

## God level 2481

### Chapter 2481

Teng Xiaoshan smiled and nodded, but did not speak.

Seeing Teng Xiaoshan nodding in recognition, Qing Yunxiu was very surprised.

He knew about Qing Yanfei's existence.

He also knew that Qing Yanfei should be among them when he came back this time. Plus Qin Chuan, there should be five people coming back.

But there were actually six people who came back, and there was one strange old man. It happened that this old man was also a member of the five ancient tribes.

Qing Yunxiu really couldn't figure out who the old man in front of him was?

"It turns out that senior is also a member of my five clans. I wonder if senior can tell me his name?"  
Qing

Yunxiu asked politely.

However, as soon as he said these words, Qing Yanhai scolded him: "Little guy, you are so rude. How can I tell you the name of Senior Teng casually?" After saying that, Qing Yanhai stepped forward respectfully and saluted Teng Xiaoshan: "Senior, this little guy does n't know your identity. I hope you won't argue with him about his previous rudeness."

Seeing Qing Yanhai's actions, Qing Yunxiu opened his eyes wide in surprise.

Qing Yanhai is an eighth-level Dzogchen warrior. He can be called an elder by Qing Yanhai. Who is he?

Thinking of this, Qing Yunxiu didn't dare to think about it anymore.

At this time, Teng Xiaoshan smiled and said: "It doesn't matter! This little guy doesn't know his identity, so it's not rude!"

At the same time, the Teng Master also stepped forward and introduced Qing Yunxiu with a smile: "Yunxiu! This senior is not a simple person, he is the ancestor of our Teng family, the head of the Teng family thousands of years ago!"

"What? Are you the ancestor of the Teng family? So you are a ninth-level warrior?"

Qing Yunxiu had a look of disbelief on her face.

Teng Xiaoshan smiled and nodded: "Not bad! I am Teng Xiaoshan, the ancestor of the Teng family."

"Oh my God! You are actually the senior Teng Xiaoshan. The younger generation is too blind to recognize Taishan. I hope that the senior can forgive me for my previous rudeness!"

Qing Yunxiu excitedly stepped forward to salute, with a look of extreme respect on his face, and his eyes bursting with fanatical worship. A ninth-level warrior is the height that all warriors want to reach.

Any ninth-level warrior is like a god in the heart of a warrior. The existence of everyone is the supreme idol, making them crazy and worshipping.

Qingyunxiu is naturally no exception.

However, Qingyunxiu soon turned from excitement to extremely excited

"Ha ha!! Great, Senior Teng has returned this time. In the future, our three tribes will have Senior Teng, a ninth-level master, in charge. What should we be afraid of? As long as we work hard for a few hundred more years, our three races will surely be able to revive.

Qing Yanhai smiled and said: "This is natural, you still need to say it?" It doesn't take hundreds of years, just a few more decades, and our three tribes will be able to produce another ninth-level warrior."

"A few more decades? Could it be that Elder Yan Hai is about to break through?"

Qing Yunxiu was shocked

"you are wrong! not me! I may only be able to reach the eighth level of Dzogchen in this life. As for who it is, now is not the time to tell you. Okay, Yunxiu boy, hurry up and lead the way! Take me into the valley quickly."

When Qing Yanhai said this, Qing Yunxiu couldn't ask any more questions, so he said excitedly

"good! Elders, just follow Yunxiu! This time, the seniors brought a lot of good news to my three tribes! I believe that the children of the three tribes will be very happy when they find out. Tianqi, please join me in leading the way for all the elders!"

"yes! Uncle Yunxiu!"

At the moment, Qin Chuan and Qing Yunxiu led the way together.

The group walked dozens of miles in the valley and came to a large swamp. In front of them was a foggy white miasma.

Qing Yunxiu explained at the moment

"Dear seniors, the white miasma in front of us is called soul-eating miasma. This soul-eating miasma can directly enter the human nervous system through the human skin, and even erode the human brain."

"It doesn't matter if you hold your breath. Once this soul-eating miasma invades the nerves, it will cause hallucinations. If it penetrates too deeply, it will cause people to go crazy and die."..

Chapter 2482

Hearing this, Master Teng nodded and said:"I have heard of this miasma. It is one of the most famous poisonous miasmas. It is said that even eighth-level warriors cannot resist it. And the source

of this miasma seems to be a rare plant spirit. It's called soul-changing grass. I wonder if what I said is right?"

Qing Yunxiu replied: "Senior Tengzhu is right. In fact, half of this soul-eating miasma is naturally formed, usually in the layout of our Qing family."

"There are many soul-transforming grasses domesticated by our Qing family in this soul-eating miasma. There are also swamp traps, various poisonous insects, and rune mazes in it. If no one leads the way, even an eighth-level warrior will not be able to pass. As long as we pass through this poisonous miasma, we can reach the secret stronghold of our Qing family."

"good! This place is indeed a good hiding place."

Qing Yanhai and others praised one after another.

At this time, Qing Yunxiu took out a few red pills and asked everyone to take them.

These red pills are the antidote to this soul-eating miasma.

