

God level 2511

Chapter 2511

Teng Xiaoshan was also surprised and asked in confusion: "Yan Hai, what do you mean by this? Is there anything wrong with Tian Qi being a hidden spirit?"

"Senior Teng, it's not inappropriate, but it can't be just based on the hidden spirit body?"

"oh? how do I say this?"

At that moment, Qing Yanhai began to explain.

The disciples around him also pricked up their ears and listened carefully.

Only Qing Yanhai explained: "Senior Teng, when a warrior reaches the fourth level, he can give birth to the spirit of his destiny.. Such as the natal spiritual fire of fire warriors, the natal spiritual light of gold warriors, and the natal spiritual plant of wood warriors."

"It's just that the natal spiritual plants of wood warriors are somewhat different from those of the other four systems. For example, the natal spirits of the three elements of gold, water, and fire are mainly used to increase attack power. The earth element is both offensive and defensive. The natal spiritual plants of the wood element have various functions, including healing, attacking, trapping enemies, and illusion. There are paralysis, toxicity, etc. The rarest of these effects is to assist cultivation."

"There are actually people who assist in training. And such good things!"

Teng Xiaoshan couldn't help but feel slightly moved.

"yes! The role of auxiliary cultivation is excellent, but it is also extremely rare. Legend has it that there is only one natal spiritual plant that can have such special effects, and that is the Wood Spirit Tree. Tianqi's natal spiritual plant is the wood spirit tree. If you don't believe it, look! The wood spirit tree is helping Tianqi absorb spiritual energy."

When they heard this, everyone's hearts moved, and they all looked up. They saw that the spiritual plants in the air were indeed helping Qingtian Qi absorb Mu Yuan Qi. At that moment, everyone was slightly moved, secretly thinking that this was indeed the case.

Qing Yanhai continued to explain: "Currently, Tianqi's Wood Spirit Tree is still a low-grade spiritual plant, and it only has the function of assisting in absorbing vitality. This effect doubles the recovery speed of Tianqi Mu's vitality."

"He only needs half the time of others to completely restore Mu Yuan Qi. Moreover, the speed of absorbing vitality is accelerated, which will more or less increase Tianqi's cultivation speed."

"Of course, this is not the most attractive thing about the Wood Spirit Tree. When Tian Qi reached the sixth level of cultivation, his Wood Spirit Tree naturally advanced to a middle-grade spiritual plant, and at this time it could produce its second effect. This second effect is the most coveted. Because this second function is to help the master refine his vitality"

"What? Help the master refine his vitality?"

Teng Xiaoshan opened his mouth in surprise.

After a moment, he said excitedly: "Helping the master refine his vitality, doesn't that mean his qualifications have been improved again? So, when Tian Qi reaches the sixth level, his qualifications will be improved again? Qing

Yanhai also nodded excitedly and said: "Senior Teng is right. When Tianqi reaches the sixth level of cultivation, with the help of the Wood Spirit Tree, Tianqi's qualifications will be at least comparable to those of the pseudo-spirit body, and even better than those of the pseudo-spirit body." The pseudo-spiritual body qualifications are slightly better than half a dozen"

"That's it!! Ha ha!! That's great! In this way, Tianqi's future potential is slightly better than that of the pseudo-spiritual disciples!"

Teng Xiaoshan was overjoyed immediately and couldn't help laughing.

If the situation is really as what Qing Yanhai said, then Qingtian Qi will definitely be able to become an eighth-level warrior in the future. Even becoming an eighth-level Dzogchen warrior will

not be too difficult, even There is still more than a 10% chance of advancing to the ninth level warrior.

This is what Teng Xiaoshan hopes for.

Now, he is very satisfied with Qingtian Qi.

When the children of the three tribes around him heard this conversation, they immediately sighed. There was an uproar, and there was a lot of discussion at the moment.

"Oh my God!! That Qingtian Qi is not only a hidden spirit body, but his wood spirit tree can also assist in cultivation."

"yes! This is really amazing! When this kid reaches the sixth level, with the help of the Wood Spirit Tree to refine his vitality, his qualifications will be improved again, even stronger than the pseudo-spirit body! In this way, this kid's future potential is half as good as his pseudo-spiritual qualifications.".

Chapter 2512

"Why! It's so jealous, why am I not a wood warrior? How great it would be if we could also give birth to such a natal spiritual plant!"

"snort! Don't dream, even if you are a wood warrior, you may not be able to give birth to such a rare natal spiritual creature. You see so many wood warriors, how many of them can give birth to the wood spirit tree?"

"yes! This is also the first time I have heard of the existence of such a natal spiritual plant. It is really rare."

"Unexpected! Unexpected! The potential of Qing Tianqi is so amazing, even more potential than the qualifications of a pseudo-spiritual body. It seems that the Qing family is really rich in talents!"

"This time the Qing family has achieved great success. Not only did they produce Qing Tianqi, who has more potential than the pseudo-spirit body, but they also produced two hidden spirit bodies. The Feng family cannot compare with them. The gap between them is not small."

"That's right! It seems that the Qing family deserves to be the leader of our five clans!"

At the moment, the children of the Feng family and the Teng family looked at the children of the Qing family in different ways, and even more so when they looked at Qingtianqi in the sky. The children of the

Qing family were even more excited and excited.

