

## God level 2581

### Chapter 2581

Thinking of this, Qing Tianqi wanted to know even more eagerly, what on earth did the family behind Hai Qing want to do? What exactly did they do to the children of the Wu family?

Perhaps these things can explain why her mother is an orphan.

Because over the years, the children of the Wu family have been secretly hunted and hunted by a family, and many children of the Wu family have died tragically at the hands of Hai Qing's family.

And his mother's parents, his grandparents, were probably killed by this family.

But why on earth did they kill the children of the Wu family?

I must find out about this matter, and I will use the blood of this family to wash away the resentment of the Wu family!

Qing Tianqi thought angrily in his heart as he continued to lurk outside the hospital, observing Hai Qing's actions.

Time passed quietly, and it was midnight before I knew it.

Most of the people in Zhou Mansion have fallen asleep, and the sound of sleeping snores can be heard in the distance from time to time.

The night wind in early spring is very cold, with a slight chill.

In the cold wind, the blue sky nestled in a dark corner.

Suddenly, Qing Tianqi's expression changed slightly and he listened carefully.

Only the sound of rustling clothes could be heard coming from inside the house.

Not long after, a sneaky figure came out of the house.

This sneaky figure is naturally Hai Qing.

Hai Qing cautiously looked around outside the courtyard. When he saw that no one was around and it was very quiet, a look of relief appeared on his face, and then he quietly slipped out of the courtyard.

After Hai Qing left for a while, Qing Tianqi walked out of the dark corner

"snort! This guy should have gone to the city to inform his accomplices. I have to follow him quietly to see what the details of their group are. Qing

Tianqi sneered, and followed quietly in a flash.

Late at night, the streets were very quiet.

People who were busy during the day had already fallen asleep.

There was only the sound of wind on the streets.

At this time, a rustle sounded in the empty streets. With the sound of footsteps, a sneaky figure appeared at the end of the street.

This sneaky figure was Hai Qing who had just slipped out of Zhou's house.

Behind Hai Qing, Qing Tianqi followed from a distance.

Not long after, Hai Qing arrived. He stopped in a small courtyard next to the street, looked around and saw no one, then turned over and entered the courtyard.

After entering the courtyard, Hai Qing walked straight to the door of the house and knocked lightly a few times.

After a while, there was a sound coming from inside the house. Make a slightly annoyed voice

"Who the hell doesn't go to bed in the middle of the night to knock on something?

Hai Qing immediately said in a low voice:"Sea lion, it's me!"

Hearing Hai Qing's voice, the man in the room expressed surprise.

"Huh! It's Brother Long! Brother Long, didn't you go to Zhou's house to make extra money? Why did you come back in the middle of the night?"

"Don't talk so much nonsense and open the door quickly. I have something important to report to Uncle Qi."

Hearing Hai Qing's impatient voice, Hai Shi immediately opened the door.

Hai Qing immediately dodged in.

When entering, he did not forget to look behind him to see if anyone was being followed.

However, as soon as Hai Qing entered the house, He saw a short and fat young man looking at him strangely.

The short and fat young man was holding an oil lamp in his hand.

This short and fat young man was definitely a sea lion, but this sea lion's cultivation level was only the second level of Dzogchen.

"Brother Long, didn't you go to the Zhou family to make extra money and help the Zhou family compete with the Jin family tomorrow? Why did you come back in the middle of the night? Hai

Qing didn't want to pay attention to him, and asked anxiously: "Are Uncle Qi and the others sleeping in the back room?"

"Yes!"

"Then wake him up quickly, I have something important to tell you!"

Immediately, the two hurriedly entered the back room to call for someone.

At this moment, Qingtian Qi also followed quietly into the courtyard.

He heard the people inside the house entering the back room and calling for someone. He was moved and jumped to the roof.

After reaching the roof, Qingtian Qiqi He leaned down gently, quietly lifted a tile, and looked into the house.

He saw that the hall was directly below, and an oil lamp was already lit in the hall.

At this time, there was a sound of footsteps and voices coming from the back room..

Not long after, three people walked out of the back room and came to the hall.

The leader was a middle-aged man with a yellow face in his forties. He was yawning as he walked, obviously having just woken up from his sleep.

Behind the middle-aged man were Hai Qing and Hai Shi.

On the roof, Qing Tianqi was shocked when he saw the middle-aged man. He was so frightened that he quickly held his breath, and even his own heartbeat stopped forcibly..

Chapter 2582

On the roof, Qing Tianqi was shocked when he saw the middle-aged man. He was so frightened that he quickly held his breath, and even his own heartbeat stopped forcibly.

Because that middle-aged man was actually a fifth-level warrior.

With his current cultivation level, he is still no match for a fifth-level warrior.

By joining forces with Qiuqiu, he might be able to compete with fifth-level masters.

However, he did not bring Qiuqiu with him when he came out this time.

Besides, Qing Tianqi doesn't want to reveal his identity at this moment. He also wants to find out who Hai Qing and the others are?

Thinking of this, Qingtian Qi lay motionless on the roof and continued to observe.

At this moment, his breathing and heartbeat stopped, and his aura was completely condensed, just like air. Even a fifth-level warrior could hardly detect his presence.

When Hai Qing and the others entered the hall, they sat down in order.

