

God level 241

Chapter 241

"Qin Feng, I have broken through to the Seven-Star Great Consummation!"

Luo Li looked at Qin Feng with a happy face.

"Take this!", Qin Feng casually gave her two pills

"what is this?"

Luo Li looked at the elixir in her hand curiously.

She could feel that this elixir was similar to the Xiao Jing Yuan Dan, but much more powerful than the Xiang Jing Yuan Dan.

"This is the Eighth Turn Jingyuan Pill! The medicinal effect is more than a hundred times that of Xiaojingyuan Dan...."

"Wow! so smart!"

Luo Li's little mouth opened wide, staring at the pill in her hand in disbelief.

Qin Feng smiled slightly:"It's not just that! It is also very easy to refine...you can refine one in half an hour...."

"Oh My God!" Luo Li's face turned red with excitement.

This pill is much better than the Little Jingyuan Pill!

Just one pill can definitely allow you to enter the half-step Jingyuan Fusion Realm. With two pills, the Jingyuan Fusion Realm will not be lost..The seven-star elemental masters have already learned the method of fusion of essence and essence.

What they lack is not the method, but the spiritual power.

"Qin Feng, you are so kind to me!"

Luo Li clung to her affectionately, her beautiful eyes full of tenderness.

"Hurry up and refine it! Time is very precious now..."

"Um~! "

At that moment, Luo Li started refining the elixir in Qin Feng's room.

Qin Feng was studying"Star Pattern Formation"»

Time flies by, more than an hour later.

Luo Li refined two eight-turn Jingyuan pills in one go and successfully broke through to the Jingyuan fusion realm.

At this point, she is considered a strong one among the examiners.

After all, few of these assessors are above the Jingyuan Fusion Realm.

Luo Li was overjoyed.

However, her cultivation has also reached a bottleneck.

If she thought about it further, she would be an eight-star star.

It was an extremely difficult process that took years to settle.

Next, Qin Feng arranged a task for her: to exchange Xiao Jing Yuan Dan and those examiners for resources such as Emperor Liu Jing and Seven Star Jing Yuan Pearl.

Xiaojing Yuan Dan has no effect on Qin Feng.

His mental power is too strong, swallowing the small essence essence pill is of no use, and swallowing the six-star essence essence pearl is also ineffective.

Currently, only the Seven-Star Essence Pearl has some effect.

Qin Feng specially bought a batch of Xiaojing Yuandan just to search for resources from other examiners.

Luo Li happily accepted the task.

As soon as she went on sale in the square, she immediately caused a huge sensation.

Many assessors have few points.

But they have a lot of Emperor Liu Jing and Seven Star Essence Pearls on them!

Almost all the assessors came to trade.

Luo Li exchanged two Xiaojing Yuan Dan for one Imperial Liquid Crystal.

The value of Xiao Jing Yuan Dan is 100 points.

The value of Imperial Liquid Crystal is 500 points.

Trading two elixirs for one emperor liquid crystal would definitely make a lot of money.

The assessors don't care at all.

They had no points to exchange for Xiao Jing Yuan Dan, and the Emperor Liu Jing in their hands could not be exchanged for points, so they had to exchange them for elixirs.

This made Qin Feng a small profit.

Even Long Shang and Xiao Lun Wang, who had been observing secretly, were jealous.

It's a pity that they don't have enough points to do such a business.

Only a points master like Qin Feng has such operating capital.

In the end, even the members of the fainting organization were moved and started trading one after another.

The scope of trading has also been expanded. It is not limited to Jingyuanzhu and Emperor Liu Crystal. Super skills and king-level skill cheats can also be exchanged, and even some rare items can also be exchanged.

Luo Li can hardly do it alone.

In this way, the resources of the examiners all flowed to Qin Feng unknowingly.

In the blink of an eye, two days passed.

This hot deal is over.

Qin Feng also plundered all the resources from the assessors.

In the past two days, he has not shown up at all. He has been studying "Star Pattern Formation" in seclusion, and his mastery level has reached 12%.

He can already arrange some low-level formations.

At this moment, inside the secret room.

Qin Feng sat on the sofa comfortably.

His secret room was arranged like a luxurious living room.

There are several luminous pearls on the ceiling, illuminating the room brightly.

There are several high-end sofas in the hall, as well as a glass coffee table made of pure crystal.

Now, the coffee table is filled with more than 200 emperor liquid crystals, more than 50 seven-star essence beads, and several super skill secret books.

Luo Li and Lu Ming sat aside with excitement on their faces.

Lu Ming had achieved the Seven-Star Great Perfection one day ago.

Then, Qin Feng gave him an eighth-turn Jingyuan Pill, allowing him to successfully break through to the half-step Jingyuan fusion state.

He was extremely grateful to Qin Feng.

Afterwards, he helped Luo Li handle the transaction.

Today, the two of them finally completed their mission

"very nice!"

Qin Feng looked at the harvest on the table with satisfaction.

In addition to the Emperor's Liquid Crystal and Jingyuan Pearl, the super skills are also quite interesting.

For example, one of the super skills - Dead Wood Rejuvenation (Wood Element), can be used in extreme In a short period of time, he can help people recover from injuries.

This is the means that Qin Feng currently lacks.

He has god-level devouring and is not afraid of injury.

But if the people around him are injured, he will be helpless.

This skill solves his worries.

Qin Feng collected all the resources with a casual move.

"Take these two pills and refine them!"

Qin Feng flicked his fingers, and two eight-turn Jingyuan Dan flew towards the two of them.

"Thank you captain!"

Lu Ming took the elixir excitedly.

With this elixir, he can successfully break through to the essence fusion realm.

Luo Li also looked happy.

Although her cultivation has reached a bottleneck, the improvement of mental power can strengthen the essence. Yuan Fusion Realm can also enhance her combat power.

At this moment, footsteps sounded outside the door

"Captain, Li Xun and Wan Hansheng want to see you!"

"come in!", Qin Feng opened the door to the secret room.

Li Xun and Wan Hansheng walked in with happy faces.

In the past two days, they had asked to see them many times.

But Qin Feng had been in retreat, cutting off the sounds from outside. They Can't see it.

Today, they finally saw it

I've met the captain!"

Li Xun and Wan Hansheng saluted respectfully.

Then, the two of them looked at Luo Li and Lu Ming enviously.

The strength of these two people was not as good as them.

But now, one is at the Jingyuan Fusion Realm, and the other is half-step Jingyuan. Yuan Fusion Realm, on the contrary, greatly surpassed them.

A half-step of Jingyuan Fusion Realm can easily defeat the seven-star Dzogchen Powerhouse.

Not to mention the strong ones in Jingyuan Fusion Realm.

This made both of them a little in awe of Luo Li. Got it

"What do you two want from me?", Qin Feng asked quietly.

Plop~! Plop~!

The two of them knelt down together

"Captain, we want to sign a sacred contract with you!"

"Captain, please accept us!"

Both of them are extremely sincere.

They also want to live in the secret realm.

But without the strength of the half-step essence fusion realm, they are very worried.

"oh? Have you thought about it? After signing a contract with me, even the Nine-Star Emperor cannot terminate the contract!"

"Captain, we have already thought about it! We are willing to be loyal to you for the rest of our lives!"

"good! We will be absolutely loyal to you!"

Li Xun and Li Xun answered without hesitation.

"good!", Qin Feng nodded with satisfaction.

He had been waiting for the two of them to come to his door for a long time.

From now on, if he continues to stay in SAARC, he will also need some loyal subordinates.

These people are all the elites of SAARC, and it is not a bad thing to have them under his command.

At that moment, he stepped forward and signed a sacred contract with the two of them.

The moment the contract was completed, both of them experienced strange changes in their hearts. Unknowingly, they both became loyal to Qin Feng and had the intention to follow him for life.

The sacred contract allows the slave to have faith and worship in the master.

This influence is subtle, and as the years go by, it will become deeper and deeper, and the loyalty will become higher and higher.

"You two arrived just in time! I'll give you the last two Eight-turn Jingyuan Pills....."

"Thank you captain!"

Li Xun and Wan Hansheng gratefully harvested the elixir.

At this point, Qin Feng's eighth-turn essence elixir has been used up.

If these two people don't come, he will give it all to Luo Li.

"The second assessment will start tomorrow! You four should go back and refine the elixir quickly."

"yes! team leader!"

The four of them all saluted Qin Feng with great respect, like subordinates.

Even when facing the King of Heaven, the King of the Sea, and the King of the Land, they were not so loyal.

This is the magical effect of the sacred contract.

"By the way, Captain, I suddenly had an idea....", Luo Li suddenly said

"Say it!"

"In this second assessment, if we win all the top five places, then we will give you all the reward resources of the top five. Should it be able to help you get the final inheritance?"

As soon as Luo Li's words came out,

Lu Ming, Li Xun, and Wan Hansheng's eyes lit up.

"yes! This method is good!"

"Ha ha!! If we take all the top five, I'm afraid other forces will be dumbfounded, right?"

Qin Feng smiled:"The idea is good, but the facts will be discussed after the assessment." You four, hurry up and go into retreat!"

"yes! team leader!"

At that moment, the four of them took the elixir and went into retreat happily.

Qin Feng also began to retreat to digest the resources he had just obtained..

Chapter 242

In the blink of an eye, three days passed.

The second assessment is about to begin.

Early in the morning, many people gathered in the square.

Everyone's faces were filled with joy.

After these three days of practice, everyone has made some progress.

In the crowd, Xiao Lun Wang and Li Jiao both looked happy.

This time, their mental power has been improved, their essence has been integrated and strengthened, and their combat power has improved.