Some young children He cheered loudly and excitedly

"Ha ha!! Tianqi is so awesome, we were so surprised! I didn't expect his potential to be so amazing"

"yes! This time Tianqi has greatly saved our Qing family's face. I think he is the first among our three generations of children!"

As soon as these words came out, Qingtian Jun, who had a gloomy look on his face not far away, shook slightly, his heart felt an inexplicable pain, and he almost vomited blood in depression.

This time, he was really deeply hit, and his mood Extremely bad

"How can it be? How can this be? It doesn't matter that that annoying Qing Tianqi has the qualification of a hidden spirit body. Why did he give birth to such a rare wood spirit tree? How abominable! It's so hateful!"

Why is it not me who gave birth to the Wood Spirit Tree, but that annoying guy? What qualifications does he have to get such a good opportunity? I am not willing to accept it! I really am not willing to accept it! This is the first person in the third generation of the Qing family. Do we have to give up our position to that annoying guy Qing Tianqi like this? No! This is absolutely not allowed!"

Qingtian Jun thought unwillingly in his heart. He has always considered himself to be the proud man of heaven, but today he has been hit one after another. This It was hard for him to accept it for a moment, and he was so confused that he wanted to vomit blood.

At the same time, he also had inexplicable resentment towards Qingtian Qi.

Qing Tianqi in the sky didn't know anything about what was happening around him.

At this moment, he was closing his eyes, absorbing the Mu Yuan Qi, and excitedly feeling the joy of giving birth to his natal plant spirit.

After a while, Qing Tianqi slowly opened his eyes and slowly fell from the sky. His baptism ceremony was finally over.

"Ha ha!! Unexpectedly, my Mu Yuanqi cultivation level has broken through to the fourth level in one fell swoop. This time, my strength has greatly increased!"

Thinking of this, Qing Tianqi's face was full of ecstasy.

This time, his cultivation level has broken through, and his combat effectiveness has greatly increased again. It is roughly estimated that the combined combat effectiveness before transformation can reach 4,300 people. After transformation, It can reach the strength of 5,300 people.

Such combat power can be said to be extremely terrifying, reaching half of that of a fifth-level warrior.

You must know that Qingtian Qi is only a fourth-level warrior now.

A fourth-level warrior can reach such a level , It's really shocking.

Of course, everyone still doesn't know Qingtian Qi's true strength.

But it is said that Qingtian Qi was in a happy mood and walked out of the Hualong Pond with a smile.

As for his talent, he vaguely knew that it was the hidden spirit body qualification.

He is quite satisfied with the result.

As a five-element warrior, the highest talent that his wood element can achieve is the wood pseudo-spirit body. It is impossible for him to become a wood spirit body.

Because the wood spirit body can only Being able to absorb wood energy, only wood energy can exist in the body, and other types of energy cannot exist. If other energy exists in the body, it is absolutely impossible to become a wood spirit body.

As the saying goes, what is lost is harvested in the east, there is no absolute perfection in this world things.

Therefore, Qingtian Qi is quite satisfied with being able to become a hidden spirit body second only to the pseudo-spirit body..

Chapter 2513

Of course, Qing Tianqi still doesn't know the efficacy of his natal spiritual plant, so he thinks this way.

However, Qingtian Qi soon realized that something was wrong.

Because he saw the children of the three tribes around him looking at him eagerly, but those eyes seemed like they were looking at a rare treasure.

Qing Tianqi suddenly felt a little uncomfortable when everyone saw him

"Huh! what happened? Why do everyone look at me like that?"

Just when Qing Tianqi was shocked and doubtful, Qing Xuanlin walked forward with a smile.

"Tianqi! I didn't expect you to bring such a big surprise to grandpa. This time you have saved our Qing family's face again! You did a great job, kid!"

Qing Xuanlin patted Qing Tian Qi's shoulder excitedly, his face full of joy.

Qing Tian Qi was a little puzzled, and immediately said:"Grandpa! Your grandson only has the qualifications of a hidden spirit body and is not worthy of your praise!"

"Ha ha!! My child, you probably don't know that your future potential is half as high as your pseudo-spiritual qualifications!"

Immediately, Qingxuanlin told Qingtian Qi about the Wood Spirit Tree.

After hearing this, Qingtian Qi was naturally surprised. He also did not expect that there was a chance for him to improve his qualifications.

This made Qingtian Qi secretly feel so excited

"That's great! I didn't expect that the wood spirit tree could help me refine my vitality, but it's a pity that I have to practice it after reaching the sixth level. It seems that I still have to work hard to cultivate my Mu Yuan Qi to the sixth level as soon as possible. By then, my talent will surpass that of the pseudo-spiritual body by half, and it is very possible for me to reach the ninth level in the future!"

The more Qing Tianqi thought about it, the more excited he became, and he was overjoyed.

Suddenly, he thought of another question and asked

"Grandpa, the wood spirit tree will have the effect of refining vitality when it is advanced into a mid-grade spiritual plant. When it is advanced into a high-grade spiritual plant. What new effects will appear?"

