

## God level 2621

### Chapter 2621

Based on Qing Tianqi's current strength, if he wants to enter the top ten rookies, he must go all out.

Then his identity as a fifth-line warrior would have to be exposed.

Once the identity of this fifth-line warrior is revealed, Long Xing's people will naturally think that he is Qin Chuan.

After all, five-line warriors are extremely rare, and only one appears in hundreds of years.

Generally speaking, it is extremely impossible for two fifth-line warriors to appear in a country at the same time. It is difficult not to make Long Xing suspicious.

If you don't want Long Xing to be suspicious, you have to let Qingtian Qi hide his strength as a five-series warrior.

However, if he hides his strength, Qing Tianqi's chances of becoming a rookie will be slim, and the significance of his attending the rookie conference this time will be of little significance.

Thinking of this, Qing Tianqi suddenly became embarrassed.

However, Qing Tianqi is also an extremely smart person. When he thought about it at the end, a flash of inspiration suddenly flashed in his mind, and he immediately thought of a good idea. His face showed joy, and he smiled and muttered to himself.

"Ha ha!! I thought about it. I don't have to hide my identity as a fifth-line warrior, and I don't have to let the people in Long Xing doubt me."

"It's a pity that Qiuqiu can't accompany me to join the war! Without the help of Qiuqiu, with my own strength, it would be almost impossible to deal with a fifth-level warrior! Without the strength of a fifth-level warrior, the possibility of entering the top ten is slim."

When he thought of this, Qing Tianqi felt worried again and frowned tightly. He couldn't help but secretly hate Jin Yuancheng for ruining his good deeds.

If it weren't for Jin Yuancheng, his strength would not be exposed.

Just because of him. This exposure of his strength may very well prevent him from entering the top ten rookies this time. If he cannot enter the top ten rookies, it will be meaningless. His participation in the rookie conference this time will be in vain.

"Why! It seems that I have to improve my strength quickly! Otherwise, there is really no chance of entering the top ten rookies."

Thinking of this, Qing Tianqi felt a sense of crisis in his heart.

"However, before improving my strength, I must learn the 'Appearance Changing Technique' as soon as possible. After learning the face-changing technique, I can implement the plan I just thought of, so that Long Xing will not suspect me."

Thinking of this, Qingtian Qi perked up and quickly took out the 'Appearance Changing Technique' from the God of War Order space and began to study it.

He knew that he didn't have much time, and he must seize the time to use this 'Appearance Changing Technique' 'Learn it, it's best to learn it before he leaves Red Gold City.

In this way, he won't have to worry about being recognized by Long Xing's spies in the future, and he can enter Kyoto openly.

Next, Qingtian Qi asked Qiuqiu to Play aside and don't disturb him.

He holds the book "The Art of Changing Face" and starts learning by himself.

Although the art of changing face is an extremely rare secret skill, it is not very profound. You don't need to spend money to learn it. Too much energy, which made Qingtian Qi feel relieved.

With Qingtian Qi's intelligence, he was confident that it would only take two days for him to basically master this secret technique.

In this way, Qingtian Qi was completely immersed in learning. During the "Appearance Changing Technique", he unknowingly studied for an entire afternoon. It was not until the evening when Zhou Zang sent someone to call him to attend the celebration banquet that Qingtian Qi's study was interrupted.

However, after this afternoon's study, Qingtian Qi's He gained a lot and was in a good mood.

However, Qingtian Qi was called by Zhou Zang to attend the celebration banquet.

When he arrived at the hall, several tables of banquets had already been set up in the hall.

Most of the people sitting on these seats were children of the Zhou family.

In today's gambling battle, the Zhou family defeated the Jin family, which not only saved Zhou Mei, but also won the reputation of their Zhou family.

All the children of the Zhou family were very excited, and naturally they all gathered together to celebrate..

Chapter 2622

When Qing Tianqi walked into the hall, many Zhou family members stood up, greeted him warmly, and even more expressed their gratitude to him.

As the master of the Zhou family, Zhou Zang laughed even further from a distance.

"Ha ha!! Little friend Tianqi, you are finally here, come! Come! Come! Please take a seat here!"

At that moment, Zhou Zang enthusiastically pulled Qingtian Qi to the chief seat.

As soon as he sat down, Qingtian Qi discovered that not only was he sitting on the chief chair, but Zhou Hao, Wang Xianglin and others were also sitting in the same seat.

But at this moment, Wang Wenxu and Mu Yansheng looked very embarrassed and even a little bitter when he saw him.

By now, the two of them knew that when they mocked Qingtian Qi, Qingtian Qi ignored them. It was not that Qingtian Qi wanted to play tricks on them, but They didn't take their words seriously at all.

In the eyes of Qing Tianqi, the two of them were not worth mentioning at all.

This is like an ant mocking an elephant for being too weak.

Faced with such ridicule, the elephant is I won't pay attention to it, let alone explain it.

There is no need to explain it.....

But at this moment, the two of them felt that they were just the ridiculous ants. Although they were pitifully weak, they were going to laugh at a hugely powerful elephant. It was simply a joke.

Thinking of this, Wang Xianglin and Mu Yansheng felt very embarrassed. When they saw Qingtian Qi coming over, they were embarrassed to say hello to Qingtian Qi, and they felt uncomfortable sitting there.