"Lijiao, you were unlucky last time and got sixth place. This time, you have to break into the top five!"

Thinking of what happened last time, Xiao Lun Wang felt a little regretful.

Li Jiao said confidently: "Don't worry, little Wang Zun! My progress this time is not small, I should be able to enter the top five....."

"Last time, it was probably just luck that Luo Li was able to enter the top five. As far as I know, she doesn't seem to even have the strength of the Seven-Star Dzogchen..."

Xiao Lun Wang said: "That was her previous strength. After these three days of repairs, it should have improved a bit....."

Li Jiao said proudly: "That woman has been busy trading these days and doesn't have much time to practice. Her current strength is at most the Seven-Star Perfection, so she is not a problem."....."

Xiao Lun Wang nodded slightly: "That makes sense!"

At the same time, in another corner of the square.

Long Shang's face was full of spring breeze and his eyes were filled with joy.

He regained his former self-confidence.

After these three days of training, his combat power reached 80 million, getting closer and closer to the Eight-Star King.

At this time, the voice of Jade Qilin sounded behind him

"Long Shang, are you confident that you will get first place this time?"

"certainly!", the corners of Long Shang's mouth raised slightly.

Yu Qilin sneered: "Ha! Don't be too confident! Don't forget, Qin Feng has a lot of points. His resources are endless. I'm afraid, he will catch up with you soon..."

Long Shang smiled nonchalantly: "It's true that he has a lot of resources! But does he have time to refine it? It's just a dream to catch up with me in just three days!"

Hearing this, Yu Qilin fell silent. What

Long Shang said is true.

Even if Qin Feng has more resources, there is not enough refining time!

On the other side, in the secret cultivation room, five people from the Southern Alliance are having a meeting.

At this moment, Qin Feng Luo Li looked at the four of them with satisfaction.

Luo Li refined three eight-turn Jingyuan pills, and his mental power became very strong, so his strength was better than that of ordinary Jingyuan fusion realm.

Now he can beat the examiners. There are Long Shang, Yu Qilin, and Xiao Lun Wang.

Li Jiao, Xiao Qingfeng, and Bai Shanyue, the three masters of the Jingyuan Fusion Realm, should not be Luo Li's opponents.

After entering the Jingyuan Fusion Realm, his mental power increases. , the combat power is increased.

The mental power increased by an eighth-turn Jingyuan Pill is worth more than a hundred times that of a small Jingyuan Pill.

This kind of improvement is unimaginable by Li Jiao and others.

And Lu Ming also successfully broke through to Jingyuan Pill Fusion state, the strength should be at the same level as Xiao Qingfeng and Bai Shanyue.

Wan Hansheng broke through to the half-step Jingyuan fusion state.

What surprised Qin Feng was that Li Xun only refined one eighth-turn Jingyuan Dan, plus two small ones. Jingyuan Dan, just this morning broke through to the Jingyuan fusion state.

This Li Xun's foundation is very good.

In short, the strength of the Southern Alliance has greatly increased

"Everyone, we must win the top five in the assessment this time and grab all the reward resources so that the captain can obtain the inheritance!"

Luo Li stressed seriously.

Lu Ming and the other three also nodded excitedly.

Everyone's strength increased greatly and they were in a good mood.

Qin Feng smiled slightly:"It's almost time! lets go!"

"yes! team leader!"

The four of them respectfully accepted the order.

At that moment, a group of people set off.

Qin Feng took the lead, and the four of them followed closely. At this moment, Qin Feng was in a very good mood.

He had digested all the resources he had acquired.

More than fifty Seven-Star Essence Beads , which improved his mental power a lot.

More than 200 Emperor Liquid Crystals finally allowed his cultivation to break through to the late seven-star stage (1.3%)

His current combat power is 150 million, so it shouldn't be difficult to kill Long Shang instantly.

It didn't take long for the group to arrive at the square.

The appearance of the five Qin Feng people immediately attracted the attention of the audience.

"These five guys look good! His strength must have improved!"

"Ah!! They have so many points!"

The crowd was talking a lot.

Some were envious, and some were jealous...

But everyone's cultivation was hidden.

No one could see how the five Qin Fengs had progressed.

At this moment, the sky above the secret realm was turbulent, and there was a vast aura. once again enveloped the whole place.

Everyone fell silent.

The sound of the secret realm sounded in the air

"The second assessment is about to begin! After the assessment, those with less than 100 points will be eliminated!"

As soon as this was said, everyone panicked.

"No way? Will it be eliminated if the score is less than 100 this time?"

"yes! Wasn't it lower than 10 points last time? Why did it suddenly increase tenfold?"

Everyone looked at me one by one, and I looked at you, and their faces were a little ugly.

Even Xiao Lun Wang, Li Jiao, Xiao Qingfeng and others were panicked.

They had spent all their points.

The weak ones Not to mention.

Long Shang's face was calm. He already knew the rules of the game.

It was funny to see these earthlings panicking, like a group of ignorant country bumpkins.

He snorted slightly, feeling a little disdainful. Eyes.

Among this group of people, only Qin Feng made him fearful.

Soon, all the jade symbols sent the rule information.

After Qin Feng digested the information, a smile appeared at the corner of his mouth.

The so-called 100 points can be accumulated several times..

He still has 300,000 points left, and he can't die even if he wants to.

And those assessors who spent all their points looked sad and seemed to regret it.

At this moment, one side of the square trembled slightly, and five spatial lights The door appeared.

The assessment finally began.

Long Shang smiled proudly and was the first to walk out of the crowd and walked towards the fifth light door.

Everyone was shocked.

Generally, only those with eight-star strength would challenge the fifth light door.!

This guy's strength is indeed tyrannical.

A moment later, Long Shang entered the fifth light gate and disappeared.

At that moment, everyone couldn't help but look at Qin Feng.

Last time, Qin Feng was the first, and Long Shang was the second.

Long Shang entered the fifth level assessment channel.

Which level will Qin Feng enter?

Everyone is curious!

Qin Feng didn't pay attention to everyone's eyes.

He thought for a while and said to Luo Li and the others: "You four Don't rush in yet! Wait for my notification!"

"yes! team leader!"

The four of them, Luo Li, all had special trust in him.

At that moment, Qin Feng entered the fifth-level passage in front of everyone's shocked eyes.

This time the assessment was very special, completely different from the last time..

Chapter 243

Soon, Qin Feng entered the fifth light gate and disappeared from everyone's sight.

The next second, Qin Feng stepped into a new space.

He found himself standing on a huge platform.

In front of the platform is a huge corridor, one hundred feet wide and one thousand feet high.

The walls on both sides of the corridor were gray rock, cold and hard.

This corridor leads to the 'Ten Thousand Dragons Hall'.

The Ten Thousand Dragons Palace, the second level of the original secret realm, contains more abundant resources than the first level.

The token 'Dragon Tendon' is also hidden there.

Of course, the Wanlong Palace was closed at this time.

It will not be open to the public until the second assessment is over.

At this moment, Qin Feng silently looked towards the corridor ahead.

Every few kilometers in this corridor, there is a ring, blocking the passage.

There are nine of these arenas in total.

If you want to reach the end of the corridor, you must break through these nine stages.

The content of this assessment is: the assessor must rush to the end of the corridor and enter the Ten Thousand Dragons Palace within one hour.

For example: if completed in one hour, it will be worth 100 points.

Completed in 40 minutes, it will be worth 300 points.

Completed in 20 minutes, it will be worth 500 points.

Completed in 10 minutes, it will be worth 1000 points.

Of course, that's the scoring rule for Division One.

The first area is the least difficult and has the fewest points.

The score in the second area is doubled, the third area is quadrupled, the fourth area is eight times, and

Qin Feng is in the fifth area, so it is sixteen times.

In other words, if Qin Feng breaks through the passage within an hour, he will get 1,600 points.

After figuring out all the rules, Qin Feng made a move, and a fair-faced young man appeared next to him.

It's Wan Hansheng

"Here is...Captain!", Wan Hansheng saluted respectfully

"You also read the rules information! Let's start with you!"

"yes!", Wan Hansheng quickly took out the summoning jade talisman and activated the summons.

A moment later, nine terrifying figures fell from the sky and landed on nine arenas.

These nine figures were all dragon-headed people, and their aura reached the eight-star level.

They are the puppet dragon generals, the guardians of the nine arenas.

If you want to break through the passage, you must break through their arenas.

As long as you pass the arena, they will not pursue you.

As soon as Wan Hansheng saw nine eight Star Dragon will appear, his face turns pale with fright, and his legs begin to tremble

"Team... Captain, how... is this going to happen? Otherwise, let's try another area!"

Wan Hansheng was almost crying with fright, and his voice was trembling.

Facing these eight-star experts, he was killed instantly before he even got close, let alone broke through.

"Don't worry!"

Qin Feng looked calm.

He raised his head slightly and looked at the nine dragon generals in front of him.

The first five are from the five elements of metal, wood, water, fire, and earth. They are weak in strength and have a combat power of about 100 million.

The next two are wind and thunder. The combat power of the elemental system is about 110 million.

The last two light and dark systems have a combat power of about 120 million.

In short, all nine systems are complete, and they become stronger as you go further.

But if you are an elemental master of that system, there is always one The system will restrain you.

Qin Feng didn't care at all. He is from the Hunyuan system and can restrain all systems in the world. What's more, these puppet dragon generals have low intelligence and do not have any weapons and equipment. Their overall strength is weaker than the real eight-star king.

"Captain, why don't we change the channel? I'm worried that I won't be able to get through within an hour... Anyway, everyone has three chances to choose the passage....."

Wan Hansheng checked the time.

Half a minute has passed since the challenge.

