

God level 2501

Chapter 2501

He knew that this little guy was very spiritual and could understand what he said.

But when Qiuqiu heard Qin Chuan's words, he immediately trembled, his body stiffened, and he stopped struggling.

I saw it raised its head aggrievedly, with tears in its eyes, and screamed "Goojigji". Then it pushed its little head into Qin Chuan's arms and rubbed it desperately, as if begging for Qin Chuan's forgiveness.

Seeing this, Qin Chuan's heart suddenly softened.

Now that Qiuqiu will be angry because of him, he will no longer go crazy.

This shows that it is still rational and has not been controlled by others. Could it be that I misunderstood it?

At this moment, Qin Chuan saw Qiuqiu glance at Hualongchi reluctantly, and then stopped looking. Instead, he buried his little head in Qin Chuan's arms and rubbed it.

Seeing this, Qin Chuan was thoughtful.

Did I really blame this little guy wrongly? Is it because there is something in the Dragon Pool that is attracting this little guy to become so excited?"

Thinking of this, Qin Chuan said again

"Qiuqiu, is there something about Hualongchi that attracts you?"

The little guy was stunned for a moment, then nodded and shook his head, shouting "Goo Chi Chi Chi".

Qin Chuan was immediately confused by it and didn't know what it was for.

At that moment, Qin Chuan pondered for a moment and said

"Qiuqiu, no matter what your purpose is, from now on you should stay quietly for me. I will let you out after everyone's baptism ceremony is over. Then you can do whatever you want. However, you can't do anything damaging, did you hear me?"

"Gujiguji!!"

Hearing this, Qiuqiu was very excited and nodded repeatedly.

Seeing Qiuqiu's excited look, Qin Chuan also felt warm in his heart, but he was still a little uneasy.

After all, the shadow of the devil shrouded Qiuqiu. It made him feel uneasy.

But at this moment, another clear cough sounded in the field, attracting everyone's attention.

Qin Chuan's eyes were also attracted involuntarily.

Qing Xuanlin walked into the field again, began to announce

"The spiritual liquid in Hualong Pond has been replaced. Now the third generation of the Qing family enters the Hualong Pond for baptism."

As soon as he said these words, the onlookers became excited again.

Even the second generation and first generation disciples of the Qing family also focused their attention on the third generation of the Qing family.

"Ha ha!! The baptism of the third generation disciples of the Qing family in the Hualong Pond is finally about to begin, but the wait is killing me."

"yes! I wonder if this time, among the three generations of the Qing family, there will be a child with pseudo-spiritual qualifications?"

"I do not know! Let's just watch it patiently! I'm really looking forward to it!"

At this moment, all eyes were focused on the third generation of the Qing family.

At this time, Qing Xuanlin also glanced at the third generation of the disciples in front and said loudly:"Are you ready?"

"Ready!"

Many teenagers also shouted excitedly.

"good! So who starts first!"

As soon as these words were said, a majestic young man jumped out of the crowd.

"I'll be the first to come!"

This young man is Qing Tian Zhui with a somewhat impatient personality.

Qing Xuan Lin nodded slightly:"Tian Zhui, go ahead! Hope you don't disappoint everyone!"

"good!"

At this moment, Qingtian Hammer looked excited and strode towards the Hualong Pond.

When Qingtian Hammer walked under the dragon head statue, he also followed the example of his elders, cut his fingertips, and popped out a drop of essence. The blood hit the Azure Dragon Pearl.

Then the Azure Dragon Pearl shot out a stream of blood and poured it into the top of the Blue Sky Hammer.

Then a not very big blood dragon flew from the top of the Blue Sky Hammer.

It hovered in the air for a while and then returned to the Blue Sky Hammer.

Qingtian Zhui's body also slowly levitated.

The surrounding wood energy began to pour into his body crazily.

At the same time, the blue halo representing wood talent began to light up around Qingtian Hammer.

When the aperture lit up to the sixth ray At that time, the halo no longer appeared.

Seeing this, the elders of the Qing family all showed disappointment..

Chapter 2502

"snort! What a waste, with only six haloes, it would be embarrassing to go out!"

In the crowd, Lord Qingtian couldn't help but curse.

After Qingtian Hammer's baptism ceremony was over, Qing Xuanlin's eyes flashed with a trace of disappointment, and he weakly said:"Tian Zhui, go back! Next!"

"Let me do it!"

Another skinny boy stood up hurriedly.

This skinny boy was actually a descendant of the Huo family.

Next, the skinny boy entered the Hualong Pond for baptism.

But this skinny boy performed even worse. , there were only five haloes.

Qingtian Jun immediately showed contempt.

Next, the three generations of Qing family began to enter the Hualong Pond for baptism one after another.

In a blink of an eye, except for Qin Chuan, Qingtian Ling and Qingtian Jun who did not perform baptism, the rest All three generations of children have been baptized.

However, the results are disappointing. Among the more than forty third-generation children, not even one elite genius with eight haloes has appeared. Only four geniuses with seven haloes have appeared.

Most of the rest are Five haloes and six haloes.

There was even a child with four haloes.

This result greatly disappointed the elders of the Qing family who had placed high hopes on the third generation of the Qing family.

