Chapter 2531

At this time, Qing Yanfei also stood up and said: "What the Supreme Elder Yan Hai said is true. This person is really not worthy of continuing. Of course, we, the Qing family's eldest elder and patriarch, it is up to you to handle it!"

Qing Xuanlin nodded slightly and said: "Qing Juntong, you did go too far today. It was you who suggested Tianqi to donate the ball. If you go back on it afterwards, it won't count and you will hurt people. In fact, what you think in your heart is in the hearts of everyone here. All clear"

"Missing you was a mistake caused by greed, and the leader of this clan does not want to embarrass you too much. I will temporarily cancel your position as Great Elder, and you can go back and reflect on your mistakes. After you recognize your mistakes today, you can take up the role of Great Elder again! Do you have any opinion?"

Qing Juntong looked at Qingtian Qi reluctantly, and then at the tribesmen around him.

Although he was unwilling to do so, he also knew that he had offended the public, and if he continued to cause trouble, he would only suffer a loss.

At the moment, Qing Juntong He lowered his head and said: "My subordinates have no objections and are willing to accept the punishment from the clan leader!"

But he didn't expect that as soon as he finished speaking, Qingtian Jun beside him had bloodshot eyes on his lips and looked up to the sky with a sad smile.

"Ha ha!! You, the elders, are all people who act according to the prevailing circumstances, and you are all hateful people. Everyone used to praise me for my extraordinary qualifications, but now there is Qing Tianqi who is better than me, so you all stand by his side."

"And you, Qingtian Qi, what's so great about you? Although you are a fifth-line warrior, you can only be at the same level as Xiaoyao at best. As long as I advance to level five, you are no match for me. To be honest, even if you are a fifth-element warrior, I still won't accept it."

"Today, I, Lord Qingtian, swear in front of all the clan members that one day I will defeat you in front of the clan members. Let you short-sighted people see who is the future hope of the Qing family!!"

At the end of the sentence, Qingtianjun gritted his teeth, clenched his fists, and his eyes burst out with hatred.

Qingyanhai snorted disdainfully at Qingtianjun's words.

"snort! Don't overestimate your capabilities! Even I dare not say such words to Tian Qi, what qualifications do you have to say such words? You actually made such a ridiculous oath!"

As soon as Qing Yanhai said this, no one except Qing Yanfei, Master Feng, Master Teng, and Teng Xiaoshan could understand what Qing Yanhai meant. The expressions of the children of the Qing family around him changed, and they all thought they had heard Wrong.

Qing Juntong and Qing Tianjun even opened their mouths in surprise.

Especially Qing Tianjun's face became even paler, and he immediately laughed miserably.

"You lied to me! This is impossible! You are an eighth-level Dzogchen warrior. Who is he Qingtianqi? What makes you afraid to say that? In fact, what you said is just to hit me and make me give up the idea of surpassing Qingtian Qi."

"Let me tell you, no matter what you say or how you protect Qingtian Qi, I will never give up my obsession. Qingtianqi, listen to me, I can definitely surpass you, you are nothing special!"

Seeing that Lord Qingtian was still stubborn, Qing Yanhai could only shake his head and said

"I see that you are young and have a lot of potential, so I want to say a few words to you. If you continue like this, I won't bother to care about you anymore. However, I tell you that even if you pursue it all your life, it will be difficult for you to surpass Tianqi. It's not that I look down on you, but this is a fact."

"Do you know what talent I have? I am a pseudo-spirit. With my qualifications, I dare not say that I can surpass Tianqi. What do you, a hidden spirit, mean?"

"Okay, I don't want to continue talking nonsense with you. I just want to tell you the last sentence: I know you are a strong child, but you have to do everything according to your ability and find your right position. When you are still a firefly, don't think about competing with the bright moon, otherwise you will only be humiliated!"

At this moment, Qing Yanhai stopped talking nonsense and strode towards his seat..

I! God level elemental

Chapter 2532

"I do not believe!"

Qingtian Jun's body trembled violently, as if he was deeply hit. He looked at Qing Yanhai's back and roared with all his strength.

"I do not believe! Could it be that Qingtian Qi will definitely make him a ninth-level warrior? As long as he is not a ninth-level warrior, I have a chance!"

As soon as Mr. Qingtian finished speaking, a woman's angry shout echoed in the air.

"Shut up! Something that doesn't overestimate its capabilities! The little girl has tolerated you for a long time!"

After hearing this, the expressions of all the disciples in the hall changed greatly. They immediately looked around, but did not find the speaker.

Qing Yanhai, Qing Yanfei, Feng Master, and Teng Master heard this. They all secretly thought that something was wrong with this shout.

They knew that Lord Qingtian had finally angered the evil star Ming Ling'er. But they said that the disciples had been searching for a long time, but they didn't find anyone talking, and they were all very surprised.

Qingxuanlin even stood up and asked He said:"Who said this just now?"

"it's me!"

As soon as these words fell, a dazzling bright light suddenly erupted in the field.

The bright light made everyone unable to open their eyes. Even Qing Yanhai was no exception and could only close his eyes.

Only Teng Xiaoshan could not open his eyes. Afraid of the strong light.

After the strong light passed, all the children of the Qing family opened their eyes in panic.

But at this moment, there was a beautiful woman in white in the hall, standing next to Qing Tianqi.

But this beautiful woman was in a bad mood at the moment. It was very bad, and she was looking at everyone with an angry look on her face.

This woman in white was naturally Ming Ling'er.

