

God level 2361

Chapter 2361

After hearing these words, Qin Chuan was extremely horrified.

But it was more anger.

He was angry that the ancestors of the four families were so ungrateful and did such cruel things. They actually used people as pills to refine them to extract the potency.

Thinking of this, Qin Chuan said angrily: "Senior! Those four old guys from Nan Feng are really worse than beasts. However, they will also suffer retribution this time. I believe that senior Qing Yanhai will kill them all. Yes."

Feng Yuanchen also sighed.

"Why! It would be great if we could really kill them all at once this time. However, judging from my assessment of Yan Hai's strength and the cunning level of those four beasts, I can only kill two or three people at most this time, and some of them will definitely be able to escape."

After hearing this, Qin Chuan immediately responded: "Senior, don't worry! Even if some of the four of them manage to escape this time, when the younger generation reaches the eighth level in the future, they will definitely not be spared lightly. Hearing this

, Feng Yuanchen seemed to be very pleased and said happily: "Good boy, I feel relieved after hearing your words." In fact, they didn't want my soul to be shattered, so they slowly extracted the medicinal power from my soul. How can I take advantage of them so much?"

"For these thousands of years, I have endured inhuman torture and resisted their refinement all the time, just because I don't want them to succeed."

"However, after all, I couldn't withstand such a long period of refining, and in the end I was no match for the four of them. Now they have refined all the medicinal power of my bones and soul to

the center of my eyebrows. Look at my eyebrows, which are as red as blood. Then That's where the medicinal power is concentrated"

"In other words, as long as a few more years pass, these four beasts will be able to successfully extract the power of the Fire God Pill from the old man. However, the sky finally has eyes. Just when they were about to succeed, Qing Yanhai broke in, and God even let you see me."

"Ha ha!! I just thought about it. Anyway, I will be wiped out sooner or later, so I might as well give you the benefits before I die and condense the last power of the Fire God Pill to you. Hearing this

, Qin Chuan was shocked:"Senior, you can't do it!" If this kid's guess is correct, senior will definitely be wiped out if he does this."

"Ha ha!! Good boy, if I don't do this, I will be wiped out. It's just a matter of time. Do you think I can be resurrected like this?"

"I don't even have a physical body, only a remnant soul is left. This remnant soul can only live on because it is nourished by the power of the Vulcan Pill. Without the nourishment of the medicine, I would have died long ago. However, even if I live like this, I still have to endure hell-like suffering every day."

"If I didn't have resentment towards those four beasts in my heart, I might not have been able to hold on long ago. Now that I know that the good days of those four beasts are not far away, I should let go of my worries and let me go quietly. Okay, let me suffer less!"

Speaking of this, there was a sense of relief in Feng Yuanchen's tone.

At this moment, Qin Chuan felt boundless grief in his heart. He knew that no matter how much he tried to persuade him, it was useless. Feng Yuanchen already had the intention to die.

He pondered for a moment. , Qin Chuan said with sadness:"Senior Duo Zhou is very kind to me, but I am not a pure fire warrior. Even if my senior condenses the power of the Fire God Pill and gives it to me, I will not be able to become a fire spirit body.

Feng Yuanchen smiled and said,"I've known this for a long time." You are a descendant of the Qing family, so naturally you practice Mu Yuan Qi. If a warrior who is not a fire element or a warrior of

multiple elements takes the Fire God Pill, it is impossible to become a fire spirit body because there are other energies in the body, but he can become a pseudo fire spirit body."

"Although the pseudo-fire spirit body is not as shocking as the fire spirit body, it still has a 10% chance of becoming a ninth-level warrior. This is also a great opportunity for you! If you can see me here today, it is your opportunity, so don't shirk it. Hearing this

, Qin Chuan was moved and said:"Senior Duo Zhou has such great love!"..."

Chapter 2362

Qin Chuan knew in his heart that even though there was only a 10% chance of his fire energy breaking through to the ninth level as a pseudo-fire spirit body, it was already very high.

Because even if a person with genius qualifications wants to become a ninth-level warrior, it is only one in a thousand, which is extremely slim.

And Qin Chuan's fire element qualification is a genius qualification. It is almost impossible for him to break through the fire energy to a ninth-level warrior.

But now, there is an opportunity that gives him a chance to become a ninth-level warrior.

In fact, this is why the four ancestors of the Nan family are so crazy about getting the Fire God Pill.

The qualifications of the four ancestors of the Nan family are all geniuses.

And they are all elites among geniuses, not comparable to ordinary geniuses.

But even so, it is extremely slim for them to become ninth-level warriors.

In this life, it is already the pinnacle for them to become eighth-level Dzogchen warriors.

The four of them knew this fact in their hearts, so they frantically wanted to get the Fire God Pill, and they did many heinous things to do so.

