

God level 2761

Chapter 2761

Qing Tianqi looked at his chest in horror. The wound had completely healed, and there was not even a trace of injury.

At the same time, he also felt that his left lung was also healed.

However, although Qing Tianqi's injuries were cured, his face was still very pale, which was caused by excessive blood loss.

"Okay, little guy, your injury has been healed by me. However, you lost too much blood and need to rest for a night before you can regain your heyday strength."

"Thank you, His Highness Qingdi!"

"You're welcome, little guy! Qing

Emperor glanced at Qing Tian Qi with a smile, and then said: "Your name is Xuanyuan Zhantian, a casual cultivator, twenty years old, a five-line warrior plus a soul mutant." hehe! Is what I said wrong?"

Hearing this, Qingtian Qi was slightly surprised.....

He was surprised that Emperor Qing had investigated his information privately.

Because he looks like he is twenty-seven or eighty-years-old on the outside, but his registered age is twenty. If Qingdi had not investigated his information, it would be impossible to say that he is twenty years old.

This also shows that Emperor Qing pays close attention to him.

At that moment, Qing Tianqi replied respectfully: "His Royal Highness, Qing Emperor, what you said is correct!"

"good!"

Qingdi smiled and nodded.

"Although you look a bit older on the outside, your actual age is only twenty. You can cultivate the wood element energy to the fourth level at the age of twenty. It seems that your wood element talent is still very good. However, I still have to check how your wood talent is."

As soon as he said this, the young man suddenly drew a rune seal in the air with one hand, and then pressed it on Qingtian Qi's head.

Qingtian Qi was slightly frightened. He just wanted to make a move, but found that his body could no longer move. He was controlled by Qingdi's breath.

At this time, Qingdi's hand was already on the top of Qingtian Qi's head.

Qingtian Qi suddenly felt a soft energy pouring in from the top of his head, although a series of green haloes lit up behind his head.. One, two, three... seven cyan halos appeared in succession.

Seeing this, Qing Emperor suddenly became a little nervous. He was looking forward to the appearance of the eighth halo.

After the seventh halo appeared, only After a moment of pause, the eighth halo began to condense outside the seventh halo.

However, the eighth halo was looming and not very clear.

The Qing Emperor then shook his head with disappointment and said: "It turns out it is just a hidden spirit body. Why! What a pity! How great would it be if it were a pseudo-spiritual body?"

At that moment, Qing Di sighed in disappointment and took back the hand on Qing Tian Qi's head.

Qing Tian Qi's body suddenly returned to freedom.

However, when he saw Qing Di's disappointed look, he felt a thump in his heart, feeling vaguely unhappy. Feeling good, he hurriedly asked: "Your Highness Qing Emperor, I don't know why I let you down so much. Can you tell me?"

Qing Emperor's expression calmed down, and he returned to his previous gentle expression and said: "Little guy, it doesn't hurt to tell you. There are five ninth-level powerhouses in our Dakun Country. Do you know those five people?"

"The juniors know that these five seniors are Dragon Emperor Long Xing, Nan Emperor Nangong Yao, Chu Emperor Chu Tiannan, Bing Fangfang Lingyu, and Qing Emperor you. Qingdi smiled and nodded: "You are right. To tell you the truth, among the young people of your generation, the four of them all have a proud son or disciple who has joined this rookie conference.""

"Long Xiaotian is the descendant of Lord Long, Nangong Hongjun is the descendant of Nangong Yao, Fang Xueer is Fang Lingyu's disciple, and Chu Hongjian is the descendant of Chu Tiannan. Only I, Emperor Qing, have no descendants or disciples to join this Rookie Conference. In order not to be compared with the four of them, I also want to choose an outstanding young man among this rookie class to be my disciple."

"Originally I liked Lin Quan the most, because he is the only wood warrior among the top 16 rookies, and he is also a pseudo-spirit, so he is very suitable to be my disciple. However, you showed up later, and I am also somewhat interested in you."

"Although you are not a pure wood element warrior, you have also practiced the wood element. It is not a bad idea to become my disciple."

"It's a pity that the disciple I choose must have a chance to become a ninth-level person. However, your wood qualification is only a hidden spirit body. It is almost impossible to become a ninth-level wood warrior, so I have to give up on you. This choice."

Hearing this, Qingtian Qi intuitively felt that a great opportunity was about to leave him..

Chapter 2762

You must know that Qingdi is a ninth-level wood element warrior. If he can recognize Qingdi as his master, he will definitely get a lot of benefits in wood element cultivation and avoid many detours.

But right now, Qing Emperor looks down on his wood qualifications.

"Okay, Xuanyuan Zhantian, rest by yourself!"

Qing Emperor said politely and left.

Seeing that Qing Emperor was about to leave, Qing Tianqi felt anxious and hurriedly said: "Senior, can I allow this junior to say a word?"

"Say it!"

"Seniors and juniors feel that one's qualifications cannot determine one's achievements. Seniors should not think that juniors are unworthy of advancement just because they lack qualifications. Maybe after the senior takes the junior as his disciple, he will feel that the junior is no worse than those with pseudo-spiritual qualifications. Qingdi was stunned, then pondered for a while and said: "Little guy, I can see that you are a person who does not want to miss any opportunities in order to improve your strength. You have a heart that wants to become a strong person." This is very good, I appreciate it very much"

"What you said before is also true. Qualifications cannot determine a person's final achievement, but that is also a matter of probability. After all, it is the person with better qualifications who is more likely to cultivate a peerless strong man."

