

## God level 2651

### Chapter 2651

Qing Yanli also said: "Yes! That Luo Guiling is not very talented, but his ambition is not small, and he is even more audacious. He actually used the children of the Wu family as blood slaves to make pills for him. In fact, even if Long Xing had not rebelled, sooner or later he would. They will also betray our five tribes."

At this time, Teng Xiaoshan spoke again

"You can put aside what you two are talking about. I also have a doubt in my mind"

"What doubts? Qing

Yanhai asked curiously.

Teng Xiaoshan pondered for a while and said

"After Tian Qi told me about the Luo family before, I was so angry that I didn't think about it. Looking back now, there is a big problem here!"

Hearing this, Qingtian Qi asked in confusion.

"Senior Teng, what problem did you find?"

"It's the Xuanwu Order!"

Teng Xiaoshan stroked his beard out of habit, and then said

"There is one question you may not be aware of yet. Whether it is the Black Tortoise Order or the Soaring Snake Order, both require the strength of a ninth-level warrior to refine them. Then who refined the Luo family's Xuanwu Token?"

"Judging from various signs, the Luo family seems to have more than one Xuanwu Token. This is even more problematic. The Luo family definitely did not get it from the Wu family. Back then, the Wu family only had one Xuanwu Token, and only the clan leader of the Wu family could possess it."

Hearing this, Qingtian Qi's expression changed drastically.

"Senior, do you mean that there are ninth-level warriors helping the Luo family refine the Xuanwu Token?"

"good! That's exactly it!"

Teng Xiaoshan nodded quickly. Qing Tianqi immediately frowned and said

"If this is the case, then this matter is not as simple as it seems. At least a ninth-level warrior from the Luo family knew about these things. Even this matter was secretly instigated by the ninth-level warrior from the beginning to the end."

"If this is the case, I wonder if there is a ninth-level warrior hiding in the Luo family now? If there is, it will not be that easy to destroy the Luo family and regain the inherited artifact of the Wu family!"

"good! I'm worried about this right now!"

Speaking of this, Teng Xiaoshan changed his words again.

"Then again, Tianqi, you did the right thing by deceiving Luo Beiqi to come to Wanhua Valley. We will interrogate him now. Maybe we can learn from him who refined the Xuanwu Order and the whereabouts of the children of the Wu family.. Where are the people from Luobei Qi now?"

"Returning to the seniors, that guy has been imprisoned by us in the past few days. The juniors will bring him up now."

After Qing Yunxiu said this, he turned around and went to Ti Luo Beiqi.

It turned out that after Luo Beiqi was captured alive by Qing Yunxiu that day,

Qing Tianqi asked Qing Yunxiu to imprison Luo Beiqi first, and then he hurried to find Teng Xiaoshan for treatment. Qiuqiu, but he did not tell Qing Yunxiu about some things about Luo Beiqi, so the people of the Qing family only knew about the Luo family now.

Not long after, Qing Yunxiu caught Luo Beiqi, who was bound with rune chains all over his body, and took him to the hall , and threw it to the ground fiercely.

Luo Beiqi groaned after being thrown, and raised his haggard and pale face. When he saw clearly that there were five or six eighth-level warriors in the hall, a look of horror appeared on his face.

Especially It was Teng Xiaoshan sitting in the middle who made him feel unfathomable, and he felt deep fear in his heart.

"Tianqi? Is this guy the Luobei Qi you mentioned?"

Teng Xiaoshan glanced at Luo Beiqi who was lying on the ground.

"Yes!"

"Who are you? why treat me like this?"

Luo Beiqi looked at everyone in horror, and finally his eyes fell on Qingtian Qi.

He immediately pointed at Qingtian Qi and said

"Do you know that he is a descendant of the Wu family, one of the five major sinner families in ancient times? I see that none of you are water warriors, so you must not be children of the Wu family. But then why do you want to help the evil Wu family deal with me?"

"The five major sinners in ancient times? How is this going?"

Teng Xiaoshan frowned and asked in confusion..

Chapter 2652

When Teng Xiaoshan asked, Luo Beiqi seemed to see a glimmer of hope of survival, so he explained anxiously

"Senior, I guess you are not from Dakun Country, right? In fact, this junior is from Dakun Country. A thousand years ago, our country, Dakun, was controlled by five extremely evil families. Later, the leader of the Kingdom of Longxing eliminated those five evil families in one fell swoop and re-established the Dakun Kingdom."

"After that, our Lord Longxing made the evil deeds of the five sinful families public, and announced that anyone who catches the remnants of the five sinful families will be greatly rewarded as long as they offer them to the Great Kun Kingdom. And the five major criminal clans are the Qingfeng, Teng and Baiwu families from thousands of years ago."

"This Wang Tianqi is the remnant of the Wu family. Are you going to help this little bastard deal with me? By doing this, you are making an enemy of Dakun Country. I hope the seniors will think twice!"

Hearing this, everyone in the hall showed angry expressions.

Luo Beiqi suddenly felt something was wrong.

Teng Xiaoshan even sneered.

"Ha ha!! You idiot! Do you know who we are?"

Luo Beiqi's heart trembled and he said uneasily.

"The juniors are not sure, so please let the seniors clarify!"

