Chapter 2491

"Tianqi, I knew you would come today. I heard you arrived yesterday, but I didn't have a chance to find you! I am finally relieved that you can come back safely this time.

Qin Chuan also said excitedly: "Haha!"! Brother Huo, it's great to see you again!"

It turns out that the boy in black is Huo Qing.

And the group of boys behind Huo Qing are naturally the third generation descendants of the original Huo family and now the third generation descendants of the Qing family.

But Huo Qing heard Qin Chuan call him 'Brother He' , then smiled and said

"Qin Chuan, I already call you Tianqi, it's time for you to call me by your real name. My original name was Huo Tianling. Now that I recognize my ancestor and return to my clan, my name is naturally Qingtianling. You should call me Brother Tianling from now on"

"Ha ha!! Brother Tianling said exactly what he said!"

Qin Chuan was naturally in a very good mood when he met Huo Qing here.

The two of them met by the Fengwei River and hit it off immediately and cherished each other.

Now that I think about it, they are children of the same race and have the same blood flowing in their bodies. Naturally, they will They felt close to each other, so they fell in love at first sight.

Later, the two of them lived and died together, and entered the Zhou family's forbidden area as blood guards together.

Unknowingly, the friendship between the two was far better than that of their peers in other clans.

So , as soon as Huo Qing arrived at Hualong Pond today, he brought his peers to Qin Chuan.

At that moment, Qin Chuan and Huo Qing talked enthusiastically.

Later, Huo Qing introduced his peers to Qin Chuan one by one. Because of this, he left Qingtian Jun aside.

Qingtian Jun's face suddenly became a little confused, and he was inevitably a little depressed.

However, he did not get angry because of this. He was still wary of Huo Qing, also known as Qingtian Ling. He regards Qingtian Ling as his only opponent.

As far as he knows, Qingtian Ling has considerable prestige among the three generations of the original Huo family, just like himself now. Now

, the Huo family has returned to the Qing family.

Although it is still needed in the early stage Some running-in, but they will eventually become a family.

By then, his status among the three generations of children will be greatly affected.

The main impact is the impact of Qingtian Ling on his status.

The children of the original Huo family will definitely look up to Qingtian Ling. , this vaguely divided the three generations of the Qing family into two factions.

This is not what Qingtian Jun wants to see, nor is it what all the elders of the Qing family want to see.

Therefore, Qingtian Jun knows in his heart that there is only one way for him to maintain his position.

That is to conquer Qingtian Ling.

In fact, it is not difficult to conquer Qingtian Ling, as long as the talent and cultivation level you show are superior to the opponent.

After all, warriors only respect the strong, especially young warriors.

But Qingtian It is not that easy for you to overpower Qingtian Ling.

Although Qingtian Ling's current cultivation level is only the peak of the third level of Dzogchen, I heard that in order to consolidate the foundation, Qingtian Ling has never taken any elixir to help break through the bottleneck. The breakthrough is all based on his own insights and hard work, and his foundation is very solid.

It can be seen that Qingtian Ling's qualifications are no worse than him.

If Qingtian Ling undergoes the baptism of the Hualong Pond this time, his talents and qualifications can also be upgraded to a pseudo-spiritual body in one fell swoop. Qualifications mean that the two have equal potential.

Although his cultivation level is higher than that of Qingtian Ling, Qingtian Ling is younger than him, is a rare warrior of the third line, and is the successor appointed by Qing Yanhai.

Want to It is impossible for Qingtian Ling to admire him.

Therefore, Qingtian Lord regards Qingtian Ling as his only opponent.

He does not dare to act like an elder brother towards Qingtian Ling.

He does not know what Qingtian Ling thinks. But now Qing Tianling and Qin Chuan treat him as if he is nothing and leave him aside in the cold. Naturally, he feels a little angry.

"This Qingtian Ling is really, I am ashamed to think that he is a person, but he turns out to be a person who does not know etiquette. He left me aside for the sake of Qing Tianqi, a member of the

clan whose talent and potential were not very outstanding. Am I not as good as Qing Tianqi in his heart? How ridiculous!!"

"After activating the Hualong Pond, let's see if you can upgrade your qualifications to that of a pseudo-spiritual body. If not, you won't be qualified to be my opponent. Then I'll see what qualifications you still have to show off in front of me!"..

Chapter 2492

Although he thought so in his heart, Qingtian Jun didn't show it on his face. He just smiled at Qingtian Ling who was talking happily.

"It seems that Tianling and Tianqi have a very good relationship. You two are talking so congenially that you have forgotten us brothers in the clan, right? Ha ha!!"

When Qingtian Jun said this, Qingtian Ling smiled sheepishly.

"hehe!! Brother Tianjun, don't be surprised. My younger brother met again today with younger brother Tianqi. He was in a very good mood, so he chatted a few more words. I hope you'll forgive me if I've left you out in the cold!"

"Ha ha!! What Tian Ling said there, I just said casually!"

While the two were talking, there was another commotion outside the crowd.

Many people from the three tribes shouted in surprise.

"coming! coming! finally come!"

"Oh my God! Did you see that? The one in front is Senior Teng Xiaoshan. Unexpectedly, Senior Teng Xiaoshan is here too!"

"yes! There is also Qing Yanhai. Qing Yanfei is not the Supreme Elder, but the heads of the three clans are here."

At this time, the crowd gradually separated into a road.