"I am determined to cultivate an outstanding disciple, but my energy is limited after all, so I can only select people with greater potential from all living beings. In fact, even if your wood talent is a pseudo-spiritual body, I will not accept you as a disciple immediately. I will still have to test you before I decide."

"Senior Qingdi, what do you mean, you need to have at least the wood qualifications to reach the pseudo-spirit qualifications to be qualified to be selected as a candidate for your disciples?"

"good!"

Hearing this, Qingtian turned his eyes and said

"Senior Qingdi, in fact, the wood qualifications of this junior are no worse than those of pseudo-spiritual bodies. The conditions you require can also be achieved by this junior?"

After saying this, Qingtian Qi's heart moved, and a green light curtain lit up behind him, and there was a small green tree in the green light screen. That was Qingtian Qi's natal spiritual plant, the 'Tree of Wood Spirits'. As soon as the Wood Spirit Tree showed its body, it produced a huge suction force and began to frantically absorb the wood energy around it.

In just a moment, the concentration of wood energy within five meters of Qingtian Qi's body increased sharply, and was actually five times the normal level.

"Huh! It's the Wood Spirit Tree!"

Qing Emperor looked at the Wood Spirit Tree in surprise, with a look of surprise in his eyes.

Immediately, his expression returned to normal, and he smiled and said: "Not bad! good! I didn't expect that your natal spiritual plant would be the extremely rare wood spirit tree. Now this wood spirit tree has just grown, and its function is only to assist in absorbing wood energy."

"If you wait until you reach the sixth level of cultivation and it evolves to the second stage, it can help you refine the 'wood energy'. At that time, your qualifications will be higher than those of the pseudo-spiritual body. It seems that you are indeed qualified to be me. disciples. Qingtian said happily:"

Senior Qingdi, so you agree to accept me as a disciple?" Qing

Emperor shook his head slightly: "It's still early. Now you and Lin Quan are both my candidate disciples." You two must pass some of my tests before I can choose one of you to be a disciple.

Qing Tianqi immediately asked: "Senior Qing Emperor, I wonder what your test is?"

"My first test is, you have to be in the top ten as a rookie. As for the subsequent test, wait until you enter the top ten rookies. However, judging from your current strength, it will be difficult to enter the top ten rookies! Qingtian

Qi took a deep breath and said, "Senior, don't worry, I will definitely try my best to fight for it!"

Qingdi said: "Having said that, your current strength is still far behind Nangong Hongjun and Lin Quan. But there are only two rookie spots, and you have to defeat one of them."

"Forget it, since you and I are destined, regardless of whether you can become my disciple in the future, I will help you first!"..

Chapter 2763

After saying this, Qing Emperor suddenly took action, pressing his hand on Qing Tian Qi's head, and an extremely pure wood spirit energy was forcefully poured into Qing Tian Qi's body. Qing Tianqi suddenly became energetic, with a look of surprise in his eyes.

"Huh! This Qing Emperor seems to be helping me forcibly improve my cultivation!"

At that moment, Qingtian Qi was overjoyed and did not resist. He began to close his eyes and accept Qingdi's empowerment with all his heart.

In this way, Qingdi forced the pure wood energy in his body into Qingtian Qi's body, and continued to pour it for more than a month. After a while, he sweated profusely and let go of his hand.

Qingtian Qi also opened his eyes. He was pleasantly surprised to find that his Mu Yuanqi cultivation had been raised to the peak of the fourth level in one move.

And as Qingtian Qi His wood cultivation reached the peak of the fourth level. The wood spirit tree in the cyan light curtain behind him also doubled in height, reaching a height of one foot. The speed of absorbing wood energy also doubled. At this moment, the blue sky The concentration of wood energy within ten meters around the body has reached ten times the normal level. All this is caused by the absorption of wood energy by the wood spirit tree.

Feeling all these amazing changes, Qingtian Qi was overjoyed and quickly thanked Qing Emperor.

Qing Emperor Wiping the sweat from his forehead, he said: "It is really extremely laborious to help people improve their cultivation! In fact, your Mu Yuan Qi has accumulated to a certain level. You can reach the peak of the fourth level in a year or two without me taking action."

"However, fortunately you are only a fourth-level warrior. If you were a fifth-level warrior, there would be nothing I can do. Well, I can only help you so much. As for whether you can enter the top ten rookies, you can only rely on yourself."

At that moment, Qingdi left these words and left.

This time, Qingtian Qi's Mu Yuan Qi broke through, he was in a good mood, and his overall strength improved again.

Although his strength has improved, for Qingtian Qi, It was still a drop in the bucket.

After all, the opponents he had to face next were all fifth-level warriors.

Soon it was afternoon.

At the end of the morning game, Chu Hongjian was finally eliminated and only ranked thirteenth among rookies.

Next, The battle for the top twelve spots has reached the final round.

In this round, the strongest two from Qingtian Qi, Lin Quan, Nangong Hongjun, and Qin Zhongyu will be selected to enter the top ten.

The first step is still to draw lots. session, the final result of the game is: the first game is Nangong Hongjun vs. Lin Quan, the second game is Qingtian Qi vs. Qin Zhongyu. In the afternoon game, the first is Nangong Hongjun vs. Lin Quan.

Lin Quan is a casual cultivator Warrior, like Qingtian Qi, is a new face that has only appeared in this conference. Many people don't know him well, but judging from the results of previous competitions, everyone thinks that Lin Quan's strength should be comparable to Chu Hongjian , even worse than Nangong Hongjun.

But the final result was unexpected, and it ended with Nangong Hongjun being seriously injured and defeated.

It turned out that Lin Quan actually knew wood spiritualism and owned a fifth-level The natal psychic beast.