When he activates the summons, the summoning jade talisman will automatically time, indicating that the level is open.

"You are waiting here!"

Qin Feng didn't bother to explain.

His figure flashed and Hunyuan transformed.

The next second, his whole body's momentum surged, reaching 170 million combat power in an instant.

In an instant, the world shook.

The king's pressure descended from the sky, commanding the heaven and earth, and the people respected him.!

The nine dragon generals raised their heads one after another and looked up into the sky, their eyes solemn.

Wan Hansheng was extremely horrified.

He looked up into the sky, dumbfounded.

This aura was clearly at the level of the Eight-Star King!

Oh my god!

The captain actually has such strength!

After being shocked , he was extremely excited.

At this moment, Qin Feng arrived at the first ring. The one guarding the ring was the Eight-Star Water Dragon General.

It looked panicked and was about to take action. But

Qin Feng had already activated.

He raised his hand!

Shoot!

Nine violent attacks!

Nine qi energies soared into the sky and merged into one!

The momentum spread everywhere, the space cracked, and the gun whistled and rumbled!

The extremely huge momentum condensed on the tip of the gun, blooming a dazzling light. The spiritual light, like the scorching sun rising, illuminated the entire passage, blocking all sight. The thunder gun struck the water dragon general's body like a devastating blow.

Boom~!

A loud noise!

The world will split, the mountains and rivers will collapse!

The water dragon will be instantly blasted into powder. , the soul is destroyed and the path is eliminated.

On the ring, there is a point token, a dragon bone pill, and an eight-star essence pearl.

In the distance, Wan Hansheng's mouth opened wide, and he was completely stupid. Oh my god~!

The captain actually killed the eight-star dragon general instantly!

Could it be that the captain had the strength of eight-star perfection?!

Wan Hansheng was extremely shocked!

Qin Feng naturally did not have the strength of eight-star perfection.

He used the best king-level illusion to confuse Shuilong first General, another blow to kill!

If he faced the real Eight-Star King, his illusions would not work.

But the weakness of this puppet dragon general is his lack of mental power.

The best king-level illusions can just deal with them.

"Not a bad harvest!"

Qin Feng looked at the Dragon Bone Pill and Jing Yuan Pearl in front of him with joy.

He opened his mouth and sucked them all in.

After a moment, his Dragon Bone Transformation increased to 25%, and his mental power also skyrocketed.

The eight-star Jing Yuan Pearl's The effect was comparable to ten Eight-turn Jingyuan Pills. It was so cool.

As a result, his combat power increased by 1 million.

Then, he put away the points token.

This can be exchanged for 5,000 points.

The second time The points ranking of the assessment only looks at the points gained this time and does not accumulate the points from the previous time. The points of this token are counted as this time.

It turns out that you can also get points by killing the defender.

After doing this, Wan Hansheng also Came over.

He looked at Qin Feng with respect, and did not dare to speak for a long time.

As for why Qin Feng could directly swallow the Dragon Bone Pill, he did not dare to ask.

Naturally, Qin Feng would not explain or avoid any of these.

With his current strength, some things are no longer afraid of being exposed. Does that king have some special abilities?

What's more, Wan Hansheng signed a sacred contract with him, and he is loyal and reliable, so these things will not be spread.

"You wait here, I'll kill the second one"

"yes!", Wan Hansheng's tone became more and more aggressive.

Soon, Qin Feng killed the second wooden dragon general and got another point token, three dragon bone pills, and an eight-star essence pearl.

Devour After that, his combat power increased again by 1 million points.

Then, he went to hunt the third one.

In this way, Qin Feng's strength increased by one point every time he killed one.

He also killed faster and faster.

Wan Hansheng They were all shocked and numb.

In the blink of an eye, nineteen minutes passed.

Qin Feng also killed the most difficult Guangming Dragon General and got a 7000-point token, as well as a Dragon Bone Pill and a Jingyuan Pearl.

Very good. Quickly, he had devoured the Dragon Bone Pill and the Jingyuan Pearl.

After this trip, his dragon bone transformation increased to 33%, and his combat power increased by 9 million. The harvest was very good.

"Hurry up and enter the Ten Thousand Dragons Palace! Let me know how many points you get!"

"yes! team leader!"

Wan Hansheng hurriedly walked through the light door in front of him.

The next second, he entered a temple hall.

His summoning jade talisman lit up.

He passed the assessment this time, and the score showed: 8830 points.

Wan Hansheng Han Sheng was ecstatic.

He was too busy with this result.

He quickly took out the communication talisman and passed the message to Qin Feng.

In the passage, Qin Feng smiled after receiving the message.

Sure enough, this assessment was calculated in minutes and seconds..

Just a few seconds difference will make the score different.

At that moment, he dodged and quickly returned to the starting point.

This time, he summoned Li Xun.

Li Xun was crisper than Wan Hansheng.

Qin Feng gave an order, and he immediately The summoning jade talisman was activated.

Nine dragon generals appeared again on the nine arenas.

Then, under Li Xun's extremely shocked eyes,

Qin Feng killed nine dragon generals in one breath.

This time, he only used fifteen He passed the level in minutes.

His keel transformation increased to 41%, his combat power increased by 9 million again, and his strength improved again. Li Xun passed in a short time and scored 11,000 points.

This shocked Li Xun for a long time.

At the same time, In another space passage,

Long Shang was covered with bruises.

But his face was full of joy.

He looked back at the ring behind him, his eyes even more proud.

Just now, he relied on his fighting skills to get through the wind dragon with difficulty. General's blockade passed the sixth level.

Seeing General Fenglong glaring at him angrily, but unable to leave the ring to chase him, he felt secretly happy.

Although he did not have the strength of an eight-star, this kind of You don't necessarily need to have that kind of strength to break through the level.

As long as you are fast and have rich fighting skills, you can still get through.

He thought to himself that he was very strong in these two aspects.

"I wonder what happened to that boy Qin Feng? I guess he doesn't dare to break through this fifth-level passage!"

Long Shang took a healing medicine and swallowed it.

After passing six levels, he still suffered a lot of injuries.

"There are only three arenas left, and the allotted time is half an hour, which is more than enough! It seems that the first place this time is mine! Ha ha!!"

Long Shang laughed proudly.

But he laughed so hard that the wound on his chest hurt a little..

Chapter 244

But on the other side, in the hall of Wanlong Palace.

Wan Hansheng was the first to arrive. At this moment, he stood in the middle of the hall, looking at the empty hall, feeling a little happy.

If you can reach the main hall first, you can't say that you will get the first place, but your results will definitely not be bad.

Perhaps, he can really help the captain occupy a top five spot.

When he thought of Qin Feng, he admired him endlessly.

At this moment, the light door in front of him flickered.

Li Xun walked out

"Brother Li, you're out too!", Wan Hansheng was delighted

"Just the two of us?", Li Xun looked at the empty hall in surprise.

"yes! The captain has passed the level twice, but none of those people have passed.", Wan Hansheng's face showed a proud look.

"correct! Brother Li, how long did it take you to pass the customs?"

"I have 15 minutes! And you?"

"19 minutes!"

"It seems that the captain's strength is getting stronger with each battle! He has to pass levels faster and faster!", Li Xun sighed and admired

"yes! I guess the next time I clear the level, the captain will be faster. By the way, it's been so long, why haven't other assessors passed the test?"

Wan Hansheng turned his head and looked forward.

There were five light gates there, representing five types of difficulty.

At this moment, the fifth light gate lit up.

Wan Hansheng and Li Xundun were alarmed.

The fifth light gate, The defenders were all eight-star dragon generals, which is where they just passed.

Not many dared to walk through the fifth passage.

Could it be Long Shang?

The two of them had this idea, and a young man in white walked away with a carefree look. Come in.

Little Lun King!

Both Wan Hansheng and Li Xun were a little shocked.

The person who came out was not Long Shang, but Little Lun King.

It was strange!

This Little Lun King didn't even have the strength to be a quasi-eight star. How could he pass the fifth level? The passage passed so quickly!

Little Wheel King was also shocked.

He stood at the exit of the light door, looking at Li Xun and Wan Hansheng in surprise, and even forgot to put down his raised feet.

He actually He was not the first one to arrive.

These two guys arrived before him!

By the way, they should have taken the second level passage. They must be incomparable to him!

Xiao Lun Wang seemed to have thought of something, and there was a hint of pride on the corner of his mouth. Smile.

Not to mention that these two people can't compare with themselves, even Qin Feng and Long Shang can't compare with themselves.

The first place in this second assessment must be myself. The more the Little Wheel King thought about it, the more proud he became. Walking to a corner of the hall, he didn't bother to look at Li Xun.

It turned out that he felt that Li Xun and Wan Hansheng should have come from the second level passage. The second level guardians were all Seven-Star Great Perfection, and their clearance points were low.

Even so. These two people are faster than him, but they are not as good as him.

He has passed the fifth-level passage.

As far as he knows, there are only three people who have entered the fifth-level passage, namely Long Shang, Qin Feng and himself.

At the moment, he is the only one The arrival of one person means that Long Shang and Qin Feng haven't come out yet.

Isn't this first place his own?

No one knows which passage Li Xun and Wan Hansheng walked in.

They were all summoned by Qin Feng.

The Little Wheel King relied on the last experience to judge.

At the same time, Li Xun and Wan Hansheng looked at each other.

They really couldn't figure out how this Little Wheel King passed, and it was more powerful than Long Shang.

In fact , On the road, Xiao Lun Wang was able to pass entirely because of his immortality.

He was killed hundreds of times by the nine eight-star dragon generals along the way.

What's even more disgusting is that some dragon generals will still guard the corpse.

As soon as he is resurrected, He was killed instantly.

