

## God level 2741

### Chapter 2741

At this moment, Yingyue spoke again: "Brother Xuanyuan, my little sister is going to make the last move!"

After saying this, Yingyue's bright eyes narrowed, and she quickly took out a strange black jade talisman, and then crushed it..

As soon as the black jade talisman was broken, a streak of blood flew out and merged into Yingyue's body.....

Yingyue's delicate body suddenly shook, and her whole aura immediately increased a lot, and at the same time it became a little weird.

Qingtian on the side saw this and was greatly surprised.

And there was a strange look of excitement in Shadow Moon's eyes.

At this moment, she was thinking secretly: "I feel like something is attached to me now, and I seem to have some insights. Didn't that person lie to me? This 'talisman' really works! Then I will try its effect next How!"

Thinking of this, Yingyue made seals repeatedly and shouted in his mouth

"Water image clone technique!"

With this shout, the water energy around Shadow Moon fluctuated strangely, and then countless water droplets condensed.

Then, those water droplets gathered together and melted into three huge water bubbles.

Three huge water bubbles Then it twisted into a human form, and finally turned into three shadow moons, with the same expression and momentum.

Seeing this, Qing Tianqi was shocked

"Is this a kind of clone technique? This seems to be a water martial art!"

Wind elephant warriors can learn water, wood, and fire martial arts, and Ying Yue will naturally know water martial arts.

Just when Qing Tianqi was shocked, the three shadow moons simultaneously spoke in surprise.

"It's true! Brother Xuanyuan, be careful!"

After saying this, Yingyue's body walked to one of the clones, and then merged his body and that clone into one.

Seeing this, Qingtian Qi was greatly puzzled.

But at this moment, the three shadows Yue shouted at the same time, and rushed towards Qingtian Qi.

Qingtian Qi was horrified, with a flash of blood on his body, he escaped from the encirclement of three shadow moons, but he was still flanked by two shadow moons.....

At the moment, Qingtian Qi felt helpless and had no choice but to attack the two shadow moons that were attacking from both sides at the same time.

I saw him swinging both swords together, striking at the two shadow moons respectively.

But something strange happened. The two swords struck like air.

The two shadow moons were quickly split apart and turned into countless water droplets, and then condensed back into their original appearance.

It turns out that the two Shadow Moon clones were just used to confuse people and had no offensive power at all.

The one with real offensive power is the clone that is fused with the main body.

Seeing this, Qingtian Qi breathed a sigh of relief.

But at this moment, he suddenly became alert and secretly thought something was wrong.

There were two rapid sounds of piercing the air behind his head, but it was Ying Yue's true body that came around behind him and suddenly made a sneak attack, slashing towards Qing Tian's back with both swords.

Qingtian Qi was horrified. He made a mistake in his steps, turned around quickly, and blocked the attack of the opponent's double sword with one sword.

It's just that Qingtian Qi defended in a hurry and only used 70% of his strength.

Qingtian Qi was immediately shocked back by Yingyue's double swords.

But at this moment, two clones of Shadow Moon also rushed over.

Qing Tianqi used his sword in a hurry to split up the first rushing clone and reassemble it.

But the attack of the second clone had arrived, and the knife struck Qing Tianqi directly in the chest.

Qing Tianqi's figure was not yet firm at this moment, and he had no time to resist with his horizontal sword.

But he didn't care, because he knew that this clone was just an illusion and had no offensive power at all.

But just when the clone's knife was only a few inches away from Qing Tianqi's chest, he felt an inexplicable palpitation in his gut, and the hairs all over his body stood up inexplicably.

Qingtian Qi immediately exclaimed in his heart

"wrong!"

At that moment, Qingtian Qi immediately activated the 'Five Elements Shield' without even thinking about it.

The clone's attack immediately hit the Five Elements Shield, and there was a loud 'boom' sound. This blow actually shook Qingtian Qi back. He took a few steps back, but his attack force was blocked by Qingtian Qi's Five Elements Shield.

Qingtian Qi suddenly opened his eyes in horror, looking at the shadow moon clone in front of him in disbelief, and said in shock

"How can this be? You are not your true form, how can you have attack power?"..

Chapter 2742

The clone of Shadow Moon smiled and said

"Brother Xuanyuan, you have to be careful. My body can be switched among the three clones at will. It seems real and fake, and I will always be invincible. Unless you can attack three targets at the same time, you will never be able to attack me. You can only be attacked by me forever."

Hearing this, Qingtian Qi was shocked. Only then did he realize that the Water Image Clone Technique was so powerful.

Even if he found Ying Yue's true body, it would be useless. Shadow Moon's true body could be transferred to other clones at any time.

The clone that was originally fused with the main body quickly turned into the main body, making it elusive.....

At the same time, in the players' seat, Nangong Hongjun, who had been watching the game, suddenly thought of something when he saw this. He stared at the field with wide eyes and said in horror.

"I remembered that the Water Image Clone Technique is a top-notch water martial art. But this Shadow Moon is not even a fifth-level warrior, how could she have the best martial arts? Do you know that only martial artists of level five or above can learn the best martial arts?"