Not far away, Qing Yanfei sighed and shook his head..

But Qing Xuanlin and Qing Yanhai both frowned and remained silent.

The calm smile on Teng Xiaoshan's face disappeared, and there was a look of anxiety in his eyes.

The children of the Feng family and Teng family who were watching were shaking their heads and discussing heatedly. stand up

"Why! I didn't expect that the third generation of Qing family's children would be even worse. Not to mention the children with pseudo-spiritual qualifications, not even one elite genius would appear. This is really disappointing."

"yes! Judging from this result, the overall quality of the third generation of the Qing family is not as good as that of the second generation! In vain, I have high expectations for the third generation of the Qing family. It seems that I will be disappointed this time."

"yes! It seems that it is impossible for the Qing family to have children with pseudo-spiritual qualifications. Each generation is really worse than the last! Even the Feng family, which was not as numerous as the Qing family, had a pseudo-spiritual child. The Qing family, the leader of the five clans, did not show up. It seemed that they had lost all face this time."

Hearing the whispers of the children of the Feng family and the Teng family.

A child of the Qing family couldn't bear it anymore and retorted

"Who said our Qing family wouldn't produce a disciple with pseudo-spiritual qualifications? Aren't there still three people in our Qing family who have not been baptized? There must be someone among the three of them who can become a disciple with pseudo-spiritual qualifications."

As soon as he said this, he immediately caused a burst of disdainful laughter from the people around him.

"Ha ha!! It seems that this guy is going crazy because he wants someone from the Qing family to have pseudo-spiritual qualifications. There are so many Qing family disciples but none of them can succeed. I don't believe that any of the last three will become pseudo-spiritual disciples."

"Ha ha!! I don't want to believe it either!"

Ahead, Qing Xuanlin and other Qing family leaders naturally heard the discussions and disputes around them, and their faces suddenly became a little worried, but more importantly, they were depressed.

If the Qing family really can't produce a pseudo-spiritual qualification this time, I really can't hold my head up.

You must know that the Qing family has always been the head of the five clans, and they must set a good example in everything they do. They cannot be suppressed by the Feng family and become a laughing stock.

Thinking of this, Qing Xuan Lin looked at Qingtian Jun, Qingtian Ling, and Qin Chuan not far away, and frowned slightly.

He felt a little strange. All the other disciples of his generation could not wait to enter the Hualong Pond for baptism, but Qin Qin The three people from Chuan stood still.

At the moment, Qing Xuanlin didn't want to think too much and directly called out: "Tianjun, it's your turn this time! You do it!"

Qingtianjun was slightly startled. He didn't expect that Qingxuanlin would directly name him and ask him to go first..

Chapter 2503

In fact, the reason why Lord Qingtian delayed the fight until the end was because he believed that he was the protagonist and the hope for the future of the Qing family. Only he could save the face that the Qing family was about to lose this time.

So, of course, he has to play at the end. He has to show his amazing talent in the eyes of everyone, shut up those short-sighted Feng family and Teng family children, and give them a hard slap. Only in this way can we better save the world. The Qing family's face.

Only by doing this can he become a hero of the Qing family, and gain higher prestige and more respect among the three generations of Qing family.

He even gained recognition from the original Huo family's children in one fell swoop, surpassing Qing Tianling.

Let him become the first person among the three generations of the Qing family.

This is the little calculation in Qingtianjun's mind.

Therefore, Qingtian Jun has been reluctant to appear. He is waiting for Qingtian Ling to appear first.

In his opinion, Qing Tianling is the one who is barely qualified to compare with him among all the disciples, but it seems impossible to become a pseudo-spiritual body, so everything can only rely on him.

But Qingtianjun didn't expect that Qin Chuan, who in his eyes was not qualified to be his opponent, would also be reluctant to play.

This made him very angry, and he cursed in his heart

"What is this annoying Qing Tianqi doing? Why has he been reluctant to enter the Hualong Pond for baptism? Does he really think that he is a green onion and that he can become a pseudo-spiritual body? How ridiculous! Is it possible that he still has the same plan as me? snort!! You think too well, but I'm afraid you don't have the ability!"

Just when Qingtianjun was extremely annoyed with Qin Chuan, he didn't want Qingxuanlin to directly name him to play first.

This made Qingtianjun stunned, but he didn't dare to disobey the clan leader's order.

At that moment, Qingtianjun thought to himself : "Since it was the clan leader's order, I had no choice but to go first. Although the effect of this is less than what I expected, as long as I can become a disciple with pseudo-spiritual qualifications, I will still be a hero of the Qing family. snort! Just keep your eyes open and stare!"

Actually, the reason why Qing Xuan Lin asked Qing Tianjun to appear was because Qing Xuan Lin was impatient.

There are only three people in the Qing family who have not yet been baptized, but none of the children with pseudo-spiritual qualifications have appeared. They are suffering at the moment. The criticism from the other two families.

Qing Xuanlin now urgently hopes that the Qing family will quickly come up with a child with pseudo-spiritual qualifications to save the face of their Qing family, so he selected the Qingtian Lord whom he was most optimistic about, and also placed his hopes on him. Qingtian Jun.

