

God level 2451

Chapter 2451

Originally, Qinchuan's earth element qualifications were only average, and it was extremely difficult for him to improve his earth energy.

Every little bit of progress is extremely valuable.

Now that Qinchuan's earth energy has improved again, he is naturally very happy.

"Ha ha!! My injuries are all healed, thank you Senior Teng for your help!"

Teng Xiaoshan's eyes were still blood red, and he smiled and said:"Tian Qi, you don't have to be polite to me in the future. By the way, when I was healing you, I discovered that you had cultivated the five elements of vitality. Are you a five element warrior?"

"Yes, senior!"

Hearing this, Teng Xiaoshan's eyes lit up, showing a look of great joy, and he immediately smiled and said

"Ha ha!! good! good! Unexpectedly, after our five tribes experienced the disaster thousands of years ago, a five-line warrior with rare qualifications comparable to the spirit body would emerge. Tianqi, you are a fifth element warrior, you have to make good use of it! Speaking of this

, Teng Xiaoshan thought of something and said again:"By the way, Tianqi!" I told you before that I would give you a reward. Now, what has I thought about this reward?"

Hearing this, there was a hint of surprise in Qin Chuan's eyes.

Since Teng Xiaoshan personally promised him a reward, the reward will definitely not be bad.

After all, Teng Xiaoshan is a ninth-level warrior.

How could the reward given by a ninth-level warrior be bad?

At this moment , Qin Chuan suppressed the excitement in his heart and asked with a smile:"I wonder what kind of reward the senior is going to give the boy?

Teng Xiaoshan laughed and scolded:"You little guy really don't know how to be polite!" In fact, this reward is that I want to help you improve your gold energy cultivation."

"Help me improve my gold energy cultivation?"

"good! Because I discovered that you have cultivated Jin Yuan Qi, and I have a Golden Spirit Pearl in my hand. This golden spirit bead contains extremely majestic golden energy."

"After returning to your Qing family's secret base, I will find a way to extract some golden spiritual energy from the golden spiritual beads and pour it into your body. As for how much your golden spiritual energy can be improved, it depends on your own destiny. Hearing this

, Qin Chuan was overjoyed and quickly thanked him.

"That guy thanked you here first."

"hey-hey!! This golden spirit bead was originally more useful to the Bai family's children, but unfortunately there is no trace of their whereabouts, so I will give you an advantage first, and let you first feel the benefits of the spiritual energy imbued in this golden spirit bead to your cultivation. It's fair to say I'm going to experiment on you! Ha ha!!"

Qin Chuan smiled and said nothing.

He hoped to do this kind of experiment more often.

After all, he could improve his cultivation, so why not do it?

At this time, Qin Chuan thought of Ming Ling'er again, and turned to face She said softly:"Ling'er, thank you very much this time! Seeing Qin

Chuan actually thanking herself, Ming Ling'er felt happy and said with a sweet smile: "My dear husband, Ling'er doesn't need your thanks. As long as you remember that Ling'er is your wife, Ling'er is the only one in the world who is grateful to her." You are the best."

Hearing this, Qin Chuan felt a little embarrassed for some reason.

Teng Xiaoshan on the side just looked at him with a smile.

Qin Chuan could only cough and change the subject: "Ahem!! By the way, Senior Teng, Ling'er, that Ling Tianhan is quite strong! He doesn't seem like an ordinary ninth-level warrior.

Hearing this, Teng Xiaoshan also nodded and said: "Not bad!" That white-haired guy is indeed very strong. I think even if he doesn't have the Divine Sword, his strength is slightly stronger than that of an ordinary ninth-level warrior. No wonder the Holy Master asked him to guard the altar. He obviously trusted his strength."

Ming Ling'er snorted disdainfully: "Humph! What's so great about that white-haired guy? If it weren't for the fact that the Sun and Moon Heavenly Wheel was incomplete and lacked four seven-star blood beads, this would seriously affect my strength."

"If the Sun and Moon Heavenly Wheel is complete, even if Ling Tianhan has the help of the God-Destroying Sword, he may not be my opponent. If I wait a few more decades to completely refine Thunder Ya's weapon soul, there is still a chance that I can break through the current level and become a mid-grade artifact."

"Become a mid-level artifact! Isn't that equivalent to the strength of the ninth level peak?"

Teng Xiaoshan looked surprised...

Chapter 2452

When Teng Xiaoshan saw Qin Chuan's confused look, he explained

"As far as I know, there are three types of artifacts. Low grade, medium grade, top grade. The spiritual strength of a low-grade artifact is equivalent to the ninth level, the middle-grade artifact is equivalent to the peak of the ninth-grade artifact, and the high-grade artifact is equivalent to the

ninth-order Dzogchen. If Miss Ling'er can break through the Sun and Moon Heavenly Wheel to a mid-level artifact, then her strength will be equivalent to the peak of the ninth level."

"The ninth level peak! Qin

Chuan also opened his eyes wide in surprise, and then a hint of surprise flashed through him.

