

God level 2731

Chapter 2731

Although Qing Tianqi did not waste any time and even spent his lunch break practicing the 'God-Destroying Thorn', the progress of his practice was still very slow.

The Tianlong arena was still buzzing with people.

Long Jinghui looked at the eight players in front of him calmly.

These eight players were suddenly Qingtian Qi, Yingyue, and six other fifth-level experts.

The six fifth-level experts are: Yi Chenxi, Zhou Yanzhi, Nangong Hongjun, Chu Hongjian, Qin Zhongyu, and Lin Quan.

At this time, Long Jinghui said to the eight players: "Dear players, the next step is to select the top four players to enter the top ten ranking competition, and the ranking competition for the eleventh to fourteenth rookie list. After announcing the competition rules Before that, I want to say one thing first"

"In every rookie competition in the past, only the top ten rookies will be rewarded, and this year is no exception. However, this year is a little different from the past. The top ten strong rookies will not only have the reward of the Apocalypse Pill, but also a major opportunity, a great opportunity that can quickly improve your cultivation."

"As for what the opportunity is, only those who are among the top ten rookies are qualified to know. It is not convenient for me to say now. This opportunity is extremely rare and only occurs once every three hundred years. In other words, among every thirty rookies, only one rookie is so lucky to have such a great opportunity."

"Since the founding of the Dakun Kingdom, this great opportunity has only appeared for the third time. You guys are very lucky this time, I ran into you. To be honest, compared with that opportunity, Qidan's reward that day was not worth mentioning at all."

After hearing this, all the players opened their eyes in surprise. They didn't expect that the top ten in this rookie conference would actually get a mysterious opportunity.

Moreover, that opportunity seemed to be very good, even extremely. The precious Apocalypse Pill was not worth mentioning in front of him.

For a time, all the players were excited and started talking about it.

"I didn't expect that the top ten players in this rookie conference would still get an opportunity! This is so great!"

"yes! It seems that the opportunity is very good"

"Ha ha!! I must get that opportunity this time. I must be among the top ten rookies!"

"snort! It's not that easy. How could I give you such a good opportunity?"

Long Jinghui looked at the excited expressions of the contestants, with a strange smile in his eyes, and continued.

"Of course, whether you can get that great opportunity depends on whether you can enter the top ten rookies, otherwise there is no need to discuss it!"

"By the way, let me remind you that Qingdi also got this opportunity at the rookie conference. The Qing Emperor's ability to advance to the ninth level at such a young age is somewhat related to this opportunity, so you should cherish it, maybe you will only have this opportunity in your life!"

Hearing this, Qingtian Qi also became excited, and thought secretly in his heart.

Seeing how mysterious Long Jinghui said it, it seemed very extraordinary, and the opportunity only happened once in three hundred years, so it was very rare.

Even The Qing Emperor back then was also blessed by that opportunity. Thinking about it, it was indeed a great opportunity. It seems that I must seize this opportunity. This time, I must be among the top ten rookies! At this moment

, Qing Tianqi took a deep breath. In one breath, he became more determined to win the top ten among rookies.

He has been living under tremendous pressure, and he has been looking for ways to quickly improve his strength.

Because he has too many tasks on his shoulders. Responsibilities and expectations..

Chapter 2732

As a descendant of the Qing family, Tian Qi possesses a divine weapon and is regarded by the five ancient tribes as a future ninth-level powerhouse, carrying the expectation of revenge for his people.

There are some things that he doesn't have to do, but he has to do because they are his responsibility.

But their enemies are all ninth-level powerhouses, and there are even ninth-level Dzogchen beings.

His strength is vulnerable to his enemies, even if he has a divine weapon.

On the other hand, as the inheritor of the quasi-war God, he must strengthen the Demon God's seal within the next hundred years, otherwise everything in this world will be destroyed by the Demon God's hands.

But to do that, he must first kill another quasi-inheritor of the God of War who has a top artifact, become the true successor of the God of War, and obtain all the inheritance of the God of War.

Only by obtaining the true inheritance of the God of War can he strengthen the Demon God's seal.

However, with his current strength, let alone killing another would-be inheritor of the God of War, his chances of surviving from the opponent's hands are very slim.

And as the time to strengthen the Demon God's seal gets closer, he doesn't have to look for another quasi-God of War inheritor, that person will come to him on his own initiative.

He must first give himself the ability to protect himself before that person comes to his door.

All of this forced Qingtian Qi to improve his strength as soon as possible. Time was very tight for him.

Thinking of this, Qing Tianqi suddenly felt a little heavy, and the excitement in his heart gradually calmed down. He slowly raised his head and looked at Long Jinghui in front of him.

But at this moment, he suddenly noticed that when Long Jinghui looked at the contestants, there was a weird smile on the corner of his mouth, which seemed to be both proud and mocking.

This immediately made Qing Tianqi suspicious, and he thought to himself: "Look at Long Jinghui's expression, it's very strange! They say that pie doesn't fall from the sky for no reason, so the opportunity Long Jinghui mentioned couldn't be some conspiracy, right?"

Thinking of this, Qingtian Qi suddenly calmed down a lot.

"However, I guess it's not a conspiracy. Because there must be Long Xiaotian among the top ten rookies. He is a child of the Long family. The Long family will not make any conspiracy on their own children!"