When Chu Hongjian heard this, his expression changed greatly and he said in horror.

"yes! How could she have such superb martial arts skills? By the way, it must be related to the black jade talisman she used just now. Nangong

Hongwen said in a deep voice:"That should be it!" What on earth is that black jade talisman? He can actually transfer a top-notch martial skill to a person."

"However, I guess there is a limit to the number of times, and it is impossible to let others have it forever. Moreover, the water image clone technique used by Shadow Moon is still somewhat different from the rumors. The rumored Water Image Clone Technique has five immortal clones, while Shadow Moon's only has three."

"But having said that, fortunately Shadow Moon didn't use that strange black jade talisman yesterday, otherwise I would never have been able to defeat her in three rounds, and I'm afraid it would have taken a lot of effort. Originally I thought Xuanyuan Zhantian would win, but now it seems that Xuanyuan Zhantian is going to lose. Unless he can break Shadow Moon's Water Image Clone Technique."

Hearing this, Chu Hongjian suddenly frowned depressedly.

"If Xuanyuan Zhantian loses, won't my wish to teach this bastard a lesson be in vain?"

At the same time, at the highest point of the stand, Qinglin looked at the two people fighting below with a playful smile on his lips.

"interesting! Unexpectedly, during this competition, I would see the legendary lost black talisman. I wonder where that little girl got her black talisman?"

Long Xing on the side was silent, but the look in his eyes was flickering, as if he was thinking about something.....

At this time, Qinglin said again: "The girl named Yingyue used the 'Water Image Clone Technique'. With her own strength and this top-notch martial skill, she should barely reach the level of a fifth-level warrior. I don't know. How should Xuanyuan Zhantian deal with it?"

"I'm afraid he still can't crack it with his current strength. It seems that he loses more than he wins in this round! However, if he can win, it means that his strength is really close to the level of a fifth-level warrior. Even if he fights a real fifth-level warrior in the next round, there is still some hope."

"yes!"

Long Xing actually nodded silently.

"If Xuanyuan Zhantian can win this game, maybe he will bring us some surprises in this rookie conference. After all, since the Rookie Conference has been held, I have never seen a fourth-level warrior defeat a fifth-level warrior. I wonder if Xuanyuan Zhantian can break this precedent?"

Speaking of this, Long Xing's eyes showed a look of expectation.

At the same time, the battle on the field had begun again.

Shadow Moon's three clones once again launched an attack on Qingtian Qi.

The two sides only fought for more than twenty rounds. Qingtian Qi was at a huge disadvantage.

All this was seen by Qingtian Jun and Qingtian Ling in the audience, and both of them were very anxious..

Chapter 2743

If they lose this first game, Qingtian Qi will almost not have to participate in the subsequent games, and their hope of entering the top ten will be almost gone. Then their mission of obtaining an Apocalypse Pill will be impossible to complete.

In fact, Qing Tianqi was also very depressed at this moment. He felt that he had no power and nowhere to use it. He clearly knew that it was the original body, but when he attacked it, it turned into an immortal clone with no attack power.

And the immortal clone that originally seemed to have no attack power would suddenly turn into its true form.

All this made Qingtian Qi confused and unable to take precautions.

In the blink of an eye, the two fought for more than ten rounds.

Qingtian Qi gradually showed signs of defeat. This immediately made Qingtian Qi very anxious.

"no! I can't go on like this, I must find a way to break her Water Image Clone Technique, otherwise I will definitely lose! But, what should I do to break her Water Image Clone Technique?"

At the moment, Qingtian Qi was dealing with Yingyue's attack, while thoughts were racing in his mind, and he was thinking hard about the solution.

In the blink of an eye, Qingtian Qi had countless thoughts running through his mind, and his situation became more and more critical. When Qingtian Qi was being beaten back by Yingyue, an idea suddenly flashed in his mind, and he thought of a good idea.

Qingtianqi suddenly retreated, deliberately widening the distance between him and Yingyue, and at the same time, he sealed the seal with one hand..

When the onlookers around were curious about what Qingtian Qi was going to do, they saw that Qingtian Qi had completed the kneading, and then he pressed the air and let out a low drink.

"Mist concealment technique!"

In just an instant, a thick white mist arose on the entire field, shrouding Qingtian Qi and Yingyue, making them invisible to everyone outside the field. In the contestants' seats, all the players saw this. They were all puzzled.

Nangong Hongjun immediately sneered and said: "Is this Xuanyuan Zhantian jumping over the wall in a hurry? How to use Mist Hidden Technique in competition? This Mist Hidden Technique is a martial art used when escaping, and it has no effect at all in combat."

Chu Hongjian was also very puzzled and echoed.

"yes! Even if he felt that he couldn't defeat him and wanted to escape, he would use the fog concealment technique to cover the enemy to block the enemy's sight. How could he cover himself in the thick fog? In this case, wouldn't he himself be able to see nothing? This is really confusing!"

At that moment, Chu Hongjian shook his head repeatedly, feeling that he couldn't understand.

But at this moment, the sound of exciting fighting came from the thick fog.