However, as soon as Qingtian Jun appeared, the eyes of all the elders of the Qingtian family lit up, with expressions of eager anticipation in their eyes.

Some of the children of the same generation who had always admired Qingtian Jun were even more excited. Clenching his fists, his face showed joy

"Ha ha!! Finally it's Brother Tian's turn! Brother Tianjun will definitely be able to become a pseudo-spiritual body. He will definitely help us save the Qing family's face."

"yes! Brother Jun can definitely do it."

At this moment, Qingtian Lord slowly walked into the Hualong Pond in the expectant eyes of many Qing family members.

Regarding Qingtian Lord's appearance, the onlookers from the Feng family and Teng family looked like they were watching a show.

They didn't know the details of Qingtian Lord. , they were all waiting for the Qing family to be embarrassed.

When Qin Chuan and Qing Tian Ling saw Qing Tian Jun appear, they also focused on Qing Tian Jun.

In fact, from the bottom of his heart, Qin Chuan really hoped that Qing Tian Jun could become a false spirit. He has the physical qualifications to save some face for the Qing family.

The reason why he has been reluctant to play is because he has his own difficulties.

This difficulty is Qiuqiu..

Chapter 2504

He didn't know why Qiuqiu became a little abnormal since the opening of Hualongchi.

Although Qiuqiu finally promised that he would not do anything until everyone's baptism was over, Qin Chuan was still a little worried.

Therefore, he made up his mind to be the last to be baptized.

Only in this way can he keep an eye on Qiuqiu and prevent him from doing anything outrageous.

Because of this, Qin Chuan has been reluctant to appear.

But he didn't expect that he would be misunderstood by Lord Qingtian because of this.

Qing Tianling didn't show up for a long time because he wanted to accompany Qin Chuan out of loyalty to Qin Chuan.

Without further ado, it is said that Lord Qingtian has reached the bottom of the dragon head statue at this moment.

I saw a confident smile on his face.

Then with a flick of his finger, a drop of blood was shot onto the Qinglong Pearl.

Then the baptism ceremony officially started.

Soon, Qingtian Jun's body slowly floated into the air.

A cyan halo representing his talent level began to appear outside his body.

When the first cyan halo appeared, the surrounding area suddenly became quiet, and everyone nervously watched the changes below.

After another breath, a second halo appeared.

Next comes the third and fourth lanes.

When the seventh halo appeared, everyone became nervous.

The children of the Feng family and the Teng family are even thinking about whether the eighth path will appear.

You must know that among the three generations of Qing family's descendants, the most have only seven haloes, not even one with eight haloes.

But just when the two children of Feng and Teng were suspicious, the eighth halo appeared

"Huh! Eight haloes, eight halos actually appeared. This Lord Qingtian has pretty good qualifications!"

"yes! I wonder if he can become a pseudo-spirit?"

The children of the Feng and Teng families all showed expressions of surprise and expectation.

When the eighth halo appeared, the children of the Qing family all showed expressions of extreme nervousness and expectation.

They were all looking forward to the ninth one. The halo appears, hoping that the disciples of the Qing family with pseudo-spiritual qualifications will appear.

One breath, two breaths, three breaths

Three breaths have passed, and the ninth halo has not appeared.

The faces of the Qing family disciples gradually showed disappointment.

And the faces of the Feng and Teng children began to show ridicule.

But at this moment, a change occurred in the field.

Outside the eighth halo, there was also a looming cyan halo.

Many people in the crowd immediately shouted excitedly

"Look! It's the ninth halo! The Ninth Path is coming"

"Oh my God! The ninth halo is really about to appear. Is that kid really qualified as a pseudo-spiritual body?"

At that moment, everyone held their breath and watched the changes in the sky nervously.

Especially the Qing family disciples, the expressions of nervousness on their faces were even stronger.

Time passed minute by minute.

The ninth halo in the sky was still there. It was looming.

Everyone suddenly felt that something was wrong.

Everyone waited for a while, and the baptism ceremony of Lord Qingtian was finally over.

He gained a lot from this baptism, and his cultivation reached the peak of the fourth-level perfection from the peak of the fourth level in one fell swoop.

But there were still eight halos outside his body, plus a looming ninth halo.

At that moment, everyone in the room became confused.

"Huh! How is this going? Is this Qingtianjun qualified as an elite genius or as a pseudo-spiritual body?"

"That's right! He is said to be an elite genius, but he has a ninth aura. He is said to have pseudo-spiritual qualifications, but the looming ninth halo does not seem to really exist!"

"That's right! What are his qualifications?"

Not to mention those ordinary disciples, even many elders showed doubts.

At this time, Teng Xiaoshan seemed to have remembered something and said in surprise: "Hey! This seems to be a very rare hidden spirit qualification!"

"Hidden spirit body qualification? Senior, what kind of qualification is that? Qing

Xuanlin asked curiously

"The qualifications of the hidden spirit body are between the elite genius and the pseudo-spirit body, and are only slightly inferior to the pseudo-spirit body. However, although the qualifications of the hidden spirit body are not as good as those of the pseudo-spirit body, the probability of their appearance is lower than those of the pseudo-spirit body."..

