

## God level 2641

### Chapter 2641

In this way, the two sides continued to chase and escape.

About half a day later, Qingtian Qi and Qiuqiu finally flew over the Ten Thousand Flowers Valley.

Just looking down from the sky, there was miasma everywhere in the Valley of Ten Thousand Flowers, covering up many geographical locations. He couldn't find where the family's secret stronghold was. If he landed at will, he would probably fall into a poisonous place. In a miasma trap, that would be even more dangerous

"Ball ball, we are here! You can land at the entrance of the Ten Thousand Flowers Valley. We will enter from the ground. The entrance of the valley is secretly guarded by my Uncle Yunxiu from the Qing family. Then Luobei Qi is doomed!"

When Qiuqiu heard Qing Tianqi's words, he let out a cheerful low roar and immediately fell towards the entrance of Wanhua Valley below.

On the ground, Luo Beiqi was overjoyed to see this and secretly said:"Haha!! This little beastly pet finally couldn't hold on any longer."

At this moment, Luo Beiqi took out the Mingye Bow again and aimed at the ball falling from the sky. As soon as the ball came into his range, he opened his bow and shot.

It didn't take long for the ball to fall several thousand meters away. Height.

Luobei Qi immediately opened his bow and shot an arrow.

Seeing the light arrow coming, Qingtian was shocked and shouted quickly

"Ball to the right!"

Qiuqiu immediately flew to the right, avoiding the arrow.

Seeing that the arrow missed again, Luo Beiqi fired his bow again.

At that moment, Qiuqiu found a direction and lowered his head to land sharply. The blue sky helped Qiuqiu watch. The arrow is coming from the right direction.

However, as the ball gets closer to the ground, the time it takes for the arrow to come is shorter, and the time for Qiuqiu to dodge naturally becomes shorter and shorter.

Besides, Qiuqiu is already extremely tired. , the dodge speed is naturally not as good as before.

Gradually, the situation of Qingtian Qi and Qiuqiu is getting worse and worse. There are several dangers, and they are almost shot by the energy arrow.

This makes Qingtian Qi feel anxious, praying in his heart that Qingyun Xiu can If you had seen his situation earlier, you would have saved him.

On the contrary, Luo Beiqi seemed to see hope, and he became energetic and began to shoot wildly at the ball in the air.

When the ball was only three or four hundred meters above the ground, he finally One of them couldn't dodge and was penetrated by an arrow.

The ball suddenly roared, rolled in the air, and then fell straight down like a boulder.

"Ball ball!!"

Qingtian Qi immediately roared with infinite sorrow in his heart.

Qiuqiu is his pet, and he is a partner who is regarded as a relative. Seeing Qiuqiu being pierced by an arrow in front of his eyes, with his life and death uncertain, how could he not Sad?

It's just that at this moment, he is high in the sky and falling continuously, so he can't see what's going on with the ball?

"Ha ha!! I finally got shot! Damn it, I chased you for three days and three nights! Damn it, little bastard, it's your turn!"

Luo Beiqi raised his hand and shot an arrow at Qingtian Qi, who was falling from the air.

The arrow passed by with violent energy and rushed to Qingtian Qi in an instant.

At this moment, Qingtian Qi was in the air, There was no focus point around, and it was impossible to avoid the arrow.

Seeing this, Qingtian Qi's expression changed greatly.

"This damn guy actually took this opportunity to shoot me! Can't escape this time?"

Seeing that Qingtian Qi was penetrated by an arrow again.

At this critical moment, a cold snort suddenly came from among the thousands of flowers in the valley below.

Then a colorful sword light shot out from the thousands of flowers, shooting Qingtian Qi into the air. The energy arrow dispersed.

Then, a figure flew out of the valley, one in each hand, catching Qingtian Qi and Qiuqiu falling from the air.

When the man fell from the air,

Luo Bei Qi discovered that he saved Qingtian Qi The person in question turned out to be a very beautiful young man.

And behind the beautiful man, there was actually a pair of huge butterfly wings, emitting colorful light, making the man look extremely evil. This man was naturally arranged by the three tribes The secret whistle at the entrance of Ten Thousand Flowers Valley is beautiful.

"Huh! Psychic fusion! Wood element fifth level! Who are you?"

Luo Beiqi looked at Qing Yunxiu in front of him in horror. His whole body was tense and on guard.

Any fifth-level martial artist of the wood system who knew psychic skills was far stronger than the same level. Luo Beiqi thought that he was no match. , naturally feeling frightened in my heart..

Chapter 2642

Qing Yunxiu snorted coldly, too lazy to pay attention to him, but turned to Qing Tianqi and asked

"Tianqi, who is this person? Why is he hunting you? Qing

Tianqi said anxiously:"Uncle Yunxiu, this man is the enemy of the Wu family. He knows many secrets of the Wu family. We captured him alive!""

"What?! Hearing this

, Qing Yunxiu was shocked.

But Luo Beiqi's face changed drastically:"So you are in the same group!""

At that moment, he raised his hand and shot an arrow at Qing Yunxiu.

"court death!"

Unexpectedly, Qing Yunxiu snorted coldly and rushed towards the arrow without giving way.

In an instant, he closed the distance with Luo Beiqi.

‘With a swish sound, the arrow naturally hit Qing Yunxiu's body.

However, Luo Beiqi was not happy yet.

Qing Yunxiu's body suddenly turned into a group of colorful butterflies.

The arrow seemed to have no impact point, passing through the butterfly group and missing.