At that moment, all the Qing family disciples were very surprised, and they all looked at Ming Ling'er with their eyes wide open.

"Who is this woman? Why have I never seen it before?"

"do not know! But I have never seen such a beautiful woman! Tsk tsk!! So beautiful!"

"How did she appear? Did you see clearly?"

"No! The light was so strong just now that I couldn't open my eyes at all!"

"me too! It seems that this woman is not simple! We must be careful what we say, otherwise it will be bad for her to hear us!".

At this moment, Qing Xuanlin was also shocked, because he didn't see clearly how Ming Ling'er appeared, but he knew that Ming Ling'er must not be simple.

At this moment, Qing Xuanlin did not dare to offend, and asked carefully

"Who is this girl? Why did you break into my Qing family's meeting hall?"

But Ming Ling'er didn't expect to give him a cold look.

"shut up!"

Qing Xuanlin was stunned immediately, and even the Qing family disciples around him were stunned.

They didn't expect Ming Ling'er to be so arrogant and rude, in front of many Qing family disciples in the Qing family meeting hall. In front of him, he told the current patriarch of the Qing family to shut up.

At that moment, a Qing family disciple shouted

"What a bold woman, how dare you be so presumptuous in our Qing family and be so rude to our clan leader!"

"court death!"

Ming Ling'er was furious and wanted to settle accounts with that Qing family disciple.

Qing Yanhai was shocked and hurriedly stepped forward to apologize.

"Miss Ling'er, calm down, they are all juniors and don't understand the rules! I hope Miss Ling'er will spare him once!"

As soon as Qing Yanhai spoke, Qing Yanfei, Phoenix Master, and Teng Master also stepped forward to plead for the Qing family disciple.

All the Qing family disciples were shocked when they saw this, and even Qing Xuanlin felt incredible..

Just when everyone was still guessing who Ming Ling'er was and why Qing Yanhai and others were so polite when they saw her.

But they didn't expect Ming Ling'er to yell and curse again.

"Shut up, all four of you! Whoever speaks one more word will be killed by me!"

As soon as these words came out, the four people in Qingyanhai were shocked. Cold sweat broke out on their foreheads. They didn't dare to speak at the moment and stepped aside obediently. At this moment, the four of them were cursing Qingtian Lord for not knowing what was good or bad, and actually sent Ming Ling to the throne. The son was so angry that he didn't know how it would end.

When all the children of the Qing family saw this scene, they were so surprised that their eyes almost dropped..

Chapter 2533

They all couldn't believe that the four people from Qing Yanhai, who existed like legends in their eyes, were so frightened in front of Ming Ling'er.

At this time, someone in the crowd seemed to wake up and exclaimed:

"Could it be that she is a ninth-level warrior?"

As soon as these words came out, there was an uproar all around. Everyone looked at Ming Ling'er with extremely fearful looks in their eyes.

Because they knew that the man was right. Ming Ling'er should be a ninth-level warrior. This can also be explained by Qing Yanhai. Ming Ling'er is so afraid of even Ming Ling'er's strength.

If Ming Ling'er is really a ninth-level warrior, it is definitely not something that the current Qing family can provoke, even with Teng Xiaoshan on the side. After all, when a ninth-level warrior takes action, Teng Xiaoshan is It's impossible to protect everyone

"Oh my God! How is this going? How did a ninth-level warrior sneak into our Qing family residence? What on earth does she want to do?"

"I do not know! Judging from the unhappy look on her face, I'm afraid she's up to something bad."

"Could she be from Long Xing's side?"

"No way! If this is the case, then our Qing family will be in trouble today!"

Just when the children of the Qing family were panicking, Teng Xiaoshan couldn't sit still. He stood up with a smile and said to Ming Ling'er with a smile.

"Ha ha!! Miss Linger, calm down! Calm down! Don't be angry about things between these low-level warriors, it's not worth it."

But I didn't expect that Ming Ling'er wouldn't dump him at all and said softly.

"Old Man Teng, please stay out of my business. Besides, you're not from the Qing family, so don't be too lenient. Wait until the little girl takes care of her housework before I talk to you."

"this.."

Teng Xiaoshan was suddenly snatched away by Ming Ling'er, and he smiled helplessly.

He knew Ming Linger was right.

Compared to Ming Ling'er, he was just an outsider.

And Ming Ling'er is the daughter-in-law of Qing Tianqi, that is, the daughter-in-law of the Qing family, and she is a member of the Qing family.

Ming Ling'er could take care of the Qing family's affairs, but he couldn't. Because he is an outsider.

When the children of the Qing family heard the conversation between Ming Ling'er and Teng Xiaoshan, they were finally convinced that Ming Ling'er was a ninth-level warrior.

If he were not a ninth-level warrior, how could he dare to call Teng Xiaoshan 'Old Man Teng'? And the tone seemed rude.

At this moment, all the Qing family disciples were even more frightened.

However, they also have a question in their minds. They don't understand what Ming Ling'er means by 'taking care of housework'.

At this time, Teng Xiaoshan sighed, shook his head with a wry smile, and returned to his seat, making it clear that he no longer wanted to care.

When all the children of the Qing family saw that Teng Xiaoshan didn't care, their hearts suddenly dropped.

If they don't even care about Teng Xiaoshan, a ninth-level warrior, then aren't they just being slaughtered by Ming Ling'er?

"snort!"

Ming Ling'er snorted coldly and glanced coldly at Qingtian Jun, who was already frightened.

