

God level 251

Chapter 251

After collecting the dragon tendons, Qin Feng was not in a hurry to leave.

His consciousness scanned that Long Shang and others were rushing here in a hurry. pity!

This maze is too complicated. Long Shang and others have to go through many passages to get there.

"Looks like we have to wait for them....."

Qin Feng fell from the sky and stood on the altar.

He is waiting for Long Shang.

Before, he was in a hurry to get the dragon tendon and ignored it.

Now that he has the dragon tendon, he should also get the method to refine the emperor's bone from Long Shang.

Although fighting each other is not allowed in the secret realm, he has a way to get it

"Ding~! Successfully swallowed the Eight-Star Essence Pearl... combat power increased by 1 million points....."

Comfortable~!

Qin Feng looked satisfied.

Then, he took out a ball of eight-star Dzogchen fire element, opened his mouth and swallowed it.

The extremely violent original energy began to destroy his body crazily.

The super skill of the wood system - the dead wood becomes spring again and operates automatically.

Quickly repair injuries within the body.

Qin Feng's face was rosy for a while, and then gradually returned to normal.

The origin of the fire element was forcefully devoured by him.

His fire attribute has also been strengthened to the eight-star perfection level.

In the past, he would not have dared to devour it directly like this.

He could only swallow it bit by bit.

Now, his strength has greatly increased, and he dares to forcefully swallow the source like this.

After strengthening the fire attribute, he began to strengthen the earth attribute.....

Time flies.

In the blink of an eye, half an hour passed.

Qin Feng's eight major attributes have all been strengthened, and his combat power has increased dramatically.

At this moment, he stood quietly on the altar.

The aura he inadvertently exuded formed a powerful force field, causing the surrounding space to become somewhat distorted.

A total of 300 million combat power!

It can crush most eight-star Dzogchen masters.

The eight-star Dzogchen's combat power is between 300 and 500 million.

But even the peak master with 500 million combat power may not be his opponent.

What's more, his cultivation is at the late seven-star stage (1.3%)

Maybe he can create a miracle.

Fight against the nine-star emperor with eight-star strength.

At this moment, footsteps came from in front of the altar.

Qin Feng restrained his breath, put his hands behind his back, and waited quietly for someone to come.

After a moment, a group of people rushed over, it was Long Shang and others.

Qin Feng waited for half an hour before they arrived late.

This maze is really difficult to navigate.

"you again!", Long Shang was surprised.

When he saw that the altar was empty, his expression changed drastically again.

"Qin Feng, did you take away the dragon tendon?!", Long Shang's face looked a little ugly.

Yu Qilin and Zhonghun organization members were also confused.

They worked hard, bypassed countless passages, and finally arrived at their destination, only to find that the thing was gone.

By the way, the dragon bone Where is the Emperor?

When they thought of the Dragon Bone Emperor, everyone looked around, but saw no trace.

At this moment, everyone thought of something, and everyone looked at Qin Feng in shock.

Could it be that Qin Feng killed the Dragon Bone Emperor?

That was the real Eight Stars exist!

"Qin Feng, where is the Dragon Bone Emperor?", Long Shang also thought about this question.

However, he did not want to believe that Qin Feng had such ability.

He always believed that he was better than Qin Feng and kept comforting himself.

Qin Feng looked at everyone proudly and was too lazy to answer their questions.

He didn't speak, and everyone was even more surprised.

Even Long Shang couldn't help but swallow his saliva.

To be honest, he was still a little afraid of Qin Feng in his heart.

This feeling was very inexplicable.

"Long Shang, do you have a way to refine the emperor's bones?", Qin Feng said quietly

"how do you know?!", Long Shang was a little surprised.

Qin Feng smiled evilly:"Let's make a deal! I will exchange Dragon Bone Pill for your method of refining Emperor Bone....."

"this....", Long Shang's eyes lit up.

He was a little moved.

Although the method of refining Emperor Bone is precious, Dragon Bone Pill is also very precious!

What's more, he desperately lacks something to enhance his dragon power.

His dragon power is still a little short of level three.

The following Dragon Balls require Level 3 Dragon Power to be eligible to obtain them.

Right now, he didn't get either Ni Lin or Dragon Muscle.

The last dragon ball, I have to get it no matter what!

Otherwise, he would not be able to explain it to the God Emperor.

Thinking of this, he couldn't help but look at Yu Qilin.

Yu Qilin nodded slightly, thinking that it could be traded.

At the moment, Long Shang looked at Qin Feng:"I can trade with you! How many Dragon Bone Pills?"

"One!"

"Just one? That won't work! At least three!

Qin Feng sneered:"Just one!"

"Not as good as this! We each take a step back. How about two?"

Long Shang swallowed his saliva, a little nervous.

"Well..." Qin Feng pretended to hesitate,"Where is your bone refining method?"

"In my head!"

"Haha~! You won't give me a fake technique, right?"

"Absolutely not! As long as you agree to trade two pieces, I can make an oath to ensure that the method is correct.....", Long Shang said solemnly

"Yeah? Have you memorized the exercises? Are there any mistakes or omissions?"

"rest assured! I will always remember it! Unmistakable!"

Long Shang said with confidence.

However, Qin Feng reminded him, and he couldn't help but recall the technique.

At this moment, Qin Feng's eyes lit up with a silver light.

Memory reading - activate!

Right there When Long Shang recalled the skills, Qin Feng collected the necessary memory points.

Deep reading!

Launch with full strength!

After a moment, his eyes showed joy.

Haha!!

The method of refining the emperor's bones was obtained!

It all happened very quickly , at that moment

"your eyes....."

Long Shang saw a silver light emerge from Qin Feng's eyes.

This gave him an inexplicable feeling of palpitations.

It seems that something important has been stolen, and I feel inexplicable panic.

"nothing!", Qin Feng calmly returned to normal

"How about it? Take two in exchange!"

"never mind! Won't change it!"

"Hello~! Hello~! Don't leave in a hurry! Just one will do!"

"Not a single one will be replaced!"

After leaving these words, Qin Feng left without looking back.

Long Shang was stunned on the spot.

"Long Shang, you are too greedy!"

Yu Qilin was so shaken that he shook his head.

"So what if you tell him the method? He can't use it anyway! Isn't that Dragon Bone Pill worthless?"

Reminded by this, Long Shang slapped his head violently.

Yes!

How could he be so stupid!

Just one is enough!

Why do you have to counter-offer?

Anyway, even if Qin Feng gets the method, he will use it No!

After all, not long after the earth was pulled into the high dimension, a lot of cultivation knowledge is very backward.

At Qin Feng's age, he definitely did not involve the inscription technique.

The inscription technique is a type of star pattern formation.

The refining of the emperor's bones The method requires the use of the inscription technique.

Today's earth knows very little about the inscription formation.

The strongest among them is Emperor Qinglong, and he only knows about it. The more Long Shang thinks about it, the more he regrets it. His intestines are almost green with regret.

At the same time, Qin Feng left the center of the maze and walked in the passage with a contented look on his face.

Long Shang and Yu Qilin did not know that Qin Feng had been studying the inscription formation these days and had made some gains.

As long as Qin Feng After two or three days of research, you can use the bone refining method.

Perhaps, when Qin Feng comes out of the secret realm, he will be the first person on earth to use the formation method..

Chapter 252

"I didn't expect that Long Shang was not from Earth....."

Qin Feng murmured in his heart.

When he just stole Long Shang's memory, he also obtained some other memory fragments.

Qin Feng was a little surprised, but not surprised, that Long Shang came from an alien space.

Since there are starry sky beasts, there will naturally be extraterrestrial human races.

Qin Feng's only concern is the organization's intentions on earth.

The Star Orcs want to occupy the earth, but what do they want to do?

Qin Feng's eyes flashed with murderous intent.

If given the chance, he would kill all the members of the faint organization.

Non-my family, its heart must be different.

Although most of the people in the Coma Organization are from Earth, the leader behind it is not from Earth.

In addition, Qin Feng also found a piece of good news from Long Shang's memory.

Long Shang had participated in the secret realm assessment before and knew the content of the next assessment.

From this, Qin Feng also knew what would be tested next.

He couldn't help but smile.

It seems that he has to go back quickly and change his strategy.....

At the same time, in the center of the maze.

After Qin Feng left, Long Shang and others searched around again, but did not find the Dragon Bone Emperor.

They didn't even find any signs of a fight.

The Dragon Bone Emperor was instantly killed by Qin Feng with one blow. He had no chance to resist and naturally left no trace.

This made Long Shang and others confused.

At first, they thought Dragon Bone Emperor was killed by Qin Feng.

But now, they feel that is not the case.

If you want to kill the Dragon Bone Emperor without leaving any traces of the battle, it would be difficult for even the eight-star Dzogchen master to do so.

How could that Qin Feng do it?

It's simply a fantasy!