At this point, everyone knew that among the twelve fifth-level powerhouses in the Rookie Conference, Luo Yuanchen was not the only one who had mastered the best martial arts, there was another one, and that was Lin Quan.

In the end, Lin Quan and his The fusion of the natal psychic beasts defeated Nangong Hongjun and his fifth-level pet Blood-Eyed Green Toad.

Generally speaking, when a fifth-level warrior and a fifth-level psychic beast merge, their strength will skyrocket, and they will be infinitely close to the peak of the fifth level. It can even reach the level of the fifth-level peak.

And a fifth-level peak warrior can usually deal with four or five fifth-level warriors.

Calculated in this way, Nangong Hongjun is naturally not Lin Quan's opponent.

The final result was that Nangong Hongjun was defeated miserably And it ended.

Qingtian Qi also knew why Qingdi valued Lin Quan so much.

Lin Quan's cultivation level was only fifth level, but he had mastered a top-notch martial skill, which shows that his understanding was also very good.

You know Among the fifth-level warriors, only a handful have mastered the best martial arts, and most of these people are people with excellent understanding.

After the first round of competition, it was Qingtian Qi against Qin Zhongyu in the second round.

To everyone's surprise, Qin Zhongyu directly chose to abstain.

It turned out that Qin Zhongyu's arm had not recovered yet, and his strength was greatly reduced. He saw Qingtian Qi defeat Chu Hongjian again, and he felt that he was no match for Qingtian Qi,

so he immediately chose to abstain and announced that the rest of the game would be over. Just give up.

At that moment, the results of the game came out. Lin Quan directly entered the top ten rookies, and Qin Zhongyu won the twelfth place among rookies.

Qingtian Qijiang and Nangong Hongjun competed for the last rookie spot..

Chapter 2764

However, the match between Qingtian Qi and Nangong Hongjun will not start until the next day. It will also be the last stop in the battle for the top ten spots. It is also an extremely crucial battle for Qingtian Qi.

Whether he can get the Apocalypse Pill, whether he can pass the Qing Emperor's test, whether he can get that mysterious opportunity all depends on tomorrow's battle.

But after the game ended that day, Qing Tianqi did not rush back to the Yuelai Inn after leaving the Tianlong Arena. Instead, he went to the market and bought a lively rabbit.

After returning to the inn, Qing Tianqi handed the rabbit to the waiter and gave him some money to help feed it for a day.

But what surprised Qingtian Qi was that when he returned to the inn, Qingtian Jun was already waiting for him there.

After Qingtianqi finished dealing with the rabbit, he took Qingtianjun into his room.

In the guest room, Qing Tianqi said in surprise:"Brother Tianjun, why are you here?"

Qingtianjun's expression was no longer as cold as before, and his attitude towards Qingtian Qi seemed to have changed a lot.

He looked serious and said:"Young Patriarch, in order to cooperate with future actions, I have moved to Yuelai Inn."

Qingtian Qi was overjoyed. He knew that Qingtianjun was willing to move here, which meant that he had begun to accept himself. This pair It's a good thing for him

"Ha ha!! That would be great. I have always thought that Brother Tianjun could move here. In that case, it would be much easier for the three of us to move around in the future. Qingtianjun hesitated for a while and said:"Young patriarch, tomorrow is the battle between you and Nangong Hongjun. It is also the most critical battle. If you fail, you will not be able to enter the top ten." Are you sure you can deal with him? Hearing this

, Qingtian Qi looked solemn and said in a deep voice:"What do you think, Brother Tianjun?" Do you think there is some hope of victory in the battle with me, Nangong Hongjun? Qing

Tianqi pondered for a while and said:"Young patriarch, with all due respect, with your current strength, you are no match for Nangong Hongjun, because he also has a fifth-level pet." This is equivalent to you having to face the challenge of two fifth-level warriors alone."

"In my opinion, you only have a 30% chance of victory at most. Although I know that you have learned the secret technique 'Soul-Destroying Thorn', this still cannot change the outcome.

Qing Tianqi nodded in approval and said,"Not bad!" Nangong Hongjun has a fifth-level pet that is very powerful, much stronger than Chu Hongjian. My God-Destroying Thorn is very effective against Soul Seal Puppet Technique, but not so powerful against people and pets."

"If I play against Nangong Hongjun tomorrow, I have a 30% chance of winning. That would be very high."

"Young Patriarch, do you think you will lose tomorrow's game? Then I'm afraid we won't be able to complete our first mission this time.

Qing Tianqi shook his head and said,"That's not necessarily the case!" In extraordinary times, extraordinary measures are needed. Generally speaking, my hope of defeating Nangong Hongjun is less than 30%, but in tomorrow's game, I am 70% sure of winning. Because for me, it is easier to defeat Nangong Hongjun than Chu Hongjian. Hearing this

, Lord Qingtian was shocked and said in disbelief:"How is this possible?" Nangong Hongjun is much stronger than Chu Hongjian.

Qing Tianqi pretended to be mysterious and smiled: "Of course I know this." However, Nangong Hongjun is strong because he has a fifth-level pet. If he didn't have that fifth-level pet, who do you think is more powerful between him and Chu Hongjian?"

"This..."

Lord Qingtian pondered for a while and said: "Then Chu Hongjian has the Soul Seal Puppet Technique, so Chu Hongjian should be more powerful!"

Qingtian laughed and said, "Haha!" "That's right, then it will be easier for me to defeat Nangong Hongjun. As for how to defeat him, you will know tomorrow."

Qingtian Jun immediately looked at him in surprise and asked no more questions.

Then, the two ended their conversation, and Qingtian Jun returned to his room.