Qingtian Qi also noticed their embarrassment and just smiled slightly without taking the initiative to say hello to them.

He didn't have much resentment towards these two people.

As for Wang Xianglin, he was arrogant and always looked down on others, but his character was not that bad.

After Qing Tianqi sat down, he politely said to Zhou Zang

"Senior Zhou, I am just a junior, but you made me become the chief, which makes me feel ashamed!"

"My friend, what did you say? You have also seen that you are not the only young person sitting in the chief position. Xianglin, Zhou Hao, Yansheng and Hongying are all sitting in the chief position."

"To be honest, the five of you are all the heroes of our Zhou family today. You five naturally deserve to sit in this chief position. On behalf of the entire Zhou family, I would like to thank you all! Of course, I am especially grateful to Mr. Wang Tianqi. Without the help of little friend Wang Tianqi, our Zhou family would have lost today!"

As soon as these words came out, some of the Zhou family disciples shouted

"Of course! Ancestor, our Zhou family is really grateful to have little friend Tianqi for helping us today!"

"yes! Wang Tianqi, our Zhou family is grateful for your help this time. However, your strength surprises me so much! By the way, how old are you? It's hard for me to believe that you have such cultivation at such a young age!"

After hearing this, Qingtian stood up and cupped his hands around him.

"Elders, please be polite, Tian Qi just did what he should do. As for my age, I am eighteen years old"

"ah! Are you already eighteen years old? Why doesn't it look like it?"

"yes! I look like you are fifteen or sixteen years old. In fact, even if you are eighteen years old, it is too scary to have such cultivation at such an age."

Hearing this, Qing Tianqi felt helpless. He originally thought that by telling him how old he was, others would not be surprised by his cultivation, but he didn't expect that everyone was still surprised.

At this time, Zhou Zang stood up and said

"Okay, you all go back to your seats. Now that everyone is here, let's start the celebration party!"

At this moment, the celebration banquet began.

Not long after the banquet started, many Zhou family disciples came over and toasted to Qingtian Qi.

On the surface, this celebration banquet was to thank Qingtian Qi, Wang Xianglin and other five people. In fact, Shang Qingtianqi alone became the focus of the audience.

After three rounds of drinking, Qingtianqi drank a lot of wine under the urging of many Qing family children, and his face began to turn slightly red.

At this moment, Wang Xianglin seemed to After hesitating for a long time, he stood up and said to the blue sky

"Wang Tianqi, let me toast you!"

After saying this, he looked at Qingtian Qi with an anxious look, for fear that Qingtian Qi would hate him and not accept his favor.

However, Qingtian Qi smiled generously and said boldly

"Thank you, Brother Wang, come! My little brother did it to you!"

Wang Xianglin was overjoyed to see Qingtian Qi finish the glass of wine happily and drank it all in one gulp.

At this point, his affection for Qingtian Qi greatly increased.

Seeing this, Mu Yansheng on the side also toasted to Qingtian Qi apologetically.

Qingtian Qi Zizi came here and refused.

At that moment, the small conflict between the three of them was resolved, and the atmosphere at the wine table suddenly became lively..

## Chapter 2623

When the banquet was halfway through, Zhou Zang warmly invited Qing Tianqi.

"Tianqi, I think you should stay at our Zhou family for a few more days. Aren't you going to attend the rookie meeting? In fact, Zhou Hao, Wen Xun and the four of them are also going to the rookie conference. Why don't you stay here for a few more days, and then go to Kyoto as a group of five!

At this time, Mu Hongying also advised:"Yes!" Tianqi, just go to Kyoto with us. The four of us have agreed to go to Kyoto to attend the Rookie Conference together. It would be great if we all have someone to take care of us together!"

Zhou Hao also said:"Yes! Brother Tianqi, what do you think?"

"This? Qing

Tianqi pondered for a while and asked

"I don't know when you are going to leave?"

"Five days from now, the rookie conference is still early, I don't need to rush there in such a hurry!"

"That little brother may not be able to make it in time."

Qing Tianqi had a look of embarrassment on his face.

"I can only stay here for one more day at most, and after one day, I have to get out of here as soon as possible. It's not that I don't want to go with you, but I have something important to do and I have to go as soon as possible."

"That's it! If that's the case, then we won't force it. Zhou

Hao and others showed some disappointment on their faces.

Seeing this, Qing Tianqi smiled and said: "Everyone, although I can't go with you, you are all my friends, and you will still have the opportunity to go together in the future." Besides, we will be able to meet again in Kyoto soon, and then we can drink and talk happily."

"Ha ha!! This is true! Since Brother Tianqi has important matters, I and the others will not delay Brother Tianqi."

Hearing Qingtian Qi's words, Zhou Hao and others expressed their understanding, and at the same time they were very happy that Qingtian Qi could treat them as friends.

In their opinion, Qingtian Qi had such strength and treated them so politely. Everyone I was still a little grateful in my heart.

But the ancestor of the Zhou family on the side felt a little regretful.

Listening to Qingtian Qi's words, he knew that Qingtian Qi would only stay with the Zhou family for one day at most.