At this time, Feng Yuanchen thought of something again and said: "By the way, Tianqi! I have something else to give you. That thing may be more precious than the Fire God Pill, which my father got from the Netherworld Temple. Mystery Token"

"Back then, after my father gave me the Fire God Pill, he also gave me the token. Later it fell into the hands of those four beasts. It's just that those four beasts have been busy refining the potency and haven't put their thoughts on it. Now you can take it. It's under the bookshelf on the left, in a secret compartment on the wall. Take it!"

"Yes, senior!"

At this moment, Qin Chuan looked to the left side of the hall.

There was indeed a row of bookshelves on the left side.

Qin Chuan followed Feng Yuanchen's instructions and found a hidden compartment under the bookshelf.

There was a purple wooden box in the hidden compartment.

He took out the purple wooden box. , after opening it, there was a token as dark as ink inside.

Zhang Shui held the token in his hand. At first glance, there was nothing special about the token.

However, Qin Chuan soon discovered that the token It was weird.

It turned out that lines of golden text flashed out from time to time on the front of the pitch-black token.

Qin Chuan didn't recognize those golden words at all, because they were not words commonly used in Tianfeng Continent at all.

Moreover, those golden words It is changed every five breaths, and every time it is replaced, it is replaced by another text with a very different font.

It seems that the text that appears next time is not the same as the text that appeared last time.

See this phenomenon , Qin Chuan was naturally surprised and thought,"Hey! It seems like there is more than one type of text floating on this token? Qin

Chuan was thoughtful, and Feng Yuanchen seemed to have guessed it a long time ago, so he smiled and said

"Tianqi, do you feel that the words appearing on the token are not the same type, right? In fact, you guessed it right, there are a total of one hundred and ninety-seven kinds of words flashed on the front of this token, and almost all of them are words I have never seen before. I am also surprised, how come there are so many words in this world that I have never seen before? Even if we count from ancient times, there would not have been so many words"

"One hundred and ninety-seven languages! So many!"

Qin Chuan couldn't help but sigh.

At that moment, he lowered his head and looked at the token in his hand.

But just at this look, Qin Chuan immediately opened his eyes in surprise:"Hey! Isn't this ancient text? Huh! What is written on it is...."

When he saw clearly what was written in those ancient texts, Qin Chuan was even more horrified.

I saw that the content written in those ancient words was actually: God Conferring Order! Thirty-seven Vulcan alternate sequencers!..

Chapter 2363

"This...what's going on?"

Qin Chuan read the content on the token in horror. Before he could recall it, the ancient characters on the token flashed away and were replaced by another extremely unfamiliar text. It seemed that he sensed Qin Chuan's strangeness. , Feng Yuanchen asked curiously:"Tianqi, what happened?"

At that moment, Qin Chuan told Feng Yuanchen what he had discovered.

After listening to Qin Chuan's story, Feng Yuanchen was also shocked.

After a while, he smiled and said:"Haha!! When I first got this divine order, I also knew that one of them was ancient writing. However, I didn't understand ancient writing at first, so I didn't take it to heart. I didn't expect you to have researched ancient texts. It seems that you are indeed a destined person."

"Tianqi, please keep that divine order well. Those thirteen Netherworld Islands hide the biggest secret about this world. Maybe one day, you will be able to know some truth with this God-Selfing Order"

"Duo Zhou's teachings from seniors!"

At that moment, Qin Chuan put the mysterious token into the War God Token space.

At this time, Feng Yuanchen said again:"Okay! My child, after you have collected the Order of Godhood, I will give you this Fire God Pill too! Why! It's time to end my pain.

Hearing this, Qin Chuan showed pain on his face and said hurriedly:"Senior!" The junior doesn't want the Fire God Pill now.

Feng Yuanchen immediately said angrily:"Tianqi, what nonsense are you talking about?" I know you don't want me to die, but I am feeling relieved. Besides, I'm not giving you the elixir for free, I have a request."

"senior! If you have any request, just say it. I don't want it, Mr. Huoshendan. Hearing this

, Feng Yuanchen became even more angry:"Silly boy, my request is that if any of the four Nan Feng escapes this time, you must kill them on my behalf and avenge me." However, if you want to help me take revenge, you must have at least the eighth level of Dzogchen cultivation."

"Although this Fire God Pill cannot turn your fire aptitude into a fire spirit body, it can turn you into a pseudo spirit body. Becoming a fire element pseudo-spirit, as long as you are willing to work

hard, it is not difficult to cultivate to the eighth level of Dzogchen. Can you understand my painstaking efforts? Hearing these words, Qin Chuan nodded silently.

Seeing him like this, Feng Yuanchen smiled and said, "Okay!" My child, I'd better give you the Fire God Pill quickly. Now that this forbidden area is closed, you'd better rush to find Qing Yanfei and the others earlier, otherwise you will be trapped here. Your Qing family is still waiting for the Qinglong Pearl in your hand!"

"Why! Thinking back on the suffering I have endured over the past thousand years, it was like a nightmare, and now I can finally get rid of it, haha!!"