A group of people came over.

The leader was Teng Xiaoshan with a smile.

They followed respectfully Qingxuanlin, Qingyanhai, Qingyanfei, Fengzhu, Tengzhu.

This group of six people can be said to be the top leaders of the three tribes. As soon as the six people arrived, the previously noisy and noisy scene immediately became quiet. There were no more voices in the scene, only the sound of breathing, and everyone's eyes fell involuntarily. Teng Xiaoshan and the six people in the center of the field.

At this moment, no one dared to make a loud noise. They all held their breath and looked at Teng Xiaoshan and others respectfully.

At this time, Qing Xuanlin respectfully saluted Teng Xiaoshan and others.

"Many thanks to Senior Teng, Master Feng and Master Teng for coming to watch the ceremony. Your arrival is truly a blessing to our family!"

Teng Xiaoshan nodded slightly.

"Xuan Lin, you don't have to be polite! The opening of Hualong Pond this time is not only a big event for your Qing family, but also a big event for our three clans."

"That's exactly what Senior Teng said!"

Phoenix Master also smiled and said, "This time we and Senior Teng are here not only to watch the ceremony, but more importantly, we want to see if your Qing family can produce a talent with pseudo-spiritual qualifications!"

The Tengzhu also said: "Yes!" The qualification for a pseudo-spiritual body is extremely rare, and it is rare to find just one among millions of people! Like us, none of the Teng family members have the qualifications to be a pseudo-spiritual body."

"Our Feng family is only 'Zi'. I don't know if your Qing family will be able to produce a pseudo-spiritual body after being baptized in the Hualong Pond.

Qing Xuanlin smiled and said: "It is a blessing for our Qing family to be able to produce a pseudo-spiritual body." However, a person with pseudo-spiritual qualifications is a quasi-eighth level warrior. It is no problem to cultivate to the eighth level. If you work hard enough, it is not a big problem to cultivate to the eighth level of Dzogchen. If there is a great opportunity, you can even break through the bottleneck and become a ninth-level warrior. There is a 10% chance of breaking through the bottleneck and becoming a ninth-level warrior."

"yes! It's hard to say whether people with qualifications like mine can cultivate to the eighth level of Dzogchen! The situation is different for people with pseudo-spiritual qualifications. Cultivating to the eighth level of Dzogchen is not an unattainable thing."

Phoenix Master couldn't help but sigh, with some envy in his words.

At this time, Teng Xiaoshan said: "Let's not say so much. Xuan Lin, open the Hualong Pond! Let's see if one or two of your Qing family disciples can have the qualifications for a pseudo-spiritual body. If you are lucky enough to have one. You, the Qing family, must do your best to cultivate them."

"I will also mobilize the power of the three clans to take care of him. Let it grow up as soon as possible and let our three tribes add another eighth-level warrior."

Hearing this, Qingxuan Lin, Phoenix Master, and Teng Master responded in unison.

"That's exactly what the senior said! We will do it!"

"It's good for you to know."

Teng Xiaoshan turned to Lord Phoenix again and said

"That disciple of your Feng family with pseudo-spiritual qualifications, please bring him to see me in a few days."

Hearing this, Lord Phoenix was overjoyed. He knew that Teng Xiaoshan wanted to meet 'Zi', so he naturally wanted to focus on training him.

In fact, several people knew very well that even a super-rich clan with ninth-level warriors in charge still valued the eighth-level disciples very much. Yes, without one more eighth-level disciple, the clan's strength becomes stronger.

Because those eighth-level disciples are not only the backbone of external deterrence, but also the basis for cultivating ninth-level warriors.

Today's Qingfengteng three clans naturally do not Exception, naturally very eager to have more disciples to become eighth-level warriors, so that the three tribes can completely prosper..

Chapter 2493

While Qing Xuanlin and others were talking quietly.

Many of the peripheral disciples of the three tribes also heard the conversation.

At that moment, many people started talking in low voices.

"Do you think the Qing family can produce a disciple with pseudo-spiritual qualifications this time?"

"hehe!! It's hard to say!"

"I think there will probably be one. Now that the Qing family and the Huo family have merged, the number of their children is the largest among our three families."

"hehe! You can't say that, it doesn't take a large number of people to produce pseudo-spiritual qualifications. If it depends on the number of people, some big families have thousands of descendants, but none of them have pseudo-spiritual qualifications."

"yes! Whether one can produce a pseudo-spiritual body depends not on the number of people, but on whether there are many disciples with genius qualifications. If there are many, maybe one can be produced."

"What this said is true. Now the Feng family has a disciple with pseudo-spiritual qualifications, and the Teng family has none. It depends on whether the Qing family can produce one. If the Qing family produces another one, it means that the Qing family will produce at least another eighth-level powerhouse in the future."

"yes!"

While the children of the three tribes were talking in low voices,

Qing Xuanlin stood out and coughed.

The place suddenly became quiet.

At this time, Qing Xuanlin glanced at everyone in the place, and then said loudly

"Everyone is welcome to attend the ceremony! Now please take five steps back from the Feng family and Teng family, and move five steps forward from the Qing family."

Hearing this, the children of the three clans in the field all acted as they were told.

After a while, the children of the Feng family and the Teng family all retreated to the outside of the circle, surrounding all the children of the Qing family.

Seeing this, Qing Xuanlin nodded with satisfaction, Then he announced the official opening of Hualong Pond.