"snort!"

Teng Xiaoshan gave him a cold look.

"To tell you the truth, we are the descendants of the Qing family, the Feng family, and the Teng family among the five major criminal clans you call them. You, this ignorant thing, actually insulted our five tribes in front of us on our territory! You are as stupid as a pig!"

"What? Are you from the Qing family, the Feng family, and the Teng family?"

Luo Beiqi turned pale with fright and collapsed to the ground helplessly.

At this moment, infinite despair arose in his heart, and he realized that he was indeed too stupid.

At this time, Qing Yunxiu on the side suddenly waved his hand to Luo Bei Seven slaps

"Stupid pig, let me tell you one more thing! Tian Qi is not a child of the Wu family, he is a child of my Qing family!"

Luo Beiqi covered her burning cheeks and looked at Qingtian Qi in surprise.

"What? So you are not a child of the Wu family, but a child of the Qing family? Then why didn't you say it before? Are you pretending to be a member of the Wu family on purpose? Qing

Tianqi smiled slightly: "Luo Beiqi, you are a smart person. You should know your current situation." Now you have only one choice, and that is to obey our orders. If you are obedient, we can promise to let you live."

Luo Beiqi had a complicated look on his face and said after a while of silence.

"You already know everything you need to know, what else do you want me to do?"

"I want to ask you two questions now. First, where does your Luo family's Xuanwu Order come from? Second, where is the Wu family's stronghold roughly in Baixi Kingdom?"

Hearing this, Luo Beiqi's expression changed slightly, and he was silent for a while before sneering.

"It turns out that you haven't united with the Wu family yet. You want to know the location of the Wu family from me! snort! Do you really think I'm a child? If I really said it, you would still kill me."

"hehe!!"

Qingtian Qi smiled slightly

"From what you said, it turns out that your Luo family really knows the general location of the Wu family."

"So what if you know? So what if I don't know? Anyway, I won't tell you, little bastard! I won't tell you, what can you do to me? Either way, he will die, so he might as well keep the last bit of secret! Ha ha....."

Luo Beiqi laughed loudly, but there was something unnatural in his laughter, and he looked fierce and angry.

From his expression, Qingtian Qi could tell at a glance that Luo Beiqi was pretending not to be afraid of death. He was doing this to gain the maximum bargaining chip for himself.

Seeing this, Qingtian Qi knew what was going on and was about to speak.

Teng Xiaoshan above the hall said impatiently

"Since you don't want to say it, then don't say it. Do you think I can't do anything to him if you don't speak? Luo Beiqi, I am telling you now that my talent inheritance is the 'Soul-Eating Technique'. This Soul-Eating Technique can directly search for your soul. Don't think there is any secret in my eyes."

"In addition, let me tell you one more thing. Anyone whose soul has been searched by me will feel extremely painful, which is more painful than being cut into pieces with a thousand cuts. In the end, his soul will be scattered and he will die!"

After saying this, Teng Xiaoshan stretched his right hand forward and directly sucked Luo Beiqi over.

Then, Teng Xiaoshan put a hand on his head and was about to perform soul search.

At this time, Luo Beiqi could no longer Dare to pretend, begging for mercy in horror

"senior! I said! I said! Please let me go! I'll say it now!"

"snort! late!"

Teng Xiaoshan glanced at him disdainfully, and with a slight exertion of his five fingers, he injected a silver light into Luo Beiqi's head.

Luo Beiqi's eyes suddenly turned white, his face twitched, a look of extreme pain appeared on his face, and he even screamed in his mouth Screams of extreme pain.

This scream lasted for a full stick of incense. Luo Beiqi rolled his eyes and died of being searched for his soul alive..

Chapter 2653

At this time, Teng Xiaoshan slowly opened his eyes, with a thoughtful look on his face.

Everyone around was curious about what information Teng Xiaoshan had found, but they didn't dare to go forward and ask.

Qingtian thought for a while, then stepped forward and said

"Senior, I wonder what the result of your soul search is?"

Teng Xiaoshan raised his head and said

"I found some good news and some bad news. The good news is that the Luo family does know the general location of the Wu family in Baixi Kingdom. The Wu family is in the Wanjueyuan area of Baixi Kingdom. There are many water-type ferocious beasts there, and most people dare not get involved.

From the information obtained from Luo Beiqi, it can be seen that the Wu family now has an eighth-level warrior who was also a survivor from a thousand years ago. However, except for that eighth-level warrior, the children of the Wu family do not have inherited artifacts to activate the Xuanwu true blood, and their strength is If it's not too strong, there won't be any eighth-level strong men anymore."

"Generally speaking, the disciples of the Wu family are now sparse and weak! It's quite similar to your Qing family before. Its overall strength is far inferior to the current Luo family"

"Senior, no matter what, it is indeed a good thing that the children of the Wu family have finally been found. By the way, senior, what is the other bad news you mentioned?"

"The bad news is the 'Xuanwu Order'. I just found out through soul searching that the Luo family's Xuanwu Order was obtained from a mysterious sect called the 'Tian Shen Sect'. This mysterious sect seems to be spread across the entire continent, and it is very powerful. There are also ninth-level warriors in it."

At this moment, everyone in the hall looked at each other. None of them had heard that there was a sect called 'Tian Shen Sect' on this continent.

