

## God level 271

### Chapter 271

Qin Feng continued to move forward.

One step...two steps...three steps...

Every time he ascends a level, his dragon power is strengthened by one point, and the damage done to him by the light attribute is strengthened by one point.

However, all this is within his tolerance.

What's more, he is a man with a strong will.

What does this pain mean?

An hour later, Qin Feng climbed the 22,000 steps.....

Three hours later, 24,000 steps.....

Eight hours later, 28,000 steps.....

Qin Feng's pain became stronger and stronger, and his climbing speed gradually slowed down.

His physical body enhancement is also quietly improving, and has been upgraded to quasi-emperor level 32.9%.....

At the same time, in the square.

All the examiners looked at the jade talisman nervously.

Every change in Qin Feng's performance affects everyone's hearts.

Among the crowd, Yu Qilin was filled with joy.

Qin Feng has reached level 2800, which is an extremely good result.

Perhaps, one day,

Qin Feng can really help her escape from the comatose organization...

The more she thought about it, the happier she became.....

On the other side, Long Shang stared at the jade talisman with a ferocious expression.

Damn it~!

This guy has already reached level 28,506...

If he advances four more levels, he will be ten times as strong as himself.

Long Shang suddenly felt a knot in his chest, feeling unspeakably uncomfortable.....

It's impossible for him to call Qin Feng 'father'.

But this also made him lose face!

"This damn earth bumpkin! Why is he still climbing up? Why doesn't he stop? Doesn't he have no limits?"

Long Shang was roaring in his heart!

He wasn't willing to give in!

He really wasn't willing to give in at all!

How could he be forced into this by an Earth bumpkin?

At this moment, the taunt of Little Lun King sounded in his ears

"Long Shang, you are going to have a father soon....."

"roll!", Long Shang was furious.

"Yo ho! Do you want to deny it? Everyone heard what you said on the Stairway to Heaven, don't you want to admit it?"

As soon as he said this, everyone agreed

"good! We all heard it! Long Shang, a real man says one thing is one thing, but if you go back on your word, your price will drop!"

"yes! Long Shang, we look down upon you if you deny it like this....."

Long Shang was furious:"You country bumpkins! I need you to respect me? Shut up!"

Xiao Lun Wang sneered:"Are you angry with shame?"

After saying this, the crowd let out an exclamation.

"Look! Lord Qin Feng has reached level 28510!"

Everyone quickly took a look and found that it was indeed the case. They were overjoyed.

Long Shang's face became extremely ugly.

Qin Feng's score was really ten times better than his!

At this moment, he suddenly felt that something was wrong with the atmosphere in the field.

He couldn't help but raise his head. , he saw everyone looking at him with strange eyes.

There was gloating and ridicule in those eyes.

They were all looking at his own joke!

Long Shang's fragile self-esteem was instantly shattered, not even the scum was left.

Immediately , he was extremely angry.

A surge of hatred rose from the bottom of his heart!

Damn it!

Damn it! How dare these hateful earth bumpkins despise themselves.

He wants them to regret it!

"Long Shang, Master Qin Feng has surpassed you ten times....."

The corners of Xiao Lun Wang's mouth raised slightly.

Long Shang's face turned dark.

After a moment, he said in a hoarse voice:"You will regret it....."

After saying that, he closed his eyes and meditated, no longer paying attention to everyone.

Everyone shook their heads slightly and ignored him.

But no one saw that Long Shang had protruding veins on his forehead, a gloomy look on his face, and his heart was filled with boundless hatred.

You earth bumpkins just wait!

When the assessment is over, I will kill you all!

When the time comes, even if you kneel down and beg for mercy, you will still die! Ha ha!!

The more Long Shang thought about it, the more proud he became, and he couldn't help laughing.

Everyone was startled and turned around to look at him with strange expressions.

What's wrong with this guy?

I'm giggling out of nowhere!

Isn't he going crazy because of the stimulation?

Long Shang didn't know it.

He still lowered his head, using his ability to comfort himself.

He couldn't wait for this assessment to end.

If he wants the assessment to end, Qin Feng needs to finish it quickly.

At that point, he is the protagonist!

Thinking of this, Long Shang felt proud again.

He opened his eyes and looked at the backs of everyone coldly, as if looking at corpses.

Wait!

Your death is coming!

Time flies!

In a blink of an eye, a whole day passed.

Long Shang was anxious as he waited.

He doesn't like anyone now, and he wants to kill everyone right away!

But that Qin Feng is too perverted.

He has persisted until now and has not quit yet.

To be honest, he was shocked.

Although he hates Qin Feng very much, he has to admit that this Qin Feng is terrifyingly strong.

But the more this happens, the more he wants to destroy Qin Feng.

And now, his chance is coming.

Long Shang touched the trump card in his arms, with a proud sneer on his lips.

He firmly believed that this trump card could easily kill Qin Feng into nothing.

Long Shang looked at Qin Feng's results again.

That pervert has reached level 39998.

Soon, he will encounter the second threshold, which is level 40,000.

From level 39,999 to level 40,000, the difficulty will suddenly increase tenfold.

After level 40,000, only the mid-stage Quasi-Emperor body can withstand it.

In ten thousand years, only four people have entered the 40,000 steps.

If a fifth person appears again, it should be a super genius from the high-level star field, and it will definitely not be Qin Feng, a native of the earth.

At this moment, Qin Feng had already reached level 39999.

Long Shang smiled!

It's time for the show to begin!

He stood up slowly and looked at everyone with a cold and arrogant look.

"It's time to end!"

Long Shang's words quickly spread throughout the audience.

Everyone was stunned and turned to look at him, feeling a little baffled.

"End of what? What do you mean?!", Xiao Lun Wang looked at him unhappily.

Long Shang said proudly: "Are you all fools? The 40,000th level is the second gate. Qin Feng will be there soon....."

"Look! Lord Qin Feng has entered level 40,000!"

"yes! He has entered level 40,01 again...."

What?!

Qin Feng has passed level 40,000 again?

Long Shang was embarrassed.

He stood there blankly, not knowing what to do.

Even the three members of the fainting organization beside him felt embarrassed.

Long Shang was slapped in the face again.

It made all three of them a little embarrassed.

They were all a little sad, wondering why they recognized such a boss?

Where have you been embarrassing yourself!

"cut!", Xiao Lun Wang sneered and didn't bother to pay attention to Long Shang.

Now he felt more and more that Long Shang was like a clown.

Being despised and ignored by everyone, Long Shang's old face turned red and he was a little embarrassed.

Damn!

This time I'm embarrassed again.

Okay!

There's another chance!

You country bumpkins will die sooner or later!

Long Shang sat down again with a gloomy face.

But he said that Qin Feng had passed the forty thousand steps.

Everyone found that Qin Feng's climbing speed had dropped significantly. Less than half of the original.

Obviously, Qin Feng was also in trouble.

But such results have shocked everyone, including Yu Qilin and Long Shang.

In the blink of an eye, another two days have passed.

In these two days, everyone Everyone was paying attention to Qin Feng's results.

In the corner, Long Shang's eyes were bloodshot.

He had been staring at Qin Feng's results.

This time, he waited again.

Qin Feng has now reached level 59999, and the next step up is 60,000. At the 10,000 level, the dragon's power damage will suddenly increase tenfold.

That is the third big threshold.

In the past 10,000 years, only two people have gone anywhere.

Qin Feng, a country bumpkin, definitely can't do it!

"It's all coming to an end!", Long Shang stood up excitedly.

Everyone was stunned again and looked back at him.

The corners of Long Shang's mouth raised, and just when he was about to explain, he felt someone behind him pulling his clothes.

When he looked back, he saw a fainting man. The members of the organization looked at him strangely.

Long Shang frowned: "What are you doing?"

The member swallowed his saliva and said anxiously: "Sir, please stop talking....."

Long Shang was furious: "What do you mean?"

The member said with a sad face: "Sir, Qin Feng has climbed to the 60,01st level....."

Long Shang's expression froze instantly.

Everyone was dumbfounded!

Damn it~!

Qin Feng actually made it through again?!

At this time, he found that everyone was looking at him with mocking faces.

His face turned red with embarrassment...

Then, he sat down silently in the disdainful eyes of everyone. paralysis! I am embarrassed again!..

Chapter 272

At the same time, on the ladder to heaven.

Qin Feng stood on the 607th level. now. He's in big trouble.

The destructive power of the light attribute in the dragon's power finally exceeded the strength of his physical body.

The skin all over his body was swollen and red, cracked in some places, and fine lines of blood were flowing out.

Qin Feng was also so painful that he broke into cold sweat on his forehead.

He looked up at the stone steps ahead.

As long as he advances to another level, the strength of the dragon power will increase by 10%. His physical body may not be able to bear it and will burst on the spot.

This is only level 60,000!

His goal is one hundred and eight thousand levels!

Speaking of which, these 60,000 levels are aimed at the late-stage quasi-emperor level bodies.

Qin Feng's current physical strength is 65.7%, which has not yet reached the late quasi-emperor level.

Only when it reaches more than 70% will a qualitative change occur, which is considered to be the later stage.

And if he wants to strengthen his physical body, he must step forward.

Only the eight-series dragon power on the higher stone steps can strengthen his physical body.

It's time to show your true strength!

Qin Feng's heart moved.

Super skill - dead wood blooms! launch!

His injuries were quickly repaired.

In the next second, he crossed the seventh level.

The strength of dragon power continues to increase.

Finally, dragon power destroyed the balance.

The repair speed of dead wood cannot keep up.

Bang~! Bang~! Bang~!

Qin Feng's blood vessels all over his body burst.

But he didn't stop, but accelerated forward.

At the same time, he quickly devoured a demon core.

God-level devouring operation, energy repairs the physical body.

The two repair skills are superimposed, and the effect is greatly increased. It is comparable to the best king-level skills, and can completely withstand the damage caused by dragon power.

Qin Feng quickly accelerated forward.

Three hundred levels...five hundred levels.....A thousand steps...

In the blink of an eye, ten hours passed.

Qin Feng has reached level 69,000.

He has consumed more than a thousand demon cores.

This time, before he came to the secret realm, he expected to consume a lot of demon cores.

Yue'er helped him purchase a total of eight thousand demon cores, all of which were from three to five stars.

He originally thought that so many demon cores were completely enough.

Now it seems that it is not enough at all!

He continued to sneak.

An hour later, he finally crossed the 70,000th level...

He reached the limit again.

God-level devouring and dead trees can't save him.

Poof~! Poof~! Poof~!

Broken blood vessels throughout the body.

Qin Feng was in extremely severe pain, and the corners of his mouth twitched.

At this moment, his whole body was covered with cracks, and the cold sweat on his forehead mixed with blood and flowed down his cheeks.

This time it was really the limit.

Qin Feng gritted his teeth and looked at the steps in front of him.

