

## God level 2441

### Chapter 2442

In other words, Teng Xiaoshan is currently unable to refine this golden spirit bead. Even if it needs to be refined, it may take decades or even hundreds of years to remove the soul mark in this spirit bead.

Only after it is cleared can he completely refine the Golden Spirit Bead.

However, the situation in front of him would last for decades or hundreds of years, and even if he was given half an hour, he would not be able to do it.

Seeing Ling Tianhan looking at him with a proud look on his face, Teng Xiaoshan did not show weakness and sneered.

"White-haired child, I admit that it is indeed impossible to refine this golden spirit bead, but do you really think that I have no other means? I really can't remove that soul mark now, but I can cut off its communication with the vitality and put it in a sealed state. Then I can partially refine the golden spirit bead, so that I can also collect the golden spirit bead."

Ling Tianhan smiled nonchalantly.

"You are right! If you do that, you can indeed collect this golden holy bead. However, if you want to collect it, with your current strength, it will take at least three hours. Do you really think that the envoy has not made any calculations? It has only been two hours since you started refining the Golden Spirit Pearl."

"In other words, it will take at least another hour before you can collect it. Within this hour, I could easily kill the red-haired boy in front of me, because to kill him, I would have to use at most three more moves. After I deal with him, I will deal with you slowly!"

Hearing this, Teng Xiaoshan's face changed drastically, and he shouted: "Try it!"

"how? Do you want to give up refining the Golden Spirit Pearl and take action now? If you give up now, the first two hours will be in vain. However, I tell you that even if you give up now, I will kill this red-haired boy! Ha ha!!"

After saying this, Ling Tianhan suddenly took action, and one sword turned into a hundred sword energy, which was shot at Qin Chuan who was secretly healing his wounds at the side.

However, Qin Chuan and Ming Ling'er were already on guard when they saw his sword attack. , turned around and ran away in the opposite direction of Teng Xiaoshan.

The nearly a hundred sword energy suddenly fell into the air and bombarded the ground one after another. For a time, countless mountains and rivers were bombarded by the sword energy falling from the sky, causing the mountains and rivers to collapse and the mountains and rivers to shake.

The earth was even chopped off A large crack more than 100 meters deep appeared, like an earthquake, causing the earth to crack. The scene was extremely shocking!

Only the four people in Qing Yanhai who could see in the distance gasped.

"Huh!"

Ling Tianhan was surprised and looked at Qin Chuan who was escaping in the distance unexpectedly.

He didn't expect that his sneak attack would miss him this time.

"This guy is really cunning! This envoy's sneak attack actually failed!"

Thinking of this, Ling Tianhan shouted to Qin Chuan who was escaping in the distance.

"Red-haired little bastard, do you want to escape now? It was already too late. If it had been earlier, I would have gone directly to Teng Xiaoshan. But you are dying now. Do you think I would give up such a good opportunity? It's better to wait for this envoy to kill you first, and then go find Teng Xiaoshan! You can't run away, haha!!"

While speaking, Ling Tianhan laughed and chased Qin Chuan.

Qin Chuan was severely injured, which directly affected Ming Ling'er's performance. At this moment, he was unable to exert the full power of the 'Sun and Moon Wheel'.

His As a result, his speed was greatly reduced. Therefore, Ling Tianhan was slightly faster than Qin Chuan.

If Qin Chuan had not been injured, both of them were at the ninth level of strength and had the same speed. It would not be so easy for Ling Tianhan to catch up with Qin Chuan. But he said that Ling Tianhan was fast and pursued him closer and closer.

Hearing the astonishing sound of breaking through the air behind him, Qin Chuan looked back and was shocked.

According to his previous thoughts, as soon as he escaped, Ling Tianhan should go to find Teng Xiaoshan.

If Ling Tianhan goes to find Teng Xiaoshan, he will turn around and attack Ling Tianhan.

Although this may prevent Teng Xiaoshan from continuing to refine, this is the only way Qin Chuan can delay time. Although this method does not delay the time, But Qin Chuan had no better way.

If he were to stop him head-on, he would really have no choice but to die.

But what he didn't expect was that Ling Tianhan actually had murderous intentions and pursued him regardless of Teng Xiaoshan refining the Golden Spirit Bead. Let go, it seems that he must be killed.

Thinking of this, Qin Chuan broke out in cold sweat on his forehead, and immediately ordered Ming Ling'er to run away at full speed..

Chapter 2443

However, Ling Tianhan was faster than him, and he was still getting closer and closer.

"not good! Sir, it seems that Ling Tianhan really has to kill you! We can't get rid of him at our current speed! Qin

Chuan frowned and conveyed his thoughts to Ming Ling'er: "Ling'er, we can't give up!" Run as long as you can!"