The middle-aged man asked impatiently: "Haiqing, what's the urgent matter for you? You came back in the middle of the night and woke us all up? Didn't you go to the Zhou family to make extra money? By the way, the Zhou family How much did that guy pay you for your help?"

"Fifty thousand gold coins!"

"not bad! It's so easy to make money!"

The middle-aged man nodded slightly.

At this time, Hai Qing smiled and said: "Uncle Qi, I made a big discovery today. This discovery is much more valuable than that fifty thousand gold coins."

"Is this why you came back to us in the middle of the night?"

"Yes!"

"So what was the discovery?"

At this moment, the middle-aged man's curiosity was also aroused.

Hai Qing smiled and said:"Uncle Qi, let me tell you honestly, this time I found traces of the children of the Wu family?"

As soon as he said these words, the middle-aged man's brain, which was still a little confused, immediately woke up. He opened his eyes wide in surprise and asked excitedly.

"What? Have you found traces of the Wu family's children? What exactly is going on? Come and tell me quickly!"

Hai Qing then told what happened at Zhou's house.

After hearing this, the middle-aged man's face showed a look of ecstasy, and he immediately smiled and said

"Ha ha!! It seems that I was right to give you the Xuanwu Order. I originally asked you to take it with you to see if there were any children of the Wu family in the Zhou family, but I didn't expect that there really were any in the Zhou family. Ha ha!! this is really great"

"This time the family sent the seven groups of people to Baixi Country to search for traces of the Wu family's children, but found nothing. Unexpectedly, when our group returned, we accidentally discovered traces of the children of the Wu family."

"Ha ha!! It seems that God is going to give us this great achievement! If we successfully capture a martial arts disciple this time, the ancestor will definitely be heavily rewarded. Of course, Hai Qing, your contribution this time is not small, and Uncle Qi will definitely report your contribution. Hai Qing was overjoyed:"

Then Hai Qing would like to thank Uncle Qi!""

"hehe!! Don't be too happy now. You said that the child of the Wu family is one of the two, Mu Hongying and Wang Tianqi. Next, you have to find a way to identify which one of the two is the child of the Wu family."

"Uncle Qi, this is easy to handle! With Xuanwu Ling here, it is not difficult to tell which of the two of them is a descendant of the Wu family."

The middle-aged man also nodded and said, "Yes!" This is true. However, you must keep the Xuanwu Token well. Our group of three only has this Xuanwu Token, and we will have to hand it in after we return to the clan. If I lose it, I won't be able to explain it to my superiors."

"Uncle Qi, don't worry! Hai Qing will definitely take good care of the Xuanwu Order. By the way, Uncle Qi, if I find out about that kid from the Wu family tomorrow, what should we do?"

"This..."

The middle-aged man immediately began to ponder.

After thinking for a while, the middle-aged man said: "Tomorrow the Zhou family and the Jin family will have a gambling match, and the place for the gambling fight will be at the Zhou family. The two families will definitely invite people to visit. At that time, it was a mixed bag and we couldn't do anything there."

"What's more, if we do it in the Zhou family, the Zhou family will definitely not agree, so we can only do it after the gambling fight is over, and we can't do it until the martial arts disciple leaves Chijin City."

Hai Qing also nodded and said, "This is natural!" Uncle Qi, do you think we will kill the martial arts disciple as soon as we leave the city? Or captured alive?"

"Better to catch him alive! This time we only have the last Wu family disciple, so we still capture him alive. After all, the true blood and soul consciousness of the living Wu family disciple are easier to extract. If he really resists, just kill him directly."

"Um! knew!"

"Okay, Hai Qing, then go back first! Remember, don't disturb the martial arts disciple yet. I will go to watch the fight in person tomorrow!"

"yes! Uncle Seven!"

At that moment, Hai Qing said goodbye to the middle-aged man in a hurry, walked out of the door and rushed to Zhou's house..

Chapter 2583

After Hai Qing left, the middle-aged man went back to the back room with a happy face to catch up on his sleep.

After a while, the people in the room became quiet again.

The blue sky on the roof also quietly left

"It turns out that they wanted to extract the true blood and soul consciousness from our children of the Wu family by arresting them. What exactly do they want to do by extracting true blood and soul consciousness?"

Qingtian Qi thought for a while, but he couldn't figure it out.

The true blood of the Xueji family can only be obtained through the Xueji family, and ordinary people can never absorb and refine it.

This made Qingtian Qi very puzzled. Hai Qing's What is the family trying to do by collecting the true blood from the children of the Wu family?

Forget it, let's not think about it for now, let's deal with the matter at hand first. Hai Qing's seventh uncle is a fifth-level warrior, and I am no match for him.

Here we are. Tomorrow, Hai Qing will definitely know that I am a disciple of the Wu family, and they will definitely ambush me outside the city. This is not a good thing. What should I do?

After Qingtian thought for a long time, a sneer appeared at the corner of his mouth.

"In this case, I might as well turn light into darkness, turn passivity into initiative, and strike first to be stronger! Let's take part in tomorrow's gambling battle!"

Thinking of this, a cold light flashed in Qingtian Qi's eyes, and he chased in the direction where Hai Qing left.