Speaking of this, Feng Yuanchen burst into laughter, and the flames in his eye sockets also jumped excitedly.

Suddenly, the brow bone where the medicinal power was condensed between Feng Yuanchen's eyebrows glowed red, emitting a dazzling blood light.

And Feng Yuanchen's entire skeleton was also shaking violently.

"not good! Senior, stop it quickly! Qin

Chuan felt pain in his heart and shouted quickly. He knew that Feng Yuanchen was using his last soul power to condense the Fire God Pill.

"Ha ha!! Tianqi, goodbye!"

Feng Yuanchen's tone revealed a kind of determination.

"remember! If you succeed in your cultivation in the future, take care of us Feng family children on my behalf!"

As soon as he said these words, Feng Yuanchen's skeleton exploded, and a red human-shaped light body appeared in the air, and then scattered with the wind.

There was only a bright red pill left above the pill furnace, which was solitary. The ground is suspended in mid-air. It is the Fire God Pill that Feng Yuanchen re-condensed with the power of his soul.

"senior! I will!"

Looking at the Vulcan Pill in the sky, Qin Chuan felt a deep sadness in his heart, and two lines of tears quietly fell..

Chapter 2364

"Senior, don't worry! If I, Qin Chuan, succeed in my cultivation in the future, I will definitely take care of the Feng family children for you, so you can go with peace of mind!"

"Woo! Woo!"

As if feeling Qin Chuan's sadness, Qiuqiu on the side also showed a sad look, and rubbed Qin Chuan's face affectionately with his big head, seeming to comfort Qin Chuan.

"Ball ball!"

Qin Chuan touched Qiuqiu gratefully.

After being sad for a while, Qin Chuan felt better. After regrouping, he put the Vulcan Pill in the air away and put it into the space of the God of War Order.

At this moment, it is impossible for him to refine the Fire God Pill. After all, it will take at least half a year to refine the Fire God Pill.

Qin Chuan does not have so much free time now.

After putting away the Fire God Pill, Qin Chuan After searching around the hall, he didn't find anything special. He turned back and glanced at the alchemy furnace. Feng Yuanchen's figure was no longer there, leaving only sadness in his heart.

"Why! Ball ball! I'd better leave!"

"Woo!! Woo!!"

Qiuqiu nodded repeatedly.

At that moment, one man and one beast were preparing to leave.

But at this moment, Qin Chuan's expression changed slightly, and he quickly listened carefully. In just a moment, Qin Chuan showed a look of surprise.

Then Qin Chuan looked at Qiu Qiu. Qiu Qiu made a silence gesture.

It turned out that he heard the footsteps of two people coming from the passage outside.

Then, there was a quiet conversation between two people.

"father! You are still smart! How do you know that after we change into Blood Guard clothes, Qing Yan will not kill us unless he is the evil god?"

"hey-hey!! This is because you and I can lip read. Earlier, I saw that little bastard Qin Chuan and Qing Yanfei talking in the air. I could tell from their lips that it was that bastard Qin Chuan who reminded Qing Yan Fei to kill us, and finally he asked Qing Yan Fei not to kill the Blood Guards and those ordinary people."

"So that's it! Fortunately, Dad, you can lip-read, otherwise we would all be killed by that little bastard Qin Chuan! By the way, Dad, why did you take me into the Hidden God Valley? If our ancestors find out, we will be in big trouble."

"What are you afraid of? Now the ancestors and the others cannot protect themselves."

"Why don't we, father and son, take this opportunity to come here and have a look? What are our ancestors doing here all day long? Is there any secret? Maybe there will be some unexpected gains. Huh! There is a stone gate here, and there is a passage below. Shaohua, let's go down and have a look!"

Qin Chuan's face changed slightly when he heard the conversation between the two, and he thought: "The person who came here is obviously a descendant of the four families. Unexpectedly, one of the four children slipped through the net. I just don't know what the strength of these two people is? I'm going to wait and see what happens."

Thinking of this, Qin Chuan quickly looked at the hall.

Except for a huge alchemy furnace in the center, four futons on the floor, and a row of bookshelves on the west wall, there was nothing else. For a moment, there was nothing else. So he could find a hiding place.

At this time, Qin Chuan's eyes touched the alchemy furnace. With a thought in his mind, he immediately made Qiu Qiu shrink in size and return to his original appearance.

At that moment, Qin Chuan hugged Qiu Qiu, held his breath, and shrunk. Hiding behind the alchemy furnace, he waited quietly for the father and son to come.

Not long after, two figures walked up the stone steps. The one walking in front was a middle-aged man in his forties, and behind him was a middle-aged man in his forties. It was a handsome young man of eighteen or nineteen years old.

Both of them were wearing Wei family's blood uniforms.

Seeing the appearance of the middle-aged man clearly, Qin Chuan's heart tightened, and he suddenly exclaimed that something was wrong!

"Unexpectedly, it turned out to be their father and son!"..

