Chapter 2351

Thinking of this, Qin Chuan suddenly became anxious: "No! Senior Huo is going to be in trouble. How can he alone be the opponent of those three people?"

Just when Qin Chuan was worried about Huo Xinhai.

In the distance, Huo Xinhai stood in the air. He was not afraid of the three people's attacks. Instead, he looked up to the sky and smiled.

"Ha ha!! Fight!"

I saw that his long shiny white hair was moving without any wind, and his natural killing aura spread out, and then he went up to him.

"boom!"

With a loud noise that shook the sky, the energy between heaven and earth collapsed in all directions, and a huge shock wave swept across the entire forbidden valley. In the air, there were three consecutive muffled groans, and the three ancestors of the Zhou family were actually repelled by Huo Xinhai alone.

This result immediately made people feel sad. The ancestors of the four families were greatly surprised.

Even Qin Chuan in the distance was greatly surprised.

"How can it be? Huo Xinhai, are you hiding your strength? You are not an eighth-level peak warrior, but an eighth-level Dzogchen warrior?"

After Yan Li was surprised, he suddenly thought of a possibility.

"Ha ha!! You are smart!"

At the same time as he spoke, Huo Xinhai's aura surged, and the aura of an eighth-level Dzogchen warrior was exuded. The expressions of the ancestors of the four families changed drastically, and only then did they know why Huo Xinhai dared to enter the forbidden area alone.

Qinchuan in the distance also He also showed a look of surprise, and at the same time he still had great doubts in his heart.

This doubt was, why did the ancestor of the Huo family help the Qing family?

But he said that the ancestor of the Huo family showed his true strength.

Nan Feng's face showed With a cautious expression, he said in a deep voice:"Huo Xinhai, so what if you have the strength of the eighth level of Dzogchen? Today, you will never come back again! Come on, everyone!"

The ancestors of the four families responded in unison and attacked Huo Xinhai at the same time.

The five of them suddenly fought together.

For a moment, the sky above the forbidden valley was shattered, and the aftermath of the five people's battle also spread to the entire valley, and the entire valley began to collapse.

Some of them were in The children of the four families who were watching the battle from a distance were immediately implicated. Many of them were injured and retreated in shock.

Suddenly, a scream came from the air, and the five people suddenly separated.

Huo Xinhai had a trace of blood at the corner of his mouth, and his eyes sprayed. Out of anger, the eagle-nosed iron mask on his face began to crack.

Obviously, he was injured in the battle just now.

Qin Chuan in the distance saw this scene and suddenly became very anxious.

And the faces of the ancestors of the four families All looked happy

"snort! Huo Xinhai, why are you so arrogant? Although you are an eighth-level Dzogchen warrior, you are still no match for the four of us. Today you will be buried here because of your arrogance."

Nan Feng's face showed a gloomy look.

"Yeah?"

Huo Xinhai gently wiped the blood from the corner of his mouth.

"I haven't been injured in a long time. This time, thanks to your grace, I will be injured. However, you have also angered me. Originally, I didn't want to reveal my true identity, but now it seems that it's time to show you my cards."

As soon as he said this, Huo Xinhai snorted coldly, and the cracked eagle-nosed iron mask on his face collapsed.

At this time, everyone was surprised to find that Huo Xinhai's face covered by the eagle-nosed iron mask was not as much as they imagined. The scar instead showed the face of a middle-aged man who was unruly but also heroic.

Seeing Huo Xinhai reveal his true face, the four ancestors of the Nan family did not show any abnormal behavior.

On the contrary, below, trapped in the center of the formation Qing Yanfei showed an unbelievable look

"why you? Aren't you already dead? How are you still alive?"

"snort!"

With an angry snort, Huo Xinhai ignored him, but looked coldly at the four ancestors of the Nan family in front of him, and then made a seal with one hand.

"Psychic! now!"

As soon as he said these words, a dark space crack appeared in the space behind Huo Xinhai..

Chapter 2352

Seeing this, the four people in Nanfeng all looked surprised.

"Huh! It turns out this guy can also do psychics!"

It turns out that wood warriors who have learned the best psychic skills will have a psychic space in which their own psychic beasts can enter and enter a dormant state.

And Huo Xinhai opened his own psychic space.

I saw that space As soon as a crack was opened, a loud bird song sounded inside, and then a black light and shadow flew from the crack.

It was a giant bird with golden eyes and black feathers, nearly a hundred meters long.

As soon as I saw this giant bird appeared, The faces of Nan Feng and the four others changed drastically.

"This is the eighth-level Dzogchen ferocious beast, the golden-eyed roc. How could this guy have such a powerful psychic beast?"

"not good! This guy has the help of this vicious beast, we are going to be in trouble!"

The faces of the four people changed drastically.

Huo Xinhai laughed proudly and said:"Xiao Jin, psychic fusion!"