"How strange! Where did the Dragon Bone Emperor go?"

Long Shang touched his chin, his face full of doubts.

Yu Qilin said thoughtfully: "Long Shang, have you noticed? Qin Feng seems to have space ability....."

Long Shang was shocked: "You mean, he may have used some kind of space secret technique to teleport the Dragon Bone Emperor to other places?"

Yu Qilin nodded slightly.

Long Shang suddenly realized that this was also the case.

Then, he secretly breathed a sigh of relief.

He can still accept this result.

If Qin Feng killed the Dragon Bone Emperor, he would have collapsed.

That's too good. How can he, who calls himself a genius, survive?

"Lord Long Shang, now that the dragon tendon is gone, what should we do?"

A member of the faint organization asked respectfully.

Long Shang frowned.

When he mentioned this, he became angry.

Ni Lin was lost before, but he didn't get the dragon tendon this time.

How will he explain to the God Emperor after he goes back?

"never mind! The dragon tendon must have been taken away by Qin Feng, and we can't get it back. All eight of you go treasure hunting... Hey!"

Long Shang sighed helplessly.

The eight members of the Hun Organization were happy.

They had long wanted to hunt for treasures.

That was an opportunity.

At that moment, everyone followed the order and left.

In the blink of an eye, there were only two people left beside the altar. Dragon Shang and Jade Qilin

"Long Shang, that Qin Feng is really awesome!"

Yu Qilin sighed, and a strange color flashed across his beautiful eyes.

She wanted to say that that boy was not only powerful, but also very handsome.

Every time she saw her, she was always a little moved.

Seeing Yu Qilin's obsessed eyes, Long Shang was very unhappy.

"What's so great, in the next assessment, you and I are the protagonists. The first place is me, the second place is you. That Qin Feng ranks third at most. When the time comes, I'll see what else he can be proud of."

"Are you sure Qin Feng is not as good as you and me?", Yu Qilin looked at Long Shang strangely.

She always felt that this guy was very narcissistic.

"Ah! you still need to ask? You and I have been carefully selected by the organization from several major star regions. They are all top geniuses in each star region. Are we not as good as an earthling?"

Long Shang looked disdainful.

He always felt that the earth was too outdated. It was just a country bumpkin planet, completely inferior to his noble birth.

These remarks made Yu Qilin confused.

To be honest, the earth is indeed backward.

Even the earth world Even the Star Orcs cannot be opened.

They know very little about the outside world.

They are like children who have not yet grown up, ignorant of everything in the outside world.

And they are still in a budding state in the cultivation of common sense.

They come Coming to the earth is like an urbanite coming to a primitive tribe.

As a modern person, it is difficult for him to accept that a primitive person is smarter and more culturally rich than him.

Therefore, there is a reason why Long Shang despises the earthlings in his heart..

Even Yu Qilin was shaken.

Next, can Qin Feng still get the first place?

The next assessment ignores cultivation and strength.

It is another strange assessment.

Facts have proved that the more The star fields that are developed late will have worse assessment results in that area.

And the earth is the latest group of star fields to be developed. I am afraid that Qin Feng and others will not have any good results.

"Don't think so much! In five days, just wait and see! I believe that the expressions of those people on earth will be wonderful! Ha ha!!"

Long Shang laughed proudly and left.

Yu Qilin shook his head slightly and left.

But on the other side, Qin Feng quickly returned to the Temple Square.

Afterwards, Qin Feng recalled Lu Ming and asked him to replace Luo Li. Deal.

A quarter of an hour later, Qin Feng and Luo Li entered a secret practice room.

Bang~!

Qin Feng activated the jade talisman, closed the stone door, and opened the barrier.

There were only the two of them in the room.

Luo Li seemed to have thought of something. What, her pretty face blushed slightly, and her heart gradually became hot...

As soon as this guy came back, he hurriedly pulled her into the room. Could it be...

She raised her head slightly shyly and looked at Qin Feng's extremely handsome facial features. Jumping around, he walked over involuntarily. As soon as Qin Feng turned around, Luo Li clung to him passionately.

Those big eyes were watery, full of obsession..

Chapter 253

"You girl.....No more pain?"

Qin Feng's lips curved into an evil smile.

Luo Li blushed and nodded slightly.

She knew what Qin Feng was asking.

It had been a few days since the last time, and she didn't feel any pain anymore.

Qin Feng felt the warmth in his arms. The soft heat... to be honest, he didn't enjoy it at all last time

"Do business first!!"

Qin Feng looked at Luo Li with a half-smile.

Luo Li's pretty face turned even redder.

"You take this...."

Qin Feng let go of the beauty and took out a bottle of milky white potion

"what is this?", Luo Li took it curiously.

Qin Feng smiled mysteriously:"Don't ask so many questions. Refining it with all your strength will be of great help to your assessment in five days....."

"oh~! ", Luo Li nodded obediently.

She has been completely devoted to Qin Feng for a long time, and she has 200% trust.

"You should refine it first! When you are finished refining, I will come find you again...."

After leaving these words, Qin Feng will leave

"Are you just leaving like that?", Luo Li had a look of reluctance.

Qin Feng turned around with a bad smile:"Can't wait?"

"Where is it?!", Luo Li's pretty face turned red.

Qin Feng smiled and held up Luo Li's chin, and whispered comfort:"Hurry up and refining!....."

The next second, he teleported away.

Luo Li stared blankly at the place where Qin Feng disappeared, with obsession in her eyes.

This guy made her more and more incapable of extricating herself.

Outside the secret room, Qin Feng walked happily to another secret room.

What he just gave Luo Li was a water qualification enhancer (Tianpin).

Luo Li is a water elemental master, and his talent is at the top genius level.

After she finishes taking the booster, she will definitely achieve peerless talent.

In the assessment five days later, Luo Li should be in the top five.

It turns out that what will be assessed after five days is potential.

Potential is assessed comprehensively from three aspects: talent, understanding, and age.

Luo Li is relatively young among the examinees. If her talent is further improved to peerless level, she will be the best.

When it came time for the assessment, he would provide a few more enlightenment pills to improve Luo Li's understanding, and it would not be difficult to get into the top five.

This reminded Qin Feng of Chu Chu again.

Five days later, Chu Chu's appearance will definitely shock everyone.

Thinking of this, Qin Feng couldn't help but smile.

Time flies.

In the blink of an eye, three days passed.

In the past two days, people have returned to the hall to repair and continue their treasure hunt.

Lu Ming's business became booming, and word quickly spread among the assessors.

This made all the assessors excited.

They finally had hope of survival.

Although it is said that ten pieces of Emperor's Liquid Crystal can be exchanged for one point token.

Or ten essence beads can be exchanged for a point token.

This is obviously a scam.

But these still can't stop everyone's enthusiasm for survival.

Even the members of the fainting organization rushed to change, they also wanted to survive!

Fortunately, the resources in the Ten Thousand Dragons Palace are very rich. There are many spiritual pools and many seven-star dragon bone monsters. If you kill them, you can get the seven-star essence beads.

These are all resources.

In this way, on the first day, Lu Xing obtained more than 100 pieces of Emperor Liquid Crystal, more than 20 Seven Star Essence Pearls, more than 2 million milliliters of Emperor Liquid Liquid, Dragon Bone Ginseng, and several Dragon Blood Fruits from the transaction.

On the second day, he obtained more than 200 pieces of Emperor Liquid Crystal, more than 50 Seven Star Essence Pearls, and more than 5 million milliliters of Emperor Liquid Liquid...

This harvest was twice that of the first day.

It can be said that Qin Feng's abacus was right.

The Southern League made huge profits.

Long Shang and Xiao Lun Wang were jealous.

They also wanted to do this business, but found that the token had long been monopolized by Qin Feng, so they could only stare.

On the third day, Qin Feng's secret room.

The room was decorated luxuriously and stylishly by Qin Feng, and even the floor was covered with luxurious carpets, a specialty of the Xuanwu League.

At this time, Qin Feng was leaning on the leather sofa very comfortably, flipping through the "Secret Book of Formation".

After a moment, he put down the secret book in his hand, with joy in his eyes.

In the past three days, his mastery of this formation secret book has reached 40%.

He can try the method of refining the emperor's bones.

Just then, footsteps sounded outside the door

"Captain, Lu Ming wants to see you!"

"come in!"

Qin Feng thought, the stone door trembled slightly, and then slowly rose.

Then, Lu Ming walked in with excitement.

"Captain, we gained more today than yesterday!"

After saying that, he took out the items from the storage ring and placed them all on the coffee table.

In a blink of an eye, the coffee table was piled with resources. There were more than 400 pieces of Imperial Liquid Crystals, about 100 Seven-Star Essence Pearls, and more There are emperor liquid, dragon bone ginseng, and dragon blood fruit.....

"Good harvest today!"

Qin Feng nodded with satisfaction.