However, Teng Xiaoshan did not take them. Swallow them. After taking the antidote, everyone, led by Qing Yunxiu, entered the boundless miasma.

After walking in the miasma for more than two hours, everyone finally came out of the soul-eating miasma.

This time, everyone was exposed to the miasma. In front of you is a large valley with flowers blooming and fresh air.

There are waterfalls and streams deep in the valley, and the sound of waterfalls and springs can be heard in the distance.

At the entrance of the valley, there are two teenagers guarding them.

These two teenagers are both ten years old. At the age of seven or eight, one is fair-skinned and delicate, with a slender and tall figure, holding a long spear. The other has a copper complexion, is as strong as a bear, and has a giant hammer at his feet.

Although these two young men are not very old, they have great cultivation. They have all reached the third level.

This level of talent is definitely not ordinary, at least it is above the upper-level qualifications, and may even reach the genius qualification.

However, as soon as the two teenagers felt someone coming out of the miasma, they immediately became alert and quickly mentioned Weapons

"who?"

"Tianyi! Heavenly hammer! it's me!"

"Uncle Yunxiu! It turns out you are back!"

When the two young men saw Qing Yunxiu, they immediately expressed surprise and put down their weapons.

It turned out that these two young men were Qing Tianyi and Qing Tianhui, the third generation descendants of the Qing family, and were Qin Chuan's brothers.

Qin Chuan also guessed it at a glance. There is also a sense of pride in the identity of these two young men.

Because these two brothers of the same race have reached the third level at a young age.

It can be seen that the Qing family, as the ancient blood successor family, has the inheritance of the Azure Dragon. There is indeed an unparalleled talent advantage in terms of talent.

"Uncle Yunxiu, who is the person behind you? Could it be those elders who are coming?"

"And this little red-haired kid, couldn't he be our long-famous younger brother Tianqi? He looks several years younger than us!"

"oops! This little devil's fire energy has actually reached the fourth level! Is he a descendant of our Qing family? Why is the fire energy more powerful than the wood energy? Strange!"

"Isn't he a descendant of the Feng family?"

"Are the children of the Feng family so powerful? I don't think it's possible!"

Hearing this, the Phoenix Master behind Qing Yunxiu rolled his eyes in anger.

Seeing Qing Tianyi and Qing Tian Hammer surrounding Qin Chuan as if there was no one around, they began to comment.

Qing Yunxiu felt that there were several pairs of burning eyes looking at him from behind, Suddenly, cold sweat broke out on his forehead.

He thought to himself:"In the past, we were the only children of the Qing family here. We, the Qing family, have very few children. These two boys have been familiar with the elders since they were young. They have been raised to be such unruly and unruly people. Now they have to talk nonsense in front of so many elders. It is embarrassing. Big.

Thinking of this, Qing Yunxiu's face immediately turned serious and he lectured angrily.

"You two brats, what are you talking about? Before he quickly went to report to the clan leader, he said that several clan leaders and supreme elders had arrived, and asked the clan leader to lead the elders of the three clans to arrange a reception. Why don't you go quickly? Is your skin itchy?"

"ah! Uncle Yunxiu seems to be angry. It seems that this matter is a big deal. Let's report it quickly!"

At that moment, Qingtianyi and Qingtian Hammer ran to report like rabbits.

Only Qingyunxiu was left, looking back and smiling awkwardly:"Elders, please follow the juniors. The camp where we live is in front."

At this moment, the group of people followed Qing Yunxiu and headed towards the station..

## Chapter 2483

When Qing Yunxiu led everyone into the station, Qing Xuanlin had already brought all the elders of the three tribes out to greet him.

The ostentation can be described as very grand.

With their identities as Qing Yanhai, Qing Yanfei, Phoenix Master, and Teng Master, they naturally need such a grand ceremony.

Because these four people are currently the only eighth-level warriors from the three tribes, and they are also the leaders of the city.

However, Qing Xuanlin led everyone out to greet Qing Yanhai and others.

The two parties were naturally very happy when they met.

"Ha ha!! Everyone arrived safely, and Xuan Lin finally felt relieved. Supreme Elder Yan Hai, isn't the person behind you the Supreme Elder Qing Yanfei?"

Qing Xuanlin looked at Qing Yanfei. He felt the strong Mu Yuanqi from the other party and could naturally guess the other party's identity at a glance.

"good! He is Qing Yanfei!"

Qing Yanhai introduced.

After hearing this, Qing Xuanlin stepped forward respectfully and saluted:"Junior Qing Xuanlin has seen Qing Yanfei, senior. Qing

Yanfei immediately pulled up Qing Xuanlin and said,"Xuanlin, as you are the head of the Qing family, you don't have to pay me such a big gift."

Qing Xuanlin smiled and said:"This junior is currently only the temporary clan leader. As for whether Supreme Elder Yan Hai or you will be the clan leader in the future, we will not know until the Qing family meeting is held." Junior..."

Before Qing Xuanlin finished speaking, Qing Yanhai interrupted impatiently:"Xuan Lin, we won't mention this matter anymore. Let's talk about it after the Hualong Pond is opened!"

"All right! Qing Xuanlin saw Teng Xiaoshan again at this time and asked,"Who is this?"