With a loud bird song, the golden-eyed roc looked down like a king, then turned into a black light and merged with Huo Xinhai.

After merging, Huo Xinhai had wings on his back, eyes with golden pupils, and a body that was three feet long. The aura of the whole person has also reached a frightening level. Even the eighth-level Dzogchen peak warrior cannot match his aura.

His strength has increased to a terrifying limit.

"Ha ha!! You bastards, go to hell! Huo

Xinhai laughed arrogantly and started to kill Nan Feng and the others.

This time, the five of them fought for several rounds.

The four ancestors of the Zhou family were beaten by Huo Xinhai and were sent flying everywhere. They had no choice but to run for their lives.

This made them While the four of them were shocked by Huo Xinhai's strength, they were also puzzled.

Zhou Qian even shouted loudly:"Huo Xinhai, why do you want to help the Qing family? What on earth do they have to do with you? What are you trying to offend our four major families for?"

"yes! Huo Xinhai, even if the four of us are not your opponent. If we wait until we get out, the Lord of the Dragon Kingdom will definitely come forward to help us regain our face this time. You also know that the four of us have won the trust of Lord Long. If you offend us, you are tantamount to offending the Dragon King!"

Hearing this, Huo Xinhai not only did not stop attacking, but also accelerated the attack.

"I know that the four of you are Long Xing's lackeys. Do you think I will be afraid if you take Long Xing away? Let me tell you, the four teleportation arrays in this forbidden area have been destroyed by me. It will not be easy for you to get out."

"Today I am going to close the door and kill the four of you scumbags. You are still dreaming about asking Long Xing to help deal with me in the future, so go ahead and dream! quack!! Let me die!"

"Huo Xinhai! Don't be too arrogant. You should know that we can still go out without the teleportation array. Every illusionary world has a secret exit that connects to the outside world. Do you really think you can drive us all away?"

"snort! Do you think I don't know about this? If you want to pass through that exit, you have to go through the power of the interface, which is not that easy. Besides, do you think I will let you get out of there easily?"

But at this moment, Qing Yanfei below shouted loudly: "Brother Hai, don't just worry about yourself, come and save me!"

When Huo Xinhai heard this in the air, he remembered that Qing Yanfei was still trapped below, and immediately punched the center of the array.

This punch was so powerful that it immediately shattered the center of the array, and Qing Yanfei and Qing Longzhu were also hit. This punch flew out.

Qing Yanfei was saved, but he also suffered a lot, which made him furious and yelled

"Qing Yanhai, you are a fucking madman, you want to kill me! Huo Xinhai said coldly:"

Boy, don't talk so much nonsense, keep the Blue Dragon Pearl safe!""..

Chapter 2353

But he said that the four ancestors of the Nan family were shocked when they heard the conversation between the two of them.

Immediately, Nan Feng remembered something, pointed at Huo Xinhai and exclaimed

"I remembered, you are Qing Yanhai, the rebellious son of the Qing family more than 1,300 years ago. Weren't you executed by the Qing family according to clan rules for killing your father? Why are you still alive in this world?"

Hearing this, Zhou Qian and others also remembered something, and their eyes widened in shock, with a look of sudden realization on their faces.

"yes! I also remembered that you are Qing Yanhai, the rebellious son of the Qing family back then!"

"Qing Yanhai, you even killed your own father, haven't you already betrayed the Qing family? Why do you want to come back to help the Qing family?"

But he said that after hearing these words, Huo Xinhai's eyes immediately turned blood red, and a beast-like sound erupted from his throat. It was obvious that he was extremely angry. After a while

, he said in a hoarse voice: "I tell you, my father is not The one who was killed by me was framed. However, you dare to tell me! If you mention what happened back then, I have to kill you today! go to hell!"

After saying that, Qing Yanhai roared and killed the four ancestors of the Nan family.

In the distance, Qin Chuan's hearing could vaguely hear their conversation.

When he heard that the ancestor of the Huo family turned out to be a descendant of the Qing family, he was stunned. Shocked.

Only then did he understand why the Huo family wanted to help their Qing family.

Because the people of the Huo family were originally members of the Qing family.

As for why the ancestor of the Huo family never revealed his identity and wanted to come and fight with his traitorous son. There must be many stories related to identity, so the ancestor of the Huo family has never wanted to reveal his identity, and he must have his own reasons. Unexpectedly, the ancestor of the Huo family turned out to be a descendant of our Qing family, and he was also a treacherous son.

He was originally He should be executed according to clan rules. Even Qing Yanfei's ancestors thought he was dead. But why didn't he die? Still alive today?

Moreover, he said that he was framed for what happened back then. What on earth is going on? ?

I think there must be many unknown secrets in this."

At this moment, Qin Chuan's heart was filled with many questions, but he knew that now was not the time to explore the answers.

