Chapter 2331

Hearing Zhou Yuanqing's sigh, Zhou Dingyan didn't know what to do for a while.

"That's it! Dingyan! In fact, asking you to monitor the movements of the seven blood guards is a task I deliberately arranged for you to test you. As for who the traitor is, I already know it without even looking."

Hearing this, Zhou Dingyan couldn't help but ask: "Great Elder, you haven't monitored their whereabouts, how do you know which one of them is the traitor?"

Zhou Yuanqing glanced at him calmly and said quietly: "It's not difficult to know who the traitor is." In front of my desk are the information of those seven people. After reading the information of these seven people, you will know who is the traitor."

"It can be seen from these information that Qin Chuan is very familiar with this blood guard named Huo Qing. Both of them entered the reserve guard camp in the same batch, and both served as personal guards of Commander Wang. As far as I know, when the two of them served as the personal bodyguards of Commander Wang, their attendance rate was not high."

"These two people do not often attend work, which means that they are practicing in seclusion under the protection of Commander Wang, or they are busy with other private matters."

"Especially Huo Qing, who happened to break through just a few days before recruiting the Blood Guards. All this shows that someone secretly helped him break through, and he is probably a traitor. If my guess is correct, one of the two people going to visit relatives is Huo Qing!"

Zhou Dingyan's eyes lit up: "The great elder's guess is good! One of the two people visiting relatives was Huo Qing. So that means the distant relative Sun Lao he visited is also a member of the Qing family? He has been working in our Zhou family for more than thirty years."

"So what about thirty years? This Mr. Sun should also be from the Qing family. By the way, did Mr. Sun come into contact with anyone later? Did you send someone to monitor it?"

"this?"

Zhou Dingyan showed embarrassment.

"Not so!"

Zhou Yuanqing frowned slightly, then sighed and said: "That's it! Just know who the traitor is! Next, you will be responsible for monitoring Huo Qing's whereabouts in Jiwuyuan. In addition, you notify Dinghai and ask him to take sick leave. From now on, you will temporarily take over the leadership of Jiwuyuan."

"Great Elder, why are you doing this?"

"There is a purpose for letting you do this. According to my speculation, the Qing family wants Huo Qing and Qin Chuan to open the Jiwumen from the inside, and then let their Qing family masters sneak into the forbidden area and steal the Blue Dragon Pearl."

"With the strength of Qin Chuan and Huo Qing, they cannot deal with Dinghai, so it will be difficult to open the Jiwu Sect. I deliberately transferred Dinghai and asked you to serve as the commander of Jiwuyuan, and deliberately weakened the defense strength. When the time comes, you just pretend to be defeated and run away, so that the two of them can open the Jiwumen and let the masters of the Qing family enter the forbidden area smoothly."

"At that time, I will appear and destroy the teleportation array here, making it impossible for those Qing family masters to make progress. There are four ancestors waiting for them in the forbidden area, and they will definitely wipe out those Qing family masters in one fell swoop."

Hearing this, Zhou Dingyan's eyes lit up.

Zhou Dingyan knew very well that the strength of a family depends on the strength of its top masters.

Destroying its top masters is equivalent to destroying the strongest combat power of the family.

At this time, Zhou Dingyan Another question comes to mind

"Great Elder, do you think there are eighth-level warriors in the Qing family today?"

Zhou Yuanqing pondered for a while and said, "There should be!" If there are no eighth-level warriors, it is unlikely that the Qing family would dare to pursue the idea of Qing Longzhu. They should know that our ancestor of the Zhou family is a peak eighth-level warrior. Moreover, according to my judgment, their Qing family may have more than one eighth-level warrior."

"Why?"

"This can be seen from Qin Chuan's behavior. If the Qing family does not have an eighth-level warrior, or there is only one eighth-level warrior. Then they can't snatch the Blue Dragon Pearl from the forbidden area, so Qin Chuan will only choose to remain silent, and will not make any move, waiting for the six-year Blood Guard period to end before leaving."

"However, Qin Chuan took the risk to spread the information, which means that the current Qing family has the strength to steal the Blue Dragon Pearl, which means that they have more than one eighth-level warrior."..

Chapter 2332

Hearing this, Zhou Dingyan looked surprised and said with some worry: "Great Elder, if there are too many eighth-level warriors from the Qing family and they are too strong, they will not even be able to compete with our four ancestors. Then letting them in is not asking you to put yourself in an urn, but letting them go." A wolf has entered the house!"

