

## God level 2591

### Chapter 2591

Beside the arena in front, although Qing Tianqi was somewhat far away from the ancestors of the Zhou family and others, he could hear their opponents clearly with his hearing.

When he heard the Zhou family's ancestors and several elders' comments about him, he didn't care and just smiled.

And when he heard the comments made by several elders of the Zhou family about Jin Yuancheng, and saw the undisguised expressions of disgust on those elders' faces, Qing Tianqi suddenly became curious.

How bad is Jin Yuancheng's character? Why do the elders of the Zhou family hate him so much?

Thinking of this, Qing Tianqi curiously asked Zhou Hao beside him: "Brother Zhou, can you tell me what kind of person Jin Yuancheng is?"

"That person you mean? He is a scumbag!"

Zhou Hao shook his head in disgust before he started speaking.

Wang Xianglin on the side even cursed in disgust.

"Jin Yuancheng is a living beast. Who in the entire Scarlet Gold City doesn't know this? Who doesn't know? When it comes to his crimes, there are hundreds if not thousands of them. What's abominable is that the Jin family has always protected him. If he hadn't been a member of the Jin family, he would have been hacked to death and fed to dogs."

Qing Tianqi glanced at Wang Xianglin in surprise. He didn't expect that Wang Xianglin had a side filled with indignation.

At that moment, he was even more curious about what Jin Yuancheng had done to make so many people despise him.

Look. Seeing the curiosity in Qing Tianqi's eyes, Zhou Hao on the side sighed.

"Brother Tianqi, since you want to know, I will tell you in detail. That Jin Yuancheng was not only ugly in appearance, but also very ugly in his heart. He is also lecherous and cruel. He likes to bully ordinary people, and he has even committed murder."

"Even five-year-old children and eighty-year-old people have been bullied by him. As for the rape/debasement of a good girl, I don't know how many times she's done it? His behavior is really extremely bad!"

Hearing this, Qingtian Qi also frowned slightly, and he was also secretly angry at Jin Yuancheng. He had never heard of someone being so bad, and even though he was so bad, that person was still carefree. At the moment, Qingtian Qi asked: "Isn't there anyone who cares about Jin Yuancheng who did such a cruel thing?"

Zhou Hao smiled bitterly in annoyance: "Who cares?" Who dares to care? The Jin family is the dominant family in the entire Crimson Gold City. He, Jin Yuancheng, is a descendant of the Jin family. Who can control the Jin family?"

"Could it be that they just relied on their strong power to let Jin Yuancheng be a poisonous insect?"

Zhou Hao sighed again: "Brother Tianqi, you don't know something." Although Jin Yuancheng's character is poor, his talent is excellent. Among the children of the Jin family, except for the Fourth Young Master Jin, he has the best talent. The Jin family also took a fancy to him because of this."

"So much so that Jin Yuancheng once raped/hugged his own sister in a frenzied manner, but the Jin family did not deal with him"

"What? He forced/hugged his own sister?"

Qing Tianqi had a look of disbelief on his face.

"yes! How can I let Meier marry such a scumbag? Who knows how much Meier will suffer after marrying him?"

Qingtian Qi also nodded and said:"It seems that Jin Yuancheng is indeed a scumbag!" Of course Sister Meier cannot marry such a person!"

"yes! So Zhou is here to ask everyone to help our Zhou family win this battle, and don't let my sister jump into that fire pit, please!

Wang Xianglin immediately said:"Zhou Hao, don't worry!" Even if I risk my life this time, I won't let Meier marry that scumbag Jin Yuancheng. After all, you also know how I feel about Meier."

At that moment, other people also expressed their opinions.

At this moment, outside the school grounds, Deacon Chen led a group of people into the venue.

Seeing the group of people coming in, the ancestor of the Zhou family and several elders came forward to greet them in person.

It turned out that These people are all the patriarchs of small families in Scarlet Gold City. They were invited by the Zhou family this time to be witnesses.

After the family patriarchs were arranged to sit down at the summit, the ancestors of the Zhou family asked people to let go of those who heard the news from nearby. Come, those who want to come to watch the fight come in.

After a while, one or two hundred people entered the auditorium of the Zhou Family School Ground, waiting for the fight to begin.

These people who came to watch the fight were both nearby Ordinary residents, as well as casual warriors who came after hearing the news..

Chapter 2592

For a time, there was a mixture of fish and dragons, and the scene was very noisy.

Before the game started, many people started arguing and the scene was very noisy.

Seeing so many people coming to watch the match, Wang Xianglin and others couldn't help but become nervous.

The meaning of the competition in front of so many people gradually changed.

This battle is not only related to the face between the Zhou family and the Jin family, but also related to their personal face.

No matter what the outcome of this battle is, it will soon spread throughout the entire Crimson Gold City.

Of course, Qingtian Qi was indifferent to such a scene.

He has experienced similar scenes many times.

At this moment, except for the Jin family, everyone else has basically arrived.

Everyone was looking forward to the competition starting soon, and they all waited anxiously.

Many people also started talking about it

"Who do you think will win this time, the Jin family or the Zhou family?"

"Ha! Do you even need to guess? It must be the Jin family. How strong is the Jin family? You still don't know? The Jin family is an ancient blood family, and its descendants have always been very talented in the metal system. I think the Zhou family will definitely lose this time!"

"That's not necessarily true. You know that the Jin family will definitely win before the fight even begins? Besides, this time the Jin family allowed the Zhou family to hire people to help with boxing."