The group of butterflies also took the opportunity to surround Luobei Qi.

The Seven Great Horrors of Luobei retreated rapidly, and at the same time, they swung an ice blade several meters long with one hand and slashed at the group of butterflies.

The group of butterflies was immediately cut into two, forming two groups.

But the two groups of butterflies gathered into human shapes and turned into two green clouds, one on the left and one on the right surrounding Luobei Qi.

Luo Beiqi's expression changed drastically again, and he asked in horror: "What kind of martial arts are you doing?"

Qing Yunxiu smiled coldly: "The best martial arts technique of the wood type, the Ten Thousand Spirits Reincarnation Technique!"

"What? Excellent martial arts?"

Luo Beiqi turned pale with fright. At this moment, he no longer had any intention of fighting, so he turned around and ran away. He can't even defeat a fifth-level warrior who knows one top-level martial arts.

Naturally, he can't beat a fifth-level warrior who knows two top-level martial arts. Opponent, he has no choice but to escape at this time.

Generally speaking, if a fifth-level warrior has mastered one top-level martial skill, his strength can be considered top-notch among fifth-level warriors.

If he can master two top-level martial arts, he will definitely He has the same strength as a fifth-level peak warrior.

Facing a perverted fifth-level warrior with a strength equivalent to that of a fifth-level peak warrior, Luo Beiqi has no confidence to fight him.

But before he can run a few steps, Qingtian Qi was faster than him, and immediately stepped in front of him, blocking his way.

Luo Beiqi suddenly became furious.

"Little bastard! Step aside!"

Unexpectedly, Qingtian Qi snorted coldly, and immediately struck him head-on with the Five Elements Heavenly Slash.

Luo Beiqi was also in awe of Qingtian Qi's attack power, and had no choice but to retreat back.

At the same time, he was extremely surprised in his heart. , Qingtian Qi seemed not to be injured, but his attack power was still so powerful.

Just as he retreated, Qing Yunxiu had already caught up with him.

The two Qing Yunxiu snorted and attacked Luo Bei Qi at the same time.

Luo Bei Qi Helpless, he attacked in front of him to block the attack of Qing Yunxiu, and at the same time drew out his long sword to block the attack of Qing Yunxiu.

But as soon as the two sides came into contact, Luo Beiqi let out a miserable groan, vomited blood and flew backwards.

As soon as he fell to the ground, He endured the pain and wanted to stand up and escape again.

But before he could stand up, Qingtian Qi on the side had already made seals and used the God Binding Technique.

Suddenly, countless arm-thick rattans came out of the ground. , and tied up Luo Beiqi.

Luo Beiqi was stunned, and with a forceful effort, he broke the bonds of the divine binding technique.

But in this delay, Qing Yunxiu had already approached him, and with a wave of his long sword, Luo Beiqi was tied up. His legs were cut off.

Luo Beiqi suddenly screamed and fainted from the pain.

This time, Luo Beiqi was captured alive with the joint efforts of Qing Yunxiu and Qing Tianqi.

Qing Yunxiu suddenly chuckled proudly and said

"hehe!! If you dare to make enemies of our Qing family members, you are seeking death! By the way, Tianqi, I didn't expect that your strength would be so strong that you could actually challenge a fifth-level warrior head-on. This is really surprising. If it weren't for your help, I would have needed a lot of effort to capture this guy alive."

Qingtian Qi had no time to pay attention to Qing Yunxiu's compliments, and rushed towards Qiuqiu with a heart full of pain.

Qiuqiu fell into a pool of blood, and his body had returned to its original compact appearance.

There was a blood hole in its chest. , blood was gurgling out, and the body was twitching and shaking, and even the fur on its body was shaking. What's even more frightening is that Qiuqiu's eyes were staring blankly at the sky, and his pupils had begun to blur, as if Like dying..

Chapter 2643

Seeing this, Qingtian Qi was so anxious that he picked up Qiuqiu, his eyes were red, and he roared sadly:

"Qiuqiu, you can't die! You must not die! I'll save you right away! I'll save you right now!"

At that moment, Qingtian Qiji hurriedly took out the coagulation powder to help Qiuqiu stop the bleeding.

But the wound seemed to be unstoppable, and the blood kept flowing.

This made Qingtian Qi almost cry in pain, he had never He had thought that Qiuqiu would leave him one day.

Ever since he personally gave birth to Qiuqiu, he had treated this little life like his own child. Now that this child was about to leave him, how could he not be heartbroken

? At this time, Qing Yunxiu also realized that there was a problem and hurriedly walked over.

When he saw Qiuqiu's injury clearly, he also frowned and looked ugly.

"Qiuqiu's injury is very serious! If this continues, it will die soon!"

Hearing this, Qingtian Qi was very anxious and said in a hoarse voice.

"What to do? What to do? Uncle Yunxiu, please help me! Help me save the ball!"

Qing Yunxiu's expression was stern, and he made seals with one hand, and finally created a green light that merged into Qiu Qiu's wound.

The bleeding from Qiu Qiu's wound also stopped.

A hint of joy appeared in Qing Tian Qi's eyes.

But he didn't expect that Qing Yun Xiu was standing beside him. Sighed softly

"Why! I just used the 'Health Curse' to stop its bleeding, but it didn't help much with its injuries. This arrow passed through the body, and Qiuqiu's internal organs had been seriously injured. If not treated in time, Qiuqiu would still die immediately."

