Chapter 2571

Qing Tianqi smiled slightly

"Guess! Because Qiuqiu can bring me over to meet people, who are naturally very familiar to me. Besides, when Qiuqiu and I were about to leave, the crow was frightened. Dad must have wanted to continue following us, which frightened the crow."

Qing Yunfeng's cold face showed a happy smile: "Not bad! Your guess is correct. It seems that worrying about being a father is unnecessary. It is difficult for others to hurt you!"

"Dad, you don't have to worry about this. By the way, dad, you didn't stay in Wanhua Valley, why did you follow me all the way here? Qingyunfeng smiled and said: "

Tianqi, actually, my father is worried about you alone. This trip to Kyoto is a long way, and I don't know what will happen on the way, so I want to escort you secretly for a while.""

"Originally I wanted to see you off a little longer, but I didn't want you to find out in advance, so I won't see you off in the future. From now on, you can only go to Kyoto alone. Your father cannot be by your side to protect you, so you must take good care of yourself."

Hearing this, Qing Tianqi was moved in his heart, and the long-lost warmth surged from the bottom of his heart again.

He knew that although his father had always been cold and serious, he still loved him deep in his heart.

"Dad, don't worry, I will take care of myself."

Qing Tianqi's voice was a little hoarse. His father always loved him silently, but he didn't want him to know.

"Well, that's good you know. By the way, Tianqi, besides secretly escorting you for a certain distance this time, my father also wants to give you something."

"what?"

"Take this! Qing

Yunfeng threw a handbook to Qing Tian Qi.

Qing Tian Qi opened it and saw that it suddenly read on the cover:"Secret Technique: Face Changing Technique.""

At this time, Qingyunfeng said again

"Last time we killed the four Nan Yan Lu Xie families, there must be some remnants. The remnants of these four families will definitely take refuge in Long Xing"

"And the last time you went to the forbidden area to sleep in, your identity has been exposed. Many of the four families know your appearance. Your appearance has probably been known to Long Xing. He will secretly order people to arrest you and try to find us from you. The nest of three tribes"

"Therefore, when you participate in the Rookie Conference this time, you must not participate in your original appearance. This face-changing technique is a secret technique that can change your appearance. After using this secret technique to disguise yourself, even a ninth-level warrior will not be able to detect that you are disguised."

"My father also relied on this technique to change his appearance, so he could hide in the Xie family for so many years without being noticed."

Hearing this, Qing Tianqi was overjoyed.

He was worried about how he should look when attending the rookie meeting.

He had thought about taking the Yi Rong Dan, but the Yi Rong Dan had a time limit, and when he was in the Xie family's forbidden area, there were also Many people have seen him take the disguise pill, which is not safe after all.

But he didn't expect that this time his father gave him the secret technique to disguise himself, which solved the problem in his heart. He was naturally happy..

Moreover, Qingtian Qi also knew how powerful this face-changing technique was.

At that time, Qing Yunfeng used the face-changing technique to change into another appearance and served as the deputy chief instructor in the Xie Family Preparatory Guard Camp. Qingtian Qi got along with him. Many times, I didn't realize that the deputy chief instructor was actually my father.

"Thank you, Dad!"

"Child, why are you being polite to me? You'd better hurry up and learn this face-changing technique! There might be Long Xing's spies along the way, so you'd better change your appearance as soon as possible"

"Um! Dad, I understand. By the way, Brother Tianling's appearance may also be known to others. I hope my father will also teach the face-changing technique to Brother Tianling."

"Um! I've thought of this a long time ago. Tianqi, as a father, I still have a question in my mind. Please answer me honestly."

"Dad, just ask!"

"How do you know it's me and not someone else hiding behind this bush? Or what about your Uncle Yunsheng?"..

Chapter 2572

When asked by Qing Yun Feng, Qing Tian laughed and said

"Because I saw my father's appearance through Qiuqiu, so I naturally knew it was you, not Uncle Yunsheng and the others."

"By balls?"

Qing Yun Feng was puzzled.

Qing Tian Qi immediately told Qing Yun Feng that he could obtain memories from Qiu Qiu and Lao Ya.

After hearing this, Qing Yun Feng had a look of surprise on his face and laughed loudly.

"Tianqi, I know what's going on, that's your inherited talent! Tianqi, I didn't expect that your inherited talent is the extremely rare psychic heart. This is really great. Tianqi, you are indeed the hope of our Qing family! Ha ha!!"

"Inherit talent? Dad, do you think my ability to gain ball memories is a legacy talent?"