"hehe!! It seems you still don't understand. The Jin family allows the Zhou family to invite people to help with boxing, but they don't look at who the Zhou family invites? Look at that red-haired boy. His cultivation level is only at the peak of the second level of Dzogchen. With such strength, it doesn't make much sense to compete in a competition!"

After that person's reminder, many people noticed that of the five contestants selected by the Zhou family this time, four were young people in their twenties, but the last one was actually a fifteen or sixteen-year-old boy.

At that moment, the crowd began to uproar

"what happened? Why did the Zhou family find such a young man to fight?"

"yes! This young man must have good talent. It is extremely rare for him to have reached such a level of cultivation at such a young age! But he has been practicing for too few years, and he is not yet at the third level of cultivation! It's still a bit low to participate in the war with such strength."

"It seems that the Zhou family can't find anyone, so they can only find one person to make up the number."

"I think so too! However, the potential of the people the Zhou family hired to make up the numbers is not bad! Is it just that this third-level warrior is so difficult to find? Do you have to find a young man with insufficient strength to make up the numbers?"

"hehe!! Do you think it's easy to find? How many young warriors under the age of thirty can reach the third level of cultivation? It's hard to find one or two among a thousand people! The Jin family didn't give the Zhou family much time, only seven days."

"It would be too difficult to find four such one-in-a-thousand talents within these seven days. In fact, the Jin family also knows how difficult it is here. Otherwise, do you really think the Jin family is so easy to talk to? Actually, I think it's pretty good that the Zhou family can find such manpower as they have now."

"In this way, the Zhou family loses more and wins less this time!"

"Let's not say so much, let's just wait and see the results!"

While everyone was having a heated discussion, there was a sudden commotion outside the venue.

Someone in the crowd even shouted: "Look! The Jin family is finally here!"

"yes! The Jin family is here!"

As soon as I heard that people from the Jin family were coming, there was an uproar on the field, and everyone looked at the entrance of the school ground.

Qingtian Qi also looked at the entrance out of curiosity. Not long after, a group of people walked into the entrance.

This group of people all looked arrogant, wearing uniform white uniforms, with a ferocious beast totem embroidered on their chests.

That beast was the ninth-level beast, the red gold beast.

They were the Jin family who came to compete. The disciples.

I saw that the leader was a short and thin old man, and his cultivation level was actually at the seventh level.

Behind the old man were five young people, and these five people were the candidates for the Jin family to participate in the competition.

One of the Jin family's children Upon entering the stage, Qing Tianqi's eyes were immediately attracted to one of the young men in his mid-twenties, and a look of surprise immediately appeared on his face..

Chapter 2593

As soon as the Jin family's children appeared, Qing Tianqi's eyes were immediately attracted to one of them, a young man in his mid-twenties, and a look of surprise immediately appeared on his face.

What surprised him was not that he knew the young man, but that he was so ugly.

I saw that the man was short and thin, with thick lips and buck teeth, and eyes one big and one small. His facial features seemed to be put together incorrectly and he looked extremely

uncomfortable. His face was even more pitted and pockmarked, which made people feel uncomfortable. tingling.

Although this man was ugly, his arrogant look revealed his arrogance, and he looked at the onlookers with disdain.

At that moment, Qing Tianqi couldn't help but secretly thought:"Who is this person? He looks very proud, but why is he so ugly?"

At this time, Zhou Hao on the side whispered:"That person is Jin Yuancheng! Don't think he looks ugly, His heart is even uglier!"

Qing Tianqi suddenly realized:"So he is Jin Yuancheng! I didn't expect Jin Yuancheng to be a pockmark!"

"yes! Brother Tianqi, you still don't know that Jin Yuancheng has a nickname!"

"What nickname?"

"The stars reappear!"

Qing Tianqi suddenly frowned and asked in confusion:"Why does he have such a strange nickname?"

Zhou Hao smiled and said,"Brother Tianqi, you don't know something." Because this Jin Yuancheng is pockmarked, whenever he gets angry, the pockmarks on his face become shiny and shiny, like stars appearing, so everyone gives him a nickname behind his back, called"Stars Reappear""

Hearing this, Qing Tianqi suddenly burst into laughter:"Haha!! This nickname is quite vivid! By the way, who is the old man in the lead?"

"He is Jin Jinyuan, the fourth elder of the Jin family, and he is also the spokesperson of the Jin family in this competition. Okay, no more talk, the competition will begin soon!"

At the same time, Jin Jinyuan had already led the Jin family children into the center of the school field.

The ancestor of the Zhou family immediately stood up and saluted to greet them.

"Ha ha!! Brother Jin, your Jin family has finally arrived! Jin

Jinyuan also immediately smiled dryly and saluted with his hands raised:"Haha!" Brother Zhou, and everyone else, I've kept you waiting for a long time!"

At this moment, the heads of other families also stood up to pay tribute to Jin Jinyuan.

"Brother Jin, please take a seat!"

"good!!"

At that moment, Jin Jinyuan walked up to the summit and sat down side by side with the ancestors of the Zhou family. As for Jin Yuancheng and others, they stood on the other side of the ring and confronted Qing Tianqi and others.

The atmosphere in the field suddenly became a little different.

This The competition is about to begin. But what no one knows is that among the spectators, there are two pairs of eyes anxiously searching Qingtian Qi's team.