After all, the ancestors of the four families have not yet solved the problem.

However, when the four ancestors of the Nan family in the air saw Qing Yanhai rushing towards him like crazy, they all showed fear.

At this time, the Nan family ancestor's expression changed, and he punched the invisible valley with a punch in the air, then turned around and ran away.

His movement immediately attracted the attention of Qin Chuan from afar.

At that moment, Qin Chuan thought to himself:"The last punch of the ancestor of the Nan family seems to be to cover up the secret of the Hidden God Valley. What secret is hidden in the Hidden God Valley?"

But he said that as soon as the ancestor of the Nan family ran away, the ancestors of the other three families immediately understood. Escape in the same direction.

However, the four of them did not flee in separate directions, but all fled in the direction of Duantian Lake.

This immediately made Qin Chuan figure out another question.

No wonder Duantian Lake is also a forbidden place in this forbidden area.

It turns out that there is the interface between the void and illusion world and the outside world. From there you can go out, and it should be the secret exit of this void illusion world.

Since there is water in Duantian Lake, I think the exit is also a place with water, so it is unlikely to be within Shenyan City.

I just don't know how far the secret exit is from Shenyan City?

When the four children of the four families forbade us Blood Guards from approaching Broken Sky Lake, they were probably worried that we would discover the secrets within it."

Qin Chuan thinks so because judging from the situation in front of him.

The ancestors of the four families are not Qing Yanhai's opponents at all, and they can only escape.

However, the four teleportation arrays in the forbidden area were all destroyed, and they could not escape from the teleportation arrays. They had to Take the secret exit.

Just going out from that exit seems to take a lot of effort.

Another point, what makes Qin Chuan think this way is because the ancestors of the four families did not escape in separate directions, but fled in the same direction, which shows that there must be There is no doubt an exit.

However, Qin Chuan has no intention to care about this now.

At this time, he has a bold idea in his mind.

This idea is that now that the ancestors of the four families have been driven away by Qing Yanhai, the Hidden God Valley is empty. The best time for him to go explore...

Chapter 2354

However, there are still many children of the four families in the forbidden valley, especially the sixth-level warriors guarding the entrance of the valley. Qin Chuan can't get in even if he wants to.

Only after dealing with these people can he boldly enter the Hidden God Valley to explore the secrets.

Thinking of this, Qin Chuan was worrying about how to enter the Invisible Valley.

Another figure flew up in the valley, roaring and shouting: "Nan Feng, Yan Li...you four beasts, you can't even think of escaping! You four have tortured me for so many years, it's time to repay me." But it was Qing Yanfei. Holding the Green Dragon Pearl, he will also chase after him.

Seeing this scene, Qin Chuan's heart moved, and he immediately shouted to Qing Yanfei: "Qing Yanfei is not an ancestor!! Wait for me!!"

At the same time, Qin Chuan hurriedly urged the ball to fly over.

Qing Yanfei immediately noticed Qin Chuan's shout and stopped immediately.

"Ha ha!! It turns out to be you, kid. It seems you brought Qing Yanhai in? Are you a direct descendant of Qing Yanhai?"

"Senior Qing Yanhai was indeed brought in by the boy, but the boy is not a direct descendant of Qing Yanhai. There are many details in this process, which can only be discussed later."

"oh! Could it be that in addition to Qing Yanhai, there are other branches of disciples in our Qing family?"

"Yes! The ancestor of this boy's branch is the youngest son of our ancestor Qing Wushen."

"It turns out that you are a descendant of Qing Yanli. In this way, your branch is the direct descendant of the Qing family. By the way, what's your name?"

"Boy, the sky is clear!"

"It turns out that you are from the"天" generation. Tianqi, why did you ask me to wait for you?"

"Yan is not an ancestor! Tian Qi knew that the four ancestors of the Nan family were escaping to the secret exit. They wanted to get out from there, but they thought they would not be able to get out in a short while."

"In this case, before the senior goes to hunt down the four of them, it is better to kill the children of these four families in the valley first. Their cultivation is all cultivated with your essence and blood."

Hearing Qin Chuan's reminder, Qing Yanfei suddenly woke up, and a look of anger appeared on his face.

"Tianqi, you are exactly right! If you hadn't reminded me, I would have almost forgotten about this. The children of these four families have all inherited the rebellious nature of the four, and they are all blood-sucking insects. Over the years, it can be said that they have been sucking my blood to increase their cultivation."

"Now, I just take this opportunity to slaughter them all in retaliation for the insults I have suffered over the years! This may be called tit for tat!!"

At this point, Qing Yanfei smiled angrily and shouted towards the valley below:"Children of the Zhou family of Nanyanwei, listen to me. Over the years, you have relied on my blood and essence to improve your cultivation. Now, It's your turn to pay with your life. Ha ha!!"