When Qingtian Jun saw Ming Ling'er's look, he shivered in fright and couldn't help but retreat.

Qingxuan Lin above thought Ming Ling If your son wants to hurt him, as the leader of the clan, he just needs to bite the bullet and say it carefully

"This ninth-level senior, please don't hurt my Qing family descendants. I wonder if we, the Qing family, have offended our seniors. Can we ask our seniors to speak out so that the juniors and others will know what they are doing?"

Ming Ling'er was furious.

"You old man is really indiscriminate. This boy named Tianjun and his grandfather bullied your grandson Tianqi. You didn't help Tianqi and now you are interceding for this boy. You are really an old fool. Little girl, are you too old to be the head of the Qing family?"

"Then get out of here and find someone else! Anyway, your Qing family has a rule, whoever is the strongest will have priority to be the clan leader. Today I will let you change positions. Let my husband-in-law take over your position as the leader of the clan!"

After listening to Ming Ling'er's words, all the Qing family's children changed their expressions, but no one dared to speak.

Qing Xuanlin was also afraid and did not dare to turn his face, so he could only smile bitterly and said

"Senior was joking, how could senior's husband-in-law like me as the little clan leader? It is said that the position of the head of the Qing family can only be held by a descendant of the Qing family, and the senior husband is not a member of the Qing family, so I am afraid it is inappropriate, right?"

Ming Ling'er said coldly: "Humph! Who says I'm not a suitable husband? My husband is a descendant of the Qing family"

"What? Is your husband a descendant of the Qing family?"

As soon as these words came out, the whole audience was shocked again. They didn't expect that the beautiful woman in front of them was actually the daughter-in-law of the Qing family.

But who is so powerful that he could marry a ninth-level beauty?

All of them were shocked at once. The children of the Qing family looked at each other, and they were all shocked and unbelievable..

Chapter 2534

Everyone immediately thought that Ming Ling'er was deliberately teasing them.

Because no Qing family child has such great ability, he can marry a ninth-level warrior as his wife, and she is also a peerless beauty.

At this time, Qing Tianqi felt that Ming Ling'er could not continue to make trouble like this, especially since Ming Ling'er's attitude towards Qing Xuan Lin was too bad.

After all, Qing Xuanlin is also his biological grandfather.

No matter what, he couldn't let Ming Ling'er treat his elders like that.

More importantly, Ming Ling'er's proposal to let him be the clan leader was ridiculous.

Even if he is the strongest in the clan, he is not suitable to hold the position of clan leader based on his age and experience, let alone snatching the position of clan leader from his grandfather, which is a bit difficult for him to accept.

Thinking of this, Qing Tianqi was secretly annoyed and felt that Ming Ling'er had gone too far, so he immediately said angrily

"Hello! You woman? How could you treat my grandfather like this? Besides, how can the position of the patriarch of our Qing family be treated like this? I think you should stop making trouble like this, otherwise I will be angry!"

As soon as Qing Tianqi said these words, many of the Qing family's children changed their expressions. They all felt that Qing Tianqi was too courageous to dare to say such mindless words to a female evil star like Ming Ling'er. It was nothing like seeking death. After parting, everyone became worried about him.

But Qing Juntong was secretly happy and thought

"Why did Qing Tianqi suddenly become stupid again? Didn't he see that the woman in white was a ninth-level warrior? How dare he say that he was angry? It's really ridiculous, does he really think he is a green onion? What's the point of being angry?"

"If someone can crush you to death with one finger, who cares how you feel? It would be best for the woman in white to snap him to death in a fit of rage to save me from being upset when I see him in the future!"

Unlike Qing Jun, who was secretly happy in his heart, Qing Xuanlin was so frightened that his face changed and he shouted fiercely.

"Tianqi, shut up! Do you speak to a ninth-level senior like this?"

Teaching Qingtian Qi a lesson, Qingxuanlin immediately said uneasily and Ming Ling'er apologized with a smile.

"Senior, just now....."

Before Qing Xuanlin could say anything, Qing Juntong rolled his eyes and stepped forward.

"Patriarch, it is wrong for Tian Qi to rush into his senior. Do you want to defend him? This ninth-level senior, who just collided with a junior from our clan, has never known how to respect his elders. Someone should teach him a lesson."

Qing Xuanlin was furious when he heard what Qing Juntong said, and many Qing family disciples were also secretly angry. The previous quarrel between Qing Juntong and Qing Tianqi could be said to be an internal conflict that could be mediated.

But now Qing Juntong and Qing Tianqi were quarreling. But letting an outsider teach the Qing family's children a lesson is obviously cheating. What's the difference between such behavior and a traitor?

At that moment, Qing Xuanlin couldn't help but pointed at Qing Jun and shouted in his heart.

"Qing Juntong, shut up!!"

Qing Juntong said confidently.

"Patriarch, I know you are eager to protect the calf, but what your subordinates say is all the truth!"

"You..."

Qing Xuanlin wanted to continue arguing with Qing Jun.

But Ming Linger's face turned cold and he said to Qing Xuanlin

"You are not allowed to say it again!"

Then he pointed at Comrade Qingjun

"Do you continue?"

When all the children of the Qing family saw Ming Ling'er like this, they all felt cold, thinking that Ming Ling'er had listened to Qing Juntong's words and really wanted to teach Qing Tianqi a lesson.

Qing Xuanlin was even more anxious, but he didn't dare to speak again..