Chapter 2505

Hearing this, Qing Xuanlin felt a burst of disappointment in his heart.

It turns out that Lord Qingtian is not a pseudo-spiritual person, but he is still a little relieved despite his disappointment.

Teng Xiaoshan seemed to see Qing Xuanlin's disappointment and comforted him.

"Xuan Lin, although the hidden spirit body is not as good as the pseudo-spirit body, it is also one of the extremely rare and rare excellent qualifications. You have to know that even if an elite genius wants to practice to the eighth level, it is extremely difficult. Without good opportunities and hard work, he may not be able to become an eighth level warrior."

"However, it is not difficult for those with the qualification of the hidden spirit body to become an eighth-level warrior, but it is not as easy as the qualification of the pseudo-spirit body, and it cannot be as smooth as the pseudo-spirit body that can cultivate to the level of eighth-level perfection."

"In general, a disciple with the qualification of the hidden spirit body can also be regarded as a quasi-eighth level warrior, and is worthy of vigorous training. It just requires more effort. Its highest achievements are somewhat lower than those of pseudo-spiritual bodies, but much better than those elite geniuses."

Hearing this, Qing Xuanlin's original disappointed mood became a little relieved.

Although their Qing family failed to produce a disciple with pseudo-spiritual qualifications, they did produce a hidden spirit body, which is more or less. It saved some face for the Qing family, but they were still suppressed by the Feng family.

This made Qing Xuanlin feel somewhat depressed.

It didn't take long for the news about what the hidden spirit body was to spread throughout the three clans.

Suddenly It caused an uproar.

While everyone was surprised, they also felt a little sorry, and most of them sighed.

"Not bad, the Qing family has a hidden spirit body. It's a pity that this hidden spirit body is not as good as the pseudo-spirit body. The Qing family was eventually overwhelmed by the Feng family."

"yes! Although the hidden spirit body is an extremely rare and excellent physique, it is not as good as the pseudo-spirit body after all! It seems that the Qing family is only at this level."

"hehe!! Don't say it so early, don't you think there are still two children in the Qing family who have not been baptized? Let's wait until the baptism of the two disciples is over before making a final conclusion!"

"What about the two remaining disciples? The one named Qingtian Ling seems to have a little hope, but at most he is on the same level as Qingtian Jun, or even worse."

"As for the guy named Qing Tianqi, I heard that guy has a pretty good mind. As for talent, many elders don't think highly of him. He is probably an elite genius at most. I don't think he has high hopes for Qing Tianqi."

"That's right, it seems we can only look at Qing Tianling's performance. If Qing Tianling does not have the qualification for a pseudo-spiritual body, it seems unlikely that the Qing family will have the qualification for a pseudo-spiritual body again."

"Exactly!".

Just as the disciples around him were discussing fiercely, when he returned to the crowd, Lord Qingtian bit his lips tightly, his face very gloomy.

"How can it be? How can this be? How could I not have pseudo-spiritual qualifications? This must be a test error, I don't believe it!"

Qingtianjun clenched his fists tightly, his heart full of reluctance.

This time he was deeply shocked.

He already knew that he was not a pseudo-spirit, but only had the qualification of the hidden spirit body.

Although the qualification of the hidden spirit body is also extremely valuable, But for him, who has always been strong, it is not enough.

He originally expected to show his pseudo-spiritual qualifications and save some face for the family, but he did not want everything to be in vain.

His invisible spiritual qualifications only prevented the family from taking over. His face was wiped out, but it failed to make the family proud at all.

More importantly, after this incident, those who had high hopes for him will definitely be a little disappointed in their hearts. His prestige among the three generations of children has not only not improved, but will instead Much lower

"It seems that the difficulty of becoming a pseudo-spiritual body is much more difficult than imagined!"

In the field, Qing Tianling couldn't help but sigh with emotion.

"yes! Qin

Chuan also nodded with emotion.

Not even Qingtian Lord could become a pseudo-spiritual body, so the two of them were naturally a little sad.

At this moment, Qing Xuanlin stepped forward again and asked

"Which of you two comes first? Hearing this

, Qing Tianling turned to look at Qin Chuan and asked with a smile:"Tianqi, who comes first this time?" Qin

Chuan glanced at the ball in his arms and replied:"Brother Tianling, you come first!"

"good!"

At that moment, Qingtian Ling began to walk towards Hualong Pond..

Chapter 2506

Qingtian Lingyi appeared.

Qing Yanhai couldn't help but look forward to it:"It's finally my Tianling's turn. I wonder if this little guy will disappoint me."

And the former disciples of the Huo family showed nervous and expectant looks.

The disciples watching around once again made some commotion

"Look! This time it's the guy named Qing Tianling's turn to come on stage"

"I heard that the man named Qingtian Ling and the man named Qingtian Jun are the two most promising children of the Qing family. It seems that this is the last hope of the Qing family. If even this Qingtian Ling cannot become a pseudo-spirit, then the Qing family has no hope of a pseudo-spirit."

"yes! Let's not discuss it for now, let's read on!"

In the field, Qing Tianling did not distract from the discussions. Under the expectant eyes of everyone, he walked under the dragon head statue, popped out a drop of blood, and started the baptism ceremony.