He knew very well in his heart that if he took another step, his body would inevitably collapse.....

Logically, he should take a step back and adjust.

But Qin Feng did not retreat, he took a look at his data.

Physical quasi-emperor level 69.99%!

You can give it a try!

Qin Feng actually stepped forward again.

Seventy thousand and one level!

Flesh and blood keeps exploding!

The sky is filled with blood mist!

Internal organs broken! limit!

Qin Feng's eyes were dizzy from the pain.

Extremely dangerous.

If he does not retreat within three seconds, or if he does not withdraw, his body will completely shatter and he will die.

Qin Feng stood still and did not move.

One second...the blood vessels are constantly collapsing... two seconds...the physical body begins to disintegrate from the inside out... three seconds... the eight series of body tempering time is enough

"Ding! The physical body has been strengthened to 70% of the quasi-emperor level, reaching the late threshold of the quasi-emperor level. The physical body has been greatly strengthened....."

Qin Feng's whole body was shocked.

His physical body finally broke through to the late stage of Quasi-Emperor, and his resistance instantly increased greatly.

At this moment, he resisted.

Withered trees blooming, god-level devouring is running at high speed.

The injuries all over his body recovered quickly, and in a blink of an eye he was as good as before, without even a trace of a wound.

Qin Feng was overjoyed.

Everything is under your control.

The physical body is different when it reaches the late stage of Quasi-Emperor!

In fact, these levels of 60,000 to 80,000 are aimed at the physical strength of the quasi-emperor in the later stages.

With this breakthrough, the road ahead will be easier for him.

At the moment, Qin Feng swallowed a demon core and continued to move forward.....

In the blink of an eye, a day passed.

Qin Feng finally reached the 79,999th level, and the next level would be the 80,000th level.

This is the fourth major threshold.

After passing the 80,000th level, it is aimed at the Quasi-Emperor's Dzogchen body.

The physical strength of Dzogchen is over 90%.

But Qin Feng's physical strength is only 81.37%, which is still far from 90%.

Qin Feng stood at level 79999 and meditated.

He was almost at his limit now, and he had used almost all his methods before he could barely stand on the 79,999th level.

But when he suddenly reaches level 80,000, his dragon power will increase tenfold in an instant.

There is no doubt that his physical body will collapse quickly and he will not be able to survive for less than two seconds.

Eighty thousand levels!

Qin Feng sighed.

In thousands of years, only one person has crossed it.

The man finally reached the eighty-nine thousand steps.

He is the only one who has crossed the 80,000th level.

It seems that he can only use the last resort.

Otherwise, he couldn't cross it.

I hope his remaining demon core can hold on!

Qin Feng took a look and found that more than 6,000 demon cores had been consumed, with only more than 2,000 remaining.

But he still has 28,000 steps to go...

His goal is 108,000 steps, not just the 80,000 steps in front of him...

I hope to last until the end...

The next second, he started.

Eight series Hunyuan transformation.

Qin Feng's body swelled up, his momentum surged, and his combat power increased by 100 million.

With this transformation, his physical body was also greatly strengthened.

It turned out that he had long known that this method could strengthen the physical body.

After transforming, his energy consumption will be accelerated ten times.

This is not conducive to a protracted war.

Therefore, Qin Feng has always regarded it as a trump card and has not used it.

But now that it was coming to the final stage, he had to use it.

At that moment, he swallowed a demon core and stepped directly to the 80,000 steps...

At the same time, on the summit square.

Yu Qilin was extremely nervous.

She stared closely at Qin Feng's results.

Level 79999!

It has reached the fourth threshold!

Can Qin Feng cross over?

In ten thousand years, only one person has crossed over. Will Qin Feng become the second?

She was looking forward to and worried at the same time.....

On the other side, Long Shang was already dumbfounded.

This Qin Feng is too scary!

In the past ten thousand years, only the Lord of Annihilation has passed through.

Of course, the Lord of Annihilation at that time was only the eight-star king.

This Qin Feng has obviously not reached the eighth star, or even the quasi-eight star.

He was able to reach level 7999, which already made Long Shang feel desperate.

The fact that Qin Feng can reach level 7999 means that his potential is no worse than the Lord of Annihilation!

It doesn't matter even if you haven't reached level 80,000.

If Qin Feng could reach level 80,000, his potential would be even higher than that of the Lord of Annihilation.

At this thought, Long Shang's heart sank, and he felt fear. no!

He must kill Qin Feng.

Qin Feng must not be allowed to grow up.

Otherwise, it is a future master!

Lord!

When Long Shang thought about the Lord, he felt infinite despair and fear.

That was a terrifying existence that even the Nine-Star Emperor dared not look up to.

I didn't expect that such a character could appear in the small Earth Star Field.

He took a deep breath.

At this moment, there was a commotion ahead.

The crowd murmured uneasily

"Look! Lord Qin Feng stopped at level 79999 and stopped moving....."

"yes! Could it be that Master Qin Feng has reached his limit?"

"In fact, level 79999 is already extremely terrifying. This result is killing me. I can't even imagine it!"

Everyone sighed. When

Long Shang heard this, he suddenly discovered this problem.

Yes!

Qin Feng's previous results had been rising slowly.

He has stopped now!

It seems that he has finally reached his limit!

Really!What a terrible person!

Long Shang sighed, feeling inexplicably relieved.

Naturally, he doesn't want Qin Feng to be stronger..... fine!

The guy finally reached his limit.

Long Shang slowly stood up.

He's coming to announce that it's all over.....

Long Shang glanced at the entire audience coldly.

Everyone sensed this and turned to look at him.

He once again became the center of attention.

Long Shang was inexplicably excited, and his confidence came back

"Look no further! It's all coming to an end!"

Long Shang announced quietly, with an proud look on his face and the corners of his mouth slightly raised.....

"Lord Long Shang, Qin Feng has reached level 80,030....."

The voice of a member of the fainting organization sounded behind him.

Long Shang was struck like five thunders, and his whole body froze.

"Neuropathy!"

Little Lun Wang cursed angrily.

This Long Shang is a fool.

He said it was over over and over again, but it never ended every time.

This kind of person who can't even pretend to be cool is simply a fool. Shad sculpture.

He couldn't stand it anymore.

Everyone also showed disgust.

This Long Shang is really annoying!

Long Shang was dumbfounded.

Did I feel embarrassed again?

He turned around blankly, only to find that the members of the faint organization were all Avoiding his gaze, his expression was clearly filled with disgust.

Damn it!

How miserable have I been?

Even my subordinates started to dislike him!

Long Shang was extremely angry.

He sat back in silence with a gloomy face....

But the next moment, After he saw Qin Feng's results, he was dumbfounded again. He saw that after Qin Feng entered the 80,000th level, his results kept rising...

Long Shang was shocked and scared...

It turned out that after Qin Feng used the Hunyuan Transformation, he added With the help of Shangyao Core and Deadwood Fengchun, he was just able to withstand the destruction of dragon power.

His only flaw now is that the digestion speed of the demon core has accelerated.

In the blink of an eye, seven hours have passed.

Long Shang is completely desperate, and

Qin Feng has reached the ninth level. Ten thousand levels.

He actually surpassed the results created by the Lord of Annihilation back then.

You know, the Lord of Annihilation was an eight-star cultivation base back then.

And Qin Feng seems to have not reached the eight-star level yet.

In this comparison, Qin Feng's potential is obviously higher than that of the Nirvana. The Dominator is even better.

This guy is too scary.....

Thinking of this, Long Shang felt chills all over his body, as if he had fallen into an abyss.....

He closed his eyes weakly, not daring to look any further.

He was afraid that the more he looked at it, the more desperate he would become..

Chapter 273

On the other side, Yu Qilin was extremely ecstatic.

Qin Feng shocked her too much.

He actually surpassed the record set by the Lord of Annihilation in one fell swoop.

He won't really be the first person to break through the Stairway to Heaven, will he?

If this is the case, then he is the first person in ten thousand years.

That would definitely shock the entire Star Alliance.

The beautiful eyes of the jade unicorn shine with infinite expectation.

In the blink of an eye, two days passed.

On this day, Qin Feng finally reached the 100,000th level.

He finally reached the last big threshold of the Stairway to Heaven.

At this moment, on the ladder to heaven.

Qin Feng looked ahead.

The last eight thousand steps are just around the corner.

He could already see the end of the ladder to heaven.

At the end is a huge altar.

There is a group of things in the center of the altar, emitting dazzling white light, brightening the sky and the earth, making it difficult for people to see its original appearance.

Qin Feng was a little excited.

He knew that that mysterious thing was related to the secret of the ninth level dragon power.

However, if he wants to get the mysterious treasure, he needs to pass the last eight thousand steps.

Looking at the stone steps in front of him, a trace of fear flashed across Qin Feng's eyes.

His current physical body has reached 90.7% of the quasi-emperor level, just reaching the threshold of quasi-emperor level perfection.

But he only has the last two demon cores left.

And there was not much Hunyuan power left in his body.

This is what he has been using to perform Hunyuan transformation.

The Hunyuan power left in his body can only support him to transform for half an hour before it is exhausted.

At that point, he had no choice but to quit.

Since practicing so far, this is the first time Qin Feng has faced the situation of running out of ammunition and food.

What's more, this last eight thousand steps are completely different from the previous one hundred thousand steps.

It only destroys, only destroys, and no longer has any effect of strengthening the body.

What's more, its difficulty is ten times that of the 100,000th level, and it gets stronger as you go up.....

This is a road of destruction!

Qin Feng looked at the altar from a distance, feeling a little guilty in his heart.

He stood on the 100,000th level, already extremely reluctant.

If he hadn't luckily broken through to the threshold of Quasi-Emperor Level Perfection three hours ago, I'm afraid he wouldn't have reached the 100,000th level at all.

It seems that he is going to fight for his life!

Qin Feng took a deep breath, and then stepped into the 100,001th level.

Take this step.

The heaven and earth shook.

The mountains shook.

An extremely terrifying aura emerged.

It seems like a great beast has been awakened!

In the sky, the pressure comparable to that of the Nine-Star Emperor suddenly dropped. The pressure caused Qin Feng's clothes to burst, and the middle-grade Yuanwu armor on his body instantly shattered.

Under the soles of his feet, the violent dragon power rushed into his body in an instant, his internal organs were instantly crushed, his body swelled in an instant, and he was about to explode and die. not good!

Qin Feng was horrified, endured the dizzying intensity, and retreated in an instant.

With this retreat, his body, which was about to collapse, slowed down.

When he returned to the 100,000th level, the previous vision disappeared.

The mysterious and terrifying aura also disappeared.

But Qin Feng's whole body was already cracked, his seven orifices were bleeding, and his internal organs were all broken. He looked extremely miserable...

He quickly swallowed a demon core, and at the same time, he turned the dead wood into spring.