But Qingtian Qi left the inn and hurried out of the city.

Qingtian After Qi left Kyoto, he entered a mountain forest on the outskirts.

He wandered in the forest for a while before stopping in a dense forest beside a stream.

"This place is nice. There are streams flowing through it, the trees are growing vigorously, and the wood energy is very strong. This place should be a good place for a breakthrough."..

Chapter 2765

Qing Tianqi looked around, then chose a clean place among the trees and sat down cross-legged.

As soon as he sat down, his mind moved, and a large cyan light screen lit up again.

In the light curtain, the ten-foot-tall Wood Spirit Tree appeared again.....

As soon as the Wood Spirit Tree appeared, it slowly rose to the top of Qingtian Qi's head and began to frantically absorb the wood energy in the forest.

Not long after, the concentration of wood energy around Qingtian Qi became higher and higher, and finally reached more than thirteen times that of the normal environment.

Feeling that the Mu Yuan Qi farmland around him increased to thirteen times, Qing Tianqi showed a trace of satisfaction on his face.

This wood spirit tree is really good. Although it only has the function of accelerating the absorption of wood energy, it can change the concentration of wood energy in the environment. This will be of great help to my future cultivation and breaking through bottlenecks.

Now the concentration of wood energy in the environment has increased to thirteen times the normal level, which is already helpful!.

Thinking of this, Qing Tianqi took out a cyan elixir with hidden aura from the God of War Order space.

The blue pill was the 'Hua Qing Pill' that he had defrauded from Lord Qingtian that day. There was a 40% chance of helping a warrior at the peak of the fourth level break through the bottleneck of the peak and reach the level of fourth level perfection in one fell swoop.

The breakthrough probability of this Green Pill is 40%. With the cooperation of the Wood Spirit Tree, the overall breakthrough probability can reach about 50%.

There is a 50% chance, half success and half failure, so it is worth fighting for.

At that moment, Qing Tianqi swallowed the Qinghua Pill and began to hit the bottleneck of the fourth level peak.

However, it was said that not long after Qingtian Qi swallowed the Huaqing Pill, the pill melted immediately after entering his abdomen. A stream of pure air surged up and went straight to the heaven. Qingtian Qi immediately entered a mysterious state of enlightenment.

Suddenly, Qing Tianqi felt that his soul was floating, and soon he came to a prairie. The surrounding fields exuded the fragrance of green grass.

The green grass is dotted with small white flower buds.

Those small white flower buds are full of life, growing and blooming at a speed visible to the naked eye.

"Is this the power of 'life'?"

Qingtian Qi suddenly felt an inexplicable shock in his heart. He was immersed in the perception of the 'Way of Wood'.

Unknowingly, the sky gradually dimmed.

Qingtian Qi was still immersed in the perception.

At the same time, in a private room of a restaurant in Kyoto,

Nangong Hongjun and Chu Hongjian were drinking and talking.

"Brother Nangong, I didn't expect that boy Lin Quan was hidden deep enough and actually learned the art of psychics and defeated you. Tomorrow will be a battle between you and Xuanyuan Zhantian. It will also be a battle for the last spot in the top ten rookies. I wonder how sure Brother Nangong is. Nangong

Hongjun said with disdain: "It doesn't matter if I lose to Lin Quan. After all, he is a fifth-level warrior who knows psychic skills. So who does Xuanyuan Zhantian mean?" He's just a fourth-level, fifth-level warrior. I have no problem defeating him."

"However, I still think that guy is a little weird. How did you lose this morning? It feels like you lost in an inexplicable way, and I still can't figure it out."

Hearing this, Chu Hongjian had a complicated look on his face, and after a while he said calmly: "Brother Nangong, you have underestimated that bastard Xuanyuan Zhantian. I lost to him today because that kid used a strange secret technique in the end"

"If my guess is correct, this secret technique is probably the 'God-Destroying Thorn', which is specially designed to restrain my soul mark puppet. I heard it from my elders before, but I didn't expect to actually encounter it today."

"God-destroying thorn? What kind of secret technique is that?"

Chu Hongjian immediately explained:"The God-Destroying Thorn is a soul skill that uses people's soul power to attack, specifically attacking people's soul consciousness."

"The attack is invisible and colorless, making it difficult for people to guard against. It is very powerful. People who don't know it will often be 100% hit. Once they are hit, the person will be in a daze, and if a flaw is exposed in the battle, it will be an extremely terrible thing. That's why I lost to the bastard Xuanyuan Zhantian. Nangong

Hongjun suddenly frowned and said in surprise:"There is such a secret skill. If you don't tell me, I'm afraid I won't know what happened tomorrow. Then there is no way to defend against the God-Destroying Thorn?

Chu Hongjian said:"There is a way." Brother Nangong, remember, whenever Xuanyuan War Angel uses the God-Destroying Thorn, his pupils will inevitably emit a strange light, and that light will cause a burst of mental fluctuations. That is when he is actually fighting the God-Destroying Thorn."

"This God-Destroying Thorn mainly attacks the person's head, and the attack route is a straight line. As soon as you see the difference in the light in his pupils, you immediately turn your head away, and you can naturally avoid the God-Destroying Thorn's attack."

After hearing these words, Nangong Hongjun immediately showed a look of surprise:"This is a way to guard against him. It seems that you are really asking the right person when you come to ask Hongjian today. If you don't tell me about this, , I will definitely get tricked in tomorrow's game, and maybe even tricked by that kid."

"However, since you told me, I can take precautions in advance. It will not be so easy for him to use the God-Destroying Thorn on me. He will be dead tomorrow. Red Sword, I'll thank you here first."

