

God level 2711

Chapter 2711

Qing Tianling on the side was even more surprised and said: "Tian Qi, I didn't expect that I really caught a big fish this time. Aren't you a soul mutant? I think the God-Destroying Thorn was prepared for you. This is really a once-in-a-lifetime opportunity." What an opportunity!"

Qingtian Qi also said happily: "Yes! As long as I learn this secret skill, my overall strength can be improved a lot. Entering the top ten rookies will be even more promising!"

"yes! This God-Destroying Thorn attack can make the opponent lose consciousness. As long as the opponent loses consciousness for a moment, the outcome may be reversed. It can indeed be used as a trump card!"

"Um! I haven't seen anything I need in the auction for several days in a row, but today I finally came across a treasure that is of great use to me!"

Qing Tianqi's face showed joy again.....

At this time, Director Han on the stage said loudly: "Everyone, Mr. Han is now starting to auction this 'God-Destroying Thorn!' Interested friends can make bids. The base price is 20,000 gold coins. Each increase must not be less than 1,000 gold coins." Gold coins, please bid!"

As soon as these words came out, Qing Tianqi wanted to make a bid.

However, before Qing Tianqi could bid, a dull voice came from the box opposite.....

"One hundred thousand gold coins, I want it!"

Hearing this, there was a sensation in the venue.....

Everyone looked at the box in shock, but the box was separated by a curtain and it was impossible to see who was sitting inside.

However, everyone has an idea in mind.

The idea is that the owner of the box must be a soul mutant, otherwise it would be impossible to pay 100,000 gold coins in one go to capture the secret skill. His attitude is obviously that he must win it.

At the same time, Qing Tianqi in the box looked surprised. He didn't expect that someone would bid first, and the price was one hundred thousand gold coins.

At that moment, he couldn't help but look at Qingtian Ling

"Soul mutant? The person opposite?"

Qing Tianling asked in disbelief. After all, soul mutations are too rare. It's really unbelievable that two soul mutants appeared in the same auction house at once.

But on the other side, Manager Liu on the stage listened. When someone bid, and the price was a hundred thousand gold coins, he was immediately overjoyed. In fact, he only tried the auction market, and didn't expect to get a good price at all, but he didn't want to let his blind cat encounter it this time. Damn you, how can this not make him happy?

At that moment, Director Han laughed and said:"Haha!! The friend in Box No. 9 offered 100,000 gold coins. Is there any other friend who offered a higher price? I think there should be no more. I think this secret skill belongs to No. 9....."

Just when Mr. Han was about to make the final decision, Qing Tianqi in the box suddenly became anxious and immediately shouted:"Wait! I'll pay you two hundred thousand gold coins!"

"What? Two hundred thousand gold coins?"

Mr. Han excitedly held the book of secret skills and turned his gaze to Qingtian Qi's box in disbelief.

Everyone in the audience was shocked again, this time even more shocked than before. Because they didn't expect that in the past, they only Two of the soul mutants that I had heard of in rumors appeared at the auction today.

At this time, Director Han said with excitement, his voice trembling.

"It turns out that a friend offered a high price! The friend in Box 19 offered 200,000? Is there any friend who offers a higher price?"

Mr. Han couldn't hide the joy on his face and turned his gaze to Box No. 9.

The owner of Box No. 9 also let out an unexpected surprise, and then fell silent for a while. He did not expect Qingtian Qi to bid.

And with At the same time, Qing Tianqi was also concentrating on the movements in box No. 19. At this time, he discovered that there was not one person sitting in box No. 19, but two people, because the breathing of two people came from the box.

At this time, Director Han on the stage said again:"The current price is two hundred thousand gold coins, is there anyone who can offer a higher price?"

The person in box No. 19 was silent for a while, and then said calmly again

"Five hundred thousand gold coins!"

Qingtian Qi's face changed slightly. The other party's increase in price was so high. It was obvious that he was determined to win, but he was also determined to win.

At that moment, Qingtian Qi shouted:"I will offer 600,000 gold coins!"

But at this moment, the person in Box No. 9 shouted out a very surprising price.

The person shouted quietly:"One million!"

As soon as these words came out, the crowd was shocked..

Chapter 2712

No one expected that the item with a base price of only 20,000 yuan would actually fetch one million gold coins!

Qing Tianqi was also frightened. Just when he was about to continue to increase the price, he remembered a deep voice in the box opposite, but it was another person's voice.

When Qing Tianqi heard that voice, his expression changed immediately.

Because that voice was very familiar to him, it was Luo Yuanchen's voice.

At this moment, in box number nine, two people are sitting.....

One of them was Luo Yuanchen, and sitting next to him was a middle-aged man in his thirties.....

The young warrior had slender eyebrows, long eyes, an eagle nose and thin lips, and a very deep breath. His aura was much more terrifying than Luo Yuanchen's.

The previous bidding was the one made by the middle-aged man.....

But at this time, Luo Yuanchen carefully inquired:"Brother Xiao, you bid for the 'God-Destroying Thorn' at such a high price. Are you a soul mutant?"

The middle-aged man shook his head slightly and said softly:" Xiao is not a soul mutant!"