Today's harvest is much better than the previous two days combined.

Lu Ming said with a smile:"They have collected almost all the resources of Wanlong Palace, and many people have come back, so today's business is particularly good. At this rate, we can drain all their resources in less than five days....."

Qin Feng smiled, feeling a little happy.

Those people worked hard to search for resources and finally made him a wedding dress.

Even people from the faint organization are no exception

"Take these dragon bone ginseng and dragon blood fruits and share them among you....."

Qin Feng casually put away the resources on the table.

He didn't want those dragon bone ginseng and dragon blood fruit.

Dragon Blood Fruit can transform into a dragon, and Dragon Bone Ginseng can transform into a dragon, but it cannot increase dragon power.

Qin Feng's Dragon Transformation and Dragon Bone Transformation are both 100%, so it's useless to ask for them.

"Thank you captain!"

Lu Ming happily put away the dragon blood fruit and dragon bone ginseng.

"By the way, Captain, Wan Hansheng has broken through to the essence fusion realm....."

"very good!"

Qin Feng nodded happily.

As a result, several people in the Southern Alliance have reached the essence fusion state.

After explaining everything, Lu Ming continued to perform the transaction task.

Qin Feng also took out the Emperor's Liquid Crystal and began to upgrade Cultivation level.

In the past two days, he has swallowed more than 300 Emperor Liquid Crystals, and his cultivation level has been upgraded to late seven-star stage 37%.....

Today, there are more than 400 more.

Qin Feng opened his mouth and sucked in, and more than 400 pieces of Imperial Liquid Crystal were swallowed up by him.....

"Ding! Devouring the Emperor's Liquid Crystal Successfully.....Cultivation level increased to 83%Combat strength increased to 340 million...."

"good!"

Qin Feng looked at himself with satisfaction. His combat power was 340 million, and he was not far from the Seven-Star Perfection.

Then, he took out more than a hundred Seven-Star Essence Beads and swallowed them all in one gulp.

"Ding! Successfully swallowed the Seven-Star Essence Bead...The fusion of essence was greatly strengthened.....Combat strength increased to 350 million...."

"Ding! Spatial sensing improved to 20.3.....The space ability is promoted to the fifth level...all space skills are strengthened by 100%....."

"Ding! Space twist enhancement 100%.....Can be reversed 180 degrees....."

"Ding! Space teleportation enhancement 100%.....Teleportation limit increased to 15,000 meters....."

"Ding! Displacement enhancement 100%.....Three selected targets can be swapped with each other at the same time....."

"Ding! Space Summoning Enhancement 100%.....Summon yourself to the contract partner...."

"The spatial ability has finally reached level five!"

Qin Feng was overjoyed.

His strength had improved in all aspects again.

At this moment, the communication jade talisman on his body lit up.

He quickly took it out and saw that it was from Luo Li.

Qin Feng's thoughts moved.

He just happened to try out his enhanced space ability.

The space counter-summoning was activated!

In another secret training room,

Luo Li held the communication jade talisman in her hand, with an excited look on her face.

She had just finished the retreat when she was pleasantly surprised to find Her talent has reached peerless level.

So, she immediately sent a message to Qin Feng

"Huh~! Sent out, I don't know when Qin Feng will come...."

She just finished speaking.

Qin Feng suddenly appeared behind her.

Looking at Luo Li's graceful back, Qin Feng's eyes showed joy.

His spatial ability has indeed been strengthened.

From now on, he can appear next to his contract partner at any time.

It will be more convenient for him to find Chu Chu and Luo Li in the future.

At the same time, if he wants to go there, he can arrange for his contracted subordinates to arrive at the destination first.

When the time comes, he can achieve it with just one thought.

This is much more convenient.

Thinking of this, Qin Feng felt happy..

Chapter 254

Luo Li felt the movement, and when she turned around, she saw Qin Feng

"You're here..." Luo Li was pleasantly surprised

"Finished refining?", Qin Feng asked with a smile

"Um~! ", Luo Lijiao responded with a smile.

"Qin Feng, after I refined the potion you gave me, my water talent has reached a peerless level.", Luo Li looked happy

"That's right...."

"Qin Feng, that potion must be very valuable.....", Luo Li stared lovingly at the handsome face in front of her.

Qin Feng smiled and said nothing

"Qin Feng, you are so kind to me..."

Luo Li looked at Qin Feng with emotion.

Her heart almost warmed up.

"Do you have Xiao Jing Yuan Dan in you?", Qin Feng suddenly asked

"some!"

"Don't refine those dragon blood fruits and dragon bone ginseng these days.....Specialized in refining Xiaojingyuan Dan...."

"Hmm...why?"

"Don't ask...it's not a bad thing anyway."

Qin Feng was too lazy to explain.

Luo Li blushed, raised her head slightly, and looked at Qin Feng tenderly.....

Four hours later, Qin Feng came out of the secret room feeling refreshed.

He had just enjoyed it and felt that his body and mind were at peace and extremely comfortable.

It was too rushed last time.

This time, he really put his best foot forward, and it took him a full four hours...

It was really hearty~!

This was also the first time since his rebirth that he had completely released his inner depression...

A quarter of an hour later, Qin Feng returned to his secret room.

At this moment, his body and mind were smooth, and his mental state reached its peak.

He made a casual move, and a huge finger bone appeared in front of him.

The mighty imperial power emanated, filling the entire room.

Click~! Click~! Click~!

There are cracks in the secret room barrier.

It couldn't bear the pressure.

This is the emperor's bone!

Qin Feng stood proudly in front of the emperor's bones, his fingertips were bleeding, and he slowly carved inscriptions on the emperor's bones with blood.....

Every painting! Every stroke!

They are all integrated into the boundless power of Hunyuan and the power of divine consciousness.

The emperor's bones trembled violently, as if he wanted to break free, and the infinite emperor's power burst out, emitting endless golden light, trying to break through the obstacles, and rushed straight into the nine heavens...

Qin Feng sneered, pointed at the flying dragon, and a blood pattern formed, and all directions resonated with it, heaven and earth The vast power came oppressively...

The emperor's bones screamed and began to shrink.

The so-called inscription formation uses the power of heaven and earth.

The formation has reached its peak. When a thought arises, the wind and clouds move. When a thought disappears, the earth and mountains shake. The wind turns and the clouds flow according to my heart, and the power of heaven and earth is at my control.

From now on, I only ask questions about my heart and not about heaven!

In a moment, Qin Feng carved eight inscriptions in a row, and his forehead was covered with sweat.

The emperor's bones were shrinking inch by inch... when Qin Feng carved the ninth inscription.

The emperor's bones became the size of ordinary people's finger bones, and they let out boundless whines...]

Qin Feng quickly carved an inscription on the index finger of his right hand.

Then, the index finger came into contact with the emperor's bone, and the two began to fuse, emitting an extremely dazzling golden light, like a scorching sun, illuminating the secret room extremely brightly, making other things invisible.....

It lasted for an entire hour before the golden light gradually subsided...

Everything in the room returned to its original state.

Qin Feng stood proudly in the room, looking at his fingers.

That index finger perfectly fused with the emperor's bone, faintly exuding the nine-star emperor's power.....

He raised his hand and pointed his finger at the sky!

Boom~!

A loud noise!

The secret room exploded and the Wanlong Palace shook violently.

The entire secret realm was shaken.

All the assessors were horrified and looked blankly at the sky.

At this moment, they almost thought that the secret realm was going to collapse.

Qin Feng looked at the collapsed secret room with satisfaction and walked out with a smile.

The barrier attached to this secret room was set up by the secret realm, but it was shattered by him with one finger.

The barrier of the secret realm can no longer trap him.

With just this finger, Qin Feng can dominate the Eight-Star Great Perfection.

What's more, after he fused with the Emperor's Bone, his combat power increased from 350 million to 400 million.

And the power stimulated by that finger can reach one billion destructive powers, completely surpassing the best king-level skills.

In front of the Nine-Star Emperor, he finally transformed from an ant into a strong grasshopper.

However, the Nine-Star Emperor can still kill him instantly.

One hundred million kings, ten billion emperors.

That is to say, the threshold for eight-star emperors is 100 million, and the threshold for nine-star emperors is 10 billion.

It can be seen from this that it is a joke for eight stars to surpass nine stars.

Qin Feng wants to turn this joke into reality

"The refining emperor bone is really different! No wonder the faint organization wants it so much...I wonder what they will think after they know it was refined by me?"

Qin Feng showed a sneer.....

Time flies.

In the next two days, all the resources in Wanlong Palace were basically collected.

In the end, more than 90% of the resources were transferred to Qin Feng.

On the last day, the transaction was basically over and everyone was in full retreat.

In a blink of an eye, five days have passed.

Today is the day of the third assessment.

Early in the morning, everyone gathered in the square early in the morning, waiting for the assessment to begin.