The Teng master came forward first and said with a little pride:"This is my ancestor of the Teng family, Teng Xiaoshan, the head of my Teng family thousands of years ago."

"What? You are Senior Teng, it turns out you are out of trouble."

Qing Xuan Lin's face showed a look of surprise.

And the elders of the three tribes behind Qing Xuan Lin also showed a look of great joy.

Because they knew in their hearts that Teng Xiaoshan was a ninth-level powerhouse.

Teng Xiaoshan's escape from trouble and return means that the three A ninth-level strongman finally appeared in the clan, and there was hope for revenge among the three clans.

At that moment, the elders looked surprised, especially the elders of the Teng family who were all excited.

Because Teng Xiaoshan was their elder. , although the three clans are of the same mind, they still have a desire to compare.

The return of the Huo family and Qing Yanfei made the Qing family, the weakest, become the strongest among the three clans.

The Teng family became the weakest among the three clans..

But now, Teng Xiaoshan's return has allowed the Teng family to rise again and become the strongest among the three clans.

This has satisfied the dignity and pride deep in the hearts of the Teng family elders, as if they suddenly became more confident. Everyone raised their heads.

At that moment, all the elders respectfully stepped forward to pay tribute to Teng Xiaoshan.

Afterwards, Qingxuan Lin excitedly stepped forward to lead the way, while ordering people to convey the news of Teng Xiaoshan's return to all the children of the three clans. After a while, the exciting news of Teng Xiaoshan's return spread to all corners of the three clans, and all the children became excited. There was a scene of joy in the camp. And among these children, the most excited ones were the children of the Teng family.

For a while , all the disciples of the Teng family were full of confidence, as if they were proud and proud.

At the same time, all the disciples went to the Qing family's headquarters together, wanting to see Teng Xiaoshan's honor and see what the rumored ninth-level powerhouse looked like. ?

However, after Teng Xiaoshan, Qin Chuan and others entered the Qing family's residence, they entered the meeting hall and held a meeting of the three clans. All the elders of the three clans and Qing Yunfeng were present at the meeting, and other children could not participate at all.

And Qin Chuan's contribution was significant. The descendants of Qing Xuan Lin were also specially approved by Qing Xuan Lin to participate in this meeting of the three tribes.

This meeting of the three tribes was co-hosted by Qing Xuan Lin, Phoenix Master, and Teng Master..

Chapter 2484

During the meeting, Qing Yanhai and others did not tell the story of Teng Xiaoshan's escape, mainly because they were afraid of mentioning Ming Ling'er.

The conference mainly introduced Teng Xiaoshan's identity and established that Teng Xiaoshan was the common ancestor of the three tribes and had the final decision-making power for all future actions of the three tribes.

After settling this proposal, Qing Xuanlin also announced Qing Yanfei's temporary appointment as Supreme Elder in front of the elders of the three tribes.

In the end, it was natural to explain to the elders of the three clans that Qin Chuan, who had contributed a lot and played an indispensable role among the four major families of Lu Xie in Nanyan.

All the elders have long heard about Qin Chuan.

This time, if Qin Chuan had not risked his life to enter the forbidden area and find out the true truth of the forbidden area, the Qing Feng Teng clan would have suffered heavy losses.

Therefore, Qin Chuan played an important role in that operation.

However, many people did not expect that Qin Chuan was only fourteen or fifteen years old, much younger than they expected.

"hehe!! It turns out that this little red-haired guy is the Qingtianqi! So young!"

"yes! What a promising young man! It's really not easy for someone at such a young age to be able to find out so many secrets from such a dangerous situation! It seems that this guy is both wise and brave"

"good! For him to survive to this day, he not only needs the courage to dare to enter the tiger's den, but also has enough resourcefulness. I heard that this boy is Qing Yunfeng's son. It seems that the tiger father has no son. This kid will grow up to be a person in the future!"

Listening to the praises of the elders below, Qin Chuan was naturally a little embarrassed, but he couldn't say anything more. At this time, Qing Xuanlin stepped forward and said:"Everyone, the return of Senior Teng this time is a great opportunity for our clan. A great joy. And with your help, our Qing family is also blessed with double happiness."

"This joy was that the Supreme Elder Qing Yanfei was rescued, which gave our Qing family a big help. Another joy was that we regained the Azure Dragon Pearl. With this Qinglongzhu, our Qing family will spring up like mushrooms after a spring rain and will be revitalized and prosperous. Here, Xuan Lin would like to thank all the members of the Feng and Teng families. Lord Phoenix smiled and said:"

Chief Qing, you're welcome. Our three clans are of the same mind. It is the right thing to help your Qing family regain the Azure Dragon Pearl.""

"yes! Phoenix Master is right."

Teng Zhu also said:"However, taking back the Green Dragon Pearl this time is indeed a great joy for your Qing family. I wonder when the Qing clan leader is going to open the 'Hua Long Pond' to officially awaken the Qinglong bloodline in the Qing family's children?"

"Ha ha!! Xuan Lin was about to tell Senior Teng Xiaoshan and everyone else about this matter!"