Zhou Yuanqing said indifferently: "Don't worry, the eighth-level masters of their Qing family are definitely not as strong as the ancestors of the four families working together. If they were stronger than the ancestors of the four families joining forces, they would have taken it away by force. Huo There must be so many mysteries"

"They didn't know the situation in my Zhou family's forbidden area before. They thought that the Zhou family's forbidden area was in Shenyang City. If they tried to rob it, the ancestors of the other three families would definitely come to help, so they sent Qin Chuan to find out the situation in the forbidden area first.. That's their concern"

""However, the eighth-level masters of their Qing family should not be weak. It should be a big battle for our four ancestors."

"Therefore, I have notified the ancestors of the four families in advance and asked them to set up a large formation in the forbidden area. With the help of the large formation, it will not be difficult to annihilate all the eighth-level warriors of the Qing family in one fell swoop."

"In addition, if the eighth-level master of the Qing family enters the forbidden area, the other disciples will definitely guard the teleportation array of Jiwuyuan to prevent others from destroying it. For these disciples who are below the eighth level, the four disciples outside our forbidden area will work together to ambush them and wipe them out. Only in this way can the root cause be eradicated. Hearing this

, Zhou Dingyan said happily: "Yes!" Our four families have four eighth-level masters except for the forbidden area. There is also an eighth-level master from the Nan family outside the forbidden area. He alone can destroy those Qing family members guarding the teleportation array."

Among the four major families in Shenyan City, the Nan family is the strongest.

In addition to the ancestor of the Nan family who is an eighth-level Dzogchen warrior, one of the Nan family's children is an eighth-level warrior.

This eighth-level warrior is also the current Shenyan City. The city lord, named Nan Xiaofeng, has been sitting outside the forbidden areas for a long time, and is also the guardian of the entire four major families in Shenyan City outside the forbidden areas.

"alright! Dingyan, I have said so many words to you just to let you understand my painstaking efforts. Go back and remember to monitor that Huo Qing!"

"yes! Great Elder, Dingyan has resigned!"

At the same time, in Shenyan City, there is an inconspicuous courtyard.

At this time, there are several fifth-level masters hiding in the courtyard, which can be said to be extremely tightly guarded.

In the hall of the house, there are four green sandalwood Taishi chairs.

At this moment, , there are four people sitting on four chairs.

Two of these four people look like old men.

Among these two old men, one who looks gentle and kind on the outside, slightly younger, is the current Qing family's Chang Qing Xuan Lin, also He is Qin Chuan's grandfather.

The other old man is the current patriarch of the Teng family, Lord Teng.

Among the four, the other one looks like a handsome middle-aged man, he is Lord Feng, the head of the Feng family. The last one is the ancestor of the Huo family , an eighth-level peak master. He is the strongest among the four.

However, the ancestor of the Huo family is dressed very strangely.

He is seen wearing iron mail, a black cape over his shoulders, and a flowing and shiny white hair. He has long hair, and most of his face is covered by an iron mask with an eagle nose. The smaller half of his face is exposed, making it difficult for people to see his entire appearance.

Judging from the skin color of the exposed smaller half of his face, his complexion is bronze. It is shiny, like the skin of a middle-aged man, but without any wrinkles.

There is only a scar that can be seen deep in the bone, which makes people look a little bit evil.

This can't help but make people guess, Does the other half of the face hidden under the mask have more scars? Or maybe there are more unexpected things.

None of the people here are surprised by the appearance of the ancestor of the Huo family.

However, at this moment, the four of them are There was no conversation, but they all looked forward quietly.

Standing in front of them was an extremely handsome middle-aged man.

This middle-aged man was Qing Yunfeng who had returned to his original appearance, and he was also Qin Chuan's father...

Chapter 2333

It turned out that Huo Qing handed the information to Mr. Sun after leaving Jiwuyuan.

Mr. Sun handed the information to Qing Yunfeng.

Qing Yunfeng took the information into this secret courtyard and handed it over to the heads of the four families.

At this time, Qing Xuanlin spoke with a trembling voice.

"Yunfeng, what do you mean? Tian Qi and Huo Qing were all exposed. So, my grandson Tianqi is going to die inside?"

"good! Patriarch, I have just analyzed it. From the fact that Yunsheng was under surveillance, it can be seen that Tianqi was exposed. Judging from what Huo Qing said about the process of delivering the information, there are also flaws. The Zhou family may have suspected this and finally traced it to Yunsheng, so the plan to snatch the Blue Dragon Pearl can only be temporarily abandoned!"

Qing Yunfeng still had a cold face, even when facing his father.