Seeing Qin Chuan's appearance, Ming Ling'er on the side reminded him:"Mr. sir, I just said that there is a certain chance of breaking through, but It may not become a mid-grade artifact"

"So how sure are you?

Ming Ling'er pondered for a while and said,"It's probably only 30% to 40%. ""

"The odds are already high. Ling'er, it doesn't matter if you don't become a mid-level artifact. As long as you can collect all the other four seven-star blood beads, your strength will be greatly increased. Even Ling Tianhan will not be your opponent at that time."

But she didn't want to, Ming Ling'er shook her head and said:"No, sir, you must help me advance to a mid-grade artifact. Because my uncle is a mid-grade artifact"

"Moreover, he has been the weapon spirit of a mid-grade artifact for nearly ten thousand years, and maybe he will soon become a high-grade artifact. If you can't let me advance to a mid-level artifact, you may not be a match for another successor. Hearing this

, Qin Chuan frowned and said with a wry smile:"So your uncle is so strong. ""

After listening to the conversation between Qin Chuan and Ming Ling'er, Teng Xiaoshan was puzzled.

However, he was old and mature, but he would not take the initiative to ask about this matter.

When Qin Chuan saw this, he wanted to tell Teng Xiaoshan.

But right here At this time, Teng Xiaoshan's originally calm face suddenly showed a look of extreme pain. His whole body was shaking violently, and his bones were "creaking! Creaking!", as if something was extracting something from his body. Seeing this, Qin Chuan was shocked and quickly stood up and asked: "Senior! What's wrong with you?"

Teng Xiaoshan didn't answer. His face was filled with pain, and he was horribly twisted. There were big beads of sweat rolling down his forehead. Suddenly

, Teng Xiaoshan looked up to the sky and roared in pain.

Then, Qin Chuan felt a strange feeling. The frightening power was taken away from Teng Xiaoshan.

As soon as the energy was taken away, Teng Xiaoshan suddenly became sluggish, and the momentum of his whole body dropped sharply. In the blink of an eye, he fell back to the level of strength when he had just escaped from the trap, and even became weak. Some.

In addition to the change in momentum, Teng Xiaoshan's appearance also suddenly became much older. His original black hair turned into grayish white, and there were many wrinkles on his face.

In the blink of an eye, he changed from the appearance of a middle-aged man in his forties to , turned into an old man in his fifties.

Another change was that Teng Xiaoshan's blood-red eyes finally returned to normal.

Seeing such a change in Teng Xiaoshan's appearance, Qin Chuan was shocked. He was about to ask What happened?

Ming Ling'er on the side whispered: "It is said that there is a price to pay for using the ancient forbidden technique 'True Demon Blood Sacrifice'. It seems that the price he paid is not small!"

After hearing what Ming Ling'er said, Qin Chuan hurriedly asked: "Pay the price? What exactly is going on?"

Without waiting for Ming Ling'er's answer, Teng Xiaoshan, who looked sluggish, said with a wry smile.

"Tianqi, Ming'er is right. I used the True Demon Blood Sacrifice to communicate with the ancient Demon God King. At the cost of sacrificing my lifespan, I was able to restore my peak cultivation level within three days."

"If it weren't for this, how could it be possible that my broken body, which had been tortured for thousands of years, could return to its peak cultivation level in just one breath? Even pass it by! This is all with the help of the power of the ancient demon king" ..

Chapter 2453

After hearing these words, Qin Chuan remembered the scene when Teng Xiaoshan performed the True Demon Blood Sacrifice.

At that time, the world suddenly became dark, from blue sky and daytime to dusk, and a huge head projection appeared in the sky.

As soon as the avatar projection appeared, everyone present felt palpitations and fear.

I guess the phantom in the head is the legendary king of ancient demon gods.

Thinking of this, Qin Chuan's eyes showed fear and he asked in a low voice: "Senior, what price did you pay to the King of Demon Gods?"

"Shouyuan! Use five hundred years of longevity as a memorial in exchange for three days of strength."

Teng Xiaoshan said all this calmly, looking forward with empty eyes.

"Five hundred years of life have only been exchanged for three days. The price is too high! This deal is too unfair."

Teng Xiaoshan smiled bitterly: "How can we talk about 'equality' when making a deal with the King of Demon Gods?" If you want to get help from the King of Demon Gods, how can you do it without paying a huge price? This is the reason why ninth-level warriors have regarded 'True Demon Blood Sacrifice' as a forbidden technique since ancient times."

"Why! In fact, giving five hundred years of life is nothing. A ninth-level warrior has a life of nine thousand and nine hundred and ninety-nine years. This is an unshakable rule of heaven and earth. It's just that I have lived for 3,388 years"

"Giving 500 years of life today is equivalent to me aging another 500 years in just one breath. In other words, my current age should be 3888 years old. Three thousand eight hundred and eighty-eight years old! hey-hey!! This age!"