At this time, Qing Xuanlin also seemed to be in a very good mood.

"Everyone, since the Blue Dragon Pearl has returned, the sooner the 'Hualong Pond' is opened, the better. So Xuanlin decided to open the 'Hualong Pond' tomorrow, and then invite Senior Teng and everyone here to watch the ceremony!"

"Ha ha!! We will definitely go to watch the ceremony."

Hearing this, everyone present nodded in agreement.

Qin Chuan on the side also clenched his fists excitedly, thinking in his heart

"Very good! Tomorrow I can enter the 'Hualong Pond' to activate the True Blue Dragon Blood in my body. From now on, I don't have to worry about not being able to cultivate Mu Yuan Qi to the eighth level."

"I heard that after being baptized into a dragon, both talent and cultivation will increase. I wonder if my talent can be upgraded to another level, and to what extent can my Mu Yuan Qi cultivation be increased?"

Next, the meeting discussed some trivial matters.

After the meeting, Teng Xiaoshan returned to the Teng family's residence, and Qing Yanhai and Qing Yanfei also made appropriate arrangements..

Chapter 2485

Qin Chuan left with his father Qing Yunfeng.

In a small courtyard somewhere in the station

"Tianqi, I am very happy as a father to see you back safely."

A gentle smile appeared on Qing Yunfeng's face.

Seeing his father's familiar but somewhat unfamiliar face, Qin Chuan felt very complicated.

Since he was seven years old, he has never been with his father again and has been alone. He He once thought that he was really an orphan and that his father was really no longer alive.

He had been sad, cried, and scared.

However, it was precisely because of those dark years that he gradually learned to be strong and He is independent and has learned to rely on his own strength to obtain everything.

So Qin Chuan does not hate him.

Because this is an arrangement his father gave him to grow up.

He will always remember what his father said to him when he was young: Born in sorrow , die in happiness! Only in adversity can people grow faster.

For his own sake, his father worked very hard, only to let him lose a lot of family care.

Now he has gradually grown up and knows the truth of everything.

See you again When he saw his father's familiar face, he was already a bit old. The crow's feet at the corners of his eyes inadvertently touched a string in his heart, trembling slightly, which made him feel heartbroken.

Alas! He is still old. Even if he is a sixth-level warrior, he cannot stop the erosion of time!

Qin Chuan felt a little sad in his heart, and slowly raised his head to look at his father. His eyes were slightly red. The person in front of him was his father after all.

"Tianqi! Father, I'm sorry for you all these years! You don't resent me, do you?"

"Dad, what did you say? How could I resent you?"

"That's good! Now that the Blue Dragon Pearl has been taken back, the heavy burden in my father's heart has been lifted. What my father lacked from you in the past will slowly make up for it. I will be a good father. My child, if you need anything in the future, just ask me!"

Qing Yunfeng looked at his son gently, his face no longer as cold as before.

For this son, he felt guilty in his heart. In the past, he could abandon everything for the family and the beliefs in his heart.

Now, his The task was completed, and the huge stone that had been weighing on his heart was lifted, but the guilt of being a father quietly crept into his heart.

Now, he just wants to find some opportunities to compensate Qin Chuan as much as possible.

At this time , there was another burst of footsteps outside the hospital.

Qin Chuan and Qing Yunfeng stopped talking and looked outside the hospital.

Before they could see anyone, they heard a happy voice outside the hospital.

"Ha ha!! Is Qin Chuan back?!"

After hearing this, Qin Chuan's face also showed surprise.

In the Qing family, Qing Yunsheng was the only one who would call him Qin Chuan. He was the one Qing Yunsheng watched growing up.

Not long after, as expected, he saw Qing Yunsheng. He ran into the yard with a happy face, followed by a group of teenagers.

"Uncle Yunsheng!"

"good! good! Your kid just came back now, but you worried me to death. I thought something happened to you in the forbidden area?"

There was joy in Qing Yunsheng's tone, and it was obvious that all his previous worries were gone when he saw Qin Chuan.

But Qin Chuan's heart felt warm. Qing Yunsheng was his biological uncle, and he knew how much he loved him..At this time, the group of teenagers behind Qing Yunsheng also gathered around.

Qing Tianyi and Qing Tian Hammer were also among them.

"Ha ha!! It turns out that you are indeed Tianqi's younger brother! Brother Tianqi, you don't look big! Do you know who I am? I am your third brother Qing Tianyi! Call Third Brother to come and listen!"

At this time, a pretty girl with a ponytail, about fifteen or sixteen years old, pushed Qing Tianyi aside.

"go! go! Get out of here you annoying guy! Brother Tianqi, you are so awesome! Uncle Yunsheng always praises you in front of us. When we meet today, your cultivation level is indeed very high. Has your Mu Yuan Qi reached the peak of the third level?"

"Wow! You are amazing! I heard that you are only fourteen years old, your sister and I are both sixteen years old, and the Mu Yuan Qi is still the second level of Dzogchen. This is really infuriating. Brother, tell me, sister, how do you practice?"

As soon as the girl's words came out, several other boys and girls also looked at Qin Chuan.

