Chapter 2321

Zhou Yuanqing glanced at Zhou Dinghai indifferently and said coldly

"Do you still want me to teach you this little thing?"

"As soon as you asked Dingyan to go to the Yan family, you said that there was something wrong with the teleportation array of our Zhou family. Let them use the Yan family's teleportation array. If there is no problem with the Yan family's teleportation array, it means that my previous speculation is not correct. Wrong, there was no big change in the forbidden area, but one or two clowns appeared."

"yes! Great Elder, I will ask Dingyan to go to the Yan family soon."

"Um! Remember, don't mention the mysterious white-haired man to the Yan family. We don't need to alarm other families until we figure out what the mysterious white-haired man's motives are."

Speaking of this, Zhou Yuanqing closed his eyes slightly. No one knew what he was thinking.

But Zhou Dinghai stood quietly aside, not daring to disturb Zhou Yuanqing's thoughts.

After a long silence, Zhou Yuanqing slowly opened his eyes and said: "Dinghai, what do you think the mysterious white-haired man's purpose was when he broke into Jiwuyuan?"

"this..."

"Just say it with confidence! If you make a mistake, I won't blame you!"

"yes! Great elder! Dinghai was deeply puzzled by the mysterious man's motives. If that person was an intruder, he probably wanted to escape when he broke into Jiwuyuan. According to common sense, he should kill all the blood guards guarding the teleportation array, and then break into Jiwumen."

"It's a pity that he didn't do that. He didn't even hurt these blood guards, he just knocked them unconscious. This puzzled me a lot."

"Um! Zhou Yuanqing nodded slightly,"

Your doubts are not unreasonable." If the white-haired man is really an intruder, he must have broken into Jiwuyuan because someone from the forbidden area discovered his identity and did so."

"However, judging from the current situation analysis, it seems that is not the case. His identity should not have been exposed yet, so he would calmly return to the forbidden area and destroy the teleportation array there."

Hearing this, Zhou Dinghai's eyes showed surprise, and then doubts appeared in his eyes.

"Great Elder, since that man's identity has not been exposed, then why did he break into Jiwuyuan? Doesn't this mean exposing one's identity in advance?"

Zhou Yuanqing gently twirled his beard and pondered for a while before saying:"This is the crux of the problem. Because this is his motive"

"Great Elder, Dinghai doesn't understand this."

"All right! I will explain it to you more clearly. In fact, that person's motive was not to break out of Jiwuyuan"

"Instead, he wanted to get something from Jiwuyuan, or give something to someone in Jiwuyuan, and this thing was very important, so he would risk his identity and break into Jiwuyuan."

Hearing this, Zhou Dinghai thought deeply for a long time before suddenly realizing it, and his eyes immediately showed horror.

"Great Elder, what you are saying is that there may be a traitor among the blood guards of our Jiwuyuan who is connected to the mysterious white-haired man. Today, the white-haired man broke into Jiwuyuan. Did he want to take something from the traitor, or give something to the traitor?"

"You are not stupid! That's how it should be. However, from my analysis, it is more likely that the white-haired man handed over some important things to the traitor."

"Um! What the elder said makes sense! Then Dinghai will summon the Blood Guards over now and conduct a strict interrogation one by one to see who among them is the traitor!"

After that, Zhou Dinghai was about to leave, but was stopped by Zhou Yuanqing.

"Wait!"

"What other instructions does the Great Elder have?"

"I stopped you because I hope you don't alert the enemy. If there is really a traitor among the blood guards guarding the teleportation array, even if you go to investigate, you may not be able to find what the white-haired man gave him. He must have been on guard, and he must have hidden it very secretly"

"Let's think about it from another angle. If there are really traitors among the outer guards, there are also their people in the forbidden area."

"So what are they conveying? Are you conveying the message of our four forbidden areas? If this is the case, then there must be their people outside the forbidden area, and the power of this group of people must not be simple."

Chapter 2322

Having said this, Zhou Yuanqing paused and continued:.

"If you really find the traitor and catch him, the final result we will get is to follow the clues and find the white-haired man."

It's okay if these two people are weak, maybe we can get something useful from them. If these two people are not afraid of death, we will get nothing, and we can only execute these two people in the end.""

"However, the forces behind them will be alert and hide. We will never know who is plotting against our Zhou family's forbidden land. Of course, the other party will definitely not give up. If they fail this time, they will definitely come back next time."

"Moreover, they are in the dark, but we are in the open, and they are always disadvantageous to us! If they cannot be uprooted at once, they will always be a big hidden danger to the four of us! After hearing these words

, Zhou Dinghai broke into a cold sweat and said uneasily:"Great Elder, what should we do?"

Zhou Yuanqing closed his eyes slightly, twirled his beard and thought deeply.

Zhou Dinghai held his breath and did not dare to disturb.

