Chapter 2381

Hearing this, Ling Tianhan laughed

"Ha ha!! You think too highly of the Qing family. Who is our Holy Lord? How could he be afraid of the revenge of the Qing family's children?"

"Even if their Qing family produces another ninth-level figure, our Holy Lord will not notice it. Unless the five ancient clans reunite and each clan can produce a ninth-level figure, our Holy Lord will be afraid of him. Because they, the five ancient tribes and the five ninth levels, will have a magical skill when they join forces."

"This magical skill poses a certain threat to our Holy Lord Society, but it won't be a big threat, so will the Qing family's descendants reappear in the world? Have any ninth-level warriors appeared? My Holy Lord will not take it seriously at all."

"How can you, the ants, understand the great things that my Holy Master intends? On the contrary, your Lord Long Xing should be careful. The Qing family has destroyed four of your families this time, and he will be the next step. Almost all the children of the five ancient tribes were slaughtered by him. He couldn't even wash off the blood of the children of the five races on his hands!"

Yan Li knew that what Ling Tianhan said was true. Back then, with the power of the Holy Lord, one person could kill the heads of the five ancient clans.

And the reason why the Holy Lord made a secret deal with Long Xing and spent so much effort was to capture the five clans alive. The head of the family.

Because it is easy to kill, but difficult to capture alive.

The holy master has the ability to kill the heads of the five families by himself, but he is not sure to capture the heads of the five families alive in one go.

Especially the head of the Qing family, Qing Wushen, whose strength is at the peak of the ninth level, plus With the cooperation of the natal psychic beast, the God-devouring God Python, he is the first person below the ninth level of Dzogchen.

It will not be so easy for the Holy Master to capture him alive.

If he cannot be captured alive, then the Holy Master's plan to sacrifice and raise the spirit beads cannot be implemented.

That's right. Because of this, the Holy Lord lowered his profile and secretly colluded with Long Xing to arrange a series of conspiracies.

Therefore, after the Holy Lord captured the heads of the five families alive, he no longer paid attention to the children of the five clans, because he did not let the children of the five clans go at all. In his eyes, he didn't regard them as a threat at all.

He didn't bother to waste time massacring the children of the five tribes, so he used Long Xing's hand to help him get rid of the troubles of the children of the five tribes.

In the future, even if the children of the five tribes resurrected, there would still be dragons Xing helped him block it, and he didn't need to distract himself from these trivial matters.

After thinking about this, Yan Li also understood Ling Tianhan's position.

The other party made it clear that he didn't want to care about these trivial matters, but wanted Long Xing to appear.

Of course, Yan Li naturally refused. Give up and continue seeking the truth

"The villain understands what the Holy Envoy means. The Holy Lord is a person with great supernatural powers. No matter how much progress the children of the five ancient tribes make, they cannot threaten him. However, has the Holy Envoy ever thought about"

"Although those remnants of the Qing family cannot threaten the Holy Lord, if a ninth-level warrior really emerges in the future, they can threaten the Holy Envoy. From a villain's point of view, it is

better to completely exterminate the Qing family now before they cause any hidden dangers, so that there is no possibility of their resurgence."

Hearing this, a trace of displeasure flashed across Ling Tianhan's face, and he said in a cold voice: "Junior Yanli, are you warning me? Do I need you to teach me how to behave?"

Hearing this, Yan Li was horrified and said in horror

"Don't get me wrong, Holy Envoy, I don't mean that. As the saying goes: 'A dike of a thousand miles is destroyed by an ant's nest.' I just want to remind the Holy Envoy to be on guard against the slightest change, and don't ignore small things. If the villain said something wrong, I hope the Holy Lord will forgive me."

"Ha ha!!"

Ling Tianhan suddenly laughed loudly

"Yan Li, do you think this envoy has no idea? The Qing family's idea of a ninth-level warrior would be impossible to achieve. Do you think it's that easy to advance from level eight to level nine?"...

Chapter 2382

Speaking of this, Ling Tianhan showed a hint of arrogance in his eyes

"Yanli, as far as I know, the Qing family's inherited artifact, the Azure Dragon Pearl, is in the hands of your senior brothers. Without the Blue Dragon Pearl, it would be impossible for an eighth-level warrior to appear in the Qing family. You just said that an eighth-level Dzogchen warrior from the Qing family killed three of your brothers and chased them all the way to Shenyang City."

"If what you said is true, that eighth-level Qing family disciple must be a remnant of the Qing family from a thousand years ago, not an eighth-level junior born within this thousand years."

"As far as this envoy knows, there are indeed many eighth-level warriors among the Qing family's children thousands of years ago, but few of them have astonishing qualifications. Those few Qing family's children with pseudo-spiritual body qualifications have all been massacred. It is almost impossible for the remaining eighth-level disciples to advance to the ninth level. Is what I said wrong?"