However, when the children of the four families hiding in the valley heard Qing Yanfei's words, they all turned pale with fear.

They all knew that Qing Yanfei was an eighth-level warrior. Although Qing Yanfei was still in a weak state, It was easy to kill these people in the valley. How could they not be afraid?

At that moment, chaos began in the valley, and many people began to flee.

In the air, Qing Yan could see the situation below clearly. Chu. Suddenly laughed:"Haha!! None of you can escape!"

After saying that, Qing Yanfei was about to go down to massacre, but was stopped by Qin Chuan.

"Yan Fei's ancestors, those ordinary people, and those who passed on the guard clothes are not the children of the four families, they are all innocent people. Please also ask Senior Yan Fei to let them go. Hearing this

, Qing Yanfei glanced at Qin Chuan in surprise and said, "Little guy, you do have a kind heart." That's fine! I won't kill them just because of your face, but will only kill the four children of their family. I will keep this Green Dragon Pearl for you first. I will let go and kill all the children of their four families!"

Immediately, Qing Yanfei handed the Qing Longzhu to Qin Chuan, and he rushed down to the valley alone and began to kill. In just a moment, the screams of the children of the four families could be heard in the forbidden valley, as well as figures running around....

Chapter 2355

Many of the disciples of those four families were fifth-level warriors, and some were sixth-level warriors, but they had no power to fight back in front of Qing Yanfei, and they didn't even have a chance to escape.

After a while, all the four disciples in the valley were killed.

Qing Yanfei went out of the valley to hunt down the four children who escaped from the valley.

The ordinary people and blood guards in the valley were also frightened and fled in all directions.

Before long, there were almost no living people in the valley.

At this point, Qin Chuan felt that the time was almost up, so he put the Green Dragon Ball into the God of War Order space and ordered the ball to fly towards the Hidden God Valley.

Soon, the ball flew to the entrance of the Hidden God Valley.

Qin Chuan let the ball fall from the air, and one man and one beast walked towards the valley.

This is the second time he has come to the entrance of Hidden God Valley.

The first time he came, he was shouted back by a sixth-level warrior.

After that, Qin Chuan never dared to approach Hidden God Valley again.

Now, there is no one guarding the entrance of Yin Shen Valley, and all the ancestors of the four families are not here, so Qin Chuan dares to venture in boldly.

Entering the valley, you walk through a long and narrow valley passage and reach a triangular valley bottom.

The valley bottom is not big, with a radius of only seven or eight hundred square meters. Except for the entrance on one side, the other three sides are cliffs, and a large part of one of the cliffs collapsed.

Except for four simple little huts, there was nothing in the valley.

Seeing the four small thatched huts, Qin Chuan's heart moved, and he thought to himself: "These four small thatched huts should be the retreat of the ancestors of the four families. I wonder if there are any treasures in them?" Thinking of this, Qin Chuan's eyes lit up and he revealed a hint of joy.

Since these four huts are the hiding places of the ancestors of the four families, and the ancestors of the four families are all eighth-level warriors, if there are treasures hidden in them, they must be valuable.

Qin Chuan was excited when he thought that he might discover priceless treasures or discover secrets that the ancestors of the four families had hidden for many years.

At that moment, Qin Chuan entered the four huts and searched them.

But what surprised him was that there was nothing else in the four huts except a futon and a bamboo couch.

This disappointed Qin Chuan. impossible! Why is there no treasure of Ren Huo in this valley, or is there something else?

The ancestors of the four families must be hiding some amazing secrets here.

Otherwise, it would be impossible not to let in even one's own descendants.

Huh! By the way, the ancestor of the Nan family struck the Hidden Valley with his last punch. What should he be hiding?.

Thinking of this, Qin Chuan quickly turned his head and looked at the collapsed cliff.

Is there something hidden under this landslide?

Qin Chuan frowned, walked quickly to the landslide, and listened carefully.

After listening for a while, Qin Chuan seemed to hear something, with a look of surprise on his face.

I saw him muttering to himself in a low voice:"Sure enough! There is the sound of air flowing under the landslide, which means there is a cave under the landslide. It is precisely because of the existence of the cave that air flow is possible"

"It turns out that there is a cave on this cliff. The ancestor of the Nan family destroyed this place earlier just to cover up the entrance of the cave and not let others know about it. It seems that there must be some secret hidden in this cave."

Thinking of this, Qin Chuan showed a hint of excitement, and immediately said to Qiu Qiu behind him:"Qiu Qiu, use your divine light of destruction to attack this place."

"Roar!"

Qiuqiu roared, and his third eye suddenly opened, shooting a beam of divine light of destruction towards Qin Chuan's finger. There was a loud noise, and gravel flew everywhere.

Dust flew for a while.