"Besides, the Qing Emperor also had this opportunity. If it was a conspiracy, how come Emperor Qing is still alive? Am I thinking too much? In any case, the opportunity Long Jinghui mentioned should not be a simple matter."

"Moreover, Long Jinghui told this matter before this round of competition, he should be to stimulate the players, so that all players can exert their full strength and desperately squeeze into the top ten. What is his purpose in doing this?"

"Are we going to pick out the real strong ones who can survive a life-and-death battle among the eight of us? Could it be that the opportunity he mentioned was to go to an extremely dangerous place?"

Qing Tianqi vaguely guessed something in his mind.

At the same time, at the highest point of the stands. Long Xing was sitting in his seat, squinting his eyes slightly, looking at the expressions of the players on the field, and finally his eyes rested curiously on Qing Tianqi's face.

"interesting! Unlike the other seven, this little guy has such a calm expression. Such people can often survive in dangerous and harsh environments. This is really rare!"

The Qing Emperor 'Qing Lin' on the side immediately followed his gaze, and finally landed on Qing Tianqi, and nodded silently.

"good! The white-haired boy is really good, at least his calmness is stronger than the other seven. It's a pity that his cultivation level is too weak and he hasn't reached the fifth level yet. He probably won't be able to enter the top ten. What a pity!"

Long Xing nodded and said:"Yes! Although the white-haired boy is a fifth-generation warrior, it is unlikely that he will be among the top ten rookies! After all, there are twelve fifth-level warriors this time, and there are many who are stronger than him!"

"But it's okay, this year's strength is so strong, those who can enter the top ten are definitely not weak. Maybe if these ten people enter there, we, Dakun Country, can get the greatest benefit."..

Chapter 2733

Hearing this, Qinglin's expression moved slightly.

"Lord, that place is about to open again!"

"Um!"

Long Xing nodded slightly.....

"Three hundred years have arrived again! Our country, Da Kun, has been setting up rookie conferences since nine hundred years ago. Every time it is held with such grand ceremony, everything we do is not just for that. In fact, not only our country, but the entire Eastern Conference countries also hold rookie conferences. Everyone has the same idea."

Having said this, Long Xing showed a meaningful smile.

Qinglin also smiled heartily and stopped talking.....

At this moment, on the field, Long Jinghui spoke again

"Okay, fellow players, just remember what I just said. I hope you will do your best in the next competition. Next, I will briefly announce the rules of the competition. First, the eight of you draw lots, divide into four groups, and compete in pairs."

"The four who win are the winning team, and the four who lose are the losing team. Then, the strongest two from the four winning teams will be selected to directly enter the top ten rankings. The four players from the losing team select the two strongest players and the two weakest players from the winning team to compete for the last two spots in the top ten rookies."

"Okay, the rules of the competition are roughly like this, let's start drawing lots for the groups!"

At that moment, an auxiliary referee came up with a cardboard box.

In the stands, the spectators saw that the groups were starting to form, and their curiosity aroused, and they were all discussing in a low voice who would be grouped with whom.

"look! It's about to be grouped!"

"yes! I wonder who can be grouped with whom this time?"

"I don't know this! By the way, what do you think will happen if Shadow Moon and Xuanyuan Zhantian are assigned to a group with fifth-level warriors?"

"hehe!! Do you even need to ask? Definitely lost. Although one of them is a wind elephant warrior and the other is a fifth-element warrior, they are still fourth-level warriors. How could a fourth-level warrior be a fifth-level opponent? I think the two of them have stopped here."

"yes! I also think these two should be at the bottom."

As everyone discussed, the drawing of the players in the field has ended. Yingyue is No. 1, Nangong Hongjun is No. 2, Qingtian Qi is No. 3, Yi Chenxi is No. 4, Zhou Yanzhi is No. 5, and Chu Hongjian is No. 6. Qin Zhongyu No. 7, Lin Quan No. 08.

According to the previous rules, the first game is Yingyue vs. Nangong Hongjun, the second game is Qingtian Qi vs. Yi Chenxi, and so on.

Seeing such grouping results, Qing Tianqi immediately smiled bitterly in his heart.

Hey! I didn't expect that I was so unlucky that I would be paired with Yi Chenxi in the first game.

This Yi Chenxi is a gold and water dual element warrior, and his strength is comparable to the peak of the fifth level. He should be our The strongest person among the eight.

And I am not even sure about my ability to deal with the fifth-level warrior. How could I be his opponent?

It seems that I will definitely lose this round.

Thinking of this, Qing Tianqi suddenly He was very depressed, and then he rolled his eyes and said secretly

"It seems that this game can only be given up. I want to save my strength and enter the losing team to compete for the last two places in the top ten. It seems that this is the best way at present."

Thinking of this, Qingtian Qi made up his mind to give up in the first round.

At this time, the first battle between Yingyue and Nangong Hongjun had already begun.

In the field, Nangong Hongjun crossed his hands. chest, looking at Yingyue with disdain.....

"snort! Shadow Moon, you better get off! You are not qualified to fight with me."

Yingyue was furious and shouted:"Nangong Hongjun, don't bully others too much!