Hearing Qing Yunfeng's cold voice, Qing Xuanlin showed a wry smile.

He knew his eldest son very well, and it was difficult for you to learn from him. His appearance showed what he was thinking in his heart.

Thinking of this, Qing Xuanlin showed a bitter smile on his face, and his old face seemed to become even older.

He didn't expect that the layout he had laid out for so many years would be destroyed in the end, and even end up with him. The life of their grandson.

The Teng Master and Phoenix Master on the side also frowned.

They were also greatly surprised by the real situation in the Zhou family's forbidden land.

With their current strength, they wanted to have a head-on confrontation with the four ancestors. , that is irrational.

It also makes them feel powerless.

At this time, the Huo family ancestor who had been silent said quietly:"Yunfeng boy, listening to your analysis, I think it makes sense. It seems that the boy from my Huo family is going to die there too.

Qingyunfeng said calmly:"Huo Qing will not die!" And Qinglongzhu, our Qing family doesn't have no chance! Just a matter of time!"

Hearing this, the four team leaders all showed surprise.

"Why? Boy Yunfeng, tell me now."

The ancestor of the Huo family showed a rare expression of curiosity.

Qing Yunfeng said calmly:"Senior Huo, Yunfeng has a plan. According to Yi Yunfeng, the Zhou family deliberately released Huo Qing just to set a trap for the four of us and lure us into taking the bait."

"Then we will use our plan to kill Nan Xiaofeng and many elders from their four families. It's worth using the lives of their four major families and an eighth-level warrior to exchange for my son's life!"

At the end of the sentence, Qing Yunfeng finally showed excitement on his face, and a trace of viciousness flashed in his eyes.

Qin Chuan is his son.

He knows that Qin Chuan cannot get out of the forbidden area, and there is only death.

A father knows that his son How could he not be angry when he was about to die in the hands of the enemy? It was just that he had been hiding it deep in his heart.

Hearing Qing Yunfeng's almost crazy words, the eyes of the four people present lit up.

At that moment, Qing Yunfeng understood and asked The four people expressed their plans.

Then, four more days passed.

There were only two days left before the attack date agreed upon by Qinchuan and Huo Qing.

In the forbidden area, Qinchuan lurked in the valley only dozens of meters away from the forbidden area. In a remote valley miles away.

He was not worried that his whereabouts would be discovered by the children of the four families.

After taking the Turtle Breath Pill, his vitality was self-sealed.

Others could not sense his existence from the fluctuations of vitality.

As a body As a martial artist, Qin Chuan can control his breathing, heartbeat, and even stop the blood flow, so that he can stop all physiological operations in a short period of time.

Because of this, at this time, even if he is hiding next to an eighth-level warrior, he can The air was so ordinary that people could not feel his presence.

Therefore, Qin Chuan had the courage to hide only dozens of miles away from the forbidden valley, just to secretly observe the movements of the four families.

During this period, Qin Chuan I also secretly went to the teleportation array of the Zhou family and the other three families.

I found that the teleportation array had been repaired with all the strength, and the two third-level blood guards who originally guarded the teleportation array had been replaced by two fourth-level Dzogchen. Direct disciples of the Zhou family were guarded.

Such an arrangement made Qin Chuan feel that it should be like this...

Chapter 2334

After Qin Chuan's identity was exposed, the four disciples knew Qin Chuan's strength and it was impossible to send third-level blood guards to guard the formation.

If ordinary blood guards were still allowed to guard the teleportation array, it would make people question the motives of the four families.

Later, Qin Chuan discovered that the teleportation arrays of the three families were the same.

In addition, he also observed that the four families searching for him were divided into eight groups, with seven people in each group. They went out of the valley to search for him regularly every day.

However, after several days of searching, nothing was found.

The ancestors of the four families took action personally.

The ancestors of the four families joined forces to emit energy fluctuations with the power of thought, covering the entire forbidden area.

Qin Chuan's mental power was already strong, and he quickly felt the four strange energy fluctuations. He immediately restrained all his aura and avoided the detection of the ancestors of the four families.

After this incident, Qin Chuan made a conjecture in his mind.

That is, the Zhou family probably did not discover that there was a traitor among the outer guards and did not set a trap. Otherwise, they would not have sent the four ancestors to personally search.

You know, the radius of this forbidden area is only a few hundred miles. If the ancestors of the four families work together to search, no one can escape.

Since the four major families asked the ancestors of the four families to search, it means that they are indeed spending a lot of effort to search for him.

Through this incident, Qin Chuan felt that the original plan could be carried out as usual.