When the dust settled, Qin Chuan was revealed. In front of Chuanhe Qiuqiu is a dark cave..

I! God level elemental

Chapter 2356

Looking at the cave in front of him, Qin Chuan smiled slightly.

"Qiuqiu, let's go in and take a look, there must be some secret hidden inside!"

"Roar!"

Qiuqiu growled, and obediently followed Qin Chuan into the cave.

In this way, one person and one animal slowly walked into the cave.

The cave was very gloomy, with a damp musty smell floating in the air, and the darkness around it made the Qin Chuan felt very depressed.

At that moment, Qin Chuan held his breath and walked forward carefully.

Qiuqiu also followed behind Qin Chuan nervously, with his round eyes open and cautious. He walked forward for about six to seven hundred meters. , Qin Chuan saw a tightly closed stone door.

Qin Chuan tried to push the stone door open, but found that the stone door did not move at all.

This greatly surprised Qin Chuan

"Why can't it be pushed open? Is there some mechanism behind this stone door? I still don't have enough strength to push open this stone door."

Thinking of this, Qin Chuan said to Qiu Qiu:"Qiu Qiu, come here and help us to see if we can push open this stone door."

Qiuqiu roared, stood upright smartly, and pressed his two paws on the stone door.

At that moment, one person and one beast worked together to push towards the stone door.

The stone door was finally pushed, and it made a 'creak!' 'Creak!' 'There was a tooth-aching sound, as if there was an iron chain pulling.

After a while, the stone door opened, revealing a stone staircase that led deep underground.

"It turns out there is a road hidden behind this stone door. I wonder where the stone steps will lead? Qiuqiu, let's go down and take a look!"

Qin Chuan immediately walked down with Qiuqiu.

After walking for about a cup of tea, Qin Chuan and Qiuqiu arrived at a hall.

However, when Qin Chuan saw the scene in the hall clearly, a look of horror appeared on his face.

I saw a huge alchemy furnace placed in the center of the hall.

The sides of the alchemy furnace were covered with runes. There was a raging fire burning in the alchemy furnace.

And what was refined in the fire was not some heavenly material or earthly treasure, let alone any Medicinal minerals, but a human skeleton, a snow-white and crystal-clear skeleton.

But the brow of this skeleton is as red as blood, as if blood is about to drip at any time. At this moment, it is suspended in the flames, covered by white The furnace fire was burning and tempering, which seemed a bit weird.

What shocked Qin Chuan even more was that he felt that the skeleton in front of him was not a dead thing, but a living thing.

Because he could clearly sense the weird spirit emitting from the skeleton in front of him. The fluctuations, especially the two empty eye sockets of the skull, were still beating with two groups of red flames. Under the burning of the furnace fire, they actually showed a painful look.

"Roar!"

Qiuqiu roared, looking at the skeleton in the fire with a hint of fear.

"What's going on?"

Just when Qin Chuan was confused and confused, the strange skeleton actually spoke.

"Boy, who are you? Are you a descendant of those four beasts?"

Seeing the skeleton in front of him suddenly speaking, Qin Chuan was frightened and took a step back involuntarily.

Even Qiuqiu shrank in fear, and his hair stood on end.

"Are you a human or a ghost? Qin

Chuan asked in horror

"snort! I'm all like this, do you think it's a human or a ghost?"

Qin Chuan tensed up and took another step back.

However, he quickly calmed down. This was not the first time he had encountered such a situation.

Back then, he encountered the split soul of the head of the Teng family in an underground mine. He looked like an evil ghost.

After calming down, Qin Chuan relaxed his brows and respectfully asked the skeleton: "I wonder who the senior is? Why are you trapped here? Still making it look like this?"

"snort! You don't know who I am?"

The skeleton snorted coldly, then thought of something again and said with a sad smile.

"That's it too! For so many years, I have faced those four beasts every day, but I have never seen the descendants of those four beasts come in. I think these four beasts have done all kinds of bad things, but they are also afraid of being criticized by their descendants, so they dare not tell you about this matter, let alone reveal my identity."..

Chapter 2357

Hearing this, Qin Chuan immediately thought of something and asked in shock: "Is the senior a descendant of the Feng family of the five ancient blood successor families?"

"good! I am a descendant of the Feng family. As a descendant of those four beasts, you should have guessed"

"Senior, you may have misunderstood something. This kid is not a descendant of those four people from Nan Feng."

"Ha ha!! Boy, I have discovered that you are as cunning as your ancestors. Do you think I will believe you if you say this?."

After hearing this, Qin Chuan thought to himself, seeing that this senior is so wary of me, I think he was really deceived by the four ancestors of the Nan family back then.

But who is this senior from the Feng family? I guess he is not the Feng family. The head of the family, Feng Jiutian.