"Brother Nangong, you're welcome. I just ask you to teach Xuanyuan Zhantian a lesson tomorrow and help me get out of my bad temper!"

"Don't worry, I will help you teach Xuanyuan Zhantian a lesson tomorrow and make his life worse than death! Ha ha!!"

Immediately, the two of them laughed evilly in the box.....

At this moment, in the mountain forest on the outskirts, the blue sky is sitting with eyes closed, and the whole person is immersed in a mysterious perception.

Before he knew it, Qingtian Qi had been refining all night.

In the early morning, there was still dew in the forest.

Qing Tianqi still sat still, and the wood spirit tree suspended above his head continued to absorb the wood energy around him.

Suddenly, Qingtian Qi's body trembled violently, and then the surrounding Mu Yuan Qi fluctuated violently and began to pour into his body crazily..

Chapter 2766

Qing Tianqi's momentum also increased rapidly, and the wood spirit tree above his head also grew rapidly at a speed visible to the naked eye, growing to over two feet high in the blink of an eye.

As the Wood Spirit Tree grew again, its ability to absorb wood energy also increased again. In the blink of an eye, the concentration of wood energy within ten meters of Qingtian Qi's body increased to twenty times the normal level.

At the same time, Qing Tianqi's momentum continued to increase, and finally reached a terrifying peak before stopping.

But at this moment, Qing Tianqi's eyes suddenly opened, then he raised his head and roared to the sky, a breath of fresh air rose into the sky, and the roar spread ten miles away, and there was actually joy in the voice.

After the long roar, Qing Tianqi's face was full of ecstasy

"Great, I didn't expect that I actually succeeded in making a breakthrough this time. My wood energy has reached the fourth level of Dzogchen, and it is not far away from the fifth level of the wood element. Ha ha!!"

At this moment, Qingtian Qi felt that his whole body was full of strength.

This time, Mu Yuanqi's successive breakthroughs greatly increased his basic combat power. With such basic combat power, coupled with Qingtian Qi's superhuman speed, his comprehensive strength completely reached He has reached the level of a fifth-level warrior.

If coupled with the newly mastered 'God-Destroying Thorn', Qingtian Qi's comprehensive strength can be regarded as an upper-middle level even among fifth-level warriors.

Haha!! In just one day Time has allowed me to greatly increase my strength. Fortunately, Senior Qingdi helped me, otherwise it would not have been possible for my strength to increase so quickly.

Now that my strength has greatly increased, if I fight Chu Hongjian again, I want to It would be much easier to defeat him.

Thinking of this, Qingtian Qi felt happy, raised his head and looked in the direction of the city, and whispered:"I haven't returned to the city all night, it's time to go back. Today is my battle with Nangong Hongjun, and it is also the most crucial battle for me to enter the top ten. I will give him a surprise, haha!!"

At that moment, Qingtian Qi laughed loudly, and hurried towards the city in a flash.

After Qingtian Qi returned to the inn, he found the waiter and brought back the live rabbit he bought yesterday, put it into the cloth bag prepared in advance, and then put it away. Tie it around the waist.

After doing this, Qingtian rushed to the Tianlong Arena to participate in the competition.

The Tianlong Arena was already crowded with people and there was a buzz of people.

Nangong Hongjun stood proudly in the center of the arena holding the soul-stealing chain.

And the bloody eyes Qing Chan stood behind him, his scarlet eyes staring coldly at the blue sky in front of him.

"Xuanyuan Zhantian, if you know the truth, get out of here! Don't waste my time!"

Nangong Hongjun looked at Qing Tianqi with disdain.

"snort!"

Qingtian Qi snorted coldly.

"Nangong Hongjun, you insulted Yingyue last time. As Yingyue's friend, I will kick you out today."

Nangong Hongjun seemed to have heard some big joke, and he immediately threw his head back and laughed.

"Ha ha!! Xuanyuan Zhantian, who the hell do you think you are? How dare you say such nonsense to me? You want to kick me away? Just based on your strength? What a joke! I think you are really impatient with life. If that's the case, then go die!"

As soon as he said these words, Nangong Hongjun showed a ferocious expression. He shook the soul-stealing chain in his hand and attacked Qingtianqi.

The soul-stealing chain flew out and instantly turned into a blazing black flame. The giant python rushed towards Qingtian Qi and bit it.

But it was Nangong Hongjun who showed off his strongest attack martial arts as soon as he came up, the superior martial skill 'Dancing Python'. It was obvious that he wanted to kill Qingtian Qi quickly.

As soon as he saw the virtual The demonic python attacked. Qing Tianqi sneered. He looked not afraid at all. He swung the flaming sword in his right hand and struck the demonic python with the "Five Elements Heavenly Slash" move.

Boom! There was a loud noise.

The Five Elements Heavenly Slash was about to attack that demonic python. The phantom of the demon python was chopped into four pieces.

A huge energy impact exploded between the two of them, forming a violent shock wave that spread to all directions.

Qingtian Qi was shocked and took five steps back, but Nangong Hongjun continued. They took five and a half steps back.

This time the two met head-on, and Qingtian Qi actually had the upper hand...

Chapter 2767

At that moment, the onlookers around were shocked and in disbelief.

None of them expected that Qingtian Qi could actually gain the upper hand in a head-to-head encounter. This was simply impossible, considering that Qingtian Qi was not yet a fifth-level warrior.

At the contestants' table, Chu Hongjian's eyes widened in surprise.

Is this... so possible?

How could this kid's attack power be so strong?

Even Nangong Hongjun is slightly inferior to him, which is quite possible.

Huh! By the way, this kid seems to be much stronger now than before. Could it be that his strength has greatly increased overnight?