In fact, Zhou Yuanqing requested that the ancestors of the four families join forces to conduct a search, and it was originally just a superficial job.

Zhou Yuanqing had two purposes.

One purpose is to paralyze Qin Chuan and make Qin Chuan feel that the current Zhou family only knows that there are lurkers in this forbidden area, but they don't know that there are traitors, let alone their plans.

Another purpose is that he really wants to search for traces of Qin Chuan through the ancestors of the four families, and then remotely monitor Qin Chuan's whereabouts, taking the initiative in his own hands.

However, the results of the search by the ancestors of the four families greatly surprised them.

Because they didn't find Qin Chuan, it was logically impossible.

Later, the ancestors of the four families really tried their best to search instead of doing superficial things, but in the end they found nothing.

This turned their surprise into shock.

If you didn't know that there was no teleportation array, you wouldn't be able to get out of the forbidden area. They even doubted whether Qin Chuan had left the forbidden area.

However, Zhou Yuanqing quickly deduced that Qin Chuan might have taken Guixi Dan.

Although there are several ways in the world to completely isolate oneself from fluctuations in vitality, Qinchuan's most likely option is to take Turtle Breath Pill.

Because those methods either require the help of outsiders or require high levels of cultivation.

Only by taking Turtle Breath Pill, there are no restrictions for warriors of any level, and as soon as the effect of the medicine wears off, the cultivation level can be restored automatically.

This is completely in line with Zhou Yuanqing's judgment of Qin Chuan's action plan, because Qin Chuan still needs to restore his cultivation if he wants to take action.

Therefore, Zhou Yuanqing speculated that Qinchuan was hiding in a very secret place at the moment and did not dare to take a step, let alone approach the forbidden valley.

Because according to common sense, after Qinchuan's vitality was sealed, his cultivation was completely gone, and his strength was not as good as that of a first-level warrior. Naturally, he did not dare to run around in the mountains and forests full of ferocious beasts, let alone approach the forbidden valley.

But Zhou Yuanqing didn't calculate that even if Qin Chuan's vitality was sealed, his strength would exceed that of an ordinary fourth-level Dzogchen warrior.

In fact, Zhou Yuanqing didn't care much about not being able to grasp Qin Chuan's whereabouts, because he knew in his heart that Qin Chuan must still be hiding in the forbidden area and had fallen into his own trap.

Zhou Yuanqing is very confident about this. He is not worried that Qin Chuan will not be fooled. What he is anxious about is, when will Qin Chuan take action?

After all, the nights are long and there are many dreams, and the longer time passes, the more variables there will be.

Since the search by the ancestors of the four families failed, the children of the four families continued to pretend to vigorously search for Qin Chuan.

However, each search team removed one person and began to set up a large formation outside the spirit-gathering element formation in the forbidden valley, waiting quietly for the eighth-level warriors of the Qing family to enter the formation and take the bait.

It was such a small detail that immediately aroused Qin Chuan's vigilance...

Chapter 2336

At this point, even if I sacrifice my own life, I still want to protect the safety of the four Qingfeng and Tenghuo families. By the way, why don't I go to the forbidden valley to confirm now? I guess they won't guess that I dare to go back.

Thinking of this, Qin Chuan decided to take the risk and go to the Forbidden Valley.

After conjecturing that he was likely to fall into a trap, Qin Chuan risked his own life and death. At the same time, he also wanted to confirm whether his conjecture was correct.

At that moment, Qin Chuan quietly sneaked near the forbidden valley.

Qinchuan's original appearance had long been drawn into a portrait and spread in the forbidden area.

Now, in the forbidden area.

Whether it is the children of the four families, the blood guards of the four families, or ordinary people who were captured as servants, they will definitely recognize Qin Chuan as soon as they see him.

However, Qin Chuan had already expected this.

Before sneaking into the forbidden area again, Qin Chuan changed into the Zhou Family Blood Guard uniform and took another disguise pill.

Only the ancestor of the Zhou family had seen the way Qin Chuan took the disguise pill, so Qin Chuan didn't have to worry about being recognized.

When Qin Chuan lurked at the entrance of the valley, unfortunately, it was the blood guards of the Zhou family who were guarding the entrance of the valley.

Qin Chuan had no choice but to wait until the blood guards guarding Taniguchi changed shifts.

After noon, the blood guards guarding the entrance of the valley were replaced by the Wei family's blood guards.

Qin Chuan walked in swaggeringly.

The blood guards of the Wei family who were guarding the entrance of the valley saw that Qin Chuan was dark, ugly, and a bit unfamiliar, but they didn't think much about it.