Teng Xiaoshan continued:"As for the relationship between Tian Shen Sect and the Luo family, the specific details must be learned from the Luo family. Speaking of returning to the spirit. It should be said that more than a thousand years ago, Naluo Guiling accidentally met a disciple of the 'Tian Shen Sect'. Luo Guiling's method of refining the 'True Martial Pill' was taught by the disciples of the Tianshen Sect."

Hearing this, Qingtian was surprised and said

"It turns out that Luo Guiling didn't research the 'True Martial Pill' himself!"

"good! It is true that it was not developed by Luo Guiling. Being able to research the 'True Martial Pill' is not something that ordinary people can do. Luo Guiling doesn't have that ability yet"

"In fact, the cause of the matter was that Luo Guiling secretly killed the Wu family's children in order to extract the Xuanwu true blood from the Wu family's children. This matter was accidentally broken up by a Tianshenmen disciple. Not only did the man not report Luo Guiling, he also told

Luo Guiling The two got to know each other because of his method of refining the 'True Martial Pill'."

"Of course, there must be some other deal between these two people. Because that Tianshenmen disciple not only taught Luo Guiling the method of refining the 'True Martial Pill'"

"After our Five Holy Kingdoms were destroyed, he helped Luo Guiling refine seven Xuanwu Tokens, and even asked the ninth-level masters from the Tianshen Sect to help the Luo family open up a small void fantasy world."

"That small phantom world is the current forbidden area of the Luo family. Only the most elite disciples in the family can enter. Luo Guiling has been in seclusion there for a long time. The inherited artifacts of the Wu family and some of the children of the Wu family who were treated as blood slaves were also there."

"I didn't expect that the Luo family also has a void and illusion world. If we want to kill Luo Guiling, rescue the trapped Wu family children, and regain the Wu family's inherited artifacts, we must enter the Luo family's void illusion world."

"good!"

Teng Xiaoshan nodded slightly.

"In fact, the Luo family's void fantasy world was not opened with semi-artifacts, but with seven top-quality spiritual weapons arranged in the Big Dipper array. The space inside is very small, only about seven or eight miles in size"

"However, using seven spiritual weapons to open up a void and illusory world is a technique I have never heard of. It seems that the Divine Gate was not simple that day! Qingtian Qi also said:"

Yes!" The Shenmen seemed to have mastered many secret techniques that day. They could even refine the 'Zhenwu Dan' and 'Xuanwu Ling'. I wonder what was behind the Shenmen that day?"

Teng Xiaoshan shook his head silently:"I have never heard of this mysterious sect before. However, since they can refine the 'True Martial Pill' and Xuanwu Order, they should have studied the ancient blood successor family, and maybe they know something about the ancient family."

"Tianqi, you should have heard that the emergence of our ancient families is an unsolved secret. Maybe the 'Tian Shen Sect' knows some secrets."..

Chapter 2654

Qingtian Qi nodded slightly:"Maybe! The Shenmen looked very unusual that day! I wonder what kind of deal they had with the Luo family?"

"What's the deal? It is estimated that only Luo Guiling knows, but Luo Beiqi does not know. Let's not talk about the Tianshen Sect first, let's talk about how to kill Luo Guiling and regain the inherited artifact of the Wu family."

"According to Luo Beiqi's memory, only elite disciples can enter the Luo family's forbidden area. Because only elite disciples can obtain the 'passing order' for the Luo family's forbidden areas. The pass order is actually a kind of summons order, which can be sent from the outside world to the Luo family's restricted area. Then the people in the forbidden area will open the barrier exit and put them in."

Hearing this, Qingtian Qi understood what Teng Xiaoshan meant and immediately said

"Senior Teng means that we must first obtain a 'passing order', and then use that passing order to sneak into the Luo family's forbidden area before taking action?"

"good!"

Teng Xiaoshan nodded.

"Although I have the strength to forcefully break into the Luo family's small phantom world, I am worried about forcing my way in. It will shatter that small void and illusionary world. If the illusion world is broken, it is very likely that the thirty-five martial arts disciples imprisoned inside will be killed as a result. In order to save the children of the Wu family, I have no choice but to give up the hard way."

"It turns out that the senior was trying to protect the children of the Wu family who were imprisoned. In this case, seniors don't have to worry, juniors can get the 'passing order' you mentioned."

Hearing this, Teng Xiaoshan looked at Qingtian Qi in surprise.

"I learned from Luo Beiqi's memory that there are very few elite disciples of the Luo family, and naturally there are also very few passing orders. How do you know who among the disciples of the Luo family has a passing order?"

Qing Tianqi smiled and said: "Senior, this is not difficult." Isn't the Rookie Conference about to begin? The Luo family will definitely send their children to participate. The disciples sent by the Luo family are naturally the most elite disciples in their clan, and they can get passage orders from them."

Hearing this, Teng Xiaoshan looked happy.

"Ha ha!! Tianqi, you are still thoughtful. Among the children of the Luo family participating in the rookie conference, there must be some of their elite children. You can just start with the children of the Luo family in the conference. It seems that you have another task in this rookie conference. This task is that you try every means to get a block pass from the Luo family children who participate in the rookie conference."