When they saw that Qin Chuan's Mu Yuan Qi had really reached the third level peak, they all looked surprised and admired..

Chapter 2486

"Tsk tsk!! No wonder several uncles praised you, you are worthy of being Uncle Yunfeng's son! At such a young age, he has already reached the peak of the third level!"

At this time, a young man who was slightly shorter than Qin Chuan and had a childish look on his face came forward with a look of admiration on his face and said in a sincere tone.

"yes! Brother Tianqi, you are so awesome! I'm only one year younger than you, I'm thirteen years old this year, but my cultivation level is only at the first level of advanced level! Brother Tianqi, you are so awesome! It seems that your talent is no worse than that of Brother Tianjun!"

"That's right! I also feel that the qualifications of younger brother Tianqi are the only ones among us, three generations of children, who can compare with elder brother Tianjun."

While a group of teenagers were discussing excitedly around Qin Chuan, Qingtianyi and Qingtian Hammer on the side both showed doubts.

After a while, Qingtianyi did not dare to confirm his thoughts and asked Qingtian Hammer in a low voice.

"Hammer, am I dazzled? Or hallucinating? Didn't we see before that this little devil's fire energy has reached the peak of the fourth level? Why can't I feel a trace of fire energy from him now? Did we get it wrong?"

Qingtian Hammer also wrinkled and looked at it for a while before guessing:"Yes!" Brother Tianyi, I can also sense the fire energy in this little ghost head. Have we really seen it wrong?"

"Maybe we really saw it wrong! After all, this little devil is a descendant of our Qing family. Except for our Qing family's outstanding talents in the wood element, our talents in the other four elements are a mess. At his age, it is impossible for him to cultivate the fire energy to that level"

"Even if he cultivates fire energy, he can only cultivate to the first level at most. How can he reach the peak of the fourth level? Unless he is a descendant of the Feng family. However, even among the children of the Feng family, no one has such a high talent, right? At least I haven't found it yet!"

Qingtian Yi said with certainty.

After hearing this, Qingtian Hammer thought about it carefully, nodded in approval, and whispered

"Um! You must be right, we must have been dazzled before. Why! Fortunately, it was just dazzling, otherwise I really thought I had met a monster, a fourteen-year-old kid who had cultivated the fire energy to the peak of the fourth level at such a young age. I would not believe it even if I beat him to death."

"yes! I can't believe it either. The most important thing is that he is still a child of our Qing family. Which one of our Qing family children's fire element qualifications is not an inferior qualification? You said that he has cultivated Mu Yuan Qi to the peak of the fourth level. I still believe it a little bit, but he has Fire Yuan Qi."

"Now that I think about it, I am 100% sure that I was dazzled before."

"Um! that is!"

But it was said that Qin Chuan was surrounded by a group of brothers and sisters of the same generation who were talking curiously.

But with his abnormal hearing, he naturally heard clearly the conversation between Qing Tianyi and Qing Tian Hammer who were talking quietly on the side.

After hearing the end, Qin Chuan's heart I couldn't help but smile, and secretly thought at the same time

"It seems that my brothers and sisters of the same generation don't know that I have been fused with the true blood of 'True Listening' since before I was born. Thinking about it, this matter is of great importance. How can I tell these young people? Since they don't know the truth, I won't tell them and save myself more trouble."

It turns out that since entering the station, Qin Chuan was seen by Qing Tianyi and Qing Tian Hammer that his fire cultivation had reached the peak of the fourth level, and then was commented by the two. Qin Chuan naturally felt a little uncomfortable. At the same time, he also noticed that, At his age, he has cultivated his fire energy to the peak of the fourth level. It is indeed shocking to say that it is difficult not to attract attention. This is because in order to avoid unnecessary trouble and reduce others' attention to him. , Qin Chuan used the Breath Condensation Technique to converge the Fire Yuan Qi and several other systems of Yuan Qi, and only revealed his Wood Yuan Qi.

Therefore, all the young people thought that Qin Chuan had only practiced Wood Yuan Qi.

But even so, he still attracted a group of people. The boy was amazed..

Chapter 2487

At this time, Qing Yunsheng, who had been watching the young people playing around, smiled and said

"Tianqi! These are your brothers and sisters of the same generation. From now on, you will all be a family. Remember that the children of the Qing family must be united, so you should get to know them well!"

"yes! Uncle Yunsheng!"

Qing Yunsheng smiled and nodded, and then said to Qing Tianyi

"Tianyi, you are the oldest here, take Tianqi and your younger brothers and sisters out to get familiar with the environment. I want to talk to your Uncle Yunfeng!"

After hearing this, Qingtianyi led the young people out of the yard and took Qin Chuan to get familiar with the environment.

After Qingyun Sheng saw the young people leaving, he said to Qingyun Feng

"Brother, this time the Blue Dragon Pearl has been recaptured. Our mission has been completed. Tianqi has also returned to the clan. It can be seen that he is very popular with those boys. But when do you let him meet his mother?"

Qing Yunfeng didn't speak immediately, he just looked at the horizon and pondered.