The swords of both sides collided with each other, and the swords of both sides collided with each other, and the onlookers around him couldn't understand it at all. Unable to see the fighting situation in the thick fog, everyone stared blankly at the thick fog and could only stare there.

But after a while, several muffled sounds came from the thick fog.

The muffled sounds were actually the shadows. The moon came out, which greatly surprised the onlookers around. They didn't know what happened in the thick fog.

But just when everyone was very surprised, the shadow moon's cry suddenly came from the thick fog....

"Brother Xuanyuan, stop it! My little sister gave in!"

As soon as these words came out, the surrounding spectators were in an uproar. They still haven't figured out what happened in the thick fog?

They don't know how Qingtian Qi cracked Yingyue's 'Water Image Clone Technique'?

Nangong Hongjun and Chu Hongjian looked dumbfounded, staring blankly at the thick fog in the arena.

Hearing Yingyue admit defeat, Long Jinghui, who was presiding over the competition, had a strange look on his face, because He didn't know what happened to the thick fog, let alone how Qingtian Qi cracked Qin Yue's 'Water Image Clone Technique'.

At the highest point of the stands, Long Xing and Qing Lin both had a smile on their faces.

They Both of them are ninth-level warriors. They can clearly see everything that happens in the thick fog, and they naturally know what is happening inside..

Chapter 2744

At the highest point of the stands, Long Xing and Qing Lin both had a smile on their faces.

Both of them are ninth-level warriors. They can clearly see everything that happens in the thick fog, and they naturally know what is happening inside.

"Unexpectedly, Xuanyuan Zhantian used the Mist Hidden Technique to break the Water Image Clone Technique. It was really not easy! The Hidden Mist Technique is just an intermediate water-based martial arts technique, while the Water Image Clone Technique is a top-notch water-based martial arts technique. Even if this kid dares to think about using medium martial arts to crack the best martial arts, this little guy is really interesting. Qing Mou liked this little guy more and more."

Qing Lin looked at Qing Tianqi in the arena with a smile, with admiration in his eyes.

Long Xing smiled and said:"This Xuanyuan boy can use the Mist Hidden Technique to break the Water Image Clone Technique because he has the ability of night vision. , fighting in the dark, everything is like seeing it in person. Most warriors are unable to do this"

"His 'night vision' ability, coupled with the assistance of the fog concealment technique, is also a terrifying method. However, his method is not useful to everyone.

Qinglin nodded slightly:"That's true." However, what Qing admires most is not his 'night vision' ability, but his wisdom. This little guy was able to find the flaw in the Water Image Clone

Technique in such a short period of time, something that many young people couldn't do. This shows that this little guy's intelligence is extraordinary!"

"good! Even the leader of the country admires this little guy for being able to find the right countermeasures so quickly despite being at a disadvantage. In fact, such people are often the most difficult to deal with. This little guy is indeed a talent."

Even Long Xing couldn't help but praise him.

In fact, a life-and-death battle between warriors depends not only on their own strength, but also on their wisdom.

When Su Tianhe taught Qingtian Qi the fighting skills, on the first day Su Tianhe once said that the battle between warriors not only relies on their own strength, but also knows themselves and the enemy, and uses all available factors. The so-called right time, place, and people must not be sudden, so that the overall situation can be controlled.

This has always been deeply understood. Qingtian Qi was remembered in his heart. At this moment, when Long Jinghui saw Yingyue admitting defeat, he waved his hand, and the thick fog in the field quickly dissipated.

The figures of Qingtian Qi and Yingyue were revealed to everyone.

Only Qingtian Qi was seen. Standing in the center of the arena with a calm face.

However, Shadow Moon's three clones were standing on the edge of the arena, their faces a little pale, and they were obviously seriously injured.

This scene made everyone even more surprised, because the scene in front of them clearly showed that Come out, Yingyue suffered a big loss in the thick fog just now.

At this moment, everyone felt that Qingtian Qi was a little unpredictable.

Even Long Jinghui, who was in the air, took a deep breath and couldn't help but glance at Qingtian Qi. Then he announced

"Since Yingyue admits defeat, Xuanyuan will win this round!"

With this announcement, countless people in the venue cheered

"Ha ha!! Xuanyuan Zhantian won this round. It seems that Xuanyuan Zhantian is the real number one person below level five!"

"yes! This Xuanyuan Zhantian is indeed a fifth-line warrior who has been rarely seen in hundreds of years! The strength is so strong! By the way, how did he defeat Shadow Moon just now?"

"hehe!! I don't know about this, I still haven't figured it out yet!"

In fact, Qingtian Qi was able to crack the 'Water Image Clone Technique' because he combined his own advantages and found a shortcoming of the 'Water Image Clone Technique' that was not a shortcoming. The disadvantage of the

Water Image Clone Technique is that the main body of the caster can only To transfer among several clones, the normal way to crack it is to attack all the clones at the same time. Only in this way can the main body be attacked.

Qingtian Qi cannot do this.

But it has another shortcoming that is not a shortcoming.

That is, To transfer the main body to one of the clones, the caster must first know the opponent's attack route.