But on the other hand, after Hai Qing left the small courtyard, he rushed straight to Zhou's house.

That small courtyard is a long way away from Zhou's house. distance.

The streets along this road are all quiet.

In the dark night, the shadows of the two rows of houses are like silent beasts, ferocious and terrifying.

In order to prevent others from discovering his whereabouts, Hai Qing has been looking for those remote places. place.

When he came to a very remote street, behind him, the originally silent street suddenly heard the sound of unfamiliar footsteps.

Hearing this footsteps, Hai Qing's face changed slightly and he immediately turned around.

I saw the street in the dark night A black figure emerged from the end and walked straight towards him.

Seeing the black figure walking towards him, Hai Qing had a hint of surprise on his face.

However, when he saw the black figure's face clearly through the reflection of the moonlight.

His face immediately showed a look of extreme horror.

"Wang Tianqi! why you?"

Hai Qing looked at the red-haired boy in front of him in disbelief, his eyes full of surprise.

"hehe! Why can't it be me?"

Qing Tianqi continued to approach Hai Qing with a smile.

Hai Qing's face changed slightly.

Qing Tian Qi's appearance made him feel very uneasy, and he felt inexplicably fearful in his heart.

However, he soon woke up and cursed secretly. He was weak. The other party was just a second-level Dzogchen peak warrior. He was a third-level warrior. What was there to be afraid of?

Thinking of this, Hai Qing felt bold and immediately asked, lukewarmly.

"Wang Tianqi, why are you wandering around outside so late if you are not sleeping? Do you have any hidden secrets?"

"Ha ha!! Qingtian laughed together, "Brother Hai, what you said is interesting." Yes, I do have some dark secrets. Isn't it the same for Brother Hai? If you don't have any secrets to tell anyone, why are you running out in the middle of the night?"

Qing Tianqi continued to approach Hai Qing as he spoke.

Hai Qing stood there, waiting for Qing Tianqi to come over.

"hehe!! Brother Wang Tianqi, you are quite honest! I wonder what kind of secret you have? Can you tell me and listen? Qing

Tianqi smiled slightly, took a few steps towards Qian, and then said: "Actually, my secret is your secret!""

"What do you mean?"

These words suddenly shocked Hai Qing.

"What's the meaning? You'll know right away!"

After saying this, Qing Tianqi took another step forward.

Taking this step, Hai Qing's expression immediately changed. He opened his eyes wide in surprise, looked at Qing Tianqi and said:"So it's you!"

It turned out that at this moment, the distance between the two people was only two meters away, and the Xuanwu Order on Hai Qing's body finally sensed it.

He finally knew that Qingtian Qi was the disciple of the Wu family he was looking for, but he was very confused. Qingtian Qi Why does it suddenly appear here?..

Chapter 2584

Seeing Hai Qing's expression of surprise and confusion, Qing Tianqi smiled and asked:"Brother Hai, what are you talking about? Why are you so surprised?"

"No, I didn't say anything."

At this moment, Hai Qing couldn't figure out the details of Qing Tianqi, and he couldn't figure out Qing Tianqi's heart. He acted at a loss for a moment and didn't know what to do.

"Ha ha!"

A playful smile appeared on the corner of Qingtian Qi's mouth, as if a cat was playing with a mouse.

Seeing Qingtian Qi's treacherous smile, Hai Qing felt very uncomfortable, and vaguely felt uneasy.

Just when Hai Qing When he felt at a loss what to do, Qing Tianqi suddenly said:"Brother Hai, please stop hiding it. You already know that I am a child of the Wu family, why are you still pretending to be calm?"

Hearing this, Hai Qing's face changed drastically, and he stepped back in surprise, with a look of disbelief in his eyes.

"How did you know? impossible! This is impossible! By the way, you must be following me secretly!"

"good! Qing

Tianqi still smiled and answered.

At that moment, the expression on Hai Qing's face changed continuously.

In just a moment, his expression gradually turned ferocious, and he looked at Qing Tianqi and sneered.

"I think you are a stupid idiot. Now that you know that I am looking for a disciple of the Wu family, how dare you show up? Just looking for death!"

"Originally, I thought I would have to wait until tomorrow to find out who the children of the Wu family are, but I didn't expect you to show up to my door yourself. Now that you are here, don't leave. I will capture you alive now. Ha ha!!"

As soon as he said this, Hai Qing laughed ferociously and rushed towards Qing Tianqi.

Qing Tianqi only smiled slightly and his figure swayed.

The two figures quickly collided with each other.

"ah!"

There was only a muffled groan, and Hai Qing screamed, and was punched by Qing Tian Qi until he vomited blood and flew away.

Before Hai Qing could fall from the sky, Qing Tian Qi's figure flashed, and he chased after Hai Qi, locking Hai with one claw. Qing Qing's throat pushed him directly to the ground.

Hai Qing's body fell heavily from the air, causing him to cough up blood.

Qing Tian's hands locked his throat, like five steel claws, clenching tightly. It stuck to his throat and almost strangled him to death!

"This...how is this possible?"

Hai Qing was lying on the ground struggling desperately, his eyes were bulging forward due to suffocation, and his face showed a look of extreme horror and fear.

He couldn't believe it. Qingtian Qi clearly looked like a second-level Dzogchen warrior. How could he defeat a third-level warrior like himself in one move?