In fact, Qingtian Qi was not willing to wait with Zhou Hao. He walked with others because he knew that there was a fifth-level master waiting for him outside Zhou's house.

He didn't want Zhou Hao and others to be harmed because of him.

At the moment, the banquet continued.

The celebration banquet lasted until very late. It was over.

Qingtian Qi was also seventy percent drunk.

After returning to his residence, Qingtian Qi found that Qiuqiu had fallen asleep on his bed.

Qingtian Qi did not disturb it or fall asleep, but used He used the Qingxin Mantra to clear his mind, and then took out the 'Appearance Changing Technique' and continued to learn it.

He planned to seize the time, study this secret technique all night long, try to master it in the remaining day, and then leave Chi Chi as soon as possible. Jincheng.

At the same time, there are.

These two people are none other than Hai Qi and Hai Shi, who were watching Qing Tianqi during the day.

"Uncle Qi, do you think that Wang Tianqi is a descendant of the Wu family?"

In the darkness, a low voice suddenly appeared, but it was Haishi who asked Hai Qi the question in his heart.

Hai Qi pondered for a while before saying

"This is hard to say! It's true that that kid has practiced the water system. However, if he is a disciple of the Wu family, his water energy is the strongest, but in fact, his fire energy and wood energy are stronger than his water energy. This is a bit unreasonable"

"yes! I'm confused about this too. Uncle Qi, do you think that Wang Tianqi is not a child of the Wu family, but that Mu Hongying is a child of the Wu family?"

Hai Qi was silent for a while and said

"I don't think Mu Hongying has hidden strength. When we left the show, I deliberately approached her and tested her secretly. She seemed to be just a fire warrior. From the current point of view, it is more likely that Wang Tianqi is still the same one."

"It's just that Wang Tianqi is too strange. His five-line talent is not like the talent shown by the children of the Blood Successor Family! They all seem pretty good, which really baffles me. Why! It would be great if we had the Xuanwu Order on us. Whether they are descendants of the Wu family or not, one can easily identify them as long as they have the Xuanwu Order."

"That's right! It's a pity that the Xuanwu Order disappeared together with Brother Hai Long. By the way, where did Brother Hai Long go? Why is there no news at all? Could it be that he was really murdered?"

Hai Long turned gloomy after hearing this..

Chapter 2624

"I think Hai Long was probably killed. With Hai Long's strength, someone could kill him without anyone noticing. Mu Hongying couldn't do it, but Wang Tianqi could. Generally speaking, there is something wrong with that Wang Tianqi"

"You haven't seen that Wang Tianqi is quite capable of hiding his strength. Maybe Hai Long underestimated him and showed some tricks in front of him, but he was harmed by Wang Tianqi. I think that's what happened."

"Uncle Qi, what you said does make sense. It seems that Wang Tianqi is highly suspicious, and Brother Hai Long may have been poisoned by him. Uncle Qi, how should we deal with him next?"

"How to deal with it? We can only wait until he leaves Zhou Mansion and then we will follow him secretly. After we were far away from Scarlet Gold City, we would find a remote place to take action, capture him alive, and interrogate him some more. At that time, all the truth will become clear."

Hearing this, the sea lion nodded slightly, and then said

"Uncle Qi, that boy Wang Tianqi is a fifth-element warrior, isn't he difficult to deal with? Can you catch him alive?"

Hai Qi's mouth showed a trace of disdain.

"snort! So what if he is a fifth-line warrior? Judging from the aura he displayed during the day, although his strength is very strong, it is far from reaching the level of a fifth-level warrior. It's not difficult for me to capture him alive, it just takes a little effort."

"That's it! It would be great! I thought how powerful the five-series warriors were!"

"hehe!! The five-series warriors are indeed very powerful! That can only be said to be compared with warriors of the same level. It is not that easy for him to challenge a higher level, especially when a warrior reaches the later stage, it becomes more and more impossible to challenge a higher level."

"This is true!"

"Okay, I won't say any more to you. Sea lion, we take turns monitoring Zhou Mansion's movements. You will be the one to monitor this first half of the night. I will go and sleep for a while. I will monitor you in the second half of the night."

"Yes, Uncle Qi!!"

At the moment, in the darkness, the two began to take turns monitoring the Zhou family.

While Hai Qi and the two were monitoring the Zhou family, something was also happening in the Jin family.

In the Jin family compound and Jin Yuancheng's bedroom.

That There were painful moans and groans coming from the bed.

Jin Jinyuan was sitting on the edge of the bed, looking at Jin Yuancheng lying on the bed with a sad face. Behind him stood a middle-aged man with a gloomy look.

In that The middle-aged man looks to be in his forties, and his appearance is somewhat similar to Jin Yuancheng's, but he looks ordinary but not very ugly.

In fact, this middle-aged man is none other than Jin Yuancheng's father, Jin Zhongzhen.

Hearing that his son Jin Zhongzhen seemed to be very painful and angry, and immediately asked

"Dad, should I go to the Zhou family and kill that little bastard Wang Tianqi right now? He actually kicked my son's lifeblood into pieces. I want him to die badly!"

Jin Zhongzhen said to go, but was stopped by Jin Jinyuan.

"Wait! Zhongzhen, why are you still so reckless? Do you think you can kill that little beast if you go to the Zhou family now? Do you think that old man Zhou Zang will just sit back and do nothing?"