"Don't worry, senior! The juniors promise to complete the task!"

"good! I believe you! As long as you bring back the Luo family's pass order, it will be the death of the Luo family. Of course, I also have my own tasks. In a few days, I will personally go to Wanjueyuan of Baixi Kingdom to find the disciples of the Wu family and take them back to the Wanhua Valley stronghold. By then, our five clans will have gathered together into four clans. Hearing this

, Qing Yanhai and others showed joy and expressed their agreement.

Qing Tianqi also said happily: "Yes!" Senior Teng, you should bring the children of the Wu family to Wanhua Valley as soon as possible. With the children of the Wu family joining us, our strength will be greatly enhanced. At the same time, it can also protect the Wu family so that they will no longer be secretly persecuted by the Luo family.

Teng Xiaoshan smiled and said: "Tianqi!" If we can recover the inherited artifacts of the Wu family and find the children of the Wu family this time, you should be the first to do so! The only thing left

is a member of the Bai family. If we can find another member of the Bai family, we can establish the true Five Elements Illusion World, and we don't have to worry about the Holy Lord coming."

"Of course, your contribution this time is not small, I will reward you well! Qingxuan Lin, who holds Luo Beiqi's Mingye Bow?"

"Report to the seniors, in the hands of the juniors!"

Qing Xuanlin took out the Mingye Bow that had returned to the shape of a metal strip and handed it to Teng Xiaoshan.

Teng Xiaoshan took it and looked at it for a while, then passed it to Qingtian Qidao

"Tianqi, let this Mingye Bow be your reward for your meritorious service this time!"

Hearing this, Qing Tianqi suddenly became excited, and a hint of joy flashed across his eyes.

A top-quality spiritual weapon is extremely rare and extremely precious. It is a rare treasure worth tens of millions. It is difficult for even a sixth-level warrior to obtain it. one piece...

Chapter 2655

To be honest, Luobei Qi can be said to be extremely lucky to have a top-quality spiritual weapon.

Now, Teng Xiaoshan wants to reward Mingye Bow to Qingtian Qi.

Qingtian Qi was naturally greatly surprised.

However, he did not immediately step forward to pick him up. Instead, he declined and said

"Senior, this kind of reward is too valuable, and I, the junior, cannot deserve it!"

Teng Xiaoshan said:"Why don't you take it? Based on your achievements today, this is what you deserve."

"Besides, this Mingye Bow is a top-grade water-type spiritual weapon. Now you are the only one in the Valley of Ten Thousand Flowers who can use it. Who would I give it to if I don't give it to you? Of course, such a reward is still not enough to praise your merits. After you bring back the Luo family's pass from the Rookie Conference, I will have another reward!"

At this moment, Qingtian Qi stopped being pretentious and happily accepted the Mingye Bow.

With this Mingye Bow, he might be able to turn defeat into victory at the Rookie Conference.

Then, Teng Xiaoshan gave some instructions to the heads of the three clans. The main thing is to ask Qingxuan Lin, Phoenix Master, and Teng Master to recall the children of the three clans who went out to look for the children of the Wu family as soon as possible, and rearrange the task.

This rearranged task is naturally to find the children of the Bai family and the Blood Soul Pearl.

Finished the instructions With these, Teng Xiaoshan gave Qingtian Qi a bottle of 'Hidden Silence Pill' and left.

The Silent Silence Pill can cover up the breath of the holy beast's true blood in Qingtian Qi's body. If you take one, the effect can last for five days.

Teng Xiaoshan did this , I am worried that at the rookie conference, the children of the Luo family may have Xuanwu Orders on them, and Qingtian Qi's identity will be discovered, which will be very detrimental to Qingtian Qi.

If Qingtian Qi takes the Hidden Breath Pill, the aura of the holy beast's true blood in his body will be Even if there is a Xuanwu Order, it will not be detected, which is of great benefit to Qingtian Qi.

Then, the meeting ended.

After Teng Xiaoshan and others left, only Qingxuanlin and Qingtian Qi were left in the hall

"My child, you have made great contributions to our five tribes this time!"

Qing Xuan Lin looked at Qing Tian Qi with joy.

"grandfather!! This is what Tianqi should do."

Qing Xuanlin smiled slightly.

"Tianqi, I heard that your ice sword was destroyed. Grandpa has a blue-patterned sword here, which is a wood spiritual weapon. Just take it and use it! Didn't you learn the 'Blue Dragon Roar'? Use this blue-patterned sword to achieve better results!"

"Thank you grandpa!!"

Qingtian Qi felt warm in his heart and took the blue-patterned sword. He secretly thought that his grandfather is his grandfather after all, and he still misses him in his heart.

In the past, Qingtian Qi used the 'Blue Dragon Roar', which was issued with the Ice Sword. There is no amplitude effect.

Now that he has this blue pattern sword, Qingtian Qi has indirectly improved his strength a lot.

"By the way, you were delayed for seven days in returning to the valley this time. It is now less than half a month before the Rookie Conference. You have to rush to Kyoto as soon as possible. If you are late, you will miss the registration time. Hearing this

, Qingtian said in unison:"Grandpa, you don't have to worry." Qiuqiu has now advanced to the fifth level. Based on its current flying speed, it is estimated that it is no less than the speed of a fifth-level peak warrior. It only takes me about ten days to get to Kyoto by taking the ball flight."