Luo Yuanchen said in confusion:"Since Brother Xiao is not a soul mutant, then why do you pay such a high price to shoot the God-Destroying Thorn?"

The middle-aged man pondered:"Xiao Although a certain person is not a soul mutant, one of our brothers in the Tianshen Sect is a soul mutant, and I am bidding for him."

Upon hearing these words, Qingtian Qi was immediately shocked.

"Unexpectedly, the people in box No. 9 were actually Luo Yuanchen and people from Tianshenmen. As expected, the Luo family has secret contacts with Tianshenmen, but what are the people from Tianshenmen doing in Kyoto this time? Is there some secret that cannot be told, or does it have other purposes?"

Thinking of this, Qingtian Qi's heart tightened, and he immediately held his breath and listened quietly.

Qingtian Qi was very afraid of the Tianshen Sect.

From various aspects, the Tianshen Sect seemed to have mastered many things that others did not know, and more importantly What is clear is that there are ninth-level warriors in the Tianshen Sect, and they are powerful forces that cannot be underestimated.

At this time, Luo Yuanchen's deep voice came from the No. 9 box again

"It turns out that Brother Xiao is doing it for his fellow disciples! Brother Xiao, feel free to bid and just ask if you need money!"

Luo Yuanchen's face was full of flattery.

Xiao He smiled slightly:"Thank you very much!"

"Brother Xiao is so polite. It is an honor for Luo to help Brother Xiao!"

Xiao He had a look of satisfaction on his face, looked through the gauze curtain at the box where Qing Tianqi was, and then smiled contemptuously.

"hehe!! I don't know who is in the opposite box? I think he must be a soul mutant."

"His voice sounded very young, he should be a young man attending a rookie conference. He can offer a price of 600,000 gold coins. I guess he doesn't come from a small or medium-sized family. I wonder if he is a child of the big family in your Dakun country? Luo

Yuanchen said with a smile: "There are many big martial arts families in Dakun Country. As long as there is an eighth-level warrior in the family, you can be promoted to a big family." The family strength here is also strong and weak, and the disparity is huge."

"Although we dare not say how strong our Luo family is, except for those super big families, our Luo family's strength is considered top among the big families. If we compete for financial resources, we are not afraid of losing to some ordinary children of big families. Brother Xiao, just bid, our Luo family will fully support it!"

The corners of Xiao He's mouth slightly pursed, with a noncommittal look on his face.

He also knew in his heart that Luo Yuanchen was trying to please him.

In fact, the Luo family has today's strength and status. Without the secret help of their Tianshen Sect, it would never be possible. It's possible.

Qing Tianqi in Box 9, after listening to the conversation between the two, his heart sank.

It seems that the situation is not good!

If Luo Yuanchen fully supports the guy named Xiao, I want to take pictures today. It is not easy to master this 'God-Destroying Thorn'!

The Luo family has developed extremely rapidly in the past thousand years and has entered the ranks of top big families. Its financial resources are very amazing. I am afraid that the four major families in Fengyan City at that time combined cannot compare to the Luo family. Home!

However, I can't give up like this.

I must get this 'God-Destroying Thorn'..

Chapter 2713

If I can get it, not only will the rookie's chances of entering the top ten be greatly increased, but I will also have an additional way to save my life when facing enemies in the future, so I must not miss this opportunity.

Thinking of this, Qing Tianqi decided to continue bidding. Anyway, this time he auctioned off the golden grapes and top-quality fire jade lotus seeds and made a lot of money. His net worth was extremely rich. This was his confidence.

The only thing that worries Qing Tianqi is that he doesn't know if this bidding will cause a conflict between him and the Tianshenmen?

He doesn't want to have any conflict with the Tianshen Sect prematurely yet.

At this time, Director Han's voice came from the ring

"God-Destroying Thorn, my friend in Box 9 offered me one million gold coins! Has anyone offered a higher price? any left?"

"If not, I announce one million gold coins for the first time!"

"One million gold coins for the second time!"

"One last question, no one has offered a higher price yet? If not, then one million....."

When Director Han was about to shout for the third time, Qingtianqi spoke. "One and a half million gold coins!"

As soon as these words came out, there was another commotion in the venue, and many people took a deep breath.

One and a half million gold coins is definitely not something that ordinary members of a big family can afford.

At this moment, everyone once again looked at the box No. 19 where Qingtian Qi was in surprise.

At this time, no one expected that the auction would be staged as soon as it started, and it would be even more exciting than the grand finale.

After hearing Qingtian Qi, the price suddenly increased from one million to one and a half million.

Xiao He in Box No. 9 also showed a look of surprise.

"Huh! The person opposite actually bid 1.5 million in one breath. It seems that the people in the opposite box, even if they are children of a rich family, are also elite children among the children of the rich family! It's hard for ordinary people from rich families to come up with so much money in one go!"

"yes!"

Luo Yuanchen also nodded slightly, and then a look of disdain appeared on his face.

"However, the threshold for many so-called elite children among the children of wealthy families is not high! It's ridiculous to think that even some people who have only reached the third level of cultivation can be trained by their family as elite children!"

"In our Luo family, it is extremely difficult to become an elite child! Without qualifications above elite genius, it is impossible to become an elite child."

