terrifying! It seems you hid it deeply enough!"

Speaking of this, Huo Qing's eyes showed a somewhat complicated look, which was a little horrified, a little admired, and a little happy and expected.

Qin Chuan smiled and said:"Brother Huo, we are not discussing this now. when.

Huo Qing immediately looked serious and nodded:"That's right!" How are you exploring down there?"

Qin Chuan took out the bamboo tube containing all the information, handed it to Huo Qing, and whispered

"All the information is hidden here. When you go out the day after tomorrow, hand it over to our elders and let them quickly formulate an attack plan. My current situation is very critical. In the forbidden area, I am in danger of exposing my identity at any time. Huo Qing's face changed slightly:"

How could it become like this?" Then you don't want to go back to the forbidden area? That would be too dangerous.

Qin Chuan shook his head and said,"What if I don't return to the forbidden land?" There is still Zhou Dinghai guarding the Jiwu Sect, so I can't break through."

"Even if you force your way out, the inner courtyard of the Zhou family is outside, and there are still a large number of guards guarding it, including the second elder of the Zhou family. If you go out now, you will die. It is better to go back to the forbidden area. Besides, I also want to help you deal with Zhou Dinghai and open the Extreme Martial Sect. Hearing this

, Huo Qing sighed:"That's all we can do!" However, your intrusion into Jiweiyuan today will definitely cause a sensation. I think Zhou Dinghai will know about this soon. When the time comes, he will definitely notify the forbidden area. I'm afraid your identity will be exposed soon. You must be careful."

"Um!"

Qin Chuan nodded slightly and said solemnly.

"I have my own way to deal with Zhou Dinghai. I won't let him easily enter the forbidden area to report the news."

Hearing this, Huo Qing glanced at Qin Chuan in surprise. He couldn't figure out how Qin Chuan could prevent Zhou Dinghai from entering the forbidden area to report the message.

However, Huo Qing did not ask any more questions. After all, now was not the time to ask about these details..At this time, Qin Chuan said again:"Brother Huo, I won't say any more. You remember to convey my words to my father. I suggest that the attack be planned in nine days. I think you can go out the day after tomorrow and convey the information to them, giving them seven days to prepare. That should be enough, right?

Huo Qing pondered for a while, then nodded and said,"It should be feasible to attack in nine days!"

"That's good! I can last up to nine days in the forbidden area. If you don't attack after nine days, I'm afraid I will die in the forbidden area and I won't be able to help you deal with Zhou Dinghai."...

Chapter 2317

Qin Chuan said that Jiutian Period had a plan. Because in ten days it will be the day when the ancestor of the Zhou family will leave the valley.

If the ancestor of the Zhou family comes out of the valley, he will definitely know his identity. At that time, with the ability of the ancestor of the Zhou family, he may have no chance of escape.

Therefore, Qin Chuan suggested launching an attack one day in advance before the ancestors of the Zhou family came out of the valley to start the plan to snatch the Blue Dragon Pearl.

"Then it's settled! By the way, Brother Huo, you should have figured out the power of Jiwuyuan, right?

Huo Qing responded:"I figured it out." There are a total of nineteen blood guards guarding this Jiwuyuan, divided into two teams. There are two blood guard captains. In addition to Captain Ke who was knocked unconscious by you, there is also Captain Xiao. Both of them are fourth-level warriors."

"On weekdays, one team guards the teleportation formation, and the other team guards the Jiwumen, each team consists of seven people. The remaining four blood guards serve as personal guards beside Zhou Dinghai and Zhou Dingyan respectively."

"Zhou Dingyan? Why is there still a descendant of the Zhou family?"

"good! Previously we only knew that this Jiwuyuan was guarded by Zhou Dinghai, but we didn't know that there was another Zhou Dingyan"

"This week Dingyan is the deputy commander of the Jiwuyuan Blood Guards, a fourth-level Dzogchen warrior. Because he always keeps a low profile, outsiders only know that there is Zhou Dinghai in Jiwuyuan, but they don't know that there is also Zhou Dingyan. Hearing this

, Qin Chuan suddenly frowned and said after a while:"It seems that it makes sense for the Zhou family to arrange two children." If someone outside attacks Jiwumen and the situation is critical, one person can stay in Jiwuyuan to continue guarding, while the other person can enter the forbidden area to inform his ancestor."

"good! I think so too.

Qin Chuan suddenly looked solemn and said:"In this case, I have to get rid of Zhou Dingyan first." Hearing this

, Huo Qing asked with some uncertainty:"Zhou Dingyan is a fourth-level Dzogchen warrior. Are you sure you can deal with him?"