Hearing this, Qing Xuanlin shook his head slightly and said

"I don't know about this grandpa. It is said to be another very miraculous effect, but it does not help improve your qualifications. As for what new effects appear, you can only explore it yourself after you reach the eighth level."

"Oh, my grandson knows!"

"Okay, kid! It is extremely rare for you to achieve such an achievement, and it is already the pride of our Qing family!"

"yes! Tianqi really did a good job!"

At this time, Qing Yanhai and others also came forward and praised Qing Tian Qi sincerely.

Qing Tian Qi was a little embarrassed.

Then, several people chatted for a few more words.

Qing Xuanlin turned around and faced the crowd. The crowd cleared their throats and announced

"Everyone! Welcome to my Qing family to watch the ceremony this time. I would especially like to thank senior Teng Xiaoshan for coming to watch. This dragon baptism ceremony for our Qing family has come to a successful conclusion. Next, I want to announce...."

Just when Qing Xuanlin was about to announce something else, Qing Tianqi on the side moved his eyes and let out a cry of surprise.

It turns out that just now, Qing Tianqi saw a flash of white light not far away from the corner of his eye, and a white shadow shot towards the Hualong Pond.

"Huh! It's Qiuqiu! What does that little guy want to do?"

Qingtian Qi looked back in surprise.

The white shadow was indeed Qiuqiu.

He saw Qiuqiu rushing towards the Hualong Pond with excitement on his face, straight towards the Qing Longzhu.

As soon as he evolved into the Dragon Pond,

Qiuqiu flew into the wind. Up, in a blink of an eye, he transformed into a dragon head and a lion body, with wings on his back and a third eye on his forehead. As soon as the transformation was completed, Qiuqiu let out a long roar.

This roar immediately stunned the whole audience. Everyone was shocked when they saw a strange-looking ferocious beast suddenly appearing in the Hualong Pond.

Immediately, a loud shout came from the crowd.

"Where did that evil beast come from? He actually wants to destroy our Qing family's Hualong Pond! court death!"

As soon as he said these words, an old man with a cold face and gray hair flashed out and stood in front of Qiuqiu. He waved his palm knife and was about to attack Qiuqiu.

This old man was none other than a member of the Qing family. Great Elder, Qingtianjun's biological grandfather..

Chapter 2514

Seeing this, Qing Tianqi was very anxious and hurriedly exclaimed:

"Elder! Please show mercy! That's my pet!"

Hearing this, the great elder was slightly startled. When he saw that it was Qingtian Qi who was speaking, a complicated look flashed across his eyes.

This time, his grandson Qingtianjun failed to become a pseudo-spiritual body, and he felt confident in his heart Somewhat disappointed.

But when Qingtian Qi showed his amazing potential in front of everyone, he knew that Qingtianjun's position as the number one person in the third generation would not be guaranteed.

He had always had high hopes for Qingtianjun.

In his eyes, his grandson Qingtian You are the best.

Because Qingtianjun is not only extremely talented, he also behaves like a general, and he is also very prestigious among the juniors.

Therefore, deep in the heart of the elder, he also has his own little abacus.

This little abacus is to wait for A few years later, his grandson Qingtianjun grew up and would eventually become the next head of the Qing family.

He believed that Qingtianjun had this potential.

But he didn't expect that Qingtianqi would appear halfway, which naturally made him feel small. The plan failed.

And his attitude towards Qingtian Qi also became a little complicated, and of course he couldn't say he had any good impressions.

At that moment, the great elder's face darkened, and he said lukewarmly

"Tianqi, it turns out this evil beast is your pet! Why don't you take care of your pets? If you let it wander around, don't blame me for ruthlessly killing this beast. When the time comes, don't blame me for not reminding you."

Hearing the great elder calling Qiuqiu to the left and the beast to the right,

Qingtian Qi suddenly felt a little angry.

Qiuqiu has a very important position in his heart, just like his relatives, so he naturally He couldn't accept others insulting Qiuqiu in front of him.

However, Qingtianqi did not show his dissatisfaction, but shouted anxiously to Qiuqiu

"Qiuqiu, stop! What do you want to do?"

Hearing Qing Tianqi's words, Qiuqiu's body shook slightly and stopped.

He looked back at Qin Chuan, then at Qing Longzhu not far away, with a struggling look in his eyes.

Finally, Qiuqiu He roared to the sky, ignored Qin Chuan's shouts, and rushed towards the Qinglongzhu again. It seemed that the Qinglongzhu had a fatal attraction for it.

When the elder saw that Qiuqiu did not listen to Qingtian Qi's dissuasion, he continued to rush towards the Qinglongzhu.

Anger suddenly flashed across his face, and he shouted:"Beast! court death!"

At the same time, he had already made a palm like the wind, with fierce murderous intent, and slapped Qiuqiu's Tianling Cap directly with one palm. This time he really wanted to kill.

Seeing this, the blue sky was horrified.

That big man The elder is a seventh-level Dzogchen warrior. With one strike from him, Qiuqiu will definitely die.

Thinking of this, Qingtian Qi immediately exclaimed:"Great elder, please be merciful!"

The great elder didn't listen at all, and sneered with a gloomy old face.

"What's the use of keeping these evil beasts if they don't listen to their master's words? Just let me kill it for you!"