The owner is Hai Qing's seventh uncle and his clan brother Hai Shi.

It turns out that these two people are also here to watch the battle.

But at this moment, both of them have complicated and unreadable expressions on their faces, anxiously looking for Hai Qing in the crowd. The two looked for a while, but still couldn't find Hai Qing's figure.

When they saw it, Hai Shi asked Hai Qi in confusion: "Uncle Qi, why is Brother Hai Qing not in the Zhou family's team? Look, Wang Tianqi actually participated in this mission. What is going on? Hai

Qi frowned and pondered for a while before whispering: "Hai Qing must have had an accident." Otherwise, it would be impossible for him not to show up for such a big matter.

The sea lion suddenly panicked: "Uncle Qi, what should we do?" What happened to Hai Qing?"

Hai Qishen said: "I don't know this either. This is something strange. I think we should find out that kid from the Wu family first. I think what happened to Hai Qing must be related to that kid from the Wu family."

"According to my speculation, it is likely that Hai Qing was eager to make a contribution and was able to scare the enemy away. Otherwise, it has something to do with the Zhou family. But no matter what the reason is, we can't act rashly now. We'd better find the kid from the Wu family first. After hearing this

, Haishi felt a little relieved, and then asked: "Uncle Qi, what should we do next?"

Hai Qi thought for a while and said: "Hai Qing is missing, and the Xuanwu Order is also on him." If we want to find out which one is the disciple of the Wu family, we can only rely on speculation. According to the information Hai Qing gave us previously, we will start with the red-haired boy and the young woman."

"The two of them should be Wang Tianqi and Mu Hongying. If the information given by Hai Qing is correct, then the descendant of the Wu family is one of them. After the competition is over, we will take down these two people together!"

"Uncle Qi, I understand!"..

Chapter 2594

At the same time, Qing Tianqi, who was standing near the ring, vaguely felt that someone was looking at him. He immediately turned around and saw Hai Qi's dark yellow face in the crowd.

At that moment, Qingtian Qi was stunned and immediately pretended not to see it.

But he sneered secretly in his heart: "Haha!! This person is indeed here!!".

Just when Qing Tianqi was secretly paying attention to Hai Qi and Hai Shi, Zhou Hao on the side whispered to Mu Hongying and Mu Yansheng

"The two people and the five people opposite are the candidates sent by the Jin family to fight this time. The man with the pockmarked face and ugly appearance was Jin Yuancheng, and he was the one who caused this incident. However, this person is extremely powerful and has reached the peak of the third level. It is not easy to deal with him!

As soon as he said this, Wang Xianglin on the side said proudly: "Don't worry!" I'll deal with that scumbag! Among the five members of the Jin family, except for the Fourth Young Master Jin, I, Wang, do not pay attention to them. Mu

Hongying asked curiously: "By the way, which one of the five is the Fourth Young Master Jin you are talking about?"

"It's the one on the far left. He looks arrogant, but he still looks pretty."

"Oh, I saw it, he doesn't seem to be very old at all! Looks like he's less than twenty years old"

"yes! Speaking of this Golden Fourth Young Master, even I, Wang Xianglin, have to admire him. At only nineteen years old, his cultivation has reached the pinnacle of the third level of Dzogchen. He is only one step away from the fourth level."

"His qualifications are indeed excellent, and he is likely to reach the level of an elite genius! At the Rookie Conference in one month, I think this person will definitely be on the list."

After saying this, even Wang Xianglin was full of praise.

Mu Yansheng and Mu Hongying also cast admiring glances at the Fourth Young Master Jin.

Among warriors, only the truly strong can gain the respect of others, even if The Fourth Young Master Jin was their opponent, and Mu Yansheng and Mu Hongying couldn't help but respect each other in their hearts.

At this time, Mu Hongying thought of a question: "The Fourth Young Master Jin is a master of the third level of Dzogchen. If he appears, We are invincible here! The battle with him is bound to be lost!"

"yes!"

Zhou Hao sighed deeply helplessly.

"Therefore, among the four of us, except for the one with the Fourth Young Master Jin, which we can lose, we must win the other three games. As long as we lose one of the other three games, our Zhou family will lose this bet."

After hearing this, everyone's hearts sank. They knew what Zhou Hao meant.

Although the Zhou family clearly sent five people this time, in fact, only four people were actually capable of fighting. Qingtian Qi was just using them to make up the numbers..

Just as Zhou Hao and the other two were discussing the situation in a low voice and excluding Qing Tian Qi, the children of the Jin family on the opposite side were also looking at Qing Tian Qi and others.

When the five of them saw that Qing Tian Qi's strength was only the second level of Great Perfection Peak At this moment, there was a playful smile on the corners of his mouth.

At that moment, someone snickered and said: "Hey! Did you see it? Among the five people sent by the Zhou family this time, one was actually a second-level warrior. Isn't this giving us a free victory?"

"Ha ha!! yes! It seems that the Zhou family cannot gather together five third-level warriors!"

"that is! Is it so easy to find third-level warriors under the age of thirty? Besides our Jin family who can produce five third-level warriors at once, which other family has such strength?"

"hehe!! How can we say that our Jin family is also an ancient blood family? How can our talents be compared to ordinary people?"

"hey-hey! Let's not say that much. I think there is no suspense in this competition. The fourth child will definitely win. That young red-haired boy on the other side will definitely lose to us. That's two wins"

"For the rest, we only need to win one more game, and our Jin family will win this gambling battle. Of course, it would be better to win all five games, so that we can better demonstrate the majesty of our Jin family!"

