

God level 2561

Chapter 2561

"alright! Erzi, stop being lazy here and go to work quickly. Don't worry, I see all your hard work these days, and I will reward you when the time comes. Go for it!"

"Good class! Then thank the shopkeeper for the reward! Don't forget it!"

Actually, what the shopkeeper said is right. Since the Rookie Conference is about to be held, there are now many young warriors gathered in Red Gold City.

These young warriors all came from the vicinity of Red Gold City, and they all want to rush to Kyoto to attend the Rookie Conference.

Of course. , a large number of these young warriors are just there to join in the fun and have no intention of participating.

After all, such a grand event is only held once every ten years. Even if you don't have the strength to participate in the battle, you will not have any regrets if you can witness it with your own eyes..

How many decades can there be in a life?

At the same time, the young warriors in the hall were also talking enthusiastically about the rookie conference in more than a month.

"Ha ha!! Brother Wang, I didn't expect you to go to Kyoto this time! I happened to be with my little brother"

"yes! I am twenty-eight years old this year. If I don't go to the Rookie Conference, I won't have a chance next time. I remember the last rookie conference, I was only eighteen years old. At that time, my cultivation level was only the first level. My cultivation level was too low, so I didn't dare to go. This time, I have to participate no matter what, so that my life will be regret-free!"

"What Brother Wang said is true, but with Brother Wang's second-level peak cultivation level, he should be able to pass the first test!!"

"yes! Brother Wang's cultivation is one of the best among us. He will definitely be able to pass the first test."

"Ha ha!! As long as he can pass the first test, Wang will be satisfied. This time, Wang went to Kyoto to participate in the rookie conference, but he didn't dare to think about the rookie list. Anyone who can enter the rookie rankings, who is not a genius? How dare Wang have such extravagant hopes?"

"hehe!! Brother Wang, please stop being humble. You can still be qualified to take part in the preliminary examination. We are not even qualified to take part in the preliminary examination. We just went there to join in the fun."

It turns out that to participate in the Rookie Conference, in addition to being under thirty years old, you must also have a second-level cultivation level or above to be eligible to participate in the preliminary examination.

And those young warriors have not even reached the level of a second-level warrior.

In fact, there are not many people in this hall who have reached the second level of cultivation.

At this time, another conversation came from another corner of the hall.

"By the way, in this rookie conference, how many of our top ten young masters in Red Gold City will be able to enter the rookie rankings?"

After hearing this, the hearts of many young warriors became active.

After all, young people have a heart for comparison and a sense of regional pride.

At that moment, someone said:"If you ask me, what are the top ten in our Red Gold City? Although the young masters are not as good as those from the top ten cities, the strength of our Red Gold City has always been second to none among medium-sized cities. There are also many young talents with high abilities. I think there are probably two or three people who can make it to the rookie list!"

"hehe!! I don't know exactly how many people can enter the rookie list, but one person will definitely enter the rookie list, and that is Young Master Jin, who ranks first among the top ten young masters in Crimson Gold City!"

"good! There is no doubt that the Fourth Young Master Jin will definitely make it to the rookie list. The Fourth Young Master Jin is only nineteen years old, but his cultivation has reached the pinnacle of the third level of Dzogchen. He is only one step away from the fourth level. He is definitely a genius."

"yes! If only I could see the elegance of the Fourth Young Master Jin with my own eyes! How wonderful that would be!"

While the young warriors were discussing, two more people came in from the door.

These people were led by a young man in his mid-twenties, dressed in fine clothes, who was obviously a son of a wealthy family.

There was also a man beside him. A beautiful girl of sixteen or seventeen years old.

As soon as the two entered the door, the eyes of all the young warriors first fell on the beautiful girl.

The girl had a fair complexion, an oval face, and willow-leaf eyebrows. She was pure and delicate with a little cuteness, which was rare. beauty at first sight

"This girl is quite beautiful!"

Everyone sighed in their hearts..

Chapter 2562

But at this moment, the young men looked at the young man next to the girl.

When they saw that the young man was actually a third-level warrior, they all showed a look of awe on their faces.

At that moment, no one dared to take another look at the girl. They all lowered their heads as if they had not seen anything, for fear of arousing the young man's anger.

It seemed that the young man also felt the fear of him from the people in the hall. He just smiled slightly and did not care too much about what those people thought. Instead, he stood at the door and silently scanned the entire hall.

After a while, the young man shook his head and sighed.

The beautiful girl next to him immediately asked:"Brother, are there no masters here?"

The young man shook his head helplessly and said:"No! The one with the highest cultivation level here is only at the second level peak."

"Why!"

Hearing this, the girl sighed softly.