Luo Li, Lu Ming, Li Xun, and Wan Hansheng also arrived at the square early.

Only Qin Feng was missing.

At this moment, in a secret room.

Chu Chu is making a breakthrough.

With the assistance of a large number of resources and the acceleration of time capabilities.

Chu Chu's cultivation level improved by leaps and bounds, incredibly fast.

She is now refining the Emperor Ouyang at full speed, and is hitting the five-star Great Perfection state.

Qin Feng sat aside and silently protected her.

In the last two days, Qin Feng also gained a lot.

He devoured more than 200 Jing Yuan Pearls and more than 700 Emperor Liquid Crystals. His cultivation level finally reached the Seven-Star Perfection, and 17% of the eighth star pattern was completed.

When his eighth star pattern is completely condensed, he will reach the quasi-eight star realm.

His current combat power has reached 450 million, which is almost the same as the eight-star perfection limit of 500 million.

His title at the same level was also promoted from Emperor level to 'Great Emperor', which shows that his strength has undergone a qualitative transformation.

And his super god-level challenge can be activated at any time.

Just when Qin Feng was assessing his strength in his mind, a strong wave of ice energy came from the front.

Then, Chu Chu opened her eyes with surprise.

She finally broke through to the Five-Star Great Consummation..

Chapter 255

"Brother, I made a breakthrough!", Chu Chu stood up happily

"good!", Qin Feng nodded happily.

Chu Chu is not an ordinary elemental. She is a fighting genius, a rare ice element, and has mastered the time ability.

Her current comprehensive strength can fight against the early Seven Stars.

"Let's go! The assessment is about to begin~!"

"Um~! ", Chu Chu responded obediently.

At that moment, the brother and sister set off.

At the same time, everyone in the square looked nervous.

In this assessment, if you score less than 500 points, you will be eliminated!

Although many people have bought points from Qin Feng, not everyone has enough resources to buy 500 points.

Many people only have 200 or 300 points, and the gap between them and 500 points is not small!

If they don't accumulate 500 points in this assessment, their lives will be at risk.

Thinking of this, everyone felt a little uneasy

"What do you think this test will be?"

"I do not know!"

"You won't be taking any difficult exams, right?"

"It's hard to say! The first two assessments were very difficult! I hope the test will be easier this time....."

"Hey~! I originally thought that entering Longxu was a great opportunity. I didn't expect that my life would be in danger. I regretted coming in... By the way, hasn't Qin Feng come yet?"

"Nope! That guy is so strong! He was able to take first place in such a difficult test twice in a row. Even Long Shang was outclassed. I wonder if Qin Feng will beat Long Shang again this time?"

"Very possible!"

There were whispers in the crowd.

Long Shang not far away heard it.

He frowned slightly, feeling very unhappy.

Qin Feng just didn't like him.

Now, even these ordinary people on earth don't like him anymore.

Still. It's really a tiger being bullied by a dog!

These humble earthlings really look down on others!

In a moment, I will let you open your eyes and see!

Who will be the first place this time?!

"snort!"

Long Shang raised the corners of his mouth arrogantly.

Yu Qilin glanced at him silently and shook his head secretly.

This guy is still as arrogant as ever.

"Look! Qin Feng is here!"

"Huh! Who is that little girl?"

There was a sudden commotion in the crowd.

Everyone followed the sound and saw an extremely handsome young man walking over.

Behind him, there was a beautiful little lolita.

At this moment, everyone's eyes fell on on that little loli.

It's strange!

Who is this little loli?

Why haven't they seen it before?

She seems to be very close to Qin Feng.

Everyone looked at a loss.

Long Shang and Yu Qilin looked at each other in surprise. Get up.

They organized and checked Qin Feng's information.

They have already recognized it.

This extremely beautiful little loli is Qin Feng's sister - Chu Chu.

Isn't this Chu Chu in Nandu City? Why is she here?

"neat!", Luo Li looked surprised.

Li Xun, Wan Hansheng, and Lu Ming looked confused.

The four of them obviously didn't know that Chu Chu was coming.

"Sister Luo Li!", Chu Chu ran over happily.

She lived in Luo Li's house for a while and had a very good relationship with Luo Li.

"Chu Chu, why are you here?"

"I have to ask my brother about this....."

"Forehead.....", Luo Li looked at Qin Feng.

She was still in awe of her man.

Qin Feng didn't say anything, and she didn't dare to ask any more questions.

At this moment, the will of the secret realm came and enveloped the entire audience.

"The third assessment begins! This assessment of potential will adopt an on-site verification system!"

As soon as the words fell, the assessment information came from everyone's jade talisman.

Everyone suddenly realized it.

Many people secretly breathed a sigh of relief.

Some people even had joy on their faces.

The content of this assessment is potential.

Everyone is from The elite of all forces.

It can even be said to be the elite of the elite.

What they are most proud of is their potential.

Therefore, they are the least worried about assessing potential.

At this time, the square shook.

A huge altar, from the underground Rising.

I saw a white stone tablet as tall as a person in the center of the altar.

The stone tablet was engraved with complex inscriptions.

Qin Feng took a look and realized something.

He is now initially dabbling in inscription formations and is very interested in these. I can also understand a little bit.

At this moment, the point tokens on everyone disappeared and automatically became the holder's points.

On the test altar, a line of information lit up at the top of the white stone tablet.

Zhu Ling, Xuanwu League, the current score is 100 points.

Seeing this line of information, a middle-aged fat man from Xuanwu League immediately walked out.

With confidence on his face, he walked to the altar easily.

It turns out that the order of this test is based on the ranking of the last assessment Come.

This Zhu Ling was ranked last last time, so he was the first to come out for the test this time.

Chu Chu appeared later and was scheduled for the last test by default.

At this time, Zhu Ling walked up to the test altar.

He is confident that he can get high scores in this assessment.

He wants to feel proud.

After all, he is also one of the super geniuses recognized by the Xuanwu League.

What's more, he still has 100 points to build.

That is what he got from Qin Feng Purchased.

At that moment, Zhu Ling pressed his palm to the center of the test spiritual monument.

There was an inscription array there.

He pressed his palm on the center of the formation.

The spiritual monument immediately activated.

It buzzed and vibrated~!

Everyone held their breath. He stopped breathing and watched nervously.

After a moment, the spiritual stele lit up with red, yellow and blue light, pouring directly into Zhu Ling's body.

The red aura detected age.

The yellow aura detected talent.

The blue aura detected understanding..

The points obtained by combining the three attributes are the potential.

In just a moment, the three-color spiritual light circulated in Zhu Ling's body before returning to the spiritual monument.

A few seconds later, the test results were displayed on the spiritual monument.

Zhu Ling, Xuanwu Alliance, the potential value of this test is: 176 points, and the accumulated points are 276 points.

After this message appears, a red message appears.

Zhu Ling, the points are less than 500, wipe it out!

"What?!"

Zhu Ling's face changed drastically.

Everyone was also shocked.

But don't wait for everyone to react.

Zhu Ling blew himself up.

Blood splashed all over the monument.

Thick blood mist floated in the air.

The thick smell of blood filled the entire place.

The place suddenly became extremely silent, and everyone's eyes showed fear.

The people in the Xuanwu League were even more dumbfounded.

Zhu Ling is really a super genius!

But his potential is only 176 points.

The standard of this secret realm is too high!

At this moment, everyone took a deep breath of air-conditioning.

Obviously, this test was more terrifying than they imagined.

At this moment, the second person's name was displayed on the memorial tablet.

Wu Jiang, a member of the Deep Sea Clan, currently has 100 points.....

As soon as this information came out.

A black-faced man walked out of the Deep Sea Clan.

He walked up to the altar uneasily.

Perhaps Zhu Ling's death scared him.

He stretched out his hand and stayed in the air. He hesitated for three minutes, not daring to put it on.

But at this moment, a line of red information appeared on the stone tablet.

Wu Jiang, a member of the Deep Sea Clan, has not been tested for more than three minutes and will be automatically given up. The score for this test will be 0 points.

The current accumulated points are less than 500 points, erased!

"What?!"

Wu Jiang was horrified.

But before he could react, he was self-destructed. Blood splashed onto the tombstone, but it was completely absorbed.

In the air, only the blood mist remained.

The place became quiet again..

Chapter 256

There was blood mist in the sky.

The breeze blows, and the fishy smell hits your nose.

The place became quiet again.

Everyone was dumbfounded.

Oh My God!

This assessment is too cruel!

Even if the test was a little slow, the result would be cancelled.

Everyone looked horrified.

Many people were trembling.

Even Luo Li, Li Xun and others were frightened, and their faces turned pale.

If they didn't have thousands of points as a base, they wouldn't be any better than others.

At this moment, the name of a third person appeared on the spiritual monument, another member of the Deep Sea Clan.

When the man saw the name, he stepped forward to test in fear without any hesitation.