After a while, he said quietly

"Why! Tian Qi has just come back, so let's not mention some sad things for now. Back then, in order to integrate the true blood of the Holy Beast Truth into Tianqi's body when he was still a fetus, we used the ancient secret technique of 'Blending Blood and Fetus', but because of this, her mother was in a deep sleep after giving birth to him. This deep sleep That's fourteen years"

"If Tianqi sees Wan'er sleeping, he will definitely be sad, and maybe he will also feel resentment for what we did back then."

"Why! yes! Both mother and son sacrificed too much for our Qing family. We can no longer fail them. However, Tianqi knows about his sister-in-law. Even if you don't mention it, he will mention it himself."

"I know this!"

Qingyun Feng said lightly.

"No matter when he mentions it, at least he won't mention it today. Let's wait until the 'Hualong Pond' is opened tomorrow. Actually, I don't want to mention it now because I know that senior Teng Xiaoshan is back. He is a ninth-level warrior. Maybe he can save Wan'er!"

"If Wan'er could be saved, it would be a surprise for Tian Qi."

After hearing this, Qing Yunsheng's eyes lit up.

"yes! Senior Teng Xiaoshan is a ninth-level powerhouse. He must have a way to save his sister-in-law. If it really succeeds, it will indeed be a great joy for Tianqi."

"I hope so!"

Qingyunfeng sighed softly.

"Whether it can be saved or not is just my guess. If even Senior Teng can't do anything, I really don't know what to do. I don't even know how to explain it to Tianqi?"

"Brother, no matter what, I have to give this matter a try first."

"Of course, I have already planned to tell my father about this matter after the opening of the 'Hualong Pond' is over, and ask him to ask Senior Teng Xiaoshan for help. Thinking about it, if his father comes forward, Senior Teng will agree!"

"It should! By the way, brother, what do you think about the opening of the 'Hualong Pond' tomorrow?"

"Opening the 'Hualong Pond' has been the wish of the Qing family for a thousand years, and it is also the top priority of my Qing family for a thousand years.

Qing Yunsheng also said excitedly: "Yes!" Our Qing family has endured humiliation and heavy burdens for a thousand years, isn't it just for tomorrow? Starting from tomorrow, our Qing family will change its appearance again, and tomorrow will also be the day when our Qing family rises again."

"I wonder how many outstanding disciples with pseudo-spiritual qualifications our Qing family will produce after the Hualong Pond is opened tomorrow?"

"several?"

Qingyunfeng shook his head disdainfully

"Yunsheng, you think of the pseudo-spiritual qualifications too simply. The pseudo-spiritual qualification is extremely rare. Although it is not as good as the spiritual qualification, it is also a rare qualification among millions of people!"

"Although theoretically speaking, as long as our Qing family disciples have genius qualifications, after being baptized in the Hualong Pond, their wood qualifications have a certain chance of growing into pseudo-spiritual qualifications, but this chance is very small, and only one out of ten people can. success"

"Look at the children of the Feng family and the Teng family. They also have inherited artifacts. After they awakened from the true blood, how many of their children have pseudo-spiritual qualifications?"...

Chapter 2488

"yes! It is said that among the three generations of the Feng family, only one person has pseudo-spiritual qualifications, and even the talented senior Feng Lord does not have pseudo-spiritual qualifications. The children of the Teng family don't even have the qualifications to be a pseudo-spiritual body."

"That's it. I have also heard that the disciple of the Feng family with pseudo-spiritual qualifications has reached the fifth level of Dzogchen in cultivation when he was only in his thirties. What a pity. If he had been a few years younger and participated in Dakun Country's Rookie Competition next year, he might have won the top spot on the rookie list."

"That's right! However, if he were a few years younger, he might not be able to cultivate to the fifth level of Dzogchen. However, there is absolutely no problem for him to reach the fifth level before he is thirty years old. I seem to have heard of that man. He is the leader of the "Thirteen Blood-Clothed People" of the Four Killing Alliance, and his name is "Purple"."

"right! it's him!"

Qingyunfeng nodded.

"Why! After experiencing the baptism of Tomorrow's Hualong Pond, with my qualifications, I don't have to expect to become a pseudo-spiritual body. I just hope that Tianqi's wood qualifications can be upgraded to a wood pseudo-spirit in one fell swoop."

"I hope so!"

Qing Yunfeng also showed hope in his eyes, and then he shook his head and said

"Although I really hope that he can successfully improve his qualifications, it will be easy!"

Qing Yunsheng said: "Brother, no matter what you say, I am very optimistic about Tianqi." Even after undergoing the baptism of the Dragon Transformation Pond, there is a one-tenth chance that the genius qualification can be advanced to the pseudo-spiritual qualification. But many people know that so-called genius qualifications also have advantages and disadvantages."

"Judging from Tianqi's wood qualifications, they are considered to be top-notch even among genius qualifications. You must know that the better the qualifications, the greater the possibility of advancement, so the possibility of Tianqi's qualifications being successfully advanced is not small!"

"I hope so too. Whether he can successfully advance his qualifications depends on tomorrow!"

Deep in the Valley of Ten Thousand Flowers, in the secret stronghold of the three clans, is the Hualong Pond in the center of the Qing family.