Only in this way can the caster prepare in advance and transfer the main body to one of the clones to make the attacker's attack fail.

In view of this Shortcomings: Qingtian Qixian used the Mist Hidden Technique to reduce Shadow Moon's field of vision, causing Shadow Moon's three clones to lose the strategic advantage of attacking from the east to the west, allowing him to turn his passivity into an initiative...

More importantly, Shadow Moon had no idea in the thick fog that Qingtian Qi would attack that clone first.

By the time Shadow Moon's body discovered that it was being attacked, it had already lost the best opportunity to transfer its body, and could only directly receive Qingtian Qi's attack.

Because Qing Tianqi was extremely fast, even faster than her, facing the unprepared sneak attack, Ying Yue only had time to catch it head-on.

And her physical strength is not as good as Qingtian Qi, so she will naturally suffer.

After repeating this several times, Yingyue naturally suffered losses one after another.

Of course, all this is based on Qingtian Qi's "Heavenly Listening Power" and extremely fast speed.

Qing Tianqi's Tianting talent allows him to imprint the surrounding scenes in his mind even if he closes his eyes, which is even more trouble-free in thick fog.

In other words, this thick fog is no obstacle to Qingtian Qi at all.

Because of this, he was able to find Shadow Moon's true form like a fish in water in the thick fog, and then rely on his faster speed to launch a surprise attack, leaving Shadow Moon unprepared.

This is how Qing Tianqi cracked the Shadow Moon Water Image Clone Technique.

If it were other people, the same method would not be applicable, but few people would think of using this method, so all this would be shocking to outsiders.

But at this time, in the arena, Ying Yue made a seal with her hand, put away the Water Image Clone Technique, and the three clones disappeared immediately.

After doing this, Yingyue raised her hand and said: "Brother Xuanyuan, congratulations on your win!"

"Accepted!"

Qingtian Qi responded politely.

Then, the two of them exited the battlefield.

At this time, medical staff came out to help Ying Yue heal her injuries, so that she could fully recover as soon as possible for the subsequent competition.

Qingtian Qi, in the surprised eyes of all the players, After speaking to the staff, he did not return to the players' seats, but hurriedly entered the players' lounge at the back of the field.

It turned out that Qingtian Qi gave up watching the following games in order to learn the 'God-Destroying Thorn' as soon as possible and use it to understand the strength of his opponents. opportunity.

A person enters his own lounge and continues to practice the 'God-Destroying Thorn'.

Although Qingtian Qi cannot guarantee that he will learn the 'God-Destroying Thorn' before the next competition, the subsequent competitions he will face will not only be One game, so he still has to seize the time to study, which will be of great use to him in subsequent games.

In the lounge, Qing Tianqi sat cross-legged, concentrating wholeheartedly, using the force field of his mind to compress his soul power into a Intangible and colorless 'soul power thorn'.

This compression process must be completed in an extremely fast time, and then it is shot out through the person's pupils.

But every time it is condensed, Qingtian Qi's brain is under great pressure Pressure, and every time it condenses halfway, it will collapse for no reason, which makes Qingtian Qi very entangled.

However, he knows that this is a level and bottleneck. As long as he condenses it successfully the first time, he can easily condense it successfully in the future. You will be able to completely master the 'God-Destroying Thorn'.

While Qing Tianqi was practicing the 'God-Destroying Thorn' alone in the lounge, the competition on the field was still going on like a raging fire.

Today's first battle is between Shadow Moon and Qingtian Qi.

The second battle is between Chu Hongjian and Qin Zhongyu.

Qingtian Qi has no idea about the battle situation outside. He has been condensing the "Soul Power Thorn" with all his strength and trying to break through this last hurdle.

Unknowingly, Qingtian Qi In the afternoon, he had forgotten the time.

And he also made some progress in condensing the 'Soul Power Thorn'.

Just when Qingtian Qi was immersed in practicing with all his strength, there was a knock on the door.

Qingtian Qi immediately left the training I woke up with a start and thought: "Could it be that the staff came to see me? Looks like it's my turn to play again. Who will be my opponent in this round? Chu Hongjian or Qin Zhongyu? These two people are both fifth-level warriors. It seems that there is no way to escape this tough battle. Qing

Tianqi took a deep breath, thinking about the upcoming competition, he suddenly felt a little nervous, but he walked quickly and opened the door. As soon as the door opened, he saw a person standing outside the door..As soon as he saw the coming person, Qing Tianqi suddenly showed a look of surprise.

"why you?"..

Chapter 2746

It turned out that the person who came was not the staff member who came to invite Qingtian Qi to compete, but Yingyue with a pretty face. But when Yingyue saw the blue sky, her bright eyes were filled with joy

"Brother Xuanyuan, you are indeed here, and my little sister is looking for you everywhere?"

Qing Tianqi said in surprise: "Are you looking for me?" Is there a problem?"

Yingyue did not answer directly, but asked instead: "Brother Xuanyuan, if you don't go to watch the game and are hiding in the rest room, you must be practicing some special martial arts, right?"