The young man immediately comforted:"Little sister, you don't have to worry. Nowadays, most of the young masters nearby will pass by Red Gold City in order to rush to Kyoto to attend the rookie conference. There must be some hidden tigers and crouching dragons among these young warriors, and I believe they will be able to find masters. Let's try another inn."

"Why! Brother, today is the last day. Tomorrow is the date for the bet with Jin Yuancheng. If we can't find a decent master today, we will definitely lose tomorrow's bet."

Hearing this, the young man also had a sad face, and immediately said loudly:"Little sister, don't worry, even if I risk my life, I won't let that beast Jin Yuancheng succeed. Let's go and check out other inns!"

But the girl shook her head and said:"Brother, let's take a rest first!" I've been running all day and I'm hungry!"

"All right! Anyway, it's already lunch time, so let's finish our lunch here first, rest for a while, and then go to other inns to see if we can still find the master!"

At that moment, the man and woman found a seat and sat down.

When the waiter saw that the man and woman were about to sit down, he greeted them warmly.

"It turns out to be Mr. Zhou and Miss Zhou, please take a seat! Please take a seat!"

As the man and woman took their seats, some people started talking quietly.

"Who is that man? He is already a third-level warrior at such a young age, tsk tsk!! I think he is not simple!"

"yes! I think his qualifications are probably genius qualifications"

"Genius qualification? snort! Do you think genius is so easy to appear? That's one of a kind!"

"That's right, after all, genius is extremely rare. But even if this man is not a genius, he is at least a first-class one! And he is also an elite among the top talents. Even if they have superior talents, they are only one in a thousand. Elites among superior talents are even rarer. They can be said to be only one in a thousand. Tsk tsk!!"

"Um! Indeed it is. As we all know, most people in this world have inferior and lower qualifications. Even moderate qualifications are rare! What's more, he is still an elite with superior qualifications? It seems that this man is not simple! Who is he?"

"hehe!! You don't know who he is? It seems that you are coming from a nearby town?"

"good! We came from a nearby town and happened to pass by this red gold city"

"Then it's no wonder you don't recognize him. Let me tell you, this man is one of the top ten young masters in our Red Gold City, Zhou Hao, the seventh-ranked son of the Zhou family."

"Oh, it turns out he is one of the top ten young masters in Scarlet Gold City. I wonder why this man is so strong!"

At this moment, many young warriors cast admiring glances at Zhou Hao.

At this moment, the light and shadow outside the door dimmed, and another young man walked in.

This young man was carrying two swords and looked like he was no more than fifteen years old. He looks six years old.

He has sharp eyebrows and starry eyes, red lips and white teeth. He is very handsome. His shoulder-length red hair is casually draped over his shoulders, which adds a strange charm to him.

And his shoulders are just right. There was a sleeping little pet lying on his stomach.

When everyone saw the red-haired boy walking in, their eyes lit up and they secretly praised him.

"What a handsome young man."

Actually, this red-haired boy is none other than Qingtian Qi who is passing through this place..

Chapter 2563

It turned out that Qingtian Qi had been traveling day and night since he left the Valley of Ten Thousand Flowers, for two days and two nights.

He didn't get much rest along the way. He happened to pass by Red Gold City today, so he thought of resting here for a night before continuing on his way.

When Qing Tianqi walked into the hall, everyone felt that he was extraordinary and couldn't help but take a closer look at him..

Then everyone saw Qing Tianqi's cultivation clearly, and they all looked horrified.

"Huh! It is actually the pinnacle of the second-level perfection of the gold system! I'm not dazzled, right?"

"yes! You read that right! Tsk tsk!! This boy looks to be only fifteen or sixteen years old, but his cultivation has reached the second level of Dzogchen, and he is only one step away from the third level. It's really not easy! I think his qualifications are not inferior to that of Zhou Hao!"

"That's right! Being able to cultivate to such a level at fifteen or sixteen, I think his talent is likely to reach the level of a genius. Even if he is not a genius, he is still an elite among the best."

"Indeed! Unexpectedly, I met two extraordinary talents in a row today. First I met Zhou Hao, and now I met this red-haired boy. By the way, who is this red-haired boy? Why is it so unfamiliar? Is he from our Scarlet Gold City?"

"I do not know! I don't know him either!"

At this moment, many people looked at Qing Tianqi with respect.

In the world of warriors, only the strong will be respected. Even if Qing Tianqi is much younger than them, they do not dare to look down upon him. Qingtian Qi had more respect in his heart.

In fact, with Qingtian Qi's ability to hear, he naturally heard all the people talking. At that moment, he smiled knowingly and pretended not to hear.

In fact, this time, After he came out of the valley, he had used the breath-condensing technique to hide all the other four elements of vitality, revealing only the weakest gold vitality. However, he didn't want to cause a small sensation as soon as he entered the inn.