At the same time, the four Qing Yanhai people in the distance also saw the situation ahead and suddenly became extremely anxious.

"not good! Then Ling Tianhan really had murderous intentions and wanted to kill Tian Qi!"

"yes! Instead of stopping Senior Teng, he kept chasing Tian Qi!"

"This is how to do ah? Tianqi cannot die, he is the future of our five races, he must not die! Qing

Yanhai shouted anxiously to Teng Xiaoshan: "Senior Teng, let's give up refining the golden spirit beads!" Please take action to save Tianqi quickly!"

Teng Xiaoshan also had a face full of anxiety, and his eyes anxiously looked at Qin Chuan who was being chased in the distance.

Suddenly, a ruthless look flashed in his eyes, and he shouted to Qin Chuan in the distance: "Tianqi, kill that white man. Send the kid over here and see how I kill him!"

What he said was categorical and unbelievable, and he also exuded strong confidence.

Hearing this, Qin Chuan and Ling Tianhan were both stunned.

However, Qin Chuan quickly made a decision and immediately asked Ming Ling'er to change direction. Flying towards Teng Xiaoshan.

Because he knew in his heart that no matter whether Teng Xiaoshan had any way or not, only he and Teng Xiaoshan had to join forces to deal with Ling Tianhan.

However, when Ling Tianhan saw Qin Chuan's deflection, he immediately sneered:"Boy, you change now It's too late, go to hell!"

After saying this, Ling Tianhan's speed increased sharply, and the distance between him and Qin Chuan was instantly shortened.

But at this moment, the roar of Teng Xiaoshan was heard not far away.

"White-haired child, you wait for me!"

As the words fell, Teng Xiaoshan's eyes showed viciousness, and he suddenly thrust his finger like lightning into his heart. Plop!

There was a soft sound, and blood splashed!

Teng Xiaoshan raised his head and screamed in pain, with a twisted face.

That finger It penetrated his own heart.

The four people in Qingyanhai not far away were greatly surprised. They didn't know why Teng Xiaoshan suddenly mutilated himself.

Master Teng even exclaimed loudly:"Ancestor, why are you doing this?"

Teng Xiaoshan didn't answer. He pulled out his finger, leaving only a blood hole.

The blood was still gurgling out there.

"snort! Let me use my heart's blood as a guide to let you see what ancient forbidden arts are!"

At that moment, Teng Xiaoshan sneered, and drew a strange blood rune on his forehead with his fingers that were filled with the blood of his heart.

Then he made a hand seal with both hands and said in his mouth: "Use the heart as a guide, use the blood as a guide. Sacrifice, ask me, the king of demon gods, who can break the long river of time, who knows that the reincarnation of heaven and earth is illusory? Looking at the top of reincarnation, who is Allah? Who knows the truth?"

As soon as these words were said, an extremely strange and terrifying force suddenly appeared in the world, and it suddenly came to the world. At this moment, the world suddenly became quiet.

The originally clear daytime suddenly turned into a sun. Lagging dusk.

The sun in the sky disappeared, and seven stars appeared in the distant sky, arranged in a strange formation.

Looking at the huge changes in the surrounding scenery, I also deeply felt the strange and mysterious power, a sea of green words. The four of them felt fear for no reason. It was a deep fear.

Even Qin Chuan and Ling Tianhan, who were far away, felt a tingle deep in their hearts.

Both of them couldn't help but look up at the sky, because they both sensed that fear. The strange and inexplicable power descended from the sky.

At this moment, in the dim sky, a demon head with fangs spitting out, bloody eyes and horns, and an extremely ugly and ferocious face appeared.

However, this demon head was a A phantom.

The phantom is extremely huge, boundless, and is dozens of kilometers in size.

Although it is a phantom, those sinister eyes are as real and emotionless as they are coldly looking down at everything below, as if everything is In its eyes, they are all ants, which gives people an extremely terrifying feeling..

Chapter 2444

"What is this?"

Qing Yanfei looked at the demon head above in horror, and his body was shaking involuntarily.

Just a projected head can make an eighth-level warrior tremble with fear. This is simply unbelievable.

But it just happened.

Not only Qing Yan was not like this, but the other three were also so frightened that their whole bodies trembled slightly.

At this moment, Teng Xiaoshan's voice sounded again

"Use the soul as a sacrifice, use the years as the spirit, and transform the demon's heart into Taoism!! God King, help me!!"

With this sharp shout, a strange force instantly penetrated into Teng Xiaoshan's body.

Teng Xiaoshan's body suddenly shook, his muscles expanded rapidly, his eyes gradually turned blood red, and emitted a faint red light.