"good! indeed so! After all the children of our Qing family are baptized in the Hualong Pond, the true blood of the Qing Dragon in their bodies is activated. Subsequently, each child of the Qing family will obtain an inherited skill. This inherited skill is random and needs to be taken slowly. awakened"

"Judging from your current situation, your inherited skill is the extremely rare 'Psychic Heart' among the dozen or so inherited skills of our Qing family. Judging from the fact that you can only obtain the memory of Qiuqiu for half an hour, your skill is The inheritance talent has just been awakened. If it is fully awakened, you can obtain all the memories of Qiuqiu in the three days before that."

Hearing this, Qingtian Qi was very surprised.

"Three days of memories! Dad, how can I fully awaken this inherited skill?"

"This is triggered by external factors. Just like your ability to hear, it is not fully awakened at the beginning. It is only fully awakened after you open the Fengchi point in your ear. This psychic mind also needs an external cause. As for what external cause, my father is not sure."

"Dad, you said that this 'psychic heart' is very rare, and it seems to be very powerful, but I only found that it can only gain some memories of animals, and it doesn't seem to be anything powerful!"
Qing

Yunfeng shook his head with a smile and said, "You kid, aren't you satisfied with such a good talent inheritance?" Let me tell you as a father! This psychic heart not only works on birds and animals, but also on people. It can also allow you to obtain some of other people's previous memories."

"That's it!"

Qingtian Qi's face began to move slightly.

"In this way, if my inherited talent is fully awakened. I can also know what a person did three days ago. How can he hide what he did three days ago in front of me?"

"good! This talent is very scary. If someone is targeted by you for a long time, then he will have no secrets from you. However, this is secondary, the biggest role of 'Psychic Heart' is another."

Hearing this, Qingtian Qi's eyes lit up. He didn't expect that the 'psychic heart' would have a greater role.

At that moment, Qingtian Qi hurriedly asked

"Dad, what greater role does the psychic heart have?"

Qing Yunfeng took a deep breath and said slightly excitedly.

"Generally speaking, a wood warrior can only have one natal psychic beast, because humans only have one soul. The so-called natal psychic beast is actually a kind of fusion of souls. It is unlikely that a wood warrior will have two natal psychic beasts."

"But in the history of our Qing family, there have been prodigies with two natal psychic beasts, and these prodigies, all of their inherited talents are 'psychic hearts'"

"Dad, do you mean that a person with the inherited talent of 'Psychic Heart' can own two natal psychic beasts?"

"exactly!"

After receiving Qingyunfeng's confirmation, Qingtianqi was immediately ecstatic.

Being able to have two natal psychic beasts means that after he reaches the fifth level of wood element cultivation, his strength will continue to increase greatly, which immediately made him ecstatic...

Chapter 2573

At that moment, Qingtian Qi couldn't help but get excited.

This is so great!

From now on, he will be able to have two natal psychic beasts, and his strength will be greatly increased!

By the way, currently his gold and earth talents are the worst.

Now that he has Qiuqiu, he can improve his gold talent in the future.

The next step is for him to find an earth element beast to be his natal psychic beast, so that he can improve his earth element qualifications.

However, he must find a certain powerful earth element beast."

Qingtian Qi became more and more excited as he thought about it.

Originally, he was worried about how to improve his earth element qualifications, but now he found a good way.

Seeing Qingtian Qi's happy look, Qingyunfeng poured cold water on him again.

"Tianqi, don't be too happy first. If you want to have two natal psychic beasts, you must fully activate the power of your 'psychic heart'. As for how to activate it, you can only explore it yourself."

"Dad, I know, I will definitely be fully aroused"

"Um! As a father, I have a suggestion for you. Signing a natal psychic animal is different from a pet. The natal psychic beast does not need to be cultivated from an early age. Even if there is a ferocious beast in the wild, you can sign a life contract with it"

"But there is a condition here. This condition is that you must defeat it with your own strength, so that signing a destiny contract with it can be successful. Otherwise, you will never let it become your destiny psychic beast. As a father, you Do you understand? Qing

Tianqi thought for a while and then said:"Dad, what do you mean, if I can defeat a sixth-level beast when I am at the fifth level, then I can also sign a life contract with that sixth-level beast?"

Qingyunfeng smiled and said,"You really dare to think!" However, you are right!"

"Dad, I know what to do."

At the moment, the father and son chatted for a long time.

Qingtian Qicai reluctantly took Qiuqiu and said goodbye to Qingyunfeng.

Looking at Qingtianqi's leaving back, Qingyunfeng showed a happy smile on his face.

After a while, the unsatisfied face No matter how young his face is, there is a slight sigh

"It's time for me to go back. Tianqi has grown up and doesn't need me to worry about him anymore!"

At this moment, Qing Yunfeng suddenly felt a little empty in his heart, as if something was missing.

When he was in the Zhou family, although he was not with Qing Tian Qi, he had been protecting Qing Tian Qi secretly, and even watched Qing Tian Qi with his own eyes. Qi grew up day by day.

And as Qingtian Qi grew up, he gradually no longer needed his secret protection.