How can this be?

No matter how talented he is, he can't improve so quickly.

Could it be that this kid has been hiding his strength before?

The more Chu Hongjian thought about it, the more he felt it was possible.

In fact, most people in the field had this idea.

On the field, Nangong Hongjun looked at Qing Tianqi with a look of horror on his face, unbelievable.

"How can it be? When did your attack power become so strong? When you fought against Chu Hongjian yesterday, you were not that strong at all. How did you become so powerful overnight?"

Of course he doesn't know that Qingtian Qi's Mu Yuan Qi has been breaking through continuously in a day, coupled with the amplitude of the spiritual weapon and the power bonus of the Earth's Core Flame, the attack power of the Five Elements Sky Slash is naturally extraordinary.

And Nangong Although Hongjun has the amplitude of the spiritual weapon, his 'Monster Dance' is only a superior martial skill and is naturally inferior to Qingtian Qi.

At that moment, Qingtian Qi sneered:"How did I increase my strength? Do I need to tell you?
Nangong

Hongjun was furious:"Boy, don't think that because your strength has improved, you dare to be so arrogant in front of me. To tell you the truth, even if your strength has improved, you are no match for me." snort! Xiaoqing, let's go together and give this arrogant guy some color!"

Following Nangong Hongjun's order, the blood-eyed green toad screamed, then dived into the ground and disappeared.

At the same time, Nangong Hongjun waved the soul-stealing chain in his hand and once again directed towards Qingtian Qi came to kill.

Qingtian Qi immediately snorted, his left eye pupil flashed, and he used the God-Destroying Thorn at Nangong Hongjun.

As soon as Nangong Hongjun saw the strange light in Qingtian Qi's eyes, he was already on guard, and he quickly subconsciously turned his head towards Nangong Hongjun. On the left, a strange wave immediately passed through his ears.

He actually avoided the attack of the God-Destroying Thorn.

"Huh! Avoided?"

Qing Tianqi was immediately surprised. He didn't expect that the opponent could avoid the attack of his God-Destroying Thorn.

But Nangong Hongjun laughed proudly, and at the same time shook the soul-stealing chain in his hand, and the spear head immediately resembled a poisonous snake. Normally, he attacked Qingtian Qi's face directly.

Qingtian Qi frowned and immediately raised his sword to block.

But at this moment, there was a sudden "boom" behind Qingtian Qi, and the blood-eyed green toad actually circled behind him and broke through the ground. came out, then opened his huge mouth, and his tongue like a javelin flew towards the back of Qingtian Qi's head.

Hearing the sound of wind behind his head, Qingtian Qi's face changed slightly, and he was about to dodge, but Nangong Hongjun didn't expect Nangong Hongjun to use the soul-stealing chain. With a twist, he took the opportunity to wrap around Qingtian Qi's blue-patterned sword, and the two were immediately in a stalemate.

However, the Blood-Eyed Green Toad's attack had already arrived, making Qing Tianqi unable to dodge, so he had to turn around and slash at the tongue that the Blood-Eyed Green Toad flew towards.

Unexpectedly, the bloody-eyed green toad's tongue was so tenacious that he deflected Qingtian Qi's long sword and directly attacked Qingtian Qi's chest.

Qingtian Qi immediately grunted and was knocked back by the blow. Because the Qingwen Sword was entangled in Nangong Hongjun's soul-stealing chain, he let go immediately.

"What a powerful attack!"

Qingtian looked at the Blood-Eyed Green Toad with lingering fear, his chest still ached, and he felt even more frightened. At the same time, he secretly exclaimed a lucky move.

If he hadn't been wearing the 'Five-Escape Soft Armor' next to his body, which helped him withstand the last remaining force, He had been seriously injured just now under the joint attack of Nangong Hongjun and the Blood-Eyed Green Toad.

However, even if he escaped the disaster, his blue-patterned sword was still lost in two encounters.

This Nangong Hongjun and his When the pets join forces, they are really powerful. In just two rounds, I lost a handy weapon. It seems that it will not be easy to defeat Nangong Hongjun!..

Chapter 2768

At this time, Nangong Hongjun shook the soul-stealing chain and took the blue-patterned sword wrapped around one end of the gun chain in his hand. After looking at it for a moment, he laughed and said

"Ha ha!! It is indeed a good sword, so I accepted it first."

At that moment, Nangong Hongjun put away the blue-patterned sword, looked at Qingtian Qi teasingly and sneered:"Xuanyuan Zhantian, you have lost a weapon in just a few rounds. How long can you last? Ha ha!!"

Nangong Hongjun laughed proudly and killed Qingtian Qi again.

At the same time, the blood-eyed green toad escaped into the ground again.

When the blood-eyed green toad appeared again, it broke through the ground from under Qingtian Qi. When he came out, he opened his mouth bloody and wanted Qingtian Qi to swallow him alive.

Qingtian Qi was already prepared and jumped up to avoid the bloody mouth of the bloody-eyed green toad.

But at this moment, Nangong Hongjun's soul-stealing chain was like a poisonous snake. A general attack came over.

The two sides immediately started fighting.

However, the two sides only fought for more than ten rounds. Under the joint attack of Nangong Hongjun and Blood-Eyed Green Toad, Qingtian Qi was beaten back and forth. The situation was full of dangers, and he was almost at risk of being attacked at any time. The possibility of killing.

Suddenly, there were exclamations all around, and there were many changes in the field.

I saw that Qingtian Qi was not careful, and one of his legs was entangled by the tongue of the blood-eyed green toad. The blood-eyed green toad sucked hard, and it was about to Swallowing Qingtian Qi into his mouth.

