

## God level 261

### Chapter 261

Qin Feng waved his hand, and two drops of dragon marrow liquid flew over.

He opened his mouth, sucked it in, and swallowed it.

"Ding! Devouring Dragon Marrow Liquid Successfully.....Dragon Marrow Transformation 100%.....Combat strength increased to 460 million..."

"Ding! The seventh-level dragon power was promoted to the eighth level... The power of the true dragon was awakened four times, adding 30 million combat power....."

The next moment, the shadow of a giant dragon appeared behind Qin Feng.

His body exudes mighty dragon power, like substance, filling the space between heaven and earth.

Click~! Click~!

Bang~! Bang~!

Under the power of the dragon, the tables and chairs in the room shattered and turned into powder.

Qin Feng was shocked and quickly put away Long Wei.

The destruction in the field stopped instantly.

He looked at the floating dragon blood objects again, and saw that they were all intact, and then secretly breathed a sigh of relief.

Unexpectedly, after Longwei reaches the eighth level, it can generate substantial pressure.

This level of coercion is equivalent to the Eight-Star Dzogchen.

This mutation gave him a little surprise.

Coercion is very useful against low-level elementalists.

He doesn't need to lift a finger to intimidate the opponent.

In addition, his combat power has also been increased to 490 million, and his strength has improved a lot.

"Dragon quality transformation, dragon bone transformation, and dragon marrow transformation are all 100%, but my dragon power is only level eight. So how to obtain the ninth level dragon power?"

Qin Feng made a casual move, and he put away all the dragon blood and other objects in front of him.

At this moment, the summoning jade talisman sent a message to him.

Qin Feng's eyes suddenly lit up, showing a look of joy.

It turned out that, If he wants to obtain the ninth level of Dragon Power, he must collect the three tokens of Ni Lin, Dragon Tendon, and Dragon Pearl.

He has already collected Ni Lin and Dragon Tendon, but the only thing missing is the Dragon Pearl.

The Dragon Pearl is in Tianlong Mountain, and is destroyed by the Eight Stars. The perfect Dragon God Emperor is guarding him.

The content of the final assessment is to lead to Tianlong Mountain.

The entrance to the Dragon God inheritance is also on Tianlong Mountain.

"The strength of the Dragon God Emperor is stronger than that of the same level, and it is definitely not comparable to the ordinary Eight-Star Dzogchen. I should also make some preparations...."

Qin Feng made a casual move.

A beautiful figure appeared next to me

"Qin Feng, are you looking for me?"

Luo Li looked at the room. It was just her and Qin Feng.

She seemed to have thought of something, and her pretty face turned slightly red.

"What are you thinking about?", Qin Feng seemed to be smiling but not smiling.

Luo Li looked at him with watery eyes.

"You girl, you're having random thoughts again... Send these to Chu Chu.....", Qin Feng took out the dragon blood and other items he had just obtained.

"oh~! "

Luo Li realized that she had misunderstood, and her pretty face turned red.

Afterwards, Luo Li took the order and left.

Qin Feng looked at her graceful and attractive back, with an evil smile on his lips.

However, he has business now.

After closing the door, Qin Feng carefully took out a strange jade bottle.

Inside the translucent bottle, a white flame burned, exuding extremely terrifying power.

This is the origin of the Nine Stars Fire Master - Emperor Yan.

This is also the origin of Yue'er.

He is now 100% transformed into dragon essence, dragon bone, and dragon marrow. His physical strength has reached an unprecedented peak, and he can try to refine Emperor Yan.

What's more, if he wants to obtain the supreme power of chaos, his nine attributes must first be strengthened to the nine-star level.

At that moment, Qin Feng released Emperor Yan.

The next second, Emperor Yan was suspended in the air, and supreme power instantly filled the world.

Click~! Click~! Click~!

The boundary of the room was about to collapse, with countless cracks appearing.

The surrounding temperature rose to tens of thousands of degrees in an instant, and the air was baked and distorted, like frosted glass.

The origin of Nine Stars is extremely terrifying.

The difference between eight stars and nine stars is like the difference between heaven and earth, it is difficult to bridge.

On earth, there has never been an eight-star Dzogchen master who can successfully refine the nine-star origin.

Many people have tried it.

Without exception, they were all severely damaged!

Today, Qin Feng also wants to try.

He calmly swallowed a demon core, and the god-level devouring was secretly running.

Then, he slowly stretched out a finger and touched Di Yan.

If any other eight-star experts saw this scene, their faces would change with fear.

How could Di Yan be directly touched by his body?

Usually, special items are sucked, converted into mild energy, and then slowly absorbed.

If the limbs come into direct contact, they will be injured on the spot.

For a moment, Qin Feng's finger touched Di Yan.

Boom~!

The world shook!

Di Yan burst out with dazzling white light.

Violent energy rushes towards the fingertips.

The finger also burst out with dazzling spiritual light, faintly exuding imperial power.

When the two parties came into contact, Qin Feng's fingers were not hurt at all.

It turned out that those were not ordinary fingers, but emperor fingers fused with emperor bones.

After a moment, a trace of Emperor Yan's energy was extracted and poured into Qin Feng's body along the Emperor's fingers.

Immediately, Qin Feng's face showed a look of pain, and beads of sweat appeared on his forehead.

But in the next second, the demonic core energy circulated and repaired the injuries in his body very quickly.

"Ding! Successfully absorbing Emperor Yan... combat power increased by 1 million...."

"Ding! Successfully absorbing Emperor Yan... combat power increased by 1 million...."

"Ding! Absorbing Emperor Yan successfully....."

Success!

So smooth!

Qin Feng was overjoyed.

He closed his eyes slightly and silently refined.....

At the same time, in another secret room.

Long Shang took out a sealed storage ring.

That was the last trump card given to him by the God Emperor, and was used to deal with the Dragon God Emperor.

The Dragon God Emperor is the guardian of the Dragon Ball and possesses the power of the Eight-Star Great Perfection.

He can't be dealt with, so he can only use this trump card.

At that moment, Long Shang pricked his fingertip and used the blood from his fingertip to unseal the ring.

After a while, the seal was released.

He took three things out of it.

Two crystal ball-like objects and a jade talisman.

I saw that in the two crystal balls, one was wrapped in a ball of light, and the other was wrapped in a ball of black mist.

That was actually the origin of the Nine-Star Emperor.

The ball of light is the source of light of the nine stars, and the black mist is the source of darkness of the nine stars.

The God Emperor is of the light type, and the Hades Emperor is of the dark type.

Long Shang was a little surprised.

The Nine Star Origin is extremely precious.

He quickly picked up the jade talisman and inspected it.

After a moment, a look of ecstasy appeared on his face.

According to the method on the jade talisman, when the two sources of light and darkness merge, an extremely terrifying power will erupt, which can severely damage the Eight-Star Perfection in an instant.

There is nothing better than using this method to deal with the Dragon God Emperor.

But now, he wants to use it against Qin Feng.

As long as Qin Feng dies, everything will be his.

Thinking of this, Long Shang's lips curved into a sneer..

Chapter 262

In the blink of an eye, two days passed.

Today is the last day of trimming.

Tomorrow, the fourth assessment will begin.

At this moment, inside the secret room.

Qin Feng sat on the sofa and looked at the two women and one man in front of him calmly.

These three people are from the Snow Mountain Alliance and have come to seek refuge with him today.

The three of them were headed by a fair-skinned and beautiful young woman named Duan Muxue, with long hair and a white dress, elegant temperament, and a half-step essence fusion realm.

She is also the captain of the Snow Mountain League

"Lord Qin Feng, are you willing to accept our submission?"

Duanmuxue looked at Qin Feng expectantly.

She stared at Qin Feng's extremely handsome facial features, and her heart couldn't help but tremble slightly.

This Lord Qin Feng is really handsome!

"Do you know my rules?", Qin Feng sipped tea leisurely

"Know! We are willing to sign a sacred contract with you!"

Qin Feng put down the tea cup in his hand: "I'll make it clear in advance! Once the contract is signed, even the Nine-Star Emperor cannot forcibly erase it."

"In the future, if you go against my wishes, the backlash from this contract may very well kill you!"

Hearing this, Duanmuxue and the others changed their expressions slightly.

They couldn't help but look at each other and made eye contact.

After a moment, Duanmuxue sighed: "Master Qin Feng, we are voluntary!"

"good!"

Qin Feng didn't talk nonsense. With a wave of his hand, three golden runes flew towards the eyebrows of the three people.

The three people immediately relaxed their hearts and accepted the runes wholeheartedly.

This sacred contract requires the consent of both parties before it can be signed successfully.

After a moment, The contract was completed.

The three people looked at Qin Feng again with different eyes, with more respect.

Qin Feng also showed a smile.

This is the fourth batch.

Since he conquered the Xiaolun King, the White Tiger Alliance and the Xuanwu Alliance are here too.

It seems that Little Lun King intends to promote it, and the White Tiger League and the Xuanwu League also voluntarily signed a contract with Qin Feng.

In their view, this is not a bad thing, but a good thing.

First of all, taking refuge in Qin Feng can save your life.

Secondly , , if Qin Feng unifies the world in the future, they will also be the first group of elders, and even confidants.

So, why not?

Qin Feng will not refuse anyone who comes.

These people are the elite of the elite, and The backbone of the future of the earth.

If it were not forced by the environment, I am afraid these people would not easily take refuge.

Qin Feng will naturally not miss such an opportunity, and he will try his best to recruit them if he can.

"Since the three of you have taken refuge under me, I will naturally protect your safety."

Qin Feng smiled and took a sip of tea.

He was in a good mood.

Duanmuxue and the other three were also overjoyed.

"Thank you sir!"

"alright! You go back first!"

"yes! grown ups!"

Duanmuxue and the other three resigned.

After the three left, Qin Feng began to think about the current situation.

Among all the assessors now, except for the Hun Organization, only two people from the Qinglong League have not come to seek refuge.