Qing Juntong was even more proud and continued:

"Senior, what junior said before was all true. This Qingtian Qi has always been arrogant and owes no one a lesson. I hope senior will punish him a little and let him remember today's lesson, which will be of great help to him in the future."

"Yeah?"

Ming Ling'er sneered slightly and turned to look at Qing Tianqi.

All the disciples of the Qing family were completely heartbroken, thinking that Ming Ling'er was really going to deal with Qin Chuan.

Unexpectedly, a sudden change occurred, and Ming Ling'er suddenly turned around and threw away his hand. received an unusually loud slap from Ao Juntong.

Qing Juntong immediately groaned and flew ten meters away.

Most of the old teeth in his mouth were blown away by Ming Ling'er's palm, and they suddenly flew all over the sky.

In the field, The disciples of the Qing family were all greatly surprised. They didn't know why Ming Ling'er suddenly changed his mind and asked Qingjun to teach him a lesson..

Chapter 2535

"Why? Senior, why did you hit me? The one who disrespects you is Qing Tianqi!"

Qingjun and the warrior's face were red and swollen, and the corners of his mouth were full of blood. As he spoke, a few broken teeth rolled out of his mouth. He couldn't understand how Ming Ling'er could be so fickle. This slap made him confused.

"Why?"

Ming Ling'er looked at him with disdain and sneered.

"Because you are not only a bitch! Still stupid!"

"Am I a bitch? Still stupid?"

"good! You spoke ill of the little girl's husband-in-law in front of the little girl, and asked the little girl to teach her husband a lesson. Do you think you are being mean? Is that stupid?"

Hearing this, Qingjun was shocked.

"What? You said Tianqi is your husband?"

"good! Tianqi is my husband-in-law, and I am his wife and the daughter-in-law of the Qing family!"

As soon as these words came out, the whole audience was shocked. All the children of the Qing family looked at Qing Tianqi in disbelief.

They could not imagine how this young man who was only fourteen years old and who did not even understand the relationship between men and women could let such a The ninth-level beauty married him.

For a moment, everyone was stunned.

Qing Juntong even shook his head.

"This...this is impossible!"

"snort!"

Ming Ling'er rarely paid attention to him, but turned to look at Qingtian Jun.

Ming Ling'er gave him a cold look.

"Lord Qingtian, if you even think of surpassing my husband, you are simply dreaming! Who do you think you are? What qualifications do you have compared to my husband? To tell you the truth, even if you can become a ninth-level warrior, you will not be my husband's opponent. Besides, you don't even have a chance to become a ninth-level master."

"snort! You'd better keep your eyes open, position yourself correctly, and figure out your balance before talking. You must remember that the fireflies' light competes with the bright moon, and they can never win."

After hearing these words, Lord Qingtian turned pale, and his body unconsciously stepped back, as if he had been hit even harder.

His lips were trembling, and he was still thinking to himself.

"I still don't believe it! Why do you think Qingtian Qi must have ninth level strength? Just because you are his wife? Even if you are his wife, you can't represent him!

Ming Ling'er was furious:"Stubborn!" This little girl is too lazy to explain to you, why not destroy you now!"

Hearing this, Lord Qingtian was so frightened that his face changed. He didn't expect that Ming Ling'er would kill him as soon as he said so.

"Linger, stop!

Qing Tianqi hurriedly spoke to stop him. Ming Ling'er said angrily:"Ms. sir, this kid doesn't know what's good and he bullies you again and again. Now I'm venting my anger on your behalf. Why do you want to stop me?"

Qing Tianqi shook his head and said,"Ling'er, even if he bullies me, the crime will not lead to death." If you just kill him, that's not right. Listen to me and stop it!"

Ming Ling'er immediately stopped her hand and said angrily:"Okay! Then don't kill him! But should this bad old man be killed?"

Ming Ling'er pointed at Qing Juntong again.

Qing Juntong was trembling with fear and looked at Qing Tianqi pitifully, with pleading in his eyes.

Qing Tianqi smiled bitterly and said:"Ling'er, don't make trouble, let him go.! After all, he is also my elder, and he has not committed any sins that cannot be forgiven."

"All right! Why! My husband, I find that your heart is so soft sometimes.

Hearing the conversation between the two, the Qing family disciples all around were horrified and secretly thought

"Could it be that this mysterious woman is really Tianqi's wife? Otherwise, how could she obey Tianqi so much? Qing

Xuanlin was even more excited and said: "Excuse me, Miss Ling'er, are you really my grandson Tianqi's wife?"

"What do you think?"

Ming Ling'er glared at him angrily. Her impression of Qing Xuan Lin was not very good, mainly because when Qing Tian Qi was bullied, Qing Xuan Lin did not do much to protect him.

Qing Xuan Lin was bullied by Ming Ling The child stared at him and was at a loss for words.

Seeing this, Teng Xiaoshan on the side got busy to smooth things over.

"Ha ha!! Xuan Lin! You have to stop doubting me, so as not to make Miss Ling'er unhappy again. In fact, what Miss Ling'er said is true. She is really Tianqi's wife and the daughter-in-law of your Qing family. Your Qing family has a Tianqi, but what a blessing it is for your Qing family!"

At that moment, Qing Yanhai, Qing Yanfei, Phoenix Master, and Teng Master also stepped forward one after another.

"Senior Teng was right, Miss Ling'er was indeed Tian Qi's wife."

After everyone heard this, they finally accepted this unbelievable fact..