Qing Tianqi didn't hide anything, and said with a slight wry smile: "Not bad!" I am practicing a special martial skill. Because with my current strength, I am not sure I can deal with a fifth-level warrior, I must master a martial skill that can improve my strength as soon as possible."

Yingyue also nodded slightly: "Brother Xuanyuan is worried. From my point of view, your strength is indeed a bit difficult to deal with fifth-level warriors. Because my little sister watched the battle between Chu Hongjian and Qin Zhongyu today, both of them are much stronger than you. Hearing this

, Qingtian Qi's heart moved and asked: "Who won the match between Chu Hongjian and Qin Zhongyu?"

Yingyue said: "I came here to tell you this. The result of this game has both good and bad aspects for you. I wonder which aspect Brother Xuanyuan wants to hear first?"

"Let's talk about the bad side first!"

"good!"

Yingyue said immediately, "The bad side of this is that Brother Xuanyuan will fight Chu Hongjian next, and it is also an extremely crucial battle. If Brother Xuanyuan loses, you will lose the qualification to enter the top ten.. If you win, you still have a chance. Hearing this

, a look of surprise appeared on Qingtian Qi's face, and he quickly asked: "Did Chu Hongjian lose in the battle between Qin Zhongyu and Chu Hongjian?" I heard that Chu Hongjian is stronger than Qin Zhongyu. Did he really lose?"

Yingyue nodded and said: "Yes, Chu Hongjian lost. Chu Hongjian was indeed stronger than Qin Zhongyu, but he still lost."

Qingtian Qi was suddenly surprised and said:"What on earth is going on?"

"Brother Xuanyuan, listen to my little sister tell you carefully. In fact, in the original ranking evaluation of the rookie list, Chu Hongjian was ranked seventh, Zhou Yanzhi was eighth, Qin Zhongyu was ninth, and Xiaomei was tenth. So my little sister knows all three of them very well"

"This time, Zhou Yanzhi suddenly emerged as a new force and narrowly defeated Nangong Hongjun. It is normal for him to enter the top ten rookies early because he is a very lucky person. He has two top-quality spiritual weapons for self-defense and many special martial arts. His strength cannot be compared with Judgment based on common sense"

"As for Qin Zhongyu and Chu Hongjian, both of them are descendants of wealthy clans, and they mainly rely on the support of their clans to achieve what they are today. However, Chu Hongjian entered the fifth level three years ago, and Qin Zhongyu entered the fifth level only one year ago."

"Chu Hongjian was much stronger than Qin Zhongyu, but in the end, when Qin Zhongyu saw that he was about to fail, he suddenly used a powerful secret technique to explode one of his own arms, seriously injuring Chu Hongjian. , he won the game, but also lost an arm."

Hearing this, Qing Tianqi opened his eyes wide in surprise.

"In this way, the battle between these two people was very fierce."

"yes!"

Yingyue also nodded with emotion.

"After all, this rookie conference is different. Everyone wants to get that mysterious opportunity and work hard to get into the top ten. Qin Zhongyu knew that he was no match for the enemy, so he risked his own life to defeat Chu Hongjian. However, even if he wins this round, he can't go far. He is destined not to be among the top ten rookies!

Qing Tianqi asked curiously:"Why?"

Yingyue replied:"Qin Zhongyu self-destructed an arm this time. Although the Qing Emperor personally took action and grafted a new arm on for him, his newly grafted arm cannot move yet and it will take half a year. Rest so that his new arm can fully recover"

"In other words, in the next game, Qin Zhongyu only has one arm, and his strength will be greatly reduced. This was the price he paid for his tragic victory. Hearing this

, Qingtian Qi suddenly realized and asked:"How is Chu Hongjian doing now?"..."

Chapter 2747

Yingyue:"Although Chu Hongjian was seriously injured by the explosion, with Qing Emperor's intervention, his injuries were almost as good as before, but he has not yet returned to his prime. For the fairness of the game, the next game will have to wait until Chu The game will not start until the Red Sword has fully recovered, so the game is suspended this afternoon and will not start until tomorrow."

"This is more beneficial to Brother Xuanyuan, because Brother Xuanyuan can just use this time to practice your 'martial arts'. If you can practice successfully before tomorrow's game, it will be a good thing!"

"It turns out that this is what you said is good for me, but it is true. Then the next third game should be between you and Chu Hongjian, right?"

Yingyue smiled bitterly and said:"I watched the battle between Chu Hongjian and Qin Zhongyu this morning. No matter who these two are, I am no match for them, so my little sister has already announced that she will give up the next game. Now the ranking of the little sister has come out, she is the fourteenth rookie"

"And Chu Hongjian can challenge you directly because of my abstention. If he wins, he and Qin Zhongyu will become the two strongest losers, competing with Nangong Hongjun and Lin Quan for the last two top ten spots."

"If he loses, you and Qin Zhongyu will become the two strongest losers, and you two will compete with Nangong Hongjun and Lin Quan for the last two top ten spots."