Of course, it is impossible for the Hun Organization He surrendered to him.

There was already a feud between the two parties.

What's more, the Hazy Organization was not a real earth organization, and it was difficult for the two sides to come together.

Xiao Qingfeng of the Qinglong League did not surrender to him, but he also did not surrender to Long Shang.

He has always maintained To be neutral.

Qin Feng can also understand this.

The Qinglong Alliance is the strongest force among the seven major alliances of mankind.

The other six major alliances are equally powerful.

Therefore, asking Xiao Qingfeng to surrender to him is tantamount to letting Xiao Qingfeng admit that the Qinglong Alliance is not as good as Southern Alliance.

Xiao Qingfeng was unwilling to do that.

Qin Feng did not force it.

At the moment, he took out the "Secret Book of Formation" and continued to study.

As for the Emperor Yan, he had finished refining it yesterday.

Now, his fire attribute has been strengthened to Quasi-nine stars.

Unfortunately, the number of Emperor Yan is not enough.

If he wants to strengthen to the nine-star level, he needs another group.

After he returns, he will ask Yue'er for these.

However, what makes Qin Feng gratified is that his fire After his attributes were strengthened to quasi-nine stars, his combat power increased by a full 20 million.

His current combat power is 510 million.

Under nine stars, there is probably no one who can be his opponent.....

At the same time, the faint organization.

In the secret room, Long Shang was holding an emergency meeting.

Three members of the faint organization sat opposite Long Shang.

Jade Qilin was not present.

At this moment, the three members of the fainting organization all had sad faces.

They are all worried about their fate.

No one can say what will happen once tomorrow's assessment is over.

The Southern League performed so eye-catchingly that it was a standout.

Except for Chu Chu, the other five people are all in the essence fusion realm.

But the three of them are at most half a step into the fusion realm.

If there is a conflict between the two parties, it will definitely be the unlucky one.

Especially Qin Feng, who is completely invisible.

They were worried that Long Shang was no match for Qin Feng.

What's more, they have heard some bad rumors in the past two days.

"Lord Long Shang, won't Lord Yu Qilin come to the meeting?"

A member of the organization asked carefully

"snort! Don't mention that woman to me, she was scared out of her wits by Qin Feng... She is unwilling to participate in the next action!"

As soon as Yu Qilin was mentioned, Long Shang became furious.

But the expressions of the three members changed slightly.

Even Yu Qilin has withdrawn. It seems that the situation is over!

"how? Are you three afraid too?", Long Shang looked at the three of them coldly.

These three earthlings were as timid as mice.

If it wasn't necessary, he wouldn't bother to summon them.

The three members were panicked.

"My lord, we have not!"

"Ah! Better not!" Long Shang looked at the three of them coldly and arrogantly, "After leaving the secret realm this time, I will truthfully report to the God Emperor."

"Yu Qilin cannot escape punishment if he disobeys orders. You three, don't be as ignorant as her. ...."

"yes! yes! yes!"

The three members nodded repeatedly.

Long Shang sneered again: "That woman is indeed stupid! She thought Qin Feng would let her go if she didn't participate in the operation? The conflict between our organization and Qin Feng started very early. How could Qin Feng let her go so easily?"

As soon as these words were said, the three members nodded slightly.

This is the truth.

Then, a member said worriedly: "Master Long Shang, my subordinates recently heard that people from the White Tiger League, Xuanwu League, and Snow Mountain League have all defected to Qin Feng....Qin Feng's power is getting bigger and bigger. What should we do?"

"yes! They were now outnumbered. As soon as the fourth assessment is over, I'm afraid we will be besieged. Then our situation... Hey!"

Another member also looked worried.

"What are you afraid of?!", Long Shang smiled nonchalantly, "You guys take a look at this first....."

Long Shang threw a jade talisman over.

The three of them took the jade talisman and looked overjoyed after reading the information inside.

"Sir, it turns out you still have such a trump card!"

"That's great! We have such means, Qin Feng is dead this time"

"Of course! No matter how powerful Qin Feng is, he can't have the strength of the Eight-Star Great Perfection. I'm afraid that this blow will make him disappear into ashes....."

The three of them were excited, and the more they talked, the more excited they became.

Long Shang also looked proud.

He finally stabilized the morale of the army.

Subsequently, the four people began to plot.....

Time flies.

In a blink of an eye, it's the day of assessment.

In the square, examiners began to appear one after another.

In the secret room, Qin Feng closed the formation secret book in his hand.

He now has 50% mastery of battle patterns, and his level is getting higher and higher.

This satisfied him.

There is still one hour before the assessment begins.

Qin Feng checked the time, packed up, and prepared to leave.

But at this moment, footsteps sounded outside the door

"Lord Qin Feng, can I meet you?"

Jade Qilin's voice sounded outside the door.

"Ah! What a rare visitor!"

Qin Feng made a casual move, and the stone door rose.

Then, a beautiful woman walked in.

Qin Feng's eyes lit up.

Yu Qilin's dress today was different from usual.

She no longer wore a loose black robe, but a Wearing a light green dress, she showed off her slender waist, and with her pure and beautiful face, she looked like a fairy who had just entered the world.

"What do you want from me?", Qin Feng was a little surprised.

The assessment was about to start, why did this woman come suddenly.

Yu Qilin said with a mysterious face: "Master Qin Feng, can you close this door. I have something important to discuss with you."

Qin Feng waved his hand, and the stone door fell.

Bang~!

The door was closed tightly and the barrier opened.

They were the only two people in the room..

Chapter 263

"What's up?", Qin Feng asked

"I want to take refuge in you!", Yu Qilin said seriously.

Qin Feng looked at her in surprise: "You came here carrying Long Shang on your back?"

"That's right! Are you willing to accept the little girl?", Yu Qilin asked with a delicate smile.

"Not accepted!"

"Why?" Yu Qilin raised her lips slightly.

She has a pure appearance.

This makes her look a bit cute.

"You and I have different positions! Besides, I can't figure out why you would betray the Hun Organization?"

"betray?", Yu Qilin smiled coldly.

She seemed to have thought of something, and she looked a little lonely.

"how? Is the coma organization bad for you? I can see that you are an elite member of the faint organization.", Qin Feng asked tentatively.

Yu Qilin sighed:"Not bad! The organization has given me a lot, but it has deprived me of even more"

"How do you say this?"

"Let me tell you this! The background of the faint organization is very strong. What you see now is just the tip of the iceberg. The God Emperor and Hades Emperor you know are only the leaders of this region, not the supreme leader."

Yu Qilin explained calmly.

Qin Feng was secretly surprised.

This was the first time he knew this information.

Obviously, this information was not accessible to ordinary members.

Yu Qilin continued:"The Hun organization is not only powerful, but also very domineering. In order to train members, they searched for qualified disciples. When I was very young, I was taken away from my parents by the organization and subjected to cruel training....."

"I miss my parents very much, but the organization never lets me see them. The organization once said that as long as I succeed in my cultivation, I can go back to see my parents. In order to see my parents, I practiced hard..."

"Finally one day, I became successful in my cultivation. When I go back, my parents are gone....."

Speaking of this, Yu Qilin looked sad

"What happened to them?"

"died! Why! Died in an earthquake! After all, they are ordinary people, not elemental masters..."

Yu Qilin's eyes dimmed.

The happiest time in her life was when she was with her parents when she was a child.

At that time, although they were poor, they were very happy.

But the faint organization took away her happiness

"If I had not been forcibly taken away by the organization, my parents would have been fine. Because, with my talent, I will be specially trained by the government, and I will still be able to achieve success and bring a good life to my parents....."

"But what's the result? The organization caused me to lose my parents and took away my time with them. You said, can I not hate such an organization?"

Yu Qilin finished speaking her mind and breathed a long sigh of relief.

She is different from most members.

She is not an orphan, she has parents.

And the leader of the faint organization Some members were born as orphans.

They cannot understand Yu Qilin's feelings.

On the contrary, they will be grateful to the organization and loyal to the organization

"Do you still think my doing this is a betrayal?"

"It doesn't count!", Qin Feng answered firmly.

If it were him, he would hate the organization even more

"However, I don't understand something. Since you hate the organization, why don't you leave the organization?"

Yu Qilin smiled bitterly: "I also really want to leave the organization. But the organization is very domineering. If you join them, you will never leave. Otherwise, it is considered betrayal and will be obliterated!"

"But if you want to join me now, wouldn't that be a betrayal?"

"If you don't tell me, if I don't tell you, who will know?!"

"Where are Long Shang and the others?"

"Will you let them get out alive?", Yu Qilin smiled meaningfully, and

Qin Feng also laughed.

This woman is quite smart.

To be honest, it would be a very good thing for him to accept Yu Qilin.

This is equivalent to him placing a chess piece in the hazy organization..After all, the conflict between him and the faint organization can be said to be endless.

"How about it? Do you want to accept me?", Yu Qilin asked with a smile.

Qin Feng looked at her seriously.

This is indeed a beautiful woman, especially her pure appearance, which can easily make men feel protective.

"You hate faint organizations, I understand! But is it a bit unjustifiable for you to take the risk of betrayal and take refuge in me? After all, I don't have the strength to protect you...."

Yu Qilin smiled brightly: "There are indeed quite a lot of risks here, but under the current situation, I can't help myself if I don't take refuge in you! Is it possible that if I don't take refuge in you, you won't kill me in the end? I'm a member of the faint organization!"

Qin Feng smiled and said nothing.

Yu Qilin continued: "In addition to saving my life, I rely on you for two important reasons!"

"what reason?"

"The first reason is that you have the potential to become a master. If one day you can become the master, you can help me completely escape from the coma organization..."

"What about the second reason?"

"The second one...."

Yu Qilin blushed inexplicably.

Then, she looked at Qin Feng a little shyly: "I like you!"

"Forehead....", Qin Feng was stunned.