Chapter 2536

Qing Xuanlin even trembled excitedly:

"I didn't expect that Miss Ling'er was really Tianqi's wife, but how could my Tianqi be so virtuous? Can I marry a woman as powerful and beautiful as you?"

"Ha ha! Xuan Lin! It seems that you are still a little worried! Let me tell you the truth, in fact, Miss Ling'er is both Tianqi's wife and an artifact spirit. She has already recognized Tianqi as her master!"

Teng Xiaoshan immediately revealed Ming Ling'er's identity.

As soon as he said this, the whole audience was shocked again.

"Oh my God!! It turns out that it is true that the artifact has a spirit. Tianqi actually has an artifact in hand!"

"yes! So, isn't Tianqi a ninth-level master?"

"What? Tianqi is a ninth level master? This is too terrible!"

"Ha ha!! So, our Qing family also has ninth-level masters!"

"Yes! No matter what, anyone who can be recognized as the owner of a divine weapon is an extraordinary person. It seems that our Tianqi is by no means simple!"

For a time, Qingtian Qi's status rapidly rose in the hearts of all the Qing family disciples, reaching an unattainable height. But

Qingtian Jun's eyes turned gray, and he was completely desperate at this moment.

Qing Xuanlin, on the other hand, was ecstatic in his heart and fell to the ground excitedly. front road

"Miss Ling'er, it turns out that you are really Tianqi's daughter-in-law. I apologize for my inconsideration before!"

"Don't you doubt it now? snort! The little girl is too lazy to argue with you now! However, there is one thing that I must tell you clearly. Today, you, as the leader of the clan, must give up your position to me."

"This..."

Qing Xuanlin suddenly didn't know what to say.

"how? You don't want to? Didn't you say that according to the rules of the Qing family, the strongest person has priority to be the leader of the clan? Now that my husband is clearly the strongest in the Qing family, why don't you give it to him? Or are you afraid of objections? snort! I will kill anyone who dares to oppose!"

After saying this, Ming Ling'er glanced at all the disciples coldly.

Everyone lowered their heads, and no one dared to speak.

Qingtian Qi did not expect that Ming Ling'er would pursue this matter and immediately stopped him.

"Ling'er, stop messing around!"

Ming Ling'er disagreed and said, "I'm not messing around!" My husband, I do this for good. Only if you become the patriarch of the Qing family, no one will dare to bully you based on your seniority."

"This... Ling'er, no matter what, I think that my current qualifications and experience are not qualified for the position of clan leader. Besides, I don't want to be a clan leader at all. What you do is not a good thing for me."

"I don't care, today I will make you the leader of the clan!"

"Ling'er, I'm angry if you do this again!"

At that moment, the two of them actually started arguing over this matter.

Teng Xiaoshan on the side stood up in a hurry and persuaded him: "Miss Ling'er, Tianqi, you two should stop fighting. I have a good suggestion!"

Ming Ling'er was unhappy and asked: "Old man Teng, what exactly do you propose?" Say it quickly!"

"Ha ha!! Don't be impatient, Miss Ling'er, listen to me slowly. Miss Ling'er, Tian Qi is right. With his current age and experience, it is difficult for him to be qualified for the position of clan leader. After all, this clan leader cannot only look at the strength of the clan."

"The leader of a clan is responsible for the fate of the entire clan. But then again, Tian Qi is also a genius. Although he is not qualified now, he will be able to do it in the future."

"Therefore, it is better to temporarily establish Tian Qi as the 'young patriarch' of the Qing family, with the same status as the supreme elder. When he becomes an elder in the future and has enough experience, he can then take over the position of clan leader. Miss Linger, Xuan Lin, what do you two think of my proposal? |"

Ming Ling'er thought for a while, then nodded slightly and said:"This proposal is not bad!

Qing Xuanlin smiled and said:"Not bad!" This is indeed a good idea! With Tianqi's qualifications, he is indeed qualified to serve as the 'young patriarch' of the Qing family. I wonder what the clan members think?"

At this moment, all the children of the Qing family nodded in agreement.

At this moment, everyone had already recognized Qingtian Qi's strength, so naturally no one objected..

Chapter 2537

Among the crowd, only Qing Juntong quietly lowered his head, feeling weak in his heart.

Because he knew in his heart that Qing Tianqi was appointed as the young patriarch of the Qing family, with the same status as the Supreme Elder, and his status was one level higher than him. In the future, even if Ming Ling'er was not around, he would not be able to find trouble with Qing Tianqi openly. , otherwise it is the following fault.

But he said that at the meeting, the matter of establishing Qing Tianqi as the young patriarch of the Qing family was unanimously approved.

At that moment, Qing Xuanlin announced.

"Since there are no objections from everyone, the clan leader announces: From today on, Qingtian Qi, the thirty-seventh generation descendant of the Qing family, is appointed as the current 'young clan leader' of the Qing family. His status is the same as that of the supreme elder, and his treatment and provision are the same as those of the supreme elder. Can participate in the decision-making of major events within the clan."

As soon as this was announced, Qingtian Qi's status was confirmed. From now on, even the seventh-level elders would not dare to be disrespectful to him.

Immediately, all the Qingtian Qi elders congratulated Qingtian Qi.

"Congratulations to the young patriarch!!"

"Congratulations to the young patriarch!"

And those younger brothers of the same generation looked at Qing Tianqi above them from a distance, with endless envy in their eyes.

In fact, the Qing family was extremely happy for Qing Tianqi to serve as the young patriarch.