Logically speaking, this is impossible, but in reality it happened.

"How can this be? Could it be that this kid is not a second-level warrior, but a fourth-level warrior? But he looks only fifteen or sixteen years old, a fourth-level warrior who is fifteen or sixteen years old? Oh my God! This is too unbelievable to say. This is how to do? Am I going to die in his hands today?"

The more Hai Qing thought about it, the more frightened he became, and his struggle became more intense.

However, Qing Tian Qi's aura suppressed him tightly, making it difficult for him to move.

Feeling Qing Tian Qi's terrifying aura, Hai Qing's heart became more and more intense. It was sinking deeper and deeper.

At this moment, Hai Qing's ears recalled Qing Tian Qi's cold and ruthless snort.

"snort! If you struggle again, I'll cut your throat immediately!"

Hearing this, Hai Qing's face changed with fright, and he begged with a trembling voice.

"Don't! Don't kill me! I don't struggle! I don't struggle!"

At that moment, Hai Qing stopped struggling and didn't dare to move anymore.

Now, in his eyes, Qing Tianqi is no longer a fifteen or sixteen year old boy, but a god of death who can kill him at any time.

"good! Then I ask you a question now, and you answer honestly. If you hesitate at all, I will kill you immediately! Hai

Qing hesitated for a while and said, "Wang Tianqi, if I do everything you say, will you let me go?"

"Shut up! Now is not the time for you to bargain with me, but if your answer satisfies me, I will consider letting you go. Let me ask you now, why are you looking for the children of the Wu family everywhere?"..

Chapter 2585

Hai Qing rolled his eyes and thought to himself: "Listening to this guy's tone, it seems that he doesn't know many things. If this is the case, you might be able to deceive him this time and escape with your life."

Thinking of this, Hai Qing said: "Wang Tianqi, actually I was ordered to find the disciples of the Wu family."

"Who ordered it?"

"Kyoto Dragon Family!"

Qing Tianqi frowned:"The Long Family in Kyoto?" Are you talking about the family of Long Xing, the leader of Dakun Kingdom?"

"Yes!"

"Then why did the Long family send you to search for traces of the Wu family's children?"

The Haiqing family smiled bitterly and said:"Wang Tianqi, I am just a casual martial artist recruited by the Long family. The Long family only asked us to look around for traces of the martial arts disciples, but did not tell us the specific reasons. If you want to know the specific reason, you can only ask the Long family in person."

"snort! Do you dare not to say it? I think you are looking for death!"

Qingtian Qi immediately snorted coldly, murderous aura suddenly appeared on his body, and the strength in his hands became a little stronger.

Hai Qing's throat was immediately choked by Qingtian Qi, and his eyes bulged in fear, and his whole body struggledThe ground struggled

"explain! What is the reason? If you don't say anything again, don't blame me for being rude."

"I said! I said! Can you loosen it up a little first?"

Hai Qing squeezed out these words with difficulty from his throat.

"snort!"

Qing Tianqi snorted coldly, and the strength in his hand relaxed a little.

Hai Qing immediately coughed rapidly, and it took a long time to calm down his airway.

"You are a descendant of the Wu family. You should know that Long Xing colluded with outsiders a thousand years ago and conspired to kill the five ancient tribes, right? So Long Xing was worried

that the descendants of the five clans were not dead and would bring potential hidden dangers to him and his family in the future, so the Long family searched everywhere for traces of the children of the Wu family?"

"Yeah? Qing

Tianqi sneered slightly. He knew that Hai Qing was still lying.

However, he didn't point it out. He rolled his eyes and said, "I know you just came back from Baixi Country. What were you doing there?" Are you looking for our descendants from the Wu family? Hearing this

, Hai Qing was shocked: "How did you know that I went to Baixi Country?"

"hehe!! Mu Yansheng told me this. You once asked him if he had ever been to Baixi Country, right?

Hai Qing was stunned and said to himself: "Is it possible that Mu Yansheng is very familiar with this kid?" If I asked casually, he also told this kid? It seems that some things cannot be hidden."

Thinking of this, Hai Qing replied: "Yes! I just came back from Baixi Country. Because the Long family has received the latest news, the secret base of you Wu family disciples should be hidden in Baixi Kingdom."

Hearing this, Qingtian Qi secretly thought, it's true!

In fact, he had already guessed this result, and just wanted to get further confirmation.

This news is good news for Qingtian Qi, at least it lets him know about the current martial arts disciples. There are still many people alive, and their secret stronghold is probably within the Baixi Kingdom.

"Wang Tianqi, I said everything I needed to say. I was just being instigated. Just let me go!"

Hai Qing begged with a grimace.

Qing Tianqi smiled and said: "Let me ask you a question, are you the only one coming this time?"

"yes! Just me!"

"snort! Are you still being dishonest with me? To tell you the truth, I was testing you before. Do you think I don't know that you came here with your tribe? Where is your seventh uncle? And what about your brother sea lion? There are three of you, all from the same family, and you still say that you are a casual cultivator? How long do you want to lie?"

Hearing these words, Hai Qing's face suddenly changed in shock. After a while, he said excitedly

"It turns out...it turns out that you already know it, so why are you asking me? Then why haven't you killed me yet?"