His aura became even more powerful. It was a sharp improvement, reaching an extremely terrifying state in just a moment.

Seeing such a scene, Ling Tianhan's eyes showed fear, and he actually forgot to chase Qin Chuan, and said in horror

"This... this seems to be an ancient forbidden technique: True Demon Blood Sacrifice! Oh my God! How did Teng Xiaoshan obtain this long-lost forbidden technique?"

Just when Ling Tianhan was stunned, all the weird energy in the air had penetrated into Teng Xiaoshan's body.

Teng Xiaoshan's momentum also reached a peak.

At this time, all the weird celestial phenomena around him also disappeared, and the extremely huge demon head in the sky disappeared. Gone.

The sky and the earth turned into daytime again, and the scorching sun still hung in the distance.

The seven stars in the distant sky also disappeared.

At this time, Teng Xiaoshan's strange laughter came from the air again.

"quack!! All my strength is back. quack!! This feeling of reaching the peak state is really refreshing!"

Teng Xiaoshan's eyes were red, staring coldly at Ling Tianhan not far away, and said with a sinister smile.

"White-haired kid, let's see how I kill you and let you know my strength at the peak of my power, quack!!"

Seeing him like this, Qing Yanfei looked horrified.

"Oh my God! With this momentum, Senior Teng's strength seemed to have returned to its peak in no time. How can this be?"

"Senior Teng was imprisoned at the altar and tortured for thousands of years. According to normal circumstances, it would take at least several decades of training for him to return to his prime. How could he return to his prime in just a few breaths?"

As soon as he finished speaking, Qing Yanhai on the side quickly shook his head and said: "Yan Fei, you are wrong. Judging from this momentum, this is not the power of Senior Teng in his heyday, but even stronger than it was in his heyday!"

Qing Yanhai and Qing Yanfei both met Teng Xiaoshan thousands of years ago. He naturally knows what Teng Xiaoshan's momentum was like in its heyday.

Qing Yanfei squinted his eyes when he heard what Qing Yanhai said. After a while, he nodded and said

"Brother Hai, you are right. Senior Teng's current momentum is even stronger than in his heyday."

But he said that when Ling Tianhan saw that Teng Xiaoshan suddenly used the ancient forbidden technique and his strength greatly increased, he immediately felt something bad. At that moment, he did not dare to chase Qin Chuan anymore, but made a seal with one hand and pointed at the golden spirit bead.

That golden spirit bead Immediately there was a buzz, broke free from the restraints, and flew towards him quickly.

It turned out that Teng Xiaoshan had just cast the forbidden technique, so naturally he could no longer estimate the golden spirit beads, so it was difficult for the original formation to trap the spirit beads. At this moment, he was attracted by Ling Tianhan's seal , naturally easily got rid of the restraints.

Seeing the spirit bead fly away again, Teng Xiaoshan sneered, but ignored it, and made another seal

"The blood-following Holy Spirit appears!"

The ten-thousand-foot-sized Teng Snake shadow once again appeared behind Teng Xiaoshan.

However, the Teng Snake shadow at this moment is a little different from before.

That is, the eyes of the Teng Snake shadow at this moment are also blood red like Teng Xiaoshan..

Then, Teng Xiaoshan continued to make secrets, and finally gave a sharp shout

"The true body of the Holy Spirit, melt! open! now!"

With this loud shout, Teng Xiaoshan's body automatically merged into the phantom of the Soaring Snake behind him.

Then, there was another shocking roar of the beast, and the phantom of the Soaring Snake turned into reality and turned into a thousand-foot-sized Soaring Snake. The snake soared in the air.

But the eyes were still blood red.

Seeing this scene, the four people in Qingyanhai all widened their eyes in surprise...

Chapter 2445

But on the other side, when Ling Tianhan recalled the golden spirit bead.

When Qin Chuan saw it, he immediately frowned and stepped forward to block the golden spirit bead, controlling it in the air so that it could not escape.

He was already in front of Ling Tianhan, blocking the path of Jin Lingzhu.

When Ling Tianhan saw that Jin Lingzhu was blocked by Qin Chuan again, he was furious and cursed: "You little beast, you dare to do harm to your good deeds, you are seeking death! Look at the sword!"

At that moment, Ling Tianhan struck Qin Chuan with another sword, this sword was issued 100% attack power.

Qin Chuan was horrified and had no choice but to dodge.

The golden spirit bead was not blocked by Qin Chuan, and it escaped from the trap and flew towards Ling Tianhan.

Ling Tianhan was overjoyed and was about to pick up the Seal Jue again to collect the Golden Lingzhu.