Hearing this, Qingtian Qi became anxious again and asked urgently

"What to do? Uncle Yunxiu, do you have any elixir for treating internal injuries or internal organ injuries? Come out and save the ball!"

Qing Yunxiu shook his head slowly

"No! Even if there was such a pill, it might not be possible to save Qiuqiu. After all, ferocious beasts are different from humans. Drugs that are useful to humans may not necessarily be useful to balls."

"What to do? Are you just going to watch Qiuqiu die like this? no! I can't let Qiuqiu die! I must let Qiuqiu survive! Huh! By the way, every time Qiuqiu was injured in the past, he would automatically heal the injury by eating a few precious metal objects, and the injury would heal very quickly!"

Thinking of this, Qingtian Qi hurriedly took out a piece of magnetic blue gold and handed it to Qiuqiu's mouth, urging anxiously

"Be good! Qiuqiu, eat it quickly. If you eat it, your injury will be healed immediately."

But Qiuqiu's mouth was still tightly closed, his eyes were staring blankly at the sky, and his body was still twitching.

Qingtian Qi suddenly became anxious and shouted with a cry.

"Qiuqiu, eat it! I beg you! Eat it!"

But Qiuqiu still seemed not to hear anything, and fell there motionless.

Qing Yunxiu on the side couldn't bear to look at it, and sighed.

"Why! Qiuqiu's consciousness is almost blurred. Can he still eat? Even if it eats it, it will die before digestion is complete."

"What to do? Is Qiuqiu going to die like this? no! I can't let Qiuqiu die!!"

"correct!"

A flash of inspiration suddenly flashed in Qingtian Qi's mind.

"Qiuqiu eats gold-type spiritual objects in order to absorb gold-type energy and grow. Since it can't digest and extract gold-type energy on its own now, I can directly instill gold-type energy into it! Doesn't the Golden Lingzhu possess extremely huge metal energy?"

"I just need to find Senior Teng and ask Senior Teng to forcibly instill the golden spiritual energy contained in the Golden Spirit Pearl into Qiuqiu, and I will definitely be able to cure Qiuqiu!"

Thinking of this, Qingtianqi picked up Qiuqiu in the pool of blood and anxiously said to Qingyun Xiu

"Uncle Yunxiu, take that guy with you quickly. We entered the station together. I want to ask Senior Teng to save the ball. Maybe he is the only one who can save the ball!"

"good!"

At that moment, Qing Yunxiu turned around and picked up the unconscious Luo Beiqi, and together with Qing Tianqi entered the depths of the Valley of Ten Thousand Flowers..

Chapter 2644

Deep in the Valley of Ten Thousand Flowers, within the residence of the three clans, Teng Xiaoshan's hidden cultivation place.

Inside the house, there were two people standing.

It is Teng Xiaoshan and Qingtian Qi.

Qiuqiu, covered in blood, was lying on the table in front of the two of them.

Teng Xiaoshan couldn't help but frown when he looked at Qiuqiu, who was seriously injured and dying.

"Qiuqiu was injured so badly, he looked like he was about to die! Qing

Tianqi on the side suddenly said anxiously

"Senior, what should we do? Please save it quickly!"

"Why!"

Teng Xiaoshan smiled bitterly and shook his head.

"Tianqi, I can't do anything! Logically speaking, your Qing family practices the wood element. There is the 'Way of Reincarnation' in the laws of the wood system, which can reincarnate Yin and Yang, and fight against the heavens for life! Someone in your family should have understood the 'Way of Reincarnation' and mastered the special secret technique that can initiate rebirth. You should ask your grandfather and ask him to help you save the ball. Qing

Tianqi shook his head and said:"It's useless. Uncle Yunxiu told me on the way back that our Qing family does have a top-notch martial art called 'Reincarnation Technique', which can bring people back to life." As long as a person has half a breath left, no matter how badly injured he is, he can be saved in an instant"

"However, in order to learn this top-notch martial art, one must master the wood element's 'Way of Reincarnation'. Among us Qing family children, only Uncle Yunying has mastered the 'Way of Reincarnation', and he is the only one who has learned the 'Reincarnation Technique'. However, he has already gone out to look for the children of the Wu family and is not in the Valley of Ten Thousand Flowers!"

"That's it! That would be difficult!"

Teng Xiaoshan shook his head helplessly again.

"It seems that Qiuqiu is in trouble! No one can save it now. Just by the looks of it, it won't last long."

"Will not! Senior, I have a way to save the ball. However, you must do it yourself."

Hearing this, Teng Xiaoshan's eyes lit up.

"What method? Say it quickly! As long as someone can save the ball, I will definitely come to the rescue."

At that moment, Qing Tianqi expressed his thoughts.

After listening, Teng Xiaoshan pondered for a while and then said

"Tianqi, you said that Qiuqiu can repair its own injuries after absorbing a large amount of metal energy?"

"Yes! In the past, every time it was seriously injured, it would eat some metal spiritual objects to repair the injury itself."

"In this case, I personally took action and forced the golden spirit energy in the golden spirit bead into its body. Whether it could save its life could only depend on its own destiny.

Qingtian Qi immediately said gratefully: "Qi thanked my senior very much that day!"

Actually, the golden spiritual energy contained in the golden spirit bead is extremely majestic and pure.

But it is not easy to force it out. Even if Teng Xiaoshan, a ninth-level warrior, takes action, it will consume a lot of his own vitality.

Teng Xiaoshan would not hesitate to expend his own energy to help Qiuqiu because of Qingtian Qi's face.

