

God level 2461

Chapter 2461

It seemed that the middle-aged man in the portrait I saw in the secret room that day was Yaotong Tongyu's master. He was the master of trapping the wind beast. But I didn't expect that he was the eighth-level Dzogchen. Master.

The reason why Qinchuan was so sure was that this valley used to be called Fengjian Valley, but later it was renamed Houer Valley. The reason why it is called Monkey Valley is because the wild beast disappeared in the valley, but a group of wild monkeys suddenly appeared.

The king of these wild monkeys is the pet of the middle-aged man in the portrait.

As for the relationship between the Monkey King and Tong Yu, Qin Chuan also had speculations in his mind.

Judging from various signs, the drug boy back then was named Tong Yu.

And now the Monkey King also calls himself Tong Yu.

Although the Monkey King is a fifth-level ferocious beast, he can understand human language, which is abnormal.

Generally speaking, only ninth-level ferocious beasts can transform into human beings.

Although the fifth-level ferocious beast has just begun to develop its spiritual intelligence, it cannot understand human language.

From another perspective, the Monkey King behaves very much like a human being, and is not what a monkey should behave at all.

What's even weirder is that the Monkey King can make alchemy and has superb medical skills. He can help Lin Yue change his heart. This is impossible for a ferocious beast to do.

From these things, we can judge that the current Monkey King is the medicine boy Tongyu.

What's puzzling is how did Tong Yu's body turn into the Monkey King's body?

Just when Qin Chuan was thinking about these things, Qing Yanfei had already cut off the iron chain trapping the Fenghu beast, and then used sealing techniques to help the Fenghu beast lift the seal in its body.

After pinching it for a while, Qing Yanfei frowned and sighed softly: "This seal is not easy. If I want to unlock this seal, I'm afraid it will take more than ten days! Xiaofeng, we don't have time now. It seems we can only talk about it after we go back."

Hearing this, Qin Chuan's heart moved, and Ming Ling'er separated from his body.

"Since Senior Yan Fei can't resolve the seal for a while, let's ask Ling'er to help! Linger, please help me!"

"Since the young prime minister has spoken out, Ling'er will do this little thing!"

Ming Ling'er was very considerate to Qin Chuan in front of the Qinchuan tribe.

Seeing that Ming Ling'er agreed to help, Qing Yanfei was overjoyed and immediately stepped forward respectfully and said, "I would like to thank Miss Ling'er for helping."

As for the wind beast, ever since Ming Ling'er revealed her true form, it showed a look of extreme fear, and even its body was shaking involuntarily.

Because it clearly sensed that the stunningly beautiful woman in white in front of it was a terrifying person. A ninth-level existence, how could it not frighten it?

Ming Ling'er glanced at the Fenghu beast indifferently, lifted her jade hands lightly, then made a seal and pressed lightly on the Fenghu beast, which was trembling with fear.

This When Yixu pressed it down, the Fenghu beast suddenly stiffened and stood there, unable to move at all.

Then, Ming Ling'er hit several more seals on the Fenghu beast.

Finally, the jade finger was filled with two rays of gold and silver. , lightly tapped on the forehead of the Fenghu beast.

With this tap, the Fenghu beast was suddenly shaken, and two rays of gold and silver instantly spread throughout its body. The

Fenghu beast's momentum began to increase rapidly, and within a moment, the Fenghu beast began to It reached the peak level of the eighth level.

The seal in its body was easily broken by Ming Ling'er with one finger, and its cultivation level was restored. As soon as its cultivation level was restored, the wind beast's body was also free, and it immediately understood that Ming Ling'er Everything Er did was to help it. Because of this, its previous fear of Ming Ling'er was reduced, replaced by awe.

However, at this moment, its heart was filled with excitement that could not be suppressed.

Not only was it with itself The master reunited, and even his cultivation was restored in a breath.

At that moment, the wind beast roared up to the sky with excitement, and the entire secret room was shaken by its excited roar..

Chapter 2462

Qing Yanfei was also overjoyed and thanked Ming Linger and Qin Chuan repeatedly.

This time, Qin Chuan helped him find his natal psychic beast, and also helped him remove the seal from the psychic beast. He was truly grateful to Qin Chuan.

Unknowingly, he owed Qin Chuan a favor.

At this time, after the excitement of the wind beast, its body quickly shrank, and in an instant it turned into a yellow-haired puppy with unusual horns, and then ran excitedly to Qing Yanfei's feet.

Seeing this, Qing Yanfei thanked Qin Chuan and said, "Tianqi, it's really thanks to you this time!"

Qin Chuan smiled slightly and was about to say something tactful.

But at this moment, in the secret room, a golden light shot out from the secret passage leading below, and rushed towards Qin Chuan.