After a while, Zhou Yuanqing opened his eyes and said calmly

"The people who want to take advantage of our Zhou family are most likely to be the children of the Qing family. Ever since the four of us arranged this game three hundred years ago and deceived Qing Yanfei and captured him alive, no one from the Qing family has come to snatch the Blue Dragon Pearl."

"For more than three hundred years, there was no news about the Qing family's children. I don't believe that all the Qing family members are dead. They must be hiding somewhere."

"But this time, judging from the actions of the white-haired man and the traitor, it seems that they have been planning for a long time. Those who want to seize the Blue Dragon Pearl will not be one or two Qing family children, but a group of Qing family children. Judging from its ferocity, it is by no means simple."

Zhou Dinghai's expression changed drastically again:"Great Elder, what should we do?"

"what to do? hehe!! It's easy to handle. Taking this opportunity, we will use the trick and set up a trap to let them enter the forbidden area. Then the four of us will join forces to catch all these Qing family children."

"Lift up the Qing family's pot and let their Qing family's bloodline be truly cut off in this world. Besides, the spirit-transforming element-gathering formations of our four families are about to stop functioning, and we need some Qing family children to replenish them."

At the end of the sentence, there was a hint of viciousness in Zhou Yuanqing's eyes.

As the eldest elder of the Zhou family, he is not only powerful, but also extremely resourceful.

Even the eldest elders of the other three families are afraid of him.

Hearing Zhou Yuanqing say this Zhou Dinghai was both impressed and confused at the same time.

What confused him was that he didn't know what to do next.

At this time, Zhou Yuanqing said again: "Dinghai, you will isolate and interrogate all the blood guards in a while and ask about the situation at that time. , remember not to use torture. We just want to find out who among these people is the most likely traitor, so that we can lock in the target and monitor his every move."

"This... Great Elder, what should we do if we can't find out who is the most suspicious?"

"Um! It doesn't matter if you can't find out, but you have to check. If you don't check, the traitor will be wary. If I ask you to check, it's just a formality. Even if we really can't find out who is the most suspect this time, it doesn't matter much."

"The day after tomorrow, isn't it the day when their team of Blood Guards takes family leave? If what I expected is true, after the traitor gets out, his people will definitely come into contact with him."

"I will secretly send seven commander-level experts to follow these seven people to see who they are in contact with and what they are doing. By then, it will be clear who is the traitor at a glance"

"However, we should not act rashly. At that time, a special person will be sent to monitor the traitor's every move and monitor the Qing family's movements. In addition, you ask Dingyan to enter the forbidden area from the Yan family as soon as possible and tell me all the information that happened in the forbidden area."..

Chapter 2323

"Great Elder, why don't you inform the other three elders and the Lord of South City about such a big event? With their participation, the four of us will join forces to make plans, so that we can wipe out all the Qing family in one fell swoop!"

But he didn't want to, Zhou Yuanqing shook his head slightly and said: "Now is not the time to inform them. Because I have another concern. Although it is likely that the Qing family's children lurked into the forbidden area this time, there is another possibility."

"What's possible?"

"Dinghai, I heard that the mysterious white-haired man you said is not very high in cultivation. He is only a fourth-level peak warrior. His voice is very young and he cannot be more than thirty years old."

"Based on the analysis at this age, that person should have no hidden cultivation. I don't believe that that person can reach the fifth level of cultivation before he is thirty years old. If that person's cultivation level is really at the fifth level, then his talent is too shocking. Zhou

Dinghai asked in confusion: "Great Elder, does that have anything to do with whether the white-haired man has cultivated to the fifth level or not?"

Zhou Yuanqing glanced at him indifferently, shook his head and said, "Dinghai!" You have to learn to analyze problems from the details. Don't underestimate this detail." You should know that our teleportation array cannot be passed safely without the True Seal Order."

"If you force it through, you will definitely be torn apart by the power of the teleportation array. Unless the cultivation reaches level five. A fifth-level warrior can withstand the tearing force, and can pass the teleportation without using the True Seal Order."

"yes! But that person has the True Seal Order in his hand! Of course he was able to teleport here safely.

Zhou Yuanqing said quietly: "That's the problem!" Why does that person have the True Seal Order? The True Seal Orders issued by our four families are extremely limited. Not every direct disciple has a True Seal Order."

"Since that person has the True Seal Order, how did he get it? There is only one possibility. He must have killed a direct descendant in the forbidden area."

"What? He actually killed a direct disciple?"

Hearing this, Zhou Dinghai's face immediately surged with anger.

Zhou Yuanqing reproached with his eyes: "Dinghai, please listen to what I have to say first."

"yes! Great elder!"