Chapter 2365

It turned out that Qin Chuan also knew the father and son in front of him.

The middle-aged man's name is Wei Qinghe, a fifth-level warrior. That handsome young man was Wei Shaohua, the son of Wei Qinghe, and the most outstanding child among the three generations of the Wei family.

Although he is only eighteen or nineteen years old, his fire energy has reached the peak of the third level, and his strength ranks ninth among the top ten young masters in Shenyang City.

Of course, the reason why his strength ranks ninth among the top ten young masters is because he is a member of a wealthy family and has mastered many intermediate martial arts skills. This is how he can stand out from many third-level peak warriors and become one of the top ten young masters in Shenyang City. Among the masters.

As for why Qin Chuan knew the two people in front of him, it was because he had secretly investigated the children of the four families in order to find out the strength in the forbidden area, so he could recognize the two people in front of him at a glance.

Of course, Qin Chuan didn't take that Wei Shaohua seriously at all.

Although Wei Shaohua is outstanding among his peers, he is far behind Qin Chuan.

At this moment, it was Wei Qinghe who scared Qin Chuan.

Wei Qinghe is a fifth-level warrior, so he is naturally no match.

"This Wei Qinghe is difficult to deal with! With his strength, he will definitely find me soon. When the time comes, he will definitely not let me go, but I am no match for him! This is how to do?"

Thinking of this, Qin Chuan couldn't help but feel a little anxious.

Although Qin Chuan's current strength is almost invincible at the fourth level, compared with the fifth level, there is still a very big gap. In front of the fifth level warrior, he can only run for his life.

"By the way, although he is a fifth-level warrior, he can't fly yet. After a while, as long as I can escape from this cave and fly into the air with Qiuqiu, there will be nothing he can do to me."

After thinking about this, Qin Chuan's eyes lit up and he saw a glimmer of hope of escape.

But he did not relax because of this. There is still a long distance from the secret room hall to the outside of the cave, and it will not be possible in a short time. Escaped.

Besides, Wei Qinghe's position came in from the outside at this time, blocking the exit.

It would be difficult for Qin Chuan to break through Wei Qinghe's front.

While Qin Chuan was running through these thoughts, Wei Qing Father He was getting closer and closer, and soon he heard Wei Shaohua's surprised voice.

"Huh! Dad, look there is a big alchemy furnace here! Maybe there are some top-quality elixirs in that alchemy furnace?"

After saying that, Wei Shaohua hurriedly walked over to take a look, but was stopped by Wei Qinghe.

"Shaohua, follow me. This is the place where those four old guys are cultivating, so it's better to be careful."

"Um!"

Immediately, Wei Shaohua asked Wei Qinghe to walk in front, and the two of them walked down cautiously.

Wei Qinghe glanced at the hall ahead, and finally his eyes fell on the alchemy furnace.

But when Wei Qinghe looked at the alchemy furnace intently, When he was working on the furnace, his expression moved slightly, and he suddenly noticed something was wrong. When Qin Chuan, who was hiding behind the alchemy, saw his expression, he immediately knew something was wrong.

At that moment, he no longer hesitated and struck first!

I saw a sudden sudden change on his body. There was a flash of blood, and the light of flames stepped out from under his feet. He used the Blood Shadow Escape Technique and Phantom Fire Shadowless Step at the same time, increasing his speed to the limit.

At the same time, he struck directly at Wei Qinghe with a three-color Sky Slash.

However, Wei Qinghe suddenly saw a figure. Rushing out from behind the alchemy furnace, I was horrified and asked quickly: "Who is it?!"

But when he asked, Qin Chuan had already attacked in front of him. The three-color sky slash move directly turned into a three-color light knife and struck him in the head.

What was shocking was that there was still burning fire around the three-color light knife. The purple-black flame.

When he saw the purple-black flame, Wei Qinghe's color changed slightly, and a trace of fear appeared on his face.

The purple-black flame was Qinchuan's natal spiritual fire, the Earth's Core Flame. The high-grade spirit fire carries great fire damage and is a great threat to fourth- and fifth-level warriors.

This is also the reason why Wei Qinghe had a look of fear on his face when he saw the earth-centered flames..

Chapter 2366

However, when Wei Qinghe saw the three-color sky slash falling, his eyes narrowed, and he immediately swung his sword into the air to scatter the three-color sky slash.

While Qin Chuan struck with one move, his figure did not stop. He was still as fast as lightning, trying to rush past Wei Qinghe.

"Want to run? dream!"

Wei Qinghe seemed to understand his purpose. After blocking the Three-color Heavenly Slash with one move, he immediately blocked Qin Chuan's path with a wrong step, and at the same time slashed at Qin Chuan with a sword.

The sword was extremely fast, carrying a huge impact.

Qin Chuan was so frightened that he had no time to use defensive martial arts and hurriedly put his two swords in front of him.

The three swords intersected.

Qin Chuan suddenly groaned, vomited blood and flew backwards.