"There is no problem in dealing with him. When the time comes, I will kill Zhou Dingyan first, and then lure Zhou Dinghai away. The task of opening the Jiwu Sect will be left to you, Brother Huo. I wonder what Brother Huo's true strength is? Do you know anything about the rune array?"

"Brother Qin Chuan, don't worry, I am also a third-level warrior, and my overall strength will be no problem against a fourth-level warrior. Except for Zhou Dingyan and Zhou Dinghai, no one in this Jiwu Academy is my opponent. As for the rune formation, as the young master of the Huo family, I have naturally dabbled in it for a long time. There is no problem in opening the Jiwu Sect."

"But the crux of the matter is, how do you kill Zhou Dingyan, and how do you lure Zhou Dinghai away? Fortunately for Zhou Dingyan, Zhou Dinghai is a fifth-level warrior. You are no match for him."

"Yes, I am not Zhou Dinghai's opponent, but I have a way to lure him away from Jiwuyuan. I will tell you the specific plan in nine days. Nine days later, at midnight, I will enter the Jiwuyuan on time. Just wait for me near the teleportation array. At that time, I will tell you the specific plan"

"If the time passes and I don't show up, it means that I have died in the forbidden area. Then you don't have to wait any longer. This forbidden area can only be entered by force by our elders."

Speaking of this, Qin Chuan sighed again:"If there is a force attack and Zhou Dinghai finds that the situation is not right, he will definitely let Zhou Dingyan notify the forbidden area. I'm afraid that by then, this plan to seize the Blue Dragon Pearl will fail."

Hearing this, Huo Qing said strangely:"Although a strong attack will arouse the vigilance of the Zhou family, it will also arouse the ideas of the other three families in Shenyang City. But there are three eighth-level warriors on our side, and there is only one ancestor of the Zhou family in the forbidden area."

"As long as we here act quickly, it is very possible to break into the forbidden area and seize the Azure Dragon Pearl before the three Nan Yanwei families come to help! How could it fail?"....

Chapter 2318

Qin Chuan smiled bitterly and said:"Brother Huo, you don't know. There is not only one ancestor of the Zhou family in the forbidden area, but four ancestors. The situation is much more complicated than we imagined. The specific situation is all up to me. I won't say much more about what I just gave you."

Upon hearing this, Huo Qing's expression changed drastically, and he did not expect that there was not only one ancestor of the Zhou family, but four ancestors of the Zhou family in the forbidden area of the Zhou family.

If this happens, the situation will not be good.

"Unexpectedly, it turned out to be like this. It seems that we can't attack by force. We can only let three of our eighth-level seniors sneak into the forbidden area and catch them by surprise. Only then can we capture the Blue Dragon Pearl."

"good! exactly!"

At that moment, Huo Qing was silent. It was not until this moment that he realized that whether he could capture the Blue Dragon Pearl this time depended entirely on whether Qin Chuan was still alive nine days later. It can be said that whether he could successfully capture the Blue Dragon Pearl this time depended on Qin Chuan. Chuan is alone.

If Qin Chuan dies, this plan will basically fail. If Qin Chuan does not die, there is still hope of success.

"Brother Qinchuan, you must survive! Although I know this is unfair to you, I hope you can hold on! If I could, I would be willing to replace you, but unfortunately I don't have the ability."

Huo Qing suddenly looked at Qin Chuan solemnly, with an extremely complicated look in his eyes.

The Huo family also has a reason to get this green dragon bead.

Qin Chuan said firmly: "Brother Huo, don't worry, I am wearing our green dragon bead. How could I die so easily before regaining the hope of revitalizing my family? Before taking back the Blue Dragon Pearl? Okay, I won't say any more. It's not a good time to stay here for a long time. It's time for me to leave. Brother Huo, you must also be careful!"

After saying that, Qin Chuan turned and left.

Looking at Qin Chuan's leaving back, Huo Qing suddenly felt sad. Maybe this farewell will be forever.

Thinking back to the first time they met at Fengwei River, they felt like old friends at first sight. I still think of it as if it was yesterday.

However, the boy who was just twelve years old and had just entered martial arts has now become a young man who is responsible for the mission of the entire family.

"There are always partings in life, why am I always so sentimental?"

Huo Qing sighed softly in his heart. In fact, he really wanted to tell Qin Chuan something, but he didn't dare to say it without the order of his ancestor.

"I hope he can survive, you are the Qing family's hope! It is also the hope of our Huo family! As long as you live, you will understand! Huo

Qing thought silently in his heart, and saw the light rising again in the formation. Qin Chuan had activated the formation and entered the forbidden area again.