As soon as he said this, four seventh-level elders immediately walked out of the crowd.

Two of these four seventh-level elders were the original elders of the Qing family, and the other two were from the Huo family. Now Naturally, they were also elders of the Qing family.

As soon as the four people walked out, they walked in the four directions of east, west, north and south, and pinched the seals at the same time.

In the field, the huge Dragon Transformation Pond began to vibrate slightly, making a buzzing roar, and even the earth began to tremble. Get up.

Not long after, the soil in front of the four people bulged strangely, and four waist-thick sapphire stone pillars broke out of the ground.

It turned out that there were four sapphire stone pillars buried in the four directions of Hualong Pond, which suppressed spirituality.

"The Dragon Binding Pillar is out, and the Dragon Transformation Pool is about to be activated!"

Someone in the crowd shouted softly.

Hearing this shout, all the children of the Qing family showed excited expressions.

Qin Chuan's heart also became nervous involuntarily at this moment, and he looked at the four sapphire pillars in front of him.

Only I saw that the four sapphire stone pillars were emitting gleaming green light. A huge green dragon with teeth and claws was carved on the pillars. The image was lifelike. At a glance, I thought it was a real green dragon.

They all looked ferocious, as if they wanted to roar. Howling, flying into the sky.

There was a vague and frightening aura that made people dare not look at it.

Seeing this, Qin Chuan was shocked in his heart, secretly thinking that these dragon-binding pillars are not simple.

But at this moment, those four The elders each scratched the arteries on their wrists with their nails and sprayed it on the stone pillar in front of them. As soon as the essence and blood touched the blue dragon stone carving on the stone pillar, it was immediately absorbed cleanly.

Then, four deafening dragon roars came from all around. A stone pillar came out.

Immediately afterwards, four huge green dragon phantoms flew out of the pillar, but their tails were connected to the stone pillar. The four green dragon phantoms were each nearly a hundred meters long. They opened their teeth and claws in the air, struggled desperately and roared. The sound resounded through the valley, causing the children of the three tribes around to panic. It seemed that the world had also changed color and become a little gray.

"What a terrifying momentum! Is this the majesty of the holy beast?"

Qin Chuan looked at the four giant dragons in the sky in shock.

But at this moment, Qiuqiu, who had been lying on his shoulder for some reason, suddenly stood up, with his fur all over his body standing up like a hedgehog. Four dragons stood up. His little paws clasped Qin Chuan's clothes tightly, and his small eyes showed a mixture of excitement and fear. He kept roaring in his throat.

Seeing Qiuqiu's sudden change, Qin Chuan was shocked.

However, Before Qin Chuan could figure out why Qiuqiu was behaving like this, the four huge green dragon shadows roaring in the sky were very spiritual and seemed to sense Qiuqiu. The four huge dragon heads turned to look at Qiuqiu..

Chapter 2494

"Huh! How is this going?"

Seeing this, Qin Chuan's heart skipped a beat, and he was even more horrified.

But at this moment, Qiuqiu also became irritable and restless.

Qin Chuan secretly thought something was wrong, and held Qiuqiu in his arms, letting him it quiet down

"How could Qiuqiu be like this? Could it be that opening Hualong Pond had any effect on it? But why does it matter?"

A sudden inspiration came to Qin Chuan's mind, and he seemed to have thought of why Qiuqiu was like this.

"Is it because of that reason?"

Just when Qin Chuan was horrified, someone also noticed the strangeness of those green dragon phantoms.

But at this moment, the four elders roared at the same time, and a green dragon phantom appeared behind them.

Then, the four elders The elder jumped up, jumped to the top of the stone pillar at the same time, sat cross-legged, and began to seal seals again. The green dragon shadow behind the four people immediately flew out, rose up in the wind, and merged with the four giant dragon shadows in the air..

Once the fusion was successful, the four giant dragons immediately became much gentler, and their eyes no longer showed violence, but a kind of majesty.

Then, under the command of the four elders, the four giant dragons lined up in all directions. Guarding the formation, four huge mouths opened wide towards the Hualong Pond, each spitting out a green light, and the entire Hualong Pond trembled violently again.

Soon, a super huge dragon head statue rose in the center of the Hualong Pond, with the giant mouth slightly opened, eyes filled with divine power.

As soon as this dragon head statue appeared, the disciples of the Three Clan all around felt a strange pressure in their hearts, and they all felt an inexplicable sense of terror in their hearts.

At the same time, the entire Hualong Pond began to absorb the surroundings crazily. With the wood energy, cyan mist gradually appeared in the pool.

And the Dragon Transformation Pond was already filled with various precious wood spiritual liquids. At this moment, the wood spiritual energy in the spiritual liquid was also gradually forced out. The cyan mist in the pool It was getting thicker and thicker.

At this time, under the order of Qingxuan Lin, sixteen more second-generation descendants of the Qing family walked out. Each used blood as a guide to draw a blood-character spell around the Hualong Pond, and then began to seal the spell with their hands. , activated at the same time.

The green mist of Hualong Pond suddenly became thick and dense.

I could see the pool rolling, as if boiling.

At this moment, Qingyanhai let out a long roar, flew into the air, and flew to the huge dragon head. From the sky above the statue, he took out the green dragon ball and stuffed it into the mouth of the huge dragon head. As soon as the green dragon ball came out, the huge dragon head statue seemed to be alive and let out an earth-shattering dragon roar. The four green dragons transformed from the four dragon-binding pillars were immediately trapped by the green dragon ball. Breathed it in.