It took him 37 minutes to get through by pretending to be dead and other means.

However, he was already very satisfied.

He felt that this second test was tailor-made for him, and his confidence swelled.

At this moment, the third door of light flashed, and another majestic figure came out, it was Li Jiao

"Little Wang Zun! Ha ha!! You came out too!"

When Li Jiao saw Little Wheel King, he hurriedly walked over, his eyes full of admiration.

He saw Little Wheel King enter the fifth passage with his own eyes, and he came out earlier than him.

"You came out very quickly this time! How long did it take?", asked the little wheel king

"39 minutes!"

"How many points?"

"1170 points!"

"This score is good! The top five should be stable!", Xiao Lun Wang nodded with satisfaction.

"Ha ha! My subordinates think so too!"

Li Jiao smiled excitedly.

He glanced at Li Xun and Wan Hansheng out of the corner of his eye, and his eyes were filled with excitement.

There were nine guardians in each passage.

It took him 39 minutes to get through, which is equal to every four He broke through a stage in minutes.

The first few were okay, but the wind, thunder, darkness, and light types in the back were all stronger than the same level. It was not easy to break through.

He was very satisfied that he could break through nine stages in a row so quickly..

As for Li Xun and the other two, he had the same idea as Xiao Lun Wang. These two people should have come from the secondary passage, so there was nothing to worry about. On the other side, Li Xun and Wan Hansheng heard the conversation between the two people, and their faces They all looked weird.

These two guys really didn't take them seriously, and they just announced their assessment results in public.

However, you want to be in the top five with 1170 points?

One of them scored 8830 points, and the other scored 11,000 points. , completely crushing Li Jiao.

Not to mention that the captain kills faster and faster, and Lu Ming and Luo Li's scores will be higher.

Thinking of this, the two looked at each other and smiled, with a strange look in their eyes.

They were all looking forward to watching the show.

Just At this moment, another person came out of the third light gate, and it was Xiao Qingfeng.

Then, assessors from the first and second light gates also came out one after another. In a blink of an eye, seven or eight people gathered in the hall.

And right here At that moment, the fifth light gate lit up.

Everyone was alarmed and looked at the fifth gate.

They were curious about which master came out?

Qin Feng? Or Long Shang?

Xiao Lun Wang also narrowed his eyes.

Can walk through the fifth passage? is his opponent.

The next second, light and shadow flashed, and a man's figure appeared in front of everyone

"How could it be him?"

"Isn't it? He can also break into the fifth channel? I read that right!"

Everyone was shocked, and their eyes were wide open.

Even the Little Lun King was confused.

Damn it~!

It was Lu Ming who came out this time!..

Chapter 245

This time, Lu Ming only took 12 minutes to arrive.

"Lu Ming, come here!", Li Xun greeted happily.

Lu Ming hurriedly walked over.

He was very excited now.

His score reached 14,000.

This made him wonder if he was dreaming.

At this moment, the atmosphere in the field became very weird. Everyone looked at Lu Ming in surprise, guessing in their minds. In the blink of an eye, another ten minutes passed.

During this period, seven or eight more examiners came out.

At this moment, the fifth light gate lit up again.

Another beautiful figure came out.

This time it was Luo Li.

Luo Li looked excited.

Her passing time was 9 minutes, not even ten minutes, and she had 17,000 points.

Everyone was shocked again

"Why is it her?"

"Does she have such strength?"

"I do not know! I think should not be?"

Everyone's eyes were filled with surprise.

They didn't know Luo Li's results.

But that didn't stop them from being shocked. Those who can pass the fifth level are all strong!

Among the crowd, Xiao Lun Wang gradually became uneasy.

He discovered that before Those two guys were from the Southern Alliance.

This woman was also from the Southern Alliance.

These seemed to be related to Qin Feng.

Everyone in the hall was silent, each with their own thoughts.

In the blink of an eye, another ten minutes passed.

Jade Qilin He came out of the fourth light gate.

Then, Long Shang came out of the fifth passage with wounds all over his body.

As soon as he appeared, he immediately attracted everyone's attention.

Many people cast admiring looks.

Long Shang's face was filled with admiration. Arrogant.

He glanced at the audience and didn't find Qin Feng, so he couldn't help but smile.

Sure enough!

That guy was still not as good as him!

As for Xiao Lun Wang, he didn't take it to heart at all. He didn't know Xiao Lun Wang's achievements, let alone the results of Luo Li and the other four.

Now, he only has Qin Feng in his eyes. If he defeats Qin Feng, he will be the first.

Those people in the faint organization don't know the truth.

When they saw Long Shang passing the level, they stepped forward one after another. Congratulations.

This made Long Shang feel happy and start to drift again.

At the same time, the four of Luo Li were a little anxious.

They felt something was wrong.

According to Qin Feng's speed, he should have come out, why hasn't he appeared yet?

Time flies so fast

In the blink of an eye, an hour passed.

More and more examiners appeared.

Some examiners found that they could not pass the level on time, so they thought of another way to survive, which was to kill the defenders and obtain point tokens.

As long as you get 100 points, you can still survive.

Therefore, the assessors who came out later were basically covered in blood and injuries.

They were injured because they were trying to kill the defender.

But among these people, there was still no one Seeing Qin Feng.

At this time, Luo Li and the others panicked.

What happened?

Did the captain have an accident?

All four of them sent messages to Qin Feng, but there was no reply.

In the blink of an eye, another hour passed.

Qin Feng still didn't show up.

Luo Li and the other three were getting more and more panicked.

In the crowd, Long Shang and Xiao Lun Wang all looked happy.

It's been so long and Qin Feng hasn't shown up yet, and most likely he died inside.

They were the oldest One of his opponents died like this!

In the blink of an eye, another two hours passed.

Qin Feng still didn't show up.

Luo Li's face turned pale.

Lu Ming and the others were restless.

Long Shang's face became more and more happy..

The Little Lun King had long been happy.

At this moment, everyone noticed.

Because all the assessors came out this time, only Qin Feng did not show up.

The whole audience could not help but whisper.

Among the crowd, Jade Qilin Her expression was complicated.

She stared at the fifth light gate silently and whispered in a low voice.

"Strange! It's been more than four hours, why hasn't Qin Feng come out yet? As soon as he finished speaking

, Long Shang next to him gloated:"He probably died inside!" Even if he didn't die, it would probably be too late. There are still 20 minutes left, and this assessment will be over....."

It turns out that the total time of this assessment is five hours.

Regardless of whether you can get through it within an hour, you must get to the Ten Thousand Dragons Palace within five hours.

Otherwise, you will never come out again.

That person will not know whether he will live or die, let alone participate in the following assessment.

"yes! Only twenty minutes left... ugh~! "

Yu Qilin sighed inexplicably.....

At the same time, in the space channel.

Qin Feng is meditating on the platform at the beginning of the passage.

The continuous use of top-quality illusions consumes a lot of his mental energy.

Especially these dragon generals are all eight-star.

He had to use all his strength to activate the illusion in order for them to fall into his trap.

In this way, the use of mental power exceeds his load.

Therefore, after he helped Luo Li clear the level, he immediately meditated to restore his mental strength.

He wants to use his best condition to achieve the best results.

At this moment, Qin Feng slowly opened his eyes, his whole body refreshed.

His mental state fully recovered and reached its peak

"There are still twenty minutes..."

Qin Feng smiled proudly and rose into the air.

There is more than enough time!

Hunyuan transforms!

The next moment, his momentum spreads out, with the majestic power of a king, rolling away, suppressing the entire audience.

Yes. It started!

Qin Feng made a casual move, and the Thunder God Spear appeared and fell into his hand.

He stood proudly in the air, his long lapel flying!

The next second, he activated the summoning jade talisman.

Nine dragons would fall from the sky!

Qin Feng activated it immediately.

He instantly It turned into a huge golden light and rushed forward.

Like a golden sword cutting through the sky, it opened a golden crack in the sky and pierced forward.....

Bang~! Bang~! bang~!

Nine loud bangs in a row!

The heaven and earth shook, the temple shook, and everyone in the Ten Thousand Dragons Palace was shocked.....

Within the passage, the space was shattered all the way, the gun was powerful, and the arena collapsed.....

Destroy the Nine Dragon General with one shot!

The majestic spirit is terrifying!

At the end of the passage, Qin Feng floated down.

With a casual move, all the relics of the nine dragon generals flew towards him.

Qin Feng released his transformation, opened his mouth and sucked in, swallowing all the essence beads and dragon bone pills.....

"Ding! Devour successfully.....Keeling increased to 69%....."

"Ding! Congratulations to the host Dragon Power for raising it to level six. The power of the true dragon has been awakened for the second time, increasing combat power by 15 million....."

At this point, Qin Feng's combat power has increased to 200 million.

If you transform again, you will be even stronger!

He is confident that he can fight against the Eight-Star Great Perfection

"Less than three minutes! good!"

Qin Feng smiled slightly and walked towards the light door in front of him..

Chapter 246

At the same time, the hall of Wanlong Palace.

Everyone looked around in horror.

Just now, the entire hall was shaking violently, as if it was being attacked.

That was naturally caused by Qin Feng.

The power of his shot just now was so powerful that it penetrated the space

"What just happened?"

"I do not know!"

At this moment, the hall no longer trembled, and people were still panicked.

Among the crowd, Long Shang looked around in confusion.

Jade Qilin also looked surprised: "Long Shang, the movement just now doesn't look like it was caused by the secret realm itself....",

"yes!", Long Shang nodded slightly, "That's weird!"

"Couldn't it be Qin Feng who did it? At present, he is the only one who has not come back!", Yu Qilin said suddenly.