After all, Qingtian Qi is his designated successor and the ninth-level guardian of the five tribes in the future.

He must help Qingtian Qi no matter what. , we can't let the blue sky feel cold.

At that moment, Teng Xiaoshan said

"Tianqi, no need to say those kind words. You'd better hurry up and carry Qiuqiu to the altar outside. Qiuqiu's breath is getting weaker and weaker. If we don't treat him, it may be too late."

"yes! senior!"

Qing Tianqi immediately picked up the ball on the table and walked out of the house anxiously.

Outside the house was a small valley.

There was a large altar in the center of the valley.

Above the center of the altar, a huge white spirit bead of several feet was suspended in the air. The ground trembled and struggled.

Golden runes kept appearing on it. Every time a golden rune appeared, the spirit bead struggled more violently.

But the white spirit bead was bound by several iron chains, making it unable to break free. Bound.

This white spirit bead is naturally the golden spirit bead.

Qingtian Qi is no stranger to the scene in front of him. He came here once last time and accepted the golden energy initiation from Teng Xiaoshan.

At the moment, Qingtian Qi hugged Qiuqiu Entering the altar.

As soon as he entered the altar, Qingtian Qi once again felt the majestic and pure golden spiritual energy emanating from the golden spirit beads.

Qingtian Qi had no intention of feeling this, and hurriedly placed the ball in the center of the altar and stepped aside..

Chapter 2645

As soon as Teng Xiaoshan's figure flashed, he flew up to the sky above the golden spirit bead, and then said to the blue sky below:

"Tianqi, I will force out the golden energy in the spirit bead now. You are watching from the side as a protector and don't let other intruders interfere with me."

"Yes, senior!"

At that moment, Teng Xiaoshan stopped talking and continued to make seals with both hands.

The air around him was also filled with a strange power due to the movement of his seals. After finishing the seals, Teng Xiaoshan pressed down with one hand and moved towards A yellow light shot into the golden spirit bead below.

The golden spirit bead immediately made a buzzing sound, and the entire spirit bead shook violently.

Immediately, Teng Xiaoshan's eyes condensed and he shouted lowly.

"out!"

""Buzz" made a soft sound.

The golden spirit bead immediately shot out a pillar of vitality as thick as the mouth of a bowl, which was poured directly into the ball below.

The pillar of vitality was naturally the golden vitality contained in the golden bead.

Seeing that the golden vitality was poured into the ball, Qingtian on the side opened his eyes anxiously, watching the changes of the ball closely.

He didn't know whether this method could save the ball, after all, all this was his speculation.

If this method is still possible If Qiuqiu can't be saved, Qiuqiu will have no choice but to die.

In the field, the thick-mouthed pillar of vitality was seen pouring into Qiuqiu's body.

Qiuqiu was immediately shocked and began to absorb the golden vitality automatically.

However, its eyes were still a little blurry and had not regained clarity due to the infusion of vitality.

This immediately made Qing Tianqi's heart rise. He didn't know whether this would help Qiuqiu.

However, he also discovered that Qiuqiu His body was automatically absorbing the golden energy, which gave him a little more hope. He hoped that a miracle would happen, that Qiuqiu could recover.

At that moment, Qingtian Qi didn't dare to express his anger, and watched nervously.

His heart was both uneasy and anxious.

Unknowingly, Teng Xiaoshan instilled the golden energy into Qiuqiu for an hour.

But Qiuqiu still had no change, his breath was still weak, and his eyes were still staring blankly at the sky.

This Qing Tianqi suddenly became nervous

"Isn't this method useful for Qiuqiu? Otherwise, why didn't Qiuqiu respond for a long time?"

Just when Qing Tianqi felt a little disappointed, Teng Xiaoshan in the air let out a light sigh.

"Huh! This little guy seems to be actively absorbing vitality, and the speed of absorbing vitality seems to be faster than before."

These words shocked Qingtian Qi, and he quickly looked carefully.

"Huh! This is really the case!"

Qingtian Qi soon discovered that Qiuqiu's ability to absorb vitality was indeed one minute faster than before.

This discovery greatly surprised Qingtian Qi.

However, before he could recover from the surprise, he was surprised to find that Qiuqiu's eyes seemed to be conscious, and his pupils began to focus.

This discovery immediately made Qing Tianqi shout in surprise

"senior! Qiuqiu is starting to regain consciousness. This method really works! Can really save the ball!"

Hearing this, Teng Xiaoshan also said happily

"Ha ha!! That would be great! Then I will give it a little more help!"

At that moment, Teng Xiaoshan pinched another seal and inserted it into the golden spirit bead.

The vitality pillar that was forced out became thicker.

And Qiuqiu continued to absorb it.

Just like that, after another two hours, Qiuqiu The wound grew and recovered automatically, his eyes became clearer and clearer, his mind gradually became clearer, and the speed of absorbing the golden energy became faster and faster.

In the end, Qiuqiu actually closed his eyes, with a look of great enjoyment on his face, and his whole body It was emitting white light.

Seeing this scene, Qiuqiu finally put down the ball hanging in the sky. He knew that Qiuqiu was fine.

At this time, Teng Xiaoshan, who was above, also smiled and said

"Ha ha!! This little guy is finally fine and can't die. However, from the looks of it, it seems to be enjoying the infusion of vitality into its body. In this case, I will help you once. Little one, listen carefully, I will instill vitality into your body. You can absorb as much as you can, and you will see that you have been blessed."