But at this moment, he suddenly sensed another compelling aura not far away. He immediately raised his eyes and saw Teng Xiaoshan transforming into a flying snake and flying towards him. His face suddenly became frightened. Big changes.

Immediately, Ling Tianhan said to himself in horror: "The Holy Spirit has transformed! His strength has increased again! Oh my God! This momentum is probably close to the peak of the ninth level. No, I have to take away the spirit beads and escape!"

At that moment, Ling Tianhan Anxiously, he pressed a seal in succession and shouted: "Soul Seal! Come back!" With this shout, the golden spirit bead immediately sensed it and flew towards Ling Tianhan even faster.

But at this moment, Teng Xiaoshan, who transformed into a thousand-foot-long snake, roared with blood-red eyes, spit out a thousand-foot-long red letter, opened the snake's mouth wide, sucked in the golden spirit bead into his mouth, and swallowed it.

Ling Tianhan was stunned and stunned on the spot.

But at this moment, the snake opened its mouth again, and Teng Xiaoshan's voice sounded.

"White-haired kid, let's see how I kill you!! go to hell!!!"

As soon as he finished speaking, the Teng Snake transformed by Teng Xiaoshan opened its mouth wide and sucked it towards Ling Tianhan.

Ling Tianhan was horrified and retreated sharply.

At this moment, he knew that he was definitely no match for the other party.

Although he had a The top-grade semi-sacred weapon, the God-Destroying Sword, makes him stronger than ordinary ninth-level warriors, but at this moment, Teng Xiaoshan's strength is infinitely close to the peak of ninth-level warriors. The higher the warrior reaches the later stage, the greater the level barrier.

This Level barriers are not only reflected in large levels, but the gap between small realms in the same level is also huge.

Just like the strength gap between a ninth-level warrior and a ninth-level peak warrior, it can be said to be very huge.

Usually. Generally speaking, a ninth-level warrior cannot be the opponent of a ninth-level peak warrior.

Therefore, when Ling Tianhan saw Teng Xiaoshan coming to attack him, he was frightened and had only one thought in his mind, which was to turn around and run away.

Besides, the Golden Lingzhu was also killed by Teng Xiaoshan. If Xiao Shan swallows it alive, he will never come back.

Unless he can kill Teng Xiao Shan, it is possible to regain the Golden Spirit Pearl.

However, that is absolutely impossible.

"Since the Golden Spirit Pearl cannot be taken back, staying here means waiting to die. If you don't leave now, when will you wait?"

Thinking of this, Ling Tiantian retreated sharply.

At the same time, he rotated the long sword in one hand and made a circle in the air. With the other hand, he made a single seal seal and said in his mouth:"Ice Sword Formation!"

As soon as he finished sealing the seal, hundreds of millions of ice swords appeared behind him. Each ice sword was ten meters long. They were overwhelmingly shooting toward Teng Xiaoshan and Qinchuan in front. Their attack range was instantaneous. It shrouded hundreds of miles around, making it inevitable for people to avoid.

Looking at the group of ice swords shooting towards him, Teng Xiaoshan snorted coldly, swept his wings, and the sky suddenly blew with boundless wind.

Countless ice swords were blown away by the strong wind. As soon as they were swept, they shattered one after another.

Those ice sword fragments fell to the ground, and heavy hail fell within hundreds of miles. Countless trees and houses were destroyed by hail..

## Chapter 2446

Seeing only a short distance away, the four people in Qingyanhai were secretly speechless.

"How terrifying! This is the battle between the ninth level!"

"yes! When can we become the ninth level and have the ability to change the world with just a raise of our hands?"

The four of them were surprised and envious, with a hint of fanaticism in their eyes.

But as soon as Ling Tianhan used the ice sword formation, he turned around and ran away.

It turned out that he used this move just to stop Teng Xiaoshan's pursuit.

But they didn't expect that Teng Xiaoshan would easily Just break this move.

Before Ling Tianhan could escape far, Teng Xiaoshan spread his wings and caught up with him.

At the same time, Teng Xiaoshan opened his mouth and shouted:"Heaven Meteor!"

As soon as he finished speaking, hundreds of huge meteorites appeared in the sky, and they all hit Ling Tianhan one after another. Ling Tianhan was horrified, and with a shake of his long sword, he released thousands of sword energy, and shot at the meteorites one after another, blocking them. All attacks.

But with this delay, the distance between Teng Xiaoshan and Ling Tianhan shortened again.

Ling Tianhan was horrified, his eyes condensed, he set up the Seal Technique, and pressed into the void

"Freezing technique!"

As soon as the words fell, an extremely cold energy rushed forward and enveloped Teng Xiaoshan.