Qin Chuan seemed to have been prepared for it. He smiled coldly, stepped on the Phantom Fire Shadowless Step, and performed the Blood Shadow Escape Technique. His red hair flashed and he avoided the sneak attack of the golden light at an extremely fast speed.

At this time, the golden light appeared, but it was the Monkey King who had been missing for a long time.

At this moment, the Monkey King looked at Qin Chuan with horrified eyes, an expression of disbelief in his eyes, and said anxiously: "Zhizhi!! How... is this possible? How could you be so fast? It's almost reached The level of a fifth-level warrior"

"hehe! Monkey King, we meet again!"

Qin Chuan smiled slightly. He had long sensed that the Monkey King was lurking aside, but he didn't point it out and was always on guard.

Seeing Qin Chuan looking at him with a smile, the Monkey King felt a chill in his heart. He knew that he was too young. Look at the kid in front of you.

The kid in front of you is no longer the Qin Chuan half a year ago. His strength has greatly increased, and he can even dodge his own sneak attacks.

At that moment, the Monkey King secretly thought something was wrong and wanted to run away.

However, Before it could make any move,

Ming Ling'er's shout came from the side.

"Evil beast! If you want to sneak attack on my husband-in-law, you are seeking death!"

Immediately, an extremely terrifying aura instantly enveloped the entire secret room.

The monkey king was unable to move immediately, his body was frozen in place, and his two monkey eyes showed a look of extreme fear.

Even Qing Yanfei and the Feng Jian Beast were also I was shocked by the aura that Ming Ling'er immediately exuded.

"snort!"

With a cold snort, Ming Ling Eryu stretched out her hand to kill the Monkey King.

At this critical moment, a woman's pleading voice came from the secret passage.

"Please! Please don't kill it!"

Hearing this cry, Qin Chuan and the others turned around and saw a tall, beautiful woman with a haggard face, pleading and looking at the three of them.

"Lin Yue!"

Qin Chuan looked at the haggard-looking woman in front of him with some surprise.

At this time, the Monkey King heard Lin Yue's voice and suddenly became very anxious and shouted with a mixture of grief and anger.

"Yue'er, why did you run out? Why don't you leave quickly? Qin Chuan, this little beast will kill you, please leave quickly!"

It turned out that the monkey king noticed it just before Qin Chuan and others entered the secret room, and it hid aside.

When it saw Qin Chuan among the people, it was shocked, thinking that Qin Chuan was coming to his lair with helpers. It was looking for someone to settle the score with itself, and it felt very anxious for a while.

Then, it saw the methods used by Qing Yanfei and Ming Ling'er, and it was immediately frightened out of its wits.

Because it saw that Qing Yanfei and Ming Ling'er Definitely extraordinary, he must be a master of the eighth level or above. Especially Ming Ling'er, it felt even more unfathomable.

For a moment, the Monkey King fell from shock to incomparable panic.

It was worried that Qin Chuan and the others would save him. After catching the wind beast, the next step is to settle old scores with it.

In fact, it is not afraid of being killed. It is worried that Lin Yue will be killed by Qin Chuan after being discovered.

After all, the relationship between Lin Yue and Qin Chuan There are also unsolvable grudges.

In order to protect Lin Yue, the Monkey King thought about it and finally came up with a desperate method.

That was to sneak attack Qinchuan and control Qinchuan in one fell swoop.

Then he threatened Ming Ling'er and Qin Chuan with his life. Qing Yanfei could only let Lin Yue escape at this point.

Although it knew that this move was extremely dangerous, it would rather die than save Lin Yue...

But Lin Yue heard the Monkey King's anxious cry, and his haggard face moved slightly. She naturally knew what the Monkey King was thinking. After getting along with each other for six months, she already understood the Monkey King's thoughts.

However, she still couldn't accept that fact in her heart.

After experiencing the madness that night, her heart was already dead, and life was worse than death.

Lin Yue slowly raised her head and looked at the Monkey King, with a hint of sadness in her empty eyes.

"Tong Yu, I am not your Yue'er, don't call me that again in the future."

Then, Lin Yue looked at Qin Chuan with haggard eyes and smiled bitterly.

"It is you! Qin Chuan, can I beg you to let Tong Yu go? In fact, it didn't do anything to you? Just because you took its God of War Order, it will keep chasing you. The God of War ordered it to be gone now, so that the past grudges could be wiped out. As for me, you can kill me if you want!"

"don't want! Yue'er, you can't die! Qin Chuan, if you want to kill, just kill me! I, Tongyu, am willing to bear all the sins. I just ask you to let Yue'er go."

"Tong Yu, please stop praying and let him kill me! It would be better to die like this. Qin Chuan, how about using my life in exchange for Tong Yu's life? I owe him"

"don't want!"

Tears welled up in the eyes of the Monkey King.