Seeing Qin Chuan, he couldn't avoid it. After being seriously injured by one of his own moves, Wei Qingyan was overjoyed and was about to rush forward to add another blow.

But at this moment, there was another roar of the Sky-shattering Beast, and then a blue light shot straight at him.

Wei Qingyan's expression changed slightly, and he felt Seeing the threat of blue light, he had no time to chase Qin Chuan, so he just snorted coldly and quickly blocked the blue light with his sword. The one who shot the blue light was naturally Qiuqiu.

With this delay, Qin Chuan jumped up and headed towards It retreated sharply.

And Qiuqiu also roared, sprayed out Ruyi Battle Armor and put it on, immediately becoming as powerful as a beast in armor.

It also retreated sharply, stood with Qin Chuan, and confronted Wei Qinghe.

At this time Only then did Wei Qinghe see clearly that the person standing in front of him was a young man of about fourteen or fifteen years old with white hair and red eyes, holding two swords in his hands. There was also a ferocious beast wearing armor, with a dragon head and a lion body, and two wings on its back.

"It's you! Qin Chuan! How will you be here?"

It was only then that Wei Qinghe and Wei Qinghe saw clearly that the person who made the sneak attack was Qin Chuan, and both of them looked surprised.

After the accident, the two of them felt more horrified.

At this moment, Wei Qinghe was horrified.

The sneak attack just now Am I really the kid in front of me?

Impossible!

He is obviously just a fourth-level peak warrior, but the blow he just struck has completely exceeded the limit of a fourth-level Dzogchen peak warrior.

Even the thunder elephant warrior who is best at attacking power Generally speaking, after they reach the fourth level of Dzogchen Peak, their strongest attack power may not necessarily have such power.

But the kid in front of them is obviously not a thunder elephant warrior! And he is only at the fourth level of peak. How did he do it.

Thinking of this, Wei Qinghe was greatly puzzled.

By the way, this boy's natal spiritual fire is still a middle-grade spiritual fire. How did he realize it?

Even my natal spiritual fire is still a low-grade spiritual fire, and he is already a middle-grade spiritual fire. Pin Linghuo is so popular.

Thinking about it makes people jealous! However, whether it is his attack power or his natal spiritual fire, these are nothing.

The most surprising thing is that this kid's speed has reached the level of a fifth-level warrior. The lower limit.

This is incredible.

Why is this kid so strong at such a young age? Isn't this too evil?

Thinking of this, Wei Qinghe turned to look at Qiuqiu again.

The encounter just now made Wei Qing He deeply understood that the ferocious beast in front of him, which was rumored to have harmed the entire forbidden area, was no ordinary ferocious beast like Qin Chuan.

However, when Wei Qinghe had these thoughts in his mind, Wei Shaohua behind him even more He was shocked.

He looked at the young man in front of him who was younger than himself. His cultivation level was already at the peak of the fourth level.

This was not the most terrifying thing.

The most terrifying thing was that he was still alive and standing there despite being attacked by his own sword..

Generally speaking, fourth-level warriors can only be killed instantly in front of fifth-level warriors.

But Qin Chuan in front of him broke this convention, which deeply shocked Wei Shaohua..

Chapter 2367

At this time, Wei Qinghe took a deep breath, and then sneered.

"Boy, you really surprised me! That sword strike just now failed to kill you on the spot! However, judging from the encounter just now, it is impossible for you to escape from my hands with your strength!"

After saying this, Wei Qinghe showed a look of disdain on his face.

Although Qin Chuan and Qiuqiu were both very powerful, he didn't take them seriously. They just met, and before he used Ren He's martial arts, he It was easy to stop Qin Chuan. He was confident that as long as he used all his strength, it would not be difficult to kill the person and the beast in front of him.

"hehe!!"

Qin Chuan sneered and gently wiped the blood from the corner of his mouth, but there was a trace of joy in his heart.

If he hadn't been protected by the Five-Escape Soft Armor, the move just now might have seriously injured him or even killed him. It must have been right now. can't stand up again

"It seems that I still underestimated the strength of the fifth-level warrior!"

Qin Chuan sighed in his heart.

At this time, Wei Qinghe asked sharply again:"Qin Chuan! What do you want to do when you break into the hiding place of the ancestors of our four tribes?"

Qin Chuan sneered slightly.

"Wei Qinghe, what are you doing here again? As far as I know, only the ancestors of your four families can enter and exit the Hidden God Valley, and the descendants of Ren Huo are prohibited from entering the valley. Why did you come in today? Do you want to take advantage of the absence of the four ancestors of your family to make some gains?"

Hearing this, Wei Qinghe's face changed slightly. He didn't expect that his thoughts were spoken by the other party, and he was inevitably a little embarrassed.

At that moment, Wei Qinghe became angry and said

"This is the place where my ancestors of the four families hid in cultivation. What do I do here is none of your business? But what are you, a remnant of the Qing family, doing here? Have you discovered any treasures or secrets here? If you find anything, please hand it over obediently so that I don't have to go through any extra trouble."