At the end of the sentence, Teng Xiaoshan looked sad and forced a smile from the corners of his mouth.

But Qin Chuan was greatly puzzled after listening to his words.

Since a ninth-level warrior can live to be nine thousand nine hundred and ninety-nine years old, what about five hundred Years of longevity are nothing to a ninth-level warrior, so why does Teng Xiaoshan have a sad look on his face?

Just when Qin Chuan was puzzled, Ming Ling'er on the side also looked solemn and said

"Three thousand eight hundred and eighty-eight is not far from four thousand years old. Teng Xiaoshan, you are in danger!"

"yes! Why! I only have one hundred and twelve years left.

Hearing this, Qin Chuan couldn't help but ask:"Ling'er, what are you talking about?" What impact will these four thousand years have on Senior Teng?"

"My husband, that's it. Although the lifespan of a ninth-level warrior is 9999 years, most ninth-level warriors cannot live to be 9999 years old. This is because the ninth-level warrior has a calamity of forty-nine years."

"Forty-nine years old calamity? what is that?"

Ming Ling'er continued to explain:"The calamity of forty-nine years is a calamity sent from heaven. A ninth-level warrior who lives to be four thousand years old will encounter a calamity of four thousand years. If he survives it, he will be able to continue to live. If he cannot survive it, he will perish."

"In fact, most ninth-level warriors failed to survive the 4,000-year-old calamity, and they perished because of this. Even if they survive the 4,000-year-old calamity and live to the 9,000-year-old calamity, they will have to live another calamity for the nine-thousand-year-old calamity."

"The nine-thousand-year-old calamity is much more terrifying than the four-thousand-year-old calamity. Even ninth-level Dzogchen warriors cannot survive it. Anyone who survives it can live another nine hundred and ninety-nine years. These four-thousand-year-old tribulations and nine-thousand-year-old tribulations, taken together, are the forty-nine-year-old tribulations of a ninth-level warrior."

"Miss Linger is right. Now that I have dedicated five hundred years of life, I am only one hundred and twelve years away from the four thousand years of calamity. Why! I'm afraid I won't be able to survive this time.

At that moment, Qin Chuan stepped forward to comfort him:"Senior, you don't have to worry too much." I believe you will be able to get through this. Teng

Xiaoshan shook his head and smiled bitterly:"Tianqi, you don't know the horror of this four-thousand-year-old calamity." Even a ninth-level peak warrior may not be able to survive the 4,000-year-old calamity safely. I have suffered a great loss in cultivation now. It will take at least several decades of cultivation to return to its heyday."

"And even if I return to my prime, I am still far away from the peak ninth level strength. In these one hundred and twelve years, it is absolutely impossible for me to break through to the peak of the ninth level."..

Chapter 2454

Ming Ling'er also nodded and said:"Yes! In fact, it is difficult for most ninth-level warriors to break through to the ninth-level peak before the age of four thousand. And without the cultivation of the ninth-level peak, it is difficult to face the calamity of four thousand years. , there is almost only a dead end, and it is extremely rare to survive"

"Even if one has the cultivation level of the ninth level, there is only a 50% chance of survival in the face of a 4,000-year-old calamity."

Hearing this, Qin Chuan's heart trembled. He had already realized the seriousness of the matter.

Seeing Qin Chuan's expression, Teng Xiaoshan naturally understood and said with a wry smile: "Tian Qi, you can see that it is impossible for me to survive. The 4,000-year-old calamity will pass one hundred and twelve years later, so I only have a lifespan of one hundred and twelve years. I hope that in these one hundred and twelve years, you can grow up quickly and take over my position to protect our five ancient races."

"senior! Isn't there still one hundred and twelve years? Regardless of whether you can survive the 4,000-year-old calamity, you cannot give up even at the last moment! As long as you don't give up, even if there is only a 1% chance of success, there is still a possibility of success. If you give up now, you are giving up everything."

Qin Chuan's tone was very firm, and his face showed a resolute look.

"Ha ha!! Tianqi, don't worry about this. Even if I know I can't make it through, I won't give up and will persevere until the end."

"I think I, Teng Xiaoshan, have been extremely talented since I was a child, and there are several peers with similar qualifications to me, but in the end, only me broke through to the ninth level. If I didn't have that determination to become a strong man, I wouldn't have achieved what I have today."

After hearing this, Qin Chuan thought in his heart

"Yes! Which person who can become a ninth-level strong person is a weak-minded person? They all become stronger when they encounter strong people. Even if they encounter big setbacks, they will not give up easily. This is the heart of the strong. There is nothing impossible in this world, only those who cannot stick to their own beliefs."

Thinking of this, Qin Chuan said: "It seems that this junior is worrying too much."

Teng Xiaoshan added: "Although I say I won't give up, there is almost no chance that I will survive the 4,000-year-old calamity. This is also true! So, no matter what, I have to give our five ancient tribes an explanation before this."