Qingtian Qi was immediately horrified and immediately used the God-Destroying Thorn on the Blood-eyed Green Toad.

The Blood-eyed Green Toad suddenly became enlightened and his movements slowed down.

Qingtian Qi took the opportunity to break free from the shackles of the Blood-eyed Green Toad, but he didn't want to Nangong Hongjun had already attacked from behind.

In a hurry, Qing Tianqi had to turn around to resist, but was sent flying backwards by Nangong Hongjun's full blow.

After a while, he got up from the ground, with blood still hanging from the corners of his mouth.

The blow just now caused him serious internal injuries.

Seeing Qingtian Qi injured again, Xuanyuan Zhantian showed ecstasy and shouted proudly: "Haha!! Xuanyuan Zhantian, I want to see how long you can hold on today? Is it ten rounds? Or twenty rounds? Qing

Tianqi gently wiped the blood from the corner of his mouth and sneered disdainfully.

"Nangong Hongjun, what are you proud of? Don't you just rely on yourself to have a powerful pet? If you rely on your own strength, you will never be my opponent. Besides, don't think that you are the only one who has pets. I also have pets. Do you want to show you how powerful my pets are?"

Hearing this, Nangong Hongjun was greatly surprised: "What?! Do you have pets too? You release your pet and let me see it!!"

"good! This is what you asked for, don't regret it after a while! Qingtian

Qi sneered, and immediately untied the cloth bag around his waist and released the live rabbit inside.

However, as soon as the rabbit was released, it immediately started spinning in circles unsteadily.

It turned out that it was Qingtian Qi and Nangong who had previously Hongjun fought hard and tossed it until it almost fainted.

However, when Nangong Hongjun saw Qingtian Qi releasing a rabbit, he was startled and took a step back involuntarily, thinking secretly: "What kind of ferocious beast is this? Why does it look like a rabbit? Huh! No, this looks like a rabbit!"

At the same time, the spectators in the stands all craned their necks to look into the field.

They were all curious about what kind of pets Qingtian Qi would release to fight.

But when everyone discovered that Qingtian Qi The pet released was not a ferocious beast, but an ordinary rabbit, or a silly rabbit that looked a little dizzy. Everyone immediately opened their mouths in surprise.

In the field, Nangong Hongjun carefully confirmed for a long time, Only then did I confirm that it was really a rabbit..

Chapter 2769

At that moment, Nangong Hongjun pointed at the rabbit and laughed loudly:"Haha!! Xuanyuan Zhantian, is this the pet you are talking about? Is your brain broken? You came to fool me with that stupid rabbit. Qingtian

Qi said with a serious face:"Nangong Hongjun, don't underestimate my pet. It is not an ordinary rabbit. You will know how powerful it is after a while. Let you see how it can kill you." beat the shit out of your pet"

"Ha ha!! This is the funniest joke I've ever heard in my life. Xuanyuan Zhantian, I think your brain is really broken. Are you scared out of your mind by me? Even a rabbit like you dares to defeat my pet. I think it's not enough for my little Qingcai's teeth.!"

Hearing this, Qing Tianqi pretended to be angry and said:"Nangong Hongjun, don't be arrogant first. If you have the ability, just let your pet come over and compete with my pet to see who is stronger between them? do you dare?"

"joke! Why don't I dare?"

Nangong Hongjun sneered disdainfully, and then said to the blood-eyed green toad,"Xiaoqing, I swallowed that rabbit!"

The blood-eyed green toad received the order and immediately screamed twice. He had already impatiently stuck out his tongue and rolled it towards the rabbit.

In fact, the blood-eyed green toad has been so greedy since the blue sky released the rabbit. Saliva.

At this moment, as soon as it received Nangong Hongjun's order, it opened its mouth and swallowed the rabbit.

However, the rabbit finally woke up and was looking at the surrounding scene with fear.

Suddenly, it sensed danger and subconsciously wanted to escape..

But before it could escape, it was caught by the tongue of the blood-eyed green toad and swallowed into its mouth with a swish.

With just a "gudong" sound, the rabbit was swallowed alive by the blood-eyed green toad, and then it screamed "croak" twice, with a look of satisfaction on its expression.

Nangong Hongjun immediately laughed proudly: "Xuanyuan Zhantian, didn't you say that your rabbit will beat the shit out of my little Qing? But before it made a move, it was beaten by my little Qing. It was really funny. Haha!!"

Qingtian Qi was too lazy to pay attention to him, and immediately took out a bar-shaped metal, and then made a seal. The bar-shaped metal automatically stretched and turned into a long bow in the blink of an eye. It was the top-grade spiritual weapon Ming. Night bow.

As soon as he saw Qing Tianqi suddenly taking out the Mingye Bow, Nangong Hongjun was greatly puzzled, and then said disdainfully

"Xuanyuan Zhantian, your behavior is really ridiculous. First you took out a rabbit as a pet, and now you take out a bow. Don't you know that weapons like bows and arrows are of no use in close combat, and will instead make you passive?"

"snort! That's not necessarily the case, just keep an eye on it!"

As soon as these words were said, Qingtian Qi immediately raised his hand and opened his bow. Between his fingers, a red energy arrow slowly formed, and the attack target was directed towards Nangong Hongjun. As soon as

Qingtian Qi opened his bow and pointed at him, Nangong Hongjun's expression changed drastically. , hurriedly said: "Xiaoqing, let's get in quickly!"

The blood-eyed green toad first escaped into the ground and disappeared, and Nangong Hongjun also rushed towards Qingtian Qi.