"snort! I asked you just to see if you were honest. Unfortunately, you disappointed me so much. You actually lied in front of me! Now I will give you another chance. If you answer honestly, I may be able to spare your life."

Unexpectedly, Hai Qing seemed to have been hit by something, his face turned gray and he remained silent..

Chapter 2586

After a while, Hai Qing's ashen face gradually showed a crazy look, and then he laughed crazily.

"Ha ha!! Little bastard, stop playing the cat-and-mouse game. If you want to kill, just kill him quickly! Since you already know what my family did to your Wu family, even if I tell everything truthfully, you will never let me go."

"Ha ha!! Anyway, we are all going to die. I might as well keep the family secret so that you never know who assassinated your Wu family."

"Huh!"

Qing Tianqi was surprised. He didn't expect that Hai Qing suddenly became a lot harder. This was beyond his expectation.

"It seems that I still underestimated you, but you see things very clearly!"

"good!"

Hai Qing had a sad smile on his face.

"You little bastard, do it now, don't ask any more questions, I won't tell you anything. Ha ha!! Even if you kill me, it's still useless! Let me see what you can do to me? I'm risking my life now, so why should I be afraid of you?"

"Yeah?"

Qingtian Qi sneered slightly

"You said that I would never know who was assassinating us, the children of the Wu family. I already know from your words that your surname is not 'Hai' at all. This is the fake surname you use when you are outside. So don't worry that I can find out your background through your name. I said Yes or no?"

Hai Qing's expression changed slightly. He didn't expect Qing Tian Qi to infer so much from his words, and he was a little surprised.

Seeing the difference in Hai Qing's face, Qing Tian Qi knew that his guess was correct and continued."I also know that your family is in Shenwu City"

"How do you know our family is in Shenwu City?"

As soon as these words came out, Hai Qing knew that he had made a mistake, and his face suddenly turned ugly.

Qing Tianqi immediately smiled proudly.

The reason why he judged that Hai Qing's family was in Shenwu City was because Hai Qing said, He wanted to trick Mu Hongying into going to Shenwu City.

At this time, Qingtian Qi continued:"Hai Qing! You want to put the blame on the Long family, but you underestimate me too much. Although there are many big families in Shenwu City, there is no family that can deal with the Wu family. And your family dares to deal with the Wu family, which illustrates a problem."

"what is the problem?"

Hai Qing's thoughts unconsciously followed those of Qing Tian.

"Very simple! The current Wu family must be very weak, so weak that even your family dares to bully the Wu family. The Wu family is the blood successor family of the holy beast. Logically speaking, it cannot be very weak. After hiding it for thousands of years, even if there is not a ninth-level warrior, there should be several eighth-level warriors."

"If there are eighth-level warriors in the Wu family, would your family still dare to search for the children of the Wu family? I haven't heard that there is a ninth-level master in your Shenwu City family, so this can only mean that the Wu family is so weak that it doesn't even have an eighth-level warrior. That's why your family is so rampant? Am I right?"

Hai Qing was silent, but his expression was not very good.

Qing Tianqi continued:"It has been a thousand years, and there is no eighth-level warrior in the Wu family. This is unreasonable. That only means one thing. The Xuanwu true blood in the Wu family's disciples has not yet been activated. Because only in this way can we explain why there are no eighth-level warriors in the current martial arts family."

"And there is only one reason why your family dares to be so sure that the Wu family is very weak now, and dares to send a large number of family members to look for traces of the Wu family's children."

"what reason?"

"It's very simple. The inherited artifact of the Wu family must be in the hands of your family, so you dare to deal with the Wu family so unscrupulously. Because you know that the strength of the Wu family is at its weakest at this moment. Without the inherited artifact, it is impossible for the Wu family to even have an eighth-level warrior. Am I right?"

The more Hai Qing listened, the more shocked he became, and his face became even more ugly.

After a while, he said with difficulty: "Don't make random guesses there! That's not the case at all?"

Although Hai Qing denied it, his expression betrayed him, which made Qing Tianqi even more certain that the inherited artifact of the Wu family is probably in the hands of Hai Qing's family.

"Haiqing, I guessed more than just this. I also know that you sent seven groups of people to Baixi Country this time. If there are fifth-level warriors like your seventh uncle in each group, sending out seven fifth-level warriors at once shows that your family is quite powerful!"

"Of course, it can be inferred from many aspects that your family is a big family, and it is a big family that majors in the water system. There are not many big families in Shenwu City that specialize in the water system. It is not difficult for me to find out which big family you are from."

Qing Tianqi paused here, with a sinister look on his face.

"snort! To tell you the truth, as long as I find out who your family is, I will uproot your entire family!! Use the blood of your people to wash away the humiliation of the Wu family!"..

Chapter 2587

Hearing the last sentence, Hai Qing broke into cold sweat on his forehead. Then he thought of something and laughed again.

"Ha ha!! Little bastard, stop bluffing here. Your Wu family has now become a middle-class family. Not only are there few members in the family, but there is not even an eighth-level warrior. How do you want to make a comeback? Want revenge too?"

"Let me tell you, even if you find out which family has been secretly killing your Wu family children all these years, you will not be able to shake our family. I think you should stop dreaming! You, the Wu family, are ultimately the stepping stones to our family's success!"