After all, Qin Chuan is wearing the Zhou family's blood guard uniform and is apparently the Zhou family's blood guard.

It's not surprising that they don't know the Zhou family's blood guards.

The most important thing is that even if they were beaten to death, they would not believe that Qin Chuan dared to sneak into the forbidden area.

After Qin Chuan entered the forbidden area, he walked straight towards the Spirit Transformation and Yuan Yuan Formation.

When he was about to see the Spirit Transformation and Yuan Yuan Formation, he saw several disciples of the four families and blood guards from a distance, digging holes outside the Soul Transformation and Yuan Yuan Formation and laying out the formation base.

Judging from its scale, it is also a giant formation with extremely powerful power.

Seeing this, Qin Chuan sneered in his heart. He was finally convinced that his guess was correct, and he felt a heavy weight drop in his heart.

He did almost fall for the man behind the scenes.

At that moment, Qin Chuan silently memorized the positions of the formation bases, and no longer approached the formation, but left in a hurry.

After all, he is now wearing the Zhou family blood uniform.

If you meet a child of the Zhou family or a blood guard of the Zhou family, your identity will definitely be revealed.

When the time comes, the children of the four families know that they have discovered the truth, and they will no longer make excuses with themselves, but directly capture themselves alive, so Qin Chuan must leave as soon as possible.

Fortunately, most of the disciples from the four families were outside pretending to search for Qin Chuan, while the few disciples and blood guards left behind in the forbidden area were busy setting up the formation base.

Therefore, Qin Chuan entered an uninhabited place and walked out smoothly.

The two Wei family blood guards guarding the valley mouth felt a little strange when they saw Qin Chuan coming out of the valley again, but they didn't think much about it.

Even if they guessed it afterwards, they didn't dare to say it.

After all, it was a crime of dereliction of duty, which would result in a severe punishment.

But he said that after Qin Chuan swaggered out of the forbidden area, he quickly hid and thought about his future plans.

I just saw with my own eyes that they were starting to set up the formation base, which proved that my guess was good. Am I really going to wait here to die?

Thinking of this, Qin Chuan felt a little unwilling. no! I absolutely cannot die here. I have to think of a way out. What would that person do if he thought I had fallen into a trap?

At that moment, Qin Chuan frowned and thought deeply.

After a while, I heard him muttering to himself: "Originally, when I helped Brother Huo to open the Jiwu Sect, the success rate was only 50%. If that person guessed my plan, he should have thought of this. He must have thought of this. I very much hope that I can successfully open the Jiwumen"

"In this case, the defense of Jiwuyuan will definitely be weakened by him. He is likely to transfer Zhou Dinghai. If so, hey!! I have hope of escape. By the way, not only can I escape, but I can also join his army. The four of them suffered heavy losses."

Thinking of this, Qin Chuan's brows stretched, and a knowing smile appeared on the corner of his mouth.

At that moment, Qin Chuan didn't want to talk about it anymore and waited for the attack plan for two days...

Chapter 2337

On the second day, the effect of Qin Chuan's Turtle Breath Pill dissipated automatically, and his cultivation level recovered again.

Qin Chuan took the time to practice the Phantom Fire Shadowless Step and fusion martial arts.

During this period of hiding, Qin Chuan did not waste the remaining time except secretly observing the whereabouts of the four families.

The rest of the time was spent on comprehending the Phantom Fire Shadowless Step and the fusion of martial arts.

Ever since he learned the three inferior offensive martial arts of Breaking Light, Breaking Flame, and Breaking Rock, Qin Chuan has been busy with other things and has never had time to understand the fusion of these three martial arts.

He happened to take advantage of the time when his vitality was sealed to comprehend the fusion.

Soon, another day passed.

This day was the day when Qin Chuan and Huo Qing agreed on the attack plan.

In a small valley in the forbidden area.

There is a teleportation array in the center of the valley, but this teleportation array is the Nan family's teleportation array in the forbidden area.

At this moment, two Nan family disciples were guarding the teleportation array.

One of these two Nan family disciples is a middle-aged man in his thirties with a fair complexion.

The other person was an old man with gray hair, about fifty years old.

At this moment, the middle-aged man was leaning against the tree, holding a long sword in his arms, holding leaves in the corner of his mouth, with a lazy look on his face.

Next to him, the fifty-year-old man was sitting cross-legged under the shade of a tree, meditating with his eyes closed.

Not far in front of the two of them was the teleportation array they wanted to guard.