"hehe!! I have also heard your elders from the Luo family mention this. I heard that among the third-generation descendants of your Luo family, you are the only one who has qualified as an elite disciple, and you are also the only one among all the descendants of your Luo family who has achieved the qualification of a pseudo-spiritual body. This is an extremely rare thing"

"Now your Luo family values you very much and intends to train you to be the successor of your ancestor of the Luo family. Now I have arranged everything for you to do. It seems that Brother Luo has a bright future, and Xiao is very optimistic about you!"

Hearing this, Luo Yuanchen's eyes flashed with a hint of pride, but on the surface he pretended to be modest.

"where! where! It's Brother Xiao who deserves the award!"

In box No. 19, Qing Tianqi heard these words and immediately understood a lot of things.

It turns out that Luo Yuanchen's qualifications have actually reached the qualifications of a pseudo-spiritual body. Thinking about it, he is only twenty-five or six years old. He is a cultivator. He has already reached the peak of the fifth level. If it were not for the pseudo-spiritual qualification, his cultivation would not have reached such a high level.

Moreover, this person's understanding is also very good, otherwise he would not have mastered a top-level martial skill so quickly. Even if Long Xiaotian has never heard that he knows the best martial arts.

This Luo Yuanchen is indeed a difficult opponent!

But what is even more depressing is that he is the only elite child among the third generation of the Luo family, that is He said that among the children of the Luo family who came to participate in the Rookie Conference this time, he was the only one with a 'passing order' for the Luo family's forbidden areas.

It seems that if I want to get the pass, I have no choice but to start with him..

But this person is extremely powerful and uses the best spiritual weapons to protect himself. I am afraid that even a fifth-level Dzogchen warrior cannot do anything to him. How can I deal with him?..

Chapter 2714

Even with the help of elder brothers Tian Ling and Tian Jun, it would be difficult to deal with him! Is this mission to seize the 'passing order' a failure?

Thinking of this, Qingtian Qi sighed helplessly.

This is how to do? Do we really want to give up this mission and let the elders take action after returning?

If this is the case, it would seem that the three of us are somewhat incompetent.

What should I say? My eldest brother Tianling Tianjun and I are also the most outstanding disciples of this generation of the Qing family. Are we going to be outdone by a descendant of the Luo family this time?

Unexpectedly, in the past, a weak blood family relied on shamelessly absorbing the Xuanwu True Blood from the Wu family's children to improve the quality of the inferior Black Turtle True Blood in their own bodies. Now, it would actually cultivate a child with pseudo-spiritual qualifications. In this way, our Qing family was defeated.

Just thinking about it makes people feel humiliated!

Thinking of this, Qing Tianqi felt an inexplicable fire burning in his chest.

Qingtian Ling on the side saw Qingtian Qi's expression changing continuously. He knew that Qingtian Qi must have overheard something, so he did not dare to disturb him at the moment and stayed aside quietly.

At this time, Xiao He's voice came from the opposite compartment again.

"Since the person opposite me insists on bidding with me, Xiao is also curious, where is his limit?"

Xiao He muttered softly to himself, and then quietly offered a price.

"I'll pay two million!"

When Qingtian Qi heard the price, the corners of his mouth twitched, and then he shouted: "Three million!"

"Huh!"

This time, Xiao He was finally slightly moved. He didn't expect that Qingtian Qi would increase the price by one million gold in one breath. This kind of arrogance is definitely not something that elite children from ordinary wealthy families can do.

Not to mention Xiao He, Luo Yuanchen's face was also full of emotions. Showing horror

"Three million is not a small amount! This is already more than the price of purchasing a superior martial art. Brother Luo, it seems that we have underestimated the person in Box 19. It seems that he is definitely not an ordinary elite child of a rich family, and he should also come from a top big family.

Luo Yuanchen hesitated for a while and said, "Brother Xiao, what does it matter if he comes from a powerful family?" Brother Xiao, you can bid with confidence, our Luo family will bear all the expenses for you!

Xiao He pondered for a moment, then continued to offer: "Three and a half million!"

Qing Tianqi did not hesitate and followed closely: "Four million!"

As soon as the price reached four million, everyone in the hall began to go crazy.

Manager Han's hands were trembling with excitement, holding the worn book tightly. He had hosted nearly a hundred auctions. This was a rare sight. It had exceeded the highest auction price. How could this not make him excited?

He was so excited that his face turned red and he shouted with a trembling voice: "My friends in box 19, the bid has reached four million, is there anyone who can bid higher?" price? any left?"

At the same time, Xiao He in Box 9 narrowed his eyes slightly, with a faint smile on his lips.

"interesting! It seems that the guy opposite has taken a fancy to this secret skill and must get it!"

After saying this, Xiao He began to ponder.

But at this moment, Director Han's excited voice sounded outside the box again.

"Now the price is four million! Four million gold coins for the first time! Has anyone offered a higher price?"

"Four million gold coins for the second time, does anyone still offer it?"

Mr. Han shouted twice in a row, but Xiao He in Box 9 remained motionless.

Luo Yuanchen on the side urged anxiously: "Brother Xiao, why don't you bid? If you don't bid, the guy opposite will get it.