"However, if that person killed a direct descendant, it would be a big deal. There was a murder in the forbidden area, which should have caused a sensation, and we should have received the news. However, we haven't gotten any rumors yet. This shows that there are two possibilities"

"One possibility is that the person used some means to kill a direct disciple without making anyone suspect that he was killed. Others were busy working on the matter and had not had time to report it to us, or the direct disciple was killed. The killing has not been discovered yet."

Zhou Dinghai nodded slightly, feeling that it was possible, and immediately asked

"Great Elder, what is the other possibility?"

"snort! Another possibility is a bit boring. Maybe this matter from beginning to end was the boring work of a direct descendant of the other three families. He deliberately broke into the Jiwuyuan of our Zhou family and then destroyed the blood of those guarding the teleportation array. After Weidu was knocked unconscious, he calmly returned to the forbidden area and destroyed the teleportation array of our Zhou family."

"However, if this is really the case, it means that the disciple is very prejudiced against our Zhou family. Now it seems that among the four families, only the Wei family has some conflicts with us. If it is possible, then the Wei family disciples are more likely. Of course, all this is my speculation."

Zhou Dinghai suddenly realized

"Yes, the appearance of the True Seal Orders of the children of our four families looks almost the same, and they can all pass through the teleportation arrays of the four families. If it is done by the children of the other three families, it is indeed possible. No wonder the chief elder didn't let me inform the other three elders. It turned out that he was worried about this possibility."...

Chapter 2324

"good! If it was really done by a disciple from the other three schools, the matter could be serious or trivial. After all, it has disgraced the appearance of our Zhou family. We must first find out who is talking, and only then can we go to his elders to argue with him if we have solid evidence."

"If there is no conclusive evidence, asking his elders to make the theory will only damage the relationship between the four of our families, so it is not cost-effective."

"Now that the four of us are on the same page, sometimes we have to take the overall situation into consideration! The thousand-year alliance between our four families cannot be damaged because of some small conflicts! Especially since our Zhou family is the weakest among the four families, harmony must be the most important thing in everything. You need to remember this!"

Speaking of this, Zhou Yuanqing sighed helplessly.

Zhou Dinghai also looked cautious:"What the great elder taught you, Dinghai has remembered! By the way, Great Elder, what happened to the white-haired man today? How to tell whether it was done by a child of the Qing family or by someone from the other three families?"

"This is not difficult. The reason why I want you to order Dingyan to go to the forbidden area to inquire about the news is because I want to know whether it was a descendant of the Qing family who did it."

"You ask Dingyan to inquire. If there are four direct descendants of our family dead or missing in the forbidden area, then the white-haired man must be a descendant of the Qing family. If no one from the four families was injured or missing, then the white-haired man was most likely a child from the other three families."

After hearing this, Zhou Dinghai thought deeply for a while and then suddenly realized

"By the way, if there are really casualties among the four members of our family in the forbidden area, you ask Dingyan to send a message to Dingtian, asking him not to act rashly. Even if he has discovered who the Qing family member is lurking, he must still pretend not to know. , don't do it easily"

"At the same time, I must also convey my message to the other three families, and nothing will happen. I need to make some plans first, and then personally enter the forbidden area and go to the entrance of Yin Shen Valley to meet the ancestors of the four families."

"I want the ancestors of the four families to cooperate, set up a trap, and use the trick to catch all the children of the Qing family who come to snatch the Blue Dragon Pearl this time. Do you understand?"

"Dinghai understands!"

"good! Go and get busy!"

At that moment, Zhou Dinghai resigned, leaving Zhou Yuanqing to close his eyes and think deeply.

After Zhou Dinghai left, he hurriedly ordered Zhou Dingyan to go to the Yan family and enter the forbidden area through the Yan family's teleportation array.

After that, Zhou Dinghai sent Captain Ke, Huo Qing and other seven blood guards on duty called one by one to inquire about Qin Chuan's intrusion into the Jiwu Academy, trying to find out who was the most suspicious.

Although these seven people were investigated separately, their confessions were almost identical. Zhou Dinghai naturally couldn't find out who was the most likely traitor, so he gave up. He had no choice but to wait for

Zhou Dingyan's report. At the same time, Qin Chuan in the forbidden area pretended to be seriously injured and frightened, staggering toward the valley of the forbidden area. Go.

On the way, I happened to meet two blood guards who were about to change guard with Qin Chuan.

When the two blood guards saw Qin Chuan's miserable appearance, they were shocked and quickly asked what was going on.

"Brother Qinchuan, why are you not guarding the teleportation array and why are you making yourself so miserable? what on earth is it? By the way, where is Lao Li?"

Qin Chuan pretended to be scared and said: "Brothers, let's go back to the forbidden area as soon as possible. Lao Li and I were attacked by two ferocious beasts with dragon heads and lion bodies, the one that killed the Thirteenth Young Master."

Then, Qin Chuan began to make up some vivid lies, saying that in the end, the beast sniffed it and thought his meat was not tasty, so he let him go.