"Ha ha!! That's right!"

At this moment, all the children of the Jin family were full of confidence, thinking that they would win this gambling battle.

But at this moment, the ancestors of the Zhou family and Jin Jinyuan stood up together on the summit.

The ancestor of the Zhou family coughed first.

He A clear cough, secretly using energy fluctuations, quickly spread throughout the entire place, as if coughing in everyone's ears. The originally noisy scene immediately fell silent, and everyone's eyes focused on the ancestor of the Zhou family..

Chapter 2595

The ancestor of the Zhou family glanced around with satisfaction before saying loudly

"First of all, Zhou welcomes everyone to come to my Zhou home to watch this competition. Many people must already know the origin of this fight, so Zhou will not go into details here. Regarding the rules of this gambling fight, our two families adopt the traditional best-of-five-game system. I hope you will witness it!"

Speaking of this, the ancestor of the Zhou family looked at Jin Jinyuan who was aside and said:"Brother Jin, I wonder what else you want to say?"

"Ha ha!! Brother Zhou, I have nothing to say. I think this competition will begin!"

"good! That Zhou announced this, and the gambling battle between the Jin family and my Zhou family began. As the masters of the Zhou family, let us, the Zhou family, take the lead in this first game!"

As soon as he said this, he looked at Zhou Hao.

Zhou Hao understood and asked Wang Xianglin and others:"In this first game, who among the four of us will go first?"

"Let the little girl come first!"

Mu Hongying smiled heroically and jumped onto the ring gracefully. When the crowd watching around saw Mu Hongying on the ring, they all cheered up and secretly knew that the show was about to come. They all calmed down and started watching the fight..

When all the Jin family members saw Mu Hongying come on stage, one of them immediately laughed lewdly and said

"Yo! This chick is not bad looking! Just by looking at her, she looks very impressive. Look at her legs, they are long, thin and straight. She looks really tall when she stands there! Ha ha!!"

This wretched person is none other than the lecherous and cruel Jin Yuancheng.

At this moment, Jin Yuancheng grinned with a big mouth full of yellow teeth, showing an extremely wretched look.

The two eyes, one big and one small It was full of lust.

It was very uncomfortable to see him like this in the eyes of everyone.

Next, Jin Yuancheng looked at Mu Hongying and swallowed his saliva, and took the initiative to say:"Brothers! Let me watch this first scene first! Let me meet this chick first! I went first!"

As soon as he said this, the fourth young master Jin, who had been silent all this time, said coldly: "Second brother, stop! This competition is subject to my control, have you forgotten? I don't think you need to come to this scene."

After receiving such a cold shout from the Fourth Young Master Jin, Jin Yuancheng immediately stopped and stepped back in disappointment. He even glanced at the Fourth Young Master Jin viciously from the corner of his eyes. Obviously, he felt very sad because of the Fourth Young Master Jin's stop. Angry.

But he knew that he was not as powerful as Fourth Young Master Jin, so he did not dare to express any dissatisfaction.

Fourth Young Master Jin ignored him and directly said to the person next to him: "Third Brother! Go ahead!"

"good!"

The man immediately jumped onto the ring, raised his hands to Mu Hongying and said, "I've seen the youngest of the Jin family!"

Mu Hongying also smiled cheerfully: "Little girl Mu Hongying!" Brother Jin, let's get started!"

"good! readily! Make the first move!"

The third youngest of the Jin family immediately started to stand up.

"That little lady is not welcome! Mu

Hongying raised her eyebrows and quickly pulled out the long red whip wrapped around her waist. Then she raised her jade hand lightly and said with a sweet voice: "Brother Jin!" Look at the whip!"

With this cute cry, the long whip was like a poisonous snake coming out of its hole, winding towards the third child of the Jin family. The third child of the Jin family sneered, shook his right hand, and sword shadows appeared in his hand, directly facing the long whip.

At that moment, the third child of the Jin family sneered. , the two started fighting.

And the people watching around looked nervously.

The two fought very fiercely on the field, and in the blink of an eye, the two fought for fifty or sixty rounds.

For a while, there was no winner. This made the onlookers around them extremely nervous.

And among the onlookers who came this time, most of them were young warriors.

After all, this competition between the Zhou family and the Jin family was a confrontation between the younger generation.

Young people naturally I wanted to see the battle between young people. Only in this way can I better motivate myself, so most of the people who came this time were young warriors. At this moment, those young warriors began to talk in low voices.

"That woman is so strong! And the third child of the Jin family is also pretty good!"

"Nonsense, don't you even look at the strength of these two people? They are all third-level warriors! They are all such young third-level warriors. How can the strength of third-level warriors be comprehended by us first- and second-level little people?"

"yes! They are so strong and so fast that I can hardly keep up with their movements! I really envy these masters. When will I also have such strength?"..

Chapter 2596

On the other side, Qingtian Qi was also watching the battle silently.

It's just that this kind of battle looks boring in his eyes.

Perhaps among other peers, the two on stage are too strong and too fast.

But in front of Qing Tianqi, the strength of these two people was too weak and their speed was too slow. So slow that he almost lost interest in watching.

But Zhou Hao and the three of them all looked nervous.

Zhou Hao even asked secretly: "Two of you, who do you think will win this battle?"