Xiao He shook his head slightly and said, "Forget it!" I don't want that thing anymore! Hearing this

, Luo Yuanchen was greatly surprised: "Brother Xiao, why don't you want it anymore?"

Xiao He smiled and said: "The 'God-Destroying Thorn' is worth at most four million gold coins!" If I were to bid any more, it would be somewhat of a waste of money. Besides, when Xiao bid for the 'God-Destroying Thorn', he wanted to give it away as a favor, but he didn't need it urgently. Moreover, it cost a lot of money and made your Luo family waste too much money, so it's better to give it up!"

Hearing this, Luo Yuanchen breathed a sigh of relief and felt a lot more relaxed..

Chapter 2715

Hearing this, Luo Yuanchen breathed a sigh of relief and felt a lot more relaxed.

In fact, he was also very stressed when he was asked to take out four million gold coins in one breath.

Although the four million gold coins were used to please the Celestial God Sect, the amount spent was too great, and they would be talked about by the elders when they returned home. Now that Xiao He said he wanted to give up, it was exactly what he wanted.

However, Luo Yuanchen still pretended to be very arrogant on the surface and said: "Brother Xiao, you are welcome, just bid, no matter how much money we have, our Luo family can still afford it."

Xiao He smiled and shook his head: "Brother Luo, what do you think? Xiao accepted it and there is no need to bid any more."

At this moment, Director Han's voice sounded outside the box again.

"This is the last time. Does anyone else bid? No one bids for the four million gold coins for the third time! good! Congratulations to the distinguished guest in Box No. 19. This God-Destroying Thorn was photographed by a friend in Box No. 19!"

Hearing this, Qing Tianqi in Box 19 finally breathed a sigh of relief, with a hint of joy on his face.

Qing Tianling on the side also said happily:"Tian Qi, congratulations! Finally got it!"

"yes! I was really worried that the guy opposite would keep bidding. Fortunately, that guy wasn't bidding for himself. Qing

Tianqi was overjoyed and felt a little lucky at the same time.

Today, if Xiao He was doing it for himself, it would be absolutely impossible for him to pay the price of four million.

At the moment, after experiencing the huge turmoil of the first auction item, It took a while for the venue to calm down, and the auction continued.

Qingtian Qi did not forget other things because he took the picture of the God-Destroying Thorn. He still focused all his attention on Box 9.

He was very curious, that What do the people from the Tianshen Sect want to do in Kyoto?

Since the auction of the 'God-Destroying Thorn' ended, the two people in Box No. 9 fell silent.

When the third item was auctioned at the conference, the people in Box No. 9 Xiao Hecai spoke again

"Brother Luo, do you think the mysterious man in Box 19 is a descendant of which family in your Dakun Kingdom?"

Hearing this, Qingtian Qi's heart trembled and he became slightly nervous.

At this time, Luo Yuanchen's voice sounded again

"Brother Xiao, I am actually very curious about that person and want to know which family he is from? The most interesting thing is that he should be a soul mutant. Soul mutants are extremely rare! How about we follow up and check it out after the auction is over?"

Xiao He shook his head and said: "Forget it, let's not cause trouble." Xiao is on a mission when he comes to Kyoto this time. Don't ruin Xiao's plan over some related matters."

"So that's it, then we don't check the guy on the opposite side. I just don't know what Brother Xiao's mission is when he comes to Kyoto this time? Luo

Yuanchen inquired carefully.

Xiao He said in a low voice: "I am ordered by the elders of the sect to come to your Dakun country to have a look." Have any new celestial warriors appeared and introduced them to our Celestial God Sect? In fact, Brother Luo still needs some help in this matter. Does Brother Luo know if there are any new celestial warriors in Dakun Kingdom recently?"

"It turns out it was for this matter!"

Yuan Chen suddenly realized

"In recent years, Luo was not sure if any new celestial warriors had appeared in Dakun Country, but there were two celestial warriors in the original rookie list. One person is called Lei Yun. He was ranked fourteenth on the original rookie list. He is a fourth-level thunder elephant warrior. However, there has been no news about this person in the past year. I don't know where he went."

"There is another person who is very powerful. Her name is Yingyue. She is the tenth master on the original rookie list. She is a wind elephant warrior at the peak of the fourth level of Dzogchen. Three years ago, she was known as the number one person below the fifth level in Dakun Country. What is there now? I don't know what kind of strength it is."

"It is said that although she failed to advance to the fifth level, her strength has improved a lot in the past three years. Some people even say that her strength has reached the fifth level. Of course, these are all just rumors, and it's hard to say whether it can reach level five, but I think it's unlikely!"

After listening to these words, Xiao He pondered for a while and said

"That's not necessarily the case! Generally speaking, not only is the basic combat power of wind warriors much stronger than those of the same level, but their martial arts are also very powerful. There are many kinds of wind martial arts that can be practiced without reaching the fifth level, and their power can even reach the level of pseudo-top martial arts. level"

"In particular, the speed of wind warriors is astonishing, far exceeding that of warriors of the same level. If Shadow Moon had a few more spiritual weapons to help her, it would be very possible for her overall strength to be infinitely close to that of a fifth-level warrior!"..

Chapter 2716

"Listening to Brother Xiao say this, it is indeed true! The wind warrior is really very powerful! Even Luo had to admire him! Luo

Yuanchen had an undisguised look of envy on his face.