Because they had won over Qing Tianqi, It is equivalent to winning over a ninth-level warrior.

With a ninth-level warrior guarding the Qing family, why worry about the Qing family not being able to prosper?

But how can a ninth-level warrior be so easy to win over? How can the Qing family let go of such a great opportunity now? ?

"Tianqi, come up! Miss Linger, please take a seat too!"

Qing Xuanlin ordered an elder to place two chairs beside him.

The elder said enthusiastically:"Ling'er, young patriarch, please take a seat!"

Qingtian Qi did not refuse the matter of becoming the young clan leader. He knew the intentions of his clan members, so he naturally did not shirk it.

After everyone sat down again, Qingxuan Lin changed the punishment for Qing Juntong again.

This time it was Qing Juntong's punishment was increased, and then he talked about some trivial matters and announced that the conference was over.

But at this moment, Teng Xiaoshan stood up and said.

"Xuan Lin, this time your Qing family meeting is over, please leave the elders of the Qing family behind, and then send someone to invite the elders of the Feng family and Teng family. I want to use your Qing family's meeting hall to hold a meeting of the three clans. I have something very urgent to announce!"

As soon as Teng Xiaoshan's words came out, Qingtian Qi understood in his heart, he knew what Teng Xiaoshan was going to say.

Qingxuanlin immediately dismissed all the Qing family children, and ordered people to invite all the elders of the Feng and Teng families.

Qingtian Qi, as the Qing family The young patriarch naturally stayed, but Qing Juntong was kicked out.

Not long after, all the elders of the Feng family and the Teng family arrived.

Teng Xiaoshan sat in the middle of the hall and began to preside over the meeting.

Teng Xiaoshan first asked Ming Ling Qingtian Qi's identity and relationship with Ao Tianqi were introduced to the elders of the two clans.

This naturally shocked the elders of the two clans. Qingtian Qi's status also rose rapidly in the hearts of the elders. Everyone was very interested in this future ninth-level powerhouse. I felt a sense of awe inexplicably.

After all, ninth-level warriors are like gods. Among the small countries in the mainland, even the protector of the country, there is only one ninth-level warrior in a country.

That is not something that eighth-level warriors can compare to, let alone them. These seventh-level warriors can get close.

After talking about Qingtian Qi and Ming Ling'er, Teng Xiaoshan told the story of his escape and the matter of seizing the gold holy bead. He also told the current critical situation. After hearing this, everyone changed their expressions and felt a sense of crisis in their hearts.

Qing Xuanlin was the first to stand up and asked: "Senior Teng, according to your statement, the Golden Lingzhu is in our hands, and the ninth-level Dzogchen warrior called the Holy Lord Are we sure to be found?"

"good!"

Teng Xiaoshan nodded seriously.

"Because the golden spirit bead contains the soul mark of the Holy Lord, it is too difficult for me to remove his mark with my current strength, and it will take at least several decades. But there was no time to wait."

At this time, the Teng Master also said: "My ancestor is right, time does not allow us to eliminate the soul mark in the golden spirit bead. Because after Ling Tianhan escaped, he would definitely notify the Holy Master. After the Holy Lord finds out, he will be furious and will definitely come to look for the Golden Spirit Bead."

"This was something he had spent thousands of years working on, and there was no way he would give up. However, when the Holy Lord comes to our door, it will be the day when our three clans will be completely wiped out."

As soon as these words came out, everyone's hearts sank, and there was silence..

Chapter 2538

Because they knew that the Lord Teng was right. With the strength of the Holy Lord, the three tribes had almost no power to fight back, and they did not even have the ability to escape.

Seeing that everyone was frustrated, Teng Xiaoshan said loudly

"So there are only two paths before us now. One way out: In order to preserve the lifeblood of our three clans, we can only throw away the golden spirit bead. But is everyone willing to do this?"

"Doing so will only allow the Golden Spirit Pearl to return to the hands of the Holy Master. Then our efforts to recapture the Golden Lingzhu with all our efforts were in vain, and Qing Wushen and the others also died in vain."

"The Holy Lord is the common enemy of our five races, and we must not allow his plan to be carried out smoothly. Therefore, we cannot abandon the Golden Spirit Bead until it is absolutely necessary or until the end."

Hearing this, everyone nodded.

"Another way is to establish the true Five Elements Illusion Realm. But to establish the true Five Elements Fantasy World, we must find the descendants of the Bai family and the Wu family, as well as their inherited artifacts. It will take about two years for the Holy Lord to arrive in Dakun Country from overseas."

"Therefore, we must find the descendants of the Bai family and the Wu family, as well as the inherited artifacts of the two families, in these two years. This is what we need to do most urgently right now, and this is why I brought you all here."

As soon as Teng Xiaoshan finished speaking, Phoenix Master said

"Senior Teng said exactly what he said, so after this conference, we must mobilize the power of the three clans and send out all the fourth-level and above disciples to find the whereabouts of the Bai family and Wu family children."

"good! If we can find the descendants of the Bai family and the Wu family, it will not only save us from our current critical situation. When the five tribes unite, their strength will increase greatly again, and there will be more hope for revenge against Long Xing in the future."

Then everyone started discussing intensely.

After a moment of discussion, Teng Xiaoshan concluded

"Then it's settled. The first step of our three clans' plan is to protect ourselves from the Holy Lord. After this meeting, Lord Qing, Lord Phoenix, and Lord Teng were also invited to issue orders to all clans to send their fourth-level and above disciples to all corners of the Kun Kingdom to search for the whereabouts of the Bai family and the Wu family."