After hearing this, the two Blood Guards immediately changed their expressions. They had been talking about Qiuqiu for a long time. How could they not be shocked when they heard that Qin Chuan and Lao Li actually met each other this time?

Especially when they heard that there were two ferocious beasts, the two of them were even more shocked.

Just one of them has caused chaos in the forbidden area. What's more, there are two?....

Chapter 2325

At this moment, the two blood guards did not dare to go to the valley of the teleportation array.

Instead, he and Qin Chuan returned to the forbidden valley.

In the forbidden valley, Zhou Dingtian and others have not returned yet.

Wei Qingyan and others haven't returned yet.

This made Qin Chuan feel a little relieved. In his opinion, at least his identity had not been exposed for the time being.

However, when Zhou Ying saw Qin Chuan's miserable state, he knew in his heart that all this was an illusion created by Qin Chuan himself.

However, he will not tell the truth.

Immediately, Zhou Ying took several blood guards and Qin Chuan to the teleportation array to check.

Of course, only the destroyed teleportation array was seen at the scene.

Many Blood Guards looked ugly when they saw this.

"Captain, the teleportation array is damaged this time. We cannot escape the crime of dereliction of duty, and we will definitely be punished!

Zhou Ying shook his head and said, "Don't worry, everyone. There are many paw prints of vicious beasts around this formation." And judging from the extent of the damage to the formation, it was damaged by some kind of beam. I heard that the ferocious beast that killed the Thirteenth Young Master had a third strange eye."

"From this point of view, it was probably the beam shot by the strange eye that attacked. If that ferocious beast destroyed the formation, we would be unable to stop it with our abilities. I don't think Commander Dingtian would blame us."

"makes sense! Captain, judging from the extent of the damage to this formation, it will take at least eight or nine days to repair it!"

"Um! Okay, let's not worry about this. Let's go find Lao Li. Wonder if he is still alive?"

After saying this, Zhou Ying glanced at Qin Chuan intentionally or unintentionally.

At that moment, the blood guards began to search around. It didn't take long before they found Lao Li who had woken up from a coma, but his face was pale with fear.

A group of blood guards Then we returned to the forbidden area.

After returning to the camp, Zhou Ying ordered Qin Chuan and Lao Li to rest and recuperate, and would not assign any tasks to them for the time being.

Qin Chuan was also happy with this, and wanted to take this opportunity to learn the martial arts Phantom Fire Shadowless But at this moment, Zhou Ying suddenly came to him and brought him unexpected news.

The unexpected news was that Wei Qingyan was back.

Not only was Wei Qingyan back, he also brought back the man who was killed. The corpse of his disciple.

After telling the news, Zhou Ying left without saying a word.

When Qin Chuan heard the news, he was stunned on the spot, and could only smile bitterly.

It seems that I still have too much hope for Qiuqiu. High.

After all, it is a spiritual beast. It is impossible to hide the body perfectly. It is normal for Wei Qingyan to find it!

Now that Wei Qingyan has found the disciple's body, the lie of Qiuqiu eating people is If you don't attack, you will be self-defeated, and the death of the Thirteenth Young Master is naturally very flawed. Let's connect it to today, the destruction of the Zhou family's teleportation array. Both of these things are related to me, and it is difficult not to be suspected.

More importantly Fortunately, Wei Qingyan is back now. Zhou Dingtian will be back tomorrow, and my identity will naturally be exposed. It seems that my plan to lure the tiger away from the mountain has failed!

Thinking of this, Qin Chuan hurriedly packed up and left quietly He entered the forbidden area of the valley.

He knew that his identity was about to be exposed. If he stayed in the forbidden area of the valley, he would be waiting for death.

In this case, it was better to leave the valley and find a hidden place to hide.

After waiting for nine days, he broke into Jiwuyuan and helped Huo Qing opened the Jiwu Gate and let his side invade the forbidden area.

In fact, according to Qin Chuan's own calculation, he knew that breaking into the Jiwuyuan would definitely arouse the suspicion of the Zhou family.

However, even if the Zhou family knew that there was someone lurking in the forbidden area , However, they may not necessarily know that there is a traitor among the outer guards, let alone when they will attack.

According to common sense, if the Zhou family knows that there is a lurker in the forbidden area, the first thing they do is to find the lurker with all their strength.

As long as they are here After hiding it for a period of time, nine days later, according to the previous plan, he helped Huo Qing open the Jiwumen and let his own people invade the forbidden area. He could still catch them off guard. However

, Qin Chuan underestimated Zhou Yuanqing's wisdom.

He could not have imagined that Zhou Yuanqing surmised the whole thing through some clues.

Such an underestimate was fatal.

Because of such a mistake, the Qing family, the Feng family, the Teng family, and the Huo family were about to fall into crisis.