This reason is a bit sudden

"girl! Do you like it too casually? There's nothing in common between you and me....",Qin Feng was a little dumbfounded.

Yu Qilin blushed and said seriously:"Whether you believe it or not, my heart beat faster when I first saw you... You are such an outstanding guy, and you impressed me again and again. I don't think I like you." It's hard... ugh! I'm so worried!"

Qin Feng:" ....."

Yu Qilin blushed and said:"How is it? The little girl has confessed to you, just accept me!"

Qin Feng:" ....."

This woman keeps saying 'take it', is that intentional? Still don't understand?

"Feel sorry! Not accepted!"

"Uh...am I not beautiful? Or do you dislike me?", Yu Qilin's little mouth raised slightly

".....no!"

"Is that because I'm not pretty enough?"

"Well.....you are very beautiful.....", Qin Feng felt that this topic was a little off track.

"Then why don't you accept me?", Yu Qilin pouted.

"that....", Qin Feng sighed,"Let's be frank!Because you are not from Earth!"

"Huh!...",Jade Qilin's beautiful eyes widened.

Immediately, she smiled sweetly and said:"You are really amazing! You even know this....."

Qin Feng smiled:"You are honest!"

"Are you worried about me? I will sign a sacred contract with you!"

Qin Feng shook his head slightly:"We people on earth have a saying:"If you are not of my race, your heart will be different. Even if you sign a contract with me, I still dare not trust you casually."....."

"So that's it..." Yu Qilin smiled sweetly,"You can turn me into the person you trust most!"

"The person you trust the most?"

"You don't even know this, but you can make me your woman!", Yu Qilin's face turned red.

Qin Feng:"....."

"Also, don't you earthlings say: That's the way to a woman's heart! This really makes sense, and it is the same in my star domain. You can enter the channel of my soul and make me your woman..."

Yu Qilin's face became redder and redder.

Qin Feng sweated on his forehead:"Your star domain Are all women like this?"

Yu Qilin said a little embarrassedly:"Absolutely! We are not as thoughtful as people on Earth. The women over there are very straightforward. If you like it, you like it, if you don't like it, you don't like it...."

"All right!", Qin Feng was speechless,"I always feel that you are teasing me....."

"Where is it? Everything I said is true...."

"Is it possible that you really want to be my woman?"

"of course it's true!", Yu Qilin was a little embarrassed,"From the moment I came here, I decided"

"If you don't believe it, you can try it now. I will obey all your arrangements without any resistance....", Yu Qilin stared at Qin Feng boldly.

Qin Feng took a deep breath:"You are so direct!"

"This should be the difference between me and you earth women... Don't you dare to try?"Yu Qilin asked with a smile.

Qin Feng rolled his eyes:"Okay! Just give it a try!"

He also wanted to know how much of this woman's words were true.

With a big move of his hand, an invisible force rolled Yu Qilin in front of him.

Then, he held Liu's waist with his left hand.

Yu Qilin blushed, and unexpectedly Close your eyes and lean in.....

The corners of Qin Feng's mouth curled up slightly and he began to explore the graceful curves..

Chapter 264

The corners of Qin Feng's mouth curled up slightly, and he began to explore the graceful curves...

He explored up and down.....

Jade Qilin is still gentle and obedient.....

No way?

Is this woman serious?

Qin Feng's hands did not stop and began to explore deeply.....

The jade unicorn is softer and a little warm.

After a while, Qin Feng seemed to have discovered something and was shocked.

Then, he quietly pushed away Jade Qilin

"Why did you stop?", Yu Qilin looked at Qin Feng resentfully.

She was entering the state.

Qin Feng's sudden pause made her feel a little uncomfortable.

"It's too late....."

"Why is it too late? Isn't there still half an hour left?", Yu Qilin said a little shyly.

Qin Feng was annoyed:"Are you looking down on me?"

"Uh...no!"

"I need at least four hours!"

Pfft~!

Yu Qilin smiled sweetly:"So you can also brag!"

Qin Feng rolled his eyes angrily:"You picked this time period, didn't you do it on purpose?"

"Where is it? Isn't half an hour enough? Are all men on earth that strong?"

"I don't know about others. I'm not enough anyway.....", Qin Feng said seriously

"Well? Do you really want more than four hours?!" Yu Qilin was surprised.

Qin Feng nodded.

"Oh my God! I originally thought that half an hour would be very powerful, but men in our star field usually only last for five minutes....."

Qin Feng was stunned.

After a moment, he said with a complicated expression: "Then the life of the women in your star field is really miserable....."

"well enough! Women in our star field have relatively sensitive constitutions, and the feeling comes quickly. We can feel it in five minutes....."

"Of course, we only react when we see someone we like, otherwise we won't feel anything at all. For example, when you did that to me just now, I was already a little wet....."

"Stop it! Stop it!", Qin Feng broke out in cold sweat on his forehead.

This woman is really.....

Qin Feng was speechless looking at Yu Qilin's extremely pure appearance.

This woman's words don't match her appearance at all.

However, he can understand it.

One region has different customs, let alone different star regions.

It can be seen from this that women in the star field where Yu Qilin is located should be very enthusiastic and open.

Pfft~!

Jade Qilin smiles charmingly

"OK! Stop talking! In fact, I only say these words between couples, and I am not a casual person... Hey~! What's that look in your eyes?"

Yu Qilin raised his mouth again

"I haven't agreed to take you in, so why are we a couple?"

"It'll be a matter of time anyway! I've got you!", Jade Qilin smiled delicately.

Qin Feng:" ....."

"By the way, don't you want me now?"

Qin Feng:" ....."

"Don't you want to enter my path and occupy my heart?"

Qin Feng:" ....."

"alright! Stop talking.....",Qin Feng was speechless.

He checked the time again and saw that there were only more than twenty minutes left. There was definitely not enough time to enjoy this woman now.

He didn't want to get it halfway and make himself feel uncomfortable when he couldn't get up or down.

"I'll accept you for now....."

Qin Feng casually drew a golden rune and pressed it towards Yu Qilin's eyebrows.

Yu Qilin opened his eyes wide with joy.

She had been looking forward to this moment for a long time.

In just an instant, the contract between the two was completed.

The contract went surprisingly smoothly.

This shows that Yu Qilin is 100% open-minded.

She didn't have any reservations about Qin Feng, so it went so smoothly.

Qin Feng sighed.

The woman in this star field is truly the most loving person.

Once you decide, you have no regrets.

It can be seen from this that Yu Qilin also attaches great importance to the affection between his parents.

Otherwise, she wouldn't hate the organization so much.

The contract is completed!

Yu Qilin looked at Qin Feng with a smile.

Those beautiful eyes are almost like crescent moons

"Qin Feng, then I am yours now!"

"Count it as half, right?"

"Why only half?"

"I haven't made you my woman yet, so it doesn't really count..."

"Oh fine! Then when did you enter my body?...."

"I go!", Qin Feng found that he couldn't hold it anymore.

This woman's words were too explosive.

"The assessment is about to begin! You go there quickly! By the way, be careful when you leave so that no one sees you, lest your betrayal of the faint organization is exposed."

"Well, I know!"

"Let's go!", Qin Feng patted the round and straight hair, and opened the stone door casually.

Yu Qilin walked out with a smile. Before going out, she observed and saw no one around, so she left.

Qin Feng felt relieved. tone.

But at this moment, the light and shadow flashed at the door, and the jade unicorn returned

"Qin Feng, can you really hold on for four hours?"

"are you crazy!"

"whee!"

Yu Qilin ran away with a smile.

Qin Feng was speechless.

He didn't have enough time now.

Otherwise...

At this time, the light and shadow flashed, and Yu Qilin came back again.

"Why are you back?"

Yu Qilin said seriously:"I forgot to tell you something important. This time the assessment is related to physical strength"

"You earthlings hardly temper your physical body, so at the same level, you can't even compare to the star beasts. Your subordinates probably won't get good results in this assessment, so you have to be mentally prepared."

"Of course, you are different from them. You have refined so much dragon blood, dragon bone pills, and dragon marrow liquid, and your physical body has become extremely powerful."

"I see!"

"I'm leaving!"

Yu Qilin greeted and left.

Qin Feng couldn't help but think about it.

He didn't expect that this test was related to physical strength.

This is his strength!

He now has 100 dragon quality transformation, dragon bone transformation, and dragon marrow transformation. %.

His body has been strengthened by eight series of elements, and he also takes five perfect genetic medicines.

In terms of physical strength, he dares to compare with the nine-star emperor.

The eight-star king's physical body is not as good as him.

And Chu Chu's physical body is also very Strong.

Chu Chu also took the perfect gene medicine.

During this period, she refined a large amount of true dragon's blood, dragon bone pills, and dragon marrow liquid, and her physical body was greatly strengthened.

SheLongwei has also been upgraded to level four.

In addition, the cultivation level has also broken through from the five-star Dzogchen to the early six-star stage.

Therefore, Chu Chu's grades should not be bad.

As for Luo Li, Lu Ming and others, they have also refined dragon blood fruit, dragon bone ginseng and other spiritual objects these days, and their physical bodies have also been greatly improved.

Their physical bodies are much stronger than those of the same level.

Thinking of this, Qin Feng waved his hand, and Luo Li appeared next to him

"Qin Feng!", Luo Li looked at him happily

"Here you go, take these bottles of medicine, it will be somewhat helpful for your assessment this time."

Qin Feng directly took out the first to fifth level genetic medicine.

Regardless of whether it is useful or not, it is good to strengthen the physical body.

Luo Li didn't know what it was, so he took it and took it directly.

Twenty minutes later, the medicine was effective. After exerting himself,

Luo Li was delighted to find that his physical body had become much stronger.

Afterwards, the two of them left together and headed to the assessment square..

Chapter 265

After a while, the two arrived at the square.