This made Qingtian united. sigh

"Senior Teng once said that I am a person with profound blessings, and it seems that this is indeed the case. My metal talent is not as good as the earth talent, it's just an inferior talent. I have encountered many opportunities, and I have been lucky enough to cultivate Jin Yuanqi to the present point, but I don't want to mistake them for being an elite with higher qualifications."

Thinking of this, Qing Tianqi shook his head helplessly. Naturally, he would not tell these facts to those people.

But he was also sighing secretly in his heart. An elite with superior qualifications could actually make people from the outside sigh in such a way. That genius qualification is It can cause a stir among everyone.

In fact, this is also true.

In many small families, if a child with genius qualifications can be born, the whole family will be crazy about it, and the whole family will also be proud of this child.

Because A child with genius qualifications means that a future seventh-level master is about to be born.

And the birth of a seventh-level warrior means that this small family is about to enter the ranks of a mid-level family.

Its significance is really extraordinary.

In the Qing family, There is nothing extraordinary about being a unique genius, and the elders of the Qing family will not take it seriously.

Even if they are elite geniuses or above, the Qing family will not do their best to cultivate them.

Unless they have the qualifications of the invisible spirit body or above, it is possible Let the Qing family train them with all their strength.

This is the difference between the two.

This can't help but make Qing Tianqi sigh in his heart. In the past, he always felt that God was unfair to their Qing family, because without the Qing Dragon Pearl, if the people of their Qing family were in their fifties, If you cannot practice to the seventh level before the age of 10, you will die.

Even after you reach the seventh level, you will not be able to break through to the eighth level in this life, because once you break through to the eighth level, your body will explode and die.

Now think about it, this is also a punishment from God.!

As the saying goes, every gain must come with a loss. God has given the Qing family superhuman wood talent, so naturally it will also impose some restrictions.

Thinking of this, Qing Tianqi couldn't help but smile. Maybe he thought too much..

Chapter 2564

But at this moment, the waiter at the shop greeted him warmly

"This young hero, are you here to fight? Or staying in a hotel?

Qingtian Qi thought for a moment and said,"I'm here to stay in the hotel. Are there any guest rooms?"

"This young hero, I'm sorry! All the guest rooms in our hotel are fully occupied"

"That's it!

Qing Tianqi frowned slightly and said,"Then let's do this!" I'll hit the tip here and leave after lunch. You go and get me some good wine and tea."

"Good class! Young hero, please sit over here. There are private seats over here."

At this moment, the waiter led Qingtian Qi to an empty seat.

But at this moment, a young man stood up not far away and said to Qingtian Qi

"This friend, I wonder if I can honor him and let Zhou treat me, so that everyone can make friends."

The person who spoke was Zhou Hao.

Qingtian Qi was slightly startled. He obviously didn't know the twenty-five or six-year-old young man in front of him.

However, the young man in front of him was a third-level warrior, but he was so polite to him. In his heart, I couldn't help but be a little curious.

After just a brief pause, Qing Tianqi smiled and said:"Okay!"

Immediately, Qingtian Qi walked to Zhou Hao's table happily. When

Zhou Hao saw Qingtian Qi's agreement, Zhou Hao's face showed joy.

He said happily:"Waiter, please remove these wines and dishes quickly and replace them with better ones. Zhou Hao is going to eat today. Treat this little brother well.

Qing Tianqi immediately said:"Brother Zhou, there is no need to be so polite!"

"where! where! I think the little brother looks familiar, and his accent is not a local accent. I guess he is not from Chijin City, right? Qing

Tianqi smiled slightly. He knew that Zhou Hao was spying on his origins, so he immediately said:"Not bad!" It's true that I'm not a local, I'm just passing through here."

"Oh I got it! Little brother, let's sit down first and then talk!"

Zhou Hao enthusiastically asked Qing Tianqi to sit down.

As soon as Qing Tianqi sat down, he smiled and said:"Brother Zhou, I'm a little strange. You and I met by chance and don't know each other. Why do you want to invite me to dinner?"

"Ha ha!! Zhou Hao laughed,"Little brother, Zhou wants to make friends with you. As for the reason, why don't we finish the meal first and then talk about it!"

Qingtian Qi looked upright.

"As the saying goes, eating someone else's mouth is short, and taking someone else's hand short. If Brother Zhou doesn't explain the reason clearly, this meal will be difficult for the younger brother to swallow."

Hearing this, Zhou Hao glanced at Qing Tian Qi in surprise. He was surprised that Qing Tian Qi was thoughtful and sophisticated, and not as rash and impulsive as he appeared.