"The stepping stone to your family's success? You go around arresting the Wu family's children, extracting the Xuanwu true blood and soul consciousness from the Wu family's children, and you really have another purpose!"

At this moment, Qingtian Qi seemed to have thought of something, but he didn't say it.

At this moment, Qingtian Qi sneered again

"Hai Qing, I have some sad news to tell you. I am not a child of the Wu family, I am a child of the Qing family!"

"What?"

This news greatly surprised Hai Qing, with a look of horror on his face.

Qing Tianqi sneered: "Have you not noticed that I have always analyzed the Wu family from the perspective of a bystander? idiot! Go to hell!"

As soon as these words came out, Hai Qing's face changed drastically. He still wanted to struggle to death.

But Qing Tian Qi moved faster. With a slight exertion of his five fingers, Hai Qing's throat made a soft "click" sound, and Qing Tian Qi easily The pinch was broken.

Hai Qing also died on the spot.

The reason why Qing Tianqi wanted to kill Hai Qing was because he knew that he would get nothing more from Hai Qing, so he decisively got rid of it.

After killing Hai Qing, Qingtian Qi immediately started searching the corpse.

Unfortunately, Qingtian Qi could not find anything from the corpse to prove Hai Qing's identity.

However, Qingtian Qi found an auxiliary water martial skill from the corpse.

This water martial skill is the Mist Hidden Technique.

Seeing the martial arts jade medal in his hand, Qing Tianqi was still happy.

"not bad! This Mist Hidden Technique is a good martial art for escaping!"

At that moment, Qingtian Qi put away the Mist Hidden Technique with satisfaction.

He took out the Xuanwu Token he found from Hai Qing and took a look at it. It was exactly the same as the Xuanwu Token on his body.

At that moment, Qingtian Qi took the Xuanwu Token Lost all the God of War order in the space

"snort! Without this Xuanwu Token, Haiqing's seventh uncle won't be able to find out who is a descendant of the Wu family, and I can turn from light to dark, and become the main guest."

"It's a pity that I can't go to Shenwu City. Going there would be like throwing myself into a trap. Fortunately, I discovered this secret here this time. Otherwise, when I went to Shenwu City, I might have fallen into the hands of their family."

Thinking of this, Qingtian Qi felt vaguely afraid.

"Since I can't go to Xuanwu City, if I want to find out Hai Qing's family background, I can only start with Hai Qing's seventh uncle. It all depends on tomorrow!"

Thinking about this, Qingtian Qi already had a plan in his mind, and he shot out a burst of earth-centered flames, burning Hai Qing's body completely.

After handling Hai Qing's body, Qing Tianqi took advantage of the night to go to the Zhou family. Rushed.

After returning to Zhou's house, it was still very late.

Qing Tianqi went straight back to his residence.

He saw that Qiuqiu was already asleep in the house, and many of the things placed were as he left them, and nothing unusual was found..

Qingtian Qi was relieved. He knew that no one should have come to check on him during his absence.

At the moment, Qingtian Qi took off his clothes and went to bed, recuperating and waiting for tomorrow's gambling battle..

Chapter 2588

Early the next morning.

The Zhou Mansion began to get busy.

Many servants arranged a summit platform and audience seats around the Zhou family's school arena.

This time, the fight between the Zhou family and the Jin family had already spread throughout the city, and many good people were talking about the outcome of the fight between the two families in their spare time.

As for the Zhou family involved, they also invited the heads of other small and medium-sized families to watch the battle in advance.

The Zhou family also made it known that some tourists in the city could enter the Zhou family to watch the battle as long as they were approved by the Zhou family.

The Zhou family did this just so that someone could bear witness to the fight, so that the Jin family wouldn't turn their backs and deny it after losing the gambling fight.

With these people as witnesses, even if the Jin family loses the bet, they won't be able to embarrass the Zhou family again.

The Jin family also knew the Zhou family's purpose, and they were happy with it.

In their opinion, the Jin family can take this opportunity to intimidate the restless small and medium-sized forces and let them see the strength of the Jin family.

But at this moment, something unexpected was happening in the Zhou family hall.

In the hall, the ancestor of the Zhou family was sitting in the center of the hall.

As a seventh-level warrior, the strongest of the Zhou family and the support of the entire Zhou family, he had to pay attention when facing a competition with the powerful Jin family.

So this time, he will personally appear to host the gambling battle.

But at this moment, the ancestor of the Zhou family looked very ugly, looking at Zhou Hao in front of him with some annoyance.

"Hao'er, what on earth is going on? People coming to watch the battle will soon arrive, and the gambling battle will begin. Why is the helper you found missing?"

Cold sweat broke out on Zhou Hao's forehead. Every time he faced his ancestor, he felt an invisible pressure in his heart. It was a kind of awe for the strong deep in his heart.

"Report to the ancestor, maybe Brother Haiqing is in a hurry, or maybe he is lost in the house. I have ordered people to look for him. Maybe he will be found soon."

"That's good, this matter is of great importance. It can't be that little brother Haiqing has changed his mind temporarily, right?"

"Ancestor, probably not. I promised him a lot of money"

"It's hard to say!"