At this moment, many people gathered around the Hualong Pond, including children of the Qing family, as well as children of the Feng family and Teng family.

The Feng family and Teng family Naturally, the children of the Qing family came to watch the excitement.

The children of the Qing family were all excited. They looked at the Hualong Pond for a while, and then looked outside the crowd, anxiously waiting for the patriarch Qing Xuanlin to come to preside over the opening.

And Qin Chuan also stood among the three generations of children, waiting silently.

Of course, he was also very excited.

And on Qin Chuan's shoulders, there was a cute and fluffy little guy.

At this moment, the little guy squinted a pair of small He was looking at the 'Hualong Pond' not far away with great interest, and he was shouting 'Goojigguji', as if he had found something interesting.

This little guy is naturally Qiuqiu.

Qiuqiu has been doing this for the past few days. It was imprisoned by Qin Chuan in the War God's Order space.

Qin Chuan was afraid of suffocating it, so he let it out today.

The appearance of Qiuqiu naturally attracted the attention of a group of teenagers, who all loved this cute pet. , especially the girls, wanted to hold it in their arms and ravage it.

But Qiuqiu didn't like to get close to them, and just stayed on Qin Chuan's shoulders.

"Why! Why hasn't the patriarch arrived yet? I am so impatient to wait!"

Qingtian Hammer, who was standing next to Qin Chuan, looked anxiously outside the crowd.

"yes! Why hasn't the clan leader arrived yet? I can't wait to see the Hualong Pond open."

"Why! What on earth did the patriarch do?"

While several young men of his generation around Qin Chuan were chatting anxiously, a plain and somewhat arrogant voice came from behind them.

"What are you guys doing in such a hurry? So no patience at all? With such a character, how can we go further on the path of cultivation in the future?"

This was the voice of a young man. When

Qingtian Hammer and others heard this voice, their expressions condensed and they all became quiet. At this time, a man in his late twenties, with a slender figure, fair complexion, and a delicate appearance walked out from behind the crowd. Young man.

Obviously the previous voice was made by this young man. When all the young people saw this young man, they all showed respectful expressions and stepped forward to greet him.

"I've met big brother!!"

"I've met Brother Jun!"

And Qin Chuan had a look of horror in his eyes since this young man appeared..

Chapter 2489

It turns out that this young man's talent is extremely high. Looking at his cultivation, he has already cultivated Mu Yuan Qi to the peak of the fourth level.

At that moment, Qin Chuan thought in his mind:"Who is this person? His cultivation level is so high. It seems that his talent is much higher than Duanmu Lingyun and Nan Mingfeng."

While Qin Chuan was thinking in his mind, Qing Chuan beside him Tianyi whispered

"Tianqi! This is our eldest brother, Lord Qingtian, and the number one master among our three generations of disciples. He has reached the peak of the fourth level at the age of only twenty-one. He is the model and idol of our three generations of disciples. Why don't you come forward and pay homage to our elder brother?"

There was a hint of admiration in that tone.

Hearing this, Qin Chuan was shocked and thought to himself.

"It turns out that this man is also my clan brother. If so, then his talent is higher than I imagined. After being baptized by the Hualong Pond, our Qing family's children will improve again in both talent and cultivation. I think this person's cultivation will reach at least the fourth level of Great Perfection after being baptized by the Hualong Pond!"

At the same time, Lord Qingtian also saw Qin Chuan standing aside.

He saw that all his brothers and sisters came forward to salute respectfully. Only Qin Chuan stood there, and suddenly frowned.

He has always been He is quite prestigious among his peers, not only because he is the oldest among the three generations, but also because his cultivation and talent are unmatched among his peers.

More importantly, he is also very good at dealing with people. Mature and steady, he has been educating and helping his younger brothers and sisters with the attitude of an elder brother since childhood. As time goes by, his prestige among his peers is getting higher and higher.

And his younger brothers and sisters of the same generation treat him more favorably than some elders. Respected.

Because of this, many elders are very optimistic about him and focus more on cultivating him. They believe that this son has the demeanor of a general and will definitely become the leader of the third generation of the Qing family in the future. This will inevitably make Qingtian Lord have He was as arrogant as a proud man.

When he saw that Qin Chuan did not salute him like his peers, he was immediately unhappy.

However, only then did he realize that Qin Chuan was a little strange.

At that moment, Lord Qingtian looked solemn. He strode up to Qin Chuan and said softly:

"Which family are you from? Why are you among the third generation of our Qing family? Are you in the wrong place? Qing

Tianyi quickly explained for Qin Chuan: "Brother, he didn't go to the wrong place. He is Uncle Yunfeng's son Qing Tianqi!"

Hearing this, Lord Qingtian was a little surprised. Then he looked at Qin Chuan and said with a smile.

"It turns out you are Tianqi! I heard that you made a great contribution in annihilating the four major families of Nan Yan and Lu Xie this time. Yes, you did a good job. You should continue to work hard in the future. Don't be proud of it. You should set a good example for your brothers and sisters of the same generation."