After a while, he fully recovered from his injuries.

This kind of recovery ability is rare even under Nine Stars.

"How is this going?"

Qin Feng looked at the eight thousand stone steps in front of him with lingering fear.

This was eight thousand steps of pure killing!

Just now, he clearly sensed that the dragon power coming up from the stone steps was pure light attribute. Other attributes.

This is Tongtian Ladder deliberately targeting him.

The last eight thousand steps are only destruction and killing, and there is no strengthening.

In this case, what is the point of him climbing up step by step?

Qin Feng thought for a moment Got it.

He suddenly raised his head and looked at the altar at the end, his beauty shining brightly.

After a moment, he took out a demon core and swallowed it slowly.

It was his last demon core.

He was ready Desperate.

This will also be his only chance.

If he fails, he is likely to die here.

At the same time, on the top of the mountain, everyone was in an uproar.

Just now, everyone saw that Qin Feng's score was ten Ten thousand and one level.

But in less than a second, it returned to the one hundred thousand level.

This shows that Qin Feng has really reached his limit.

In the crowd, Jade Qilin was so frightened that his heart was beating wildly.

Such a change shows that Qin Feng has reached his extreme. He reached the extreme point and could no longer move forward.

However, Qin Feng's ability to reach the 100,000th level was enough to shock the entire Star Alliance.

Yu Qilin smiled.

She was extremely satisfied with Qin Feng's achievement.

Thinking about it, she felt Excited.

In the corner, Long Shang was so frightened that he was covered in cold sweat. His heart was trembling all the time.

Qin Feng was so terrifying!

He actually climbed to the 100,000th level in one fell swoop.

This achievement, he never dared to dream of!

Long Shang! Shang secretly wiped the cold sweat from his forehead with trembling hands.

What kind of evildoer did I provoke?

Oh! What a sin!

Long Shang suddenly regretted it.

However, what made Long Shang happy was that Qin Feng's results finally Paused.

After all, he didn't have the ability to pass the level.

Otherwise, it would be even more terrifying!

"That guy should be back soon...."

Long Shang murmured in his heart, his eyes gradually becoming colder.

No matter what, he will kill Qin Feng.

Otherwise, when Qin Feng grows up, he will be the one who dies.

Fortunately, Qin Feng hasn't grown up yet.

He still has a chance!

Thinking of this, he secretly touched the trump card in his arms.....

At the same time, everyone was also talking about it.

When they saw Qin Feng retreating to the 100,000 level, they thought Qin Feng was about to withdraw from the assessment.....

On the other side, on the ladder to heaven, Qin Feng silently swallowed the last demon core.

The next second, he suddenly rushed into the 100,001st level.

The world shook again.

The mountain shook violently.

The atmosphere of terror reappears.

In the sky, the emperor's power suddenly pressed down, suppressing Qin Feng.

To prevent him from flying up, the soles of his feet must touch the stone steps.

As soon as he landed, the violent dragon power surged into his body.

Bang~! Bang~! Bang~!

The blood vessels on the body surface burst one after another!

Poof~! Poof~! Poof~!

The internal organs exploded instantly, making a muffled sound.

Qin Feng endured the severe pain and launched again.

Space teleportation!

A white light flashed!

Qin Feng disappeared.

The next second, he appeared at the one hundred and four thousand level.

With this appearance, the coercion and dragon power increased tenfold.

Bang~! Bang~! Bang~!

In an instant, Qin Feng's whole body cracked open, blood and flesh flew out, exposing his white-red ribs, and even his internal organs exploded out.

Another flash of white light flashed.

Teleportation is activated again.

The next moment, Qin Feng appeared at the one hundred and seventy-seven thousand nine hundred and ninety-fifth level.

He was only five steps away from the finish line.

But the pressure of heaven and earth and the power of dragons have increased tenfold again!

Boom~!

A loud noise!

Qin Feng exploded into pieces, turning into blood mist all over the sky, leaving no trace of residue.

But at this moment, a sudden change occurred.

In the blood mist, there was still an intact finger left.

That was Qin Feng's imperial finger.

The strength of the Emperor's Finger is a genuine Emperor-level body.

Under this terrifying pressure and dragon power, it survived. At this moment, it was wearing a storage ring, emitting a dazzling light, turning into a white light, and flying rapidly towards the finish line.

Phew~!

With a flash of light, the emperor's finger instantly passed through the last five stone steps and reached the end.

All visions in heaven and earth disappeared instantly.

The pressure is gone!

The dragon power disappeared!

Even the weird aura disappeared.

Only the Emperor's Finger exudes a strong spiritual light at the end point.

After a moment, a skill jade talisman flew out from the storage ring on the emperor's finger.

That is the emperor-level skill jade talisman - rebirth of fire!

This is what Qin Feng got from Zhu Yang.

Click~!

The jade talisman is shattered!

Emperor-level skills are activated—fire rebirth!

The fire of life burns!

The shattered pieces of flesh, flesh and bones automatically flew from a distance and threw themselves into the flames.

A few minutes later, an extremely handsome young man, like a god, walked out of the flames.

Qin Feng is resurrected!

He looked at himself briefly.

No injuries.

Instead, his physical strength increased from 90.7% to 92.1%, making him even stronger.

Looking back again, the altar is very close to Chi Chi.

Very good!!

He finally passed the level!

Qin Feng was ecstatic..

## Chapter 274

Qin Feng took new clothes from the storage ring and put them on.

The summoning jade talisman was also taken out.

He looked into his mind and saw his results.

Qin Feng: One hundred and eight thousand levels!

Sure enough, I really passed the level.

At this time, Yu Fu sent him a message.

Qin Feng quickly raised his head and looked at the altar in front, with a look of ecstasy on his face.

He finally knew what was stored in the altar.

At that moment, he walked towards the altar with excitement on his face.....

At the same time, there was panic in the square on the top of the mountain.

Everyone thought that Qin Feng would quit when he was at level 100,000.

But what happened next made everyone dumbfounded.

First, Qin Feng suddenly entered the 100,001th level.

Everyone exclaimed that Lord Qin Feng was going to try again.

Long Shang was so frightened that he clicked his tongue.

This pervert actually wants to try it again!

Quit now!

If this continues, he won't be able to bear the stimulation!

Long Shang roared in his heart.

He hoped that Qin Feng would stop immediately and get first place. Don't pass the level!

But the next second, he was dumbfounded!

Qin Feng suddenly reached level 104,000!

Damn it~!

This is so fierce!

Everyone also exclaimed!

At this moment, Qin Feng's score jumped again and became level one hundred and seventy-seven thousand nine hundred and ninety-five!

Bang~!

Long Shang's jaw dropped in shock.

Everyone was shocked.

But at this moment, Qin Feng's name dimmed instantly, and then disappeared.

His grades disappeared as well. not good!

Everyone thought of something instantly, and their faces became extremely ugly.

In the crowd, Yu Qilin's delicate body trembled, and her face suddenly became extremely pale.

Luo Li's eyes turned red instantly, and tears were about to burst out.

The place became quiet.

Everyone knows that the disappearance of Qin Feng's name means that he is dead.

I really didn't expect this result.

Everyone was dumbfounded!

Long Shang was stunned at first.

The next second, he reacted with a look of ecstasy.

Ha ha!! Very good!

That monster is dead!

God helps me!

"Ha ha!! it's over! It's all over!"

He stood up excitedly, his face flushed with excitement.

The wild and harsh laughter echoed in the square.

He was proud!

He was excited!

He was arrogant!

His biggest enemy is dead!

Who else here can stop him!

Long Shang looked at everyone arrogantly.

Luo Li turned around and glared at him with great anger.

Everyone's eyes also surged with anger.

This guy is really annoying!

Long Shang was disdainful and raised the corners of his mouth.

"Qin Feng is dead! It will be your turn soon! everything is coming to an end..."

As soon as he said these words, Yu Qilin's lukewarm voice sounded behind him.

"Qin Feng has reached level 18000... He has passed the level!"

"Wha...what?!"

Long Shang quickly checked the jade talisman.

Inside the jade talisman, a line of dazzling information was displayed.

Qin Feng: One hundred and eight thousand steps!

Damn it~!

Long Shang felt like he was hit hard by thousands of violent thunders.

His fragile self-esteem was damaged. A devastating blow!

Plop~!

Long Shang fell to the ground, as if he had fallen into an abyss, completely falling into endless despair..... terrible!

It's really terrible!

That guy actually passed the level!

It is truly unprecedented and unprecedented!

Unparalleled in history!

This will definitely shock the world!

Long Shang was heartbroken for a moment.

His face turned pale and he closed his eyes silently.....

But everyone cheered

"Ha ha!! Lord Qin Feng is so awesome! He actually passed the level!"

"Tsk tsks!! One hundred and eight thousand steps!! It's unimaginable!"

"yes! I can't even walk up to the 1,800th step, let alone the 108,000th step. It turns out that I am not even one percent as good as Mr. Qin Feng!"

Everyone sighed and admired Qin Feng to the extreme.

Luo Li almost cried with joy.

She didn't care what Qin Feng's grades were.

She only wanted Qin Feng to live.

On the other side, Yu Qilin silently raised his head and looked forward.

The entire square was surrounded by thick smoke. White mist surrounded it.

The assessment was not over, and the white mist would not dissipate.

Behind the white mist ahead, it should still be the end of the ladder to heaven!

She wanted to sense Qin Feng's position, but was blocked by the white mist and could not sense a trace.....

At the same time, the ladder to heaven ends.

Qin Feng walked towards the altar excitedly.

As soon as he approached, the altar emitted a vast spiritual light, the heaven and earth shook, and the dragons roared with joy, as if they were celebrating.

After a moment, the altar barrier automatically dissipated without any hindrance.

Qin Feng slowly climbed onto the altar.

In the center of the altar, the mysterious thing was trembling, as if welcoming his arrival.

Then, the aura slowly converged, revealing the original appearance of the thing.

It was actually a heart like jade.

The quality is like glass, crystal clear, and glowing with precious light. It is extraordinary at first sight.

The light attribute dragon power exudes from the heart, which is extremely pure. The level of dragon power is comparable to that of the Nine-Star Emperor.

This is the true dragon heart of the Light Dragon.

This was deliberately selected for him by the secret realm, and it was also an additional reward for his first pass.

Qin Feng stopped and looked at the True Dragon's Heart with caution.

This is a nine-star emperor level item, and visually it is stronger than his emperor finger.

But at this moment, the true dragon's heart actually flew towards him and exuded intimacy.

At the same time, the Summoning Jade Talisman also conveyed a message to him.

Qin Feng instantly understood what was going on, and was surprised and happy.

He did not avoid it, and watched helplessly as the True Dragon's Heart approached him, and then merged into his body in a strange way.

This time, what was surprising was that the light dragon power did not destroy his physical body.