Teng Xiaoshan's body of a thousand feet suddenly turned into a huge ice sculpture and stopped in the air.

The ice was successfully sealed. , Ling Tianhan was overjoyed, and his eyes showed a proud look.

But before he could wait for a long time, the ice sculpture in front of him burst into pieces, revealing Teng Xiaoshan's body again, and Teng Xiaoshan's extremely angry voice sounded in the air.

"White-haired child, if you dare to freeze me, I will eat you alive!"

At that moment, Teng Xiaoshan's eyes were red, and he flew towards Ling Tianhan and rushed towards Ling Tianhan.

In just a moment, Teng Xiaoshan caught up with Ling Tianhan and bit him in one bite.

Seeing that he could not escape, Ling Tianhan had no choice but to turn around and resist with his sword. Xiao Shan's huge fangs bit down.

Unexpectedly, Teng Xiaoshan swept his wings, like a steel knife, slashing straight into Ling Tianhan's chest.

Ling Tianhan was frightened and stepped back, and a giant ice shield condensed in front of him.

Boom!

A sound There was a loud noise, and the ice shield shattered into pieces.

Ling Tianhan also escaped the blow. Before he could breathe a sigh of relief, the top of his head suddenly darkened, but Teng Xiaoshan's huge snake tail was like a super giant steel whip, hitting Ling Tianhan on the head. Go. He immediately smashed Ling Tianhan until he screamed, vomited blood wildly, and his body rolled and flew backwards. He flew backwards for more than a thousand

meters. Before Ling Tianhan could stabilize his body, Ming Ling'er had already shot three moon beams. The Heavenly Wheel came to intercept and kill him.

Ling Tianhan had no time to resist this time, and he screamed again, and an arm was cut off.

Seeing this result, Teng Xiaoshan and Qin Chuan were overjoyed.

Teng Xiaoshan even praised loudly. : "Tianqi, you did a good job! Let's go together and kill this white-haired kid!"

"good!"

At this moment, Qin Chuan was also in great spirits. He completely forgot about the injuries on his body, and he and Teng Xiaoshan attacked Ling Tianhan again.

"snort! Do you want to kill me? Not that easy!"

Ling Tianhan glanced at the wound on his broken arm, endured the severe pain, and looked at Qin Chuan and Teng Xiaoshan with extremely resentful eyes.

Then he turned around and turned into a large dark cloud.

Then, the dark cloud exploded and turned into Dozens of small dark clouds flew away in dozens of directions.

This immediately stunned Qin Chuan and Teng Xiaoshan. They didn't know that the small dark cloud was the transformation of Ling Tianhan's body.

At this time, in the distance, Ling Tianhan's extremely vicious voice echoed in the air

"Teng Xiaoshan, and that red-haired little bastard, please wait for me. This time I went back to report to the Holy Lord. The Holy Lord will definitely come back to avenge my broken arm. You are dead. No matter where you flee, my Holy Master will be able to find you."

"It will take at most two years for my Holy Lord to arrive here from overseas. Once my Holy Lord arrives, it will be your death. My Holy Master will never tolerate those who steal his Holy Pearl. You just wait to die! Ha ha!!"..

Chapter 2447

"snort! Ling Tianhan, you are seeking death!"

Qin Chuan was furious and wanted to chase him.

But he didn't want to stop Teng Xiaoshan behind his back.

"Tianqi, don't chase the poor bandits! This Ling Tianhan's escape technique is indeed strange. Even if you catch up, you may not be able to find out who is his real body.

Hearing this, Qin Chuan sighed:"Hey!" It seems that this guy got an advantage this time and let him escape like this."

"Water warriors are good at escaping, so we can do a good job of cutting off one of his arms. For now, what I am worried about is not Ling Tianhan, but the Holy Lord behind him."

At this time, Ling Tianhan in front had already fled without a trace.

Qin Chuan looked at the end of the front and could no longer see the dark clouds that Ling Tianhan had turned into. After a moment of silence, he whispered

"Senior Teng, do you really believe what Ling Tianhan said? So the Holy Lord really lives overseas?"

Teng Xiaoshan pondered for a while and said

"What he said should be true. Thousands of years ago, when the Holy Lord captured us alive, he accidentally mentioned that he lived on a secret island overseas. However, fortunately, he lives overseas and is extremely far away from here. Even if he comes from overseas, it will take about two years, otherwise we will be in danger.

Qin Chuan asked in confusion: "Senior Teng, what are you afraid of?" As long as we can hide, even if the Holy Lord comes, he may not be able to find us.

Teng Xiaoshan smiled bitterly: "Tianqi, you are wrong!" No matter where we hide, the Holy Lord can find us, look at this!"