Hearing Teng Xiaoshan's words, Qiuqiu happily opened his eyes and glanced at Teng Xiaoshan, then closed his eyes again and continued to absorb the golden energy. Qingtian on the side saw this and was also very happy..

Chapter 2646

Qin Chuan thought in his heart:"Haha! It looks like Qiuqiu is fine, so I can rest assured. I'll just practice on the side and wait for it!"

Qingtian Qi felt relieved after letting go of the big stone in his heart. My mood has improved a lot.

At that moment, Qingtian Qi was sitting cross-legged next to Qiuqiu, also preparing to practice Qi Jin Yuan Qi.

Not only is the concentration of the gold energy in this altar dozens of times that of the outside world, but it is also extremely pure. It is a good place to practice gold energy.

In the past, this was the place where Senior Teng practiced cultivation, so he couldn't come here often.

Let's take this opportunity to practice Jin Yuan Qi again today!

By the way, didn't he have the seven gold raisins he won from Jin Yuancheng?

The gold energy here is so strong that it seems like a good place to break through the bottleneck of gold energy.

Thinking of this, Qing Tianqi happily took out a golden raisin and swallowed it.

Then he closed his eyes and meditated, refining the golden raisin, and began to attack the bottleneck of the second-level Great Perfection Peak of Jin Yuan Qi.

In this way, Qiuqiu greedily absorbs Teng Xiaoshan's vitality infusion into it.

Qing Tianqi, on the other hand, began to frantically attack the second-level bottleneck, hoping to take this opportunity to break through the Jin Yuanqi to the third level in one fell swoop.

Time flies, and two days have passed.

Two days later, Qing Tianqi's Jin Yuan Qi successfully broke through to the third level, which surprised him greatly.

"Ha ha!! I didn't expect to break through the bottleneck so smoothly this time, allowing my gold energy to break through to the third level in one fell swoop. Now, my strength has increased a lot!"

Qingtian Qi was in a very good mood. This time he broke through after taking only two golden grapes. This was much better than he expected.

Originally, he was worried whether the seven golden grapes would allow him to break through at once!

He The reason why the breakthrough was so smooth actually had a lot to do with him being at the altar. The concentration of gold energy around the altar was extremely high, dozens of times that of the outside world. Naturally, it was an environment suitable for breaking through the bottleneck of gold energy.

Hold on to your heart. To his surprise, Qingtian Qi saw that Qiuqiu on the side was still absorbing Jin Yuanqi, and the wounds on its body were basically healed.

This made Qingtian Qi even more relieved.

At that moment, Qingtian Qi thought to himself.

It seems like it won't be long. The Heavenly Sphere will be fully restored, so you don't have to worry!

Also, this time my gold energy has broken through to the third level, and my strength has increased a lot!

However, even if my strength has increased, based on my personal With strength, I still can't deal with a fifth-level warrior!

If I don't have the same strength as a fifth-level warrior, it will be a little difficult to get the No. 10 rookie.

Thinking of this, Qingtian Qi became a little worried.

The main reason for his worry was But Qiuqiu can no longer participate in the rookie conference with him. He must hide Qiuqiu.

If Qiuqiu can participate in the competition with him, he has no worries that he will not be among the top ten rookies.

Judging from the past few conferences, as long as the strength is For young warriors who have reached the fifth level, there is almost no suspense about entering the top ten rookies.

Qingtian Qi is confident that when he and Qiuqiu join forces, his strength should barely reach the level of a fifth-level warrior.

Although this time he and Qiuqiu team up to fight against Luobei Qi, The result was a defeat, but Luo Beiqi was not a newcomer who had just entered the fifth level. He was much stronger than the warriors who had just entered the fifth level. The players participating in the rookie conference were all young people under the age of thirty.

These young people Even if they have cultivated to the fifth level, they should have entered the fifth level not long ago, and their strength will not be too strong. After all, their age limit is there. Because of this, Qingtian Qi is confident that if Qiuqiu joins forces, he will definitely be able to Entering the top ten among rookies.

Unfortunately, Qiuqiu cannot accompany him to participate now. He can only rely on his own strength to enter the top ten among rookies.

"Why! It's useless to think so much. It's become a fact that Qiuqiu can't accompany me to the war. If I want to be among the top ten rookies, I can only rely on my own strength. It seems that I still have to seize the time to improve my strength. Only with more strength can I have more opportunities."

Thinking of this, Qing Tianqi felt a sense of urgency in his heart.

Now he just wants to seize every opportunity that can improve his strength. As long as it can improve his strength, he will not let it go...

Chapter 2647

"Huh! By the way, there's also that water ganoderma! Anyway, the ball will take some time, so I will take this opportunity to refine it! If you don't refine it, you probably won't have time to refine it before attending the Rookie Conference."

At that moment, Qingtian Qi took out the Water Lingzhi from the God of War Order space and began to take it and refine it.

In this way, in order to improve his strength as quickly as possible, Qingtian Qi refined the Water Lingzhi again.

And Qiuqiu on the side continued to absorb it. The golden vitality that was injected into him. In the blink of an eye, two more days passed.

Qingtian Qi finally completely refined the water ganoderma, and his water vitality finally reached the peak of the third level of perfection as he expected, and his strength increased again. Young master, he is only one step away from the fourth level of the water system.

Now, Qingtian Qi's strength has greatly improved.

According to Qingtian Qi's estimate, his speed has now fully reached the level of a fifth-level peak warrior.

Although his strength has improved this time , its combat effectiveness has not been improved much, but its comprehensive strength has been improved a lot.