At that moment, Zhou Hao smiled sheepishly and said

"In this case, Zhou opened the window and spoke frankly. Zhou wanted to invite his little brother over, and he really had something to ask for. Before telling the reason, Zhou introduces himself first. Zhou is a descendant of the Zhou family in Scarlet Gold City. His surname is Zhou Minghao. This is my biological sister Zhou Mei."

It turns out that the beautiful girl next to Zhou Hao is his biological sister Zhou Mei.

When Zhou Mei was introduced, Zhou Mei also smiled tenderly at Qing Tianqi. Apparently she didn't hate the red-haired boy in front of her.

Next Well, Zhou Hao asked again:"I wonder what your little brother's surname is?"

"My surname is Wang. My younger brother Wang Tianqi has met Brother Zhou!"

"It turned out to be little brother Tianqi. Little brother Tianqi, this is actually what happened. Zhou invited Brother Tianqi here because he wanted to ask Brother Tianqi to help me with boxing."

"Assist boxing? Qingtian

Qi shook his head slightly and said

"Brother Zhou is a third-level warrior, and I am only a second-level warrior. How can I help you?"

"Brother Tianqi is humble. Brothers Tianqi are second-level Dzogchen pinnacle warriors, and they are also gold-type warriors who are known for their attack power. Their strength should not be

underestimated! In fact, the gambling battle between me and others is divided into five rounds. The winner is determined by a best-of-five round system, so five people are needed."

"Zhou has already found three people, including Zhou himself, there are four people. However, it is difficult to find the last candidate."

"Because we both stipulate that those who participate in the bet must be warriors under the age of thirty, and for warriors under the age of thirty, it is not easy to find a warrior of the third level, let alone a third-level warrior."

"Fortunately, Zhou met Brother Tianqi here today, so Zhou begged Brother Tianqi to help Zhou! I wonder what Brother Tianqi thinks?"..

Chapter 2565

Qing Tianqi smiled and said:"Then it depends on Brother Zhou giving me a reason to help."

Zhou Hao seemed to understand and said with a smile:"Brother Tianqi, don't worry, as long as you are willing to help, Zhou is willing to pay 10,000 gold coins As a reward. What do brothers Tianqi think?"

Qing Tianqi smiled and said nothing.

This immediately made Zhou Hao a little puzzled, and said to himself:"Ten thousand gold coins is a lot of money. It is very attractive even to third-level warriors. Why doesn't this kid express his position? Is this kid too little?"

Thinking of this, Zhou Hao asked:"Brother Tianqi, do you think the reward is too little?"

Qingtianqi smiled and said:"Brother Zhou misunderstood. Ten thousand gold coins invite a second-level Dzogchen warrior. Such a price It's already very high. It's just that I'm not interested in gold coins."

After hearing this, Zhou Hao and Zhou Mei looked at each other, and they both saw surprise in each other's eyes.

At the moment, Zhou Hao pondered for a long time before sighing:"I see, it seems that it will be difficult for me to invite Brother Tianqi! Alas!"

Qing Tianqi smiled and said:"That's not necessarily the case. As of now, Brother Zhou hasn't told my younger brother the reason for the gambling fight yet. How about you tell me first?"

Hearing this, Zhou Hao looked happy. He knew there was hope again, so he said:"Okay! Since Brother Tianqi invited me, then Zhou Hao will Let me tell you what happened."

At that moment, Zhou Hao told Qingtian Qi the whole incident.

It turns out that's what happened.

In Crimson Gold City, the Jin family is the largest family. Because the Jin family is a blood-successor family, it has always been outstanding in the talent of the gold system. Its children are naturally much better than those of ordinary families.

Among the top ten young masters in Scarlet Gold City, four are descendants of the Jin family.

This shows the strength of the Jin family.

The story happened to a member of the Jin family.

That man was ranked second among the three generations of the Jin family, his name was Jin Yuancheng, and he was ranked fifth among the top ten masters in Scarlet Gold City.

Although this Jin Yuancheng has outstanding talent, he is ugly in appearance.

It's okay to be ugly, but he was a romantic and extremely lustful person, which caused harm to many young girls.

Not long ago, Jin Yuancheng accidentally saw Zhou Hao's sister Zhou Mei, who was as beautiful as a flower. He became lustful and stepped forward to tease her.

However, he was hit by Zhou Hao and stopped him on the spot.

Zhou Hao is also one of the top ten masters, and his strength is not much worse than Jin Yuancheng.

Seeing that he couldn't get any advantage, Jin Yuancheng gave up.

After returning, Jin Yuancheng came up with another plan.

He wanted his parents to give a betrothal gift to the Zhou family, and he wanted to marry Zhou Mei back home as his wife, so that he could ravage Zhou Mei openly and openly.