"Yue'er, whether you want me to call you this or not, you will always be my Yue'er. I said, if I want you to live well, you cannot die!"

After hearing what the two of them said, Ming Ling'er held back her breath and said curiously

"It's really strange that a fifth-level monkey can speak human language. And you, woman, what is your relationship with this monkey? Why are you willing to trade your life for its life? It's just an evil beast! Why should you do this?"

Lin Yuexiang's face showed pain when the pain point was mentioned. He whispered softly: "No, it is not an animal, it was also a human before. Still my man."

Hearing this, the Monkey King was shocked. This was the first time that Lin Yue said that he was her man in front of others.

At that moment, the Monkey King also said in pain: "Yes, I used to be a human too. It's not like what it is today"

"Yue'er, don't be like this, okay? Even for me, you have to live, okay?"

The Monkey King was very sad.

"for you? Although you were once a human being, unfortunately you are not a human being now. How can you ask me to live for you?"

Lin Yue's eyes showed confusion and pain.

The Monkey King lowered his head deeply and remained silent.

Qin Chuan also did not expect that Lin Yue was so heartbroken now.

At that moment, he sighed in his heart, stopped persuading, and turned to the Monkey King in front of him. ,

"Monkey King, how should we describe the grudge between you and me?"

Hou'er's body trembled slightly, and he whispered: "Thank you for letting Yue'er go. Whether I, Tong Yu, lives or dies is up to you."

After hearing this, Qin Chuan did not express his position immediately, but pondered for a while and said

"Tong Yu, get up! No matter what grudges were between you and me in the past, I know that you are a kind and righteous person. You have feelings for your master, you have feelings for Little Monkey, you also have feelings for Lin Yue, your nature is not bad"

"Therefore, I don't want to worry about the past grudges with you. Let's just forget about the past between you and me! However, I really want to know what happened between you and the little monkey?"

"How did you change from a human to like this? I wonder if you can tell me? Even if you don't want to say it, it doesn't matter, I will turn around and leave. From now on, when we meet, we are not enemies."

Hearing this, the Monkey King looked at Qin Chuan in surprise. He didn't expect Qin Chuan to let him go so easily.

The Monkey King lowered his head and thought for a long time before making up his mind, stood up and said

"Qin Chuan, since you are willing to put aside the past grudges with me, I will naturally not argue with you anymore. Now I, Tong Yu, just want to guard Yue'er silently, and I can give up everything else. However, I still want to thank you for letting me live. In return, I will tell you what you want to know!"..

Chapter 2464

The Monkey King paused, his expression clearly recalling

"When we talk about this matter, we have to start with my master. My master, Tong Lin, is an eighth-level Dzogchen master. However, not only is he extremely powerful, he also has another, even more powerful identity. That is, he was one of the four top alchemists in Dagon Kingdom hundreds of years ago"

"Alchemists are rare, and there were only four top alchemists in Dagon Kingdom at that time. Their status was more noble than that of eighth-level Dzogchen masters. Once, my master and three other

top alchemists teamed up to explore a secret place, but they didn't realize that the treasure in that secret place was related to the legendary War Temple."

"Finally, the four of them got the War God's Token and a map from the secret place. That map is the map to an annex of the Temple of War, and the War God Token is the key to entering that annex."

Hearing this, Qin Chuan was pleasantly surprised. He and Ming Ling'er looked at each other, and both of them saw the joy in each other's eyes.

They had been worried before, not knowing where to find the map to the attached palace, but they didn't want to find it right in front of them. With a clue.

The Monkey King continued:"When my master and the others got the War God's Order and the map, they also got a message. This information is: Only three living beings can enter the annexed hall at a time with the God of War Order."

"Because of this, after my master and the four of them got the War God's Order and the map, they argued endlessly and refused to give in. Because there are four of them in total, and there is one more person, they cannot enter the attached hall together to search for treasures."

"Finally, after some debate, the four decided to discuss entering the annexed hall in the future. The four divided the map into three, with three of them each holding one-third of the map, and the God of War Order was kept by the other person."

"In this way, only when the four of them reunite can they gather the God of War Order and the map. Afterwards, the four people returned together and decided to renegotiate the quota for entering the attached hall next time."

"After my master returned, he took me and his pet monkey out to look for a hermitage, and finally found this valley. At that time, this valley was occupied by an injured wind beast, which was the one in front of me."

"My master easily captured the wind beast and trapped it in an underground secret room. But we were not able to stay here quietly for long. One day, the other three people came to my master to discuss entering the annex hall."

"What is hateful is that these three people have already conspired together. The three of them came together, not to discuss with my master, but to join forces to get rid of my master."

"Because my master is the strongest among the four and is an eighth-level Dzogchen warrior. In fact, all three of them are eighth-level peak warriors. In fact, even if the three of them join forces, they may not be my master's opponent."