Nangong Hongjun smiled coldly: "You don't overestimate your capabilities!" Don't even think about it. With your strength as a fourth-level warrior, what qualifications do you have to fight me? If you are an ordinary fourth-level warrior, you will only be killed instantly in front of a fifth-level warrior. Don't think that because you are a rare wind elephant warrior, you are great. In fact, you are nothing in my eyes."

Yingyue said angrily: "Even if I am not your opponent, you should not be so humiliating!"

"Ha ha!! So what if I humiliate you? Tell you! This young master deliberately humiliated you! In fact, you and Xuanyuan Zhantian are not qualified to participate in this round of competition. If you two are sensible and give up as soon as possible, you will be able to reduce some humiliation, otherwise you will be humiliating yourself!"

Hearing Nangong Hongjun's arrogant words, Yingyue Fanmian turned pale with anger. When had she been insulted like this?..

Chapter 2734

On the contestants' bench, Qing Tianqi frowned slightly when he saw this scene.

Nangong Hongjun clearly looked down on Yingyue and himself, and his words were full of contempt, which made Qingtian Qi feel very unhappy. snort! This Nangong Hongjun should be a child of the Nangong family. The ancestor of the Nangong family also killed many children of the five tribes in the past and was one of the enemies of our five tribes.

Unexpectedly, a thousand years later, the descendants of my enemy and I would meet here.

This Nangong Hongjun is so arrogant, but I don't know what his strength is?

Just when Qing Tianqi had such thoughts in his mind, another sudden change occurred in the field.

In the field, Ying Yuefeng's eyes widened: "Nangong Hongjun, you are so arrogant, then let me see what you are capable of?"

"how? Angry? Then do it quickly! Look how I can defeat you quickly!"

"Arrogant!"

Yingyue immediately shouted. She could no longer hold back the anger in her heart. With a shake of her jade hands, two cyan scimitars appeared in her hands. As soon as the two swords appeared, Yingyue's figure flickered and turned into several afterimages. As fast as lightning, he killed towards Nangong Hongjun.

Nangong Hongjun suddenly laughed:"Haha!! Just in time!"

Then, he shook, and a black iron chain with hooks on the chain appeared in his hand.

And one end of the iron chain was a blood-red gun head.

It turned out that this strange iron chain was a chain gun, and it was also a chain gun. The spiritual weapon is called: Soul Seizing Chain.

Nangong Hongjun flicked the chain gun in his hand.

The chain gun immediately wrapped around Yingyue like a black poisonous python. Yingyue immediately pulled out both swords, Resisting the opponent's attack. Seeing this, Nangong Hongjun flipped over and turned the entanglement into a collision. The chain gun immediately hit the two knives like a steel whip.

At the same time, he suddenly hit the ground with another palm, shouting loudly

"Xiaoqing! come out!"

And at this moment, Nangong Hongjun's chain gun had already hit the double swords.

Yingyue immediately grunted and was knocked back.....

But before she could take a few steps back, there was an explosion behind her, and a huge green toad burst out of the ground.

The green toad was very huge, five to six feet long, with venomous spines on its green back. It even had two rows of venomous fangs in its mouth, and its eyes were blood red.

As soon as they saw the strange toad suddenly appearing, many people in the audience exclaimed.

"Oh my God! That toad is a fifth-level ferocious beast, the blood-eyed green toad! How did it suddenly appear here?"

"I know, that blood-eyed green toad is Nangong Hongjun's pet!"

Just when everyone was exclaiming, the blood-eyed green toad had already opened its mouth and shot out a blood-red snake head, wrapping it towards Yingyue.

Yingyue immediately felt something was wrong, and quickly turned around, just in time to see the blood-eyed green toad's tongue coming, and was immediately frightened. be eclipsed

"Mirror flowers and water shadows!"

Yingyue immediately used the martial arts skill, stepped forward with his left foot, and circles of water patterns immediately appeared under his feet, and there were white petals emerging from the water patterns. As soon as this martial arts technique was used, Shadow Moon's speed immediately increased greatly. Instantly reaching the speed of a fifth-level peak warrior.

It turned out that the 'Mirror Flower Water Moon' was actually a special martial skill that could increase speed.

Shadow Moon's speed suddenly increased, just in time to avoid the sneak attack of the Blood-Eyed Green Toad.

But at this moment, Nangong Hongjun's attack had already arrived.

Yingyue had no choice but to retreat again.

But at this moment, the blood-eyed green toad opened its mouth again and sprayed out, and a large cloud of black poisonous mist enveloped Yingyue.

Yingyue could not wipe his hands and inhaled it. After catching a trace of the poisonous mist, his eyes immediately turned black, his legs became weak, and the movements of his hands suddenly slowed down.

Nangong Hongjun took this opportunity to attack and kicked Yingyue until he vomited blood, without any trace of it.

Yingyue also fainted. There was an uproar in the whole country..

Chapter 2735

"Oh my God! In just three rounds, Yingyue was knocked out by Nangong Hongjun."

"yes! This is only three rounds! It seems that Yingyue's strength is very different from Nangong Hongjun's. The fourth-level warriors are indeed far inferior to the fifth-level warriors!"

"hehe!! This is also because Nangong Hongjun has a fifth-level pet, otherwise he would not have won so quickly."