Yan Li was slightly surprised. He didn't expect Ling Tianhan to be so shrewd. He had already analyzed the current situation of the Qing family just by listening to his own words.

At that moment, Yan Li nodded slightly: "The Holy Envoy is right. However, the masters of the Qing family who are chasing me today are not the remnants of the Qing family who escaped from the annihilation of the Qing family a thousand years ago, but the rebellious son of the Qing family named Qing Yanhai who should have been executed by the Qing family 1,300 years ago."

"But he didn't expect that Qing Yanhai was not executed for some reason, but was still alive, and his cultivation had advanced to the eighth level of perfection. It is rumored that although Qing Yanhai was kicked out of the Qing family, his talent was extremely amazing, and he even had pseudo-spiritual qualifications in the wood element."

After hearing this, Ling Tianhan was slightly moved.

"There is such a thing! hehe! In this case, I really need to take action. Although the pseudo-spiritual qualification only has a 10% chance of advancing to the ninth level, and it is difficult to succeed without a huge opportunity, it is still a hidden danger after all."

Yanli was immediately overjoyed: "What the Holy Envoy said is exactly right." Qing Yanhai has been chasing the villain all the way to Shenyang City, and must be searching for traces of the villain in Shenyang City now. It is the right time for the Holy Envoy to take action now.

Ling Tianhan nodded slightly: "This Qing Yanhai is still a small matter." If my guess is correct, you have lost the Green Dragon Pearl, right?"

"Yes! It has been snatched away by the Qing family"

"hehe!"

Ling Tian smiled coldly and glanced at Yan Li mockingly.

"The True Blood of Azure Dragon is both a sacred object and a poison. When the children of the Qing family don't get the Green Dragon Pearl, it's poison. They can't escape the fate of being cursed by the true blood. The children in the family can't even dream of becoming an eighth-level warrior."

"However, after obtaining the Blue Dragon Pearl, they can get rid of the curse, and the true blood of the Blue Dragon flowing in their bodies becomes their sacred object."

"Because after being baptized in the Hualong Pond, the Azure Dragon True Blood is activated. After activation, not only can their wood qualifications be upgraded to another level, but their wood energy can also be greatly increased. Therefore, for the children of the Qing family, anyone who experiences the baptism of the 'Hualong Pond' will experience a great transformation."

"Now that the Qing family has the Blue Dragon Pearl, its significance is very extraordinary. With the blood inheritance of their Qing family, it will be revived from the ashes, and more eighth-level warriors will appear in the future. Even if a ninth-level warrior appears, it is still possible"

"So for now, retaking the Qinglong Pearl is more important than killing Qing Yanhai. Is that Green Dragon Pearl in the hands of that Qing Yanhai? If so, this envoy will take action immediately."

At this moment, Yan Li did not dare to lie and replied honestly

"Report to the Holy Envoy that the Green Dragon Pearl is not in the hands of Qing Yanhai, but in the hands of another eighth-level warrior from the Qing family named Qing Yanfei. However, the villain does not know where Qing Yanfei is now.

Ling Tianhan frowned slightly:"There is another matter." All right! I will take action now to destroy Qing Yanhai, and you will repay Long Xing for the rest. He should know what to do. Please step back first."

Hearing this, Yan Li was overjoyed and hurriedly knelt down and retreated...

Chapter 2383

After Yan Li receded, a figure flashed in the shadow of the hall, but it was an old man with yellow hair and a wretched appearance.

This yellow-haired old man is none other than Zheng Ji, the eighth-level old man who tracked down Qinchuan near the Demon Sealing Altar in Fengwei River two years ago.

That time Qin Chuan managed to escape from him by pretending to be a fool.

As soon as Zheng Ji appeared, he bowed respectfully to Ling Tianhan, and then whispered

"Lord Holy Envoy, my subordinates don't understand. The remnants of the Qing family are also a hidden danger to our Holy Alliance. Why didn't you readily agree to Yan Li's action at the beginning, but you didn't agree to take action until the end?"

Ling Tianhan seemed to value Zheng Ji very much and explained

"As for the remnants of the Qing family, if I see them, I will naturally get rid of them. But what I said to Yan Li before was also for a purpose. The purpose of this envoy is to express our position to them. We are not afraid of the resurgence of the Qing family's children."

"This allows him to put pressure on Long Xing through Yanli. Let Long Xing clear out the remnants of the Qing family, so that we don't have to worry about those trivial matters and can safely guard the five altars in Shenyang Town."

"Of course, what I just said is only one of the reasons. In addition, you also know that the sacrifice of the Five Elements Spirit Pearl has reached the most critical moment. In another hundred years, the sacrifice of the Spirit Pearl will be completed, and then the great things planned by the Holy Lord can begin."

"But you also know that the five remaining souls also sensed that the spirit beads were about to be refined. Their instincts told them that as soon as the Five Elements Spiritual Beads were refined, they would be completely wiped out, so during this period they became restless and frequently caused trouble for the envoy."