Qing Tianqi suddenly said:"I understand!" It seems that the first battle tomorrow will be between me and Chu Hongjian, which is also a very crucial battle. If I win tomorrow, I still have a chance to enter the top ten. If I lose, I will have no chance."

"Unexpectedly, we are really enemies of each other, and we finally have to fight that guy Chu Hongjian. However, no matter what, I must win against him! Qingtianqi clenched his fists tightly, with a determined look in his eyes.

Seeing this, Yingyue on the side reminded him kindly:"Brother Xuanyuan, I also hope that you can win tomorrow, but you must not underestimate Chu." red sword. My little sister has also heard that you once fought with Chu Hongjian for seventy or eighty rounds without deciding the outcome."

"However, he probably didn't show his full strength that time and probably hid a lot. In fact, the scariest thing about that guy is that he knows a terrifying martial art called 'Soul Seal Puppet Technique'""

Hearing this, Qingtian Qi frowned slightly. He remembered that when he was fighting Chu Hongjian, Chu Hongjian had used the 'Soul Seal Puppet Technique' to summon two petrified spiders with an attack power of three thousand people. They also had The skill of petrifying people is indeed powerful, but it is not particularly powerful.

Yingyue saw Qingtian Qi's expression showing a hint of disinterest, so she explained

"Brother Xuanyuan, don't underestimate the 'Soul Seal Puppet Technique'. This Soul Seal Puppet Technique is very strange. To ordinary warriors, it is a top-notch earth-type martial art, but to soul mutants, it is a top-grade earth-type martial art. Fortunately, Chu Hongjian is not a soul mutant, otherwise his strength would be even more terrifying. Hearing this

, Qingtian Qi was shocked, and he suddenly became curious about the Soul Seal Puppet Technique, because he was a soul mutant.

At that moment, Qingtian Qi asked:"Why?" Are there any special conditions for learning the Soul Seal Puppetry Technique?"

Yingyue replied:"Although the Soul Seal Puppetry Technique is an extremely rare pseudo-top-level martial skill, the learning requirements are not high. I heard that as long as you have cultivated the earth energy to the fourth level and can feel the soul of the earth, you can learn it."

"It's just that it's extremely difficult to learn. An ordinary warrior may have to study for more than twenty years to learn it, and a good savvy warrior will need five or six years to learn it, but a soul mutant only needs about a month to learn it, and the soul mark The power of puppetry in the hands of soul mutants is comparable to the best martial arts"..

Chapter 2748

Hearing this, Qing Tianqi became even more excited and hurriedly asked:"Why is this happening?"

Ying Yue continued to explain:"This is because the Soul Seal Puppet Technique is different from ordinary earth martial arts. Ordinary earth martial arts only require earth energy. Yes, but the Soul Seal Puppet Technique not only requires earth energy, but also requires the integration of one's own soul power."

"Soul power is a ethereal thing. The soul power of ordinary people is extremely weak, but the soul power of soul mutants is extremely strong. Therefore, it is extremely difficult for ordinary earth warriors to practice the soul seal puppet technique, but it is extremely easy for soul mutants to practice it."

"After successfully practicing this soul seal puppet technique, you can extract the soul of the beast from the inner elixir of the earth element beast, refine it into a soul seal, and seal it in the palm of your hand. During the battle, if the soul seal is released, the ferocious beasts can be reborn from the earth, but their bodies are made of soil and rocks, and their strength is only a quarter of their original strength."

Hearing this, Qingtian Qi suddenly understood and thought to himself:"Could it be that the two petrified spiders summoned by Chu Hongjian last time were both five years old when they were alive?A vicious beast? Therefore, their combat strength is only three thousand people."

At this time, Yingyue said again:"After an ordinary fifth-level warrior practices the Soul Seal Puppet Technique, the strength of the ferocious beast he can summon mainly depends on the strength of the soul power of the caster."

"Generally speaking, fifth-level warriors can only summon the fifth-level peak beast puppet at most, and a few people can summon the fifth-level perfect beast puppet. I don't know if that Chu Hongjian can summon the fifth-level Dzogchen beast puppet."

"However, I heard that fifth-level soul mutants can summon sixth-level puppet beasts. You know, even ordinary fifth-level Dzogchen warriors cannot summon sixth-level puppet beasts, because the soul power of sixth-level beasts is not the same as that of fifth-level beasts, but soul mutants can, because Their soul power is too powerful, but soul mutants can be summoned"

"As for a sixth-level ferocious beast, its weakest combat power can reach the strength of 200,000 people, so even if the summoned puppet beast is only a quarter of its original strength, it still has the strength of 50,000 people. This kind of strength is much stronger than the fifth-level Dzogchen beast."

"Imagine that a fifth-level soul mutant summons such a powerful puppet beast. Is such a martial arts equivalent to the best martial arts?"

Hearing this, Qingtian Qi was shocked and moved at the same time. He couldn't help thinking in his heart.

I didn't expect that there is such a martial art in this world. If I get this Soul Seal Puppetry Technique,

I will After cultivating the earth energy to the fourth level, my strength will be greatly increased. Even if I encounter a fifth-level Dzogchen warrior in the future, I will dare to fight with him.