"Tianqi, you are the pillar of our five ancient races. Today, I will entrust the five ancient tribes to you. If I really die in more than a hundred years, I will be solely responsible for you from now on."

Hearing this, Qin Chuan felt an inexplicable sadness in his heart, and the pressure on his shoulders increased.

He knew that Teng Xiaoshan would be in such a situation, all because of himself.

If Teng Xiaoshan hadn't saved him from Ling Tianhan, he wouldn't have He can cast the ancient forbidden technique 'True Demon Blood Sacrifice'. If he doesn't cast the True Demon Blood Sacrifice, he still has more than six hundred years to practice.

With more than six hundred years of hard training, Teng Xiaoshan will probably be able to break through to the peak of the ninth level. , thus surviving the 4,000-year-old calamity in one fell swoop.

However, it is already too late now.

"Senior, don't worry! The younger generation will definitely help you survive the 4,000-year-old calamity. There is also the matter of protecting the five ancient tribes. I am a descendant of the five ancient tribes, and it is my duty to protect the five ancient tribes. I will definitely try my best to protect the five ancient tribes"

"Ha ha!! Hearing what you say makes me feel relieved. As for helping me survive the 4,000-year-old calamity, I understand your wishes. The four thousand year calamity can only be borne by oneself, no outsiders can help."

"Okay, let's not discuss this anymore. The most important thing right now is to find the whereabouts of the Bai family and the Wu family as soon as possible. We only have two years! Otherwise, we can only discard the golden spirit bead. Then my five hundred years of life have been wasted."

"Senior, I understand. By the way, Long Xing will be here in a few days. Should we ambush him again?" ...

Chapter 2455

Teng Xiaoshan shook his head and said: "You must not! That Long Xing is much stronger than Ling Tianhan. Thousands of years ago, I was the weakest among the five heads of the five ancient clans, but he was much stronger than Ling Tianhan today. Long Xing is also a ninth-level master who belongs to my Five Saint Kingdom, and his strength is equal to mine."

"However, after thousands of years, I have been imprisoned on the altar, and my strength has not increased, but has been greatly weakened. In these thousand years, Long Xing has been practicing non-stop"

"If my guess is correct, he may have become a ninth-level peak warrior. Even if you and I join forces now, we are no match for him alone."

"makes sense!"

Qin Chuan nodded slightly.

"Besides, in addition to Long Xing, today's Dagon Kingdom also has four ninth-level masters. Two of them were the traitors who rebelled against our five ancient tribes with Long Xing and participated in the killing of the children of my five tribes. There are also two traitors. He is the newly advanced ninth-level master in Dagon in the past thousand years. This time, Long Xing came to Shenyang City, and he might even bring one or two people with him."

Teng Xiaoshan smiled bitterly: "Even if he doesn't bring anyone here, we are no match for him alone. Besides, after Ling Tianhan escaped, he probably went to Kyoto to find Long Xing first. Maybe the two came together." Qin

Chuan He also nodded and said: "So, we'd better leave here quickly to avoid trouble if Long Xing catches up to us. However, according to our previous estimate, it will take about three or four days before Long Xing arrives here. There should be plenty of time."

Hearing this, Teng Xiaoshan's tired expression relaxed and said: "Since there are still three or four days left, I will continue to stay here for two days to recuperate. After I regain some strength, I can It's time to hurry up."

Qin Chuan saw that Teng Xiaoshan's expression was indeed extremely tired, so he said, "Just do it according to senior's wishes. Then I won't disturb senior's Qing Xiu."

After saying that, Qin Chuan was ready to leave with Ming Ling'er.

But he was stopped by Teng Xiaoshan and said: "Tian Qi, you must not tell Qing Yanhai and the others about my four thousand years of calamity. I am now the spiritual support in the hearts of the four of them. If they know this, it will be unavoidable. The children of the three ethnic groups of Hui suffered a blow"

"I live to let the children of the five races see the hope of revitalizing my ancient five races. The matter of the four thousand years of calamity is a secret between you, me and Miss Ling'er."

After hearing this, Qin Chuan's body trembled slightly, and he was very moved in his heart.

Immediately, Qin Chuan said in a sincere tone: "Senior, don't worry, I understand your painstaking efforts."

Then, Qin Chuan said goodbye to Teng Xiaoshan and took Ming Ling'er out of the room.

As soon as the two of them went out, Qing Yanhai and the other four people felt it and came out one after another.

When the four of them saw that Qin Chuan's injuries were all healed, they were naturally very happy. Happy.

But he didn't see Teng Xiaoshan come out, so he felt a little puzzled.

Qin Chuan said to the four of them: "Senior Teng needs to rest for two days. Let's set off again in two days!"

Qing Yanhai immediately said: "Since Senior Teng needs to rest for two days, then we will wait for another two days." Qing

Yanfei on the side hesitated for a while and said:"Since I have to stay here for two more days, I went to find my natal psychic beast.""