"Ha ha!! Wei Qinghe, I did find some treasures here"

"What? Did you really find the treasure? Then hand it over quickly!"

Hearing this, Wei Qinghe opened his eyes wide in surprise.

"snort! Hand it over? Why should I hand it over?"

Wei Qinghe was furious:"Nonsense!" That belongs to our four families. If you take something from our four families, of course you must return it to our four families!"

"Ha ha!! Qin

Chuan laughed and looked at Wei Qinghe with mocking eyes.

"Are all of your four tribes so shameless? To tell you the truth, that thing was given to me by an elder from the Feng family, and it is also something that the four ancestors of your family particularly want."

Hearing this, Wei Qinghe didn't quite understand what Qin Chuan meant, but he was sure of one thing. Qin Chuan got a treasure here, and it was something that all the ancestors of the four families wanted. This shows that that thing is extremely valuable. Precious.

When he thought of this, Wei Qinghe's heart suddenly became hot and he couldn't wait any longer.

"Little bastard, I don't care how you got it, Wei. If you don't want to die too painfully, just hand it over as soon as possible. Otherwise, Wei will make you die miserably. If you hand it over now, Mr. Wei will keep your whole body.

Qin Chuan also said angrily:"You are dreaming!" Even if I destroy that thing, I won't give it to you!"

Hearing this, Wei Qinghe was furious and just about to get angry.

Wei Shaohua behind him couldn't wait anymore and said loudly:"Dad, why are you talking to this little bastard so much? Just kill him and then kill him." Just search it from his body."

As soon as Wei Shaohua reminded him, Wei Qinghe suddenly woke up and laughed: "Haha!! My son is still smart. Shaohua, just watch how dad kills this little beast!!"

"Dad, then do it quickly! I think the fire-type spiritual sword in his hand is pretty good. If you kill him, then give me the spiritual weapon! Anyway, you already have a spiritual weapon"

"Ha ha!! It's a small thing! Just look at your father and my methods! Qin Chuan, you little bastard, Wei doesn't want to talk nonsense with you now, so go to hell!"

At the same time as he spoke, Wei Qinghe roared and charged towards Qin Chuan.

Qin Chuan's expression changed drastically when he saw Wei Qinghe coming towards him, and he quickly shouted: "Qiuqiu, come on together!"

At that moment, Qin Chuan gritted his teeth and charged forward with his swords waving.

Qiuqiu also roared and rushed forward.

The two sides immediately started fighting...

Chapter 2368

The fighting prowess of both sides was extremely terrifying. As soon as the battle began, the entire cave shook and gravel fell one after another, as if the entire mountain was about to collapse.

Wei Shaohua, who was watching the battle on the sidelines, was also shocked by the astonishing momentum of both sides. He was so frightened that he retreated repeatedly, fearing that he would be affected by the remaining power of the battle between the two sides.

He knew that the battle in front of him was not something he could participate in. He was only qualified to watch the battle.

At the same time, he was also horrified by Qin Chuan's strength.

Is this little bastard a fucking human? Why is he so strong?

Could it be that his qualification is the legendary fire spirit body that is rare to see for hundreds of years?

Only a person with that kind of qualifications can reach this level at his age!

But, that's not right! This guy is a descendant of the Qing family, how could he be a fire spirit?

At most, it can only be a wood spirit body, and it cannot be a fire spirit body!

Thinking of this, Wei Shaohua became even more puzzled.

At the same time, Qin Chuan and Qiuqiu teamed up to fight Wei Qinghe for five or six rounds.

However, Qin Chuan and Qiuqiu were completely at a disadvantage.

Seeing that his father had the upper hand, Wei Shaohua flushed with excitement and shouted excitedly

"Father, kill this little bastard quickly!! Hearing this

, Wei Qinghe laughed loudly:"Haha!!" good! Kill this little bastard's pet first! roll!"

As soon as he finished speaking, Wei Qingyan dodged, suddenly approached Qiuqiu, and hit Qiuqiu with his sword.

Qiuqiu roared and rolled backwards.

Seeing this, Qin Chuan was horrified. He shouted anxiously:"Qiuqiu!!"

"Ha ha!! Now it's your turn, you will die this time!"

Destroying Qiuqiu with one sword, Wei Qinghe turned around, and the speed of his sword attack suddenly increased a bit, and he fired three swords in a row.

Qin Chuan's expression changed greatly, and he immediately used his speed to dodge the attack.

However, although he was fast, he could only fight with Compared with those warriors who had just advanced to the fifth level, they were slower than Wei Qinghe. After all, they could not avoid all the attacks.

After avoiding the first two swords, Qin Chuan could no longer avoid the third sword.

Then The third one was as fast as thunder, piercing directly into his heart.

Qin Chuan was so shocked that his heart and soul were shattered, and his eyes showed fear.