"makes sense. However, this Nangong Hongjun has a fifth-level pet to help him. He is very powerful. I think he will definitely enter the top ten rookies."

"Um! Indeed!"

But in the middle of the scene, Nangong Hongjun saw Yingyue passed out and suddenly smiled coldly and disdainfully.

"Useless trash!"

Then, he said to the blood-eyed green toad

"Xiaoqing, you did a good job, you go down first!"

The blood-eyed green toad suddenly screamed twice, shrunk to the size of two palms, and then disappeared into the soil.

Afterwards, Nangong Hongjun ignored Yingyue and went straight back to the contestants' bench. Go up.

When passing by Qing Tianqi, Nangong Hongjun looked at Qing Tianqi with contempt again and sneered.

"Xuanyuan Zhantian, it's your turn next, and I will make you lose even more miserably than Shadow Moon!"

Hearing this, Qing Tianqi's expression changed slightly and he said nothing.

In fact, he was very afraid of Nangong Hongjun, because not only was the opponent a fifth-level warrior himself, but he also had a fifth-level pet, which was definitely not something he could handle.

It can be said that Nangong Hongjun is one of the people he least wants to provoke at the moment. However, he does not want to provoke Nangong Hongjun.

Nangong Hongjun has no intention of letting him go.

But when Nangong Hongjun saw Qing Tianqi's face changed slightly, Immediately he felt proud, laughed unscrupulously and returned to his seat.

At this time, Long Jinghui announced that Nangong Hongjun won the first game.

Yingyue had been revived by the medical staff and brought to the lounge for treatment.

Then, It was the second game between Qingtian Qi and Yi Chenxi.

Qingtian Qi immediately chose to give up, which immediately attracted cynicism from Nangong Hongjun and Chu Hongjian.

But Qingtian Qi pretended not to hear.

Next came the third and fourth games. Four games.

The third game was between Zhou Yanzhi and Chu Hongjian, and Zhou Yanzhi won.

The fourth game was between Qin Zhongyu and Lin Quan, and Lin Quan won.

So far, the top four winners are Nangong Hongjun, Yi Chenxi, Zhou Yanzhi, and Lin Quan.

They lost. The four members of the team are: Qingtian Qi, Yingyue, Qin Zhongyu, and Chu Hongjian.

Then, there is a competition for the top four of the team, and the two strongest ones are selected to directly enter the top ten of the rookies.

According to previous estimates, these The two strongest people in the top four of the winning team should be Yi Chenxi and Nangong Hongjun.

But what is surprising is that the final result was actually Yi Chenxi and Zhou Yanzhi who won.

Yi Chenxi is a warrior of the dual elements of gold and water, and his strength is natural There is no doubt.

Zhou Yanzhi was able to defeat Nangong Hongjun only with the help of two top-quality spiritual weapons and a variety of martial arts. This was beyond everyone's expectation.

Therefore, Yi Chenxi and Zhou Yanzhi entered the next round directly. In the top ten ranking competition, there is no need to participate in the subsequent competitions.

The remaining six people will compete for the last two places to enter the top ten.

But there is no doubt that the strongest among the remaining six people is Nangong Hongjun. However, After a series of games, the first day's game is over, and the remaining games will start on the second day.

People in the entire stadium also began to disperse.

After Qingtian returned to Yuelai Inn, he ate dinner in a hurry, Continue to practice the 'God-Destroying Thorn'.

It was very quiet late at night in early summer.

On the street, the chirping of crickets came from the cracks in the cold stone steps, adding a bit of fun to this quiet summer night.

In the room, the blue sky Qi Qi sat cross-legged on the bed, silently tempering the 'Ideology Force Field'.

Qingtian Qi was very anxious about tomorrow's game. He had no confidence that he would be among the top ten rookies.

But the top ten rookies not only received the reward of Tianqi Dan, but also There is a mysterious temptation of opportunity there, and Qingtian Qi will not give up no matter what.

In order to win more opportunities in the next competition, Qingtian Qi has to work harder to strengthen the mental force field in the sea of consciousness..

Chapter 2736

In this way, Qing Tianqi has been silently tempering the force field of his mind until midnight.

Suddenly, a sudden change occurred.

Qing Tianqi, who had been refining with his eyes closed, suddenly began to tremble violently, with a look of pain on his face.

After a while, the pain on Qing Tianqi's face became more and more intense, and his entire face began to become more and more distorted with pain. He seemed to be suffering great pain.

In the end, Qing Tianqi couldn't hold on any longer. He clutched his head tightly with both hands and his whole body curled up.

At this moment, Qing Tianqi felt like countless steel needles were pricking his brain, but his brain was extremely clear.

The sharp pain was very clear, and seemed to come from the depths of his soul. It made him break out in cold sweat, almost going crazy.

But in order not to wake up other people in the inn.

Qing Tianqi endured the pain desperately and did not dare to cry out. how so? Could it be that my method of cultivating the God-Destroying Thorn is wrong?

Why does it hurt so much?

Could it be that I just hit a bottleneck in my cultivation?

Well, it is very possible, then I must hold on!

Only by persisting can you succeed!

Thinking of this, Qing Tianqi realized something in his heart. He immediately gritted his teeth and continued to practice with a trembling body.