Mu Yansheng shook his head repeatedly: "It's hard to say! These two people are equally powerful, it's hard to decide for a while!"

Wang Xianglin also nodded. Said: "Yes! These two people are both strong! It is not easy for us to distinguish who is strong and who is weak! I think these two will have to fight for another fifty or sixty rounds before they can tell the difference."

But he didn't expect that as soon as he said this, Qing Tianqi on the side said calmly: "I don't care! Sister Hongying will win within twenty rounds!" Qing Tianqi's words were like a heavy blow, and Zhou Hao and the other two people heard Qing Tianqi's words. Was very surprised.

Immediately, Wang Xianglin sneered and said: "Haha!! Wang Tianqi, with the strength of your second-level warrior, can you clearly see the movements of the two people on the stage? I think you can't even see their movements clearly. He dares to judge the outcome arbitrarily. How ridiculous!"

"I think you shouldn't embarrass yourself here, just stand there honestly and don't always talk nonsense. It will still be your own face that will be embarrassed."

"Yeah?"

Qingtian Qi smiled slightly

"If you don't believe it, just wait and see!"

"Ha ha! It's ridiculous. The two people on the stage are clearly evenly matched, and it's hard to predict who will win. You still said that Mu Hongying can win within twenty rounds. is it possible? What a big joke"

"Are you joking or not? You'll find out if you wait a little longer."

"Yeah?"

Wang Xianglin smiled disdainfully

"good! Since you are so serious about what you said, I will wait and see if there is a result within twenty rounds. When twenty rounds are over and there is no winner, I wonder what dignity you have left?

Mu Yansheng also sneered:"Brother Wang, he is obviously not on the same level as us. How could he see the fighting situation on the field? Why do you need to be serious with him? Just treat his words as farts.""

"Ha ha! What Brother Mu said makes sense. However, Wang just likes serious people. Brother Mu, Zhou Hao, you two will bear witness to me today. I want to see how embarrassed this kid is today. I want him to know that he can't just pretend. Seeing this

, Zhou Hao reluctantly persuaded:"Everyone, we are all our own people, don't quarrel over such trivial matters." I see that there is no need to do this testimony. But he didn't want to, Qing Tianqi smiled calmly and said:"Brother Zhou, just bear this witness!" I also want to see how embarrassed some people are."

Hearing Qing Tian Qi's words, Zhou Hao was greatly surprised, and began to blame Qing Tian Qi for liking to be in the limelight. In fact, he also thought that what Qing Tian Qi said was impossible.

He originally wanted to protect Qing Tian Qi, but he didn't want Qing Tian Qi to be unlucky. He is looking for trouble and does things to embarrass himself.

At that moment, Zhou Hao shook his head helplessly.

Wang Xianglin even laughed and said:"Zhou Hao, you saw it too! Do you think this kid is too self-righteous? He must embarrass himself completely!

Mu Yansheng also laughed and said:"I think so!" Wang Tianqi, you....."

Just when Mu Yansheng wanted to continue speaking, a sudden change occurred on the stage. Suddenly, there was a scream, followed by a muffled groan, and a figure fell off the stage.

The onlookers around him suddenly exclaimed.

The outcome of the fight in the field is decided.

On the ring, Mu Hongying stood proudly, while Young Master Jin had already been knocked off the ring.

Obviously, Mu Hongying won the first game.

It's just that it all happened too fast. Many people didn't understand what was going on, and the outcome of the battle was immediately apparent.

At that moment, Qing Tianqi deliberately laughed loudly and said:"Haha!! There were thirteen rounds in total, and Ying Hong won as expected. Brother Wang, Brother Mu, what do you two think?" The two people who were still immersed in shock heard this. When he said this, his face suddenly froze, and they immediately looked at each other and saw the embarrassment on the other person's face..

Chapter 2597

At this moment, both of them felt ashamed and chose to remain silent.

But Qingtian Qi didn't let go, and deliberately asked:"You two, why didn't you say anything all of a sudden?"

Upon hearing this, the two people's faces turned red and they were very embarrassed.

Wang Xianglin became even more angry and said:"Ha! Wang Tianqi, you are lucky this time, you are just a blind cat who encountered a dead mouse."

Qing Tianqi smiled and said nothing, but felt very happy in his heart.

Seeing the awkward looks of the two of them, he couldn't help but feel proud.

As for why he can judge the outcome of the battle, it is actually because he has a better vision than Wang Xianglin and others.

In fact, he had already seen that Mu Hongying and the third child of the Jin family were equally powerful.

However, the third child of the Jin family, as a child of a wealthy family, has high cultivation but little combat experience. This is almost a common problem among children of a wealthy family.

Mu Hongying is a casual martial artist with rich combat experience.

When the two of them were fighting, Mu Hongying always had some spare energy to spare, and she secretly observed the tricks of the third child of the Jin family, ready to find the right opportunity to attack.

As Qingtian Qi, who also has rich combat experience, he naturally understood Mu Hongying's thoughts, so he came to that conclusion.

Unexpectedly, Wang Xianglin and Mu Yansheng dismissed his judgment, and he just took this opportunity to humiliate these two people.

Just when everyone in the field was suddenly surprised by the victory or defeat, the ancestor of the Zhou family on the summit stood up with a face full of joy and said with a smile

"Everyone, you have all seen that our Zhou family should win in the first round! I wonder if Brother Jin has any opinions?"