Zhou Mei naturally refused to agree.

The Zhou family's parents also knew Jin Yuancheng's character and politely refused.

Seeing the Zhou family's rejection, Jin Yuancheng was furious.

Not only was Jin Yuancheng furious, but the Jin family was also furious. The Jin family was the dominant family in Chijin City. The Jin family wanted to marry the Zhou family, which should be a great thing for the Zhou family. However, the Zhou family actually refused. This It greatly damaged the Jin family's face.

But the Jin family would not be willing to exterminate the Zhou family because of this incident.

At that time, the Jin family put pressure on the Zhou family and made a request.

Since the Zhou family does not care about the face of the Jin family and has hurt the face of the Jin family, this matter cannot be easily revealed.

However, this is a matter between the juniors after all. It is not easy for the elders to interfere, so let the juniors handle it on their own.

And the way to deal with it is very simple.

That is, each family sends five children to start five games of gambling.

The winner will be determined by a best-of-five series.

Zhou Jiasheng, this matter is over!

If the Jin family wins, the Zhou family will apologize to the Jin family and marry Zhou Mei to Jin Yuancheng.

Under the pressure of the Jin family, the Zhou family had to agree to this condition.

Of course, in order to prevent other family forces from gossiping about bullying the Zhou family, the Jin family relaxed a condition for the Zhou family.

That is, the Zhou family can find someone to assist in boxing, but the person who assists in boxing must be a young martial artist under the age of thirty.

Because this is a battle between young warriors.

Although the Jin family's words sounded nice, in fact, this matter had already spread throughout the entire Crimson Gold City.

And the Jin family secretly said that anyone who dares to help the Zhou family will be against the Jin family.

At the moment, some of the young talents among the top ten masters expressed their neutrality, and no one dared to help the Zhou family.

For the sake of his sister's future happiness and the dignity of the Zhou family, Zhou Hao had to look for masters everywhere for days.

Only today did he find the three of them, and tomorrow is the date for the bet.

After saying this, Zhou Hao sighed helplessly..

Chapter 2566

Zhou Mei also looked sad

"So that's what happened! It seems that the Jin family is very domineering! Marrying or not is a voluntary matter, how can they force it?"

Qingtian Qi sneered slightly

"yes!"

Zhou Hao smiled bitterly.

"In fact, even if Brother Tianqi is willing to help, in tomorrow's battle, we will lose more than we win! The Jin family is an ancient blood family, and its children are indeed not simple!"

"Blood step family?"

Qingtian Qi sneered in his heart. He knew that the blood successor families still in Dakun were all traitors who betrayed their five ancient clans and followed Long Xing.

At that moment, Qingtian Qi thought in his heart

"No matter who is right or wrong in this matter, it depends on whether the Jin family has taken refuge in Long Xing. I will also help the Zhou family, which is considered a bad breath! Besides, this matter is the fault of the Jin family!"

Thinking of this, Qing Tianqi said: "Brother Zhou, I have thought about it. I have a fight tomorrow, so I will go there!"

Hearing this, Zhou Hao was overjoyed

"Ha ha!! Then thank you Brother Tianqi!"

"Brother Zhou is so polite! By the way, Brother Zhou, I want to ask you something"

"Since the Jin family is a blood descendant family of the metal system, and they practice all the metal system techniques, I wonder if the Jin family has any spiritual objects that can help break through the bottleneck of the second-level Dzogchen peak to the third level, or if they have fire-based martial arts such as the Fire Dragon. A superior martial skill like roaring?"

Zhou Hao was stunned by Qing Tianqi's sudden question. After thinking for a moment, he said

"I know the roar of the fire dragon you are talking about. After all, I am a fire martial artist and know some about fire martial arts. But the Jin family does not have such similar martial arts, because no one has heard that any of the Jin family's children have used such martial arts."

"However, you said that the Jin family has spiritual objects that can break through the bottleneck of the second-level Great Perfection peak of the gold system. I heard that a rare gold-based spiritual object called the Jinti tree was planted in the forbidden area of the Jin family."

"It bears fruit only once every fifty years, with only sixteen fruits each time. The fruit produced is called golden grapes, and the quantity can be said to be very small. If a gold warrior wants to break through the bottleneck of the second level of Dzogchen Peak, taking gold grapes can increase the chance of breakthrough by 10%."

"This effect is similar to the effect of Fire Jade Lotus Seed on fire warriors. In fact, many children of the Jin family relied on golden grapes to break through the second-level bottleneck. Fortunately, the number of golden grapes was scarce, otherwise more children of the Jin family would have broken through to the third level."

After hearing these words, Qingtian Qi remained silent, but he was secretly happy.