The entire Green Dragon Pearl immediately emitted a dazzling green dragon shadow.

The four elders immediately retreated with sweat on their heads.

And the situation above the entire Hualong Pond changed, and a dragon head shadow that was 10,000 meters in size Formed in the sky above the Hualong Pond, there was actually a huge green dragon ball in its mouth, looking down majestically. As soon as this huge shadow appeared, the children of the Feng family and the Teng family trembled in their hearts.

And the Qing family The disciples all felt an inexplicable sense of peace and excitement in their hearts.

Qing Yanhai returned to the ground and looked excitedly at the shadow in the sky, as well as the Qinglong Pearl that was emitting spiritual light in the statue's mouth.

"Ha ha!! The Hualong Pond is finally open! Xuan Lin, who comes first?

Qing Xuanlin also showed excitement and said loudly:"Let me be the first one!"

For so many years, he has been desperately suppressing his cultivation for fear of exploding to death.

Now as long as he experiences this bloodline awakening, he no longer has to worry about exploding to death as he advances to the eighth level.

Thinking of this , Qing Xuanlin became even more excited, and strode down into the Hualong Pond.

At the same time, Qiuqiu in Qin Chuan's arms became even more excited, struggling desperately, trying to run into the Hualong Pond..

Chapter 2495

Qin Chuan was very anxious and desperately held down the little guy who was about to rebel.

But when Qin Chuan was comforting Qiuqiu, Qingxuanlin had already stepped into the Dragon Transformation Pond, walked under the dragon head statue, then cut his fingertips, and shot a drop of blood onto the Qinglong Pearl.

Qinglongzhu immediately absorbed the drop of essence and blood, let out a pleasant cry, and then shot out a stream of blood light, pouring it directly from the top of Qingxuan Lin's head.

Qing Xuanlin suddenly shuddered, his muscles gradually bulged, his body also turned blood red, and there was a faint red light.

Suddenly, Qingxuan Lin raised his head to the sky and let out a long dragon roar.

Then a blood dragon flew out from above the Qingxuan Forest, roaring and dancing in the air.

But when the blood dragon's eyes swept across the crowd, Qin Chuan couldn't help but feel shocked.

Because he felt that the look in his eyes was very familiar, because it was Qing Xuanlin's look.

At the same time, many Qing family members screamed excitedly

"Awakened! Awakened! The clan leader's true blue dragon blood has finally awakened"

"yes! Finally awakened! Ha ha!!"

Just when the children of the Qing family were in a surging mood, the blood dragon hovering in the air let out a long roar and returned to Qing Xuan Lin's body again. As soon as the blood dragon returned to Qing Xuan Lin's body,

Qing Xuan Lin's body slowly levitated..

The entire Hualong Pond also started to operate automatically.

A large amount of wood energy began to pour into Qingxuan Lin crazily, and the momentum of Qingxuan Lin was also rising.

At the same time, Qingxuan Lin began to light up one after another. A cyan halo

"look! One halo, two halo, three halo...stopped, eight halo, eight halo in total! The qualifications of the clan leader have been improved, and the qualifications of the clan leader have reached the status of elite genius."

"yes! The patriarch's previous qualifications seemed to be ordinary genius qualifications, but now he shows the eight-ray aura of elite genius qualifications. It seems that after the awakening of true blood, the wood qualifications of our Qing family children will be improved! It is true!"

"nonsense! Of course it's true, how can it be fake?"

Hearing the whispers of his peers around him, Qin Chuan was puzzled. He didn't understand what the eight cyan halos in the sky meant, and he suddenly became curious. At the moment, Qin Chuan asked Qing Tianling in a low voice:"Brother Tianling, what do the eight halos in the sky mean?

Qing Tianling smiled and explained:"Generally speaking, people divide the qualifications of warriors into seven levels of qualifications. The seven levels of qualifications are: inferior, inferior, medium, superior, genius, pseudo-spiritual body, and spiritual body." In fact, it is not easy to tell what a person's qualifications are, especially for warriors with advanced qualifications, which can

usually only be roughly estimated. For a warrior with superior qualifications or above, if you want to accurately measure his talent, you need to use a special method."

"When we, the Qing family's children, were baptized by Li Hualong Pond, while they improved our qualifications, they also fully revealed our finally improved qualifications. Which one is better or worse can be distinguished at a glance."

"More than a thousand years ago, after our Qing family also experienced the baptism of Hualong Pond, we separated those elite children who will be the focus of training in the future, and those who are ordinary children. Hearing this

, Qin Chuan suddenly understood and said, "It seems that the number of halos appearing in the sky represents the level of qualifications." Brother Tianling, how do the number and qualifications of this halo correspond?

Qingtian Ling replied: "The halo is divided into five colors, and cyan represents the wood-type qualification." The greater the number of halos, the higher the qualifications represented."

"Among them, one halo represents inferiority, two halo represents inferiority, three and four halo represents average, five and six halo represents superior, seven and eight halo represents genius. Seven haloes represent ordinary genius qualifications, and eight haloes represent elite genius qualifications. The qualifications shown by the patriarch are elite genius qualifications"

"How many auras will the pseudo-spiritual body and spiritual body qualifications have?"