"What to do? Could it be that that little beast kicked my son's lifeblood to pieces and left him free? no! I must kill him, and I must use his life to repay the harm to my son.

Jin Jinyuan was furious:"Stupid!" If I could really kill him, I would try my best to kill him during the day at Zhou's house. I'll tell you the truth, that guy's background is not simple, and he is not something that our Jin family can easily offend. If you kill him like this, it will definitely bring disaster to our Jin family."

"Besides, this incident was caused by Yuan Yuan himself. He was at fault in the first place and provoked people he shouldn't have provoked. There are many bystanders on this matter, so even if we want to distort the facts, we can't talk about it"

"What to do? Is this the case?"

Hearing this, Jin Yuancheng on the bed suddenly became excited, picked up his head and banged the bed board desperately, and screamed loudly.

"ah!!!! I'm going crazy! no! Can't forget it! I want revenge! I must take revenge! Dad, grandpa! If you don't avenge me, I will kill you right now!!"

He yelled while banging his head crazily, banging his head so loudly that it sounded like 'Bang! Bang!'

Chapter 2625

Jin Jinyuan and Jin Zhongzhen on the side hurriedly stopped him.

Jin Jinyuan was even more angry and said:"Silly boy, did grandpa ever say that I won't avenge you? That little bastard Wang Tianqi dares to cut off your lifeblood, and if he dares to cut off my descendants, I will make sure that his bones are gone!"

Speaking of this, Jin Jinyuan's face turned sinister, and his eyes were filled with evil looks.

"But why did you stop my father from killing that little beast?"

"Grandpa stopped your father because now is not the time to kill him! We want to kill him without making people suspect that it was our Jin family who did it. We can only wait until he leaves Scarlet Gold City before we can take action. It is best to stay as far away from Scarlet Gold City as possible!

But Jin Yuancheng said anxiously: "Grandpa!" When that little beast leaves Scarlet Gold City, how can we know where he went? How can we kill him? If this continues, when will my grandson's revenge be avenged?"

"Don't worry, I've already thought about this. Then isn't Wang Tianqi going to Kyoto to attend the Rookie Conference? Since he wants to participate, he will definitely go to Kyoto. I will ask your father to go directly to Kyoto and wait for him."

"The identity of the five-line warrior is easy to find out in Kyoto. When the time comes, your father can just go and kill him secretly. If he died in Kyoto, I don't think anyone would suspect our Jin family."

"At the rookie conference, young warriors from all over the country gather together. When there are more people, it becomes a mixed bag. There are inevitably various conflicts and incidents. It is not uncommon for people to die in fights. Maybe outsiders will think that he died in a conflict with other people."

Jin Yuancheng finally showed joy on his face.

"Grandpa is right! People in Kyoto are busy and busy, so it would be better to kill him there. However, grandpa, I still want to go to this rookie conference. I want to see with my own eyes how that little bastard died. I want him to kneel in front of me, and then chop him up with one knife!"

Jin Yuancheng's eyes flashed with resentment, and he became more and more excited as he spoke.

Perhaps he was too excited, so he spoke a few words, which touched the injury on his lower body, causing him to moan in pain again.

Seeing this, Jin Yuancheng frowned, shook his head and sighed.

"Why! Yuancheng, your injury is too serious, and Kyoto is a long way away. Your injury is not healed, how can you go?"

But I didn't want to, Jin Zhongzhen said

"Dad, I just need to escort him all the way! If Yuan Yuan cannot participate in this rookie conference, then he will have no chance in the future. By the time of the next session, he would be in his thirties and already over the age to participate. Besides, his wish was to see that little bastard Wang Tianqi die in front of him. Only in this way could he relieve the resentment in his heart. Jin

Jinyuan pondered for a while before saying: "Okay!" Then you can personally escort Tojo to Kyoto! By the way, you have to be more clean when you assassinate Wang Tianqi, and don't let anyone suspect our Jin family, let alone let that kid escape.

Jin Zhongzhen smiled confidently: "Father, don't worry about this." So what if that little bastard is a fifth-line warrior? With my level 5 Dzogchen strength, I can't kill him instantly!"

"That's good. Then wait until Kyoto and act according to your own circumstances!"

At this time, in the Zhou Family Courtyard, Qingtian Qi was still immersed in learning the face-changing technique.

In fact, he had already anticipated the lurking crisis in the outside world.

But he knew that this was not the time to be distracted, so he had better seize the time to learn it. It was the face-changing technique.

In this way, Qingtian Qi unknowingly studied all night long, which gave him a better grasp of the face-changing technique.

By the next morning, Qingtian Qi did not stop learning.

He used it again He used the Qingxin Mantra to regain his energy, and then continued to study.

Qingtian Qi studied so crazily because he wanted to leave Scarlet Gold City as soon as possible to avoid being targeted by Long Xing's people..

Chapter 2626

In fact, Qingtian Qi expected it to be right.

After yesterday's battle, Qing Tianqi's deeds against the Jin family's children, as well as his identity as a fifth-line warrior, caused a sensation in the whole city overnight. This incident aroused thousands of waves in everyone's hearts.

‘The name Wang Tianqi can be said to have become famous overnight!