After the dragon heart entered his body, it actively merged with his heart, as if a mysterious force was helping the fusion.

The fusion process is not painful at all, but feels comfortable.

He couldn't help but sit cross-legged on the altar, letting the mysterious power help him fuse the dragon's heart

"Ding! The host is fusing the light dragon heart....."

"Ding! The integration was initially successful, completion level 10%....The host's physique changes and acquires bright physique and bright talent - ordinary level....."

"Ding! Fusion completion level 40%....Bright talent upgraded to good level....."

"Ding! Fusion completion degree 70%....Bright talent upgraded to excellent level....".

"Ding! Fusion completion degree 100%....Bright talent upgraded to peerless level....".

"Ding! The host's physical body is completely tempered by the light energy, the physical strength is increased to 100% of the quasi-emperor level, and the combat power is increased to 630 million....."

"Ding! Congratulations to the host! The eight series of Hunyuan Power evolved into the nine series of Hunyuan Power.....Combat strength increased to 700 million....."

"Ding! The eight-series Hunyuan transformation was promoted to the nine-series Hunyuan transformation, reaching the ultimate king-level skill level....."

Nine-series Hunyuan Transformation: All attribute amplitudes are 20%, and Yuanli consumption is increased tenfold..

Chapter 275

After a while, it was over.

Qin Feng opened his eyes with a happy expression.

This time the harvest was too big.

He finally has all nine elements.

Not only that, his light attribute was directly strengthened to the quasi-ninth level.

Now, his light attribute and fire attribute are both at the quasi-nine-star level, and the other seven elements are all at the eight-star Dzogchen level.

Next, as long as he strengthens all nine systems to the nine-star level, he can fuse the supreme power of chaos.

This goal is getting closer.

Qin Feng felt excited just thinking about it.

In addition, he also got the secret of obtaining the ninth level dragon power.

It turns out that the real way to obtain dragon power is to first obtain the heart of the true dragon.

Then use the three credit aids of Ni Lin, Dragon Tendon, and Dragon Pearl to awaken the ninth level dragon power.

But in fact, no one has ever been able to reach the end of the Stairway to Heaven, so naturally no one can get the True Dragon's Heart.

Naturally, no one can awaken the ninth-level dragon power.

Now, Qin Feng got it.

He hopes to awaken the ninth level dragon power and obtain the supreme inheritance

"It's time to look for the Dragon Balls....."

Qin Feng looked behind the altar.

The white mist shrouded there, covering everything, but it could not block Qin Feng's consciousness.

Vaguely, his consciousness scanned a square.

He saw the assessors and Chu Chu meditating with her eyes closed.

Qin Feng showed a smile on his lips and strode into the thick fog.

As soon as he entered, the restrictions in the thick fog automatically dissipated, without any hindrance to him.

This is the prerogative of those who pass the customs.....

At the same time, on the summit square.

Everyone stared at the jade talisman excitedly.

After Qin Feng reached the 18,000th level, he stayed still.

Just like that, more than ten minutes passed, but Qin Feng didn't appear in the square.

Everyone didn't know what was happening and could only wait silently.

Inexplicably, everyone felt nervous.

They are looking forward to Qin Feng's appearance and the king's return.

Unconsciously, Qin Feng established an invincible image in their minds.

Under the subtle influence of the sacred contract, everyone unconsciously began to worship Qin Feng.

They also respect Qin Feng more and more, and their loyalty is higher.

Among the crowd, Long Shang slowly opened his eyes, and his dim eyes gradually regained their light, exuding a cold aura.

This time it's really over.

Qin Feng should appear soon.

He must kill Qin Feng.

Because Qin Feng is his nightmare and his eternal inner demon.

At this moment, majestic ice energy fluctuations came from the front.

Chu Chu actually broke through to six-star perfection at this moment.

"Huh! Chu Chu broke through!"

"Chu Chu, congratulations!"

Everyone was happy and congratulated one after another.

The happiest person was Luo Li.

She and Chu Chu were the closest.

"Sister Luo Li, how are my brother's grades?", Chu Chu is very excited now.

In the past few days, she has been refining the Emperor's Ouyang and attacking the six-star perfection, and she is not clear about what happened during the assessment.

Speaking of which, this is what Qin Feng confessed.

Qin Feng let After she finished the assessment, she refined the Emperor's Ooze Breakthrough to cope with the next Dragon God inheritance.

She naturally obeyed.

In just a few days, relying on the acceleration of her time ability, she consumed hundreds of thousands of milliliters of Emperor's Ooze, and that was it. Breakthrough.

At this moment, Chu Chu looked at Luo Li expectantly.

Luo Li said excitedly:"Qin Feng has cleared the level! He should be up soon!

Chu Chu was overjoyed:"Great!" My brother is so awesome!"

"Of course!", Luo Li looked proud.

Behind the crowd, Long Shang looked at Chu Chu's excited look, with disdain and some jealousy in the corners of his eyes.

She is such a dead girl, and she actually surpassed herself in the potential test.

God has no eyes!

This stinky She was obviously a country bumpkin from Earth, how could she be more talented than him?

When he thought that this girl was Qin Feng's sister, he felt even more unhappy.

Could it be that these brothers and sisters were sent by God to test him?

It's not like God has given a great responsibility to this person. , must first strain their bones, starve their skin, and deplete their bodies!

I want to kill their brothers and sisters!

Remove the obstacles on my way forward!

Long Shang's eyes became more and more sharp.

He felt more and more that he was a person in adversity. The protagonist who is slowly growing up!

All the difficulties in front of him are just tests for him.

"Sir, that Chu Chu broke through...."

A member's voice sounded next to Long Shang.

That voice was full of uneasiness and apprehension

"how? Are you afraid? Could it be that you three can't handle a little girl?"

Long Shang frowned.

They spoke in extremely low voices, and barriers were set up around them to prevent others from eavesdropping on their conversations.

The member looked worried and said: "Sir, this Chu Chu doesn't seem to have a high level of cultivation. But her talent is so terrifying! She will become the emperor in the future. Also, she...she passed you on the Stairway to Heaven before...."

After saying the last sentence, the member's eyes dodged and he was a little scared.

Sure enough, Long Shang's anger surged and he was furious.

This damn guy really doesn't care about anything!

He is most afraid of others saying that Qin Feng's brother and sister are better than him.

That way, he couldn't control his jealousy

"waste! The three of you are all half-step into the Jingyuan Fusion Realm, but if you three join forces, you still can't deal with a six-star Dzogchen girl?"

It turned out that Long Shang's plan was to have these three people join forces to deal with Chu Chu, which would distract Qin Feng.

Long Shang took the opportunity to sneak attack Qin Feng and kill him to pieces.

He felt that his plan was perfect.

"right! That Chu Chucai has six-star perfection, what is there to be afraid of? If the three of us suddenly take action, we will definitely succeed."

The other member was very confident.

Afterwards, the three members made eye contact and felt that they should be 70% sure, and they all felt relieved.

Seeing this, Long Shang also breathed a sigh of relief.

At this moment, in front of the square, The white mist suddenly surged.

Everyone was startled and turned their heads to look.

They saw an extremely handsome young man walking out of the white mist.

Qin Feng finally came out..

Chapter 276

"Lord Qin Feng is here!"

Someone in the crowd cheered

"elder brother!", Chuchu ran over happily.

Luo Li and Yu Qilin both looked happy.

Behind the crowd, Long Shang stood up, looking very nervous.

For some reason, when he saw Qin Feng again, he was afraid and felt uneasy.

Damn it! How could he ? Are you suddenly afraid of this guy?

No!

We must get rid of this hateful guy this time!

A ruthless look flashed across Long Shang's eyes.

The three members behind him also stood up nervously.

At this time, Qin Feng responded to everyone's greetings.

His eyes lit up with silver light.

The memory reading was activated!

Quick and simple reading!

He only glanced at everyone and retrieved everyone's recent memories.

Immediately, he glanced at Long Shang with a half-smile.

This glance will Long Shang Shang was scared to death.

He had something in his mind and thought Qin Feng had noticed something.

Fortunately, Qin Feng quickly looked away, took out dozens of point tokens from the ring, and directly asked several assessors The examiner threw it over.

Some got two or three yuan, and some got five or six yuan.

Plop~! Plop~! Plop~!

Several assessors who got the point tokens knelt down directly to Qin Feng.

"Thank you Mr. Qin Feng for saving your life!"

"Lord Qin Feng, I, Wu Shanchuan, am willing to be loyal to you to the death!"

"Me too!"

A few people bowed to Qin Feng with great gratitude.

Their expressions were extremely sincere and their hearts were very touched.

It turned out that these people's points were less than 1,000 points.

In the past few days, they had been suffering from fear.

They even thought that They were going to die.

The reason why they could survive until now was because of Qin Feng.

They intuitively felt that Qin Feng could save them.

Unexpectedly, Qin Feng really saved them and didn't even let them ask for help.

This boss cared about them very much. Ah!

This made them feel that they were following the right person.

The onlookers all around also showed joy.

Many of these people who did not have enough points were their fellow disciples, and they naturally did not want to see anything happen to them.

At the moment, everyone looked at Qin Feng The expressions in their eyes have changed.

If they had taken refuge in Qin Feng before, it was because of the situation and their admiration for Qin Feng.

Then their surrender at this moment is more sincere.

With a boss who cares about his subordinates, Take refuge in him, what else is not worth it?

"Get up! They are all our own!"

Qin Feng smiled calmly

"Thank you sir!"

A few people stood up with a respectful attitude.

Everyone also watched respectfully and did not dare to disturb.

Not far away, Xiao Qingfeng saw this scene and was thoughtful.

Among the crowd, Long Shang was very unhappy when he saw this scene.

But this At that time, he actually saw three of his subordinates looking at those people with envy.

They seemed to be envious of Xiao Lun Wang and others for finding a good boss.

This comparison made Long Shang furious.

Damn it~!

These three rolled their eyes. What do you mean wolf?

I'm really pissed off!

Long Shang wanted to slap them on the spot.

He felt extremely depressed.

Qin Feng far surpassed him in every aspect.

Now, even accepting a subordinate, he is better than him.

Is this still natural?

At this moment, the square shook.

The black scoring stone rose from the ground.

The sound of the secret realm sounded in the sky

"The fourth assessment is over and the mechanism is wiped out! start up!"

In an instant, 1,000 points were deducted from everyone's points, but there was no casualty.

Everyone secretly breathed a sigh of relief.

The rescued assessors once again cast grateful glances at Qin Feng.

At this time, the scoring stone tablet The spiritual light lit up.

Everyone turned to look.

The rankings and rewards of this assessment appeared on the spiritual monument.