In this way, Qingtian Qi persisted in practicing the Kung Fu of a cup of tea despite the extreme pain in his brain.

But the more I practice, the more intense the pain becomes.

Qing Tianqi always gritted his teeth and did not want to give up.

The intense pain made him sweat so much that his close-fitting clothes were almost soaked with sweat. Just when Qing Tianqi was about to lose control, there was a shock in his head, and the stinging pain in his head suddenly disappeared. , and then a cool and comfortable feeling came from the depths of the soul.

At this time, the pain on Qing Tianqi's face gradually dissipated, and his face showed a calm look, and his whole body also lit up with a silver light, which was very conspicuous in the dark night.

I don't know how long it took before Qing Tianqi slowly opened his eyes. As soon as these eyes were opened, two rays of light shot out between opening and closing, condensing into a light several feet long, but the light was very cold and piercing, especially weird in the dark night.

Immediately, Qing Tianqi's face showed a look of ecstasy

"Ha ha!! I finally succeeded in condensing the 'thought force field'. I just didn't expect that by condensing it into a force field of thoughts, I could actually force the force of thoughts out of the body!"

Thinking of this, Qingtian Qi's heart moved, and he suppressed the strange light in his eyes and the silver light all over his body, and all the strange phenomena disappeared immediately.

"Great, now that the 'Ideology Force Field' has been successfully condensed, you can officially learn the 'God-Destroying Thorn'. This learning should be much easier than tempering the 'Idea Force Field'. I hope I can dare to learn to destroy it before dawn. God stab it!"

At that moment, Qingtian Qi took out the book 'God-Destroying Thorn' and began to study it formally.

In this way, Qingtian Qi learned until dawn.

Unfortunately, after dawn, Qingtian Qi still did not learn 'God-Destroying Thorn'.

However, , Qingtian Qi is confident that as long as he is given one more day, he is sure to learn the 'God-Destroying Thorn', but time does not allow it, because the game is about to start the next day. At the moment

, Qingtian Qi is extremely entangled in his heart , I had to temporarily stop practicing and go to the Tianlong Arena to compete.

After all, being late for no reason will be treated as a forfeit. Qingtian Qi did not want to lose the qualification to enter the top ten before the game started.

On the Tianlong Arena, everyone in the stands around The spectators arrived at the arena early.

Today is the second day of the competition for the top ten spots in the rookie conference.

The first game is to select the strongest two from the four losers.

The four losers are: Qingtian Qi, Yingyue, Chu Hongjian, and Qin Zhongyu.

Among these four, Chu Hongjian and Qin Zhongyu are both fifth-level warriors. They are Qingtian Qi's biggest opponents, and they are both objects that Qingtian Qi is not sure of defeating.

However, Qingtian Qi was lucky this time.

When the losers were re-drawn into groups, the first game was Qingtian Qi versus Yingyue, and the second game was Qin Zhongyu versus Chu Hongjian.

At this moment, on the field, Qingtian Qi and Yingyue were silently confronting each other. , the first resurrection match of the losing team is about to begin..

Chapter 2737

At this moment, on the field, Qingtian Qizheng and Yingyue were silently confronting each other. The first resurrection match of the losing team was about to begin.

"I'm Xuanyuan Zhantian, please give me some advice!"

Qingtian Qi bowed politely to Yingyue.

"Yingyue also asked Brother Xuanyuan for more advice!"

Yingyue also smiled and nodded.

Qingtianqi smiled and said:"Miss Yingyue, let's get started!"

"good! Brother Xuanyuan, be careful. The little girl will not be merciful. After all, the top ten rookies will not only be rewarded with the Apocalypse Pill, but also a mysterious opportunity. With such a huge temptation, the little girl will give it her all no matter what! I also hope that Brother Xuanyuan will not hold back!"

Seeing Yingyue speaking so frankly, Qingtian Qi's affection for her greatly increased.

"Miss Shadow Moon, I won't hold back!"

As soon as he said this, Nangong Hongjun, who was not far away, laughed and said:"You are really overestimating your capabilities. With the strength of the two of you, you also want to get involved in the top ten rookies? What a dream!"

Chu Hongjian also sneered:"What Brother Nangong said is that these two people are a little shameless. Even I dare not say that I can enter the top ten rookies. They dare to say such big words based on their status as fourth-level warriors. , it's so ridiculous!"

Hearing the cynicism of the two, Yingyue's face changed slightly, and a scowl appeared on her pink face. She turned her head and looked angrily at the two people at the summit.

Seeing Yingyue coming with an angry look, Nangong Hongjun stood up suddenly and looked at him with disdain. Shadow Moon, who was on the scene, said sternly

"What are you looking at? You loser! Did I say it wrong? Wasn't the lesson I taught you yesterday enough? Chu

Hongjian also helped:"It seems that this little bitch has healed her scar and forgotten the pain. Brother Nangong, don't worry, I will teach her a painful lesson next time she meets me." But having said that, this girl has a really nice figure and looks really cool! Ha ha!!"

Speaking of this, Chu Hongjian laughed obscenely, and a pair of ruthless eyes swept around Yingyue's towering chest and perky buttocks.

Yingyue was immediately turned pink by his obscene gaze. With his face flushed and his heart filled with anger, he pointed at Chu Hongjian and said angrily: "You dirty scumbag! What are you looking at with those dog eyes?"