"If you are lucky enough to find it, our five races can successfully protect themselves. Then we can proceed with the next step of our plan, which is to deal with Long Xing. If we don't find it, then we will have to reluctantly give up the Golden Spirit Pearl and continue to live an ignoble existence. Qing Yanhai said worriedly:"

Everyone, in fact, even if you send all the fourth-level and above disciples of the three tribes out to look for the disciples of the other two tribes, you will still be looking for a needle in a haystack in this vast sea of people!" What's more, time is so tight, there are only two years!"

Teng Xiaoshan also shook his head helplessly and said:"Hey! That's all it can do for now. We can't give up on the Golden Lingzhu now!"

But at this moment, Qing Tianqi, who had been silent all this time, suddenly spoke.

"Senior Teng, I have a question in my mind. I wonder if I can ask you for advice?"

Teng Xiaoshan smiled and said:"Tianqi, just say it!"

Teng Xiaoshan's attitude toward Qingtian Qi is very friendly.

"Senior, I relied on the Snake Order you gave me to find the Teng family members. I wonder if the Bai family and the Wu family have similar White Tiger Orders and Xuanwu Orders, so that they can find the children of the other two families?"

Teng Xiaoshan replied:"Of course! Although the White Tiger Ling and Xuanwu Ling are not belonging to my Teng family, the pharaoh who made them knows about them. However, if you want to refine the White Tiger Token and Xuanwu Token, you must use the blood essence and blood of the descendants of the Bai family and the Wu family."

"But where can I find the essence and blood of the children of these two tribes? If we can find their essence and blood, doesn't it mean that we already know their whereabouts? Why do we need to refine the White Tiger Token and the Tang Snake Token?"

After saying this, Teng Xiaoshan shook his head slightly.

Many people in the meeting also smiled and shook their heads, saying to themselves: "It seems that Tian Qi is still too young, and the questions he raised are too naive!"

But he didn't expect it, Qing Tianqi still smiled and said: "Senior Teng, Tian Qi knows that there is the blood essence and blood of the children of the Wu family."

As soon as these words came out, everyone was shocked..

Chapter 2539

Teng Xiaoshan was even more surprised and asked: "Do you really know?"

At this time, Phoenix Master seemed to have remembered something, and suddenly slapped the table with his palm and said excitedly

"oops! Why didn't I think of this? Senior Teng, Tian Qi is right. He really knew that there was the essence and blood of the children of the Wu family. Because the essence and blood of a child of the Wu family flows in his body, his mother is a child of the Wu family, and he is a rare descendant of the same blood."

As soon as these words came out, the whole audience was shocked.

The Teng Master also immediately remembered the matter of testing Qingtian Qi's true blood that day.

The blood test that day revealed the true blood of three holy beasts from Qingtian Qi's blood essence. One of them is Xuanwu.

After only a short period of silence, the venue was in uproar again.

Everyone looked surprised. Teng Xiaoshan even said with great joy: "Haha!! Tianqi, you are really the lucky star of our three clans. I never thought you still have the blood of the Wu family flowing through you."

"such a pity! You still have the True Blood of Azure Dragon in your body, and I can't separate it from it. It seems that I can only refine the Xuanwu Token by asking your mother to donate some blood essence. With the Xuanwu Order, it will be much easier to find the children of the Wu family."

"Ha ha!! yes! Unexpectedly, Tianqi brought us another unexpected surprise."

At this time, Teng Xiaoshan thought of another question.

"Huh! By the way, since your mother is a child of the Wu family, why don't you know the whereabouts of the children of the Wu family? Doesn't your mother know?"

As soon as this question was asked, everyone became confused.

At this time, a tall figure stood out from a corner of the hall.

This person was none other than Qing Yunfeng, the father of Qing Tianqi.

Although Qing Yunfeng was not a seventh-level elder, but with his performance He was an outstanding resource and was invited to attend such a major meeting.

Teng Xiaoshan was surprised to see Qing Yunfeng suddenly stand up.

He saw Qing Yunfeng bowing to him and said

"Senior Teng and junior Qing Yunfeng are Tianqi's fathers. Tianqi's mother is also the younger generation's wife. In fact, Tianqi's mother is an orphan. She has been independent since she was a child. Even she herself does not know that she is a child of the Wu family, and naturally she does not know the whereabouts of other children of the Wu family."

After hearing this, everyone suddenly realized

"I see! So where is she now?"Teng Xiaoshan asked anxiously again.

Qingyunfeng smiled bitterly, and then told the story that his wife was in a coma. He also told the cause and effect.

Qingtian on the side listened, and his heart was greatly touched.

Although he did not see it with his own eyes. He had passed his mother, but every time he thought of this moment, he felt a faint pain in his heart, which was a kind of blood-related pain.

Ming Ling'er saw Qingtian Qi suddenly looked bad, and she knew that Qingtian Qi must be because of her mother's death. Feeling sad about the incident, he whispered comfort at the moment.

However, after Teng Xiaoshan silently listened to Qingyunfeng's words, he sighed:"It turns out that the true blood of the three series of holy beasts flows in Tianqi's body! It seems that even I underestimate Tianqi!"

After saying that, Teng Xiaoshan felt extremely pleasantly surprised. After all, the stronger Qingtian Qi is, the more confident he will be in handing over the future of the three clans to Tianqi.