Xiao He smiled and said, "Actually, it's because Xiao is a wind elephant warrior, so he naturally knows the wind elephant warrior better." The Shadow Moon you mentioned is indeed good, and it is just the right time to introduce her to our Wind Department. I wonder if you are familiar with that Shadow Moon?"

"If you are familiar with it, you can tell her directly that our Tianshen Sect has many wind-based martial arts, as well as the training methods of wind-based warriors. In fact, she has not been able to break through to the fifth level for so long. It is probably because her cultivation method has gone astray. Luo

Yuanchen smiled bitterly and said: "To be honest with Brother Xiao, I have only heard about that Ying Yue, but I have never seen it." After all, most of the current rookie rankings are evaluated by the world. Not many have actually competed against each other, and their credibility is relatively limited, so there is a rookie conference held every ten years."

"If Brother Xiao wants to introduce Ying Yue to the Tianshen Sect, maybe it would be better to find her in person."

"However, I think Yingyue will agree. With the background of your Tianshen Sect, I think any celestial warrior will be eager to join the Tianshen Sect after learning about it. Even I am very eager to join the Tianshen Sect. It's a pity that your Heavenly God Sect only accepts celestial warriors, and Luo is not even qualified to enter the Heavenly God Sect."

In box No. 19, Qing Tianqi was shocked when he heard this, and his eyes immediately showed horror.

"I didn't expect that the Tianshen Sect would only accept Celestial Elephant Warriors. It seems that this mysterious sect is much more powerful than I thought. So, could the ninth-level warriors in the Celestial Sect that day be also Celestial Elephant Warriors? If that were the case, that would be terrible!"

With this thought in mind, even Qingtian Qi himself was shocked.

The so-called Celestial Elephant Warrior refers to the Wind Elephant Warrior and the Thunder Elephant Warrior. The rest of the warriors are collectively referred to as the Five Elements Warriors. The ninth-level Celestial Elephant Warrior is extremely rare. Its rarity is comparable to that of the ninth-level warrior. Dzogchen warrior.

Moreover, the strength of the ninth-level celestial elephant warrior is also super strong, comparable to the ninth-level peak warrior. This shocked Qingtian Qi.

Even if Ming Ling'er is out of seclusion now, he holds the sun and moon wheel and joins forces with Teng Xiaoshan , will not be the opponent of the ninth-level Celestial Elephant warrior.

Moreover, it is unknown how many ninth-level Celestial Elephant warriors there are in the Tianshen Sect. Generally speaking, the Tianshen Sect is extremely powerful.

At this time, Xiao He's voice sounded again:" Brother Luo, you don't need to belittle yourself, your strength is among the best in the world. It's just that our Tianshen Sect has special rules and only accepts Celestial Elephant warriors. Otherwise, how could a proud man like Brother Luo be turned away?"

"It is precisely because of such rules that it is very difficult for the Tianshen Sect to recruit new members. Every year, it sends its disciples to travel across the continent to find new members. Isn't this why I came to Dakun Country?"

Luo Yuanchen also sighed: "Yes!" After all, celestial warriors are too rare. Generally speaking, dual-line warriors are very rare to see, let alone three-line warriors. Only some of the three series warriors can become celestial warriors, so one can imagine how rare they are."

"Nowadays, in our Dakun country, there are only a handful of celestial warriors we can find. By the way, I heard that the Celestial Elephant warriors are very powerful. It is rumored that their strength is stronger than the warriors of the fourth series, but weaker than the warriors of the fifth series. I wonder if this is true?"

Xiao He said proudly: "That's true!" The comprehensive strength of our celestial warriors is second only to the warriors of the fifth series. Even the warriors of the fourth series cannot compare."..

Chapter 2717

Just as the two were chatting and laughing, Director Han's voice sounded again at the auction venue.

"Dear friends, the next item to be auctioned is the seventeenth item. This item is an extremely rare weapon refining material! It is one of the materials for refining a top-quality spiritual weapon. If that friend wants to refine a top-quality spiritual weapon in the future, he can participate in the bidding now. What exactly is this item? It is the rare metal spiritual object 'Meteorite from outside the sky'!"

As soon as Director Han said this, everyone in the venue was very quiet, and not many people seemed to be interested.

Qing Tianqi in the box felt a slight movement in his heart. He was hesitating whether to take a photo and save it for Qiuqiu in the future.

However, he also has a lot of magnetic blue gold stored in his God of War Order space, and there is currently no shortage of food for Qiuqiu.

The Yuan Magnetic Blue Gold and the Heavenly Meteor Iron are both metal spiritual objects of the same level.

Just when Qing Tianqi had doubts in his heart, the conversation in the bread box came to an abrupt end.

Then, Xiao He's extremely surprised voice came from the box.

Listening to that joyful tone, it seems like you are going crazy.....

"Ha ha!! Great, Xiao originally just wanted to wander around this auction, but he didn't know that there was actually an auction of meteorite iron. If you can take a picture of this piece of meteorite, even if you give me ten copies of the God-Destroying Thorn, I won't trade it!