"If I leave this altar, they will definitely cause chaos and some accidents will happen. Therefore, I have no time to leave this altar now. This was also the second reason why this envoy had not readily agreed to Yan Li's attack."

Hearing these words, Zheng Ji suddenly realized

"I see! No wonder the Holy Envoy wants to put pressure on Long Xing and let Long Xing handle these trivial matters. Then why did the Holy Envoy finally agree to take action against Qing Yanhai?"

"hehe!! This is because Qingyanhai is in Shenyang City. If he was in the city of divine flames and couldn't use the altar, he could still be killed. alright! You retreat first and wait until I destroy that Qingyanhai!"

"yes!"

Zheng Ji immediately stood aside.

At that moment, Ling Tianhan no longer paid attention to Zheng Ji. Instead, he closed his eyes and made a seal with one hand. A cold mental wave immediately spread out to the ground. In just a moment, a wave of The tyrannical thoughts swept across the entire Shenyang City.

At this moment, the entire Shenyang City shuddered inexplicably, and there was a sense of fear in their hearts for no reason.

This feeling came very suddenly, and many people were shocked. He thought it was his own illusion.

Only a few high-level warriors realized something.

However, Qing Yanhai, who was searching for Yanli's traces in the sky above Shenyang City, was upset when he suddenly felt the tyrannical spiritual intention. , his expression suddenly changed.

As an eighth-level Dzogchen warrior, he naturally understood what that tyrannical spiritual idea was?

Immediately, Qing Yanhai had an inexplicable crisis in his heart, and without any hesitation, he headed outside the city. Fly away.

But at this moment, a cold voice sounded in the sky above Shenyang City, and it spread throughout Shenyang City in an instant.

"It seems that you are Qing Yanhai, the remnant of the Qing family. Want to escape now? It's too late!"

Hearing this cold snort, Qing Yanhai's face changed drastically. If he was still a little hesitant before, whether the ninth-level warrior who suddenly appeared was an enemy or a friend, but at this moment he knew that the person who came was an enemy.

And in succession. We all knew his name, and he was obviously invited by Yanli.

At that moment, Qing Yanhai didn't even dare to look back, and flew desperately towards the outside of Shenyang City..

Chapter 2384

"snort!"

At this time, a disdainful snort sounded in the air.

The temperature in the entire Shenyang City dropped sharply, as if it had entered the cold winter from midsummer in an instant. The wind was strong in the sky, dark clouds gathered, and the sky and the earth instantly became dim, with large snowflakes. It began to fall from the sky, and a cold wave instantly hit the whole city.

At the same time, a super big hand composed of billions of snowflakes stretched out from the dark clouds in the sky and grabbed Qing Yanhai who was running away.

Qing Yanhai was in front of the big hand, he was like a flying little fly.

However, Qing Yanhai sensed something was wrong. When he turned around and saw the big hand grabbing him, he was immediately frightened to death.

Although he was an eighth-level Dzogchen warrior, he knew that a ninth-level warrior would kill him. Effortlessly.

Even if the ninth-level warrior didn't show up, he could be killed easily.

Therefore, when Qing Yanhai saw the big hand made of snowflakes, he was immediately frightened to death and used all his strength to fight like crazy. Flying.

His speed was extremely fast, like a green lightning.

But no matter how fast he was, he could not move faster than that big hand.

At this moment, the entire Shenyan City saw an extremely astonishing scene.

I saw an extremely huge thing in the sky His hand was grabbing a person flying in the air. The big hand was getting closer and closer to the person, and he was about to catch the person.

In the city, the ordinary people and low-level warriors were shaking in the cold wind. body, looking up at the sky, eyes wide open in fear

"Oh my God! what happened? Why did a hand appear in the sky?"

"yes! And that man can actually fly in the sky. Oh my God! Is he really human? Can people fly in the sky? Could it be that that person is the one rumored to be able to fly into the sky and escape from the earth, and can destroy an eighth-level warrior with just a raise of his hand?"

When they think of the eighth-level warriors, the eyes of these ordinary people and low-level warriors show a look of incomparable awe.

To these people, the eighth-level warriors are already a legendary existence, which is difficult for them to come into contact with in their lives. existence.

But at this moment, they saw an illusory big hand chasing an eighth-level warrior.

From this point of view, the owner of the transformed hand was even more terrifying.

Everyone quickly thought of this problem

"Oh my God! The eighth-level warrior is being hunted. Is it possible that there are still ninth-level warriors hidden in our Shenyan City?"

"impossible? We in Dakun Country only have five ninth-level warriors. How could there be a ninth-level warrior in a place like our Divine Flame City?"

"snort! If that person was not a ninth-level warrior, how could he have chased and killed the eighth-level warrior in such a panic?"

"makes sense! So there really are ninth-level warriors in our Shenyang City! Unexpectedly, I actually saw a ninth-level warrior take action with my own eyes!"