After saying that, Teng Xiaoshan opened his mouth and spit out a white spirit bead, which was the golden spirit bead.

As soon as he spit out the spirit bead, Teng Xiaoshan turned his body and turned into a human form.

As soon as the golden spirit bead appeared behind him, he let out a soft cry. , still wanted to escape.

However, he was trapped by the yin and yang energy formed by Qin Chuan's hand.

At the same time, Teng Xiaoshan also flew forward, touched the golden spirit bead with his palm, and snorted coldly.

"Still want to run? This time no one will interfere and you can't run away. Tianqi, please help me first. After I collect this spirit bead, I will slowly explain other things to you."

"good!"

At that moment, Qin Chuan asked Ming Ling'er to control his body and help Teng Xiaoshan collect the golden spirit bead.

Under the joint control of the two of them, the golden spirit bead was struggling desperately, emitting a dazzling light.

Teng Xiaoshan immediately took action and shot towards the spirit bead. The bead spurted out a mouthful of blood.

The golden spirit bead immediately dimmed, and its struggle became weaker.

Immediately, Teng Xiaoshan and Ming Ling'er kept pouring seals into the golden spirit bead.

While the two were refining, Qingyan Sea appeared in the distance. People also rushed over and guarded the four sides to protect the two of them.

It took more than half an hour before the golden spirit bead was finally refined, shrunk to the size of a fist, and was taken into Teng Xiaoshan's hands.

"Ha ha!! Finally cutting off the connection between the soul mark and the outside world, we can collect this golden spirit bead."

Teng Xiaoshan nodded happily.

Qin Chuan also looked happy, but at this moment, his face was extremely pale, his forehead was covered with cold sweat, and his body was trembling slightly. He was almost reaching his limit.

He was already seriously injured. If Ming Ling'er hadn't used spiritual energy to protect him, he wouldn't have been able to hold on now.

Now, having spent more than half an hour helping Teng Xiaoshan collect the spirit beads, it was naturally difficult to hold on any longer.

"By the way, Senior Teng, you just said that no matter where we hide, the Holy Lord will definitely be able to find us. Is it because of the soul imprint in this golden spirit bead?"

Teng Xiaoshan nodded in approval: "Yes! Tianqi, you are really smart, you guessed it right"

"This soul imprint is connected to the Holy Lord's soul and can be sensed by each other as long as they are thousands of miles away. Therefore, as long as the Holy Lord comes from overseas to the inland, he can easily find this golden spirit bead with his soul sensing. If you find the Golden Lingzhu, you will also find us."

After hearing this, Qin Chuan's expression suddenly changed and he fell silent immediately..

Chapter 2448

Seeing that he didn't speak, Teng Xiaoshan was surprised and asked: "Tianqi, what do you think?"

Qin Chuan smiled bitterly and said: "Senior, listen to what you say, we tried our best to collect this golden spirit bead, but it did us a lot of harm and no good. This golden spirit bead is like a locator. With it, the Holy Lord can find our location thousands of miles away. When the Holy Lord comes to find us, we will die."

"There is only one way to eliminate this hidden danger, and that is to remove the soul seal left by the Holy Lord in the Golden Lingzhu. But the Holy Master can arrive here in two years at most. I'm afraid we don't have time to clear it out!"

"You are right, you want to remove the soul mark inside this golden spirit bead. Even if you and I work together to refine it, it will take decades. In terms of time, this method is simply not feasible. Qin

Chuan immediately smiled bitterly and said: "It seems there is only one way, and that is to throw away this golden spirit bead."

"It's just that we spent so much effort to collect this golden spirit bead with the intention of destroying the Holy Lord's plan, but we didn't want to throw it away again. Doesn't this make the Holy Lord get his wish again? Is everything we do in vain? This is really frustrating!"

Teng Xiaoshan shook his head slightly: "There is no way. There is a way that allows us to control the Golden Spirit Pearl in our hands and avoid the search of the Holy Lord. Hearing this

, Qin Chuan's eyes showed surprise and he asked quickly: "Senior, what is the solution?"

Teng Xiaoshan: "If you want to isolate the soul mark and the soul's induction, there are two methods. The first is to eliminate the soul mark. This method is the most thorough, but also the most difficult. Another method is to store the Golden Lingzhu in another closed space, which can also cut off the connection between the two."

"Another sealed space?"

Qin Chuan's eyes lit up. He thought of his God of War Order space and asked again.

"Senior Teng, is the internal space like the legendary storage ring considered a closed space?"

But Teng Xiaoshan shook his head and said:"It doesn't count!" All storage spaces have entrances connected to the outside space and are not considered closed spaces."