As soon as these words came out, Qing Yanhai said

"Your natal psychic beast? By the way, I'm surprised. I haven't seen your natal psychic beast this time. I thought it was dead. Could it be that it's still alive? Do you know its whereabouts? We're only here for two days, I'm afraid we don't have time for you to find your natal psychic beast."

"Brother Hai, Xiaofeng is not dead. When I was plotted by Xie Qian and four others, Xiaofeng escaped with serious injuries due to his speed. This time when I came out of the forbidden area, I vaguely felt that Xiaofeng was hiding somewhere within a few hundred miles, but I couldn't figure out its specific location. Moreover, it seems to be in very bad condition!"

The Xiaofeng Qing Yanfei said naturally refers to the name of his natal psychic beast...

Chapter 2456

Qing Yanhai pondered for a while and then said:"In that case, you should first follow the telepathy between you and Xiaofeng to find it! Maybe it is in a dilemma."

"What Brother Hai said is exactly what I thought. I wonder what happened to Xiaofeng."

Qing Yanfei showed a worried look on his face.

Generally speaking, the relationship between the master and his natal psychic beast is very close, just like family members.

After sensing that his natal psychic beast was in trouble, Qing Yan Fei Tian was very worried.

After hearing this, Qin Chuan couldn't help but interject:"Senior Yan Fei, is your psychic beast an eighth-level one?"

"Yes, although Xiaofeng's cultivation is at the top of the eighth level like me, it is an ancient ferocious beast and is extremely powerful. Its true strength is not even my opponent, especially its extremely fast speed, which is comparable to Eighth level Dzogchen warrior"

"After merging with Xiaofeng's spirit, even if I encounter an eighth-level Dzogchen warrior, I dare to compete with him. If it weren't for Xie Qian and the others, there were four of them. It would be difficult for me to defeat the four of them. You won't be trapped in a forbidden area. Why!

Qing Yanhai said angrily: "The winner is the king, the loser is the bandit!" No matter what the reason was in the first place, if you lose, you lose. To put it bluntly, you are still too stupid to be fooled by others easily. Who can you blame? Forget it, let's not talk about this for now, you'd better go find Xiaofeng quickly!"

"In two days, you have to arrive at the Holy Island on time. Don't let the children of the three tribes suffer because of what you did alone. You should know the current situation. Long Xing will be here soon."

Qing Yanfei looked embarrassed after being scolded by Qing Yanhai, but he was a little afraid of Qing Yanhai and did not dare to contradict him, so he muttered in a low voice.

"I'm just going to set off now, why are you talking so much?"

Qin Chuan on the side smiled slightly and said: "Senior Yan Fei, please wait a moment.""

"Tianqi, why are you calling me? Want to go with me? hey-hey!!"

For Qin Chuan, Qing Yanfei has a hint of awe in his heart. He knows that the little guy in front of him will one day surpass him and become a being like Teng Xiaoshan, silently guarding the five ancient races. Therefore, he will not Dare to put on airs in front of Qin Chuan as an elder.

Qin Chuan said: "Senior Yan Fei, I have lived in Shenyang City for more than ten years, but I have never heard that there are eighth-level ferocious beasts within hundreds of miles outside Shenyang City. High-level existences such as eighth-level ferocious beasts only appear in those deep mountains and dangerous places, such as the Qilian Mountains that straddle the border between Tianshui City and Shenyang City."

"If there was an eighth-level ferocious beast within a hundred miles, it would have been known to everyone long ago."

Qing Yanfei said:"You haven't heard that there are eighth-level ferocious beasts within hundreds of miles, that's for sure. Because I felt that Xiaofeng's breath seemed to be sealed, the telepathy it transmitted to me became much weaker."

"If my guess is correct, part of its strength should have been sealed by others, and it may not even be able to be cultivated to the eighth level, so you haven't heard that there are eighth-level ferocious beasts within hundreds of miles."

"I see! I wonder what kind of ferocious beast Yan Fei's ancestor's natal psychic beast is? Qin

Chuan had a look of curiosity on his face.

At this time, Qing Yanfei said:"Xiaofeng is a variant of the ancient ferocious beast, named: Wind Feng Beast. It is extremely rare. There are probably not many left in the entire Tianfeng Continent now.""

When he heard the word 'wind beast', Qin Chuan's eyes widened in surprise. He remembered the wind beast trapped in the monkey king's underground secret room.

At that moment, Qin Chuan asked anxiously:"Yan If you are not an ancestor, is the wind beast with the head of a dragon and the body of a dog, with four hooves like those of an ox?"

Qing Yanfei glanced at Qin Chuan in surprise.

"Huh! Have you ever seen a wind beast? The wind beast is an ancient ferocious beast. If it weren't for its family background, many people would not recognize it. You have been lurking as a slave in the Zhou family for more than ten years. You should not have had the opportunity to learn so much knowledge. How did you know?"...

Chapter 2457

Qin Chuan pondered for a while and said:"If the wind beast is really extremely rare, then I know that Yan Fei's ancestor's natal psychic beast is trapped there. Because I have seen it with my own eyes!"