"I didn't expect that there are spiritual objects like golden grapes in this world, so I have to find a way to get one or two from the Jin family. Now my gold cultivation level has reached the second level bottleneck, I just use it to break through"

"It's just that the chance of breakthrough increased by this golden grape is only 10%. I wonder if it can help me break through the golden energy to the third level? No matter how many things there are, let's get the gold raisin first!"

But Zhou Hao told Qingtian Qi the whole story.

Qingtian Qi also agreed to help.

Then the two chatted happily. Zhou Mei on the side just smiled but said very few words.

While talking and laughing, Qiuqiu was also disturbed. Woke up.

Looking at the table full of food and wine, Qiuqiu was not interested. It had never liked this kind of food. It only ate gold-type spiritual things.

Seeing Qingtian Qi and others eating and drinking, Qiuqiu was also hungry.

But , Qiuqiu is very smart. It knows that it cannot ask Qingtian Qi to eat Yuanmai Blue Gold in front of people. That would be too shocking.

Let's not mention that Yuanmai Blue Gold is extremely precious, let's just say that it can eat metal spiritual objects directly. The ferocious beasts would also make people very suspicious.

At that moment, Qiuqiu chirped at Qingtian Qi a few times, and then fled and slipped out to play by himself.

Qingtian Qi smiled slightly and did not stop him.

He stayed with Qiuqiu. After living for so long, Qingtian Qi can more or less understand some of Qiuqiu's language.

He knows that Qiuqiu is hungry, so he wants to go out to find some food by himself and will be back soon.

Seeing Qiuqiu and Qingtian Qi interacting like this, Zhou Hao and Zhou Mei both showed a hint of envy.

Especially Zhou Mei, she liked Qiuqiu's cute look very much..

Afterwards, the three continued to talk.

After the three of them finished their meal, Zhou Hao said slightly embarrassedly

"Brother Tianqi, thank you for your kind help this time. Zhou is grateful. It's just that Zhou is in an emergency now, so I'm afraid I can't take you to our Zhou home in person. Why don't I tell you the address of our Zhou family and ask Brother Tianqi to go there yourself and tell me my name? Our Zhou family will treat Brother Tianqi warmly. Hearing this ,

Qing Tianqi didn't pay too much attention and said with a smile:"Brother Zhou, you're welcome. If you are in a hurry, then you should go ahead!"

When Zhou Hao expressed his apology again and again, he and Zhou Mei left first.

As soon as they left the inn, Zhou Mei couldn't wait to say

"Brother, is the Qingtian Qi you hired a little weaker? The other three people we invited are all third-level warriors, but Qingtian Qi is not even a third-level warrior. As for the five people the Jin family is going to send, we probably all know who they are."

"Those five people are all warriors of level three or above! No matter how talented Qingtian Qi is, he is still a second-level Dzogchen peak warrior after all! How could a second-level Dzogchen pinnacle warrior be the opponent of a third-level warrior? Zhou

Hao shook his head and smiled bitterly:"Sister, do you think I don't know about this?" I am helpless too! We have been searching for so many days, but we have not found the fifth third-level warrior under the age of thirty. This Qingtian Qi is the strongest one we have found below the third level. We have a betting fight tomorrow, and we don't have time, so let's use him to top up our numbers first! Hearing this

, Zhou Mei cried slightly and said,"Brother, do you want to give up on your sister?" You asked Qingtian Qi, who was bound to lose in the battle, to help us fight. Are you obviously forcing your sister to marry that bastard Jin Yuancheng?"

Zhou Hao said distressedly: "Little sister, don't cry! Why is my brother willing to let you be ruined by that bastard Jin Yuancheng?"

"My brother's request for Qing Tianqi's help is just a temporary measure. I'm worried that if we really can't find another third-level master, we can't just pull in a second-level warrior to help at that time, right?"

"In other words, Qingtian Qi is also at the pinnacle of the second-level Dzigchen, and is much stronger than ordinary second-level warriors. In fact, my brother asked Qing Tianqi to report to our Zhou family, just to let us take time to visit a few other inns to see if there are any young masters in other hotels."

"So this is ah!"

Zhou Mei burst into tears and laughed.

"I knew my eldest brother would not ignore Meier like this! Brother, if we really find another third-level warrior, how will we explain it to Qingtian Qi?"

"Why!"

Zhou Hao sighed softly.

"How to explain? I can only tell him the truth, hope he can understand! However, as a brother, you can't treat him badly. Since he is not afraid of the power of the Jin family and is willing to help, even his bravery and bravery are respected! When the time comes, I will give him some gold coins as an apology!"

"Brother, I'm afraid that Qingtianqi won't accept your gold coins. He doesn't seem to be interested in money."