He learned the lesson of Wu Jiang without hesitation.

What's more, his talent is better than Wu Jiang, and he still has 300 points.

I also bought it from Qin Feng.

Therefore, he believed he could survive.

In just a few dozen seconds, others walked onto the altar.

Press with one hand and the test begins.

Three colors of light flashed.

After a while, the score came out, 39 points!

Damn it~!

Explode!

Obliterate! paralysis!

Why is it only 39 points?

Everyone is confused!

The people of the Deep Sea Clan were even more panicked.

Right from the start, two of them died.

Among the crowd, the corners of Long Shang's mouth were slightly raised, and his eyes were full of gloating.

He had already guessed that this would be the result.

The deep sea clan is the demon clan.

The talent and understanding of the demon race are inherently worse than those of humans, and they have no advantage in the potential assessment, so their results are very poor.

At this time, the name of the fourth person was displayed on the stone tablet.

That person is from the Snow Mountain League.

A moment later, a self-destruction sounded in the field.

Another death.

Everyone is afraid.

Next is the fifth.

Two minutes later, the sound of self-explosion sounded again.

The fifth man also died.

Fear spread quickly among the crowd.

Moments later, the sixth man also died.

Everyone was completely panicked.

Everyone was so scared that their legs were weak.

Some of the timid ones were almost scared to death.

In this way, each name displayed on the memorial tablet means that that person is not far from death.

The spiritual tablet has simply become a reminder of death.

Everyone was afraid and did not dare to go up and test.

But if you don't go up, you will only die faster, and even the last glimmer of hope will be gone.

In the blink of an eye, thirteen people died.

All the members of the Deep Sea Clan died, leaving only Xiao Lun Wang and Li Jiao.

Both of their faces were pale.

It's all so miserable!

But there was nothing they could do.

Among the crowd, Li Jiao kept watching with gloating.

From time to time, he would shake his head slightly.

The human race and demon race on this earth have very poor potential.

No potential value can reach more than 200 points.

The secret realm's erasure system for this assessment is 500 points.

In fact, the implied potential value must reach more than 500 points to be eligible to inherit the Dragon God inheritance.

The Dragon God inheritance is one of the highest inheritances in this Star Alliance.

As long as you obtain the dragon god inheritance of level five or above, the future benefits will be immeasurable.

As for the inheritance of the ninth-level Dragon God, there is no need to think about it.

Dragon Ruins has been around for tens of thousands of years, but there has never been anyone qualified to inherit it.

Having said that, the Earth World was developed not long ago and has not yet been recognized by the Star Alliance. I am afraid that after the disappearance of Dragon Ruins, the Star Alliance will be alarmed.....

Many strange thoughts came to Long Shang's mind.

But at this moment, wailing sounded in the field.

I saw a young man from the Snow Mountain League walking down from the altar while crying loudly.

His legs were still weak and his walking posture was a little strange.

His cry was not of sadness, but of joy.

He was the fourteenth person to go up for the test and the only one to survive.

Just now, his measured potential value was 201 points. Adding in the 300 points he had, he just reached the qualifying line.

Finally someone survived.

There was hope in many people's eyes.

Next, the fifteenth person went up.

Seeing this, Qin Feng calculated that it was almost time.

He calmly took out a dozen Enlightenment Pills and distributed them to Chu Chu, Luo Li and the other five people.

Three pills per person.

Let them take it quickly.

Qin Feng himself also swallowed three.

This enlightenment pill can improve understanding and greatly improve their performance.

Speaking of which, this is also a BUG in the secret realm.

In fact, it's no wonder that the secret realm is there.

There is no such strange thing as the Enlightenment Pill in the outside world.

Not to mention the Earth, not even the Alliance Star Territory. Long Shang has never heard of it. It is unique to the system.

Luo Li and others didn't know what kind of pill Qin Feng gave them.

But they obeyed Qin Fengyan and swallowed it directly.

After a while, several people's eyes lit up and their faces showed joy.

They all clearly felt that their understanding had improved dozens of times and their brains had become extremely active.

This change made the five people excited, and they all looked at Qin Feng gratefully.

This is all happening quietly.

At this moment, everyone was paying attention to the test on the field, but no one noticed them.

In fact, it doesn't matter if you notice it.

Who knows what they ate?

No one believes that there is a pill to improve understanding in this world.

Testing is still ongoing.

Gradually, fewer and fewer people died.

Most of the survivors expressed their gratitude to Qin Feng.

If Qin Feng hadn't sold the point tokens, more people would have died.

Soon, the test came to an end.

After this test, except for the Southern Alliance, which has not yet appeared, other forces have suffered casualties.

Even the faint organization lost five people.

Yu Qilin was heartbroken to see it.

After all, they are from the same organization.

Long Shang didn't care at all.

The dead members of the organization are all Earthlings.

He never regarded those people as his own.

He always thought that people on earth were not worthy of being with him, even those who died were members of the faint organization.

At this moment, Yu Qilin's name was displayed on the spiritual monument.

Yu Qilin took a deep breath and stepped forward slightly nervously.

Finally it was her turn.

Everyone also paid attention.

The only ones that have not been tested yet are jade unicorn and dragon.、 The Little Lun King, and all of the Southern Alliance.

And there are not many people alive.

There were two survivors from the Azure Dragon League, three survivors from the White Tiger League, three survivors from the Snow Mountain League, and two survivors from the Xuanwu League.

Xiao Lun Wang and Li Jiao are the only ones left in the Deep Sea Clan.

Li Jiao's survival was entirely dependent on his points from last time.

His potential value is only 71 points.

The faint organization is left with Long Shang, Yu Qilin, and three other members, a total of five people.

The one with the most survivors is the Southern Alliance.

Including Chu Chu, there were six people in total.

At this time, Jade Qilin had already stepped onto the altar.

Her hand pressed to the memorial tablet.

Everyone couldn't help but hold their breath and wait for the result.

Before this, Xiao Qingfeng had the best score, with a potential value of 419 points.

In fact, before Xiao Qingfeng entered the secret realm, he had always been recognized as the number one genius on earth.

But after entering the secret realm, his light was obscured by Qin Feng, Luo Li, Long Shang, Yu Qilin, and Xiao Lun Wang, just like all living beings.

At this moment, the tombstone trembled and roared with joy.

A line of silver information is displayed.

Jade Qilin, faint organization, potential value in this test: 621 points.

As soon as this information came out, the whole place was in an uproar.

"Wow! 621 points!"

"OMG! This is 200 points higher than Xiao Qingfeng!"

"Tsk tsk!! The potential of this jade unicorn is so powerful!"

Everyone looked at Yu Qilin with admiration on their faces. When

Long Shang saw this scene, he was very proud.

These people on earth are really country bumpkins!

They have never seen geniuses.

When he comes on stage, he must surprise them..At this moment, Yu Qilin walked down the altar.

Long Shang's name lit up on the memorial tablet.

At that moment, he strode forward..

Chapter 257

As soon as Long Shang appeared, the place suddenly became quiet.

Everyone couldn't help but look at him.

Everyone is very curious about Long Shang's achievements.

Yu Qilin already scored 621, will this Dragon Shang be even higher?

Soon, Long Shang walked onto the altar.

He stretched out his right hand and pressed it towards the test monument with a confident expression.

After a moment, the memorial tablet chirped joyfully and emitted a dazzling spiritual light.

A line of dazzling information appeared on the stone tablet.

Long Shang, the faint organization, the potential value of this test: 847 points.

Everyone exclaimed

"OMG! More than 800 points!"

"Tsk! Tsk! This is amazing! I can't even imagine such a high score!"

"yes! He and Yu Qilin are both so powerful! This organization is really strong!"

Everyone looked at Long Shang with admiration, and their eyes were full of envy.

Long Shang walked down the altar proudly, feeling extremely proud.

These earthlings were really shocked by him!

Hehe! The first place in this assessment!

I am It's decided!

Qin Feng! How do you compare with me?

The corners of Long Shang's mouth were raised high, and he glanced at Qin Feng from the corner of his eyes with a hint of provocation.

This time, he must overpower Qin Feng.

This is also his last There was hope for once.

He didn't believe it!

He, a star genius, would lose to an earth native?

The more Long Shang thought about it, the more proud he became. He looked down on earth people from the bottom of his heart.

Although he had been slapped twice in the face, he could never change. Eat shit.

What's more, what he is most proud of is his potential!

He never thinks that he will lose in this area.

Even when facing Qin Feng, he is full of confidence.

At this moment, there was another burst of laughter in the field. There was a commotion.

Xiao Lun Wang walked out of the crowd with an uneasy look.

Everyone looked at him.

Xiao Lun Wang's performance in the secret realm was also very dazzling, and everyone was looking forward to his results.

Long Shang looked on with a sneer.

He was there Waiting to see a joke.