There was a trace of worry on the face of the ancestor of the Zhou family.

This gambling fight is between the younger generations. It is not only related to Zhou Mei's future happiness, but also related to the face of their Zhou family.

The Jin family has given them the Zhou family The conditions have been relaxed so that the Zhou family can hire people to help with boxing.

If the Zhou family fails to ask people to help with boxing, it will be a great loss to their Zhou family.

After all, their Zhou family is also a middle-class in Chijin City. The family also has great status and status.

However, at this moment, Zhou Hao was sweating profusely and feeling very anxious.

He didn't know why, but when he went to find Hai Qing early this morning, there was no one in the house. But there were still traces of sleeping on the bed last night.

On the other side, Wang Xianglin and others were also standing in the hall talking quietly.

"Brother Wang, what's going on with that guy Hai Qing? Why haven't you come yet?"

Mu Yansheng asked quietly.

Wang Xianglin frowned and shook his head:"I don't know! That guy is really, what the hell is he doing?"

"yes! If this person hasn't come yet, he is too unpunctual."

Listening to the whispers on the side, Qing Tianqi remained silent.

I am afraid he is the only one in the world who knows best about where Hai Qing has gone. Just as everyone in the hall was waiting anxiously, Deacon Chen hurried in to report outside the hall.

Seeing Deacon Chen, Zhou Hao stepped forward anxiously and asked: "Deacon Chen, how are you? Have you found Brother Hai?"

Deacon Chen shook his head helplessly and said, "Young Master, this subordinate is incompetent!" Our people have searched the entire Zhou Mansion and have not seen any trace of Young Hero Hai Qing.

Hearing this, Zhou Hao was disappointed and sighed: "How could this happen? Could it be that Brother Hai Qing has left the Zhou Mansion? Deacon Chen, please quickly bring some people to search nearby!"

"yes!"

"I don't think there's any need to look for it!"

Just as Deacon Chen was about to leave, he was stopped by the ancestor of the Zhou family.

"Ancestor?"

Zhou Hao looked at his ancestor in confusion.

"Hao'er, if my guess is correct, Hai Qing should have left without saying goodbye. Hey!!"

The ancestor of the Zhou family sighed in disappointment...

Chapter 2589

Hearing the ancestor of the Zhou family sigh, Wang Xianglin was the first to speak.

"Senior Zhou, I think that Hai Qing is a timid young man. He must be afraid of the power of the Jin family and chose to retreat temporarily. For that kind of cowardly person, it would be better if he left, so what's the use of keeping him?"

"That is, it would be no shame if such a dishonest person is gone!"

Mu Yansheng also stepped forward to agree.

The ancestor of the Zhou family shook his head and smiled bitterly: "You two little friends, let's not talk about Hai Qing first. The gambling battle is about to begin. The gambling battle is divided into five games. There are only four of you participating in the battle. , how to compare in this competition?"

Zhou Mei, who had been standing aside silently, said anxiously: "Ancestor, what should we do? If I lose the competition, I will marry that annoying Jin Yuancheng."

At this time, everyone looked at each other.

Everyone didn't know what to do for a while.

Seeing this, Qingtian stepped forward and said: "Brother Zhou Hao, isn't it just to participate in the gambling battle when you invite me here? Now that Brother Haiqing has left, let me make up for it!"

Zhou Hao smiled bitterly: "It seems that this is the only way. Ancestor, since Hai Qing is not here, we can only let this little brother Tianqi fight for our Zhou family this time!"

The ancestor of the Zhou family raised his eyes and looked at Qingtian Qi. When he saw that Qingtian Qi's cultivation was only the second level of Dzogchen Peak, he shook his head slightly and said helplessly after a while.

"That's all it can do! Then let this Tianqi brother gather five people. Our Zhou family can't find five third-level warriors, so we have to find all five people who will appear. If we can't even find all the people who appear, it will not only be a joke for the Jin family, but also for those who come to watch the battle. What a joke!"

Obviously, in the eyes of the ancestor of the Zhou family, Qingtian Qi is just used to make up the number of people.

Hearing the ancestor's sigh, Zhou Hao also felt helpless.

In his opinion, Qingtian Qi must lose in that game, after all Qing Tianqi's appearance was just to save face.

However, he still had to talk about the scene.

At that moment, Zhou Hao said to Qing Tianqi: "Little brother Tianqi, I'm going to have to work hard for you this time! Qing Tianqi smiled and said: "

Brother Zhou, don't worry, Tian Qi will definitely not let you down."

Zhou Hao smiled bitterly and said, "Haha!"! As long as you try your best! But he didn't want to, Qingtian Qi said again: "Brother Zhou, don't you believe me?" Don't worry, my little brother will definitely help you win this gambling match."

As soon as he said this, Wang Xianglin, who was not far away, sneered disdainfully.

"Wang Tianqi, you are really thick-skinned. Just because you want to win? Do you know that the disciples sent by the Jin family are all third-level warriors. With your little strength, it's ridiculous to still claim to win a match."

Mu Yansheng also looked at Qingtian Qi with disdain.

"Wang Tianqi, the battle between warriors is not based on one mouth, it depends on your own ability. Even we don't dare to say that we can definitely defeat the Jin family disciples. Why do you think you, a second-level warrior, can defeat a third-level warrior?"