However, since this Soul Seal Puppet Technique is a pseudo-top-level martial art, it must be very rare. I just don't know if I can get it from Chu Hongjian?

Forget it, I don't think about it so much. The most important thing now is to fight Chu Hongjian tomorrow. I must win that battle tomorrow, otherwise I There is no chance of entering the top ten.

Thinking of this, Qingtian Qi couldn't help but take a deep breath, and suddenly felt a pressure in his heart, because he knew that it was extremely difficult for him to deal with Chu Hongjian with his current strength.

Shadow Moon came to tell himself this time, In fact, it also revealed a piece of information.

This information is that Chu Hongjian only summoned the weakest soul mark puppet beast last time to deal with him. He must have a stronger marriage puppet beast that has not yet been summoned.

And that day, Chu Hongjian As soon as Jian summoned two petrified spiders, he began to fall into trouble. If Chu Hongjian summoned a stronger soul-marked puppet beast in tomorrow's battle, it would be even more difficult to deal with.

"It seems that I must learn the 'God-Destroying Thorn' as soon as possible, otherwise my chances of winning the battle tomorrow morning will be very slim!"

Thinking of this, Qingtian Qi sighed helplessly, and then said to Yingyue gratefully.

"Shadow Moon, thank you for telling me this, Xuanyuan is grateful!"

Qingtian Qi knew that Yingyue came here specifically to tell him the details of Chu Hongjian and also wanted to help him, so his heart was naturally filled with gratitude.

"Brother Xuanyuan is polite, but the younger sister really hopes that Brother Xuanyuan can win. In fact, my little sister came here mainly for three things. The first thing is to tell Brother Xuanyuan something about Chu Hongjian; the second thing is to exchange something with Brother Xuanyuan; and the third thing is that the younger sister is here to say goodbye to Brother Xuanyuan."

"bid farewell? you are leaving?"

Qingtian Qi looked at Yingyue with some surprise..

Chapter 2749

Yingyue said softly:"Yes, the subsequent competition has nothing to do with little sister, and it is meaningless for little sister to stay here, so I came to say goodbye to brother Xuanyuan."

"where are you going? Go home? Qing

Tianqi couldn't help but ask.

Ying Yue shook her head slightly:"No!" I want to join a sect, a very powerful sect, but that sect is not in Dakun Country. This time I am leaving Dakun Country, and I don't know when I will be able to come back, let alone whether I will have a chance to meet Brother Xuanyuan."

After saying this, Yingyue showed a touch of sadness.

Qingtian Qi's heart also moved. He instantly thought of Xiao He from Tianshenmen, and was secretly shocked.....

According to Yingyue, the sect she wants to join should be the Tianshen Sect. It seems that Xiao He has already approached her.

But what did Xiao He do to make Yingyue willingly join the Tianshenmen?

Thinking of this, Qing Tianqi asked tentatively: "Yingyue, is that sect so powerful? It makes you willing to leave your homeland and travel thousands of miles to join that sect."

"Yes! That sect is indeed very powerful

"Shadow Moon nodded repeatedly

"Brother Xuanyuan, do you still remember the 'Water Image Clone Technique' I used this morning? That is a top-notch water-type martial skill that I cannot master with my current strength. But someone gave me a 'Black Talisman'. It was that black jade talisman that temporarily gave me the ability to master the 'Water Image Clone Technique'. Qingtian Qiye said in surprise:"

I asked you how your Water Image Clone Technique could be so strong. It turns out to be a top-notch martial art." It seems that the black talisman is an extremely precious thing and a very rare thing! I've never heard of it before"

"By the way, why didn't you use it when you fought against Nangong Hongjun? If you use it, Nangong Hongjun will not defeat you so easily."

Yingyue smiled bitterly and said, "It was only after I was defeated by Nangong Hongjun that someone came to give me a 'black talisman' and told me that the black talisman could help me defeat you. Although I still failed to defeat you in the end, I was very satisfied. This at least proved that what that person said was true, so I decided to join that person's sect."

Hearing this, Qing Tianqi understood everything. It must be Xiao He who persuaded Ying Yue after her defeat yesterday and gave Ying Yue a piece of 'Black Talisman'.

Today, Ying Yue used the 'Black Talisman' doubtfully. , as Xiao He said, this also made Ying Yue believe Xiao He's words, and agreed to join the Tianshen Sect.....

Thinking of this, Qingtian Qi sighed in his heart. His impression of Tianshenmen was not very good. After all, Tianshenmen had always stood on his opposite side, but he could not say anything to stop Yingyue from joining Tianshenmen.

At that moment, Qing Tianqi asked softly:"Then when are you going to leave?"

Ying Yue Zhen raised her head slightly and said with a somewhat sad expression.

"tomorrow! Because that person still has a mission, we will leave Kyoto tomorrow. Why! Thinking about leaving Dakun Country, I feel really reluctant to leave. Okay, let's not talk about this anymore. Today, my little sister is not only here to say goodbye to Brother Xuanyuan, she is also here to exchange something with Brother Xuanyuan."

"what? Qingtian

Qi asked quietly.