Hearing this, Qin Chuan was slightly disappointed. He pondered for a while and asked again.

"Doesn't the Void and Illusion Realm also count?"

Teng Xiaoshan nodded slightly:"Yes. Because there is a connection between the illusory world of the void and the outside world to absorb the five elements of energy from the outside space. Unless that connection is closed, the illusory world of void will become a world of death. The dead world is a closed space"

"However, in the world of death, the five elements of vitality cannot be generated by themselves, and people cannot survive. And without the support of the Five Elements' vitality, the Death Realm can generally only last for one or two years before collapsing on its own. Hiding this golden spirit bead in a world of death will eventually be found by the Holy Lord due to the collapse of the world of death. This method still won't work."

After hearing these words, Qin Chuan immediately sighed:"This is not the case., Senior Teng, is there any other way?"

"have!"

Qin Chuan's eyes lit up:"What can we do?"

Teng Xiaoshan looked up into the distance and sighed:"There is a method, but this method is currently very difficult to do. However, whether we can do it or not, it is what we must do."

"Senior, what is this method?"

"This method is that we create a 'true Five Elements Illusion World'"

"The true Five Elements Fantasy World? What kind of fantasy world is that?"

"This true Five Elements Illusion World is a closed illusion space, but it can generate the Five Elements vitality on its own, just like the outside space, where people, fish, birds, animals, flowers, plants, insects, and trees can survive. It is a completely independent small space. This world is not like the void and illusory world that needs to rely on external energy to maintain its existence. Hearing this

, Qin Chuan was greatly surprised and said to himself: "This true world of five elements is really magical, much better than the illusory world of void." Senior Teng, how can we create the true Five Elements Illusion World?"...

Chapter 2449

Teng Xiaoshan smiled slightly and said with a proud look on his face: "Tianqi, in fact, only we, the five ancient clans, can create this true Five Elements Illusory World. It is impossible for others to create it.""

"Why? Teng

Xiaoshan said with a smile: "Because to create this true Five Elements world, we need the sacred artifacts of our five tribes as the base of the formation, and use the essence and blood of the children of the five tribes as the guide to activate the Five Elements Formation." The five inherited artifacts will automatically produce the flow of the five elements. Water generates wood, wood generates fire, fire generates earth, earth generates metal, and metal generates water. The five elements are generated endlessly."

"There is no need for external vitality support at all. It only takes a certain period of time to feed the five inherited artifacts with a little blood essence and blood from the children of the five tribes. In this way, a closed true five-element illusory world is formed. Hearing this

, Qin Chuan suddenly realized, and then said excitedly: "That's it!" In this way, the True Five Elements Illusion Realm is the best hiding place. If all the disciples of my five races hide there, it will be difficult for the Holy Lord to find us even if he has great means!"

"yes!"

Teng Xiaoshan sighed softly.

"such a pity! Nowadays, among the five ancient clans, we only know the whereabouts of the Qing Feng Teng clan. The Bai family of the White Tiger clan and the Wu family of the Xuanwu royal clan have no clue where they are. We must find the descendants of the Bai family and the Wu family, as well as their inherited artifacts, so that we can create the true Five Elements Illusion World."

At this time, Qing Yanhai, who had been silent on the side, stepped forward and said: "Senior Teng, you don't have to worry. This time we will hold a meeting of the three clans after we return to the Qing family's secret base in Wanhua Valley. When the time comes, we will raise this matter and mobilize all the children of the three clans to search for the whereabouts of the children of the Bai family and the Wu family."

"That's good! This must happen as soon as possible! Because we don't have much time. In two years at most, the Holy Lord will arrive in Dagon Country. We must find the whereabouts of the Bai family and the Wu family within two years, as well as the whereabouts of their inherited artifacts. This matter is very urgent and must not be delayed!"

Hearing this, everyone felt a sense of urgency in their hearts.

It is not easy to find the whereabouts of the Bai family and the Wu family, as well as the whereabouts of their artifacts within two years.

Because they don't have any children from those two families now. clues.

In addition to a sense of urgency, Qin Chuan also has a complex and difficult-to-understand emotion in his heart.

Because he possesses the true blood of the Qinglong Xuanwu clan, he is not only a descendant of the Qing family, but also a relative of the Wu family.

Because his mother is A child of the Wu family.

He received his father's inheritance as well as his mother's inheritance.

He is a rare blood successor.

Besides, because he has the water-based holy beast Xuanwu True Blood in his body.

If he does not activate the holy beast Xuanwu True Blood Otherwise, when his water energy reaches the eighth level, he may explode and die, so no matter what the reason, he must find the Wu family's inherited artifact.

Thinking of this, Qin Chuan couldn't help but take a deep breath.