At the same time as he spoke, the great elder slapped Qiuqiu with his palm without hesitation. Qin Chuan was suddenly anxious and angry. What he was anxious about was that Qiuqiu was about to be killed by a life-long palm in front of him.

He was angry Unfortunately, the Great Elder actually bullied Xiao Liwei and killed his pet at will.

Seeing that Qiuqiu was about to die.

Even Qingxuan Lin not far away had no time to stop him. But at the critical moment, a message came from not far away. Give me a cold snort

"stop!"

As soon as this cold snort came out, the whole place was instantly enveloped by an icy aura, and everyone felt an inexplicable shiver in their hearts.

Qiuqiu and the great elder in the center of the field were instantly frozen by the icy aura..

One person and one beast are stuck there, unable to move at all.

"snort!"

With another cold snort, Teng Xiaoshan walked out of the crowd.

The 'stop' he said before was what he said. It was also at this moment that everyone finally understood what the strength of the ninth level was.

The children of the three tribes couldn't help but Showing extreme awe towards Teng Xiaoshan..

I! God level elemental

Chapter 2515

At this time, Teng Xiaoshan waved his hand casually.

The elders and Qiuqiu in the field immediately regained their physical mobility.

Everyone and the beast looked at Teng Xiaoshan in horror, standing still and not daring to move.

At this time, Teng Xiaoshan glanced at the great elder indifferently and said coldly

"Get down!"

The great elder did not dare to disobey him in the slightest, and was so frightened that he hurriedly retreated.

Seeing the great elder retreat, Teng Xiaoshan turned to look at Qiuqiu.

As for Qiuqiu, Teng Xiaoshan had seen it before, but he had seen it before. Just didn't care

"This little guy is a little unusual today. What does it want to do? This is an extremely rare ancient beast! There must be some reason for its abnormality."

Thinking of this, Teng Xiaoshan said to Qingxuanlin

"Don't stop it, I want to see what it wants to do!"

"yes! Senior Teng!"

Qingtian Qi on the side was slightly surprised, and he didn't stop him.

In fact, he also wanted to know what happened to Qiuqiu.

At this time, Teng Xiaoshan faced Qiuqiu.

"Little one, you can do whatever you want? I won't stop you."

Hearing this, Qiuqiu's eyes actually showed joy.

It was very spiritual and could understand human speech, so it naturally understood what Teng Xiaoshan meant.

Qiuqiu glanced at Qingtian Qi again, but it didn't even notice Qingtian Qi. It means to stop.

At that moment, Qiuqiu roared excitedly, and then strode to the underground of the Qinglongzhu under the gaze of everyone.

Everyone was suddenly curious about what Qiuqiu wanted to do next.

But Qiuqiu groaned again, and then It raised its head and sprayed a cloud of blood mist towards the green dragon ball.

It bit the tip of its tongue and sprayed blood mist towards the green dragon ball.

Seeing this, everyone was very surprised and secretly said

"What is this vicious beast doing? Could it be that the children of the Xueqing family were also undergoing baptism, right? Isn't this a bit ridiculous?"

Not only others thought this way, but even Qingtian Qi also came up with this idea.

But just when everyone thought Qiuqiu's behavior was very ridiculous, something strange happened again in the field.

In the field, the Qinglongzhu was shrouded in blood mist, There was no reaction at first.

However, not long after, the Qinglong Pearl began to vibrate slightly, and then vibrated violently. The magnitude of the vibration was much more violent than when the Qing family's children were baptized.

The people watching were suddenly shocked. They were shocked.

Some sharp-eyed disciples even discovered that the color of the blood mist had become lighter.

It turned out that the Green Dragon Pearl only absorbed certain things in the blood mist and then stopped absorbing it, so the color of the blood mist became lighter. As soon as the Qinglong Pearl was absorbed, it immediately emitted a bright green light.

Qiuqiu roared excitedly.

Then, the Qinglong Pearl shot out a red light and poured it directly into Qiuqiu's heavenly spirit.

Not long after, everyone was surprised. Under their eyes, a blood dragon actually flew out from the top of Qiuqiu's head, circling and roaring in the air.

However, people soon discovered that the blood dragon was a little weird.

Because the blood dragon was only the size of a palm, and it was a nine-clawed blood dragon..The blood dragons activated by the Qing family's children are all several meters long, and some are even more than ten meters long. They are very huge in size. More importantly, the blood dragons activated by the Qing family's children all have four claws.

In other words, the blood dragons activated by Qiuqiu are not only different in size, but also in appearance.

However, although the nine-clawed blood dragon is only as big as a palm, its momentum is extremely unusual, and its roar is earth-shattering and faint. There is dragon power emanating from it, which makes people dare not despise it.

"Huh! What exactly is going on?"

"I do not know! This beast is so weird!"

Just when everyone was surprised, the nine-clawed blood dragon in the air returned to Qiuqiu's body again.

As soon as the nine-clawed blood dragon returned to Qiuqiu's body, Qiuqiu's whole body suddenly shook, and his body began to float into the air. Then another change occurred.

I saw the bones of Qiuqiu making a "creak! creak!" sound.

The huge body began to grow slowly, the dragon horns on the top of the head stretched longer and longer, and the long, shiny white hair began to fade away. , began to slowly grow dragon scales.