Qin Feng saw from a distance that people from the Southern Alliance, the Deep Sea Clan, the White Tiger Alliance, the Xuanwu Alliance, and the Snow Mountain Alliance gathered together like a group.

Chu Chu was surrounded by stars, like a little princess.

Everyone knows that she is Qin Feng's sister, so they naturally respect her very much.

What's more, Chu Chu's talent shown last time really shocked everyone.

That is the talent of the Nine-Star Emperor!

As long as nothing unexpected happens, Chu Chu will become the Nine-Star Emperor in the future.

These people naturally want to have a good relationship with Chu Chu.

Thinking of this, everyone sighed deeply.

The Qin Feng brothers and sisters are really more evil than the other.

Apart from these people, the two people from the Qinglong Alliance stood alone in another place communicating.

Long Shang and Hun organization members gathered in another corner.

At this moment, he was looking at Chu Chu and others with disdain.

"Master Qin Feng is here!"

There was a commotion in the field.,

"I have met Master Qin Feng!"

Everyone came forward to salute, and they were extremely respectful.

The scene was as if they were greeting some important person.

Not far away, Long Shang saw this scene, and the corners of his mouth were slightly raised with disdain.

In fact, he was very jealous.

This way The scene should have belonged to him, but now it was snatched away by Qin Feng

"snort! Wait until this assessment is over! Your death is coming!"

Long Shang sneered in his heart.

Qin Feng seemed to be aware of it and couldn't help but glance at Long Shang.

At that moment, the silver light in his eyes suddenly lit up.

Memory reading - activate!

Quick and shallow reading!

Hey!

Nine stars of light Origin!

Nine-star dark origin!

Isn't this exactly what he wants?

Qin Feng's eyes lit up.

In an instant, he spied on Long Shang's plan.

This plan was really vicious!

In order to deal with himself, Long Shang designed several There was no trap, and he even targeted Chu Chu.

Unfortunately, he learned it at a glance.

Qin Feng was calm on the surface, but deep down he was overjoyed. He was worried about not being able to get the nine-star source of light and source of darkness. Because neither humans nor the Deep Sea Clan have nine-star emperors of light and darkness. Only the Hun Organization has these two special systems. But the Hun Organization has a mortal enemy with him, and the God Emperor and the Pluto Emperor are impossible. It was given to him. Fortunately, this Long Shang had it. At that moment, Qin Feng condensed his voice into a line and secretly transmitted the message to Chu Chu. After hearing this, Chu Chu was a little surprised. Immediately, she nodded to Qin Feng, indicating that she understood. That was it. At this time, the sound of the secret realm sounded over the hall

"The fourth assessment is about to begin! After this assessment, those whose accumulated total points are less than 1,000 points will be eliminated! Top five outstanding ones! Reward doubled!"

As soon as the words fell, many people showed panic. Those who have survived to this day are the elites of the elite.

These people have more or less points.

But this assessment requires 1,000 points, which is very scary.. At that moment, many people looked at Qin Feng.

Unconsciously, everyone regarded Qin Feng as their backbone.

"Everyone! Try Harder!"

Qin Feng said lightly and did not make any promises.

In fact, he still had more than fifty point tokens that he had not sold.

In the end, these tokens should be able to save some people's lives.

But He didn't want to say it now.

He had to put pressure on these people and make them want to work hard.

Otherwise, people would not know how to cherish what is too easy to obtain.

At this time, the whole square trembled, and a huge portal of light appeared.

The voice of the secret realm Ring again

"Appraisers are asked to enter the assessment door within three minutes! Those who fail to enter after the timeout will be assessed will be given 0 points!"

As soon as he said this, Long Shang quickly led people in.

Xiao Qingfeng and others followed closely.

Qin Feng stepped forward silently.

Luo Li, Xiao Lun Wang and others followed closely behind.

Qin Feng stepped into the light door.

The next second, he put his feet on the ground and found himself at the foot of a high mountain.

He looked up, and the mountain in front of him towered into the sky. He could not see the end at a glance, and it was estimated to be hundreds of millions of feet high.

And in front of everyone, there was a steep stone step. The road leads along the mountain to the clouds.

Deep in the clouds, the wind, clouds and thunder are roaring, like a giant dragon sleeping soundly, giving people an invisible sense of oppression, and also emphasizing the majesty of the giant mountain.

"What a high mountain!"

"Tsk tsk!! The stone steps are so long! I can't even see it at first glance. There aren't tens of thousands of steps, right?"

The gods looked up at the long stone steps, sighing one by one.

Qin Feng also looked at the stone steps.

He saw those stone steps. Each level was half a meter high and five or six meters wide. He could not see the end at a glance..At this moment, the summoning jade talisman sent a message to everyone.

After a moment, everyone suddenly realized.

It turns out that the content of this assessment is to let everyone climb up the stone steps to the top of the mountain. Each time you climb a step, you will get one point.

And , you don't need to climb to the highest point.

As long as you earn enough points, you can save your life.

If you don't want to climb halfway, you can give a command to the Summoning Jade Talisman and you will be teleported to the top of the mountain.

Of course, if you want to enter the top five , the higher you climb, the better.

At this moment, Qin Feng heard the voice of Yu Qilin.

"Qin Feng, this ladder to heaven is the last test in the secret realm, and it is also the most difficult one. So far, no one has ever been able to complete all the stairs and reach the Heavenly Dragon Realm at the top of the mountain."

After hearing this, Qin Feng was shocked.

This Dragon Ruins secret realm has appeared in the Star Alliance for thousands of years.

No one has passed through it for such a long time. Is it so difficult?

You know, the Star Alliance is very huge.

One The Star Alliance is composed of thousands of star fields.

For example, the solar system star field where the earth is located, which is a semi-developed indigenous star field, is not eligible to be included in the star field alliance.

If the solar system star field is also counted, a star field The alliance has at least tens of thousands of star fields.

It is such a huge place, and it has gone through thousands of years. I am afraid that nearly 100 million people have participated in the Tongtian Ladder assessment, but no one can pass.

This is very scary!

Thinking of this , Qin Feng couldn't help but take a deep breath of cold air.

But at this moment, Li Jiao's laughter sounded in the field

"Ha ha!! I thought this assessment was very complicated. It turns out that you just have to climb some stone steps! This is too simple!! Everyone, I'm going to take the first step!"

As soon as he finished speaking, he walked towards the stone steps with a smile.

Among the crowd, Long Shang saw this scene, the corners of his mouth were slightly raised, and his eyes were full of ridicule.

This fool actually underestimated the power of the Ladder to Heaven!

I'll wait for a moment See how you made a fool of yourself?

Thinking of this, Long Shang's eyes showed a look of gloating..

Chapter 266

At this moment, Li Jiao had already reached the Stairway to Heaven.

He didn't think much and stepped on it.

But as soon as his feet landed, a strange force rose from the ground, carrying violent energy, through the soles of his feet, and rushed straight into his body.

Li Jiao was horrified and quickly used the water energy in his body to resist, but it had no effect at all.

The violent energy continued to wash through his body, and severe pain spread throughout his body.

Caught off guard, Li Jiao stumbled and almost fell.

Then, he looked back awkwardly, looking a little ugly.

But everyone was shocked to see it.

This was the first step, and Li Jiao became like this.

Is this ladder to the sky so difficult to climb?

"Glass dragon. Are you OK?", Xiao Lun Wang asked with concern.

"I'm fine! There is something strange about this ladder to heaven. If you step on it, a strange force will rush into your body. The elemental force cannot offset it, so you can only resist it with your physical body...."

Everyone was stunned.

It seems that this ladder to heaven is specially designed to test the physical body.

Li Jiao added:"This strange power is not too strong, our bodies should be able to withstand it....."

As he spoke, he stepped up a step, but his expression changed.

"Lijiao, what's wrong?"

"This strange power has become stronger!"

As soon as these words were said, everyone's expressions changed slightly.

This meant that the ladder to the sky became more and more difficult to walk up.

At this time, Li Jiao continued to go up.

Everyone's eyes were focused on him and they paid attention silently.

Only Li Jiao was seen. He climbed up step by step.

The expression on his face became more solemn with each step.

When he reached the fifty-seventh step, a look of pain appeared on his face.

Seeing this scene, everyone was very uneasy.

Especially those who don't have many points are even more panicked!

But the higher you go up, the harder it becomes!

At this moment, Li Jiao has reached the 69th step.

He is walking slower and slower, and the more he goes, the harder it becomes. It was difficult.

Gradually, he became afraid.

He still had 267 points to reach 1,000 points.

This meant that he had to reach the 267th step.

But now, he felt very difficult when he reached the 69th step. How to do it?

You know, every time he takes a step, he feels that his strange power is increased by

10%. Calculating this, No. 267 is about twenty times stronger than now!

Can he walk?

At this time, Li Jiao stepped on Level 70.

The strange power surged under his feet, filling his whole body, click~! Click~!

The violent strange force caused his body to swell, and fine cracks appeared on his skin.

Li Jiao was frightened and let out a strange roar.

After a moment, Black scales grew on his body.

In order to withstand the strange power, he actually turned on the half-beast transformation.

Below, everyone saw this scene, and their expressions changed greatly.

Li Jiao is a member of the demon clan.

In the same level, the demon clan's body itself It is stronger than humans.

Now, Li Jiao has reached its limit after reaching the 70th level, and needs to rely on half-animal transformation to enhance its physical endurance.

Wouldn't they be worse?

Everyone's heart sank.

Especially those with low points. Everyone was about to cry.

At this moment, Long Shang's disdainful laughter rang out from the audience.

"It's really weak! We've just reached the 70th level, and it's like this... If we reach the 300th level, why don't we explode and die?"

Long Shang shook his head in gloating.

Hearing this, everyone's expressions changed.

At this time, Long Shang Shang looked back at everyone again

"Why! With your pitiful little bodies, I don't know if you can even reach the 300th step? I don't know how many of you will survive after this assessment? Ha ha!!"