"Tianqi, you said you saw Xiaofeng with your own eyes?"

Qing Yanfei's eyes widened in disbelief.

Qin Chuan nodded immediately: "It should be it." When I saw it, it was tied up in a secret room with iron chains on its four hooves. Its cultivation level was about seventh level. It seemed that some of its strength had been sealed away. Moreover, the location is less than a hundred miles away from Shenyang City, and only two to three hundred miles away from here."

"That must be Xiaofeng. Xiaofeng was indeed trapped. Tianqi, where you saw Xiaofeng, please take me over to rescue it. Is it in danger now?"

Qing Yanfei urged with a mixture of surprise, but the surprise was also mixed with worry.

"Don't worry, Senior Yan Fei, your natal psychic beast should be safe now. It's just trapped somewhere now, with no life-threatening consequences. At first, I saw it in a place called Monkey Valley, where there was also a very strange fifth-level monkey king."

When he mentioned the Monkey King, Qin Chuan thought of Lin Yue, and suddenly felt a little guilty in his heart. The terrible thing that happened between the Monkey King and Lin Yue that day was not caused by him, but it was also caused by his unintentional actions..

In the past, he didn't have a good impression of Lin Yue, but after what happened between Lin Yue and the Monkey King,

Qin Chuan felt vaguely guilty.

After all, this matter may be worse for a woman than killing her. Painful.

I don't know how Lin Yue is doing now?

After she was taken away by the Monkey King that day, she must have been in the Monkey King's cave with the Monkey King. I just don't know how the Monkey King will treat her?

I think the Monkey King treats her Lin Yue has some feelings for her. I guess the Monkey King won't hurt her, right?

Hey! No matter what happened to Lin Yue in the past, what happened is the biggest punishment for her. This time I will go to the Monkey King's Cave to see. What happened to her and the Monkey King?

By the way, there are also the secrets of the Monkey King's Cave.

At first, I got the God of War Order in the Monkey King's Cave. I thought there must be secrets related to the God of War hidden there, and maybe I can find them. A map of the annexed hall of the God of War."

Just as Qin Chuan was having complicated thoughts in his mind, Qing Yanfei on the side urged him.

"Tianqi, since you know where my natal psychic beast is, you can take me there now. Don't waste time. We can only stay here for two days."

After hearing this, Qin Chuan nodded and said:"Junior knows that time is urgent. However, before going, Tianqi has one thing to explain. The junior is not sure whether the wind beast that the junior saw is the psychic beast of the senior. Qing Yanfei nodded in understanding and said,"

This old man can understand. Regardless of whether it is Xiaofeng or not, we have to go there." However, I think it must be it, but I don't believe it. Considering the rarity of the wind beast, there will be more than two within a few hundred miles."

"good! In this case, the boy will take the senior there. However, there is one more thing that needs to be dealt with before that, otherwise we won't have time to deal with it after we leave. After saying this

, Qin Chuan said to Ming Ling'er:"Ling'er, help me!"

Ming Ling'er understood, and immediately turned into a white light, possessing Qin Chuan's body.

Qin Chuan immediately asked Ming Ling'er to activate the sun and moon wheel, soared into the air, and then looked at the puzzled Qing below. Yan Fei and the others shouted:"Four elders, please wait here for a moment, the juniors will come as soon as you go!"

As soon as he finished speaking, Qinchuan turned into a golden light and flew quickly towards the Holy Lake, disappearing in the blink of an eye.

Not long after, a huge roar came from the lake in the distance.

The four of them suddenly looked at each other in surprise. Take care of each other...

Chapter 2458

"Huh! What is that boy Tianqi doing?"

"I do not know!"

"This little guy always does things unexpectedly!"

"Not much to say, let's go up and take a look!"

At this moment, the four people rose into the air and looked towards the Holy Lake.

They saw that Qin Chuan had long disappeared on the lake, but the lake water kept rolling, as if there was an earthquake at the bottom of the lake. They saw several people in front of the Holy Island. Inside, the calm lake surface suddenly became turbulent, with huge waves tens of meters high rising.

Seeing such a terrifying scene, the horror in the eyes of the four people in Qingyanhai became even stronger.

And On the Holy Island, the Mokuo people were shocked when they saw such a sudden change in the Holy Lake. They all stared dumbly at the changes in the lake in the distance.

"What exactly is going on? Why did this holy lake suddenly undergo such an astonishing change?"

"I do not know! It seems like there is some kind of monster hidden under the lake?"

"monster? What kind of monster could cause such a terrifying scene? Could it be that the devil broke free from the seal and wanted to emerge from the bottom of the lake?"

As soon as these words came out, many Mokuo people showed a look of extreme fear on their faces.

Then someone cursed:"What are you all guessing? It's definitely not the devil. The Demon God's Seal is in that ancient jungle. How could he come out of here?"

"that is! Who has such a big mouth? Say such scary things? It almost scared me to death!"