Today, in the streets and alleys of Chijin City, in teahouses and restaurants, Wang Tianqi is the most talked about, even among ordinary people.

Now everyone knows that Dakun Country has produced a fifth-line warrior who has been rare for hundreds of years, and that person is called 'Wang Tianqi'.

Even 'Wang Tianqi's' appearance, age, and his pets have become topics that everyone talks about.

Some young warriors regard 'Wang Tianqi' as their idol, especially those young warriors who are similar in age to Qing Tianqi, and they have a fanatical worship of 'Wang Tianqi'.

There are even more evil people who draw Qing Tian Qi's appearance, make portraits, and sell them to the young warriors who crazily worship Qing Tian Qi.

The Zhou family also suffered as a result. Many young warriors blocked the door of the Zhou family, shouting that they wanted to see their idol.

Regarding such requests, the ancestor of the Zhou family ordered people to refuse them one by one in order not to disturb Qingtian Qi, and also ordered people to guard the door to prevent those meddlesome people from intruding.

Qingtian Qi didn't know about these things happening outside. He was still learning his own face-changing technique.

In this way, Qing Tianqi continued to study like crazy until midnight that day, and finally mastered the 'Appearance Changing Technique'.

In the room, Qingtian looked at himself in the bronze mirror.

What he saw in the bronze mirror was no longer a vibrant red-haired boy of fifteen or sixteen years old; but an ordinary-looking white-haired young man of about twenty-seven or eighteen years old.

This is completely different from Qingtian Qi's previous appearance. Even the people who are most familiar with Qingtian Qi would never have thought that the older young man in front of him turned out to be Qingtian Qi.

"Ha ha!! Great, now that I'm like this, who else will be able to recognize me as the 'Wang Tianqi' or 'Qin Chuan' from before? This face-changing technique is really good!"

Qing Tianqi smiled with satisfaction, and Qiuqiu on the side widened his eyes in surprise. He looked at Qing Tianqi in front of him carefully and sniffed hard with his nose.

If Qing Tianqi's breath hadn't changed, Qiuqiu really thought the person in front of him was someone else.

"Okay, stop sniffing Qiuqiu and go play!"

Qingtian Qi sent the ball aside. With a thought, the muscles and bones on his face changed for a while, and he returned to the appearance of a boy.

However, it was back to the appearance after his transformation.

It turned out that Qingtian Qi first used the Mad God Technique to transform. After his death, he used the Face Changing Technique to change his appearance.

It turns out that the Face Changing Technique can only change a person's appearance, but it cannot change the color of his hair or his height.

However, Qingtian Qi's Mad God Technique can change his hair. The color changes to white, and it can increase his height by several inches, and even the whole person's temperament will change. The combination of these two brings huge changes to Qing Tianqi's appearance. Even Qiuqiu can't believe it. His own eyes.

Of course, such a change still has shortcomings. This shortcoming is that Qingtian Qi uses the Mad God Technique to transform, and the duration is limited.

With the energy Qingtian Qi has accumulated by opening the second door, such a madness The transformation of God can last for up to three days and three nights. If he is in battle, the time will be even shorter.

Therefore, Qing Tianqi cannot always walk outside with that appearance. He has to spend some time every day to eliminate the transformation. body, allowing the essence energy in his body to automatically recover.

Another change is that after Qingtian Qi transformed into a mad god, the pupils of his two eyes were one gold and one silver, and there were two red star marks on his forehead.

The face-changing technique could cover up the star mark on Qingtian Qi's forehead, but it could not change his pupils to be like those of a normal person.

However, Qingtian Qi didn't care.

Because almost no one had seen his transformation after using the Mad God technique. His physical appearance and one gold and one silver pupil are not his original features, but can become his features after he changes his appearance..

Chapter 2627

In fact, after Qingtian Qi transformed, the reason why his pupils became one gold and one silver was due to the movement of yin and yang in the body.

The golden pupils represent the Yang energy, and the silver pupils represent the Yin energy.

Having said that, Qing Tianqi seemed to be very satisfied with his appearance after changing his appearance, and he was in a good mood. At that moment, he thought

"I changed my age to twenty-seven or eighty years old. Even if I reveal my cultivation in the future, others won't be as surprised as before! hey-hey! It is reasonable for me to compete for the top ten at such an age! It's also a very interesting thing."

Thinking of this, Qingtian Qi himself couldn't help but feel a little proud.

By the way, I have to give myself a name when I participate in the competition. What should I call it?

Well... let's call it Xuanyuan Zhantian!

This person named Xuanyuan is from the Kun Kingdom. Not much, and I haven't heard of any big family called Xuanyuan. I can claim to be a casual cultivator to hide my identity and background.

As for 'fighting the sky', I have to disobey the destiny and fight against the sky. One day, I will kill the dragon Xing, , destroy Dakun, kill the Holy Lord, and avenge the five clans.

Yes, it is called Xuanyuan Zhantian.

Thinking of this, Qingtian Qi was very satisfied and made a decision.

At the moment, Qingtian Qi appeased Qiuqiu, and he He also fell asleep.

In order to seize the time to learn the face-changing technique in the past two days, he did not sleep well.