When it comes to the ninth-level warrior, the look in everyone's eyes is not respect, but worship.

To them, if the eighth-level warrior is a legend, then the ninth-level warrior is a god-like existence.

However, Qing Yanhai is trying his best He flew away.

Suddenly, the light in front of his eyes dimmed, and he saw that the big hand had reached the top of his head and began to grab him all over the place.

Fear suddenly appeared in Qing Yanhai's eyes. He knew that as long as he was transformed by that A grab with his big hand would definitely crush him to pieces on the spot.

Thinking of this, Qing Yanhai shouted desperately:"The Tianpeng spreads its wings, the divine wings soar into the sky!"

As soon as he said these words, the wings on Qing Yanhai's back suddenly grew several times.

The wings spread from more than three meters in length to more than ten meters in length. Then the wings flicked, and the speed suddenly accelerated. Quickly Escaped from the scope of that big hand.

He used the inheritance talent of his natal psychic beast, Golden-eyed Dapeng.

After merging with his natal psychic beast, Qing Yanhai also obtained part of the inheritance of his natal psychic beast. Talent.

This is also the secret of spiritualism..

Chapter 2385

‘Huh! ’

There was a sound of surprise in the sky.

Ling Tianhan, who was behind the scenes, obviously didn't expect Qing Yanhai to have such a skill.

At this time, Qing Yanhai had already fled to the north gate of Shenyang City and was about to escape from Shenyang City.

Another cold snort from Ling Tianhan came from the air.

"Junior! Do you think you can escape the envoy's pursuit this way?"

As soon as he said these words, the big hand in the air clenched into a fist, stretched out only one finger, and quickly pointed at Qing Yanhai's back.

His speed was a little faster than before.

He heard the sound getting louder and louder behind him. A look of despair gradually appeared on Qing Yanhai's face as a sound broke through the air.

At this moment, the finger was only ten meters away from Qing Yanhai.

The next moment, it would be able to attack him.

However, at this critical moment At this moment, two rays of light, one red and one yellow, suddenly flew out of the city and rushed towards Qing Yanhai. They were the Phoenix Master and Teng Master who had been lurking outside the city.

When Qing Yanhai saw the two Phoenix Masters, his face changed. He suddenly showed a happy face. At this time, the Phoenix Master's anxious roar came from the front again: "Mr. Huo! The three of us will resist with all our strength!"

"good!"

Qing Yanhai nodded immediately, turned around and attacked the finger with all his strength.

At this time, the two Phoenix Masters also arrived and attacked the finger with all their strength.

The three of them turned into three rays of light and rushed towards the finger together. , work together to strike together!

"boom!"

There was a loud bang. Earth- shattering!

The tip of the transformed finger was blown into pieces by three people with all their strength.

However, Qing Yanfei and the other three were all injured at the same time, spurting out blood and flying hundreds of meters away.

"Run!"

Qing Yanhai roared anxiously, not caring to look back at their victory, and fled desperately out of the city.

Master Feng and Master Teng also roared, and turned around and ran away regardless of their injuries.

But Ling Tianhan sounded in the air. Very angry voice

"Three ants! Where else do you want to escape!"

As soon as he finished speaking, the finger that had been shattered at the front regrouped and became intact.

Then he opened his big hand and grabbed the three of them at the same time.

But his speed and momentum were a bit stronger than before.

Obviously, Qingyan Haisan The person's behavior angered Ling Tianhan.

This time, Ling Tianhan wanted to kill three people at the same time.

Just when the big hand was about to catch the three people, the big hand suddenly stopped in the air.

Qing Yanhai and the three took the opportunity. Escaped.

The three of them didn't know why the big hand in the air suddenly stopped.

But the three of them were extremely happy in their hearts.

Fortunately, the person who came out this time was the transformed clone of the ninth-level warrior.

If the true form of the ninth-level warrior came out in person, The three of them must have died on the spot.

Another thing to be thankful for is that the ninth-level warrior behind the scenes suddenly stopped for some reason.

If the ninth-level warrior persisted in pursuit, there would only be one death waiting for the three of them.

So. , although the three of them could not understand why the ninth-level warrior suddenly stopped, they were secretly glad in their hearts.

At the same time, in the dark hall underground of Shenyang City, the six God-suppressing Monuments on the altar where Ling Tianhan was sitting all lit up. The light, and the runes on it shone with golden light, and were constantly changing.

Ling Tianhan had a slight cold sweat on his forehead, and he quickly made seals with his hands, shooting six rays of light at the six God-Suppressing Monuments.

The six God-Suppressing Monuments Then it became quiet.

Ling Tianhan let out a long sigh of relief, and then cursed in a low voice: "These six hateful guys! He actually rebelled against me at a critical moment!"

It turned out that Qing Yanhai and the others had previously blocked the pursuit of Ling Tianhan's transformed clone, which immediately made Ling Tianhan furious.