But he said that Qin Chuan had just left the forbidden valley. Not long after,

Zhou Dingyan entered the valley through the teleportation array of the Yan family...

After Zhou Dingyan entered the forbidden area, he learned that the Thirteenth Young Master and another member of the Lu family had been killed.

After hearing the news, Zhou Dingyan knew that there were children of the Qing family hiding in this forbidden area.

If he hadn't known that Xie Yuanqing had expected all this, Zhou Dingyan wouldn't have been too surprised.

However, even so, the moment he heard that the Thirteenth Young Master was dead, Zhou Dingyan felt extremely sad.

Because the Thirteenth Young Master is his nephew, and he and the Thirteenth Young Master's father are brothers.

His own nephew was killed, how could he not be angry?

At that moment, Zhou Dingyan carefully inquired about the process of the Thirteenth Young Master's murder.

The answer he got was that he was killed by a strange beast, which left Zhou Dingyan unable to figure out the reason.

However, Zhou Dingyan did not continue to dwell on this issue, but immediately ordered Zhou Ying to send a message to Zhou Dingtian Fei Ge, asking him to quickly lead all the Zhou family children back to the valley to discuss important matters.

In addition, Zhou Dingyan ordered people to invite the leading disciples of three other families, including Lu Qingyan, to the Zhou family camp to discuss important matters together.

When Zhou Dingtian hurried back to the forbidden valley with his disciples, it was already half a day later.

Later, Zhou Dingtian and other children from the four tribes gathered together and held a secret meeting.

At the same time, Qinchuan had long been far away from the forbidden area and found a remote valley more than a hundred miles away.

Later, he found a relatively dry cave in the valley.

At that moment, Qin Chuan entered the cave, released the ball to guard the entrance of the cave, and sat down quietly to meditate.

At this moment, being far away from the Zhou family's forbidden area, Qin Chuan did not have to tense his nerves all the time, and could relax and sort out what had happened in the past few days.

When Qin Chuan thought about breaking into Jiwuyuan today, he felt something was wrong in his heart.

After thinking for a moment, Qin Chuan suddenly thought of a possibility and broke into a cold sweat.

No, it seems that I am still too soft-hearted. Today I went to the Jiwu Academy and injured all the blood guards, but I didn't kill anyone, let alone the Jiwu Sect.

So what is my motivation? Definitely not trying to escape from Jiwuyuan.

In fact, I had expected this.

I originally did this to make the Zhou family suspect that the other three children might have done it. However, it seems impossible now because my identity was exposed in advance.

Since the Zhou family knew that I was the one who broke into Jiwuyuan but did not break into Jiwumen, they would probably guess what message I was conveying to someone.

If this is the case, then the plan to seize the Blue Dragon Pearl this time will not work, and may even fail here.

Thinking of this, Qin Chuan felt frightened.

In fact, Qin Chuan originally wanted to massacre a few Blood Guards, seriously injure the remaining few, and then try to break into the Jiwu Sect, creating the illusion of breaking into the Jiwu Sect.

However, those blood guards were all members of the Zhou family with a different surname. They didn't know the grudges between the five ancient clans and the Zhou family, and they didn't deserve to die.

If you kill them yourself, it is no different from killing innocent people indiscriminately.

It seems that I still have some sense of womanliness. However, they may not necessarily guess that I am sending the message to Brother Huo. They may think that I have discovered that the situation is not good and have returned to the forbidden area.

As for whether they had guessed it or not, I should be able to tell in the next few days.

If they search for me everywhere in the next few days, it means that they have not guessed that there is a traitor among the outer guards and just want to catch me and torture me. The plan in nine days can go on as usual.

If they stand still, they have guessed that there is a traitor among the outer guards.

Anyone who can guess this must be very resourceful. If it were me in his place, the next thing to do would be to set up a trap and catch all the people who invaded the forbidden area.

I thought this person would do the same thing, so he would stand still and let me do what I did. I fell into his trap unknowingly...

Chapter 2327

After thinking about this, Qin Chuan understood clearly.

Of course, these are all speculations on my part.

Whether the Zhou family has guessed my motives or not depends on how the four families behave next.

If they search for me with great fanfare in the next few days, it proves that they have not found a traitor among the outer guards.

If you stand still, you have discovered something.

I won't help Brother Huo open the Qijiwu Sect. In that case, we will probably give up the plan to attack the forbidden area and let them avoid this crisis.

Of course, this also means that I will stay in the forbidden area forever until I am discovered and die here."

Thinking of this, Qin Chuan took a deep breath. If he can't break into Jiwuyuan, it means that he can't get out of the forbidden area.

In any case, I still hide myself. As long as they can't find me, I will never In the dark, the initiative is still in my hands.