Hearing this, Chu Hongjian became even more proud, and was about to start teasing again.

Long Jinghui, who was hosting the competition, shouted coldly: "Shut up, I!"

Hearing Long Jinghui's cold drink, Chu Hongjian's face changed slightly. He didn't dare to speak at the moment and sat down obediently.

At this time, Long Jinghui said quietly to Nangong Hongjun and Chu Hongjian: "Now is the game. Time, you two don't interrupt other people's games, just sit in the players' seats and watch the game. You can talk about some things after the game."

After saying this, Long Jinghui turned to look at Qingtian Qi and Yingyue on the field, and said coldly

"You two hurry up and compete, don't waste everyone's time here, there are four fifth-level warriors waiting for you. Don't let the game be delayed because of the competition between the two of you. Especially you, Shadow Moon, why are you arguing with others? It's better to say less words in the future!"

Hearing this, Qing Tianqi frowned slightly. This matter was obviously instigated by Nangong Hongjun and Chu Hongjian, but this Long Jinghui only scolded Yingyue, and even his tone was very unkind. It was obvious that he was in trouble. Favoring Nangong Hongjun and Nangong Hongjun inevitably made Qingtian Qi a little angry.

In fact, from the beginning, Long Jinghui was relatively indifferent to Qingtian Qi and Yingyue because they were not fifth-level warriors. The reason was very simple. The level barrier between warriors and fifth-level warriors is too big.

If a third-level warrior can cross a level to defeat a fourth-level warrior, it is still possible.

But it is almost impossible for a fourth-level warrior to defeat a fifth-level warrior. , after all, the higher the warrior reaches the back, the greater the level barrier.

And since the Rookie Conference has been held, I have never seen a fourth-level warrior defeat a fifth-level warrior. The best record in history is that of a fourth-level warrior The warrior lasted for a hundred rounds at the hands of the fifth-level warrior, but was defeated miserably in the end.

Therefore, in Long Jinghui's eyes, Qingtian Qi and Yingyue were just here to make fun of each other. No matter how powerful they were, they could not be the opponents of the fifth-level warrior. , he naturally looked down upon him, and always showed his cold attitude inadvertently..

Chapter 2738

Qingtian Qi had noticed this a long time ago and just kept it silently in his heart.

This Long Jinghui really looks down on people. Does he really think that the two of us can't be compared with a fifth-level warrior?

This time I'm going to let you open your eyes and take a closer look!

Let me show you how I got into the top 10 rookies.

Qing Tianqi thought silently in his heart.

At the same time, Yingyue was very dissatisfied with Long Jinghui's handling. She was about to defend herself, but Qingtianqi stopped her.

"Miss Shadow Moon, we should ignore some people. There are still hundreds of thousands of eyes looking at us all around. Let's compete first!"

After hearing Qingtian Qi's persuasion, Yingyue glanced at him gratefully and nodded slightly.

"good! Then let's start. The game will take place in a while. Brother Xuanyuan, be careful!"

At this moment, the two officially started the battle. I saw Qingtian Qi holding a sword in each hand, with green patterns on his left hand and flames on his right hand. And Yingyue also made a move with both hands, and two cyan scimitars appeared in her hands.

"Brother Xuanyuan, my pair of swords are called 'Qingshuang Double Blades', they are wind spiritual weapons. This wind spiritual weapon is not comparable to ordinary five element spiritual weapons. Although their combat power amplitude is not as good as the best spiritual weapons, they are much stronger than ordinary spiritual weapons, and their amplitude can reach 40 to 50%."

Yingyue slowly introduced the two swords in his hands.

Hearing this, Qingtian Qi's face changed slightly, and he was secretly shocked.

This wind spiritual weapon is indeed extraordinary. Its attack power amplitude is actually four to five. , while the amplitude of attack by ordinary spiritual weapons is only 20% to 30%.

It seems that the amplitude of this wind spiritual weapon is almost twice that of ordinary spiritual weapons!

This is definitely not comparable to ordinary spiritual weapons.

In this way, The semi-sacred weapon 'Thunder God Saber' in my hand is definitely much stronger than ordinary semi-sacred weapons. I'm afraid even Ling Tianhan's 'God-Destroying Sword' can't compare! It's a pity that I'm not a Thunder Elephant warrior yet, so naturally this Thunder God Saber can't. Use it.

In fact, even if I am a Thunder Elephant Warrior now, I cannot take out this Thunder God Saber, otherwise it will definitely arouse the covetousness of many eighth-level warriors.

Thinking of this, Qingtian Qi gratefully raised his hand to Shadow Moon and said

"Thanks for letting me know!"

He knew that Yingyue was kindly reminding him, so he told him about the characteristics of Qingshuang's double blades.

A smile appeared on Yingyue's lips, and he suddenly said: "Brother Xuanyuan, be careful!"

As soon as she said these words, Yingyue's figure suddenly swayed, and her speed instantly reached the fifth level.

At the same time, she turned her jade hands, danced with both swords, and slashed towards Qingtian Qi at the same time.

Qingtian Qi immediately smiled. , the flaming sword in his right hand was held horizontally in front of him, trying to block Ying Yue's double sword attack.