Ling Tianhan immediately increased his attack power and vowed to kill the three of them instantly..
Chapter 2386

But at that time, Qing Yanhai and the other three had already fled outside the city.

Ling Tianhan wanted to catch the three of them, so he had to leave the altar first.

Because his transformed clone cannot leave him too far.

Thinking of this, Ling Tianhan had no choice but to leave the altar temporarily.

He wanted to kill the three eighth-level ants first, and then return to the altar to guard them.

But he didn't expect that as soon as he left the altar.

Remnant Soul and Tuntian, the heads of the five families who were far away in the six demon-sealing altars, sensed it, and they immediately attacked at the same time.

Ling Tianhan had no choice but to return to the altar to guard it.

After all, guarding the altar is his real duty.

It is more important to sacrifice the Five Elements Spirit Pearl than to kill the remaining members of the Qing family.

Qing Yanhai and three others also had a chance to escape.

"hateful! Those three little eighth-level ants actually ran away from me!"

When he thought of this, Ling Tianhan became extremely angry, and an angry look appeared on his calm face.

"If these six hateful guys, Qing Wushen, hadn't been restrained by them and prevented me from leaving the altar, how could those three ants have escaped? By the way, it seems that those three people are not all descendants of the Qing family! One of them should be a child of the Feng family, and the other is a child of the Teng family. Could it be that now it is not the Qing family that is resurrected, but three families?"

Thinking of this, Ling Tianhan frowned and shouted to Zheng Ji beside him: "Zheng Ji!"

"The subordinates are here!"

"Go and call Jiang Tianshui and Wei Jifeng back! This envoy wants to know what happened in Shenyang City last night? Is it the Qing family that is seeking revenge, or the three Qing Fengteng families?"

"yes! This subordinate is going now!"

Not long after, Zheng Ji brought two old men back to the dark palace.

The two old men were Jiang Tianshui, the master of Tianshui Martial Arts School, and Wei Jifeng, the master of Gale Wind Martial Arts School.

However, at this moment, Jiang Tianshui and Wei Jifeng The aura they exuded was no longer that of a fifth-level warrior, but that of an eighth-level warrior. It turned out that both of them were top eighth-level masters, and had always hidden their strength before.

"Jiang Tianshui has met the Holy Envoy!"

"Wei Jifeng has met the Holy Envoy!"

The two of them stepped forward to salute with great respect.

Ling Tianhan nodded slightly.

"Jiang Tianshui, Wei Jifeng, I asked you to open a martial arts gym in Shenyang City just to monitor some of the movements in Shenyang City. You should know what happened last night, right?"

"Report to the Holy Envoy! A big event indeed happened in Shenyang City last night. An unknown force divided into four waves of troops and attacked Shenyang City from the four gates of Shenyang City, and suddenly attacked the Zhou family of Nanyanwei."

"The ancestors of these four families never showed up for some reason, and finally the Nanyanwei Zhou family was uprooted by that power. There were two eighth-level warriors among this force, namely the eighth-level fire element and the eighth-level earth element. Both of them were very powerful. In the end, Nan Xiaofeng, the leader of Shenyang City, also died in the hands of these people."

Jiang Tianshui stepped forward and briefly reported what happened last night.

After Ling Tianhan listened to his report in silence, he said:"An unknown force? So what kind of force do you think they will be?"

Jiang Tianshui pondered for a while and said:"That group of forces is mainly divided into three types of warriors, namely wood warriors, fire warriors, and earth warriors. Judging from the martial arts used by the two leading eighth-level warriors, they look a bit like the children of the Feng family and the Teng family who were exterminated thousands of years ago. As for whether they are remnants of these two clans, it is difficult for me to judge.

Ling Tianhan frowned:"Oh?" Regardless of whether they are the remnants of the five ancient tribes. Such a big thing happened last night, why didn't you and Gao Feng help Nan Yanwei's Zhou family?"...

Chapter 2387

Jiang Tianshui respectfully replied:"Reporting to the Holy Envoy, you have told the two subordinates that we are only responsible for monitoring the latest situation in Shenyang City. If there is anything in Shenyang City that affects us, the Holy Envoy, guarding the altar, We must promptly inform the Holy Envoy about people and events."

"As for how Nan Yanwei's Zhou family fights with outsiders, we don't need to pay attention to it, let alone intervene."

"snort! Jiang Tianshui, I asked you not to care about the fight between Nanyanwei Zhou family and outsiders, but these four families suffered revenge from the remnants of the three Qing Fengteng families. Why don't you help? Even if you don't help, you should inform me in time afterward!"

"I report to the Holy Envoy that the two subordinates are too stupid to judge whether they are the remnants of the Qingfeng and Teng families, so they hesitated to take action. Besides, if we really help, our identities will be exposed, and we will no longer be able to be in God's presence in the future. Yancheng is monitoring the movements in Shenyang City."