Now, he wanted to take this opportunity to have a good sleep and replenish his energy. He would say goodbye to the Zhou family early tomorrow morning and leave Chi as soon as possible. Jincheng.

Early the next morning,

Qingtian Qi woke up, woke up Qiuqiu, and hurriedly went to Zhou Zang, Zhou Hao and others to say goodbye to them.

Zhou Zang and others naturally tried to persuade them to stay.

Unfortunately, Qingtian Qi had decided to leave.

Later, in order to avoid Qing Tian Qi's fanatical admirers and reduce some unnecessary trouble for Qing Tian Qi, under Zhou Zang's clever arrangement, Qing Tian Qi and Zhou Hao took a carriage and avoided the Red Gold City. Everyone's eyes quietly left the Red Gold City.

Thirty miles outside the Red Gold City, on the official road to Kyoto, a carriage was parked.

Outside the carriage, Qingtian Qi was saying goodbye to Zhou Hao.

"Brother Zhou Hao, there is no such thing as a feast that lasts forever, let's just say goodbye! You don't have to give it away!"

"Brother Tianqi, take care of yourself along the way!"

"Thank you, Brother Zhou Hao. Let's have a drink and talk in Kyoto someday! Farewell!"

At that moment, Qingtian Qi bowed his hands to Zhou Hao and rushed towards Kyoto along the official road.

Looking at Qingtian Qi's retreating back, Zhou Hao stood with his hands behind his hands, but there was a trace of emotion in his eyes, and after a while he said to himself

"I never thought that there would be such an outstanding person in this world. I am lucky to know him. Maybe this will become the pride of my life. By the way, this rookie conference should be exciting."

Speaking of this, Zhou Hao's eyes showed a look of expectation, and he immediately returned to the carriage and returned to the Scarlet Gold City.

After Zhou Hao's carriage had gone far, two figures appeared on both sides of the official road. It was Hai Qi and sea lion

"Uncle Qi, that guy finally left the city. What should we do now?"

Hai Qi's skinny face showed a sneer.

"As long as he leaves the city, the next matter of dealing with Wang Tianqi will be left to me. Just return to Scarlet Gold City and continue to monitor Mu Hongying. Although the suspicion of Mu Hongying is very small, we can't help but doubt it. Just go and monitor her first. After I deal with this Wang Tianqi, I will come back to the city to find you."

"Got it, Uncle Qi!"

"By the way, with your current strength, you are not a match for Mu Hongying. Don't be as reckless as Hai Long and expose your identity. Okay, you go back to the city!"

"yes!"

At that moment, the sea lion returned to the Red Gold City.

Hai Qi glanced in the direction where Qingtian Qi left, with a slight sneer at the corner of his mouth, and chased after him in a flash of his figure..

Chapter 2628

But Qing Tianqi said goodbye to Zhou Hao and rushed to the imperial capital along the official road.

About an hour later, Qingtian Qi already knew that someone was rushing towards him a mile behind him.

With Qing Tianqi's hearing, he could naturally tell that the speed of the person coming was extremely fast, far exceeding the level that a fourth-level warrior could achieve.

At that moment, Qingtian Qi said to himself: "That guy really came after me."

Then, Qingtian Qi pretended not to know and continued on his way.

Hai Qi from behind also followed unhurriedly.

In fact, he also wanted to stay away from Scarlet Gold City before taking action.

A tacit understanding was formed between the two of them unintentionally.

That was it until evening.

Qing Tianqi arrived near a mountain forest. The surroundings were very quiet. This place was more than a hundred miles away from the red gold city.

After looking at the surrounding scenery, Qingtian Qi said to himself

"It's remote enough here. Qiuqiu, are you ready?"

Qing Tianqi gently stroked Qiuqiu lying on his shoulder.

"Gujiguji!!"

Qiuqiu nodded repeatedly, with a hint of fighting spirit in his eyes.

"good! This is a good place to fight. Let's have a battle with that guy right here and see how big the gap between you and me is compared to a fifth-level master."

After saying this, Qing Tianqi also showed fearless pride. At that moment, he suddenly changed direction, left the official road, and went into the mountain forest on the side.

Hai Qi behind him was shocked when he saw this. He secretly thought that the path was not good and quickly speeded up. He chased after him.

At the same time, he was very surprised. While speeding up and chasing towards Qingtian, he said to himself:

"How can this be? Did this kid discover me? Otherwise, why would he suddenly change direction? But he is only a fourth-level warrior, how did he find me? No matter so much, this mountain forest is remote anyway, so I will deal with him here."

Thinking of this, Hai Qi speeded up again and chased Qing Tian Qi in front.

Soon, Hai Qi discovered that Qing Tian Qi must have really discovered him.

However, he was not worried that Qing Tian Qi would escape at all. Because Qingtian Qi was not as fast as him.

In fact, he did not know that Qingtian Qi deliberately let him catch up.

Not long after, the two of them left the official road and came to a remote valley.

At this time, Hai Qiye caught up with Qingtian Qi and blocked Qingtian Qi's path.

"Ha ha!! Little bastard, do you still want to run? Even with your speed, you still want to escape from my grasp? dream!"

Hai Qi looked at Qing Tianqi in front of him with a proud look, with a disdainful sneer in his eyes.