"It is precisely because of this that the three of them are worried that if they really enter the annexed hall, my master will monopolize the good things, so it is better to take the opportunity to get rid of my master and the three of them will share it equally after entering the annexed hall."

"Therefore, after the three people arrived, they took advantage of my master's unpreparedness and made a surprise attack. My master had a good personal relationship with the three of them, so he didn't expect that the three of them were secretly harboring evil intentions. He was careless about their ways and suffered serious injuries."

"Afterwards, the four of them had a fight, and my master turned defeat into victory with his tyrannical strength. He killed one of them on the spot and two of them were seriously injured and escaped. But my master also suffered injuries that are difficult to heal, and he is not far from death."

"At that time, the little monkey and I were waiting on the master's side. When the master and the four of them fought, the little monkey and I were also affected. The little monkey was so shocked that he bled to death on the spot, and my body was destroyed on the spot. My lower body was almost blown to pieces, and I died tragically on the spot."

"But he said that when the master saw that the little monkey and I were both dead, he felt sad and angry. But then, he discovered that although I was dead, my brain was not dead; and the little monkey's brain was dead, but his body was intact. Seeing this, my master made a bold decision. He decided to temporarily transplant my brain into the little monkey so that I could survive temporarily."

"The master is not only an alchemist, he is also a doctor with extremely powerful medical skills, which the world does not know. The heart transplant surgery I performed on Lin Yue was what my master taught me. But he said that my master successfully transplanted my brain into the little monkey, and I miraculously survived and became what I am now."

Hearing this, Qin Chuan and the three of them all showed horrifying expressions, and even Lin Yue's face was slightly moved..

Chapter 2465

Hearing this, Qin Chuan and the three of them all showed horrifying expressions, and even Lin Yue's calm face was slightly moved.

They all found it hard to believe that there was someone in this world with such superb medical skills that he could even transplant a human brain. More importantly, that person completed the operation while seriously injured.

At that moment, everyone just looked at each other, then fell silent and continued to listen.

"In fact, my master wanted to use the little monkey's body to keep my brain alive first. Without a body to support it, my brain would die quickly. If my brain can stay alive, he can find a human body for me outside and transplant my brain there."

"However, God's calculation is not as good as that of man. Not long after my master completed the operation, he was seriously injured and could no longer survive. He had no energy to go out and find a new body for me. Within a few days, he vomited three liters of blood and died."

Speaking of this, the Monkey King's voice trembled and his eyes filled with tears. It was obvious that he had a very deep relationship with his master.

Qin Chuan also sighed softly, and he also regretted that the master who was both a master of alchemy and medicine had to die like this. Fall

"Tong Yu, then the person lying in the jade coffin in the secret room below should be your master?"

The Monkey King nodded slightly: "Yes! That jade coffin took me several years to prepare for the master. The master died, and so did the little monkey. From then on, I lived alone in this world and turned into this ghost. In the eyes of outsiders, I am just a beast, but in fact I am a human being."

The Monkey King clenched his fists in excitement.

"I once swore that no matter what I become, I must succeed in cultivation, I must personally kill the two despicable people who escaped at the beginning, and avenge the master and the little monkey, so I will live on."

"After all, there are differences between the human body and the monkey's body. Although my master made some modifications, it didn't take long for me to have objections to the little monkey's body."

"In order to survive, I used the alchemy and medical skills my master taught me to develop a new monkey wine. That monkey wine can help me gradually adapt to this body. You should have seen that kind of monkey wine, you have stolen a lot of it from me."

When the Monkey King said this, he looked at Qin Chuan.

Qin Chuan smiled slightly embarrassedly, and then said calmly: "Tong Yu, is this the beginning and end of becoming like this?"

"Yes!"

"Then the corpse I saw in the exit passage was the one killed by your master?"

"Yes. I know that your God of War Order was obtained from that corpse. I did a rough search on the corpse and found a few token-like things. I thought the God of War Token was one of those tokens."

"It wasn't until I met Yue'er and she told me that you had taken away the real God of War Token that I realized I had missed the treasure. My master once told me before he died that the God of War was a great supernatural being. There must be many treasures in the annex he left behind, and he would be able to obtain unimaginable benefits."

"At that time, I was eager for revenge, and I wanted to enter the annex of the Temple of War to find the treasures inside, so that I could improve my strength in one fell swoop, so that I could be qualified to take revenge on the two guys who ran away. After all, those two guys are both eighth-level peak warriors."

"This is also the reason why I kept chasing you after I knew you took away the God of War Order. After all, in my current state, it would be very difficult for me to reach the seventh level, let alone the eighth level, so I placed all my hopes for revenge in the annex of the War Temple."

"Therefore, the God of War Order is very important to me. Without it, I would never even think about revenge in this life.

Hearing this, Qin Chuan nodded slightly:"That's it!" So are you still thinking about revenge?"...