Long Shang laughed proudly.

This guy is really.....

Everyone stared angrily.

Long Shang didn't care at all.

He wants to show these earthlings what it means to be truly physically strong.

He glanced at everyone with contempt and began to transform.

The next second, he had strange horns on his head, bat wings on his back, and scales on his arms, turning into a half-human, half-animal monster.

His physical body also strengthened.

Then, he turned around and climbed up the ladder to the sky, climbing quickly in front of everyone's shocked eyes.

In the blink of an eye, he climbed to more than a hundred steps and easily surpassed Li Jiao.

This made Li Jiao dumbfounded.

Everyone below was also shocked

"Oh My God! This Long Shang's physical body is so strong!"

"yes! Look, he hasn't slowed down yet! This is too terrible!"

While speaking, Long Shang had quickly climbed to the 200th level.

At this time, he looked back at everyone.

His eyes were like looking at garbage, full of disdain and contempt.

Everyone was furious.

This was simply a naked provocation.....

In fact, Long Shang was provoking!

He knew that these people had taken refuge in Qin Feng.

This made him very unhappy!

Now he wants to stimulate these earthly bumpkins to make Qin Feng disgusted.

He firmly believes that his physical body is stronger than Qin Feng, after all, he has practiced the method of body training.

But Qin Feng is just a native of the earth and has no chance to practice and exercise.

Because the earth is too backward, there is no way to strengthen the body yet.

So, how can Qin Feng compare with him?

As long as he defeats Qin Feng in this assessment, Qin Feng will be embarrassed.

He wanted to show these country bumpkins what kind of person they were seeking refuge with?

Of course, after this assessment is over, he will kill Qin Feng to pieces!

However, before that, he wanted to disgust Qin Feng again, which he felt very comfortable

"A bunch of trash!"

Long Shang sneered, turned around and continued climbing.

He was tearing his face.

Everyone was furious.

Such insults in person would make everyone angry.

At this moment, they wanted to rush forward, surpass Long Shang in one fell swoop, and then say "waste" in reply..... pity! None of them have that strength!

Everyone couldn't help but look at Qin Feng, with expectations in their eyes.

They didn't want to see Long Shang continue to be arrogant.

Qin Feng raised his head slightly.

At this moment, Jade Qilin's message sounded in his ears again.

"Qin Feng, there are a total of 18,000 steps on this ladder to heaven. The best result in history is climbing to 98,000 steps."

"With Long Shang's strength, he can climb up to more than two thousand levels. As long as you climb to level 3,000, you will definitely be able to defeat him!"

Hearing this, the corners of Qin Feng's lips curled up slightly, and he strode towards the Stairway to Heaven.

Everyone's eyes lit up.

Qin Feng finally moved!

On the stone steps, Long Shang turned back, his eyes cold.

He didn't believe it. Every time Qin Feng He was better than him in every aspect.

At this time, Qin Feng had already reached the Stairway to Heaven.

He stretched out his right foot and stepped towards the stone steps.

He landed with one foot, feeling extremely relaxed.

But just after Qin Feng landed, he seemed to realize What, there was a touch of joy in the eyes..

Chapter 267

But just after Qin Feng landed, he seemed to have discovered something, and there was a hint of joy in his eyes.

He found that the power of the elements could not resist the strange force.

The strange power goes directly towards the physical body.

Moreover, that strange power contains nine attributes.

Qin Feng temporarily calls this strange power dragon power.

When the dragon power washed over Qin Feng's body, he was surprised to find that the dragon power was actually tempering the body.

He felt comfortable and not in any pain.

This feeling is very pleasant!

He couldn't help but take a step forward.

As the steps go up one step, the dragon power becomes stronger and the comfort becomes stronger.

"good!"

Qin Feng was secretly happy and continued walking up.

One step, two steps, three steps.....

With every step he takes, the dragon's power is strengthened by one point.

In the blink of an eye, Qin Feng reached the 37th level, and his body was strengthened unknowingly.

At this moment, something changed inside his body.

His blood, bones, and bone marrow began to heat up, as if there was a huge beast hidden in his body that was slowly waking up.

"Ding! The physical body is being strengthened... The physical strength of the host is quasi-emperor level 11%....."

"It really can strengthen the physical body..."

Qin Feng was pleasantly surprised.

According to this tip, his physical body was at the quasi-emperor level and had not yet reached the nine-star emperor level.

At that moment, he climbed up several steps.

The dragon power increased rapidly, and the physical body accelerated. strengthen

"Ding! The physical body is being strengthened... The host's physical body is upgraded to quasi-emperor level 11.1%....Combat strength increased by 100,000....."

Climb several more steps

"Ding! The physical body is being strengthened... The host's physical body is upgraded to quasi-emperor level 11.2%....Combat strength increased by 100,000....."

In this way, Qin Feng's physical body was continuously strengthened by dragon power, and his combat power continued to increase.....

What kind of assessment is there?

This is obviously a great opportunity!

In the blink of an eye, Qin Feng easily surpassed Li Jiao.....

Along the way, he looked at ease, as if he was enjoying himself.

Everyone was dumbfounded.

Long Shang was even more stunned.

Isn't this guy afraid of the dragon's power invading his body?

Long Shang couldn't believe it.

After he was invaded by dragon power, he felt very painful and could not feel any comfort.

This guy must be faking it.

Naturally, everyone doesn't know that Qin Feng's physique has eight attributes.

And this dragon power is very strange. Those with the same attributes are used to strengthen them, while those with different attributes are used to destroy them.

Therefore, the gold, wood, water, fire, earth, wind, thunder, and dark attributes of dragon power are all strengthening Qin Feng's physical body.

Only the light attribute is destroying Qin Feng's body.

But the enhancement of the eight series is far greater than the damage of the first series, so the overall level is high-speed strengthening.

Therefore, Qin Feng felt that his physical body was being rapidly strengthened and felt very comfortable.

But Long Shang and Li Jiao are different.

They are all single-lineage physiques.

In other words, they only have one system to strengthen, but eight systems are destroying it.

Therefore, if they are invaded by dragon power, their bodies will be destroyed at high speed and they will feel pain. In fact, Qin Feng's situation is unique in the entire Star Alliance.

"Master Qin Feng is really a god!"

Li Jiao looked at Qin Feng's back with admiration.

Everyone below was also talking about it.

"Mr. Qin Feng seems to be very relaxed...."

"yes! Why do I feel like Master Qin Feng is enjoying it?"

"Walk! Let's go up and have a look too!"

Everyone thought it was easy to climb the Stairway to Heaven, so they climbed up one after another.

But the next moment, everyone showed pain.

They realized the power of the Stairway to Heaven.

This frightened everyone, and they were even more shocked by Qin Feng's performance. At the top of the Stairway to Heaven, Long Shang frowned when he saw all this.

"snort! Pretend to be a ghost!", Long Shang was very disdainful.

He felt that Qin Feng's relaxed look must be fake.

Qin Feng was very fast and climbed to more than a hundred steps in a blink of an eye.

Seeing this, Long Shang quickly turned around and climbed up quickly.

He couldn't Overtaken by Qin Feng!

Level 230...Level 250...Level 280.....

After a while, he reached level 300...

The destruction of the physical body by the dragon's power had already made him feel obvious pain.

He endured it, but he was very proud of himself.

He has participated in such an assessment before.

That time, when he reached the 300th step, his body could no longer hold on and almost collapsed.

But this time, he held on easily.

His physical body was much stronger than last time.

These decades of physical training have indeed not been in vain!

Qin Feng, you don't have the physical training method, how can you compare to me?

Da~! Da~!

But at this moment, there were gentle footsteps behind him.

Long Shang looked back and was stunned.

Qin Feng followed him unconsciously. no!

Can't be surpassed by him.

Long Shang didn't have time to regulate the chaos in his body, so he forced himself to climb up again.

Level 330...Level 380...Level 420.....

Long Shang climbed to the 500th level in one breath.....

At this moment, he was panting heavily, his legs were a little weak, and the breath in his body was disordered.....

Ha ha!! I've climbed to the 500th level, and that Qin Feng... da~! Da~! Da~!

The sound of methodical footsteps came again from behind.

Long Shang looked back.

Qin Feng was about ten meters behind him, climbing up with his eyes slightly closed and a look of enjoyment on his face.

The speed is neither fast nor slow, and the time taken for each step is extremely consistent, not more than one second, not less than one second, which is amazing.....

"Damn it! Still pretending!"

Long Shang was annoyed.

He thought Qin Feng did it on purpose.

He also got into a fight with Qin Feng.

Today, he was going to compete with Qin Feng...

At the moment, he ignored the chaos in his body and continued to climb up. In a blink of an eye , he , Long Shang climbed to the 800th step.

At this moment, his legs felt like lead, and the skin all over his body was swollen and red. It took him a long time to lift his feet...

Long Shang felt that he could hardly bear it anymore.

He wanted to adjust his breathing.

But right now At this time, Qin Feng's footsteps came again.

Damn it!

Why did he catch up again!

Long Shang gritted his teeth and continued to climb up...

His speed was obviously much slower, less than one-tenth of what it was at the beginning. The higher he went up, the worse he got. Difficult...

Two hours, he struggled for half his life, and finally climbed to the thousandth level...

Haha!! One thousand steps!

This is the first threshold!

People who have never practiced the method of body training are... There is absolutely no way we can get here.

Qin Feng, a native of this earth, should have never practiced physical training...

Just as Long Shang came up with this idea, there was movement behind him.

Ta~! Ta~!

Qin Feng's footsteps sounded softly. came.

Long Shang turned around, his eyes widened.

This haunting guy!

He was angry.

The aura in his body was particularly chaotic now.

Logically, he should adjust his breath and crawl again...

But Qin Feng was getting closer and closer to him..

One step...two steps...three steps... only four steps away from him... too late!

Long Shang raised his feet with difficulty and took a step upwards.....