He wanted to see how the Little Lun King would make a fool of himself!

Soon, the Little Lun King walked up to the altar, hesitantly stretched out his hand and pressed it to the memorial tablet.

Three-color auras flashed!

After a moment, the spiritual tablet appeared. The results were obtained.

Xiao Lun Wang, a member of the Deep Sea Clan, had a potential score of 113 points in this test. As soon as the results came out, everyone was a little confused.....

Little Wheel King was also a little dumbfounded, and his old face turned a little red.

He knew that his talent was incomparable to that of humans.

But this result is too bad!

It seems that every human being has higher potential than him!

This is inconsistent with his own performance.

Among the crowd, Long Shang was filled with joy.

Ha ha!! This demon clan still wants to compare its potential with humans. It's a dream!

Especially the demon clan on the earth, which is the lowest demon clan. It can't even compare with the low-level starry sky beast clan, so what potential is there to talk about?

What a joke!

At this moment, everyone was sighing!

Xiao Lun Wang blushed and wanted to step off the altar.

Although his potential value is low, he still has too many points to die.

But just when Little Wheel King raised his foot, a sudden change occurred in the field.

The test monument emitted a roar of joy, which was actually more active than the Dragon Shang test.

The next second, the entire spiritual monument emitted a dazzling white light.

A line of golden information appeared at the top of the spiritual monument.

Little Wheel King, a member of the deep sea clan, has awakened the seventh consciousness, with an additional potential value of 1000 points, and a cumulative potential value of 1130 points.....

"What?!"

"Additional 1000 points!"

"Oh My God! What is that seventh consciousness?!"

The whole place was in a state of shock!

Long Shang was dumbfounded for a moment, and his mouth opened wide.

Yu Qilin also suddenly opened her eyes wide.

She was shocked!

Really shocked!

Awakening the seventh consciousness!

He is a unique genius in any star field.!

I didn't expect that such a unique genius would appear in this backward earth world.

Even she and Long Shang had no chance to awaken.

Thinking of this, Yu Qilin couldn't help but show envy.

Long Shang's lips were trembling, and his body couldn't help but He shook consciously.

He was shocked!

How is this possible!

A small earth can produce a genius who has awakened the seventh consciousness?

He is not willing to accept it! He is not willing to believe it!

How could he be compared to an earthly creature? Go down.

Jealousy flashed in Long Shang's eyes.

Although he had become second place, Xiao Lun Wang did not rely on his true potential.

He was not convinced at all!

"Ha ha!! I actually have more than a thousand points....."

The Little Lun King walked down the altar in the envious eyes of everyone.

He couldn't be happier.

Li Jiao even stepped forward to compliment him, making him feel happy.

Is it possible that I will take first place this time?

The crowd was buzzing.

What exactly is this awakened seventh consciousness? seems very amazing!

Among the crowd, Qin Feng was very excited.

It turns out that there are additional points for awakening the seventh consciousness!

Both he and Chu Chu awakened the seventh consciousness.

In this way, they all have a thousand points.

The results of this assessment will definitely not be bad.

Soon, it was Lu Ming, Li Xun, and Wan Hansheng's turn to test.

With the help of Enlightenment Pill, all three of them reached around 400 points.

This result is very good.

There were constant compliments from the crowd.

Sure enough, the people in the Southern League are all talented people!

One is stronger than the other!

Only Long Shang looked disdainful.

Four hundred points, he still looked down upon it.

Soon, Luo Li's test results came out, with a score of 647!

The whole audience was shocked again!

Everyone was amazed.

Long Shang was also slightly moved.

This earth woman is actually stronger than Yu Qilin.

This was really beyond his expectation!

Fortunately, it's much worse than him, so don't worry.

Yu Qilin was also stunned.

After a moment, she smiled bitterly and shook her head.....

Qin Feng also looked pleased.

He didn't improve Luo Li's talent in vain.

Of course, Luo Li's ability to defeat Yu Qilin was just a trick.

Without the help of Enlightenment Pill, her potential value is only over 500, but it is definitely stronger than Xiao Qingfeng.

At that moment, Luo Li walked down the altar happily.

In this way, the top five in the potential test are currently: Xiao Lun Wang, Long Shang, Luo Li, Yu Qilin, and Xiao Qingfeng.

At this moment, Qin Feng's name lit up on the test monument. finallyIt's your turn!

Qin Feng walked out of the crowd with a smile.

All the eyes of the audience could not help but focus on him...

Chapter 258

Qin Feng walked out of the crowd with a smile.

All the eyes of the audience could not help but focus on him.

"Finally it's Qin Feng's turn!"

"Do you think his potential will exceed Long Shang?"

"It's hard to say! However, even if he surpasses Long Shang, he may not be able to defeat Xiao Lun Wang. Little Wheel King has extra points...."

"Ah! Qin Feng is no ordinary person! Maybe he can surpass Little Wheel King...."

Some people in the crowd admired Qin Feng very much, especially the female elementalists.

Qin Feng's appearance has a fatal attraction for them.

What's more, Qin Feng is already extremely good.

Do they take it for granted that such a perfect young man surpasses Long Shang?

Unknowingly, Qin Feng walked up to the altar.

In the crowd, Little Wheel King swallowed his saliva, a little nervous.

He was worried that Qin Feng would surpass him.

To be honest, he is a little afraid of Qin Feng now.

This guy is mysterious and powerful.

The things he did were more and more amazing.

There seems to be nothing he can't do.

On the other side, Long Shang also watched nervously.

Although he was surpassed by Xiao Lun Wang, he did not feel that he was inferior to Xiao Lun Wang.

On the contrary, he felt that Xiao Lun Wang was just lucky enough to have awakened his seventh consciousness.

What he cares more about is Qin Feng's potential.

That was his last bottom line of pride

"Long Shang, what do you think Qin Feng's potential is? Will he be taller than you?"

Yu Qilin's voice suddenly sounded behind him.

Long Shang frowned: "What? Even you think my potential is not as good as Qin Feng?"

Yu Qilin smiled and said nothing, but her beautiful eyes sparkled, as if she recognized that sentence.

Long Shang sneered: "He is just a native of the earth, and he wants to compare his potential with me, how ridiculous! Just wait and see...unless he also awakens the seventh consciousness. But is the seventh consciousness so easy to awaken? It would be good if one could appear on the earth....."

As soon as he said this, the crowd started to commotion slightly.

"Look! Qin Feng started!"

Everyone looked towards the altar.

Long Shang also looked over nervously.

On the altar, Qin Feng stretched out his palm and pressed it against the monument.

When his palm touched the surface of the monument, the monument trembled. The three-color spiritual light lit up and poured directly into his body.

In just a moment, a sudden change occurred.

The stone tablet shook violently, resounding throughout the square.

This sound was more than ten times stronger than Long Shang and Xiao Lun Wang.

"This is...."

Everyone was shocked. not good!

Long Shang vaguely felt something was wrong.

The next second, the blue aura that poured into Qin Feng's body instantly strengthened a hundred times a thousand times, emitting a boundless aura that shone brightly throughout the world.....

The blue light was extremely bright, faintly revealing a dark gold color.....

"This is... no way!"

Jade Qilin opened her beautiful eyes in great astonishment.

The blue aura measured understanding.

This vision represents Qin Feng's understanding, which has reached the extreme!

Long Shang was dumbfounded, and his eyes were full of disbelief.

"This...how is this possible!"

He shook his head repeatedly, unwilling to admit the facts in front of him.

But at this moment, the yellow spiritual light in Qin Feng's body came out, emitting thousands of meters of spiritual light, extremely bright, and also revealed a dark gold color.....

"Oh My God!"

Yu Qilin exclaimed.

Qin Feng's talent has actually reached its ultimate level, reaching the heaven level!

"how so!"

Long Shang's eyes were red and bloodshot.

At this moment, a red spiritual light came out of Qin Feng's body, soaring into the sky, extremely dazzling.

Another heaven-reaching level!

Impossible!

Long Shang's body shook for a while, and he almost fell down on his head.

His last bit of pride was shattered by the bombardment!

His remaining pride collapsed!

Jade Qilin was also completely dumbfounded.

At this moment, a mutation regenerated in the field.

The three-color spiritual light merged and turned into a dark golden light, bright It penetrated the world and seemed to be unable to trap even the Ten Thousand Dragons Palace.

Qin Feng was like a god, standing there, exuding a dazzling dark golden light.

Those examiners had long been dumbfounded.

Yu Qilin's mouth was a little dry, looking at There was a hint of admiration in Xiang Qin Feng's eyes.

This man is really heart-warming.....

Long Shang has been numb for a long time, and his whole body is like a stone sculpture, without a soul.

In the crowd, Xiao Lun Wang looked confused.

This Qin Feng is too strong!

No matter what you do, you can cause such a big fuss.

At this moment, the golden light converged.