Qin Feng, Southern League, 108,000 points (ranked first)

Chu Chu, Southern League, 4327 points, (ranked first) Second place)

Xiao Lun Wang, the Deep Sea Clan, 3168 points (ranked third)

Long Shang, the faint organization, 2851 points (ranked fourth)

Jade Qilin, the faint organization, 2186 points (ranked fifth)

Soon, the rewards were also displayed.

This time, all the rewards were doubled.

Qin Feng got forty drops each of Dragon Bone Pill, True Dragon Blood, and Dragon Marrow Liquid.

Chu Chu got sixteen drops each, and Xiao Lun Wang got eight drops each. , four drops each for Long Shang, and two drops each for Jade Qilin.

After a moment, the square shook again.

The reward altar rose from the ground.

Qin Feng and others received the rewards one after another.

These things were of no use to Qin Feng, he All were given to Chu Chu.

All the rewards from the Little Lun King were also given to Chu Chu.

Long Shang swallowed his saliva with envy, and felt doubly depressed in his heart.

In the end, he was worse than a little girl.

This also made him even more jealous.

Then, , he turned to look at Yu Qilin

"Bring it!"

Long Shang stretched out his hand with an arrogant tone.

What he wanted was a reward of dragon blood and other things.

"Feel sorry! I won't give it to you this time!", Yu Qilin refused without hesitation

"you....", Long Shang was dumbfounded, "Are you disobeying the organization's orders?"

Yu Qilin sneered and didn't answer.

Everyone also looked over curiously.

Are the people in the faint organization having internal strife?

Everyone couldn't help but watch the show.

Long Shang's face was a little confused.

His men openly disobeyed orders.

This is so embarrassing for him!

"snort! You will regret this!", Long Shang's face turned red with anger.

His lungs were about to explode!

This bitch!

She actually defied herself in front of the enemy.

This was obviously intentional!

Just wait! I will kill Qin later. The wind, and those earth bumpkins, have your beauty

"snort!", Long Shang snorted coldly and put away the dragon blood items.

At the same time, he used the corner of his eye to send a signal to the three organization members.

The three members understood and quietly touched Chu Chu.

Right here At this time, the sky above the square trembled.

The breath of the secret realm descended

"This assessment is completely over! Secret realm protection rules cancelled!"

As soon as the words fell, everyone felt strange.

It seemed that something invisible was peeled off from them.

It was that the laws attached to them were taken away.

At this moment, a sudden change occurred in the field

"go to hell!"

The three faint members roared at the same time and stabbed Chu Chu together.

The roar resounded throughout the square.

The three of them did it on purpose, just to attract Qin Feng's attention.

Everyone was shocked and looked back.

When he saw the three people surrounding Chu Chu, his expressions changed greatly.

Qin Feng also pretended to look back.

"The opportunity has come!"

Long Shang was ecstatic!

He thought Qin Feng was distracted and it was the best opportunity for a sneak attack.

He quickly took out two translucent crystal balls.

One contained the nine-star light source, and the other contained the nine-star dark source.

But right here At that moment, he was dumbfounded.

He saw an extremely handsome face looking at him, with endless ridicule in his eyes.

The next moment, a divine finger filled the sky and the earth, emitting endless divine light. Crushed towards him.

Boom~!

A loud noise!

The divine finger fell!

Blood mist filled the sky! The divine power of heaven and earth was majestic. Thousands of miles of mountains and rivers trembled.

Qin Feng killed Long Shang to pieces with one finger.

Blood mist floated in the air...

Immediately, he waved his hand, and two crystal balls flew over automatically.

The nine-star light source and the nine-star dark source were obtained!

At the same time, three muffled groans sounded behind him.

He looked back. He saw Chu Chu standing proudly on the spot, Holding two swords in their hands, the three members of the faint organization all vomited blood and flew backwards.....

Everyone in the field widened their eyes.

This continuous mutation caught them by surprise..

Chapter 277

The strength of Qin Feng and Chu Chu shocked everyone.

Everyone knows that Long Shang's strength is extremely close to the Eight Stars.

But such a strong man was crushed to death by Qin Feng with one finger.

Chu Chu is equally amazing.

She was only six-star Dzogchen, but she severely damaged three half-step fusion realms in one encounter.

Not many people in the field can do it.

With all the calculations, only Yu Qilin, Xiao Lun Wang, Xiao Qingfeng, and Luo Li can do it.

But their cultivation levels are much higher than Chu Chu's.

In such a comparison, everyone is not as good as Chu Chu.

Everyone was shocked.

Master Qin Feng is not only powerful himself, but even his sister is such a monster!

At this moment, there were several muffled groans in the field.

The three seriously injured members of the Coma Organization were struggling to get up.

Everyone wake up!

"Kill them!"

"How dare you sneak attack Miss Chu Chu! Damn it!"

Everyone rushed forward.

A moment later, the three members were killed in the anger of the crowd.

Not far away, Xiao Qingfeng and another member of the Qinglong Alliance were stunned.

These people really worked together!

They joined forces together. Get up, I am afraid that the Eight-Star King will have to retreat, it is too strong.

Having said that, these people are the elites of the major forces, and none of them are the best.

Suddenly, Xiao Qingfeng and that member thought of something, and their eyes were filled with tears. Showing uneasiness.

Sure enough, after everyone killed three members of the faint organization, they looked at the two of them with evil expressions.

Xiao Qingfeng's face suddenly turned pale.

The member was so scared that his legs were weak.

These people are now all They are a group.

They won't kill him, right?

Xiao Qingfeng is also panicked.

Not to mention Qin Feng, there are several of these people who are not weaker than him.

At this time, the voice transmission from his men rang in his ears

"Captain, why don't we also join Qin Feng... I think he was very good to his subordinates before..."

Hearing this, Xiao Qingfeng was moved.

Indeed!

Qin Feng was very good to his subordinates.

For this, he was very Appreciate it.

What's more, Qin Feng will definitely become a peerless powerhouse in the future.....

Such a peerless strong man is very charming.

He will attract many elites to join him.

He has no shortage of talent at all.

Thinking of this, Xiao Qingfeng felt that it was not a bad thing to seek refuge with Qin Feng.

Why should I cling to the pride of the Azure Dragon Alliance?

Even the Little Lun King has taken refuge, why do I still hesitate?

Is Qin Feng willing to accept him?

Xiao Qingfeng was worried and uneasy.

He is a very proud person.

It is not easy for him to make such a determination.

"Master Qin Feng....", Xiao Qingfeng stepped forward hesitantly.

The member of the Azure Dragon Alliance followed behind him nervously

"Master Qin Feng, I have something to tell you..."

Xiao Qingfeng spoke respectfully, not daring to show any arrogance.

Everyone looked at him coldly.

Some were expressionless, some were gloating, and some had unkind expressions.

This made Xiao Qingfeng Feeling the pressure, he had to bite the bullet and step forward.

At this moment, Qin Feng was detecting Long Shang's storage ring.

This guy has so many good things!

There are hundreds of Imperial Liquid Crystals in the storage ring alone. There are also a lot of Jingyuan beads.

It is estimated that the gains of all the previous members of the faint organization have been taken away by Long Shang.

According to Long Shang's nature, he can definitely do it.

These are just an advantage for Qin Feng.

Qin Feng's The completion rate of the eighth star pattern is only 17%, and he is short of a large number of emperor fluid crystals.

His mental power has not reached the extreme of eight-star perfection, and it can still be improved. The Jingyuan Pearl is also needed.

Hearing Xiao Qingfeng's voice, Qin Feng Satisfied, he put away Long Shang's storage ring.

At this moment, Xiao Qingfeng was very uneasy.

He wanted to go over to meet Qin Feng, but found that everyone was standing there upright, just blocking the road.

He did not dare to push them away. Open.

But it would be even more embarrassing if we take a detour.

"let him come.....", Qin Feng said lightly.

Everyone slowly separated and made way for them.

At the moment, Xiao Qingfeng walked nervously to Qin Feng under the indifferent gaze of everyone.

"Master Qin Feng....", Xiao Qingfeng saluted respectfully

"Say it!"

"We want to seek refuge with you, but I don't know if you will accept us....."

After saying this, Xiao Qingfeng breathed a sigh of relief inexplicably.

He finally let go of his stubborn pride.

But then, he felt a little panicked. Afraid of Qin Feng's rejection.

He looked at Qin Feng uneasily.

But he saw Qin Feng looking at him with a half-smile.

At this time, the mocking voice of the Little Lun King sounded behind him.

"Xiao Qingfeng, you just came to join now, are you not sincere enough? Xiao

Qingfeng panicked:"I joined a little late, but Xiao really wants to join Lord Qin Feng.".....Lord Qin Feng, I hope you will accept us!"

As soon as he said these words, the member behind him knelt down.

"Lord Qin Feng, please accept me. I really want to follow you! In the future, if you want to unify global power, I am willing to fully cooperate with you!"

That member was much crisper than Xiao Qingfeng.

Qin Feng nodded with satisfaction.

Seeing this, Xiao Qingfeng quickly agreed:"Me too!"

"Do you understand my rules?"

"got it! We are willing to sign a contract with you!"

"good!"

Qin Feng didn't waste any time. He drew two golden runes and flew them between their eyebrows.

A moment later, he signed a sacred contract with Xiao Qingfeng.

Xiao Qingfeng and Xiao Qingfeng finally breathed a sigh of relief.

Deep in their hearts , I am also full of gratitude to Qin Feng.

This Qin Feng is not ordinary. He is not the kind of person who adds insult to injury.

Ordinary people would probably kill them under such an absolutely strong situation. After all, the Tianlong realm is about to be opened.

That is the Dragon Ruins The last level of the secret realm has the most resources.

Naturally, the fewer people alive, the more benefits will be shared.

But Qin Feng did not do that, which made the two of them grateful, but also truly respected Qin Feng..

Everyone's expressions also softened, and they were no longer hostile to Xiao Qingfeng.

In fact, Qin Feng was very willing to accept Xiao Qingfeng.

Although this guy is curious, he is indeed a talent. If he is well cultivated in the future, he will be a capable person. His subordinates.

Having said that, all the top elites of the younger generation on earth have come under his command.

You know, these people all have the potential to become Eight-Star Kings, and some of them have the potential to become Eight-Star Great Perfection.

Wait for them When they all grow up, the forces under Qin Feng's command will be terrifying.

Thinking of this, Qin Feng's heart is a little hot

"Lord Qin Feng, this little lady gives these things to you, can you spare my life?"

The delicate voice of Yu Qilin sounded in Qin Feng's ears.

Her beautiful eyes were affectionate and her mouth was smiling.

How could she beg for mercy?

This woman is really... her acting skills are so bad!

Qin Feng rolled her eyes angrily.

He coughed dryly. Then he said seriously: "You are a smart woman! Then I will spare your life!"

As soon as he finished speaking, Qin Feng accepted the items donated by Yu Qilin with a serious face.