"Why! Why do I think so much? Then again, this child is indeed a person with profound blessings. I didn't expect that his inherited talent turned out to be 'Psychic Heart'!"

"According to the historical records of our Qing family, those who can obtain the 'Psychic Heart' must be soul mutants, but soul mutants may not necessarily be able to obtain the 'Psychic Heart'. It seems that Tianqi is an extremely rare soul mutant!"

"In any case, anyone who obtains a psychic heart can own two psychic beasts, and their strength is naturally unimaginable. It can be said that everyone who obtains a 'psychic heart' will be a great influence in the history of our Qing family. figure"

"And there are only six such characters in our Qing family in the past ten thousand years, and Tian Qi should be the seventh. This incident is a happy event for our Qing family. I had better go back and tell my father quickly to make him happy too."

Thinking of this, Qingyunfeng's figure flashed and disappeared..

Chapter 2574

But it was said that after Qing Tianqi said goodbye to Qing Yunfeng, he took Qiuqiu back to Chijin City and went straight to the Zhou family.

According to the address Zhou Hao told him, Qingtian Qi found the Zhou family smoothly.

The Zhou family is a middle-level martial arts family and is also very famous in Crimson Gold City. Apart from the Jin family, there are only a few relatively large middle-level forces left.

This is also one of the reasons why the Jin family did not destroy the Zhou family in one fell swoop because of the Zhou family's refusal to marry.

If the Zhou family were just a small family, the results would be very different.

After arriving at Zhou's house, Qing Tianqi reported Zhou Hao's name directly to the guard and explained the reason.

The guard immediately reported back, and a middle-aged man came out after a while.

This middle-aged man claimed that his surname was Chen, and he was a foreign affairs deacon who was responsible for reception.

At that moment, Deacon Chen warmly received Qing Tianqi and arranged a good place for Qing Tianqi.

Afterwards, Qing Tianqi was given two maids and a boy to take care of him.

This is indeed to receive Qingtian Qi as a distinguished guest.

Qingtianqi is also very satisfied with everything.

Next, Qingtian Qi quietly asked the servant about the situation of the Zhou family.

After some questioning, he found out that the Zhou family could become a middle-class family because the ancestor of the Zhou family was a seventh-level warrior.

Having met many masters, the seventh-level warrior was not surprising in the eyes of Qingtian Qi, but in the eyes of the boy, he was a god-like figure.

In fact, the reason is very simple. The young man is just an ordinary person. He has never seen a person live hundreds of years. However, the ancestor of the Zhou family lived for more than three hundred years. The young man naturally felt that It is unimaginable to think that the ancestor of the Zhou family is a god-like existence in his heart.

When Qing Tian mentioned the ancestor of the Zhou family, the young man's tone was full of respect and yearning.

Regarding these, Qing Tianqi smiled and passed by.

Then, he asked the maids to prepare some hot water, washed himself, and then went to sleep.

He hadn't slept a wink since he left the Valley of Ten Thousand Flowers, and he just took this opportunity to get some sleep.

He slept until the afternoon, and was awakened from his sleep when Deacon Chen came to see him.

After Qingtian Qi woke up, Manager Chen politely stepped forward and said

"Wang Shaoxia, you finally woke up. It's almost time for dinner. My young master has prepared a banquet in the living room and wants to invite the young hero to come over and have two glasses of wine."

The young master mentioned by Deacon Chen naturally refers to Zhou Hao

"oh! I see. By the way, Deacon Chen, I should not be the only one invited by your young master, right? Deacon Chen smiled and said:"Wang Shaoxia is right. My young master not only invited you, but also invited several other friends who are assisting you to attend the banquet." Young hero, why don't you go with the younger one first?"

"All right! Please also ask Deacon Chen to lead the way!"

"good!"

At that moment, Deacon Chen took Qing Tianqi to the living room.

Not long after, the two of them arrived in the living room. As soon as they entered the living room, Qing Tianqi saw a sumptuous banquet in the center of the hall.

Two men and one man were already sitting at the wine table. Female.

In addition, there were several maids accompanying them.

However, all Qingtian Qi's attention was attracted by the two men and one woman sitting at the wine table.

Among the three, the woman looked about He is twenty-twenty-three years old, with a heroic spirit between his brows. He is dressed in a red outfit and looks heroic and unique.

Among the other two men, one is about twenty-seven or seventy-eight years old, with a sallow face and thin skin, and a somewhat dull look. He always has his eyes lowered.

The other person, who looks about twenty-three or four years old, is quite handsome, but the look on his face reveals an arrogance that is difficult to approach. The reason why Qingtian pays attention to these three people is because These three people turned out to be third-level warriors.