"The pseudo-spiritual body has nine halos, and the spiritual body has ten halos."

"I see!"

Qin Chuan suddenly realized...

Chapter 2496

Qing Tianling smiled again and said: "Tianqi, when it's our turn later, I want to see what kind of qualifications you have. Seeing your rapid improvement in cultivation, I really hope that you can become a pseudo-spiritual body."

Before Qin Chuan could answer, Qingtian Jun on the side said lukewarmly.

"Is it so easy to achieve a pseudo-spiritual body? Even a talented person like the patriarch can reach the level of an elite genius after his qualifications are improved. It seems that you have underestimated the pseudo-spirit qualification too much. Only one in tens of millions of people can become a pseudo-spirit qualification. Not just any cat or dog can become a pseudo-spirit qualification."

After saying this, Lord Qingtian glanced at Qin Chuan inadvertently.

The implication of his words was that he was not optimistic about Qin Chuan and believed that it was impossible for Qin Chuan to become a pseudo-spiritual body.

After hearing this, Qin Chuan just He smiled slightly and didn't say much.

While Qin Chuan and others were talking in low voices, the momentum of Qingxuan Forest in the sky was still rising.

Everyone's eyes were focused on him.

Many Qing family children inadvertently showed anxiety. and expectant gazes.

Suddenly, Qingxuan Lin looked up to the sky and roared.

His body was shaken, and the speed of the energy pouring into his body suddenly accelerated. The momentum immediately reached its peak, and a line appeared behind him. The huge green dragon phantom emitted a frightening pressure.

Many children of the three tribes below the eighth level showed horror on their faces.

"This... this is the aura of an eighth-level warrior, my God! The head of the Qing family actually advanced to the eighth level in one fell swoop."

"Unexpectedly, the Qing family has another eighth-level warrior."

Many people had looks of shock on their faces.

Even Teng Xiaoshan, who was in the ninth level, nodded in surprise.

"This is the aura of an eighth-level warrior. Breaking through from the seventh level to the eighth level is not easy! Even if activating the Azure Dragon True Blood can greatly improve one's cultivation level, it cannot help break through the bottleneck. But this kid did it. He actually broke through to the eighth level in one fell swoop. This is really rare!"

Qing Yanfei, who was behind Teng Xiaoshan, opened his mouth wide in surprise, and then murmured after a long while.

"This is impossible, right? Is it so easy to break through from the seventh level of Dzigchen Peak to the eighth level? It took me more than four hundred years to break through this bottleneck. How could he break through so easily? This is too exaggerated!"

Qing Yanfei was horrified at the same time, but also more disbelieving.

Qing Yanhai, Phoenix Master, and Teng Master also showed horrified expressions.

They were so horrified because they didn't know that Qingxuan Lin. The reason why he was able to break through to the eighth level so easily was because Qingxuan Lin once had an adventure on a netherworld island overseas and obtained a magical elixir in the temple on the island.

That magical elixir actually transformed Qingxuan Lin from the seventh level. The bottleneck of breaking through to the eighth level turned into nothingness.

Such a medicinal effect is a bit shocking to say.

It is definitely not an effect that secular elixirs can achieve. Only the legendary magical elixir can have such a miraculous effect.

Among the crowd, Qin Chuan naturally. Knowing this secret thing, he couldn't help but think in his heart at that moment.

"Legend has it that the Thirteen Netherworld Floating Islands overseas hide the biggest secrets about the world. Regardless of whether this legend is true or not, as far as this elixir is concerned, it cannot be refined by ordinary alchemists."

"Moreover, Grandpa also obtained the true blood of the holy beast 'True Ting' and the ancient secret technique 'Blood Transformation and Fetus Fusion Technique'. None of these three things is beyond simplicity. It seems that it is not easy to find those floating islands in the netherworld."

"By the way, there is also the Fire God Pill and the Order of the Gods that I got. They were obtained by the head of the Feng family from another Netherworld Island a thousand years ago. No matter what secrets the thirteen Netherworld Islands hide, one thing is certain, it seems that every island hides a big treasure."

Thinking of this, Qin Chuan's heart started to heat up, and he couldn't help but look forward to the newly obtained Fire God Pill and the God Conferring Order..

Chapter 2497

Although Qin Chuan didn't understand the function of the Divine Conferring Order, he was very familiar with the efficacy of the Fire God Pill.

The Fire God Pill can improve the qualifications of a pure fire warrior into spiritual qualifications in one fell swoop.

Warriors with non-pure fire qualifications can be improved to pseudo-spiritual qualifications.

The success rate of this improvement is still 100%.

This Fire God Pill was so wonderful, he had to find an opportunity to refine it.

As long as his fire qualifications are upgraded to pseudo-spiritual qualifications, it will definitely be no problem to cultivate the fire energy to the eighth level in the future, and even reaching the eighth level of Dzogchen will not be too difficult.

As long as he cultivates the fire energy to the peak of the eighth-level Dzogchen, based on the qualifications of the pseudo-spiritual body, there is a 10% chance of breaking through the bottleneck and becoming a ninth-level fire element warrior.

It's exciting to think about it!

The more Qin Chuan thought about it, the more excited he became, and there was a surge of joy in his heart.

However, Qin Chuan quickly thought of a question and lamented in his heart

"Why! This Fire God Pill is indeed very effective, but it is a pity that it will take half a year to completely refine it. Nowadays, I have so many chores to do, and I don't know when I will be able to find time to practice."