Soon, the baptismal ceremony was over.

Due to Qing Tianling's solid foundation and strong accumulation, his Mu Yuan Qi cultivation reached the peak of the fourth level in one fell swoop.

What's even more shocking is that Qingtian Ling also has the aptitude for the hidden spirit body.

As soon as this result came out, the whole audience was in an uproar.

Teng Xiaoshan opened his mouth wide in surprise, and after a long while, he whispered to himself

"What's going on today? The hidden spirit qualifications, which are usually rarer than pseudo-spiritual qualifications, actually appeared twice in a row today. Immediately

, his originally tense face showed a look of joy, and he smiled at Qing Xuanlin beside him and said:

"Xuan Lin! Although there are no children with pseudo-spiritual qualifications in your Qing family, two children with hidden spiritual body qualifications have appeared in succession. Two disciples

with the qualifications of the hidden spirit body are enough to be worth one disciple with the pseudo-spirit body. You should feel relieved."

As soon as these words came out, Qing Xuanlin was overjoyed and secretly said that he was lucky.

Qing Yanhai and others on the side also showed relief.

Teng Xiaoshan's words undoubtedly told everyone that although the hidden spirit body is not as good as the pseudo spirit body, the two The hidden spirit body is worth a fake spirit body. This time, the Qing family's face was finally saved.

Soon, Teng Xiaoshan's words spread.

When the children of the Qing family heard this, they were secretly glad that this time The face was finally saved.

The children of the Feng family and the Teng family were all lamenting this result.

However, although the Qing family had two children with hidden spirit bodies and could barely save their face, it was still barely possible.

Because the Qing family is the fifth generation of the Qing family. The head of the clan should be more outstanding than the Feng family, but now he can only get a result of the same level.

However, the Qing family feels lucky to get this result.

After all, everyone was not very optimistic about Qingtian Ling before.

Qingtian Ling The qualification for the Hidden Spirit Body was beyond their expectations, and it was an unexpected surprise. Among the crowd, when Qingtian Jun discovered that Qingtian Ling also had the qualification for the Hidden Spirit Body, he felt inexplicably irritated.

"Unexpectedly, I still underestimated this Qingtian Ling. Although I have always regarded him as a rival, I feel from the bottom of my heart that he is inferior to me. But I didn't expect that he also had

the same qualifications as me. However, he is still a rare three-line warrior. That being said, his potential is slightly higher than mine."

"The funny thing is, I always thought that my potential was higher than his."

Thinking of this, Qingtian Jun's strong heart was hit again, and at the same time he became even more irritable. Since

Qingtian Ling is both a hidden spirit body and a three-line warrior with him, in the future, among the three generations of disciples of the Qing family, he will The position of the number one person is about to be shaken.

Although his current cultivation level is much higher than Qingtian Ling, he is also two or three years older than Qingtian Ling. This does not prove that he is better than Qingtian Ling.

"no! I can't admit defeat! The position of the first person of the three generations of the Qing family belongs to me. snort! Qingtian Ling, so what if you are a third-line warrior? Your strongest one is Mu Yuanqi cultivation, the other two systems are not worth mentioning."

"But in terms of wood qualifications, you and I are pretty much the same. As long as my cultivation level is higher than yours and my strength is superior to yours, then I will be the number one person in the third generation. This is an undeniable fact! You can't even think of taking this number one position from me."

Thinking of this, Lord Qingtian regained his confidence and looked at Qingtian Ling in the crowd..

Chapter 2507

Qingtianjun's eyes inadvertently glanced at Qin Chuan, his eyes showing disgust again.

"This annoying Qing Tianqi, he really thought that he was a person, and actually delayed his appearance until the end. It would be fine if Qing Tianling appeared in the end, I would still be a little convinced, but what qualifications do you have?"

"I think it's hard for you to have the qualifications of an elite genius, let alone a hidden spirit or pseudo-spirit. snort! You've got a really good plan. I'll see how you go out and embarrass yourself soon!"

Thinking of this, Lord Qingtian glanced at Qin Chuan again with disgust.

Now he was in a bad mood and was unhappy with everything he looked at. Naturally, he was even more unhappy when he saw Qin Chuan.

At this time, Qing Xuanlin walked out of the field again.

Only Seeing him turning his head to look at Qin Chuan at the end, his expression was a little complicated.

For his grandson, he naturally hoped that Qin Chuan could surprise him.

But judging from his experience, Qin Chuan was probably an elite genius at best.

"It seems that our Qing family is at this level. It would be good to have two invisible spiritual bodies. After all, the qualification for pseudo-spiritual bodies is only one among tens of millions of people. It is really rare! Tianqi is a good kid and he has done well enough. As a grandfather, I have always been indebted to him, and I cannot ask too much of him."

Thinking of this, Qing Xuanlin looked at Qin Chuan with more loving eyes.

"Tianqi, good boy, it's your turn last, go ahead! Just do your best and don't have too much baggage?"

"yes! Patriarch! Qin

Chuan put down Qiuqiu in his arms and whispered a few words to it.