At this moment, Qingtian Qi was very happy and couldn't help but secretly said

"hey-hey!! The effect of Water Ganoderma is really good. It really made my water energy reach the level of the third level of Great Perfection, which saved me a lot of practice time! However, judging from my current comprehensive strength, I am still no match for a fifth-level warrior!"

"If my basic combat power can reach the strength of 7,000 people, there may be a glimmer of hope. After all, if my combat power reaches 7,000, my speed will be considered top-notch among fifth-level peak warriors."

"With my speed advantage, I might be able to fight against a fifth-level warrior. I don't think about it so much anymore, it's better to step up my cultivation now."

Thinking of this, Qingtian Qi opened his eyes and looked at Qiuqiu beside him.

Qiuqiu was still there frantically absorbing the golden energy filling his body.

Seeing this, Qingtian Qi stopped paying attention, but closed his eyes and began to seize the time. He started cultivating Jin Yuan Qi.

Now he just wants to seize any time and try to improve his strength as much as possible.

In the blink of an eye, another three days have passed.

Seven days have passed since Qiu Qiu received the Yuan Qi infusion.

Seven days in a row. Qiuqiu's body was like a bottomless pit, frantically absorbing the golden vitality poured into it, with no intention of stopping.

This surprised Teng Xiaoshan, who was above.

And Qiuqiu's injuries , had fully recovered two days ago at an extremely alarming speed.

However, Qiuqiu did not stop absorbing vitality.

But on this day, Qingtian Qi was immersed in practice.

Suddenly, a deafening sound sounded beside him The beast roared, and then an astonishing momentum came over.

Qingtian Qi immediately woke up from his practice.

When Qingtian Qi opened his eyes, he saw clearly that the shocking beast roar was coming from Qiuqiu.

But now Qiuqiu is a little different from before.

I can see that Qiuqiu is exuding a terrifying aura, and the whole body is constantly expanding and getting bigger.

And as Qiuqiu's body continues to grow, the aura on Qiuqiu is becoming more and more terrifying..

Even Qingtian Qi didn't dare to get close, and was forced to step back under the pressure of the momentum.

Teng Xiaoshan in the sky stopped injecting vitality into Qiuqiu, and looked down at him in surprise.

"Huh! This is? Could it be that this little guy has broken through the bottleneck and is about to enter the fifth level?"

As if in response to Teng Xiaoshan's conjecture, Qiuqiu roared wildly and transformed into the previous fighting state of a dragon with a lion's body.

However, it did not end there.

After Qiuqiu transformed into a fighting state, his body was still expanding rapidly. , the bones all over the body made a soft sound of "Crack! Click!".

Not long after, Qiuqiu's body changed from the size of three feet in the past to a huge body of five feet, like a hill, with an extremely terrifying momentum.

But all these changes are still there. It's not over.

I saw the two horns on the ball's head growing automatically, and in the blink of an eye they grew into dragon horns. There was a golden halo in the third eye on the forehead, exuding a blue and gold halo.

What's even more surprising is that four long fangs began to grow out of Qiuqiu's mouth, and its four claws also grew sharp steel claws that were about a foot long.

And on its long tail, there were actually three different lengths. 1. Bone spurs like barbs..

Chapter 2648

Qing Tianqi was shocked to find that whether it was fangs, steel claws or bone spurs, they were not ordinary fangs and bone spurs. They were clearly mixed with Yuan Magnetic Blue Gold and exuded

a metallic luster. Yuan Magnetic Blue Gold was a refining weapon. One of the materials for making the best spiritual weapons.

And Qiuqiu's steel claws, fangs, and bone spurs are all mixed with a large amount of metamagnetic blue gold. This shows that Qiuqiu's steel claws and fangs are as indestructible as the best spiritual weapons. This is an extremely terrifying thing.

"Roar!"

With a hearty beast roar, Qiuqiu looked up to the sky and roared, and finally the transformation was completed.

Now Qiuqiu's body after transformation is larger than before, and his appearance is more powerful and ferocious.

Especially the momentum is even more impressive. feel scared

"Huh! Such momentum! This is the aura of a fifth-level ferocious beast! Ha ha!! Qiuqiu, you have advanced to level five! Ha ha!! Very good!"

Feeling that Qiuqiu's momentum has reached the fifth level, Qingtian Qi was so excited that he rushed over to hug Qiuqiu.

But unexpectedly, Qiuqiu suddenly turned around and roared at Qingtian Qi, his eyes flashing bloodthirsty red light, Showing infinite hostility.

Seeing this, Qingtian Qi was stunned, stopped in his tracks, and felt a sting in his heart.

He never thought that Qiuqiu would show hostility to him one day.

"Qiuqiu, what's wrong with you? Don't you recognize me?"

There was a trace of pain in Qingtian Qi's eyes.

Hearing Qingtian Qi's words, Qiuqiu trembled all over, and seemed to suddenly wake up. The fierce flames in his eyes quickly faded, and then his body quickly shrank, returning to his original cute appearance, and then he happily faced Qingtian Qi. Run.

It seems that it has just advanced and is in a good mood. It rushes over and throws itself into Qingtian Qi's arms.

Looking at the coquettish Qiuqiu in his arms, Qingtian Qi feels warm in his heart. However, he is still thinking about it. Qiuqiu's previous performance

"Why did Qiuqiu suddenly show hostility to me before? how so? It must be the work of the devil. Qiuqiu has advanced to the fifth level, and the demon's influence on it is gradually revealed."