Senior Feng Jiutian must have been trapped in a certain altar by the mysterious ninth-level Dzogchen warrior to sacrifice the spirit beads. It is impossible for the ancestors of the four families to temper them in this alchemy furnace.

However, the senior in front of him It must not be simple. If it were just an ordinary warrior tempering in such a furnace, I am afraid that his soul would be gone.

As for why they were put into the alchemy furnace by the ancestors of the four families for refining, they could only gain his trust in order to obtain it. He got it from his mouth."

Thinking of this, Qin Chuan said:"Senior, I am really not a descendant of those four old beasts from Nan Feng. Speaking of which, I also have grudges with those four old guys. Because I am with Senior. Descendants of the Qing family who share the same spirit"

"Are you a descendant of the Qing family?"

Hearing this, the skeleton became excited, and the two red flames in its eye sockets began to beat violently.

"Yes! This guy is a descendant of the Qing family!"

"Ha ha!! Who are you lying to? Do you think that based on your words, I will believe you? Besides, if you were really a descendant of the Qing family, how could you possibly enter this secret cave? I know you are the descendant of those four beasts, so don't try to deceive me, why don't you get out!"

"Senior, this guy is really a descendant of the Qing family. Senior, if you don't believe it. I can prove my identity to my seniors now."

"Can you prove your identity as a descendant of the Qing family? Ha ha!! Don't be ridiculous. Only a ninth-level warrior can tell whether you are a descendant of the Qing family. I am not a ninth-level warrior, but I can't tell who you are. How do you prove it? How can it be proved? When Qin

Chuan heard this, he said confidently:"Senior, if I can prove it, of course there is a way.""

After saying this, Qin Chuan took out a cyan light bead the size of a fist from the space of the God of War Order. As soon as the light bead was taken out, it immediately emitted a soft cyan light, and there was a lifelike green dragon flying and tumbling inside the bead..As soon as he saw this light bead, the skeleton screamed in surprise.

"Huh! It's the Blue Dragon Pearl! This is the Qing family's inherited artifact, the Qing Dragon Pearl. Boy, how come this Qing family's inherited artifact is in your hands? Qin Chuan said respectfully:"

Senior, as for why the Blue Dragon Pearl is in my hand, we will talk about it later." The boy needs to prove his identity to you first. Since the senior is a descendant of the Feng family of the five ancient clans, he also knows that the blood of our descendants of the Qing family dripping on the Qinglong Pearl will cause the Qinglong Pearl to mutate, right?"

"good! It does happen!"

"Then senior, please look good!"

At that moment, Qin Chuan bit his index finger, squeezed out a drop of blood, and dripped it on the green dragon bead.

When the skeleton saw Qin Chuan's actions, he immediately became nervous and observed carefully in silence. He also wanted to know whether Qin Chuan is a child of the Qing family.

Bright red blood dripped.

When Qin Chuan's essence and blood dropped on the Qinglong Pearl, the Qinglong Pearl immediately let out a joyful dragon roar and absorbed Qin Chuan's essence and blood in an instant. , then the mist shape of nine mini dragons formed around the green dragon ball, playing around the green dragon ball.

"Huh! This is the Kowloon Ring Pearl! It turns out you are really a descendant of the Qing family!"

The skeleton's eyes showed a look of great surprise, and the two red flames in the eye sockets beat excitedly, and even the entire skeleton began to tremble slightly..

Chapter 2358

"Ha ha!! My child, it turns out that you are really a junior of the Qing family. I didn't expect that I would still be able to see the children of my five races before I disappeared into ashes. What a blessing! The sky really has eyes!"

The skeleton's voice was full of sadness, exuding endless sadness.

This sadness was like a sharp sword, directly penetrating Qin Chuan's heart, allowing him to deeply understand the grief of the senior in front of him, and his mood also became sad.

"My child, how did you enter this illusory world? Where are those four beasts? Where did they go? You'd better get out of here quickly! Otherwise, when the four of them come back, you will definitely be poisoned by them."

Speaking of this, the tone of the skeleton became anxious.

Feeling the skeleton's real concern, Qin Chuan felt even more sad.

He was grieving that the other party suffered such a situation and torture.

Although the person in front of him was not indignant to his elders, he was The elders of the Feng family, and the five clans in ancient times were as close as one family, the elders of the Feng family are naturally his seniors. How could

Qin Chuan not feel distressed when seeing his elders being treated so badly?

Thinking of this, Qin Chuan He said respectfully: "Senior, don't worry, those four old guys from Nan Feng are in trouble at the moment, so how can they have time to take care of this place?"

"What? Unable to help themselves? What happened to those four beasts?"

At that moment, Qin Chuan briefly explained the situation in the forbidden area.

The skeleton looked very excited when he heard what Qin Chuan said, and in the end he couldn't help laughing.