However, I don't have to worry about the other Zhou family members if the four families cannot find me. If the ancestors of the four families search for me personally, it will be difficult for me to hide.

It seems that I don't want to let The ancestors of the four families found it, so they had to use this method.

Thinking of this, Qin Chuan took out the Turtle Breath Pill from the God of War Order space, thought for a while, and swallowed it.

The power of this Turtle Breath Pill can seal acupuncture points, which is equivalent to His own vitality is automatically sealed.

Without the power of vitality, Qin Chuan's strength will be greatly reduced.

Ordinary warriors will not take this kind of elixir unless they have to.

But Qin Chuan does not have many taboos, because he is a physical warrior. Even if his vitality is sealed, he still has physical fighting power.

In addition, he also possesses the physical combat skill Blood Shadow Escape. His calf bones have been strengthened, making him much faster than ordinary fourth-level Dzogchen warriors.

Kill ordinary There is nothing wrong with the fourth-level Dzogchen warrior, it just requires a lot of effort.

Moreover, after taking the Turtle Breath Pill, he no longer has to fear the searches of the ancestors of the four families. This is his real purpose. The eighth-level warrior can feel it. The vitality fluctuates within a radius of nearly a hundred miles. The ancestors of the four families join forces and can easily thoroughly investigate the entire forbidden area and find Qin Chuan.

Now, Qin Chuan has taken the Turtle Breath Pill and there is no vitality fluctuation. The ancestors of the four families want to find him It's difficult.

But talk about the other side.

In the forbidden valley, in the Zhou family's camp.

Most of the direct descendants of Nan Yanwei's Zhou family gathered in a living room.

At this moment, Zhou Dingtian said with a gloomy face:"Dingyan, these are all Did the great elder say that?"

"good! It is indeed what the great elder said."

Hearing this, Zhou Dingtian nodded slightly:"The Great Elder has always tried his best. Since he said this, it seems to be true. There is indeed a Qing family member lurking in our forbidden area. It seems that the recent incident of ferocious beasts eating people was also caused by that person."

"It's just that the lurking Qing family kid is a white-haired man. There seems to be no white-haired person in our forbidden area whose cultivation is at the peak of the fourth level! Who could this person be? Besides, how on earth did he make the ferocious beast eat people?"

As soon as these words were said, the crowd started discussing

"yes! There seems to be no such white-haired person in our forbidden area!"

"snort! What's so strange about this? Maybe that person is trying to deceive others by deliberately dyeing his hair white before doing anything!"

"Um! That makes sense. So how did he let the ferocious beast hurt people?"

"Being able to instigate a ferocious beast to hurt people means that the ferocious beast is his pet. Only then can he be able to control it."

"That's a good thing to say. That man's cultivation was at the peak of the fourth level, and he also owned a fourth-level Dzogchen mutated ferocious beast. So who could this person be?"

At this time, Zhou Dingtian pondered for a while and said:"If outsiders want to sneak into our Zhou family's forbidden area, there is only one way. That is to join the four blood guards. Nowadays, among the four blood guards, the only ones who have reached level four or above are the captains of the blood guards. As soon as these words were said, someone said:"Brother Dingtian, do you suspect that the lurker is one of the several Blood Guard captains?"

"good!"Zhou Dingtian nodded immediately...

Chapter 2328

But at this moment, Wei Qingyan, who had been silent all this time, sneered.

"I think Brother Dingtian guessed wrong. I have seen that lurker with my own eyes. Just a few days ago in the spirit-transforming Yuan-Gathering Formation. Moreover, he also has your Zhou family's true seal order on him."

After hearing these words, the hall fell silent. Everyone present looked surprised and looked at Wei Qingyan.

Seeing everyone's curious and surprised expressions, Wei Qingyan told Qin Chuan that day in the formation. When he saw Qin Chuan, he also had white hair and a silver face, so Wei Qingyan was very sure that what he saw was a lurker.

After that, Wei Qingyan described Qin Chuan's appearance in detail.

Listen. After Wei Qingyan's description, Zhou Dingtian's face gradually showed a look of surprise.

"Brother Qingyan, what you described really fits one of our Zhou Family Blood Guards. It's just that the boy was an orphan since he was a child, and he grew up in our Zhou family. More importantly, he is only fourteen or fifteen years old, and his cultivation is only at the third level."

"It's really unbelievable to connect him with that fourth-level peak lurker! Are there really such extraordinary talents in this world?"

Speaking of this, Zhou Dingtian had a complicated look in his eyes.

It wasn't that he didn't believe Wei Qingyan's words, but he couldn't believe that a boy of fourteen or fifteen years old could have such a high level of cultivation.

This made him think that Compared with Qin Chuan, who is extremely talented, he seems a bit ashamed.

This is a huge blow to the talent he has always been proud of.

But just when Zhou Dingtian was confused, another sudden realization sounded in the living room. voice.