At that moment, Qingtian Qi thought to himself:"These three people turned out to be third-level warriors, especially the arrogant-looking young man. His cultivation has reached the peak of third-level. It seems very special. Not simple! I think these three people were invited by Zhou Hao to help him boxing, just like me!"..

Chapter 2575

In fact, it was not just Qingtian Qi who noticed these three people.

The moment Deacon Chen brought Qing Tianqi into the hall, the three of them also noticed Qing Tianqi.

When they saw Qing Tianqi, who seemed to be only fifteen or sixteen years old, but whose cultivation had reached the second level of Great Perfection, all three of them had a look of surprise in their eyes.

Especially the young man with an arrogant look. After being surprised, a trace of disdain flashed in his eyes.

Generally speaking, the three of them were only slightly surprised by Qingtian Qi's appearance and quickly returned to normal, without even looking at Qingtian Qi again.

After all, they are all third-level warriors, and Qingtian Qi is just a second-level Dzogchen peak warrior.

Naturally, they looked down upon Qingtian Qi's strength.

A third-level warrior has the pride of a third-level warrior.

No matter how powerful the second-level Dzogchen pinnacle warrior is, it is absolutely impossible to compare with the third-level warrior.

Although the strength gap between second-level warriors and third-level warriors is not as terrifying as that between third-level warriors and fourth-level warriors, a third-level warrior only needs two or three moves to kill a second-level Dzogchen peak warrior.

Under such circumstances, it is impossible for those three people to take Qingtian Qi seriously, let alone regard Qingtian Qi as an equal opponent.

Even if Qingtian Qi shows extraordinary talent, it only shows that Qingtian Qi has potential, but does not represent Qingtian Qi's current strength at all.

Who knows what will happen in the future? Even geniuses die young, so potential cannot represent strength.

Qingtian Qi naturally knew all this.

Just when Qing Tianqi was thinking about these things, Manager Chen said enthusiastically

"Mr. Wang, please take a seat. Our young master will be there in a moment. These three are also guests invited by our young master to assist in boxing. You guys know each other, so I won't disturb you!"

Qingtian laughed and said, "Okay, thank you very much, Deacon Chen. You go and do your work first!" But as soon as he said this, the arrogant young man looked at Qing Tianqi in surprise and asked: "Boy, are you also invited by Zhou Hao to help?"

"good!"

Qingtian Qi nodded slightly.

But he didn't expect that after hearing this, the arrogant young man sneered disdainfully.

"I really don't understand, what on earth is Zhou Hao doing? Why did you invite a second-level warrior to assist you? Isn't this a joke for the Jin family?"

"that is! No matter what, we can't invite a second-level warrior to join the battle! Doesn't Zhou Hao know that the people sent by the Jin family are all third-level warriors? How did he find such a person?"

The dull-looking young man also said these words coldly, with great disdain for Tian Qi in his tone.

Neither of them obviously took Qing Tian Qi seriously, and said this directly in front of Qing Tian Qi. He used contemptuous words to vent his dissatisfaction.

The heroic young woman also frowned slightly, and then said

"You two, I think Brother Zhou must have a reason for inviting this young man over. Maybe it's difficult to find young warriors above the third level to help in the boxing! After all, not many people can cultivate to the third level before the age of thirty!

The arrogant young man sneered disdainfully:"Humph!" Even if it's hard to find, there's no need to find such a young man with insufficient cultivation to make up for it, right?

The yellow-faced young man also sighed:"Yes!" This is really disappointing!"

Listening to the argument of the three people in front of him, Qing Tianqi smiled slightly. He didn't care about the quarrel of the three people, but walked to the table and sat down.

As soon as he sat down, the proud-looking young man sneered.

"Boy, we said so many unpleasant things and you didn't refute, how dare you sit down here? Besides, what strength and qualifications do you have to sit at the same table with us? I don't know if it's because you are too thick-skinned, or because you really can't understand our conversation?"

The yellow-faced young man also said:"Brother Wang is right. Boy, what qualifications do you have to sit with us? With your strength, I think it's better for you to stop sitting and just let those maids stand aside and watch."..

Chapter 2576

Hearing these words, Qing Tianqi didn't feel angry, but didn't take it seriously.

"You two, whether I am qualified to sit here or not is not your decision. The younger brother was invited here by Brother Zhou Hao, so he is naturally qualified to sit here. If you have any opinions, just ask Brother Zhou!

The arrogant young man sneered:"Haha!"! You're a tough talker! I'm going to ask Zhou Hao soon, why on earth would he invite someone like you who is useless?"

"alright! alright! You guys, please stop arguing. No matter how strong this little brother is, he is still young after all, so why should he say some angry words? Little brother, sister also hopes you don't mind what they say"

"Since you were invited here by Brother Zhou, you must have Brother Zhou's reasons. Little brother, your talent is actually amazing. It is only a matter of time before you reach the third level. By the way, speaking of now, I wonder what your name is? Can you tell your sister your name?