Luo Yuanchen also said happily:"Yes!" Luo did not expect that by such a coincidence, he would come across an auction of meteorite iron. It seems that Brother Xiao is really lucky this time!"

"Ha ha!! Of course!"

Luo Yuanchen's tone was very proud, as if he had done something very remarkable.

Qingtian Qi was very puzzled when he heard this.....

Although the Extraterrestrial Meteor Iron is rare, it is not that rare. Logically speaking, it is far inferior to the God-Destroying Thorn, but Xiao He actually said that he would exchange ten copies of the God-Destroying Thorn for the Extraterrestrial Meteor Iron. He didn't even want to exchange it..

At this time, Director Han on the stage shouted again:"Everyone, the auction of this extraterrestrial meteorite begins now. The base price is 250,000 gold coins, and each bid will not be less than 3,000 gold coins. Everyone knows the price!"

He said As soon as he shouted the words, Xiao He in Box No. 9 couldn't wait to say:"I will offer five hundred thousand gold coins!"

At that moment, everyone in the venue was stunned, no one dared to bid.

And Qingtian Qi just watched silently.

At this moment, he was extremely curious, why was Xiao He so excited when he saw the meteorite falling from the sky?

Because no one bid against Xiao He, the piece of meteorite iron was finally photographed by Xiao He without any suspense.

In Box No. 9, Luo Yuanchen said with a flattering look on his face: "Haha!! Congratulations to Brother Xiao for getting another piece of meteorite."

Perhaps because he took a picture of a piece of meteorite, Xiao He was in a good mood and smiled at the moment

"Ha ha!! Brother Luo, you also know that this meteorite is of great use to our sect master. The reason why our Tianshen Sect supports your Luo family behind the scenes is not because your Luo family promised to help our Tianshen Sect collect meteorite from all over the place!"

Hearing this, Qing Tianqi suddenly understood that the original transaction between the Luo family and the Tianshenmen was that the Luo family helped the Tianshenmen collect meteorite iron.

At this time, Luo Yuanchen's voice came from the opposite compartment: "Brother Xiao, I have always been confused. Although meteorite iron is precious, it is only a material for refining top-quality spiritual weapons. And your sect leader is a ninth-level warrior, so the weapons he is interested in are at least semi-sacred weapons, right?"

"With the quality of meteorite iron, it is not qualified to be used to refine semi-artifacts. Why has your sect leader been collecting meteorite iron?"

It seemed that Xiao He was in a good mood. He didn't resist Luo Yuanchen's inquiry and answered directly.

"In fact, don't say you don't know, even Xiao doesn't know why our disciple is so crazy about collecting meteorite iron? But one thing is certain, he is not using it to refine any weapons, but has other uses. As for what he is doing, only his old man knows this."

"However, Brother Luo, don't ask any more questions about this matter in the future. As long as the more meteorite iron your Luo family contributes in the future, the more support our Tianshen Sect will give you."

"Ha ha!! Brother Xiao, don't worry, our Luo family has been doing our best to collect meteorite iron."

"However, although the meteorite iron that day was not particularly precious, it was rarer than gold-based spiritual objects of the same grade! After all, it is extracted from extraterrestrial meteorites, and not all extraterrestrial meteorites can be extracted."..

Chapter 2718

Xiao He nodded and said:"Of course I know this. It is precisely because it is difficult to find meteorite iron that our Tianshen Sect relies on forces like your Luo family, which has been helping us for more than a thousand years. It is just the meteorite iron our sect leader needs. The amount of iron is extremely huge! Are there still enough?"

"In fact, no matter what, it is an unexpected gain for Xiao to get a piece of meteorite iron at this auction today! After returning home, I will dedicate it to the sect, and I will be rewarded."

"In fact, when Xiao came to Dakun Country this time, in addition to looking for newcomers at the rookie conference, he also had a very important task. Brother Luo might also be asked to help with this matter?"

Luo Yuanchen suddenly asked curiously:"What other tasks does Brother Xiao have?"

Xiao He frowned and said,"Brother Luo, let me tell you the truth!" In fact, when I came to Dakun Country this time, finding new members was secondary. I mainly came to Dakun Country to look for my missing junior brother Fengxing."

"He visited your Dakun Country a year ago, and his mission at that time was to find new members. But since he entered Dakun Country, he disappeared without a name. Our elders sent me here mainly to find out information about him."

In box No. 19, when Qing Tianqi heard this, his body suddenly shook, and his eyes widened in horror. At this moment, he understood everything. It turned out that Feng Xing was from the Tianshen Sect.

By the way, I would have been raped back then. The reason why Feng Xing and Lei Yun are targeting me is because I bought a piece of meteorite in the auction!

Feng Xing used the "questioning technique" on me just for that piece of meteorite, making it impossible for me to get rid of his tracking.

At that time, I was still a little strange, how could a piece of meteorite make the two of them pursue me.

Now I finally figured it out. It turns out that the meteorite had a special meaning to Tianshenmen.

And Leiyun would be with Fengxing. , Feng Xing must have recommended him to enter the Tianshen Sect.

Fortunately, these two people are dead now!

After thinking about this, Qingtian Qi suddenly connected the cause and effect.

The only thing that puzzled him was that the master of the Shen Sect collected Tianwai Meteor that day. What is the purpose of iron?