"As for the subsequent four families that were wiped out, we never came to report it. That's because my subordinates believe that Nan Yanwei's Zhou family are just clowns. Their presence or absence will not have much impact on us guarding the altar, and it will not do much harm to the Holy Alliance.

Ling Tianhan had some displeasure on his face and said softly:"You have quite a few reasons!" Forget it, the demise of Nan Yanwei's Zhou family is not a big deal at all. However, you two should not make any decisions in the future. Like what happened last night, you should report it to this Holy Envoy in advance."

"This time, I will not hold you accountable for your breach of responsibility. Next time, please don't make any arbitrary decisions. Go back!"

"yes! Subordinates resign!"

"Go down! By the way, if you two find anyone in the city who is suspected of being a remnant of the Qing Feng Teng family, you will immediately capture and torture them. I would like to know how the Qing Feng Teng family is developing now."

"yes! Lord Holy Messenger!"

At that moment, Jiang Tianshui and the two left.

But when the two of them turned around, if anyone was around, they would definitely find a layer of cold sweat on their foreheads at any time.

Outside the dark palace, in the Shenyan City.

Wei Jifeng Looking at Jiang Tianshui, he sighed:"Old friend, I promised you not to take action last night, and it was just this once, and it won't happen again next time. I can only help you this time. Why! Tianshui, don't betray the entire Holy Alliance for a boy from the Qing family!"

Jiang Tianshui stared at the sky and whispered:"Blast!" You and I have been close friends for many years, and you know me well. There is no way I would betray the Holy Alliance. And that child Tianqi is indeed a kind and righteous person. That day he came back to see me and told me his real name, which showed that he sincerely regarded me as his master."

"hehe! Why don't you sincerely regard him as your disciple?"

"Ha ha!! Still an old friend, you understand me! This child's talent was something I had never seen before, and he was an extremely diligent and hard-working child, so I liked him the first time I saw him, and that's when I decided to take him on as a disciple. I just didn't expect that he was a descendant of the Qing family. Why! Even for the sake of the master-disciple relationship, I have to help him no matter what!"

"OK! Tianshui, it's better that we don't mention this matter less in the future. If it accidentally reaches the ears of the Holy Envoy, you two won't be able to live without it."

"Um! let's go!"

At that moment, the two people left quickly.

At the same time, in the dark hall,

Ling Tianhan called Zheng Ji to his side.

"Zheng Ji, please inform Yan Li to leave the dark palace now! Tell him that Qing Yanhai has been seriously injured by this envoy and has escaped. He is no longer a threat to him, and he will not be left here."

"My subordinates understand!"

Zheng Ji immediately accepted the order and left.

He naturally understood Ling Tianhan's intention.

Ling Tianhan drove Yanli out of the dark palace in order to force Yanli to go to Kyoto to meet Long Xing as soon as possible and tell Long Xing everything that happened so far.

By then, Qing Tianhan The remnants of the Fengteng family will be dealt with by Long Xing, and he won't have to worry about these trivial matters..

Chapter 2388

Not long after, Yan Li's figure emerged from a mysterious place in Shenyan City.

Appearing in Shenyan City again, Yanli looked around in panic and found that there was no ambush, so he chose a direction and flew away quickly.

The direction he chose was exactly the direction to Longyuan City, the capital of the Dakun Kingdom. It was also the residence of the Qing family a thousand years ago, just like the Shenyan City today.

"I'd better tell Lord Long as soon as possible that the remnants of the three Qingfeng and Teng families have reappeared in the world. snort! If you three families dare to destroy my descendants, I will pay with your blood. This time I will completely cut off the blood of your three clans in this world. This is what you owe me!"

Yanli flew away quickly with a ferocious face.

At the same time, in a hidden valley a hundred miles away from Shenyang City. At this moment, hundreds of descendants of the four Qingfeng Tenghuo families were stationed.

These are the four families. A secret stronghold was decided in advance.

At this moment, more than a dozen people were sitting in a temporary large tent in the valley. The four people sitting in the center were Qing Yanhai, Qing Xuanlin, Phoenix Master, and Teng Master. Surrounded by them were Qing Yanhai, Qing Xuanlin, Phoenix Master, and Teng Master. The more than ten people around the four are all seventh-level warriors and elders of the four families.

The only exception is that Qingyun Feng, a sixth-level wood and fire warrior, was also invited to join the group.

This time he can destroy four Qingyunfeng played a big role in the family, and the heads of the four families also trusted Qingyunfeng's ability to plan.

Therefore, although Qingyunfeng's strength has not yet reached the level of a seventh-level elder, he was invited to participate in such a high-level meeting to discuss the future together. It was a major event.

But at this moment, Qing Yanhai, Phoenix Master, and Teng Master were all pale, and they were obviously in bad mood. It turned out that after these three people rushed back to the stronghold, they had no time to heal their injuries and adjust their breathing, so they called everyone over to discuss the important matter.