Qiuqiu whispered a few words before lying on the ground with a face full of reluctance, but his eyes were fixed on Hualong Pond. He didn't know what it was thinking.

At that moment, Qin Chuan stopped caring about it and strode towards the Hualong Pond.

At this moment, he was also very excited and even a little uneasy.

"It's finally my turn! Don't know what my qualifications are? Why! Now that I think about it, it's a bit disturbing! Okay, I don't think so much anymore"

"Regardless of today's results, from today on, I am no longer Qin Chuan. After activating the Qinglong true blood in my body, I am a true descendant of the Qing family. From now on, there will only be Qingtian Qi in the world, and there will be no Qin Chuan."

Qingtian Qi muttered silently in his heart, and walked towards the Hualong Pond step by step.

However, when everyone saw Qingtian Qi appear on the stage, there was no expression on their faces.

Because they were not optimistic about Qingtian Qi.

Since even Qingtian Lord and Qingtian Ling could not become It is even more impossible for Qingtian Qi to have pseudo-spiritual qualifications. At most, he is an elite genius. It is hard to say whether he is even an elite genius.

"hey-hey!! It's finally the last one's turn, and the Qing family's baptism ceremony is coming to an end."

"yes! such a pity! The Qing family can only barely save their face this time, right?"

"It would be nice to be able to save face. Today's Qing family children are only at this level. Do you still expect them to surpass the Feng family?"

"that is! Why do you say that the Qing family's children should surpass the Feng family! such a pity!"

The man shook his head slightly, with a touch of disdain on his face.

Obviously he was very worried about the Qing family's failure to surpass the Feng family this time.

"OK! Everyone, stop arguing and let's see what the test results of the last descendant of the Qing family are like?"

"Ah! You mean the last one? I think you should not have any expectations for him. It's hard to say whether this kid can become an elite genius. Do you still expect him to surpass Qingtian Jun and Qingtian Ling?"

"It's hard to say. You haven't seen Qingtian Jun and Qingtian Ling, who played last, both achieve good results, and this kid came on last. Maybe he is the Qing family's last trump card."

"cut! You are wrong if you think so. I heard from the elders that the Qing family has the greatest hope for Qingtian Jun and Qingtian Ling. Now the results of those two people have come out. There are no more outstanding children in the Qing family. I think this guy is just going through the motions."

"So this is ah! Then let's keep watching! I hope this guy ends soon so as not to waste our time"

"that is!"

However, there was one person in the crowd whose mood was very different from that of the many onlookers.

That person was Teng Xiaoshan..

Chapter 2508

Teng Xiaoshan's eyes widened since Qing Tianqi appeared on the scene, and even his behavior became a little unnatural.

"Finally waited until Tianqi appeared! Tianqi, I hope you won't disappoint me! No one can be a pseudo-spirit or a hidden spirit, but you must become a pseudo-spirit. Even if you can't become a pseudo-spirit, you must at least become a hidden spirit!"

"Because I don't have much time. The future of the three tribes depends on you to protect them. Sooner or later, I will have to hand over my burden to you."

Thinking of this, Teng Xiaoshan looked serious and watched Qingtian Qi's every move.

Because he knew in his heart that he would not be able to survive the 4,000-year-old calamity one hundred and twelve years later.

This matter Only he and Qingtian Qi knew what was going on, and no one else knew about it.

He knew that once he died, except for Qingtian Qi, the Qingfeng and Teng clan would no longer have ninth-level warriors to protect them.

So everything in the future could only rely on Qingtian Qi.. However

, if Qingtian Qi cannot become an eighth-level warrior, then because of his limited lifespan, Qingtian Qi cannot protect the three tribes for too long.

Only by letting Qingtian Qi become an eighth-level warrior and giving Qingtian Qi a life span of two thousand years can he Qingtian Qi can protect the three clans for a long time, so he can die with peace of mind. Therefore, he greatly hopes that Qingtian Qi can become a pseudo-spirit body, or even a hidden spirit body.

Even if he takes ten disciples with pseudo-spirit qualifications, In exchange for Qingtian Qi being a pseudo-spirit, he would choose Qingtian Qi without hesitation.

Qingtian Qi is too important to him and to the three tribes.

As for what Teng Xiaoshan thinks in his heart, others do not I don't know.

But in the field, Qingtian Qi walked under the dragon head statue with everyone watching casually.

He looked deeply at the dragon head statue with a very cautious expression on his face.

"It's time to get started!"

Qingtian Qi took a deep breath, scratched his fingertips, flicked his index finger, and shot a drop of blood onto the Qinglong Pearl in the dragon's mouth. The

Qinglong Pearl immediately let out a pleasant chirp, and then shot out a red light, pouring directly into Qingtian Qi above his head.

The baptismal ceremony officially began.

After a while, the blue sky raised its head and roared, and a blood dragon flew out from above his head, flying and roaring in the air. The momentum was extremely overwhelming, and everyone around was shocked.

Previously That careless demeanor has also been swept away.

"Huh! Look at the extraordinary momentum of this blood dragon after awakening! Could this boy named Qing Tianqi bring us any surprises?"

"yes! Let's read on."

At this moment, the interest of the children of the three tribes who were watching was once again aroused.