His stubborn temper is here.

This time, it took Long Shang a full two minutes to climb up to the first level...

His body was already in chaos.....

But Qin Feng has already reached the third level and is less than two levels away from him.

Long Shang became anxious and stepped up again...

When his foot was about to land, an elegant figure arrived one step ahead and landed easily...

Damn it~!

He was actually surpassed by Qin Feng.

Long Shang was furious and lost his mind in an instant.

At this time, his right foot just landed.

The extremely violent dragon power rushed into his body along the soles of his feet.....

Long Shang was caught off guard, his legs went weak, and he knelt down in front of Qin Feng.

The dull sound of kneeling down resounded throughout the valley, and even the ladder to the sky trembled slightly.

The assessors below were all shocked. They all looked up and were suddenly confused.

They saw a strange scene.

Long Shang actually knelt in front of Qin Feng.

Qin Feng was also confused.

He was completely immersed in the wonderful experience of body tempering.

His physical body enhancement has reached 13.6% of the quasi-emperor level, and his combat power has increased by more than 2 million...

To be honest, he didn't take Long Shang seriously at all.

He just wanted to enjoy this great opportunity.

And Long Shang was also dumbfounded.

Why did you kneel down?!

This was not at all of his own free will!

The atmosphere in the venue suddenly became very quiet..

Chapter 268

The atmosphere in the venue suddenly became very quiet.

Qin Feng and Long Shang stared at each other blankly.

Everyone below was dumbfounded.

After a while, Qin Feng swallowed his saliva: "There is no need to give such a grand ceremony!"

Pfft~!

Long Shang spit out a mouthful of old blood.....

That was done to make people angry

"Uh...you don't have to be so excited! Even if you kneel down to me, I have no intention of forgiving you!"

Pfft~!

Long Shang spat out a mouthful of old blood again.....

"you.....You've gone too far!"

Long Shang wanted to stand up, but found that his legs were weak and he couldn't get up for a while.

"Did I deceive you? It's obviously you who wants to kneel down....."

"Who said I was kneeling? I just want to sit down and breathe. It's just that the way I sit down is a bit non-standard....."

Long Shang's old face turned red, but he still spoke harshly.

The people below were speechless.

This guy is really good at bullshitting!

What a shame!

"hehe!!"

Qin Feng chuckled, raised his foot and took a step upward.

The laughter was full of ridicule.

Long Shang heard it harshly.

His sensitive self-esteem was hit again.

"Qin Feng, even if you climb a few more floors than me, you will not be the final winner....."

Long Shang sneered.

He still has a trump card.

Qin Feng glanced at him disdainfully.

He already knew the details of Long Shang.

If the protection rules hadn't ended, Long Shang would have been dead long ago.

"What qualifications do you have to argue with me about winning or losing?!"

Qin Feng sneered and continued walking forward.

He was too lazy to pay attention to Long Shang.

What's there to care about a dying person?

It's better to seize the time to strengthen his body!

"Arrogant! You are so arrogant! Didn't you win three times in a row and win first place? I really thought I was invincible!"

Long Shang roared angrily

"It doesn't matter whether I am the best in the world! Being ten times stronger than you is more than enough!"

"Ten times stronger than me? Did I hear that correctly?"

"You heard it right!"

"Ha ha!! good! Let me see how you can be ten times stronger than me this time! If you are ten times stronger than me, I will kneel down and call you daddy!"

"boring!", Qin Feng continued to move forward.

Seeing that Qin Feng didn't agree for a long time, Long Shang thought Qin Feng was afraid.

He immediately said proudly:"Haha!! I thought you were so awesome! You talk so big, but you dare not agree... It turns out you were just bragging!"

"Even if you insist on being my son. I also want to recognize you! However, it's not bad to hear you call me daddy. I will let you know the gap between you and me....."

Qin Feng sneered, stopped talking, and continued climbing.

"snort! Crazy!! If you can't do it for a while, how can you be so arrogant?"

Long Shang sneered and began to meditate.

In fact, he felt aggrieved.

By making this bet, he was already admitting that he was inferior to Qin Feng.

He could only find his broken heart in this unequal way. The dignity of a place.

In fact, the dignity picked up like this is ridiculous and sad.

In any case, it can be regarded as the last fig leaf of Long Shang. ,

At that moment, he swallowed a healing medicine and adjusted his breath Get up.

This time, he can't be impatient.

He has to take his time and try to get a good score.

The better his score, the less likely it is that Qin Feng will be ten times as good as him.

When the time comes, he can disgust Qin Feng again The wind broke.

Long Shang was already paranoid.

Of course, he felt that Qin Feng would never succeed.

He estimated that he could reach more than two thousand steps.

Qin Feng wanted to be ten times better than him, and he would have to climb at least more than 20,000 steps. Above.

But as far as he knows, if you want to climb to the 20,000th level, your physical strength must reach the quasi-emperor level.

This Qin Feng is just a country bumpkin from Earth. His cultivation level has not reached eight stars. It would be good if his physical body can reach eight stars. , it is simply a joke to think of challenging the difficulty of quasi-emperor level.

The more Long Shang thought about it, the more confident he became. Naturally, he did not know that Qin Feng had already had a body with quasi-emperor level strength.

Moreover, it was not an ordinary quasi-emperor level body. It is a quasi-emperor level with an eight-attribute physique, unique in the world.....

At the same time, the evaluators below shook their heads.

They were somewhat disdainful of what Long Shang had done.

Even the three fainting organization members felt embarrassed.

However, Chu Chu, Luo Li and others are still a little worried

"Sister Luo Li, is this Long Shang very powerful?", Chu Chu asked worriedly

"Very powerful! However, he is much worse than Qin Feng...."

"Can my brother be ten times stronger than him?"

"This... is hard to say!", Luo Li is not sure

"Uncle Lu Ming, what do you think? Lu Ming said with a bitter face:"

Miss Chu Chu, I don't know either." .....

Chu Chu looked at the others again.

Everyone looked away and didn't dare to say anything.

Obviously, no one is sure that Qin Feng will be ten times better than Long Shang this time.

No matter how rogue Long Shang is, he is still a top master.

This cannot be denied.

I want to surpass a top expert ten times!

It's so difficult!

Chu Chu is smart.

Seeing everyone's expressions, she knew that everyone was unsure.

They even thought it was difficult for Qin Feng to do it.

Chu Chu couldn't help but frown and looked at Long Shang above, suddenly feeling unhappy.

She could guess it based on Long Shang's performance just now.

Once the brother fails, this guy will break his mouth again.

Afterwards, everyone stopped talking and walked up desperately.

This assessment is about life and death, no one dares to neglect it, everyone crawls desperately.

You can get one more point without climbing one more step.

However, the climbing speed of everyone was obviously not as good as Qin Feng and Long Shang, and they all climbed as slowly as ants.

But the more this happens, the more everyone admires Qin Feng.

They couldn't imagine how Qin Feng could do it so easily.

In the blink of an eye, half an hour passed.

Long Shang finished adjusting his breath and continued to set off.

He looked up and saw that Qin Feng had reached level 1,500.

He frowned slightly.

This guy is so fast!

Immediately, the corners of his mouth curled up slightly, and he sneered again.

It's only 1,500 steps.

He can also walk.

It is impossible for Qin Feng to surpass him ten times.

Long Shang steps forward, began to catch up.

In a blink of an eye, another hour passed.

Most of the assessors advanced more than a hundred levels.

At this moment, several examiners with fragile bodies had reached their limit and were vomiting blood.

One by one, they had to stop to heal their wounds.

At this moment, Lu Ming couldn't bear it anymore.

He also reached his limit and spurted out a mouthful of blood.

Lu Ming sighed helplessly, took out the summoning jade talisman, and prepared to give up the assessment.

He still has thousands of points, so he won't die even if he gives up.

But at this moment, Yu Qilin's voice rang out from the crowd

"Let me remind you that climbing the Stairway to Heaven is both an assessment and an opportunity. When the assessment is over, you will find that your physical body has been strengthened a lot... Please don't give up easily! Otherwise you will miss the opportunity....."

After this reminder, everyone looked at each other.

The speaker is intentional, and the listener is also intentional.

In fact, the evaluators also made discoveries.

While their bodies were being destroyed, part of them was also being strengthened.

These assessors are all single-system physiques.

While they were being destroyed by the eight series of dragon power attributes, the same series was also being strengthened.

Those destructive forces are meant to limit how high they can climb.

After the assessor has strengthened on one level, if he wants to strengthen it again, he needs to go up to another level and withstand stronger damage.

At the same time, their physiques of the same type have also been further strengthened.

Until their bodies can no longer bear it.

The benefits obtained in the end are naturally extraordinary.

Lu Ming silently put away the jade talisman after being reminded by Yu Qilin.

Everyone also realized something.

Since it's an opportunity, it doesn't matter if you climb a little slower. It's also a good thing to climb as high as possible.

In this way, five hours passed without realizing it.

The scene in the field has also changed.

That Long Shang had climbed to the 1,300th level.

The climb gets harder and harder for him.

But what surprised him was that Qin Feng climbed faster and faster, and now he had climbed to more than 4,000 steps.

This made Long Shang a little uneasy.

What made him even more anxious was that the Little Lun King actually caught up with him. He was only two hundred steps away from him and had already climbed to one thousand one hundred steps.

This is entirely because Xiao Lun Wang's physical body is immortal.

He relied on his physical body to disintegrate and then resurrect to rush forward.

The scene was very exaggerated, with constant explosions of blood and blood mist flying across the sky from time to time, which was shocking.

Long Shang was horrified to see it!

This guy is so bloody!

He also became more worried.

If this continues, his second place will not be guaranteed!

In addition to Xiao Lun Wang, there was also the appearance of a dark horse, which also made Long Shang feel the pressure.

In fact, no one expected this dark horse.

She is Chu Chu..