The one who spoke was Zhou Dinghong with an angry look on his face.

"I see! Brother Dingtian, I believe what Brother Wei Qingyan said, the lurker should be Qin Chuan. Because this reminds me of one thing, this thing is Shisan being killed by a ferocious beast."

At that moment, Zhou Dinghong explained the cause and effect of the enmity between the Thirteenth Young Master and Qin Chuan.

This incident fully demonstrated that Qin Chuan was likely to be connected with the ferocious beast.

In addition, the silver-faced white-haired man broke in. On the day of Jiwuyuan, the Zhou family's teleportation array happened to be attacked by ferocious beasts, which was also the day Qin Chuan was on duty. After such an in-depth conversation, everyone in the hall quickly determined that the Qing family's lurker was Qin Chuan.

"Unexpectedly, it turned out to be that boy."

Zhou Dingtian couldn't help but sigh.

Wei Qingyan also nodded and said: "Yes! Judging from the way this kid behaves, he is not only bold but also cunning."

"Especially since he is only fourteen or fifteen years old, it is difficult to say whether he will grow to the level of Huo Zhong in the future. However, one thing is certain, if this child is not removed as soon as possible, he will become a disaster in the future."

Speaking of this, Wei Qingyan was a little angry when he thought of the day he bumped into Qin Chuan, but was easily deceived by the other party.

He has always been conceited and shrewd, and when he thought of being tricked by a fourteen-year-old or fifteen-year-old boy, his heart felt a little blocked, and he could not help but feel a little angry. But when everyone heard what he said, they fell silent.

Because everyone thought of the recent incidents caused by Qin Chuan, which caused panic in the entire forbidden area. The four families' disciples were even teased, running around in vain to hunt down the beasts.

If not, Wei Qingyan happened to meet Qin Chuan in the formation that day.

If they wanted to find out Qin Chuan's identity, didn't they know they had to wait until Huo Shi?

Silence After a while, Zhou Dingtian opened his mouth and said

"I think Brother Qingyan is right! This child must not be kept! It seems that we need to send someone to arrest that kid quickly and interrogate him."

"This man dared to sneak into the forbidden area of our Zhou family and murder four of our children under our noses. Today I want to see what else he is capable of. Why don't you guys go and capture that kid alive?"

At that moment, Zhou Dingtian ordered two fifth-level disciples to capture Qin Chuan alive..

Chapter 2329

Zhou Dingyan on the side quickly spoke out to stop him.

"Brother Dingtian, wait! Before I came, the Great Elder had an order. Even if we have found out the identity of the lurker, we still have to pretend not to know. We must not act rashly. We must not alert the person, but we can send people to spy on him."

"And I will convey to him all the information that happened here, and he will make his own arrangements later!"

Hearing this, everyone in the hall looked puzzled.

According to their thinking, since they know who is the lurker, they should catch that person as soon as possible. Why are they pretending not to know.

However, although everyone does not know why Zhou Yuanqing did such a thing order, but they had long understood Zhou Yuanqing's resourcefulness and knew that Zhou Yuanqing would not say these words without reason.

At that moment, everyone in the hall showed thoughtful expressions.

Zhou Dingtian even pondered for a while and said

"Since the great elder said this, I believe he has his own reasons, so let's not disturb that person for now and do everything according to the great elder's wishes. Dingyang, it's up to you to monitor Qin Chuan during this period! For the rest, everyone just waits for the arrangements of the great elder!"

As soon as these words came out, many people nodded and said, "That's how it should be!" You, Elder Yuanqing of the Zhou family, have always tried their best, and after thinking about it, you have already thought of a way. I think we should stay put!"

The fifth-level disciple named Zhou Dingyang also immediately took the order and left.

Everyone in the hall continued to discuss how to deal with Qin Chuan.

However, not long after, Zhou Dingyang hurried back with an anxious look on his face.

Seeing his Everyone in the hall felt that something was wrong.

Zhou Dingtian even stood up and asked: "Dingyang, what happened? Why so anxious?"

"Brother Tian, it's not good! That Qin Chuan is missing!"

"What? Missing? Did he notice something?"

Zhou Dingtian opened his eyes wide in surprise.

Everyone in the hall also showed surprise.

"Brother Tian, I'm not sure if that kid noticed anything, but I asked the guards at the entrance of the valley and they all saw Qin Chuan coming out of the valley, and Zhou Ying also said that Qin Chuan had no mission to leave the valley today. I see that this guy came out of the valley for no reason, so he probably sensed something."

At this time, Wei Qingyan on the side suddenly asked: "When did he come out of the valley?"

Zhou Dingyang replied:"The guard at the entrance of the valley said that it should be the time after you return to the valley and before Dingyan enters the valley."