Yingyue took out a notebook with the scent of incense from the embroidery bag she carried and handed it to Qingtian Qi.

"Brother Xuanyuan, this note records my martial art 'Jing Hua Shu Ying'. This 'Mirror Flower Water Shadow' is actually a fusion martial skill, which I made by merging the wood type 'Wanhua Step' and the water type 'Lingbo Step'"

"These two martial arts could originally increase the speed by 10%, but after being fused into 'Jing Hua Shui Ying', they could increase the speed by 30%. I saw that Brother Xuanyuan also seems to have a fire-type martial art that can increase speed. My little sister wants to use this 'Mirror Flower Water Shadow' to exchange with Brother Xuanyuan. I wonder if Brother Xuanyuan agrees? Qing Tianqi said in surprise:"

The fire-based martial arts skills you are talking about should refer to my 'Phantom Fire Shadowless Step', but the Phantom Fire Shadowless Step can only increase the speed by 10%. You can use the 'Mirror Flower' Mizukage, wouldn't you suffer a loss by exchanging with me?"..

Chapter 2750

Yingyue laughed softly and said:"My little sister has already said that I traded with Brother Xuanyuan, not with Brother Xuanyuan. What do you mean by taking a loss or not? Brother Xuanyuan, let's just exchange!" Qingtian Qi pondered. After a while, he said with a little embarrassment:"In that case, let's exchange it. This time I took advantage of you."

Yingyue chuckled and said:"Actually, Brother Xuanyuan's Phantom Fire Shadowless Step, little sister It is also very similar. If the Phantom Fire Shadowless Step can be integrated into the 'Mirror Flower Water Shadow', it will be a three-series fusion martial arts. According to my estimation, the speed can be increased by at least 50%. That will be a very special skill. A powerful speed martial skill."

Hearing this, Qing Tianqi also had a look of surprise on his face, and nodded repeatedly:"Yes! It can increase your speed by 50%. It is indeed a very powerful speed martial skill that can make you My strength has also been greatly enhanced!"

At this time, Qing Tianqi was secretly happy.

I didn't expect that I would get such a useful speed-based fusion martial skill from Shadow Moon this time. If I learn 'Mirror Flower Water Shadow', my speed will be greatly increased and my strength will definitely be improved a lot.

It's a pity that I don't have enough time now to study.

This particularly useful martial skill can only be learned after the top ten competition.

Although he doesn't have time to study now, Qingtian Qi is still very happy, but he feels a little guilty towards Yingyue. After all, he took advantage of it this time.

At that moment, Qingtian Qi also took out the manuscript of 'Phantom Fire Shadowless Step' and exchanged it with Yingyue.

Next, the two talked for a while.

Only then did Yingyue say goodbye and leave.

Just when Yingyue was about to walk out of the room, he suddenly stopped, turned around and asked, "Brother Xuanyuan, do you think Yingyue is your friend?"

Qingtian laughed and said, "I have already regarded you as my friend. Friend."

Yingyue's face immediately showed a look of joy, and her eyes actually showed a tender look.

"That's great. Brother Xuanyuan, you are the last friend from the motherland that my little sister met before she left the Dakun Kingdom. You and I have just said goodbye. We may never see each other again, but my little sister will never forget Brother Xuanyuan, and I hope that Brother Xuanyuan will take care of himself in the future. My little sister said goodbye!"

Looking at Yingyue's leaving figure, Qingtian Qi's heart felt inexplicably heavy, and a kind of sadness of parting suddenly crept into his heart.

After a while, he whispered to himself: "From now on, you will be a disciple of the Tianshen Sect. When we meet for the first time, are we friends or enemies? Why! Life is always unpredictable, just let it happen! I hope to meet again in the future. You and I are not enemies."

Qing Tianqi sighed softly, thoughtfully in his heart.

Although Yingyue left, she revealed a message to me, that is, Xiao He is also leaving, which should be a good thing for us.

Xiao He is not in Kyoto, then we have no more scruples in assassinating Luo Yuanchen.

After all, Luo Yuanchen is extremely difficult to deal with, and adding Xiao He is even more terrifying.

In this trip to Kyoto, even if I can't make the top ten rookies, this Luo Yuanchen must also die, because only by killing him can I obtain the 'passage order' for the Luo family's forbidden area and rescue the Wu family."

Thinking of this, Qingtian Qi's eyes flashed with a cold murderous intention.

At that moment, Qingtian Qi did not stay in the lounge, but left directly and rushed back to the inn.

Because the afternoon game was suspended due to Chu Hongjian's incomplete recovery from his injury, Qingtian Qi naturally no longer waited in vain.

He just wants to rush back to the inn and continue to practice the 'God-Destroying Thorn'. He must learn the 'God-Destroying Thorn' before the battle starts tomorrow. Only in this way can he defeat Chu Hongjian.

Tomorrow will be a very crucial battle. I wonder how much strength Chu Hongjian still hides?

However, if I lose, I won't have any chance.

If he loses, he won't have any chance.

It seems that tomorrow's battle will be a bloody battle!"..