On the contrary, Wei Qinghe's eyes showed pride. He knew that with this sword strike, Qin Chuan There was no doubt that he would die.

This sword was his sure-kill sword, but he did not hold back and used 100% of his attack power.

But at this critical moment, Qin Chuan pressed a seal and immediately activated the Five Elements Shield

"Bang!"

There was a crisp sound.

The Five Elements Shield was easily broken like an eggshell and continued to stab Qin Chuan's chest. Qin Chuan was horrified. He placed his two swords across his chest and tried to resist, but was easily swung away. The last sword It stabbed Qin Chuan's chest, but was blocked by the Five-Escape Soft Armor and did not pierce Qin Chuan.

However, the powerful attack power still passed through the Five-Escape Soft Armor and penetrated into Qin Chuan's body, instantly striking Qin Chuan with a sword. Fly away and spit out a lot of blood

"ah!"

With a scream, Qin Chuan flew backwards, and his body directly hit the cave wall.

This sword caused him serious internal injuries.

"Wow!" Qin Chuan spat out another mouthful of blood, and his body slid down from the cave wall.

"Huh! You're not dead yet!"

Wei Qinghe looked at Qin Chuan in front of him in great surprise. According to his original judgment, Qin Chuan would definitely die with this sword blow, but he didn't expect that the other party was not dead yet.

Just when he was surprised, not far away, Qin Chuan was slashed away Qiuqiu also roared and stood up again, but blood also flowed from the corner of its mouth, and it was obviously seriously injured.

Seeing that Qiuqiu was not dead, Qin Chuan was overjoyed.

He knew that it must be Ruyi's armor protection of

"Huh! Not even a beast like you is dead!"...

Chapter 2369

Wei Qinghe was surprised again, and after a while he said

"Boy! Unexpected! Not only do you surprise me, but even your pets are not simple. Ten rounds! We just fought for ten rounds. You are not dead yet! You should be proud!"

"If others knew about your achievements today, you would definitely become famous all over the world. I have never heard of a fourth-level warrior who could survive ten rounds at the hands of a fifth-level warrior without dying. Although your talents are extraordinary, Wei must kill you today!"

As soon as he said this, Wei Qinghe sneered and walked forward slowly.

With a muffled groan, Qin Chuan stood up with difficulty

"Roar!"

Qiuqiu also roared and stood with Qin Chuan again.

"hey-hey!! You two still don't give up! How many more rounds can you guys last? Three rounds? Or four rounds?"

Wei Qinghe sneered, and the long sword in his hand burned with purple-red natal spiritual fire.

Wei Shaohua behind him felt excited when he saw it, and he also shouted: "Dad! Just three rounds! Killed this little bastard in three rounds! I can't wait to get the spiritual weapon in his hand now. Hearing this

, Qin Chuan felt angry, wiped the blood from the corner of his mouth again, and said with a sad smile: "You want the weapon in my hand?" Is it that easy? Since you want me to die, Wei Qinghe, then bury your son with me!"

"What did you say?!"

Wei Qinghe suddenly felt something bad.

Before he could figure out what was going on, Qin Chuan immediately glanced at Qiuqiu.

Qiuqiu immediately understood, and his figure flashed, split into two, and walked not far away. Wei Shaohua pounced on him.

Seeing the ball suddenly turned into two and pounced towards him, Wei Shaohua was frightened out of his wits. He knew how powerful the ball was, so he was so frightened that he stepped back and shouted loudly. road

"father! Help me stop this beast!"

Wei Qinghe's face also changed greatly. He knew that it would be easy for Qiuqiu to kill Wei Shaohua.

When he saw Qiuqiu chasing Wei Shaohua, he suddenly became anxious and roared:"Evil beast! you dare!"

At the same time, Wei Qinghe swayed and went to intercept the ball.

But at this moment, Qin Chuan sneered, raised his hand and shook his sword, and shot out thirty-six flaming arrows with the Fire Rain Plum Blossom Sword. 'Swish! Swish!' They all attack Wei Shaohua.

This Fire Rain Plum Blossom Sword is a group offensive martial skill. It is an inferior martial skill. Although it is not powerful, it is easy to kill Wei Shaohua instantly...

Therefore, when Wei Shaohua, When Hua saw the thirty-six rockets attacking him overwhelmingly, they blocked all his escape routes. At this moment, he felt that death was approaching him. He could feel that any of these rockets could easily kill him.

This thought immediately made Wei Shaohua turn pale with fright and shouted:"Dad! Help me!"

Wei Qinghe was also aware of this problem. He had no choice but to roar angrily, gave up intercepting the ball, and instead ducked directly in front of Wei Shaohua to help him block all attacks.

Seeing this, Qin Chuan knew that the opportunity had come and immediately called Said:"Qiuqiu, hurry up!"

Qiuqiu understood and gave up attacking Wei Shaohua. When Wei Qinghe had no time to separate, he broke out of the hall and fled out of the cave.