"Um! It seems that your cultivation level is not bad, reaching the peak of the third level. It seems that your wood qualifications have also reached the genius qualifications. Work hard and don't let me down! Qingtianjun nodded slightly and complimented a few words casually. His tone was full of eldest brother's airs, and more like an elder's admonishment to a younger generation.

Hearing this, Qin Chuan's ears felt a little uncomfortable, but he didn't say much. Thinking about it.

At that moment, Qin Chuan also stepped forward and said politely: "Thank you for your teachings. My younger brother Qing Tianqi has met your elder brother. I hope that your elder brother will give you more support and care in the future."

Qin Chuan's words were meant to be polite, and his demeanor was naturally very plain. He did not show a very respectful attitude towards Lord Qingtian like Qingtianyì and others.

After all, he did not grow up in the clan, and Lord Qingtian gained experience among his peers. The prestige has not affected him.

Although Lord Qingtian is his clan brother, it is a bit difficult for him to show respect as soon as they meet. At least Lord Qingtian has not shown such courtesy yet that he feels he should be so polite..

Chapter 2490

Although Lord Qingtian is his clan brother, it is a bit difficult for him to show respect as soon as they meet him. At least Lord Qingtian has not yet shown such courtesy that he feels he should be.

And Lord Qingtian is also a careful person, and he also saw some subtle changes on Qin Chuan's face.

At that moment, I thought to myself: "This little clan brother's attitude toward me is obviously not as respectful as that of other younger brothers and sisters. This is the first time we have met, and his attitude is like this. I wonder if he will put me, the eldest brother, in the future when we get to know each other well." What about in your eyes?"

"I heard several clan uncles have pretty good comments about him. Isn't it because he made such a big contribution this time that he is arrogant and arrogant? If this is the case, I would like to find an opportunity to educate this clan brother."

Thinking of this, Lord Qingtian said

"Tianqi, after experiencing the baptism of Hualong Pond this time, the talents and qualifications of our children will be improved. As long as the qualifications are improved to a certain level, a big qualitative change will occur. For example, those with the same superior qualifications are also distinguished by their superiority and inferiority, but they are not necessarily of the same level."

"After the disciples with superior qualifications undergo the baptism of Hualong Pond, their qualifications will be improved on the original basis. When the improvement reaches a certain level, a qualitative change will occur and they will advance to genius qualifications."

"In other words, the qualifications of everyone in the Hualong Pond baptism will be improved this time, but the qualifications of some people will be greatly improved, resulting in a qualitative leap, but this part of the people is only a very small number."

"I think your qualifications are also genius qualifications. I hope you can pass this baptism and advance your qualifications to pseudo-spiritual qualifications in one fell swoop."

"Because only those who can become pseudo-spiritual bodies are the hope of our clan. I hope you can succeed! Of course, it doesn't matter if you don't succeed. As long as you get rid of your arrogance, correct your position, and practice hard calmly, you will eventually succeed."

Ao Tianjun said this because he was not optimistic about Qin Chuan.

Because he heard that Qin Chuan had many adventures.

Therefore, he judged that Qin Chuan could cultivate Mu Yuan Qi to the peak of the third level at such an age. , most of which rely on chance encounters, which does not explain how outstanding

Qin Chuan's wood qualifications are. At most, they are ordinary genius qualifications, but not elite geniuses.

If so, Qin Chuan wants to use Hualong Pond to It is impossible for his talent to be upgraded to a pseudo-spiritual qualification in one fell swoop.

However, Qingtianjun didn't know that Qin Chuan's wood element cultivation did not encounter many adventures, not as good as the water and fire elements. The improvement of the system relies more on hard training and epiphany.

However, although Qingtianjun is not optimistic about Qin Chuan, he is very confident in himself and believes that he will be able to improve his qualifications to pseudo-spiritual qualifications through Hualong Pond.

He wanted to tell Qin Chuan through this incident, don't forget about it just because you have made a great contribution. The future of the family must be supported by strong people.

Whoever has the qualifications of a pseudo-spiritual body will be the strong person in the future, and whoever will be the first The leader of the third generation.

He has not achieved the qualifications of a pseudo-spiritual body, and has no arrogance at all. From now on, it is better to keep his tail between his legs and be a human being. After hearing these words, Qin Chuan smiled slightly and said nothing.

And right here At that moment, another group of teenagers came not far away.

The leader of this group of teenagers was a young man in black, about eighteen or nineteen years old, who was carrying a long knife.

Behind the young man in black, there was a group of people, ranging in age from twenty to They range from three to four years old to eleven or twelve years old.

But it is obvious that this group of young people is led by the young man in black.

I saw the young man in black walking straight towards Qinchuan, and it seemed that his goal was to come Looking for Qin Chuan.

Seeing this situation, the Qing family's children on Qin Chuan's side had strange expressions on their faces.

Lord Qingtian pondered for a moment, then walked out of the crowd and walked to Qin Chuan.

He thought that he had always been He is the representative of the third generation disciples of the Qing family. Now facing a group of oncoming teenagers, it is natural for him to take part in such diplomatic matters. But he did n't expect that when the young man in black approached with the young men, , did not greet Qingtian Jun directly, but greeted Qin Chuan behind Qingtian Jun..