Long Shang sneered disdainfully: "Ha! is it possible? Even the Eight-Star King couldn't make such a big noise, but could he? If he hadn't come out for so long, he might have died inside. Want me to say....."

But before he finished speaking, the fifth light gate lit up with spiritual light.

Then, Qin Feng walked out of it.

Long Shang opened his mouth and swallowed the second half of the words, looking a little embarrassed.

"Huh! Qin Feng is back!"

The crowd exclaimed.

Everyone looked at Qin Feng

"team leader!"

Luo Li and the four of them were surprised.

Qin Feng smiled slightly and walked towards the four of them under everyone's gaze.

At this moment, an invisible thought came and the sound of the secret realm sounded in the hall.

"After five minutes, the point token disappears, points are automatically awarded to the holder, and the erasure rules will begin!"

As soon as these words were said, people from several major organizations gathered together to discuss.

This time, people from each major organization had hunted the defenders, and they also had point tokens.

At this moment, people from each organization gathered together and began to Discuss the distribution of points tokens to ensure the safety of everyone.

In the crowd, Long Shang smiled proudly.

The Hun Organization knew the content of this competition in advance.

Therefore, the Hun Organization had already made a detailed division of labor.

Except for him and Yu Qilin It is to break through the level with all their strength.

The other eight people hunt and kill the defender to pass the level with all their strength to earn point tokens.

Then, these people only keep life-saving points and give him the extra tokens to help him win the first place. name

"Lord Long Shang, these tokens are for you!"

A member of the Hazy Organization collected the tokens and handed them to Long Shang respectfully.

"good!"

Long Shang looked at the tokens in his hand and showed a satisfied smile.

There are thirty-seven tokens in total, all worth fifty points.

In this way, he can get another 1850 points.

On the other side, the Deep Sea Clan is also distributing Token.

Soon, Xiao Lun Wang also obtained the token with a total of 600 points.

After a while, everyone's tokens were almost distributed.

On the Southern League side, Luo Li and the others were also a little nervous.

"Captain, how should we arrange it?", Luo Li asked in a low voice.

She was a little worried that she wouldn't be able to occupy all the top five.

"Wait until they are all assigned!", Qin Feng was confident.

Soon, the major organizations had finished allocating their money.

Everyone stopped discussing and waited for the notification from the secret realm.

Both Long Shang and Xiao Lun Wang looked confident.

Both of them thought they could win the first place..

At this moment, Qin Feng secretly activated, silver light lit up deep in his eyes.

The ultimate king-level skill - memory reading!

Shallow reading - rapid group reading.

Qin Feng glanced around, looking at everyone Sweeping.

In just a moment, he read everyone's memories.

He knew all how many points they had.

He was sure of the top five in this assessment.

This memory reading is much more powerful than memory stealing.

It is divided into two modes: shallow reading and deep reading.

This kind of shallow reading can quickly group scan and scan the memories of multiple people at once, but it can only see the last hour.

Deep reading memory reading can collect the most recent Memories within the month

"Captain, how's it going? Luo

Li and others asked with concern.

"Done!"

Qin Feng smiled slightly.

Then, he took out a 5,000 point token and threw it to Wan Hansheng.

Wan Hansheng quickly took it.

Then, several people looked at each other and smiled.

They all knew that the top five this time should be Theirs.

Although they didn't know how Qin Feng made the decision, they had unreasonable trust in Qin Feng.

At this moment, the voice of the secret realm sounded again

"The time has come! The erasure rules are on!"

As soon as he finished speaking, the point tokens on everyone's body disappeared and turned into the holder's points.

Then, one hundred points were deducted from everyone.

This time, no one died.

Everyone was secretly relieved..

At this moment, the black scoring stone tablet shook in the center of the hall and rose from the ground again.

Everyone accepted the prompt and stepped forward to enter the scores.

This time, the scores entered were only the second assessment results.

After a while, everyone entered almost the same score. There are a lot of 0 points on the stele, several times more than the first time.

The top five are also displayed.

Long Shang, 8750 points, Hun Organization (tentatively ranked first)

Jade Qilin, 2750 points, Hun Organization (first) Temporarily ranked second)

Li Jiao with 1170 points, Deep Sea Clan (temporarily ranked third)

Xiao Qingfeng with 820 points, Qinglong League (temporarily ranked fourth)

Bai Qianyue with 650 points, White Tiger League (temporarily ranked fifth)

At the moment, Only the Little Wheel Kings and Southern League did not record their results.

The crowd couldn't help but start talking when they saw the rankings.

"Tsk tsk!! This Long Shang is so awesome! He has so many points higher than the second place....."

"yes! I heard that his strength is approaching eight stars, which is really scary!"

"So strong! He took second place last time... I wonder if he can take first place this time?"

"This is not clear! That Qin Feng is not simple....."

The crowd was buzzing.

Everyone secretly glanced at Qin Feng, their eyes full of awe.

Although everyone felt that Qin Feng was not as strong as Long Shang, everyone's awe of him was not inferior to Long Shang's.

Qin Feng's performance in the past few days gave them the feeling that he was powerful and mysterious, which was completely invisible to people.

In the crowd, Long Shang heard the praises from others, and the corners of his mouth raised slightly. really! Seeing such an existence like their own, this group of earthlings could only look up.

But why is this Qin Feng still dawdling?

Hurry up and enter your scores!

He couldn't help but look at Qin Feng.

He couldn't wait any longer.

He wanted to show everyone how he crushed Qin Feng this time.

This time, Qin Feng came out at the last moment, and his results were definitely not good.

He is confident that he can defeat Qin Feng.

Besides, he had help from his subordinates.

This time, in order to help him, those subordinates all had 0 points and were already on the verge of danger.

If he fails to win first place again, he will feel sorry for himself.

At the same time, Xiao Lun Wang looked at the ranking on the stone tablet with disdain on his lips.

But at this moment, no one looked at him, but all looked at Qin Feng.

Apparently everyone ignored his existence.

What a bunch of arrogant people!

The little wheel king was very unhappy.

He looked at Qin Feng, but the guy hadn't moved out yet.

He finally couldn't stand it anymore and strode towards the stone monument.

This time, he wants everyone to see who is the real number one!

What Qin Feng?! What dragon mourning?!

They are all no match for him!

This time, he is destined to be famous all over the world!

After a while, Xiao Lun Wang walked to the foot of the stone tablet and entered the results.

The next second, a line of dazzling information, emitting silver light, appeared in the first row!

Little Wheel King, with 10750 points, the Deep Sea Clan (temporarily ranked first) caused a sensation in the audience.

"OMG! Little Wheel King gets 10,000 points!"

"Hiss~! He actually surpassed Long Shang!"

Everyone looked at Little Lun King in shock.

This was so unexpected!

In the crowd, Long Shang was dumbfounded!

His eyes were wide open.

How is this possible?

Qin Feng can just surpass him.

Why does another one appear now?

How could these inferior earth creatures surpass the noble him!

Long Shang was shocked and angry.

It was difficult for him to accept this fact.

Among the crowd, the Deep Sea Clan had long been prepared.

The Little Lun King reached the top spot.

All the Deep Sea Clan Cheer up

"Congratulations to Xiao Wangzun for winning first place this time!"

"The little king is mighty! My deep sea clan is mighty!"

"Ha ha!! Low profile! Low profile!"

The Little Lun King has been smiling from ear to ear.

He seems to be sure that he will win the first place.

In the crowd, Qin Feng and the other five looked at each other and smiled.

I am afraid that the Little Lun King will soon be disappointed.

Among the five of them, Lu Ming, who has the lowest points, has 11,000 points.

Not to mention Qin Feng.

He passed the level in less than three minutes and scored 50,000 points.

In addition, he also has 24 5,000 point tokens. 10 tokens worth 6,000 points, and 10 tokens worth 7,000 points.

He killed five passages, and all the tokens were in his hand.

In total, his points totaled 300,000, completely crushing the Little Wheel King.

"Captain, I have the lowest score, so I go first!", Lu Ming whispered.

Qin Feng smiled slightly:"Go!"

At that moment, Lu Ming walked towards the stone tablet..

Chapter 247

Lu Ming's move caused everyone in the audience to look at him.

The Confederates are finally entering their scores.

Among the crowd, Long Shang looked indifferent.

At this moment, he was very lost.

He actually lost to the King of Small Wheels.

This is more embarrassing than losing to Qin Feng!

In short, his first place is gone again.

These hateful earth creatures!

"Long Shang, you don't have to be disappointed, it's not bad to get second place...."

Jade Qilin's comforting voice sounded behind him

"Ah....", Long Shang laughed bitterly.

At this time, he accidentally saw Qin Feng, and his heart suddenly moved.

By the way, if he didn't get first place, Qin Feng probably wouldn't get it either.

Since he came back so late, his grades must have been very poor, at most he could have finished third.

Thinking of this, Long Shang was alive again, as if he had found a new life.

He felt that the second place seemed not bad either.

What he is best at is self-comfort.

At that moment, he became energetic and waited for Lu Ming's results with a look on his face.

At this time, Lu Ming had already walked to the stone tablet.

Xiao Lun Wang sneered slightly, his eyes full of the look of watching a good show.

This Lu Ming's last score was 0 points.

Don't you know how miserable this time is?!

Isn't it still 0 points?

As soon as he had this thought, the stone tablet lit up with a dazzling spiritual light.

A line of text was written directly on top of his name.

Lu Ming, 11,340 points, Southern League (temporarily ranked first)

"Wow! Lu Ming scored more than 11,000 points!"

The whole audience was shocked again.

The Little Lun King was dumbfounded for a moment.

What?!

Lu Ming is first?