That was the dragon's blood and other items she had just obtained.

Qin Feng gave it to Chu Chu.

The little girl was filled with joy again.

"Thank you Lord Qin Feng for not killing me!", Yu Qilin smiled and stepped aside.

Everyone was a little surprised when they saw Qin Feng spared Yu Qilin.

Before, Yu Qilin and Long Shang had an internal conflict.

After that, Long Shang and others made a sneak attack, but Yu Qilin did not participate.

Obviously this Yu Qilin Qilin and Long Shang are not the same group.

Everyone has a good impression of her.

Now that Qin Feng has spared her, no one dares to make a mistake.

Everyone does not know that Jade Qilin has been taken over by Qin Feng a long time ago.

For this Naturally, Qin Feng would not tell anyone about the matter.

He also wanted to arrange for Yu Qilin to be the traitor of the Meng organization. For her safety, her identity had to be kept secret.

At this moment, Qin Feng's voice sounded in his ears.

"Qin Feng, this secret realm is almost over! After I go out, I won't be able to see you for a long time....."

"You should hurry up and find an opportunity to have me. Every time I think of you these days, my body reacts and becomes wet.....It feels so uncomfortable!"

Qin Feng heard sweat pouring from his forehead.

This woman looked so innocent, but spoke so directly...

At this moment, the invisible power of the secret realm fell from the sky and enveloped the whole place.

Everyone was startled and became nervous.

At this moment, a sudden change occurred in a pool of blood not far away.

The blood stain was left by Long Shang after his death.

At this moment, under the influence of the power of the secret realm, the blood stain began to squirm strangely.

After a moment, it disappeared from the A cloud of red mist, a cloud of white mist, and a cloud of silver mist emerged from the blood.

After a few more minutes, in the surprised eyes of everyone, the red mist gradually condensed into a few drops of true dragon's blood.

The white mist condensed into several drops of blood. Dragon Bone Pill and silver mist condensed into a few drops of dragon marrow liquid.

It turned out to be dragon blood items refined by Long Shang, which were stripped out from the secret realm.

Qin Feng was delighted.

He waved his hand, took all the items into his hands, and then handed them over to Chu Chu.

At this moment, the whole square trembled, and the surrounding white fog began to recede.

After a while, the true appearance behind the top of the mountain appeared in front of everyone.

It was a huge mountain range.

Green mountains and green waters, stretching for thousands of miles.

Everyone was exposed Joyful.

What he saw in front of him was the Tianlong Realm, the last level of the Dragon Ruins Secret Realm.

The resources contained in it were extremely rich.

Qin Feng also showed a look of expectation.

The last token, the Dragon Pearl, was hidden in the Tianlong Realm.

That was also the reason why he obtained the Nine The key to super dragon power..

Chapter 278

At this moment, the summoning jade talisman sent new information to everyone.

After everyone digested it, they were surprised and sighed.

What surprised them was that this time the resources in the Tianlong Realm would be ten times as large as before, extremely rich.

What they lamented was that this was the last time the Dragon Ruins was opened. Three days later, the Tianlong Realm was closed and the inheritance entrance was opened.

When the inheritance ends, the Dragon Ruins Secret Realm will disappear from the earth forever.

It can be said that the resources of the Tianlong Realm have become ten times richer this time, which is the last gift of the Secret Realm to the creatures on earth.

Therefore, everyone feels that it should be cherished.

At this time, all the transparent barriers around the square were removed.

But no one moved. Everyone looked at Qin Feng respectfully, waiting for his order.

Everyone identified Qin Feng unconsciously.

Especially Luo Li, Lu Ming, and several people whose lives were saved by Qin Feng.

Their loyalty to Qin Feng has exceeded the power behind them.

For Qin Feng, they could even betray their own organization.

Not to mention Chu Chu.

For Qin Feng, she could kill everyone in the world.

There is only her brother in her world and there is no room for the second person

"Go for it! We only have three days, so please cherish it!", Qin Feng said calmly.

Everyone was overjoyed: "Thank you, sir!"

Afterwards, everyone rushed to the Tianlong Realm.

Only he, Chu Chu, and Yu Qilin were left in the field.

"Brother, I went too!"

"Go for it!"

"whee!! Let's go!", Chu Chu ran away excitedly.

The little girl is still very concerned about those resources.

What's more, the Tianlong Realm is only open for three days.

She must seize the time to get the resources.

As for refining dragon blood and other things, she can do it later, and That's right.

After Chu Chu left, Qin Feng and Yu Qilin were the only ones left in the field.

Qin Feng looked at the people leaving and smiled slightly.

These are his men, and he doesn't need to compete with them.

What's more, this The resources in the Tianlong Realm are not very attractive to him.

If he wants something, it is just a matter of one sentence, and someone will send it to him.

Therefore, Qin Feng did not rush to find the resources.

He turned his eyes and looked To a certain direction.

There is a palace hidden there, called Tianlong Palace.

The Dragon Ball is hidden there, and it has always been guarded by the Dragon God Emperor of Eight Stars.

"Qin Feng, everyone is gone...."

Yu Qilin came over with a smile.

That pure and beautiful face was raised, desire revealed in her beautiful eyes.

Qin Feng was so excited when he saw her

"you woman....."

"Qin Feng....."

Yu Qilin blushed and said a lot of words in Qin Feng's ear...

Qin Feng felt sweat on his forehead.

This woman is so fierce!

"You...you are not shy about speaking at all...."

Qin Feng shook his head helplessly

"Where is it?", Yu Qilin pouted slightly.

Coupled with her pure appearance, she is really endearing.

"Women in our star field can only let go in front of the one they love. My feelings for you...don't you understand?"

Speaking of this, her face turned even redder.

"Let's do serious things...."

"There's no one around, can't we now?", Yu Qilin's little mouth curled up slightly, a little reluctantly

"What if someone comes back? Why are you more anxious than me?"

"Hehe~! So let's go find a private place now?"

"I'm going to find the Dragon Ball... I can't delay at this time! Let's talk about it after we finish the real work...."

"Oh... Then let me help you find resources. There are a lot of resources such as Emperor Liuqing in the Tianlong Realm. By the way, there is also Dragon Essence Fruit, which can enhance mental strength....."

Yu Qilin said excitedly.

She was not interested in anything but the Dragon Essence Fruit.

The effect of one Dragon Essence Fruit is comparable to ten Small Essence Pills.

This spiritual fruit will be of great help to her breakthrough to the quasi-eight stars.

Only when the essence fusion realm reaches a certain level can one condense the eighth star pattern and break through to the quasi-eight stars.

Her mental power is very strong and she is very close to this level.

"Well, then go ahead!"

Qin Feng smiled and patted her.

He had no interest in the Dragon Essence Fruit.

The level was already low and it did not help his mental strength.

"Qin Feng, these are for you...."

Yu Qilin gave him nearly a hundred pieces of Emperor Liujing and dozens of Jingyuan beads.

Qin Feng was surprised: "Why don't you want it yourself?"

He could understand that Yu Qilin didn't want the Jingyuan Pearl.

But Emperor Liujing is still of great use to Jade Qilin.

When her essence fusion realm reaches a certain level, she can use the Imperial Liquid Crystal to help condense the eighth star pattern.

"Our organization has no shortage of resources.....When the time comes, I will break through and have no resources, so I will ask them for help....."

Yu Qilin's red lips revealed a wicked smile.

Sure enough, girls are outgoing.

Once a woman changes her heart, she will always consider the man she loves.

Just like this jade unicorn.

She is using the resources of the faint organization in a different direction to support her man.

"All right!"

Qin Feng didn't talk nonsense and simply put it away.

"Then I'm leaving!"

"Um!"

"By the way, I have one more important thing to tell you...."

"What's the matter?"

"Do you know why Long Shang wants those three tokens?"

"Are you talking about Ni Lin, Dragon Tendon, Dragon Pearl?"

"Yes! This is the task assigned to him by the God Emperor. On that day, there was a unique treasure hidden in the Dragon Palace that made the Nine-Star Emperor's heart beat. To get that treasure, you must collect all three tokens....."

Qin Feng's eyes lit up and he suddenly became interested.

"What treasure?"

Even the Nine-Star Emperor was moved by something, so naturally he was even more moved by it.

"A treasure that can enhance the qualifications of the Nine-Star Emperor!"

It is indeed a good treasure!

Qin Feng took a deep breath

"You mean, if the Nine-Star Emperor gets that treasure, his potential will rise to the level of dominance?", Qin Feng asked curiously

"Won't!", Yu Qilin shook his head, "There is another realm above the Nine Stars, which is the Nine Stars Great Perfection."

"But it is too difficult to become the Nine-Star Dzogchen. It is difficult to produce even one nine-star emperor out of a hundred. Either the potential is not enough, or It's because the opportunity hasn't arrived yet"

"The God-Emperor knew that he had insufficient potential and had no hope of breaking through to the Nine-Star Great Perfection in this life, so he desperately wanted to get that treasure....."

"For this reason, he and Hades spent a lot of money to establish a branch of the Hun Organization on Earth. All of this is for that treasure."

After listening to this explanation, Qin Feng suddenly realized.

He has also learned these days that the Dragon Ruins secret realm appears in many star fields.

As long as someone gets the inheritance, they will disappear in that star field forever.

Nowadays, most of the Dragon Ruins secret realms have disappeared.

The existing Dragon Ruins Secret Realm all remains of the wild star fields that have not been fully opened.

For example, the Earth Star Field is a primitive star field and is not popular at all.

"Is there only one of that treasure in a secret realm?"

"Yes! No one has found it yet in the dragon ruins of your earth. You must get it this time. If you miss it, it will be gone. it will be of great benefit to you....."

Yu Qilin said it very seriously.

She is very concerned about the future achievements of her beloved.

Qin Feng nodded slightly.

Immediately, he wondered again: "The strength of the God Emperor is not inferior to that of the Qinglong Emperor. He is actually the top figure among the Nine Star Emperors. With his strength, he can't achieve the Nine Stars Great Perfection?"

Yu Qilin shook his head: "If you want to achieve the Nine Stars Great Perfection, Consummation is extremely difficult! It's hard to find even one Nine-Star Emperor out of a hundred. The God Emperor is not qualified enough! Neither is your Earth's Azure Dragon Emperor...."

"On the contrary, your Southern Alliance's Jiutian Phoenix Emperor has a 10% chance. I heard that she is the youngest emperor among the earth, but her strength is not inferior to that of the God Emperor...."

"Well.....Are you just guessing?"

Qin Feng looked suspicious.

Even he didn't know Yue'er's age, how could Yu Qilin know?

"hey-hey!! This was said by the God Emperor and the Pluto Emperor when they were chatting, and I heard it from the sidelines! They also said that within a few decades, the most powerful person on earth would be Emperor Jiutianfeng."