"Ha ha!! good! good! I never imagined that these four beasts would be where they are today! However, what surprised me was that that kid Qing Yanhai was still alive. What happened back then was well known to everyone in the Five Saints Kingdom. Everyone thought he was executed by your Qing family, but they didn't expect that he was still alive."

"I was the same generation as him back then, and our friendship was quite deep. Although his personality is unruly and even a little domineering, he is a man of great integrity. No one thought that he would kill his father."

"He said that he was framed, and I really wanted to believe him. But that day, he killed his father with his own hands in front of many people. This was an undeniable fact!"

"What? Senior, did you say that Qing Yanhai personally killed his father in front of many people?"

When he heard this, Qin Chuan was greatly surprised. He originally thought that Qing Yanhai had fallen into a scam and had someone fake the murder scene, which led many people to misunderstand that he had killed his father.

But when he heard the senior Feng family in front of him It means that Qing Yanhai killed his father with his own hands, which was a fact witnessed by many people. This shocked Qin Chuan.

At this time, the skeleton sighed:"Hey! The truth is this. Although I don't want to believe that it is true, I saw it with my own eyes when Qing Yanhai killed his father that day."

"Not only me, but many seniors of your Qing family also saw it with our own eyes. Later, it was us who took action together and captured him on the spot. It would be unreasonable to say that his father was not killed by him. If he was framed, I don't know how to say it, because judging from his condition at the time, he was very clear-headed and it didn't look like he was being confused."

"Why! Forget it, this was a public case more than a thousand years ago. Now that our five tribes have been framed and exterminated by villains, why are we still pursuing past grievances?"

"No matter what Qing Yanhai has done in the past, what he does today is a great contribution to your Qing family. Even for our five races, the contribution is indelible. Even if he makes a mistake, we should accept him seriously"...

Chapter 2359

"That's what the senior said! Regardless of what happened a thousand and three hundred years ago, I only know that senior Qing Yanhai is a great contributor to our Qing family. By the way, senior, after chatting with you for so long, I still don't know your name. I don't even know why senior ended up in such a situation?"

Hearing Qin Chuan's question, the skeleton emitted intense mental fluctuations, and a sense of grief and anger spread out.

After a while, the skeleton spoke.

"Why! My name is Feng Yuanchen, and he is the eldest son of Feng Jiutian, the head of the Feng family. I ask you, do you know why those four traitors poisoned my father and collaborated with foreign enemies inside and outside to first destroy the descendants of my Feng family and then lead the four heads of the Qing, Teng, Wu, and Bai families into a trap? Qin

Chuan shook his head slightly, then paused for a while and said, "Senior, I once heard Senior Qing Yanfei say. He found out from the mouths of the four old guys in Nan Feng that the reason why the four of them rebelled against the five tribes back then was because they wanted to get the Feng Family's Void Fantasy World."

As soon as Qin Chuan finished speaking, Feng Yuanchen burst into laughter, but his laughter was full of endless resentment.

"Ha ha!! In order to obtain this illusory world of emptiness? What a fart! It's a shame they came up with such a lame excuse."

"For the sake of a void and illusory world, would the four of them do such a heinous thing? In fact, the real value of this void illusion world is the semi-artifact Fiery Sun Ring. There is only one Fierce Sun Ring, how to divide it between the four of them? Tianqi, do you believe their reasons?"

"The boy doesn't believe it!"

"Ha ha!! My child, you are right. This is not the reason why they rebelled against our five races at all."

"Senior, why did the four of them rebel? He even did such a heinous act as uniting with outsiders to kill his mentor's clan."

"Why? Ha ha!! Perhaps I am the only one in the world who knows the real reason for their rebellion. Do you know why they rebelled? They are for me! Hearing this

, Qin Chuan was greatly surprised and asked in surprise:"For senior?" Senior, what you said is stupid, I don't understand what you mean.

Feng Yuanchen said slowly:"My child, it's normal that you don't understand." In fact, only a few people knew about it at that time. Now that it has happened, I will tell you everything! I might as well let you know how vicious the four Nan Feng people are! Hearing this

, Qin Chuan looked solemn and said solemnly:"Senior, please speak!"

"good! The cause of the matter was that my father, Feng Jiutian, the head of our Feng family, when he was traveling in Tianfeng Continent, he visited the island countries in the West Sea on the edge of the continent.

"Once, when my father was traveling alone in the sea, he discovered a magical island, which was the legendary Netherworld Island floating in the sea and appearing and disappearing. Tianqi, have you ever heard of the legend about Netherworld Island?"

"The boy has heard of it. Legend has it that there are thirteen Netherworld Islands deep in the endless sea. And there is a temple on every Netherworld Island. And there is a secret hidden in those thirteen temples, the biggest secret about the world."