Facing the ridicule of the two people, Qing Tianqi didn't bother to pay attention. If he really wanted to kill those two people, it would only be a matter of moving two fingers.

However, Zhou Hao was still a little curious and asked: "Little brother Tianqi, what are you doing? Why do you think you can win the last match? Qing

Tianqi patted the dozing Qiu Qiu on the shoulder and said, "Brother Zhou, can you bring your own pet to this gambling fight?"

"Of course, pets are part of the owner's strength. Is this cute little pet of yours a fighting pet?"

"Yes! It is a battle pet. If Qiuqiu joins forces with me, I believe I can win."

Hearing the conversation between the two, everyone on the court looked at Qiuqiu curiously.

When they saw Qiuqiu's cute appearance, which did not look like a very powerful beast, they all shook their heads secretly.

Wang Xianglin's face There was even more disdain on his face, and he didn't even bother to look at it again.

Even the ancestor of the Zhou family shook his head secretly, obviously he didn't take a good look at the ball either..

Chapter 2590

In fact, everyone knows that pets are hatched by their owners themselves.

Since Qiuqiu is Qingtian Qi's pet, it was naturally hatched by Qingtian Qi.

Judging from Qing Tianqi's age, the pet must have only grown a few years since it was hatched.

After all, Qingtian Qi is only fifteen or sixteen years old, and Qiuqiu can only grow up to be in his teens at most.

In such a short period of time, it is extremely rare for Qingtian Qi's pet to grow to the second level.

In fact, they don't know that Qiuqiu is not an ordinary ferocious beast. It does not grow by eating ordinary food, but by eating gold spiritual objects. The higher the quality of the gold spiritual objects it eats, the faster it will grow.

This results in the growth rate of Qiuqiu being beyond normal.

Outsiders don't know all this. They are all used to judging a thing based on their own experience, so they all think that even if Qiuqiu is a combat pet, it won't be that powerful.

Zhou Hao also looked at Qiuqiu for a while before saying, "I hope Brother Tianqi can win the game!"

But his tone was a bit polite.

But at this moment, someone came outside. The newspaper said that many people who wanted to enter Zhou Mansion to watch the battle had gathered at the gate.

At that moment, the ancestor of the Zhou family clasped his fists and said: "Little friends, it seems that the people outside can't wait, let's go out too! This gambling fight is not only related to the happiness of my family Mei'er, but also the face of my Zhou family. , please leave it to a few friends, I can't thank you enough!" When

Wang Xianglin and others saw that the ancestor of the Zhou family, a high-ranking seventh-level warrior, spoke so politely to them, they were flattered and returned the favor one after another, expressing their sincerity

"Don't worry, Senior Zhou, we will fight to the death!"

The ancestor of the Zhou family immediately nodded with satisfaction. Then he thought of something again and said to Qingtian

"Little friend Tianqi, I think it's more appropriate for you to play last. If we can win three of the first four games, you won't have to play in the last game. If you play first, if we lose, it will affect our morale. What do you think of my suggestion?"

Hearing this, Qing Tianqi knew that the ancestor of the Zhou family did not trust his own strength at all, and was afraid that he would lose as soon as he came on the field, which would affect the morale of his side.

Thinking of this, Qing Tianqi smiled and said: "Tian Qi feels that Senior Zhou's proposal is great!"

The ancestor of the Zhou family laughed and said, "Haha!"! Since you have no objection, it's settled! Dear friends, please come with me to the school grounds!".

Immediately, a group of people rushed to the school grounds. In the Zhou family's school grounds, the ancestor of the Zhou family was sitting on the head stage, accompanied by two sixth-level elders of the Zhou family.

Qingtian Qi and five others stood side by side in the ring as contestants. On the left side below.

The two sixth-level elders of the Zhou family looked at their own contestants, and finally their eyes rested on Qingtian Qi, and they couldn't help but frown.

Immediately, an elder asked quietly to the ancestor of the Zhou family.

"Ancestor, why is there still one among these five people who is a second-level warrior? The disciples sent by the Jin family are all third-level warriors. If you ask that second-level boy to fight for our Zhou family, isn't it obvious that we will lose?"

The ancestor of the Zhou family sighed helplessly: "Hey! Now that we can't find five third-level warriors, what can our Zhou family do? I have no choice but to let Qingtian go up to the top, even if he is allowed to make up the number!"

"Besides, he is also at the peak of the second level of Dzogchen, so it's okay to ask him to make up the numbers. After all, he is young and such a level of cultivation is extremely rare, so it's reasonable to ask him to make up the numbers. You can't find someone with less talent than him, right? That would only be more embarrassing."

Hearing the helpless words of the ancestor of the Zhou family, the elder also sighed helplessly.

"Why! It seems that's all it can do! I hope Zhou Hao and the others can win three games, so that Meier doesn't have to marry that trash Jin Yuancheng."

"Yes, originally it was not a bad thing for Meier to marry the Jin family. It would be good to marry any of the Jin family's children, but she couldn't marry that beast Jin Yuancheng!"

When Jin Yuancheng was mentioned, the elders of the Zhou family shook their heads, unable to hide the expression of extreme disgust on their faces..