After Qin Chuan left, Huo Qing carefully hid the bamboo tube containing the secret. Okay, then he fell to the ground and continued to pretend to be unconscious.

On the other side, after Qin Chuan returned to the forbidden area, he summoned Taniguchi's ball to the teleportation array.

"Qiuqiu, use your divine light of destruction to attack here! Qin

Chuan pointed at the corner of the teleportation array.

Qiuqiu immediately roared, his third eye suddenly opened, and shot out a silver-blue light beam.

"Boom!" With a loud noise, a hole the size of a head was immediately blasted out of the corner of the teleportation formation by Qiuqiu's divine light of destruction.

Looking at the hole, Qin Chuan smiled with satisfaction and said to Qiu Qiu: "Qiu Qiu, let's go. Bar! Let's see how your clone, General Lao Zhang, is doing?"

At that moment, Qiuqiu let out a low roar and led Qin Chuan out of the valley.

Less than seven or eight miles away from the valley, Qiuqiu took Qin Chuan to find its clone.

When Qin Chuan saw Qiu Qiu's clone At that time, I was shocked by the scene in front of me....

Chapter 2319

I saw Qiuqiu's clone's claws pressing Lao Zhang to the ground.

Lao Zhang was lying there motionless with scratches all over his body, and his body still exuded a strong smell of urine.

He was so frightened by Qiuqiu's clone that he fainted and even urinated in fear.

Seeing this, Qin Chuan didn't know whether to laugh or cry, so he ordered Qiuqiu's clone to let go of Lao Zhang.

Qiuqiu also put away his clone.

Then, Qin Chuan left with Qiuqiu and came to a remote place.

Arriving at that remote place, Qiuqiu suddenly roared, then opened his mouth and spit out two small porcelain bottles, a black token, and a martial arts jade token.

Seeing this, Qin Chuan was greatly surprised, so he picked up the two small porcelain bottles, opened them, and was pleasantly surprised to find that they were filled with spiritual fire jade dew.

Then Qin Chuan picked up the black token again, and he found that the appearance of the black token was exactly the same as the Zhou family's True Seal Token.

It's just that the Zhou family's real seal order has the word 'Zhou' engraved on the back, and this token has the word 'Wei' engraved on the back.

Seeing this, Qin Chuan finally understood.

It turns out that these things were collected by Qiuqiu from the body of the Wei family disciple he killed.

"I didn't expect you little guy to be so smart! I actually know how to collect loot. By the way, where did you hide the body of the Wei family member?"

Qiuqiu roared and made a burying action.

Qin Chuan understood immediately.

It turned out that Qiuqiu had buried the body of the Wei family member.

"Well done, Qiuqiu!"

"Roar!"

Qiuqiu roared several times proudly.

Qin Chuan ignored it and picked up the last martial arts jade tablet.

When Qin Chuan saw clearly the martial arts recorded on the martial arts jade tablet, his eyes immediately lit up. Showing great excitement

"Ha ha!! Unexpected! This time there was such a big unexpected harvest! What is recorded on this martial arts jade tablet is actually an auxiliary martial skill that can increase speed!"

It turns out that the jade tablet recorded an auxiliary martial skill: Phantom Fire Shadowless Step.

Phantom Fire Shadowless Step can increase the speed of the warrior by 10%.

Although it only increases the speed by 10%, the effect is already extremely It's amazing.

Speed also plays an extremely important role in warriors' combat duels.

Sometimes, speed is more useful than powerful attack power.

However, auxiliary martial arts that increase speed are extremely rare, and not every warrior can collect them.

An auxiliary martial skill that can increase the speed of a warrior is also very valuable, usually more expensive than an ordinary superior martial skill. Even a fifth-level warrior may not be able to learn

one. In other words, this Although the Phantom Fire Shadowless Step can only increase the speed by 10%, its value is more precious than ordinary superior martial arts.

Qin Chuan knew that the Wei family disciple killed by Qiuqiu was a fourth-level Dzogchen master.

This illusion The value of the Shadowless Fire Step is not cheap! It seems that this disciple of the Wei family must have paid a high price to collect it, but he didn't want to take it easy on me.

As long as I learn the Shadowless Fire Step, my speed will increase. If it can be improved, my speed should be able to reach the level of a fifth-level warrior by then! If that is the case, I will be more than 70% sure of leading Zhou Dinghai away in nine days!

Thinking of this, Qin Chuan suddenly became excited.

Although the Phantom Fire Shadowless Step is not as good as his Blood Shadow Escape, it is still a rare skill.

At the moment, Qin Chuan took the martial arts jade token of the Phantom Fire Shadowless Step into the space of the God of War Order. It is not yet While studying.