However, this is no longer what he can worry about now.

At this time, Luo Yuanchen's voice came again from the opposite compartment

"It turns out there is such a thing! Brother Xiao, don't worry, as long as you give me the portrait of such a "fengxing" brother. I will inform our Luo family right now to help you find out about Brother Fengxing.

Xiao He said happily: "Thank you so much, Brother Luo!" Brother Luo, I think there won't be any more meteorite iron auctions at this auction, so why don't we leave first!"

"good!"

At that moment, the two people opposite quietly left.

After the two of them left, Qingtian Qi withdrew his attention and lowered his head in deep thought.

The master of Shenmen was really strange that day!

What does he want to do by collecting so many extraterrestrial meteorites?

He must have his purpose, I just can't guess it.

Forget it, why do I think so much?

We, the five tribes, do not want to conflict with the Tianshenmen, no matter what their ulterior motives are.

Our current target is only the Luo family.

The Luo family is just a lackey of the Tianshen Sect. If the Luo family is destroyed, it will not cause the Tianshen Sect to be angry, right? hope so!

Qingtian Ling on the side saw Qingtian Qi deep in thought, so he asked carefully

"Tianqi, how is the situation?"

He doesn't have Qingtian Qi's ability to hear, so naturally he doesn't know everything that happened in the opposite compartment.

Hearing Qing Tianling's question, Qing Tianqi raised his head and said

"The person opposite has left, but I have made a big discovery. I will tell you when I get back!"

In this way, the two of them waited until the end of the auction.

During this period, they did not see any useful spiritual objects.

After the auction, Qingtian and Qi quietly went to the backstage, paid four million gold coins, and received the auction items. The secret book 'God-Destroying Thorn' was downloaded.

As a result, Qingtian Qi still had more than four million gold coins left on his body.

Most of the money was obtained from his auction of golden grapes and top-grade Fire Jade Lotus Seeds.

Obtained the secret book of God-Destroying Thorn. Afterwards, Qingtian Qi was in agitated mood and carefully put it away.

Qingtian Qi decided not to care about Luo Yuanchen and the Tianshen Sect, but the key was to learn the 'God-Destroying Thorn' first.

Because he could only learn the 'God-Destroying Thorn' before the top ten competition. Only by stabbing him could he hope to seize a Heavenly Spirit Pill.

At that moment, Qingtian and Qi left the auction house and hurried to the inn..

Chapter 2719

After returning to the inn, Qingtian and Qi each returned to their rooms.

As soon as he entered the room, Qing Tianqi eagerly took out the "God-Destroying Thorn".

Opening the worn cover, the first line of the first page caught Qing Tianqi's eyes.

"When heaven and earth began, all things came into being. When all things are born, spirituality appears....."

At the moment, Qing Tianqi read with gusto.

In this way, Qing Tianqi was completely immersed in the book.

Before he knew it, he saw darkness.

When night fell, chatter and laughter gradually filled the hall on the first floor, but it was the young warriors who had gone to the arena to watch the competition who came back.

And these conversations and laughter also interrupted Qing Tian who was reading a book upstairs.

At that moment, Qing Tianqi closed the book in his hand, with a hint of emotion on his face.

It turned out that he just learned a lot of knowledge from that secret book that he didn't know before.

It turns out that the so-called mind power is actually a kind of soul power, and this kind of soul power is possessed by everyone. He had never heard of it before.

However, although everyone has soul power But they are all extremely weak, have little power and can be ignored.

As for the soul mutants, because their will power has been substantially mutated, their soul power intensity has also been enhanced dozens or even hundreds of times, showing extremely terrifying power. Therefore, only soul mutants can learn this God-Destroying Thorn.

However, although this God-Destroying Thorn is powerful, it is also very troublesome to practice.

It first requires condensing a force field of thought in one's own brain. Only after condensing the force field can one learn the real means of attack.

As a result, it would take a long time for him to learn the God-Destroying Thorn.

I just don't know if he can learn it before participating in the top ten competition.

Thinking of this, Qing Tianqi couldn't help but feel worried.

If he cannot learn the God-Destroying Thorn before participating in the top ten competition, it will be difficult for him to enter the top ten. After all, he has to defeat three fifth-level warriors to enter the top ten, and can he defeat one with his current strength? It's very hard to say what a fifth-level warrior is.

At that moment, Qingtianqi sighed, unwilling to think about it, and went next door to find Qingtian Ling and went downstairs for dinner.

After dinner, Qing Tianqi continued to study the secret book.

It wasn't until late at night that Qingtian Qi finally understood the contents of the secret book.

In order to learn the 'God-Destroying Thorn' as soon as possible, Qingtian Qi did not want to waste time and did not go to sleep. He immediately began to condense his mind force field and learn the 'God-Destroying Thorn'.

Just like that, in the next two days, Qingtian and Qi never went to the auction house again.

Qing Tianling sometimes practices in his room, sometimes goes to the wild to practice the 'Phantom Fire Shadowless Step', and sometimes goes to the competition venue to watch games and inquire about the latest news.

Qing Tianqi has been locking himself in the room to practice the 'God-Destroying Thorn'.

After two days of practice, Qing Tianqi discovered a problem.