At this time, the middle-aged man seemed to feel a little bored and said to the old man: "Uncle Ninth! Guarding this teleportation array is such a boring job! How long do we have to guard it?"

The old man opened his eyes slightly: "Yufeng, you have been so impatient after only guarding it for a day. It is not a good mood for your cultivation."

Nan Yufeng did not take it seriously and said: "Uncle Jiu, you also know that our guarding of this teleportation array is just to do something. Just show off to the remnant of the Qing family named Qin Chuan. In fact, it doesn't matter whether you watch the formation or not. The ones who should be nervous the most are the Zhou family, so I feel bored."

Hearing this, the old man frowned. With a serious look on his face, he said: "Yufeng, didn't our ancestors explain it before? Don't talk about this outside. If that kid hears it, all this planning will be exposed."

Nan Yufeng smiled coldly: "I heard that kid His talent is very good, but he is only the fourth level of peak cultivation, which is comparable to my cultivation level. If he didn't have a fourth level Dzogchen ferocious beast as a pet, I really wouldn't take him seriously."

"Uncle Jiu, I think you still think highly of that boy. Can he hear us talking like this? Besides, even if he wanted to create a teleportation array, he should go to the Zhou family, not ours."

As soon as he finished speaking, a cold voice came from behind him.

"Yeah? Not always!"

Hearing this, Nan Yufeng and the two were shocked, and quickly turned around and asked

"who?! come out!"

The two of them were shocked by the sudden voice behind them.

They both couldn't help but think, could it be Qin Chuan?

At this time, a dark-faced, mediocre-looking man came out from behind the woods. An ugly young man wearing the Zhou Family Blood Guard uniform.

Seeing this strange-looking young man, both of them were very surprised.

What surprised them was that this young man did not seem to be Qin Chuan.

But they did not let down their guard because of this. , but became more nervous

"Are you the blood guard of the Zhou family? Or who?"

Nan Yufeng put his hand on the hilt of the sword warily. Since the visitor could come behind them silently without letting them notice, it would definitely not be easy.

Just this alone made him feel nervous..

Chapter 2338

At this time, the old man also asked in a deep voice:"Who are you? Are you Qin Chuan?"

Hearing this, the black-faced young man smiled slightly:"Yes! I am Qin Chuan!"

"What? You are really Qin Chuan! Nan

Yufeng's eyes widened in surprise.

But the old man on the side came to his senses and cursed:"Boy, you are looking for death, how dare you come to break into our Nan family's formation.""

After saying that, the old man gave a sharp shout, immediately jumped up, and struck Qin Chuan's face with a sword.

However, Qin Chuan's mouth showed a trace of disdain.

The old man in front of him was just a fourth-level Dzogchen peak warrior, and he had not yet broken through the bottleneck to reach the peak. At the fifth level, he was naturally fearless.

At that moment, Qin Chuan snorted coldly, stepped forward with his left foot, a flash of fire under his feet, and his speed suddenly increased.

The speed was astonishingly fast, and the old man's sword had not even been swung halfway..

Qin Chuan arrived first, and instantly got close to the old man. A cold light flashed in his hand, and a sword penetrated the old man's throat.

"You..."

The old man could not believe it until his death. As a fourth-level Dzogchen peak warrior, he was killed by Qin Chuan with a sword in a frontal battle.

Seeing this scene, Nan Yufeng turned pale with fright, and his eyes were filled with confusion. A look of disbelief.

At this point, he couldn't believe that Qin Chuan was a fourth-level peak warrior. His speed just now was clearly that of a fifth-level warrior.

"Oh my God! He actually killed Uncle Jiu with one sword. Could it be that this boy was a fifth-level warrior?"

Thinking of this, Nan Yufeng was even more frightened. He screamed and turned around and ran away from the valley without thinking.

Seeing Nan Yufeng running away, Qin Chuan ignored him and looked at the teleportation array in front of him. Swinging out a sword.

When the sword was swung out, a giant red, yellow, and white light saber more than twenty meters long suddenly appeared, slashing towards the formation with a terrifying momentum.

Moreover, there were also circles around the giant three-color light saber. The blazing purple-black flame is Qinchuan's natal spiritual fire, the Earth's Heart Fire.

'Boom! 'There was a loud noise.

The teleportation array was smashed to pieces by Qin Chuan's sword and collapsed. It was completely destroyed.

"good! The amplitude power of this 'Three Colors Heavenly Slash' should have reached 30%. Although it is not as good as a superior offensive martial skill, it is much stronger than the 20% amplitude of an intermediate martial skill."