While Qin Chuan was having these thoughts in his mind, cheers came from the crowd again.

It turned out that Qing Xuanlin's baptism ceremony was over and he was coming back with a happy face.

Many Qing family members couldn't help but cheer.

Feng The host and others also stepped forward to congratulate them.

Qing Yanhai and Qing Yanfei glanced at each other and also stepped forward to salute at the same time.

"Congratulations to the patriarch for his great improvement in cultivation!"

Qing Xuanlin hurriedly returned the greeting.

At this moment, the two people's attitude towards Qing Xuanlin was different from before. In the past, although Qing Yanhai recognized Qing Xuanlin as the clan leader, he mostly regarded Qing Wushen for his affection. , there must be some thoughts in his mind.

After all, he is an eighth-level warrior, and Qingxuanlin was a seventh-level warrior before today.

How can a seventh-level warrior be the patriarch of the Qing family, on an equal footing with Phoenix Master Teng? This is true Can't afford to keep up the facade.

And Qing Yanfei is also returning to the Qing family for the first time, so he can't say anything more.

He also has a grudge against a seventh-level warrior as the head of the Qing family.

Now, the two of them saw that Qing Xuanlin was miraculously The ground broke through the bottleneck. After the shock in their hearts, there was more surprise.

The knot in the hearts of the two of them was solved.

At this point, the two of them truly recognized Qing Xuanlin's status and regarded him as the head of the Qing family. He was treated with a much more polite tone.

In fact, this cannot be blamed on Qing Yanhai and Qing Yanfei.

In the world of warriors, speaking with strength sometimes has more weight. Only with considerable strength can you have a considerable status.

This is also one of the reasons why in many large families, once they reach the seventh or eighth level, they will remove the original backup and replace it with the same level of seniority.

If Qingxuanlin was not the clan leader, he should be renamed Qingyanlin at this moment. You can call Qing Yanhai and Qing Yanfei by their names.

But it is said that Qing Xuanlin successfully activated the true blood and advanced to the eighth level warrior.

This immediately inspired many Qing family children.

And those of the Feng family and Teng family who were watching the ceremony The disciples are also looking forward to the subsequent performance of the Qing family's children.

I saw Teng Xiaoshan, who had been watching the ceremony with a smile, happily said to Qing Xuanlin

"Xuan Lin! Congratulations on successfully advancing to level eight. Your successful advancement has added another eighth-level warrior to our three clans. This is a great joy for our three clans!"

"I am very pleased! Next, let's see if any of the remaining Qing family members can surprise me. I hope your Qing family can also produce one or two pseudo-spiritual disciples, so I can laugh heartily, haha!!

Qing Xuanlin also stepped forward excitedly and said, "Senior Teng, this junior also hopes so." However, is it possible to develop a pseudo-spiritual qualification? We can only look at their luck."

"Um!"

Teng Xiaoshan nodded slightly.

"Then let's continue with the baptism ceremony! I am looking forward to it!"

"yes! senior!"

At that moment, Qing Xuanlin ordered the baptism ceremony to continue. First, let the seventh-level elders perform the baptism. When the disciples who were watching the ceremony heard this order, they became excited again and watched nervously. They wanted to see what would happen next. A miracle happened.

The first person to walk out was an old man with steady steps. He was the great elder of the Qing family. His cultivation level had reached the seventh level of Great Perfection. He was the person with the highest cultivation level among the elders of the Qing family, and he was also the grandfather of Lord Qingtian..

Chapter 2498

However, nothing miraculous happened this time.

Although the great elder's talent and cultivation have improved after the activation of true blood, there are no special changes. The wood-building talent is only eight halos.

Next, other elders also performed the baptism ceremony one by one, but no miracles happened.

These elders' talent auras all have seven paths, and none of them have eight paths.

As for the nine halos representing the identity of the pseudo-spiritual body, none of them appeared.

However, this did not reduce the interest of the children in watching the ceremony, nor did it reduce the children's expectations for the Qing family.

Because those young adults and elders are all quite old, and after so many years of practice, they already have a good idea of their qualifications.

It is already relatively clear who has the best chance of advancing to the pseudo-spiritual qualification.

According to previous speculations, it is more likely that Qing Xuanlin and the great elder will advance to pseudo-spiritual body qualifications.

However, now that the qualifications of these two people have not been upgraded to pseudo-spiritual bodies, the remaining elders are naturally even more hopeless.

In fact, what everyone expects the most is among the second and third generation disciples of the Qing family.

This is full of more unknowns and expectations.

After the baptism of all the seventh-level elders was completed, it was the turn of the second-generation disciples to be baptized.

The enthusiasm of the crowd became hot again

"hey-hey!! There is no one with pseudo-spiritual qualifications among the first-generation descendants of the Qing family. I wonder if there will be one among the second-generation descendants? The pseudo-spiritual qualification of the Feng family is one of the second-generation children, but it does not appear among the third-generation children."

"This? It's hard to say, just wait! Hope it shows up! If the Qing family can produce another person with pseudo-spiritual qualifications, it will be a blessing to our three clans!"

"yes! The Qing family was the leader of our five ancient clans back then. The qualifications of his children have always been outstanding. After all, Qinglong is the head of the Five Saints, and those with Qinglong's true blood have extraordinary performance in wood-type talents!"