Chapter 2466

The Monkey King shook his head slightly, then turned to look at Lin Yue, his eyes filled with affection, and then sighed.

"I don't want to anymore. Since I met Yue'er, I just want to protect her in this life, and I don't want to take revenge. If one day Yue'er dies of old age before me, I will seek revenge again. But as long as Yue'er lives for one day, I will protect her for one day."

Lin Yue's delicate body trembled slightly, and she looked at the Monkey King with painful eyes. No one had ever treated her so well.

"Tong Yu, what are you doing? You know my heart is dead, it's not worth it"

"No! worth! I think it's worth it! Yue'er, as long as I can be with you in this life, it's worth it even if I die! Lin

Yue smiled bitterly and fell silent immediately.

At this time, Qin Chuan said:"Tong Yu, have you ever thought about it? There is a problem that you have not considered.""

Hearing this, everyone present was slightly startled. They didn't understand why Qin Chuan said this.

The Monkey King was even more surprised and asked:"What's the problem? Qin

Chuan did not answer directly, but continued to ask:"Tong Yu, how many years has it been since the battle between your master and those three people?""

"It's been decades!

Qin Chuan smiled slightly:"That's right." You said that two people escaped with serious injuries from your master. Where are those two people now? Let me tell you, those two people probably encountered accidents, and maybe they are no longer alive."

"How can this be? How do you know those two people are no longer alive?"

The Monkey King had a look of astonishment on his face.

The others also had puzzled looks on their faces.

Qin Chuan said softly:"It's actually very simple. If those two people are still alive, no matter how serious the injury is in these decades, It's time to take care of yourself. Anyway, they should also explore the situation here."

"Even if they don't know whether your master is still alive and don't dare to come and investigate in person, they can still send a subordinate who doesn't know the truth to investigate. If they do this, they will quickly discover the situation here. However, until now, has anyone come to explore?"

"No!"

As soon as he said this, the Monkey King suddenly realized

"yes! If they were still alive, they would have sent someone over long ago, but so far no one has come to investigate. Are they really dead?"

"Whether they are really dead or not, I am not 100% sure. However, even if they were not dead, there must have been some accident."

The Monkey King replied:"That should be the case. If this is really the case, then I don't need to take revenge. Qin Chuan, I've told you everything you want to know. What else do you want to know? Qin

Chuan pondered for a while, then suddenly took out a broken map from the War God Order space and said,"Tong Yu, does this map look familiar to you?"

The Monkey King was stunned. He stepped forward and looked at it for a while. Then he opened his eyes wide and showed surprise. He pointed at the map and asked urgently.

"Qin Chuan, why do you have the remaining pictures of going to the attached hall?"

Qin Chuan secretly thought that it was indeed the case.

It turned out that the map Qin Chuan took out was the one he got from hiding in Wuyin Valley in Tianshui City. At that time, he also got several Nine-turn Essence Pills.

"I got this map from a secret cave. It was a relic left by a senior, but that senior is already dead."

"already dead! What does the senior you mentioned look like?"

The monkey king asked anxiously..

Chapter 2467

After hearing this, Qin Chuan pondered for a while before telling the story of the old man with gray hair and a strange smile in the cave.

The reason why he hesitated was because there were many things he didn't understand.

For example, the weird old man in the cave looks exactly like Lin Tianshui, the lord of Tianshui City, except that Lin Tianshui has an extra scar on his face. How to explain this?

Also, there is a strange old man emerging from Juelong Pond, a forbidden area in the Ten Thousand Beast Forest outside Tianshui City. His appearance is exactly the same as that of the old man in the cave. How to explain this?

What puzzled Qin Chuan in particular was that the old man who emerged from Juelong Pond was obviously not human. His arms could be lengthened at will.

However, after listening to Qin Chuan's description of the mysterious old man's appearance, the Monkey King immediately shook his head and said: "No! The man you saw doesn't look like either of the two people who escaped back then!"

"You said that the old man was not one of the two people who escaped?"

Qin Chuan looked at the Monkey King with some surprise.

"It is indeed not one of them, because the two people who escaped both looked like middle-aged men, and they did not have the image of an old man. You said they were old men before, and I was still a little unsure. But then you told me what the old man looked like. There is a huge difference between the two.."

After hearing this, Qin Chuan was greatly surprised, because in addition to the map he had obtained in the secret cave of Hidden Mist Valley, he also received several Nine-turn Jingyuan Pills and a letter.

The letter was written by the old man He said in a different tone that he and a few people got the map and the Nine-turn Jingyuan Pill from a place related to the Temple of War, and also gave some detailed introduction to the Nine-turn Jingyuan Pill.

All these things showed that the old man He should be one of the two people who escaped, otherwise he would not have the map, know about the Temple of War, and even say that several people went there together.