## Chapter 269

Chu Chu was only at the early stage of six-star cultivation. He had the lowest cultivation level and the weakest strength among all the people. Logically speaking, he should be the first to be eliminated.

But Chu Chu has now surpassed Jade Qilin, followed closely behind Xiao Lun Wang, and climbed to the nine hundredth level.

What's even more shocking is that every time Chu Chu goes up a step, she swallows a mouthful of Emperor's Liquid (ice) and sits there practicing in seclusion...

She actually uses the Stairway to Heaven as a place of cultivation.

As if those dragon powers couldn't hurt her.

Unknowingly, she climbed to level 900, and her cultivation level also reached the peak of the early six-star stage, not far from the mid-six-star stage.

This makes people unable to understand how Chu Chu did it.

It turns out that Chu Chu used his own time ability.

She felt that there were nine attributes in the dragon power.

Except for the ice element which was strengthened, the other eight elements were internally destroyed.

She manipulated the time field to slow down the time of the destroyed eight elements and accelerate the time of the strengthened ice element.

In this round and round, the damage she suffered from dragon power was less than one-tenth of that of other examiners.

To put it simply, the difficulty of this test for her was only one-tenth that of other testers.

In addition, she refined many dragon blood items and genetic medicine.

Her physical strength is much stronger than that of ordinary examiners.

In this way, she can rely on her physical body to resist damage.

And while she was refining the Emperor's Ouyang (ice), she was strengthening her physical body, step by step.

Of course, the higher she climbed, the harder it became.

After all, she couldn't offset all the damage, but it was not impossible to surpass Long Shang.

Above the stone steps, Long Shang looked at Xiao Lun Wang and Chu Chu who were getting closer and closer.

He was extremely anxious inside.

He is a very proud man and a man who cannot afford to lose

"what to do?"

Long Shang looked at Qin Feng, who was far ahead, and then at Xiao Lun Wang and Chu Chu who were slowly catching up behind him.

He suddenly felt a sense of crisis, like there was a tiger in front of him and a wolf in the back.

Damn!

I lost to Qin Forget it about Feng!

Forget it about losing to Xiao Lun Wang!

You won't lose to that little girl, right?

He glanced at Chu Chu, and the look on his face became more and more weird.

All the examiners have methods to conceal their cultivation, but Du Chuchu didn't.

Chu Chu suddenly appeared from behind.

Her early six-star cultivation level was particularly eye-catching in the crowd. It would be too shameful if he couldn't even compare to a little girl who was in the early six-star stage.

This matter needs to be spread. He can't afford to lose face when he returns to his own star domain.  
.....

These hateful earth bumpkins!

Long Shang was angry and disgusted with the people on Earth.

He never thought about his reasons.

At that moment, he gritted his teeth, raised his feet with difficulty, and continued climbing.

As time goes by, the assessment becomes more and more difficult.

Gradually, some assessors finally couldn't hold on any longer and quit one after another.

Ten hours later.

Qin Feng has climbed to more than 7,000 steps, but his speed has not slowed down at all.

Long Shang was a little panicked!

He had only climbed more than 1,700 steps.

Qin Feng is already more than four times his size.

And Xiao Lun Wang is also over 1,700 levels, only a dozen levels away from him.

Next is Chu Chu.

Chu Chu has been playing steadily.

She had slowed down.

It happened that an hour ago, she broke through to the mid-six-star level.

This made her speed up a little more.

Now, she has reached level 1,500.

Her physical strength is also infinitely close to the Quasi-Eight Star.

This made Long Shang even more panicked.

Next up is the jade unicorn.

Jade Qilin's body was transformed into jade, her physical strength was greatly enhanced, and she climbed to one thousand four hundred steps.

Further down, Luo Li, Xiao Qingfeng, Bai Qian Yue, Duanmuxue, and Wu Sihai, the captain of the Xuanwu League, all stayed between the ranks of seven hundred to nine hundred.

Their physical strength is obviously very different from the previous ones.

The examinees further down are all less than five hundred levels.

There were seven or eight people who exited the teleportation.

The higher up, the more terrifying everyone feels Qin Feng.

At this moment, Qin Feng's physical body enhancement increased to 21.1% of the quasi-emperor level, and his combat power increased by a full 10 million, reaching 530 million.

His physical strength is getting more and more terrifying.

The assessment continues.

Unknowingly, one day passed.

After Luo Li, Xiao Qingfeng and others reached the thousandth level, they could no longer hold on and quit one after another.

Jade Qilin quit at level 2100.

Xiao Lun Wang directly surpassed Long Shang and reached level 3100.

In the end, his resurrection speed couldn't keep up with his self-destruction speed.

If this continues, he may not be able to be resurrected and will have to quit.

At this moment, there were only three people left in the field.

Long Shang is at level 2860.

Chu Chu is at level 2830.

Qin Feng is already at level 15,000.

His speed still didn't slow down.

This made Long Shang's heart completely confused.

This guy's results are already more than five times his.

Is it possible that he will really surpass himself ten times?

If this really happened, he would be disgraced.

What made him even more depressed was that Chu Chu was only thirty levels away from him and was about to catch up.

However, Chu Chu's condition was very bad.

Her body had reached its limit, and cracks were constantly appearing on her white and tender skin, with several thin lines of blood flowing out.

Seeing this scene, Long Shang secretly breathed a sigh of relief.

It seems that this little girl has reached her limit and will quit immediately.

He was finally able to keep his third place spot.

He admitted losing to Qin Feng.

If he loses to Xiao Lun Wang, then he is just a guy who cheated by resurrecting, which is nothing special.

But if he loses to Chu Chu, he will lose all face

"Ha ha!! Little girl, have you reached your limit? If you can't hold it anymore, quit! It's not worth it to die here....."

Long Shang persuaded Chu Chu behind him.

He soon reached his limit and could no longer walk.

He wanted to coax Chu Chu into retreating so he could follow him.

In this way, he kept third place and saved his final face.

Speaking of which, he was quite miserable!

Since taking the assessment, he has not achieved any good results.

For example, in the first game, he finished third.

In the second round, I didn't even make it into the top five.

In the third game, he finished fourth.

In this last game, his third place position was in danger.

Thinking back on it, he felt aggrieved.

He is a genius in the fifth-level star field, but he is trampled like this by the indigenous people of the earth. It is too inappropriate.

"Little girl, what are you holding on to? If this continues, you will die!"

Long Shang continued to persuade

"snort!", Chu Chu gave him a disgusted look.

She was very unhappy with this guy talking to her brother like that before.

She must surpass this guy and give her brother a vent.

"Ah! Little girl, what's that look in your eyes? What's the use of glaring at me? I kindly persuade you because I see you are young and can't bear your death here...."

"snort! You should still worry about yourself! This girl will surpass you soon!"

"Ha ha! Just you? Little girl, looking at you like this, your body is about to collapse. It's impossible for you to go up to the next level. You still want to surpass me?!"

The corners of Long Shang's mouth were slightly raised, showing disdain.

"Then take a look!"

Chu Chu grabbed a handful of healing medicine and swallowed it directly, while running the self-healing super skill - Ice Healing Technique.

The injuries on her body were slowly recovering, but they collapsed again the next second, and she could not fully recover at all.

This was indeed her The limit

"Ha ha!! I'll just say it! You are no longer good!"

Long Shang laughed proudly.

But the next second, he froze.

I saw Chu Chu's mind moving, and the time ability was activated.

Time accelerated!

Ten times faster!

With the assistance of the time ability, the ice healing technique repaired the speed in an instant. Speeding up ten times, she actually reached the level of a king-level skill.

At the same time, the healing medicine she just swallowed also healed her wounds ten times faster.

Combining the two, the injuries on her body healed at a speed visible to the naked eye.

Next In one second, Chu Chu took three steps upwards.

Bang~! Bang~! Bang~!

Every step Chu Chu took was extremely heavy and powerful.

Long Shang was stunned.

This little girl actually climbed up.

And a He took three steps.

The situation was not good!

Long Shang was in a hurry.

But at this moment, Chu Chu's body collapsed again.

After three steps, she finally couldn't bear it anymore. Even the acceleration of time couldn't save her, and her body began to collapse...

Long Shang immediately showed surprise.

He waited for Chu Chu to withdraw.

Chu Chu activated her time ability again, and time was delayed!

The collapse of her body slowed down.

At this moment, the ability accumulated in her body finally reached the explosion point.

Click~!

A soft sound!

It seemed that a bottleneck was broken.

Boom~!

Chu Chu's whole body was shocked, and her momentum surged for a moment.

She actually broke through to the late six-star stage at this moment...

Her mental strength and physical fitness improved in an instant. A big cut.

She held it!

How is this possible?

Long Shang opened his eyes wide in horror.

This little girl is also a pervert like her brother!

The next second, Chu Chu walked up and stepped three times in one breath. Step.

The gap between the two sides has narrowed to twenty-four steps.

Not good!

Long Shang's face changed drastically, and he quickly turned around and climbed up. He stepped up a step, and his body quickly reached the limit. The scales on his arms collapsed one after another, and blood flowed across the dragon's body. Shang grimaced in pain.

But at this time, Chu Chu climbed up to the third level again. The distance was getting closer again.

Long Shang was so anxious that he ignored the pain and risked his life to take another step.

Bang~! Bang~! Bang~!

His whole body The blood vessels burst~!

The internal organs in the body swelled rapidly.....

Damn it~! Dying!..

Chapter 270

Damn it~! dying!

Long Shang was so horrified that he could no longer hold on and withdrew in an instant.

With a flash of white light, Long Shang disappeared.....

At the same time, a group of examiners who had withdrawn gathered in the square on the top of Tianlong Mountain.

At this moment, everyone was nervously inspecting the summoning jade talisman.

The jade talisman displays the scores of each assessor.

At this time, Qin Feng's scores kept beating.....

Level 15,361.....

Level 15,362.....