Amidst the discussion among the onlookers, the baptism ceremony of the second generation of the Qing family also officially started.

There are about sixty or seventy of these second generation children.

Most of these sixty or seventy people are from the original Huo family..

However, only two of these sixty or seventy people are sixth-level warriors, and the rest are warriors below sixth-level.

This is because the Qing family's children can only live to be fifty years old before activating their true blood, unless they can reach the age of five. Only those who have cultivated to the seventh level before the age of ten can extend their lifespan.

Because of this, some second-generation disciples who have cultivated to the sixth level have passed away because they are over fifty years old.

This is why there are only two people in the Qing family now. The reason for reaching the sixth level is one of the reasons for the decline of the Qing family.

However, now that the Blue Dragon Pearl has been recovered, there is no such worry anymore.

But it is said that the oldest of these second-generation children is only fifty years old, and the young They are also in their thirties.

Their cultivation levels range from the sixth level to the fourth level.

After all, their talents are strong and weak.

Next, these second-generation disciples entered the dragon transformation one by one in the eyes of everyone's expectations. Baptism was carried out in the pool.

The whole ceremony lasted for a whole morning, and the spiritual liquid in the Dragon Transformation Pool was replaced three times before the baptism ceremony of the second-generation disciples was finally completed. There are so many second-generation disciples, and their talents naturally vary..There are both ordinary superior qualifications with five halos, and elite genius qualifications with eight halos, but most of them show six halos, and even ordinary genius qualifications with seven halos are rare. Among them, elite geniuses with eight halos are rare. Three appeared, and Qingyun Feng was one of them.

However, none of the nine haloes representing pseudo-spiritual qualifications appeared, which means that among the second-generation descendants of the Qing family, there is not even a single disciple with pseudo-spiritual qualifications..

Such a result immediately disappointed everyone.

Even Teng Xiaoshan shook his head slightly, with a look of disappointment on his face that could not be concealed..

Chapter 2499

And among the onlookers, there was once again heated discussion.

"Why! Unexpectedly, among the second-generation disciples of the Qing family, there is not even a disciple with pseudo-spiritual qualifications."

"yes! Nowadays, the number of descendants of the Qing family is the largest among the three clans. According to the greater the probability of having more people, it is reasonable to say that one of them must appear!"

"that is! Even the Feng family has a child with pseudo-spiritual qualifications. As the leader of our five clans, the Qing family would be too shameless if there were no disciples with pseudo-spiritual qualifications."

"This is true! Next, the third generation disciples of the Qing family were baptized. I wonder if there can be a disciple with pseudo-spiritual qualifications among these three generations of disciples. However, there are not many third-generation descendants of the Qing family. It seems that it is not easy to come up with a descendant with pseudo-spiritual qualifications!"

"yes! If there are no children with pseudo-spiritual qualifications among the three generations of the Qing family, it can only be said that the children of the Qing family are inferior to each other from generation to generation. The future is really worrying!"

These whispers naturally reached the ears of the children of the Qing family.

All the children of the Qing family felt embarrassed. Many children of the Qing family also felt that if there was not a child with pseudo-spiritual qualifications among the children of the Qing family, That was indeed a very shameful thing.

This invisibly brought a burst of invisible pressure to the three generations of the Qing family.

It was pressure related to the Qing family's face and dignity among the three clans.

Among the crowd, Qing Xuan Lin, Qing Yanhai, Qing Yanfei, as well as the elders of the Qing family, the people in power of the Qing family, also showed anxious expressions. At this moment, they also longed for a child with pseudo-spiritual qualifications among the children of the Qing family..

Because this is the only way to save the face of their Qing family.

Now, the baptism of the second-generation disciples has ended.

Then these expectations can only be placed on the third-generation disciples like Qin Chuan.

Thinking of this, Qing Xuanlin and others couldn't help but Looking at Qin Chuan and others.

Today, there are about forty children of the third generation of the Qing family, ranging in age from more than 20 to six or seven years old.

Their number is far less than that of the second generation.

Looking at the small Qing family in front of him, Qing Yanfei frowned and said worriedly.

"Why! I wonder if there will be a child with pseudo-spiritual qualifications among these three generations of children? If another one doesn't appear, it will really only mean that the descendants of our Qing family are not living up to expectations!"

"Thousands of years ago, among every generation of our Qing family, there would be one or two super geniuses with pseudo-spiritual qualifications! Our Qing family won't really decline, right?"

As soon as he finished speaking, Qing Yanhai beside him couldn't help but sigh softly. Then his eyes turned to Qing Tianling involuntarily and whispered.

"Tian Ling is my proud junior, and his qualifications are the most outstanding among my juniors. Maybe he has the opportunity to advance his wood qualifications into a pseudo-spiritual body. If even he doesn't have the chance, I'm afraid... Hey!"

"By the way, that boy Tianqi also has a chance. He has cultivated Mu Yuanqi to the peak of the third level at the age of fourteen or fifteen. This shows that his talent must be considered an elite genius. If through true blood activation, the qualifications can be upgraded to another level, perhaps to a pseudo-spiritual body."

After hearing Qing Yanhai's words, Qing Xuanlin said

"I don't know much about Tianling. As for Tianqi, this guy is my grandson and his talent is really good. However, this little guy has a lot of good fortune and many adventures. Who knows whether his cultivation is achieved through hard work on his own or through chance encounters. Generally speaking, it is difficult to say whether Tianqi can advance to the pseudo-spiritual body qualification! Why!"