"That's good!"

Qing Xuanlin smiled with satisfaction.

"That boy from Tianjun set out alone four days ago. That boy from Tianling knows that you are back and is waiting to set off with you!"

"It turns out that Brother Tianling hasn't left either! Then let's set off with Brother Tianling tomorrow!"

"Um! You go get ready now!"

At that moment, Qing Tianqi said goodbye and left.

Early the next morning, in the sky above the Black Forest, a dragon-headed lion with an extremely powerful appearance and a body of five feet was spreading its wings that were nearly ten feet long. , flying rapidly in the air, bringing up gusts of wind.

And on the back of the mighty beast, there were two teenagers sitting.

One was a red-haired boy about fifteen or sixteen years old, carrying two swords.

The other One of them is a young man of about 20 years old who is carrying a sword and wearing a black outfit.

These two people and one beast are naturally Qingtian Qi, Qingtian Ling and Qiuqiu who are rushing to Kyoto to attend the rookie conference..

Chapter 2656

In the air, the blue sky looked back at the Valley of Ten Thousand Flowers in the distance, feeling filled with emotion in their hearts.

He also didn't expect that this time when he was helping the Zhou family, he would accidentally discover a lot of things, and in the end, a mysterious sect, the Tianshenmen, would be involved.'

"What kind of sect was Shenmen that day? How did they know how to refine 'Zhenwu Dan' and 'Xuanwu Ling'? After destroying the Luo family this time, the 'Tian Shen Sect' will definitely be involved, but I don't know what their purpose is?"

Thinking of this, Qingtian Qi felt a little worried.

Today's five ancient tribes are still facing many dangers and enemies.

Not to mention the Holy Lord, let's face Long Xing. The five ancient tribes can only hide their strength now. I dare not fight with them head-on.

If we confront the 'Celestial God Sect' now, it would be really bad for the five ancient tribes.

After all, there are ninth-level warriors among the 'Celestial Gods', and their strength must not be simple.

In fact, Qingtian Qi and I don't know, but he has had contact with the disciples of the Tianshen Sect.

That day, the Feng Xing he met was a disciple of the 'Tian Shen Sect'

"Tianqi, what are you thinking about?"

Qingtian Ling on the side suddenly interrupted Qingtian Qi's thoughts.

"I'm thinking about this rookie conference!"

"oh! Is it about the general order?"

Qingtian Ling asked. Qingtian Qi also told Qingtian Ling about the Luo family. He naturally knew Qingtian Qi's mission to go to the rookie conference this time, not only to enter the top ten of the rookies, but also to win from the Luo family's children. About the traffic order

"yes! Brother Tianling, this time for the sake of the imprisoned Wu family disciples, I have to take back a piece of the 'passing order' no matter what. Only in this way can I explain it to Senior Teng. Qing

Tianling nodded and said

"Those Luo family children deserved to die! This time we don't have to come to them openly. After we go to Kyoto, you and I will secretly kill a few Luo family members and seize a piece of 'travel order' from their hands.

Qingtian Qi also said:"If you want to kill, just kill the strongest child of the Luo family. He must be an elite child of the Luo family, and he must have a pass on him.""

"You are right!"

"By the way, Brother Tianling, I see that your strength has increased a lot in the past six months of cultivation!"

After hearing this, Qing Tianling showed a proud look on his face and said with a smile

"Ha ha!! Not bad! The biggest gain in the past six months is that I have broken through the water energy to the third level, and also figured out two"fusion martial arts""

Seeing Qingtian Ling's confident look, Qingtian Qi was also happy for him and immediately congratulated him.

"Unexpectedly, Brother Tianling's water energy has also broken through to the third level! In this way, your water and fire vitality has reached the third level, and your wood vitality has reached the peak of the fourth level. With your current comprehensive strength, ordinary fourth-level Dzogchen warriors are no match for you."

"hehe!! That's natural!"

Qing Tianling looked confident, and then said

"But my progress is far behind compared to Qiuqiu! I didn't expect Qiuqiu to advance to level five so quickly. It's a pity that Qiuqiu can't join the war with you, otherwise you would have a great chance of being among the top three rookies! What a pity!"

Qingtian Qi smiled bitterly.

"Why! Don't say so much! Nowadays, let alone the top three rookies, the top ten rookies are very slim. However, no matter what, I must strive to be among the top ten rookies."

"Um! Tianqi, I will definitely help you! I wonder what Mr. Qingtian thinks? I hope he won't ruin our good deeds!"

"Brother Tianling, let's not argue with Brother Tianjun. After all, he is also a descendant of our Qing family. If you think about it, you won't help outsiders deal with us, right?"

"This is hard to say!"

Qingtian Ling sneered slightly.

"That guy is an extremely arrogant person. He suffered a big loss from you last time, and he will definitely hold a grudge in his heart. Otherwise, he wouldn't have waited for us and set out on his own."

"Why!"

Qing Tianqi sighed softly, feeling an inexplicable irritation in his heart...

Chapter 2657

At that moment, the two stopped talking and continued to rush towards Kyoto.