How is this possible!

In the crowd, the bodies of dragons and tigers were shaken!

Damn it~!

Lu Ming's number one?

Then he's number three!

"hateful! How could this happen? I actually want to get third?"

Long Shang's lungs were about to burst with anger.

But at this moment, the spiritual monument lit up again.

It turned out that Li Xun had also gone up to input his results.

Another line of more dazzling text appeared on Lu Ming.

Li Xun, 11870 points, Southern League (temporarily ranked first)

"OMG! Li Xun is higher!"

The whole audience was shocked.

The Little Lun King was confused.

How could this happen?!

Before he could recover from the impact Lu Ming gave him, Li Xun came to hit him again.

Long Shang was dumbfounded.

It's over! It seems like He could only get fourth!

But at this moment, the stone tablet once again lit up with dazzling light.

Wan Hansheng's results were also recorded, and once again surpassed everyone.

Wan Hansheng, 13730 points, Southern League (temporary) Ranked first)

Everyone was extremely shocked.

Xiao Lun Wang had begun to doubt life.

He promised that he would win the first place and be famous in the audience.

Damn it! Now he is ranked fourth!

Long Shang felt like he could hardly breathe. Here it comes.

He is very depressed now.

How come these earthlings suddenly become more powerful than the other?

He doesn't believe it! He can't believe it either!

At this moment, Luo Li walked to the stone tablet.

Long Shang suddenly raised his head, extremely nervous Staring at Luo Li.

He is now ranked fifth.

This woman will not push him down, right?

If so, his great star field genius will be completely defeated by these earthlings.

That is really embarrassing!

This idea is just Get up!

Luo Li's results are out.

Luo Li, 14660 points, the Southern League (temporarily ranked first) everyone was dumbfounded again.

Damn~!

Long Shang felt his heart and blood surge, and he almost spit out a mouthful of old blood.

Defeated. Oh~!

He was really defeated by a group of earthlings!

At this moment, empty footsteps sounded in the square.

Everyone followed the sound and saw Qin Feng walking towards the stone monument.

Finally here!

The strongest person in the Southern Alliance wants to The recording started.

Everyone held their breath.

Xiao Lun Wang's face was pale.

His hands were shaking.

He was now ranked fifth.....

At this time, Qin Feng came to the stone tablet and entered the results calmly under the attention of everyone.

The next second, a vision suddenly occurred.

Buzz~!

The entire stele lit up with an extremely dazzling white light!

It instantly lit up the entire hall!

It makes people unable to open their eyes!

Dragon roars resounded in the light, as if from eternity, cheering with suppressed excitement.

The second time!

This is the second time Qin Feng has caused a strange phenomenon in the temple.

At this time, the light faded, and a line of dazzling golden text appeared on the first row of the stone tablet.

Qin Feng, 300,000 points, Southern Alliance (temporarily ranked first),

300,000 points!

Completely crush everyone!

Little Wheel King collapsed instantly.

He didn't even have a chance to get the reward.

Long Shang was also numb.

This time, he lost completely

"The rankings for this assessment have been determined and rewards will be distributed later!"

The ethereal voice of the secret realm sounded again.

The rankings of other people on the stone tablet disappeared, leaving only the top five rankings.

Qin Feng, 300,000 points, Southern Alliance (ranked first)

Luo Li, 14,660 points, Southern Alliance (ranked second)

Wan Hansheng, 13730 points, Southern League (ranked third)

Li Xun, 11870 points, Southern League (ranked fourth)

Lu Ming, 11340 points, Southern League (ranked first)

.....

Everyone was silent.

The place became extremely quiet.

This Southern Alliance is too exaggerated!

After a while, the stone tablet changed again.

The words "reward" appear after the top five.

Fifth place reward: 1 drop of true dragon's blood, 1 dragon bone pill, and 1 drop of dragon marrow liquid.

Fourth place reward: 2 drops of true dragon's blood, 2 dragon bone pills, and 2 drops of dragon marrow liquid.

Third place reward: 4 drops of true dragon's blood, 4 dragon bone pills, and 4 drops of dragon marrow liquid.

Second place reward: 8 drops of true dragon's blood, 8 dragon bone pills, and 8 drops of dragon marrow liquid.

The first place reward: 20 drops of true dragon's blood, 20 dragon bone pills, and 20 drops of dragon marrow liquid.

This reward is the same as last time.

Everyone was envious.

Qin Feng smiled.

These will all be his.

But at this moment, the change occurred again.

Another line of purple and gold text appeared under Qin Feng's name.

The examiner, Qin Feng, performed extremely well and received additional rewards: 10 drops of true dragon's blood, 10 dragon bone pills, and 10 drops of dragon marrow liquid.

The whole audience took a deep breath and became even more envious.

In the crowd, Long Shang and Yu Qilin couldn't help but look at each other.

This was the first time they had seen such a thing.

This Qin Feng is so good that he even gives out extra rewards in the secret realm..

Chapter 248

At this moment, the hall trembled slightly.

The Altar of Rewards rises in the center of the hall.

Afterwards, Qin Feng and the other five received their rewards in the envious eyes of everyone.

The sound of the secret realm also sounded above the hall

"Rewards have been distributed! Points redemption is open again!"

Many people showed bitterness.

After the previous points distribution, in order to save the lives of people in the same organization, after some calculations, most of them got 0 points.

For example, in the faint organization, except for Long Shang and Yu Qilin, there are eight people left All are 0 points.

Except for Xiao Lun Wang and Li Jiao, the remaining members of the Deep Sea Clan also have 0 points.

Other organizations are similar.

Qin Feng is secretly happy. He has accumulated more than 600,000 points now, which should be able to redeem a lot of good things..At this time, the voice of the secret realm sounded again

"This assessment is over and it will take five days to repair! In the next assessment, if the points are less than 500, it will be wiped out!"

"Oh my God! Five hundred points!"

"Why so many?!"

"It's over! It's over!"

The whole audience was horrified.

Everyone had already foreseen it.

After the third assessment, a large number of people would definitely die.

Thinking of this, some assessors almost cried.

"Wanlong Palace is officially opened!"

As soon as these words fell, the will of the secret realm receded.

On both sides of the hall, the eight stone doors leading to the Ten Thousand Dragons Palace rumbled up. The Ten Thousand

Dragons Palace was opened.

There are more treasures hidden in this Ten Thousand Dragon Palace than on the first floor of the secret realm.

"Walk!"

Long Shang gave the order.

All the people in the Hun Organization set out towards a stone gate.

They had already had their own plans.

"Let's go! We also go treasure hunting!"

"Go quickly!"

Everyone suddenly dispersed and entered the depths of the Wanlong Palace to hunt for treasures.

The erasure system for the next assessment is too harsh.

Everyone wanted to find the treasures as soon as possible and improve their strength.

That way they would have more chances to survive.

Turning your eyes, the hall All the people on the board ran away, leaving only Qin Feng and five people.

"Captain, this reward is for you!", Wan Hansheng respectfully presented the reward.

Li Xun and Lu Ming also quickly handed over the reward.

Luo Li also handed over the reward with a sweet smile.

Qin Feng did not show any pretense and accepted it directly.

"Captain, are the four of us going on a treasure hunt? Luo

Li and the others asked with expectant faces.

They were looking forward to exploring the second level.

But without Qin Feng's order, they would not act.

"Go for it!"

"Thank you captain!"

The four people were happy and left in a hurry.

In a blink of an eye, Qin Feng was the only one left in the hall.

He raised his head and looked into the depths of the hall, and his consciousness spread out and swept across in an instant.

In a moment, he spied on most of the temple..Since his spiritual power broke through to the Eight-Star Great Perfection level, he has continuously swallowed forty-five Eight-Star Essence Pearls.

His mental power is considered strong among the Eight-Star Great Perfection.

This makes his spiritual consciousness powerful. Incomparable.

Even though there were many obstacles, he could peek into the corners of many temples and found many treasures.

After he finished handling the trivial matters, he went to hunt for treasures.

All the examinees put together would definitely not gain as much as him..

Qin Feng smiled slightly and summoned this reward.

Forty-five drops of true dragon's blood, forty-five dragon bone pills, and forty-five drops of dragon marrow liquid were suspended in front of him.

He opened his mouth and sucked them all. Devour.....

"Ding! Successfully swallowed the blood of the true dragon...Dragon transformation reached 100%Combat power greatly increased...."

"Ding! Devouring the Dragon Bone Pill successfully...the dragon bone transformation reaches 100%,Combat power greatly increased...."

"Ding! Successfully swallowed dragon marrow liquid...Dragon marrow transformation reached 69%.....Combat power greatly increased...."

"Ding! Long Wei was promoted to level seven! The power of the true dragon awakens for the third time, and the combat power increases by 20 million....."

"not bad!"

Qin Feng was happy in his heart.

He looked at himself with satisfaction and saw that his combat power had increased to 250 million.

His current strength is considered the best among the Eight-Star Great Perfection.

As for facing the Nine-Star Emperor, he didn't dare to think about it yet.

The Nine-Star Emperor kills the Eight-Star Dzogchen, just like an elephant tramples an ant to death.

The two are not on the same level at all.

No one has ever thought that the Eight-Star can transcend the level and challenge the Nine-Star. That is an irrefutable consensus.

But, Qin Feng wanted to break this consensus.

After all, he was only in the late seven-star stage.

At this moment, the summoning jade talisman sent him a message

"Congratulations to the examiner for obtaining the seventh level of dragon power and being promoted to inheritor in advance....."

"Ha ha!! All this is indeed true!"

Qin Feng was ecstatic.