Qing Tianqi asked with a pretended look of panic.

"Who are you? Why do you keep following me?"

Hai Qi's face turned ferocious: "Humph!" Boy, it doesn't matter who I am. You just have to surrender obediently, let me cut off your legs and hands, and then take you to a place, which will save you the pain of your skin. If you don't obey me, I will kill you!

Qing Tianqi immediately said in horror: "Senior, why are you doing this?" The kid seems to have never offended you and doesn't know you. Why do you treat the kid like this?"

Seeing Qingtian Qi's frightened expression, Hai Qi felt relieved and believed it. He thought Qingtian Qi was really scared.

In fact, based on his previous assessment of Qingtian Qi's speed, Qingtian Qi's combat power was about three thousand About the strength of a person.

As for Qingtian Qi's pet, although he didn't know how strong it was, he thought it could not exceed the strength of two thousand people.

After all, a ferocious beast at the peak of the fourth level of Dzogchen would have a fighting strength of two thousand people. Oh my god, it can't be higher.

Hai Qi didn't take this kind of fighting power seriously at all. He was completely confident that he could catch it, so his guard against Qing Tianqi was relaxed.

"You ask me why I treat you like this?"

Hai Qi looked around the remote area and saw that no one was coming before continuing.

"Let me tell you the truth, if you want to blame it, it's because you are a descendant of the Wu family!"

Hearing this, Qing Tianqi pretended to change his face, took a step back in shock, and said even more surprised.

"How do you know that I am a descendant of the Wu family?"

Seeing that Qing Tianqi actually admitted it with his own mouth, Hai Qi felt happy and secretly thought that it was indeed the case. It seems that he will make a great contribution this time...

Chapter 2629

Thinking of this, Hai Qi said coldly: "Hmph! Of course I have a way to know that you are a child of the Wu family, no matter how you quibble, it's useless!"

Qing Tianqi hurriedly said: "Do you also have the Xuanwu Order on you?"

Hai Qi was stunned. , then rolled his eyes and said: "That's right! I have the Xuanwu Order on my body. Hey! You actually know about the Xuanwu Order. So, Hai Long really suffered at your hands, and you discovered the Xuanwu Order on him"

"good!"

Qing Tianqi did not deny it, and the previous fear was swept away, replaced by a look of sadness and indignation.

"I didn't expect you to be in the same group as that Hai Long. Let me tell you, that Hai Long told me everything before he died. Your family actually did such a thing to our Wu family. Even if I die today, I will avenge those dead Wu family children!"

"What? Then Hai Long will tell you everything! Hai

Qi was shocked, and then said: "This Hai Long really deserves to die!" By the way, how much did he tell you? Come and listen!"

At this time, Hai Qi did not completely trust Qing Tianqi's words.

Qing Tianqi pretended to be angry and continued to talk.

"He told me that the lost inherited artifact of our Wu family is in Shenwu City and in your family."

As soon as these words came out, Qingtian Qi felt a little uneasy.

Because it was completely his speculation that the artifact inherited by the Wu family was in Hai Qi's family. He didn't know whether this was the case.

However, if he was right, If so, then Hai Qi will definitely believe that Hai Long has told him everything, because this matter should be one of the deepest hidden secrets of the Hai Qi family.

As long as Hai Qi thinks that Qingtian Qi knows it, Hai Qi will naturally reveal it His own identity and background.

Qingtian Qi also knew which family had been plotting against the Wu family all these years. He also knew the specific whereabouts of the artifacts inherited by the Wu family.

This was a great achievement for the three of them, because finding the Wu family The inherited artifact is the most urgent task that Qing Feng Teng needs to complete at present.

This is Qing Tian Qi's purpose. However, if he is wrong, then all his previous pretense will be in vain, and he will never expect to get anything from Hai Qi's mouth. Information.

So, when Qing Tianqi said those words, he looked nervously at the expression on Hai Qi's face.

Unexpectedly, when Hai Qi heard his words, his face changed slightly, and then he took a deep breath and said

"Shenwu City?! Inherited artifact?! It seems that damn Hai Long really told everything. Not only did you tell you that our family is in Shenwu City, but you also told you that the inherited artifact of your Wu family is also in our Luo family. That kid deserves to die!"

Hearing Hai Qi's last words, Qing Tianqi was shocked and almost trembled with excitement.

He didn't expect that he had guessed right. The artifact inherited by the Wu family really belongs to Hai Qi's family.

And Hai Qi had no intention of doing so at the end. Revealing his identity.

The Luo family! It turned out to be the Luo family of Shenwu City!

It turns out that Hai Qi and the others are the children of the Luo family of Shenwu City.

This damn Luo family, they are also one of the ancient blood successor families, and they obtained the ninth-level water beast. The blood heirs of Xuan Turtle, the Wu family treated them well and regarded their family as a confidant family.

However, they did not expect that when Long Xing destroyed the Five Holy Kingdoms a thousand years ago, the Luo family was the first to seek refuge with Long Xing.

But now, they They are still secretly hunting the children of the Wu family. Why do their families do this?

Before coming out of Wanhua Valley this time, Qingtian Qi originally planned to go to Shenwu City to check if there were any traces of the children of the Wu family there, so he asked the elders He had experienced some situations in Shenwu City.