In just an instant, Nangong Hongjun closed the distance between himself and Qingtian Qi. The two sides were only seven or eight meters apart, and Qingtian Qi's Mingye Bow was only half drawn.

Nangong Hongjun knew very well that the best way to deal with the archer was to quickly approach him and defeat him before he fired an arrow.

Seeing Nangong Hongjun approaching him quickly, he was about to After attacking himself, Qingtian Qi's left eye pupil flashed, and a god-destroying thorn shot towards Nangong Hongjun.

As soon as he saw Qingtian Qi's pupils were different, Nangong Hongjun felt excited in his heart and quickly tilted his head. He once again successfully avoided the attack of the God-Destroying Thorn.

However, although he avoided the attack of the God-Destroying Thorn, his actions were hindered and he paused on the spot.

At this pause, Qingtian Qi took the opportunity to attack Ming Ye. The bow was fully opened, and a destructive energy arrow was completely formed between his fingers.

As soon as he saw the energy arrow formed, Nangong Hongjun sensed the terror of the energy arrow, and he felt inexplicable fear in his heart, and he hurriedly backed away..Because he knows that the closer you get, the harder it will be to dodge

"Want to escape?"

Qingtian Qi chuckled, loosened his fingers, and the energy arrow turned into a red lightning and flew towards Nangong Hongjun..

Chapter 2770

Nangong Hongjun was shocked and quickly dodged sideways, narrowly avoiding the energy arrow attack.

However, before he could secretly rejoice, among the changes in the field, the energy arrow that was avoided by Nangong Hongjun suddenly turned around in the air and flew back.

Seeing this, Nangong Hongjun was shocked and wanted to escape again.

But he was surprised to find that the energy arrow was not aimed at him, but flew straight in the direction of Qingtian Qi.

Just when Nangong Hongjun felt that all this was very strange, another change occurred in the field.

I saw suddenly gravel flying behind the blue sky, and a ferocious beast burst out of the ground, it was the blood-eyed green toad.

It turned out that it wanted to sneak attack Qingtian Qi from behind. But as soon as the blood-eyed green toad appeared, the energy arrows in the air turned around and flew towards its belly.

Seemingly feeling an unprecedented crisis, the Blood-Eyed Green Toad was shocked when he saw the energy arrow coming. He gave up the sneak attack on Qingtian Qi and jumped to avoid the energy arrow attack.

Unexpectedly, the energy arrow kept changing directions in the air as it avoided it. The tip of the arrow pointed directly at the belly of the blood-eyed green toad, chasing after it.

The blood-eyed green toad was so anxious that he jumped around the arena, trying to avoid the energy arrows.

But the energy arrow just kept chasing after him. In the end, there was a loud bang and flesh and blood flew everywhere. The energy still hit the Blood-Eyed Green Toad and shot it through.

The blood-eyed green toad screamed and fell on its back, its limbs twitching continuously.

And there was a blood hole as big as a bowl on the snow-white belly. Blood was gurgling out, and even the green internal organs rolled out.

Seeing that his pet was alive and dead, Nangong Hongjun was immediately frightened and angry.

Qing Tianqi was overjoyed and said to himself: "Great! All these plans have finally been successful. Even if this bloody-eyed green toad survives, he has no strength to fight anymore. In this way, it will not be difficult for me to deal with Nangong Hongjun." Come on."

Thinking of this, Qingtian Qi quickly put away the Mingye Bow and picked up the Fire Sword again.

It turns out that all this was planned by Qing Tianqi in advance, and it was also the most critical step for him to deal with Nangong Hongjun.

What Qing Tianqi fears most is that Nangong Hongjun joins forces with his pets. As long as he finds a way to get rid of Nangong Hongjun's pets first, he will have hope of victory, otherwise he can only fail.

Qing Tianqi's method was that he first took some blood essence from the rabbit and sacrificed it into the Mingye Bow, and then deliberately let the blood-eyed green toad swallow the rabbit.

After the rabbit is swallowed, it will naturally be swallowed into the stomach of the blood-eyed green toad.

And because the Ming Ye Bow inhaled the rabbit's essence and blood, the guiding arrow it formed naturally locked on the rabbit, and naturally locked on the stomach of the Blood-Eyed Green Toad.

Therefore, no matter how the Blood-Eyed Green Toad dodges, it cannot avoid the fatal arrow.

In the end, the Blood-Eyed Green Toad was penetrated by an arrow, and his entire stomach was blown to pieces, and he was on the verge of death.

The Dark Night Bow is a top-grade spiritual weapon for sneak attacks, and its attack power amplitude is even higher than that of ordinary top-grade spiritual weapons.

The attack power of the arrow Qing Tianqi just shot was infinitely close to a heavy blow from a fifth-level Dzogchen warrior. Naturally, it was not something that a fifth-level ferocious beast could withstand.

"Xuanyuan Zhantian, you beast, you dare to do such a cruel thing to my Xiaoqing, I will tear you apart!"

At this moment, Nangong Hongjun's heart was filled with overwhelming anger, and he wished he could immediately go forward and tear Qingtian Qi apart.

But Qingtian Qi said coldly: "Then come on! Nangong Hongjun, your pet fell first, and it's your turn next. I said, I will definitely kick you out like you kicked Shadow Moon."

Hearing this, Nangong Hongjun was furious: "Arrogant! Even if I don't have a pet to help me, I can still take care of you. Boy, go to hell!"

As soon as he said these words, Nangong Hongjun looked like crazy and rushed towards Qingtian Qi.

Qingtian Qi immediately made a seal with his right hand

"Mist concealment technique!"

Then the entire stadium was suddenly shrouded in thick fog..