But the Monkey King denied that the old man was one of the two people who escaped. , which puzzled Qin Chuan.

However, when he thought about it later, Qin Chuan felt that the matter was probably much more complicated than he thought.

There were several suspicious things in it, which can be seen from the following places It can be seen.

One is: Lin Tianshui, the old man of Cave, and the old man of Juelongtan must be related. The second is: Lin Tianshui's strength is the eighth level of Dzogchen. He has established Tianshui City

for hundreds of years. In Shuicheng, he was already at the eighth level of Dzogchen, long before Master Tong Yu fought against the other three.

From the above two points, if the old man in the cave is one of the two people who escaped, he is related to Lin Tianshui. , then why didn't he ask Lin Tianshui to help deal with Tong Yu's master? At that time, Lin Tianshui was already an eighth-level Dzogchen warrior.

"It seems that the relationship between this is difficult to analyze for a while. However, I previously deduced that the two people who escaped had either died or were imprisoned somewhere in an accident. All this should be closely related to the old man in the cave. It may also be related to Lin Tianshui and the old man from Juelongtan. Maybe the remaining On the map, clues can be found from the two entry points of Lin Tianshui and Juelongtan.

Thinking of this, Qin Chuan remembered something again and asked with a smile:"Tong Yu, if my guess is correct, you should also have a map in your hand, right?" That's what your master left for you"

"Yes! Just wait a moment!"

The Monkey King did not deny it. He only saw his figure flickering, turning into a golden light and entering the secret passage. He was going to get something.

Not long after, the Monkey King returned again with a map in his hand.

He stepped forward and took the remaining map. After being connected with Qinchuan's residual map, it was indeed perfectly put together.

At the moment, Qin Chuan smiled and said:"It is indeed true. It seems that this is the map for two-thirds of the way to the attached hall. As long as the last residual map is found, Picture, we can go to the attached hall.

The Monkey King then asked:"Qinchuan, do you have any clues about the remaining map?"

Qin Chuan nodded slightly and said,"There is a little clue.""

Hearing this, the Monkey King didn't know why, he was so excited that he trembled, and then he knelt down in front of Qin Chuan, which surprised Qin Chuan...

Chapter 2468

Hearing this, the Monkey King trembled with excitement for some unknown reason, and then plopped down on his knees in front of Qin Chuan, which greatly surprised Qin Chuan.

"Tong Yu, what are you doing? The

Monkey King raised his head and begged: "Qinchuan, I am willing to give you this map. I can also help you find the remaining map. I only ask you to agree to one condition."

"What conditions?"

"When you go to the attached hall, please take Lin Yue and me with you."

Hearing this, Qin Chuan frowned and couldn't help but think deeply.

This God of War order can only allow three creatures to enter the attached hall at a time, and the number of places is extremely limited.

If Qin Chuan agreed to the Monkey King, he would not even be able to bring the ball. Go in.

At that time, he will face the Monkey King and Lin Yue alone.

Lin Yue's strength can be ignored, but the Monkey King is at the fifth level. Even if Qin Chuan and Qiuqiu join forces, they will not be the Monkey King's opponent. If Qin Chuan Really bringing the Monkey King in would not mean handing over all the initiative to the Monkey King, but even putting one's own life in the hands of the other party. Although the

Monkey King is now very respectful to himself and has said that he will not care about the past grudges, But all this is because Ming Ling'er and Qing Yanfei support him.

But in a few days, Ming Ling'er will go into seclusion again, and he doesn't know when he will come out.

And because the number of places is limited, Qing Yanfei can't accompany him. He entered the attached hall together.

By then, it was hard to say whether the Monkey King would treat him as respectfully as he did today. It was even possible that he would fall out on the spot.

The so-called 'guarding against others is indispensable', although Qin Chuan was very He sympathizes with the Monkey King and Lin Yue, but he will not lose his mind because of this and hand over his life to others at will.

Unless, he can raise his cultivation level to the fifth level.

As long as his cultivation level can reach the fifth level , even without the help of Qiuqiu, he dared to face the Monkey King head-on, and even suppressed the opponent, but it was impossible at the moment.

In fact, entering the attached hall is also an urgent matter for Qin Chuan.

Not to mention that the Demon God's seal is about to be Breaking the seal, even if there is another inheritor of the God of War, it is his confidant Dahuang. If he does not obtain part of the inheritance as soon as possible and improve his strength as soon as possible, he will die at the hands of another inheritor of the God of War sooner or later.

After all, another God of War The artifact in the hands of the inheritor was too powerful.

Thinking of this, Qin Chuan did not immediately refuse, but asked:"Tong Yu, can you give me a reason? A reason enough for me to take you and Lin Yue into the palace."