On the island, everyone was frightened by the astonishing changes in the lake surface in the distance.

Suddenly, there was a loud bang!

A figure flew out from the bottom of the lake, bringing out a water column nearly 100 meters high.

The water column fell, like a waterfall of rain. The surface of the lake.

The originally turbulent lake surface also became quiet.

At this time, people saw clearly that the flying figure was actually a red-haired boy standing in the air.

This boy was none other than Qin Chuan.

Wait for those When the Mokuo people saw clearly that it was Qin Chuan, they immediately understood that the previous abnormal movement on the lake surface was originally caused by Qin Chuan.

At that moment, all the Mokuo people cheered excitedly

"Take a look! It turns out he is a god, not a demon!"

"Ha ha!! It turns out that this strange phenomenon was caused by Lord Goddess. Lord Goddess is really awesome!"

"yes! I didn't expect that Lord Goddess is so powerful!"

At this moment, all the Mokuo people showed enthusiastic admiration for Qin Chuan.

In the past, after they knew that Qin Chuan was a god descendant, they had more respect in their hearts.

But now, Qin Chuan is in front of them, with the help of Ming Ling'er's hand slightly showed its strength, which immediately aroused the fanatical worship of countless people.

At this moment, Qin Chuan was a 'god' in their eyes.

Seeing the scene in front of him, Qin Chuan smiled bitterly. He did not expect to do such a thing. The result came.

At that moment, Qin Chuan looked at his right hand.

He saw a fiery red ring in his right hand, which was exuding amazing fire energy.

He had entered the bottom of the lake just for this fiery red ring.

Then, Qin Chuan flew straight towards the four people of Qing Yanhai who were in a daze in the air.

When Qin Chuan approached the four people, the Phoenix Master saw the fiery red ring at a glance, and immediately said in surprise: "Hey! This is the semi-artifact Fierce Sun Ring! It is the weapon of my Feng family ancestor Feng Jiutian a thousand years ago.

Qin Chuan smiled and said: "Yes, this is the semi-artifact Fierce Sun Ring." Since we are leaving, the Fierce Sun Ring in the Forbidden Land can no longer be left to Long Xing and the others, which will give them an advantage in vain."

Although semi-artifacts are not as good as artifacts, they are still extremely precious.

Not every ninth-level warrior can obtain a semi-artifact, which shows how precious it is..

Chapter 2459

Qing Yanhai also said:"Tian Qi is right, since we are leaving, we cannot leave this Fierce Sun Ring to Long Xing and the others!"

"I've thought about this problem before. It's a pity that only ninth-level warriors can do it to collect the Fierce Sun Ring from the illusory void world, and there is nothing we can do. However, now that Youtianqi has taken action, he finally did not pull down this semi-artifact. Qin

Chuan smiled slightly:"Thanks to Ling'er's help, I can't collect it with my strength." Ling'er, come out too."

At that moment, a ray of white light separated from Qin Chuan's body, fell beside him, and transformed into Ming Ling'er's beautiful figure and face.

Then Qin Chuan handed the Fierce Sun Ring to Master Feng and said,"Senior Master Feng, This semi-artifact belongs to your Feng family, please accept it!"

The Phoenix Master immediately took over the Fiery Sun Ring with excitement, and his face was full of joy.

With this Fierce Sun Ring, his strength will greatly increase, and even if he meets an eighth-level peak master, he can compete. At the moment, The Phoenix Master then said gratefully:"Thank you very much, Miss Ling'er, for helping me retrieve the things left by my ancestors."

Ming Ling'er said coldly:"You don't need to thank me. If you want to thank me, thank my husband. I took action just for the sake of my husband-in-law."

Phoenix Master smiled and said:"Of course I want to thank Tianqi. Tianqi, thank you very much this time."

"The seniors said this and saw the outside world. Our five races in ancient times were originally one family, and these are what the younger generations should do."

Although he said this, Qin Chuan knew that he would take back the Fierce Sun Ring and give it to the Phoenix Master.

The Phoenix Master already owed him a favor.

At this time, the Teng Master stepped forward to congratulate the Phoenix Master: "Haha!! Dear friend Feng, I would like to congratulate you first. With this Fierce Sun Ring, your strength will be greatly increased. Even if you encounter an eighth-level peak warrior in the future, you will be able to compete with them!"

"yes! This Fierce Sun Ring is a semi-artifact of the fire system, just right for the Phoenix Master to use. I am also here to congratulate Phoenix Master on his great increase in strength."

"Phoenix Lord, congratulations! In fact, the Phoenix Master's improvement in strength is also a blessing for our five clans. Tianqi, you have done another good deed!"

At that moment, Qing Yanhai and Qing Yanfei also stepped forward to congratulate the Phoenix Lord.

After some words, Qin Chuan said to Qing Yanfei: "Senior Yanfei, I will take you to find your natal psychic beast now.!"

Qing Yan said happily: "Okay!" I have been waiting for your words!"