Seeing that Qing Tian Qi only used one sword, Ying Yue wanted to block his own double sword attack. Her beautiful eyebrows condensed slightly, secretly thinking that Qing Tian Qi was a little worried. Big.

But at this moment, Qingtian Qi's Huo Jia family had already blocked the attack of the two swords.

'when! 'There was a crisp sound! Two huge waves of energy impact collided together.

Both of them groaned and each wanted to take five steps back.

This time, the two sides fought evenly.

Yingyue's face immediately changed slightly, and she thought in her heart: "What a strong attack power! It seems that I underestimated this Xuanyuan Zhantian!" It turns out that

Yingyue's own basic attack power far exceeds the ordinary fourth-level Dzogchen Peak, and there is The amplitude of the wind spiritual weapon and the attack of each sword are close to those of a fifth-level warrior.

And she had just used both swords, and her attack power could already be imagined.

But Yingyue didn't expect that with his own attack power, Qingtian Qi could still block it with just one sword, and they were evenly matched.

This time the trial ended in a draw.

However, this also shows that Qingtian Qi's combat effectiveness is superior to that of his opponent because he only used one hand.

"Xuanyuan Zhantian, it seems that your fighting power is much stronger than the little girl imagined. However, don't think that you can defeat me this way. The battle between warriors is not just about competing for combat power. This is the little woman's real strength, be careful!"

As soon as he finished speaking, Yingyue's figure flickered and turned into an afterimage. He also used the distraction sword technique and brandished his two swords to kill Qingtianqi again..

Chapter 2739

This Shadow Moon is a wind elephant warrior, and the wind elephant warrior is transformed from a warrior of the three elements of water, wood, and fire. Naturally, he has learned the Fenxin sword technique.

At that moment, Qing Tianqi smiled slightly, and also launched Fenfen Sword Technique to fight against Ying Yue. His speed was no less than Ying Yue's.

In a short time, the two fought against each other for more than ten rounds. The speeds of both sides were equal, but Qingtian Qi's combat power was obviously higher than the other's.

So once these dozen rounds were over, Qingtian Qi had the upper hand.

Yingyue was immediately horrified. It was so fast. I didn't expect that Xuanyuan Zhantian was not a wind elephant warrior, but his speed was comparable to mine. Could it be that a five-element warrior would be so strong?

Does it actually have such an advantage in terms of speed? It seems I can't hold anything back!

Thinking of this, Yingyue's mind moved, and she immediately used the 'Mirror Flower Water Shadow' footwork. Water patterns and white flowers loomed under her feet, and her speed suddenly increased to the peak of the fifth level. She instantly reversed the decline and gained the upper hand.

Not to be outdone, Qingtian Qi also used the 'Phantom Fire Shadowless Step', which increased his speed by a bit, but it has not yet reached the peak of the fifth level, and is much slower than Shadow Moon.

However, he still has an advantage in attack power.

The two sides also fought together. For a while, they were inseparable and evenly divided.....

However, both sides are extremely fast, and the field is full of afterimages of both sides.

In the stands, the spectators were dazzled and dizzy.

Those warriors below the fourth level watched the situation nervously with their hearts in their throats. Because Qingtian and Qi moved so fast, they couldn't see clearly the fighting between the two sides. They didn't know who had the upper hand?

Only those warriors of level five or above can clearly see the fighting situation between the two sides.

At this moment, many young warriors in the crowd started talking nervously.

"Oh my God! These two are so fast! It seems to be faster than the fifth-level warriors, but they are all fourth-level warriors! This is incredible!"

"yes! Who do you think will win among these two?"

"It's hard to say, the two sides fought equally well, and it was hard to tell the winner for a while. Judging from the current situation, Xuanyuan Zhantian's combat effectiveness is stronger, and Yingyue's speed is faster. It can be said that they are matched against each other."

"good! That Yingyue was known as the number one person below the fifth level three years ago, and Xuanyuan Zhantian was a fifth-line warrior rarely seen in hundreds of years. Which of these two people is the real number one below level five? I think the outcome will be determined after today's battle."

"yes! Let me read on!"

Contrary to the mentality of many spectators.

In the contestants' seat, Nangong Hongjun saw Qing Tianqi and Ying Yue locked in a stalemate, and the look of disdain on his face became even stronger

"This Xuanyuan Zhanzhen is a useless thing. It has been more than a hundred rounds and he still hasn't been able to take down Shadow Moon. I'm really disappointed. I think his strength is really not that good.

"Red Sword, I really can't figure it out. Why did you fight the opponent for seventy-eight rounds and still not be able to defeat him? If you ask me, you can take care of the opponent in twenty or thirty rounds at most."

Hearing the ridicule and dissatisfaction in Nangong Hongjun's tone, Chu Hongjian looked very embarrassed.

"Why! Brother Nangong, I also wanted to preserve my last trump card that day, otherwise I would definitely get rid of this kid. However, don't worry, I won't hold anything back this time. I will defeat Xuanyuan Zhantian with my own hands in front of Brother Nangong, so as not to be laughed at by Brother Nangong in the future.

Nangong Hongjun laughed and said,"Haha!! Red Sword, I'll wait and see, don't let me down! However, I think you should have no problem dealing with this kid. He can't even take down Shadow Moon for half a day. He can probably last up to five rounds in my hands. He can't be your opponent."