This As soon as he took a deep breath, Qin Chuan felt a sharp sting in his chest, which made him frown slightly.

It turned out that the ribs in his chest were all broken, and this movement made him unbearably painful.

At this time, Ming Ling came to his mind. Concerned voice

"My husband, let's go get treatment as soon as possible. Your injury can't be delayed any longer."

Teng Xiaoshan also saw Qin Chuan's pain, and said warmly: "Tianqi, your injury is serious! Let's find a quiet place to heal!"

"yes! Tianqi, you'd better heal your wounds first! Other things will come later."

The four Qing Yanhai people also stepped forward to persuade them.

After the battle just now, they had seen with their own eyes the terrifying strength of Qin Chuan and Ming Ling'er, and it was definitely not something they could achieve. This made them deep in their hearts. They all had a sense of awe towards this junior...

Chapter 2450

Now, Qin Chuan is a ninth-level warrior in their eyes, on the same level as Teng Xiaoshan.

Although Qin Chuan does not yet have the strength of the ninth level, as long as Ming Ling'er is completely released from seclusion, his strength will be equal to that of a ninth level warrior.

But Qin Chuan heard everyone's persuasion and said:"Then let's go to the Holy Island! The Mokuo people there will definitely entertain us well."

"good! Yan Hai, lead the way. Tianqi, when you arrive at the Holy Island, I will personally heal your injuries. If I take action, your injury will heal faster."

"Then thank you, Senior Teng."

At that moment, everyone flew to the Holy Island together.

But on the way, Qin Chuan peeked at Teng Xiaoshan a few times.

Because Teng Xiaoshan's eyes have been blood red since he performed the True Demon Blood Sacrifice, and they have not recovered until now. After arriving at the Holy Island, Qin Chuan asked the two priests to arrange a room for him.

Teng Xiaoshan helped Qin Chuan heal his injuries in that room.

As soon as the two sat on the floor, a ray of white light flew out from Qin Chuan's body, and after landing, he transformed. The beautiful woman in white was none other than Ming Ling'er. As soon as Ming Ling'er appeared, Teng Xiaoshan smiled politely and said,"Miss Ling'er!"

Ming Ling'er unexpectedly did not respond coldly this time, but said gently:"Teng Xiaoshan, thank you for your willingness to help my husband heal his injuries. I thank you here first."

"Ha ha!! What did Miss Ling'er say? Tianqi is my junior. He is injured. How can I, a senior, sit back and watch? Miss Ling'er, let's help Tianqi heal his injuries together!"

"That's exactly what the little girl means!"

At that moment, the two of them began to heal Qin Chuan's injuries.

Qing Yanhai and the other two had been guarding silently in a nearby house.

While guarding, the four of them also talked quietly about the recent situation.

Although they successfully rescued Teng Xiaoshan also collected a golden spirit bead, but they had to face a greater threat.

This threat came from the Holy Lord, which was much more terrifying than Long Xing.

Even if their five tribes returned to their heyday, they would not be the Holy Lord. The opponent of the Lord.

What's more, only three of the five ancient tribes have their whereabouts. Among the three tribes, there is only one ninth-level warrior. There is also Qin Chuan, who can be called the ninth level.

And if Qin Chuan can truly reach the level of It will take decades to reach the ninth level of strength.

Because in a few days, Ming Linger will go into seclusion again, and Qin Chuan will become a fourth level warrior again.

Therefore, strictly speaking, the five ancient tribes Now there is only Teng Xiaoshan, a ninth-level warrior.

Such strength is even more vulnerable in front of the Holy Lord.

Thinking of the terror of the Holy Lord, the four of Qing Yanhai couldn't help but feel depressed, and they were all quietly discussing how to find Bai Bai next. The whereabouts of the Wu family and the Wu family.

Just like that, three days passed unknowingly.

On this day, a long and cheerful roar suddenly came from Qin Chuan's room.

Qin Chuan opened his eyes, looked up to the sky and roared, and then quickly After looking at his whole body, he was pleasantly surprised to find that not only were all his injuries healed, but his

cultivation had also improved a lot. It turned out that in the past two days, Ming Ling'er had used a large amount of yin and yang energy to temper his body, so that his injured internal organs and body It was strengthened and nourished again.

Although his physical combat power still did not increase, the body's absorption of energy had reached a saturated state, which was the requirement for breakthrough evolution.

Now, he only needs to find Yuan Yang and Yuan Yin. After tempering his body, he can open the third door.

This change is just one of the changes.

The other change is that Teng Xiaoshan used a large amount of earth energy to heal Qinchuan's injuries, which actually improved Qinchuan's earth energy. One step closer to the third level peak...