He naturally knew that there was a Luo family in Shenwu City.

After all, the Luo family was also one of the famous big families in Xuanwu City..

Chapter 2630

Thinking of this, Qingtian Qi was really angry and immediately said angrily

"Why do your Luo family do this? Thousands of years ago, the Wu family had always been kind to your Luo family, but you took refuge in Long Xing after the Five Saints Kingdom was destroyed. Forget it, now you are still going around secretly hunting down our descendants of the Wu family. Why are you doing this? What is your purpose?"

"Ha ha!! Boy, you are so childish!"

"Your Wu family was really good to our Luo family back then, but do you dare to say that your Wu family has no own purpose?"

"What your Wu family does is actually just to make our Luo family become your loyal subordinates. Do you think our Luo family will be grateful to your Wu family?"

"Don't say anything about our Luo family betraying you after the Five Holy Kingdoms were destroyed. Why should our Luo family be loyal to the Five Holy Kingdoms?"

"Think about the many blood successor families who established the Five Holy Kingdoms back then. Why should you, the Qingfeng, Teng, and Baiwu families, be allowed to take charge of the world? Isn't it just because your five families are the heirs of the Holy Beast and are the strongest? To put it bluntly, whichever family is the strongest will have the right to speak."

"Naturally, we, the children of ordinary descendant families, cannot compare with your five major families. Your talents are higher than ours when you are born, and you also have inherited artifacts. After you are born, you can improve your talents again, and your talents are even higher than ours."

"Do you think this is fair? This is not fair at all!"

"If this continues, our Luo family will always be weighed down by your five major families. Our Luo family is unwilling to give up. Why should you take advantage of all the good things?"

It turns out that ordinary blood successor families do not have inherited artifacts. Since their birth, they have been gifted with whatever talent they have, because their true blood energy is weak and is activated as soon as they are born and does not need to be activated again.

Only the blood successor families of the five holy beasts can inherit artifacts.

After listening to Hai Qi's words, Qingtian burst out laughing.

"What you said is really ridiculous!! If you think it's unfair, then you, the descendants of the Luo family, are also blood descendants. You are much better than ordinary people in cultivating water talent. Then your Luo family is also unfair to ordinary people. What do you say?"

"This is a gift from God, it's not our Wu family's fault! Could it be that just because of this, your Luo family wants to deal with our Wu family like that?"

"good! What you said makes sense! These are given by God and we cannot change them. Since God is unfair, we can only change the day after tomorrow."

"Haven't you been asking us why the Luo family did that? You can't escape my grasp anyway, I'll tell you this!"

"Although our Luo family is a blood successor family, according to family history records, there has never been a ninth-level warrior born. Therefore, our Luo family has always been just a big family, but it has never become a super family with ninth-level warriors."

"In order for our Luo family to become a super family, our Luo family has worked hard generation after generation. It was not until the ancestor of our generation of Luo family was born that our Luo family saw a glimmer of hope."

"What hope? Qingtian asked hurriedly

"Of course it is the hope of my ancestor to become a ninth-level warrior!"

Hearing this, Qing Tianqi showed a look of horror on his face.

"Can your ancestor of the Luo family reach the ninth level?"

Hai Qi showed a trace of pride on his face.

"good! To tell you the truth, my ancestor of the Luo family is not only a genius in cultivation but also a genius in alchemy. He once swore when he was young that he would become a ninth-level warrior and make our Luo family a super clan."

"And my ancestor of the Luo family is indeed extremely talented. He reached the eighth level in cultivation when he was more than 400 years old. But since he reached the eighth level, his cultivation has stagnated. No matter how he cultivates, his progress is extremely slow."

"I have no choice but to give up hard training and find other ways to improve my strength. He was already a top alchemist, so he naturally started with alchemy first. However, at the eighth level, there are almost no elixirs that can help improve your cultivation."

"Only once did he suddenly have a whim, thinking that our Luo family inherited the ninth-level spiritual beast Xuangui, and Xuangui is a direct descendant of Xuanwu. There is a great blood relationship between them. Maybe using Xuanwu's true blood can improve the level. The quality of the Black Turtle's true blood"

"My ancestor did what he thought of. He secretly assassinated a martial arts disciple and used secret techniques to extract the Xuanwu true blood from the martial arts disciple's body."

"It's just that our ancestor discovered that he couldn't directly absorb and refine the Xuanwu True Blood, so there was no way he could improve the quality of the Xuanwu True Blood in his body."

"However, my ancestor is a genius after all. He used those true blood as raw materials, plus other precious materials, to refine a special elixir called 'Zhenwu Dan'"

"This True Martial Pill allows us, the children of the Luo family, to indirectly absorb and refine a little bit of Xuanwu True Blood. Because of absorbing the Xuanwu True Blood, the quality of the Xuanwu True Blood in our body will be improved little by little, and our water talent will also be improved little by little."

"To put it simply, the True Martial Pill can improve the water talent of our Luo family children. The more we take, the better the effect will be. Our ancestors were overjoyed when they discovered this secret."

"It's just that the essence and blood of a martial arts disciple couldn't refine a few true martial arts pills. For this reason, he secretly killed many martial arts disciples. His cultivation level also improved due to the improvement of his talent."..