Of course, this At that time, everyone also knew the identity of Qing Yanhai.

When everyone learned that the Huo family was actually the Qing family, they were all shocked, but it was more of a surprise.

Since the Huo family is the Qing family, then the three Qingfengteng families previously The wariness of the Huo family has dissipated.

Of course, the happiest person is the Qing family.

Originally, the Qing family was the weakest among the three families.

Now that the Huo family has joined, the Qing family has become the strongest among the three families. One.

However, everyone was a little confused as to why Qing Yanhai had not revealed his identity before.

But no one dared to ask casually.

In terms of Qing Yanhai's seniority, Feng Master, Teng Master, and Qing Xuanlin all If he wanted to show him the courtesy of a junior, other elders and juniors would not dare to ask random questions.

At this moment, in the tent,

Qing Xuanlin stood up excitedly and bowed respectfully to Qing Yanhai

"Junior Qing Xuanlin has met senior Yan Hai! Qing

Yanhai hurriedly stood up, supported Qing Xuanlin and said, "Xuanlin, now that you are the head of the Qing family, you don't have to show me such a great gift. I can't bear it.""

"Senior Yan Hai said that you are the elder, and as a junior you should be like this. Besides, now that Senior Yan Hai has returned to our Qing family, it is more appropriate for Senior Yan Hai to assume the position of head of the Qing family. Qing

Yanhai smiled bitterly and shook his head: "Xuan Lin, I, Qing Yanhai, am a sinner of the Qing family. What happened back then is the biggest pain in my heart. I didn't want to mention it." Since you said you want me to be the clan leader, I have to say it"

"You should all know that one thousand three hundred years ago, I should have been executed by the Qing family. People say that I personally killed my father. In fact, it is not that simple. I was framed. Of course, I also have unforgivable sins, which I don't want to mention here."..

Having said this, Qing Yanhai's face showed a look of great pain, and then he sighed again and continued.

"According to the rules of the Qing family, I have committed a serious crime and will be executed according to the family law. At that time, I told my tribe that I had been framed, but no one believed me except one person. That is the head of the family, Qing Wushen"

"At that time, the head of the family knew that I should not do such treacherous and unethical things, and he pitied my talent, so he wanted to conduct an in-depth investigation into my matter. Perseveringly, both the clan and the outside world kept putting pressure on the family leader, and the family leader finally had no choice but to agree to execute me according to clan rules."

"It was just that when the execution was finally carried out, the owner of the family played a trick and replaced me with a death row prisoner and secretly released me. Before leaving, the head of the family once told me that he could no longer find the truth, but he believed that I had been framed."

"However, I, Qing Yanhai, did kill my father with my own hands. This is an undeniable heinous crime. Therefore, the clan leader ordered me not to call myself a descendant of the Qing family from now on, unless I can establish a legacy for the Qing family in the future. Big credit. Only then can I make amends, return to the Qing family, and regain my surname."

"I swore to the head of the family at that time: I will definitely do it. I, Qing Yanhai, will one day return to the Qing family in an upright manner. Now I finally did it. This time I broke into the forbidden areas of the four families, and not only killed three of the ancestors of the Nanyanwei Zhou family, but also helped our Qing family retrieve the Green Dragon Pearl, and also rescued Qing Yanfei. Especially taking back the Blue Dragon Pearl"

"I believe everyone knows the significance of the Blue Dragon Pearl to our Qing family. It is related to the rise and fall of our Qing family, so I am confident that this kind of contribution can offset my past mistakes and restore me to my status as a descendant of the Qing family."

After hearing these words, everyone in the audience was filled with emotion. Only then did they understand why the ancestor of the Huo family did not reveal his identity at the beginning. It turned out that he had been sticking to a promise. A promise to Qing Wushen..Now

, he has done it

"Xuan Lin, I have said so much, you should understand everything, right? I, a sinful person like me, would be satisfied if I could return to the Qing Family. If you still let me serve as the head of the Qing Family, would this make me embarrassed?"

"Besides, you are the descendants of Qing Yanli. Qingyanli is the youngest son of the head of the Qingwushen family. You can be said to be the most direct descendants of our Qing family, so you are more suitable to be the head of the Qing family. Besides, the head of the Qingwushen family is very kind to me, Qing Yanhai. How can I compete with you for the position of patriarch as soon as I return to the Qing family?"

"But the junior's strength is too weak. He is still a seventh-level warrior, and it is difficult for him to hold a big position!."

Qing Xuanlin wanted to say something more, but was stopped by Qing Yanhai.

"Okay, Xuanlin Clan Chief, I have long heard that you deliberately suppressed your cultivation, otherwise you would have been able to break through to the eighth level. After getting the Blue Dragon Pearl this time, you can safely break through. By then, you will also be an eighth-level warrior, and you will be the most suitable person to be the head of this family."

"From now on, I just want to be the supreme elder of the Qing family, otherwise I wouldn't call myself Qing Yanhai, haha!!"