Hearing this, Wei Qingyan's eyes showed horror, and after a while he said:"I still underestimated that kid. It turns out that he already knew that I was doubting him. It seems like this kid ran away early!"

Hearing this, everyone looked surprised.

For a moment, everyone was silent.

Now, Qin Chuan ran away early, and everyone didn't know what to do next.

After a while, Zhou Dingyang asked:"Brother Dingtian , now that kid has run away, what should we do? Should we search it, or should we just leave it alone? Zhou

Dingtian pondered for a while and shook his head.

"This matter is a bit difficult to handle now! Now that this kid suddenly ran away, I guess even the great elder didn't expect it. I don't know what the next step will be. I still haven't figured out why the great elder didn't let us alarm that kid. I wonder what the great elder's purpose is?"

"I see!"

At this time, Zhou Dingyan spoke.

At that moment, Zhou Dingyan told Zhou Yuanqing's suspicion that there was a traitor in the outer courtyard of Jiwuyuan, and also told Zhou Yuanqing's plan to wipe out the Qing family. As soon as these words came out, many people People woke up.

At this time, Wei Qingyan said:"That's it! It seems that Elder Yuan Qing has deduced that Qin Chuan is the key to opening the Jiwu Sect. If something goes wrong with Qinchuan, the Jiwu Sect cannot be opened, and the Qing family cannot enter our trap."..

Chapter 2330

"In this way, not only can Qin Chuan not die, but he must live to lead his own people into our trap."

"Ha ha!! What Brother Qingyan said is exactly what I think the Great Elder meant."

"In this case, we should stay put. I don't think it will take long before that Qin Chuan will come out and cause trouble!"

At that moment, everyone in the hall made a decision, that is, to stay put for the time being.

And Zhou Dingyan was about to take the order and leave.

But at this moment, another Zhou family disciple came through the Yan family teleportation array with Zhou Yuanqing's order. Entering the forbidden area, he anxiously conveyed an order to Zhou Dingtian and others.

This order is: if the lurker finds that his identity is exposed and leaves the valley, he asks Zhou Dingtian to unite the four families to vigorously hunt for the lurker, but he cannot He grabbed it, tightening it on the outside and loosening it on the inside. This order confused everyone.

But they still carried it out.

On the next day, the four children began to search for Qin Chuan throughout the valley, and Qin Chuan was a lurker. It was made public.

In the next three days, Qin Chuan also found that the children of the four tribes were vigorously searching for him, and he couldn't help but feel a little relieved.

"It seems that the Zhou family didn't guess that there was a traitor among the outer guards, that's why they were so anxious to find me, so to speak. The plan for nine days later can still be carried out as usual."

"Of course, now is not the time to draw a conclusion. If they still can't search for me in a few days, it will be time for the ancestors of the four families to take action. If the ancestors of the four families don't show up, there may be a scam. I'd better wait and see what happens!"

At the same time, outside the forbidden area.

In the Zhou family's guard camp, in the First Elder's barracks.

Zhou Yuanqing was sitting at the desk, looking at a file carefully.

And Zhou Dingyan stood respectfully beside him, not daring to speak.

After a while, , Zhou Yuanqing calmly put down the case file in his hand and asked Zhou Dingyan

"how? In the past two days, have any traces of Qin Chuan been found in the forbidden area?"

"Report to the Great Elder, that boy's concealment skills are very good, and he has not been found yet."

"oh?"

Zhou Yuanqing's eyes showed a little surprise, and then he said softly

"It doesn't matter if he can't be found. He will eventually come out on his own and we don't need to worry about him. I asked you to search for him to paralyze that kid. Otherwise, with that kid's intelligence, he might have guessed that we had discovered a traitor and started to lay a trap."

At this time, Zhou Yuanqing took another look at the information in front of him.

"I have read through this boy's information file more than a dozen times. He is indeed an orphan who grew up in our Zhou family. According to the information, Commander Qin of the 'di' camp had a very close relationship with him. It can be said that he was brought up by Commander Qin."

Speaking of this, Zhou Yuanqing showed a playful smile.

"In other words, this Commander Wang is also a descendant of the Qing family lurking in our Zhou family. Regarding this Commander Wang, I have sent people to monitor his every move. By the

way, what was the result of monitoring the seven Blood Guards yesterday? Who could be the traitor?"

"this.."

Zhou Dingyan frowned and hesitated.

"Great Elder, among the seven people we monitored yesterday, two went to visit relatives and five went to a party at Huaixiang House. From the beginning to the end, we didn't see them coming into contact with anyone suspicious, so we couldn't tell who was the traitor for a while."

Hearing this, Zhou Yuanqing shook his head slightly and sighed.

"You juniors! No one is a general! I have lived for more than three hundred years, how long can I live? It's not that I want to lecture you. If there was a talent like Qin Chuan among you, I wouldn't be so anxious. Why!"...