Qing Tianqi smiled and said,"My younger brother's name is Wang Tianqi. I wonder what my sister's name is?"

The heroic woman replied:"My sister's name is Mu Hongying. I wanted to go to the Rookie Conference and happened to pass by here. Because I couldn't stand the Jin family's children forcing people to get married, I agreed to help sister Zhou Mei."

"So this is ah! It seems that Sister Hongying is a chivalrous and courageous person"

"My brother has won the prize, let me introduce these two to you! This is Wang Xianglin, the son of the Wang family in Scarlet Gold City. He ranks third among the top ten young masters in Scarlet Gold City and is a family friend of the Zhou family."

Mu Hongying pointed at the arrogant young man and introduced.

When Mu Hongying introduced that Wang Xianglin was ranked third among the top ten young masters in Scarlet Gold City, Wang Xianglin showed pride on his face. He originally thought that Qingtian Qi would also show surprise and expression. A look of admiration.

But unexpectedly, the look on Qingtian Qi's face did not change at all, which immediately made Wang Xianglin a little angry.

He has always been proud of being the third master among the top ten young masters in Chijin City, and in fact many people know him. With such an identity, everyone would look at him with shock and admiration.

But now, Qingtian Qi showed no signs of surprise, which made him feel a little unhappy.

After introducing Wang Xianglin, Mu Hongying pointed to the yellow-faced young man and introduced

"This is also a martial arts practitioner passing through here, his name is Mu Yansheng. Okay, now we all know each other."

At that moment, Qing Tianqi smiled and said: "Then my younger brother Wang Tianqi met Brother Wang and Brother Mu here first."

But Wang Xianglin still didn't buy it and said, "I don't have to think about it anymore." "I'm not your big brother Wang, so don't have random relationships."

Mu Yansheng also smiled coldly, with disdain flashing in his eyes.

At this moment, there was a sound of footsteps outside the door. Immediately, three more people entered the hall.

The ones walking in front were Zhou Hao and Zhou Mei, and behind him was a stout young man in his mid-twenties.

But that young man turned out to be a third-level warrior.

When Qingtian Qiyi saw the young man's cultivation, his heart suddenly skipped a beat, and he thought:

"Could it be that Zhou Hao and the others were lucky enough to find the fifth level three warrior? If that's the case, then I, the backup candidate, don't have to participate in tomorrow's gambling battle? This is not possible. I must participate in tomorrow's gambling battle. Even for the gold raisin, I must participate in tomorrow's gambling battle."

Just when Qing Tianqi was thinking this, Zhou Hao walked over with a big smile.

"Ha ha!! It turns out that the four of you have arrived early! I think all four of you already know each other, right? Then Zhou introduced one more person to the four. The person behind me was the boxing master Zhou had just invited to help Zhou, Brother Hai Qinghai. He was also a third-level warrior. Hearing this

, Mu Hongying and the others were surprised. They immediately turned their attention to Qingtian Qi.

Qingtian Qi smiled slightly and said to himself: "As expected!"..

Chapter 2577

But after Zhou Hao introduced Hai Qing to everyone, he said politely

"Brother Haiqing, come! Come! Let me introduce you to a few more friends. These people here were also invited by Zhou to help him."

Following Zhou Hao's warm invitation, the stout young man named Hai Qing also stepped forward with a smile. When he was about to approach the banquet, only two or three meters away from the blue sky, he seemed to suddenly discover something, and his face changed slightly. Change,

suddenly raised his head, and glanced at Qingtian and Qi Qi in surprise, as if they were looking for something?

However, he did not find the target, and his expression quickly returned to normal, but there was still a trace of horror and even some doubts in his eyes.

Naturally, Qing's strangeness did not escape Qing Tianqi's eyes. He was wondering why Hai Qing had such a reaction? At that moment, he paid more attention to Hai Qing.

In fact, Qing Tianqi was not the only one to notice Hai Qing's strangeness, Zhou Hao also noticed it.

However, Zhou Hao was a shrewd man, but he pretended not to know and continued to introduce it to Hai Qing.

"Brother Haiqing, this is my brother, named Wang Xianglin. He is the strongest among us. This is Mu Hongying....."

Zhou Hao politely introduced everyone to Hai Qing one by one.

Hai Qing also looked at everyone carefully one by one, as if he wanted to find something from others.

Finally, Hai Qing's eyes vaguely lingered on Mu Yansheng.

After the introduction, everyone began to take their seats.

After everyone sat down, Wang Xianglin asked first.

"Zhou Hao, will you not participate in the battle tomorrow? Zhou

Hao was stunned and said with a smile: "Brother Wang is joking. I will definitely participate in tomorrow's battle."

"Is it?"

Wang Xianglin pretended to be confused..