In order to improve his strength as much as possible, Qingtian Qi didn't want to waste time on the road, so he asked Qingtian Ling to help Qiuqiu identify the direction, while he pondered the 'Mist Hidden Technique' on the side.

The Mist Hidden Technique was obtained by Qingtian Qi from Hai Long. It is a special water-based martial art that can be used to hide one's body and escape during battle.

Seeing that Qingtian Qi was busy practicing martial arts again, Qingtian Ling lamented his hard work and secretly thought that he really couldn't compare. He couldn't help but admire Qingtian Qi's diligence.

Just like that, ten days passed in the blink of an eye.....

In these ten days, Qingtian Qi also naturally learned the 'Mist Hidden Technique'. At the same time, he also mastered the top-grade spiritual bow 'Mingye Bow' and was able to operate it freely.

On this day, the two of them approached Ryugaon Castle in Kyoto on a ball.....

The two of them did not fly into Longyuan City on the ball, but landed in an uninhabited suburb near Longyuan City.

They did this just because they didn't want Qiuqiu's identity to be exposed.

After the ball fell to the ground, the two jumped off the ball's back

"Qiuqiu, you've been working hard these days!"

Qingtian Qi touched Qiuqiu's huge head and praised him.

"Roar!"

Qiuqiu roared happily, as if being praised by Qingtian Qi, it was very happy.

Then, Qiuqiu's body shape returned to its original smaller appearance.

Qingtian Qi then ordered again.

"Qiuqiu, I told you before that when you enter Kyoto this time, you can't show your face for the time being. You should hide in the God of War Order space first!"

"Gujiguji!"

Qiuqiu nodded obediently.

At that moment, Qingtian Qi took Qiuqiu into the space of the God of War Order.

There was still a lot of Yuan Magnetic Blue Gold in the space of the God of War Order. Qingtian Qi was not worried that Qiuqiu would starve inside. , hiding inside for ten and a half months is no problem.

After dealing with this matter, Qingtian Ling smiled and said

"Tianqi, now it's time for the two of us to prepare. We can't enter Kyoto like this!"

After saying this, Qing Tianling's face suddenly changed, and he turned into a young man about twenty-four or five years old with a thin face and sharp eyes. The previous appearance was not visible at all from his face. It turned out that Qing Yunxiu He also taught the face-changing technique to Qingtian Ling.

Seeing this, Qingtian laughed and said:"Brother Tianling, it seems that you have also mastered the 'face-changing technique'. Then take a look at what I look like after I change my appearance!"

After saying this, Qing Tianqi started the mad god transformation. His height increased several inches, his body size also increased, and his appearance changed into white hair and strange eyes.....

Afterwards, Qing Tianqi used the face-changing technique and immediately turned into a white-haired young man with ordinary appearance but extraordinary temperament, about 27 or 27 years old.

Seeing Qingtian Qi's transformed appearance, Qingtian Ling's eyes showed surprise, and then he sighed in admiration

"Tsk tsk!! Tianqi! If I hadn't seen you transform into this with my own eyes, I wouldn't have believed it. The person in front of me was actually my brother Qing Tianqi. By the way, why do you want to make yourself so old?

Qingtian laughed and said,"Brother Tianling, if I were to show strength that surpassed most fourth-level warriors at the age of fifteen or sixteen, it would be too shocking." It's better to make yourself older so that you won't be too noticeable"

"Ha ha!! makes sense! However, you look like my brother now. hey-hey!! You kid didn't do this to take advantage of me on purpose, right?"

Qing Tianqi smiled.

"Brother Tianling, we can't use our real names in this rookie conference. I have already given myself a name, it's Xuanyuan Zhantian"

"Then let me call you Ji Tianling! From now on, in front of outsiders, we all call ourselves casual martial artists and friends we met along the way. What do you think?"

"so be it! Brother Tianling, let's go to Longyuan City now to see what Kyoto is like?"

"Um! Let's go!"

After confirming their identities, the two rushed to Kyoto..

Chapter 2658

Kyoto, Longyuan City.

Qingtian Qi and Qingtian Ling were walking on the main road in the city.

There are tall buildings on both sides of the street and various shops.

The streets were crowded with tourists, vendors, and warriors, creating an extremely prosperous scene.

The prosperity and majestic layout of Kyoto are far beyond that of Fengyan City, which made Qingtian Qi and Qing Tian Qi marvel in their hearts.

"This Longyuan City deserves to be called Kyoto! It was indeed extremely prosperous! Just looking at the number of people walking on this street, it is already very spectacular."

Qing Tianqi couldn't help but sigh.

"Ah!"

Qingtian Ling sneered indifferently.

"Having said that, this Longyuan City was originally the residence of our Qing family a thousand years ago, but now it is occupied by Long Xing, which makes people angry just thinking about it."

After hearing this, Qingtian Qi's face changed slightly and reminded him in a low voice.

"Brother Tianling, this is Long Xing's lair. You and I should be careful what we say. It would be terrible if someone overhears us!"

"Um! knew! Qingtian

Ling nodded slightly. At that moment, the two of them continued to walk forward.

At this time, there were many young warriors among the pedestrians on the street.

These young warriors were talking and laughing while walking, and their enthusiasm was very high.