Everyone opened their eyes wide and watched the changes in the field.

Soon, the roaring blood dragon in the sky returned to Qingtian Qi's body.

Qingtian Qi's body Beginning to float into the air, a halo representing qualifications began to light up outside his body.

The first halo, the second halo, the third halo...

Many people were silently counting the halos in the air.

Among the crowd, Teng Xiaoshan was even more excited. Nervously clasping his hands behind his back, as a ninth-level warrior, he has not been so nervous for a long time.

The fifth halo, the sixth halo...

When the seventh halo appeared, many people began to change their expressions slightly.

Those who had been there before Those who were very unfavorable to Qingtian Qi, and even some who were disdainful, began to look slightly moved.

"Huh! He has seven haloes. It seems that this guy has a good talent! The seven halos represent genius qualifications, and this kid can be considered a character."

When the seventh halo appeared, two more breaths had passed.

Outside the seventh halo, an eighth halo appeared.

As soon as the eighth halo appeared, the whole place was shocked, and everyone opened their eyes wide. There were more people in the crowd. Someone exclaimed in a low voice

"The eighth halo is the eighth halo. Unexpectedly, this kid turned out to be an elite genius. There is finally an elite genius among the three generations of Qing family!"

"Don't worry, the ceremony is not over yet, let's see if this kid can perform better."

At the same time, Teng Xiaoshan in the crowd watched the changes in the sky nervously. Whether Qingtian Qi can become a hidden spirit body or a pseudo-spirit body depends on this final performance.

Qingtian Lord also looked at the changes in the sky in surprise. eight halo

"Qing Tianqi, this annoying guy, is actually an elite genius? His ceremony is not over yet, is there any change? Not too possible?"

Thinking of this, Lord Qingtian also stared nervously at the changes in the sky..

Chapter 2509

At this moment, everyone was staring at the sky nervously to see what would change next.

In the air, the blue sky closed its eyes tightly.

The Mu Yuan Qi from all around him was continuously pouring into his body, and his momentum was constantly increasing.

One breath, two breaths, three breaths

Time passed minute by minute.

In the blink of an eye, ten breaths of time passed.

Ten breaths have passed, and the ninth halo has not appeared.

Many people began to show disappointment on their faces.

The ninth halo has not appeared in ten breaths, so it is basically impossible to become a pseudo-spirit, or a hidden spirit.

In the crowd, Teng Xiaoshan showed disappointment on his face

"Why! Just the qualifications of an elite genius. Although it is possible for elite geniuses to become eighth-level warriors, it would be too difficult! No one can say whether Tianqi can eventually become an eighth-level warrior! If he cannot become an eighth-level warrior, how can this old man rest in peace!"

After Teng Xiaoshan was disappointed, a look of worry appeared on his face again. He was worried about the future of the three clans.

On the other side, Lord Qingtian breathed an inexplicable sigh of relief, and then raised the corners of his mouth contemptuously, mocking in his heart.

"snort! Qing Tianqi, this annoying guy, is blessed with the qualifications of an elite genius. He really thinks that he can turn the tide and insists on being the last one to appear. It's really embarrassing!"

And the people around started talking about it.

"Ten breaths have passed, and there are eight haloes in the sky. It seems that this kid is an elite genius."

"yes! This guy is pretty good. There seems to be only one such elite genius among the three generations of the Qing family."

"hehe!! It seems that the children of the Qing family are only at this level now. There are only two children with the qualifications of the hidden spirit body, so they can barely regain some face!"

"That's what I say, but I think the Qing family's behavior is still a bit unjustifiable! No matter what, it is better than the Feng family!"

"yes! Okay, without further ado, the Qing family's baptism ceremony is finally over. such a pity! We didn't see the results we expected!"

"Why! No more talking, everyone is leaving!"

At this moment, there was a lot of discussion among the crowd. Many people thought that the ceremony was about to end, and some people were even preparing to leave.

But at this moment, a sudden change occurred in the sky.

I saw Qingtian Qi, who had his eyes tightly closed, suddenly his eyes flickered. Opening his eyes, he looked up to the sky and roared loudly.

With this roar,

Qingtian Qi's body was even more shaken, and his momentum increased sharply, reaching an astonishing level in an instant.

"Huh! This is...."

The onlookers all around opened their eyes in surprise.

"Oh my God! This is a big step. This kid actually took this opportunity to break through Mu Yuanqi to the fourth level."

"yes! This aura is indeed a fourth-level aura, and this kid has actually advanced to the fourth level."

It turned out that Qingtian Qi used the baptism ceremony to frantically absorb the majestic Mu Yuan Qi in the Hualong Pond. He actually took this opportunity to cultivate Mu Yuan Qi from the peak of the third level to the fourth level in one fell swoop.

Just when everyone was shocked, Qingtian A large cyan light curtain emitted from behind Qi, and a shadow appeared in the cyan light screen.

The shadow was a sapling about one foot tall.

But the sapling looked very simple, like a sapling that had not grown. The big old tree has only two branches, with a few leaves growing on them.

"Huh! What it is?"