Just when Nangong Hongjun said these words, a sudden change occurred in the scene.

However, Yingyue saw that he could not stand still, and suddenly made a seal with his hand and let out a sweet drink.

"Dance style!"

Then, a green whirlwind appeared around Shadow Moon, and her body slowly rose, suspended in mid-air, thirty meters above the ground. Ordinary attacks could no longer hit her...

Chapter 2740

Qing Tianqi looked at the shadow moon in the sky in surprise and thought to himself.

This should be a wind martial skill. But what does Shadow Moon want to do when it flies into the air?

Just when Qing Tianqi was greatly puzzled, he saw Ying Yue holding a knife in front of her with both hands, and suddenly her delicate body spun rapidly, and the green whirlwind around her also spun rapidly.

In the blink of an eye, Shadow Moon's body rotated so fast that she could hardly be seen clearly, and her whole body turned into a high-speed rotating cyan whirlwind.

And at this moment, Shadow Moon's screams came from the whirlwind.....

"Wind blades dance wildly!"

As these words fell, the whirlwind immediately said 'Whoosh! Whoosh! Whoosh!', and continuously shot out half-meter-long wind blades, with extremely fierce momentum, shooting towards the blue sky. In the blink of an eye

, Seeing that, more than a dozen wind blades were shot at Qingtian Qi.

Qingtian Qi's face changed slightly, and he immediately used the 'Fire Rain Plum Blossom Sword' to shoot out more than a dozen black flame rockets to resist the attack of the wind blades.

But those dozens of wind blades shot at him. The rockets were easily split by those wind blades.

Those wind blades were still coming towards the laser rapidly.

Qingtian Qi's expression suddenly changed, and he immediately activated the 'Blood Shadow Escape Technique' and his speed suddenly increased. In an instant, he exceeded the speed of a fifth-level peak warrior. Avoid the flying wind blades....

Those wind blades shot into the air and directly hit the ground, immediately cutting large craters several meters deep into the ground.

For a moment, gravel flew across the field and explosions continued.

Tian Qi was also horrified.

What a powerful attack! The attack power of each wind blade probably reaches the level of a fifth-level warrior. The attack power of wind martial arts is indeed very powerful!

Qing Tianqi didn't dare to fight head-on. After all, there were too many wind blades and he couldn't resist them one by one.

At this moment, Qingtian used all his speed to avoid the continuous wind blade attacks.

For a moment, Qingtian Qi's bloody afterimage was everywhere in the field.

Seeing this, Shadow Moon in the sky was extremely shocked.

"How can this be? This Xuanyuan Zhantian is not a Feng Xiang warrior! How could he be faster than me?"

Shadow Moon had a look of disbelief on her face

"no! I can't lose like this!"

Thinking of this, Shadow Moon rotates faster, and more wind blades fly out.

Qingtian Qi's pressure increases sharply. He wants to avoid all the wind blade attacks, but it becomes more and more difficult. At that moment, he thought anxiously

"This is not the way to go. Sooner or later, I will be attacked by her like a wave and forced out of the arena. At that time, I will lose.

It seems that I must break her move, otherwise the initiative will always be in her hands.

Thinking of this, Qing Tianqi suddenly roared and immediately activated the 'Five Elements Shield'. Then he jumped up, faced countless wind blades coming towards him, rushed into the air, and at the same time used the 'Five Elements Sky Slash' to turn into twenty The meter-long multicolored light knife slashed towards Shadow Moon. '

Bang! Bang! 'More than a dozen wind blades struck the Five Elements Shield in succession, and the light of the Five Elements Shield quickly dimmed.

Qingtian Qi's Five Elements Shield can withstand a full blow from a fifth-level warrior, but it can barely hold on in the face of the continuous wind blade attacks.

Just as the Five Elements Shield was shattered by the last wind blade, Qingtian Qi's Five Elements Sky Slash had already hit the blue whirlwind in the air.

In the whirlwind, Shadow Moon suddenly groaned and staggered down from the sky.

Shadow Moon's 'Wind Blade Dance' was broken by Qingtian Qi with one move.

On the playing field, Ying Yue fell to the ground, with a trace of blood hanging from the corner of her mouth, and her delicate face looked a little pale.

Qingtian Qi felt a little sorry when he saw this, and asked warmly:"Yingyue, are you okay? Do you want to fight again?"

Yingyue glanced at Qingtian Qi gratefully, and her usually cold face showed a strange expression. A touch of tenderness

"Brother Xuanyuan, I'm fine!"

Yingyue stood up slowly, gently wiped the blood from the corner of her mouth, and showed a determined look on her face again.

"Brother Xuanyuan, it's Yingyue who underestimates you. Unexpectedly, not only is your combat power superior to that of Shadow Moon, but even the speed that Shadow Moon is proud of cannot compare to you. However, Shadow Moon would not just give in. I don't want to give up the opportunity to enter the top ten."

"To be honest, if I can't even defeat Brother Xuanyuan, I have no hope of competing for the top ten. I hope Brother Xuanyuan can understand!"

Hearing Ying Yue's tone suddenly become gentle, Qing Tian Qi was a little surprised, but he didn't think too much..