At this moment, the eldest elder of the Qing family quietly stepped forward and whispered: "Clan leader, the two supreme elders. I think you don't need to worry. Among the three generations of our Qing family, there is another child who is very likely to become a pseudo-spiritual child."

"who?!"

Qing Yanhai and Qing Yanfei asked at the same time.

"Are you talking about that little guy Qingtianjun? That little guy is really good. He has cultivated Mu Yuanqi to the peak of the fourth level at the age of only twenty-one. I think he has more hope than Tianqi!"

Qing Xuanlin also seemed to have thought of it, and a hint of joy appeared on his face.

"yes! The patriarch, the subordinates are talking about Tianjun."

The great elder said with pride..

Chapter 2500

Qingtianjun is his biological grandson and has always been the pride of his heart.

He is also the person with the most outstanding qualifications among the third generation disciples. Even among the second generation disciples, it is difficult to find someone with stronger qualifications than Lord Qingtian.

In fact, it is not just the Great Elder who is very optimistic about Lord Qingtian.

Even Qing Xuanlin, the clan leader, looked at Qing Tianjun not far away with burning eyes.

The behavior of Qing Xuanlin and the Great Elder naturally aroused the curiosity of Qing Yanhai and Qing Yanfei.

Ask carefully now.

Qingxuanlin sidewalk

"The two supreme elders, Qingtianjun, the little guy's talent is superior to Tianqi in my opinion. Perhaps he is the one most likely to become a pseudo-spiritual body among our Qing family children. If he can't do it, I'm afraid we It is really difficult for the Qing family to produce a disciple with pseudo-spiritual qualifications."

When Qing Yanhai and Qing Yanfei heard this introduction, they both turned their eyes to Qingtian Jun not far away, their eyes full of expectation.

However, Qingtian Jun not far away also heard the voices of the surrounding disciples. After discussing, I couldn't help but feel a little annoyed.

At this moment, I saw him clenching his fists and looking proudly.

"snort! These guys who look down on people, I will show you in a moment, our Qing family will definitely have a child with pseudo-spiritual qualifications. I will definitely be able to advance to the pseudo-spiritual body qualification."

"By the way, there is also Qing Tianqi. Today I will let you open your eyes and see who is the brightest and most promising disciple of the Qing family."

Thinking of this, he glanced at Qin Chuan inadvertently and stopped stopping.

In Qingtian Jun's opinion, the qualification to advance into a pseudo-spiritual body is more difficult than he thought. In the past, he thought Qin Chuan was a bit possible..

Now it seems that under such difficulty, Qin Chuan should not be able to succeed.

If Qin Chuan cannot upgrade his qualifications to pseudo-spiritual qualifications, then he is not qualified to challenge him, let alone be his opponent.

Just now The children of the Qing family were subjected to various discussions, and everyone was thinking about whether a child with pseudo-spiritual qualifications could appear in the Qing family.

Qin Chuan turned a deaf ear.

At this moment, he had no intention of listening to those trivial discussions.

He was Qiuqiu tried his best to comfort Qiuqiu.

Since the opening of Hualong Pond, Qiuqiu has become very excited and restless.

As the first and second generation children of the Qing family were baptized one after another,

Qiuqiu became more and more anxious and excited. It got so violent that he waved his little paws desperately to rush into the dragon pond.

Qin Chuan was so anxious that he desperately held Qiuqiu in his arms to prevent it from moving.

He didn't dare to let go.

Because he didn't know that the little guy wanted to rush into it. What are you doing in the Evolving Dragon Pond?

If the little guy rushes into the Evolving Dragon Pond and destroys the Evolving Dragon Pond, it will be an unforgivable disaster.

So Qin Chuan will not let go no matter what.

But the more the little guy struggles, the more he gets It was so powerful that Qin Chuan could hardly control it in the end.

And Qiuqiu's eyes gradually turned blood red, glowing with excitement.

Seeing Qiuqiu's change, Qin Chuan was horrified.

Why was Qiuqiu like this? It used to be very well-behaved.

Could it be that the opening of Hualong Pond activated some connection between it and the Demon God?

After all, the Demon God is also a holy beast. And the Azure Dragon is also a holy beast.

There must be something between the holy beast and the holy beast. Contact.

Maybe it is because of this connection that Qiuqiu has changed like this.

So, is Qiuqiu controlled by the devil? No! Maybe I think too much, but no matter what, I must not let it be controlled by the devil...

At that moment, Qin Chuan unconsciously lowered his head to look at Qiuqiu, and there was a burst of complicated and unexplainable emotions in his heart, as well as bursts of heartache.

Qiuqiu was conceived by him, and his feelings for Qiuqiu were very special. Deep, he has always treated Qiuqiu as his own relative.

Naturally, he does not want to lose Qiuqiu, let alone one day Qiuqiu will become his enemy.

Besides, Qiuqiu has saved him.

Thinking of this, Qin Chuan immediately gathered together. The sound becomes a line and is transmitted to the ball's ears.

"Qiuqiu, if you go crazy again, I will throw you out. I will never want you again, and you should never come back to see me again!"

Qin Chuan's tone revealed extreme anger. This was the first time he was angry at Qiuqiu, although he was pretending to be a test..