The problem is that condensing a force field of thoughts consumes a lot of energy, even with the help of the Purifying Heart Charm, it is useless.

Every time Qingtian Qi is tempered for five hours, he needs to rest for a period of time to regain his energy, and it is impossible to temper continuously.

This kind of progress gave Qingtian Qi a huge headache. He knew that if this continued, it would be difficult for him to learn the 'God-Destroying Thorn' when he participated in the top ten competition.

But he had no choice, because the God-Destroying Thorn was the fastest way to increase his strength. He could only do his best to learn the God-Destroying Thorn.

In the past two days, the first round of the rookie competition finally ended.

In the first round of the competition, among the nearly 8,000 second-level contestants, only the 84 strongest ones were selected.

Although these eighty-four people are all second-level warriors, they can stand out from nearly eight thousand people. Their strength is extremely strong. Several of them are dual-line warriors, and one is even a fourth-line warrior.

Although these eighty-four winners are all second-level warriors, they are highly sought after by warriors of the same level. Their names quickly spread to the streets and are talked about with great interest by young warriors and ordinary people.

Even the hobbies and habits of these eighty-four winners can attract the attention of many people.

Next is the second round of the rookie competition..

Chapter 2720

This second round of competition is a competition in which the eighty-four winners of the first round participate together with all third-level warriors.

In the second round, there were only 500 players in total.

Because there are only 416 third-level warriors who signed up for the competition this time, and together with the 84 second-level winners, there are exactly 500 people.

The attention in this second round is much higher than in the first round.

Because only the thirty-six strongest were selected in the second round.

And these 36 people will all enter the rookie list.

In other words, these thirty-six people will become the top 100 rookies and become role models for the younger generation across the country.

For all this, Qingtian Qi had no intention of interfering. He had been shutting himself in his room and devoted himself to practicing the 'God-Destroying Thorn', but the progress was still very slow.

Unknowingly, another seven days passed.

It was noon that day, it was lunch time.

Qing Tianqi gathered the force field of his thoughts for five hours in one breath. Feeling mentally exhausted, he wanted to relax and go downstairs to have a meal and rest.

Qingtianqi came to the hall downstairs and ordered some wine and food.

However, before he had finished eating, the sound of gongs and drums came from far away on the street, getting closer and closer, and he could vaguely hear someone shouting:

"good news! good news! Announcement! Announcement! The 100th to 72nd rookie rankings are out! Friends who want to know the new rankings of the new rookies can come out and look at the rankings!"

Hearing this shout, people from the shops, inns, and teahouses on both sides of the street came out of their houses one after another, and the whole street began to become lively.

In the lobby of Yuelai Inn, the diners who were eating also Hearing the shouting, someone immediately said in surprise:"Hey! Oh my God! Did you hear that? Is the person who passed down the list coming? Let's go out and take a look and see what talents are coming out of this rookie list!"

"Let's go! Let's go see it quickly!"

At that moment, everyone in the hall walked out excitedly.

Qingtian Qi was also curious and followed him out. As soon as he left the inn, Qingtian Qi saw that the streets were already full of people, and everyone was looking eagerly. At the other end of the street, some young warriors shouted impatiently.

"Ha ha!! The one who passed down the list is finally here!"

"yes! Unexpectedly, the second round of competition ended this morning, and at noon, the leader came out. The efficiency of the Long family in Kyoto is so high!"

On the other side of the street, a group of Kyoto Imperial Guards were beating gongs and drums while distributing red leaflets everywhere.

On both sides of the street, the young warriors who received the red leaflets started a heated discussion after reading the leaflets..

When the team of Imperial Guards passed by the Yuelai Inn, Qingtian Qi was curious and grabbed a red flyer. He saw that the red flyer was a list, and at the beginning it suddenly said, "Newcomers of the Great Kun Country" List'.

Next is a row of names and related introductions.

The first line of the flyer reads: No. 72 on the rookie list: Wang Yu, twenty-six years old, peak of the third level of Dzogchen, a gold and water dual element warrior.....

The 100th place on the rookie list: Sun Shan, twenty-nine years old, third level Dzogchen, fire warrior.

Among them, Qingtian Qi also saw the name of the fourth son of Jin from Crimson Gold City, Jin Yuanhe, ranked 80th Nine.

As for Jin Yuancheng, Wang Wenxun and others, Qingtian Qi didn't see their names, and obviously they failed to make the list.

Just after reading the list, someone around Qingtian Qi started discussing

"Huh! Look! Isn't this Wang Yu the 54th ranked player on the original rookie list? Why has it fallen to 72nd place now?"

"hehe!! This is normal! In every rookie conference, there will be many masters with unfamiliar faces. It is natural that Wang Yu's ranking will drop."

"yes! Not to mention anything else, there are seven or eight new faces among the experts from the 100th to the 72nd place."

Qing Tianqi on the side smiled slightly when he heard this, and went back to the inn without making any remarks.

But he was a little strange. There were thirty-six winners in the second round, and they could all enter the rookie list, but the current list There were only twenty-nine people on the list, and seven of them were not on the list.

Not long after Qingtian Qi returned to the inn, Qingtian Ling, who had been outside to inquire about news, also came back..