The dragon's roar of extreme joy sounded in the sky above the hall, seeming to cheer for the discovery of a peerless genius.

After a moment, a dark golden message appeared on the top of the spiritual monument, which was extremely dazzling.

Everyone looked at it.

Qin Feng, Southern League, potential value in this test: 9999 points.

Everyone exclaimed.

Qin Feng's potential is more than ten times that of Long Shang!

But before everyone could recover from the shock.

The spiritual monument changed again, and another line of dark golden information appeared.

Qin Feng, Southern Alliance, has awakened the seventh consciousness, with an additional potential value of 1000 points. Oh my god!

Qin Feng also awakened his seventh consciousness!

Little Wheel King swallowed.

He can't compete with this guy at all!

On the other side, Long Shang's heart was completely broken.

This terrifying Qin Feng has even awakened his seventh consciousness.

He has nothing to compare with.

He has lost even his last bit of self-esteem.....

Everyone in the field looked at each other.

Everyone was extremely shocked.

But at this moment, the mutation happened again.

The tombstone vibrated and emitted thousands of feet of golden light, which was even more dazzling than the previous two times.

Then, another line of extremely dazzling information emerged.

Qin Feng, from the Southern Alliance, has exceeded the limit of potential, reaching the Dark Gold Dominator level, with an additional potential value of 10,000 points.

Additional 10,000 points!

Dark gold master level!

What are these?

Everyone's mouths opened wide.

They were so shocked that they were speechless.

The venue became extremely quiet..

Chapter 259

The place became extremely quiet.

At this moment, another message appeared on the spiritual monument.

Qin Feng, Southern League, accumulated points this time: 20999 points... hiss~!

More than 20,000 points!

Everyone took a deep breath of air.

Qin Feng walked off the ring calmly.

This time the first place must be him.

Everyone was still looking at him.

His every move now affects everyone's hearts.

No one noticed that Chu Chu had already stepped onto the altar.

The last one to test was Chu Chu.

But not many people pay attention to her.

What's so noteworthy about a thirteen- or fourteen-year-old girl?

Among the crowd, Long Shang stared at Qin Feng coldly.

Just because his pride was crushed doesn't mean he surrendered.

On the contrary, he resented Qin Feng.

If Qin Feng did not exist, he would be the most dazzling

"Long Shang, are you disappointed?"

Yu Qilin's voice sounded in his ears again.

"Potential does not represent strength. I won't give up until the end...."

Long Shang's voice was dry.

Not only did he not admit defeat, but his heart was filled with murderous intent.

"Hey~! See if you don't give up!", Yu Qilin shook his head and sighed.

Long Shang sneered: "Is it possible that you think he is stronger than me? Don't forget, before the assessment, his strength was less than eight stars. How many days has it been? No matter how fast he improves, he can't catch up with me!"

Long Shang's attitude was very stubborn.

Yu Qilin shook his head: "What you can't do doesn't mean others can't do it either. I only advise you one last time. I won't ask you what to do next, and I won't help you either...."

"By the way, I would like to remind you again. Don't underestimate these earthlings too much."

"you....", Long Shang was angry, "It seems that you were scared by Qin Feng, even the people on earth are scared.""

"snort! That Qin Feng is just an alien on earth. It's good to have one of these aliens, how many more do you expect? Let me tell you, there can't be another person with more potential than me."

But as soon as he finished speaking, a sudden change occurred in the scene.

The spiritual monument vibrated and emitted an extremely dazzling golden light.

"This is...."

Everyone was shocked and turned their heads to look.

I saw Chu Chu testing.

At this moment, her whole body was exuding a golden light.

An astonishing message appeared on the memorial tablet.

Chu Chu, Southern League, potential value in this test: 3127 points.

Long Shang was stunned for a moment.

His throat seemed to be blocked and he was speechless.

This slap in the face was too fast!

Everyone around was shocked

"Tsk tsk!! More than three thousand points!"

"This little girl is so awesome!"

"She seems to be Qin Feng's sister!"

At this moment, a second message appeared on the spiritual monument.

Chu Chu, Southern Alliance, has awakened the seventh consciousness, additional points: 1000 points.

What?!

Another one who awakened the seventh consciousness!

Long Shang's whole body was shaken.

He suddenly felt uncomfortable in his chest and felt extremely depressed.

But at this moment, the third message appeared on the spiritual monument.

Chu Chu, Southern Alliance, has exceeded the limit of potential, reaching the nine-star emperor level, with an additional potential value of 1,000 points.

Poof~!

Long Shang sprayed A mouthful of old blood came out.

This little girl turned out to be an emperor-level talent!

He hated it!

Not only was he ravaged by Qin Feng, but now he was trampled by Chu Chu, how could he swallow this breath?

The people around him were quiet, Everyone looked at Chu Chu in shock. What a nine-star emperor-level talent!

No matter how stupid they are, they still understand.

This extremely cute little loli has the potential to become a nine-star emperor!

In the future, the eighth nine-star among humans The emperor should be this Chu Chu.

Hey~! No!

Everyone suddenly thought of something, turned their heads suddenly, and looked at Qin Feng.

Chu Chu is an emperor-level talent!

But Qin Feng is a more advanced dark gold master level!

Could it be that Said, above the Nine Stars Emperor is the Lord?

At this thought, everyone took a deep breath of cold air, and their eyes when looking at Qin Feng changed.

Even the eyes of the Little Lun King changed.

His eyes were full of awe.

Jiuxing The emperor is already an existence that they dare not expect in this life.

Let alone a higher master than the Nine-Star Emperor.

And the earth has mutated so far, and all the forces are working on their own, but there is no more powerful existence.

After all, the Nine-Star Emperor There is not much difference in strength between them. Even if they defeat each other, it is difficult, let alone kill them.

So they will not obey anyone.

But if a more powerful figure can appear, maybe he can unify the world.

And this figure is very Maybe... everyone couldn't help but look at Qin Feng.

Lu Ming, Li Xun and others also thought of something, and couldn't help but look at each other with excitement in their eyes.

They really followed the right person.

This also made them He admired Qin Feng even more and became more loyal.

At this moment, Chu Chu's total points came out, a total of 4127 points.

The sound of the secret realm sounded over the square

"This assessment is over and ranking rewards will be distributed later!"

As soon as he finished speaking, the ranking of this assessment appeared on the memorial tablet.

Qin Feng, Southern League, 20999 points, (ranked first)

Chu Chu, Southern League, 5127 points, (ranked second)

Xiaolun Wang, The Deep Sea Clan, with 1,130 points, (ranked third)

Long Shang, Hun Organization, with 847 points, (ranked fourth)

Luo Li, Southern Alliance, with 647 points, (ranked fifth)

, everyone was in awe after reading the rankings.

Three of the top five were from the Southern Alliance.

Especially Qin Feng and Chu Chu, they were far ahead of the others.

Soon, the rewards were also distributed. What

Qin Feng obtained was twenty pieces of True Dragon's Blood, Dragon Bone Pill, and Dragon Marrow Liquid each. Chu

Chu has eight each, Xiao Lun Wang has four each, Long Shang has two each, and Luo Li has one each.

The reward is the same as last time.

After receiving the reward, Chu Chu and Luo Li took the initiative to hand it over to Qin Feng.

Qin Feng only left the dragon marrow liquid, and gave the rest to Chu Chu.

The little girl was overjoyed.

Her dragon power was only level two, and after refining those resources, she should have a big breakthrough.

According to Qin Feng, as long as she can obtain level five or above The inheritance of the Dragon God can dominate the star field.

Qin Feng naturally hopes that Chu Chu can reach the fifth level of dragon power.

But just as Qin Feng finished the distribution, the aura of the secret realm came again and enveloped the entire audience.

The ethereal voice also sounded again

"Three days later, the fourth assessment will begin!"

"After the fourth round, the assessors are allowed to fight each other!"

As soon as these words were said, the whole audience panicked.

The protection of the secret realm was finally coming to an end.

The bloody killing was coming..

Chapter 260

Everyone looked at Qin Feng involuntarily.

Qin Feng ranked first in three consecutive games and was still far ahead.

Especially in the second level, he passed the fifth passage easily.

Everyone thinks that Qin Feng should be the strongest person in the secret realm.

Although many people have never seen him take action, this intuition is not wrong.

At the moment, everyone looked at Qin Feng in awe, feeling a little scared in their hearts.

Even Xiao Lun Wang looked at Qin Feng with a complicated expression, feeling a little uneasy

"Let's go!"

Qin Feng said softly.

The Southern Alliance members retreated.

Others slowly dispersed.

Only Long Shang looked at Qin Feng's back thoughtfully.

After a moment, a sneer appeared at the corner of his mouth.

It seemed that he It's time to take out the final trump card given by the Emperor of God and the Emperor of Hades.....

A quarter of an hour later, in a secret training room.

Qin Feng sat on the sofa comfortably.