Jin Jinyuan's expression remained calm and he smiled lightly: "Not bad!" This first game is won by your Zhou family. However, there are still four games to come, so I don't think Brother Zhou will be too happy now!"

"Ha ha!! Zhou only discussed this game, but Brother Jin thought too much."

At that moment, the old team of the Zhou family announced that Mu Hongying won the first game.

The children of the Zhou family also cheered.

Mu Hongying walked down the ring happily, and

Zhou Hao and others naturally went to greet them excitedly.

After some excitement, Zhou Hao suddenly remembered what happened to Qing Tianqi before, and asked Qing Tianqi in surprise

"Brother Tianqi, how did you judge that Mu Hongying could win within twenty rounds?

Qing Tianqi smiled slightly:"Haha!"! It's all just luck!"

"Yeah?"

Zhou Hao still glanced at Qingtian Qi doubtfully. Obviously he didn't believe what Qingtian Qi said.

At this moment, he unknowingly became curious about Qingtian Qi. He vaguely felt that Qingtian Qi might not be as simple as it seemed..

Even Wang Xianglin and Wang Xianglin, who had just been defeated, had re-evaluated Qingtian Qi in their hearts.

Of course, they still did not believe that Qingtian Qi was stronger than a third-level warrior, but they did not dare to insult Qingtian Qi easily, lest they let themselves suffer again. Shame on you

"alright! Now that the first round is over, the next is the second round! This time it's our Jin family's turn to take the lead!"

At this time, Jin Jinyuan stood up and announced.

Hearing this announcement, the originally lively spectators around him suddenly calmed down and began to look forward to the start of the second game.

At this moment, the Jin family's children did not look very good.

Just now Naturally, they would not look too good after losing a game.

Jin Yuancheng even twisted his ugly face and complained:"Lao San, you are so useless. There is also the fourth child. I have already said that I was asked to play just now. If I play, I will definitely win. snort! You must let me go!"

The Fourth Young Master Jin glanced at him unhappily.

"Who will go first and who will go last? We have arrangements before the game. Everything is based on the overall situation. How can you play when you want to play for your personal preference? Okay, I won't tell you any more, it's your turn to play in the second round, so go ahead!"

"snort! Aren't you just a little more talented than me, so what's the big deal?"

Jin Yuancheng said a word and jumped onto the stage.

The Jin family disciples in the audience all looked at his back angrily.

"This guy is still so annoying, even talking to the fourth child like this"

"That is, this time we are fighting with the Zhou family because of his business. It would be better for him to complain about this and that."

"Forget it, he is this kind of person, and I have known him for more than a day or two. If it weren't for the sake of our Jin family's face this time, I wouldn't help him. Otherwise, let him dream!"

At this time, the Fourth Young Master Jin said again:"Okay, everyone, stop talking. After all, everyone is in the same boat now, so there is no need to have internal conflicts over this kind of person.".

## Chapter 2598

But he said that as soon as Jin Yuancheng came on stage, there was a commotion in the audience.

From time to time, some whispers of curses could be heard from the crowd. It seemed that Jin Yuancheng was such a bad person that the whole city knew about it, so everyone was whispering curses at this moment.

When Zhou Hao and others saw Jin Yuancheng coming on the stage, their expressions changed slightly.

Zhou Hao immediately whispered: "Everyone, this Jin Yuancheng seems to be a third-level peak warrior. Among us, I am afraid that only Brother Wang can deal with him. It seems that I will ask Brother Wang to take action this time."

Wang Xianglin smiled slightly, and at this moment he Only then could he breathe out from the previous embarrassment.

I saw him looking at Jin Yuancheng on the stage with contempt, and said proudly

"Zhou Hao, don't worry! That scumbag is no match for me. I am ranked third among the top ten young masters in Chijin City. This scumbag is only fifth. Just watch carefully as I teach him a lesson. This scumbag wants to take advantage of me, Meier, so I will let him taste the pain."

Speaking of this, Wang Xianglin stamped his feet and jumped onto the ring.

"Wang Xianglin!"

Seeing Wang Xianglin take the stage, a look of fear flashed across Jin Yuancheng's eyes.

Wang Xianglin also looked at him with disdain and sneered: "Why are you afraid? Jin Yuancheng, you are no match for me, you should get out of here quickly!"

"Arrogant! You and I haven't fought yet, how do you know who will win and who will lose?"

"Ha ha!! Do you even need to ask? Although you and I are the same level three peak masters, Wang is not talented and his strength ranks third among the top ten young masters in Red Gold City, while you only rank fifth. Who is strong and who is weak? Do you even need to ask? Besides, you and I have fought before, and you were just my defeated general."

Jin Yuancheng's ugly face immediately twitched, and then he laughed again

"Ha ha!! Wang Xianglin, I know that you are arrogant by nature, and that you, a bird-like person, have always disliked me. If I play, your side will definitely send you to deal with me. After all, you are the only one on your side who is a third-level peak warrior. Do you think I didn't think of this?"

"To tell you the truth, I had prepared a way to deal with you before I came here.

Wang Xianglin's expression changed slightly:"What method?"

Seeing Wang Xianglin's expression was different, Jin Yuancheng laughed proudly.

"Ha ha!! how? Are you afraid? Then let me make it clear to you!"

After saying this, Jin Yuancheng choked and pulled out the sword from his waist.

As soon as the sword was taken out, it caused the golden energy around him to fluctuate, and the sword body emitted a white light.