"I think they are all wrong. The most powerful person in the future should be you!"

Yu Qilin's eyes were filled with pride.

It seems that Qin Feng's future achievements are her pride.

Qin Feng was also secretly surprised.

It turns out that Yue'er is so powerful!

"By the way, do you know why the Earth Star Territory is not recognized by the Star Territory Alliance?"

"Why?"

"Just because you haven't had the Nine-Star Dzogchen master appear yet! As long as you have a nine-star Great Perfection Emperor, the Star Territory Alliance will immediately send people over to promote you to the fifth level Star Territory."

"So, the fifth-level star field is the lowest level?"

"Well, Long Shang and I come from different fifth-level star fields. Our star field has a nine-star perfect emperor sitting in charge."

Qin Feng understood this when he heard this.

Nine stars, like eight stars, are divided into two realms.

One is nine stars and the other is nine stars.

"Is the Nine-Star Dzogchen very strong?", Qin Feng asked curiously

"Of course! Under normal circumstances, the Great Emperor can instantly kill the Nine-Star Emperor. Unless that emperor is very unusual"

"By the way, the Azure Dragon Emperor on your earth has average strength, but he dares to call himself the Great Emperor. If you leave the earth world, you will be criticized by others.of."

Yu Qilin complained softly.

Qin Feng smiled and said nothing.

"OK! Here I go! In short, you must get that treasure in Tianlong Palace. Don't miss it...."

"knew!"

"whee! Let's go!"

Yu Qilin left with a smile.

Qin Feng looked at the beautiful and graceful back, with a smile on his lips.

Immediately, he turned to look in the direction of Tianlong Palace, and his heart felt hot again..

Chapter 279

At this moment, Qin Feng was the only one left in the square.

He waved.

Hundreds of Imperial Liquid Crystals and Essence Beads appeared in front of him.

Qin Feng opened his mouth and sucked them all in.

"Ding! Devouring the Emperor's Liquid Crystal Successfully.....The eighth star pattern completion degree is increased to 26%...."

"Ding! Devouring the Essence Pearl Successfully.....Combat strength increased by 2 million....." not bad!

Qin Feng was very satisfied.

He also felt that his mental power was approaching the limit of Eight-Star Perfection.

Then, he took out two more crystal balls.

It is the nine-star dark origin and the nine-star light origin.

Click~!

Qin Feng flicked his finger.

The surface of the crystal ball cracked, and countless fine lines appeared.

For a moment, it spread all over the body.....

A soft sound!

The crystal ball shattered into powder, revealing the black light group wrapped inside.

The origin of nine-star darkness!

This is a treasure!

Qin Feng stretched out his imperial finger and touched it lightly. absorb!

The dark and cold source energy, with the power to destroy the world, poured into the body along the emperor's finger, and

Qin Feng frowned slightly.

There is still some pain!

Although his physical body has reached the level of quasi-emperor perfection, the power of the nine-star source is still extremely terrifying.

However, that's about it!

This dark origin only made him feel pain, but could not destroy his physical body.

Everything is within the range he can bear.

Wisps of dark origin were absorbed, Qin Feng closed his eyes slightly, feeling that his dark attributes were constantly being strengthened.

The pain on his face became lighter and lighter, as if he was slowly getting used to it.

And this time, the speed of absorbing the Nine Star Origin was obviously dozens of times faster than last time.

Last time, he could only absorb it bit by bit.

In the blink of an eye, half an hour passed.

The source of darkness is completely absorbed.

Qin Feng opened his eyes excitedly.

His dark attributes were successfully strengthened to a quasi-nine-star level, and his combat power was increased to 720 million.

Then, he smashed another crystal ball and began to absorb the source of light.

This time the absorption was smoother.

It only took him 20 minutes to absorb it.

His light attribute has also been upgraded from quasi-nine-star to nine-star level.

At this point, his light attribute has been strengthened to the nine-star level.

The dark and fire attributes are strengthened to quasi-nine stars.

The rest are all at the eight-star Dzogchen level.

He is one step closer to integrating the power of chaos.

In addition, his combat power has also reached 750 million.

After doing this, Qin Feng came to the reward altar again and began to redeem items.

In the last two assessments, his points accumulated to more than 130,000 points, which can also be exchanged for some resources.

This is also his last chance to redeem.

Great Essence Pill, worth 1000 points (100 in stock), has the same effect as one Dragon Essence Fruit.

Qin Feng was overjoyed.

This is definitely a treasure!

What is the most lacking thing on earth right now?

That is the greatest lack of spiritual objects that can enhance spiritual power.

Faced with the increase in spiritual power, everyone was helpless.

In fact, let alone the earth world, even the faint organization is extremely lacking in means.

However, the most important thing to break through from the seven-star Dzogchen to the eight-star is mental strength.

Therefore, the vast majority of geniuses on earth are stuck at this level.

The same is true for people in faint organizations.

There is no one like Qin Feng who can directly swallow the essence beads and increase his mental power.

In short, the Nine-Star Emperor has no idea how to improve his spiritual power.

The effect of Xiaojingyuan Dan is really limited, and it is also highly resistant to medicine. After taking more than a dozen pills, it has no effect.

This Great Essence Pill is different.

Not only does it have remarkable effects, but it also has low drug resistance. It is an excellent treasure for cultivating eight-star kings!

If they were used for trading, the Nine-Star Emperor would be moved.

Qin Feng became more and more excited as he thought about it.

He has already set his sights on those nine-star emperors.

If he wants to strengthen the nine attributes, he needs the Nine-Star Emperor Origin.

Perhaps these Great Essence Pills can help him exchange for some of his origins.

Thinking of this, Qin Feng spent 100,000 points without hesitation to redeem all the Great Essence Pills.

These Great Essence Pills, like the Dragon Essence Fruit, have no effect on him, but they are extremely valuable.

In fact, Dragon Essence Fruit is also priceless.

Apart from dragon blood and other items, it is the most precious item in the secret realm.

But Dragon Essence Fruit is very rare, and there are no more than five in the Heavenly Dragon Realm.

And the Tianlong Realm is very large, and you may not be able to find them all within three days.

The previous examiners were all eager to hunt for treasures, but no one had yet discovered the existence of the Great Essence Pill.

Afterwards, Qin Feng exchanged the remaining 30,000 points for other resources and left in a happy mood.

Two hours later, deep in the Tianlong Realm.

Qin Feng walked into an empty valley.

There is a quaint altar in the center of the valley. It has been vacant for who knows how long, but there is no dust on it.

Qin Feng observed it for a while and then breathed a sigh of relief.

Fortunately, he has been studying the star pattern formation recently.

This formation altar is very simple, and he knows how to activate it.

At that moment, he took out Ni Lin and Dragon Tendon, placed them in the center of the altar, and activated the formation.

After a while, the altar was activated.

The earth shook, the mountains shook, and the valley bottoms cracked.

Deep in the valley, a passage emerged.

At the end of the passage, white mist shrouded.

Vaguely, a palace was hidden in the clouds.

Qin Feng put away Ni Lin and Long Jin and walked into the thick fog.

A quarter of an hour later, two loud bangs were heard in the thick fog.

The sword light broke out of the thick fog and went straight into the sky.

Click~! Click~! Click~!

In the sky, a crack opened in the secret realm barrier due to the sword, and countless fine lines appeared.

The world is dark! lament!

The entire Tianlong Realm is trembling, as if it will collapse at any time. what happened?!

Everyone looked up in fear and were stunned.

I saw a sword light shooting out from the valley in the distance, piercing the sky of the secret realm.

The dazzling sword light shone throughout the world.

The next second, the sword light receded.

The sky dimmed, but there were still white fine marks that Qianzhang had checked, like the marks left by that sword.....

The entire secret realm became quiet.

Everyone stared blankly at the sky.

This sword!

So scary!

After a long time, the sword marks in the air disappeared.

Everyone came back to their senses and looked at each other.

At this moment, everyone was thinking of one person.

That is their boss - Qin Feng!

In the secret realm, only Qin Feng can issue such a terrifying sword!

It's just that the power of this sword is too scary!

It completely transcends the level of Eight-Star Dzogchen.

Could it be that Master Qin Feng has surpassed the level of Eight-Star Dzogchen?

This thought shocked everyone.

Everyone has something strange in their hearts, and they respect Qin Feng more and more, and even worship him a little.

This is an era that worships the strong!

At the same time, Tianlong Palace was in a magnificent palace.

Qin Feng stood in mid-air holding a long sword in his hand, looking proudly ahead.

At this moment, the Dragon God Emperor was standing in front of him.

The Dragon God Emperor is at the peak of the Eight-Star Great Perfection, with a combat power of 600 million.

Except for having a pair of dragon horns, he looks exactly like a human on the outside.

On the surface, he appears to be a gentle, middle-aged man.

At this moment, the Dragon God Emperor was holding a long sword and looking at Qin Feng with a smile on his face.

But the next second, a red line split open on the Dragon God Emperor's forehead, and blood flowed out.

The Dragon God Emperor seemed to sense something and opened his eyes wide in horror.

Then, in his desperate eyes, the body split into two halves and collapsed.

Remaining in the air was a essence bead, ten drops of dragon marrow liquid, and a divine sword.

Qin Feng's illusion is too strong.

The Dragon God Emperor didn't realize that he had been tricked until the moment he was about to die.

As soon as the Dragon God Emperor died, the divine sword fled out of the palace as if it had a spirit.

Qin Feng waved and sucked the divine sword into his hand.

He wiped the blade of the sword and cleared the consciousness of the Dragon God Emperor.

Excalibur suddenly became quiet.

Then, he pricked his fingertips and used the blood talisman inscription to make sacrifices.

The higher the level of elemental master training, the more places where the art of inscription is needed.

After a while, Qin Feng completed the sacrifice.

He also obtained information about the Divine Sword and looked happy.

It turns out that this sword is called the Dragon God Sword, and it is a top-grade Yuanwu sword.

The best Yuanwu is extremely rare on earth.

Even the eight-star Dzogchen master may not be able to have one, let alone the eight-star king.

Qin Feng was very satisfied.

With this weapon, his strength can be improved a lot.

"and this...."

Qin Feng put away ten drops of Dragon Marrow Liquid and looked at the Jingyuan Pearl with fiery eyes.

This is the eight-star Dzogchen Jingyuan Pearl!

This is also the highest level Jingyuan Pearl he has ever seen.

The next second, he opened his mouth and took a breath.....

"Ding! Successfully swallowed the eight-star Dzogchen Essence Pearl... combat power increased by 5 million...."

"Ding! Remind the host that your mental power has reached the ultimate level of Eight-Star Perfection and cannot continue to improve."

"We finally reached the bottleneck!"

Qin Feng had some unfinished thoughts.

Immediately, he turned to look at the center of the hall.

There was an altar there.