Listen to the content of their conversations. , either about the style of Kyoto, or about the Rookie Conference.

Moreover, these people have different accents, and it is obvious that they have just arrived in Kyoto from all over the world to attend the Rookie Conference.

Hearing the discussions around them, Qingtian Qi and Qing Tianqi also felt The Rookie Conference was about to be held, and everyone was in an enthusiastic atmosphere.

This made the two of them feel hot.

At this time, Qing Tianling suggested: "Brother Zhan Tian, we will stay in the capital for several days to attend the Rookie Conference. Let's first Find a place to stay, and ask for the registration address for the Rookie Conference, and give your name!"

"Ha ha!! Brother Tianling is right!"

At that moment, the two of them pretended to be friends who met halfway and found an inn on the street.

Not long after, the two of them found an inn called 'Yelai Inn'.

Before they could walk into the inn , the clever waiter came forward to greet him warmly

"You two guests, I see you are also coming to Kyoto to attend the Rookie Conference! If you two want to stay in a hotel, come to our inn! The people staying in our inn are all young warriors who come from all over the country to participate in the Rookie Conference."

"There are not many vacancies left. If you come later, there will be no rooms. Behind this, there must be young warriors from other places coming to stay at the hotel! By then, you may not be able to stay in a hotel even if you want to."

Qingtian Qi smiled slightly

"All right! We need two rooms!"

The waiter laughed again.

"Dear guests, these are extraordinary times and the price of this room is very expensive. The current price of a guest room is fifty gold coins per day."

Hearing this, Qing Tianling's face changed slightly and said angrily.

"Fifty gold coins a day? You're fucking stealing money! How can there be such expensive rooms? The waiter still smiled and said:"

Sir, you don't know something. Our inn is already the cheapest." Some inns cost 100 gold coins to stay a day! The situation is different now. There are so many young warriors from all over the country that they almost fill the streets."

"Nowadays, there are too many people and few rooms. If you find it too expensive, you can choose not to live here! If you really want to live there, you can share a room with two people and save some money. If you want to negotiate the price, you have no choice but to rent elsewhere."

"hehe!! I didn't expect that guest rooms are so in short supply nowadays! Qingtian

Qi smiled slightly, turned to Qingtian Ling and said

"Brother Tianling, I think what this little second brother said is true. Along the way, I saw that the streets were full of young warriors coming to attend the Rookie Conference, and I thought that housing was indeed in short supply. How about this! Fifty gold coins is just fifty gold coins, let's stay here!"

"Since Brother Zhantian agrees, let's stay here! Waiter, give me a bedroom for each of us!

The waiter was immediately overjoyed:"What a good one!" Dear guests, please come with me!"

Then, the waiter introduced the two of them into the inn..

Chapter 2659

As soon as the two entered the inn, they saw about forty or fifty young warriors sitting in the inn hall.

Most of these young people spoke with various accents and were talking excitedly about the upcoming rookie conference.

Qingtian Qi glanced at it and was surprised to find that these young warriors were not weak in cultivation. Most of them were at the level of second-level warriors. Even third-level warriors were not in the minority. There were seven or eight of them among the forty people who were third-level warriors. Rank warrior.

At this moment, Qing Tianqi sighed in his heart

"It seems that this rookie conference has indeed gathered young elites from all over the country! In normal times, it would be very difficult to find a third-level warrior under the age of thirty. But right now, you can find seven or eight young third-level warriors in any inn."

At the same time, the entry of Qingtian and Qi also attracted the attention of many young warriors in the inn.

When everyone saw the cultivation of the two, their eyes showed surprise.

"Tsk tsk!! look! Two more masters have moved in, both are third-level warriors!"

"yes! Including these two people, there are nine third-level warriors staying in Yuelai Inn. I don't know if any of these nine people can enter the rookie list?"

"This is hard to say. It is very difficult to enter the rookie list with only a third-level cultivation level!"

"This is true. hehe!! No matter how many there are, no matter who gets in or who doesn't, it's not my share anyway! I just want to be satisfied if I can pass the preliminary round. When I return to my hometown in the future, I can also tell people that I participated in the Rookie Conference back then. Although I didn't make the list, I still passed the preliminary test. That's not a simple person!"

"Ha ha!! Your kid and I have the same idea!"

Everyone's attention quickly moved away from Qingtian and Qi.

Although Qingtian and Qi's cultivation level amazed them, it was not to the point of shocking them, unless Qingtian and Qi showed themselves to be fourth-level warriors. Although the cultivation of third-level warriors is astonishing, it is nothing unusual during this rookie conference.

It turns out that in order to avoid attracting too many people's attention, both Qingtian and Qi hid their cultivation and showed it on the surface. Their cultivation levels are all at the level of third level.

So everyone thinks that the two of them are just third level warriors.

Even so, they are still masters in the eyes of everyone.

Qingtian Qi and his two don't care about everyone's opinions.

Under the guidance of the waiter, the two paid the deposit, took the house key, went upstairs, tidied up their rooms, and went downstairs to have dinner together.

It was noon, and both of them were hungry. Let's have lunch together, and then inquire about the registration location and time of the Rookie Conference.

Just as the two of them came downstairs, a man and a woman walked in outside the hall.