Becoming an inheritor in advance means that he can obtain the Dragon God inheritance regardless of whether he wins or loses in the assessment, and it is a seventh-level inheritance.

Even if he loses in the last game, the True Dragon's Blood, Dragon Bone Pill, and The dragon marrow liquid will not be deprived of it.

However, this is not his goal.

He wants to upgrade the dragon power to the ninth level and obtain the only ninth-level dragon god inheritance, which is also the supreme inheritance.

"That's half the battle!"

Qin Feng breathed a long sigh of relief.

He can now safely refine dragon blood and other things without worrying about being deprived of it.

"strangeness! My dragon quality transformation and dragon bone transformation are both 100%, my dragon marrow transformation is 69%, and my dragon power is only level seven. According to this development, when I transform into dragon marrow, it will be 100%, and at most it will be level eight dragon power....."

"This is one level away from the ninth-level Dragon Power! It's strange, then what should I do to reach the ninth level of Dragon Power?"

Qin Feng looked at the dragon bone pills in his hand and was very confused.

He still had fourteen dragon bone pills that had not been refined.

His dragon bone transformation was 100%. Continuing to swallow the dragon bone pills would have no effect and would only be wasted.

But he The power of the dragon is only level seven, not even level eight.

"It seems that upgrading to level nine dragon power requires a special method! Those extra Dragon Bone Pills....."

Qin Feng was a little worried.

In addition to this problem, he also thought of another question.

When he wins the last game, the dragon blood and dragon bone pills from Long Shang and Xiao Lun Wang will be stripped away and then transferred to his hands.

But his dragon-like transformation and dragon-bone transformation are both 100%, so he can't use them anymore.....

Qin Feng shook his head and smiled bitterly.

He was actually worried because he had too much dragon blood and dragon bone pills.

At this time, he thought of something, took out the summoning jade talisman, and looked at the exchange information inside.

At this sight, he showed joy.

The redeemable resources in the secret realm have been updated, and many things he wants have appeared.

Eight-star Dzogchen Dragon Origin (fire element), worth 60,000 points, (1 in stock)

Eight-star Dzogchen Dragon Origin (ice element), worth 60,000 points, (1 in stock)

Eight-star Dzogchen Dragon Origin (Thunder Element) Department), worth 75,000 points, (1 in stock)

Eight-Star Dzogchen Dragon Origin (Light Department), worth 75,000 points, (1 in stock).....

Isn't this what he wants?

His eight major attributes are all at the eight-star level now, and it's time to strengthen them all to the eight-star perfection level.

In the future, he will fuse the power of chaos.

The nine major attributes must first be strengthened to the nine-star level, and then the nine elements can be completely integrated and transformed into the supreme power of chaos.

Strengthening this attribute is the only way to go.

At the moment, Qin Feng went directly to the altar and bought the Dzogchen-level origin without hesitation.

Even the source of light attribute was bought.

Although he doesn't have the talent for light yet, he will always need it in the future, so it's better to save it in advance.

In this way, he spent 590,000 points and only had more than 30,000 points left.

Qin Feng was very satisfied.

He continued to look through the redemption information.

The next second, he saw something, his eyes suddenly lit up, and his face showed a look of joy.

He finally knows how to use the extra dragon bone pills..

Chapter 249

Qin Feng looked at that thing excitedly.

Points token (100 points), worth 200 points, (300 yuan in stock).

Simply put, it means exchanging 200 points for a token of 100 points.

This thing is so practical.

Qin Feng bought 140 yuan without hesitation.

He only has more than 3,000 points left.

Qin Feng quickly summoned, and Luo Li, Lu Ming, Li Xun, and Wan Hansheng appeared beside him

"team leader!"

"Are you looking for us? Luo

Li and the others asked respectfully.

They were hunting for treasures, but they were summoned back before they found the treasures.

"The four of you will exchange these point tokens for 40 yuan each....."

Qin Feng didn't explain much.

He didn't have enough points, so he had to ask Luo Li and the others to help.

"yes!"

The four of Luo Li exchanged 160 tokens very simply.

Each of them still had three to five thousand points left, which was enough for them to use.

After exchanging the tokens, the four of them handed them over to Qin Feng.

Qin Feng looked at the points The inventory of tokens became 0, and he couldn't help but smile.

His plan was half successful.

"Captain, what do you want these point tokens for?"

Luo Li asked curiously.

Li Xun and the other three were also puzzled.

It stands to reason that the five of them are not short of points at all. Why does the captain want to buy the point token?

200 points are exchanged for a 100 point token. This is not cost-effective!

Qin Feng smiled slightly:"We are not short of points, but those people are!"

Everyone's eyes lit up at this reminder.

Yes!

They are not short of points, but others are!

This time, most people got 0 points.

Even if it is not 0 points, there are only six people who are satisfied with more than 500 points..

They are Long Shang, Xiao Lun Wang, Luo Li, Li Jiao, Xiao Qingfeng, and Bai Qianyue.

But in the next assessment, those who score less than 500 points will be wiped out.

Those who do not have 500 points will be anxious to death.!

"Captain, are you going to sell the token to them?", Luo Li asked in surprise.

Qin Feng smiled and said nothing.

Luo Li smiled and said:"Captain, you are still smart. What those people want most is points. This time, we will definitely be able to sell it at a good price... By the way, they don't seem to have anything valuable on them....."

The corner of Qin Feng's mouth curled up slightly:"Who said there isn't? There are a lot of treasures in the Ten Thousand Dragons Palace! Let them trade for the treasures they found!"

The four of them suddenly realized.

Li Xun laughed happily: "Haha!! In this way, it means these people are working for us! All the treasures they have collected through hard work will be ours....."

Lu Ming also said happily: "Even so, they have to accept it obediently. Otherwise, what else can they do? Who doesn't want to live!"

"Captain, this is a good idea. By then, our business was booming. Will Long Shang and Xiao Lun Wang be jealous and grab business? The two of them also have a lot of points."

Wan Hansheng asked worriedly.

Qin Feng smiled: "We have all bought out the point tokens, how can they compete with us? This market has been monopolized by us!"

Everyone suddenly realized.

Then they remembered that Qin Feng had just asked them to buy all the tokens.

"So, you three continue your treasure hunt. Luo Li, just stay in this hall and sell tokens....."

"yes~! "

Four people took orders one after another

"Captain, how can I sell this token? Can there be a rough standard?"

"One token is exchanged for five pieces of Emperor Liquid Crystal!", Qin Feng said casually.

Hiss~!

Luo Li and the other two took a deep breath of air-conditioning.

One piece of Imperial Liquid Crystal is worth 500 points, five pieces is 2500 points.

And a point token is purchased with 200 points.

This is equivalent to using 200 points are exchanged for items worth 2500 points!

The captain is so ruthless

"Do not worry! They will definitely buy it!", Qin Feng said confidently.

"By the way, Emperor Ooze can also be exchanged for it. 1 million milliliters for one piece!"

The four of Luo Li took a deep breath of air-conditioning again.

The captain is so cruel!

1 million ml of Emperor's Liquid was exchanged for just one piece!

It seems that those poor guys are about to be squeezed dry.

Purchasing Emperor's Liquid is a big blow to Qin Feng It has no effect, but it is of great use to the development of the Southern Alliance.

He should do something about the Southern Alliance.

Besides, it is Yue'er's Southern Alliance.

Even for Yue'er, he should do something

"Luo Li, take these tokens!"

Qin Feng directly gave Luo Li 250 tokens and kept 50 for himself.

After some instructions, Li Xun and the others continued to go to Wanlong Hall to hunt for treasures.

Luo Li stayed and waited for the transaction.

Qin Feng also left in a hurry.

He wanted to proceed His next plan.

Next to the hall, there is a secret training room specially provided for examiners.

A quarter of an hour later, Qin Feng entered a secret room and closed the stone door.

The space summoning was activated!

With a burst of space fluctuations, a sudden The beautiful little loli appeared in the room.

Qin Feng actually summoned Chu Chu.

When he saw Chu Chu for the first time, Qin Feng's eyes lit up.

He hadn't seen her for several days. The little girl had grown a lot taller and was becoming more and more mature. The more beautiful she becomes, the more slender and concave her body curves become.

Think about it, this little girl will be fourteen soon, and she has also reached a period of rapid growth.

"elder brother!"

Chu Chu had a look of surprise when she saw Qin Feng.

Her beautiful little face flushed slightly.

The next second, she jumped directly into Qin Feng's arms and hugged his waist tightly.

She has never left him since she was a child. Qin Feng.

This is the longest time she and Qin Feng have been separated.

"Little girl, why are your eyes red?", Qin Feng stroked her hair lovingly

"Brother, I miss you so much! I have been waiting for you to call me, why did you call me now?", Chu Chu raised her little mouth.

"It's very dangerous here, and I haven't dared to call you easily. However, I have now thought of a way to ensure your safety...."

Qin Feng used a lot of effort to pull the girl out of his arms.

This little girl has been clinging to him since she was a child.

Just now, the semi-mature elasticity was pressed tightly against his chest, which made him feel strange.

"Brother, what can I do?", Chu Chu was a little curious.

"You take these fifty point tokens. There are two assessments next. These points should be able to ensure your safety....."

"oh!"

Chu Chu took the token obediently.

Qin Feng explained the situation of the secret realm.

After hearing this, Chu Chu was filled with shock.

"Brother, do you mean that after this secret realm assessment is completed, the Dragon Ruins will disappear and there will no longer be Dragon Ruins on the earth?"

"Yes, so we must seize this last opportunity, otherwise....."

Before Qin Feng finished speaking, the space fluctuated.

The sound of the secret realm suddenly echoed over the secret room..

Chapter 250

Before Qin Feng finished speaking, the space fluctuated.