"Ha ha!! Then let's set off quickly, time waits for no one!"

At that moment, the two of them laughed and flew towards the Monkey Valley.

However, Qin Chuan and Qing Yan were not flying directly to the Monkey Valley. The Monkey Valley is located on the western outskirts of Shenyan City, more than 200 miles away from the Holy Island.

It only took Qin Chuan and Qing Yanfei more than an hour to reach the sky above the Monkey Valley.

The closer they got to the Monkey Valley, the more excited Qing Yanfei became.

"Tianqi, it seems that the wind beast you saw is Xiaofeng, because the closer to the Monkey Valley, the clearer I can feel Xiaofeng's position. At this moment, I can sense that Xiao Feng is in the middle of the mountain ahead.

Hearing this, Qin Chuan also said happily: "Yan Fei is not an ancestor. So, the wind beast I saw is your natal psychic beast." I'll take you down now"

"good!"

At that moment, Qin Chuan took Qing Yanfei and fell into the valley.

As soon as the two fell, the wild monkeys in the valley screamed in horror.

There were screams of 'squeaking' everywhere in the woods. and the sound of running.

But it was caused by the monkeys being frightened and running around.

It turns out that these monkeys are very spiritual. The pressure Qin Chuan and Qing Yanfei unintentionally exuded made them feel scared and panicked for a while. Get up.

Qin Chuan ignored the monkeys and took Qing Yanfei into the Monkey King Cave..

Chapter 2460

Walk into the cave and come to the big stone trough.

The stone trough had long since dried up. It was obvious that the Monkey King had not brewed monkey wine for a long time.

This made Qin Chuan wonder, is the Monkey King no longer in the Monkey King Cave?

If the Monkey King is not here, then Lin Yue is probably not here either, so where will they go?

Of course, this is just Qin Chuan's guess. He is not sure whether the Monkey King is in the Monkey King's Cave.

Therefore, Qin Chuan did not continue to think deeply about this issue. Under Qing Yanfei's surprised eyes, he moved the big stone trough to reveal the entrance below.

"I never thought there was an entrance here. If you hadn't led the way, I wouldn't have known there was a hidden cave here."

"Senior Yan Fei, let's go down!"

After saying that, Qin Chuan took the lead and jumped into the cave, and took Qing Yanfei to the location where the wind beast's secret room was closed.

The second time he came here, Qin Chuan couldn't help but feel emotional.

Not long after, Qin Chuan arrived at the Monkey King The square where wine was refining.

The huge alchemy furnace still stood in the center of the square.

Then, Qin Chuan walked to the stone wall in front, found the mechanism and pressed it.

With the roaring sound of the iron chain being pulled, Qing Yanfei In the eyes of surprise, a stone door slowly rose, revealing the entrance to the secret room.

As soon as the door of the secret room opened, a surprise beast roar came from inside.

Hearing the beast roar, Qing Yanfei also showed a look of ecstasy. color

"breeze!"

Qing Yanfei's figure flashed and turned into a ray of light and shadow and rushed into the secret room.

Qin Chuan's mind moved and he also entered the secret room.

After entering the secret room, Qin Chuan saw Qing Yanfei excitedly holding a girl who was more than three feet tall. The Fenghu beast said in surprise: "Xiaofeng, it's really you!"

Then, Qing Yanfei looked at the four iron chains binding the four hooves of the wind beast with grief and anger.

"Xiaofeng, what on earth is going on? Who is it that trapped you here? Also sealed your cultivation level to the seventh level? I must kill him!"

"Roar!!"

The wind beast also growled excitedly, as if he was telling something to Qing Yanfei, who had reunited after a long separation.

Qing Yanfei immediately listened without saying a word.

After a long time, he seemed to understand, and a look of surprise appeared on his face.

On the side Qin Chuan was very curious and asked: "Senior Yan Fei, can you understand what it is saying?"

Qing Yanfei nodded and said, "Of course I understand." Xiaofeng is my natal psychic beast, and there is already communication between us. As long as it is within a certain range, ideas can be conveyed. Xiaofeng just told me how he trapped it"

"It turns out that I was ambushed and captured alive by the four ancestors of the Zhou family, but Xiaofeng managed to escape with serious injuries. Afterwards, Xiaofeng lurked near Shenyang City to quietly recuperate. He wanted to wait for his injuries to recover before he could save me."

"Unexpectedly, before it could fully recover from its injuries, an eighth-level Dzogchen master came to this place. The eighth-level Dzogchen master fought with it, and finally captured it alive and sealed it to the seventh level. And trapped in this secret room with chains"

"After that, the master would come every few days to collect its essence and blood. Until one day, another accident happened. The enemy of the master came to the door, and the two had a fight. Since then, Xiaofeng has never seen that master again."

After listening to Qing Yanfei's narration, Qin Chuan was secretly surprised. He connected the monkey king's matter with the wind beast's matter in his mind, and some of the doubts that had been trapped in his mind became clear..