"Huh! It's a spiritual weapon! This is a gold spiritual sword."

Wang Xianglin looked at the long sword in Jin Yuancheng's hand in surprise, with a complicated look in his eyes.

Jin Yuancheng laughed proudly again:"Haha!! That's right. This sword is a gold spiritual sword. With the help of this spiritual sword, it is not certain who will win between you and me!"

"snort!"

Wang Xianglin snorted coldly, but stopped talking, but his eyes revealed worry.

Zhou Hao in the audience was even more anxious and said: "It's not going to be good this time! Jin Yuancheng's strength is not weak in the first place. This time he has a spiritual weapon to help him. It's hard to predict who will win in this battle between him and Brother Wang!"

"yes!"

Mu Yansheng and Mu Hongying also showed a hint of anxiety.

At this time, Wang Xianglin's voice came from the stage again

"Jin Yuancheng, what if you have a spiritual weapon to help you? A defeated general is a defeated general. Today you will see how you die! Just because you, a pockmarked person, want to seduce my Mei'er is like a toad wanting to eat swan meat.

Jin Yuancheng was furious: "Wang Xianglin, you are looking for death!"

He hated people calling him "pocky" the most in his life. Wang Xianglin's words deeply hurt his heart.

At that moment, Jin Yuancheng made a ferocious face, slashed horizontally with his sword, and angrily slashed at Wang Xianglin's neck.

Wang Xianglin sneered at the corner of his mouth and raised the sword's crossbar!

"when!"

There was a crisp sound on the ground, blocking Jin Yuancheng's attack.

Seeing that the attack was ineffective, Jin Yuancheng launched another attack.

The two immediately started fighting.

This time, both of them attacked with anger.

Wang Xianglin secretly hated Jin Yuancheng for relying on his family's strength and wanted to marry by force. His sweetheart.

Jin Yuancheng was angry at Wang Xianglin for calling him a pockmark.

So when the two of them fought, they went all out and used their killing moves.

The scene was extremely thrilling, and the onlookers all around stretched their necks nervously.

For a moment, , swords were flying in the ring, and the fight was inextricable.

In just a moment, the two of them fought for dozens of rounds in the ring.

For a time, no one could do anything to the other.

Under the ring, Zhou Hao and others became even more anxious as they waited..

Chapter 2599

In the blink of an eye, the two men had fought for sixty rounds in the ring, and Wang Xianglin finally gained the upper hand.

At that moment, the faces of the Zhou family members showed excitement, and many people began to cheer for Wang Xianglin.

Zhou Mei even showed admiration for Wang Xianglin.

In the ring, Jin Yuancheng felt so stressed that cold sweat broke out on his forehead.

Suddenly, a cold light flashed in his eyes.

I saw him taking out a fist-sized blue marble from his arms and shouting loudly

"Wang Xianglin, pick me up a 'Tianleizi'!"

As soon as he said this, Jin Yuancheng threw the blue marble in his hand directly at Wang Xianglin

"Oh my God! It's Tianleizi!"

Wang Xianglin screamed.

Even the fourth-level warrior dare not take on Tianleizi.

He is only a third-level warrior. If he is really hit by Tianleizi, he will definitely die.

At that moment, Wang Xianglin's face turned pale with fright. Changed, and hurriedly retreated.

The spectators around him let out countless exclamations.

Several angry voices were heard from the summit stage.

"Jin Yuancheng! stop!"

"Stop!"

Everyone knows that if the thunderbolt hit Wang Xianglin that day, he would definitely die.

In fact, in such an arena competition, you can use spiritual weapons and pets, but you cannot use hidden weapons like Tianleizi.

Everyone is Unexpectedly, Jin Yuancheng ignored Bidu's rules and used the forbidden Tianleizi.

At that moment, everyone roared and tried to stop them.

Unfortunately, these roars were useless, Jin Yuancheng's Tianleizi had already hit him.

Wang Xianglin was frightened on the spot. His hands and feet were in chaos, and his own defense was completely flawed.

When Jin Yuancheng saw this, a sinister smile appeared on his lips, and he rushed up with Tianleizi, taking advantage of Wang Xianglin's unpreparedness, and kicked him off the ring.

At the same time , At the same time, the thunderbolt flew out of the ring and landed next to Wang Xianglin.

Everyone suddenly exclaimed.

Many people even closed their eyes tightly, unable to bear to see the tragedy happen.

But what surprised everyone was that the thunderbolt The Tianlei Zi did not explode.

Everyone was stunned.

At that moment, Jin Yuancheng jumped off the ring, picked up the Tianlei Zi, and laughed loudly:"Haha!! Wang Xianglin, you lose!"

Wang Xianglin suddenly woke up and immediately pointed at Jin Yuancheng and yelled

"You despicable villain, you actually used a fake Tianleizi to scare me, you are so shameless. You are not allowed to use Tianleizi in a fight. You are cheating and this fight will not count!"

"snort! It's good not to use Tianleizi, but did I use Tianleizi? Mine is just a fake one, so I'm not committing any foul play. Besides, soldiers never tire of deception, and I didn't say that deception cannot be used in a duel."

Wang Xianglin was immediately speechless when asked.

However, many people in the crowd still felt disdain for Jin Yuancheng's behavior, and even secretly cursed Jin Yuancheng for being so shameless for using such shameless tactics in order to win.