The sound of the secret realm suddenly echoed over the secret room

"Found a new examiner, please receive your summoning talisman...."

A summoning jade talisman appeared out of thin air in front of Chu Chu.

The little girl opened her mouth slightly in surprise.

What my brother said is indeed true.

She hesitated for a moment, then stretched out her little hand and grabbed the jade talisman.

The next second, the will of the secret realm automatically exits.

Sure enough, this secret realm is like a machine, without independent thinking and full of bugs.

Qin Feng secretly breathed a sigh of relief, everything was as he expected.

Chu Chu was automatically selected as one of the assessors by default.

"Brother, this is so amazing!", Chu Chu felt a little excited.

Qin Feng looked at it

"Little girl, although you are an assessor, your strength is too weak. In these five days, you must quickly break through to the five-star realm. Otherwise, it will be too much of a hindrance....."

"oh....", Chu Chu's mouth turned up high.

She is now a four-star Dzogchen.

People outside praised her for her terrifying talent, which was simply terrifying.

After all, she was still a few days away from being fourteen years old, and it was extremely terrifying to have such a level of cultivation.

But in the eyes of her brother, she became a hindrance, and she was a little unconvinced...

But she never dared to refute his words.

"Na~! Take this ring... You don't need to go anywhere for these five days, just stay in the house and retreat....."

Qin Feng casually handed her a ring

"Brother, what is in this ring?"

"Imperial Liquid Serum (Ice), 1 million ml!"

"Oh My God! One million milliliters?"

The little girl quickly took it and took a look, and was completely dumbfounded.

It's really a million milliliters!

She was so excited that her face turned red, and she immediately stuck to it, and tapped Qin Feng's face with her gentle mouth.

"Brother, you are so kind to me!"

"You have grown up! Don't have sex indiscriminately...."

"I want to kiss..."

Qin Feng:"....."

"Seriously, your time ability has been strengthened now, right?", Qin Feng asked curiously

"Yes! It's several times stronger than before. Now I can not only slow down time, but also speed it up, and the control lasts much longer than before."

Chu Chu looked proud.

Qin Feng took a deep breath.

This girl is getting more and more amazing.

Time ability is an extremely powerful ability.

Even though Chu Chu is only a four-star perfectionist, in fact, even the early six-star elemental masters are not Must be her opponent

"Chu Chu, how many times faster are you refining elixirs than ordinary people?"

"More than ten times!"

"very good!", Qin Feng was very satisfied,"You have refined these fourteen dragon bone pills in the past few days....."

"Brother, what is this Dragon Bone Pill for?"

".....You refine it first. When I have time, I will explain it to you slowly....."

"OK!"

"Then go into seclusion!"

After a moment, Qin Feng left the secret room.

Looking at the secret room behind him, a smile appeared on his lips.

I don't know if his plan can succeed this time.

Qin Feng has become the inheritor of the secret realm.

So, is he finally The winner is no longer important.

He only needs to increase his dragon power and raise his inheritance level.

In this case, he can deliberately lose to Chu Chu in the end and let Chu Chu also become an inheritance!

In this way , Chu Chu can get huge benefits.

And those extra dragon blood and dragon bone pills will be useful.

Of course, Qin Feng originally considered Luo Li.

After careful comparison, Luo Li's qualifications are much worse. In the future, he will be the highest The achievement may only be at the level of the eight-star king.

Chu Chu is different.

Chu Chu not only has peerless ice talent, but also has the ability to time.

She has the full potential to become a nine-star emperor.

In this case, it is better to train Chu Chu well and let her He can also obtain the Dragon Ruins inheritance.

What's more, Chu Chu is still his sister who depends on him for life, and has a very important position in his heart.

At this time, Qin Feng turned his head and looked into the depths of Wanlong Palace.

It was time for him to set off.

That token "Dragon Tendon" is deep in the Ten Thousand Dragons Palace.

It is related to another opportunity, and he naturally cannot miss it.

Qin Feng's spiritual consciousness swept away, and everything about half of the temple fell into his mind.

The next second, he teleported, Just disappear into thin air.....

At the same time, deep inside the Wanlong Palace.

In a certain corridor, Long Shang hurriedly walked at the front, followed closely behind by Yu Qilin and other members of the Hun organization.

It has been half an hour since they arrived here from the lobby.

After a while, they reached the end of the corridor, which was a white stone wall.

The road is blocked

"Damn it!"

Long Shang punched the stone wall from the air.

The hall trembled slightly, but the stone wall was not damaged at all.

The entire building in the hall was protected by a barrier. Without the strength to surpass the Eight-Star Perfection, it could not be broken at all. opened

"Why! No way out again!", Yu Qilin also sighed helplessly.

This is the fourth time that they have reached nowhere.

"Chen Rui, look at the map!", Long Shang looked at a young man behind him.

The young man quickly took out a map.

There was a big red dot marked on the map.

Surrounding the red dot was a huge maze.

"This maze is really difficult to navigate!", Long Shang looked at the map helplessly.

They were going to the red dot in the center of the maze.

That is where the token 'Dragon Tendon' is located.

The guardian is the Dragon Bone Emperor.

The Dragon Bone Emperor has an eight-star cultivation level, and his intelligence is no less than that of humans, and his strength is Better than the eight-star puppet Dragon General.

Long Shang alone is no match at all.

Therefore, he needs the help of Yu Qilin and eight members of the Hun organization

"Go this way!", Long Shang quickly made a decision.

The dragon tendon token was related to another opportunity, and it was the task assigned to them by the Emperor of Hell and the Emperor of God.

They must complete it!

"Walk!"

At this moment, the group of people was about to set off.

At this time, there was a space fluctuation among the crowd, and Qin Feng suddenly appeared next to them

"Qin Feng!"

Zhonghun organization members exclaimed. They all looked at Qin Feng in awe, not daring to breathe.

During this period, Qin Feng's performance completely shocked them.

Even Long Shang and Yu Qilin showed solemn expressions.

Although The secret realm prohibits internal fighting, but they still subconsciously put themselves on alert.

"Qin Feng, why do you appear here?"

Long Shang's voice was filled with a hint of arrogance.

In his heart, he always believed that people on earth were inferior to him.

This concept is difficult to eliminate and is always revealed inadvertently.

"Ah!"

Qin Feng glanced at him disdainfully and disappeared in a flash.

Long Shang was stunned.

He was despised by others.

Qin Feng's contemptuous eyes couldn't be more obvious.

"How dare this guy look down on me! It's so arrogant!", Long Shang was furious.

But Yu Qilin stared blankly at the place where Qin Feng disappeared.

"Is that spatial ability?! What a mysterious guy!", Yu Qilin exclaimed.

At this time, she suddenly thought of something and quickly raised her head: "Long Shang, Qin Feng seems to be passing by here. Isn't he going for Longjin?"

As soon as these words came out, everyone panicked.

Long Shang's face turned pale: "No way? How did he know the location of Longjin?"

Yu Qilin also looked puzzled.

Logically speaking, people on earth don't know these secrets.

They don't know that Qin Feng stole these secrets from the memory of Dragon Jinghuang.

At this time, Long Shang said irritably: "I don't want to do that. There are many, let's go there quickly!"

At that moment, the group of people set off.

But before they could walk for long, a huge explosion sounded from the depths of the maze.

The whole maze was shaking violently.

The expressions of Long Shang and others changed slightly, and they hurriedly followed the sound.

Hey!

In that direction. It seemed to be where the Dragon Bone Emperor was...

The group suddenly felt something was wrong.

Could someone be fighting with the Dragon Bone Emperor?

"Walk! Go check it out!"

Long Shang was even more anxious and quickly took the people away.....

At the same time, in the center of the maze.

Qin Feng was proudly suspended above an altar.

Below him, the Dragon Bone Emperor looked at him in horror.

At this moment, there was a transparent hole between Dragon Bone Emperor's eyebrows.

The next second, its eyes were distracted, and its body automatically collapsed, leaving only one eight-star essence pearl and five dragon bone pills.

Qin Feng put away the Dragon Bone Pill and Jingyuan Pearl with a casual move.

Just now, he killed the Dragon Bone Emperor instantly with a single stroke of the Divine Punishment Light. It was extremely easy.

Long Shang never imagined that Qin Feng's spatial teleportation could ignore the barriers of the maze and pass through the walls in a straight line.

In just a moment, Qin Feng rushed to the center of the maze and killed the Dragon Bone Emperor.

"The second token is almost here!"

Qin Feng lowered his head and looked at the altar aside, with the corner of his mouth raised slightly.

Inside the altar, he saw a hundred-foot golden dragon dancing and roaring wildly.

Qin Feng captured it with a palm.

The mighty power fell from the sky.

Click~!

The golden light burst apart, and the temple Shaking violently!

The barrier of the altar collapsed instantly!

The hundred-foot golden dragon roared out.

Qin Feng dodged and grabbed the golden dragon's throat with one hand.

The dragon roared! It wanted to break free!

Within a hundred miles, the vitality of the world shook.

Qin Feng sneered. one, the five fingers burst into golden light.

Click~!

A crisp sound!

Five fingers are thrust into the dragon's throat!

Ouch~!

The golden dragon roared miserably, and its body shrank rapidly, turning into a long golden tendon in the blink of an eye.

That is exactly the token—Dragon Tendon!

"Ha ha!! Got it!"

Qin Feng laughed heartily and put away the dragon tendons with satisfaction.

He vaguely felt that collecting the three tokens of Ni Lin, Dragon Tendons, and Dragon Pearls would help him break through to the ninth level of dragon power.

Of course, this was just his guess..Everything still requires him to continue to explore the secrets..