At the same time, Qiuqiu's momentum also began to increase sharply.

Seeing this, someone in the crowd suddenly exclaimed

"I get it, this is evolution! This ferocious beast is actually evolving!"

"Oh my God! It's really evolving. This is an extremely rare phenomenon for ferocious beasts! Why did this ferocious beast evolve?"..

Chapter 2516

In the crowd, Qing Tianqi was also greatly surprised when he heard these conversations.

On the court, the ball's changes continued, and its momentum also increased rapidly.

However, Qingtian Qi soon discovered an anomaly.

That is, Qiuqiu had cultivated to the peak of the fourth level of Dzogchen a long time ago, but then he was unable to break through to the fifth level and stayed at that bottleneck.

But now, Qiuqiu's cultivation realm is still at the peak of the fourth level of Dzogchen, but its strength and momentum are increasing steadily.

Seeing this, Qingtian Qi was secretly horrified and thought

"It seems that Qiuqiu is really evolving. Therefore, Qiuqiu's level is not rising, but his strength is. That's because it's now a step above what it used to be."

Of course, Qingtian Qi knows that the reason why Qiuqiu's strength has increased is because in order to break through the fifth-level bottleneck, Qiuqiu has stored a lot of metal energy for a long time, but it was completely released at this moment.

Time has passed. After a cup of tea, Qiuqiu's fur all over his body faded away and was replaced with golden dragon scales. Only the wings on his back were still white feathers. As soon as Qiuqiu's dragon scales were replaced, his momentum reached vertex

"What a strong momentum!"

Many people had looks of horror on their faces.

Even Qing Xuanlin and others also looked surprised.

At this time, Teng Xiaoshan's sigh sounded again from the crowd.

"This ferocious beast is truly worthy of being an ancient alien species! Judging from his realm, he is only at the peak of the fourth level of Dzogchen, but judging from his momentum, he may have the strength of five thousand people."

As soon as these words came out, the whole audience was in an uproar, and everyone looked at Qiuqiu in disbelief.

"Oh my God! The fourth-level Dzogchen peak can reach the fifth-level combat power. This ferocious beast is too powerful, far superior to the same level of ferocious beasts! This is simply unimaginable!"

"yes! Are all ancient ferocious beasts so powerful?"

"The ancient ferocious beasts of the same level are stronger than the current ferocious beasts. This is an indisputable fact! But it can't be that much stronger, right?"

While everyone was arguing, something happened in the air again.

After the ball in the air changed its scales, it roared excitedly to the sky, and a white light burst out from its body. Nine clear white haloes flashed continuously around the white light. It's just that The nine white haloes were mixed with a trace of colorful colors. They flashed in the air and disappeared in the blink of an eye.

Seeing the nine white haloes flashing, everyone was in an uproar and their eyes widened in shock.

The sky was clear. A look of surprise flashed in his eyes.

He knew in his heart what the nine white halos meant.

He still clearly remembered that when he first encountered Qiuqiu's egg, there were only eight white halos around the egg. Now it has become Jiudao.

This shows that Qiuqiu has really evolved.

"Great, it's a nine-path gold beast ring, which means that this beast is actually an eighth-level Dzogchen gold beast, but it hasn't reached maturity yet, so its cultivation level is really low."

"Unexpectedly, our Qing family is so lucky that we have an eighth-level Dzogchen beast. That is equivalent to having an eighth-level Dzogchen warrior!"

Qing Xuanlin on the side clenched his fists excitedly.

Immediately, he patted Qing Tianqi's shoulder again and said excitedly

"Tianqi! You are truly the lucky star of my Qing family. Not only do you have extraordinary potential, but your pets are also extremely capable. It is not only an extremely rare eighth-order Dzogchen ferocious beast, but also a powerful ancient alien species! I think your pet is much more valuable than a pseudo-spiritual child."..

Chapter 2517

Qing Tianqi smiled slightly and didn't say much. He was also extremely surprised in his heart.

Qiuqiu has successfully evolved and his strength has greatly increased again, which also means that his strength has also greatly increased.

"The eight animal rings represent the eighth-order evil beast, and the nine animal rings represent the eighth-order Dzogchen evil beast. Qiuqiu's mature cultivation level has been upgraded from the eighth level to the eighth level of Dzogchen. This is quite an improvement!"

"I wonder how long Qiuqiu and I can last together under the fifth-level warrior? hey-hey!! It seems that only after the actual battle will it become clear."

Qin Chuan thought excitedly, looking forward to it in his heart.

But at this moment, Phoenix Master and Teng Master came over to congratulate Qingxuan Lin.

"Xuan Lin, congratulations to your Qing family for getting another strange beast!"

"yes! An eighth-level Dzogchen pet is extremely rare, let alone an ancient alien species! Tsk tsk!! This is really extraordinary!"

"Ha ha!! You two see it, it is not only our Qing family's luck to have this strange beast, but also our three clans' luck. When this strange beast reaches maturity, our three tribes will have one more eighth-level Dzogchen warrior!"

The Phoenix Master also laughed and said, "Haha!!" This is also true."

At this moment, Qing Xuanlin was in a good mood. Suddenly he thought of something. With a straight expression, he turned to the great elder who was not far away and said coldly.