Actually, Qing Yanhai's real name is Qing Xinhai, and 'Xin' is his generation.

In the Qing family, eighth-level warriors are called 'Yan' generation, which also represents the identity of the Supreme Elder.

Seventh-level warriors are called 'Jun' The word "generation" represents the identity of the elder.

Only the clan leader and young clan leader can use their real names for the Qing family's children above the seventh level.

Although Qing Xuanlin is the seventh level, he is the head of the Qing family, so he has not changed his name..

In this world, almost all big martial arts families only value strength and not seniority. This is not surprising.

Besides, the lifespan of seventh- and eighth-level warriors exceeds the limit of human beings, which cannot be judged by common sense.

"This..."

Qing Xuanlin wanted to say something more.

Qing Yanhai continued to persuade: "No need to say more, I don't know what you are worried about? Are you worried that that guy Qing Yanfei will oppose you? Don't worry, that guy always likes to be alone. Even if you ask him to be the leader of the clan, he won't. Besides, even if he wants to object to you becoming the clan leader, would he dare to do so with me here?"..

Chapter 2390

At this time, Phoenix Master coughed, interrupted the conversation between the two, and said with a smile: "You two, you can slow down the discussion on this matter first, let's discuss the current situation first, the current situation is not good!"

Hearing this, Qing Xuanlin said a little embarrassedly

"What the Phoenix Master said was exactly what he said, and he almost forgot about the real thing. How about this! Senior Yan Hai, after we return to the Qing family's secret stronghold this time, we will first open the Hualong Pond to activate the Qinglong true blood in our Qing family's children, and then hold a family meeting to discuss it. What do you think?"

"good!"

Qing Yanhai nodded immediately

"This time, I am not the only one who has returned to the Qing family. I have also brought hundreds of Huo family children back to the Qing family. The blood of the Qing family is flowing in their bodies, and they all need the Green Dragon Pearl to activate them."

"Opening the Hualong Pond is indeed the most urgent matter for our Qing family, and it is also the beginning of our Qing family's renewed prosperity. Okay, let's not mention these things for now. Master Phoenix and Master Teng, please talk about the current situation!"

Phoenix Lord nodded slightly, took over the conversation and said:"At present, the situation seems to be very unfavorable to us. In today's battle, everyone must know that there is a ninth-level warrior hidden in the Shenyan City, and he is on the side of the Southern Yanwei Zhou family."

"Although I don't know why the ninth-level warrior suddenly stopped in the end, his existence is a big threat to us. It would be easy for him to destroy the children of our three tribes. Therefore, this master suggests that we evacuate immediately, otherwise we will wait until The ninth level warrior appears and we can't leave even if we want to."

As soon as these words came out, everyone in the gathering looked worried, and everyone showed fear in their eyes.

"good! I also recommend evacuating quickly!"

Qing Yanhai also nodded in approval.

But the Teng Master turned to look at Qing Yunfeng and asked:"Yunfeng, what do you think?"

As soon as these words came out, everyone's eyes were focused on Qing Yunfeng, and the tent suddenly became quiet. They all wanted to know what different opinions Qing Yunfeng had. After last night's battle, Qing Yunfeng's intelligence has been recognized by everyone. , his reputation among the children of the three tribes has also improved a lot unknowingly.

Seeing that everyone's eyes were on him, Qingyun Feng looked calmly and said

"Yunfeng believes that what we should worry about now is not the ninth-level warrior in Shenyan City. But Long Xing!"

As soon as these words came out, everyone present was confused.

Qing Yanhai immediately asked:"How do you say this? Qingyunfeng pondered for a while and said:"

Perhaps Senior Yanhai doesn't know, but Phoenix Master, Teng Master, and father, all three of you know that the remnant soul of our family master was trapped on the altar and used to worship the spirit beads."

Hearing this, Qing Yanhai immediately asked:"Sacrifice the spirit beads?" What exactly is going on?"

Qing Xuanlin explained immediately.

After Qing Yanhai heard this, he was naturally very angry, especially when he heard that Qing Wushen, who was kind to him, was now worse off than dead, and he was even more sad and angry.

At this time The Teng Master seemed to have remembered something, and opened his eyes wide and said:"Yunfeng, you said that the ninth-level master lurking in the city is the person guarding the five altars, a subordinate of the ninth-level Dzogchen master back then."

"good!"

Qingyunfeng nodded slightly.

"Since he was that person, he shouldn't have stopped suddenly at the end! He should drive us all out!"

"Regarding this, Yunfeng also has speculations. As far as I know, the transformed clone of a ninth-level warrior cannot leave the main body too far."

"Today, the man suddenly stopped, probably because the three of you were a little far away from Shenyang City, and his transformed clone couldn't reach you. In fact, he could move the position of his body and continue to chase you, but he couldn't. Then do it, this illustrates a problem"...