Many people asked curiously

"hehe!! You don't even know this, but that sapling is the natal spiritual plant of the wood warrior, if the natal spiritual fire of the fire warrior is the same. I heard that the natal spiritual plants of wood warriors are the most unpredictable and have the most diverse types. Different spiritual plants have very different effects."

"That's it! So what is the role of this boy's natal spiritual plant?"

"I don't know about this. I'm not a wood warrior, so I certainly haven't studied it."

Actually, let alone the children of the Feng family and the Qing family, even many children of the Qing family don't know what it is.

Because they have never heard of Qingtian Qi's natal spiritual plant.

Even Qing Yanhai, Qing Xuanlin and others also frowned, and couldn't remember what it was for a while.

But at this moment, another change occurred in the field.

I saw the phantom of the spiritual plant in the cyan light curtain, from the phantom It became solid and finally turned into a real sapling.

As soon as the spiritual plant turned into a solid body, the surrounding area changed greatly..

Chapter 2510

That Lingzhi actually actively absorbed the vitality around him, and the speed of absorption was extremely fast.

This made Qin Chuan's speed of absorbing vitality increase sharply.

Seeing this scene, Qing Yanhai seemed to remember something. He opened his eyes wide in disbelief and looked at Lingzhi in the sky.

"Oh my God! I know what the spiritual plant is, it is the Wood Spirit Tree. I didn't expect that boy's natal spiritual plant to be the Wood Spirit Tree."

"What? The wood spirit tree? impossible? The Wood Spirit Tree is a legendary thing. It is said that when it evolves to the ultimate level, it can turn into the Tree of Life. The Tree of Life is a sacred tree with incredible functions! Qing

Yanfei shook his head in disbelief.

Qing Yanhai smiled coldly: "What's impossible?" Look what that is?"

Qing Yanfei immediately followed the sound.

When he looked at the scene in the sky, he immediately opened his eyes in surprise.

With the appearance of the Wood Spirit Tree, looming lights began to appear outside the eighth halo in the sky. The Ninth Halo

"Huh! This is...the ninth halo...oh my god! Another invisible spirit! Tianqi is also a hidden spirit! It turns out that it is really the Wood Spirit Tree!"

At the same time, the children of the three tribes who were watching around opened their eyes wide in horror and looked into the air in disbelief. The surroundings suddenly became a little quiet.

Suddenly, a cry of surprise came from the crowd.

"Oh my God! The ninth phantom halo! It turned out to be another invisible spirit body"

"How can it be? Three invisible spirits appeared in succession!"

"How can this be? Ten breaths have passed, why is that kid still in the invisible spirit body? This is somewhat contrary to common sense!"

The disciples all around looked up into the sky in disbelief.

Among the crowd, Teng Xiaoshan was even more excited and surprised, and he was even more pleased.

"The invisible spirit body is pretty good. It won't be a big problem to become an eighth-level warrior in the future. This guy Tianqi finally didn't disappoint me! Ha ha!!"

The heavy burden that was weighing on Teng Xiaoshan's heart was finally let go at this moment.

But Qingtian Jun in the other corner opened his eyes in disbelief, and his expression became extremely ugly.

"This...how is this possible? How could this annoying guy like Qing Tianqi also have the aptitude for the hidden spirit body? How could his qualifications be the same as mine? How can he be compared with me?"

The more Qingtianjun thought about it, the more puzzled he became, and the more he thought about it, the more unwilling he became. He felt so depressed that he wanted to vomit blood.

The crowd around him was talking about it, and the whole place was in an uproar.

At this time, Teng Xiaoshan, who was in a good mood, walked away. He came forward and said loudly to the children of the three tribes who were watching around him.

"Ha ha!! The Qing family is indeed the leader of the five clans! As expected, there are many talents. Unexpectedly, three disciples with hidden spiritual body qualifications appeared in this baptism. Three hidden spirits! This value is more than that of a pseudo-spiritual body!"

As soon as he said these words, the Qing family disciples suddenly felt proud and cheered.

Teng Xiaoshan's words undoubtedly told everyone that the Qing family not only saved their face this time, but also surpassed the Feng family and once again gained glory.

The other two children also sighed with emotion.

"hehe!! Unexpected! Unexpected! Unexpectedly, three disciples with hidden spirit bodies appeared in the Qing family one after another. Doesn't it mean that although the hidden spirit body is not as good as the pseudo-spirit body, it is more difficult to appear than the pseudo-spirit body?"

"Who knows what's going on? But no matter what, the Qing family deserves to be the head of the five clans! It is indeed not easy to have three disciples with hidden spirit bodies appear in succession!"

"That's right! It seems that the Qing family cannot be underestimated!"

But just as everyone was talking about it, another lukewarm voice came from the crowd.

"Senior Teng, and everyone! There is one thing you have made wrong. My Qingtian Qi is not as simple as a hidden spirit body!"

The person who spoke was none other than Qing Yanhai.

As soon as his words came out, it immediately caused a big sensation

"What? Isn't Qingtian Qi as simple as a hidden spirit body? What does this mean?"

"yes! Could it be that Qingtian Qi's talent is higher than that of the Hidden Spirit Body?"

Everyone looked at Qing Yanhai with doubts in their hearts..