"If he is not interested in money, then find other ways to express your apology! I think Qing Tianqi is a knowledgeable and reasonable person"

"Um! My little sister thinks so too. Moreover, Qing Tianqi has such a high level of cultivation at such a young age. It seems that his talent is only above that of his elder brother, not below him. If he reaches his age, his achievements may be higher than his elder brother's!"

"It's just that he is a bit younger and looks younger than Mei'er. It would be great if he was older than Mei'er. What a pity!"

Speaking of this, Zhou Mei's little face turned red inexplicably.

"Forget it, let's not talk about him. Brother, let's continue to check out other inns! Let's see if we can find another level 3 master. If we can find another level 3 master, there is still hope that we can win the gambling battle tomorrow."

"Um! Let's go! Hope you can find it!"

Then, the brother and sister Zhou Hao rushed to other inns.

In the inn, Qing Tianqi took a bite of food silently, with a self-deprecating smile on his lips.

"hehe!! It turns out they used me to top up their numbers! In fact, they didn't think much of me at all. They just asked me to be a backup candidate because they were afraid they couldn't find anyone. I said why didn't they just take me back to Zhou's house!"

With Qingtian Qi's divine hearing ability, he could naturally hear clearly the conversation between brother and sister Zhou Hao outside the inn..

Chapter 2568

At the moment, Qing Tianqi thought again:"However, that Zhou Hao has no ill intentions. He did this because he was anxious. This person's character is quite good. I was still doubting what he said to me before. It's true, now it seems he didn't lie to me"

"In that case, let me help you! Besides, even if I just want to get a gold raisin, I have to find a way to participate in tomorrow's gambling battle. Because only by doing this can I have a chance to get one or two gold grapes from the Jin family."

Thinking of this, Qingtian Qi made a decision in his heart.

At this moment, a white shadow ran in from outside the inn and ran directly towards Qingtian Qi.

However, he slipped out to look for Qiuqiu to eat. As soon as Qiuqiu came back, He jumped into Qingtian Qi's arms, opened his eyes wide, pointed out anxiously with his little paws, and kept shouting "Qingtianqi".

Qingtian Qi was immediately surprised and asked hurriedly: "Qiuqiu, what are you doing?"
Already? Did you find something outside?"

Qiuqiu nodded repeatedly and kept shouting.

Qingtian Qi thought about it and said: "Qiuqiu, lead the way!"

Qiuqiu immediately understood, and ran out first.

Qingtian Qi immediately followed.

After leaving the inn, Qiuqiu kept running out of the city.

Qingtian Qi was even more surprised, and he didn't ask any more questions. He continued to follow Qiuqiu.

He knew that Qiuqiu must have discovered something, otherwise he would not have taken him outside the city.

Just like that, Qiuqiu ran in front, and Qingtianqi followed behind.

Soon, one person and one beast After leaving the city gate, there was a small forest not far outside the city.

When Qiuqiu and Qingtian arrived at the small tree, he immediately looked around, seemingly looking for something. After searching for a long time, he still didn't know. Qiuqiu A look of doubt and disappointment suddenly appeared on his chubby little face.

Seeing this, Qingtian Qi stepped forward and asked: "Qiuqiu, did you just discover something in the woods? Now he suddenly disappeared again, right??"

"Gujiguji!!"

Qiuqiu nodded repeatedly.

At that moment, Qing Tianqi pondered for a while and said to himself

"What exactly did Qiuqiu discover? The thing was first discovered by Qiuqiu, and then disappeared. This indicates that it is probably a person or animal. Because people and animals can move, by the time Qiuqiu brought me over, the person or animal was already gone."

"The person who can cause Qiuqiu to react like this cannot be a strange person or animal. It is probably an acquaintance or a familiar animal."

"If he was talking about a familiar animal, it would probably be the Monkey King. But Tianshui City and Chijin City are far apart, so how could the Monkey King appear here? If it wasn't the Monkey King, it might be someone I knew well. But who could this person be?"

Thinking of this, Qingtian Qi's heart moved, and he immediately looked around the scene.

He found that there were indeed a few unclear footprints on the ground, but there were no claw marks around them.

At this point, Qingtian Qi finally decided in his heart that Qiuqiu saw it. The person who arrived should be a person.

And judging from the size of those footprints, they should be of the same person.

In other words, there was only one person Qiuqiu met, and it was someone he was very familiar with.

If it was someone he was familiar with, it was probably He is a descendant of the three Qing Feng Teng families.

Because Scarlet Gold City is the closest city to the Wanhua Valley, and deep in the Wan Hua Valley is the base of the three Qing Feng Teng families. There are many people he knows Qing Tianqi well there.