The manners of this man and woman were very good, and their cultivation was even more astonishing.

Only The man in front of me has a handsome face, but his thin cheeks make him look a little mean, and the look in his eyes is extremely arrogant, but his cultivation is indeed amazing, and he has actually reached the fourth level of Dzogchen cultivation..

And the woman behind the man is not only beautiful in appearance, but also not weak in cultivation. She has actually reached the third level of cultivation. As soon as these two people entered the inn, they immediately caused a sensation in the whole place.

Of course, everyone's eyes were focused on the young man. body, and a look of awe in his eyes.

"Oh my God! Did you see that that person turned out to be a fourth-level Dzogchen warrior? Who is that person? Why is it so powerful!"

"I do not know! He shouldn't be a young expert from Kyoto, he should come from other places. This man must be famous, but it's a pity that no one here knows him!"

"yes! Tsk tsk!! Where did this person come from? His cultivation has actually reached the fourth level of Dzogchen. This is so unbelievable! I think there is absolutely no problem for him to enter the rookie list!"

"snort! Not to mention entering the rookie list, even if he is ranked among the top 20 rookies, it will be no problem. I never expected that I would meet such a top expert in this inn. I am so lucky!"..

Chapter 2660

As if hearing everyone's admiration, the young man glanced at everyone with disdain, a haughty look on his face.

The woman behind the man looked at everyone in the hall with disdain and cursed.

"What a bunch of uneducated country bumpkins!"

Her voice was not quiet, and was certainly heard by many people in the audience.

Many people's faces immediately turned red at the words, but they dared to be angry but did not dare to speak.

However, Qing Tianqi, who happened to be going downstairs, when he saw that When the woman first saw her, his eyes immediately showed a look of surprise.

Then, when he heard the woman's words again, he immediately sneered in his heart.

"Unexpectedly, after a year of not seeing each other, this Chu Bilian is still so arrogant and rude! But who is the man with her? This man is no longer Duanmu Lingyun. Could it be her powerful brother that she mentioned before?"

Qing Tian Qi thought so in her heart, with a calm expression on her face, she and Qing Tian Ling walked down the stairs with normal expressions.

Chu Bilian on the other side did not know Qing Tian Qi, and the two Qing Tian Qi who came down from upstairs were basically the same as her. Not even bothering to take a look, he walked straight to the counter and said to the shopkeeper:

"The shopkeeper's! We want to stay in a hotel! The shopkeeper immediately said politely:"

Miss, how many guest rooms do you want?"

"Three rooms!

The shopkeeper was suddenly puzzled:"Miss, there are only two guest rooms left, not three." Besides, there are only two of you, why do you need three guest rooms? Hearing this

, Chu Bilian was furious and yelled:"Do I need to tell you the reason why I want to rent several guest rooms?" I want three guest rooms now. Please arrange them for me immediately. The shopkeeper suddenly felt embarrassed and said with a grimace:"Miss, it's not that I won't rent you three guest rooms, it's true that there are only two guest rooms left." If you come early, there are four more. But two houses have just been rented to the two guests."

The manager looked at Qingtian and Qi.

Chu Bilian looked at Qingtian and Qi with disdain, then shouted to the shopkeeper.

"Then quickly let the two of them vacate a room and let them squeeze into one room. This lady just wants three guest rooms!"

The shopkeeper said awkwardly:"Miss, the two guests have already paid the deposit, how can we let them vacate the room?"

Chu Bilian immediately said arrogantly:"What's wrong? You ask the two of them to quickly vacate a guest room. If they don't want to, you can drive them both away, and I will pay ten times the price to keep them all."

"This is not good! Miss, the house has been rented out. Even if you pay ten times the price, I can't kick the guests away! If you really want those two guests to vacate a guest room, you need their consent. But she didn't expect that Chu Bilian still said arrogantly:"I don't care, just go if you are told!"

Hearing this, Qing Tianqi couldn't bear it anymore. Chu Bilian never looked at the two of them again from beginning to end. She kept forcing the shopkeeper to let the two of them vacate a guest room, ignoring her consent at all. It was really annoying.

At that moment, Qingtian Qi stepped forward and said: "Miss, please don't embarrass the shopkeeper anymore. You asked the two of us to vacate a guest room. There is no point in asking the shopkeeper. You should first ask if we both agree?"

"good!"

Qingtian Ling also echoed from the side.

Chu Bilian was slightly startled, and then looked at Qingtian Qi and Qi Qi. Seeing that both of them were at the third level, she looked disdainful.

"Oh well! Then I will ask you directly, should you two voluntarily vacate a guest room, or should I give you a beating before giving up? If you two want to live here, I advise you to consciously make room for a guest room. Otherwise, you two little third-level warriors will not be able to bear the anger of this young lady."

"Ah!! Qing

Tianqi sneered angrily

"This lady, you are too humorous. As the saying goes, first come, first served, why should we spare a guest room for you? Let me tell you, we won't spare a guest room for you today. What can you do?"

Hearing Qingtian Qi's words, everyone in the hall looked at Qingtian Qi in shock.

They didn't expect Qingtian Qi to dare not be afraid of the fourth-level master next to Chu Bilian and say those provocative words. They were all shocked at the moment. he became worried..