"No, I must not let the devil take the ball away from my hand. I must quickly cultivate Mu Yuanqi to the fifth level. Only by cultivating Mu Yuanqi to the fifth level can I perform a psychic ritual with Qiuqiu and find a way to keep Qiuqiu."

Qingtian Qi swore silently in his heart. At this moment, he felt huge pressure coming from the bottom of his heart.

Qiuqiu's successful advancement not only surprised him, but also made him very worried.

At this time, Teng Xiaoshan fell from the sky, smiling. come over

"Ha ha!! It's really unexpected that this little guy Qiuqiu actually broke through the bottleneck and was promoted to the fifth level. The momentum this little guy just gave off was extraordinary!"

"Tsk ts!! That is not the momentum that ordinary fifth-level ferocious beasts can achieve! If I'm not mistaken, I think Qiuqiu's strength has reached the level of a fifth-level peak ferocious beast. Tianqi, you are really lucky to have such a powerful pet!"

"hehe!! Senior, thank you!"

Qingtian Qi smiled modestly. He didn't want to tell what happened between Qiuqiu and the Demon God yet. After all, those were still his speculations and had not been completely confirmed.

However, Qingtian Qi knew that Teng Xiaoshan was right..

Qiuqiu's current strength should have reached the level of the fifth-level peak beast.

After all, Qiuqiu is an ancient beast that can grow to the eighth-level Great Perfection state. How can it be compared to ordinary beasts?

From what Qiuqiu just radiated Judging from the momentum of Qiuqiu, Qiuqiu's fighting power has far exceeded the strength of ten thousand people. As for the specific extent, Qingtian Qi doesn't know. It will have to be tested with his own hands to know.

However, Qingtian Qi can be sure that today's Qiuqiu Qiu possesses the Ruyi battle armor and the fangs, steel claws and tail spikes that are as hard as the best spiritual weapons. He can definitely compete with the fifth-level peak beasts.

Thinking of this, Qing Tianqi couldn't help but sigh in his heart.

"Why! Pity! If Qiuqiu can participate in the war with me, let alone the top ten rookies, even the top three rookies, I dare to compete with them! I heard that in addition to the Apocalypse Pill reward for the top three rookies, there are other rewards. It's a pity that those have nothing to do with me. Qing

Tianqi felt regretful in his heart. He obviously has an extremely powerful pet, and he is expected to get it even among the top three rookies.

But now, he has to hide Qiuqiu's strength and cannot even let others know that he has the ball. Ball..

Chapter 2649

Qing Tianqi thought this, but Teng Xiaoshan on the side didn't know.

I saw Teng Xiaoshan stroking his beard and smiling:"Tianqi! Qiuqiu has now advanced to the fifth level. This time you go to the Rookie Conference in Kyoto and enter the top ten of the rookies. That will be easy for you."

Qingtian Qi immediately shook his head and smiled bitterly: "Senior, you don't know something. This time when junior goes to attend the rookie conference, can't Qiuqiu participate in the battle?"

"Why?"

Teng Xiaoshan was greatly puzzled. Qingtian Qi immediately told what happened to him in Red Gold City.

After hearing this, Teng Xiaoshan immediately became furious.

"The little Jin family dares to do this to the children of my five tribes. They are simply looking for death!"

"Especially the little beast named Jin Yuancheng you mentioned, he actually caused you to expose your identity as a fifth-series warrior and made you dare not let Qiuqiu participate in the rookie conference together. This is really abominable! snort! The Jin family were traitors who betrayed our five clans, and now they treat you like this. Tianqi, tell me the address of their Jin family, and I will go and destroy their Jin family now!"

Hearing this, Qingtian Qi was shocked. He knew that if he really told the address of the Jin family, Teng Xiaoshan would definitely do it.

Even though Teng Xiaoshan was very polite to Qingtian Qi, it was because he valued Qingtian. Qi.

Teng Xiaoshan is not a kind person. When he sucked people's souls in the underground mine that day, he knew that he was a hero who would not refuse trivial matters.

Now, Teng Xiaoshan sees Qingtian Qi being bullied.

The people who bully Qingtian Qi are also It was the Jin family that rebelled against the five clans back then. After all the old and new grudges, it was natural that he would do something to destroy his entire clan.

However, Qingtian Qi knew that it was just Jin Yuancheng's fault, and he did not want to be implicated in this matter. When the whole Jin family comes, they will immediately tell you

"Senior Teng, I won't say anything about the Jin family in advance. We have one more extremely important thing to do!"

"oh? What could be more important than this?"

Qingtian Qi Dang even told everything about his encounter with Luo Beiqi, as well as some things about the Luo family and the Wu family.

After hearing this, Teng Xiaoshan was so angry that his beard trembled, and he immediately said angrily

"This damn Luo family dares to treat the children of the Wu family like this, it's really abominable! This time, I insist on killing all the children of the Luo family, leaving no chickens or dogs behind! By the way, you said you captured Luobei Qi alive. Where is Luobei Qi? I want to see him! Look at this beast fed with the blood of the Wu family's children. What does it look like?"

"Senior Teng, after entering the valley, I will ask Uncle Yunxiu to imprison Luobei Qi. After saving Qiuqiu, I will interrogate him with you and all the seniors."

"Interrogate him? Don't you already know all the secrets from him, so why interrogate him? Just let me kill him directly!"

Qingtian Qi stopped and said, "Senior, no!" Although Luo Beiqi has exposed all the secrets of the Luo family, there is one thing I haven't figured out yet."