Mr. Zhou's family Zu even said angrily: "Brother Jin, your Jin Yuancheng is really different from ordinary people, and he resorted to such means in order to win.

Jin Jinyuan smiled and said: "Brother Zhou's words are different. What's wrong with cheating in a competition?" The kid from Yuancheng's methods were a bit despicable, but he did not violate the rules of the competition! Competitions only focus on the results, not the process. You must have seen the result of this battle."

"snort!!"

The ancestor of the Zhou family snorted, but was helpless.

At this point, the result of the second game was determined, and Jin Yuancheng won.

Wang Xianglin immediately walked back to the team in disgrace.

Zhou Hao and others also looked very ugly.

Wang Xianglin Once they lose, it will be difficult for the Zhou family to win.

The second game is over, and then comes the third game. In the third game, this time it is the Zhou family's turn to send someone to play first.

This time it is Mu Yansheng.

The Jin family also sends One person came on the stage.

The two of them started fighting without saying a word.

This time, all the Zhou family disciples were excited and put almost all their hopes on Mu Yansheng. If

Mu Yansheng wins this time, then they The Zhou family is likely to win this game. If they lose, it will be completely hopeless.

Chapter 2600

Because the two people from the Jin family have not yet appeared, only the Fourth Young Master Jin and another member of the Jin family are left.

In the next game, it was the Jin family's turn to send someone to play first.

If the Jin family sends the fourth son of Jin, the Zhou family can let Qingtian go up together. It doesn't matter if they lose, it's just a two-two tie.

In the last match, Zhou Hao had a great chance of winning against the last member of the Jin family.

Because Zhou Hao is one of the top ten young masters in Scarlet Gold City. Although the Jin family member is also at the third level, he failed to enter the top ten young masters. He is also the weakest among the five members of the Jin family.

Therefore, Zhou Hao is very confident that he can defeat the Jin family disciple.

Of course, the premise is that Mu Yansheng must win this game.

If Mu Yansheng loses, the Zhou family will lose in advance.

Because Mu Yansheng lost, the Jin family won two games.

Of the remaining two games, Golden Fourth Young Master will definitely win one.

Because only Qing Tianqi and Zhou Hao were left in the Zhou family. In the eyes of the Zhou family, these two people could never be the opponents of the Fourth Young Master Jin.

Therefore, Mu Yansheng's game is the most critical game for the Zhou family.

At that moment, all the Zhou family members were nervously looking at the people fighting in the ring. Even the ancestors of the Zhou family were watching nervously.

Zhou Mei clenched her little hands and watched the battle nervously. She knew that this round was a battle that related to her fate.

At that moment, everyone held their breath and watched the battle with wide eyes.

This battle lasted for half an hour. The two sides were sweating profusely and it was very fierce.

Suddenly, there were a lot of changes in the field. The kid from the Jin family who was against Mu Yansheng deliberately used a flaw, made a feint, and hit Mu Yansheng hard in the chest with a punch.

Mu Yansheng immediately groaned, vomited blood and flew out of the ring.

There was an uproar in the audience.

Everyone in the Zhou family suddenly became ashen-faced.

The ancestor of the Zhou family sighed helplessly and sat down.

This time, the Zhou family will not only lose Zhou Mei, but also lose face.

"Why! It seems that the Zhou family is destined to lose this time!"

"yes! It's a pity that Zhou Mei is a very nice girl, but she will be ruined by Jin Yuancheng."

In the crowd, a discerning person could see the result of the battle at a glance.

At this moment, Mu Yansheng held down his injured chest and said to Zhou Hao with a shameful expression: "Brother Zhou Hao, I'm sorry, Mu has let you down."

Zhou Hao smiled desperately: "Brother Mu, this is not your fault!" Why! It seems that God wants our Zhou family to lose! Our Zhou family loses face, but it is a pity for my girl!"

Hearing this, Wang Xianglin bit his lip and said in great pain: "It's all that despicable Jin Yuancheng. If he hadn't cheated, we should have won! What a pity Meier!"

After saying this, this arrogant young man's eyes turned red.

He was sincere towards Zhou Mei.

Compared with the despair of the Zhou family, the children of the Jin family were all happy.

Jin Yuancheng even had a look on his face. of pride

"Ha ha!! Our Jin family has already won two games. As long as we win one more, there is no need to compete."

The Fourth Young Master Jin also disdained a smile.

"It was a boring bet, and none of the five people sent by the Zhou family interested me. I think it's time to end it early, so I'll take over this round."

After saying this, the Fourth Young Master Jin jumped onto the ring.

As soon as the Fourth Young Master Jin entered the ring, the spectators around him became quiet and turned their attention to the ring again.

In the crowd, those young warriors saw Jin Fourth Young Master. When the young master appeared on the stage, he couldn't help but get excited.

"Oh my God!! This time, it was the Fourth Young Master Jin who took the stage!"

"yes! He is my idol! With him on the court, the Zhou family would definitely lose this game. There is no need to compete in the next round."

"Why! It seems that the Fourth Young Master Jin is tired of waiting and wants to end the competition early!"

But in the ring, the Fourth Young Master Jin proudly raised his chin and pointed impatiently at Qingtian Qi and Zhou Haodao

"You two are the only ones left in the Zhou family who haven't played. Which of you two will go first in this round? If you want to go up, move quickly, don't waste any more time. Otherwise, you two can come together and I'll take it together."

As soon as these words came out, there was an uproar all around..