Qin Chuan is very satisfied with the attack just now.

The attack just now exerted an attack power of more than 7,000 manpower.

Such an attack power can already threaten Qiuqiu.

It turns out that this 'Three Color Sky Slash' is Qin Chuan's general The new fusion martial arts of 'Light-Breaking Slash', 'Flame-Breaking Slash' and 'Rock-Breaking Slash' are also the strongest offensive martial arts that Qin Chuan has mastered so far. The reason why

Qin Chuan was so fast just now was because he used He has also learned the 'Phantom Fire Shadowless Step'.

Now, Qin Chuan's speed has barely reached the lowest level of a fifth-level warrior.

Now, Qin Chuan's speed and attack power have increased a lot, and his overall strength has greatly improved. improvement

"good! This time my strength has improved again, which is a good thing."

Thinking of this, Qin Chuan felt a little better.

At this moment, a shrill scream came from the mouth of the valley.

The scream was from Nan Yufeng who had fled in panic before.

Not long after, Bai Ying at the mouth of the valley In a flash, a white-haired ferocious beast more than ten feet long came to Qin Chuan with Nan Yufeng's body in its mouth.

This white-haired ferocious beast was Qiuqiu who Qin Chuan had arranged to hide at the mouth of the valley.

That Nan Yu Feng's cultivation is only at the peak of the fourth level, so he is naturally no match for Qiuqiu.

This is why Qin Chuan was indifferent when he saw Nan Yufeng escaping.

Because he knew that Nan Yufeng could not escape from Qiuqiu's claws.

"Well done, Qiuqiu!"

Qin Chuan smiled and praised Qiuqiu, and then began to search for the bodies of Nan Yufeng and the old man.

In addition to finding two pieces of the Nan family's true seal order,

Qin Chuan also found two bottles of spiritual fire jade dew, two fire gates Martial arts in the system, as well as some golden tickets.

However, there is one thing among them that Qin Chuan was surprised to discover..

Chapter 2339

However, there was one thing in between that surprised Qin Chuan.

That is, he actually found an excellent martial arts skill from the old man.

However, this superior martial skill was actually an earth martial skill, which surprised him a little.

Moreover, this superior martial skill is very similar to the superior water martial skill 'Ice Dragon Roar' that he has obtained, and it only requires the fourth level of earth cultivation to practice.

The name of this superior earth element martial skill is 'Rock Dragon Roar'.

The more similar martial arts are, the easier it is to fuse. This is what Qin Chuan is most happy about.

If two superior martial arts are fused together, what kind of power will it achieve? Qin Chuan doesn't know, but it is definitely very strong, so he I am looking forward to it very much.

However, Qin Chuan's water energy is at the peak of the third level, and his wood energy is at the third level. It will take him some time to learn these two martial arts.

At the moment, Qin Chuan put all the gains into the God of War Order space.

Then he waved two Earth Core Flames to burn the bodies of Nan Yufeng to ashes.

"Ball ball! It's almost midnight, the teleportation arrays of the three families have been destroyed by us, and now only the Zhou family is left. It's almost midnight, Brother Huo is still waiting for us, we'd better hurry over!"

"Roar!"

Qiuqiu roared and nodded repeatedly.

At that moment, Qin Chuan's figure flashed and rushed towards the Zhou family teleportation array. At this moment, there was no night in the forbidden area, it was still bright.

And the Shenyan City outside the forbidden area had already entered Dark night.

At this moment, the ugly hour is about to end, and it is about to enter the midnight hour.

Late at night, the streets are very quiet, and only the sound of the wind blowing sand and the snoring of people sleeping soundly are heard.

At this time, in a secret courtyard in Shenyan City , suddenly three figures slowly floated up.

If ordinary warriors saw such a scene, they would be extremely shocked.

Because only warriors of the eighth level and above can stand in the air, obviously these three people are eighth-level warriors.

Among the warriors In the world, eighth-level warriors are definitely the top masters. They are all peerless figures who dominate one side. It is difficult to see even one of them.

But at this moment, three people appeared at once.

These three people were naturally none other than Phoenix Master and Teng Master, the ancestor of the Huo family.

In the air, the ancestor of the Huo family stared in the direction of the Zhou family, and the expression hidden behind the eagle-nosed iron mask showed a pensive look.

At this time, the Phoenix Master said: "Let's go! It's time to take action."

The three figures in the air flashed and disappeared.

At the same time, deep in the inner courtyard of the Zhou family, a team of night guards were passing through a garden.

Suddenly, one of the guards in the team looked up at the night sky.