"Since you yourself are going to participate in the war tomorrow, you only need to find four people. Why did you find five people? Isn't this just one more person?"

"Ha ha!! It turns out that this is what Brother Wang was talking about!"

Zhou Hao laughed, looked at Qing Tianqi with some embarrassment, and said with an apologetic smile.

"Brother Tianqi, I think you can see it too. In fact, this is what happened. Originally Zhou wanted to invite Brother Tianqi to help me with boxing, but he didn't want to find Brother Tianqi. Then he was lucky enough to meet Brother Haiqing."

"This eldest brother Hai Qing is a third-level warrior, and his strength is much stronger than that of the Tianqi brothers. Therefore, in the betting battle tomorrow, Zhou decided to let eldest brother Hai participate in the battle, so there is no need to trouble the Tianqi brothers to help. I also hope that Tianqi will Brother can understand. Of course, Zhou is grateful to the Tianqi brothers for helping them!"

Zhou Hao's meaning is very obvious. In tomorrow's battle, because Qingtian Qi is too weak, there is no need for him to fight.

At the moment, Qingtian Qi smiled slightly, but did not reply immediately. He was thinking about what to do.

Zhou Mei stood up pitifully and said to the blue sky.

"Brother Tianqi, I hope you can understand us brothers and sisters. After all, tomorrow's battle is related to my future happiness and is not a child's play, so I can only let stronger people participate in the battle. I'm afraid your trip was in vain this time.

Qingtian laughed and said:"It doesn't matter, I can understand your thoughts." Regardless of this, since you two have invited me here, no matter what, I can only leave after watching the gambling fight tomorrow! After all, it's rare to see such excitement!"

As soon as he said this, Wang Xianglin said unhappily.

"Boy, I think you don't want to watch the fun, but you want to eat and sleep here, right?"

"Zhou Hao has already said that your little strength is of no use at all. Now you are just an idler to us. Why are you still here? I think you'd better leave quickly and don't look like an eyesore here."..

Chapter 2578

What Wang Xianglin said was extremely unpleasant, and the anger in Qingtian Qi's heart began to rise. From the moment he came to the hall, Wang Xianglin didn't know why, but he just didn't like him, and kept sarcastic and sarcastic at him, wishing to drive him away immediately. good.

Besides, he had already tolerated it before, but Wang Xianglin still didn't want to let him go.

At this moment, Qing Tianqi was already angry in his heart, but he still had the usual smile on his face and did not get angry immediately.

But in the eyes of everyone who saw this scene, they all thought that Qingtian Qi was afraid of Wang Xianglin's strength and did not dare to get angry on the spot.

Mu Yansheng, in particular, shook his head slightly and looked at Qing Tianqi with disdain.

At this time, Zhou Hao frowned and stepped forward.

"Brother Wang Shi, you have gone too far. Brother Tianqi is my invited guest and also my friend. I invited him here, how can you say he came here to eat and drink?"

Wang Xianglin sneered:"Haha!! Zhou Hao, you misunderstood"

"In fact, Wang just wanted to remind this little brother Tianqi that it is good to have talent and potential, but don't just rely on some talent to know how much you weigh and dare to agree to

anything. What kind of gambling is this? Can everyone participate? Sometimes, it is better for people to be self-aware."

It turns out that the reason why Wang Xianglin dislikes Qingtian Qi is because Qingtian Qi's talent is no worse than his. This makes him a little jealous and feels very unhappy.

"hehe!! Brother Wang, don't worry about it. Tian Qi knows what he can agree to and what he cannot agree to!"

"alright! Let's stop fighting."

Zhou Hao was afraid that the two would quarrel. In fact, he was worried that Qingtian Qi would suffer if they continued to quarrel. After all, in his opinion, Qingtian Qi was not as powerful as Wang Xianglin. In fact, he already knew Wang Xianglin's temper.

Wang Xianglin's character was nothing. The big problem is that he thinks highly of himself and always looks down on people whose cultivation is lower than his.

However, if those whose cultivation is not as good as him show respect and admiration to him as soon as they meet, he will not embarrass them.

But Qing Tian Qi never took him seriously, which made him annoyed. He always mocked Qing Tian Qi for his low cultivation level.

However, after Zhou Hao got up to smooth things over, he turned around and said to Qing Tian Qi again

"Brother Tianqi, I hope you won't take what I just said to heart. If you want to watch tomorrow's fight, that's no problem.

Qingtian laughed and said,"Haha!" The younger brother was disrespectful."

Seeing the smile on Qing Tianqi's face, Wang Xianglin said disdainfully

"Boy, you should watch carefully tomorrow and see what a battle between third-level warriors is. That is not comparable to your second-level warriors. Seeing this

, Zhou Hao hurriedly interrupted:"Okay, Brother Wang Shi, let's chat while eating and talk about tomorrow's competition!"