The Monkey King replied:"Qinchuan, please don't misunderstand me! I want to take Lin Yue into the attached hall, and I don't want to compete with you for any treasures. I just want to fulfill two wishes. The first wish is that I want to take some water of life from the spring of life in the attached hall and give it to Lin Yue."

"water of life? What on earth is that? Besides, how do you know there is a fountain of life there?"
Qin

Chuan asked in surprise

"This is what my master told me, and he also saw it from some documents and inscriptions in that secret place. That water of life is said to be an extremely rare treasure for ancient body cultivators. It contains amazing vitality and is the best spiritual item to strengthen the physical body."

"In fact, the water of life is also useful to ordinary people. It can prolong life, cure various diseases, and has some other mysterious effects. I want to get some water of life for Yue'er to drink because her heart is not her own and has always been rejecting, which makes her life expectancy less than twenty years."

"Only by taking the water of life can we help her eliminate her rejection and completely eliminate this hidden danger, so I beg you to let Yue'er and I go in. I only need a little water of life, not more."

Hearing what the Monkey King said, Lin Yue on the side looked at the Monkey King longingly and remained silent..

Chapter 2469

And Qin Chuan also sighed in his heart that the Monkey King took great pains to Lin Yue, and at the same time he was also very surprised.

He was pleasantly surprised that the water of life was very helpful in refining the body, and there was a spring of life in the attached hall.

Since it is called a 'spring', there will naturally be no shortage of water of life.

This will be of great help to his future body training, and he is naturally happy.

At this time, the Monkey King asked with expectation:"Qin Chuan, can you agree to this wish?"

Qin Chuan nodded silently, then turned to Ming Ling'er and asked:"Ling'er, is that water of life really Is it of great help to physical cultivators?"

Ming Ling'er saw Qin Chuan taking the initiative to ask her, and she felt happy and replied: "Of course, this water of life is very effective for warriors below the fourth sect. For you, it is more effective than the essence and blood of an eighth-level ferocious beast."

"Is it more effective than the essence and blood of an eighth-level ferocious beast? This is a rare body-refining spiritual object!"

Qin Chuan was ecstatic. He had taken the essence and blood of eighth-level ferocious beasts, so he naturally understood the benefits of the essence and blood of eighth-level ferocious beasts.

This water of life was actually better than the blood essence and blood of eighth-level ferocious beasts. He was naturally very impressed. rejoiced

"By the way, Linger, why does the water of life have such effects?"

Ming Ling'er replied: "This is because the life energy in the water of life is transformed from Yuan Yang energy and Yuan Yin energy, and it is the purest life energy."

Hearing this, Qin Chuan's heart beat wildly: "Yuanyang and Yuanyin Qi?" So, there are Yuanyang Qi and Yuanyin Qi in the attached hall?"

Ming Ling'er smiled and said: "Of course!"

"Ha ha!! If so, that would be great!"

Qin Chuan couldn't help laughing excitedly. He has been worrying about breaking through the third gate.

Because breaking through the third gate requires tempering the body with Yuan Yang Qi and Yuan Yin Qi, but he doesn't He knew that the energy of Yuan Yang and Yuan Yin could be found there.

But he didn't expect that there were Yuan Yang and Yuan Yin energy in the attached hall, so he didn't need to bother to look for it. As long as he could enter the attached hall, he could conquer them in one fell swoop. The third door opened, allowing the physical body to complete its third evolution.

By then, his overall strength would have undergone earth-shaking changes. Soon

, Qin Chuan calmed down the ecstasy in his heart, and asked the Monkey King calmly: "You are the third door?" I can grant you one wish. In fact, I can take out some water of life for you, and you don't have to enter the temple with me!"

But I didn't want to, the Monkey King shook his head and said

"no! I must enter the palace. Because my second wish can only be realized after entering the palace in person. However, if I enter the attached hall with you, Yue'er will have no one to guard her. I can't worry about her, so I have to take her in with me, so that I can stay with her all the time."

"You are passionate, so what is your second wish?"

This time, the Monkey King did not say it directly. Instead, he clenched his fists and trembled with excitement.

After a while, the Monkey King slowly raised his head and squeezed out a sentence with difficulty in his throat.

"I want to be human again!"

After hearing this, Qin Chuan opened his mouth in surprise.

Lin Yue, who was not far away, opened her eyes even wider. After a moment, her originally dim eyes regained their luster, and she asked with trembling lips.

"Tong Yu, you...are you telling the truth? Can you become human again?"

The monkey king looked at Lin Yue with a smile, his eyes full of tenderness.

"Yue'er, it's real! My master told me before he died. Seeing that he could no longer turn me back into a human being, he told me that there was a mysterious place in the annexed hall that could turn me into a human again."

Once again confirmed by the Monkey King, Lin Yue burst into tears with excitement.

"Really? That's great! Very good!"