I saw in the sky, There was a bright moon hanging.

Under the bright moon, a group of palm-sized butterflies were flying towards the yard.

Seeing such a scene, the guard was stunned on the spot and quickly shouted

"Everyone, look! It's really strange how a group of butterflies flew up from the sky that day. There are actually butterflies in the middle of the night!"

"Huh! It's true!"

At that moment, all the guards were greatly surprised and stopped to watch.

But when everyone's attention was in the air, suddenly, dozens of purple thorn vines broke through the ground and stabbed the guards from behind.

Those ten Several night watch guards died immediately, and they didn't even have time to scream. It turned out that those thorn vines were not only sharp and hard, but also had nerve-paralyzing toxicity, which could make people lose the ability to move instantly. As soon as the dozen guards were killed, The butterflies in the sky gathered together and turned into a very beautiful man.

If Qin Chuan were here, he would definitely recognize that this beautiful man is Qing Yunxiu..

Chapter 2340

As soon as Qingyun Xiu fell into the yard and saw the dead state of the dozen guards, he shook his head slightly and suddenly whispered to the corner of the yard: "Yunluo, these people are not descendants of the Zhou family, why do you have to kill them all?"

In the corner of the yard, But a cold voice came

"snort! If I don't kill them, I will be burdened by them. This is a critical moment, how can we be kind to women?"

At the same time as he was saying this, a cloudweed tree in the corner of the yard, full of white cloudweed flowers, suddenly stopped moving. The white petals all over the tree were flying, and finally they gathered together and turned into a beautiful and cold woman.

This cold and beautiful woman is also a descendant of the Qing family, named Qingyunluo

"Okay, I won't argue with you! Let's go to Jiwumen quickly, Brother Feng, Brother Shadow! They are all waiting for us!"

"Um!"

At that moment, the two figures disappeared into the night in a flash.

At the same time, the Zhou family's most heavily defended gate of Jiwuyuan.

More than ten guards were guarding the gate of Jiwuyuan.

This place is extremely important, as the leader's bodyguard The commander was a fourth-level warrior.

At this moment, he was pacing back and forth.

Under the light, his shadow was very long.

But at this moment, a strange thing happened.

I saw the guard commander The shadow suddenly squirmed, and then the shadow seemed to be alive, with a pair of blood-red eyes, slowly getting up. When the guards behind him saw such a scene, their eyes widened in horror, thinking they had seen a ghost.

And just when everyone was shocked by this strange scene, more than a dozen blood drops suddenly shot out from the depths of the darkness, hitting the blood guards one after another, leaving them no time to escape.

Seeing this change, the commander's face immediately changed, and he He wanted to scream and ask.

But at this moment, the shadow behind him suddenly turned into sharp claws and stabbed him through.

The commander was killed on the spot before he could even make a sound.

But the shadow that killed him was invisible. In a blink of an eye, he transformed into the commander.

At the same time, the dozens of blood guards were suddenly paralyzed and speechless. Their bodies dried up at the speed of the naked eye. After a while, they were all gray-haired, old and... Death.

After all the Blood Guards were dead, a gloomy-looking man walked out of the darkness.

The shadow that turned into a leader saw him coming out and immediately followed him silently.

This man was a descendant of the Qing family—— Qingyun Ying.

And that shadow was his natal psychic beast Xiaoying.

Not long after Qingyun Ying left, there was another sound of footsteps outside the courtyard.

Then, Qingyunfeng appeared with Qingyun Lie, Qingyun Xiu and a dozen other Qing family children.

These dozen or so Qing family disciples are all fifth-level warriors.

"Brother Feng!"

As soon as he saw Qingyunfeng, Qingyunying whispered a greeting

"how?"

"All dead! No mistakes!"

"good!"

Qingyunfeng nodded slightly.

"Everyone quickly put on the clothes of these guards and dispose of the bodies. The rest is waiting for Huo Qing."

At that moment, all the Qing family disciples hid the corpses, then put on guard clothes and pretended to be guards.

At the same time, in the forbidden area,

Qin Chuan had already rushed to the valley where the Zhou family's teleportation array was.

"It's almost time, I have to do it quickly! Ball, remember! Leave no one behind!"

At that moment, Qin Chuan entered the valley by himself and asked Qiu Qiu to guard the entrance of the valley.

With the cooperation of one man and one beast, he quickly killed the two Zhou family disciples guarding the teleportation array.

Then, Qin Chuan took Qiu Qiu into the War God's Order space, He put on the True Seal Order, activated the teleportation array, and headed towards Jiweiyuan..