"Great Elder, you are so impulsive today! If Senior Teng hadn't stopped him, an eighth-level Dzogchen pet would have died in your hands. Such a loss would be greater than losing an elder like you!"

Hearing this, the corner of the elder's mouth twitched, his face was not good-looking, and he immediately lowered his head and remained silent.

And Qingtian Lord in the crowd was even more confused.

"How can it be? Why is this guy Qingtian Qi so lucky? Even if he gave birth to the Wood Spirit Tree, why is it that even his pet is an eighth-level Dzogchen beast? And it's still an ancient alien species? This is really unacceptable. God is so partial!"

"Why are all the good things his, but not mine? If you can give me his pet, then I will definitely assume the identity of the first person of the third generation of the Qing family. How hateful!"

The more Qingtianjun thinks about it, the angrier he becomes, and the more he thinks about it, the more hateful he becomes, until he wants to vomit blood. His strong heart has never been hit like this, and he has never hated God like he does today, let alone scolded him like he does today. God's injustice.

Qingtian Qi didn't know about all this.

However, he felt that whether it was the children of the Huo family or the children of the original Qing family, the way they looked at him was very different from before. The look in those eyes Full of admiration and envy.

Now, Qingtian Qi has been unknowingly regarded by his peers as the future number one of the third generation of the Qing family.

As for Qingtian Lord, naturally he cannot compare with him.

Looking at his peers around him With an excited expression, Qing Tianqi suddenly thought of a question.

Then he asked Qing Xuanlin in a low voice:"Grandpa! The blood dragons activated by our Qing family members all have four claws, but the one in Qiuqiu has nine claws. What is going on? And how can Qiuqiu evolve with the help of the Blue Dragon Ball? Is it also related to the nine-clawed blood dragon?"

"This..."

Qing Xuanlin suddenly fell into deep thought. After a moment, his eyes lit up, as if he thought of something, and smiled.

"Tianqi, grandpa knows what all this is about. Legend has it that in the ancient times, there was a divine dragon in this world, the Nine-clawed True Dragon. This nine-clawed true dragon is the ancestor of all dragons. Now all dragon species are descendants of it"

"Legend has it that the Nine-clawed True Dragon gave birth to the First Dragon and the Ancestral Dragon. The lineage of the first dragon gives birth to the green dragon. There are nine sons in the ancestral dragon lineage, and each of the nine sons is different. Among the nine sons, there is Taotie. Your pet Ball is originally a descendant of Taotie. Judging from its previous evolution, it looks very similar to the legendary Taotie."

"Simply put, Qiuqiu, like Qinglong, has the true blood of the Nine-clawed True Dragon. This is a common feature between it and Qinglong. It also uses the Qinglong Pearl to activate the extremely rare True Blood of the Nine-clawed True Dragon in its body. Only then did he successfully evolve. It's just that after evolution, it looks more like the holy beast Taotie."..

Chapter 2518

After hearing this, Qing Tianqi suddenly realized

"No wonder after Qiuqiu activated his true blood earlier, the nine-clawed blood dragon was only as big as a palm. It must be because the true blood in Qiuqiu was extremely thin."

"good! That should be it!"

After figuring out this problem, Qingtian Qi thought of another question and thought in his heart

"By the way, how did Qiuqiu know that he could use the Blue Dragon Pearl to activate the thin nine-clawed true dragon blood in his body? Could it be that the Demon God Taotie was behind this? If that's true, that would be terrible"

"But what does Demon God Taotie want to do? Isn't he anxious to improve Qiuqiu's cultivation? Making Qiuqiu look more and more like him, what on earth is he trying to do?"

Thinking of this, Qingtian Qi felt a sense of crisis, urgency, and fear in his heart.

Because his intuition told him that the higher Qiuqiu's cultivation level, the more obvious the shadow shrouded by the devil would become, and one day something terrible would happen. Something to redeem.

To him, Qiuqiu is like his relative, his child. He is unwilling to lose Qiuqiu, let alone let Qiuqiu become his enemy, or become his enemy. puppet

"no! I can't let this happen. It seems that I must speed up the time to cultivate Mu Yuanqi to the fifth level. Only in this way can I sign a psychic ritual with Qiuqiu and obtain all the memories of Qiuqiu through the ritual. Only in this way can I figure out the relationship between Qiuqiu and the Demon God, and can I protect Qiuqiu well. Qing

Tianqi silently made up his mind.

But at this moment, Qiuqiu in the Hualong Pond shrank in size and turned back into a fluffy little figure. He happily raised his little head and looked at the crowd around him. Then Qiuqiu ran towards Qingtian Qi in a hurry.

Even though Qiuqiu looked extremely ferocious after his transformation, he was actually only two years old.

After a while, Qiuqiu ran to Qingtian Qi and danced like a baby. It entered his arms and started playing with it.

It had just evolved successfully, so it was in a happy mood and naturally became naughty.

The children of the three tribes showed extremely envious expressions when they saw Qiuqiu and Qingtian Qi being so close.

They were all envious. Qingtian Qi has a very powerful pet.

Qingtian Qi looked at Qiuqiu, who was immersed in joy, with complicated expressions in his eyes.