Twenty-nine drops of dragon marrow liquid were suspended in front of him.

Now, his dragon quality transformation and dragon bone transformation are both 100%, only the dragon marrow transformation is missing.

Qin Feng opened his mouth and sucked in all the twenty-nine drops of dragon marrow liquid.

"Ding! Successfully swallowed dragon marrow liquid...Dragon marrow transformation increased to 98%....Combat power increased by 6 million points...."

"Still a little short of it!"

Qin Feng still has some unfinished ideas.

If two more drops of dragon marrow liquid are given, he can be 100% transformed into dragon marrow.

What a pity!

It seems that he has to wait until the next assessment before he has any hope.

But at this moment, footsteps sounded outside the secret room. Voice

"Lord Qin, King Xiaolun (Li Jiao) wants to see you!"

Hey!

Why did these two people suddenly come to find me?

Qin Feng was a little surprised,

"come in!"

The stone door rose automatically and light came in.

Then, a young man in white walked in with a smile.

Behind him was a strong man with a dragon horn on his head.

"Little Wheel King has met Lord Qin Feng!"

Xiao Lun Wang smiled and saluted Qin Feng. He no longer had the arrogance in the past, but was very respectful.

Li Jiao stood behind him, looking at Qin Feng with some anxiety, as if he was a little afraid.

"What do you want from me?"

Qin Feng picked up the tea cup in front of him and tasted it by himself.

"That... Mr. Qin Feng, we had a little misunderstanding before. I came here this time to express my apology to you and to clear up the past grudges!"

Little Lun King explained with a smile, his expression slightly uncomfortable.

Qin Feng took a leisurely sip of fragrant tea and showed a half-smiling expression.

He neither let Little Lun King leave nor let Little Lun King sit down.

This lukewarm attitude made Xiao Lun Wang a little uneasy.

"Lord Qin Feng, I come here with sincerity this time....."

Xiao Lun Wang took out four dragon bone pills, four drops of true dragon blood, and four drops of dragon marrow liquid from the storage ring.

These items automatically suspended in the air and floated in front of Qin Feng.

Xiao Lun Wang actually took out all the rewards this time.

These are all things that can enhance dragon power.

Especially the dragon marrow liquid is what Qin Feng lacks.

Qin Feng still lowered his head and drank tea, seemingly unmoved.

Little Wheel King was embarrassed.

He hesitated for a moment, then with a thought, his body automatically collapsed and turned into the size of countless molecules.

After a while, a group of red, a group of white, and a group of silver things were separated from countless molecules.

Later, Xiao Lun Wang returned to his human form.

The red substance condensed into a drop of true dragon's blood, the white substance condensed into a dragon bone pill, and the silver substance condensed into a drop of dragon marrow liquid.

This is the reward that Xiao Lun Wang received in the first test, and it has been refined by him long ago.

Now he is separated from him alive

"Good idea!",

Qin Feng smiled slightly and praised

"Mr. Qin Feng has given you the award!"

The Little Lun King waved his hand, and the dragon blood, dragon bone pills, and dragon marrow liquid all flew in front of Qin Feng.

In this way, Qin Feng had five dragon bone pills, five drops of true dragon blood, and five drops of dragon spirit in front of him. marrow fluid

"Lord Qin Feng, all the rewards I got in the secret realm are here.....", Xiao Lun Wang said politely

"Say it! What's the matter?", Qin Feng slowly put down the teacup in his hand

"It's very simple! I am willing to give up the inheritance battle and give these rewards to you. I just ask you to help me protect one person!"

"who?"

"Lijiao!"

"You are smart! I refuse!", Qin Feng continued to taste tea.

Xiao Lun Wang and Li Jiao were surprised.

This answer surprised them

"Lord Qin Feng, I have expressed enough sincerity. Why do you still say no?", Xiao Lun Wang looked puzzled.

Qin Feng smiled coldly: "Even if you don't deliver them, these things will belong to me sooner or later... You've made a good plan!"

"Uh...", Xiao Lun Wang was a little embarrassed.

This Qin Feng was so shrewd that he saw through his little thoughts at once. It turned out that Xiao Lun Wang saw that there was no hope of obtaining the inheritance, and those dragon blood items would eventually be deprived of him.

He might as well be a favor and hand it over to Qin Feng.

Then use the favor to save Li Jiao's life.

Otherwise, after the last test is over, they are allowed to fight each other.

If Long Shang wants to kill Li Jiao, he will definitely not be able to save it.

Qin Feng wants to kill Li. He can't save Jiao.

In this case, he might as well come to Qin Feng first.

With Qin Feng as his backer, Qin Feng will not hurt Li Jiao. If

Long Shang wants to hurt Li Jiao, he has to go through Qin Feng first.

In In his opinion, Qin Feng is much stronger than Long Shang.

Therefore, the best choice is to surrender to Qin Feng in advance.

This is Xiao Lun Wang's little plan.

But Qin Feng has seen through all this.

"Lord Qin Feng, wouldn't it be beneficial to you to send these in advance so that you can improve your strength first? Isn't this a favor?Is this favor not enough to save Li Jiao's life?"

Little Lun Wang is still not reconciled.

"This favor can only save your life, not Lijiao's.....", Qin Feng said lukewarmly.

Xiao Lun Wang smiled:"I don't need protection! I can't die. I just ask Master Qin Feng to save Li Jiao's life."....."

"oh? You really can't die?!"Qin Feng looked at him with a half-smile.

Xiao Lun Wang said proudly:"Maybe my strength is not strong! But there are very few people in this world who can kill me...."

"Yeah? What do you think this is?"

Qin Feng's eyes flashed.

The invisible power of consciousness instantly condensed into a silver light needle, which shot out from Qin Feng's eyes and flew to the center of Xiao Lun King's eyebrows, hovering motionless.

Xiao Lun Wang looked at the silver needle in front of him in horror. Cold sweat broke out on his forehead. He stood there without daring to move.

Phew~!

The silver needle of divine consciousness was instantly retracted by Qin Feng.

King Xiaolun was secretly relieved.

He had already been frightened. He broke out in a cold sweat.

Then, he looked at Qin Feng with great fear and swallowed his saliva.

"Lord Qin Feng, I underestimated you! This favor is indeed not enough!"

Xiaolun King smiled bitterly.

Qin Feng smiled and said nothing.

It turns out that Xiaolun's immortality is only the immortality of the body, not the immortality of the soul.

The Eight-Star Dzogchen's spiritual attack is specifically aimed at the soul, and can easily destroy Xiaolun. The Lun King's immortality technique.

Therefore, as soon as Qin Feng showed the divine attack method, he completely shocked the Lun King. The reason why Qin Feng knew this method was that the moment the Lun King entered the door, he used his memory to read spied on

"Lord Qin Feng, what do you think I should do to save my life?"

At this moment, Xiao Lun Wang's tone became extremely respectful.

He was completely impressed by Qin Feng

"Want to save your life! Sign a sacred contract with me!"

"no problem! I sign!"

Little Lun Wang agreed very readily.

"Uh...you're quite happy! Why?"

This time, Qin Feng was a little surprised.

Xiao Lun Wang smiled and said:"It's very simple. If someone can unify all the forces on the earth in the future. That person must be you! Your talent is beyond the nine-star dominance level"

"If I had some doubts before, the spiritual attack you just performed makes me convinced that you can do it!"

"Sooner or later the earth will be unified by you, and I will still be your subordinate in the future. In this case, I might as well become your subordinate now....."

"interesting! You are a smart man!", Qin Feng laughed.

This Little Lun King is indeed very interesting.

He even appreciates it.

Speaking of it, he is indeed an extremely rare talent.

Qin Feng has peeked into Long Shang's memory, and he knows more than others.

The earth in the future still needs to be unified and united.

Otherwise, the earth will not be able to deal with the powerful forces outside.

For example, the Coma Organization is a secretly infiltrating force.

It is the enemy of the earth.

"So, are you willing to sign the contract?"

"certainly!"

"Where's Li Jiao?"

"The subordinates are also willing to pursue Master Qin Feng!", this guy is also very smart

"good!"

Qin Feng stepped forward and began to sign a sacred contract with the two people.

He sketched it casually, and two sacred golden runes appeared in the air, flying towards their eyebrows.

After a while, the contract was established.

There was so much in their hearts. He felt a strange feeling, and his respect for Qin Feng became stronger.

A moment later, Xiao Lun Wang and Li Jiao left happily.

They also let go of the biggest stone in their hearts.

Inside the room Qin Feng is also in a good mood.

King Xiaolun is the cornerstone of the future of the Deep Sea Clan.

Conquering this person will be of great help to him in unifying global forces in the future.

The enemies of the earth should not be inside, but outside the star field.

Next Seconds later, his eyes turned to the front.

There were a few dragon marrow liquid suspended there, which was exactly what he needed..