"whats the matter?"

"I learned from Luo Bei Qi that the Luo family knew that the Wu family's stronghold was now in Baixi Country, but Luo Bei Qi did not tell me where the Wu family's stronghold was in Baixi Country.

Teng Xiaoshan said indifferently: "Maybe the Luo family only knows that the Wu family is in Baixi Kingdom, but they don't know exactly where it is." If they really knew it, they might have wiped out the Wu family long ago.

Qingtian Qi shook his head and said, "Senior, junior doesn't think so." Because the last time I tried to trick Luo Beiqi, he once said something. He said that after their ancestors of the Luo family broke through to the ninth level, they would go to Baixi Country to attack all the children of the Wu family and capture them alive."

"It can be inferred from this sentence that the Luo family should know the approximate location of the Wu family's stronghold, but that place is more dangerous, and I am afraid that even eighth-level warriors would not dare to get involved easily."

"Therefore, the Luo family has always been on the periphery to capture the children of the Wu family. They all hope that after their ancestors of the Luo family break through to the ninth level in one fell swoop, they can enter the Baixi Kingdom and catch all the children of the Wu family."..

Chapter 2650

After listening to Qing Tianqi's analysis, Teng Xiaoshan pondered for a while before nodding.

"Tianqi, your analysis makes sense. The Luo family should know the approximate location of the children of the Wu family. It seems that you deliberately lured that Luobei Qi here?"

"Yes! This junior just wants to lure Luo Beiqi back to the Valley of Ten Thousand Flowers, capture him alive, and force him to find out the location of the Wu family's stronghold."

"In this way, our three clans don't have to spend so much effort to go to Baixi Kingdom to look for the children of the Wu family. The surviving Wu family disciples can be found in the shortest possible time."

"good!"

Teng Xiaoshan praised loudly

"Tianqi, you little guy is really thoughtful and scheming! You are plotting against others in every word and deed. Others are plotted without even realizing it. Even I find you a bit scary."

"Fortunately, you are a descendant of our five tribes. If you were from Longxing, it would be a big disaster for our five tribes! Okay, I won't say any more, no matter what. This time you found out

about the artifact inherited by the Wu family, that is a great achievement! I know rewards and punishments clearly, and I will reward you afterwards!"

"Thank you, senior! This is what juniors should do!"

"Okay, I won't say any more, let's go to your Qing family together to interrogate Luobei Qi!"

"yes!"

At that moment, the two of them left the small valley and rushed towards the Qing family's stronghold.

In the Qing family hall, Teng Xiaoshan was sitting in the middle of the hall. Sitting beside them were Qing Yanhai, Qing Yanli, Qing Xuanlin, Teng Master, Feng Master and others. Only Qing Tianqi and Qing Yunxiu stood in the center of the hall.

At this time, Qingtian Qi told everything he knew about the Luo family.

After listening to Qing Tianqi's words, all the eighth-level masters in the hall were filled with anger.

Qing Yanhai was even more furious. He stood up from his chair and said in a hateful voice:"The Luo family is simply looking for death! They treated the Wu family like this. I will kill Luo Guiling now! Cut off his Dog head, avenge the Wu family!"

After saying that, Qing Yanhai was about to go out, but was stopped by Teng Xiaoshan.

"Yanhai! sit down!"

Qing Yanhai's expression changed slightly. He didn't dare to disobey, but he still said

"Senior, the Luo family is so hateful! Why not let the younger generation destroy the Luo family and regain the inherited artifact of the Wu family?"

Teng Xiaoshan said coldly: "You alone can destroy the Luo family?" If nothing else, Luo Guiling's cultivation is already at the peak of the eighth level of Dzogchen, which is slightly higher than you. Are you sure you can kill him?"

The Luo Guiling mentioned by Teng Xiaoshan is the ancestor of the Luo family.

After listening to Teng Xiaoshan's words, Qing Yanhai showed a trace of disdain on his face

"So who is Luo Guiling? When I entered the eighth level, he was only a seventh level warrior. Now that I have reached the eighth level of Dzogchen in cultivation, he has actually reached the peak of the eighth level of Dzogchen."

"snort! It's impossible to do it with his natural qualifications. His current level of cultivation is all based on the blood of the Wu family's children. I will use his dog head to repay the blood debt of the Wu family!"

"Naturally, the Luo family must repay the blood debt of the Wu family, but there is no rush now!"

At this time, Qing Yanli also stood up and said

"Brother Hai, Senior Teng is right, you should sit down first! The Wu family's revenge will naturally be avenged, so there is no rush. But then again. Hearing what Tianqi said, I remembered the unsolved case from thousands of years ago."

"A thousand years ago, there were several cases of inexplicable disappearances of Wu family members in the Wu family in Shenwu City. This incident had a great impact at the time, and the results have never been found. Only today did I find out that the inexplicable disappearance of the children of the Wu family more than a thousand years ago was caused by that bastard Luo Guiling."

After hearing this, Qing Yanhai pondered for a while and nodded.

"good! This did happen back then. Our five ancient families deployed a lot of manpower to investigate the disappearance of the Wu family's children. It's just that we never suspected the Luo family at that time."

"Back then, the Wu family had great trust in the Luo family and regarded them as their confidant family. But I didn't expect that it was someone from the Luo family who did this. This is really repaying kindness with hatred! If Tianqi hadn't discovered the truth, I'm afraid we still wouldn't know that the real murderer was Luo Guiling!"..