At the moment, everyone started talking while eating.

Zhou Hao and the other five people first discussed the success of tomorrow's appearance.

I don't know whether it was intentional or unintentional, but Qingtian Qi was left aside by the six people.

Qingtian Qi ate in silence, listening to the sounds in his ears. Listening to everyone's discussion.

He didn't know until halfway through.

It turned out that Mu Yansheng was a friend of Wang Xianglin, who was invited by Wang Xianglin for Zhou Hao. So when Wang Xianglin was sarcastic about Qing Tianqi, Mu Yansheng was always there to help him..

In addition, Qingtian Qi also found that Hai Qing always looked at Mu Yansheng intentionally or unintentionally, but there was not much kindness in his eyes, which aroused Qingtian Qi's curiosity.

At the moment, Qingtian Qi thought in his heart

"This is very strange to Hai Qing. He seems to be very interested in Mu Yansheng. But I think it's the first time the two of them have met! Who is this Hai Qing?"

Qing Tianqi thought of another thing, that is, Hai Qing approached everyone, and the surprise on his face suddenly showed that it was obviously not that simple.

"I originally wanted to show off some of my strength and try to participate in tomorrow's competition. It seems that now is not the time to expose myself. I want to find out what Hai Qing wants to do first. If exposed now, it would probably arouse his vigilance."

Thinking of this, Qingtian Qi continued to remain silent...

Chapter 2579

However, it was said that Zhou Hao and others decided on some basic plans after a heated discussion.

Afterwards, everyone dispersed together.

When everyone walked out of the hall and came to the corridor, Hai Qing suddenly said to Mu Yansheng beside him: "Brother Mu, I want to talk to Brother Mu about some private matters. I wonder if Brother Mu can stay a moment to talk?"

" Asked, everyone felt very strange.

Mu Yansheng's dull face also showed a look of surprise, and said: "Private matters? This is the first time Mu and you have met, what private matters can we talk about?"

Hai Qing's dark face forced a smile and said: "Brother Mu, If you take a step to speak, you will naturally know what the private matter is?"

Mu Yansheng thought for a while and then said: "Okay!"

Seeing Mu Yansheng agreed, Hai Qing also showed joy on his face, and said to everyone: "Everyone, you guys Let's go ahead and let Brother Mu and I have a few words."

Although everyone felt strange, seeing Hai Qing say this, it was hard to stop.

After Qing Tianqi and others walked away, Hai Qing's originally smiling face changed color again, and he immediately turned to look at the crowd in the distance with an expression of disbelief.

Mu Yansheng on the side urged: "Brother Hai, what on earth do you want to tell me?"

Hai Qing was stunned and asked: "Brother Mu, have you been to Baixi Country?"

"No!"

"Oh, that'll be fine!"

Mu Yansheng was stunned. He was a little confused by Hai Qing, and he walked away with some annoyance.

Soon, everyone separated and returned to their homes.

Only Hai Qing stood there, with a thoughtful expression on his face. After a long while, he whispered to himself.

It was just that his voice was extremely soft, even quieter than the sound of an ant crawling, and even he couldn't hear it.

"impossible! Among these people, only Mu Yansheng is a water warrior, the others are not water warriors, it shouldn't be them!"

"But the Xuanwu Ling really reacted, and it wasn't to Mu Yansheng, which means that some of these people must be children of the Wu family, because only the true blood of the Wu family's children can cause the Xuanwu Ling's reaction. So who is this person? who?"

"Zhou Hao is definitely not the case. I was with him during the day and Xuanwu Ling didn't respond. That could only be one of the three Wang Xianglin, Mu Hongying, and Wang Tianqi"

"The possibility of Wang Xianglin is unlikely, because he is from the Wang family in Chijin City. If he is a child of the Wu family, the entire Wang family will also be a child of the Wu family."

"Mu Hongying and Wang Tianqi are both casual warriors passing by here. It is very likely that one of them is a disciple of the Wu family. Let's focus on these two people tomorrow! Now we are missing the last member of the Wu family. As long as I find the last one, I will have made a great contribution to the family."

Having said this, Hai Qing's face showed an excited look, and his figure flashed and disappeared. At this moment, it was already dark, and the corridor was pitch black.

After Hai Qing left for a long time, another black man walked out of the darkness. Shadow.

This dark shadow is slightly thin, with long red hair hanging over the shoulders. It is Qing Tianqi who has left and returned.

It turns out that after Qing Tianqi left, he returned secretly, and happened to hear Hai Qing talking to himself.

Hai Qing's Although the voice was extremely low, even so low that even Hai Qing could not hear it, Qing Tian Qi could still hear it clearly with his heavenly hearing ability.

When Qing Tian Qi heard those words, he was very shocked.

"The Xuanwu Order, this Hai Qing actually has the Xuanwu Order on his body, who is he? How come he has the Xuanwu Order?"