Level 15,363.....

"Oh My God! This is more than 15,000 levels! Master Qin Feng's grades are still rising, which is terrible!"

"Look! Long Shang's performance stopped....."

As soon as he said this, everyone felt a fluctuation in the space.

Everyone looked up and saw Long Shang standing in front covered in blood.

"Ah! Long Shang also quit....."

The crowd murmured.

Many people showed joy on their faces.

They all took refuge in Qin Feng, so naturally they all sided with Qin Feng

"Yo ho! Isn't this Dragon Shang! I thought you could surpass me, but I didn't expect you are only 2,800 levels! Three hundred levels lower than this king...."

The taunting voice of Little Wheel King rang out in the field.

Long Shang felt like his whole body was splitting apart and the pain was unbearable.

Hearing these strange words, he almost became so angry that he vomited blood.

"Ah! You, a guy who relies on your skills to cheat, won't be able to win, so what do you have to be proud of?", Long Shang sneered disdainfully.

"If I, the king, win you, it is not my ability, so if Chu Chu wins you, is it my ability? At least I have hope of winning against Chu Chu. It seems that you are about to be surpassed by Chu Chu... In this comparison, you are still not as good as me!"

Long Shang was angry:"That little girl hasn't surpassed me yet, why are you bragging?...."

As soon as he said this, there was a commotion in the venue

"Look! Chu Chu surpassed Long Shang!"

"Huh! It really is...."

Hearing this, Long Shang was shocked and quickly used his spiritual sense to detect the jade talisman.

His score is level 2851.....

Chu Chu's score was level 2852, which actually surpassed him...

Long Shang turned to stone.

This result was difficult for him to accept.

At this time, Little Lun King's taunting sounded in his ears again,

"Long Shang, you can't even compare to a six-star girl, and yet you dare to mock us as trash... It turns out you are the trash yourself!"

"You...wow...."

Long Shang was so angry that he spat out a mouthful of old blood.

He looked up again, only to see everyone looking at him with gloating eyes, their eyes full of contempt and ridicule.

This deeply stung his sensitive pride.

The fifth-level star genius who thought he was so superior was actually despised by a group of earth bumpkins.

It's also a sad life for him to be reduced to such a state.

"You all just wait....."

Long Shang glanced at everyone coldly, then walked to several members of the fainting organization with a gloomy expression and took medicine to heal their injuries.

How dare these country bumpkins despise him.

After the assessment was over, he killed Qin Feng and then killed all the country bumpkins without leaving a single one behind.

Only in this way can he vent his hatred.....

At the moment, everyone no longer paid attention to him.

Everyone was nervously paying attention to the results of Qin Feng and Chu Chu.

Time flies.

Before I knew it, another ten hours had passed.

What shocked everyone was that Chu Chu finally persisted to level 3400, surpassing Xiao Lun Wang and taking second place.

However, she reached her limit and quit.

As a result, Qin Feng was the only one left on the Stairway to Heaven.

At this moment, everyone is paying attention to Qin Feng's results.

The more people watched, the more frightened they became, and the more they watched, the more impressed they became.

At this time, Qin Feng's score was nineteen thousand nine hundred and ninety, and he was only ten steps short of reaching twenty thousand.

Everyone was inexplicably nervous.

Among the crowd, Jade Qilin was amazed, with hidden joy in her beautiful eyes.

The man she likes is much more powerful than she imagined!

However, she was still a little worried.

Level 20,000 is a huge threshold.

Being able to reach level 20,000 means that the physical body has reached the threshold of quasi-emperor level.

This is an extremely high level of physical body strengthening.

As far as she knew, since the emergence of the Dragon Ruins Secret Realm, only a few people had crossed the 20,000-level threshold.

The subsequent achievements of these people were extremely dazzling, and they were at least emperor-level existences.

Therefore, in the eyes of all Star Territory assessors, those who can pass the 20,000th level will definitely become emperor in the future.

Can Qin Feng do the same?

Yu Qilin took a nervous breath.

At this moment, Qin Feng's score has risen to level 19997.....

Everyone became more nervous

"Soon! Lord Qin Feng is about to break through to level 20,000....."

"yes! Only the last three levels are left!"

"Do you think Lord Qin Feng can cross over smoothly?"

"Sure!"

As soon as he finished speaking, Long Shang's mocking voice sounded from behind the crowd.

"Ah! A bunch of ignorant rubes!"

As soon as these words were said, everyone was angry and turned to look at Long Shang.

Long Shang looked at everyone with disdain:"Huh! Don't look at the difference between 19,999 and 20,000 levels by only one level, but that is a big threshold. That is equivalent to the difference between the eight-star Dzogchen physical strength limit and the quasi-emperor level threshold. The difference between the two is more than ten times."

"Most of the assessments are stuck at this level. Do you think Qin Feng can pass? You think too highly of him! Is it possible that you really think that his physical body has quasi-emperor level strength?"

Long Shang looked disdainful.

"How did you know? I think you are talking nonsense!", Xiao Lun Wang questioned

"I just know it's none of your business!", Long Shang replied angrily.

Xiao Lun Wang was furious:"You....."

"Stop fighting! Lord Qin Feng has reached level 19999....."

At this reminder, Xiao Lun Wang and Long Shang quickly looked at the jade talisman.

Everyone held their breath nervously.

They all want to know whether Qin Feng can cross the 20,000 level.

If Long Shang is right, if he steps from level 19,999 to level 20,000, the intensity of dragon power will suddenly increase tenfold.

When everyone thought about this situation, they felt extremely terrible.

At this moment, the data on the jade talisman jumped.

Qin Feng: Twenty thousand levels!

At the same time, the entire Tianlong Mountain actually trembled slightly.

There was a cheer from the crowd

"Ha ha!! Crossed over! Master Qin Feng stepped over!"

"Very good!"

The crowd was extremely excited.

"snort! It's still early... He will go back soon....", Long Shang sneered.

This kind of assessment situation has happened too many times in history.

There are many talented people who have reached level 20,000.

But the sudden increase in dragon power by ten times was too much for them to bear. They would either return to level 19999 or withdraw from the assessment.....

Long Shang felt that Qin Feng would be like this too.

Deep down in his heart, he always wanted to see Bian Qin Feng.

After all, it is too difficult for a conceited person to admit that others are excellent.

But as soon as he finished speaking, there was another exclamation in the audience.

"Look! Lord Qin Feng has reached level 20,030....."

"No! It's level 2007 now...."

"Oh My God! It's level 2010 now! So fast!"

"What?!", Long Shang quickly checked.

When he saw this, he was dumbfounded.

Qin Feng slapped him in the face again.

The guy actually crossed the 20,000th level and was still going up.....

"This...how is this possible?!"

Long Shang felt bitter in his heart.

How could this native of the earth be so strong?

He seems to be far superior to himself in every aspect...

Now, even his physical strength far exceeds his own.

How could this be? It

's not like there is no way to strengthen the body on earth. ?

Why does this earthly bumpkin have such a strong body?!

I won't give in!

I won't give in!

Long Shang roared angrily in his heart.....

At this time, Xiao Lun Wang's ridicule came again.

"Ha ha!! Dragon Shang! Master Qin Feng has already passed the threshold of 20,000 steps. Just wait for him to surpass you ten times. Kneel down and call him daddy!!

Long Shang was furious:"It's only 20,000 steps. If he wants to surpass me ten times, he has to reach 28,510 steps."....."

"Ha ha!! Then just wait....."

At the same time, on the ladder to heaven.

Qin Feng's speed has slowed down.

His current physical strength is 31.3% of the quasi-emperor level, and his combat power has increased by a full 20 million to 540 million.

At this moment, Qin Feng's face lost the look of satisfaction.

He was already feeling the pain.

The real challenge finally begins!

Qin Feng looked ahead.

The ladder is like a long dragon, running along the mountain and straight into the sky, with no end in sight.....

Yu Qilin told him that this ladder to heaven has 18,000 steps, and the best result in history is 89,000 steps.....

He has just passed level 20,000 and is already feeling a little pain. The road ahead will become increasingly difficult.

It turned out that the eight series of dragon power attributes only strengthened his physical body, but had no repairing and healing functions.

The light attribute in dragon power has been destroying his physical body.

After reaching the 20,000th level, Longli's light attribute intensity reached the quasi-nine-star threshold level, and was finally able to harm Qin Feng's body.

Therefore, Qin Feng began to feel a little pain.

Fortunately, just a little bit.

After all, his body is Emperor level 31.3%, which is equivalent to the physical strength of mid-stage quasi-emperor level.

He could still bear the pain.

But there are still more than 80,000 steps left. Can he surpass the highest score in history?

Qin Feng was uneasy and thought it was impossible.

But at this moment, the summoning jade talisman sent a message to him.

After a while, Qin Feng's eyes gradually brightened, and his face showed joy.

He finally knew how to obtain the ninth level dragon power.

The secret is hidden at the end of the ladder to heaven.

Only if he completes the 18,000 steps can he hope to obtain the ninth-level dragon power. Otherwise, it is absolutely impossible to activate the ninth-level dragon power.

Ninth level dragon power!

Qin Feng yearned for it.

After obtaining the ninth level of Dragon Power, he can take away the inheritance of the Supreme Dragon God from Longxu.

At this moment, he finally understood.

Why has it been that the Dragon Ruins Secret Realm has been around for tens of thousands of years, but no one has been able to obtain the only ninth-level inheritance.

That's because no one has ever been able to complete the Stairway to Heaven. let's start!

Qin Feng stepped forward.

This time, even if he fights to the death, he still has to complete the Stairway to Heaven.....

This is also his only chance.

According to the secret realm prompts, the examiner who received the prompt just now will not be allowed to enter the secret realm for the second time.

Otherwise, as soon as he enters the secret realm, he will be attacked by the secret realm.

He had gotten the hint.

This time, he will either succeed or fail, and there will be no second chance..