He was both happy and worried about the improvement of Qiuqiu's strength.

But he said that Qingtian Qi was working hard for Qiuqiu. When he was worried about the unknown future, Qing Xuanlin coughed again, stepped forward and announced:

"Everyone!! Today the baptism ceremony of our Qing family has come to a successful conclusion. Thank you all for coming to watch the ceremony! Let's just distribute it, and all the Qing family disciples are invited to stay. And Senior Teng, Master Feng, and Master Teng can stay!"

As soon as he said this, the surrounding disciples of the Feng family and Teng family began to disperse.

However, the enthusiasm of these dispersed disciples did not diminish, and they talked while walking

"hehe!! Today's baptism ceremony of the Qing family was quite rewarding!"

"yes! Not only did they produce two outstanding disciples of the invisible spirit body, but they also produced a freak whose future potential was slightly better than that of the pseudo-spirit body. Finally, I got an eighth-level perfect ancient beast pet. Tsk tsk!! This is really a big gain! The Qing family is really not simple!"

"This is true. By the way, what do you think is the Qing family's biggest gain today?"

"It should be that freak named Qing Tianqi. His potential is half higher than that of the pseudo-spirit body. He will definitely become an eighth-level Dzogchen warrior in the future. This is really not easy!"

"hehe!! I don't think so. I think the Qing family's biggest gain today is that strange beast. That alien beast was not only an eighth-order Dzogchen beast, but also an ancient alien species. When it grows to maturity, it will be worth several eighth-level Dzogchen masters! Put it this way, it is much more powerful than Qingtian Qi"

"you're so dumb! That strange beast is Qing Tianqi's pet. No matter how powerful it is, it is still part of Qing Tianqi's strength. To put it bluntly, the Qing family is very lucky to have a child like Qing Tianqi!"

"right! Why didn't I think of that?"..

Chapter 2519

Not long after, all the descendants of the Feng and Teng clan who were watching were scattered. Only three children of the Qing family and Teng Xiaoshan were left in the field.

At this time, Qingxuanlin smiled and announced: "Everyone from the Qing family, this baptism ceremony is quite successful. Here, as the acting patriarch, I, Qingxuanlin, want to express my gratitude to Qingtian Lord, Qingtian Ling, and Qingtian Qi. Pay tribute to three outstanding disciples"

"The three of you are the pride of our clan. From now on, our Qing family will focus on training you three so that you three can become the backbone of the Qing family and the mainstay of the three clans in the future."

"Of course, the three of you should not be proud of this and must practice diligently. As the saying goes, God rewards those who work hard, I do not deceive anyone. Okay, I won't say much more. Here, I want to announce something important"

"Now that the baptism ceremony is over, a clan meeting will be held next. This time, the two Supreme Elders Qing Yanhai and Qing Yanfei, as well as many children of the original Huo family, have returned. Many things have not been arranged yet, so we have to hold a family meeting to discuss the details of the Qing family in the future."

"I hope senior Teng Xiaoshan can come forward to help host this time. I wonder what Senior Teng thinks?"

But Teng Xiaoshan shook his head and said: "No!" This is a meeting of your Qing family. As a member of the Teng family, how can I directly intervene in the internal affairs of your Qing family?"

After hearing this, Qing Xuanlin didn't force himself. He was just talking politely and immediately said

"In this case, I would like to invite senior Vine, as well as Phoenix Master and Teng Master to be guests at our clan conference. There are some things that need to be witnessed by the three of them!"

"This is no problem!"

Teng Xiaoshan and the other three agreed one after another.

At that moment, the Qing family's children and Teng Xiaoshan's three people, led by Qing Xuanlin, entered the meeting hall of the Qing family's residence and started the Qing family's whole family meeting.

Now, with the Huo family, With the return of the children, not counting the female family members, there were already more than a hundred children of the Qing family. The hall was full of people for a while.

In the center of the hall, the children of the Qing family sat in two rows.

Qing Xuanlin, as the patriarch, sat in the center , Qing Yanhai and Qing Yanfei sat on his left.

On the right were guests Teng Xiaoshan, Feng Master, and Teng Master.

Next down were the seventh-level elders.

As a third-generation descendant, Qing Tianqi naturally stood closest Far away from the entrance of the hall.

After all the disciples were seated, Qing Xuanlin announced the start of the meeting

"Dear descendants of the Qing family, I, Qing Xuanlin, would like to thank Senior Teng and Master Feng in advance for being able to come to the meeting to bear witness. Now that all the disciples have arrived, let the conference begin!"

"The first issue to discuss is the position of the patriarch. Xuan Lin was ashamed, his strength was low, and he was embarrassed to be the leader of the clan. Now, fortunately, Qingyanhai and Qingyanfei, the two supreme elders, have returned. I am very pleased."

"According to the traditional clan rules of our Qing family, the strongest person has priority to be qualified for the position of clan leader. Therefore, in front of all the disciples today, I suggest that the position of Qing Lord should be held by the Supreme Elder Qing Yanhai!"

As soon as these words came out, many children of the Qing family changed their expressions.

But the children of the original Huo family showed some joy on their faces. Of course they hoped that Qing Yanhai could serve as the clan leader. After all, Qing Yanhai is their clan. His direct ancestor.