"No wonder, when he approached the seat, his expression changed. It must be that when he approached me, the Xuanwu Token hidden in his body was induced."

"It's just that he didn't know who specifically caused the reaction to the Xuanwu Order. Finally, when he saw that Mu Yansheng was the only water warrior, he suspected that it was Mu Yansheng, so he called Mu Yansheng aside to find out if it was Mu Yansheng who caused the reaction. Induced by the Xuanwu Order"

"What happened should be like this, but who is this person? He is definitely not a descendant of my Qingfengteng clan. Everyone who is a descendant of the three tribes should know me. After all, I am considered a figure among the three tribes."

"And this Hai Qing calls me Wang Tianqi, not Qing Tianqi. Obviously, he doesn't know me, so he is certainly not a descendant of our three tribes. He is not a descendant of my three clans, but he has the Xuanwu Order on his body, so where does he come from?"

"Could it be that he is a descendant of the Bai family? But it's not the same! Because this Hai Qing is also a water warrior, I didn't feel the vitality fluctuations of a gold warrior in him. The children of the Bai family all practice the metal system! No matter how many things there are, we must find out whether this person is a friend or an enemy tonight!"

Thinking of this, Qingtian Qi's figure flashed and quietly sneaked towards Hai Qing's residence...

Chapter 2580

If Qing Tianqi was just curious about Hai Qing before, now he must investigate Hai Qing's identity.

Because Hai Qing has the Xuanwu Order and the blood of the Wu family flows in his body, he has the responsibility and necessity to find out about this matter.

Qing Tianqi didn't know which room Hai Qing lived in.

He could only search in the direction Hai Qing left and rely on his hearing.

After searching for a while, Qing Tianqi heard a familiar breathing sound in a small courtyard to the west. This sound was Hai Qing's breathing.

Qing Tianqi was immediately overjoyed and hid in the yard to listen.

To ordinary people, everyone's breathing sounds are the same, but Qing Tianqi's hearing is unbelievable, but he can hear the differences in the breathing sounds between people.

Because people's respiratory tracts, lung capacity, and nostril sizes are not exactly the same, the sounds produced by their breathing are naturally different.

Yao Tianqi relied on the ability of hearing to tell the difference, so he could rely on the sound of breathing to determine that the person in the room was Hai Qing.

But Qing Tianqi was hiding in the yard, but he didn't dare to get too close to the house.

He was afraid that if he got too close, the Xuanwu True Blood in his body would cause the Xuanwu Order in Hai Qing to react.

Before Hai Qing's identity is determined, he will not expose himself easily.

At this moment, Hai Qing in the room seemed a little irritable, pacing back and forth, as if thinking about something difficult to solve.

After a long time, Hai Qing sat down and whispered to himself

"It would be easier to handle if that martial boy was Wang Tianqi, but that boy is not strong and I can kill him easily. When the time comes, I just need to kill him and bring his heart and head back to the clan."

"But if that martial arts disciple is Mu Hongying, I will definitely not be her opponent. Mu Hongying is showing the strength of a fire element warrior now, and her hidden water element strength should be stronger. This is how to do ah?"

"Or, when things get better here, I can coax her to go to Shenwu City? This Mu Hongying is going to Kyoto to attend the rookie conference. I guess she won't be willing to take a detour to Shenwu City with me. Hey! This is a difficult thing to do!"

Outside the house, Qing Tianqi was shocked when he heard this.

He originally thought that Hai Qing was one of his own, but he didn't expect that he was not one of his own at all, but someone who went around looking for the children of the Wu family and wanted to kill the children of the Wu family.

"how so? Who is this Hai Qing? It seems that their family is searching for the hearts and heads of the Wu family's children. What are they doing? From what he said before, there is still one left to go. Could it be that their family has already killed many children of the Wu family?"

Thinking of this, Qing Tianqi felt a burst of sadness and anger in his heart.

But at this moment, Hai Qing's voice came out of the house talking to himself.

"It's useless to think so much. If that Wu family disciple is really Mu Hongying, then I can only inform the search team now. The search team is all in the city now. If they take action, even if Mu Hongying is a fourth-level warrior, he will die."

"What a pity! This huge credit is going to be divided among others, hey! Thinking about this makes people angry! Forget it, this matter is a big deal after all, I'd better do it more cautiously, and notify the search team as soon as possible so that they can prepare early."

After muttering to himself, Hai Qing made a decision in his heart, blew out the oil lamp in the room and went to sleep.

When Qing Tianqi heard these words, his heart moved.

"It turns out that there are people who are with Hai Qing in this city, and they must be his clansmen. hehe! Unexpectedly, their family also set up a search team to search for the children of the Wu family. It seemed that their purpose was very clear. But what is their purpose?"..