Seeing Qiuqiu trying to escape, Wei Qinghe blocked Qin Chuan's attack and went to chase him. Qiuqiu.

Qin Chuan used the Fire Plum Blossom Sword to attack Wei Shaohua again.

Wei Qinghe was furious, gave up the ball and attacked Qin Chuan.

But at this time, the main body of the ball went to attack his back, and the clone went to attack him again. Attack Wei Shaohua.

Wei Qinghe had to give up attacking Qin Chuan and turn around to protect Wei Shaohua.

In this way, Qin Chuan and Qiuqiu changed their strategies and cooperated very well. They specifically avoided Wei Qinghe's attack and only attacked Wei Shaohua.

Wei Qinghe suddenly became very confused...

Chapter 2370

There is only one person in Wei Qinghe.

But there were three people on Qin Chuan's side.

For a time, the two sides were evenly matched.

Qin Chuan and Qiuqiu deliberately led the battlefield away from the cave while fighting.

Wei Qinghe became angrier the more he fought. He clearly had the strength to destroy the man and the beast in front of him, but the other party seized on his weakness and couldn't let go.

"Qin Chuan, you are so despicable! If you have the guts, just fight to the death with Wei!"

"Are you telling a joke? You father and son are my enemies, so I should attack your son. This is called using one's own strengths to attack the other's weaknesses. This is a tactic, how can it be despicable!"

Hearing this, Wei Qinghe was speechless for a moment and couldn't answer.

At that moment, the two sides started fighting again.

Unconsciously, both sides retreated to the entrance of the cave.

Qin Chuan and Qiuqiu immediately found the opportunity and ran out of the hole.

However, At this moment, Wei Qinghe seemed to have thought of something, and immediately showed joy, and said to Wei Shaohua behind him: "Son, quickly retreat into the cave."

Wei Shaohua immediately retreated into the cave.

Wei Qinghe immediately jumped out of the cave entrance, turned around and slashed the cave entrance with his sword, and then laughed at Qin Chuan and said

"Ha ha!! Boy, it's not that easy for you to attack my son now! You have to break the hole. Without the ties of my son, Wei can finally free his hands to kill you!"

At the end of the sentence, Wei Qinghe showed an extremely cold look on his face. This time, he really had murderous intentions.

Thinking of the depression that he had felt just now, he felt extremely angry and wanted to kill Qin Chuan right away. Kill.

Seeing Wei Qinghe's hateful eyes, Qin Chuan was not afraid at all. He sneered slightly at the corner of his mouth and cursed in a low voice.

"idiot!"

Hearing this, Wei Qinghe was furious and immediately flew into a rage and said angrily

"you wanna die!"

After saying that, Wei Qinghe was about to take action.

But at this moment, Qin Chuan sneered and glanced at Qiuqiu.

Qiuqiu immediately roared and flew into the air.

Qin Chuan also jumped up and rode up to Qiuqiu. On his back.

Wei Qinghe was stunned when he saw Qin Chuan and Qiuqiu flying into the air. At this time, Qin Chuan laughed and said: "Wei Qinghe! I'm in the air now, what can you do to me? It's really embarrassing to think that you, a powerful fifth-level warrior, can't do anything to a young boy like me. Ha ha!! Let's go, Qiuqiu!"

After saying that, Qin Chuan flew away on the ball and ignored Wei Qinghe.

When Wei Qinghe saw that Qin Chuan was leaving, he suddenly became anxious and shouted: "Boy, don't even think about leaving. We will soon get the treasure from the cave. Leave! Don't think that Wei can't do anything to you once you're in the air! Unless you keep flying in the air and never come down."

After saying that, Wei Qinghe actually chased after him from below.

This immediately made Qin Chuan's head growl. He did not expect that Wei Qinghe would be so persistent.

Now, both he and Qiuqiu have internal injuries and cannot keep flying in the air. , there will definitely be a time when I am exhausted and fall.

If Wei Qingyan keeps chasing me, it would be a bad thing.

No matter so much! It's better to leave the teleportation array now. The Green Dragon Pearl is still with me, so I should take it back to make my tribe happy.. However

, the teleportation arrays everywhere in this forbidden area have been destroyed, and there is no way to get out through the teleportation arrays.

It seems that I can only go to Duantian Lake to see if I can meet seniors Qing Yanhai and Qing Yanfei.

I don't know. How is the battle between Senior Qing Yanhai and the ancestors of the four families?"

Thinking of this, Qin Chuan suddenly became anxious.

At this time, he was very concerned about the battle between Qing Yanhai and the ancestors of the four families. After all, the ancestors of the four families were the foundation of the Zhou family of Nan Yanwei.

If all the ancestors of the four families escape, the losses to the four families will not be too great.

After all, it was Feng Yuanchen's wish to kill the ancestors of the four families.

Since Qin Chuan agreed to Feng Yuanchen, he naturally took this matter to heart.

At that moment, Qin Chuan ordered the ball to fly towards Duantian Lake...