In the center of the altar was suspended a glittering golden spiritual bead, which was as big as a human head.

That was the dragon bead!

Qin Feng flicked it with one finger, The spiritual light shattered and the altar barrier shattered.

The dragon ball instantly turned into a thousand-foot giant dragon and was about to escape.

Qin Feng's figure flashed and teleported to the top of the dragon's head.

The next second, the mighty power of the gods bombarded down, and the power of heaven and earth was boundless and brilliant.

Feng blasted the dragon with one punch.

The giant dragon roared and transformed into a dragon ball again.

Qin Feng pressed with his big hand.

The dragon ball screamed again and began to shrink rapidly.

In the blink of an eye, it transformed from the size of a head to the size of a fist.

The third token is in hand!

At this moment, the Summoning Jade Talisman sent a message to him.

Qin Feng couldn't help but look overjoyed.

He got the way to obtain the ninth-level dragon power.

But then, another message came from Jade Talisman.

Qin Feng was shocked!

Damn it~!

There is such a thing in the world!

That ninth-level Dragon God inheritance is too terrifying!

That message told him that even if he obtained the ninth-level dragon power, the success rate of obtaining the ninth-level inheritance would not exceed 10%.....

The spirit of inheritance probably looks down upon him.

The specific reason is that his potential is too poor, only his potential dominates, and he is not worthy of having the supreme inheritance.

This cannot be blamed on the arrogance of the spirit of inheritance!

This is really the helplessness of the spirit of inheritance.

It's like giving a spaceship to an elementary school student.

Even if he gets a spaceship, he will never be able to fly it or even open the hatch of the spaceship.

This is a waste!

In short, the grade of the ninth-level Dragon God inheritance is too high and unique in the world.

Qin Feng's qualifications are not enough!

If you rush to inherit, the possibility of failure is very high!

As a result of failure, he could only inherit the eighth-level inheritance.

This is not the result Qin Feng wants..

Chapter 280

What level of inheritance is this ninth-level inheritance?

He has the potential to dominate, but he only has a 10% passing rate.

It seems that I still need to improve my qualifications!

Qin Feng remembered what Yu Qilin said.

There is a secret treasure in Tianlong Palace that can enhance the qualifications of the Nine-Star Emperor.

Thinking of this, he immediately started searching.

An hour later, Qin Feng visited the entire Tianlong Palace, but found nothing.

This made him depressed!

Unwilling to give in, he continued to search, and finally found a hidden formation altar in a side hall.

This formation altar was relatively complex.

Qin Feng studied for a whole day and night before he found the doorway.

If we say that the formation at the entrance to Tianlong Palace is the primary formation.

Then this formation altar belongs to the intermediate level.

Fortunately, Qin Feng just reached this level in the inscription formation.

In addition, this altar requires reverse scales, dragon tendons, and dragon beads as the suppression objects of the formation eye.

This obviously implies that only those who collect these three tokens can activate the formation.

After figuring out the doorway, Qin Feng offered the dragon beads and other three-eyed tokens, and spent another hour before finally activating the formation.

After the formation was activated, the earth cracked and a hidden entrance appeared in front of Qin Feng.

He walked down curiously and found that he had entered a dark hall enclosed on all sides.

There was only one corridor in front of him.

On both sides of the corridor are stone rooms.

The ceiling of the corridor is inlaid with luminous pearls, illuminating the surrounding area brightly.

Qin Feng was curious and opened the door of the first stone house, and was immediately frightened by the sight in front of him.

I saw that the stone house was filled with imperial liquid crystals.

They are divided into nine piles in total, and those of the same series are piled together neatly.

There are hundreds of thousands of pieces in each pile.

The nine piles add up to nearly a million pieces!

Oh My God!

Qin Feng couldn't believe his eyes.

How come there are so many Emperor Liquid Crystals?

Could this be the resource warehouse of the Dragon Ruins Secret Realm?!

Ha ha!! This is so cool!

Qin Feng was ecstatic.

Then, he opened his mouth and sucked in hundreds of Emperor Liquid Crystals.....

"Ding! The Devouring Emperor Liquid Crystal was successful...the eighth star pattern was completed and raised to 31.2%...."

Not enough, swallow another thousand!

"Ding! The Devouring Emperor Liquid Crystal was successful...the eighth star pattern was completed and raised to 39.7%...."

Continue to devour...

A quarter of an hour later, Qin Feng devoured nearly 10,000 Emperor Liquid Crystals and finally raised the eighth star pattern to 99.9999%.

Just a little short of that, and he would be able to break through to the quasi-eight stars.

To put it bluntly, he can break through with just one thought.

However, Qin Feng restrained himself.

He has not yet completed his super-god-level challenge, so naturally he cannot break through.

Then, he collected nearly a million Emperor Liquid Crystals.

Such a huge resource can greatly improve the level of elemental masters on the entire earth.

And he himself couldn't use so much.

He was prepared to make good use of these resources, and he would definitely be able to build his own powerful force.

Next, Qin Feng entered the second stone house and was shocked again.

I saw that there were millions of small essence pills in the house.

He accepted them all.

In the next dozen stone houses, Qin Feng discovered more treasures.

There are everything from Emperor Ooze, Dragon Blood Fruit, Dragon Bone Ginseng, Jingyuan Pearl...

He really found a resource warehouse.

However, Qin Feng found that the Dragon Essence Fruit and the Great Essence Yuan Pill were not available.

These two things are the most precious.

In addition, the origin of the Eight Stars and the Great Perfection of the Eight Stars has not been seen.

Qin Feng no longer cares about these.

He has already made a lot of money.

Just taking out the Emperor Liquid Serum, Xiao Jing Yuan Dan, and Emperor Liquid Crystal on his body is enough to shock the earth, and it is also enough to increase the strength of the entire earth by a large margin.

What's more, he also gained a lot of other resources.

Qin Feng had all these in his pocket and was secretly happy.

Half an hour later, he arrived at the end of the dark hall.

It was a large hall.

There is a jade platform in the center of the hall.

That is a miniature altar.

There is a golden elixir suspended in the center of the altar, emitting a faint aura and a refreshing elixir fragrance.

Even if there is an altar barrier blocking it, the fragrance of elixirs still flows out.

This is a magic pill!

A light screen automatically popped up in Qin Feng's eyes.

The next second, he showed a look of ecstasy. found it!

He finally found it!

This is the treasure that the God Emperor wants - the Emperor's Ascension Pill.

Emperor Ascension Pill: It can enhance the potential of the Nine-Star Emperor to the Great Emperor level.

Note: Only the Nine-Star Emperor can refine it.

After reading the notes, Qin Feng smiled.

Only the nine-star emperor is qualified to refine this Emperor's Ascension Pill, and the eight-star king cannot refine it at all.

That's because the medicinal materials for refining Emperor Sheng Dan are high-end, and there are many ingredients in them that need to be slowly consumed by the Nine Star Source before they can be absorbed and refined.

The origin of the Eight-Star King cannot be digested at all, so he is naturally not qualified to refine it.

In fact, even if the Nine-Star Emperor comes to refine it, it will take several months to completely refine it.

It can be seen from this that it is extremely difficult to refine the Emperor's Ascension Pill.

But if the refining is successful, for the Nine-Star Emperor, it will be a step to reach the sky.

The achievements in the future are limitless!

At the moment, Qin Feng strode forward, easily broke the barrier with one finger, and took the Emperor's Ascension Pill in his hand.

It smells so good!

Qin Feng opened his mouth and swallowed it directly.

Just because the Eight-Star King couldn't refine it didn't mean he couldn't do it.

In terms of refining elixirs, even the Nine-Star Emperor was far inferior to him.

Because he has god-level devouring!

At the moment, Qin Feng sat with his eyes closed, spinning and swallowing.

This Emperor's Ascension Pill is indeed much more difficult to refine than other items.

An hour later, he had refined 10%....

The magical and powerful medicine is also silently improving every cell, every inch of his bones, and every drop of blood.....

Some of the medicinal power seeped into the divine court, strengthening his soul body and the seven-consciousness divine ring.....

Such changes are comprehensive and fundamental.

The physical body is optimized from the genes...

The spirit is optimized from the depths of the soul...

Time flies.

In a blink of an eye, it was the next day.

On this day, Qin Feng opened his eyes from meditating

"Ding! Devouring the Emperor's Pill Successfully.....Potential is upgraded from mid-level domination level to high-level domination level....."

It really works.

Qin Feng was happy.

In just ten hours, he completely refined the Emperor's Ascension Pill.

This speed is much faster than the Nine Star Emperor.

God-level devouring is extraordinary.

Qin Feng looked at himself with satisfaction.

He felt that he was different from before.

Not to mention changes in other aspects, light comprehension has been raised to a higher level.

He glanced ahead and saw billions of grains of sand on the ground.

He could see it at a glance.

Damn it~!

Such an exaggeration!

Obviously, this is a spiritual transformation.

His potential has really improved

"Huh! This is...."

The next second, Qin Feng's eyes showed surprise.

His cultivation actually regressed.

The cultivation base has retreated to 64% in the late seven-star stage.

My mental strength has not reached the extreme of Eight-Star Dzogchen, nor is it above the bottleneck.

The eighth star pattern has also degraded to a completion level of 74%, and has become looming, as if it is about to break at any time.....

This is not a good thing!

Once the eighth star pattern is broken, all his previous efforts will be in vain.

Such changes made Qin Feng confused.

The next second, he found that his combat power had not diminished at all, and was still more than 750 million.

Qin Feng suddenly realized.

His face also showed joy.

It turns out that this is because his potential has increased, and his basic upper limit has increased, not because his cultivation has regressed.

At that moment, Qin Feng took out a large amount of Imperial Liquid Crystals and Jingyuan Beads and began to devour them.

An hour later, he swallowed 30,000 Emperor Liquid Crystals and 2,000 Jing Yuan Pearls in one breath.

His cultivation level has also returned to the Seven-Star Great Perfection, and the completion rate of the eighth star pattern is 99.999%.

His mental power has also reached the extreme of the Eight-Star Great Perfection again, and has once again reached a bottleneck.

And his combat power reached 820 million in one fell swoop, which was a huge increase in strength.

Qin Feng also feels that his foundation is more solid.

At this time, new information came from the Summoning Jade Talisman again.

His success rate in obtaining the ninth-level inheritance increased from 10% to 20%%.....

Qin Feng was a little speechless.

He has a high-level master qualification and only has a 20% success rate.

The possibility of failure is too high...

This also shows that the ninth-level Dragon God inheritance level is too high...

Qin Feng is helpless.

There's only so much he can do right now.

This is also his limit.

When the time comes, when the spirit of inheritance is in front of him, he should adapt to the situation!

The most important thing at the moment is to awaken the ninth level dragon power first.

Otherwise, he would not even be qualified to meet the spirit of inheritance..