Suddenly, Lin Yue also knelt down to Qin Chuan.

"Qin Chuan, this little girl is begging you too. Please let Tong Yu enter the palace with you! As long as Tong Yu can be turned into a human being, the knot in my heart can be untied. Afterwards, you were willing to let me die."

As soon as the words fell, two lines of tears rolled down Lin Yue's haggard face..

Chapter 2470

Seeing Lin Yue's tears, the Monkey King said sadly:"No! Yue'er, I won't allow you to die. In fact, if I want to become a human, I also want to stay with you for the rest of my life like an ordinary person."

Seeing such a scene, Qin Chuan thought in his heart : "Hey! It seems that the only way to relieve Lin Yue's knot is to turn the Monkey King into a human. In fact, they are both quite pitiful, so I'll just help them once!"

Thinking of this, Qin Chuan turned to look again Ming Linger.

Ming Ling'er understood, nodded and said:"What he said should be true. I have also heard my father say that he has a way to transform primate beasts above the fifth level into human form. However, that requires going through a thousand cuts. It's very painful. Many ferocious beasts will collapse and die before their transformation is completed. I don't know if this strange monkey can hold on."

After hearing this, the Monkey King glanced at Lin Yue and immediately said firmly : "Don't worry, I, Tongyu, will definitely be able to bear it. For Yue'er, let alone being cut into pieces by a thousand cuts, I can bear it even if it is cut into pieces by tens of millions of cuts.""

"Tongyu! Lin Yue's eyes showed concern.

The Monkey King looked at her and smiled softly: "Yue'er, don't worry, I can bear it."

"All right! Monkey King, then I promise you. You all should get up too!"

Hearing this, the Monkey King and Lin Yue both looked happy.

The Monkey King even clasped his fists at Qin Chuan excitedly and said

"Brothers Qinchuan, let's not talk about the past grudges. Today, you disregard all past grudges and promise to take me and Yue'er into the palace. You will be our benefactor in the future. Your kindness to us will never be forgotten by me, Tongyu. If there is anything you want in the future, as long as you give your order, I will do it. Will not refuse"

"Tong Yu, you don't have to be so polite. In fact, we can't enter the annex hall yet because we still lack the remaining one-third of the map. Only by finding the remaining one-third of the map can we enter.

The Monkey King nodded and said, "This is natural." If you have any clues, you can tell me and I will help you find them."

"good! Tong Yu, if you really want to find it, I will give you two clues. The first one is to search the city lord of Tianshui City, Lin Tianshui, to find out his life story and rumors; the other one is to find out the forbidden area "Juelong Pond" in Tianshui City's Ten Thousand Beast Mountain Forest, and when did it appear? Related rumors"

"good! I remember!"

The Monkey King readily agreed.

At this time, Lin Yue said: "Tong Yu, your identity makes it difficult for you to walk in the human world, so let me go. You can still pretend to be my pet."

Hearing this, the Monkey King said happily: "With Yue'er's help, with Yue'er's intelligence, it will be twice the result with half the effort."

Seeing Lin Yue actually volunteering, Qin Chuan thought to himself: "It seems that if Tong Yu can become an adult, Lin Yue's knot in her heart can really be untied."

At that moment, Qin Chuan smiled and said, "Then it's settled. No matter what the results of your investigation are, I will come here to see you again in one year."

"good! Then it's settled"

"Tong Yu, then I will accept your map."

The monkey immediately said cheerfully: "Take it!"

"Then farewell!"

At this moment, Qin Chuan was about to lead Ming Ling'er and Qing Yanfei away.

In fact, he asked the Monkey King to help find the remaining maps out of helplessness.

Now, he can be said to be burdened with trivial matters and wants to spare his energy to find the map. It was difficult to find his whereabouts.

Therefore, he could only rely on the power of the Monkey King.

Of course, he would also spend time collecting relevant information. However

, when Qin Chuan and others were about to leave, the Monkey King seemed to remember What? He shouted again: "By the way, Brother Qinchuan, I have one more thing to tell you."

"What's up?"

"I once heard that there is a rare treasure in the attached hall called the Seven-Star Blood Soul Bead. It is said that it is part of the artifact and is of great help to physical practitioners. I think brother Qin Chuan has extraordinary qualifications. If my guess is correct, you should be a physical martial

artist, right? If you are a physical martial artist, then the Blood Soul Pearl will be of great use to you. Hearing this

, Qin Chuan looked at Ming Ling'er in surprise, then nodded and said, "Not bad!" I am a physical warrior! Thinking that there is a Blood Soul Pearl in the attached palace, this is surprising news. Tong Yu, thank you for letting me know!"

"Brother Qinchuan is so polite!"

"Then I'll say goodbye this time and see you again in a year!"

At that moment, Qin Chuan and others said goodbye to Tong Yu and left..