"good! exactly. Back then, my father discovered a netherworld island by chance and entered the temple on the island to explore. Finally, he obtained a strange token and an elixir. And what caused those four beasts to rebel against our Feng family was precisely because of that pill. Hearing this

, Qin Chuan's mind was moved and he asked hurriedly:"What kind of pill is it?" How could there be such a great temptation to make those four old guys rebel against the five tribes?"

"That elixir is called the Fire God Pill, and it has a fatal attraction for fire warriors below the ninth level. Because the Fire God Pill can turn the fire warrior's physique into a fire spirit body. You should have heard of the Fire Spirit Body. It is an existence that is even more genius than genius."

"Anyone with a fire spirit body can only cultivate fire energy and cannot absorb other energy. However, his talent in fire energy is extremely amazing. As long as there are no accidents and he doesn't die halfway, he can basically become a ninth-level warrior."

"In some ways, a person with a fire spirit body is a quasi-ninth-level warrior. It is only a matter of how long it takes for them to become a ninth-level warrior. However, people with fire spirit bodies are extremely rare, and they are rare even for hundreds of years!"..

Chapter 2360

Hearing this, Qin Chuan was shocked.

He didn't expect that such a magical elixir existed in this world, and it could actually upgrade the qualifications of an ordinary fire warrior to the qualifications of a fire spirit body. This was too shocking.

"I never thought that such a magical elixir existed in this world. I'm afraid this elixir cannot be refined by mortals."

Qin Chuan couldn't help but sigh.

"good! This Fire God Pill is indeed not an ordinary thing. Since it is called the Fire God Pill, it naturally belongs to the category of divine pills. Later, when my father got the Fire God Pill, he was naturally extremely excited. However, he was already a ninth-level warrior at that time and could no longer use the pill."

"My father wanted to find a child with the best talent and qualifications in the clan to take this Fire God Pill, so that our Feng family would have a second ninth-level child. As the eldest son of the head of the Feng family, not to mention my different status, my talent is far beyond that of my peers."

"When my father got the Fire God Pill, my cultivation was already at the eighth level of Dzogchen. However, for the sake of fairness, my father still held a clan meeting and called together all the eighth-level warriors of our Feng family. Everyone voted to decide who should take the Fire God Pill."

"At that time, his father also summoned the four Nan Feng people to attend the clan's eighth-level meeting. Because they were already eighth-level warriors at that time, and they were all my father's beloved disciples. My father regarded them as his own children, as if they were his own sons. In order to prevent the tribe from neglecting them, this family secret conference was also held. Four of them participated"

"The four of them also learned about the Fire God Pill. Later, after a vote at the clan meeting, it was decided that I would take this Fire God Pill. After the meeting, the family strictly ordered no one to leak the information about the Vulcan Pill."

"Since then, I began to open a secret cave in this illusionary world, which is now this cave, and then began to retreat to refine the Fire God Pill. Since this Fire God Pill is a divine pill, it is not easy to refine."

"It is not as easy to refine as ordinary elixirs. It will take at least half a year to completely refine this fire god elixir."

"At that time, when I was refining the Fire God Pill, the four of them from Nanfeng took the initiative to ask my father for help, saying that in order to allow me to refine the Fire God Pill with peace of mind, the four of them would help me protect the law outside the cave to prevent some people from disturbing us. of retreat practice. My father believed their words and asked the four of them to protect me outside the cave."

"And my retreat lasted for two years. In the past two years, I have completely refined the Fire God Pill, and my physique has turned into a fire spirit body. My originally stagnant cultivation has finally made a breakthrough, reaching the peak of the eighth level of Great Perfection in one fell swoop."

"Becoming a ninth-level warrior was only a matter of time for me at that time."

"Just when I was complacent, a genocide happened. The four people from Nanfeng colluded with Long Xing to help a man named Holy Lord to kill our five tribes. I, who was in seclusion, was naturally plotted by them and was captured alive by them."

"After the betrayal of the four Nan Feng people, the first thing they did was to slaughter all the eighth-level warriors of our Feng family. They did this because they didn't want the Vulcan Pill matter to be leaked. At that time, I had completely refined the Fire God Pill, and all the power of the medicine had penetrated into my bone marrow."

"In order to obtain the Fire God Pill, the four of them put me in an alchemy furnace and refined me as a pill, trying to extract the power of the Fire God Pill from my bones. Do you know why I haven't died after being tortured by those four beasts for thousands of years?"

"I'm not dead. It's not that those four beasts didn't want to kill me, but they didn't want the power of the Fire God Pill to be lost. Because the Fire God Pill is extremely special, part of the medicinal power is integrated into the human skeleton, and the other part of the medicinal power actually penetrates into the human soul."

"In order to extract all the power of the medicine, those four beasts prevented my soul from disappearing into ashes and slowly refined it for thousands of years. This is why my remnant soul can live to this day and have the opportunity to see you."..