But Qing Tian Qi is a little strange, since he is familiar with them. Why do the children of the three tribes hide in hiding and not meet him directly?

"Could it be that he was just a passing kid from the three tribes who happened to be bumped into by Qiuqiu? It seems that this is the only way to explain it. If you come here specifically to see me, it is impossible not to come out and meet me."

Qing Tianqi thought so in his heart, squatting down to hit the ball fairway.

"Qiuqiu, forget it, since that person is gone, let's go back! The inns are all full now. Why don't we go directly to Zhou's house and stay one night at their house?"

"Gujiguji!!"

Qiuqiu pouted and nodded gloomily. It was obvious that he was very depressed that the person was missing.

Seeing Qiuqiu's cute appearance, Qingtian couldn't help laughing and couldn't help but stretched out his hand to touch Qiuqiu's little baby. head.

But when Qing Tianqi touched the top of Qiuqiu's head, a sudden change occurred...

Chapter 2570

Qingtian Qi also opened his eyes from the memories, with a look of surprise on his face

"It's the father! It's my father! Didn't he stay in the Valley of Ten Thousand Flowers? Why did he come here?"

He has already seen the appearance of the middle-aged man from Qiuqiu's memory. It is his father Qingyun Feng.

"Since my father is here, why doesn't he come out to see me?"

Qing Tianqi quickly looked around, trying to find his father's figure, but the surroundings were empty, and there was no sign of his father at all.

"Why! Maybe my father has his own purpose. Since he doesn't want to come out to see me, even if I want to find him, I may not be able to find him."

Thinking of this, Qing Tian Qi said helplessly to Qiu Qiu: "Qiu Qiu, there's no need to look for it, let's go back!"

Qiuqiu also nodded obediently.

At that moment, one person and one beast were about to leave.

But before Qing Tianqi left for a long time, an old crow suddenly flew up from the depths of the forest, screaming in the air and heading into the distance. Fly away.

The old crow seemed to be surprised and frightened.

Seeing this, Qingtian Qi's heart moved and he hurriedly walked towards the fairway.

"Qiuqiu, let's catch up with that crow!"

Qiuqiu understood and immediately transformed and spread its wings.

Qingtian Qi also jumped on Qiuqiu's back.

As soon as he sat firmly, Qiuqiu soared into the sky and chased the old crow.

The old crow was just an ordinary crow. Birds are not ferocious beasts at all.

Qingtian Qi rode Qiuqiu and captured the old crow in just two breaths. As soon as he captured the old crow, Qingtian Qi's heart moved and he put his left hand on the top of the old crow's head.

He was trying to see if this would allow him to get a memory from Lao Ya like before.

However, Qing Tianqi put his left hand on Lao Ya's head, but there was no reaction at all. That electric shock feeling didn't occur at all.

"Huh! Did I guess wrong? Or was that memory passed on to me by Qiuqiu himself? But why has Qiuqiu never done that before? Moreover, its eyes were confused and in a passive state at the time. It didn't seem like it was actively sending memories to me!"

Qing Tianqi was very confused. He was very concerned about the memory he got from Qiuqiu.

"Are there any trigger conditions needed? How about I try again!"

After thinking for a while, Qing Tianqi immediately closed his eyes and concentrated all his energy. His mind was constantly thinking about what happened to this old crow before to be frightened.

With such a Thoughts, Qing Tianqi's hand pressed on the top of Lao Ya's head again.

At the moment when Qing Tianqi's hand pressed on Lao Ya's head, that moment of electric shock appeared again.

Lao Ya, who was originally struggling, also became confused. , no longer struggling.

And Qingtian Qi also instantly obtained Lao Ya's previous memory.

This suddenly made Qing Tianqi open his eyes in surprise, with a look of disbelief on his face

"how so? Oh my God! I can really get the memory of this old crow from its recent past. It seems like I can do it if I just concentrate, so what the hell is going on?"

"Why didn't you realize that you had such an ability before? Forget it, don't think about it so much. From the old crow's memory, I knew what frightened it. It turned out to be my father hiding there!"

Thinking of this, Qingtian Qi smiled proudly, let go of Lao Ya, and directly ordered the ball to fly in the direction where his father was hiding.

After a while, Qiuqiu flew to the place where Lao Ya flew away.

Qing Tianqi jumped down from the air. , shouted to a bush

"Dad, come out! No need to hide, I know you are hiding behind there."

As Qing Tianqi finished speaking, an extremely handsome middle-aged man walked out from behind the bush.

This middle-aged man was Qing Yunfeng.

At this moment, Qing Yunfeng also had a look of surprise on his face.

"Good boy, I didn't expect you to discover me so quickly? It's earlier than I expected! By the way, how did you discover me?"..