But after hearing this, Qing Yanhai immediately stood up and shook his head.

"Patriarch, this proposal is absolutely unacceptable. First, as a direct descendant of the Qing Wushen family, with orthodox bloodline, you are more qualified to be the Qing master; secondly, as a sinner of the Qing family, I, Qing Yanhai, have been able to get the clan leader's permission to return to the Qing family. It's a great blessing. How can I compete with you for the position of team leader?

Qing Xuanlin said: "Senior Yan Hai, you are wrong." As for the position of the patriarch of our Qing family, there is no direct lineage or collateral lineage. All the descendants of the Qing family are direct descendants. According to the traditional clan rules, as long as two conditions are met, one can be qualified to be the clan leader."

"One is that the Qing family must be the strongest in terms of strength, and the other is that it must be recognized by more than half of the people in the clan. Senior Yan Hai, you are now the strongest member of the Qing family, and you have the support of many descendants. It is most suitable for you to take the position of Lord Qing."..

Chapter 2520

Qing Yanhai's face was deliberately serious and he said coldly: "That's right! Our Qing family rules stipulate that as a clan leader, you must be the strongest member of the Qing family. However, there is another rule that you did not mention!"

"The rule is that it depends on whether the strongest person is willing to serve as the clan leader. If he is not willing, no one can force him, and his position can only be replaced by someone else. Now, I, Qing Yanhai, only want to hold the position of Supreme Elder. You don't need to say anything more about the position of patriarch."

"This..."

Qing Xuanlin was immediately speechless. The Qing family does have such a rule.

Whether he wants to serve as the head of the Qing family still depends on the wishes of the person involved. If he is not willing, even if he is forced to serve as the head of the clan, he may not be able to do so. Do your best for the Qing family.

Now that Qing Xuanlin saw Qing Yanhai speaking so decisively, he knew that it was useless to continue talking.

He could only sigh softly and turned around to think about Qing Yanfei: "Yan is not an ancestor, since Yan Hai...."

Before Qing Xuanlin could finish speaking, Qing Yanfei jumped up and said

"Xuan Lin, stop talking nonsense. Like Brother Hai, I am unwilling to assume the position of clan leader. I'm used to being a loner, so why are you interested in becoming the leader of the clan?"

"this.."

Qing Xuanlin suddenly frowned.

Seeing this, Qing Yanhai said again: "Xuan Lin, you don't have to shirk. You will take on the position of Qing Lord. Don't worry, I, Qing Yanhai, will definitely assist the clan leader with all my heart."

After saying this, Qing Yanhai Yan Hai turned around and looked at the Huo family disciples in the hall, with a serious look on his face.

"All the children of the original Huo family should listen to me. From now on, you are all descendants of the Qing family, and you are as close as your brothers in the clan, and you must obey the orders of the Xuanlin clan chief. If someone dares to disobey the clan leader's order, no matter what the reason is, no matter whether you are right or wrong, you don't have to wait for the clan leader to punish you, I will be the first to let you go."

"good! As an elder, I will not be lenient to those who disrespect the patriarch and those who commit the following crimes."

Qing Yanfei also stepped forward to express his position.

At that moment, the children of the original Huo family in the hall were all shocked.

Some people who had originally criticized Qing Xuanlin as the patriarch no longer dared to have any other ideas. So far

, the hidden dangers of factionalization caused by the return of the Huo family to the Qing family have been basically suppressed and have not been allowed to grow.

Of course, if you want to completely eliminate such hidden dangers, it will not happen in a day or two.

This It takes a long time to get used to it.

In some ways, this family meeting is of great significance to the Qing family, at least in terms of future unity. It has significance that cannot be ignored.

Seeing Qing Yanhai and Qing Yanfei, they expressed their feelings. On behalf of others, Teng Xiaoshan also smiled and said: "Xuan Lin, if I see you, don't shirk it. You will be the one to assume the position of Lord Qing!"

Master Feng and Master Teng also expressed their support.

Seeing this, Qing Xuanlin no longer hesitated and said immediately: "Okay! In this case, Xuan Lin and I will continue to serve as the head of the Qing family. I will try my best to fulfill my duties as the leader of the clan. If there is any position that I fail to fulfill in the future, all the Qing family members are welcome to point it out."

At this point, the dispute over the position of the head of the Qing family is over.

Next, there are some trivial matters about how the original Huo family's children are arranged, and the ranking among their peers is re-established.

This meeting discussed many things for more than an hour. The discussion was completed.

Finally, when the meeting was about to end, Qing Xuanlin said again: "This is the first full clan meeting since the return of the Huo family. Many matters during the meeting were also discussed and completed. I wonder if you have any comments? If so, please bring it up as soon as possible!"

As soon as he said this, a person stood up at the head of the elders' table. It was the great elder, Qingtian Jun's grandfather.

"Patriarch, what's wrong with me?"

"What's up?"

The great elder actually looked back at Qingtian Qi, and then at Qiuqiu, who was lying on Qingtian Qi's shoulder.

He smiled meaningfully.

"Patriarch, during this baptism ceremony, three outstanding children with hidden spirit bodies were born among the three generations of our Qing family. According to the regulations of the clan, should we do our best to cultivate them?"