"By the way, Yunfeng! According to you, Tianqi's mother's life essence should have been sucked out by the true blood of the holy beast, and her soul fell into a deep sleep. Only by relying on the ninth-level warrior's induction of the soul level can her soul be reawakened. How about this! You take me over there to see if you can revive her. Hearing this

, Qingyunfeng was overjoyed and hurriedly said gratefully:"Junior, thank you, Senior Teng, for helping me!"

At this time, Ming Ling'er also stood up and smiled.

"Let me go too! The little girl also wants to see what my mother-in-law looks like? I wonder if my father-in-law is willing?"

Seeing Ming Ling'er asking, Qing Yunfeng broke out in cold sweat on his forehead, and nodded immediately.

"If Linger wants to go, I am willing!"

Qing Yunfeng was still very helpless towards this daughter-in-law who was too strong and had a bad temper.

However, he was still happy that Ming Ling'er was willing to go. After all, Ming Ling'er was also a ninth-level powerhouse.

Ming Ling'er was Seeing him like this, the son smiled and said:"Father, since I am your daughter-in-law, you don't have to be so polite in the future, just call me Ling'er!" Let's go now!"

At this moment, this meeting of the three tribes is over..

Chapter 2540

Teng Xiaoshan and Ming Ling'er, led by Qing Yunfeng, went to Qing Yunfeng's residence.

Qingxuan Lin, Phoenix Master, Teng Master and others left in a hurry to arrange other matters.

On the way to Qingyunfeng's residence, Qingtianqi thanked Ming Ling'er quietly.

He knew that Ming Ling'er was willing to save his mother because of his own face.

Ming Ling'er was grateful when she saw the blue sky, and she was secretly happy in her heart.

Not long after, everyone arrived at Qing Yunfeng's residence.

Qingtian Qi also saw his mother lying on Hanyu's bed. She was a beautiful woman. More than ten years of sleeping had not left any traces of time on her face.

"Tianqi, this is your mother!"

Qing Yunfeng looked at the woman on the bed affectionately, with tenderness in his eyes.

Qing Tianqi slowly walked up to the bed and looked at the beautiful and haggard face in front of him, feeling a little pain in his heart.

At this time, Ming Ling'er said softly: "Tianqi, come here and let me see how my mother-in-law is doing."

At the moment, Qing Tianqi asked Ming Ling'er to go up and check.

After Ming Ling'er checked, he informed Qing Yunfeng and his son that Tian Qi's mother's soul had indeed fallen into a deep sleep, and was now on the verge of soul collapse. If it were delayed for another two or three seconds, There is no way to save him.

Fortunately, now there are two ninth-level warriors, Ming Ling'er and Teng Xiaoshan. It is no problem to save Tian Qi's mother, but it will take a lot of trouble to hear these words. Qing Tian Qi's heart In a hurry, they immediately asked Ming Ling'er and Teng Xiaoshan to help.

For Tian Qi's sake, the two of them would not refuse and immediately rescued Tian Qi's mother.

But on the other side, after the meeting of the three clans was over.

Phoenix Master and Teng Master took the elders of each tribe back to their base.

Soon, the news about Qingtian Qi's possession of the divine weapon spread among the children of the three tribes.

This incident naturally caused a big sensation, and even more so among the children of the three tribes. I was very excited.

This means that among the three tribes, there is not only a ninth-level powerhouse named Teng Xiaoshan, but also a ninth-level powerhouse named Qingtian Qi. For a time, Qingtian Qi became famous among the children of the three tribes, and was regarded as a young child of the three tribes. The idol among them was the number one among the young disciples.

Next, there was another incident that caused a stir among the three tribes.

That was about the Holy Lord coming to the Kun Kingdom because of the Golden Lingzhu.

This incident also shocked the three tribes. The disciples know that the current situation is critical and the three clans are not in safety.

Everyone has a clear goal in mind, which is to find the whereabouts of the descendants of the Bai family and the descendants of the Wu family as soon as possible.

In the next two days, all clans are making urgent plans to go there. A plan to find the whereabouts of the children of the two families.

But that night, it was the night of the third day that Qingtian Qi returned to the clan.

Deep in the area where the Qing family resided.

There was a cliff there, and a waterfall hung on the cliff, flying down from the sky..Below the waterfall is a clear pool.

Under the moonlight, the water ripples, which is very beautiful.

At this moment, a red-haired boy is sitting on a rock in the middle of the pool with his eyes closed, practicing, and beside him stands a Jue The beautiful woman in white was looking at him tenderly.

The red-haired boy was naturally Qingtian Qi, and the woman in white was Ming Ling'er.

After a while, Qing Tianqi opened her eyes from practicing.

Ming Ling'er on the side sensed When Qing Tianqi finished practicing, he immediately said with joy

"My dear husband, you have finally finished practicing!"

Qingtianqi glanced at her gratefully

"Ling'er, it turns out you've been staying with me! Ming

Ling'er smiled sweetly and said:"My dear husband, you are practicing alone in such a wilderness late at night. Of course Ling'er must protect you.""

"Linger, thank you!"

"Silly husband, Ling'er is your wife, and a wife should be kind to her husband, so Ling'er doesn't need your thanks, just remember how good Ling'er is to you."

"Um! I will remember."

Qing Tianqi's words are true. During this period, Ming Ling'er has done a lot for him. He sees it in his eyes and remembers it in his heart. He is naturally very moved. He must be strong towards Ming Ling'er. The matter of his wife is no longer so contradictory, although he still doesn't quite know what his wife is?..