Then, Qin Chuan took the Wei family's True Seal Token and two other bottles of Spiritual Fire Jade Dew into the space.

Then he let Qiuqiu scratch him all over.

After doing this, Qin Chuan let Qiuqiu enter the God of War Token. He hid in the space.

But he pretended to be seriously injured and frightened, staggered and rushed towards the forbidden valley.

In any case, in order to get rid of suspicion, he still had to continue the cruel trick...

Chapter 2320

At the same time, Jiwuyuan was also in trouble.

It turned out that after Qin Chuan left.

After about a cup of tea, Captain Ke finally woke up from his coma.

When he woke up, he found that Qin Chuan had long disappeared, and six of his men were also unconscious beside him.

Captain Ke immediately thought to himself that Qin Chuan must have gone to Jiwumen.

According to his guess, Qin Chuan pretended to be a disciple of the Zhou family and went from the forbidden area to Jiwuyuan, hoping to escape from Jiwumen.

At the moment, Captain Ke woke up Huo Qing and others, and then led everyone to Jiwumen.

It was found that everything in Jiwumen was fine and no one broke through.

At that moment, Captain Ke was greatly puzzled and immediately reported it to Zhou Dingtian.

Zhou Dinghai was shocked after hearing the report, thinking that someone had sneaked into Jiwuyuan, and immediately ordered Zhou Dingyan to guard Jiwumen and not let anyone out.

He himself led all the blood guards to search for the mysterious silver-faced white-haired man in Jiwuyuan, but found nothing.

At this time, Zhou Dinghai felt something was wrong, and thought that since the mysterious man did not break into Jiwumen or hide in Jiwuyuan, he must have returned to the forbidden area again.

In addition, there was another point that puzzled Zhou Dinghai.

That is, the mysterious white-haired man did not directly kill Captain Ke and his party, but just knocked them unconscious.

This puzzled Zhou Dinghai. He didn't know what the mysterious man's purpose was when he broke into Jiwuyuan from the forbidden area.

However, the fact that the mysterious man had the True Seal Order vaguely made him feel that something must have happened in the forbidden area.

At that moment, Zhou Dinghai activated the teleportation array and prepared to enter the forbidden area to report the matter.

As soon as he started it, he found that the formation could not operate at all.

After some attempts, he came to a conclusion.

This conclusion is that the teleportation point at the other end of the formation must have been destroyed by someone, and the person who destroyed the formation must be the white-haired man.

This also shows that the two blood guards guarding the teleportation array in the forbidden area should be in danger.

It seems that something really happened in the forbidden area.

Zhou Dinghai was greatly surprised when he came to this conclusion.

If something happens in one's own forbidden area, it is definitely not a trivial matter.

At that moment, Zhou Dinghai could no longer sit still and immediately left the Jiwuyuan to report to the great elder.

But Zhou Yuanqing was shocked when he received Zhou Dinghai's report. He went to Jiwuyuan personally and found that the other end of the teleportation array was indeed damaged.

In Jiwuyuan, there were two people standing next to the teleportation array.

These two people are Zhou Yuanqing and Zhou Dinghai.

At this moment, Zhou Yuanqing had a gloomy old face, looking at the teleportation array with an uncertain expression in his eyes.

Zhou Dinghai on the side asked carefully: "Great Elder, something must have happened in the forbidden area. Now the teleportation array at the other end has been destroyed. We can't enter the forbidden area and we don't know what happened inside. What should we do? ?"

Zhou Yuanqing ignored Zhou Dinghai, but closed his eyes and pondered for a while, and then said coldly: "Dinghai, don't you think it's a little strange? That silver-faced white-haired man broke into this Jiwuyuan, what is his purpose? ? What is his motive?"

"This..."

Zhou Dinghai frowned, and after thinking for a while, he still shook his head slightly.

"Great Elder, Dinghai really can't guess the purpose of that mysterious white-haired man breaking into Jiwuyuan, but one thing is certain, something big must have happened in the forbidden area."

Hearing this, Zhou Yuanqing shook his head slightly.

"Dinghai, you are still too impatient. If my prediction is correct, some changes have indeed occurred in this forbidden area, but they will not be major changes. At most, there will be one or two clowns. You are well aware of the situation in this forbidden area. Who dares to cause trouble under the eyes of the ancestors of the four families?"

"At most, it's just a small fight, so you don't have to worry about any big situation happening in the forbidden area. Of course, we cannot ignore this detail. We must get in touch with the forbidden area as soon as possible to find out what happened in the forbidden area?"

"Great Elder, the other end of the formation is damaged and we cannot enter the forbidden area. How can we get in touch with the forbidden area?"..
